Many Drowned or Cremated In C. P. R. Wreck at Webbwood

CAR IN SPANISH RIVER ANOTHER ONE IS BURNED DEAD NOW NUMBER 15

At Least Two Score of Passengers Were in Wrecked Coaches of Montreal-to-Winnipeg Express Which Derailment Sent Hurling Over Embankment.

DIVER HURRIED TO SCENE TO RECOVER THE BODIES

THE INJURED

MRS. GEO. P. DIER, Boisevain, many internal injuries, serious. E. MANSFIELD, Montreal, internal injuries, serious. D. H. BRODIE, Magistrate, Sudbury, leg fractured. W. J. BELL, Sudbury, manager Spanish River Pulp & Paper Co., head and chest hurt. J. H. WADE, Sudbury, abdominal injuries. R. RUSSELL, Hamilton, cuts, head and arm. CONDUCTOR REYNOLDS, North Bay, head and legs.

THOS. PARRISH, St. Paul, hands and head, slightly. MIKE NICOLA, Max, N. D., slightly. L. McDONALD, Minneapolis, body scalded. SAM BULLARD, St. Paul, scalded. A. ODESMAN, head injured. JOE DOLEUCH, Erin River, Mich., shoulder injured.

THE DEAD

MRS. HOUE, Sault Ste Marie, FIFTEEN other bodies recovered, and many more supposed to be in the river.

MONTREAL, Jan. 21.—(Special).—Vice-President McNicoll of the Canadian Pacific Railway to-night issued the following statement in regard to the wreck at Webbwood this afternoon:

"The latter half of the train from Montreal to Minneapolis, which left Montreal on Thursday night, left the track on Friday afternoon about four miles west of Nain, on the Algoma branch, just east of the bridge crossing the Spanish River. The cause is as yet unknown.

"One coach struck the end of the bridge and was destroyed, the next coach going into the river.

"About twenty passengers are reported injured, three or four seriously. They have been taken to Sudbury hospital.

"Several bodies have been recovered from the wreck and more are supposed to be in the coach in the river.

"The dining-car was only partly submerged, and the passengers escaped. The sleeper turned over on its side."

NORTH BAY, Ont., Jan. 21.—(Special).—A terrible accident occurred this afternoon on the Soo branch of the C. P. R., near Webbwood, 27 miles west of Sudbury, when express No. 7, en route to Sault Ste. Marie, was derailed, taking a heavy toll in death and injury among the passengers.

The express was speeding along, with a good passenger list, when suddenly, without warning of any kind, several of the cars left the rails and plunged down a steep embankment.

Two of the cars went into the Spanish River, adding death by drowning to the horrors of railway accident.

A dining-car is partially submerged and a first-class car is almost wholly under water, and the death roll cannot even be estimated at present, but every indication points to one of the worst fatalities in the history of Canadian railroads.

Fourteen passengers were enjoying lunch in the dining-car when the accident happened, but it is stated that they all got out safely.

Over 40 May Be Dead.

About 25 passengers were in the first-class car, which is partially or wholly submerged, and how many are dead will not be known until a diver, who is being rushed on a special train from Sault Ste. Marie, arrives at the scene.

Twenty passengers at least were in the second-class car, which took fire, and which was burned, adding more horror to the terrifying spectacle.

How many escaped from the fiery furnace of death is not known as yet, as there is no telegraphic communication with the wreck at present.

The accident happened between 1 and 2 o'clock this afternoon, and when the cars left the rails, tearing loose from the front part of the train, the crash of timbers, groaning of girders and shrieks of twisting steel were speedily followed by the cries of the injured passengers and the moans and lamentations of imprisoned passengers in the shadow of death as the water of the Spanish River filled the doomed cars.

Cause Not Known.

The train was just approaching the large steel bridge spanning the river when the accident happened, and the cause—whether a broken rail or broken truck—may never be known, as the track is torn up.

Conductor Thomas Reynolds was injured, but ignored his hurts, and did everything he could to mitigate the sufferings of the injured passengers.

Physicians were hurried to the scene from Sudbury as soon as word was received, and a wrecking train with General Superintendent Gutillus made record time from North Bay.

The Wrecked Train.

The injured were rushed to Sudbury hospital. The engine, baggage, express, mail and one second-class car remained on the rails, while one second-class car and one first-class car, a diner and a sleeper left the rails, plunging down the embankment. A first-class car and diner going into the river, while the sleeper and second-class car remained on the ground, but the second-class car was burned.

Engineer Trelford and the train crew, with the exception of Conductor Reynolds, escaped injury.

The nearest telegraph station to the wreck is at Nain, five miles distant, but the officials are arranging direct communication.

Thomas Hay, C. P. R., claims agent, at first reported badly injured, has wired his family that he is safe.

Passengers from the eastbound Soo express are being transferred around the wreck, as the bridge is considered unsafe. This will cause considerable delay to traffic.

LIBERAL FORCE WILL NOW BE SHOWN

Lloyd-George Declares That the Unionist "Sweep" is Ended—Asquith Refers to "Adequate Majority."

Table with 2 columns: Party Name and Number of Seats. Includes Unionists, Liberals, Laborites, and Nationalists.

(Canadian Associated Press Cable.) LONDON, Jan. 21.—Mr. Asquith, speaking in Fifehouse, twice used the qualifying phrases, "If you send us back to Westminster with an adequate majority," in that case, he observed the government intended that Scotland should share as largely as England in small holdings.

Lloyd-George, addressing the electors at Carnarvon borough on the eve of the poll, thought the Liberal party should receive a majority approximating at any rate with the "khaki" majority of 1900. That would be a good substantial working majority against the Tories.

"I feel not merely gratified, but elated," he continued, "at the results which have come, and results which have one word of warning, so that you shall not get alarmed. I do not think the results of to-day's polling will be good. I say so now before the declarations have come, but to-morrow we are going to get a first-rate time (Cheers). To-morrow will swell the Liberal majority very considerably. By the end of to-day we shall have worked out some of the most hopeless constituents of the Tories, and they will be going to get a first-rate time (Cheers)."

Winston Churchill at Torquay said, "I am not in the least disappointed. The government has considered these possibilities beforehand. If there had been any error, if the error had been in our not doing justice to the strength which our position has gained, no doubt that there would have been a very sharp turn to the feudal screw in the counties' divisions. Where that influence is most powerful, successes have been gained by our Unionist opponents, but we have Lancashire and Yorkshire, two strong giants, sweeping all before them."

REPORT FROM THE SOO PLACES DEAD AT 48

Injured Given at 72—Prominent Citizens in the Wreck—Some Not Heard From.

SAULT STE. MARIE, Ont., Jan. 21.—(Special).—In a bad wreck to train No. 7, which occurred three miles east of Espanaola on the bridge over Spanish River, at 12:55 this afternoon, 48 passengers are reported killed and 92 injured.

Another report from Webbwood says that 75 were killed, but this cannot be correct.

The cars which went over the bridge were the first-class coach and diner. Conductor Reynolds estimates 13 passengers were in these two cars, of whom one man only escaped. The first-class car is completely submerged and the diner is two-thirds submerged.

Seven cars in all left the rails, the engine, mail car and express car getting over the bridge. The second-class car was burned.

The crew of the train were: T. Reynolds, conductor, North Bay; H. Telfer, engineer, North Bay; Thomas Holbrook, baggageman.

It was known that R. Burrows, manager of the Bell Telephone Co., and John Boyd, contractor, were on the train. Telegrams were received from each to the effect that they were safe. Mr. Burrows stated that he had received slight injuries and that he would be home on the first train to the Soo.

John O'Boyle, who was supposed to be on the train, has not been heard from. Mr. O'Boyle was the prime mover in drydock scheme here.

An ambulance was engaged at 2:30 this afternoon and a train with divers left the Soo at 9 to-night, in an endeavor to rescue dead bodies from the wreck.

It is believed that J. J. Anderson, D. P. A. of the C. P. R., was on the train, and he has not yet been heard from.

The members of the lodge of Chosen Friends at Bar River were awaiting the arrival of the organizer to-night and it is believed that he was on the train.

RICHARD'S COUNTRY HOME COST CANADA NICE SUM

How the Government Has Made Things Comfortable For Senator Cartwright at Country's Cost.

OTTAWA, Jan. 21.—(Special).—Today was another dreary round of budget debate speechmaking. The most interesting contribution was by Dr. Edwards of Frontenac, one of the younger generation of Conservatives. He aired a matter which has hitherto been little known.

On the same side of the road, near Kingston, on which the rifle ranges used to be, is the residence of Sir Richard Cartwright, built on government land. Sir Richard wanted a portion of that land for himself, said Dr. Edwards, and so 75 acres were leased to Lady Cartwright for \$59.25. Later a further 100 acres were leased to Lady Cartwright for \$42.96, a total of \$102.21, or 58 cents per acre per annum.

While this was well-known to be valuable land, the minister of militia had described it as poor land, full of rock, said the member for Frontenac.

Dr. Edwards said he was credibly informed that Sir Richard Cartwright had been cutting and selling wood and timber off that land, practically given to him for the purpose of a summer residence.

Didn't Like the Noise. Then Sir Richard had objected to the noise and disturbance at the rifle butts, and in order that the hon. gentleman's summer holiday should not be spoiled, the ranges were removed some distance away at a cost of \$12,158.

As showing how money was wasted, an embankment was built behind the targets to stop missed shots, yet behind this embankment is a hill fifteen feet higher than the embankment, and from one farmer they bought property at \$100 per acre. But the agent of the government told two maiden ladies that unless they parted with their 55 acres at \$55 per acre they would get into all sorts of trouble, and finally get less. They sold it for that sum, therefore, which was much less than the value.

Other farmers had been ruined. Blocks of land had been chopped from their farms, what was left was not saleable because there was not enough left sufficient to be worth working. And they could not make a living off it themselves.

Condemnation of Policy. Dr. Edwards concluded with a strong indictment of the government for its "assimilation policy" in regard to military and naval affairs. He condemned the employment of English officers by the militia department instead of taking graduates from the military colleges at Kingston. He said that, by allowing the United States to station war vessels on the lakes, the government had placed Canada absolutely at the mercy of that country.

He resented the attempts of the Liberal party to belittle R. L. Borden, a man of unimpeachable integrity, and unwavering patriotism. How different from the premier, who had to be coerced by the Conservative party and the sentiment of the people into allowing Canadian soldiers to go to South Africa. Yet the government, and this truth was often glossed over, had benefited eight million dollars by the transaction, the British people having footed the bill to the extent of ten millions.

Boycott of Meat and High-Priced Food Staples Spreads in 13 States

OHIO—In Cleveland 50,000 consumers do without meat. At Steubenville 300 families are on anti-meat strike. Cincinnati club women give up butter. Strike movement under way at Dayton and Columbus.

MISSOURI—Forty-two St. Louis doctors advise workmen that they can enter meat boycott without danger to health. Kansas City and St. Joseph labor unions institute meat strike. St. Louis stationary engineers resolve to abstain.

ILLINOIS—Thousands of Chicago workmen will join a movement to eat no meat until March 1.

PENNSYLVANIA—Pittsburg mill workers call on butchers to cut prices immediately on penalty of their customers becoming vegetarians.

WISCONSIN—Mass meeting of citizens is called to institute meat boycott and circulate petition.

KANSAS—Meat boycotts are announced as flourishing in Atchison, Leavenworth, St. Joseph and Topeka.

NEBRASKA—The Omaha Central Labor Union, 8000 strong, starts a meat boycott until prices drop.

IOWA—Anti-meat-eating clubs are being formed in Des Moines.

MICHIGAN—Detroit consumers aroused because prices across the river in Canada are 25 per cent. cheaper. They will boycott meat.

MARYLAND—In Baltimore a meat boycott is in full swing.

DELAWARE—In Wilmington, 1000 householders have signed a thirty-day meat boycott, encouraged by the fact that a similar move recently lowered the cost of turkey from 45 to 10 cents a pound.

INDIANA—Two hundred Jewish families have gone on a strike against the high prices charged by kosher butchers.

CONNECTICUT—The rubber workers of the Naugatuck Valley will eat no more butter or eggs until prices become normal.

H. J. P. GOOD'S NEW TASK WILL MANAGE DOMINION FAIR AT ST. JOHN, N.B.

ST. JOHN, N.B., Jan. 21.—(Special).—H. J. P. Good, of Toronto, has been appointed manager of the Dominion Exhibition to be held here next September.

NEW CANNERS' MERGER SWALLOWS LITTLE ONES

Nearly Sixty Factories Included in Proposed New Amalgamation.

Another development in the canners' merger is announced, no less than the taking of every one of the independent companies into the Canadian Canners, Limited. At present only three independent companies remain out of the deal, but it was said last night by a gentleman in touch with the situation that negotiations for these would be closed in a few weeks.

MEAT "STRIKE" SPREADS IN STATES

Thousands Are Signing Agreements to Abstain From Eating Meat Until Prices Are Lowered.

CHICAGO, Jan. 21.—A movement to combat the high prices of meat by abstaining therefrom spread rapidly to-day and began to assume a national character. Coincidentally came announcements from Milwaukee and Cleveland that the price of meat had dropped. In Milwaukee two retail butchers quoted porthouse and sirloin steak at ten cents a pound, and other meats in beef fell off 15 cents a hundred pounds in Cleveland.

From Denver Samuel Dutton, president of the Western Hoteliers' Protective Association, announced that a proposal to cut down the consumption of meat would be brought before his organization at a meeting in Chicago on Jan. 31.

Despatches from Baltimore, Kansas City, Omaha, Memphis, Pittsburg and other cities told of the rapid growth of the meat fast.

Cleveland, credited with being the originator of the scheme, now has 30,000 names enrolled, while Kansas City reports 80,000. The heads of the leading packing houses of Kansas City and Chicago refused to discuss the effect of the movement on their businesses.

From a few places word comes that the boycott does not find favor even among union men. Toledo and Minneapolis report that it is unlikely that the meat pledge has been signed by scores of men and women who agree to eat no meat for thirty days, although unions have not as yet taken any official notice of the crusade.

Ohio in Dead Earnest. CLEVELAND, Ohio, Jan. 21.—From an idle jest to the movement in Lorain, New Philadelphia and Bellefontaine were added to the number to-day.

Since the inception of the strike, beef, lamb and pork have dropped in price, but further reduction is modified by the fact that farmers have stopped their shipments into town. Beef declined fifteen cents wholesale yesterday and lamb ten cents to-day.

Ten thousand householders are reported to have signed petitions against the eating of eggs until the price has

AT THE HUB OF EMPIRE.

LONDON, Jan. 21.—(Cable).—The Canadian newspaper contingent is perturbed; Stewart Lyon by the reflection that he has not been able to save the Asquith government; John S. Willison and George Gooderham (and George is now in the business), that they may not quite put Balfour in office, tho they came here expressly for that purpose; John R. Robinson, that Joe Martin may not be called on to form an administration; if Asquith throws up the job and Balfour refuses to take it, they are all keeping the cable hot with wires to their home offices as to their next move. The King is unable to sleep at nights by reason of the conflicting advice that the Canadian election-observers have given him; he constantly complains to his aide that the Canadians who came to save the empire have not delivered the goods.

George Tait Blackstock is refusing a score of bids to dinner daily, takes only a snack in his hand as he rushes out to speak to the awaiting throngs. No sooner does he stand up in the automobile than the cry goes up, "Tell us about Bitchell," and in well-rounded periods he repeats the story of that far-flung tragedy.

Rudyard Kipling has asked the Canadians all to join him at dinner when the election's over, to listen to his new imperial sea-dog glee, beginning:

Sir Wilfrid's fleet's stewart the blue To scuttle the Kaiser's sausage craft.

Winter Hats and Caps for Men.

If anything makes a felt hat look shabby it is a bright winter sun and the reflection from the white snow. About this time in the year nearly every man requires a new hat, and for that reason the Dineen Company always arrange to have some shipments of the latest ideas, both in New York and London. Besides this, the company have an unequalled display of all kinds of fur caps and gaiters. The store remains open until ten o'clock Saturday night.

Blue Ribbons of Buffalo Total 3084 for Three Games.

BUFFALO, Jan. 21.—The Blue Ribbons Wednesday night broke all former city records at the Floss Lafayette alley, when they rolled consecutively games over the 1000 mark, which is the first time in the history of bowling that any team ever accomplished this feat, their games being 1098, 1023, 1068, a total of 3084, which is the city record, beating the former high total of 2957, which was held by the Rovers for only two weeks. For individual bowling Mike T. Veiser was the bright star of the evening, he rolled three good games of 354, 233 and 302, a total of 989, and an average of 329.7.

Varsity Swimming Championships

To-day, at 2:30 p.m., in the gym pool at Varsity, will be held the annual swimming, diving and plunging contests. The silver and bronze medal will be the reward to those who secure first and second places in each event. The public, including ladies, will be admitted. With the exception of the first year students, those who secure first and second places will represent Varsity against McGill at Montreal on Jan. 29. There will also be an exhibition game of water polo, and Mr. James M. Tyrrell, who is one of the great swimmers in the world, will give an exhibition between the events. The program: 50 yards, 100 yards, 200 yards, 50 yards on back, 50 yards three-style race, fancy diving, plunging for distance. Any strong water polo player in town is invited to play against the team that will go to Montreal next week.

Toronto Girls' Basketball League

The postponed basketball games of the Toronto Girls' Basketball League will be played to-day at the Y.W.C. Guild gymnasium, 21 McGill street, the first game at 8:15, between the Guild Silent Five and St. Andrew's; the second game at 9 o'clock, between the Guild Ever Ready's and St. Johns.

Johnson in Training

There has been so much written in the newspapers thruout the country regarding the Jeffries-Johnson fight that everybody is anxious to get a look at the fighters, since they can't go out west to see the fight when it takes place. Johnson will appear at the Star Theatre next week as an extra-featured attraction. As this is Johnson's only appearance in this vicinity he will doubtless be greeted by an enormous crowd the morning after the fight. Johnson is at the present time in as perfect physical condition as it is possible for any human being to be, and he is fit to go into the fight were it to take place tomorrow. The colored fighter has been taking the very best care of himself, and indulges in light training every morning during his theatrical tour. Johnson is receiving a guaranteed weekly salary of \$2000, and a percentage of the profits, and he remarked the other day he will clean up around \$10,000 before his fight with Jeffries.

New Strength--New Vigor

I want every man, young or old, who sees this to consider seriously what I have to say. I want you, my reader, to understand the plain truth, the facts here stated: to realize that I am offering to put into your hands at small cost a simple home self-treatment for loss of strength and vigor, for the restoration of that vitality which makes life worth living—a remedy which has no equal in the world to-day. For twenty years I have offered \$10,000 in gold to the man who would produce a better cure, but have found no taker.

And yet there is absolutely no secret in what I use, no confusing Latin prescriptions, no concealment of any kind. My cure is all contained in a compact appliance of my own invention, weighing only a few ounces. It is known and used wherever civilized man lives. It is the Dr. Sanden Hercules Electric Health Belt and suspensory, and it cures by pouring into your system while you are sleeping a harmless strength-giving eight hours' flow of galvanic electricity; a powerful stream of real life, vitality, energy, nerve force, or call it what you will. I guarantee it to take the weakness and pain out of your back in one night. You feel better, stronger, and more vigorous from the first time used. There is no stimulation, as from drugs, no nerve irritation, but a silent, steady, determined return of your full strength and vigor. This I seriously promise to anyone who gives my Appliance a fair show. It builds up the stomach, kidneys, liver and nerves. It does all this and more. With special attachments it attacks and cures rheumatism in any part of the body after all else fails. It is a sure remedy for irritation of the neck of the bladder. This is the wonderful Appliance I want you to use now, at once.

FREE TRIAL UNTIL CURED

If you are skeptical you can have the Appliance to use for two months before paying for it. Discount for cash.

Baseball April Dates Hockey Varsity 6 Queens 2 Basketball First H. S. League Games

Note and Comment

The Toronto Ball Club's spring touring trip is announced, also the dates named for the "Mud" League's first league game at home on Monday.

N. Y. Press: Dick Rudolph, the Toronto pitcher, who is a Bronx boy, must have found it profitable to follow the national game.

They miss Dr. Burns at Brampton. The doctor was generally hated by the "ranked" but not so this year. They went down and out for their first game in the primaries, Guelph Unions more than doubling the score.

Rathbone Macdonald, the well-known Toronto contractor who died yesterday, was a member of the Canadian curling club which defeated Scotland a year ago. He played with the Toronto Club.

Two weeks from next Wednesday what they expect to be the largest gathering of curlers that ever attended will start the Winnipeg bonspiel.

At Johannesburg recently the publishers of a daily paper were found guilty of violating a law forbidding publication of entries for races.

Oleacs, which had replaced in the third race at Jacksonville on Wednesday, last faced the barrier at Nottingham, Eng., on Oct. 4, when ridden by Danny Maher and starting at 7 to 1.

Enquirer: Jeffries defeated Peter Jackson in San Francisco, Mar. 27, 1898, in three rounds.

An athletic truce has been patched up between the British Columbia Amateur Athletic Union and the various association football clubs on the mainland which had threatened to strike at logarithmic intervals.

Considerable interest has been aroused in the elaborate athletic circles over the proposed "game" football between the University of Toronto and Cornell University.

The game proposed between Toronto Varsity and Cornell has been the subject of a great deal of discussion. What rules would they play under, where would they play, how would referees be chosen for such a match?

The question of referees will indeed prove a troublesome one, the only way to solve the difficulty apparently being to allow Canadian and American referees to judge their respective halves.

At a meeting of the O.H.A. sub-committee last evening the protest of the Huntville Club against the eligibility of Charles Graham under the name of "Edna Collins" was discussed.

Varsity Team Queens Allan Cup Holders

St. Michaels and U.C.C. Win Junior Games—Cliffsides of Ottawa Play T.A.A.C. Here To-night

KINGSTON, Ont., Jan. 21.—(Special.) The defenders of the Allan Cup went down to defeat on the ice to-night at the hands of the Varsity seven. At half-time the score stood 3 to 0, at full-time 4 to 2.

The sides from end to end were completely submerged. The above combination of any kind was out of the question, over-throwing the puck, and the Varsity skated the puck.

Varsity owe their victory to the great work of Richardson, who was the star of the game. Time after time the Varsity players would charge the net, but Richardson was always there to counter.

At the first half Varsity had easily the better of the argument, but in the second period Queens were masters, and only the great work of Richardson saved Varsity from going down.

HOLDEN WINS FEATURE AT THE I.C.A.C. MEET

Corkery Was Second in Ten-Mile Event and Sellers Third—Time 53.49 2-5.

The Irish-Canadian athletic meet was held last night at the Excelsior Roller Rink before a rather small crowd of spectators. The first consisted of five events, every one of which was keenly contested, with the Irish-Canadian, the West End Y.M.C.A., Central Y.M.C.A. and a number of outsiders taking part.

In the 300 yards race for boys 17 years and under, Simpson of Central Y.M.C.A. was the winner. Simpson ran the distance in 40.2 seconds, with a margin of 1.5 seconds over the runner-up, also of Central Y.M.C.A., a close second.

The two-mile walk proved to be a very exciting race, with the winner, George Lister of Central, winning in 22 minutes and 30 seconds. His time was 2 minutes and 30 seconds better than the runner-up, also of Central, who was third man.

The ten-mile race, which was won by R. Holden of West End in 53 minutes and 49 seconds, was the big event of the evening. In this race the runners started together, and at the finish of the mile Dan Sheridan was leading by a stride from the runner-up, who was running in the lead and running lightly and smilingly. Holden was in the lead in the third mile, and Holden fell back.

There were four postponed games in the O.H.A. last night, they being at Belleville, Grimsby, St. Kitts and London. Owen Sound Juniors have defeated their district to Markdale.

WHAT IS COMING IN ENGLAND.
Every Liberal in the new house of commons will have been elected pledged to vote for the Lloyd-George budget. The reason given by the lords for its rejection was that they wished to have it sent to the people for approval. The Asquith government will probably without the Irish vote, have a majority of the people with them. In either case the Conservatives are bound to let it thru inasmuch as it has been submitted to the people and approved by the people by a substantial majority; always provided, however, that the Irish vote remains with the government.

So much for the budget; now as to the lords and the tariff. The results thus far confirm in a remarkable way the position taken by the World, namely, that the people want budget reform, that they want reform of the lords, and that they want tariff reform. As between the two parties, the people are dividing, half going with the Liberals against the lords' and for the budget, and the other half going with the Unionists for house of lords reform and for tariff reform—with a deadlock in sight. If that comes, then the man for the position, and it may take a new man and a new party to do it, is the man who can carry reform of the lords, and who can carry tariff reform. The bulk of the Liberals voted for the budget and against the lords more than they voted for free trade, and the Unionists voted for tariff reform more than they voted to uphold the lords.

England is sufficiently democratic to have constitutional reform, and England has suffered sufficiently from one-sided free trade to be entitled to fairer trade, which means some kind of customs tariff; and furthermore a customs tariff is a revenue producing proposition, and revenue for purposes of social amelioration and naval defence is an essential requisite now in Great Britain.

It looks, therefore, that the budget will first go thru; then that a deadlock of some kind will come in regard to government legislation with a reform of the lords and a reform of the tariff as the ultimate solution.

THE STREET RAILWAY AND THE POLICY.
When a president of the Toronto Board of Trade makes such a statement about the Toronto Street Railway as Mr. J. P. Watson delivered himself on Thursday, men like Mr. W. D. McPherson look exceedingly silly in demanding evidence as to whether there is or is not any failure on the part of the Railway Company to live up to its agreement with the city.

Mr. Watson merely emphasizes what is common knowledge, and when the elected representatives of the people profess ignorance of the conditions which he mentions, it is no wonder that the citizens ask what the members of the legislature do to justify their election.

Mr. Watson does not speak altogether as a citizen, but also as one opposed to the principle of municipal ownership, and a representative of the corporations which have a common interest, as he implies, against the people as a whole. "I feel confident," he affirms "that the action of the Toronto Street Railway Company in making thousands of converts to 'municipal ownership' is worthy of the attention of other corporations, who, recognizing their obligations to the public, are trying to act up to those obligations, and who will suffer serious loss should there be a sudden turn of the people toward 'public ownership' caused by this wholesale conversion."

CONSERVE ST. LAWRENCE WATER POWERS.
There is a first-rate job waiting for Hon. Clifford Sifton and his National Conservation Commission as soon as they can get busy upon it. This is in saving to the people of Canada whatever rights they have in the magnificent water-powers of the St. Lawrence at the Long Sault.

understood that the sums involved are really vast. Thousands of acres of land are being purchased in order to secure a show of vested interest, and options have been taken on farms in the vicinity of the purchased land at a small cost. No loss can be sustained by holding the property, so that whatever happens the capitalistic interests will not be injured.

The point is, however, that far greater powers are at the disposal of the Dominion on the St. Lawrence at the Long Sault than at Niagara. The millions that the Americans are spending or preparing to spend are not for the advantage of Canada either generally or specifically. The power to be generated at the Long Sault will be several times as great as that at Niagara, and it will be used, if the Americans get hold of it, not to develop Canadian industries, but for the benefit of American capital.

There can be no doubt about the market which the Long Sault power would supply. It is the biggest market on the continent for electricity. New York City itself is the goal of these franchise grabbers. If Canada parts with this power to aggrandize Dieckhoff Knickerbocker, the people will have themselves to thank.

Meanwhile the attention of Hon. Clifford Sifton may be directed to his first duty. No action should be taken by parliament in this matter, apart from the National Conservation Commission, and the first work of the commission should be effectually to conserve for Canada this magnificent inheritance.

FOR EXPROPRIATION.
The right of the people to resume a public franchise is not a new thing in Canada. The old parliament of Canada expressly reserved to itself the right to take over the Grand Trunk Railway and the telegraph companies at any time on arbitration. That is all Toronto is asking to do in regard to the street railway.

The moment Toronto takes over the street railway any and all railroads will be allowed into the city on equal terms. At the present moment the Toronto Railway is keeping the railroads out. It says it will only let them in on terms that it dictates to them and to the city.

FIRE DRILL AND SAFETY EXITS.
The Montreal editor of Saturday Night comes out with a denunciation of the fire-drill in Toronto's public schools. "It is time this fire-drill fad was hit on the head," he says. We cannot forget the result in Montreal when the lack of fire-drill established a martyr's memory, any more than we can forget the results in Hamilton-street School, in Phoebe-street School and in the Jesse Ketchum School. Toronto has had too valuable service from the fire-drill to throw it, as Saturday Night advises, "into the same limbo as the hair-of-the-dog-that-bit-you, and a spider in a walnut-shell, and a rabbit's foot, and all the other charms of a superstitious age."

No one has raised any objection to having the school stairs made fire-proof, or to the adoption of any other means that will add to the safety of the children, but when the Montreal man declares "there has been altogether too much silly talk about the fire-drill," we can think of no stronger evidence of it than he furnishes himself.

If Saturday Night would turn public attention as far as it can to the condition of theatre exits in Toronto it would be doing better service than in knocking the school-drill. Several houses of entertainment which are supposed to have emergency exits kept them fastened tight all the time and they might as well not exist. Others, it is stated, lead nowhere. The World has called the attention of the authorities to the matter more than once. They are waiting for an Iroquois disaster.

PRIESTS WOULD BANISH BAR
Memorialize Provincial Government to Amend Law.

Sixteen priests of Essex County have forwarded a petition to Sir James Whitney, thru Hon. Dr. Reaume, asking that the liquor regulations be so amended as to banish licensed places from the vicinity of churches; secondly, to provide a minimum license fee of \$500, and thirdly that licenses be issued on a population basis. There are in the Township of Sandwich East thirteen licenses to a population of about 3000, the petitioners stated.

YOUR BLOOD IS POISONED

If You Suffer From Headaches or Neuralgia.

Frequent attacks of headaches or neuralgia are nature's warnings of blood poisoning. The pain is due simply to the tortured nerves, inflamed by the blood being overloaded with impurities, because of inactive bowels, kidneys or skin.

There is usually chronic constipation and the foul matter, instead of passing from the body, is absorbed by the blood. The kidneys are not as strong as they should be and fail to filter from the blood the necessary amount of impure matter.

Instead of the skin throwing off one and a half pounds of waste matter every day, it becomes inactive and does only half its work, leaving three quarters of a pound of this waste to poison the body. Headaches, neuralgia and pain killers simply numb the nerve and have no helpful action on the organs causing this poisoning of the blood.

To cure headaches and neuralgia, the blood must be purified, which can be done only by making the kidneys, bowels and skin healthy and active.

"Fruit-a-tives," made from concentrated and intensified fruit juice, is the greatest blood purifying medicine. "Fruit-a-tives" is a scientific cure for Liver Tablets, and never fails to cure because "Fruit-a-tives" stops the cause of these troubles.

ONE MONUMENT ENOUGH

Sir James Turns Down Request for Stony Creek Shaft.

A deputation waited on Sir James Whitney yesterday and requested an appropriation of \$500 from the provincial treasury towards the erection of a monument on the Stony Creek battlefield in memory of the men who fell in the engagement. The proposed memorial they said was to cost \$1500, and the remaining \$900 would be raised by the Westworth Veterans' Association.

Sir James expressed disfavor with the idea, pointing out that a fitting monument was now being erected by funds provided by the Dominion Government and by public subscription, and he saw no occasion for another.

People's Sunday Service.
The People's Sunday Service tomorrow night at Massey Hall will be of special interest. The city band will present an excellent program, including selections from the oratorio, "Elijah." The choir, "God of Abraham" and "Rest in the Lord" will be sung by W. H. Norris and Madam Chatto-Morton. Other selections will include "Pharaphrase 'Nearer My God to Thee'" and "William Tell" overture.

The subject of the pictorial address will be "Parafal, or the Search for the Sacred Grail" by Wagner, being mythology's tribute to the purity and innocence of Christ.

Judgment Reserved.
Judgment was reserved by Chief Justice Falconbridge in the action of the Ontario Sewer Pipe Co. against McDonald and Stephens, contractors of Durham, for \$774, due on the sale of tile. The defendants had a counter claim of \$1114, alleging that the tile broke after it was laid.

Widow Gets \$1500 Verdict.
Mrs. Rice, widow of Rev. J. F. Rice, who sued the Toronto Street Railway Co. for \$5000 damages for the death of her husband, who was killed by a street car thru stepping behind another car, was awarded a verdict for \$1500. The case will be appealed.

Master's Chambers.
Before Cartwright, K.C. Master.
Littler v. Squire—Williams (Montgomery) for plaintiff, moved for an order for payment in, with statement of defence. Collier (Kingsford & Co.) for defendant. Costs in the cause.

Crane v. Moore and Eames v. McConee.
J. P. Eastwood, for defendants, other than Mowat, Jeffrey and Eames, and for defendants in second action, moved for an order for maintenance of order for consolidation action. R. McKay, for plaintiffs in first action, contra. Order made.

Russell v. Russell.
J. P. Eastwood, for defendant, moved for an order for security for costs on ground of absence of plaintiff from jurisdiction. Gorman (Macdonnell B.) for plaintiff, contra. Order made.

Stowe v. Currie.
F. Arnold, K.C., for Ontario Mining Company, renewed motion for judgment on the account of late fees. B. F. Segsworth and R. S. Robertson (Stratford), for other defendants, make similar motions. Stay of proceedings made. J. P. Galt, K.C., for plaintiff, contra. Judgment reserved.

McDermitt v. Weber.
J. C. Haight (Watson), for defendant, moved to vacate certificate of his pendens on ground of want of prosecution. Smith (J. A. Macdonnell), for plaintiff, asked adjournment. Motion dismissed. Costs in cause.

Laird v. Mackie.
Cooper (Cassels & Co.), for defendant, moved on consent for order dismissing action without costs. Order made.

McDermitt v. Monlone.
O'Sullivan (McBrady), for defendant, moved to dismiss for want of prosecution. No order. Order made.

Shea v. Shea.
T. N. Phelan, for plaintiff, moved for judgment on the account of late fees. No one contra. Order made. Not to issue until 22nd inst.

Sovereign Bank v. Gorman.
German (Macdonnell & Co.), for plaintiff, moved for an order for service out of the jurisdiction. Order made.

Neither the information nor conviction, as originally drawn up, stated that the unlawful drawing was without the licence, the licence required for the conviction, however, has been amended since the motion was made, and is now regular on the face of the conviction. Section 103 of the act now provides that no conviction or other process or proceeding under the act shall be held insufficient or invalid by reason of any variance between the information and conviction, by reason of any other defect in form or substance, provided it can be understood from such conviction that the same was made for an offence against some provision of the act within the jurisdiction for which the conviction is evidence to prove such offence.

Having regard to the amendment made to this section, the objection fails. Application dismissed, with costs.

Re Wallis.
F. W. Harcourt, K.C., for infant, moved for an order for payment out of court of moneys to which claim entitled. Order made.

Dunlop v. Ottawa.
H. S. White, for defendant, moved for an order striking out statement of claim for irregularity. M. Mowat, K.C., for plaintiff, contra. Motion dismissed. Costs in the cause.

Re James.
A lunatic—Grason Smith, for committee, moved for his discharge, the lunatic having died. On consent of beneficiaries being filed, order to go as asked.

Re Little.
Boomer v. Little—A. R. Cochran, for plaintiff, moved for confirmation of report and distribution thereunder. Order made.

Re Heston.
J. W. Lawson (Dundas), moved for order discharging committee on passing accounts. Order made.

Platt v. Allen.
R. C. H. Cassels, for trustee, moved for an order referring to the court in dispute of official guardian, to pass trustee's accounts, fix compensation, etc. F. W. Harcourt, K.C., for infant, contra. Order made.

Re May.
P. Parker, for administrator, moved for an order allowing out of infant's estate. F. W. Harcourt, K.C., for infant, contra. Order made.

Re King.
F. Teasdale—Application on behalf of defendant for payment out of corpus for discharge of defendant, convicted of a second offence of selling liquor without a license. J. P. Galt, K.C., for the crown, contra. Application dismissed, without costs.

Divisional Court.
Before the Chancellor, Magee, J. Latchford, J.
The Colonial Investment & Loan Co. v. Spooner—A. B. Cunningham (Kingston), for defendants, appealed from the judgment in Hamilton Moore. Costs of appeal allowed. A. McL. Macdonnell, K.C., for plaintiff, contra. The judgment appealed from is affirmed.

Re Seymour and Cole.
A. H. Leifroy, K.C., for R. F. Seymour, appealed from the judgment of the mining commissioner of 4th November, 1909. M. H. (Cobalt), for the respondent, Cole. The appellant claimed to have certificate of record of the mining commissioner cancelled, and to have the claim declared illegal and invalid, and to have it cancelled on the ground that it forms part of appellant's claim, M.R. 219, which he claims, was in good standing at the time respondent's claim was taken out and recorded. The mining commissioner dismissed appellant's claim, and he now appeals from that decision. Appeal allowed and case referred back to commissioner for a new trial of the matters in question between the parties. Costs of appeal allowed and of this appeal to be disposed of by the commissioner.

King v. Leonard.
The King v. Leonard—J. Haverson, for defendant, on motion to quash conviction under the Liquor License Act for selling liquor without a license. J. R. Cartwright, K.C., for the crown, contra. Judgment: Motion refused.

Mabel Tallaferra. Mabel Tallaferra in "Springtime," the most successful attraction of the New York season, comes to the Princess Theatre on Thursday evening next. "Springtime" was written especially for Miss Tallaferra by Booth Tarkenton and Harry Leon Wilson and staged in a most lavish and artistic manner by the producer, Mr. Thompson. The dainty star will have the support of a brilliant cast...

tion associated with the long run of "Springtime" at the Liberty Theatre, New York. The scene is old Louisiana, the period 1813, on the eve of the battle of New Orleans. Mabel Tallaferra is Madeleine de Valette, and her French-American father is inspired with a wholesome hatred of everyting American. Madeleine is to marry a distant cousin, a man much too old for her, but she is the young man's betrothed. Gilbert Steele, the son of a neighboring planter, and the two youngsters straightway fall in love. She follows him on his way to join the army, and returns to find herself ostracized and treated as one dead. Gilbert is reported killed in the battle, and the poor little thing loses her mind. Her father renounces his against her. Only the Irish priest and the servants are loyal to her, and believe in her innocence. Gilbert's death is reported by a deserter, but he turns up again, well and hearty, but finding Madeleine demented, he kneels in the chapel to pray for a miracle to restore her. Father and lover meet. Only for the priest to die, the bloodshed, but the scene of strife is turned to a scene of joy when Madeleine recovers her mind on seeing Gilbert, and the father, too, is won over by the demonstration of their affection. And so everything ends happily.

Eleanor Robson Coming. Miss Eleanor Robson's annual engagement in Toronto will be played at the Royal Alexandra Theatre during the week of Jan. 21, when she will be seen in Mrs. Burnett's play of cheerfulness, "The Dawn of a Tomorrow," in which she appeared all last season in New York. The original New York company will appear here with Miss Robson in "The Dawn of a Tomorrow."

About Minna Gale. One of the most brilliant members of the cast of the Viola Allen Company, which will present "The White Sister" at the Royal Alexandra Theatre during the whole of next week, is Minna Gale. Miss Gale is a very limited stage apprenticeship, joining Edwin Booth's company as leading lady in less than twelve months after her stage debut. She was then but eighteen years old. From 1887 to Booth's last public appearance in May, 1891, at the academy of music, Brooklyn, Miss Gale rendered the great actor worthy support, never missing a single performance.

Hackett in "Samson." One of the strongest plays that will be given to the American theatregoers during the present season is Heald Bernstein's "Samson." The present tour is under the direction of Charles Frohman with the brilliant young actor, James K. Hackett, in the title role. Mr. Hackett will be seen at the Princess Theatre for one week commencing next evening, Jan. 21, with the usual matinee performances.

SATURDAY AT Gough's Final Clearance A STARTLING SPECIAL IN YOUNG MEN'S SUITS \$10, \$12 AND \$15 YOUTHS' AND YOUNG MEN'S SUITS, \$4.95 For some unknown reason we find that the Youths' and Young Men's Suits are sticking, not enough of them selling, so we have decided to make an absolute clearing of this line Saturday. There are 264 of these suits, priced at \$10.00, \$12.00 and \$15.00, made from fine blue and black worsteds, fancy worsteds and imported tweeds, correct in style to the minute, beautifully trimmed and finished, sizes 34, 35 and 36, Saturday only 4.95 This special gives you an idea of what you may expect throughout every department. You will find our quarters a little cramped, and we cannot show our goods as we would like to, but the values are here, such values as you have never known or dreamed of. Just imagine getting \$7.00 Men's Boots for \$2.95; \$15 Men's Suits for \$6.00. Such prices as these give you an idea of what this final clearance means. Remember that the entire stock consisting of Boys' and Men's Clothing, Men's, Boys' and Children's Hats and Caps, Men's and Boys' Furnishings, Men's and Children's Boots and Shoes, Ladies' and Men's Furs is being sold at less than half manufacturers' cost. Come to-day and you will see the greatest bargains you have ever known. The store opens at 8 a.m. and closes at 10 p.m. GOUGH BROTHERS ONE ENTRANCE 186 YONGE STREET

FREE FOR THE WHOLE CHURCH

Prof. Law Not Appointed Assistant at Old St. Andrew's. Sir William Mortimer Clark, ex-rector of Knox College, has written a letter explaining that Prof. Law has not been appointed assistant to Rev. Dr. Milligan of Old St. Andrew's church, as such an arrangement would not be in order. He says: "The professors of Knox College are the servants of the whole church and most willingly give their occasional ministerial assistance to congregations."

THIRD OF FULL FORD ESTATE Goes to Charles McLean by Death of Infant Son. The death of his infant son, who lived only two hours, Charles W. McLean of Brockville, comes into a fortune of \$3,000,000, one-third of the present value of the estate of the late Senator Fullford of Brockville. Mrs. McLean died recently and her infant son survived only a few hours. By the provisions of Senator Fullford's will, if a child was born to Mrs. McLean, it was to inherit one-third of the whole estate.

Children's Colds

We do not mind so much having a cold ourselves for we imagine we can tell when it is getting serious. But when the children cough it is different. They do not know the danger, cannot describe the trouble. Something must be done quickly. Why not get Dr. Chase's Syrup of Linseed and Turpentine and have it ready for just such emergencies? It affords almost immediate relief for croup, bronchitis and deep seated chest colds. It is a safe, sure treatment of well proven merit. You must not confuse this with ordinary cough mixtures for it is thorough and far-reaching in its effects and brings about thorough cures.

Sunday at Massey Hall.

Governor R. B. Glenn of Nova Scotia will be the speaker on Sunday afternoon in Massey Hall, at the meeting of the Canadian Temperance League. Gov. Glenn is a lineal descendant of the famous Dr. Chalmers of Scotland, and was elected to the legislature for his country at the age of twenty. The speaker will be the ever-welcome sweet singer, Douglas Stanbury, Canada's foremost boy singer, and the chair will be occupied by the Hon. Thomas Crawford.

Sent Down for Five Years.

SHERBROOKE, Que., Jan. 21.—A. Gagne and Charles Cote were each sent to the penitentiary for five years by Justice Hutchison, in the court of King's bench to-day, the former for highway robbery and the latter for shopbreaking.

LONDON, Ont., Jan. 20.—Squire Chittick was startled by the confession of a 12-year-old boy brought before him to-day, that he had forged his grandfather's signature to a cheque for \$50 on the Huron & Erie bank.

THE DARK DAYS OF STOMACH TROUBLE

Obstinate Indigestion Can Be Cured by a Fair Use of Dr. Williams' Pink Pills.

No trouble causes more widespread suffering and discomfort than indigestion. The ailment takes various forms. Some victims are nervous for days, others turn sick and faint at the sight of meals; but as a rule every meal is followed by intense pains in the chest, heartburn, sick headaches, dizziness and shortness of breath. Indigestion assumes an obstinate form because ordinary medicines only subdue its symptoms—but do not cure. So-called remedied foods only make the digestion more sluggish, and ultimately make the trouble take a chronic form.

Dr. Williams' Pink Pills cure indigestion because they go right to the root of the trouble. They make new red blood that invigorates weakened organs, thus strengthening the digestive system so that the stomach does its own work. That is the Dr. Williams' way—the rational way—to cure indigestion and the ailments that arise from it. This has been proved time after time in the published cures sought by Dr. Williams' Pink Pills. Miss Blanche Wallace, Dartmouth, N.S., says: "I suffered greatly with my head and stomach, and often took nothing on my stomach and while I naturally craved food I really dreaded meals with the pain and discomfort that followed. I tried a number of remedies but got no relief. My mother was using Dr. Williams' Pink Pills at the time with good benefit that she induced me to try them. The result was that soon the trouble had passed away and I have since enjoyed the best of health."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail for 25 cents a box or 3 boxes for \$1.00.

BIG INCREASE IN COST OF PUBLIC BUILDINGS

Property Commissioner Wants \$52,000 More For Maintenance—City Hall News.

It will cost \$52,120.05 more to maintain city institutions than it did last year, if the appropriation asked by Property Commissioner Harris is not reduced. A considerable reduction is, however, probable, in view of the movement for a lower tax rate.

A large part of the increase is due to the civic baths and cattle market improvements. The figures are:

Maintenance Account.		
Estimates, 1910.	Expenditures, 1909.	
Public buildings	\$26,722	\$29,503
Registry office	2,420	1,763
Harrison baths	14,252	2,322
City hall, maintenance	52,808	54,671
General markets	22,624	18,131
Cattle market	41,040	30,587
Free bathing service, life saving appliances, etc.	5,200	4,859
City wharf buildings	6,962	804
Special items	\$12,947	\$14,902
Supplementary appropriation on account of 1909	32,928	18,551
	\$214,169	\$162,558

There are a number of special items for reconstruction and renovation of fire halls, police stations and public halls. For the decoration of the city hall \$5000 is asked; reconstruction of fire hall in seventh ward, \$5000, and reconstruction West Toronto police stations, \$6000.

Including \$262,000 voted for new fire halls and police stations, the property department is asking altogether for \$476,000.

Point for Gas Company.

Believing that the city should only at the present time, with so much legislation on its hands, seek that which is immediately necessary, the board of control yesterday voted to postpone an application which aims to limit the renewal fund of the Consumers' Gas Co. to \$250,000.

Controller Spence pointed out that the fund, if unlimited, could be used by the company for the laying out of surplus profits, instead of applying them to the reduction of the price of gas. The board, however, considered that the proposed limit would not be reached for five years and that action was unnecessary.

One Fare to Cemetery.

Mayor Geary told the board that he considered the street railway bound by the promise made years ago to grant a single fare to Mount Pleasant Cemetery. He said the city had done what the company asked as its share of the bargain, and suggested that the railway board be asked to compel the company to carry out its agreement.

Legal Department Report.

A satisfactory summary of the result of the city's litigation for the year was given by City Solicitor Johnston. It showed that the city had succeeded in 27 cases and failed in only two, while eleven had been settled and three disposed of by arbitration. Five applications to the railway board were dealt with.

Higher Bail Fees.

The suggestion that the city ask the Dominion Government for an amendment to the criminal code to allow magistrates to collect a fee of \$1.25 for issuing bail bonds, was made by T. C. Robinson, K.C., at a conference with the board of control, Crown Attorney Corley and Jacob Cohen, J.P., were also present.

Cuts Both Wrists.

William McMillan, who rooms at 124 Shuter-street, was found yesterday morning with both wrists cut. He was taken to St. Michael's Hospital, where it was found that his injuries were not serious. It is believed that the wounds were self-inflicted with a razor.

De La Salle Institute.

The ex-pupils of the De La Salle Institute will hold their first annual banquet at the St. Charles on Feb. 1, at 7:30 p.m. There will be a meeting of the ex-pupils on Monday evening at 8:15 at the De La Salle. The feature of the evening will be a debate "Resolved, that manhood suffering should be extended to women."

REV. G. M. ATLAS BACK TO FACE HIS ACCUSERS

Returns From Egypt and is Arraigned in Police Court on Five Charges.

Rev. Geo. M. Atlas is back, as his friends said he would come. Yesterday morning he arrived in the city and went straight to police headquarters, where he gave himself up to face five charges of theft and false pretences.

He declared that he had travelled over 7000 miles to face these charges since he first heard of them Dec. 21, at Tanta, in the interior of Egypt.

When he walked in upon Inspector of Detectives Duncan and Crown Attorney Corley these gentlemen were treated to the surprise of their lives. Atlas was accompanied by Rev. J. D. Morrow, who has stoutly protested his friend and solicitor, William Douglas, who had a telegram from him Thursday, and met him at the station yesterday morning.

Atlas says he was a week upon his police court and pleaded not guilty to all five charges without declining. He was remanded a week upon his charge of 25 cents, Crown Attorney Corley declaring that it was unlikely that a man who had come all those miles to face these charges would again disappear.

Had Weak Kidneys For Two Years.

Doctor Failed to Help. Doan's Kidney Pills Cured Him.

Mr. Edmund Assel, New Carlisle, Que., writes: "I feel it my duty to let you know of the great cure I have obtained by using Doan's Kidney Pills. I was troubled with my kidneys for two years. I tried a doctor, but he failed to help me. I read in the B.B.B. Almanac about Doan's Kidney Pills, and began using them, and after the first box began to feel better. I only used four boxes and they completely cured me. I am very thankful to have found so speedy a cure, and would advise everyone suffering from kidney disease to try them."

"Perhaps no other organs work harder than the kidneys to preserve the general health of the body, and most people are troubled with some kind of kidney complaint, but do not suspect it. It may have been in the system for some time. There may have been headache, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored, scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes. Price 50 cents per box, or 3 boxes for \$1.25 at all dealers or The T. Millburn Co., Limited Toronto.

SUNDAY LAW DECISIONS DON'T PLEASE ALLIANCE

May Have Been Influenced by Personal Considerations, Suggests Annual Report.

The eighth annual report of the Lord's Day Alliance of Canada has just been published. It comments on some of the decisions given regarding the prosecution of people alleged to have broken the Sunday laws as follows:

"There have been judgments rendered during the year by certain magistrates and judges which may have been influenced by personal considerations. Police Magistrate Denison, in the Toronto police court, stated that the Liquor License Act gave a hotel-keeper a right to sell ice cream on Sundays for the relief of sickness and suffering. Judge Morson, a junior judge of West-ward County, held that ice cream being a food could be sold by restaurant-keepers on Sundays, whether as part of a meal or not, and whether such sale was or was not a work of necessity or mercy. Many other magistrates and judges have held exactly contrary to these views, and happily they cannot be considered interpretations of the application of the law beyond the city or county in which the decision was rendered."

In regard to issuing warnings to offenders against the act the alliance replies to the statement of the Rational Sunday League that they are using the mails for the purpose of coercion, that persuasion rather than prosecution should be used, and that the success of this plan is proven by the fact that in nearly every case those who have received warnings have ceased their Sunday work.

The reports from the provincial branches of the alliance take an optimistic outlook for the future, but lay great stress on the necessity of watching carefully for any infringement of the law regarding the Sunday pleasure tours, and of the forwarding of freight, which was not in transit previous to the Sunday. The selling of papers and tobacco on the trains on Sunday is also commented on, with the statement that the alliance will take measures to stop the sale.

Engineers' Club.

The regular meeting of the Engineers' Club was held Thursday night in the new mechanical laboratory building of the University of Toronto, about three hundred attending. A lecture on "Turbine Pumps" was given by Prof. Robert W. Angus, who explained the use of lantern slides the construction and operation of this type of pump. After the lecture the members visited the hydraulic, steam and gas laboratories, in which experiments were conducted on by the students.

REVOLUTION IN URUGUAY.

BUENOS AYRES, Jan. 21.—Pessimism prevails here regarding the situation brought about by the revolt in Uruguay. The newspapers publish reports of uprisings in several of the Provinces of Uruguay, which are said to be on a vast scale. The conscription continues rigorous, and it is impossible to get details.

That's What Antoine Cottoneiro Says of Dodd's Kidney Pills.

They Cured His Diabetes After the Doctors Had Failed to Give Him Relief—What Dodd's Kidney Pills Do and Why.

ST. PIERRE DE GIURE, Yamaska Co., Que., Jan. 21.—(Special).—That there is one sure cure for deadly diabetes, and that cure is Dodd's Kidney Pills is proved once more in the case of Mr. Antoine Cottoneiro, a well-known resident of this place.

"I am thankful I ever heard of Dodd's Kidney Pills," Mr. Cottoneiro states. "They cured me of diabetes. I suffered with backache, I always felt drowsy, I had severe headaches and my limbs would cramp. I had a dizzy feeling and felt tired in the region of the kidneys, with a dragging heavy sensation across the loins.

"I was treated by the doctors, but got no benefit from them. Then I heard of cures made by Dodd's Kidney Pills, and made up my mind to try them. I took in all three dozen boxes of Dodd's Kidney Pills. To-day I am free from kidney trouble of all kinds.

"Dodd's Kidney Pills also cured me of stomach trouble from which I suffered for twenty-five years."

Diabetes is one of the most deadly forms of kidney disease. But Dodd's Kidney Pills cure any form of kidney disease. They also by curing the kidneys cure all those diseases that come from disordered kidneys, such as rheumatism, lumbago and heart disease.

FORGE THE RAILWAYS TO PROTECT FORESTS

Hon. Clifford Sifton Says That Carelessness and Non-liability is the Cause of Devastating Fires.

OTTAWA, Jan. 21.—That it is important that steps be taken at once by this commission to protect the forests of Canada from fire, especially along the line of railways, and that in particular legislation be recommended to bring the Dominion Government railways under the fire laws of the several provinces, and that government railways shall also be made liable for damage done by fire originating from their engines, and that the burden of disproof shall be on their side.

The above important resolution was passed this afternoon at the commission of conservation of the forests. A report on the matter was first presented by Senator Edwards, chairman of the committee on forests. Although no definite action was taken this morning, it was virtually stated that when the commission had emerged from its swaddling clothes there would be recommended to the Dominion Government legislation rendering every railroad company in Canada liable for every forest fire caused by its locomotives.

Why Exempt Railways?

"We don't permit any private individual to go romping thru the country, destroying valuable property," said Mr. Sifton very emphatically. "Then why in the name of common sense should the railways be allowed to do it?" (Applause.)

"Under the Railway Act they are not liable for damage by forest fires, and the result is that they don't care a bit how much damage they do by setting fire to Canada's valuable forests. I have never been able to work out the principle on which they are exempted from this liability."

"My idea is that railway companies ought to be liable to the last penny for every bit of damage from forest fires caused by their locomotives. And I don't know what others think about it, but my own opinion is that the Intercolonial Railway should be placed on precisely the same basis as other railways in this regard. (Applause.)"

"This would soon have the desired effect. Railroad companies would equip the funnels of their locomotives with proper appliances and would exercise other precautions."

"I have had to do with railway companies for a good many years and I've always found that just as long as the law permits them to do it, a certain thing they will continue to do, no matter how much the country may suffer."

I. C. R. Wasteful.

RANDOLPH MACDONALD DEAD

Prominent Railway Contractor and Financier Succumbs.

Randolph Macdonald, railway contractor and financier, died suddenly early yesterday morning at his home in Rusholme-road. Acute indigestion was the cause of death.

Mr. Macdonald was born in Drummondville, Westland County, March 26, 1840, son of the late Angus Peter Macdonald, who at one time was M.P. for West Middlesex. He was educated at Dr. Tassie's grammar school at Perth and at Helmiuth College, London.

Early in life he became associated with the railroad building, as superintendent and clerk on the construction of the Cleveland and Mahoning Railway, later with his father and brother in a railroad contract in Pennsylvania. In 1870 he formed a partnership with his brother, W. E. Macdonald, and built a section of the Intercolonial, sections of the Lachine Canal and the

W. SNOWBALL, LUMBER MERCHANT.

Chatham, N. B., and Hon. W. C. H. Grimmer, surveyor-general of New Brunswick, bitterly attacked the Intercolonial Railway for the wanton and reckless manner in which it had destroyed large tracts of valuable forest in New Brunswick.

Mr. Goodeve, M.P. for Kootenay, expressed the view that the commission would be doing the country a great service if it would induce the government to get after the railway companies. It was next impossible for a private individual to fight a great railroad corporation thru all the courts, however plausible his side of the case might be.

The resolution was moved by Mr. Snowball and John Hendry.

TO GOWGANDA.

Without a doubt, says a long experienced traveler, the only way to reach Gowganda is via Grand Trunk, T. & N.O. Railway, stage line from Charlton. Everything possible for the comfort of passengers is found on this route. Breakfast on train, no early transfer, the most comfortable stages ever operated. The only route which supplies travelers with foot-warmers, and only line over the new fifty-thousand dollar government road.

Secure tickets and further information at City Ticket Office, northwest corner King and Yonge-streets, Phone Main 4208, or address Dr. D. McDONALD, D.P.A., G. T. Ry., Toronto, Ont.

Temperance Beer Too Strong.

BRANTFORD, Jan. 21.—(Special)—Police here are prosecuting two local dealers for selling two varieties of local option beer. The samples were sent to Toronto for analysis, and it is said they contain too much alcohol.

Will Remove Posters.

The Connor-Ruddy Bill Posting Co., having assumed responsibility for placing theatre posters on hoardings, contrary to by-law, charges laid against five theatres were withdrawn in the afternoon police court, yesterday.

The Connor-Ruddy people are willing to remove the posters.

SUPREMACY MAINTAINED BY THE COBALT CAMP

Statistics For the Year 1909 Demonstrate the Standing of the Cobalt Field.

COBALT, Jan. 21.—(From the Man on the Spot).—Cobalt maintains its supremacy as the greatest silver-producing area in the world. Statistics for the year 1909 demonstrate the standing of the Cobalt field.

The average silver contents per ton of the ore sent from Cobalt mines showed a marked increase during 1909 for the reason that manufacturing low-grade ore have during the past year been concentrating the lower grades and sending out the concentrates. Local concentrators' output and mill will continue to be responsible for the high silver values per ton of future shipments from Cobalt.

The mine concentrators located on the properties of and owned by the following companies, viz: Cobalt Central (the pioneer concentrator of the camp) and one that has given satisfaction from the date of its completion; the Conlaga; the Buffalo; the McKinley-Darrah; King Edward; Timiskaming and Colonial; The Tremont; Nova Scotia and the Ontario. The Nipissing Reduction and Muggley or Northern Customs are working at full capacity, treating ore from different properties that have not as yet installed plants.

The Nipissing Reduction, while specially erected for the treatment of the low grade ore from the Nipissing property, has also successfully treated ore for other companies and has adopted the wet process now recognized as a success in Hudson Bay and City of Cobalt Companies have large dumps of low-grade ore, and each is considering, if not definitely committed, to the early construction of a plant for its treatment.

The twenty-nine thousand ton of ore sent out by Cobalt mines last year are estimated to have produced 25,000,000 oz. of silver, or an average production of 800 oz. per ton.

It must, however, be remembered that at least two of the big shipments of low-grade ore, averaging probably 100 oz. of silver to the ton. The rich ore shipments from the Kerr-Crowns, the Nipissing, and the O'Brien backed by the concentrators from the mines sending nothing but high-grade and concentrates, and the high grade shipments of 25,000,000 oz. of silver, low-grade shipments by the La Rose and Nipissing.

The latter two companies will have been rewarded by Cobalt's silver production.

While the output in tons during 1909 may not show a remarkable increase over preceding years, the increase in silver values is the true index of the camp's continued growing greatness.

The number of new shippers may at first glance prove that the big increase in silver values is not due to this, but from this standpoint Cobalt stands itself as a steadily extending camp.

Each of the new shippers has its immediate neighborhood, and frequently in an area of camp extension hitherto unproductive.

In certain sections of the district lying within a radius of five or six miles of the Town of Cobalt, the wonderful surface enrichments found in the immediate vicinity of Cobalt Lake have been conspicuous by their absence.

Take the Timiskaming section where that mine had almost become a "treasure chest" by reason of the increase in silver values from other shippers; the persistent and patient development during the past three years of the Beaver mine, directly north of Timiskaming, has been rewarded by the opening up of a rich ore shoot at the 250 foot level.

At one stage in the camp's career 190 shatters were considered very deep. Many money has been thrown away by opening up territory at that depth. Then 150 ft. and 200 ft. at the bottom were considered "deep" mining. But the lucky shot at this level, the Beaver struck the top of an ore shoot.

and a further depth of 50 feet revealed the pay ore.

The first lot of high-grade ore from Beaver contained 25 tons, and only this week the smelter returns have been received. The 25 tons, after deductions had been made for freight, arsenical penalties, smelter charges, etc., netted the company \$48,000, and this is only the first of many cases that the management now feels assured of. In addition to large quantities of milling ore that will be allowed to accumulate on the dumps.

The North Cobalt Township of Bucke from the stigma of unproductiveness. The Gilles limit and Southern Coleman are bound to show increased new shipments during the close of 1910.

In this latter section there are several budding mines, where the advent of power during the winter months will enable the miners to work as long as they desire, and will be handicapped by the complete absence of power on the unsatisfactory method of piping air from neighboring mills to their shafts, while approximate, are equally reliable.

Cobalt's shipments from the year of the first discoveries are:

GRAIN AND PRODUCE

Fifth cattle, bullish Argentine statistics, short covering and commission house buying resulted in a stronger market at Chicago yesterday, closing at an advance of 1/4 cent above previous day.

Winnipeg was firmer, with a general advance in the quantity of breadstuffs on passage to the U. K. in 1910.

Local grain dealers' quotations are as follows:

Wheat—No. 2 mixed, 1.06; No. 2 white, 1.07 outside.
Manitoba wheat—No. 1 northern, 1.12 1/2; No. 2 northern, 1.10 1/2; track, lake ports, 1.07; over these prices with winter storage.
Ontario wheat—No. 1, 1.05; No. 2, 1.04; lake ports, No. 2, 1.03; over these prices with winter storage, Ontario.
Barley—No. 2, 50c; No. 3, 50c to 55c; No. 4, 50c to 55c outside.
Mill feed—Manitoba brand, \$2 per ton; shorts, \$2 to \$4; track, Ontario; bar, \$2 in bush. Shorts, \$2 more.
Rye—85c outside.

OUR LITTLE NAVY

People Should Be Consulted, Writes Dr. Goldwin Smith.

Dr. Goldwin Smith has written another letter to the Kingston Standard on the Canadian navy proposals. He says:

"If anything in the way of tribute is due from Canada as a dependency of the empire to our imperial country, let it by all means be promptly and cheerfully paid. But this project of a Canadian fleet surely involves a change of relation upon which the people of Canada have a claim to be consulted. It practically involves indefinite dangers upon Canada in case of war, in any case it involves, as you have already said, liability for ever-increasing expenditure, which, perhaps, would hardly be controlled by government so well here as it is in England. The project appears to have emanated not so much from any considerable portion of our somewhat motley population, but rather from the high imperialist and militarist section, small comparatively in number, which gathers its fancies in London.

"I write as an Englishman convinced that a year with Germany, which the militarists seem trying to bring on, but which, if they would be quiet, there is no probability, would be most fatal to the interest of my country, even if the victory were hers."

NEW LISKEARD IS THE COMING CITY OF THE NORTH

Here are some of the Reasons:

- The only cheap electric power for manufacturing purposes, from water power development, in the Timiskaming District.
- The most powerful fire fighting equipment north of Toronto.
- A public general hospital, treating from twenty to thirty patients daily, built and equipped at a cost of \$17,000.
- A \$20,000 public school, the centre of secondary education in the district.
- A population of over 4000.
- A well equipped public library.

The lots I am offering in New Liskeard are of exceptional value, in view of the way Northern Ontario is growing at this time.

Write me to-day for List of Lots and Plan showing locations, together with my Easy Payment Scheme.

NEW LISKEARD REAL ESTATE

Some of the Best Property in the Town Offered for Sale.

There is one man in Northern Ontario who has faith in his district. He is not alone by any means, but is more prominent than some because he is a worker, and is doing all he can to advance the interests of the town he believes in. This man is George Weaver.

Inspector Fools Hotelman

Licence Inspector Aycraft performed a nifty gun-shoot stunt at Oress Sound on Thursday. Arriving in the town of New Liskeard, he was met by a party of men nearly all the able-bodied property in the town, which he is offering for sale at reasonable prices and on reasonable terms. Mr. Weaver believes and he is in a position to know, that property in this town will never be offered in price than it is to-day. The offer is in making thru the columns of The World and some of the newspapers published in the north is worth looking into.

GEORGE WEAVER.

I will treat you with the distinct understanding that if I say that I can cure you I will give you my Belt on trial, and you can

PAY WHEN YOU ARE CURED

If you will give me reasonable security, I expect you to have been unsuccessfully treated in the past, like many who have come to me as a last resort, and who now cannot say enough in praise and appreciation of the manner in which I have treated them.

If you feel tired and stupid, with no ambition to get out and about, a failure and I'll show you a twinkling, lacking in courage, strength and ambition, three essentials to the make-up of a successful man.

I can take a man like that and pump new energy into his body while he sleeps, and in a few weeks time transform him into a giant in strength and courage. It is proven that energy and electricity are one and the same thing. If you lack this energy you can get it only by filling your nerves with the stream of electric life in your nerves, its vitalizing spark in your blood. You wake up in the morning full of new life, new energy, and courage enough to tackle anything.

The secret of strength is plenty of electricity in the human body. Keep it full and every organ will do its duty, pain and weakness will disappear.

My Electric Belt does this while you sleep. It pours a steady stream of soothing electricity into the nerves and organs all night long, and is taken up by them just as a sponge absorbs water. It restores strength to every part that is weak.

Dr. McLaughlin, 85 St. Catharines, Ont., Aug. 28, 1909. Dear Sir,—After using your Electric Belt for the past three months I have found it to be just as you recommended. I had a weak back for about two years. When I got for your Belt I felt you were like a new man. My back is as strong as ever, and I will have to take of my hat to you, and if my name will help you in any way, by all means use it. If anyone wishes to write me and ask what the Belt has done for me, I can safely say that it made me a new man. I never begrudge the money I spent on your Belt, for you truly, P. J. DEW, care St. Catharines, Ont.

A man who is nervous, whose brain and body are weak, who sleeps badly, awakens more tired than when he went to bed, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies.

The whole force of vitality in your body is dependent upon your animal electricity. When you lose that in any manner my Belt will replace it, and I will cure you.

Go to Foster Father.

Little ten-year-old Grace Attcher, whose mother, Mrs. Louisa Attcher, is charged with abducting her, has been charged with abducting her. The child, who is the daughter of her foster father, Thomas Allchurch, was about to be returned over to the Children's Shelter, but was rescued by Magistrate's officers in police court yesterday morning, to allow her parents to begin her course of proceedings to recover her, also Mr. Justice Magee has already decided to return the child, who is the daughter of her foster father, to her mother, and this was allowed until Monday.

The magistrate seemed inclined to order the abduction as a breach of the agreement of adoption rather than a criminal code offence. The case was remanded until the 29th inst. for a full hearing, to produce the child and her mother, to produce the child and the woman's bail was continued.

Mechanics will be interested in the display of new tools never before exhibited in Toronto, demonstrated by a practical machinist. Saturday afternoon, Jan. 22, Aikenhead Hardware Limited.

\$3.50 Recipe Cures Weak Men—Free

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakness, manhood, failing memory, and lame back, brought on by excessive and unnatural drains, or the follies of youth, that has cured scores of nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and permanently, should send a copy of the prescription free of charge. It is plain, ordinary, scientific, and can be used by any man who will write me for it.

The prescription comes from a physician who has made a special study of the nervous system, and has found a simple and effective remedy for the cure of nervous debility and vigor failure.

I owe it to my fellow men to send them a copy in confidence, so that any man who is weak and who is discouraged with repeated failures may be encouraged to try this simple and effective remedy. I believe it is the quickest-acting restorative, and one that will cure any man who is weak and who is discouraged with repeated failures.

Write to-day, Dr. E. Robinson, 1333 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in plain, ordinary envelope free of charge. A great many doctors writing out prescriptions like this—but I send it entirely free.

OUR LITTLE NAVY

People Should Be Consulted, Writes Dr. Goldwin Smith.

Dr. Goldwin Smith has written another letter to the Kingston Standard on the Canadian navy proposals. He says:

"If anything in the way of tribute is due from Canada as a dependency of the empire to our imperial country, let it by all means be promptly and cheerfully paid. But this project of a Canadian fleet surely involves a change of relation upon which the people of Canada have a claim to be consulted. It practically involves indefinite dangers upon Canada in case of war, in any case it involves, as you have already said, liability for ever-increasing expenditure, which, perhaps, would hardly be controlled by government so well here as it is in England. The project appears to have emanated not so much from any considerable portion of our somewhat motley population, but rather from the high imperialist and militarist section, small comparatively in number, which gathers its fancies in London.

"I write as an Englishman convinced that a year with Germany, which the militarists seem trying to bring on, but which, if they would be quiet, there is no probability, would be most fatal to the interest of my country, even if the victory were hers."

NEW LISKEARD REAL ESTATE

Some of the Best Property in the Town Offered for Sale.

There is one man in Northern Ontario who has faith in his district. He is not alone by any means, but is more prominent than some because he is a worker, and is doing all he can to advance the interests of the town he believes in. This man is George Weaver.

Inspector Fools Hotelman

Licence Inspector Aycraft performed a nifty gun-shoot stunt at Oress Sound on Thursday. Arriving in the town of New Liskeard, he was met by a party of men nearly all the able-bodied property in the town, which he is offering for sale at reasonable prices and on reasonable terms. Mr. Weaver believes and he is in a position to know, that property in this town will never be offered in price than it is to-day. The offer is in making thru the columns of The World and some of the newspapers published in the north is worth looking into.

Sinking Spells Every Few Days "At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. Those about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone."

MRS. LIZZIE PAINTER 80 3/4 3d Ave. Evansville, Ind. For twenty years we have been constantly receiving just such letters as these. There is scarcely a locality in the United States where there is not some one who can testify to the merits of this remarkably successful Heart Remedy.
