#### Great Crowds at The Ball Grounds—Stealing Door Mats and Milk Bottles—Scenes of Disorder—The Roof-Top Crowds—Probable Line-Up

(Canadian Press) Manager McGraw has given any intimation who would be used. Despite the seeming advantage held by Philadelphia in the two victories to one, the other anxious to improve the advantage won yesterday, the New York Giants and the Philadelphia Athletics are prepared today to battle their hardest for the fourth game in the world's inter-league championship series. Victory by the American league champions would mean that they would have only one more game to win to carry off the series, while the National League would have to win two more games to win the series. The game at Philadelphia is expected to be a close one, with McGraw's team being favored to win. The game at New York is expected to be a close one, with McGraw's team being favored to win. Many of the Athletic adherents believed that Shawkey would be the pitcher of choice for the White Elephant's manager, and figured that he would be used as pushing to the Giants' bats as was Bush yesterday. Bender, however, was anxious to go in and there is a strong possibility that his wish will be gratified.

Manager Mack has Shawkey and Fenwick in reserve, while Manager McGraw has Denare, but neither manager has a strong possibility that his wish will be gratified.

Toronto, Ont., Oct. 10.—Since yesterday a pronounced disturbance has formed over the great lakes, and will, in present appearance, move eastward across Ontario. The weather continues fine and warm from Lake Superior to the maritime provinces, while in western provinces it is almost winter. Storm signals are displayed on the Superior.

### The First President of China

(Canadian Press) Peking, Oct. 10.—The utmost success attended the first inauguration of a president of the republic in China today.

When Yuan Shi Kai was inducted into the office of chief executive. The entire ceremony passed off without the slightest hitch, and was succeeded by a brilliant review of troops, at which the exercises were conducted excellently.

Shanghai, Oct. 10.—A general holiday was declared here today in honor of the anniversary of the foundation of the Chinese republic. All the ships of the foreign fleets, present in Chinese waters, were dressed with flags.

Amundsen Has Ordered Air Craft For Final Dash—Himself The Aviator

New York, Oct. 10.—Captain Ronald Amundsen, the Polar explorer, is reported to have ordered in Paris, an aeroplane which he may take with him on his next polar expedition. According to a Frankfurt dispatch, Amundsen himself will take his place in the aeroplane and make his arctic dash through the air.

### Panama Canal Reaches The Final Stage

President Wilson Blows up Last Barrier Between Atlantic and Pacific Oceans

(Canadian Press) Washington, D. C., Oct. 10.—Pressing a key at the White House at two o'clock this afternoon Eastern time, President Wilson will release an electric current that will travel over land and under sea, to the Panama Canal to discharge a charge of dynamite and destroy Gamboa dam. This dam is the last great physical obstruction to the opening of water communication between the two oceans, although the wreckage of the dike and two earthen dikes, one at Sucusucua and another at Gold Hill, must be cut through before the canal actually can be opened.

Emperor William May Challenge For The America Cup

Hamburg, Germany, Oct. 10.—Emperor William today ordered from Max Oertz, the well-known yacht builder of this city, a new schooner to replace his present racing yacht Meteor, and her success will have an important bearing on the question whether Germany will challenge for the America's cup, with a cutter designed by the designer of the Meteor, as well as of the Germania, belonging to Gustav von Krupp.

McIntyre Here On Way To Dorchester For Life Sentence

Charles Megley McIntyre, the negro who was sentenced to a life term in Dorchester yesterday for killing Gabriel Seabattis, an Indian, was brought to the city this morning in custody of Sheriff R. Williams. The sheriff brought McIntyre to Hampstead this morning and came from there in the Oceanic to the city to connect with the 12:40 train for Dorchester. They made close connections, as the Oceanic was held up at Public Landing this morning on account of fog.

WOMEN WORKERS SPLIT ON SUFFRAGE QUESTION

London, Oct. 10.—The suffrage question has caused a split in the National Union of Women Workers, which has been sitting in conference at Hull this week. Mrs. Humphrey Ward led the protest against the Union advocating women's suffrage, and as a result there have been numerous sessions by the anti-suffragette minority, and a decision to form a rival union.

WATER HAS BEEN TURNED ON IN ADELAIDE STREET

ALASKAN TOWN WAS WIPED OFF THE MAP

Nome, Alaska, Oct. 10.—The storm that destroyed Nome, wiped the town of Soloman entirely off the map. Not a building of any sort in the settlement, which had a population of 300, remained standing after the gale. It is reported, all the inhabitants escaped with their lives, when the town was blown away.

THE WELTERWEIGHTS

Kenosha, Wis., Oct. 10.—Mike Gibbons of St. Paul, and Spike Kelly of Chicago, fought ten rounds last night, and it was about an even thing between the aspirants for the welterweight championship. Gibbons showed better ring generalship, but Kelly was always a willing boxer and he kept Gibbons moving all the time.

BILLIARD CHAMPIONS

Winnipeg, Man., Oct. 10.—Willie Hoppe, world's champion American billiard player, has accepted the challenge issued by Melbourne Inman, world's champion of the English game, for a series of four games for the all round championship of the world at \$1,000 a side per game.

DREDGING AT SAND POINT

The government dredge, W. S. Fielding, started at work yesterday afternoon dredging in No. 6 slip at Sand Point, in preparation for the winter port steamers. The dredge is at present working at the south pier, and in a few days will move to the north side.

### Delegates Have Reached Montreal

Still Unsuccessful and Bitterly Disappointed

TO INTERVIEW SHAUGHNESSY

Another Public Meeting on Their Return Probable—To Report Progress and Decide on Further Action—C. N. B. Steamers Not Coming

(Special To Times) Montreal, Oct. 10.—The St. John delegation arrived here from Ottawa this morning and will leave for home this evening.

Indignation is certainly not dying out amongst public spirited citizens about St. John with regard to the matter of the C. P. R. steamers and those of the Allan line making Halifax their terminal port but seems on the contrary to be increasing with the news from Ottawa from the delegation that little satisfaction has thus far been obtained.

A public meeting upon the return of the delegates is spoken of and in fact it was argued today that whether the delegation had anything definite to report after their interviews at the capital and at Montreal, or not, a meeting should be held to discuss the question and to take some action. It was hoped that they would have something to report but there were many who thought that since they had thus far been given but very disinterested hearing and hardly any satisfaction, they would not be able to report anything of a definite nature upon their return.

Different citizens were asked this morning and they were practically all in favor of holding a public meeting with the delegates came back to the city. There was need of prompt action being taken, it could then be decided upon the gathering would be even larger and more representative than that held last week because of the increased interest and indignation regarding the whole affair.

Not a Building Left Standing in Soloman—Same Storm That Struck Nome

There are many methods of advertising open to the national manufacturer, all with merit. There are many ways he can tell about his goods. But there is one best way for him to sell his goods and that is through direct advertising to the consumer through live daily newspapers like The Times and Times.

Direct sales—on a satisfactory scale, are an almost certain result of co-operative advertising. It pays all around! The Bureau of Advertising, American Newspaper Publishers' Association, World's Building, New York, is anxious to be of assistance to manufacturers who have advertising publishing problems.

### HAD A STROKE OF PARALYSIS

And Found a Cure in Dr. Chase's Nerve Food

It is always better to prevent serious diseases of the nerves. There are many warnings, such as sleeplessness, irritability, headaches and nervous indigestion. Prostration, paralysis and locomotor ataxia only come when the nervous system is greatly exhausted. Even though your ailment may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages. Mrs. R. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband and we cannot speak too highly of them."

### THE LATE MRS. SAUNDERS.

The funeral of the late Mrs. E. M. Saunders, wife of Rev. Dr. Saunders, took place in Halifax yesterday afternoon. Mrs. Saunders' maiden name was Maria Kiborough Freeman, of Milton, Queen's County. She was married to Dr. Saunders in the autumn of 1858. The first nine years of married life were spent in Berwick, where her husband was pastor of the Baptist church. In 1867 they removed to Halifax, where they have since resided. Two children passed away before their mother: Walton Nutting, in the autumn of 1878, nine years old; and Laura Knowles, in the spring of 1889, seventeen years old. The children living are J. C. Saunders, chief accountant in the department of finance, Ottawa, and E. M. Saunders, treasurer of the Canada Life Assurance Association, Toronto. Mrs. Clarence King Moore of Rochester University, New York; and Miss Marshall Saunders, author, and Miss Grace, at home.

### A HAPPY CHILD IN JUST A FEW HOURS

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered. When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit-laxative." Children love it, and it cannot cause injury. No difference will ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside-cleaning" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

### ST. ANDREW'S LADIES FORM CANADIAN CLUB

St. Andrew's Beacon—In response to the call of Mrs. E. A. Smith, vice-president for New Brunswick, of the Association of Canadian Clubs, a large number of ladies assembled in Memorial hall on Friday afternoon last. Mrs. Smith, having spoken at length in explanation of the purpose of the meeting, it was resolved to organize a club at once. Officers were chosen as follows:— Mrs. Charles Mowat, honorary president. Mrs. F. G. Andrews, president. Mrs. G. H. Stickney, 1st vice-president. Mrs. A. O'Neill, 2nd vice-president. Mrs. J. D. Gimmey, 3rd vice-president. Miss A. Richardson, treasurer. Miss Nellie Mowat, literary correspondent. Mrs. C. S. Everett, secretary. Executive committee—Above officers and Mrs. G. W. Babbitt, Mrs. M. N. Cockburn, Mrs. G. F. Hibbard, Miss Jennie Kennedy, Miss Ida Graham, Mrs. G. B. Finligan, Mrs. Will Carson, Mrs. P. Russell, Mrs. P. P. McColl, Miss Miss Laura Shaw, Miss Weddall, Miss Alice O'Neill. The new organization begins under most favorable auspices.

### CHAMCOOK WORKS TO RESUME SOON ON MODERATE SCALE

St. Andrew's Beacon—The hope is held out that the cordine canning plant at Chamcook will resume operations before long on a more moderate basis than that on which the plant began a year ago. A few men are now engaged in labelling up the manufactured goods on hand. It is doubtful however, if there will be any extended work until spring opens. The Montreal Star had this to say on Friday last:—"Officials of the Canadian Sardine Co., whose big plant at Chamcook, N. B., has been closed down for some time, announce that they expect to resume operations within a few days. The company has started a number of hands at work making boxes, cans, etc. It is said that about 100 hands will be employed when the factory begins to handle fish again. That means the company will only attempt to operate the plant to a small proportion of its capacity." The Canadian Stores Ltd., as will be seen by announcement elsewhere, feel sufficiently encouraged by the outlook to continue their business at Chamcook. A new light-house is being built at the entrance to Chamcook channel. It is being built by the marine department by days work.

## FIND EVIDENCE OF DISCRIMINATION AGAINST ST. JOHN

### After Hard Battle Delegates Get Only Glimmer of The Agreement and Vague Promises—In Montreal Today

Ottawa, Oct. 9.—After two days of waiting the St. John delegation sent here to protest against injustice to that port in the matter of the mail steamers feel that some progress has been made and that there may be some hope of some solution being reached, though evidence to support that view is slight. Tonight, having done all they feel they can do here, they will leave for Montreal, where Messrs. Hazen, Robinson, Frink and Thorne, if arrangements can be made, but the delegates will all leave here tonight and spend tomorrow in Montreal, reaching home Saturday.

Today's chief result was in getting some knowledge of the agreement between the Intercolonial and C. P. R. Discriminates Against St. John.

At this stage it is held in confidence, but the delegation, after learning some of the details, were strongly of the opinion that it is discriminatory against St. John and passed a resolution to that effect. The members of the delegation spent a busy Thursday, with three sessions at the Chateau Laurier, besides the conferences of Robinson, Frink and Thorne with the ministers. Mr. Robinson has won high commendation of all for his leadership of the delegation.

At 1 o'clock the delegates met again in what might well be termed an indignation meeting. They were chafing under what seemed to them unnecessary delay in receiving through the ministers, from Mr. Gutelius, the terms of the contract between the Intercolonial and the C. P. R.

That was the first thing they wanted to know, and they thought two days rather long to wait for it, whatever the reason was that it had not come from the I. C. R. manager. Finally an adjournment was made till 4 o'clock, as under Premier Borden's promise yesterday it was felt that the terms should surely be available by this afternoon.

A Mistake, Says Harris. Hon. Mr. Hazen sent for J. M. Robinson about 2.30 this afternoon at the Rideau Club, and Senator Thorne and A. H. Harris of the C. P. R. were present. HARRIS SAID THAT THE SCHEDULE OF SAILINGS OF C. P. R. STEAMERS DATED SEPTEMBER 23 WAS PUBLISHED BY MISTAKE AND SHOULD NEVER HAVE BEEN PUBLISHED.

Messrs. Hazen, Thorne and Robinson then went to Premier Borden's office, and there were shown two telegrams received from Gutelius. The first acknowledged Mr. Borden's telegram of today asking, in response to the delegation's request, that Gutelius wire him the text of the agreement. The second telegram set out that while a memo of the agreement had been drawn up by himself for the Intercolonial, and by C. M. Bosworth of the C. P. R., it merely covered the heads of the agreement and that the formal document had not yet been prepared.

THE MEMO NOW EXISTING, HE SAID, WAS IN RAILROAD PHRASEOLOGY AND NOT EASILY UNDERSTOOD BY THE ORDINARY LAYMAN, AND HE WOULD PREFER NOT TO WIRE IT. BUT, IN THE COURSE OF A FEW DAYS, IT WOULD BE MADE PUBLIC, WHEN IT WOULD BE SUBMITTED TO THE MINISTER OF RAILWAYS FOR HIS APPROVAL.

The telegram stated that a copy of the memo had gone forward to Hon. Mr. Cochrane. A Six Months' Agreement. Mr. Borden sent to the latter's department for the memo and it was brought in and read. It covers six months, from November 15 this year to May 15 of next year.

Mr. Robinson reported these matters to the delegation in a session which lasted till nearly half past six. He gave from memory, and in confidence, some details of the terms and they were discussed freely. ALL AGREED THAT, IN SO FAR AS THEY HAD BEEN ABLE TO EXAMINE THE DETAILS, THEY APPEARED TO BE DISCRIMINATORY AGAINST ST. JOHN.

THIS SENTIMENT WAS FINALLY EMBODIED IN A RESOLUTION MOVED BY SENATOR DANIEL AND SECONDED BY JOHN KEEFE, AND IT WILL BE HANDLED TO HON. MR. HAZEN.

There is a division of opinion among the delegates as to whether or not the memo of agreement between the Intercolonial and the C. P. R. is binding in its present form. No official expression of opinion, however, can be had at present.

### IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLDS AND CATARRH VANISH

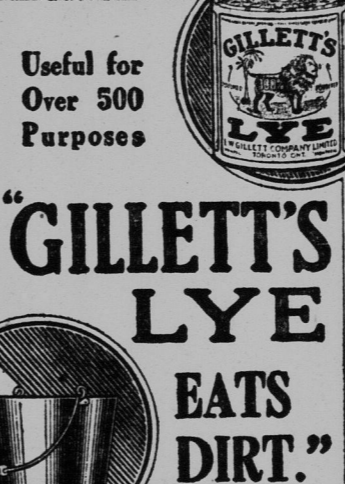

Stops Nasal Discharge, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely. Try "Ely's Cream Balm." Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stoppage of air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heats the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages, stops nasal discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh of a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless. Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

### Eat and Get Thin

This is turning an old phrase face about, but modern methods of reducing fat have made this revision possible. If you are overfat and also averse to physical exertion and likewise fond of the table and still want to reduce your excess flesh several pounds, do this: go to your druggist for or write the Marmola Co., Warner Building, Montreal, Mich. and give him (or send them) 75 cents. For this modest amount you receive the famous Marmola Prescription Tablets (compounded in accordance with the famous Marmola Prescription), one of which you must take after each meal and at bedtime until you begin to lose your fat at the rate of 12 to 15 ounces a day. That is all. Just go on eating what you like, leave exercising to the athletes, but take your little tablet faithfully and without a doubt that fatty flesh will quickly take itself off, leaving behind it your natural self, neatly clothed in firm flesh and trim muscles.

### Daily Hints For the Cook

Peach Jelly  
Pare, stone and slice desired quantity, beat in boiling water until fruit is well broken. Strain and to every pint of juice add a pound of sugar. Boil twenty minutes. Fine for jelly rolls.  
Pickled Peaches  
Remove the skins from the fruit. Stick a bit of cinnamon and clove into each. To six pounds of fruit weigh three pounds sugar, add one and a half pints vinegar. Make a syrup of the last two and throw in a few pieces of stick cinnamon. When boiling hot drop in peaches enough to cover the surface and cook till you can pierce the sides easily with a silver fork. When cold put in glass cans or small cartons.

### RECENT DEATHS

Mrs. Elinor Jane Brundage.  
At the advanced age of eighty-eight years, the death of Mrs. Elinor Jane Brundage, widow of Thomas Brundage, occurred yesterday at her home, 306 Princess street. Mrs. Brundage had been ill in health for some time, and her death although it was a shock to her many friends, was not entirely unexpected.

THE CARELESS GUNNER  
Charles McCormick, aged fourteen years, son of Mr. and Mrs. William McCormick of Fredericton, was struck by a stray bullet in a pasture on New Maryland Hill yesterday, but luckily escaped serious injury.

He was leaving the pasture, after taking some cows there, and was just in the act of latching the gate when suddenly he felt a burning, stinging pain in his right side. The report from the discharge of a rifle, which he heard just a second or so previously, made it plain to him that he had been shot.

WEDDING AT GIBSON  
At the residence of David Campbell, Gibson, Wednesday evening, Miss Marion Campbell, daughter of Emery Campbell, Nashwan, was united in marriage to Ford T. Bailey of Gibson, son of the late Melvin Bailey.

The Rural Problem  
At the Presbyterian Synod at Sydney A. A. McLeod spoke on the rural problem. Some 200 families have moved away from the country districts last year. He spoke of the way Denmark grapple with the problem by co-operation and scientific farming. The result is that within fifty years Denmark has been changed from a very low state to the highest in Europe.

Another Stray Bullet  
A bullet was put into a valuable two-year-old colt owned by Maurice Flynn of South Hawdon, N. S., a few days ago. The colt was pasturing back in the moose hunting region. Some person had taken the colt for a moose, or a stray shot has gone his way.

Authorized Agents—The following agents are authorized to canvass and collect for The Evening Times: H. Cecil Ogilvie, S. K. Smith, Miss Helen W. Hallett, and J. E. Cogswell.

NOT SATISFACTORY

The condition of affairs revealed in connection with the matter of the Atlantic mail steamships is so extraordinary that the people of Canada at large as well as the citizens of St. John should sit up and take notice. Some of the facts of the case in brief are:

(1) The Canadian Pacific and Allan Lines chose St. John as the mail port and announced the sailings of their steamships. They made the choice for purely business reasons, and in the interests of the country as well as for their own convenience.

(2) Within a few days after they had published their list of sailings the whole plan was changed, and the big steamships were switched to Halifax.

(3) The citizens of St. John immediately demanded an explanation of the change. In reply to their indignant protests, Mr. Hazen, their representative in the government, informed them that it was wholly a matter for the railways and the government had nothing to do with it.

(4) When the C. P. R. officials were asked for an explanation Mr. Bosworth said that the C. P. R. had got from the government railway such concessions as induced the company to have its trains hauled back and forth between St. John and Halifax, and to have the big mail steamships terminate their western voyage at Halifax.

(5) In the meantime public feeling in St. John had risen to such a pitch that a great mass meeting was held, at which nearly all the speakers were supporters of the present government. They had vainly sought by wire to get from Mr. Borden and Mr. Hazen full information about the concessions referred to by Mr. Bosworth. The meeting, which expressed in the strongest terms the indignation of St. John, decided to ask twenty citizens to go to Ottawa and get the information desired.

(6) The delegation went to Ottawa. News of the agitation in this city, as well as the appointment of the delegation, preceded them to Ottawa, and they might fairly have expected to find full particulars at their disposal immediately on arrival at the capital. When the delegation met the members of the government, however, they were amazed to find that the whole arrangement, which completely altered the plans of the steamship companies, and effected to so great an extent the interests of St. John and Halifax, and the business of the Intercolonial Railway, had been settled by Mr. Gutelius, general manager of the Intercolonial, and the officials of the Canadian Pacific, entirely without the knowledge or consent, not only of the representatives of Halifax and St. John, Messrs. Borden and Hazen, but even the minister of railways himself.

(7) The delegates at once asked to be shown the terms given by the Intercolonial to the Canadian Pacific, which induced the company to alter its previously published arrangements for the sailings of the mail steamships. Mr. Borden and Mr. Hazen must have known that this information would be asked for, but no attempt had been made to secure it. They themselves professed utter ignorance of the terms of the agreement. So keenly were the delegates disappointed by their reception that they expressed themselves in very vigorous terms, and were finally assured that the agreement would be got and laid before them. After waiting for a reasonable time, they made further inquiry, and discovered that the agreement had been forwarded from Moncton at the government's request by mail. Apparently twenty leading business men of St. John, who had already been too long delayed, were expected to cool their heels upon the doorstep of the council chamber while the information they sought was making the journey from Moncton to Ottawa by mail.

(8) At length, in response to a further determined protest, the terms of the agreement were forwarded by wire, and they had no sooner been examined by the St. John delegation than a resolution was passed declaring that they showed discrimination against the port of St. John. This resolution was sent to Mr. Hazen. Now Mr. Hazen and the delegates are to see Sir Thomas Shaughnessy and discuss the matter with him, and it is intimated that about the same time Mr. Gutelius will lay this remarkable agreement for the first time before his chief, the minister of railways.

A mere recital of the facts of the case must convince every reasonable man that the government has not been perfectly frank in this matter. Few business men will accept the statement, even on the authority of the prime minister, that Mr. Gutelius has been given such absolute authority, and that he would so exercise this authority as to bring about so complete a reversal of policy as that involved in the switching of the mail steamships from St. John to Halifax, without first consulting someone who was higher in authority than himself. Mr. Hazen is now co-operating with the St. John delegation in an effort to get justice for this port. It is greatly to be regretted that St. John's representative

did not learn sooner what the government, of which he is a member, was assenting to, in the matter of the diversion of the mail steamships from St. John to Halifax; and it is also regrettable that the very first protest was not entered and the first information of the injury about to be done to this port had not been received from the city's representative in the government. However, Mr. Hazen is now exerting his influence, and he may be assured that never at any stage of his career was he so universally supported by the public opinion and the determined spirit of a whole constituency.

It is intimated that the delegates will return to the city tomorrow. They have spent much valuable time in their efforts to serve the city of St. John. Their report should be received by a public meeting, so that the citizens might hear what they all have to say, and at the same time express appreciation of their determined efforts, and take such further action as may be deemed necessary in the interests of the port of St. John.

NEW MONTREAL PAPER

The Times has received the first copy of Montreal's new daily paper, The Daily Mail, of which Mr. M. E. Nichols is president and director, and Mr. B. A. Macnab vice-president and editor.

It goes without saying that a newspaper of which Mr. Macnab has editorial supervision will be thoroughly up-to-date in its news departments, and will be full of interest for the general reader. The new journal announces itself to be independent in politics, and that it will deal with men and measures as it finds them. In Imperial matters it "believes that Canada's destiny lies in its development as a nation within the British Empire." In this first issue there are special contributions from Mr. John E. Redmond, M.P., presenting the case for Home Rule, and from Sir Edward Carson presenting the case for Ulster; while Sir Charles Tupper sends a communication reasserting his view that Canada's rapidly increasing development will ultimately surpass that of the United States.

The Daily Mail makes its advent at a very interesting period in the history of Montreal journalism. Today's despatches tell of a suit for \$100,000 by the Herald against the Star, which it charges with conspiracy to destroy the Herald's business. There has been considerable speculation as to the attitude of certain Montreal financiers toward not only the Mail, but the other newspaper, the Daily Telegraph, which lately took the place of the Montreal Witness and has proved itself to be a very able exponent of the principles and policy of the Liberal party. The Herald was formerly Liberal, but now professes to be independent, or in the same class, apparently, with the Daily Mail.

THE COST OF LIVING  
Those who hold that the Canadian duty should be taken off flour will have their views confirmed by the following from the Montreal Telegraph:—

"Actually you can buy Canadian flour in England at a cheaper price than you can buy it in Montreal, the ocean shipping point. To bear this out with a recent instance, we give the following prices obtained for flour in three important markets on September 12th of this year, the unit of quotations used being the Canadian, per barrel of 196 pounds:

Table with 4 columns: Grade, Winnipeg, Montreal, London. Rows: Top, Patent, Bakers.

"It would appear that an enterprising Canadian might profitably import Canadian flour from London. This might also help to solve the westbound freight problem, which is one of the crucial factors in the whole situation."

If General Manager Gutelius is the whole thing, why have a minister of railways?

Of course this is an appropriate time for the Standard to interview a Halifax man on the shortcomings of St. John and its people.

Let us have another public meeting to receive the report of the delegates to Ottawa, and further to consider what may be done to have the Canadian mails carried by what the Canadian Pacific officials have declared to be the fastest route.

The St. John Standard provides the humor of the situation in the matter of the mail steamships by its efforts to detach Mr. Borden from himself, and to do the same for Mr. Hazen. Of course the thing cannot be done, but the Standard still has hopes.

The delegates to Ottawa are presenting bouquets to the alert and capable president of the board of trade, Mr. J. M. Robinson, for the fact which he displayed in the negotiations with the government. But why should special tact be necessary? Must St. John's representatives wear gunshoes when they go after their rights?

BIRTHDAYS OF NOTABILITIES

FRIDAY, OCTOBER 10

I. G. Ogden, of Montreal, one of the vice-presidents of the Canadian Pacific Railway Company, was born in New York on Oct. 10, 1844. He has been with the C. P. R. since 1881.

In Montreal yesterday a suit for \$100,000 was entered by the Herald Co., Ltd., against the Montreal Star Publishing Co., the Montreal Standard Publishing Co., the International News Service, Sir Hugh Graham, owner of the Star, and Charles F. Crandall, managing editor of the Star. The plaintiffs' declaration charges a conspiracy to ruin the business on the part of the defendants in connection with the publication of certain circulation figures.

**N. S. AGRICULTURAL COLLEGE CLAIMS W. H. BRITTAIN**

New Brunswick Man, Well Known Here, Accepts Important Position at Truro

Halifax Chronicle—Dr. Robert Matheson, M. S. A., Ph. D., who has held the position of Professor of Zoology at the Nova Scotia Agricultural College and Provincial Entomologist for the province of Nova Scotia, has resigned to accept a position in original research at Cornell University. W. H. Brittain, B. S. A., at present entomologist and plant pathologist for British Columbia, succeeds Dr. Matheson and expects to arrive in the province about the 15th of October. Mr. Brittain is a son of John Brittain, D. Sc., formerly of Fredericton, N. B., and later of Macdonald College, Quebec. Dr. Brittain's work for the advancement of science, especially in the schools of the maritime provinces, is well recognized by all educationalists and his son, who will shortly join the staff of the Nova Scotia department of agriculture, has ever since his early youth, been following the traditions of his father. Mr. Brittain's references are of the highest order, he having graduated with honors from Macdonald College and having later held an important position in the department of agriculture at Ottawa, and having for the past two years carried on most efficiently the duties connected with the position of entomologist and plant pathologist in British Columbia. When Prof. Cumming mentioned to Dr. Walter Murray, of Saskatchewan University that he was thinking of securing Mr. Brittain for the position vacated by Dr. Matheson, Dr. Murray said: "Secure him at once. I regard him as one of the most capable young men in his line in Canada."

**SAYS CARSON POSES TO GAIN PUBLICITY; CANADA IS DECEIVED**

Belfast Merchant Asserts Real Significance is Misunderstood—Industries at Stake

(Montreal Daily Mail.)

That Canadians are being deceived as to the true significance of recent happenings in the north of Ireland was the statement made by Edwin Johnson, prominent manufacturer from Belfast, who passed through Montreal last night. Mr. Johnson is engaged in the linen manufacturing industry in Belfast, and has a thorough knowledge of industrial and political conditions in Ulster.

"I was amazed, perhaps I might say shocked at the amount of space that the newspapers of New York and of Montreal are giving to the manoeuvres of Sir Edward Carson," he told a Daily Mail representative last night. "It appears to me as though more importance is being attached to them on this side of the water than the Irish and English people generally are disposed to give."

"There is a growing suspicion among

the better informed and less bigoted people of both parties that Sir Edward is posing for publicity and he certainly was pleased at the amount that he is getting here. Carson has by no means got an undivided Protestant ascendancy behind him, no more than Mr. Redmond has an undivided Catholic support to support his views." As for the talk of war to the knife should Home Rule be passed by the Commons, I do not think for one minute that the level headed business men of Ulster are going to allow their very industrial existence to be staked on the uncertain outcome of such a step, especially in view of the fact that they do not all of them see eye to eye with the present leaders of the so-called Provisional government, in their contentions.

"I am not a Ho-ae-Ruler," continued Mr. Johnson, "but I am not sure that a state of commercial chaos as would be brought about should Sir Edward Carson attempt to make good his threats, would not be a greater blow to the permanent prosperity of Ireland than a government directed from Dublin would be."

**LACK OF EXERCISE**  
Brings on Troubles which are Best Corrected by

**Dr. Morse's Indian Root Pills**

Man was intended to live an active, outdoor life, and his digestive system was modelled accordingly. Indoor work with hands or head, long hours sitting or standing still, especially in air that's none too good, slow down healthy activities of stomach, liver, kidneys and the millions of tiny skin glands.

Constipation, headaches, indigestion, biliousness, rheumatism and similar troubles follow.

Then the worth of that good old reliable family medicine, *Dr. Morse's Indian Root Pills*, is appreciated. Though it has been in use for over half a century, modern science has not been able to devise a safer or better cleanser for the whole system.

*Dr. Morse's Indian Root Pills* are largely vegetable in composition, free from any harmful drug, and mild yet most effective in their action. They are "Mother's standby" in hundreds of homes because they nip in the bud so many of the common ailments.

**This Will Soon Banish All Objectionable Hairs**

(Modes of Today.)

Beauty specialists have discovered a new and simple method for ridding the skin of objectionable hair or fuzz and invariably but one application is required to obtain the desired results. A paste is made with powdered delatone and water and applied for 2 minutes to the hairy surface, then rubbed off and the skin washed and dried. This treatment removes every trace of hair and leaves the skin firm and smooth. Disappointment will be averted if you buy the delatone in an original package.

**Buttons Covered By New Machine!**

**Dressmakers Make Note!**

Appreciating the fact that the present fashion requires buttons carried to match costumes in newer shapes and styles than heretofore we have imported one of the most perfect, up-to-date button covering machines yet made.

This machine excels any button machine used in our city for speed and accurate work. It will make many new styles of buttons and one notable feature is the covering of the rim of the button with the cloth while the centre of the button may be of the trimming or vice versa. With this new machine buttons may be covered with the finest materials such as silks and velvets. All work guaranteed perfectly satisfactorily—TRY IT!

**SPECIAL ANNOUNCEMENT!**

**A Revolution In Ladies' Ready-To-Wear!**

When you buy from us you get your goods at wholesale prices; there is no middleman's profit. The goods you get from us are the best tailored goods, made by expert tailors in our own factory in Montreal. We make nothing but high class garments under the most sanitary conditions, while the fit is perfect, and the materials of the best and latest designs. Our prices are fully twenty-five to fifty per cent. cheaper than any retailer could sell you. Our stock is now complete in the following lines: **SUITS, COATS, SKIRTS AND DRESSES.** We keep the largest assortment, and can show you more styles and designs than any other establishment which sells ladies' ready-to-wear, and we can fit you perfectly without alteration.

We are most centrally located, right on the ground floor; no stairs to climb, no effort on your part to see the best and cheapest goods in town, as you are entirely welcome to visit our establishment, and no trouble on our part to show you through our whole line whether you buy or not.

All the ladies who have already visited our store have acknowledged that we keep the best goods at the lowest prices, but as our wishes are that all the ladies of St. John and the surrounding country should know where they can get the best goods for the least money, we have decided to have **ONE WEEK'S SALE**, and have reduced the goods to prices which will pay you to buy them even if you do not need them just now.

**FOR ONE WEEK**, beginning 8.30 a. m. Monday, October 6, we have put the following lines on sale at prices which will be much lower than you could expect to get them. The following lines are reduced for our sale only:

**Blue and Black All Wool French Serge**, strictly man's tailored suits, sizes 32 to 44; misses' 14 to 18, regular price \$18.00, will sell for \$12.95.

**Twenty-five Blue and Black very fine quality Wide Wale Serges**, all sizes regular \$20.00, for sale \$12.95.

**COATS**, the finest stock in town; thirty-five, all new and up-to-date coats, all sizes, regular \$18.00, during sale, \$12.95.

**SKIRTS**, during the sale; \$4.50 and \$5.00 Skirts, \$2.98; \$7.00 and \$8.50, ..... \$3.95.

**All Cloth Dresses at half price.**

**All Fancy Coats and Suits and other goods reduced proportionately.**

Wal Street Notes

New York, Oct. 10—Americans in London irregular with small price changes. Consols 72 5/8, up 1/16. U. S. Steel unfilled tonnage figures at noon today. Underwood opposes any change in the tariff law. Secretary of the navy gives Carnegie, Bethlehem Steel Co., and Midvale Steel Company until October 14th to submit new bids for armor plate. French bankers are selling securities of London. They are the chief sufferers from the Balkan situation. J. J. Hill calls the currency measure socialistic. Northern Pacific sells x. d. 13-4. Judge Lovett, of Union Pacific, leaves on tour of inspection of the road. Loaning rates show no change. Decrease in idle cars is evidence of a swelling of the volume of traffic which usually occurs in the fall months. Foreign advances continue to reflect unfavorable markets both in England and the continent. Bond brokers here report a perceptible shading in demand and prices of high grade investments. There is to be no Union Pacific melon and Wall street has eliminated its possibility from its calculations. The larger interests in the street continue apathetic and the bulls do not get any help from them. American Can was one of the strongest stocks on the list, but it is not looked upon as a good leader. The decline in steel was checked yesterday, but probably only temporarily. No doubt but that the government dissolution suit against Steel is responsible for the greater part of the decline in that stock. United States government 2s made a new low yesterday. There was considerable covering of shorts after the Union Pacific announcement as the market was rather oversold. This may continue somewhat further but on the bulges think it can be sold with profit. SHEARSON, HAMIL & CO.

MUST REVISE THE TARIFF

Demand Made on Behalf of Liberals BY SIR WILFRID

Robbing Country to Pile Up a Surplus—Indicates Opposition Policy—No Sign of Change at Ottawa

Ormslow, Que., Oct. 10—What Sir Wilfrid Laurier and his able assistants, Hon. George P. Graham, Hon. Rodolphe Lemieux, Hon. Charles Marcell and the Liberal candidate, Hon. Sydney Fisher, said to the large audience that took up all the available seating accommodation in the great live stock arena here yesterday afternoon, was sufficient to rouse them to a high degree of enthusiasm. The Liberal chieftain himself was in fine fettle, and his speech left no doubt that he believed the crying need of the hour to be a modification of the tariff with a view to reducing the cost of living. He quoted a recent report of the British Board of Trade, which showed that the cost of living had gone up seven per cent. in Great Britain in late years, while it had advanced fifty-one per cent. in Canada. At the same time that living was so high, the government had in its coffers the great surplus of \$60,000,000.

Must Revise The Tariff

"This money comes from your pockets. Surpluses do not come from Heaven. The government has no magic wand. On behalf of the Liberal party, I say to you that this state of things must not last. We must revise the tariff. We are told that the tariff is our own, that it was presented by Mr. Fielding in 1867. That is true, but the tariff was not for all eternity. It is not like the laws of the Medes and Persians. The people now in office do not understand this or appreciate it. It is a delicate operation to revise a tariff and it must be done so as not to hurt any of the industries of the country. It is an instrument which should simplify the government with sufficient revenue and then to provide for the comfort and prosperity of the people. The difficulties which should support the government. We say to them: 'Do not hesitate. Do what has to be done. If you do not care to do so or are not able to do it, make way for better men. We have done it once, and we can do it again.'"

Ottawa Tory Comment

(Special To The Montreal Star) Ottawa, Oct. 10—The declaration by Sir Wilfrid Laurier at Ormslow yesterday favoring a tariff revision because there is a surplus of \$60,000,000 is taken here to indicate the policy of the opposition to be enunciated at the next session of parliament. It is not to be expected that the government at this stage will make any definite announcement. It has been stated that there are at present none of these activities which precede a general tariff revision. It would hardly take place without the consent of a more or less extensive character. The Hon. W. T. White is not given to talking on tariff matters, and is not doing so at present. He is, however, in the line here, however, is that so far as next session is concerned, the tariff will be left pretty much as it is. Among the things the working of the new American tariff will be observed carefully.

DISCUSSION OVER CHURCHILL'S SPEECH

"Special Consideration" the Rock on Which Parties Split—Question of Partial Home Rule London, Oct. 10—That portion of the speech delivered at Dundee by Winston Spencer Churchill, which dealt with the admiralty, making reference to Ulster, has excited much discussion. Mr. Churchill declared that the claim of North-east Ulster for special consideration, was a claim which could not be ignored with out full consideration by any government, dependent upon the present house of commons. The Conservatives contend that the position of the Liberals on the other hand, argue that although the government may be willing to give full consideration to any honest suggestions from Ulster it is impossible that the government could countenance the actual exclusion of Ulster from the Home Rule Bill. John Dillon, M. P. for East Mayo, said that the whole idea of juggling off any part of Ireland, was so grotesque that he was sure the government would not dream of it. "The government," he declared, "must go straight on, if only because any overtures from the Home Rule side will only further inflame the ridiculous Unionist campaign in Ulster."

TO REGULATE ISSUE OF MUNICIPAL DEBENTURES

Regina, Sask., Oct. 10—The introduction of a special legislation at the next session of the provincial legislature, that will result in the appointment of a commission to investigate the finances of the municipalities of the province and to regulate the issues of bonds and debentures, was promised yesterday by the members of the provincial cabinet. A resolution was presented by a deputation from the executive of the union of Saskatchewan municipalities, and the representatives of the different cities of the province asking for the appointment of such a commission.

MET AT SACKVILLE A session of the Public Utilities Commission was held yesterday at Sackville to deal with the application of the New Brunswick Telephone Co. for permission to abolish the discount of fifty per cent. given to subscribers on toll charges between Sackville and Point St. Martin. No decision has yet been given. H. P. Robinson, Otty Fraser and J. B. M. Baxter, who were present in the interests of the company, are expected to return this evening.

EDWARD J. LOWNEY The death of Edward J. Lowney, occurred at an early hour this morning at his home, 91 Hilyard street, after an illness of six months or more. He is survived by his wife, four sons and four daughters, and also four brothers. The daughters are Misses Nellie, Teresa, Kathleen and Florence, and the brothers, Joseph, Thomas, Francis and Charles. Two brothers, Walter and Joseph reside in this city, and the other two, Frank and James, are in New York. The funeral will take place on Sunday afternoon.

SOME HUNTING Friends of M. T. Coholan, J. Crowley and H. Doody know full well now the ruddy favoring of Post office hunting and shooting for although they have been on the hunt for game in the outlying districts of St. John and Kings counties, they have gone but little shooting. Armed each with a rifle they have trodden the woods in search of big game from Seaside Park to Lorneville and further but as yet a solitary, ineffective partridge is their only killing. They would go further away only Mr. Coholan early last week saw a deer near Lorneville and he still has hope.

I. C. R. FIRST AID CLASSES An active interest is being taken by the I. C. R. employees in the first aid classes being organized by the Saint John Ambulance Association here. FRED H. GIBSON DEAD AT QUEBEC

Formerly in Bank of Montreal Here — New Supreme Court Act Soon to Be Proclaimed (Special to Times)

Fredericton, Oct. 10—News has been received here of the death at Quebec on Wednesday night of Fred H. Gibson, manager of the Canadian Bank of Commerce at that place. He was the youngest son of the late John Gibson, of Marysville and a half brother of W. A. Gibson, who died in St. John a short time ago. He began his banking career in the Bank of Montreal here and was connected with branches in St. John and other points in the Maritime Provinces. He joined the Bank of Commerce staff in Quebec and was only recently appointed manager. His death resulted from pneumonia and was quite sudden. His mother was summoned from Marysville to Quebec to see her only surviving son. Mr. Gibson was twenty-nine years old and is survived by his widow, formerly Miss Thibodeau of Quebec to whom he was married a year ago. The body will be interred in Quebec.

John Kilburn leaves this evening for Quebec on business in connection with lumbering operations he is carrying on for Murray & Gregory. Hon. John Morray and party of government and Valley Railway officials returned last night from a joy ride up river. Titus Carter and J. L. White, M. P. P's of Grand Falls are here on business with the government. It is said today that a proclamation will soon be issued bringing into force the Supreme Court act of last session. It was to have been proclaimed in July but so many applicants for the judgeship had to be created appeared on the scene that it was found expedient to delay action. Joseph Howe Dickson clerk of the executive council, is confined to his home by illness.

Snow of Sackville, Mrs. Ivan Knight of Fredericton, a sister of the bride.

Fredericton Gleaner, Thursday—Mr. and Mrs. W. C. Cross, Miss Barbour and Miss Davis, of St. John, were here from Grand Falls last evening by auto on their return trip to St. John and were the guests of Dr. F. W. Barbour, George street. They left for home this morning.

The home of Mr. and Mrs. Bert Lint, Gibson, was the scene Wednesday night of a very pretty linen shower in honor of Mrs. Lint's sister, Miss Amanda Dunphy, daughter of Mr. and Mrs. Othber Dunphy, of the Marysville Road, who is to be married on the 18th of this month, to Frank McElwan.

RAILS TO HUDSON BAY ALMOST A REALITY AT LAST, BUILDING NEW OUTLET FOR GRAIN ON ANCIENT ROUTE

Scenes on Hudson Bay route: Reflections of Franklin expedition, cutting wood in winter and shack for use of travellers on Split Lake.

Graders and track-layers are a hundred miles on their way to Hudson Bay. This great railroad project, for years the dream of the Dominion, is becoming real. Nelson will be a town of 1,500 people by New Year's, government grain warehouses will be rising. The soil

is used for two centuries as a regular route of transportation. The total cost of the completed road will be somewhat more than \$25,000,000 when harbor and terminals are included. No engineering obstacles were discovered when the route was surveyed and in fact the first section of the line is over comparatively level country with limestone rock at the surface for foundation. Where swamps were encountered bottom was found at a depth of three or four feet.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes.

A report has been submitted to the Hon. Robert Rogers, minister of public works, by the St. John River Commission appointed to inquire into the damming of the St. John river by the St. John Hydro-Electric Co. The report upholds the contention of the company that the damming would not violate the Ashburton treaty, but says that it might prevent salmon from going to spawning grounds.

OLD MOORE'S WARNING

A Message From Mars to the Tsar—Glimpse Into Future—Lots of Trouble to Dodge

When the Tsar gets his copy of "Moore's Almanac"—the 217th issue of which is just published, and turns, as he naturally will, to the monthly voices of the stars, his Imperial Majesty will discover that in September next he will be "in danger—consequence of Mars culminating at St. Petersburg."

The King of Spain will have to wait until the very last line of the voices to find anything personally interesting, but it repays perusal for it reads: "Spain will be disturbed, and the King of that country is warned to safeguard his person." Doubtless he will not neglect the warning, and he may take comfort in the reflection that a bad time is promised for us in England also during December, 1914; "Scandals occur in high life. The heavy affliction of the luminaries is evil for Royalty, and death will strike many of high position in the land. It will be a sad Christmas for many people."

This is the kind of thing that makes the prophecy, as "Francis Moore, Physician," understands it, so easy. These messages from the stellar universe are nearly all equally vague and general.

It has been a sad Christmas for many people ever since the festival was established, and one does not need the help of the stars to foresee that it will be a sad period for many people until the end of time, just as it is equally safe to prophesy that it will be a great year for a good many other people. And perhaps it is just as well that the forecasts are not more detailed and particular. We do not, for instance, in the least object to the stars whispering to us in July that "a continued success is shown for theatrical enterprises. Naval affairs will come to the fore, and the probability of a naval demonstration or review is likely. Foreign affairs tend to be peaceful. Saturn in the eighth denotes much mortality amongst elderly people, and some noted scholar or literary celebrity will pass away. Illness is shown among

FARMHAND'S VICIOUS CRIME AT HAMPSTEAD

James Gibson, a young man who has been employed on the farm of A. Alfred Slipp, of Upper Hampstead for some time, yesterday brutally assaulted Mrs. J. W. Penry of that place. Gibson is not more than seventeen years of age, while Mrs. Penry is sixty-seven years of age. The victim now lies at the point of death as a result of the injuries she received. The crime was committed while the Slipp family were attending the funeral of their little child, who was burned to death a few days ago. The youth went to the house of Mrs. Penry and told her she was wanted at the phone and on getting her in the house he assaulted her and then lashed her to the telephone breaking her ribs in the struggle, and, in spite of her cries, left her there while he made his escape three miles from the Narrows. He was lodged in jail at Gagetown.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't Stay Gray! It Darkens So Naturally That Nobody Can Tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stop.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days. Agent—Wasson's 5 Stores.

LIBERALS SWEEPING THE COUNTIES

Hoyt Station, Oct. 9.—The election of councillors for the parish of Blissville, Sunbury county, held Tuesday, resulted in two Liberals being elected, replacing the two Conservatives in office. The returns were as follows: M. A. Smith, Liberal, 86; John Murphy, Liberal, 62; John E. Patterson, Conservative, 54, and W. G. Weatherall, Conservative, 5.

Mace's Bay, Oct. 9.—The councillors' election was held here yesterday, and one Liberal candidate, P. Melvin Mahoney, and two Conservatives, Charles Giles and Burton McGowan, were elected. At both the polling stations, these three candidates lead.

CURED DISEASES OF THE KIDNEYS

And is Depended On to Right Stomach and Liver Disorders

Once Dr. Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday ills arising from liver and bowel disorders they bring relief promptly and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 53 McGee street, Toronto, Ont., states: "We have used Dr. Chase's Kidney-Liver Pills for ten years, and would not be without them. My husband suffered from kidney trouble, and after taking treatment from several doctors without receiving any benefit, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders."

ATHLETICS

ROUT GIANTS EIGHT TO TWO

Tesreau Batted Out of Box—Bush For Philadelphia Startles Fans With Phenomenal Pitching

New York, Oct. 9.—A new star blazed forth in the world's series baseball firmament today, when Leslie Bush pitched the Philadelphia Athletics to victory over the New York Giants in the third game of the championship struggle, by a score of 8 to 2.

Bush was materially aided in his rush to a pedestal in the baseball hall of fame by the savage batting of his teammates, but the major portion of the glory was accorded by both fans and players to the youngster who startled the diamond veterans with his speed and control in his debut in a world's series.

Today \$6,888 paid to pass into the Polo grounds, exceeding by several hundred the attendance at the opening game. Every seat in the grandstand and bleachers was occupied and standees gathered at every point permitted by the fire and police regulations. The gate receipts totaled \$76,768.60 and the club owners saw thousands of eager fans with real money in their hands turned away because there was not a foot of space inside the park that could be sold to the scores of speculators did business brazenly along Eighth avenue.

With tomorrow's game in Philadelphia the player's division of receipts will cease, but neither they nor the club stockholders have cause for complaint, since to date 98,750 spectators have paid \$200,000.00 for the privilege of seeing the Athletics score fourteen runs to the Giants' nine in three games. Of this sum the players have already \$108,855.59 to their account, the owners of each club, \$86,118.83, and the National Commission, \$20,665.55.

The players share of today's receipts was \$40,912.29, each club's \$13,637.48, and the National Commission's \$7,875.38. Connie Mack had both Bush and Shaver warming up for the game, but the way the former was shooting them in to Ira Thomas it was not hard to detect that Bush was the first choice of the Philadelphia management.

As the game started Mack sent Brown and Lapp to the far corner of the grounds to keep warm. The vast crowd gave Big Jeff Tesreau an encouraging cheer as he went to the pitching box and threw up four balls to Catcher McLean.

Eddie Murphy, the first batter up for the Athletics, watched Tesreau get his spit ball lubricated and then watched the first strike shoot across the plate. The Giants' rooters shouted when Empire Rigler's right arm shot up, indicating the strike. Tesreau's second offering was a ball and the third he sent down was driven right at Fletcher, who threw Murphy out by an eyelash, at first.

The first ball sent down to Oldring was a strike, the next was a foul strike, the third a ball and the fourth was apparently a good one for Oldring laced it to a clean strike to the head of the Philadelphia contingent. The first pitch sent to Collins also was a strike. After taking another strike the Philadelphia second baseman hit to centre field and Oldring never stopped until he pulled up at third base. Then came Baker. Tesreau's first two pitches to him were strikes down near Baker's knees. The next ball just suited the home run hitter and he smashed a single to centre, scoring Oldring with a throw dropping the runner on the plate. McInnis struck out, McLean missing the third strike and throwing him out at first.

Then the game was practically won when Amos Strunk shot a grounder at Fletcher, who threw over Merkle's head to the grandstand and allowing both Collins and Baker to score. Strunk kept on to second. Barry ended the inning by sending a high fly to Fletcher. Leslie Bush was also given a cheer when he ascended the hurling mound. Getting two strikes on Herzog, Bush pitched three bad balls and a New York fan yelled: "Take him out! Both pitcher and batter being in a hole, Bush sent up a straight ball and Herzog was compelled to hit it, and he went out at first. Barry to McInnis.

Doyle rapped sharp hit at Bush, who batted the ball down but could not field it in time to first to catch Doyle and he did not throw it. Fletcher was hit by a pitched ball, Doyle moving to second. Burns brought groans from the stands when he sent a sharp fly to Collins, who doubled up Doyle trying to get back to second, Barry making the put-out.

Two were out in the American League's second inning before they started another batting rally. Schang struck out and Bush sent a high fly to Murray. Murphy hit sharply to Fletcher and beat the throw to first. Oldring then came to time with his second single, the ball shooting out to right field and Murphy raced around to third base. Oldring promptly stole second.

Collins, who seemed to have no trouble with Tesreau's pitching, sent a smoking drive into centre field and Murphy and Oldring deposited two more runs at the plate. The crowd looked for McGraw to take Tesreau out, but the big pitcher was kept on his job. Baker smashed a terrific drive which Doyle managed to get after a great effort and forced Collins at second for the third out.

The National League champions got into their lead column in their half of the fifth. Murray drew a base on balls, the first in the game. He stole second cleanly, and Schang in trying to beat him off threw the ball into centre field and the player got to third.

The crowd cheered this real break in the Athletics' defence. The crowd cheered as McLean came to bat and there was a noisier demonstration when the tall backstop hit a hot one that Baker could not stop, on which Murray scored. Cooper was sent in to run for McLean and after Merkle sent up a fly to Murphy, the substitute runner made a fine steal of second base. Tesreau was out, Baker to McInnis, on which play Cooper moved up to third. Herzog ended the inning by chopping the ball in front of the plate, Schang pouncing on the ball and throwing him out.

The seventh inning saw the end of Tesreau. Murphy opened up with a drive to right field for a single, but he was forced at second on Oldring's smash to Fletcher. The work was done by the Philadelphia rooters to their feet by a terrific smash that struck the right field wall, and he flashed around to third, Oldring scoring. Baker brought Collins home on a hard hit single to centre field, relieved Tesreau at this stage. McInnis, the first man to face the rescue pitcher, drove a liner right into Doyle's hands, and the latter touched second base, up Baker. It was a pretty unassisted double play.

New York got its second and last run in the seventh on Shaffer's slashing two-base hit to left field, and Murray's single in the same direction, on which the former scored. Wilson struck out as McInnis tried to steal second, Schang whipped the ball down to second with lightning speed and got Murray, completing a double play. Collins took the throw. Merkle was given a base on balls, and Wiltse went in to run for him. Wiltse, however, was left on base, Crandall going to first, Collins to McInnis.

Wiltse went to first base in Merkle's place when the eighth opened. Neither Strunk nor Barry could do anything with Crandall's pitching, both hitting weakly to the rescue pitcher, who threw them out at first. Schang then stepped to the plate and gave the ball a mighty wallop which sent it into the right field stand for a home run. It was as long as any of Baker's home runs on the Polo grounds, and as the young catcher went to the Athletics' bench Baker ran out and warmly shook his hand. Bush ended the inning by striking out to Shaver.

The crowd started to leave the grounds as Murphy came to bat in the ninth inning with the Athletics in the lead, 8 to 2. Murphy tied to Murray. Oldring went out on a foul fly to Herzog, and Collins ended the Athletics' inning by missing a fly to Shaver.

For the Giants in the ninth inning, Burns fled out to Murphy. Shaver waited for four bad ones and was forced at second when Murray grounded the ball, who tossed the ball to Collins for the out. Wilson ended the game by sending up a high foul to Baker.

### Introduction of New Wool Blankets

THESE ARE BLANKETS OF PEDIGREE.

We give to buying and selling blankets the careful attention that such intimate articles of household economy deserve. Consider the service that one expects from good blankets, and helter skelter buying or selling seems unwise.

Our advance showing of Wool Blankets, critically examined, will demonstrate our point. The soft surface of true wool blankets which leaves no doubt of quality is an assurance not to be misunderstood.

There is satisfaction in buying in the early season, when stocks are fresh from the looms, and one has the unlimited choice that only early buying assures.

**NEED MORE ACCOMMODATION**  
The Montreal train has been held quite frequently lately waiting to get into the Union depot on account of the Boston, which comes in on the same track, being late. This morning the train from Montreal was detained in the yard for fourteen minutes on this account, causing considerable inconvenience to the passengers. That some means of accommodating the two trains which come in so near together should be provided is the comment frequently made by the travelling public.

**BUYS NEW BRUNSWICK FARM**  
A farm of two hundred acres at West morland Point, at the scene of the recent Anzac wreck, has been sold to John Frost of Manchester, Nottingham, England, a wealthy English farmer, who will occupy the newly purchased farm in the spring and go in for cattle raising. The farm was owned by William Colpitt Fillmore and the transfer was made by W. W. Corfield. Mr. Frost was out here in the spring and visited various parts of the province looking for a suitable farm. He selected this one. One hundred and forty acres of it consists of marsh land. Mr. Frost will bring his family with him when he settles here.

### TEN DOLLARS THE LEAST; MAGISTRATE CANNOT REDUCE IT

Charles O'Neill and Charles McInerney, arrested a few days ago for being drunk, shouting and interfering with the road races, were each fined \$8 or two months in the county gaol, according to this morning. The fines, however, were allowed to stand. James Stackhouse, George Smith and Frank Garson were also fined for violation of the law regulating street traffic. The former was fined \$10, after pleading guilty, but the others denied the charge. Smith's case was allowed to stand till Monday at 9.80 o'clock, and the other matter went over until Tuesday afternoon. R. G. Murray appeared for Garson. The magistrate said that recently several persons have protested to him against the penalty of \$10 for those who violate the street traffic law, but he wished it understood that he had no authority to reduce the fine. "The law," he said, "places the fine at \$10, and there is no provision for reducing this to \$4, \$2 or \$1 in any case, no matter what the plea is."

### TRAINMEN FATALLY HURT IN DERAILMENT

(Special To Times)  
Moncton, N. B., Oct. 10.—Further details regarding the attempted train wreck on the I. R. C. northern division near Derby Junction, shows that there was a narrow escape from disaster. The sleeper, which had been put on the track, broke in two half of it being wedged under the pilot, in front of the truck wheels, while other half went back under train and broke the train air line, this setting the emergency brake on train. But for this fortunate circumstance, Engineer Thomson believes the train would have been piled in the ditch.

Gibson, N. B., Oct. 9, 1913.  
Editor Evening Times:  
Sir:—I was in St. John recently, and two things impressed me more than all else. First, the great impetus that has been given to the already large number of pleasure resorts. The Imperial is truly a fine structure, and reflects great credit upon the enterprise and forethought and faith of its founders in the future of St. John as one of the great cities of Canada; and the other "movies" are all up-to-date with clean shows and well appearing employes. I see already the bowling alleys, pool rooms, theatres and wholesale and retail liquor shops are in full swing, and I was told that the whole of these places were built and run for just two things—profit for the owners and pleasure for the people. The pleasure loving people of St. John may count many and various ways of spending the coming gay season.

The other thing that impressed me was the apparent indifference of the religious order of things. The pastors, the priests, the temperance and moral reformers and well wishers of good have made no mighty combined move to combat the ever rising tide of irreligion coming on in St. John. Would it not be a good time now to exert a great contention of all the good Christians in St. John and start one mighty move against the tides of pleasure? Why do the churches wait until the cold weather comes before they start in revivals? Why do the churches have their doors closed two-third of the nights when movies, pool rooms, rum shops and other resorts are continually open? Is it not a good time now to adopt the rule in Japan of all religious people dropping their petty differences into the bottomless pit where they belong, and all work together for the good of the state?

Yours respectfully,  
**ALBERT TURNER HOWARD.**

### NEW TARIFF REASON FOR BIG SHIPMENT

Sending Potatoes to United States—Cuban Market Also Attractive—3,500 Barrels Forwarded Today

Since the introduction of the new tariff regulations across the border many shipments of Canadian produce, particularly potatoes from New Brunswick have been made, and it is the belief of dealers that the market will be found most profitable there. The first few days after the change in duty from 20 cents a bushel to 10 per cent. ad valorem saw several carloads shipped to the states, but the cargoes have fallen off slightly since then. It is expected, however, to soon revive.

This morning the steamer Governor Dingley, of the E. S. S. Co. line, did not leave her wharf until after 11 o'clock, having been held back by the heavy increase in Canadian freight being shipped to the states, much of which had not previously been sent by the steamship line, as well as by a large shipment of about 3,500 barrels of potatoes going through in bond to Cuba.

This morning, when the steamer left, there was room for hardly another carload of freight, although a call had to be made at Eastport and Lubec, where a large amount of freight is usually taken.

These shipments and the indications of greatly increased business are very satisfactory, and show that the change in the tariff will mean considerably to New Brunswick producers and shippers.

### KNIGHTS RETURN AFTER SUCCESSFUL TRIP TO ST. JOHN'S

After a most enjoyable trip to St. John's, Nfld., local members of the council of Knights of Columbus in this city returned home yesterday afternoon, more than a day later than had been expected, as they had been held up on the line of the Reid-Newfoundland Railway by the derailment of a freight train long enough to cause them to lose connections at Sydney. The trip was very pleasant and the object for which it was taken, namely, the exemplification of the third degree by W. J. Mahoney, past state deputy, was fully attained, as the ceremonial was one of the most successful on the island since the institution of Terra Nova Council several years ago. A class of fifty-five candidates was initiated in the presence of a large number of members of the council and visitors.

The local party, which, besides Mr. Mahoney, was composed of C. A. Owens, F. V. Conlon, J. B. Dever, and D. J. Barrett, left here on September 30, and arrived in St. John's on the following Friday. That night the exemplification took place in the handsome new quarters of Terra Nova Council upon which they are to be heartily congratulated, for they are amongst the finest in eastern Canada. The fraternal society has greatly increased in membership since its institution by Mr. Mahoney assisted by many knights from St. John and Moncton several years ago, and the members take an active interest in all matters pertaining to the welfare of the order.

### TRURO'S NEW STATION NEARS COMPLETION

Work is rapidly nearing completion upon the handsome new railway station being erected in Truro by the government and it is expected to be occupied within a few weeks. When finished it will be undoubtedly the most elaborate and finest railway depot in the maritime provinces, though of course somewhat smaller than a few others. But from this it should not be taken that the station is small—on the contrary, it is very commodious and quite extensive and has been built not only to meet the requirements of the present but to provide for the future as well, for it has been noticed that within the last few years particularly, traffic has increased at this junction point to an amazing degree.

The new station is of brick and of most recent design with concrete finish, and is surrounded by a wide concrete platform and concrete walk. The finishing will be found costly and modern and the appointments throughout such as to create most favorable comment from the travelling public. It is understood that an old landmark at Truro, the restaurant kept by J. M. O'Brien, is to be torn down and he will have a place inside the new building, while a pretty grass plot will mark the site of the restaurant. A large crew of men are now at work making the finishing touches to the building and about the exterior.

**WENT WEST TO WED**  
Miss Florence Murphy left Moncton yesterday for Montreal en route to the Canadian West. Miss Murphy will spend Sunday with Mrs. F. H. Deacon in Toronto, and then proceed on Monday to Innisfail, Alberta, where on Wednesday, October 22, she will be married to John Cowan Calder, formerly of Ontario, but now of Coronation, Alberta.
