Delay in Vocational School Project Discussed at City Hall

BRITISH ELECTIONS OCTOBER 29

MAYOR BRINGS UP MATTER TODAY FOR DISCUSSION

Talk Advisability of Asking Grant Held Back for Three Years.

ELECT TRUSTEES

Question of Added Taxes at Present—Commissioners Express Views.

The wisdom of asking the Government to extend for three years the time in which a grant for a vocational school in St. John would apply, was discussed this morning by members of the City Council, and the Mayor and two of the commissioners expressed themselves as against proceeding with the erection of this building at the present time, on the ground that this was no time for increasing the taxes. The opinion was also expressed that the members of the Board of School Trustees should be elected by the people.

Mayor's Matter

As the matter was brought up by Mayor Potts who said, in view of the endeavor which was being made at the present time by the citizens and the council to encourage the coming of new industries and the expansion of existing ones through the buy at home campaign, he thought the council should protest against the building at the present time of a vocational school which was bound to add greatly to the tax rate, particularly as the man who the spending of the money were not responsible to the electors. He thought the council ought to advise the Government and ask that the time in which the grant would be given be extended for three years.

As he knew that every merchant and manufacturer was paying all the taxes he could at present, he felt it would be a crime to add to their burden just now when times were better than the matter might be given consideration.

GOVERNMENT ENDS ITS MEETING TODAY

Education Board and Hospital Commissioners in Session This Morning.

(Special to The Times-Star.) Fredericton, Oct. 9.—The Provincial Government will complete its regular monthly meeting here this afternoon. At 2 o'clock it was announced that the Government had received an application from Fraser Companies' Ltd., in connection with work to be undertaken at Quilbuck, Madawaska county. Approach was granted.

The Board of Education was in session this morning for a short time. In the absence of Dr. W. S. Carter, chief superintendent, who is attending teachers institutes his office was represented by R. E. Wallace. Some changes in district boundaries were approved.

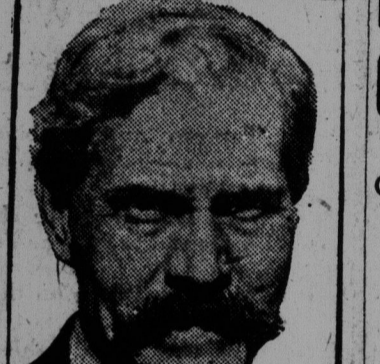

Diet Party Urges Jap Intervention

Tokyo, Oct. 9.—The Seirukai, one of the parties in the Diet supporting the view of Japan's special position in Manchuria and Mongolia, the Government must take resolute steps to maintain peace in those regions.

Chicago Negro Is Beaten To Death

Chicago, Oct. 9.—William Dell, 32, negro, was beaten to death by a crowd of men and boys on the West Side here last night after he had been charged with attacking a young girl.

His Government Is Defeated

RAMSAY MACDONALD.

MRS. G. W. KITCHEN DIES IN FREDERICTON

Was Daughter of Mr. and Mrs. J. F. Van Buskirk—Ill Short Time.

Fredericton, Oct. 9.—(Special.)—The death of Mrs. Vera Marion Kitchen, wife of G. Walter Kitchen, occurred at 2 o'clock this morning at her residence, 247 Brunswick street, after a brief illness. She was aged 23 years. Surviving are her husband and one little daughter, Frances; also her parents, Mr. and Mrs. J. F. Van Buskirk of this city, one brother, Frank, and one sister, Jean, of this city, and another sister, Eleanor, at present attending Edgewood School at Windsor, N. S. The parents of the deceased husband are Mr. and Mrs. J. P. Kitchen.

ATTORNEY-GENERAL ONCE KNEW POVERTY

Career of Sir Patrick Hastings Has Not Always Been Happy One.

(Canadian Press Cable.) London, Oct. 9.—Sir Patrick Hastings, Attorney-General, whose handling of the prosecution against John Ross Campbell, editor of the Workers' Weekly, charged with sedition, is largely responsible for the present middle-class in which the Labor government finds itself, by no means few, who completely fail to shine in Parliament. Frankly Sir Patrick has been as unpopular a law officer as any in recent years, although today when he rose to answer some questions asked in the House of Commons which were not connected with the present crisis he was given a cordial reception by his own side.

Sir Patrick Hastings, after leaving the Chancery house school where he was educated, led a somewhat mysterious life. When the South African war was on he enlisted in the "Devils Own" regiment. Later he eked out a hardscrabble existence on Fleet street and it is even rumored that for some time he was on the stage.

Wire Briefs

Kagoshima, Japan, Oct. 9.—(British United Press)—Major Pedro Zamal, Argentine world flier, arrived here at 4:10 p.m. today, after a 568 mile flight from Shanghai.

Paris, Oct. 9.—President-Elect Calles, of Mexico, visited Napoleon's tomb yesterday and will be the guest of Premier Herriot at luncheon today.

Nice, Oct. 9.—(British United Press)—It is reported that before leaving for Switzerland, the ex-Caliph of Islam, was forced to sell part of his jewels, valued at 100,000 francs.

London, Oct. 9.—(United Press)—A despatch from Peking to the Daily Express says 18 French airplanes have been purchased by Gen. Chang Tso Lin. France did not attempt to stop the delivery, in spite of a Peking protest.

London, Oct. 9.—(British United Press)—An Exchange Telegraph from Constantinople, says that Turkish troops are occupying strategic points in the mountains between Zakkah which dominates the Mosul country.

THIRD VACANCY IN HOUSE OF COMMONS CAUSED BY DEATH

C. A. Gauvreau, M. P. for Temiscouata, Passes Away Today.

WAS 64 YEARS OLD

West Hastings, Ont., and Yale, B. C., Also Without Members.

Ottawa, Oct. 9.—Word was received here this morning of the death of C. A. Gauvreau, M. P. for Temiscouata. Mr. Gauvreau was a Liberal and had been in the House of Commons since 1897. His death creates the third vacancy, the other two being West Hastings, Ontario, and Yale, B. C.

Charles Arthur Gauvreau has been a member of the Dominion Parliament since 1897, being elected at by-election in that year. He has been re-elected at every general election since that time, his majority at the 1921 election being 5,800.

He was a son of L. N. Gauvreau and a nephew of Sir W. F. Belleau, the first Lieutenant-Governor of Quebec at Confederation. He is survived by his wife and three children, one daughter living in Montreal, and two sons, L. J. Maurice, Lt. B. C. N. H. M. S. Oberon and Leon, male of H. M. C. S. Rainbow.

FRANCE KEEPS EYE ON BRITISH EVENTS

Change of Government Likely to Affect League of Nations Questions.

Paris, Oct. 9.—(United Press)—Re-alignment of the League of Nations, recently fashioned at Geneva, thereby making it a subject of every development in the League.

It is pointed out that in the event the Conservatives or Liberals come to power, it is unlikely that England will sign the League of Nations protocol, recently fashioned at Geneva, thereby making it a subject of every development in the League.

A Conservative victory, it is believed here, might also affect the election of the League plan.

Dalhousie Graduate Dies in New York

Ithaca, N. Y., Oct. 9.—James Edwin Cagney, 68, professor of philosophy at Cornell University and dean of its graduate school since 1914, died yesterday at his home in Ithaca, N. Y.

Mr. Cagney was widely known as an author, translator and educator. Dean Cagney was graduated from Dalhousie College, Halifax, N. S., in 1887. He also received later degrees from Cornell, Queens University and Dalhousie.

Situation in Mosul Is Causing Anxiety

London, Oct. 9.—(British United Press)—The situation in Mosul is causing grave anxiety in official circles. The Turks absolutely refuse to reply to British protests against the movement of Turkish troops, over the frontier, and the number of these troops including many regiments of the regular army, is rapidly increasing. Unless the Turks cease these movements immediately the British will start to drive them out, with aeroplanes, and the modern implements of war.

Liberal Named To Oppose MacDonald

London, Oct. 9.—Premier Ramsay MacDonald is to be opposed by a Liberal candidate in the constituency of Aberavon, Glamorgan, in the general election. The Liberals of Aberavon have nominated Captain W. M. Williams, barrister, in opposition to the Premier.

Trial of Clarence F. Smith Started

Toronto, Oct. 9.—The trial of Clarence F. Smith, Home Bank director, before Judge Costarich in the county criminal court on charges under the Canadian Bank Act started yesterday after the trial of Sidney H. Jones, bank auditor had been completed. The charges against Smith are that he did make, conceal, and approve false statements of the affairs of the bank.

Present Standing Of British House

London, Oct. 9.—(Canadian Press Cable)—The present composition of the House of Commons membership is as follows:—Conservatives 246; Labor 187; Liberal 136; Ulster Unionist 11; Cooperative 6; Independent 9; Independent-Liberals 2; Nationalists 2; Sinn Feiner 1. Total 614. The total membership of the House of Commons is 618, but there is a vacancy for the London University Constituency.

May Be The Next British Premier

STANLEY BALDWIN

TEACHERS GATHER IN SUSSEX TODAY

Kings and Queens School Instructors Hold 9th Annual Convention.

(Special to The Times-Star.) Sussex, N. B., Oct. 9.—Sussex today bids welcome to the members of the Kings and Queens County Teachers' Institute, assembled in forthright annual meeting here. There is a good attendance of the members, and they are looking ahead to profitable sessions. This morning was taken up chiefly with the registration of the teachers in attendance and the appointment of committees to carry on the work of the convention.

There will be another session this afternoon and a public meeting will be held this evening. At this there will be an address of welcome by Mayor J. D. McKenna, and also addresses by Charles S. Thomas of Harvard University and Dr. W. S. Carter, Chief Superintendent of Education for New Brunswick. W. J. Mills, chairman of the Sussex School Board, will preside at the evening meeting. There will be two sessions of the institute tomorrow.

FREDERICTON MAN HAS CLOSE ESCAPE

W. J. Glen is Near Death When Train Hits His Automobile.

(Special to The Times-Star.) Fredericton, Oct. 9.—W. J. Glen, manager of the Victoria Mill in this city for Fraser Companies, Limited, had a narrow escape from death late Wednesday night, when his car was struck on the C. N. R. crossing at the end of the railway bridge by a freight train.

The front of the car was smashed out of shape and the driver thrown into the air. He was sustained by cuts and bruises.

Mr. Glen was taken at once to a hospital here, where he is recovering from his injuries. He was able to attend to his duties as usual, none of his injuries proving serious.

HALIFAX ALSO HAS STATION PROBLEM

C. N. R. Official Says Temporary Structure Must Serve For Present.

Halifax, N. S., Oct. 9.—James C. Dalrymple, vice-president of the C. N. R., yesterday said that the Government had too many necessities to use for its money to spend any on "ornaments" and that the present temporary station at the south end terminals would have to suffice for a while longer. It was not very attractive, he said, but serviceable, and it would be put in better condition.

He forecast a heavy steamship traffic in the Port of Halifax this winter and said that all cattle accommodation out of this port to England had been spoken for, also that the Halifax grain elevator would be used to its fullest capacity. He left Halifax last night on the St. John train.

LABORERS OPEN ELECTION CAMPAIGN

London, Oct. 9.—The conference of the parliamentary Labor party, begun yesterday morning just before the opening of the momentous House of Commons session which resulted in the defeat of Great Britain's first Labor government, was continued today, when it was turned into something which resembled a joyfest and an enthusiastic election campaign meeting.

When Attorney General Hastings arrived at the conference, the delegates arose in mass cheered for several minutes and sang "The Red Flag" with whole-hearted lustiness.

The conference decided to abandon, in the light of yesterday's developments, the unimportant points in the agenda and to deal with the others as a part of the election campaign.

Prince Says Au Revoir To West

Vancouver, Oct. 9.—It was "Au revoir" not good-bye, that H. R. H. the Prince of Wales, waved from his private car at Balmoral as his special train pulled out of the C. P. R. station yesterday.

"I have enjoyed myself throughout and thank you all for my good time. I'm coming back again two years hence and I intend to stay longer." This was the message he gave Mayor Owen as he shook hands with the city fathers on the station platform. Next year he is going to South Africa. There was a tremendous crowd at the station.

CHANG REPLIES TO CONSULAR WARNINGS

Peking, Oct. 9.—(United Press)—General Shang Tso Lin, replying from Mukden to the warning of the consular corps not to allow the lives of foreigners in Peking, said that if the diplomats could persuade President Tsao Kuo to leave the capital, there would be no occasion for their lives to be in danger.

PORTSIDERS WILL HEAVE TODAY IN SERIES CONTEST

Nehf and Zachary Picked to Hurl in the Sixth Battle.

CRUCIAL GAME

Win for Giants Will Mean Series—The Weather is Favorable.

(By Canadian Press.) Washington, Oct. 9.—Cloudless skies with a temperature just a little shy of warmth to make it comfortable for either players or spectators was the weather setting in prospect this morning for the world's series game today between the Washington Senators and the New York Giants.

Grogg and cut up, Kid Washington, champion of the American League engaged in a battle with the champion of the National League, for possession of baseball's fairest prize, the World's Championship, in home duty to expire or to fight to win another.

Roger Peckinpaugh, veteran shortstop whose absence from the contest was again sharply felt in the Giant 6 to 2 victory yesterday, will make a heroic effort to get back today to help his club, which, if won by the Giants, will end the series at four games to two but which would be but a matter of minutes necessary if Washington wins.

Manager Harris, immediately after yesterday's battle, won the toss and Washington was awarded the seventh game of the series for three days.

During the storm of Chance Harbor, N. B., on August 26 he was forced to throw over part of his provisions to keep his craft from sinking. By going rapidly for about an hour, Smyth said, he saved the canoe from being dinged.

George Smyth Reaches New York After Paddling 1,350 Miles From Sydney

New York, Oct. 9.—A sun-tanned Canadian voyager came unheralded to the barge office at the Battery here yesterday.

Forty-two days ago George Smyth, of Toronto, 33 years old, left Sydney, C. B., in a 16 foot open canoe. He paddled 1,350 miles in salt water and claims to have set a record. The last was performed on a wave.

Only one mishap occurred during the trip. This was when the canoe was overturned by a wave as Smyth was trying to make a landing in a cove. Severe storms were encountered during the trip, Smyth said, and he was injured yesterday when the House of Commons was called to order at 3:30 p.m. The Labor members cheered loudly as MacDonald entered and took his seat.

The Prime Minister looked tired after last night's trying session, but his fighting jaw was set, as he arose to speak, announcing the date of the general elections.

The King has consented to dissolution of parliament, the Prime Minister announced.

London, Oct. 9.—(By Canadian Press.)—King George, waited on by Premier MacDonald this morning following defeat of the Government in the House of Commons last night, agreed to the dissolution of Parliament.

Mr. MacDonald left Buckingham Palace at 10 o'clock and lasted an hour. It was officially announced that he has asked the King for the dissolution of Parliament in line with his previously announced policy of appealing to the country through a general election to approve the course pursued by his Government.

It was understood that the question of the resignation of the cabinet was not touched upon at the conference at the palace.

In informing representatives of the press, after he had left the King, that dissolution had been decided upon, Mr. MacDonald said "I am sorry events have turned out as they have, but every one knows that the situation is not one of the government's seeking but has been forced upon it. Personally I should have been very glad if the Labor government had been allowed to carry on its policy, a policy which I maintain has been of the best policies and of the promotion of the interests of the commonwealth."

The Premier said the government would have preferred to have saved the country the expense of another general election but, shrugging his shoulders he added: "That is the situation and there it is."

Mr. MacDonald, after leaving the palace returned immediately to No. 10 Downing street, for a cabinet meeting. As he made his way into the narrow street, a huge crowd which had assembled in front of the Prime Minister's residence roundly cheered him and there were shouts of "good old man."

Government Defeated. London, Oct. 9.—The Government's defeat last night came in the form of the passage, by a vote of 864 to 198, of a Liberal motion demanding investigation of Attorney General Hastings' withdrawal of prosecution in the case of James Campbell, acting editor of the Communist Workers Weekly, who (Continued on page 2, column 8).

Entire Family Killed

This is just a sample of what happens when an automobile runs into a speeding train. Five persons, or an entire family, were killed when this machine did it near Chattanooga, Tenn. The dead are R. H. Webb, his wife and three children.

6 KILLED IN CRASH

Wife of Colombia Minister Among Victims of Train Wreck.

Rome, Oct. 9.—Madame Walsano Watta, wife of the Colombian Minister to Italy was killed and Mde Calderon List, wife of the Colombian Minister to France was slightly injured yesterday when the Paris express was wrecked at Santa Margherita, near Genoa.

Five other persons in addition to Madame Watta met death, while 15 or more were injured. In the latter group were Miss Hestel Davis, Madame Kerr, Madame First and A. R. Hauxhad, the nationalities of whom have not been reported.

Today's Line-up

Washington, Oct. 9.—The probable line-up for today's game in the world's series is as follows:

WASHINGTON: McInerney, CF; Harris, 2B; Rice, CF; Quinn, LF; Judge, 1B; Bluege, 3B; Peck, SS; Ruel, C; Zachary, P.

NEW YORK: Lindstrom, 3B; Frisch, 2B; Young, RF; Kelly, 1B; Neusel, LF; Wilson, CF; Jackson, SS; Gowdy, C; Nehf, P.

Umpires—At plate, Klem; first base, Dittmer; second, Quigley; third, Connolly.

LEAPS TO DEATH

Woman Springs From High New York Window After Evading Rescuer.

New York, Oct. 9.—An unidentified woman leaped from the tenth floor of Aoolian Hall, West 42nd street, to the foot of the six-story Central building, and was instantly killed. In her purse the police found \$840, a card bearing the name "Mrs. Oscar, No. 68 Nelson Place," and a return ticket from New York to Newark.

Erich Wakaryk, a window cleaner, was at work on the outside of a window next to the corridor of the building when he saw a woman's foot come through the window just as he reached it, and he made an unsuccessful grab for her skirt.

Wakaryk climbed in the window and rushed to the corridor in an effort to save the woman. She was disappearing through the window just as he reached it, and he made an unsuccessful grab for her skirt.

Weather Report

Synopsis—Pressure continued high over the Great Lakes, while the depression which was over Colorado yesterday has moved quickly northward to Manitoba.

Another depression has developed off Nova Scotia. Rain has fallen in Manitoba and the Maritime Provinces, snow falling in the morning in the vicinity of Calgary. Elsewhere the weather has been fair.

Gulf and North Shore—Mostly fair today followed by strong northeast winds, with heavy rain in most districts today and part of Friday.

Maritime—Strong winds and gales with rain in most districts today and part of Friday.

New England—Fair and continued cool tonight and Friday. Probably light frost in the interior tonight diminishing northwest and north winds.

Toronto, Oct. 9.—Temperatures: Lowest 44. Highest during Stations 8 a.m. Yesterday night 44. Calgary 40. Edmonton 26. Winnipeg 56. Toronto 42. Montreal 46. St. John 46. Halifax 52. New York 46.

St. John people have learned to use Times-Star rental ads. You will get prompt results if you take this convenient way of securing a desirable tenant.

CORONER EMERY TO HOLD INQUEST

The coroner A. E. Emery has decided to hold an inquest into the cause of the accident and death of Mr. Currie, who passed away in the General Public Hospital yesterday morning from injuries sustained on Tuesday afternoon while he was driving in Robtsey avenue on a motorcycle. The coroner is having a jury empaneled today and the inquest will probably be held early next week. He explained that an effort is being made to locate those who were in the automobile and who may or may not have been the cause of the accident. The coroner said he would have his jury view the body of Mr. Currie this afternoon. The members of the local detective department, as well as Provincial Constable Robert Crawford and County Constable H. A. Shortt, are still endeavoring to learn who was driving the automobile referred to in connection with the accident. They said they did this afternoon had not been successful. Sergeant Detective Power and Detective Biddicome expressed the opinion this morning that the accident did not appear to have been directly caused by the automobile. They said they had examined the motorcycle and the side car showed no signs of having come in contact with the automobile, but from the way the ditch was torn up and the fact that a section of the culvert was broken they were of the opinion that the motorcycle must have been traveling at a pretty good rate of speed and Mr. Currie must have suddenly applied his brakes when the automobile went to pass the wagon and in doing so the cycle swerved around and went into the ditch. They said they are still endeavoring to learn who was in the car, but find it almost a hopeless task, as no one is known to have seen who was in the car or took notice to the number plate. The detectives report that they had made an investigation of the accident, and had a conversation in the hospital with Allan Currie. He said he was seated in the side car of the motorcycle. They were driving on the right hand side of the Robtsey avenue when near Fernhill gate there was a horse and wagon ahead and an automobile following. They said they still endeavoring to learn who was in the car, but find it almost a hopeless task, as no one is known to have seen who was in the car or took notice to the number plate. The detectives report that they had made an investigation of the accident, and had a conversation in the hospital with Allan Currie. He said he was seated in the side car of the motorcycle. WANT PEOPLE TO EAT MORE FISH

Jas. Conlon Here Today on Campaign of the Maritimes. James Conlon, secretary of the Canadian Fisheries Association and editor of the Canadian Fisherman, arrived in the city, his old home, today from Montreal. He is conducting an advertising campaign through the maritime provinces to get the people to eat more fish. The Dominion Government is bearing half of the expense and the association is paying the balance. He has conducted his campaign in Quebec and Ontario. He intends to go from here to Halifax and other parts of Nova Scotia, returning via the North Shore. Mr. Conlon said that the organization of the Canadian Fishermen's Association had been completed with G. W. Norcross, president of the Canadian Steamship Company, as president. He said that Stanley E. Elkin of this city was managing director. The company was building a plant at Pointe St. Charles and expected to have it in operation on Jan. 1. The company planned to produce artificial fish. A large contract, he said, had been secured from a company that intended to supply the householders in Montreal. CALLS ON ALL TO ACCEPT UNION

Resolution Before Presbyterian Synod at New Glasgow. New Glasgow, N. S., Oct. 8.—A lengthy resolution, the effect of which was to call upon the maritime Presbyterians as a whole body to accept the policy of church union since the majority had decided to unite and the movement had received parliamentary sanction, was presented by the church union committee to the Maritime Presbyterian Synod yesterday and was adopted by a vote of 194 to 1. The resolution provided a topic for the discussion of only one hour necessitated a roll call. That one read as follows: "That inasmuch as the action of our church to enter the united church has been taken in a thoroughly regular and constitutional manner and is supported by a very large majority of the ministers and people, the synod believes it to be the duty of the minister of every church, together with all its elders, members and adherents of our congregations, to accept this as the final decision of our church." Rev. Robert Johnston, leading the opposition to the union, advised the synod to refrain from answering the roll-call. Mr. MacKinnon, moderator of the General Assembly, pointed out that silence in this case indicated acquiescence and the roll proceeded with the result stated.

RESOLUTION BEFORE PRESBYTERIAN SYNOD AT NEW GLASGOW

Mr. Johnston, leading the opposition to the union, advised the synod to refrain from answering the roll-call. Mr. MacKinnon, moderator of the General Assembly, pointed out that silence in this case indicated acquiescence and the roll proceeded with the result stated.

SUGGEST KAHN AS HYLAN OPPONENT

Politicians Promote Idea of Noted Banker Running for Mayoralty. New York, Oct. 8.—New York political circles are keenly interested today over a report that Otto H. Kahn, international banker and philanthropist, may be invited to run on the reform Republican ticket for the office of Mayor of New York against John F. Ryan in the next city election. It would be made for the "reform vote" of both the Republican and Democratic parties in this city. Mr. Kahn said he knew nothing about the plan, that no word of it had been communicated to him, and in the absence of any such knowledge, he was not in a position to discuss the report one way or another.

WILL BE BIG NIGHT FOR WAR VETERANS

Excellent Program of Carleton G.W.V.A. Arranged for This Evening. The committee in charge of the Carleton branch of the Great War Veterans' Association have completed all arrangements for a smoker and card party to be held in the Masonic Hall, West Side, tonight at 8 o'clock. The president, James Gilbert Hart, will preside and the following programme will be carried out: Address by His Worship Mayor Potts; Saxophone solo by Cedric Flewelling; Address by Rev. Father Lockary, provincial president of the G. W. V. A. Song by William Lanyon. A musical anything and everything by Messrs. Mayes, Wilson, Flewelling and Ellis. Auction bridge and auction fireworks. Refreshments. The entertainment will be given by the executive of the branch which consists of J. G. Hart, William Lanyon, H. C. Cochran, Alex. V. Wright, Frank M. Hamm, Robert Smith, J. S. Williamson, George Henderson, Curtis Wills and Lawrence Harding. Earle Logan is chairman of the committee in charge of the entertainment and Leonard Wilson and Fred Mayes have charge of the musical end of it. Members of the local legislature, city commissioners residing on the West Side, medical doctors from the West Side, Hon. J. A. Barry and Capt. Mulcahy, representing the Navy League, S. C. Tipples, president of the city branch of the G. W. V. A., and Alex. MacMahon, its secretary, have been invited. The out of town guests are Rev. F. M. Lockary, Herbert Priestman and Leonard Wilson, secretary-treasurer of the provincial association. In addition to these, all ex-service men residing in West St. John, are invited.

Indian Tree Pattern

LOCAL NEWS

GIVEN SHOWER. About forty friends of Mr. and Mrs. E. E. Jennings, 183 Winslow street, and tendered them a lovely shower. Many beautiful gifts, including cut glass and silver were received. The evening was pleasantly spent in games and music. Dainty refreshments were served by the hostess.

YOM KIPPUR ENDS. The Jewish fast of Yom Kippur, which concluded last evening at sunset, was observed by the local Jewish community with fasting, prayer, and special services. It is the day of atonement on the Jewish calendar and commenced on Tuesday at sunset. Rev. O. Mendelblatt conducted the services in the synagogue, with large attendances.

BOSTON SERVICE. The last sailing of the steamer Governor Dingley from here this season will be on Nov. 1 from this port. A. C. Currie, local representative of the Eastern Steamship Company, said this afternoon. Referring to the report that a new freight steamer may be placed on the route Mr. Currie said that this matter had not been definitely decided as yet but the prospects looked doubtful.

COAL CASE. Edward Greer was summoned to court this morning to answer a charge of stealing coal from a car on Forest street. Two juveniles were also summoned but did not put in an appearance and the case was set aside until tomorrow morning. The defendant was asked if he was guilty and he did not stear any coal. Sergeant Detective Power said that he expected to be ready to go on with the case tomorrow and the defendant was remanded to jail. The coal was the property of the General Public Hospital and the amount said to have been taken was valued at \$2.

Tailored Lines. Occasionally one sees a very smart suit on tailored lines, short-coated and double-breasted, with a bit of leopard or panther about the collar and cuffs. Tunic blouses of the sport type, with pleated bosoms and round necks, are being shown. They have the wide leather belts that are so very popular with slender folk.

IN MEMORIAM. YEOMANS—In loving memory of our dear brother, Bruce M. Yeomans, who departed this life Oct. 2, 1921. Patient in his sufferings. When no hand could give him ease, God, the Helper of the helpless, Saw his grief and sent him peace. MOTHER.

YEOMANS—In loving memory of our dear brother, Bruce M. Yeomans, who passed away Oct. 2, 1921. DEAREST LOVED ONE, we have laid thee in the peaceful grave's embrace, But thy memory will cherish us, Till we see thy heavenly face. SISTERS AND BROTHERS.

HANSON—In loving memory of our dear son and brother, Earle Hanson, who went to rest Oct. 1, 1921. FATHER, MOTHER, BROTHER AND SISTERS.

CARD OF THANKS. A. B. Osborne and family acknowledge with grateful appreciation the kind and generous services of the nurses of the General Public Hospital in the illness and death of L. A. Osborne.

EEN'S DINING HALL. King Square. BREAKFAST 1/2 a la Carte DINNER 60c SUPPER 30c Noon 12-2:30. P.M. 5-8 12-27-1924

BOYS ESCAPE FROM FREDERICTON HOME

Were Being Held in Theft Matter—R. S. Barker is Bother. (Special to The Times-Star.) Fredericton, Oct. 9.—John A. Howell charged with the theft of a motor car, is to appear before Judge Slipp of the York County Court for speedy trial October 11. R. S. Barker, official secretary to His Honor, the Lieutenant-Governor, has been charged with the theft of a motor car. He is reported to be considerably improved but not able to leave his bed. Two boys, 10 years of age, escaped from the Children's Aid Home until Saturday, for homes in the county, try to be provided for them before Saturday, broke out of the home Wednesday evening after being there a few hours. One youngster was captured by the police. He said that the other had gone to the country. As both are charged with theft, sentences in the Boys' Industrial Home are hanging over them.

Z-R-3 TO START FOR AMERICA SUNDAY

Last Trial Flight is Completed—Crowds Expected Start Today. London, Oct. 9.—(United Press)—The Z-R-3 will leave Friedrichshafen, Germany, for America, Sunday morning, in an Exchange Telegraph dispatch from Amsterdam, said today. No reason for the postponement of the flight, which is being made for today, was given. Hundreds of persons of all nationalities gathered at Friedrichshafen to witness the departure of the giant dirigible were disappointed at the delay. (United Press)—The Z-R-3 made a short trial flight over Friedrichshafen today, in anticipation of her flight to America, according to a message received here at noon today. Tests were made of the motor and other apparatus and it is unlikely that the flight will be postponed after the trans-Atlantic voyage.

2 AIRMEN KILLED

Eleven French Airplanes Wrecked During Severe Wind Storm. Paris, Oct. 9.—Two army aviators were killed and 11 airplanes wrecked in a series of accidents caused by a terrific wind storm yesterday which caused the sudden cancellation of army air manoeuvres intended to be held over Versailles. The two airmen were killed in a short fall over LeBourget a minute after they had taken off with their squadron.

CLERGYMAN FLEES

Is Escorted to Station by Policemen After Crowds Surrounds House. Hackensack, N. J., Oct. 8.—The Rev. Father Antonio Gulo Lenas, who came to Hackensack eight years ago and established the Church of St. Antonio di Padova, Independent Catholic, has quit this city. He was escorted to the trolley for New York under guard of two policemen. It is not believed he will return. His parishioners stood by him in several controversies, but they have been convinced by Mayor S. D. Baldwin and Chief of Police O'Shea that his rumored marriage to Rose Mancini, a member of his church, was a fact. A copy of the wedding certificate from the participating Justice, William A. Boyd of Manamoochee, N. Y., has been produced. In spite of this the priest denied the marriage. The young women disappeared after admitting the marriage to the priest last December. The trustees, headed by Alfredo Cinquegrani, the president, on Thursday gave the priest five days in which to prove his denial of marriage, but at another meeting on Friday decided that Father Lenas must quit on Sunday and get out of the parsonage. The church was padlocked to prevent his entering, and so was his house. At 7:30 o'clock Monday he awoke to find a crowd in front of his house and he telephoned to police headquarters. He said he feared he was to be attacked. The frightened priest was surrounded in a taxicab by some of the cops and two policemen from New York on the trip to the Hudson River trolley for New York. Father Lenas had been suspended by the Roman Catholic church and was not recognized by Bishop O'Connor of the Newark diocese, so he formed a branch of the Independent Catholic church.

ONE FOR RADIO; THE OTHER FOR MOVIES

Now They're in the New York Court in Action for Divorce. New York, Oct. 9.—A. B. Keve appeared before Justice David S. W. H. Heymann, on behalf of Mrs. Clara H. Heymann, and asked for an alimony of \$750 a month for herself and a typical movie fan, while her husband was 26 and a "regular" radio buff. Mr. Heymann, said his wife's counsel, "would spend every evening listening in on the radio and would never take his wife to the movies along with him." One evening she pulled the plug out of the radio and said she was last for that you shouldn't go to the movies tonight, whereupon Mrs. Heymann retailed cutting out of business. He said that he would not live with her any more and that he was last for that you shouldn't go to the movies tonight, whereupon Mrs. Heymann retailed cutting out of business. He said that he would not live with her any more and that he was last for that you shouldn't go to the movies tonight, whereupon Mrs. Heymann retailed cutting out of business.

PERSONALS

Dr. Otto Nae returned today from Ridgfield, Conn., where he has been visiting his brother, M. H. Nae. Mr. H. Friddle, 20 Simonds street, who underwent an operation in the General Public Hospital, was reported to be making a complete recovery. Mrs. Margaret Cougle, of Fairville, has been visiting in Boston, has returned home. Mrs. Blake Ferris, the well known soprano, left yesterday morning for Lowell where she will take part in a series of concerts which have been arranged by Rev. Mr. Hatfield. W. G. Pugsley, of Ottawa, was at the Mount Royal Hotel on Wednesday. Mr. Verne Redmond, a prominent Halifax business man, came to St. John last evening. Mrs. J. A. Blanchard and two children of Moncton will be passengers on the Anchor-Donaldson Line S. S. Athena, sailing from Glasgow on October 10. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, arrived in the city this afternoon on the part of Chief Blake of the department, will be pleased to learn that he is convalescing after his serious illness. James Myles and wife returned today from the west, where they have been visiting their daughter.

ANOTHER SHIPMENT JUST ARRIVED

Those who come early Friday morning can secure a beautiful Willow Rocker or Chair like illustration for only \$1.00 down and the balance in small monthly payments. WEDDINGS

Wood-McKinney. A pretty wedding will take place this evening at 8:15 o'clock in the Queen Square Methodist church when Miss Edythe May, daughter of Mr. and Mrs. W. V. McKinney, of this city, and John Albert, son of Lorenzo Wood, of St. Martins, will be united in marriage. Rev. Neil MacLaughlin officiating. The church has been very attractively decorated with autumn leaves and berries by friends of the bride. The ceremony will be performed under an arch trimmed in the same manner. The groom is manager of the register William McCowan while the bride was formerly employed with R. C. Elkin, Ltd. The bride will be attended by her sister, Miss Margaret McKinney while Carl Connon will act as best man. The bride will be attired in a tailored suit of navy blue tulle with golden brown Abbot hat and a fox fur, the gift of the groom. She will carry a bouquet of Ophelea roses. The bridesmaid will be dressed in apple green Canton crepe with hat to match and will wear a fox fur. She will carry a sheaf of Gladioli. During the signing of the register William McCowan will sing "Because." Many beautiful and useful gifts received testify to the popularity of the young people. On account of the serious illness of the bride's mother, a honeymoon trip to Upper Canada, which was planned, has been postponed. Mrs. McKinney was taken seriously ill two days ago. (Continued on page 5, first column)

Sue Householders For Snow Removal

Quebec, Q. Oct. 9.—About 1,000 householders or tenants who have not yet settled their accounts with the city for snow removal last winter will be haled into the recorder's court next week, beginning on Monday morning, and will there be assessed the amount of the account, plus the costs of taking the case to court, it was declared by the comptroller of the city of Quebec and its treasurer.

Canadian Delegates To League Returning

Ottawa, Oct. 9.—Hon. E. M. Macdonald, Minister of National Defence who has been representing Canada together with Hon. Roush Dandurand, will sail for Canada on October 22, according to information received here. Senator Dandurand who is still on the continent will sail for home shortly after Mr. Macdonald.

Expect Premier to Address Teachers

Moncton, N. B., Oct. 9.—Hon. P. J. Veniot and Hon. Fred Magee are expected to address a public meeting here this evening in connection with the united teachers' institute of Kent, Albert and Westmorland. This morning Vice-President Dickson gave the opening address. Inspector F. A. Digney, A. R. Slipp and F. G. Richards spoke. A BIT STORMY. Up to noon today about eight-tenths of an inch of rain had fallen here, according to report from the Observatory, Douglas avenue. The indications are for continued bad weather.

THE EVENING TIMES-STAR, ST. JOHN, N. B., THURSDAY, OCTOBER 9, 1924

SAV DISTRESS NOW WORST SO FAR MET

Unemployment, distress and poverty during the summer and at present in St. John were more prevalent and presented a more pressing problem than had been the case in the corresponding period in any other year since the Associated Charities had functioned in the city, it was stated yesterday at the meeting of the Associated Charities in the Bible Society rooms, Germain street. W. Shiver Fisher, president, was in the chair and each member present corroborated the statement with regard to serious conditions of poverty.

While building operations in the city have brought a certain amount of employment the work has been chiefly for skilled men and has had no effect in lifting the burden of the old and the unfit. Many cases of wives receiving an entirely inadequate contribution from husbands away from the city and many cases where ill health has incapacitated the bread-winner were reported at the meeting.

In the face of these stern realities the society found that its funds had been entirely depleted and for the first time in its existence it was carrying a deficit. Means of appealing immediately to the public for support were discussed and it was felt that action must be taken without delay. The raising of a newspaper fund was a suggestion that met with the approval of the members.

A gift of \$23.40, being a portion of the collections taken at the Sunday services of the Ketchep-Morins summer community, was received yesterday afternoon and came most opportunely. During the year a bequest of \$100 from the estate of Lady Barker and the receipts of the Mark Hambourg concert had augmented the funds to some extent.

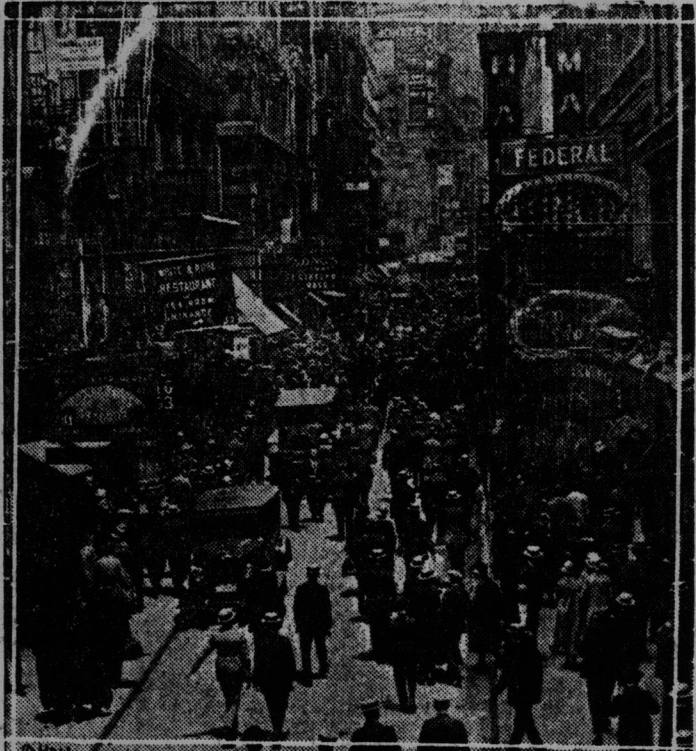

Miss Grace O. Robertson, secretary, gave the statistics of summer work as follows:

Applications received, 283; requests for employment, 29; employment was secured, 22; recommended, 39; records given, 22; seeking relief, 26; relief was procured for 21; visits made, 386; clothing was given to 13; cases investigated, 14, and asking for transportation, 3.

With reference to the number of those seeking relief being given as 26, it was pointed out that that was the number which could not be handed over to other organizations and was seeking relief directly from the Associated Charities. Practically all of the 283 applications received were applications for relief in some form or other and in the majority of cases the secretary was able to hand over the applicant's plea to some other society, some church or the civic authorities.

Arrangements were made for holding the annual meeting some time early in November.

THE END OF A PERFECT DAY

The sidewalks are always too small to care for the large crowds in Nassau street, lower New York, when the five o'clock whistle sounds going home time.

SCHOONER HELD BY CUSTOMS MEN

Chatham, Oct. 8.—The two masted schooner Anala B. M., with 100 cases of liquor aboard is being held here by local customs officers. At the time the vessel was discovered by Excise Officer Stewart and Collector of Customs Watt, she was lying in a small cove some distance below Chatham and on the opposite side of the river. The schooner's captain, Dominique LeBlanc, claimed that he had come in to report. He said that his vessel was in distress outside the day after his compass had been broken. Both vessel and crew will be held until the matter is thoroughly investigated.

NEW PRESIDENT OF KING'S COLLEGE

Rev. A. H. Moore, who was recently elected president of the University of King's College, Halifax, will take over his new duties this week. Rev. Mr. Moore was born in the Eastern Townships and educated at Bishop's College, Lennoxville. He has had an active and varied career. While in his undergraduate days he established "The Mitre" as a monthly magazine and it is now the official organ of the university. Fourteen years ago he went from Stanstead, where he was rector for nine years, to St. John, Que., as rector of that parish. Twelve years ago he established "The Montreal Churchman," a monthly magazine, which he has edited ever since as the official organ of the diocese of Montreal. In the recent number of that journal, the Bishop of Montreal pays a feeling and most laudatory tribute to Mr. Moore's ability, fairness and literary merit.

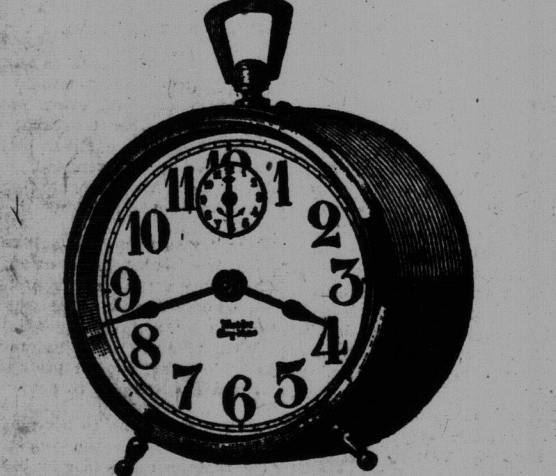

KNOCKED DOWN BY CAR
A man was knocked down by an automobile last evening at the corner of Clarence and Prince Edward street, but was uninjured. The man and his wife stepped off the sidewalk almost under the car wheels and only the prompt action of G. W. Parise, who was driving in applying the brakes, prevented a fatality.

FACE TERRIBLE FROM PIMPLES
And Blackheads, Irritation Intense, Cuticura Heals.

"I suffered terribly with blackheads and pimples. The pimples were large, festering and scaled over. They burned causing intense irritation. After washing my face the scales would fall off causing eruptions. I had to discontinue with all pleasures because my face was terrible. "I tried numerous remedies but all failed. I began using Cuticura Soap and Ointment and after using one box of Ointment and one cake of Cuticura Soap I was completely healed." (Signed) Miss Felicia E. Smith, 471 E. 46th St., Cleveland, Ohio.

Cuticura Soap, Ointment and Tablets are ideal for daily toilet uses. Sample Book Free by Mail. Address: Cuticura Sales Department, P. O. Box 102, Station St., New York, N. Y.

Westclox

For time around the house

SEVERAL clocks around the house save many steps. Time passes in every room in the house, yet many homes have it recorded in only one place.

Convenience and necessity considered, Westclox are about the least expensive items of house furnishing you have to buy. So at least have one in the bedroom and one in the kitchen. One to call you in the morning, and one to time the meals and other household work.

When you find out what a convenience two are, you will want them in other rooms. Westclox are made in several styles and prices. Let the name Westclox on the dial be your guide.

SLEEPING CAR SERVICE HALIFAX AND ST. JOHN

Travelers will do well to note that under C. N. R. time table effective Sept. 28th the night train Nos. 9 and 10 between Halifax and St. John are discontinued. A sleeping car for Halifax is, however, attached to train No. 20 leaving here at 6:15 p.m. for Truro. This car is picked up at Truro by train No. 9 from Sydney and carried through to Halifax, arriving at 8:45 a.m. As No. 8 does not leave Sydney on Saturday night, the sleeping car will only run from here on Monday, Tuesday, Wednesday, Thursday and Friday. Passengers should make berth reservations in advance.

A standard sleeper for St. John will leave Halifax on train No. 1 Maritime Express at 8:30 p.m. This car will be transferred at Moncton to train No. 411, leaving there at 11:30 p.m. daily except Sunday for St. John, arriving at St. John 8:50 a.m. Passengers may remain in car until 8:00 a.m. 10-12

The dinner that failed

PERHAPS you, too, have realized, in thinking about last evening's dinner, that things did not "go smoothly" because you lacked silverware essentials. It is quite unnecessary thus to be annoyed, for in 1847 Rogers Bros. Silverplate you can provide easily and reasonably the half-dozen of pieces you lack. Notice, particularly, the niceties of the table setting—bouillon spoons, salad forks, ice cream forks, serving pieces. They make every dinner more pleasant. Their beauty and durability are unsurpassed.

Dealers throughout the Dominion carry "1847 Rogers Bros."

May we send you a copy of our booklet, "Etiquette, Entertaining and Good Sense"? Its illustrations of table settings are authoritative to the last degree. You will find it full of suggestions for successful entertaining. Write for it to-day, Meriden Britannia Co., Limited, Hamilton, Ontario.

ST. JOHN, N. B., OCTOBER 9, 1924

AN ELECTION IN BRITAIN.

Political events are moving swiftly in Great Britain. His Majesty this morning assented to the Prime Minister's proposal for a dissolution of Parliament following the Government's decisive defeat on a vote of confidence motion in the House last night.

A London cable gives October 29 as the date of the general election—that is less than three weeks from today.

The vote which forces the Government to the country, and in which Liberals and Conservatives united against Labor, stood 364 to 198. The immediate cause of the Government's fall was the administration's failure to prosecute James R. Campbell, acting editor of the Workers' Weekly, who was charged with inciting His Majesty's forces to sedition.

Lloyd George said a short time ago that any one who wanted a third general election within two years ought to be locked up, but here comes the third one with a rush; the Liberals did not want it, but could not decently assume the responsibility of preventing it by standing by the Ministry on either the sedition issue or the Russian loan.

What will the election do? It promises, as viewed in advance, to give none of the three parties a majority over the others.

At dissolution the strength of the parties in the House stands: Conservatives, 237; Labor, 198; Liberals, 158.

HELPING OURSELVES.

Comment on Maritime conditions by the Montreal Gazette becomes more reasonable of late, and at times it even has a touch of benevolence; but it still lacks forthright recognition of the truth that we are, as partners in this Confederation, justly entitled to more consideration, more justice, from Central Canada, and that there can be no well-rounded and contented Dominion until we get it.

There is no objection to the Gazette telling us that we should help ourselves, which we have always done, are now doing, and are proposing to do in greater measure; but the Gazette, in offering us that advice on behalf of the other provinces, must remember that to tell people to help themselves while their hands are tied is rather futile counsel. And our hands, to some extent, are tied by reason of the undue advantages which some parts of Canada enjoy by comparison with this section of the country.

We envy no other part of Canada its success or its progress. We hail with satisfaction evidence of prosperity in any part of the Dominion. What we

ask is that we may be enabled to pull as powerful a stroke as any in the Canadian boat; if we are to do so we must have ours as long as the others; we must share equally in all advantages as the provinces derive from the central government; we must have from the rest of Canada recognition of our rights and our needs, and action in accord with that recognition.

In the matter of transportation and port development, railway rates, immigration, and access to markets, regardless of politics, the Maritimes are not asking for favors but for the equality of opportunity which in justice must be accorded, and without which we, and the whole country, ultimately, must suffer unnatural difficulty and loss.

That we shall rely in great measure upon ourselves, that we recognize fully the virtue of self-reliance, need be doubted by none. As an instance of our disposition in this connection, it may be noted that the port of St. John has done more for itself than the port of Montreal—more through the faith and the direct expenditure of its own people. Other instances are not wanting. But we do not forget that, by the pledges of both parties, the Maritimes, when they contributed their full share to great railway enterprises, were to see Canadian traffic kept in all-Canadian channels. The Maritimes want that pledge lived up to in reasonable fashion. They know it would benefit them; but they know, moreover, that it would mean greater unity and prosperity for all Canada. Who doubts it? They know that a good tariff is one that meets Maritime conditions and Western conditions as well as conditions elsewhere in Canada.

AN AMUSING "BREAK."

The Republicans are finding it hard work to live up to the slogan "Keep Cool With Coolidge." Even the President, described by admirers as imperturbable, has been having trouble in preserving an unflinching temper. The biggest slip in the Republican column of late has been Mr. Wilbur, Secretary of the Navy. Some of the campaign strategy board carelessly assumed that because Mr. Wilbur was in the cabinet he must be a safe and effective declensioner orator, and he was turned loose and told to fire when ready. After he began to fire, Republican managers on that part of the front where he first appeared telegraphed Washington that the Secretary of the Navy was not only firing on his own ships but was killing the wounded on his own side. They demanded that he be torpedoed before he elected the Democratic tickets in several states which his utterances had shaken. It is related that he returned to Washington part way by airplane, and that he has since been as still as a fly in amber.

But he was not arrested in time. He had already done great damage. Throughout a great section of country all but the Republicans were laughing; even some Republicans laughed; the others cried bitterly. It appears that copies of a speech Mr. Wilbur was to deliver in Denver fell into Democratic hands and was published. That publication stopped the Secretary in mid-career, but not before he had made some speeches. The Denver speech was found to contain an eulogy of Woodrow Wilson and the conduct of the war under Democratic rule. In it the orator expressed regret that the United States Senate had not ratified the treaty of Versailles. In fact, much of that speech might well have been made by Mr. Davis. In the mouth of a Republican cabinet officer it sounded like lunacy or treachery. And Democratic publication of it was as bad or worse than if Mr. Wilbur had succeeded in reaching Denver and delivering it there.

Before they caught up with him he had astounded Republicans in border states like Maryland, Tennessee and Kentucky by declaring that the chief issue between the two old parties was the negro problem, and the fashion in which the colored folk the treated by the whites in the South. In short the fashion in which Mr. Wilbur shot his party to pieces during the short time he was at large is thought to beat all records.

What Mr. Coolidge said to the Secretary when the disturbing element was brought back in captivity to Washington will never be known. And because it is so the loss to a humorous world is indeed great. The Republicans, of course, are not alone in their troubles; the other parties have them a-plenty. But from the outsider's point of view no contribution to the campaign sticks so like that of Mr. Wilbur. Hide his diminished head as he may, he has won a more than national reputation.

Not so long ago Paris was the saddest city in all the world. It is galety. And Paris, in seeking amusement, has turned strongly to the circus. A Paris correspondent writes:— It is to be remarked, on the opening of the new season of amusements in Paris, that there are now no fewer than five circuses, and this is remarkable when one remembers that London cannot even support one circus. There has been in France of recent years a revival of this form of entertainment. The Parisian cannot have enough of it. Each of the circuses, however, is full every night. The spectators, too, are not children, but there is always, in the time-honored flocks of the clown, and indeed the most famous figures in the French capital at the present moment are the three Fratellini, a combination of clowns which has been written about time after time in almost every newspaper.

What is several cents higher in Winnipeg than in Chicago, says the Toronto Globe. "If the United States grower still thinks the wheat tariff helps him he is beyond the help of reason."

Press Comment

THE RESULT OF GENEVA.

The peace and arbitration protocol at Geneva, as amended to placate the Japanese delegates, scarcely justifies alarmist tone of some of the dispatches. The protocol would have been more consistent without the amendment, which was an expedient to persuade Japan to withdraw her "express reserves" to the whole plan, but was practical effect of the change has been exaggerated beyond reason by opponents of the League of Nations.

It would have been fatal to the arbitration scheme, probably to the league itself, if we proposed to make non-justiciable disputes—questions not covered by international law, such as national immigration policies—within the jurisdiction of the World Court. The League Assembly has avoided that blunder. Japan desired greatly such an amendment, but the authority of the Court, but did not venture to fust the sentiment of the Assembly by making the demand.

The amendment which she accepted is something very different indeed. Article 6 of the protocol, the subject of the Japanese protest, defines an aggressor nation of the World Court that a dispute lies a domestic one and heretofore outside the Court's purview still maintains its right to go to war. Such a nation would be controlled by all members of the League, who would consider ways and means of restraining it, by force or otherwise. Japan envisaged the situation in which she might be branded as an aggressor by the whole League, without any prospect of aid beyond the Court. Her delegates made no mention of immigration, but it was no secret that the League was to be stung by the sting of recent legislation at Washington still a smarting, had in mind the contingency of some future diplomatic conflict over the treatment of Japanese by foreign countries. Despite her objection Japan signed the arbitration agreement with Article 6 intact. The amendment to the protocol, which is the object of so much excited comment, merely gives any member of the League the right to appeal to the Court against it on the ground that the case is non-justiciable. The amendment to the League Council "for amicable intervention looking toward a solution." The Council does not take the place of the Court—it is expressly forbidden to usurp the Court's functions. All it can do is to mediate between the disputants so as to try to prevent war.

This compromise, which ensured Japan's assent to the protocol, perhaps saved the arbitration plan and the project of a disarmament conference, of little substantive of the purpose of the Assembly that it was anticipated in the League Covenant, Article 11 of which permits any member of the League to bring to the attention of the Council or Assembly "any circumstance whatever affecting international relations which threatens to disturb international peace or the good understanding between nations upon which peace depends." The same article obliges the council to meet and take action to safeguard the peace of nations when any war or threat of war appears on the horizon. The amendment to the Geneva protocol, therefore, does not go outside the four corners of the Covenant. Standing by itself it seems superfluous. It attracts attention at this juncture only because of the dramatic circumstances in which it was introduced. It came unexpectedly at a moment when the assembly thought it had finished its work and was congratulating itself on its achievement. It is likely that Japan deliberately chose that moment to make her "gesture" as impressive as possible. She has been enabled to save her face, which is most important to the Oriental than the Western mind. To that extent she won her point, though she gained nothing at all. This is especially unfortunate in the midst of a Presidential election in the United States, where advantage is being taken of the incident to enlist anti-Japanese sentiment against the pro-League policy of one of the great parties.

RETIRES ON PENSION OF \$190 A MONTH. Newport, R. I., Oct. 9.—Jeremiah O'Neil, chief water tender of Uncle Sam's Navy, a graduate of the days of wooden ships and iron men, has been retired with a personal letter of appreciation from the secretary of the navy. O'Neil put in 27 years of active service and three years in the reserve. In his retirement he will have a monthly pension of \$190 as a result of 80 per cent. or better on marks for conduct and efficiency during his career. Secretary Wilbur in writing O'Neil his congratulations wished him a long and happy further life of usefulness.

SULHAM WOOD. (E. M. A. Home in Toronto Globe.) Who dreams him now of Sulham Wood? Your Berkshire lad, I ween, On summer nights, beneath the stars, "He said the fairy quest? High revel holds in Sulham Wood, And truth it is, for I With mine own ears have heard the songs Of faeries flashing by. There have been those to Sulham Wood To beauty boasted blind, But every one—al, every one—Has left his heart behind; Behind among the silver birch, Among the broken wall, For Sulham Wood enchanted is And strangely magical.

BOY SCOUTS LOOK FOR GOOD SEASON

Members are Optimistic at Annual Meeting of Association.

That there were bright days ahead for Boy Scout activities in St. John was the general impression at the annual meeting of the St. John District Boy Scouts' Association held last night in the Natural History museum with Dr. L. DeV. Chipman, president, in the chair. There was every hope that organizers for the Cubs and Rovers, the junior and senior branches of the Scout movement, would carry on a vigorous campaign during the coming season and Harry Lister, field commissioner of the Dominion headquarters staff, who is to spend some time here, undertook to assist in every way possible, his offer being accepted with great alacrity.

Those present at the meeting, besides Dr. Chipman and Mr. Lister, were E. A. Sutherland, A. K. Harvie, F. D. Foley, J. Lawson, F. I. McCafferty, R. Sullivan, E. H. Murray, F. Chopin, H. Morrissey, H. DeV. Partridge, H. M. Hamm, J. Legate, C. E. Upland and L. L. Johnson, the district secretary.

Dr. Chipman read the report of the district commissioner, Mr. G. B. Peat, in the absence of Dr. Peat. The report struck a highly optimistic note and showed that scouting in St. John was forging ahead. The financial report showed a small balance on hand.

Hearty votes of thanks were extended to all who assisted the association during the last year. A nominating committee which will report later was appointed with the following members: Dr. Peat, Dr. Chipman, E. O. Thompson and L. L. Johnson.

Mr. Lister spoke of his special mission in St. John to promote scouting. When the organization of Cubs and Rovers was under discussion, Henry Morrissey was suggested as organizer of Wolf Cub Packs for the city and Lawrence MacLaren, as organizer for the Rovers. It is expected that these two will carry on the work suggested.

SAPPHIRES FROM QUEENSLAND ON LONDON MARKET

London, Sept. 29.—(Associated Press, by mail).—Large quantities of Queensland sapphires from the newly discovered mines of Queensland are being offered on the London market. The stones, which are extraordinarily large and of fine quality, were mined in the new district under government operation, and are being sold by the local representatives in London, also an innovation. The sapphire marketing by the gov-

ernment is the first attempt of the Australian provincial governments to carry out the scheme for wider government operation of resources and marketing of products. Before the war the sapphire industry in Australia was largely in the hands of Germans, whose representatives bought on the fields and sent their purchases direct to factories in Germany. As a result of post-war legislation which keeps foreigners, especially Germans, out of Australia, the Queensland government took control of the industry.

Legislation has been enacted which prevents independent miners from selling their product to any except the official government buyers, who assess the parcels and pay the miners fixed prices according to the established methods of grading. The experiment is said to have proved successful for the miners as well as the government. The miners have an immediate market and are given a far higher price than formerly.

The production of Australian sapphires diminishes yearly in spite of the opening of new mines. The annual production is now less than one-eighth of the world's output, while before the war it was about one-fifth.

Sapphires were first discovered in Queensland in 1876 and for a number of years there were only a few men engaged in the industry. Now there are about 400 miners. The mining is done mostly along the creeks and rivers and consists only of surface work, the men digging holes 50 to 80 feet deep and boring in various directions from the main shaft.

FORESTS OF EUROPE WASTED TO MEET BUILDING DEMAND. Stuttgart, Germany, Sept. 30.—(By Mail).—A German interested in the lumber trade, Ernst Wiche, of Bremen, has published in a local paper a note of warning. He says Europe is wasting its lumber supplies in meeting the enormously increased demand since the war.

All the wooded areas of Europe, including Russia and Scandinavia, amount to 188,000,000 acres, and these

are being cleared so rapidly, according to Mr. Wiche, that in the years to come America will have to import wood from Europe.

USE ENTERPRISE STOVES

More Heat--but Less Fuel

A really good heating stove ought to pay for itself by means of the fuel it saves and a long period of useful service. Just such a stove is the ENTERPRISE SCORCHER

which is fitted with a down-draft blow-pipe which consumes all fuel-gases, thus increasing its heating power. The Scorcher is of heavy polished steel, is fire-brick lined, has draw-grates, large front door, roomy ash-pit and ash-pan, pipe collar on top, and screw-draft. Come in and see the Scorcher.

OCTOBER BRIDES

Smart-Wilson.

St. Stephen, Oct. 8.—The home of Mr. Hill Wilson at Rollingdam, a few miles from St. Stephen, was the scene of a happy wedding on Monday afternoon at 2:30 o'clock, when his daughter, Miss Emma Beatrice, was united in marriage to Milton Smart, of Vancouver, B. C. Rev. W. D. Blackall, rector of St. David's church, performed the ceremony, in the presence of some forty guests. The bride looked very attractive and dignified in a handsome gown of pearl grey crepe de chine, trimmed with grey lace and carried a bouquet of pink roses. She was attended by her little friend, Eleanor Cathcart, as flower girl, who wore a dainty frock of white organdy, and carried as a bouquet one large pink rose. After the ceremony and congratulations a sumptuous luncheon was served. The bride then changed her bridal dress for a stylish away gown of navy blue pique tulle. She wore a hat of black velvet and handsome mink furs. The happy pair motored to the C. P. R. evening train and left on a brief wedding journey en route to their home in Vancouver. There were many beautiful wedding gifts, the bride being a great favorite among her friends.

Ormond-Jeffrey.

A pretty wedding was solemnized in St. Bartholomew's church at Coldbrook yesterday afternoon at 4:45 when Miss Helen Elizabeth Jeffrey, daughter of Wallace E. Jeffrey, of Coldbrook, was united in marriage to Oliver Ormond, Jr., son of Mr. and Mrs. Oliver Ormond.

Reid-Russell.

Andrew Reid of Danvers, Mass., arrived in the city last evening and soon afterwards was married at Victoria street Baptist parsonage by Rev. G. B. McDonald to Mrs. Jennie Russell of Summer Hill, Queens county. Mr. Reid came here by automobile and after the ceremony the happy couple left on the return trip to Danvers.

Kennedy-Clinch.

St. George, Oct. 8.—(Special)—A wedding of interest to many New Brunswick people was solemnized in St. Mark's church here yesterday when Rev. F. J. Leitch solemnized the marriage of Evelyn Maud, eldest daughter of Mr. and Mrs. Maurice Clinch, of Morton L. Kennedy, son of Mr. A. C. Kennedy. The bride wore a becoming tailored suit of navy blue, with grey hat and gloves and carried a bridal bouquet of roses. She was given in marriage by her father and was attended by Miss Edith Dunbar, who was also in traveling costume and carried

Cedar Polish advertisement with image of a bottle and text: 'O' Cedar Polish gives new life, new lustre to all fine furniture, woodwork and floors. Just a few drops on a damp cloth. Spreads dry—works wonders. Used in the best homes. Sold everywhere. 4 oz. \$1.25, 12 oz. \$2.50, 24 oz. \$4.50.

roses. The groom was attended by Arthur Clinch, brother of the bride. Only the immediate relatives of the bride and groom were present at the ceremony, owing to the recent death of the groom's mother. Immediately after the ceremony Mr. and Mrs. Kennedy left by motor for Nova Scotia on their honeymoon. They will visit Clementsport and be the guests of Mr. and Mrs. O. Y. Kennedy. They will reside in St. George.

Hoben-James.

The wedding of Miss Marjorie Estella James, 104 Wright street, St. John, and Ralph D. Hoben of Fredericton, N. B., was solemnized in Boston on Sunday, October 5, at the home of the bride's sister, Mrs. Earl W. Beane, 14 Riverway street, in the presence of near relatives and friends. The bride was attired in a brown traveling costume and carried a bouquet of American Beauty roses. Many beautiful gifts were received. A wedding luncheon was served following the ceremony and Mr. and Mrs. Hoben then left for New York city, where they will spend their honeymoon, later going to Poughkeepsie, N. Y., to reside. The bride is a daughter of Mr. and Mrs. C. H. James. Many St. John friends will extend best wishes.

Davies-Harvey.

The marriage of Miss Ethyl Horsey, daughter of Dr. Milton H. Horsey, to Dr. John A. Davies, of Montreal, son of Mr. and Mrs. Duncan C. Davies, of Fictou, N. S., took place yesterday in the Church of the Messiah, Montreal. Rev. Dr. S. B. Snow officiating. The bride was given in marriage by her father. Her only ornaments were a diamond and platinum crescent brooch and a diamond bracelet, which belonged to her mother. She was attended by her sister-in-law, Mrs. Andrew C. Horsey, as matron of honor, and by the Misses Eleanor Bath and Norma Macfarlane, as bridesmaids. Dr. Ross Davies was best man, and the ushers were Dr. Sutherland, Dr. Marcus Seng, Dr. John Cochran, and Lewis Harvey, brother of the bride. Following the ceremony, a reception was held at the home of the bride's father, 13 Rosemount avenue. Dr. and Mrs. Davies left for a motor trip, and on their return they will reside in the Drummond Court Apartments.

DEATHS

Mrs. Katherine Mahoney.

Chatham, Oct. 8.—The death of Mrs. Katherine Mahoney occurred yesterday at the Hotel Dieu Hospital. She had been ill at her home in Bartibogue for some time and was but recently admitted to the hospital. She is survived by five daughters and three sons. The funeral will be held tomorrow morning at 10 o'clock and interment will be made in the Roman Catholic cemetery there.

Mrs. Sarah Emma Andrews.

Mrs. Sarah Emma Andrews, 72 years old, died at her home in Long Beach yesterday morning. She was survived by her husband, George W., and Leslie Andrews, of Long Beach; one daughter, Mrs. E. M. Noble, of Montreal; and three sons, Samuel and Judson White, of Long Beach; William White, of Danforth, Me.; Hedley White, of Portland, Me.; and Nelson White, of Montreal, and one sister, Mrs. Walden, of Ontario. The funeral will be held on Friday afternoon at 2 o'clock from her late residence and burial will be in Long Beach.

Mrs. Frederick S. Lunn.

The death of Mrs. Ida May Lunn, wife of Frederick S. Lunn, of City Road, occurred early this morning at the St. John Maternity Home. Mrs. Lunn was a daughter of William H. Lunn and the late Elizabeth A. White, and besides her father, is survived by her husband and one sister, Mrs. Ernest Harding, of Detroit.

John Strickub.

After a long illness, John Strickub died in the St. John County Hospital.

Woodstock, Oct. 8.—Waldo Hay, one of the most outstanding figures in the life of Woodstock for many years, died this afternoon, after an illness of about three weeks. Mr. Hay was born in 1856, the son of Hugh Hay, and became a partner with his father in the business of Hugh Hay and Son. He

Waldo Hay.

on Tuesday afternoon. He was a native of Roumania and came to this country in 1912 and entered the window cleaning business, starting the business now known as the St. John Window Cleaning Co. with offices in Prince William street. So far as is known here his surviving relatives are his mother and two brothers, all residing in Roumania.

Stores open 8.30 a. m.; close 6 p. m., Saturday 10 p. m.

Manchester Robertson Allison Limited. KING STREET • GERMAIN STREET • MARKET SQUARE

was for several terms mayor of the town, and a county councillor. Possessed of a ready wit, and natural eloquence he was for a great many years a leader in the civic affairs of the town. He leaves his wife, three sons, Arthur H. M. Hay of Quebec, W. Carey Hay, of Los Angeles, and Burpee M. Hay, European representative of the Willard Storage Battery Co., one daughter, Mrs. George H. Lutz, of Montreal, and a step-daughter, Mrs. C. J. Jones, of Woodstock. The funeral will be held on Friday at 2:30 from the home of C. J. Jones.

BOAT IS HAT SHOP.

Paris, Oct. 9.—Conservative Parisian shopkeepers have been startled by the daring enterprise of Madame Marthe Regnier, well known actress and milliner, who has converted a passenger steamer on the Seine River into a hat shop. The enterprise has been both a commercial and a social success, with a constant

stream of motors coming to a halt at the quayside where the craft is moored.

Twenty miles of thread were used in making a coat shown at the recent Fur Exhibition in London.

A camera which can expose a photographical plate for one 200,000th part of a second has been invented.

Equip your set with this Aladdin lamp of radio and tune in with perfect clarity and strength. Sold by all Reputable Dealers. \$4.00

Northern Electric - PEANUT Tube

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before. Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear. Rinso is sold by all grocers and department stores.

Just use Rinso where you used use bar soap—for soaking, boiling, or in your washing machine.

Sole Agents Pictorial Review Patterns.

Northern Electric - PEANUT Tube

Paris, Oct. 9.—Conservative Parisian shopkeepers have been startled by the daring enterprise of Madame Marthe Regnier, well known actress and milliner, who has converted a passenger steamer on the Seine River into a hat shop. The enterprise has been both a commercial and a social success, with a constant

stream of motors coming to a halt at the quayside where the craft is moored.

Twenty miles of thread were used in making a coat shown at the recent Fur Exhibition in London.

A camera which can expose a photographical plate for one 200,000th part of a second has been invented.

ADVENTURES OF THE TWINS
By Olive Roberts Burtin

SNOOZLE AND SNUGGLE AND SNORE.
So the Twins jumped on behind Snoozle who said "Giddap" and the white night-mare bounded off over the milky way in the direction of Mars.
Napsy and Nick went around and three sons, Snoozle and Snuggie and turned all the town clocks back an hour.
And the Sand Man went to the moon and asked the moon man to hold the moon back an hour.
All because they needed a few more minutes till bed time. Tweeknose having stolen the magic sand again and made off with it.
The Sand Man was quite pleased when Mister Peerbout, the Moon Man, said quite obligingly, "Certainly, let Anything to oblige you, sir," and put his foot on the brake to keep the moon from going quite so fast.
Then looking at his speedometer, Mister Peerbout said, "The moon is now going only five thousand miles an hour. We will be an hour late to-night."
"Thank you kindly," said the Sand Man. "If the Twins come, please tell them that I have been to the Dream Maker Man's at the edge of the golden forest on the ice-mountain."
So away he went to the Dream Maker Man's where he lived with his

COULDN'T EVEN WALK AROUND HER HOME

Without Suffering Extreme Discomfort, Says Mrs. Wrigley—Then Tanlac Restored Health.

"Inside of 24 hours after starting on Tanlac I could tell it was helping me, and five bottles has increased my weight 10 lbs." is the striking statement made recently by Mrs. Kate Wrigley, 20 Lipina Ave., Toronto, Ontario, Canada.
"For a whole year before taking Tanlac stomach, liver and kidney disorders had me so run down that I couldn't even walk around in the house without suffering extreme discomfort. Frequently after eating my stomach would hurt me so that I would cry out from the pain. Nights my rest was often broken and mornings my tongue was coated white. I had no appetite, and my weight was going down."
"But Tanlac has made me eat, sleep and feel better than in two years. To this great medicine alone is due the credit for the wonderful improvement in my health."
Tanlac is sold by all good druggists. Accept no substitute. Over 40 Million bottles sold.
Tanlac Vegetable Pills recommended by the manufacturers of TANLAC.

THE OLD HOME TOWN By STANLEY

henceforth control the Thomas Cusack Company, but the balance sheet on which the negotiations were based showed assets of \$23,000,000, and annual revenue for last year of \$22,000,000.
Mr. Cusack, active director of a country-wide signboard system, began business in Chicago in 1879 by soliciting contracts for "color work on the outside." To his ability to put on color combinations was attributed the first measure of success in an enterprise which has since built a skyscraper in New York for an eastern headquarters.

FABLES ON HEALTH

Watch Your Belt

After a month or so of relaxation following his vacation Mr. Mann of Anytown awakened to the distressing fact that his belt was getting tight. The "key window" lost through exercise and conditioning was creeping back. It would not be long before he could lean his bridge hand upon it.
Men and women alike will keep in good physical trim over a period of time, then climax it with vacation exercises.
Returning to work with renewed vigor they will grow careless. They feel fine. Old eating habits will come back upon them. They will neglect their exercises and back will come the fat, the headaches and all the rest.
The moral is simple Don't lie down on your duty to yourself any more than you would lie down on the job.

The Empire Medicine

the preparation which has won the confidence of every country under the British Flag—the remedy which has brought health and happiness to millions of men and women in every part of the Empire—the treatment which is resorted to everywhere for ailments such as Sick Headache, Biliousness, Indigestion and Constipation, often considered insignificant, yet decidedly inconvenient ailments which have their origin in a dyspeptic condition of the stomach and a torpid action of the bowels.

"Headaches, Bilious Spells, Are Now All Gone"

Mrs. John Ireland, Nobleton, Ont., writes:
"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me, and made me feel like a new person. I am very grateful to Dr. Chase's Medicines for what they have done for me, and you may use my letter for the benefit of others."

MUSSEL CROP FORCED.
Shells Made to Grow Longer To Yield More Buttons.
In recent years there has been a great shortage in the supply of fresh water mussels. Pearl buttons are made from the shells of these mussels, and the gathering of them for button factories is one of the important industries of Iowa, especially that part of the State bordering on the Mississippi. Extensive experiments dealing with this shortage are now being conducted at the University of Iowa, and Miss Sara Lewis of the Department of Biology is developing longer mussels. In the course of a few months mussels under her care have developed from one-half to one inch. These mussels will be placed in beds in the Mississippi but will not be ready for harvest for five years. In the meantime the experiments will continue.
GIRL GUIDES HAVE SUPPER.
St. James company of Girl Guides had a pleasant supper gathering last night as the prelude to their regular meeting. A bean supper with all the dainties that go with it was nicely served and was done hearty justice. The company now numbers more than 30 and the Guides were there in full force. Miss Florrie Allen, captain, had charge and Miss Lyda Warren was assistant.

For the Convalescent

DOCTORS constantly prescribe "Ovaltine" as a restorative after illness, because it imparts super-nourishment without taxing the digestion.
Made from ripe barley malt, creamy milk and fresh eggs, "Ovaltine" supplies in abundance those elements which build up the body, tone up the system, strengthen the nerves and quickly restore normal vitality. It is digested in course of manufacture.
One cup of "Ovaltine" contains more nourishment than three eggs, twelve cups of beef extract, or seven cups of cocoa.

Social Notes of Interest

The post-nuptial reception of Mrs. J. Gilmour Armstrong, 174 Duke street, was a delightful event yesterday afternoon, when she received for the first time since her marriage. The bride was attractively gowned in madonna blue georgette, over flesh Canton, with pearls and diamonds. She was assisted in receiving by her husband's mother, Mrs. J. S. Armstrong, who wore a handsome black satin gown with diamonds trimming, and Mrs. J. A. Murdoch, mother of the bride, who looked very attractive in black georgette with sequins. The large drawing room, furnished in rich shades of blue, with exquisite hangings of blue and cream, was very pretty with its arrangement of harmonizing bachelor buttons, intermingled with calendal and autumn effects suggested by sunshades and other offerings from the woods. The open fire made a delightful glow in the dimly lighted room. A lovely arrangement of pink snapdragons with here and there bouquets of roses made the room very pretty. In the dining room yellow chrysanthemums centred the richly appointed tea table, which was presided over by Mrs. F. G. Spencer, who wore amethyst lace over satin and a handsome picture hat of velvet with feather to match her gown, and Mrs. Sheldon, in black Canton with smart black hat. Yellow candles in silver candlesticks lighted all the rooms and made a very pretty setting for the reception gowns and for those of the waitresses and guests. Those assisting in serving were Miss Margaret Gilmour, Miss Alice Murdoch, Miss Audrey Kerr, Miss Louise Sheldon, Mrs. Lester Mowry and Miss Frances Murdoch. The ushers were Mrs. W. C. Brown, in powder blue Canton with

black hat; Miss Margaret Bolton, in cocoa Canton, with hat of brown, and Mrs. Arthur S. Walker, in flame Canton, with pretty turned up hat of black velvet. Little Miss Doris Nickerson was the dainty door attendant and was very attractive in her bright frock of peach-colored georgette. There were many callers during the afternoon. Mrs. A. D. Taylor and baby daughter, Shirley, of Minto, are in the city, guests of Mrs. Taylor's mother, Mrs. Robert Wisely, who spent some time with her daughter in Minto this summer and was also a visitor in Fredericton for a short time. Mrs. Taylor will remain this week with her mother. Miss Margaret Murray, M. A., graduate of Toronto University, has returned to her Alma Mater to take up special studies. Mr. and Mrs. L. A. Atcheson, of West St. John, and their daughter, little Miss Edith, left yesterday for Montreal, where they will spend a few days at the Mount Royal Hotel. Mrs. Atcheson and daughter will return home this week and will proceed to New York for a week's trip of business and pleasure. Dr. Doris Murray returned to Baltimore, Md., a few days ago to resume his medical studies. Dr. Murray spent a month here on vacation.

served were Mrs. Percy Gibbon, Mrs. Harold Sullivan, Miss Kathryn Hoyt, Miss Kathryn Patterson, Miss Audrey Hunter, Mrs. L. Yeomans and Mrs. Peter Sinclair. The prize winners were Mrs. T. B. Reynolds, Miss S. Logan, R. N., and Mrs. Walter Myles. More than \$25, it is expected, will be added to the Milk Fund.

Mr. and Mrs. George E. Carter and young son, after spending 20 days with Mr. Carter's parents, Mr. and Mrs. E. S. Carter, at Fair Vale, left by last evening's Boston train en route for Nutley, New Jersey, a suburban district of New York, where they will reside.

Mr. and Mrs. James Johnstone are home again from their delightful trip to Portland, Me., where they were guests of their son, Mr. J. Gay Johnstone, and Mrs. Johnstone. While in Maine Mr. and Mrs. Johnstone were taken for a motor trip of 1,000 miles. They were charmed with their visit and the people of Portland, which they call a very hospitable city.

Mrs. A. D. Taylor and baby daughter, Shirley, of Minto, are in the city, guests of Mrs. Taylor's mother, Mrs. Robert Wisely, who spent some time with her daughter in Minto this summer and was also a visitor in Fredericton for a short time. Mrs. Taylor will remain this week with her mother.

METHODIST RALLIES IN THE NORTH END

Portland Methodist church has followed up the Sunday school rally of last Sunday with a general activity in every department of the church this week. Last evening's services being under the auspices of the W. M. B. On Tuesday evening a social event with a lecture by Rev. E. E. Styles was given under the auspices of the official board of the church. The Ladies' Aid began their activities on Monday and the young people of the church will rally tomorrow evening. On Sunday there will be a special assembling of the congregation to get into line for the winter's programme. This evening there will be a social evening, when the whole congregation will meet in the Y. P. S. hall to be welcomed by the Rev. H. A. Goodwin and Mrs. Goodwin and a consistent committee. The meeting last evening was presided over by Mrs. A. W. Lingley with Miss Jane Henderson leading the devotional services. She was assisted by Mrs. H. A. Goodwin. Rev. "Father" Small, of Queens, West China, gave a fine address. Bayard Stillwell sang a solo, with Miss Lillian Broadfield as accompanist. Miss Joyce Spinyard read the report of the Mission Band. Miss Ada Calhoun gave the report of the Jessie Chipman Mission Circle. Miss Phyllis MacGowan sang. Mrs. Andrew Myles gave the report of the W. M. B. Rev. Mr. Small, who has just returned from the province of Szechuan, China, near Tibet, brought with him his two daughters, the Misses Dorothy and Charlotte, who were dressed in the costumes of China, denoting the student girl and the holiday girl, respectively. A map shown by the speaker had on it a sentence from Confucius in Chinese characters, which interpreted, read: "Within the four seas all men are brothers." He em-

plashed how much this spirit would do in bringing the world to God. He told of the age of civilization in China and its great learning, but that with all this, there had been no advancement except where the Gospel had penetrated. He spoke of the financial changes in the country and how, when the missionaries knew that Canada was not sending enough to meet the demands of new work, they took smaller salaries that the work might go on. The Chinese people, he said, were very willing to pay for medical aid and education, but the matter of introducing religion had to be done very carefully, so deep-rooted were their prejudices. He said that there was great

Stays White

It is one thing for white enamel to be white when first applied, and quite another for it to remain white month in and month out. The pigment used in Luxberry White Enamel was developed after years of research in America and Europe by Berry Brothers' chemists. It stays white.

CARLETON W. M. S. MEETS.

The W. M. S. of Carleton Methodist Church, held its regular meeting yesterday afternoon in the school room of the church. A social hour was enjoyed after the programme with Mrs. L. O. Beattie presiding at the tea table. Mrs. F. T. Bertram, vice-president, presided at the meeting, in the absence of Mrs. George Barrett, the president. Miss Emma Brown led the devotional period and Mrs. I. O. Beattie conducted the prayer service. Mrs. E. Leary and Mrs. George Ainsley conducted the singing. The programme consisted of a presentation of Mrs. S. Byre and Mrs. C. Langman's committee. The invitation of Mrs. Beattie to hold the meetings during the winter months at her home was unanimously accepted. Mrs. A. B. Thorne was appointed Watch Tower secretary. Mrs. Beattie gave an address of welcome to the meet-

ing and Mrs. Charles Watters and Mrs. Beattie gave readings. Mrs. J. Shonyo and Mrs. D. Brunstrum sang solos. Mrs. Ernest and Mrs. Hedley Bissett sang solos.

KNOX LADIES MEET.

At a meeting of the Ladies' Society of Knox church on Tuesday night plans were perfected for the Halloween tea which has been arranged for the opening of the new hall. Mrs. J. M. Legate presided. The conveners of the various committees were appointed as follows: Mrs. LeBaron Wilson, kitchen; Mrs. J. M. Legate, decorations; Mrs. Simon Campbell, tickets; Girls' Club, candy; Girl Guides, ice cream. The Sunday school teachers also met that evening. The two bodies joined company at the end of their meeting and refreshments were served. Mrs. D. Ervine and Mrs. G. W. Campbell acted as hostesses.

If you had to prepare it yourself!

If you could buy the same pure, wholesome, dry spaghetti which Heinz makes—

If you could obtain the same special cheese that gives such an appetizing flavor—

If you could prepare a tomato sauce from sound, full, ripe tomatoes freshly picked from the vine—

If you could cook it in accordance with the recipe of a famous Italian chef—

You would then have a dish that equalled

HEINZ COOKED Spaghetti

with Cheese and 57 Tomato Sauce

THE STORE OF DYKEMAN'S COMPLETE SATISFACTION. The Ideal Cold Weather Negligee is the Corduroy Robe. A permanent fashion with every woman! Plaf, In Jail In France, Was Supercargo on Pirated Lutzen

RUM CARGO FROM ST. JOHN CARRIED \$48,000 INSURANCE

Claims of Owners, However, Have Not Yet Been Settled.

MONTREAL CASE

Addresses to Jury in Capt. Forde Matter Will Take Place Today.

Montreal, Oct. 9.—Max Jerome Plaf, the supercargo who now lies in jail at Brest, France under charges of piracy and who has blamed his arrest on Montreal parties, had his name prominently before the court of King's Bench here yesterday in the course of the hearing into a similar charge lodged against Captain Samuel Forde, a New England skipper, who is standing trial, accused of having pirated the steamer Lutzen off Rum Row last October. Plaf, it now appears, was supercargo on the Lutzen during the trip of this now famous vessel from St. Pierre, Miquelon in June 1923.

The duties of a supercargo, as defined to the court today, were to supervise the actual disposal of liquor cargoes. Plaf had done business for Alex. Adelman of New York, brother of Norman Adelman, one of the complainants. The former admitted that the signature of Alex. Adelman on a "Teddly Black," vaguely designated as "a man in Brooklyn," with 100 cases of liquor, and which appeared photographically in a New York newspaper, was his own. The order was to Max Jerome Plaf.

It was after this trip that Captain Forde had been called to Lunenburg, N. S., and that the ship had been labelled the Lutzen, first at St. John, N. B., and at Lunenburg. These actions, however, had been dismissed since Forde failed to appear when the case was called in the Admiralty Court. Evidence in the Forde trial yesterday dealt with the delay in paying the insurance claim on the part of Lloyds. The claim had been filed for several months, but no payment had yet been made.

LABOR QUESTION IN NEWFOUNDLAND

St. John's, Nfld., Oct. 9.—Although daily demands are made that the government start public works to afford employment for persons who have had an unprofitable season in the fisheries, the corporation which is building power mills on the west coast has obtained less than 100 of the 1,000 men needed for logging operations this fall and winter.

BERLIN HELPS ITS NEEDY

Berlin, Sept. 20.—(By Mail)—A daughter of the late Rudolf Virchow, famous German surgeon and honorary citizen of the capital, has been discovered here living in the utmost poverty. The city fathers have granted her a temporary allowance of 226 gold marks a month.

HONOR CHAMPIONS OF THE NORTH END

The committee in charge of the arrangements for the holding of a banquet by North End athletes in honor of the North End athletic champions of 1924, assembled in the St. John Power Boat Club rooms last night to further their plans. It was pointed out that they expect this function, which will be held on Thursday evening, Oct. 10, to be one of the best ever held in the northern section of the city. About 50 guests are expected. The tickets will be sent out today and it is expected that the limited number will be snapped up quickly.

BIG FRAUD GAME CHARGE AGAINST 28

Indictments Found in New York, More Than Million Involved.

New York, Oct. 9.—Twenty-eight men have been indicted by the Federal grand jury on a charge of swindling commercial houses throughout the United States out of more than \$1,000,000 worth of goods in the last eighteen months. The accused, according to postal officials, operated at different points, remaining in one location only long enough to obtain large quantities of goods.

The Federal prosecutor, Garrett W. Cotter, who presented the evidence to the grand jury, said that the schemes of the indicted men were so cunningly devised and so swiftly executed that it took Postal inspectors Boyle and Allen nearly a year to obtain sufficient evidence to warrant an indictment.

The racketeers, according to Mr. Cotter, were Jacob Lerner, Isidore Horowitz, Alfred Moscow, Walter Fox and Joseph Greenberg. These five, he said, having obtained a "banker," received from him money enough to buy out the business of a reputable dealer, paying as little as possible on account, and appearing photographically in a New York newspaper, was his own. The order was to Max Jerome Plaf.

CIVIL SERVICE SALARIES RAISE RECOMMENDED

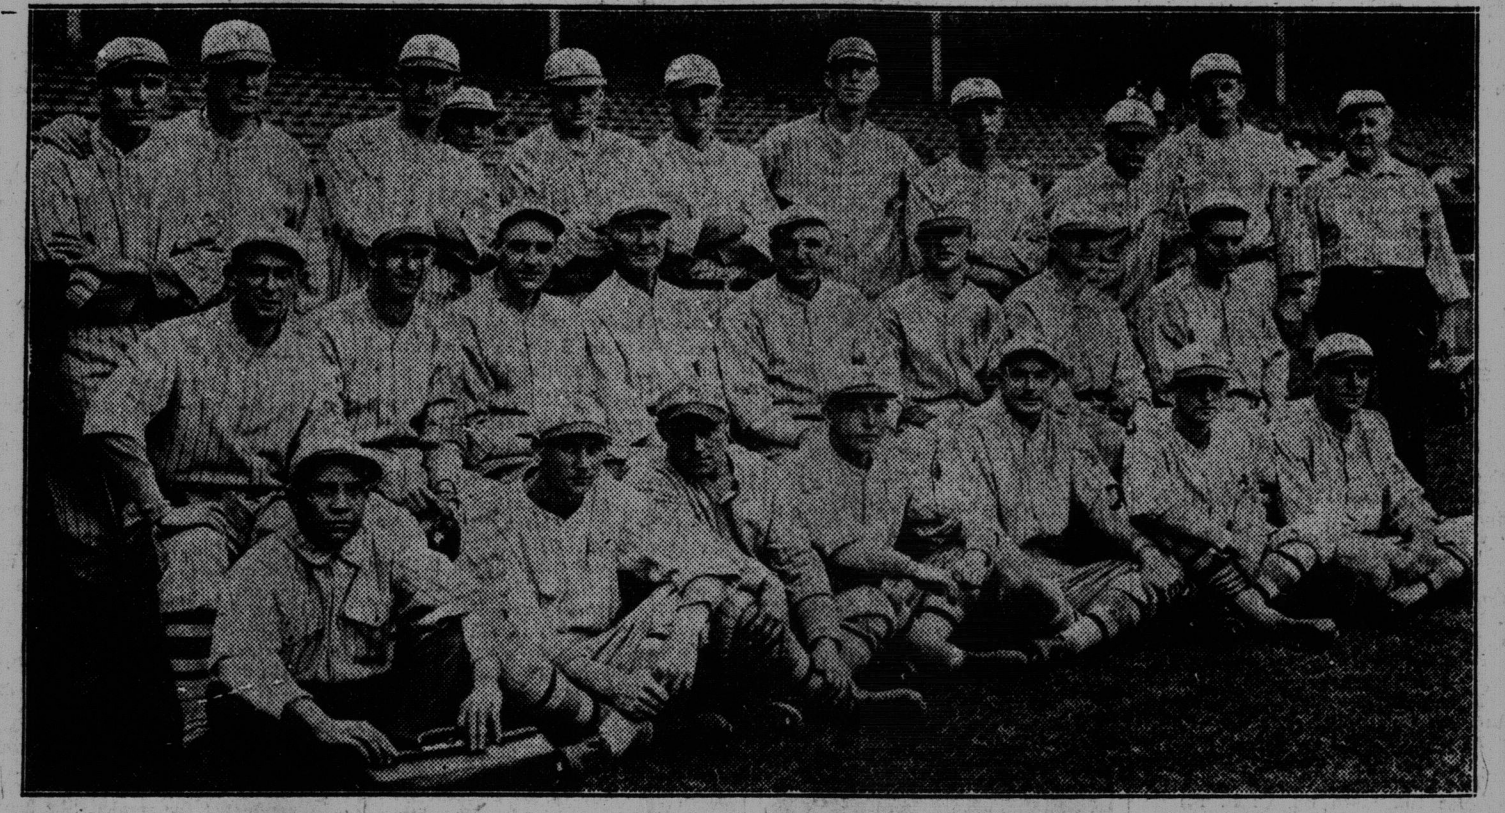

Increase of 20 per cent is Reported to be Suggested for Quebec Employees.

Quebec, Oct. 9.—An average increase of 20 per cent in the salaries of members of the provincial interior and exterior civil service is said to be the recommendation which has been made to the provincial Government in the preliminary report of the special commission appointed last fall by the Government to classify and deal with salaries of the employees.

HALIFAX MURDER TRIAL

Halifax, Oct. 8.—The grand jury today returned a true bill in the case of Lewis Bevis charged with murder, attempted murder and robbery. Bevis is the gunman who fought a 20-hour battle with the Halifax police last July, shot and killed Officer Fulton and wounded Officer Steve Kennedy, who recovered after a long period in hospital.

Giants Have Edge For World Title

Here is the 1924 champion club of the National League who are out to capture the World's Series. The morale of this team was rather badly shaken by the Cozy Dolan-Jimmy O'Connell bribery scandal, but they have recovered sufficiently to make the Senators extend themselves to the limit. Front row, left to right—Trainer Walter Irvin, Dean Wilson, Southworth, O'Connell, Hunter, Ryan, Middle row, left to right—Neff, Jackson, Kelly, Hughes, Jennings, Coach Cozy Dolan, Frisch, Barrett, McQuillan. Back row, left to right—Lindstrom, Muesel, Jonnard, Grob, Bentley, Mason, Gowdy, Baldwin, Young, Terry and Trainer Bowe. Yesterday's win over the Senators gave the Giants their third win to Washington's two. Another victory would give the Giants the title.

Washington Players In World Series

The New York Giants and Washington Senators are battling for the highest championship in the baseball world—the world's series. The Washington team shown above, are: Front row, left to right—Zalmeister, Speer, Hargrave, Leibold, Mizeo, Robinson, Schmidt, McNulty, Altrock, Back row, left to right—Russell, Bluege, Peckinpah, Manager Bucky Harris, Judge, Rice, Tate and Mogridge.

LITTLE WOMAN LASHES 6-FOOTER

Uses Whip in New York Office; is Haled to Court.

New York, Oct. 9.—Vera Milne Hall, a pretty brunette of West 81st street, who is 5 feet tall and weighs only 90 pounds, was found guilty by Justice Murphy, Edwards and Kelly of whipping Edward S. Hurley, a six-footer, who weighs 160 pounds, in his office at No. 85 West 46th street, on September 8. Sentence was suspended. Miss Hall was so affected that she had to be carried in a swoon to the finger-print room.

CONVICTS WEEP AS CHAPLAIN SAYS GOODBYE; PRAISES THEIR LOYALTY

Ossining, Oct. 8.—Declaring that he hoped that his work as Chaplain of Sing Sing would be his life's work, but that he must obey the orders of his superior, the Rev. Father William E. Cashin, Catholic chaplain at the prison for 12 years, preached his farewell sermon to the convicts on Sunday.

DOCTOR PRESCRIBES MOIR'S

A drugist in Moncton noticed that one of the nurses in the hospital there was buying cream-centred chocolates every day. Inquiry reveals that these were for a patient who had been operated on for appendicitis and who was in much trouble. After the operation the doctor prescribed chocolates as the best means of obtaining a sufficient supply of sugar in his diet, orders being to give him half a pound daily.

ONCE USED CARIBOU FOR FISHING BAIT

Animal Numbers Now Reduced in Newfoundland—Well Protected.

St. John's, Nfld., Oct. 9.—The days when caribou were used indirectly to catch codfish are recalled by the renewed efforts of the government to protect the chief game animal of Newfoundland. A generation ago, when caribou were so plentiful that no thought was given to the possibility of their extermination, it was not unusual for schooner-loads of caribou meat to be shipped to the French Islands of St. Pierre and Miquelon. The fishermen there used the meat to bait winkle traps on the coast, where the caribou spend the winter, about them by wholesale.

FAMOUS VINE IN ENGLAND YIELDS ABUNDANT HARVEST

London, Sept. 20.—(Associated Press by Mail)—Six hundred bunches of black Hamburg grapes, some of them weighing more than two pounds each, have just been cut from the great vine at Hampton Court Palace. This grape vine, is one of the most famous in the world. It is more than a century and a half old, having been planted in the reign of King George II, and its enormous yield is a matter of great interest in England. The vine requires constant pruning else it would exhaust itself in bearing more grapes than it would be able to nourish.

GOING TO ENGLAND.

Quebec, Oct. 8.—Just returned from one of the most memorable exploration voyages ever undertaken to the Arctic Circle, Captain J. E. Bernier, famous explorer, has received a commission from the Federal Department of Interior directing him to proceed immediately to England with his assistants and about 18 members of his crew, to assume command of the C. G. S. Franklin and bring her to this port.

NEGROES' RIGHT TO HOLD OFFICE MADE SUBJECT OF TEST

Controller of Customs at New Orleans is Enjoined in Suit.

IS HE U. S. CITIZEN?

Move, if Successful, will Disfranchise All Negroes in the U. S.

STREET PARKING IS CRITICAL PROBLEM

Electric Railway Association Sees Necessity for Urgent Action.

Atlantic City, Oct. 9.—City traffic congestion continues at its present rate, and taxpayers must decide whether they will prohibit downtown parking and keep traffic moving or build new thoroughfares. This was the crux of a report on traffic, made by a committee of experts yesterday to the American Electric Railway Association convention.

DESSERT CARAVANS DISAPPEAR BEFORE MODERN MOTORS

London, Sept. 20.—(Associated Press by Mail)—A plan to substitute a motor car service over the deserts between Baghdad and Persia and Constantinople and Persia, to take the place of the old caravans, is being undertaken by an English firm. The firm at present is operating a service between Hamam, Damascus and Baghdad. The trip between Baghdad and Tcheran, the capital of Persia, will take three days and the ticket for the trip, including hotel accommodations and meals, will cost about \$110.

BYRNE'S ELEVATION DISSOLVES FIRM

Bathurst, Oct. 8.—The elevation of Hon. J. P. Byrne, Attorney-General of New Brunswick to the Supreme Court, King's Bench Division, has meant the dissolution of the law partnership of Hon. Mr. Byrne and Harold C. Ramsey. Mr. Ramsey has taken over the business heretofore carried on in Bathurst by Byrne and Ramsey. Mr. Ramsey, who is a St. John man, son of the late C. H. Ramsey and Mrs. Ramsey, was graduated from King's College Law School in 1917, and was admitted as a barrister in 1920. In 1919 he became a junior partner in the firm of Byrne and Ramsey.

This was the crux of a report on traffic, made by a committee of experts yesterday to the American Electric Railway Association convention.

QUESTIONS ADOPTED

The petition, as published by the newspaper, charges that Cohen "falsely alleged himself to be a citizen of the United States." When he took the oath of office, it asserts that the defendant is not a citizen of this country, but is a "person of African blood and descent and is inherently incapable of being a citizen of the United States."

DEPRIVED OF RIGHTS

The petition alleges that 11 states of the Union at the time of the adoption of the resolution, "terminating in the alleged article 14," were constitutionally deprived of their equal suffrage in the Senate; that six states were by coercion forced to ratify it.

ELECTION RUMORS IN WOODSTOCK AIR

Woodstock, Oct. 8.—Whether there is any reason for it or not, election rumors are in the air. Nearly every day one hears of tickets to be put in the field for Carleton county. There seems to be a feeling, or perhaps a rumor, that there will be an amalgamation of parties to be represented by prominent adherents of each party. Among those mentioned are Charles Clark, of Woodstock, of the group of Nelles and Clark; H. H. Hatfield, of the Hatfield Company, Ltd., of Hartland, and R. L. Tracey, present M. L. A.

CABLE SHIP HERE.

The Canadian Government cable steamer Tyrion arrived in port yesterday morning and docked at the Eastern Line wharf to receive supplies. The ship is at present engaged in replacing cables at stations in the Bay of Fundy, Grand Manan and vicinity, and will move from her berth this morning to continue her work.

DR. CURREN HEADS THE SCHOOL BOARD

Local Member of Legislature Succeeds Hon. H. A. McKeown

Dr. L. M. Curren, M. L. A., was appointed chairman of the St. John School Board at the afternoon session of the Provincial Government in Fredericton yesterday, succeeding Hon. H. A. McKeown, whose resignation was received a few days ago following his appointment as chairman of the Board of Railway Commissioners.

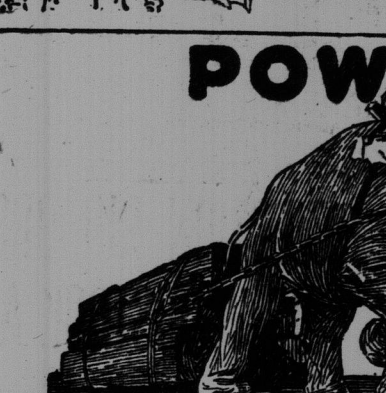

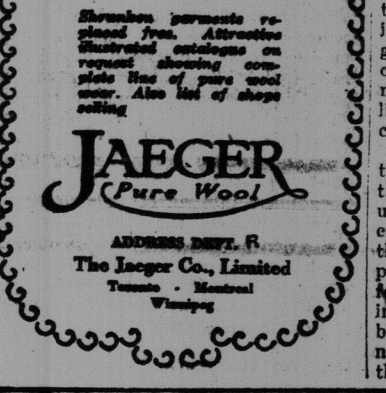

His predecessors in the office of chairman of the school board in recent years have been Hon. Judge Treeman, R. B. Emerson, Dr. A. F. Emery and Hon. H. A. McKeown.

MAY SOLEMNIZE MARRIAGE

Rev. Gordon S. Beckett, of Pennfield, Charlotte county, United Baptist, and temporarily, Rev. Ernest A. Triton, of Caribou, Me., have been registered for the solemnization of marriages in New Brunswick.

This month throughout the province, the young people of winter marriages. They not only are so that it will be unaccompanied for the next three years at the most. Heads Trustees

UNITS AUTHORIZED TO TRAIN IN N. B.

Cavalry, Artillery, Infantry and Other Branches Named in Order

A recent issue of the Canada Gazette records the following: G. O. 116. Annual training—non-permanent active militia, 1924-25. Detachments of the undermentioned units are authorized to carry out training during the financial year 1924-25. Details of limited establishments, nature and period of training will be published in Limited Orders.

GRANT ASSURED FOR VOCATIONAL SCHOOL

The Provincial Government grant for the vocational school in St. John will be forthcoming and an extension of time will be given in order that all the costs of the building may be calculated in the making of the grant, which is to cover 25 per cent of all the costs. Assurance of this extension of time was given the St. John delegation which visited on the Government in Fredericton yesterday and the members of the delegation, who returned to the city last night, were greatly pleased with the very courteous reception they had been accorded and the result of the visit to the capital.

Under the Federal Act the grant for vocational school buildings was to be given for buildings completed before June 30, 1925, and because of the late start in starting construction on the proposed vocational school in St. John it seems unlikely that the building can be finished within the required time. Those who went from St. John to appear before the Government were Allan A. McIntyre, G. Herbert Green and Alexander Wilson, all members of the vocational committee. They were joined in Fredericton by G. P. Henderson, another member of the committee. H. A. Porter, who had been appointed to represent the Board of School Trustees in the delegation, was unable to be present.

In a long-distance telephone conversation last night, Premier Veniot said that the Government had been entirely in accord with the request of the delegation and that there need be no fear of any hitch in securing the Government grant for the school. The time limit would be extended to cover the construction period.

The matter of the expropriation of the proposed site at the north end of the city had been held up temporarily until there was assurance that the Government grant would be available. As that assurance has now been given, expropriation proceedings can be carried forward. It is understood that a meeting of the vocational committee has been called for Tuesday evening, the night following the regular meeting of the school board.

Fredericton, Oct. 8.—The Government had not considered the matter of by-elections in Moncton and Bathurst to select members of the Legislature to succeed Mr. C. W. Robinson, former Minister of Lands and Mines, and Hon. J. P. Byrne, Attorney-General, whose appointments to the Supreme Court Bench was announced last week. This was the statement made here tonight by Hon. P. J. Veniot, Premier of the province, following a meeting of the Government.

Political Reports. Fredericton, Oct. 8.—The Glenside says today in a news article: "In political circles there have been reports for some time that, in view of there being two vacancies in the Provincial Cabinet, two vacancies in the Legislature, and another likely to be vacant within a short time, a Liberal victory in Northumberland might be followed by an immediate appeal to the people by the Provincial Government. On the other hand, Ivan C. Hand, barrister, of Moncton, will soon be sworn in as Attorney-General, succeeding Hon. J. P. Byrne, who has been elevated to the Supreme Court Bench, and there will be a by-election in the city of Moncton before the Legislature meets."

PREPARE PLANS FOR POWER PLANT. Fredericton, Oct. 8.—Plans for the hydro electric plant which is proposed to construct at Grand Falls are now in the course of preparation and together with the plans from the surveys which have been made of storage and other facilities, will be completed in time for the application to be made to the International Waterways Commission for authority to proceed with the development some time in December. That was the opinion expressed by Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, who presented to the Provincial Government today.

PLAN FOR CAMPAIGN. Preparations for the annual membership campaign and an appeal for the support of their friends in the city were made at the meeting of the special committee of the local Red Cross Society yesterday afternoon in the Red Cross depot. Those present were Mrs. Margaret Lawrence, Miss Alice Walker, Mrs. J. D. Maher and Miss Frances Stetson. It was decided to publish a financial statement and it was hoped that many members would come forward and pay their annual fee without solicitation as they had done on previous occasions. The society has between 1,000 and 2,000 members in St. John and needs their generous support.

HERE FOR TREATMENT. Angus Buckley, of Chatham, came to the city yesterday and was taken to the Lanchester Military Hospital for treatment. Mr. Buckley went overseas with the 58th Battalion and was transferred to the 29th. He has suffered from trench fever and while apparently in good health at the time of his discharge the trouble returned and he has been disabled for a long time.

Winnipeg man prefers Kellogg's Bran to Million Dollars

"I," says Mr. J. M. Nichols of Winnipeg, "I had to choose between doing without my bran or a million dollars. I would much rather do without the million dollars than do without my bran."

Mr. Nichols is one hundred per cent right. The wealth of the world could not buy the health that Kellogg's Bran, cooked and krumbled, has brought to thousands of Canadians. Mr. Nichols wrote us to say if Kellogg's Bran is sold in Liverpool as he is going abroad and did not want to be without it. Kellogg's Bran has restored health to legions of sufferers after all else has failed. It is guaranteed to bring relief in the most chronic cases of constipation—permanent relief, if eaten regularly. The reason—Kellogg's Bran is ALL Bran. Only ALL bran can bring 100% results. That is why doctors everywhere recommend Kellogg's Bran, cooked and krumbled.

Nonagenarian

WEST ST. JOHN LADY 91 YEARS OLD TODAY. Mrs. Alberta Beattey, 264 Prince street, West St. John, is celebrating her ninety-first birthday today. She is the daughter of the late John and Margaret Eagles, Loyalists. She was married to Hoyt Beattey, on Dec. 26, 1853, Rev. Mr. Harris, a Baptist clergyman performed the ceremony. She has several children living, John, Walter, James, William, and Wellington Lord and Mrs. James Wright, all of West End; 29 grandchildren and 25 great-grandchildren. Her husband died twenty years ago. She resides with her sons, John and James Beattey, and her niece, Miss Eliza Beattey, in Prince street. Mrs. Beattey enjoys good health, physical and mental. She has always enjoyed work, and is never so happy as when taking part in household duties, especially in the kitchen. When out walking her friends want her to walk slowly, but she does not feel like doing this and enjoys a good brisk walk. She has been a member of the Baptist church since she was 18 years of age, and is a faithful attendant of the Ludlow street church. Her longevity and alertness are due to her consistent Christian living. Carleton Almost Wilderness. Mrs. Beattey has a keen memory and recalls many interesting events of early days. She says her grandfather, Richard Bartlett, operated lumber mills at Lepreau and owned much of the surrounding land. He donated a large portion of it to the people of Lepreau for a cemetery, in which he is buried. In those early days Carleton was almost a wilderness, the only streets being narrow footpaths. Mrs. Beattey's parents lived in a small dwelling in King street, and as there was no water in that vicinity then, the water for her purposes had to be carried along one of these narrow paths from Tilton's corner, where there were springs. Sometimes the family washing was carried there and done near the spring. The only industry which was carried on at that time was shipbuilding and the building of sawmills. Stackhouse and McLaughlin's ship yard at Wellington Bay, near Blue Rock; Williams and King's ship yard near Sand Point, and the McLeod ship yard near the Old Fort. Recalls Celebration in 1837. The laborers employed started work at 6 a.m. at the call of the Labor Bell. At 6 o'clock they were granted an intermission to return to their homes for breakfast. The day ended at 6 p.m. Mrs. Beattey's husband's father was a caulker, and her husband served many years in the same capacity. She also recalls the celebration on Courtney Hill, Carleton, in honor of the coronation of Queen Victoria in 1837, when an ox was killed, dressed, and roasted over a huge bonfire prepared for the purpose. The ox was suspended over the flames, and when thoroughly cooked, portions were melted out to rich and poor alike. The people were seated around a table prepared for the occasion. Other tasty foods were also served. Mrs. Beattey, then about four years old, as well as other children present, partook of the feast. Her husband's cousin, William and James Beattey, had the honor of assisting in the roasting of the ox. As a child Mrs. Beattey attended little by school only—wash the party and the City Hall now stands in King square, West St. John. The teacher was a Miss Hamer. Church and Sunday school were held in a building known as "The Bethel," at Sand Point. This school was conducted by Mrs. Bond, whose husband operated a saw mill at that place, running it by water power. Mrs. Beattey, after all the lapse of years, referred lovingly to her teachers of those days. Bridge Fell Down. She told of the Union Hall in King street, Carleton, where the residents assembled for worship. One pastor she named was Rev. Mr. Francis. The hall was later used for W. C. T. U. meetings and was but recently torn down. Among the happenings of 1837 Mrs. Beattey recalls clearly the falling of the first suspension bridge to be built across the river, and which, when half done, fell, killing several workmen. It was built from Dykeman's corner, West St. John, and was to extend to the Strait Shore, one quarter of a mile below the present structure. LORNEVILLE W. M. S. ELECTS. The Lorneville Presbyterian W. M. S. held its election of officers yesterday afternoon at the residence of Mrs. W. J. Bevis, president, in the chair. A devotion period preceded the business session. A tea for visitors was served after the meeting. Mrs. Bevis gave interestingly the report of the forty-ninth annual convention of the W. M. S., recently held at New Glasgow, N. S. The president elected was Mrs. Alfred Spalding, vice-president, Mrs. David McCavay, secretary, Mrs. Samuel Galbraith, treasurer, Mrs. Bertha Ferguson. The ladies who served at the tea hour were Mrs. James McAllister, Mrs. Samuel Wilson and Mrs. Ferguson.

Eyes Strengthened 50% by Proper Eye Care, Says Doctor

Suggests Simple Home Treatment Which Quickly Relieves All Irritation and Sharpens Vision.

No longer is there any excuse for most of our eye troubles, for specialists have perfected a simple, harmless, effective treatment which not only quickly relieves burning, itching, and watering eyes, but also banishes eye headaches, eye-ache, blurred vision, and all other eye troubles. This simple treatment is called the Bon-Opto system, and is being prescribed by physicians and specialists everywhere. It is based on the latest scientific discoveries, and has been proven to cure 90 per cent of all eye troubles. The Bon-Opto treatment is a simple, harmless, effective treatment which not only quickly relieves burning, itching, and watering eyes, but also banishes eye headaches, eye

Fire Prevention Week - Oct. 5 to 11

C. N. R.'S WARNING TO GAME HUNTERS

The C. N. R. is distributing all over Canada the following notice to hunters: As the hunting season is again with us, we wish to ask your co-operation to prevent bush fires and accidents to yourself and others.

REMEMBER:
One tree may make a million matches. One match may destroy a million trees.
The farmers and settlers are your friends.
Do not destroy their property.
1. Build your camp fire on solid bottom only, that will not catch. Remove all inflammable material from the ground for a distance of about three feet from the fire. When leaving, put your fire completely out with water or mineral soil, and leave no fire smoldering under the surface. Remember a small fire is just as useful as a large one and more easily controlled.
2. See that the match, cigar or cigarette stump contain no fire before throwing them away.
3. Use new ammunition only. It is safe and sure.
4. Look through the barrels of your gun before going out to see that no cleaning rag has been left in them and that they are clean.
5. Load your gun only after leaving camp and take out the shells when through shooting and before returning to camp.
6. Always lay your gun down when not in use, so that no mud, sand or snow will get into the barrel—a gun with an obstruction in the muzzle will burst when fired. Do not leave your gun standing against a tree, fence or other object.
7. Remove the shells before laying the gun down in a boat to avoid blowing a hole in the boat, and remove the shells before transferring a gun from one boat to another.
8. Before climbing fences remove shells, place your gun through the fence and climb over.
9. Make sure that your gun, especially an automatic, contains no loaded shells before handling it when in camp, or around a camp fire.
10. When shooting at a target or testing guns, keep at least 300 yards away from camp. Do not discharge a gun after dark. Take the loads out before coming into camp or club house.

**LOOK! DESTROY YOUR GUN!
SAVE HUMAN LIFE!**

SEEKING WELL OF SAINT CLEMENTS

Closed Many Years Ago, Permission is Given to Excavate.

London, Oct. 8.—A quest for a holy well, which dates back to the very beginning of Christianity, is soon to be undertaken in the middle of the famous Strand, the thoroughfare which unites Charing Cross to the ancient City of London.

This holy well of St. Clement was closed over many years ago, but its exact location just behind St. Clement Danes Church, the familiar Wren structure which occupies an island site in the Strand opposite the Law Courts, is clearly indicated by an inscribed tablet. The office of works has given the necessary permission to excavate to the church authorities who, two years ago, succeeded in having thrown open to the public the ancient Roman bath, nearby, which visitors may now see in exactly the same form in which its builders left it 2,000 years ago.

History makes frequent mention of St. Clement's well, which played an important part in early Saxon and medieval English Christianity. Its uncovering will have a great antiquarian and archaeological interest to many who do not care about its spiritual significance, although tradition has it that the waters of St. Clement's well were specially efficacious in the cure of skin diseases.

Possibly the forthcoming excavation may throw new light on the uses to which it was put. One historian definitely affirms that around St. Clement's well in early Christian days newly-baptized converts were wont to assemble to commemorate Ascension Day and Whitsuntide.

In later times, after the murder of St. Thomas, a Becket, Archbishop of Canterbury, had made Canterbury Cathedral the constant scene of pilgrimages such as Chaucer described in the Canterbury Tales, the holy Well of St. Clement was a favorite halting place of the pious cavaliers for rest and refreshment.

DUBLIN RESTORES BUILDINGS DAMAGED IN REVOLTS

Dublin, Sept. 19.—(Associated Press, by mail.)—The Free State Government has started rebuilding the Dublin post office destroyed in the rebellion of Easter, 1916. Work has now commenced on the old site with a view to preserving the tradition and character of the original building intact.
Dublin's next most beautiful building, the Four Courts, was destroyed in the fighting of July, 1922. The dangerous parts of the ruins have been repaired and the walls are considered good enough to justify the rebuilding of the whole edifice. The restorations so far designed are in keeping with the treatment of the original eighteenth century architect, James Gandon, and stone similar to that in the original structure is being used.

SHOT IN WOODS.

Thomas Shaw, Jr. of Grand Bay was injured but not seriously when some shot from a gun in the hands of Frank Haley struck a rock and penetrated his body. He was brought to the General Public Hospital and had the shot extracted, after which he returned to his home.

Fire Protection

DO YOU FEAR FIRE?

In your Factory, Mill, Store, Office, Hospitals or Public Buildings, if so, get in touch with our Fire Protection Supply Dept.

In addition to Fire Hose, Engines, Pumps and Chemicals, we supply everything needful to make buildings fireproof, namely: Steel Beams, Metal Lath, Metal Ceilings, Slate, Galvanized Iron Roofings and Asbestos Shingles. Fire Proof doors and Windows. Metal office furniture.

HOME SAFETY

Every Member of the Family Should Be Able to Answer These Questions

- 1—Do you use safety matches?
- 2—Are floors under stoves protected with tile, stone, brick, concrete or metal, so as to prevent them taking fire from the heat?
- 3—Are walls, ceilings and partitions similarly protected in all places where they would be exposed to high temperatures in the event of overheating of stoves or furnaces.
- 4—Are ashes deposited in METAL receptacles and removed from the building weekly?
- 5—Is there any unenclosed space under the house where inflammable trash may accumulate?
- 6—Are chimneys built on the ground, or on brackets? Are they in good repair? Have flues been cleaned for winter?
- 7—Are stovepipes passing through partitions properly protected? Do stovepipes pass through attics, closets, or unused rooms where they may come in contact with anything combustible?
- 8—Is the use of gasoline forbidden inside the house?
- 9—Have you any fire extinguishers? Do all members of the family understand their operation?
- 10—Do you know where the nearest fire alarm box is? The telephone number of the Fire Department?

Dominion Fire Commissioner, Ottawa.

THE BURDEN OF BUSINESS

Canada's industries are burning up. Its wage and wealth producing properties are being destroyed by fire. Buildings and products worth millions of dollars are annually reduced to worthless ashes. That is why the people of Canada are paying absurdly high insurance rates.

The insurance companies know all about this destruction of wealth. They pay out huge sums because of it. Mind you, they are not the losers—they make a profit on the transaction. They merely pay out the money we foolishly furnish them with. By carefully constructed tables they can estimate the approximate amount they will require. Those figures enable them to make out the bill.

That bill is rendered with grim regularity. It commences, "Your Fire Insurance Premium is Now Due." And we pay it—pay it to the last dollar, no matter what it amounts to. Every property-owner in Canada is as helpless before the demand as the unarmed wayfarer before the automatic of the thug.

These premium payments pour into the giant fund that goes to reimburse the sufferers by fire. We pay our contribution because we are afraid that some day we shall need to draw upon that fund. We pay heavily in proportion as the companies estimate that "some day" will be "soon."

Are we going to continue longer in this bondage of fear? Shall the devouring greed of preventable fire rob us further of the earnings of our industry?

Can we stay this tremendous waste of our National wealth? We Can by Preventing Fires.

WILL YOU HELP?

The foregoing appeal has been issued by the Dominion Fire Commissioner, Ottawa.

Tailors and Furriers

FUR COATS made to order and made over. Work guaranteed—Morin, Tailor and Furrier, 23 Germain.

URGENT SHOPPING IN EARLY HOURS

Electric Railways and Merchants Lead Movement in the U.S.

Atlantic City, Oct. 9.—A nationwide movement to induce more shopping between 10 a.m. and 4 p.m. with electric railways and merchants taking the lead, is to be inaugurated soon, it was announced at a session of the American Electric Railway Association convention yesterday. All of the 5,000 electric railway passengers attending the convention will be asked to co-operate.

The slogan "Shop more from 10 to 4" will "help the crowds," it is to be used in newspaper advertising, car and show window posters and in other forms of publicity.

Advantages of the 10 to 4 shopping period are these: More passengers can get seats on street cars if they shop during these "off-peak" hours; clerks in stores can serve customers better if trading is scattered throughout the day.

Street car companies can make the most economical use of their rolling stock. Every street car company must add materially to its number of cars early in the morning and after 4 p.m. The rest of the day many of their cars are idle.

A test was given the plan in a few cities during the holidays last year and it proved to be successful. A national movement now has been decided upon. The most intensive test was made in Connecticut. Virtually every merchant's organization, and many newspapers there joined with the electric railways in the movement.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

WALTER JOHNSON
IDOL OF FANDOM,
AGAIN DEFEATED

His Famous Speed Ball
Failed to Baffle
the Giants.

ALLOWS 13 HITS

Goslin and Bentley Hit
Home Runs—Former
Equals Record.

The ambition of a lifetime wrecked, the cherished hopes of 14 years of patient waiting, blasted, Walter Johnson stands forth today as one of the most tragic figures a world's series ever produced. What Johnson's thoughts were yesterday at the Polo Grounds as the Giant bats played havoc with his best offerings, can only be imagined. No doubt he wished that he could turn back "Father Time" about ten years just for a few short hours to the palmy days when batters used to remark: "How can we hit what we cannot see?" Alas, those days have gone forever. Against the ruthless attack of the Giants, led by the 18-year-old rookie at third, with four hits, Johnson struggled desperately, but Bentley's homer in the fifth sent New York into the lead and a heavy bombardment in the eighth, which would have meant a hasty trip to the showers for any pitcher but Johnson, spelt the end of the great twirler's last fading hopes. The final score ended 6 to 2.

The Giants broke into the run column in the third session when two scratch hits and a solid drive gave them one run. A double-play saved Johnson in this inning, although it was the weakened infield behind him that was chiefly responsible for his getting into a hole as they should have cut down at least one of the two scratch hits.

Washington tied the count in fourth with two hits and a sacrifice, but the deadlock only lasted one inning, and then Gowdy's single and Bentley's terrific drive into the right stand sent New York far into the lead.

There was no further scoring until the eighth. Rice was called out at first on a very close play just before Goslin crashed a ball into the gap which already seemed filled by a runner who seemed to arouse a fear in the Giants that the Senators might rally again in the ninth so they launched a drive which swept the Senators off their feet and drove three runs across the plate on three singles, a sacrifice fly and an error by Johnson. This placed the game far beyond the Senators' reach.

Bentley was on the firing line for the Giants and he hurled a strong game, keeping the Senators' hits scattered and showing excellent strength in the pinch until the eighth. Gowdy's homer was followed by Judge's single and Manager McGraw decided that McQuillan was needed in this emergency. McQuillan celebrated his arrival by retiring the Senators on three pitched balls, both batters grounding to the infield.

Manager Harris kept Walter Johnson on the mound in spite of the terrific hammering he was receiving, apparently being willing to accept defeat rather than add further misery to the gap which already seemed filled by withdrawing the veteran from the box in what will probably be the last world's series game he will ever pitch. Johnson, after the contest, declared that he may retire from the game next season.

Another crowd of approximately 50,000 fans filled the grounds and the larger portion seemed to be on hand in the hope of seeing Johnson achieve his life's ambition and cop a world's series game. They cheered him to the echo in the earlier part of the game and as the contest wore on and it became evident that the Giants were going to win even the most rabid Giant fans curbed their enthusiasm, realizing that Walter Johnson, probably the greatest pitcher the game has ever known, was taking the bitterest setback of his career. Johnson, however, took his defeat grimly and hid his deepest feelings, although the disappointment could be plainly seen on his face.

The scene shifts back to the capital today, where Washington will make

Will Officiate at the Hoppe-De Oro Three-Cushion Test.

George Moore, former world's three-cushion champion, will referee the 600-point three-cushion match between Willie Hoppe, Balkline champion, and Alfred De Oro, former world's three-cushion champion, which will start in New York on Monday afternoon. The match will be played in twelve blocks of 50 points each. Moore is one of the leading students of three-cushion billiards and his selection as referee met with the unanimous approval of both Hoppe and De Oro.

The principals held a final meeting at the Strand Tuesday morning and went over all the details. De Oro has

SAYS MCGRAW IS
MASTER MANAGER

Winning Four Straight
Pennants Gives Him
the Palm.

By HENRY L. FARRELL
(United Press Sports Editor.)
New York, Oct. 9.—(United Press.)—After breaking a precedent of 49 years' duration by winning four major league pennants in a row and after winning this year what was his tenth National League championship, John J. McGraw is entitled to be recognized as the master-manager of all times.

McGraw has won just double the number of pennants that any rival National League manager has achieved, and he is four ahead of Connie Mack, the old wizard, who won six championships with the Philadelphia Athletics.

The Giant leader had to be the world's smartest manager and best leader to win the National League pennant this year. He had to win with a team that was not the best in the league and that was cracked by the loss of two stars in the last hard week of the race.

Just ten years ago McGraw had a fourth pennant right at his finger tips when the Boston Braves popped up from nowhere and ran away with the pennant. This year he escaped narrowly from the same fate when the Brooklyn Robins jumped out in mid-season and ran the champions clear up to the wire.

His genius at keeping players on their toes in the tightest places was shown in the last week of the pennant race when Frank Frisch and Heinie Groh, two mainstays of the offense and the defense, were injured and had to be replaced.

McGraw put Freddy Lindstrom, an 18-year-old rookie, on third base, and astounded the fans by placing George Kelly, the regular first baseman, in centerfield and then switching him to second base with Bill Terry, a 21-year-old rookie, on first.

It wasn't the most finished or the most brilliant combination, but it was good enough to win the important games in the Pittsburgh series that had much to do with the winning of the pennant.

McGraw always had insisted that a team be stronger than its 25 serves, and how well he had figured and planned for such an emergency was shown in the last week when he called upon fall back on the reserves.

The credit that the Giants should get can be realized only when a mental picture is drawn of the Washington Senators without Harris and Blugoe, the Pittsburgh Pirates without Maranville and Traynor, the Yankees without Joe Dugan and Eria Ward.

The Yankees had to worry along without Ward for a month, and Miller Higgins, the manager of the former champion, admitted that it was the loss of Ward that brought havoc to the team.

McGraw always has been forced to be a brilliant manager. He never has had an extraordinary team. When great teams of the past are being discussed you never hear any critics talking about a Giant team with the reverence and respect in the comments about the great Athletics, the great Boston Red Sox and other brilliant teams.

The Giant leader always has had good teams, teams that were well balanced and above all, teams that were game to the heart and hurlers from ear to toe. No player can last with McGraw unless he gives everything he has when it is needed. No other team in the National League could have gone through what the Giants endured all season.

When the team cracked on its last western trip, McGraw was game enough to try experiments that caused other managers to throw up their hands in wonder. The centerfield position was bothering McGraw and he didn't like Irish Meusel's work in left field. So he benched Meusel and put George Kelly in center.

The winning of four straight pennants was McGraw's ambition of a lifetime. There is little more now that he can accomplish, unless he wants to win five pennants or six pennants in succession. Whatever his plans are, he is not going to retire for awhile. Despite the strain and the worry of years in keeping a winning ball club a winner, McGraw has retained all his love for the game and he never would be satisfied unless he retained the same intimate and close association with the players.

Perhaps McGraw gets a kick out of producing new combinations. He has won 10 pennants and in that drive over 40 hard seasons he has directed clubs that have been changed from top to bottom several times. The Giants were good enough to win the pennant this year, but they are not such a good club that McGraw can sit around all winter and feel assured of success next year.

The team is getting worn in places, and it is felt that a change in scenery is necessary sometimes to keep players going. It has been reported that he has cooled on several of his players and that he will do a lot of trading, buying and selling during the off-season.

It is physically impossible for Heinie Groh to keep going forever, but McGraw need not worry about him. Young Lindstrom is going to be ready in another season, if he is not there, and he seems certain of becoming one of the great stars.

Runs And Hits
In World's Series

The following is a correct list of the runs and hits made by the Giants and Washington players in the five world's series games played. Watch this list for a daily check-up.

Table with columns: Position, Runs, Hits. Includes totals for Giants and Washington.

Washington. Centre field 3 5, Second base 4 7, Right field 2 5, Left field 4 9, First base 4 9, Third base 1 3, Shortstop 1 7, Catcher 0 0, Pitcher 0 2.

New York. Centre field 3 5, Second base 4 7, Right field 2 5, Left field 4 9, First base 4 9, Third base 1 3, Shortstop 1 7, Catcher 0 0, Pitcher 0 2.

SOLDIER'S BUTTON FOUND. A returned soldier's button was found in Prince William street yesterday and awaits the owner at police headquarters.

C. O. Johnson, professional diver, broadcasted from the bottom of the ocean off Atlantic City a description of the wrecks he encountered nine fathoms down.

Showing Bobby Jones, Golfing Ace, as
A Lad and When He Became Champion

Note the Position of the Arms, Feet and Body of the Boy and the Same Characteristics When He Won the Championship.

Bobby Jones played in his first championship at Merion in 1916.

And eight years later over the same course he won for the first time.

accomplish, unless he wants to win five pennants or six pennants in succession. Whatever his plans are, he is not going to retire for awhile. Despite the strain and the worry of years in keeping a winning ball club a winner, McGraw has retained all his love for the game and he never would be satisfied unless he retained the same intimate and close association with the players.

WILD PITCHES ARE
USUALLY COSTLY

Billy Evans Says They are
Generally the Result
of Pressing.

Fate plays some unusual pranks in baseball. Losing a ball game on a wild pitch is the unusual. During the past season I saw only two ball games decided in such a manner, says Billy Evans.

Strangely enough they came in the final clash between New York and Detroit. Detroit won all three games, two of them on wild pitches, one on a lead throw by the brilliant Joe Dugan, baseball's premier third sacker. Those three defeats really sounded the death knell to the Yankees' pennant chances. Perfect play in that series would have probably won the 1923 champions two games, perhaps all three. The break of the game favored the Detroit club and the Tigers won.

Wild pitches as a rule are the result of pressing. In an effort to get a lot of stuff on the ball trying to pitch out of a hole a wild have often resulted. In one game of the series, with the bases filled, Bob Shawkey, sent in as relief pitcher, caused the first batter to face him to strike out and the next one pop up. It seemed as if he would

SWEDISH START DRIVE FOR
FUNDS TO PAY TRAINERS

Stockholm, Oct. 9.—A nation-wide drive for financial support of Swedish athletes has been started here. The main object being to raise funds for engaging first class athletic trainers. The public in general has been stimulated through the Olympic games and is expected to respond generously to the appeal, which is signed by many persons of prominence and sent out broadcast.

DATES FOR COLLEGE
SPORTS ANNOUNCED

Intercollegiate Football Hockey and Basketball Series are Arranged.

Fredrickton, Oct. 8.—Professor Paul Kilmeyer, faculty delegate to the maritime intercollegiate athletic conference at Truro, and Guy D. Scovill, student delegate returned this morning. The western intercollegiate section was formed as usual of U. N. B. and Acadia and Mt. Allison.

The dates for the rugby football matches which will be played on Thursday are as follows: Acadia vs. U. N. B. at Fredrickton Oct. 29; Mt. Allison vs. Acadia, at Wolfville Oct. 30; U. N. B. vs. Mt. Allison at Sackville, November 6th. The play off with the eastern section is set for Nov. 11.

The date of the playoff is provisional and the place is to be selected. J. W. Allen, of Halifax, was selected as official referee of the western section and Dr. Leon Fluck, Acadia, as referee of the eastern section. J. F. McCarthy, Mt. Allison coach, and Dr. J. J. McDonald, of Nova Scotia Tech, will officiate in the eastern section comprising Dalhousie, St. Francis Xavier, King's and Nova Scotia Tech.

In hockey the referees are: Western section, Willie and Brown; eastern section, Fabie Bates. In basketball the referees are: Roy Willett, of St. John; Abbott, of Truro, and Buckland, of Halifax.

Hockey dates for the western section are as follows: Mt. Allison vs. Acadia, at Sackville, Feb. 5; U. N. B. vs. Mt. Allison, at Sackville, Feb. 12; Acadia vs. U. N. B., at Wolfville, Feb. 19. The date for the Summer trophy match with King's is to be arranged in Christmas vacation.

Basketball dates for the western section are as follows: U. N. B. vs. Mt. Allison at Fredrickton, March 18; Acadia vs. U. N. B. at Wolfville, March 26; Mt. Allison vs. Acadia at Sackville, April 2.

Rules of eligibility remain unchanged. Nova Scotia Tech again has the right to play any bona fide student and King's has the right to play any student in King's residence.

GRAND CIRCUIT MEET.

Lexington, Ky., Oct. 8.—Driver Thomas Murphy added to his impressive showing this year by winning three races on today's grand circuit card, which included the Phoenix for 204 paces with Baron Worthy and the Ashland for 211 trotters with Etsa Drulien. For extra measure he also won the 222 trot with Henry W. Oliver's Elsie Scott.

The real fight developed in the 212 pace in which winners fought it out in the final heat. Brook Vole, the stable of McDonald, was a big favorite, but undoubtedly almost caused his downfall. He made breaks in three of the heats, but in the fourth was so much the best that he got up in time to win in a stretch battle.

NOTICE

Wakes Cars Up
When Cold

That cold motor needs one stimulant and one only—Fundy Gas, which now sells 5c less than a fortnight ago.

Split second speed in starting on the coldest of cold days. In fact, Fundy wakes your car up no matter what the temperature. For Fundy is the pure straight distilled Gas.

Purity provides more power, more mileage, more pleasure. And economy. Less oil needed by half. Less upkeep, of course.

Cut down the carburetor till she spits in starting but not when warm.

Fill 'er up with
FUNDY
The Better Gasoline

A FEW SIDELIGHTS ON WORLD'S SERIES

Fans Besiege Babe Ruth, Ty Cobb and Walter Johnson.

(New York Times.) They can't lick us, pal! It was 1:40 p. m. Tuesday and Clark Griffith was speaking. At 4:15 p. m. the Griffith prediction came true. A few minutes later Manager Griffith left his box to the left of the Senators' field headquarters, and as he departed to join his victorious warriors in the clubhouse he repeated, "They can't lick us, pal!"

OFFERS RULES FOR GOLFERS OVER 50

New York, Oct. 9.—(United Press)—A golfer over 50, who is predisposed toward heart failure, should not play golf with his wife. This is one of the rules set out by Dr. Clarence Lieb, New York heart specialist, whose recent article in the New York State Medical Journal on golf for nervous men caused great interest. Dr. Lieb has prepared a few "Gold Rules Not on the Score Card," at the request of the United Press.

WILL OPEN FIVE WEEKS VAUDEVILLE ENGAGEMENT IN BUFFALO OCT. 20.

Jack Dempsey, the world's heavyweight champion, will open a vaudeville engagement in Buffalo, Oct. 20, after which Dempsey will depart for Los Angeles to spend the Christmas holidays with his folks, as has been his custom for several years past. This was the announcement made by the champion, who added that he has several offers for moving picture work under consideration, but indicated that he will not accept any film work this year. His boxing will be deferred except that which he will do on the subject, and I am ready to go to the bottom of any new developments."

BOWLING LEAGUE IS REORGANIZED

A meeting of the Commercial Bowling League was held last night in the city hall and was attended by representatives of 10 teams, all of which signified their intention of joining the league this season. The prize for first place is the cup donated by Harry R. McLellan. The team representing McLellan, James Pender & Co., Ltd., has already scored one win. Three are needed for permanent possession of the trophy. It is expected that two more teams will enter before the season commences on Oct. 20.

Ten Teams Enter and Two More are Expected to Join.

Those new uniforms which the Giants wore for the first time on Monday showed the signs of service on Tuesday. Fritch, with his heading slides, and Young, with his diving catches, have made work for the undermen.

MAY VISIT THE MARITIMES SOON

Sir Henry Thornton is expected to open broadcasting station. The C. N. R. broadcasting station in Moncton will probably be opened during the first week in November. Asked as to who was to open the station when it was completed, J. G. McMurtrie, who is in charge of the installation, said that it was hoped that Sir Henry Thornton would be present. The president was planning, so it was said, to make a trip through the maritimes in the near future and it was hoped that the two events might coincide.

FORMER RECTOR OF LAVAL DROWNED

Quebec, Oct. 8.—Abbe Pierre Hebert, a former rector of Laval University, was found drowned at St. George's this morning by a fisherman named Napoleon Mercier, who was out tending his nets.

Investigation appears to confirm the belief that the Abbe had been walking the railway tracks and that he had been struck by a train last night and knocked into the water.

EXPELLED MEN SEE MR. LANDIS AGAIN

Dolan and O'Connell Heard Anew, But Situation is Unchanged.

New York, Oct. 9.—Jimmy O'Connell and Coy Dolan, expelled members of the New York Giants, appeared before Baseball Commissioner Landis this week and asked that their cases be reviewed by the commissioner. But when they had each talked with the baseball czar and had been dismissed from the interview their status remained as before—expelled.

JAKE DAUBERT PASSES AWAY

Cincinnati, Ohio, Oct. 8.—Jack Daubert, captain of the Cincinnati Reds, died early today at Good Samaritan Hospital. Death came to the veteran baseball player after a valiant fight against complications which set in following an operation last Thursday for the removal of his appendix. Blood transfusion was resorted to yesterday but the illness had so advanced his vitality that it was of no avail.

SOME PERFORMANCES BY BOSTON PITCHERS

Although the Red Sox finished in seventh place and the Braves in the cellar, Boston pitchers contributed two sets of notable performances to the season's records. Eban, representing the Red Sox, pitched a two-hit game, one against Philadelphia and another against St. Louis.

Soak your beard in MENNEN lather—and the Bristles will like a Starched Collar in July That's DERMUTATION

This softening of the beard—this changing of its character from wiry stiffness to a soft, pliant condition is called by scientists D-E-R-M-U-T-I-O-N. Hairs thus softened offer no resistance—and instead of turning back the cutting edge of the razor, it cuts right through them and literally mows them off.

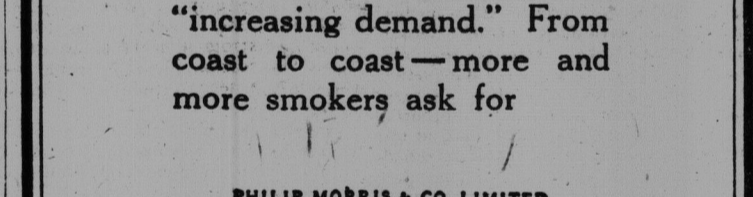

MENNEN SHAVING CREAM The Mennen Company, Limited—Montreal, Que. 5-204

phila and the other against the White Sox, while Joe Genewich pitched three games in which he allowed only three hits each. Eban's feat was unmatched in the American League and only Darryl Vance among National League pitchers equaled Genewich's record.

TIME CHANGE HELPS THEATRE FINANCES

London Houses are Enjoying Biggest Boon for Months.

London, Sept. 22.—(By mail.)—There the happy smiles in London's theatres. The West End playhouses are experiencing the biggest boom in attendance in many months. "It's partly due to what has come to be known as the little social season, aided and abetted by a spell of weather which, if not ideal, is at least an improvement on that which characterized the spring and summer months."

NEW YORK WELTER WILL BOX IN CITY

The Commercial Athletic Club has arranged another big boxing show which will be staged at St. Andrew's rink on Monday, Oct. 20 at 7 p. m. The main bout is scheduled to go 10 rounds and is supported by an eight-round semifinal in the evening.

PAL OF JOHN BROWN

Wichita, Kas., Oct. 9.—A former pal of John Brown of Kansas, whose "body lies mouldering in the grave," is selling newspapers on the streets of Wichita. He is Mr. V. Ehringer, 92, who stood by the side of the famous anti-slavery leader in the stirring days of early Kansas history.

WANT PRAIRIE MAN C. N. R. DIRECTOR

Saskatoon Bodies Protest to Premier Against Certain Railway Construction. Saskatoon, Oct. 9.—A petition from the Saskatoon Board of Trade, the municipality and the city council has been presented to Premier King, protesting against the construction of unnecessary branch lines, which, it is alleged, are being built by the C. P. R. entirely for the purpose of cutting into rich territory pioneered and developed by the Canadian National.

HAS GOOD WORDS FOR ST. JOHN RAILWAY MAN

Mr. John Brayley, of St. John, Freight Inspector for New Brunswick, was in the city on Wednesday, says the Moncton Times, enroute home after a business trip to Bathurst and Campbellton. "Mr. Brayley," says the Times, "is one of the pioneer railway men of the province and entered the I. C. R. service in St. John 47 years ago. For the last 26 years however, Mr. Brayley has been freight inspector for the Canadian Freight Association in the province and is well and favorably known among the railway men, and also commands the highest respect and esteem of the shippers throughout the province. Mr. Brayley has many friends here who will be pleased to know he is enjoying the best of health and still going strong."
