KING AND KEENE

His Majesty Has a Pleasant Chat With the American Sportsman

NEW YORK, June 7.—James R. Keene has had an opportunity of telling the king about the inside workings of Wall street, says a Herald despatch from London. Both were guests of Lady Lister-Kaye at dinner. The king told Mr. Keene that he was always glad to meet representative men of America, especially such a sportsman as Mr. Keene, and expressed his appreciation of the latter's motives in giving the Oaks stakes, to charity. Mr. Keene, with characteristic bluntness, told the king that his majesty was exceedingly popular with the people of the United States, which was a greater compliment than to say that he was liked by the government, for in the United States the people govern.

His majesty and the American financier had a long chat. Each seemed thoroughly to enjoy the other's observations. The guests at the dinner numbered thirty, and included the Duke and Duchess of Connaught, the Duke and Duchess of Devonshire and Lady Alice Stanley.

ST. STEPHEN

Will Have a Splendid Celebration of Coronation Day.

ST. STEPHEN, June 6.—A large and enthusiastic meeting of citizens was held in the town council room last evening to arrange for a celebration here on Coronation Day. Mayor Murchie presided and Fred. B. Hill was elected secretary.

A committee of forty-six, including the mayor and council, representatives of societies and private citizens, was appointed to arrange a programme.

Two bands will be engaged for the day and it is intended to secure a speaker from abroad to deliver an oration in the rink. A grand parade will probably be provided for and excursions to town by rail and boats.

The Thistle Athletic Association have arranged a well in hand for a grand field day of sports in the afternoon, the prizes for which have cost them \$125.

Frontier Company, Knights of Pythias, will hold a grand ball in the evening.

The committee will meet on Tuesday evening next to perfect arrangements. The border town has fittingly observed days of moment in the reign of our late beloved queen and will do it with justice on the Coronation day of our new sovereign.

They have turned out from the work room of F. A. Dykeman & Co.'s establishment some very handsome trousseaus of late and judging from the expressions of delight which have followed the inspection of the garments made it would pay others to patronize this firm for their wedding outfits.

CANADIAN BRIEFS.

The Public Debt—Coronation Day—An Exclusion Act.

(Special to the Star.)
OTTAWA, June 7.—The dominion public debt during the month of May increased \$338,099.

VICTORIA, B. C., June 7.—The legislature yesterday passed the anti-Chinese and anti-Japanese immigration act, which provides for an educational test of all incoming immigrants.

OTTAWA, June 7.—The Canadian Gazette today contains an official proclamation calling on all subjects to observe June 26, Coronation Day, as a day of rejoicing. A royal salute will be fired from all saluting stations at 12 o'clock noon on that day.

NEW FRENCH CABINET.

PARIS, June 7.—M. Rouvier this morning accepted the portfolio of finance in the new ministry, and the cabinet is thus completed. The other members are as follows:

Premier, minister of interior and minister of public worship—Senator Combes.
Minister of justice—Senator Valle.
Minister of foreign affairs—M. Del Caste.
Minister of war—General Andre.
Minister of marine—M. Pelletan.
Minister of public instruction—Senator Chaumie.
Minister of public works—M. Maruejols.
Minister of colonies—M. Dounergue.
Minister of commerce—M. Trouillot.

BLONDIN INDICTED.

BOSTON, June 7.—An indictment for murder in the first degree was reported against J. Wilfrid Blondin of this city today by the Suffolk county grand jury. Blondin is charged with having murdered his wife in Boston and removed her body to Chatham. For a long time Blondin's whereabouts were unknown. He was finally arrested in New York city.

THE VOLCANOS.

Conditions on St. Vincent Worse Than on Martinique.

What Scientific Men Say of the Probabilities of the Future.

NEW YORK, June 7.—Captain Barry of the Cruiser Dixie, just returned from hearing supplies to the volcano victims in the West Indies, said regarding conditions in the islands:—

"Conditions are not as bad on Martinique as in St. Vincent, because on Martinique the people are fairly supplied with everything and there is no danger in future eruptions. Only a small part of 13 square miles has been devastated, but on St. Vincent the destruction extends over a third of the island. Plantations, orchards and everything have been ruined and the means of subsistence has been taken away from the people. And thousands have been left in need of some kind of support."

Of the scientific results of the Dixie's expedition Prof. I. S. Russell, of the University of Michigan, said:—"The overheated rock, bursting against the water near the base of the mountain caused steam and burst the mountain open."

Prof. Hill, who investigated the outbreak for the government, said:—"Months will be required before the final scientific decisions. We have had an eminently satisfactory trip. The rocks and volcanic matter which we have collected must be cut into sections and analyzed before we can give extended opinions for publication."

Prof. Hill advocates the establishment of scientific observation in the Caribbean district for the detection of the cause of volcanic eruptions, so that human life may be saved.

"I think Pelee will smoke and remain active for months," said Prof. Russell. "It probably will be a case of Vesuvius again. I hardly think Pelee will smoulder and blow up in one gigantic explosion. I believe it will quiet down and gradually die away. A new lake will form in the crater, tropical verdure will grow where there is now nothing but black gray ash. The people will build new villages and towns at its foot and again hold their holiday picnics on its sides, and Pelee will remain quiet for fifty or sixty years."

There should at least be a seismograph on every volcano, an instrument which records the tremors of the earth. It was operated by the Chinese centuries ago. The instrument would give the populace ample warning. The seismograph at Vesuvius for thirty-five years has done satisfactory and valuable work. There is absolutely no occasion for such tremendous loss of life as occurred at St. Pierre. I do not think Fort De France is in much danger from the volcano, but I do think she is in danger from a tidal wave. In volcanic districts these tidal waves are of frequent occurrence. They are caused by a sudden upheaval of the sea bottom. In case of such an upheaval Fort De France would surely be wiped out. As a safety position from tidal wave, Morne Rouge is finely situated, as it is built on a high ridge. It is about the only town in the volcanic belt so situated."

C. P. R. WORK.

The season's ballasting on the Atlantic division of the C. P. R. is about completed, and on Thursday next the steam shovel which has been working on the branch lines will be brought to Bay Shore to commence operations on the second section of the new yard. It is expected that quite a large number of men will be employed on this and other improvements to be made by the C. P. R. this summer. All the culverts which were swept away by last winter's washouts have been replaced by more permanent structures and the line is now in first class condition.

CAPE BRETON MAN DROWNED.

The badly decomposed body of Richard M. Mackay, one of the crew of the schooner "Harvester," was found off Frank E. Davis' wharf, near the ferry landing, at Gloucester, Mass., Wednesday afternoon. Mackay had been missing for about three weeks.

The body was positively identified by a relative, and by a letter in his pocket written by his mother, Mrs. Susan Whalen, of Low River Inhabitant, C. B., last January. He was about 25 years of age.

THE HORSES.

Two trainloads of horses for shipment to Africa will be received at Sand Point this afternoon and placed in the stock yards. Other shipments will be made from Montreal every four days until the whole number have been sent to St. John. There is now, since the extensions to the stockyards have been completed, accommodation for fourteen horses at Sand Point, and space can be secured for two hundred others if necessary.

TORONTO, June 6.—The Toronto Methodist conference finds a shortage in young men entering the ministry. This deficit is laid to the fact that some years ago the policy was to discourage young men entering the ministry. Now when they are wanted for filling up of western churches they are lacking.

TORONTO, June 6.—The Niagara Navigation Co. will install the Marconi system of wireless telegraphy on its steamers plying between Niagara and Toronto. Water front stations on both sides of Lake Ontario will also be established.

FREDERICTON.

Important Military Changes About to Take Place.

(Special to the Star.)

FREDERICTON, June 7.—Important changes are shortly to take place in military circles here, which the people of Fredericton will much regret, inasmuch as it means the removal from the city of two popular officers, who have made many friends in the circles in which they move.

W. I. B. A. orders received yesterday announce that Lieut. Col. Dunbar has been appointed district staff adjutant of No. 7 district, Quebec. He is seconded from the regiment with which he was connected, the 8th Royal Rifles of Quebec, but retains his rank of lieutenant colonel. The transfer will take place, it is expected, about July 1st.

Lieut. Col. McDougall has been transferred to Halifax as second in command of the 3rd R. C. R., generally known as Third Special Service Battalion.

Lieut. Col. Wadmore, at present second in command of 3rd R. C. R., Halifax, is coming to Fredericton as district officer commanding and in command of N. I. R. C. R. Col. Wadmore was formerly at Fredericton as adjutant of No. 1 C., and made many friends here. He is very popular in Halifax and the papers of that city say that his departure will be much regretted in military and social circles.

LEFT A FORTUNE.

Heirs Wanted For \$140,000 Left By Charles Hill

LOS ANGELES, Cal., June 7.—A fortune of \$142,000 in cash awaits the heirs of an old man who passed under the name of Charles Hill, and who died at the Good Samaritan Hospital two weeks ago. About three weeks ago the man, who was between 75 and 80 years old, applied at the hospital for accommodations. He was taken in. He paid for all the services rendered. When it was found that he could not recover he was asked to tell the names of his relatives in order that they might be notified. He replied that he had not a relative on earth. He died and was duly buried. In his clothing was found \$2,000 in currency. Further investigation by the public administrator disclosed a key to a private box at the Union Bank of Savings. The box has just been opened and in it were found several large packages of currency, aggregating \$140,000. The old man had lived here seven years in a modest sort of way at lodging houses and restaurants.

THE COAL STRIKE.

Morgan Hanged in Effigy—Roosevelt Will Not Interfere.

WILKESBARRE, Pa., June 7.—J. Pierpont Morgan was hung in effigy in one of the streets of South Wilkesbarre by a crowd of men and boys this morning. After the hanging the crowd cheered and pelted the effigy with stones until the police dispersed the crowd, which numbered several hundred. The news that Pres. Roosevelt could not participate in bringing about the end of the strike was received here with genuine disappointment. Today marks the end of the fourth week of the strike, and the miners and their employers are farther apart than ever.

BOER REFUGEES

Want to Go Home From Colorado to South Africa.

DENVER, Colo., June 7.—Twenty-seven Boer refugees in this city have formulated an appeal to the British ambassador at Washington relative to their return to South Africa. These twenty-seven speak for the 90 Boers who are in Colorado. They ask that arrangements be made for their return to South Africa, and promise to be law-abiding citizens. The appeal has been forwarded to Washington.

MONTREAL.

A Strike of 400 Iron Workers Expected Monday.

(Special to the Star.)

MONTREAL, June 7.—It is expected a strike of iron moulders involving the calling out of 400 men, will be inaugurated here on Monday. The officials of the iron moulders are to decide the matter today, in view of the failure of the committee of iron founders and iron moulders to come to an agreement regarding the claim of the men for a rate of \$2.50 per day.

PRESENTED WITH COLORS.

(Special to the Star.)

QUEBEC, June 7.—The members of the colonial contingent under Lt. Col. Pellatt, crossed over to Quebec yesterday afternoon and marched to the esplanade where they were reviewed by Maj. General O'Grady-Haly, after which a number of Toronto ladies, acting on behalf of the Daughters of the Empire, presented the regiment with colors. Lt. Col. Pellatt made suitable acknowledgement of the gift, after which the men returned to camp.

THE OLD CHIEFTAIN.

(Special to the Star.)

KINGSTON, June 7.—The eleventh annual decoration of the grave of Sir John Macdonald in Cataract cemetery, took place yesterday afternoon in the presence of a large crowd of people. Floral wreaths were laid upon the grave on behalf of the Kingston Macdonald club, and the Kingston Conservative association. Brief addresses were made by prominent city conservatives.

ST. JOHN STAR.

ST. JOHN, N. B., JUNE 7, 1902.

THE JAIL.

A cynical citizen suggests that the escape of two prisoners from the jail is due to the fact that they are ambitious young persons, who prefer an active life, and that the reason others do not rise up and depart from the institution is the fact that they are content with a life of dignified leisure and healthful fare, and have no desire to face the rigors of a world that works. The citizen did not of course mean to reflect upon the jail officials, but upon the jail itself, which, not being regarded as a place of punishment, and being always crowded with guests, affords a fine opportunity for persons of burglarious proclivities to break out instead of in. Of course they must work their way out, and this is the only employment that offers itself to relieve them of ennui. Perhaps in time we shall have a jail that will offer some other opportunity for the exercise of muscular energy, but for the present this is out of the question. Meanwhile it will not be necessary to double the guards. The steady boarders are quite safe.

KITCHENER AND THE BOERS.

A London cable says: "Fuller reports from Pretoria of the speech made by General Kitchener at Vereeniging states that he said he was pleased to meet so many brave men. They had fought admirably. None could have fought better, and he doubted whether others could have fought so well. The struggle had been a long one, but it had been marked by good conduct. He felt sure that as soldiers the British and Boers respected each other. Now the strife was ended they should unite as fellow-subjects and heal all wounds. General Botha and General De Wet responded, endorsing what Lord Kitchener had said and adding that his conduct had been honorable and generous. They offered a toast to good comradeship."

The remarks of Generals Botha and De Wet are commended to the attention of those Irish members of the British commons, and their sympathizers in the United States, who charge Kitchener with making war on women and children.

General Christian De Wet has shown himself to be a most sensible and level headed man. So long as the war continued he proved himself to be one of the most able and astute of the Boer leaders, and time after time foiled the best laid plans for his apprehension and the total annihilation of his command. Now that hostilities have ceased he has recognized the true position of affairs and has urged the men who followed him during the campaign to do their utmost to show Great Britain what good colonists they can be and decided that to make matters harmonize they would parade in the evening.

The Toronto correspondent of the Montreal Witness says that Premier Ross will meet the legislature, no matter what the outcome of the recounts. One liberal organizer told the Witness correspondent that Ross would have a majority of six, while another claimed there would not be more than two, after the recounts. There is no doubt that the result of the recounts will be favorable to the conservatives, and the situation is one of great interest. The fate of the government seems to depend on these recounts.

Mark Twain's humor has lost none of its audacious quality. When Mis-souri University the other day conferred on him the honorary degree of bachelor of laws, he said: "You can't give me too many honors. I deserve them all and am willing to accept anything in that line that you have to offer."

A ten million dollar hotel is to be erected in New York, on a site 200x250 feet. It will be twenty stories high. The present Plaza Hotel will be torn down to make room for the new one. New York continues to be a city of wonders.

Referring to the adoption of the new Standard time, the Telegraph this morning says: "In having procured this boon for the people the Telegraph, etc., etc. Such modesty in a newspaper is as rare as it is becoming. Any person who may have lost a boon, or is afraid that one will get away, should at once notify the Telegraph's procurator."

The Telegraph this morning does not deny the truth of the Star's statement about the Murphy-Pugsley-Gilliland affair. Dr. Pugsley has probably fixed his hypnotic eye on the editors.

TRADE CONFERENCE.

TORONTO, June 6.—In the House of Trade conference this morning the debate on the defence motion was continued. Mr. McFarlane of Ottawa put in a substitute motion favoring a special tax on foreign importations, the proceeds to go to national defence. Capt. Gaikin of Kingston, Ont., started an impassioned loyalty speech, but was called to order by the chairman, who reminded him that all present were loyal, and that they were there simply to discuss business propositions in the business way.

P. X. Perrault of Gaspe contended that Canada should have her own army and navy.

W. F. Hatheway of St. John, N. B., wanted the subject left over until next year, and this idea met with some support. After further debate the Montreal resolution declaring that it was the duty of Canada to participate in the cost of the general defence of the empire and that an appropriation should be made in the budget for this purpose to be expended directly by the dominion government, was adopted on a vote of 40 to 32. Several amendments were voted down.

TORONTO, June 5.—At the convention of the boards of trade of the dominion yesterday resolutions were adopted to the following effect:

That the postage on British newspapers and periodicals be lowered to the domestic rate, as has been done in the case of letters.

That Great Britain can serve best the interests of the Empire by giving colonial products a preference over foreign products, and that Sir Wilfrid Laurier urge at the imperial conference the appointment of a royal commission composed of representatives from Great Britain and the colonies, to investigate and suggest such preferential treatment as will ensure the fullest benefits.

That the British import duty on agricultural produce be arranged so that a preference be given to imports from the colonies.

That Canada retaliate on all countries maintaining hostile tariffs against the dominion.

That to encourage the importation of British goods via Canadian ports the preferential rebate of 33-1/3 per cent be limited to 25 per cent, on all goods shipped by way of American ports.

That the premier negotiate for the removal of the British embargo on the importation of Canadian live cattle.

That a Canadian depot of exhibition, presided over by business experts, superintended by a man of comprehensive knowledge of Canadian products, be established in London.

That the policy adopted in establishing a state-owned cable from Canada to Australia be extended to give a complete line of British cables round the globe.

OTTAWA NEWS.

OTTAWA, June 6.—Mayor White and Aldermen McGoldrick, Robinson, Millidge and Christie arrived tonight and are to see the government tomorrow.

The Governor General left for Quebec this evening en route for England to attend the coronation. We got good news from a friend of his, that R. G. McConnell of the geological survey, leaves tomorrow for exploratory work on McMillan river, a tributary of the Pelly.

A number of census clerks have received their conge, work having slackened off.

Rev. Mr. Kittson states today that his strictures at the synod yesterday did not apply to Presbyterians, but only to Methodists.

The statement that the imperial government has concluded an arrangement for the establishment of a fast Atlantic service, is premature. The subject will be discussed at the approaching imperial conference in London, when possibly the two governments will be able to agree upon joint action. If, as reported, the Beaver Steamship Co., which has a line to St. John, is ready, and the Cunard S. S. Co. are willing to take up the project, the prospects would seem to be bright for the inauguration at no distant period of a first class service.

CORONATION DAY.

The sub-committee in connection with the coronation celebration met yesterday afternoon. It was agreed to suggest that the religious services be held at in the morning. It was also suggested that the militia on their way to the north end park, might march into the Trinity church grounds, where the proclamation might be read. The committee will meet Monday afternoon after the meeting of the clergymen.

The H. M. S. Polymorphians met last night and decided that to make matters harmonize they would parade in the evening.

NEW TYPE OF STEAMSHIP.

Flatter Hull, Draft Lessened, and Screw Under Bottom.

COPENHAGEN, June 5.—A company has been formed in this city for the construction of a trial steamship of a new type. The inventor is Capt. F. C. Isby, who has taken out patents in the principal countries. In this new form of steamer, the screw is placed under the bottom instead of aft. The hull is materially changed in form, being flatter, and the ship's draft therefore considerably lessened. It is claimed that a saving in the consumption of coal of about 20 per cent will be effected. The inventor believes that with the same amount of fuel the speed will be greatly increased, and finally, that this form of craft will be much steadier and more seaworthy.

YANKEE MILITIA INVITED.

MONTREAL, June 6.—It was decided today that a New York, Brooklyn or Boston regiment of National Guards, and the Portland company of the Maine National Guards should be invited to participate in the big military review to be held here on June 26th, which will include regiments from Toronto, Kingston, Ottawa and Quebec. The 7th of New York, which paid a pleasant visit to Montreal several years ago, is the regiment preferred.

SUNDAY SERVICES.

ORANGEMEN AND PREMIER.

Presence at the Redmond Banquet Comes in for Vigorous Condemnation.

NIAGARA FALLS, June 6.—The Grand Orange Lodge of British North America has elected the following officers:

Grand master, Dr. T. S. Sproul, M. P., of Markdale, Ont.; deputy, William Galbraith of Montreal; grand chaplain, Rev. Wm. Walsh of Brompton, Ont.; grand treasurer, W. J. Parkhill of Midland, Ont.; grand secretary, Wm. Lockhart of Alliston, Ont.; grand director of ceremonies, W. H. Code of Smiths Falls, Ont.; grand lecturer, J. F. Harper of Hamilton, Ont.; deputy grand treasurer, L. G. Wallace of Woodbridge, Ont.; deputy grand secretary, David McDougall of Glace Bay, N. S.; grand lodge auditors, W. A. Stewart of Berwick, Ont., and G. H. Delamere of London, Ont.

NIAGARA FALLS, June 6.—Winnipeg was unanimously chosen as the next place of meeting of the Grand Lodge.

NIAGARA FALLS, N. Y., June 6.—The convention of United States Orangemen ended today with the election of Rev. Geo. T. Lemmons of North Ferrisburg, Vt., as supreme grand master.

NIAGARA FALLS, Ont., June 5.—The Orange Grand Lodge of British America opened its annual meeting here yesterday afternoon. In his address the grand master, Dr. Sproule, referring to the introduction in the Canadian parliament of resolutions to promote home rule for Ireland deprecated such action on the ground that it was an interference with a purely imperial concern. In this connection Dr. Sproule added: "The visit of Redmond and his associates to America and the treasonable and disloyal speeches made by him on this continent, coupled with the reception given him at Ottawa during his stay, at which the premier of this dominion was present, thereby condoning his offences and honoring him by attending a banquet, fall for the rebuke of every loyal subject of His Majesty as well as the censure of this association. As a privy councillor, the oath which the premier took to guard the crown against all traitorous conspiracies and disloyal attempts to undermine its authority, one would imagine, should have induced him to refrain from committing this indiscretion. The incident reminds us of the greater need of vigilance on our part to condemn wrong, no matter by whom committed."

BISHOP SPALDING ATTACKS WOMEN.

Says They are Largely Responsible for Sin and Crime.

(Chicago Tribune.)

DETROIT, Mich., June 1.—In a sermon before 2,000 visitors at the National Conference of Charities and Corrections this afternoon, the Rev. John Lancaster Spalding, Roman Catholic Bishop of Peoria, Ill., laid the responsibility for three-fourths of the sin and depravity, the crime, and indigence and poverty of America at the door of the women of the country. More than half the audience at the Light Guard Armory were of the fair sex, and they joined the men in applauding Bishop Spalding to the echo. "The women in our homes decide how we shall build and furnish our houses,"

said Bishop Spalding. "They determine what we shall eat, and wear, and read; they select our friends, and even decide the important questions of religion. They put words of the native tongue into the mouths of the children, and influence them powerfully in their growth to manhood and womanhood. "If the women of the land were more large-minded, more thoughtful, more intelligent, three-fourths of the depravity and sin that curse present day life would disappear. The seat of the development of the child is in the home. To her man must give the training of the boys and girls that are to be the fathers and mothers of the future. Shall woman be false, ungrateful and traitorous to the trust that man has reposed in her?"

A LOAN BROKER

Who Tried to Convert the Jews is Dead.

NEW YORK, June 7.—Wilson W. Dunlap, the loan broker, who spent large sums of money in a missionary enterprise of his own, died two weeks ago at his home in the city. News of his death has just become public. Mr. Dunlap came into prominence by conducting services in a quality painted wagon for the purpose of converting Hebrews to Christianity. His methods of proselyting were such that they often excited feelings of hostility. As a result there were frequent small riots in this city and also in Philadelphia, Chicago and other places he visited.

THE WEATHER.

A BAD RECORD.

LONDON, June 7.—The frequency of accidents to torpedo boats and destroyers was noted in a reply of Arnold Forster today to a question in the house of commons showing no less than 110 such occurrences in 1900 and 1901.

NEXT WEEK'S ATTRACTION.

Sparkling Comedy, Gorgeous Costumes and Splendid Music at the York Theatre.

When Charles H. Hoyt discovered some years ago that public taste lay in the way of laughter, not of tears, he laid the foundation for a fortune and for a great storehouse of merriment that was to delight theatre-goers for years to come. Of all the bright absurdities that have come in such rapid succession from this prolific humorist, none have been so bright, so original and so daring as "A Milk White Flag." A brilliant piece of semi-dramatic crazy-quilt work for which the domain of opera bouffe, the sparkle of comedy, the gorgeousness of spectacle and even the robustness of melodrama, have all been called upon. It is daring in its conception, but never once does the author overstep the bounds of good taste in the telling of his story. One of the funny ideas incorporated into this plot tells of a man pretending to be dead to get one hundred thousand dollars life insurance money, and the added complications arising from the desire of a military company to give him a grand burial to eclipse a great funeral given by a rival company to one of their members. Every accessory that could add to the success of this splendid bit of nonsense has been looked after, and the beautiful settings with the gorgeous costumes of the Ransome Guards and the bright dresses of the vivandieres make a wonderfully pleasant picture under the dazzling brightness of the calciums. A Milk White Flag comes to the York Theatre one week, commencing Monday, June 9.

FRYE'S \$100 HAT.

WASHINGTON, June 6.—The finest Panama hat seen at the White House this summer is worn by Senator Frye, who called on the President Friday. It was sent to the Maine statesman by a friend and came without a band. Sen. Frye sent it to his hatter and directed that a suitable band be put around it. The hatter returned word that he would not put a band in the hat, as it was too good a hat to be punched full of holes.

The hatter said the piece of headgear was worth over \$100. He placed a loose black band around the hat without thread fastenings. This hat is probably the costliest worn by any man in congress.

HAMILTON, Ont., June 6.—The Deering Harvester Co., one of the largest agricultural implement manufacturing concerns in the United States, has accepted the concessions offered by the city authorities and will establish Canadian branch works in East Hamilton.

Mrs. Robert Chesley of Newburyport, Mass., is visiting her mother-in-law, Mrs. Lloyd Chesley, 128 St. James street, accompanied by her young son.

CATTLE FOR SOUTH AFRICA.

Lot of 600 From Texas Shipped Last Week From Pensacola.

FORT WORTH, Texas, June 5.—About 630 head of Texas cattle were shipped from Pensacola, Fla., on Wednesday of last week to South Africa. The shipment was made by Maude & Carrow and is intended as the first of many thousands to be used in restocking the depleted veldts of South Africa.

Walter De S. Maude was at one time a member of the Sixty-seventh Highlanders. He is the owner of the Moon Ranch in the Texas Pan-Handle. He was a lieutenant in a British regiment in the Boer war and at present holds a major's commission in the British army. Dick Carrow, the other member of the firm, is owner of the Windhorst Ranch in Clay county. It is understood that they have a contract to supply the British Government with young breeding cattle in South Africa.

The shipment from Pensacola consisted of bulls and heifers, high grades and pure bloods, none of which was over three years old. They were purchased at various places in Texas in small lots so as to avoid suspicion and were shipped from Pensacola for the same reason, the Boer war not being over at the time the vessel was chartered.

Should this initial shipment turn out well, it is the purpose of Messrs. Maude and Carrow to follow it with others aggregating 10,000 head.

The point of debarkation will be Natal and the point of shipment in this country will be Galveston. A regular line of steamers will be put on and the movement is expected to continue until 50,000 head have been sent to South Africa.

By virtue of the regulations established by the British Government, the whole of the shipment from Pensacola was inoculated for tuberculosis before embarkation.

FAITH CURE AND CANCER.

He Gave the Twenty Dollars But Got No Cure.

William Mercereau, an old man belonging to Hoyt's Station, is an applicant for admission to the Home for incurables. He is suffering from a cancerous growth on the face, and is in a very weakened condition. Mr. Mercereau has met with hard luck, but in spite of his many misfortunes he makes only one complaint, and this is in regard to an expenditure of twenty dollars which he paid to a faith cure doctor a few months ago.

For thirty-eight years Mr. Mercereau worked as head repair man on the Western Union telegraph line, earning a good salary. He is unmarried and had saved a considerable amount with which he expected to find comfort in his old age. But, being of too generous a nature, his money has all been lost and he found himself a few months ago with scarcely anything left. On account of his disease he was compelled to give up his work and came to the city for treatment. Several doctors attended him at different times, but his disease being so far advanced, no improvement was effected. About two or three months ago Mr. Mercereau was persuaded to try the faith cure process. He went to live at a hotel on Germain street and there met the doctor, who promised to cure him simply by the laying on of hands. The fee for this was twenty dollars, and he was informed that nothing could be done until he had first paid down at least half of this amount. This he did, and later on paid the other ten. The faith cure gave him a couple of little white powders, which he took and which, as he expected, had no effect. This, however, was only incidental to the principal treatment. Mr. Mercereau says the doctor put his hands on his face, rubbed the cancer, and allowed him to hope for a speedy cure. He admits that he acted foolishly in ever believing that any good could result from such treatment. But he had suffered so long and had not gained any relief, that he was in a condition to try anything. Besides this, he was influenced by others, whom he believed to be friendly to him. Now he wants his twenty dollars returned, as in his present condition it is no small amount for him to lose.

An overmake of a manufacturer of wrappers has been purchased by F. A. Dykeman & Co., and the wrappers are now on sale at about half their regular price, from 60c. to \$1.69.

WILL GET ALL OUT.

F. H. Hale, M. P. for Carleton county, was in town today. He said that the recent rains have been of great assistance to the lumbermen, and it looks now as of the main part of the cut would be got out safely. There may be small portions of the drives hung up at various points, but on the whole the outlook for the lumbermen is very satisfactory, which is a considerable change from the general appearance earlier in the season. There have been two distinct raises in the streams caused by the rain.

THE OTTAWA DELEGATION.

The members of the delegation who have gone to Ottawa to confer with the government in regard to the proposed harbor facilities have arranged to give additional force to their representations by inviting the St. John delegates to the board of trade conference in Toronto to join them in Ottawa. The invitation has been accepted and quite a strong delegation from St. John will endeavor to secure the assistance of the government.

A GOOD TOURIST SEASON.

Manager J. J. McCaffrey, of the Dufferin, told the Star today that the prospects for a good tourist season this year are exceptionally favorable. There are no attractions, similar to the Pan-American exposition at Buffalo last year, to turn pleasure seekers away from this portion of the country. In fact everything seems to be the other way. Already he has had at the Dufferin some twenty tourists, an unusually large number for so early in the year. Everything points to a good business this season.

SHARP ADVANCE IN ONIONS.

J. F. Estabrook and Son, the fruit men, today received advices from London to the effect that there has been a sharp advance in onions there, and that they are now quoted at 11 shillings. The market is strong. Messrs. Estabrook have in stock about two hundred and fifty bags of onions, bought before the advance, and their customers will have the advantage of this early buying.

REV. DR. WILSON DISSENTS.

"The Terms of Surrender" will be the theme discussed in Zion church tomorrow evening. It is understood the pastor, Rev. Dr. Wilson, is not in accord with several of these, and will show reasons for his dissent from what is, perhaps, the general view. He will also preach in Zion in the forenoon.

A meeting of the central committee of the Independent Order of Foresters was held at the office of High Chief Ranger Chapman last evening. It was decided to hold the anniversary service in the Carleton Baptist church on Sunday June 15th, at 5 o'clock, "Atlantic" or "Intercolonial" time. Resolved that the Temple of Honor and the Carleton Cornet bands be engaged for the occasion.

KILSON AND BRIGGS.

The Latest Developments in This Interesting Case.

Yesterday afternoon Chief Clark and a number of his men started out on the search for Kilson and Briggs. Sheriff Ritchie also joined in the chase, but the two officers failed to agree as to the direction which should be followed. While the chief directed his efforts to all trains and boats and different parts of the city, the sheriff moved towards Golden Grove. Turnkey Cunningham went along with Sheriff Ritchie, and when near the woollen mills they sighted the two escaped boys on the road. Briggs was the nearest, and when Turnkey Cunningham threatened to shoot something, he stopped and was taken back to jail. Kilson went back to the woods and is now probably enjoying himself among the tall timber.

In the meantime Chief Clark's men had not met with any very great success, and this, together with his own good luck, affords the sheriff an excellent excuse for self congratulation. He is highly tickled over the affair, and from appearances the relations between the chief and sheriff are somewhat lacking in cordiality. This morning following the information given by the sheriff, Chief Clark, Detective Kilson and Officer Greer went out to Golden Grove to continue the search for Kilson.

Briggs, the prisoner who was captured, tells an interesting tale of how they escaped. He says that when they were arrested by the police their clothing was searched and among the articles found on them were keys, files and nails. These the police returned to them as they were considered worthless and had no bearing on the cases against them. Yesterday, at noon, after they had done speaking with Mr. Baxter, they opened one of the inside doors with a key, picked the lock of another with a nail, and walked out. It was quick work with very little trouble.

In the absence of Chief Clark today Deputy Jenkins stated that Briggs' story concerning the keys, &c., is not correct. When the prisoners were arrested they were searched by Officer Greer. No such articles were found. Later in the day Deputy Jenkins and Officer Earle again went downstairs and made a second thorough search. They examined the clothing of the prisoners and also searched the cells to see if anything had been hidden. Deputy Jenkins says that the statement about the police returning any articles to the prisoners is false.

Some remarks have been made about the city with reference to Mr. Baxter's interview with the prisoners, and it has been hinted that the boys had a good chance to make plans while they were with him. Sheriff Ritchie said today that he had looked into the matter and was prepared to say that Mr. Baxter was in no way to blame for the escape of the prisoners. He had acted properly through the whole affair, had not exceeded his privileges and rights as their counsel and was completely exonerated from all suspicion of blame in the matter. And the sheriff is prepared to say so to anyone who wishes to ask.

Up till two o'clock this afternoon no word had been received concerning Kilson.

POLICE COURT.

Musie in the Jail Now—Good Little Boys—Where's Van Tassel?

The only interesting individual before the magistrate this morning was the colored professor, James Belett, who, with a banjo and mouthorgan combination, has been entertaining the public for some weeks. As might be expected in one of his artistic temperament, he is very high strung—so is the banjo—and his nerves being so finely balanced, very little is sufficient to upset him. Last evening he was overcome. The banjo was sober. This morning he and the mouthorgan were sent to jail for ten days and the banjo, as has been its custom, accompanied him. There will be no music at the baseball game today, but the attractions of music will be added to jail life.

John Cook and Joseph Godfrey, both selected Prince William street for their scene of action while under the influence. Cook got ten days and Godfrey twenty. Michael Fitzmorris being an old offender, was given two months, and Alex. Alexson, from Russia, who was profane on King Square, was sent in for thirty days. Thomas Campbell, drunk on Peters street, got off for two dollars, and a young fellow named Ivan Smith, who had been lurking about the streets, was remanded.

The usual Saturday matinee was held, and all the little boys who were out on probation reported that they had been models of innocence and goodness during the past week. They were allowed a further extension of time upon the same conditions.

The Gethro liquor case will probably be dropped, as Arthur Van Tassel, who is said to have purchased liquor, is still missing. He is believed to have taken yesterday morning's steamer for Nova Scotia, the home of Evangeline and Van Tassels.

Linen batiste muslins in the new colored stripes will be very much worn this summer. They are shown in a large variety at Dykeman's.

ST. JOHN THE BAPTIST CHURCH.

At the closing of the Novena to the Sacred Heart, at St. John the Baptist (Broad street) church, last night, the Rev. W. C. Gaynor thanked the juvenile choir for their services during the May devotions and the Novena just closed. The rev. gentleman also referred to the kindness and painstaking efforts of the organist, Miss Nellie Coholan.
