GRAND TRUNK DEFAULTS PAYMENTS AND CRISIS IS NEAR No Signs of Weakening on Either Side in British Miners' Strike

WITLAL, SAYS MEIGHEN, THAT TARIFF POLICY REMAINS UNCHANGED In Montreal, Addresses Record Size Political Gathering of Women. LARGE HALL FILLED

FINE WEATHER BRINGS OUT PROMENADING CROWDS. The broad board walk, which starts at Sunnyside and is designed to extend to the Humber river, was thronged yesterday afternoon by thousands of persons who enjoyed the full and invigorating breezes from the lake. The picture was taken about the middle of the afternoon and gives some idea of the popularity the board walk has attained.

GRAND TRUNK FAILS TO MEET PAYMENTS CRISIS IS AT HAND

'Fair Trial,' Promise Of Premier Meighen Company's Officials Notified Government Has No Intention of Letting Go—Opinion in Montreal Is That the Crisis Will Be Reached Today or Tomorrow. Ottawa, April 3.—(Special).—There is nothing new in the Grand Trunk situation except a rumor that the company defaulted upon certain commitments maturing last week.

Montreal, April 3.—(Canadian Press)—Right Hon. Arthur Meighen, prime minister of Canada, on Saturday addressed probably the largest audience of women ever gathered together in Montreal to hear the political issues of the day discussed.

The gathering was at the Windsor Hall, which was filled to capacity with women of both the English and French countries, including the United States, and was presided over by Mrs. Joseph, as president of the association.

Amalgamated Ratepayers Discuss School and Other Problems.

YORK TOWNSHIP

The school problem in York Township was the main subject which claimed the serious consideration of the Amalgamated Ratepayers' Association at their first quarterly convention in the new John R. Timon school, Cedarvale, on Saturday last...

That state control is the only solution of the school problem was the firm opinion of the delegates present to the number of 100, representing over fifty per cent of the ratepayers' associations through the township.

Advocate State Control. That state control is the only solution of the school problem was the firm opinion of the delegates present to the number of 100, representing over fifty per cent of the ratepayers' associations through the township.

Oppose Secession. A strong feeling against the proposed northern division of the township was evinced by the meeting. Many protests were recorded against what was claimed as drastic action by the local legislature.

Mr. Graham in apologizing for the council were formerly under the impression that the meetings of the amalgamated association of York Township ratepayers were held in secret sessions.

Other Suggestions Discussed. A suggestion of Mr. McBeth, Swanesara, re the proposed municipal area bill, which is supposed to deal with the sanitation combined, should treat with education alone, was approved.

ENTHUSIASM AMONG FLOWER GROWERS

Riverdale Horticultural Society Reports Many Applications for Lots. DANFORTH. "Beauty Riverdale" was the slogan of the Riverdale Horticultural Society at a well attended meeting held in Frankland School, Logan avenue, recently with A. J. Smith, president, in the chair.

James Milne, secretary, reported the enthusiasm manifested among the members in connection with the year's work. Already over 1000 applications were in for vacant lots for vegetable cultivation, and the majority of the applicants resided east of the River Don.

George Baldwin, who recently returned from England and was accorded a hearty reception, gave an interesting address on the growing of flowers and vegetables illustrated by lantern slides. The speaker stated that two barrels of apples shipped to him while in the old country by George Stromach arrived in excellent condition, and a sample was exhibited by him at the Royal Horticultural Show, London, and attracted much interest.

In connection with the Danforth Business Men's Association and in reply to numerous enquiries merchants and professional men in the district wishing to join the association, the secretary, Mr. H. H. Collier, treasurer, Imperial Bank, corner of Carlaw and Danforth avenues, when they can be immediately enrolled by payment of \$2 on account of entrance fees.

The difficult task of the Christian Church, was the subject of the pastor's sermon, Rev. John J. Coitler, at the morning service in Danforth at the Methodist Church, yesterday. A large gathering of temperance workers and other workers in the cause of the cause were present at the service when an eloquent appeal was made by Rev. Coitler, who was assisted by Peter Bryce, organizer of the referendum committee for Toronto, ably assisted by the pastor, Rev. John J. Coitler.

GRANT INCREASE IN PHONE RATES

Dominion Railway Board Refuses, However, to Allow Measured Rate.

MEETING "EMERGENCY" Ten Per Cent. Addition to Revenue Is Called Temporary Expedient.

Ottawa, April 2.—The board of railway commissioners, in their judgment on the application of the Bell Telephone Company for increased rates, refused, the measured rate system to the company on the ground that the present is an emergency one. The company is granted increased long distance and service connection charges, together with a ten per cent. addition on exchange revenue.

A statement given out by the railway board reads: The judgment in the telephone case which is issued today finds that the evidence adduced does not justify the adoption of the measured rate which was proposed for the cities of Toronto, Montreal, Ottawa, Hamilton and Quebec. The company filed tariff which it was estimated would produce \$4,577,000.

The board finds that the present situation is an emergency one, and the relief granted should be temporary. In dealing with the emergency situation it directs that, as a temporary measure, a revised figure of depreciation should be used. It finds that after this is done the company still needs approximately \$2,100,000 of additional revenue. This is to be raised by the increase in long distance charges and the service connection charge, as filed by the company, together with a 10 per cent. addition on exchange.

It is further intimated that the company should adopt, as early a date as possible, a depreciation ratio based on its own actual experience revenue. Equalization is affected between Montreal and Toronto by putting the Montreal rate on the existing Toronto basis.

Increase Held Temporary. The increase is temporary, and the board retains the conduct of the case. The monthly reports which have been filed since the previous hearing, are to be continued, and provision is made for such special additional reports as the board may deem necessary.

The judgment states that party line service had made a fair development since the end of 1919. Further extension of this service is in the public interest. It enables a telephone user to obtain a reasonably adequate service at a lower rate than is charged to the single line user. It enables economies to be made in materials, thus keeping down operating expenses. By increasing the number of telephones it adds to the value of the service.

The judgment is written by Assistant Chief Commissioner McLean, concurred in by Deputy Chief Commissioner Mantel, and Commissioner Boyce. The text of the judgment will be issued Monday.

CITY'S PHONE BILL WILL TAKE JUMP

Estimated Increase for Year About Seven Hundred Thousand Dollars.

Toronto citizens will have to cough up \$700,000 more for its phone service, according to the decision of the railway commission handed out on Saturday. The Bell Telephone Company applied for increases to total over four million dollars and the railway board granted about half that amount.

This is what the company gets: Twenty per cent. increase in long-distance rates; a fee of \$6 for installation of phone. Fee of \$3 for connection where phone is already in house.

What Was Refused. Measured rate for business telephones. Requested increase of residence phone charge from \$30 to \$45.

New and Old Rates. Business. New. Old. Desk telephone. \$45.00. \$35.00. Wall telephone. 60.50. 55.00. Residence. Individual wall phone. 38.50. 33.00. Two party wall phone. 29.04. 26.46. Individual desk phone. 33.72. 35.28. Two party desk phone. 31.46. 28.40.

Extra cost on residence phones, \$270,000. Extra costs on other business, \$430,000. May Be Effective at Once. Frank Kennedy, local manager of the Bell Telephone Company, thought that the increases would date from April 1, although he had not yet seen the award. It is permissible under the judgment, the quarterly bills sent out on April 1 would be withdrawn and new ones issued at the advanced rates.

Revenue Increase \$2,127,000. The Bell Telephone Co.'s total revenues last year were \$11,748,513 on exchanges, and \$4,784,872 on long distance lines. The company asked for an increase totalling \$4,500,000, but have been granted an increase of only \$2,127,000. This includes a twenty per cent. increase in long distance rates.

The rejection by the board of the appeal for the measured rate system which the company desired to inaugurate here and in other cities is very popular with the business and professional men. After reading the report on Saturday about the phone rate increase, Mayor Church said the time had come to establish a publicly-owned phone system thru the medium of the Hydro-Electric commission. Sir Adam Beck had compiled a report some time ago on the possibilities of such a venture, and in this it was said that the Hydro power transmission and service poles could be used to carry telephone lines also, and thus solve at once the chief cost of a municipal system.

Increase Too Great. "I think the long distance rates were already exorbitant," stated Hugh Blain of the board of trade. "They are already almost beyond the use of the public altogether. If the books show a real need for some increase, it is, I suppose, the least that can be granted. The long distance rates should, however, not have been increased. As regards Montreal and Toronto having equal rates, I am not in favor of that. We have far more telephones here than Montreal has and Toronto should have the benefit of its large patronage."

ARREST FOR THEFT OF \$15,000 IN GOLD

Brothers Are Held and Part of the Missing Stock Has Been Recovered.

Samuel Longbottom, 33 Bain ave., was arrested on Saturday afternoon by Sergeant of Detectives Bart Cronin and Detectives Sullivan and Waterhouse on a charge of theft of \$15,000 worth of gold from Raymond Roy, manufacturing jeweler, 22 River street, by whom he has been employed for the past nine years as foreman. Garfield Longbottom, 59 Victor avenue, a brother of Samuel, was also taken into custody on a charge of receiving part of the stolen gold.

For the past three years Roy claims to have conducted his business at a loss, but was unable to account for this. The police were given the case and Sgt. Cronin and Detectives Sullivan and Waterhouse have been working quietly on the case for days. Acting on certain information they received, they went to a Bay street tailor shop on Saturday afternoon and there arrested Garfield Longbottom, proprietor of the place. The man, according to Detective Waterhouse, had several gold ingots on his person. When questioned as to how he had come in possession of these, he is alleged to have stated that his grandmother had died and he had been appointed executor of the estate. It was upon going thru his trunks that he had found the gold ingots. He said his brother, Sam, also had a number of similar ingots.

The detectives then repaired to the home of Samuel, the cellar of which they found to be fitted with bellows, melting pots and weights. A search was made to light a hole in the stone cellar wall, just where the water pipe passed thru. In this were found four large molds of gold that had been melted down. Samuel Longbottom, when questioned by the police officers, is alleged to have admitted the theft of the gold, which has covered a period of three years.

From investigation the police learned that Samuel Longbottom intended disposing of the gold to local and outside dealers, and with this purpose had approached several local dealers with offers of sale. He did not succeed in his plans, however, so far as could be ascertained practically all of the gold has been recovered.

RAISE STANDARD FOR THE "MATRIC" University Senate Pass Resolution Regarding Applicants. At a special meeting of the University of Toronto senate on Friday evening the question of graduate work received consideration and a committee was appointed to go thoroughly into the problem and to offer suggestions for the further advancement of this type of university work. It is the intention to expand very greatly the post-graduate work done by the University of Toronto.

CAPT. JONES TO RETIRE FROM WHITE STAR LINE. Capt. R. O. Jones who has been paying a visit to Portland, is now commander of the large White Star Line steamer "Colt". Capt. Jones is between New York and Liverpool. Capt. Jones joined the White Star Dominion in 1884 so that he has been with the company 37 years. He was running to Portland and Montreal for 31 years, being commodore for 12 years on the "Canada". His first command was the "Vancouver" in 1888 and in turn he commanded the "Dominion", "Kensington", "Canada", "Meganitic", "Laurantio", "Belgio" and "Adriatic". He was one of the first to carry American troops in the great war and left New York three weeks after the war broke out, with a large number of American troops on the Adriatic, which is a vessel of 24,500 tons. He was also commander of the "Norman" in 1899 and sailed from England to Cape Town during the South Africa war with 1400 troops and 550 horses.

Capt. Jones has had a long and successful career and was practically free of all accidents during 37 years, which is a wonderful record. He carried a very large number of American, British and Canadian troops during the war and was also one of the first commanders to sail from England to the Dardanelles, carrying about 1700 troops on the steamer "Northland" to Gallipoli. Capt. Jones is a direct descendant of Capt. Alexander Jones, the master of the "Mayflower" who arrived with the "Pilgrim Fathers" at Plymouth in 1620. Capt. Jones will only make one more voyage to New York as he is retiring in May.

HIS FIRST TRIP LED TO DISASTER. Morley A. Parrot Crashed Into Store Window With Newly Purchased Auto. Jumping the curb on East Queen street on Saturday evening an auto owned and driven by Morley A. Parrot, 40 St. Avenue, crashed thru the plate-glass window in the store of Mrs. Minnie Eaton at No. 311. The woman and her daughter were sitting in the window at the time the Ford steered its erratic course towards the window, but made a hasty retreat and escaped injury. Talked to West Dundas Street Police Station, Parrot stated that he had the auto new that afternoon, and it was the first trip in the car. He claimed that the clutch was not working properly, and the clutch was not working properly, and attributed the accident to this. He was not injured.

24,000 ADDITIONS TO VOTERS' LISTS

Both Sides Satisfied With the Result of Registrations for Week.

The registration of voters for the referendum ended 9 o'clock Saturday night. About 24,000 names have been added to the list. To these new voters some 20,000 names already on the lists must be added, making a grand total of voters for Toronto around 44,000 persons. It was estimated on Saturday that during the week of registration quite 50,000 people had visited the revising offices. A little preliminary information dispensed before the opening of the offices would have saved the officials, the Liberty League, the referendum committee and some 30,000 of the public a tremendous lot of trouble.

All the offices on Saturday did a fair day's business, but the rush on the last day was not as great as expected, in fact, the South Toronto office was sick. Both the referendum committee and the Liberty League stated they are quite satisfied with the results of the applications to the registration office, but those behind the scenes know that the number of names placed on the official voting lists by personal application are not by a long way so numerous as they would have been if the prepared lists had been received by the registration offices.

FULL CONFIDENCE IN INTERPRETER. Italo-Canadese Society Is Indignant at Reflections on Mrs. Bagnato's Work. At a meeting yesterday afternoon of the Italo-Canadese Society, described as the largest Italian social organization in the city, a resolution was passed expressing full confidence in Mrs. Grace Bagnato, official court interpreter in the Italian language in Toronto. The resolution goes on to say: "We do hereby express our regrets at the publication of extracts from alleged affidavits of irresponsible persons, which affidavits have been withheld from inspection of Mrs. Bagnato's friends."

Further, be it resolved that, in the opinion of this, the largest Italian society in the city of Toronto, it is most unfair that such affidavits and accusations should be paraded before the public for weeks without a prompt investigation being proceeded with, or an opportunity given to Mrs. Bagnato to inspect and refute the charges."

Have You Insured Your Partner?

If your partner should die to-morrow, how would it affect your business? Would your credit tighten while awaiting developments? If his heirs called for an immediate settlement of their claims against the business, could you meet them without tremendous inconvenience? If not, or even if you could, you should hold an Imperial Partnership Policy upon your partner's life.

Many business men realize that Imperial Partnership Insurance upon the lives of partners and executive officers in their business is the surest way to protect themselves against losses that may occur through unforeseen accident or death. It is an interesting phase of the insurance business; one that—if a partner—you should know about.

Our booklet, "Personality in Business," thoroughly explains the operation of "Partnership Insurance." It's very interesting and it's free. Why not write for a copy—now—while you have the matter in mind.

HEAD OFFICE TORONTO

ACCEPTS CALL TO TORONTO. Strathroy, Ont., April 2.—Rev. L. V. Haverstock, pastor of Strathroy Baptist Church for the last two years, tendered his resignation at this morning's service, in order to accept a call to Century Church, Toronto.

VAGRANCY CHARGED. Violet Hicks, alleged to be the mother of a new born infant found dead under the bed in her room at the Spadina Hotel, was released from St. Michael's Hospital yesterday and was placed under arrest on a charge of vagrancy. She will be held until after the findings of a coroner's jury.

THEFT OF SUIT. Tom Soo, 79 Chestnut street, was arrested Saturday night by P. C. Rowe on a charge of theft of a suit of clothes from William Louquian.

Did you ever try to MILK A COW?

ONE of the greatest blessings vouchsafed to mankind was the milk cow. For milk is the perfect food.

How many people in this city of Toronto could milk a cow? How many city-bred women are not afraid of cows?

And yet for ages the gentle "co-bossie" has been the faithful friend of the whole human family, from the baby to the grandparents.

Public Milking Exhibitions To Emphasize Milk Week

Formal Opening of the Campaign
Hon. Manning W. Doherty, Minister of Agriculture, will give a short address in front of the Parliament Buildings, Queen's Park, to-morrow afternoon at 4.15, and milk a cow.

Wednesday—Withrow Park, Logan Avenue. By Mr. E. H. Stonehouse, President, National Dairy Council of Canada.

Thursday—Alexander Park, Bathurst and Dundas.

Friday—Ketchum Park, North Toronto.

Saturday—Utley Park, West Toronto.

Every day this week we are going to show city people how cows are milked. This week is Milk Campaign Week. We want everybody to realize that Milk is the most nearly perfect food. To growing children milk is the indispensable food.

Milk is the food richest in "Vitamin"—those wonderful growth and health giving substances. Milk is the cheapest food you can buy, food value considered.

Points about a Ford you should know

WHAT does a Ford Touring Car cost? \$675 f. o. b. Ford, Ontario (starter and electric lighting \$100 extra).

Is it economical of gasoline? The owner of a 1914 Ford Touring Car, from careful records kept, claims that in driving 50,000 miles, May 8th, 1914 to June 15th, 1920, he averaged over 24 miles per gallon.

How much oil does it consume? The same owner claims over 500 miles per gallon of oil.

Is it easy to operate? The special Ford planetary transmission combines ease of operation and smooth, silent running qualities. Only one lesson is usually necessary to learn to drive a Ford Car.

Has it sufficient power? Perhaps the most distinctive single feature of the Ford is its simply constructed, easily operated and powerful engine. While its four cylinders are rated to produce twenty horsepower, the Ford has actually more power per pound of car weight than any other automobile made.

Will it pay me to buy a Ford? Yes, millions of Ford car owners have proved that it is an aid to them in business and improves their living conditions. The Ford car, with its low cost, quality and simplicity of design is the car for all purposes.

FAVORS LANGUAGE OF BILLY SUNDAY

Use of Slang Saves Slangy People, New Knox Minister Declares.

TOO HYPERCRITICAL

Must Get Alongside the Working Classes to Solve Their Problems.

"A great many refined people are so hypercritical of Billy Sunday's slang," said Rev. J. G. Inkster, the new minister of Knox Church, yesterday morning. "I do not think he really uses slang, because he uses the language that is used by a certain great multitude. And by using slang he saves some slangy people."

"If we are going to save the working people, we must put ourselves alongside of the working people to solve their problems and to save their souls," continued Mr. Inkster. "I want to ask you good people, are you saved? Are you saving some? That is the object of the work of this church."

Blind People in Churches.
"There are a power of blind people in our churches today," said Mr. Inkster. "Aye, gravel blind. They come to the services, and they see nothing; they go away and they hear nothing. After that Damascus service scales fell from Paul's eyes, and he saw a new heaven and a new earth."

"What was it he saw?" asked the preacher. "In the first place, he saw the beauty of a saved soul. That is a beautiful thing, and one of the most beautiful things on our earth or in heaven. He saw some of the glory that was awaiting him. Paul saw what he was saved unto—saved unto the glorious salvation. He saw also what he was saved from—from the carelessness of the unsaved soul—the horrors of hell. We have to have the scales taken from our eyes. We cannot see them ourselves, because the natural man cannot see them. I pray for the professing Christians this morning that the scales may be taken from their eyes."

The text was Corinthians 9:22—"I can make all things to all men that I might by all means save some."

Chief Work of Church.

this morning," Mr. Inkster explained. "There are some Christian people who are telling us that the chief work of the church is to heal the ills of the body, and if that same community ceased healing the body, in my judgment, they would very soon pass out of existence. There are others who utter that it is moral and social reform and work of that kind. There are others who think it is dealing with this present unrest. It is very important to look after moral and social reform work, and to do everything to settle this present unrest, and to have regard to the means of divine healing; but that is not the chief work of the church. I cannot find it anywhere in scripture that work of a secular kind is the work of the church. I am willing to sit at Paul's feet to learn some of the great fundamental truths of the Christian faith."

Mr. Inkster considered the text from the heading, "The means, the motive, and the method of Paul's objection 'to save some.'"

Dancing Masters in Church.
"Some people talk as tho there were no problems until this generation came in," the preacher proceeded. "If I had my way I would eliminate problems and organizations from the Christian language. It is easy now to get buried in problems and not be in touch with Christian work at all. Paul was 'all things to all men that he might by all means save some.'"

"At the bottom of this unrest there is a cause, and I take it as my business as a Christian minister to lead you as a person dealing with the superficiality of the unrest and get back to the cause of it all. Some people are trying to substitute education for amusement. I know we have dancing masters engaged by the church to teach dancing," said Mr. Inkster. "But how can people get a blessing if they don't pray for it? If the churches and Y.M.C.A.'s were as anxious to save souls as they are to provide amusement, we would have fewer problems. What is the use of amusement, what is the use of social and moral reform if people are living unsaved and lost for time and eternity? Remember there is a great reckoning day when the people will appear, and the books will be opened and your record will be read, and my record will be read."

"The old nature must be crucified," continued Mr. Inkster; "you cannot evolve it. Paul believed the salvation meant here was the salvation in which a man had to be born again."

"There is no child of God today who cannot preach if he is a child of God," Mr. Inkster concluded. "You cannot be saved by living a good life. Paul was too wise to make small of the law of grace."

HELD AS SHOPLIFTERS.
Joseph Harris, 19 Lansdowne avenue, Jenny Cook, 8 Carlton street, and Winnifred Freburn, same address, were arrested on Saturday afternoon. Harris is charged with shoplifting from Elton's, and the two women from Simpson's.

PRESENTS FIELD FOR CHRISTIAN SERVICE

Bishop Dunn Refers to Needs Confronting Clergy in British Honduras.

Central America, the West Indies and more particularly British Honduras present a great field for Christian service, according to Right Rev. A. E. Dunn, bishop of Honduras, who preached at St. Paul's Church last night. For this area of 225,000 square miles with a population of

5,000,000 people there are only 13 clergy and two bishops. Even this is a considerable step ahead of two years ago when there were only 16 clergy without a single bishop. He estimated that more than 1,000,000 people there were non-Christians.

In referring to some of the needs confronting the clergy, he said that a power-boat in connection with the diocese would be a great aid. So many of the component parts of the diocese of Honduras are separated by water that a boat is an absolute necessity. The roads are also very bad and there is only one small railroad. He referred to one instance where he was forced to go 2500 miles around in order to get to a point just 500 miles away. This was an account of the impassability of the roads and would have been eliminated had

a boat been procurable. He estimated that it would cost \$8000 to get a suitable schooner for this purpose.

The bishop said that he felt that British Honduras had a call upon Canada as he himself was a Canadian and as many of the West Indian clergy were from this country. Also the fact that the Canadian government had announced its intention to try to foster trade between the Dominion and the West Indies was another reason why all aid possible should be given by Canadians to further the cause of Christianity there. In his opinion British Honduras is the most neglected part of

the British empire as regards religion. It was therefore up to Canada to do its best.

DEATH OF LAKE CAPTAIN.
One of Ontario's oldest lake captains, Captain John Alward, died Saturday morning at the home of his son-in-law, John Marshall, 336 Gladstone avenue, in his 79th year, following a three months' illness. Captain Alward had charge of various vessels of the Toronto Ferry Company's fleet, his last boat being the Bluebell. He is survived by two sons and two daughters, George, Fred, Winnifred and Mrs. John Marshall, all of Toronto.

WELL-KNOWN SOLDIER EXPIRED SATURDAY

One of the best-known military men in Toronto died on Saturday morning in the person of Staff-Sergeant William J. Bewlay. He had been ill two months. Born 62 years ago in Carlisle, England, Staff-Sergeant Bewlay came to Canada 55 years ago, and had been identified with the Royal Grenadiers 42 years. He served in the northwest rebellion. An elder of the Church of the Ascension, he was also a member of Knights of Malta, L.O.L. 387. His widow and a son, George W. Military Headquarters, Ottawa, survive.

Keep the Rate Down.

The mayor and board of control are wrestling in private considering the estimates for the current year which the first tentative program places at \$5 mills on the dollar. This is a tremendous order and the citizens will certainly expect that the rate put in excess of that of last year be put into effect this year.

Remarked in Passing. Even former Emperor Charles must have decided by now that autocracies have lost much of their one-time popularity.

A half million dollars addition to the telephone bills of Toronto citizens is apparently one of those things to which we have to get used.

An American judge has decided that the hip pocket is immune from search by liquor detectives. Now, how can they expect to enforce prohibition that way?

The city council seems to be less interested in charges of crookedness in police courts than does anyone else in Toronto.

Impressive Service Marks Unveiling of Memorial to War Heroes.

A brief but impressive service marked the unveiling yesterday morning of the memorial which has been erected in the Church of St. George the Martyr, John street, in memory of members of the parish who gave their lives in the great war.

The design of the memorial (the work of D. W. F. Nichols of Windsor) was suggested by the churchwarden which are so numerous in England. It comprises a handsome bronze tablet bearing the twenty-eight names in splendid relief.

Why He Votes No. Editor World: For the benefit of those who are wavering, may I state one of the reasons why I think good citizens should vote "no" on the coming referendum?

They told us that prohibition would lessen crime and reduce the costs of keeping our courts and jails running. It has not done so. Our courts are crowded to overflowing.

They say it will drive liquor out of the homes. It will not. Every man who has a drink in him will take a drink with him.

CHAPTER IV.

MY TALK with Alice had given me much food for reflection, especially as regarded our social relations. For some reason, I found it extremely disagreeable to think of her as a big, ruddy pearl cast to the capacity of the person whom I thought of as "the piggy-man."

It seemed to me that Alice, if not precisely too good for this piggy-man, was much too fine for his merits or appreciation and that she needed to be rescued from his champing snout.

With such ideas milling in my head I got up the following morning in the early dawn, and with basket and fishing tackle, set out for the crater lake.

Up I swarmed to the summit and was about to search the bright horizon, when my eye was caught by a flash thru the palm fronds at the head of the lagoon where was located our camp.

It was not until the time of my setting out, and come down upon my helpless senses while they were still asleep. Of what was the matter I had no idea, but thought it possible that, finding them defenceless they had fallen on them like black sea-monsters during the night.

CHAPTER V.

ALONG the beach I went, half mad, in my mind and biting at my knuckles in the impotence of grief and rage.

So I was with Dicky, who no doubt, reasoned that, while his spur might not be deep enough to reach the vital points, it would serve to blind me and thus render me unconscious. He heavily managed it, too. His cruel outburst came as I started in pursuit of Enid, who had already a good start and was running swiftly down the beach.

nervous state. After all, a fit of anger is more salutary than brooding over outrage sensibilities, so I slipped inside, precisely as I would have done under ordinary circumstances.

"A peculiar tableau presented itself. Here was Enid sitting with her elbows on the dining table, her face in her hands and her dark, wavy hair tumbling over her bare shoulders, making little gasping sobs, and at the same time instinctively protecting her ear from the inquisitive and sympathetic pecks of Dicky, a diminutive bantam cock, who had apparently installed himself as her knight-errant.

"Will you stop?" she gasped, and then, as I did not move, she turned suddenly on her tracks and, swinging down, gripped the stool by one leg. I saw her unable intention, and having no desire to receive that piece of furniture in the face, took a stride forward and gripped her.

"Stop it!" I said. "Have you any sense? Behave yourself and be reasonable for once. I want you to help me get the seine. Your suit is laid up with her ends, and I can't manage it alone."

"So I was with Dicky, who no doubt, reasoned that, while his spur might not be deep enough to reach the vital points, it would serve to blind me and thus render me unconscious. He heavily managed it, too. His cruel outburst came as I started in pursuit of Enid, who had already a good start and was running swiftly down the beach.

"What is the hurry?" I asked. "We have plenty of time, and I'm supposed to get ready for the fishing. Why are you in such a hurry?"

"This is a nice mess, Jack, said Alice, when I returned and to them of no matter. 'Has your ingenuity anything to suggest?'"

I tried to tell her how much I deplored the catastrophe, but she cut me short. "You are not to blame," she said, "and, anyhow, that is not the point. Enid is having the most awful tantrum and absolutely refuses to be reasonable. She says that she will not stir from the bungalow unless you and Geoffrey move your quarters to the other side of the beach and agree not to come within sight of this place."

Enid was surely taking the whole thing pretty badly, because, on drawing near, I heard her low, choking sobs. Perhaps that should have given me pause, but, on the contrary, I felt more than ever convinced that this sort of thing should not be allowed to continue, for danger of the girl's working herself into a shockingly

UNVEIL MEMORIAL TO HEROES OF WAR

Statue Erected in Honor of Members of Alpha Delta Phi Fraternity.

An event of international interest took place recently at the Alpha Delta Phi Club, 136 West 44th street, New York City, when a statue, commemorating the American and Canadian members of the fraternity who gave up their lives in the great war, was unveiled.

The president of the Alpha Delta Phi Club, Walter C. Taglie, who is also president of the Standard Oil Company, presided. Other speakers were: Canon W. L. De Vries, Washington, D.C., vice-president of the fraternity, and Lewis Perry, headmaster of Phillips Exeter Academy.

One of the most successful dances of the winter season was given by Mr. and Mrs. Wm. H. Guest for their son Oswald, at their home, Oakhurst Lodge, which is about twenty miles from the city. The affair will go to the burning mission to Rumania and to the funds of the national and provincial chapters.

At the Amphion Club at home tonight the following ladies will act as patronesses: Mrs. G. W. Cruise, Mrs. A. Dowson, Mrs. C. L. McDonald, Mrs. A. M. Dunn, Mrs. R. B. Dutton, Mrs. J. P. Fox, president, and all the officers of the club will also be present at the Balm Beach clubhouse.

A large gathering of enthusiasts were present at the Arcadia Saturday afternoon when the finals in the garrison officers' baseball match were played between the 3rd Battalion and the 4th Highlanders. Mrs. Ian Sinclair and Miss Dorothy Sinclair were most original, one another, and at their feet lies a crushed German helmet.

A fund is being subscribed among the alumni of the fraternity to provide in each active chapter in the United States and in Canada with a replica of the statue. All of the speeches at the unveiling ceremony emphasized the spirit of the comradeship, understanding and friendship existing between the two countries.

CAMPAIGN TO URGE DRINKING MORE MILK

This is milk campaign week in Toronto, and many activities are planned to induce people to drink more milk. In front of parliament buildings tomorrow, Mrs. Manning Doherty will milk a cow.

Under the auspices of the Somers' School, a bridge and euvre in aid of the war fund will be given away by Mrs. George Watson, and Mrs. M. J. G. Watson, on Tuesday afternoon, at the King Edward on Tuesday afternoon.

Dr. Charles E. North, the American authority on nutrition, and Judge M. D. Munn, of Chicago, speak in Convocation Hall on Wednesday night at a milk campaign meeting, and Dr. J. W. Robertson, of the Canadian Red Cross, is the speaker for Thursday night's meeting of the G.W.V.A. in Jarviscourt School.

Members from Ottawa, Kitchener, Galt, Brantford, Hamilton, Windsor and St. Thomas were present at the very successful dance given at the Pompano room at the King Edward, in aid of the Red Cross, on Saturday evening.

The Admiral Tyrwhitt Chapter, I.O.D.E., gave a large bridge in the Pompano room at the King Edward, in aid of the Red Cross, on Saturday evening.

Importation Must Cease

BY a majority of more than 407,000, the people of Ontario in the Referendum of September, 1919, said that the sale of intoxicating liquor for beverage purposes must cease.

But private cellars are stocked, and "booze" is invading the home. Manufacturers of liquor in other provinces are benefiting financially by the situation in Ontario.

"Bootleggers" and "blind pigs" are able to set the will of the people at naught. The law of the province is being evaded.

Why? Because there is no law in force against importation. The Federal wartime order-in-council which backed up the Ontario law at first was repealed on January 1, 1920.

The Will of the People Shall Prevail

The provincial legislature has no power over interprovincial traffic or importation. But the new Federal law will prohibit importation into Ontario from any other province or country if the majority votes "Yes".

There is only one way. Close the door to importation. You voted against the sale of liquor in the province. Now vote to shut it out.

The Referendum on April 18th is your opportunity to cut off the "bootleggers" source of supply, and put the new Federal law forbidding importation into force.

CHARGE TWO MEN WITH AUTO THEFTS

Harold Kennett, 5 Grove avenue, and George Anderson, 1219 West Dundas street, were arrested late Saturday by Detective McIlwraith on a charge of theft of an auto from J. E. Hamilton, 202 Gladstone avenue, on March 3 last.

The two men, according to McIlwraith, drove the auto to Buffalo on the day of the alleged theft, and there sold it for \$150. They remained in Buffalo until a week ago last Thursday, when they are alleged to have stolen another car and driven it to Toronto. McIlwraith stated that they were again in town last Thursday, and the arrest followed.

The auto alleged to have been stolen by the two men in Buffalo is held by the police here until its owner is located by the Buffalo police, who have been communicated with.

TREIF FLAG FALLS IN THE EAST

TIPPITY WITCHET WINS INUGURAL

Auspicious Opening of Eastern Racing Season in Maryland.

Bowie, Md., April 2.—The Maryland racing season of 1921 opened at Prince Georges Park this afternoon under the auspices of the Southern Maryland Agricultural Association and the Maryland Racing Commission. A crowd about equal in volume to the record-breaking attendance of last Thanksgiving Day turned out to witness the racing. The temperature and the spring-like rays of the seasonable sun contributed to the enjoyment of the afternoon. Both of the agencies, coupled with a light breeze, had dried the track remarkably well before the first race, and the course in spots as the horses plunged their hoofs into it, but the time recorded was slow.

A well-diversified card of seven races, which included three purse events and head-cup made up the program. The feature of the lot was the Inaugural Handicap, a seven-furlong race, which was run on the record-breaking track of ten to the post.

Tippity Witchet, running in the colors of L. T. Bower, defended the post of honor cleverly in the handicap. Rated off the pace in the early running by Jockey Farrington, while Mythology, of Jockeys and Captain Herscher alternated in the first three positions of the running chute thru the back stretch, the game little Broomstick gelding closed upon the leaders by veering round at the turn and, running under way by a length, Captain Herscher, outlasted the others for second place, and Zeister got up in the final sixteenth for the short end of the purse. The race was worth \$17.55 to the winner.

Tippity Witchet drew favoritism in a session of brisk watering, which also brought out money for St. Eldora and Mythology. Tippity Witchet was the third successive favorite to score. Summary:

FIRST RACE—Maiden 2-year-olds, colts and geldings, 4 furlongs: Str. Pl. Sh. Horse, Wt. Jockey. \$3.80 \$4.70 \$5.50 Opperman, 116, Johnson. \$3.00 \$4.00 Radical, 114, Conroy. \$4.00 \$5.00 Time 59.4. Redmond, North Wales, Alex. H. Fiction and Brode also ran.

THE CITY PLAYGROUNDS BASKETBALL RECORDS

The City Playgrounds Basketball League had a splendid 1920-21 season, with the winners in both the western section of the 115-Pound League and the eastern section of the 130-Pound League during the whole series.

The winners in the several leagues were: Junior League, Intermediate, 115-Pound League, 130-Pound League, McCormick, School Boys' League, Moss Park, Oler, and the Senior League with a very strong team. The winners had good combination and shot well. Final standings:

Team	Won	Lost	Pts.
Oler	10	0	100
Eoden	3	1	4
East Riverdale	2	2	4
Moss Park	1	2	3
McCormick	0	4	0
Greenwoods	0	4	0

Oler also won the Intermediate 130-Pound League without loss. The work of this team was almost as good as that of the seniors. Final standing:

Team	Won	Lost	Pts.
Oler	10	0	100
Moss Park	2	2	4
McCormick	0	4	0

LEVELING UP THE LACROSSE FIELDS

Bill Hancock Named as Coach for the Maitland Seniors.

Sarnia's amendment, that all playing fields be adequate for lacrosse matches is bearing fruit. Hancock reports that they are leveling up their field and will go to considerable expense in putting it into better shape. They are, however, up against the fact that when the circus comes to town their field is utilized for show purposes, and it's a wreck when the clown and other regalia depart hence. The Sarnia club are also cleaning house in this respect, and while they complain of the other fellow's field last season, the complaint was returned to them. Durban's natural amphitheatre is somewhat hard for lacrosse purposes, but something will be done to try to improve the playing surface.

If Joseph decide to enter the intermediate series it may throw a scare into the Orangeville squad, as in such event players from Perth would necessarily have to play with Guelph, which is closer than Orangeville. The Royal City are keen to put lacrosse on the map up their end, and while they will start in the junior series is problematical. This is something for ex-President Bert Booth to worry about.

Bill Hancock, who had splendid success with the Owen Sound greys some couple of years ago, will likely coach the Maitland seniors. The north-end crew are in strong with four teams, and they are making a good showing. They tried to operate both senior and intermediate last year, but the other club members were badly weakened and could not keep up their end. The other club members are to qualify for the O. A. L. A. teams must be bona fide residents of the town for which they are to play at 12.95 a.m. on May 1.

St. Marys and Chatham have both entered the intermediate series. Looks like Sarnia will have some battle on their hands this season.

CHAMPIONSHIP BASKETBALL FINAL

All indications point to a record turnout of fans to witness the final for the juvenile championship of Ontario Tuesday night at the Broadview Y. M. C. A., between Broadview and Hamilton. In the preliminary game of a home-and-home series the Hamilton quintet emerged with a 9-point lead and interest now centres on the ability of the Broadview outfit to overcome this lead on their own floor.

A meeting for club delegates of the Toronto and District Senior Association will be held in the Sons of England hall tonight at eight o'clock.

BURCH SHOT TWO AND AGGETT ONE

Dominion Bank Turns Tables on Shoe Trades Team at Boston.

Manager Ardiel of the Dominion Bank Hockey Club and his players returned from Boston yesterday after dividing the two-game series, Friday and Saturday nights, with the Shoe Trades team. He points out that it was his bank outfit that made the trip and not a composite team, as per the despatches. The Bank lost the first game because the players were train weary, having had 18 hours of it just before the start. The rink was filled each night to capacity, which is 5000. Saturday's game closed the hockey season in Boston. The following is the story furnished by the Canadian Press:

The composite Canadian team, playing as the Aura Lees of Toronto, made only as many goals Saturday night as it did Friday night in the first of its two-game series with the Boston Shoe Trades team, but the three goals were the only ones of the game. Shoe Trades, which tallied nine goals Friday night, was stopped at the Canadians' goal more than a score of times last night.

The difference between victory and defeat for the Aura Lees lay in the work of Stone as goal tender. After the Friday night game Stone was sent for and replaced overnight from Toronto, and he stood like a stone wall while peppered with shots from Dufresne, Skilton, Conley and Small. Both in pokes out of scrum-mages and long distance attacks he turned back every one.

In the first period the play was fairly equal. The forwards of both teams shot frequently, but the goal tenders turned them back. Stone, the Boston goalie, was especially strong on defence play. Play became stiffer in the second period and body checks were frequently employed. The Canadians were down the Boston team and after thirteen minutes of play Burch dribbled a third the length of the ice and poked in the first goal. Twenty seconds later, working with Aggett, Burch again approached the Boston goal and passed Storey's defence for another goal. There was no further scoring until the third period was almost twelve minutes old. Then after Storey and Stone had ward off many shots out of scrum-mages just in front of the Boston goal, Aggett shot the puck past Storey for the third goal.

The game was marked by several interesting duels between Conacher and Skilton. The line-up: Shoe Trades—Left wing, Enright, Raycroft and Healey; centre, Conley and Baycroft; right wing, Dufresne; cover-point, Skilton; point, Small and Enright; goal, Storey.

Aura Lees—Left wing, Reeves; centre, Aggett; right wing, Jeffries; cover-point, Conacher; point, Burch; goal, Stone.

Score—Aura Lees 2, Shoe Trades 4. Goals—Burch 2, Aggett 1. Penalties—Aggett, 2 mins. tripping; Enright, 2 mins. tripping; Reeves, 2 mins. tripping; Dufresne, 2 mins. tripping; Conley, 2 mins. tripping; Healey, 2 mins. tripping; Stone, 2 mins. tripping; Le Favour, Toronto.

BEDWELL APPLIES FOR LICENSE IN MARYLAND

H. G. Bedwell, who has been refused permission to act as stable agent for L. Ross by the New York Jockey Club, has made a move in the expected controversy by applying for a license in Maryland. Bedwell, who is a resident of Bowie, Md., for the sanction to operate in the stable capacity at this meeting. Mr. McLennan will refer his request to the Maryland Jockey Commission, and it is expected that the move will reopen the question of issuing licenses to trainers and jockeys, a practice that the commission has side-stepped by a recent ruling.

Louis Baber, who was recently appointed trainer of the Kentucky division of Commissioner K. L. Ross' stable at Louisville on Saturday, after spending two weeks at his employer's breeding farm in Maryland. He was on a business mission and returned to Maryland at night.

James W. Corroth, president of the Lower California Jockey Club, announced that the present meeting at Tiluana Saturday this club will hold a class handicap tournament—three prizes in each class—open to members only, shooting to commence at two o'clock. Full attendance is requested. The following are Saturday's scores:

TORONTO RIDER STARTS IN THE CHICAGO GRID

Chicago, April 3.—The spring six-day bicycle race, with thirteen teams, representing countries of Europe and North America competing, began tonight at the Dexter Park Pavilion.

Three sets of sprints will be held in each 24-hour period, and the final hour of the race next Saturday night will be entirely sprints, each being one mile in length.

The teams starting, with the city or country of each rider, were as follows: Kaiser and Eaton, Baltimore to the world's championship, New York. Madden-Magin, winners of the last six-day race here, New York. Hill-Spencer, United States-Canada. Hiran-Fitzsimmons, Ireland. Korras-Waser, Germany. Corry-McBeath, Australia. Koller-Hanley, Chicago-San Francisco. Madonna-Bellou, Italy. Kavanagh-Keller, United States. Stein-Gaffney, Brooklyn. Reliens-DeGraves, Belgium. Osterlitter-Ryan, Berlin-Dublin. Kosny-Walker, Bohemia-Casamania.

SOCCER AT WOODSTOCK

Woodstock, Ont., April 3.—(Special.)—In the opening game in the City Soccer League here Saturday afternoon at Victoria Park, Balis and East Woodstocks played a 1-1 tie.

The line-up: Balis—Verne, Brown and Bottoms. East Woodstocks—Spratley, Parsons and Boyden, Wright, Clark and Violot, Desmond, Faudry, Clapham, Morrill and Poiroux.

Referee—J. W. Bryan.

MONTREAL PLAY CENTRAL FOR BASKETBALL TITLE

Montreal, April 3.—Defeating the Ottawa Y.M.C.A. basketball team 24 to 21 at the Peel street gym. Saturday night, the M.A.A.A. team secured the right to play off with the Toronto Y.M.C.A. team for the eastern Dominion championship. The Reds entered the game Saturday night nine points down, as a result of the first of the home-and-home series, were defeated 41 to 23. The total score for the round was 65 to 23 in favor of the Reds.

Saturday night's contest produced one of the most exciting finishes seen here in some time, as up to the last ten minutes of the play the Ottawa team succeeded in retaining their lead secured in the first game, and appeared to have effectively bottled up the local team. The Montreal game had been shooting in an erratic manner. At this point a rally by Miller, who had replaced Sarnia, led the Ottawa team to a score of 21 to 20. The total score for the round was 65 to 23 in favor of the Reds.

To trophy can go the major honor of the M.A.A.A. win, that player so effectively checked Hearn's, the Ottawa star, that he was unable to tally one field goal.

Time and again, just when Hearn was in a position to shoot, Brophy would spoil an almost sure shot by effective interference. The teams: M.A.A.A. (4)—Forwards, Sanders and Drysdale; centre, Groun; guards, Brophy and Forbes; subs, Miller and Beecher. Ottawa (21)—Forwards, Hearn and Cole; centre, Hector; guards, Moore and Adams; subs, Hubbell and Murray. Referee—McOutcheon, Y.M.C.A.

Summary: M.A.A.A.—Drysdale 2, Groun 15, Miller 6, Forbes 2, Brophy 2, Sanders 4. Ottawa—Hearn 13, Cole 4, Lecker 4.

SEVENTH GAME A DRAW

Havana, April 3.—The seventh game of the match between Jose R. Capablanca and Dr. Emanuel Lasker for the world's chess championship resulted last night in a draw in the twenty-third move. Capablanca made his twenty-third move, but Lasker did not follow with his twenty-third, the game at this period being agreed upon as a draw. The time consumed in play was: Capablanca, 1 hour 21 minutes; Lasker, 1 hour 19 mins.

CONFIDENCE in "Canada's Standard Car" is most clearly shown in its absolute leadership in the market. McLaughlin "Master Six" has become the "known factor" among motor cars—a gauge by which to judge not only values, but style, finish and design.

This is what makes the McLaughlin such a sound investment—that gives it its established re-sale value—that makes it the accepted car among men of substance. Coupled with the same power and dependability that have made McLaughlin Master Six motor cars famous throughout Canada, is added riding comfort, more roominess and better seating arrangement, easier control and a beauty and grace that fittingly express the higher standard of 1921 models of "Canada's Standard Car."

BUSINESS ON MARKET WAS DULL AND NARROW

Losses Among Representative Industrials Were Relatively Moderate Until the Close—Tobacco and Sugars Weak.

New York, April 2.—Business on the stock exchange today was dull and narrow, but these conditions offered no serious obstacles to promotional trading in securities upon further depreciation of quoted values.

SUBSTANTIAL GAINS BY WINNEPEG WHEAT

Market Opens Weak, But Reacts at Close on Broader Demand.

Winipeg, April 2.—After showing extreme weakness for the greater part of today's short session, the local wheat market reacted during the last hour and made substantial gains. This was due to considerable short coverings and a broader demand for Manitoba from sea-board.

RALLY IN WHEAT AT MARKET CLOSE

Caused by Covering of Shorts and an Active Export Demand.

Chicago, April 2.—General covering by shorts and the development of an active export demand for both old and new wheat caused a sharp rally near the close today, which carried prices upward after the lowest figures of the season had been reached on all deliveries of grains and provisions.

FIN FLOP OPTION KEORA PROGRAM HAS BEEN DROPPED

Low Price of Copper and Forming a New Company Money Tightness Given as Reason.

Winipeg, April 2.—The option under the Thompson of the Keora mine to pay \$100,000 in cash for the Fin Flop copper mine in northern Manitoba, north of the Keora mine, was dropped today.

St. Lawrence Market a Busy Place, With Active All-Round Trade.

Business was good at the St. Lawrence market on Saturday, and the big building up an expression may properly be applied to buying and selling. There was an almost record crowd of country folk in, with every conceivable kind of domestic vegetable and fruit.

OUTLOOK BRIGHTER FOR IRISH PEACE

(Continued From Page 1)

Ulster parliament is recognized as fraught with political hazards. Many persons continue to express the belief that the government will abandon its attempt to establish a parliament and endeavor to arrange a truce before the date of the elections. It is confidently asserted here that the Sinn Fein would be willing to accept a truce on the basis of status of full Dominion. A rumor that the Daily Freeman has appointed a committee to negotiate with former enemy commander is denied.

LITTLE PUBLIC INTEREST MARKET WAS DULL

With the New York market weak and public interest in the Toronto Stock Exchange at the week-end.

The volume of business on Saturday was exceedingly light. There was practically no public participation in the dealings except an odd investment purchase such as that of fifty shares of Dome which sold at \$18.50.
