Iron and Steel Bounties. Mr. Fielding made an interesting admission. He said: The policy of paying bounties on steel and iron was adopted a good many years ago, and by some strange process, the exact reason for which one cannot easily find, that was never made a direct payment from the Treasury.

HAMILTON NEWS

MR. FARRELL GETS A LOCKET. Grand Trunk Man, Removing to Toronto, Remembered by His Old Associates.

MAJOR PRENTICE WAS BARRED. From the Boxing Match and Has Summoned the Premier-Tennessers at Dinner-Tones.

Hamilton, March 14.—(Special).—William Farrell of the C.E.R., has been promoted to the position of yardmaster at Toronto, was presented with a handsome gold locket to-night. Ed. Duffy made the presentation.

They Barred Prentice. The promoter of the fistic carnival at the Star Theatre on Monday night has been summoned on a charge of obstructing a police officer, Major Prentice, in the discharge of his duty. Prentice was not allowed to attend the fight, and the demanded admittance twice. All other police officers were welcomed heartily.

Drainage Work. The Bradford Y.M.C.A. basketball team played a game here to-night with the Hamilton Y.M.C.A. team and were defeated by a score of 22 to 23. The score at halftime was 10 to 5. A Taylor was referee.

Teammates' Annual Banquet. The first annual banquet of the Hamilton Tennessers Union was held in the Commercial Hotel to-night. About 125 persons were present. Peter Chesman presided, and John Larkin was in the chair. Among those who responded to the toasts were Alvin Mordant, William E. Flaherty, George Nichol and Thomas Tupper.

Smallpox Scare Kept Up. The Board of Education held a brief meeting to-night. The internal management committee kept up the smallest of sessions by recommending that circulars be sent out to parents urging the immediate vaccination of their children. The report asking the Hamilton Board's co-operation in obtaining vaccination in the public schools. The letter was referred to a special committee. The board received an acknowledgment of the resolution respecting Queen Victoria's death.

No Signs of Building. Ald. Frank E. Walker, who has a property on East King-street a syndicate desired to purchase for the erection of a vandellio house by the architect of the White Star has interfered so badly with things that nothing can be done for two or three months.

Mr. Walker is asked to give the syndicate the first opportunity to buy the land. The Alderman is willing, but thinks the syndicate for a vandellio, dramatic and concert uses would be a good application for local capitalists. He is willing to invest \$500 in such an enterprise. This would cost, he thinks, about \$25,000.

Objections. Some of the Alderman's already objecting to the proposal to lease to the Parks Board a portion of St. Patrick's Church property on East King-street. They argue that if this were done it would not add to the expenditure of the city's revenue for a considerable amount.

Minor Matters. James Mowbray of that, was allowed to go on suspended sentence to-day by Judge Sider. The 17th National annual banquet will be held next Saturday evening. Some of the shareholders of the Hawk Bay Gold Mining Company want it wound up.

In the Journeymen Tailors' Union-Local 501, a motion will be made at O'Leary's hall Thursday for an election of a new officer. The motion will be made by the tailor, from using or securing for the use of others the union's registered label.

Ald. Frank E. Walker has received from St. Simons, his Imperial Order of the Canadian Empire, dated from the Consulate at Vancouver, B.C., a letter of thanks for the kind reception committee on the occasion of his recent visit to Hamilton.

CANADIAN HOME CIRCLES. Supreme Circle Wound Up Its Business for This Year—Next Year in Toronto.

Hamilton, March 14.—(Special).—The Supreme Circle of the Canadian Order of Home Circles wound up its business for the year at a meeting held at the Commercial Hotel to-night. The report of the Committee on Laws was discussed at length. The proposed amendment that Toronto City Council No. 27, to the effect that the representation to the Supreme Circle be changed from one representative from each ward to one representative from each ward, instead of one delegate from each ward, was adopted.

The amount of \$50 was granted to the Hospital of the City of Toronto. The per capita tax was fixed at the same rate as last year, \$1.00. The Finance Committee's report was adopted, fixing the 1901: treasurer, \$1000; organizer, \$1000; secretary, \$1000; clerk, \$1000.

W. A. Dowler, J. S. Deuch and M. P. Paterson were appointed representatives to the next meeting of the Supreme Circle which will be held in Toronto, Ontario and Kings-tons on the next day.

The true policy was to give to Great Britain the Imperial Government and Parliament to adopt that trade policy which would be most beneficial to the interests of the Canadian people. (Liberal applause.)

MR. OSLER'S REPLY. Member From Toronto Shows How Extravagant the Government Has Been.

Mr. F. E. Osler (Toronto), replying, congratulated the hon. member for his property. He said: We, as a party, claim that Canada has materially advanced the interests of Canada. We contend that without protection the interests of Canada would be seriously impaired, no matter how bountifully Providence might bless us with crops, or how rich our mines might be.

The Finance Minister, I am glad to say, has been able to make a very short but a very long and profitable speech. He has given us a very clear and concise statement of the financial position of the country, and he has shown us the enormous increase of revenue which he has had at his disposal.

Two Ways of Treating It. This is a question over expenditure should be treated in one of two ways: It should go either to reduce the debt, or to reduce the debt of the country.

What indication has the Minister given in his speech that he has any surplus in either of these ways? He has spent with a free hand. He has no surplus. He has no surplus. He has no surplus.

COFFEE DID IT. And Postum Food Coffee Removed it. I finally found it was coffee that caused me, for the past four years, to have such trouble with my health, with my digestion, with my nerves, with my sleep, with my appetite, with my energy, with my vitality, with my strength, with my endurance, with my power, with my ability, with my capacity, with my intelligence, with my wisdom, with my knowledge, with my skill, with my art, with my science, with my industry, with my perseverance, with my courage, with my fortitude, with my patience, with my meekness, with my gentleness, with my kindness, with my goodness, with my mercy, with my compassion, with my pity, with my charity, with my love, with my peace, with my joy, with my hope, with my faith, with my trust, with my confidence, with my assurance, with my conviction, with my certainty, with my firmness, with my stability, with my consistency, with my uniformity, with my regularity, with my order, with my discipline, with my control, with my mastery, with my dominion, with my sovereignty, with my empire, with my kingdom, with my glory, with my honor, with my praise, with my fame, with my reputation, with my credit, with my respect, with my esteem, with my reverence, with my honor, with my glory, with my honor, with my glory.

Mr. Kemp (Toronto): May I ask the honorable gentleman (Hon. Mr. Fielding) where he got his information in reference to his observation that Mr. Chamberlain refused to receive the deputation. The Minister of Finance: My honorable friend (Mr. Kemp) has misunderstood me. I did not say that Mr. Chamberlain refused to receive the deputation. I said that he refused to receive the deputation. I am aware that he is a quiet, unassuming man, and I am sure that he will not be offended by my remarks. I am sure that he will not be offended by my remarks.

Deputations Not the Same. The Minister of Finance: I quite agree with my honorable friend (Mr. Kemp) that the deputations were not necessarily the same. We do not deny that if you had got that preference in the market it would probably be of some advantage to the Dominion of Canada. We do not deny that if you had got that preference in the market it would probably be of some advantage to the Dominion of Canada.

SMOOTH RUNNING...

Where are all the professions of economy on all the part of the Opposition, which many of us thought were good platforms? They propose to cease bonusing railways and other public works, which they thought should be done. For many years before I became a member of this House I protested, whenever the occasion presented itself, against the continued bonusing of railways.

Another General's Exposure. Mr. Osler discussed at length the expenditure by the Auditor-General of the fraudulent payment of \$100,000 to the Auditor-General. He said, when he had an incident before us—and we have such an incident before us—corrupting by the Auditor-General, it would appear that it is not the only instance—that we are spending money in my opinion we are quite able to do so, but we are not doing so at present. We are not doing so at present.

Expenditure Outraging Revenue. It is, of course, only natural that our expenditure should exceed our revenue. It is, of course, only natural that our expenditure should exceed our revenue. It is, of course, only natural that our expenditure should exceed our revenue.

COULDN'T FIND HER SON-IN-LAW.
Troubles of Mrs. Millburn of Hamilton—Why Was She Turned Out of Her Home?

An old lady of respectable appearance, who gave the name of Mrs. Millburn, spent last night at the Court-street Station. Mrs. Millburn arrived at the Union Station yesterday with a note saying that she was going to her son-in-law, a Mr. Brent of 17 Dundas-street. Station Constable Fogarty arranged for another policeman to call at the address mentioned. The officer was sent to see if the man named Brent was at the address, but when the postboard was presented to the conductor of a Grand Trunk train for some unknown reason he refused to accept it. The unfortunate woman was then brought to the station and detained. Today the police will make another attempt to find her relatives.

RUSSIA AND MANCHURIA.
British Government Keeping Tab on All Moves of the Game in China—Hay-Panchoff Treaty.

London, March 14.—Lord Cranborne, Under-Secretary of the Foreign Office, replying to questions today in the House of Commons concerning Great Britain's negotiations with the United States relative to Russia and Manchuria, said the Government was in constant communication with the powers concerned on every phase of the Chinese question, but that it was not contrary to public interest to enquire into particulars at the present moment.

Answering another question, Lord Cranborne said no steps had been taken by His Majesty's Government to revise the Hay-Panchoff treaty, but the Government would be ready to consider, in a friendly way, any proposals made towards that object by the United States.

DAY LABOR WORKS WELL.
City of Ottawa May Adopt That System in All Corporation Work Hereafter.

Ottawa, March 14.—It is very likely that the day labor system will be employed on all works to be undertaken hereafter by the corporation of Ottawa this year. Embodied satisfactory results have accrued from this kind of work, and especially is this noticeable in the snow-clearing department. The streets of the city for years have not been in so good a condition as this winter, when day labor has been experimentally used. The snow-clearing, and, possibly, the street-sprinkling will be done by day labor this summer.

New York, March 14.—Governor's Physician Dr. Hanlon today made a supplementary report to the District Attorney's office on the case of the late William J. Warranted to Cure Smallpox.
The Stockton Herald, I herewith append a recipe which has been used by my knowledge in hundreds of cases. It will prevent or cure the smallest pox, the poxings are killing. When Jenner discovered cowpox he cured the worst of the poxings and an avalanche of fame upon his head, but when the most scientific school of medicine in the world—that of Paris—published this recipe as a panacea for smallpox it passed unheeded. It is infinitely safe and cures in every instance. It is harmless when taken by a well person. It will prevent fever. Here is the recipe as I have used it to cure smallpox: when a smallpox patient says the patient must die it cured: sulphur, one grain; one grain of opium; one grain of castor oil; one grain of water. When thoroughly mixed add four ounces water, a teaspoonful is a dose. Either disease will disappear in 12 hours. For a child, smaller doses, according to age. If countries would compel their physicians to use this there would be no need of hospitals. If you value advice and experience use this for that terrible disease.

Fluttering of the Heart For Twelve Years.

People all over the universe are troubled with fluttering, throbbing and palpitating hearts.

Causing sleeplessness, weakness, nervousness, faint and dizzy spells.

Here is what one lady writes us:

SAULT STE MARIE, Jan. 10th, 1901.

THE T. MILBURN CO., LTD., Toronto, Ont.

"I take great pleasure in endorsing Milburn's Heart and Nerve Pills. I was troubled for twelve long years with my heart fluttering. I was also very nervous and could not sleep. I tried numerous remedies but found them of little or no use. I saw that Milburn's Pills were good for my trouble so procured two boxes. I could not do my own work before I commenced taking them, but now I am perfectly cured and cannot recommend them too highly."

INDEMNITY OF MEMBERS.

To some of the Legislators the Present Pay of No Account to Others it is a Lot.

Montreal, March 14.—(Special.)—Sir Charles Hibbert Pupper, who has been here a couple of days, says he is opposed to the idea of increasing the pay of the Premier or Cabinet Ministers, especially when the Canadian Judiciary is so badly paid. He adds that the present pay of members is an indemnity at all for some members, but it is a very good indemnity for many others.

Sir Hibbert had a letter from Sir Charles Tupper, Bart., to-day, the ex-leader being in Germany, where the famous oculist, Professor Fraunhofer, has reported very favorably upon Lady Tupper's eyes.
