

MISSISS OF "REVEREND" CAUSED STIR AT METHODIST CONFERENCE ATTACK ON DR. CHOWN

Laymen Assert That Clergymen in Business Play Upon Their Church Title — Dr. Rankin Leads in Controversy.

STOCK EXCHANGE DEFENDED FROM ASSAULTS OF REFORM

Warm criticism of the abuse by retired clergymen in business life of their title of "Reverend," and a surprising attack on Rev. Dr. Chown's work in connection with temperance and moral reform were features of yesterday's sessions of the Toronto Methodist conference.

The report of the Laymen's Association, presented by Dr. Willmot, brought on a vigorous discussion of the right of ministers to accept not, superannuated to use the title "Reverend."

"It has become a sort of obnoxious thing to men in business," said W. P. Page, "to have men call upon us with mining and other stocks, and other slippery things, and try to force them on us by the force of the prestige their title gives them."

Strong objections to this statement were raised. Rev. Dr. Campbell said it was unjust for the laymen to take such a stand, as it was thru their pressure that clergymen 80 years of age were edged out of the church, after living thirty years on about \$200 a year.

"If a man sought some secular occupation, why should he be asked to give up the title 'Reverend'?" himself hoped to end his days in some honorable work.

S. C. Philip thought that special cases where ministers had disengaged their right to the title should be dealt with by the proper church authorities, but did not consider that the humiliation should be made general.

Dr. Hough felt that the request for the withdrawal of the word applied to ministers who ask to be left without a station in order that they may accept secular work, and yet want to parade the title of reverend.

Dr. Rankin thought that the laymen had considered the ministers too lax, that degrees counted nothing, and that they were only marked upon as a Methodist considered. By continued voting at conferences to be allowed to engage in secular work that had shown their inclination to engage in it.

"If that is the case," said he, "God help the ministry. Sometimes I am asked to look upon as a Methodist minister."

Rev. Mr. Bartlett said that clergymen should be allowed to revert in order to persuade people to buy things, which otherwise they would not touch.

Order was for a few moments impossible at this juncture, as Dr. Chown at more had the floor. A motion was finally passed by the president to pass the resolution over.

Born in 1804 Dies on Farm

John Pymor of Bloomfield Passes Away in 104th Year—Raised Family of Ten.

PICTON, June 18.—John Pymor of Bloomfield, the oldest resident of Prince Edward County, died last night, in his 104th year.

He was born in London, England, in April, 1804, and came to Canada in the early 30s, and performed military duty at the battle of the Windmill near Prescott. His occupation was that of a farmer, and for a number of years he was a resident of Rosehill, but subsequently was employed on a farm in the Burr Settlement, Township of Hallowell.

He raised a family of ten children. His wife died 18 years ago.

MESSAGE FROM GEN. BOUTH

Wires Premier Whitney on the Eve of His Departure For Home.

Before General Bouth sailed for Quebec, Premier Whitney wired him his wish that he would have a pleasant voyage, at the same time expressing the hope that his trip to Canada had been a successful one.

"I reply, the general wired the following message: 'Thanks for good wishes. We finished Canadian campaign with magnificent pleasure of seeing you in England. My regards to the cabinet and sympathy for the loss of Speaker St. John. (Signed) General Bouth.'

A VOTE OF CONFIDENCE

French Premier's Speech Interrupted by Noisy Protests.

PARIS, June 18.—The action of the government in determining to prosecute the agitators in the south of France led to a lively debate in the chamber of deputies to-day, but after a tumultuous session the cabinet secured an indirect vote of confidence by the large majority of 475.

In a speech which was frequently interrupted by noisy protests, the premier declared that all means of conciliation were now exhausted, and that as chief of the government he was bound to enforce respect for the law.

The Ontario scheme referred to by the general is the establishment of a colony of English people in Canada under the auspices of the Army.

BOAT IN PADDLE WHEEL

Vigilance of Ferry Captain Prevents Double Drowning.

The captain of the ferry Mayflower saw a capsized rowboat under the bows of his boat last night about 9.40. One man was struggling in the water and another was hanging on to the creek bank.

BATTALION IN MUTINY

Kill Commander and Fire on Loyal Battalions.

KIEV, June 18.—Last night the 21st battalion of Sappers, 450 strong, mutinied. They killed the commander of the third company and began firing volleys at random. Five loyal battalions were summoned to quell the mutiny, and called upon the mutineers to surrender. They replied with shots, however, wounding four of the loyal soldiers.

PROF. HERSHEL DEAD

World-Famous Astronomer Passes Away in Observatory Home.

LONDON, June 18.—Prof. Alexander Stewart Herschel, the distinguished astronomer, died to-day at the observatory home, St. John, Bucks, where his grandfather, Sir William Herschel and Sir John Herschel made most of their world-famous discoveries.

A BIG DAIRY FARM IN SIMCOE COUNTY TO GIVE CITY MILK

Historic Property at New Lowell Acquired by Local Interests—To Herd 500 Cows in Fall.

The milkmen who cater to Toronto wants and the citizens whose needs add the wants of the milkmen were interested in an important deal which is just about thru. It is the purchase of an immense farm within 80 miles of Toronto by persons interested in the City Dairy Co., and the situation is one that will cause the Milk Producers' Association and the milk consumer of mature years to blink.

Last Saturday Charles E. Potter, manager of the City Dairy Co., accompanied by Hancock Renwick and two other gentlemen, went to the neighborhood of New Lowell, some 20 miles above Barrie, and agreements were signed for the purchase of the famous Knapout farm, a nice tract of 200 acres, adorned with buildings that have long been the pride of the section.

It is the intention of the purchasers to establish a great dairy farm on the spot and just as soon as the titles are cleared satisfactory work of improving the place to make it worth \$500,000 will be commenced. It is estimated that the purchase will be for four or five hundred cows by the time the first calves are born.

Farm With a History

The sale is said to be completed, and there is no cloud on the title as official announcement will probably soon be made. The World saw Mr. Renwick at his home, 25 Haverstock street, last night, and was instructed in making the sale, but he said he was in honor bound not to discuss it, or its terms, and that the deeds would not take place for a few days and in the meantime he could not discuss the matter.

The farm, which has been purchased, has an interesting history. It is right in the Village of New Lowell, near the Ontario road, and was bought by Joseph and Hay bought it for \$90,000 from the government. There was enough worked timber on it to warrant them establishing a mill, and their extensive trade was supplied from Knapout farm. The saw mill, planing mill and girding mill, and food from it. A. M. Patton was connected with the enterprise, and his son, Robert Patton, ex-M.P., now postmaster of Barrie, was in recent years the manager.

A Fine Place

Nearly ten years ago the Jacques estate sold to Hancock Renwick, a wealthy resident of the locality, for what was supposed to be an immorally low figure. About five years ago Mr. Renwick disposed of the property to James Griffin, a prosperous man of the County. The figure in that transfer is said to have been \$15,000, netting a neat profit to Mr. Renwick, who admits that he made money while he owned the farm, as he has since he sold it. It was considered a snare for anyone with the money, there being no better root land in the country, while wheat, oats and hay raised on it to a conspicuous degree. Costs Oak runs fifty thru \$4. A spring creek rises on the east side of the farm, and a dam has been built, from which a windmill pumps a plentiful supply of water for stock. A portion of the farm—18 acres—is the east part of a neat dam has been formed, from which a windmill pumps a plentiful supply of water for stock. A portion of the farm—18 acres—is the east part of a neat dam has been formed, from which a windmill pumps a plentiful supply of water for stock.

Barns Cost \$20,000

The barns and stables, which cost over \$20,000 to build, form a complete square, with a big barnyard in the centre. In addition to the square, there is a long building, which has been used as an implement shed. The lower story of three of the buildings is all hatched to get in 900 cows decidually. Hay and Patton won prizes all over the continent with the Joll Anus cattle they raised there. At the present time, Mr. Griffin has two or three carloads of fat cattle, each beast weighing in the neighborhood of 1000 pounds ready to ship. He is to give up possession July 15.

Mr. Griffin's Reasons for Selling are Natural

His wife died some time ago and he has only one daughter, who is married. One of his sons is a school teacher and the other is at school. So, after a conference with Mr. Renwick, seeing for the purchase, he decided to sell. He had talked of going out west, but as he is getting up in years, he is said to have reconsidered the thought.

Railway Into Property

In addition to the G. T. R. branch railway, the Creemore road runs right thru the farm.

Just what effect this transaction is going to have on the milk situation remains to be seen. The company has bought a farm that capital can make pay very handsomely. It is one of these places that need money to make lots more while it supports itself.

Pert Hope Pale Ale helps your food feed your body. Try it to-day.

We have a position open for a good, smart boy, aged 15, to deliver parcels and work around cigar store. Must be clean and neat and have references. Apply this morning to A. Clubb & Sons, 5 King West.

Oscar Hudson & Company, Chartered Accountants & Rink, 107, M. 4770

ATTEMPT TO BRIBE WORKS ELECTORATE BY DIGGING CANAL

E. B. Osler's Hot Shot on Government's Policy—A. E. Kemp Renominated by East To- ronto Conservatives.

East Toronto Conservatives in convention last night nominated A. E. Kemp for the next federal election. The meeting was unanimous in its choice, and various speakers paid high compliments to the services of the candidate elect in his capacity as citizen, business man and legislator.

Many prominent Conservative workers, members of the association and civic organizations, were present.

E. B. Osler, M.P., West Toronto, was pleased to note the unanimity with which the association had renominated Mr. Kemp. There was special need of united action.

"The government," asserted Mr. Osler, "are trying to bribe or buy support in Toronto."

"I believe that money and every other material and personal argument that is at the disposal of the enemy will be used in the approaching fight."

"The corruption of politics in Canada under the Liberal party is far greater than political corruption in either the United States or Great Britain," declared Mr. Osler. "Great predominance is given to the money power, and the popular opinion regards lax principles as the inevitable trademark of every politician."

"Had members of any corporation been guilty of acts similar to those of the government the law would have been after them long ago and the jail become their resting-place."

The nomination was moved by R. S. Neville and seconded by Aid. Saunders.

WELL, HOW DID YOU ENJOY AN OLD-TIME JUNE DAY?

Whole Continent Revelled in Real Summer Torridity Yesterday—Three Deaths in Chi- cago—Cooler for To-Day.

As some one remarked that peculiarly about the weather yesterday was what is called heat.

But the prospect of cooler weather to-day will be hailed with much satisfaction by citizens in general, who sweltered in weather that might be described as mildly torrid. It was not a day for comfort in the factory or the office, but for picnicks it was pretty close to the ideal, and the steamboats carried thousands out of Toronto yesterday.

At Chicago three deaths and many prostrations because of the heat were reported before 10 o'clock in the morning. The mercury at that hour was 87 degrees.

"The outlook locally is for a little cooler weather," said the Observatory expert last night. "The explanation is: 'The passing eastward of the area of depression, conveying the warm weather with it, and the advance of the high area over the lake will cause the winds to shift around to the north-west. It will be milder, but there are chances of lightning during the night, and there may be a heavy fall of rain at different points in the province to-day.'

"Yes, it was quite hot in Ontario and Quebec," conceded the weather man, "but it is considerably cooler in the afternoon and also touched that point in Chatham, New Brunswick. At Quebec, Montreal and Rockville, the mercury rose to 88 degrees. The top notch reached in Toronto, was 87 degrees, about 3 p.m. No, it wasn't hotter than the hottest day in June of last year. On June 29, 1893, the thermometer stood at 91, and as early as June 3 of last year it reached 86."

The past few days have been effective in boosting the average of temperature for the month. Up to Thursday last the daily average was five degrees below that shown on the records for the past 43 years, but the hot wave has lifted to four degrees above.

There were some thunder storms in the Ottawa Valley last night, and in Quebec City there was a slight fall of rain.

A terrific storm of lightning, rain and hail burst over Ottawa in the afternoon and continued until late in the evening. The thermometer had in the Ottawa Valley last night, and in Quebec City there was a slight fall of rain.

BOYS TURN SWITCH AND FAST TRAIN IS WRECKED

Five Persons Severely Injured, One Fatally—Train Was Going Fifty Miles an Hour.

COLUMBUS, O., June 18.—Big Four passenger train No. 19, one of the fastest trains on the New York Central system, ran into an open switch to-day in the northern part of the city, while running at the rate of fifty miles an hour.

The engine and every coach was thrown on its side and the passengers were piled in heaps, a number of them being severely injured.

When the engine struck the open switch the tender ran along the side of the track for some rods, and then plunged into the ground several feet. The engine continued along the side of the track for 200 yards and then turned over on its side.

Engineer William T. Smith stuck to his post and escaped injury. His fireman, Joe Mahaffy of Cleveland, jumped, and is probably fatally injured.

Dr. Small has an office in the residence. He is at present at the Niagara camp. The girl, who was pretty, and had a lovely complexion, had been in the habit of smelling at him, often frequently, and she is, although frequently warned against it.

GIRL TAKES CHLORFORM

Overdose Causes Death of Miss Sarah Ellet on Spadina Avenue.

Miss Sarah Ellen Ellet, aged 18, a domestic at 496 Spadina-avenue, was found dead on a sofa last evening with a handkerchief, on which had been chloroform, over her face.

NOT IN HURRY TO PROSECUTE

Grand Jury Return True Bill, But Libel Case Will Not Go On To-Day.

FREDERICTON, N. B., June 18.—(Special.)—The first day of the Crockett-Emmerson criminal libel case has left everybody up in the air. Gossip is rampant. Is there a deal? Is a settlement on the tapis? Is something being fixed up? James H. Crockett, the defendant, most emphatically says "No." He demands a full trial and wants it immediately. As an earnest of his good faith he has here numerous witnesses. Among these are John Lloyd, ex-night clerk of St. Lawrence Hall, Harry Dean, ex-night watchman James Chapman, ex-night porter.

The "missing witness" from Hamilton, John T. Parker, manager of the mills or less famous Albion Hotel, Montreal; Detective Skeffington, formerly with the I. C. B., and several ladies and gentlemen from Moncton, N. B., and the City of Quebec, who will testify as to the reputation of the feminine parties in the case.

Hon. Mr. Emmerson is here, buoyant in spirits and looking well. Personally he denies all knowledge of the overtures for compromise made in his behalf. It is reported, however, that Hon. Mr. Pugsley has made the suggestion to the defendant's counsel that the prosecution would drop the case with the understanding that Mr. Crockett had some justification for publishing the alleged libelous article if the defence would withdraw the contention that the ladies mentioned were of ill-repute. This proposition was turned down.

There'll Be Delay.

The talk about compromise received a fillip this afternoon after the grand jury had returned the indictment.

Hon. Mr. Pugsley and J. D. Hazen, K.C., respectively leaders in provincial politics, and opposing counsel in this case, retired for consultation. When they emerged Mr. Pugsley stated that he would not press for Mr. Crockett's arraignment to-day as the defendants' lawyers wish time to file a plea to the indictment.

"That seems reasonable," said the judge. "But of course you will go ahead with the request that are insistent, and it behooves one to people to snore such patriotic delegations like this, which shall be insistent on the needs of America, as a whole."

"Friends, you and I are practical men. It is, therefore, our duty to differentiate sharply between good weather and bad weather. Try as we will, we cannot escape the duty of denouncing and condemning bad weather. At the same time, remember that the weather is not given way to the dangerous and wicked agitation against all weather, good and bad. Those men who advocate wild and foolish remedies which would be worse than the disease, are doing all in their power to perpetuate the evils against which they nominally profess to be so anxious to combat. The man who deliberately attempts to show the superiority of his weather existing in his backyard may be quite as unbecomingly a citizen as Jupiter Pluvius or a false weather-bureau prophet. The first prerequisite to doing good work in this field of philanthropy and social reform is to understand one's fellow-men for the common good is that it shall be attempted in a spirit of broad sanity no less than a broad and loving charity. Hence in speaking of the weather or of our youth we must never fail to speak of it with scrupulous fairness and justice, fairness to young and old, the weak and the strong, the big and the little.

The Line of Cleavage.

"The true line of cleavage lies between the good weather and the bad weather; and the line of cleavage may, and often does, run at right angles to that which divides the rich and the poor. The misuse of weather is one manifestation of the same evil spirit which under changed circumstances denies the right of property because this right is in the

Charge to the Jury.

In addressing the grand jury the judge said:

"There does not seem to me to be enough evidence to find a true bill in this case. Use your own judgment in this matter, not a knowledge based upon anything supernatural. The charge against Mr. Crockett in the information is that he published in a newspaper in this city under the heading 'In Parliament' the following words: 'This minister was Mr. Emmerson himself, and one of the pieces from which he was selected was two women of ill-repute, with whom he had been keeping company not long since, was a woman with a hook in her nose.' 'If you find that these words were published in a newspaper printed and sent abroad in this country, that they were written by Mr. Crockett or published by him in a newspaper controlled by him, you must find also whether these words were written of and concerning Mr. Henry R. Emmerson, or reference to Mr. Emmerson, or to the requirements of the law with reference to defamatory libel is complete.

"You must further find that those words so published were designed to hurt Mr. Emmerson in his reputation by holding him up to contempt and ridicule. If you cannot find these things then you will do right not to find a true bill. Twelve of your number is sufficient to find a true bill."

Return True Bill.

After one hour the grand jury announced a true bill.

Mr. Emmerson occupied a seat at the end of the table most distant from the bench and seated alongside him was Col. Marsh, the local police magistrate who presided at the trial. Mr. Emmerson was dressed in a grey worsted suit and Panama hat, with brown gaiters over his black patent leather shoes. Should the case come to trial on its merits it may last for a week.

Nation Should Rule Weather

How President Roosevelt Might Ad- dress His People on This All- Important Subject.

NEW YORK, June 18.—The Evening Post publishes the following despatch, "by special wire" from Oyster Bay, N. Y., June 18.—President Roosevelt to-day delivered to indignation delegations from fifteen states who came to him to protest against the weather monopoly, the following address:

Fellow Citizens: I take a peculiar pleasure in greeting you here, because it is eminently true that democracy is not only everybody's business, but that what is every one's business is apt to be no one's business, and you are here on everybody's business. There is plenty of reason to be sure to bear for matters of great national concern—pre-eminently the weather. Persons who are engaged in the busy-busy of active political life most naturally tend to pay special heed to the matters that are insistent, and it behooves one to people to snore such patriotic delegations like this, which shall be insistent on the needs of America, as a whole."

Trip to London Ballot

THIS BALLOT GOOD FOR 1 VOTE

For _____ District No. _____ Address _____ County _____ City _____

When fully filled out and received at The World Office by mail or otherwise on or before expiration of date shown above. Not good after that date. Void if name voted for has not been properly nominated. No ballot will be altered in any way, or transferred, after being received by The World.

Hamilton Happenings

FOUR PEOPLE INJURED IN STREET CAR ACCIDENT

Crowded Cars Collide—Board of Works Complain Against Street Railway.

HAMILTON, June 18.—(Special.)—Shortly before 10 o'clock to-night there was a bad collision on the street railway at the corner of Barton and Sherman-avenue. Two cars, one going east and the other going west, collided at the corner. Both were packed with passengers, mostly women and children, taking in the belt line trip for an airing, and both were traveling at an lively gait. When they crashed into each other the lights went out, but the motors, from which the motormen did not have time to shut off the power, kept cringing away and with the consequent rattling of women and children, made an alarming noise. When order was restored, many of the children and women had to be carried into neighboring houses and three doctors had their hands full.

TUB SUITS

We call them tub suits because they have to be washed every week. Our showing of Cool Wash Suits for children, from 75c to \$3.00, is immense in Sailor and Buster styles. We also have a large range of patterns in boys' shirt waists—50c to \$1.25—and white duck knickers—

MISUSE OF "REVEREND"

Right to denounce every form of evil, wherever practiced. The Three-Fifths Majority. Dr. Campbell also attacked Dr. Chown's methods in dealing with certain objections to the place of the Toronto Industrial Exhibition, and Dr. Chown replied that the most cordial relations existed between the place of the exhibition and the manager of the exhibition.

Dr. Campbell also opposed the aims of the Dominion Alliance that a simple majority vote take the place of the three-fifths vote. He, however, wished to see the majority vote lowered from 60 per cent to 55 per cent.

Dr. A. D. Watson said that Dr. Campbell never opposed any policy of the board at that time. Dr. Chown was simply carrying out the wishes of the board.

In the end the resolution was carried in favor of appointing an assistant to Dr. Chown.

The statistical report showed that the number of members receiving a salary of \$1000 was 48, those getting between \$1000 and \$750 was 55 and below that figure 74. The amount raised for all purposes totaled \$91,802.

The Union Church relief fund, which was originated 20 years ago at the union of the Methodist churches to liquidate the debts of churches left behind by the Methodists.

Church Union. At the evening session, the following motion by Dr. Chown was carried unanimously: "That this conference expresses its gratitude to God for the prospect of organic union in Canada of the three denominations now negotiating the same, and it assures the joint union committee that it will welcome the advancement of the movement as rapidly as the safety of the enormous interests involved will permit."

Changes in Stationing. Although the stationing committee will not make known their report until this morning, it was learned last night that the following changes from the first draft had been decided upon: Rev. Jos. Ferguson will go to Orillia; Rev. Joseph Odery, formerly of Orillia, will be the pastor of Crawford-street Methodist Church.

As appetizer, mental bracer and physical pick-me-up, BYRRH wine is unsurpassed. On all bars, and for sale in all cafes and stores.

THE WORLD'S HOME MAGAZINE FOR WOMEN

Edited by Miss L. E. McCULLY

Commencement At St. Joseph's

Prize and Honor Lists—A Remarkable Exhibit of Art and Needlework.

The commencement exercises at St. Joseph's Academy yesterday were marked by features of unusual interest. The program commenced with the crowning of the graduates...

Gold medal and diploma of graduation—Miss Kathleen Clarke, Miss Mary Bourke, Miss Penelope C. Gillen, Queen; Kathleen M. McCrohan, Toronto.

Gold medal, presented by Very Rev. J. J. McCann, Y.G., for instrumental music honor standing senior grade Toronto University—Miss Juliette Morin.

Gold medal for excellence in penmanship—Miss A. Balfour. Silver medal presented by Rev. F. Frachon, C.S.B., for Christian doctrine in second grade—Miss Kathleen Dean.

Second course—Misses M. Clarke and L. Martin. Crowns for ladylike deportment, observance of rule, amiability and charity in conversation in first course—Misses M. McDonnell and S. Brasseur.

Art needle work—Special prize for art needlework—Miss J. Goldie. Second prize—Miss M. McCrohan. Third prize—Miss A. Pav. Special prize for darning and plain sewing—Miss J. Collins.

WINDSOR SALT—ought to cost more—so pure, fine, well-savoured. Goes further, too. But not a cent dearer.

On Dit

Toronto people are wondering whom the following paragraph from Town Topics refers to: "Conversations at London dinner tables are not always left among the notable and champagne dress. Many little stories and personal anecdotes spring to birth with the entree, like one going the rounds now, which concerns a woman from Toronto, prominent for some years for her complexion and her gowns, which have been the subjects of amused comment and criticism at home and abroad; the first for its alabaster texture, and the second for their splendor, which on all occasions rivals the faded attire of the Queen of Sheba. Her mother, too, serenely forgetful of her age and matronly figure, is hung at all hours of the day with as much purple and the linen as possible, and the combined effect of the mother and her tall daughter is, to say the very least, overwhelming. The daughter, who, so far as accomplishments go, is really very clever, has been staying in London with some very influential people, and the homage from the British public and the continual basking in reflected glory has turned her blonde tresses to a certain grey tint. At an unofficial dinner given at the Carlton by a fashionable Canadian woman she was given over to the tender mercies of good-looking Englishmen, who escorted her in to dinner, and on finding she came from Toronto enquired if she knew a certain girl friend of his who has been in the public eye on account of her success as a singer. The woman was dubious; she perhaps quite sure if she knew her, perhaps she did, perhaps she did not. In a word, she was unable in her haste in decision to decide either way. Then, at summing up the entire social question in Toronto, she added: 'You see, Mr. So-and-so, our position in Toronto is really unique. Our house in Toronto is almost like government house, for we call on nobody and everyone calls on us.' The man unfortunately was not very much impressed, despite the explanation, and since then has had his opinions on the subject of climbing brasses an element of novelty, is received with enthusiasm. This present development is made of white habotail silk with a border of ciel blue. Made of the flowered challis, organdie or lawn, of plain cashmere, nun's veiling, or tulle, or any of the summer silks, it would develop charmingly.

The kimono has come to be so much of a necessity to the woman at home, in her hours of negligence that any adaptation of the original idea which embraces an element of novelty, is received with enthusiasm. This present development is made of white habotail silk with a border of ciel blue. Made of the flowered challis, organdie or lawn, of plain cashmere, nun's veiling, or tulle, or any of the summer silks, it would develop charmingly.

A very pretty wedding took place on Tuesday at 9 a.m., in St. Patrick's Church, when Miss Annie Florence, youngest daughter of Mrs. Hamilton, 259 College-street, and Mr. Francis A. O'Donnell of Toronto were married. Rev. Father Jettcott performed the ceremony.

Mr. John Hamilton, her brother, gave away the bride, who was gowned in white, and carried a bouquet of white roses. The bridesmaid, Miss Eileen McCrohan, wore pale blue crepe de chene, and carried a bouquet of American Beauty roses.

After the breakfast and reception at the home of the bride's mother, the newly-wedded couple left for New York and Boston.

Notice will be given of the new address and reception of their return.

Mr. and Mrs. G. S. Lindsey, Master Jim Lindsey and Miss Martin arrived from British Columbia yesterday, and are staying at the King Edward Hotel.

Mr. and Mrs. William Craig, Owen Sound, are visiting the Misses MacMichael, in Cottingham-street, before leaving for Glasgow, Scotland, where they will spend the summer.

Mrs. M. J. Perry announces the engagement of her daughter, Gertrude Marie, to Dr. W. E. Cammer, son of Mr. W. L. Cammer of Hamilton. The marriage will take place quietly in Broadway Tabernacle Church on June 25, at 1.45 p.m.

Yesterday afternoon at the residence of Mr. and Mrs. D. Woolverton in Dowling-avenue, the marriage was solemnized of their daughter, Miss Florence Woolverton, to Mr. John Jennings Bryan, son of the Rev. Benjamin Bryan and Mrs. Bryan. The ceremony was performed by the groom's father. The bride wore a dark blue tulle waist traveling suit and dark blue hat. Her only attendant was a little flower girl, Miss Priscilla Ball. Mr. and Mrs. Bastedo was best man. Mr. and Mrs. Woolverton will reside at Aurora.

A pretty house wedding took place at 389 Givens-street, yesterday, when Miss Ellen (Neil) Sutton was married to Herbert S. Boynton, Rev. Chas. Wilson of Dovercourt, Presbyterian Church officiating. The bride was attended by Miss Annie Sutton, while Mr. Moulton was best man. Miss Flossie Boynton was flower girl. The bride's gown was of dainty white mull.

An agreeable surprise was afforded Mr. and Mrs. Daniel Wright, Broadway Hall, Spadina-avenue, a few days ago, Mrs. Pollard and Miss Pollard, mother and niece of Mrs. Wright, paid a visit to their relatives here in Toronto after an absence of over twenty years. They reside at present in Chestland, Algoma.

The children of the Normal Kindergarten held their closing exercises on Friday, June 21, commencing at 10.30 a.m. The exercises were held in the gymnasium of the Normal Kindergarten. The children of the Normal Kindergarten held their closing exercises on Friday, June 21, commencing at 10.30 a.m. The exercises were held in the gymnasium of the Normal Kindergarten.

World Pattern Department

Toronto World. Send the above pattern to: NAME, ADDRESS, Size Wanted—(Give Age of Child or Miss's Pattern).

THEY WAIT FOR CERTAIN GIRLS.

UTICA, N.Y., June 18.—Young college students who for years have passed their vacations acting as waiters at the hotels along the St. Lawrence River are to be banished from that profession up that way—at least, the good-looking ones—because as the hotel proprietors say, they are too much given to flirting with the girls guests.

NEW SOCIETY AMUSEMENT.

PARIS, June 18.—Paris was shocked last week to learn that the chief attraction at a soiree given by a fashionable matron the other day was nothing more nor less than a cockfight. There were only two birds and one of these was killed. Several thousand francs changed hands.

JEWEL CASE FOUND.

LONDON, June 18.—The jewel case lost by the Dowager Duchess of Roxburghe during railway journey from London to Doncaster, June 15, was found intact in the car where it had been misplaced.

BURNED TO DEATH WHILE CURLING HAIR.

BINGHAMTON, N.Y., June 18.—While heating a curling iron over a lamp as she was dressing, Mrs. Earl Boarder received fatal burns by the sudden explosion of the lamp, which deluged her with burning oil.

Luxurious Ocean Travel.

The modern ocean steamships, and the new mammoth ships, America and Kai Iserin Augusta Victoria of it, Hamburg-American line deserve the title, in fact, there are few hotels that provide a greater variety of luxuries than are to be found on these ships. Passenger elevators, a la carte restaurant, palm gardens, electric lights, baths, friseur and manicure parlors, tourist shops, gymnasiums, telephone exchanges, and now safety deposit vaults. If they could only provide golf links and tennis courts, surely they would be complete.

A BEAUTIFUL FACE

All the old methods of securing beauty and perfect complexion are replaced by the RUBBER COMPLEXION BULB. It prevents and removes pimples, blackheads, and blemishes. It makes the skin soft, clear, smooth and white. A single coating application produces remarkable results. Blackheads in almost any quantity can be removed. No woman who owns one of these remarkable devices need have any further fear of wrinkles or blackheads. Always ready, nothing to get out of order. The regular price is 50c. In order to introduce our Catalogue of other specialties we will send the Complete Rubbing Bulb complete with all directions for thirty-five cents, postage paid. You cannot afford to miss this bargain. Address: The F. E. KARN CO., Limited, Cor. Queen & Victoria Sts. TORONTO, CAN.

WHAT TO WEAR

"Learn Bon Ton and See the World"—Bobbie Burns.

Fichus are the latest thing now—fichus of all colors, shapes and designs of trimmings, from the plain and simple to the most elaborate and stylish. They are so charming on a summer dress. There is a touch of romance to the fichu; it has a quaint old-world air of its own. One can be made very easily by yourself. A simple fichu of white muslin, with a delicate skin, or to blonde hair.

How to Make Use of Fichus. A clever woman will take advantage of this new fashion for the use of her two wearable fichus, for use with her house dresses and removable from the frock itself. By adding one in just the right shade to the plain dress, the dressy, afternoon touch can be given. The new fichu almost drapes the whole bodice.

But for grand occasions, the fichu is destined to come in great prominence. Some exquisite frocks are shown by leading couturiers, both here and abroad; with fichus whose ends are drawn in to form part of the deep folds of the bodice, and the ends of the fichu are three-quarters of the length of the skirt with fancy and elaborate lace or embroidered ends.

East End Day Nursery.

The lawn of the East End Day Nursery was well decorated for the garden party yesterday afternoon in aid of the new dining room. At night the musical entertainments made the scene one of joyous festivity. A large number of the lady managers and friends of the institution were present and were greatly interested in the program. Mrs. McDonald, the president, Mrs. McDonald, the president, Mrs. McDonald, the president.

TO OUST QUACK DOCTORS.

Ottawa Medical Association Want to 'Get Rid' of Fakirs. OTTAWA, June 18.—(Special).—The Medical Association of the District of Ottawa decided today to make an appeal to the local authorities to have the quack-doctor abolished.

To Get More Strength from Your Food.

WHEN the Bowels are filled with undigested food we may be a great deal worse off than if we were half starved. Because food that stays too long in the Bowels decays there, just as if it stayed too long in the open air.

MERCHANTS' BANK DIRECTOR.

MONTREAL, June 18.—(Special).—The directors of the Merchants' Bank today elected Sir J. Allan to succeed the late J. E. Dawson as director.

Big Day For Muskoka People.

Next Saturday will be a red-letter day for lovely Muskoka, when the first C.P.R. passenger train pulls out of the Grand Lake station for Muskoka.

Indictment Against C.V.R.

NEW YORK, June 18.—The United States grand jury today handed down indictments against the Central Vermont Railway for guarding rebates.

LINDSAY, Ont., June 18.

The annual meeting of the Grand Lodge of the Canadian Order of Oddfellows opened here this afternoon. 120 delegates being present.

The Most Picturesque and Pleasant Line

to Canada's famous tourist resorts is the Grand Trunk. City ticket office north corner King and Yonge-streets.

Gourlay Pianos

Add the One Charm That Perfects the Home Circle

Well-to-do homes need the joys that go with art to make culture a blessing and happiness complete. Art in the home requires no other inspiration than a piano that attracts the members of the family to itself both by its intrinsic beauty and the lovely music it yields.

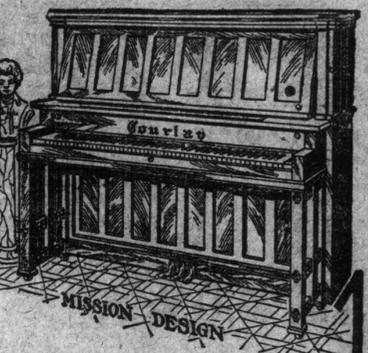

Are the chief exponent of high-grade piano building in Canada. Established in design and finish, and without a peer in full, rich, melodious tone, they are the most 'companionable' pianos possible, perfecting with the purest music happy home life.

Besides, if they are a little high-priced, they are worth the price, because the GOURLAY PIANOS are the MOST SERVICEABLE AND DEPENDABLE instruments—wearing well and staying in tune in all sorts of weather.

GOURLAY, WINTER & LEEMING HEAD OFFICE 188 Yonge Street, Toronto.

BRANCHES Hamilton—65 King Street West. London—105 Dundas Street.

MISSION DESIGN

YOU CAN LIVE WITHOUT MEAT IF YOU EAT SHREDDED WHEAT. Not meat but Shredded Wheat is Nature's best gift to man. A natural food—contains all the nutrition needed to build the whole man.

BISCUIT for Breakfast; TRISOUIT for Lunch; All Grocers—13c. a Carton; 2 for 25c.

IN FRIGHT, SWALLOWS DIAMOND

Was Molesting it in Mouth When Moose Scared Him. MONTREAL, June 18.—A man named Charles Cochran arrived by C.P.R. at the Windsor station from Kippawa district. He appeared to be suffering from some ailment, but refused all medical assistance, saying that he could find no relief until he arrived at his journey's end.

"DUKE" COLLINS A HERO.

Captures a Bear and Rescues a Woman in Distress. An amusing incident occurred at Hanlan's Point yesterday afternoon. It was while Prof. Astdale was exhibiting his trained animals.

TOWN ALMOST WIPED OUT.

Bad Fire at St. Philippe, Near La Prairie, Que. MONTREAL, June 18.—About half the village of St. Philippe, near La Prairie, about 20 miles from Montreal, was wiped out by fire this morning. The loss is estimated at \$50,000.

A LEGAL TECHNICALITY.

City Can Pay Expenses of Delegates in One Case and Not in Another. OTTAWA, June 18.—(Special).—The city can pay the membership fees and the expenses of delegates to the convention of the Ontario Union of Municipalities, but it cannot do so in connection with the Canadian Union to which the Ontario body belongs.

MORE SMALLPOX.

Another smallpox sufferer has been removed to the Swiss Cottage, the patient being a man who has been boarding in a house on Adelaide-street. There are now ten patients under treatment, and several houses under quarantine.

Why Pure Water Gets Office Work Done Better

BECAUSE those in the offices do not get nearly enough bodily exercise, their brains grow weary along in the afternoon, and work drags.

Sedentary occupations mean lazy livers, sluggish kidneys, slack digestions. These mean bodily wastes clogging the brain machinery.

Water-drinking is the remedy. Office people seem to need even more water than ordinary folks. Ten glasses a day is none too much. Do you drink that much PURE water a day? Do your office assistants?

Neither you nor they can afford to drink city water—not if your healths are worth guarding. For Lake Ontario water is only fairly pure a part of the year. Often it is risky drinking indeed—spring freshets, summer thunderstorms and easterly gales always make it specially dangerous.

Now, a really PURE water will cost you only ten cents a gallon, delivered at your office. For that is the special office-service price of YORK SPRINGS WATER, ideally pure, limpid, refreshing, crystal-clear—a NATURAL water, perfect as a beverage.

Ten cents a gallon—and for a nominal extra cost we will even provide a sanitary, handsome water-cooler. Business men who have adopted this dime-a-gallon service say it pays good dividends, because it so increases the efficiency of the office force. Your own bodily good, moreover—that is worth more than York Springs Water costs, isn't it?

WHAT TORONTO NEEDS. On Monday next the city council is to have before it Ald. Church's motion to appoint a special committee to enquire into a number of matters connected with the growth and progress of Toronto.

The usual way of killing a proposal in conventions, assemblies, conferences and such like bodies is to refer it to a committee, and probably Ald. Church has considered the risks involved in his proposal, the chief being the danger that such a committee, if appointed, will do nothing till the hot weather and the exhibition are over, and after that will be unable to get a report before the council earlier than Christmas, which is an ineffective season for practical measures.

And you who own horses, be a little kinder to them. Don't speed them the whole way. Ease them up, and even let them walk where it is shady.

Warm weather is needed in the country; it is needed everywhere, but nowhere more than in the heart of man, who may, thru its instrumentality, be brought to a realization of his own weakness and taught to exercise forbearance to those who happen to be under his authority.

LORDS AND COMMONS. Sir Henry Campbell-Bannerman's long-threatened and loudly-heralded attack on the house of lords, flow that it has come, will not seriously disturb the repose of the hereditary legislators. The resolution has been framed on lines which suggest a strong disinclination on the part of the government to tackle the practical question of the reform of the upper house, while the policy it embodies means nothing more nor less than the uncontrolled supremacy of the house of commons for the time being.

No doubt the need and value of a second chamber is a question open for debate, but nothing has occurred to indicate that the majority of the British people are meantime prepared to dispense with the drag on the wheels of the political coach. Until they have so determined resolutions such as that to be moved on June 24 have no real force behind them.

The government in the matter of house of lords reform are in the dilemma.

The city council is too prone to forget that it is itself a special committee of the city, with a further specialized committee in the board of control to handle the very problems that are to be brought before it on Monday. If Ald. Church is able to impress this fact on his colleagues by his motion he will deserve the gratitude of the electors. He should not find it difficult to convince them that the intelligence of the city is alive to the situation of utterly inadequate water supply; to the want of sewerage accommodation which, by turning the bay into a cesspool and converting the Don into an open cloaca, with focal matter floating on its surface, imperils the health of the city; to the danger of having our suburban thoroughfares blocked by electric railway corporations, and the necessity of annexing the territory thus menaced in order to preserve these transit rights; and of the need for a prudent foresight in that that pertains to the city's development.

If poor civic management could have killed Toronto, the city would have died years ago. The unequalled situation and innumerable advantages possessed by the city have enabled it to survive the shut-eyed views which its rulers have taken of its future. But the time is past for further consideration and consequent postponement of matters like the waterworks extension, the trunk-sewer system, and the annexation of the communities around the city, which threaten, thru neglect, to strangle its communications, to poison its health,

and to load its future with a burden of expenditure which ought to be reckoned for now, and which will be embarrassing when it becomes imperative. It is easy to do things when you plan for them. It is expensive and unsatisfactory to be compelled to do what has been postponed for years out of sheer mismanagement.

Had a trunk sewer been planned twenty years ago and built in sections, as engineers have proposed, there would be no sewer question to-day.

Had the waterworks system been designed twenty years ago, for any required future extensions we would not now be facing an imperative expenditure of \$1,000,000, with high insurance rates and other reminders.

If the aldermen of to-day do not wish to be included with the misdoings of the past in the general contempt of the taxpayers they will get busy on the questions of water, sewage and boundary extension without delay, and refer the harbor and railway questions to the special committee with instructions to report by Aug. 1. If they feel unable to act as the board of directors of any important business undertaking would act in a case of emergency the board of trade, the Manufacturers' Association, the Bankers' Association, the Trades and Labor Council, the Retail Merchants, the Riverdale Business Men's, and the Northwestern Ratepayers' associations and the Guild of Civic Art will be ready to give them advice.

Toronto never was more in need of men who would do things. The aldermen have a chance to measure up to standard next Monday.

WARM WEATHER WORDS. Warm weather is a refreshing relief from the autumnal spring we have had this year, but its sudden onslaught carries with it peculiarities that irritate.

In other years, warm weather has come to us in a slow coach; we have heard the horn from afar, and have prepared for the guest. But this year it is automobiles in without a single, solitary note of warning. We were not dressed to receive the guest, and we are embarrassed. That we can get over. Our temper was still wintry, when we were called on to present a summery smile, and we have made a sickly grin out of it. That also we can improve, but before we do many kind hearts may be chilled by unnecessary irritation superinduced by torrid temperature. Perhaps you have noticed it in others. Of course, not in yourself.

The World desires to say a word in season to those who have not adapted themselves to the changed weather, and it is, don't be irritated, calm yourself, let your heart be as warm as the weather. You may be sure, Mr. Employer, that your employees are suffering from heat, even as you are, and very likely with poorer chances of recovery. Act you the noble part, and don't fly off the handle at every little chance. If you never before made allowance for the weakness of human nature do it now, while it is hot. Don't drive those under you.

And you who own horses, be a little kinder to them. Don't speed them the whole way. Ease them up, and even let them walk where it is shady.

A Name for a New City

The World wants to present the twin Canadian cities of Port Arthur and Fort William with a single name for that splendid bay and port of greater Canada that now sits on the vigorous northern shore of the greatest lake on the globe.

To secure such a name we offer a prize of \$25 to be awarded on July 1 next by a committee of impartial men. We want a name that sounds well, and, if possible, fits so great a position.

It is evident by the number of suggestions offered already to The World, that the residents in the east take a deep interest in the affairs of New Ontario. Many English, Indian, Canadian

and historical names have been submitted, but ample scope still remains for the exercise of patriotic ingenuity. This new city will be one of the great cities on the North American continent. That it has a vigorous climate only means that it will have vigorous business methods and an absence of any of that distemper that sometimes gnaws the soul in more torrid parts.

It will be a new and better Chicago, and the centre of enormous iron industries to supply the new and greater west.

Such names as "Superior," "Twin City," "Alexandria," "Great Lake City" and "Union City" seem to be favored mostly by our readers thus far.

Let the New City Be Called

Name..... Address.....

long ago apparent, that the more closely and directly it is brought into touch with popular opinion the more it is strengthened to resist the will of the house of commons, should occasion of difference arise. This the peers realize just as clearly, and it is enlightening to find them appointing a strong committee to report upon an amended constitution at the very moment that the cabinet excogitates a resolution acceptable enough to their radical following, but worthless without a concrete plan for giving it effect. Even to quarters friendly to Sir Henry Campbell-Bannerman's government the course adopted bears all the earmarks of a mere politic expedient—a make-believe stack that means only marking time. Before any law based upon the resolution as intimated could be passed, the electorate must decide the question whether there is to be a second chamber that can be over-riden by the house of commons without reference to the electorate as final arbiter. If the last education bill is cited on one side, Mr. Gladstone's home rule measure is as relevant on the other. (All the prospect that remains, if the government has made this the issue, is a protracted conflict where the electoral odds favor a reformed house of lords that will perform the proper duties of a revising chamber with due regard to the pronounced will of the people.)

WHERE, OH WHERE! Editor World: Shall the farm hand be allowed to wash his feet in the creek? No, sir. By gum! I have a creek running thru my farm. It comes from way up north and the thought

of the pedal ablutions of an army of yokels for miles may cause the stream to pass by my doors freighted with the miasma of the farm hands for miles, causes me to protest. My next door neighbor says he has riparian rights that should be ignored, and that the possibilities of blocking up the somewhat navigable possibilities of the stream must be considered. Nay, nay! to the cow shed with your feet, out farefared in a rainstorm.

A Farmer.

HELPS TO MAKE DETROIT FAMOUS. Milton Carmichael, the man with the easy laugh and the strong hand-clasp, hailing from Detroit and coming in you like an 18-knot breeze, is in the city.

He has thousands of friends among the delegates to the waterworks convention and a venerable certificate entitling him to membership in the grand order of water wagon riders.

Milton's peculiar disease is conventional. He tries to get three thousand dollars every year to go to Detroit. This is more than Detroit could take care of, but he succeeds in getting all that Detroit can stand.

He is a fellow worth meeting and has the password possessed by all well-travelled gentlemen. He is no relation to John Milton, the poet, but is in the same class. Pass him up.

OPPOSED TO A STRIKE. Builders' Laborers Not in Sympathy With the Plumbers.

At a mass meeting of the builders' laborers last night the question of a general strike among the building trades in sympathy with the plumbers was discussed and the almost unanimous opinion was expressed that the trouble was due to no reason to go on strike.

Drowned While Bathing. LONDON, June 18.—W. Westby, son of Richard Westby of the Grey-street, East London, was drowned yesterday while bathing at Bico Lake in Algoa Bay. It is understood the young man was seized with cramps, and that he sank before a companion whom he was assisting could render him any assistance.

"SLATER SHOE" IS NOW A MILLION DOLLAR CO.

New Stock Issue For Taking Care of Enormous Expansion of Their Trade.

An increase in capitalization to the million dollar mark has been made by the Slater Shoe Co. Much of the new issue will be taken up by the present shareholders.

"The increase has been made necessary by the phenomenal increase in the demand for the trade marked and priced Slater shoe, a demand which received a new impetus when the enormous increase in the cost of leather and all shoe materials induced many shoe manufacturers to cheapen and weaken their product," says President Chas. E. Slater. "The people seek security in a shoe which bears the maker's seal and the maker's mark of worth."

From a trade of \$500,000 in 1904, and \$600,000 in 1905, the volume of business of the Slater Shoe Company has since leaped by compound increases of 25 per cent each year, and will go well over the million mark in 1907. Such a rapid expansion of trade calls for a larger capital investment, more particularly as every sign points to an increase to over one million and a half (\$1,500,000) before the end of 1908.

Applications for new Slater Shoe agencies are received almost every day. It is the company's intention to at once double its present factory capacity. The Montreal factory is equipped with the most modern plant and machinery, and is devoted exclusively to the making of fine Goodyear welt shoes for men and women.

For the six months of the spring season of 1907 the orders taken were well over \$750,000 or more than the total business of the company for the whole year of 1904. One traveler in one year booked orders for a quarter of a million dollars' worth of shoes. Of course the contract agency system helped in this, as well as greatly reducing the cost of selling.

The Slater business was founded fifty years ago in the City of Montreal, and was taken over by the Slater Shoe Company eight years ago.

The business has been profitable as well as progressive, the shareholders participating in the usual dividend of seven per cent, per annum. The investment is counted one of the most desirable in the line of Canadian industries. It is said that some of the seven per cent preferred stock of the company may be offered to the public.

FELL TWENTY-FIVE FEET. Two Men Injured in Accident on Markham Street.

Two men escaped with comparatively slight injuries after a 25-foot fall yesterday.

Robert Ringham, 9 Northview Terrace, and Wesley Wilson, son of Police Sgt. Wilson, 238 Montrose-avenue, were fixing some eavestroughing at 297 Markham-street when their scaffolding collapsed.

Ringham had his left arm broken, and Wilson, who struck a plank with his chest, had a severe shaking up and bad bruises.

Both men were removed to Dr. Shier's surgery at Bloor and Markham-streets, where their injuries were promptly attended to, and they were then able to be sent home.

GIVEN CANCELLED MORTGAGE. Present of All Saints' Congregation to Canon Baldwin.

The congregation of All Saints' Church last night presented their rector, Canon Baldwin, with an address and the canceled mortgage of the church.

The mortgage was presented by J. L. Morrison, and was addressed by Canon Dixon, Archdeacon Sweeney, Canon Belt, Mr. Trees, Canon Cody, Canon Cayley, Provost Macklem, Fred Clark and others.

Miss Severs, Herbert Milnes and Master Wilfred Morrison sang solos. W. E. Fairclough was the accompanist.

Afterwards an adjournment was made to the gymnasium, where refreshments were served. An orchestra supplied the music.

WILL HAVE RECOUNT. Hughes Signs in Famous McClellan Hearst Case.

ALBANY, N. Y., June 18.—Governor Hughes to-day signed the New York City recount bill introduced by Assemblyman Prentiss, and providing for a recount and canvass by judicial process of the ballots cast for the office of mayor at the election in New York City in November, 1906.

With the bill Gov. Hughes files an extended memorandum discussing the matter.

Vacation Trips. Summer is here. Have you decided where to spend your holidays? If not, let us help you. We would direct your attention to a few points on the Canadian shore of that large body of water, Lake Huron, and among which you would choose Goderich, Kincardine, Port Elgin and Southampton.

The great attractions in these districts appeal to families and those desiring rest and recreation in the quietude of a lakeside town or village. Call at Grand Trunk ticket office north-west corner King and Yonge-streets, and ask for illustrated booklet, "Charming Summer Resorts on Lake Huron."

HON. J. J. FOY HOME. Hon. J. J. Foy, attorney-general for the province, returned home yesterday morning from a six weeks' trip to the old country, where he represented Ontario at the educational conference. He is in excellent health.

Mr. Foy went over to Niagara to join his family.

CHIEF JUSTICE ROBBED. MONTREAL, June 18.—(Special.)—Sir Alexander Lacoste, chief justice of the court of king's bench, was to-day relieved of a \$10 bill on a street car.

T. EATON CO. LIMITED

MAIN FLOOR—QUEEN ST.

AT OSGOODE HALL

ANNOUNCEMENTS FOR TO-DAY. ANNOUNCEMENTS FOR TO-DAY.

1. Curtis v. Molloy. 2. Oesterhout v. Fox. 3. Re Chrysler & Shreve. 4. The King v. Humphries.

Simpson v. T. Eaton Co. Frank Simpson, who owns the property at 46 Albert-street, brought an action against the T. Eaton Co. for damages for shutting off his light by building a large warehouse in such a manner as to deprive him of the use of certain windows. The action was tried before Judge Britton, who has now given judgment dismissing the action. The Ladder Broke.

Wallace Swanton was engaged as a Sawyer in the broom manufactory of Thomas Bros. Ltd., at St. Thomas in January last. In order to replace a belt upon a pulley he had to stand upon a ladder supplied by the firm for that purpose. The ladder broke and Swanton in falling was badly injured. He sued the firm for \$500 damages. The jury at the trial allowed him \$800. The defendants appealed to the divisional court. Judgment has been reserved.

Trouble Over a Racehorse. William Munro has begun an action against Charles Gill of Vancouver, B. C., and John Small, collector of customs, Toronto, claiming \$4000 due him from defendant Gill in respect of a partnership between them in the management and racing of the race horse Platoon. He is also asking for an injunction restraining the defendants from removing the horse from the possession of the customs officials.

House of Nonsense Accident. Minnie Ethel Bunting and Hattie E. Cameron on the 8th of June were enjoying themselves at the House of Nonsense at the Toronto Park Co.'s grounds, when they became dizzy and fell out of the car in which they were. They have now issued writs claiming damages for injuries.

Parliament Street Property. Harry Winberg has begun an action

against Barnett Ben Zion Imelson and others to enforce foreclosure of certain property on Parliament and Poilette-streets, Toronto.

Run Down by Automobile. John H. Speers, an employee of the Toronto Railway Co., upon stepping off his car on June 1, 1907, was run down by I. Bouvier in his automobile. Speers was injured and claims \$2000 damages. Judge Mabey dismissed the action. Speers appealed to the divisional court. Upon argument the appeal was dismissed, but judgment is reserved as to costs.

Drainage Action. Robert Donaldson of Bayham Township brought an action against the Township of Dereham adjoining, to recover damages for the flooding of his lands thru faulty construction of the ditch for carrying away the surface water from the roadside. At the trial Judge Anglin gave judgment in favor of Donaldson. The township appealed to the divisional court, which has now delivered judgment.

Upon certain undertakings the appeal is allowed with costs and the action dismissed with costs without prejudice to any action for future wrong.

A Chinaman's Estate. Application was made to Chancellor Boyd yesterday to have the Bank of Montreal pay over \$250 and the Bonimion Bank \$150 to the relatives in China of Chang Lung Goey, laundry man, Parkdale, who died last winter. Magistrate Made Error.

When Charles Fleming of Owen Sound was sentenced to four months in jail for breach of the liquor law the magistrate took a reconnaissance from him that he would deliver himself up and go to jail when asked to do so. The divisional court yesterday decided that this was irregular and quashed the recognition. It is unlikely that Fleming will go down.

Free from Alcohol

Since May, 1906, Ayer's Sarsaparilla has been entirely free from alcohol. If you are in poor health, weak, pale, nervous, ask your doctor about taking this non-alcoholic tonic and alternative. If he has a better medicine, take his. Get the best, always. This is our advice.

J. C. Ayer & Co., Lowell, Mass.

SWEET CAPORAL CIGARETTES STANDARD OF THE WORLD

Free from Alcohol

ESTABLISHED 1854. JOHN CATTO & SON Store Closes Daily at 5:30 p.m.

White Shirt Waists Splendid New Goods, latest styles, effectively trimmed. A special lot laid out to clear at \$1.00 and \$1.50.

Wash Dress Fabrics Our stock contains all the season's popular fabrics. Many lines are broken by the heavy selling of the past month and useful remnants of many 2 1/2 to 3 yards are substantially reduced to clear. Considerable saving may be realized by picking over this stock just now.

Black and Black and White Dress Goods Special lines of Black and Black and White Voles and other fashionable weaves, regularly \$1.00. Now 65c.

Colored Dress Goods Tweeds, Mohairs, etc., all this season's goods, and wonderful values; were 90c to \$1.75 yard; now 50c.

Boating Shavels Great display of Knit Wool Shavels, honeycombed and fancy, including a very fine lot of Orenburg (imitation Shetland) Shavels, beautiful lace effects, 50c, 75c, \$1.00 up to \$4.00 each.

For Tourists A special display of Travelling Wraps and Rugs, in a great variety of plaid and tartan designs, \$3, \$5, \$7, \$10.

White Wash Suits Full new stock of Ladies' White Wash Suits, in fine organdies, batistes, linens, made up on a liberal scale. Full skirts, well trimmed waists; were designed to sell \$2.50 per cent. higher, but owing to the backward season are being offered at an exceptional bargain, at

\$5.00 to \$30.00 Per Suit. Ladies' Jackets Ladies' Fancy Tweed Jackets, 3/4-length, box back, well tailored, newest designs and splendidly finished, were \$12 to \$15. Now \$8.00 to \$12.00.

Ladies' Suits Plain Cloths, Fancy Tweeds and Novelty Fabrics, "Eton" and "Fony" styles, latest New York features, were \$30.00. For \$20.00.

Mail Orders Promptly and Carefully Filled. JOHN CATTO & SON King-street-Opposite Postoffice, TORONTO.

SERIOUS FOREST FIRES. Three Men Reported Burned to Death—Much Property Destroyed.

SAULT STE. MARIE, June 18.—More serious reports come from the woods to-day regarding forest fires. Although rain fell last night the fires were not checked.

It is reported from Webbwood that three men were burned to death near there. Many miles of forest along the Algoma Centre have been burned, and the flames seem to be increasing in spite of light rains.

Thousands of dollars' worth of timber has been destroyed in the Georgian Bay district also, and many operations have lost all of their supplies and equipments.

Mineral Springs. MINE CENTRE, Ont., June 18.—(Special.)—Bush fires west of here yesterday did damage to the extent of \$10,000 to the property and buildings of the Olive Gold Mining Company, Limited, destroyed two shaft-houses and machinery, also blacksmith-shops, double tramways and some outbuildings belonging to the plant.

The stamp-mill, which is the largest in this district, was saved, also residences, offices, etc.

The Picnic Season. The time for picnics is with us, and hamper are being packed every day.

Are you about to pack one? If so, do not forget to put a few bottles of radnor water in, as it mixes perfectly with spirits or wine.

Radnor is bottled at its spring in the Laurentian Mountains, and comes to us absolutely pure, sparkling and invigorating.

A Gift to the Groom. A Smokers' Set For The Den. As a personal gift from the friends of the Groom, nothing could equal our \$22.00 Smokers' Set, of fine hammered copper, for his den.

The Set is composed of a match holder, ash tray, cigar cutter, candle holder and large tray, all being of the finest copper.

A LARGE brass table 2 1/2 feet high completes the set.

SMOKERS' Set in copper and brass, range from \$5.00 to \$75.00.

Ryrie Bros Limited 134-138 Yonge St. Toronto

THE WEATHER

Meteorological Office, Toronto, June 18.—(8 a.m.)—The very warm weather has continued to-day throughout Ontario and over a large portion of Quebec and New Brunswick, elsewhere in Canada the temperature has been moderate. A few local thunderstorms have occurred in the Ottawa Valley and Quebec, and local showers in Saskatchewan; otherwise it has been fine in all parts of the Dominion.

Probabilities. Lower lakes and Georgian Bay—Northwesterly and northerly winds; fair and a little cooler, but some local showers or thunderstorms. Ottawa Valley and Upper St. Lawrence—Some showers or local thunderstorms, but mostly fair and a little cooler. Lower St. Lawrence, Gulf and Maritime—Local showers or thunderstorms, but mostly fair and warm. Lake Superior—Northerly winds; fair and cooler, but some showers. Manitoba—Fair and moderately warm. Saskatchewan and Alberta—Fair and warm.

THE BAROMETER. Time, Ther. Bar. Wind. 8 a.m. 30.1 2 S.W. 10 a.m. 30.1 2 S.W. 12 noon 30.1 2 S.W. 2 p.m. 30.1 2 S.W. 4 p.m. 30.1 2 S.W. 6 p.m. 30.1 2 S.W. 8 p.m. 30.1 2 S.W. Mean of day, 74 difference from range, 10 above; highest, 87; lowest, 62.

TO-DAY IN TORONTO.

June 18. Waterworks Convention, city hall, 10 a.m. West Toronto Conservatives, West Y. M. C. A., 8 p.m. Hanlan's Point—Attractions afternoon and evening. Scarborough Beach—Attractions afternoon and evening. Exhibition—Concert by Grenadiers' Band, 8.

STEAMSHIP ARRIVALS.

Wilson, Bremen. 3 p.m. Vanderland, Antwerp. 4 p.m. Necker, Gibraltar. 5 p.m. Utlona, Gibraltar. 6 p.m. Louisiana, Genoa. 7 p.m. Slavonia, Trieste. 8 p.m. New York.

BIRTHS.

BROWN—At the "Corona," June 18, to Mr. and Mrs. Gordon Brown of McMaster-avenue, a son.

DEATHS.

ANDERSON—At 521 West King-street, on June 17, 1907, Thomas Anderson, in his 62d year, member of Crystal Lodge 113, A.O.U.W., Clearmakers Union No. 1. Friends kindly accept this intimation.

FURDIE—Suddenly, on June 16, at New Luts William Furdie, the eldest son of the late William Furdie, Scarborough. Funeral on Wednesday at 2 o'clock at the residence of his brother, Daniel Furdie, to St. Andrew's Cemetery.

STINSON—At Toronto General Hospital, on the morning of June 18, Francis McLean Stinson, widow of Dr. McLean Stinson. Funeral private to Riverside Cemetery, from her mother's residence at 100 West York-st., Thursday at 3 p.m.

SIMPSON—At Niagara-on-the-Lake, John Simpson, late of Toronto, in his 63rd year. Funeral at Niagara at 2:30 p.m. on Wednesday, June 19th, 1907.

Customs traffic are complicated. Friction wastes energy. Bring your entries to us—Ordinary entries 50c. Maurice G. Thompson, Customs Broker, 60 Yonge-street. 36

TELEGRAPHERS TO STRIKE?

Secretary of the Union Says One is a Certainty. CHICAGO, Ill., June 18.—Secretary Wesley Russell of the Commercial Telegraphers' Union to-day sent a circular to the operators of the Western Union and Postal Co. a certainty and that all negotiations for a settlement have been broken off.

The force of clerks to-day sent a circular to the operators of the Western Union and Postal Co. a certainty and that all negotiations for a settlement have been broken off.

The question at stake is the 10 per cent. increase in wages, which the two companies promised to give on March 1st. The two companies declare emphatically that they did give the 10 per cent. increase, which the telegraphers contend that only a few favorites received; the increase, while more than 90 per cent. of the men are getting less than they were receiving March 1.

R. T. Eason, local manager of the news department of the G.N.W., said last night that he didn't believe there was any real and actual danger of a strike of operators of the telegraph company.

The Western Union doesn't expect a strike, said Mr. Eason confidently adding, "The telegraph companies don't seem to be afraid of one, either. They are quite independent of the operators' organizations. Should there be a strike, which possibility I consider remote, the service would not be by any means interrupted, as the men's places could be supplied."

"There would be no noticeable effect upon the news or other service in Canada."

ROYAL BLACK KNIGHTS.

VANCOUVER, June 18.—The Grand Black Chapter of British America of the Royal Black Knights of Ireland, opened in the gold hall this afternoon. The grand master, William Cheney of Toronto was unable to be present and did not again be a candidate for the chair.

The grand registrar, Sir Knight J. S. Williams of Toronto, reported the initiation of several new prospectors, and an increase in membership generally.

Galt Man Killed in West. WINNIPEG, June 18.—A young man from Galt, Ont., named Herman, was killed yesterday in a runaway accident. Deceased was a consumptive and left Galt two months ago.

The new longshoremen's union request every member to attend the first meeting on the first Sunday in July. "And in full attendance," said Thomas McInerney is marshal.

The Mobile Cutters' Union yesterday signed a two years' agreement with the James Robertson and Bridge company. The men are to receive an advance of 10 per cent.

Detective G. C. is with the Forensic-Selfs circus in Ontario this week. July either Greer or another provincial inspector will accompany "Hag" at a Railway Show, which is now applying for an Ontario license.

Rev. A. Allan, Glasgow, Scotland, the noted Scotch preacher, who is the guest of the church last Sunday evening, and who is also the speaker of the opening Christian missionary alliance convention, will deliver an address in Belhar, N. B., on Wednesday evening at 8 o'clock.

TRAMP CAN'T EAT BOOKS RICH MAN TO BE FRIEND

Carnegie and Rockefeller Do Not Reach the Man Who is Fast Losing His Self-Respect.

NEW YORK, June 17.—Believing that the libraries of Andrew Carnegie and the endowment funds given by John D. Rockefeller to colleges are not reaching the poorer members of society, James Eads Howes, grandson of the builder of the St. Louis Bridge and the New Orleans jetties, has decided to devote his fortune to the betterment of the professional tramp.

Mr. Howes has studied the tramp question from the viewpoint of the tramp. He has ridden on trucks, gone hungry in the hobo camps, and earned a living as a laborer on railroad work.

Mr. Howes believes the tramp may be reclaimed if the red tape that binds the ordinary charity is eliminated. He has come to New York from St. Louis to further his project.

Relief stations have been established in New York and Chicago, where the tramp may be cared for until he gets on his feet. When he gets the money that it has cost to help him on the upward path he is expected to pay back. This contribution goes toward the fund for the relief of indigent hobos.

"Carnegie and Rockefeller do no good to the man who is fast losing his self-respect," says Mr. Howes. "They do not try to help a man along the path which eventually leads to happiness. You can't eat books and what use has a laborer's son to go to college?"

In New York, Mr. Howes has associated with him Brother Naphiel of the Straight Edge Kitchen, No. 1 Abingdon-square, where the members of the hard luck brotherhood are all treated to the best in the way of pure food that can be obtained.

On Sunday next Mr. Howes will hold a meeting on the Bowery and tell the members of the brotherhood what is to be done for them.

WILL MEET THE EDITORS?

R. L. Borden's Invitation to Pressmen Has Been Widely Accepted.

MONTEREAL, June 18.—Editors of conservative dailies all over Canada are lending toward this city to take part in the deliberations of the Conservative party managers.

Some time ago Mr. Borden intimated that he desired to meet the men who moulded public opinion and have their pulse on the most of the people. Publishers and editors have been requested to attend the present conference and they are responding.

W. J. Blackburn, managing director of The London Free Press, and A. E. Miller, his managing editor, will be here tomorrow.

TO REV. GEO. JACKSON.

Dear Sir,—I note your futile attempts to stem the tide of reason in making a point of condemning Unitarianism, and your curious statement that Unitarianism is not a Christian religion, and still Unitarianism is not Christian. This statement is about as logical as your theology.

Christ was the founder of Christianity, and Unitarians teach His religion, while you preach a religion made at various times since by priests. You teach the religion of the priests and Unitarians the religion of Christ. Strange that Unitarianism is not Unitarianism! We are to assume, then, that the lives and works of Unitarianism are to be discarded, and that the life and works of Jesus of Nazareth are to be retained.

The word religion comes from the words to bind together. It should have come from words "to divide."

Why waste your time trying to prejudice people against something you know very little about? Be sure that the wise men will think in spite of all your and your church say to the contrary.

I care not a whit whether you term a Christian or a Pagan—I speak the truth as it comes. Don't speak louder than words, and run your tongue company with such profane lives as Emerson, Channing, Martineau, Longfellow, Theodore Parker, and others, even if I have to deny myself the privilege of being of the same persuasion as Rev. George Jackson of Toronto.

SEVEN MINERS KILLED.

SRANTON, Pa., June 18.—Seven employees were killed outright and another seriously injured in an explosion of gas in the Johnson mine at Priebeurg late today.

Look for Blood Humors

They Crop Out Constantly, showing the system Needs Purifying. You're not satisfied with your looks, can you be with such disfiguring pimples, such rough and uneven skin? Blood is full of humors and it's no wonder you look and feel poorly.

You are hungry, however, but appetite is miserable. Sleep is hard to get. Snag and vim are lacking.

High time to improve matters—but what's the proper remedy? Experience proves that Dr. Hamilton's Pills give instant relief. They tone the entire system, fortify the blood, and impart a feeling of new life in a few days.

Unlike strong purgatives, Dr. Hamilton's Pills are exceedingly mild. They are made from concentrated vegetable matter, and can be taken by young or old with absolute safety.

Let me mention something very valuable after using Dr. Hamilton's Pills. I used Effie Thomson of Meriden. I used to have ugly pimples that much annoyed me. The pills purified my blood, effect of Dr. Hamilton's Pills completely restored me. My health is splendid and my complexion a great credit to this marvelous medicine.

Let your medicine be Dr. Hamilton's Pills. They cure so thoroughly. Sold by all druggists, 25 cents per box, or five boxes for \$1.25. By mail from N. C. Pills and Co., Kingston, Ont., an "artificially made" Toronto, Ont.

Wood's Great Peppermint Cure. The Great English Remedy. Jones and I've cured the whole of my family with Wood's Great Peppermint Cure. It's the best cure for Croup, Whooping Cough, Sore Throat, Hoarseness, Bronchitis, Spasmodic Asthma, and all other ailments of the Throat and Lungs. One will please, \$1.00 per box, six for \$5.00. Will cure. Sold by all druggists or mailed by post. By mail from W. Wood's Great Peppermint Cure, Toronto, Ont.

SHOULD RULE WEATHER A FAVORABLE AND UNANIMOUS VERDICT

Continued from Page 1.

hands of others. There is, unfortunately, in our country a peculiar difficulty in the way of exercising the property supervision of the weather, not because of the peculiar division of governmental powers. When our states, in some of the conditions were simple, very little control was needed, and no trouble was caused by the doubt as to where power was lodged in the constitution. Now the conditions are complicated, and we find it difficult to frame national legislation which shall be adequate, while as a matter of practical expediency the states have proved entirely insufficient, and in all human probability cannot or will not be made sufficient to meet the needs of the case. Some of our states have excellent laws governing the weather—laws which it would be well, in the interest of the nation, to have our legislature. But the wide difference in these laws, even between adjacent states, is peculiarly influential in local markets or local lakes, or local rivers, or local plains, as the case may be, and the uncertainty of the power of enforcement, result practically in altogether insufficient control.

Control by Nation. I believe that the nation must assume this power of control by legislation, and that, as a practical expedient, the constitution will not permit legislation, then by constitutional amendment. But it is desirable that this power should be possessed by the nation, it is quite as desirable that such power should be exercised with moderation and self-restraint. The first exercise of that power should be the securing of publicity among all weathering an ordinary business. This publicity, non-innocent as it may be, is real and there is to all important facts with which the public has no concern. But the fact that there is a great discourager of bad weather. There is no more effective method of stopping rain than by having the sun shine. Real publicity would by itself tend to cure the evils of which there is just complaint; and where the alleged evils are imaginary it would tend to show such was imaginary. When publicity is attained, it would then be possible to see what further should be done in the way of regulation.

"Above all, it behooves us to remember not only that we ought to try to do what we can in regulating the weather, but that our success in doing it depends very much upon our neither attempting nor expecting the impossible. The trust that the man who offers up a patent cure for all bad weather, just as you would distrust him who tried to sell you a medicine to cure all diseases of your country, should be, but this is merely preliminary to what I want to say to you about the whole question as affecting the public interest. There are many and strong winds, also gentle and kind. These are the qualities that make up good citizenship. What we all want to send the weather is to be a good citizen. We regret but not of relief when they are away from home."

"We regret that, owing to the pressure upon our space, we cannot find room for the additional six columns of this address.—Ed.)"

A GRATEFUL MOTHER'S MESSAGE.

Zam-Buk Cured Her Child of Eczema When All Else Failed.

In gratitude for the great benefit her child received from the use of Zam-Buk, the great hermal balm, Mrs. R. H. MacArthur, of 1600 St. James-street, Montreal, writes the following details for publication. She says: "My little daughter Lydia (2 years) was troubled with eczema, which was very bad for six months. During that time we tried several advertised remedies, but the disease had too well hold of her. According to the directions, and finally we were obliged to consult a doctor. He treated the little one for some time with prescriptions for various salves and medicines, but they did not do her any good. We tried them, and tried them, but the child got no better. When she was five months old, we were told to try Zam-Buk. We obtained a supply, and it was really wonderful how the Zam-Buk cooled the sores and gave almost instant relief. It stopped the itching and healed the sores, and in six weeks from first commencing it, the child's skin was as smooth as velvet."

Zam-Buk is compounded from such healing, herbal essences, and is an ideal natural combination of power and purity suitable for the delicate skins of infants.

For summer skin troubles, sore feet, insect bites, chafing sores, bruises, ulcers, abscesses, skin eruptions, sores, Zam-Buk is unequalled. It is also useful for all kinds of skin diseases. All druggists and stores sell it. Price, 6 boxes for \$2.00.

After Her Powder Puff. One of the women in the Kingston earthquake showed what she thought was great coolness. When the fire shock passed she hurried out on to the lawn in front of her hotel, blessing her stars for her escape. She felt that she was perfectly cool, for she remembered that she had left her powder puff behind and determined to have it. Her manner of recovering it was as cool as the rest of her conduct. She sent a black servant into the tottering building after it.

Definition of an Authority. During the early days of "Big Tim" Sullivan's service in the house of representatives there occurred a discussion between him and Charles Alexander of Buffalo, touching the right of a third representative to pose as an authority on finance. Sullivan insisted that the member in question had every right to speak like an oracle.

"What is your definition of an authority?" asked Alexander. "My notion of an authority," instantly retorted "Big Tim," "is a man who bluffs beyond my limit."

BOWLING AT GRANITE.

Canada Wins Friendly Game by 29 Shots.

Canada defeated Granites on Granite lawn yesterday in a friendly bowling game, by 29 shots. Scores:

Canada—C. S. Robertson, E. Boleaux, W. C. Chisholm, F. H. Fole, J. Rennie, A. H. Murphy, sk. 18, T. Rennie, sk. 13, W. D. C. S. Robertson, G. N. Whitehead, E. L. Morrow, H. P. Whitehead, H. MODERN PULPIT HAS LOST MUCH INFLUENCE

Worldliness Has Had Killing Influence on Religion, and Church is Shunned as Much as Possible.

KINGSTON, June 18.—In his annual charge to the synod of the diocese of Ontario this afternoon, Bishop Mills, referring to the "new theology," spoke of unbelief being life and rampant.

"It is in the air," he said, "and is manifesting itself in many forms. It has been eating for some time, as a canker, at the very vitals of religion, and now, by its different exponents, it attacks in some instances certain portions of the Scriptures, which have generally been regarded as historic, and characterizes them as merely a combination of myths."

FOUR DROWNINGS.

Fatalities at Port Credit, Bond Lake and in New Ontario.

WILL ALL LEAVE TEXAS.

Insurance Companies Find the Law Too Severe.

NEW LINE TO MUSKOKA

Canada's greatest railway, in building a line to connect Toronto with the main transcontinental track at Sudbury, has incidentally given us a day-trip route to the Muskoka Lakes district, over which fast passenger trains will be running after Saturday, June 22.

The Signet of Surety

Semi-Ready Tailoring

Look for the Label. We do what we can to guard you against cheap imitations of Semi-Ready Tailoring.

METERS WILL CUT DOWN HOUSEHOLD WATER BILL

General Opinion of Delegates to Big Convention Now in Session Here.

With due regard for the importance of the gathering, the delegates to the 27th annual convention of the American Waterworks Association were officially received in the grandly decorated assembly room at the city hall yesterday by Mayor Coaksworth.

UNUSUAL INCIDENTS AT EARLY MORN FIRE

Firemen Take People to Street by Ladders—Prayer Meeting During Blaze.

POLICE CHIEFS' CONVENTION.

Municipalities Are Urged to Send Delegates to Montreal.

RHEUMATISM

MUNYON'S CURE

HEART TROUBLE CURED

In the rush, hurry and worry of modern times, we overlook the heart.

MILBURN'S HEART AND NERVE PILLS

Mrs. Ella Dingman, Morganston, Ont., writes: "I was troubled for a long time with my heart, and I had a box of Milburn's Heart and Nerve Pills and they did me so much good I got another box and they effected a complete cure."

CAS TROUBLE

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance.

The Kind You Have Always Bought

Bears the Signature of Chas. H. Fletcher In Use For Over 30 Years.

BETTING CASES FOR JUDGES.

Magistrate Sees No Difference 'Tween Last Year and This.

TO TRAIN CATHOLIC TEACHERS

Location of New Summer Schools May Be Announced To-Day.

WHOLE FAMILY PERISH.

Four Women Try to Save Boy, But All Lose Lives.

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were: Mary Crowe, 46 years, consumption.

Flour Mills Destroyed.

(Special.)—Laws and Brax' flour mills at Esquesing were completely destroyed by fire this morning.

Plasterers' Laborers Go Back.

The plasterers' laborers have gone back to work after a strike of 10 days.

BAND FOR EXHIBITION.

It is probable that the band of H.M. Volstead Guards will be one of the attractions at the exhibition.

All Aboard For Muskoka.

Do you wish rest from the brain-fag of business, the exhausting demands of city social life or the diversified experience of interesting social gaieties?

Brussels Sugar Convention.

LONDON, June 18.—The Brussels committee has received representations favoring the continuance of the Brussels sugar convention.

Niagara Navigation Company, Limited.

Steamer Cayuga, at 2 p.m., to-day, Chippewa, 3.45 p.m., for Niagara, Lewiston and Queenston.

SUBSTANTIAL BONUS FOR LONGSHOREMEN

Recommendation of the Arbitrator in the Montreal Labor Difficulty.

MONTREAL, June 18.—(Special.)—The award of the arbitrator in the longshoremen's demand for higher wages was announced to-day as follows:

A continuance of the 10 per cent. increase of 2-1-2 cents an hour.

A bonus to be given at end of season to those remaining at work at rate of 2-1-2 cents an hour.

HOSE ON LAND-SEEKERS.

Crowd, However, Would Not Give Up Places.

YORKTON, Sask., June 18.—(Special.)—One of the choicest and largest townships of the entire Doukhobor reserve has been thrown open for homesteading.

In order to better control the crowd and avoid the long hours of waiting, the mounted police some time ago ordered all those desiring homesteads to be at the land office at 6 o'clock.

The crowd was so large that this order of things was completely upset.

The assistant chief of the town fire brigade was assisting the police in the capacity of special constable, when it occurred to him that the crowd would be easily dispersed if the hose was turned on them.

GOVERNOR CUMMINS PROCLAIMS HIMSELF FOR TARIFF REVISION AND REDUCTION.

PITTSBURG, June 18.—Governor Albert B. Cummins of Iowa delivered the principal address at a meeting of the Pittsburgh Board of Trade on "Reciprocity."

Governor Cummins characterized the placing of duties upon many things as an American habit, and said: "A tariff revision and for tariff reduction as a measure of justice to the buyers of protected commodities, it seems to me that we have gone mad in our attempt to do this."

SEATTLE, Wash., June 18.—Five people, named Myers, two sisters, a brother, mother and aunt, perished at Monahan in the waters of Lake Sammamish yesterday.

The four women lost their lives in a rain attempt to save the boy.

SEATTLE, Wash., June 18.—Five people, named Myers, two sisters, a brother, mother and aunt, perished at Monahan in the waters of Lake Sammamish yesterday.

WORLD'S VISIBLE LARGE BUT PRICES ARE FIRM

Chicago Grain Futures Maintain an Undertone of Buoyancy—Liverpool Quotations Higher.

World. Tuesday Evening, June 18. Liverpool wheat futures closed 1/4 higher than yesterday, and corn futures 3/4 to 1/2 higher.

WASHINGTON, June 18.—The temperature during the week ending June 17 was highly favorable in the states of the Missouri Valley and was generally favorable in the States of the Atlantic coast districts northward of Georgia and the lower lake regions and Upper Ohio Valley, the temperature was much too low for favorable results.

ST. LAWRENCE MARKET. Receipts of farm produce were 300 bu. of wheat, 25 loads of hay, one load of straw, and a few dressed hogs.

Market Notes. The following letters speak for themselves: To Market Editor World: Sir, I saw in Toronto World that N. Burdholder sold a pair of white calves at \$5.00 per cwt. John Kirton, Whitevale, had one calf, 3 weeks old, on the same day which was a hairless one and sold it to George Hawkins East York street at \$10 per cwt. and secured the sum of \$10. Have you any better? If so, let us hear from you. Yours truly, John Kirton, Whitevale.

GRAIN. Wheat, spring, bush, 10 1/2 to 11 1/2. Wheat, red, bush, 10 1/2 to 11 1/2. Barley, bush, 10 1/2 to 11 1/2. Oats, bush, 10 1/2 to 11 1/2. Hay, per ton, 12 1/2 to 14 1/2. Straw, per ton, 12 1/2 to 14 1/2. Fruits and Vegetables. Potatoes, per bush, 1 1/2 to 2 1/2. Apples, per bush, 1 1/2 to 2 1/2. Peaches, per bush, 1 1/2 to 2 1/2. Plums, per bush, 1 1/2 to 2 1/2. Dried goods. Beans, per bush, 1 1/2 to 2 1/2. Corn, per bush, 1 1/2 to 2 1/2. Flour, per bush, 1 1/2 to 2 1/2.

FARM PRODUCE WHOLESALE. The prices quoted below are for first-class quality, lower grades are bought at correspondingly lower quotations.

GRAIN AND PRODUCE. The following were the latest quotations at the board of trade call board. All quotations, except where specified, are for outside points.

Hides and Tallow. Cows, 35 to 40. Hides, 10 to 15. Tallow, 10 to 15.

Winnipeg Wheat Market. Following are the closing quotations on Winnipeg grain futures to-day: Wheat 1907 bid, July 85 1/2 bid, Oct. 86 1/2 bid.

86 CARS AT CANNERY CATTLE TRADE SLOWER

Prices Easier to Extent of 25c to 50c Cwt. in Some Classes.

Receipts of live stock at the City Market, as reported by the railways, were 86 cars, consisting of 1,100 cattle, 102 hogs, 28 sheep, 41 calves and 10 horses. Besides the above, there were 300 head of about 7 carloads, that were shipped to other points by the Great West Company. The quality of fat cattle was good, some few extra prime lots being in the lot. There was fair for stall-fed cattle, but grassers were slow sale.

COBALT --- La Rose Has Negotiated for Larger Ore Shipments --- COBALT

WEAKNESS THE FEATURE OF MINING MARKETS

Professional Operators Experience Little Difficulty in Forcing Quotations to Lower Levels.

World Office, Tuesday Evening, June 18. Considering the comparatively low prices of the Cobalt securities, extreme weakness was experienced at today's market. The shipments last week were confined to three properties, and were not of a large amount, but it is understood that from now on the ore output will be very much increased. Pessimism was the chief characteristic of the market and the operators working for a further decline found no difficulty in marking quotations down. Weakness was in its extreme during the afternoon, when the market reached close to 50 and Foster to 70. The situation is such that no safe guide to values can be estimated, and in the absence of this, opinions are entirely unsupported. The market closed utterly weak. Professionals are prepared to create a further break, but their success is entirely dependent upon the volume of outside liquidation.

LARGE OWNERS AT LARDER.

Monitor Prospecting and Development Co. Have Made a Big Selection.

It must be gratifying to shareholders to hear that although the stock of the Monitor Prospecting and Development Co. was only recently placed on the market for the first time, the company are already making their announcements and are now offering for sale a large selection of properties situated in all the picked locations in the mining area of Northern Ontario, at prices ranging from \$300 upward, and including some exceptionally fine claims. From the accounts of their men on the ground, they are confident that Larder Lake and Montreal River will turn up trumps, and richly payable being made in these districts. Mr. Phelan, one of the company's directors in the north, who has been in Toronto for a few days arranging for the shipping of more outfit, reports that the country is fast being taken up in these districts, and that now is the time to get to work. This company has over 1000 acres of the best land in these districts, either for sale or development, and as the directors are practical mining men, it is an undeniably excellent medium for reliable information.

It is rumored that shareholders of Foster Cobalt on record on July 1 next will have the privilege of increasing their holdings from the treasury at par, and that the distribution will be proportion one share for every ten.

COBALT ORE SHIPMENTS.

Following are the weekly shipments from Cobalt camp, and those from January 1 to date:

Table showing weekly and total shipments from Cobalt camp and January 1 to date.

The total shipments for the week were 1,408,230 pounds, or 284 tons. The total shipments since Jan. 1, 1907, are now 10,285,117 pounds, or 5132 tons. In 1904 the camp produced 152 tons, valued at \$36,217; in 1905, 2144 tons, valued at \$1,473,191; in 1906, 5129 tons, valued at \$3,900,000.

SMELTER NEGOTIATIONS DELAYED LA ROSE ORE

Contract Will Call for a Large Output From Now On—Portage Bay Ships.

COBALT, June 18.—(From the Man on the Spot).—Cobalt shipments last week amounted to 462,700 pounds, with Coniagas in the lead. The following table shows that only three mines shipped, but a great many cars have been ordered for next week. Right of Way sends two cars, one of high grade and one of second-class ore. Coniagas, 278,000 pounds to Perth and Portage Bay. Right of Way, 127,800 pounds, to Copper Cliff. Nipissing, 57,400 pounds, to Bergen Junction. It will be seen that nearly one-half of the total output came from Coniagas. The question has been asked as to why the La Rose did not ship. One in authority at that mine has given the "Man on the Spot" a solution.

NEW COMPANIES.

We will execute orders for stock in any of the new Cobalt or Larder Lake Companies at their issue price. Send in your orders with remittance. All stocks handled.

NOTICE OF REMOVAL LONDON Guarantee and Accident Co. (LIMITED) Has Removed its Head Office for the Dominion to the CONFEDERATION LIFE BUILDING CORNER OF Yonge and Richmond Streets. D. W. ALEXANDER, General Manager.

IMMEDIATE ACTION IS NECESSARY If you intend to purchase a block of the first issue of the LUCKY BOYS Shares We advise our clients that they must act quickly, as this first issue of one million shares is being rapidly absorbed. SIX CENTS PER SHARE (Par Value One Dollar, Fully Paid and Non-Assessable) Mr. John Young, Chief Engineer for the Lucky Boys Gold Mines, Limited, returned from Larder Lake last Thursday and he reports the discovery of several new veins on the Lucky Boys properties. He states that on some of the claims there is a network of very carrying large quantities of free gold. Mr. Young is a mining engineer of world-wide experience and he is very sanguine and enthusiastic about the future of the LUCKY BOYS properties. He returned to Larder Lake again last Friday with twenty-five more experienced mining men and additional mining supplies, in order to vigorously prosecute the development work. It should be remembered that there are no doubts or encumbrances of any kind against the LUCKY BOYS COMPANY or the properties. In buying the shares of the LUCKY BOYS you are becoming identified with Directors who are practical, successful mining men, who know how to operate, maintain and conduct a mine in a business-like manner, and who have been connected with the strongest and most successful mines in the Cobalt camp. These gentlemen are just the kind of mining men that investors should be glad to become associated with. We strongly advise investors to put every dollar that they can in these shares at the present price. Everybody will want LUCKY BOYS before long and will be glad to get them anywhere above ONE DOLLAR. The Company reserves the right to withdraw the shares from the market or to advance the price of the same without notice. Transfer Agents and Registrars The Trusts and Guarantee Co. Limited 14 KING STREET WEST TORONTO, CANADA THOMAS McCAMUS, President Vice-President of the Temiskaming and Hudson Bay Mining Company and President of the Temiskaming Telephone Co.

THE TRUTH ABOUT MINING Do you invest in mining? Have you ever invested in mining? Do you ever expect to invest in mining? Did you ever make money from speculating? Would you like to make money from investing? Have you money deposited in a bank drawing but three or four per cent interest? Have you funds invested in mortgages or real estate that are not earning a large rate of interest? These questions all bear upon your present and future welfare, and your name should be upon the mailing list of "Spear's Mine Development." This paper tells the truth about legitimate mining and instructs you how mining should be conducted. It will tell you all about the great mining interests in Northern Ontario. It will keep you posted upon the Larder Lake District, where rich gold discoveries are being made. It will cost you nothing to receive "Spear's Mine Development," except the cost of a postage stamp or postal card in writing us to let us know that you want "Spear's Mine Development." "Spear's Mine Development" will be sent to you absolutely free of cost. It is the only mining paper of its kind published in Canada. There has never been one published in Canada like it. It is a real newspaper, up-to-date, truthful and instructive. It contains information about the Larder Lake, Montreal River, Round Lake, Lake Abitibi, Cobalt and all Northern Ontario mining districts. "Spear's Mine Development" describes and illustrates legitimate, profitable investments in mining. Every person interested in mining, or who would like to know about mining, should have this paper. "Spear's Mine Development" will make millions of dollars for investors, through safe and profitable investments in mining. This is why it is read by thousands of people all over the country—because investors desire to know about legitimate mining propositions. If you are at all interested in mining, or if you would like to know anything about mining and the development of mining properties, you cannot well afford to be without "Spear's Mine Development." It will be sent FREE, postpaid, to all who write for it. Just ask for "Spear's Mine Development" by dropping a postal card or a letter to P. V. FRASER & COMPANY, Financial Agents, 23 Toronto Street, Toronto, Ontario.
