UNHOLY ALLIANCE IN RESTIGOUCHE.

Tory-Nationalist Lawyer Imported to Prevent Stamped to Opposition.

There arrived in Campbellton Tuesday morning, a gentleman from Montreal, by the name of Durocher, brought here to do campaign work for the government forces in Restigouche County. We are told that the gentleman in question is one of the artists, who so conspicuously figured in the Nationalist-Tory campaign in Dorchester County, Quebec.

How Mr. Durocher, or anyone else outside of the Province of New Brunswick can educate the voters of this province on the burning questions now at issue before the electors, is somewhat of a puzzle. It is up to Messrs. Stewart and Culligan to explain to the electors of Restigouche why it is necessary to bring a lawyer from Montreal, in order to discuss before their constituents the records of the government party.

Is it because a stranger can better explain or make more palatable to the honest electors of Restigouche, the record of the Fleming-Clark-Murray administration? Do they expect Mr. Durocher to explain for them the reason they voted the resolution white-washing Mr. Fleming, after the latter had been found guilty by the royal commission?

Messrs. Stewart and Culligan had the confidence of the people of Restigouche for the last four years. They are now seeking a renewal of confidence and would it not be better for them to explain themselves to the good electors of this country, their own political conduct and the administration of public affairs by the present government, than to leave the task to a Montreal lawyer?

Do they think that Mr. Durocher, better than themselves, can make the people of this country swallow the Fleming scandal, the Albert Stewart scandal, the Martin J. Robichaud scandal, the John Sheridan scandal, and all the other obscure shady, dishonest transactions which have dishonored the province of New Brunswick for the last five or six years?

Will Mr. Durocher explain to the electors of Restigouche the activities of the Farm Settlement Board? If he does, he is far in advance of the local government because, so far, they have not dared give to the electors a statement showing the result of their farm settlement policy.

The gentleman from Montreal left on the International train Tuesday morning for Kodwick and Anderson. His actions in that section of the county will be watched closely, and Messrs. Stewart and Culligan will be held responsible for anything that their Nationalist friend from Montreal will stir up in the parish of Grimmer.

Up to the present time the New Brunswick electors have found sufficient information from their representatives and friends on both sides to enlighten them on the provincial political questions, without soliciting aid from sister provinces.

The introduction in this campaign of the Nationalist element in favor of Messrs. Stewart and Culligan will be something that the last two named gentlemen will have to explain on nomination day at Dalhousie.

Will Messrs. Stewart and Culligan have the Nationalist Durocher speak for them on nomination day?

"Victory at any price is the Government's slogan."

MR. DUROCHER MEETS A HEAVY FROST

Meeting at Anderson Only Very Slimly Attended—Has Nothing to Say.

We have received the following report written by a former government supporter of a government meeting held at Anderson Tuesday night.

"The government party held a meeting at the Canada Hotel, Anderson, Monday night. Mr. P. A. Arsenault acted as chairman and introduced Mr. Durocher, a Montreal Nationalist who addressed the meeting for about twenty minutes when he ran out of ammunition and had to stop.

The chairman called for three cheers for the government; but no one responded. If this Durocher is the best man they have to address the electors in French then there case is hopeless.

ANOTHER LOCAL BOY PAYS THE PRICE.

Ottawa, Ont., Feb. 6th, 1917
Mrs. Annie Munroe,
Campbellton, N. B.

Deeply regret inform you cable received today states 23550 Pte. Ernest Munroe, infantry previously reported wounded and missing, now reported killed in action, September 26th, 1916.
Officer, R. C. Reedy,
Ottawa, Feb. 8th, 1917

Dear Mrs. Munroe:
It was with feelings of great regret that I learned today of the death of Pte. Ernest Munroe, who fell in action on September 26th.

In the midst of your sorrow you must always remember that your son died a hero's death and while nothing can lessen the straining of the heart strings and the sorrow caused to you and the deceased hero's family, it must be a source of consolation to you to know that he made the supreme sacrifice in defence of his country and of those dear to him at home, and by his noble conduct set an example

which must serve as a patriotic inspiration to those who have been left behind.

Again expressing my very deep sympathy, I am,

Yours very sincerely,
J. D. HAZEN.

F. B. CARVELL, M. P. WILL BE HERE

Will Address Opposition Meeting in Opera House Friday Evening.

The first political demonstration of the present election campaign will be held in the Opera House Friday evening, Feb. 16th. When Mr. F. B. Carvell M. P., the eloquent speaker of Carleton County will have something of interest to tell the electors of Restigouche.

The Opposition Candidates will speak. No doubt the Opera House will be crowded to the doors to hear Mr. Carvell and the candidates speak.

WHAT CONCRETE SIDEWALK COST.

D. A. Stewart Gets Work With-out Tender at His Own Price.

In 1913 the concrete sidewalk in front of the Post Office was repaired by Mr. D. A. Stewart. The job is a disgrace to any contractor and the thought has always been that Mr. Stewart tendered too low and skimped the work. Best information from Hansard discloses the following:—

February 22.—1. Were repairs, alterations and improvements made to the Post Office and Customs building at Campbellton, N. B.

2. If so, were tenders called for the work, and how much did it cost in each case?

3. Was the sidewalk repaired in front of said Post Office? If so, by whom, and how much did it cost?

ANSWER.

1. & 2. Yes, in April, 1913, six escapes were erected; two tenders were received and contract was awarded to the lowest for \$243.00.

In November, 1915, the Customs offices were transferred from ground floor to basement; new partitions, doors, etc., were built under agreement with D. A. Stewart for \$310.00.

In 1913, grading, wire for and erecting fence cost \$103.00 under agreement.

3. Yes, in 1913, sidewalks were renewed and repaired by D. A. Stewart at a cost of \$213.00.

Surely this price was sufficient for a respectable job.

Cold at Tobique.
Extremely cold at Tobique Saturday night.

It is said the Tobique road was so bad Saturday the Government party's motive power became stalled by the roadside. The Government road policy surely needs revision.

HON. C. H. LABILLOIS NOT IN FIELD

Although Large Number of Electors Requested Him to Contest County.

For sometime past there has been persistent rumors that Hon. C. H. Labilloy, would be an independent candidate in the present local election. This is not correct and we publish the following statement from Mr. Labilloy.

Dalhousie, N. B., Feb. 14th, 1917.
To the Editor of the "Graphic".
Dear Sir:—

At a Liberal convention held for Restigouche Co., in December, 1915, I was nominated as a candidate to fill the vacancy caused by the death of the late Mr. James Reid. As no election has been since held to fill the vacancy, several of my friends and supporters throughout the county have strongly urged me to present myself as a candidate in the coming local election and have signed in large numbers a petition to that effect. I have seriously considered their request. Everybody who knows me will realize how difficult it is to part with the work of nearly a life time; yet I feel that in fairness to all concerned I should not offer myself as a candidate at the present election.

I thank all these electors who have honored me with their confidence both now and in the past, and if my health permits I will in the future address some meetings, to more fully express my gratitude for past support and pleasant associations.

CHAS. H. LABILLOIS.
It will be remembered that in a convention held here in December 1914 Hon. Mr. Labilloy was unanimously nominated for the seat in the Federal house made vacant by the death of the late James Reid, M. P. That seat was never filled, so Mr. Labilloy has not had a chance to actively enter into politics.

CAMPBELLTON HOLDS BONSPIEL CUP.

Won Out at Dalhousie Against Other North Shore Clubs.

The North Shore Bonspiel was held Tuesday and Wednesday at Dalhousie and created much interest in the shire town.

Rinks from Chatham, Newcastle, Bathurst and Campbellton played and Campbellton won out by a margin of thirty points.

The score was as follows:—
Campbellton. 228
Bathurst. 198
Dalhousie. 195
Chatham. 184
Newcastle. 169

Dalhousie citizens royally entertained the visitors and all returned to their homes thoroughly satisfied with the program as carried out.

The banquet was served by the ladies of the Red Cross Society and was of a very excellent quality.

DELAYED TRAINS

Train service has been wretched for the past week but matters are gradually coming back to normal. On Tuesday a special with a broken wheel traversed the line between here and Bathurst and broke a large number of rails, so that traffic was entirely tied up for most of a day and later trains were allowed to run only ten miles an hour between Bathurst and Campbellton.

MR. W. E. FOSTER ACCEPTS LEADERSHIP OF THE PROVINCIAL OPPOSITION

Appeals Strongly to People of New Brunswick to Unite With Him in Giving New Brunswick Honest Government—Opposition Platform.

St. John, N. B., Feb. 10.—W. E. Foster, discussing yesterday the plans of the provincial opposition party in the present campaign, made the important announcement that he had consented to accept its leadership.

"In January, 1916, when the party leadership was first offered to me," he said, "I did not think that my experience and acquaintance with provincial affairs were sufficient to warrant my acceptance of so important a position. I did, however, accept the chairmanship of a leadership committee, and since that time have had more occasion to study the responsibilities of the office for New Brunswick."

"To give the necessary time for the leadership of the opposition party which should, and I believe will, after the general election, direct the affairs of New Brunswick, required much personal sacrifice. My political associates and the committee entrusted by the provincial convention with the leadership decision have again urged upon me so strongly the need of my acceptance of the leadership and, in view of the fact that the government and its friends are endeavoring to make capital by calling the opposition party 'leaderless' I have consented to accept."

"In doing so I wish to make it plain to every elector in this province that I will if successful carry on the business of New Brunswick with care and devotion to business principles. If I am entrusted with the conduct of affairs I will surround myself with men who are of known probity and ability."

"I have never, I hope, been a partisan in politics. My interest in fact, in political affairs of New Brunswick does not date back further than 1911. My love for my native province and the misgovernment from which it has suffered induced me to take an interest in its affairs with the hope of bettering them. Those conditions have grown worse instead of better, and today the province of New Brunswick needs business men more than politicians. We must have less partisanship if we want improvement, and I appeal to men of both parties to unite with me to this end."

"In this campaign I do not propose to defend the government before 1908. The people gave their verdict then, and in 1912 sustained that verdict. The record of the government of the day—the government since June 20, 1912—is what I want the electors to consider when casting their ballots. If the electors are satisfied that the affairs of the province have been conducted properly; if they believe there were no reasons for the appointment

of two important Royal Commissions; and no reliance to be placed upon their findings; if the electors are disposed to approve of the actions of the government since that time, then they should support Premier Murray and his administration. But, on the contrary, if they desire a better business administration of their provincial affairs; if they want the utmost publicity concerning public transactions, then I ask them to support the opposition party and we will endeavor to improve conditions."

If I did not think I could benefit the province by using my business experience to remedy its affairs I would not undertake this task. We cannot not succeed without the assistance of the best independent men of New Brunswick. This task is theirs as well as mine. The need for economy was never so great. Tens of thousands of our men, women and children are showing every day the spirit of sacrifice in the interests of the Empire. Why is it that both parties are with difficulty getting men to come forward and offer themselves as candidates? Every man owes a duty to the state, and those who do not recognize it are neglecting one of the first obligations of citizenship."

"I propose, during the next few days, to issue an address to the electors dealing with the issues before them."

Speaking at St. Martins Saturday Mr. Foster said as follows:—

"They are talking about who would form our government. They are rather premature, but still they must feel confident that we will form one. I feel disappointed that I was not mentioned by them as a cabinet man, or that Mr. Currie or Dr. Smith, the victor of the memorable by-election in Westmorland county, or Mr. Smith of Oromocto was not mentioned."

Standing by Flemming. "I'll tell you one thing. I'll take you into my confidence and tell you THAT WE SHALL NOT HAVE IN OUR CABINET ANY MEN WHO STOOD ON THE FLOOR OF THE LEGISLATURE AND HELPED TO WHITEWASH J. K. FLEMING. (Prolonged applause). The man whom judges of this province condemned is today clasped to the bosom of Hon. Mr. Murray and is taking part in this campaign."

"Upwards of \$100,000 was extorted through the crown lands department," the speaker went on,—the most valuable asset of the province. The amount did not go into the provincial treasury, as it should have, but into the pockets of certain individuals for their personal benefit, a conspiracy, which, if it had not been discovered, would have cost the province, no doubt, considerably more. This money which should have gone to pay good roads, better bridges, etc., was stolen from the people."

"You might ask—What are you going to do? I'll tell you. WE ARE

Opposition Platform

The following platform was adopted at the Opposition Convention held in St. John recently:

In the event of the Opposition being returned to power, we pledge ourselves:—

NO PARTISAN CONTROL OF CROWN LANDS.
1. We pledge ourselves to completely reorganize the Crown Lands Department, so that its administration shall be entirely severed from politics and administered on sound business principles under systematic plans by a non-partisan commission specially appointed for that purpose, responsible to the Legislature and working in co-operation with the Dominion Commission of Conservation.

TAKE THE HIGHWAYS OUT OF POLITICS
2. We pledge ourselves to take the highways out of politics, giving the expenditure of the money collected from the people and the control of the labor, together with the Government appropriations, to the hands of supervisors, chosen by the people of each parish, to whom a detailed and audited account must be rendered every year at the annual meeting, and a duplicate thereof forwarded to the Department of Public Works, the work of the supervisors to be under the inspection of a competent provincial engineer.

We also pledge ourselves to set aside the money collected from the licenses upon automobiles and other motor vehicles, together with an equal appropriation from the revenues of the Province each year, to pay the interest upon the bonds to provide for permanent roads, which shall be constructed as rapidly as possible.

PROHIBITION PROVINCE WIDE.
3. We pledge ourselves at the first session of the Legislature to pass a law prohibiting the sale of intoxicating liquors within the Province to the fullest extent allowed by the Constitution, and within three months after the passage of said Act to submit the same by referendum to the electors of the Province, and should the majority of votes cast be in favor of the said law, then to bring the same into force by proclamation within one year thereafter.

ELECTION LAW.
4. (a) To amend the electoral law so as to make it impossible for members of the Legislature to traffic with the Government and still retain their seats.
(b) To make it possible for young men, when they reach the age of 21 years, to register their names and be placed forthwith upon the voters' lists, instead of waiting for the tedious machinery of revision as it now exists.
(c) To divide the counties into electoral districts which shall each be represented by one member.
(d) We will also consider amendments to the election law to make bribery in municipal as well as provincial elections impossible.

PROVINCIAL FINANCES.
5. To obtain at once a correct statement of the financial condition of the Province in order that the people may have definite knowledge of the vastly increased public debt and the enormous obligations of guaranteed bonds they will be called upon to pay; and to so reduce the cost of the administration of affairs and the number of useless officials as to avoid the necessity for direct taxation now confronting us.

AGRICULTURE
6. To give the farmers all the practical assistance that the resources of the Province will permit, to improve agricultural methods and the quality and quantity of the staple crops, to reduce the enormous salary list in the department, and to spend the educational grant received from the Federal Government without regard for political patronage.

VALLEY RAILWAY.
7. To complete the Valley Railway from sea point on the Transcontinental Railway at or near Grand Falls to St. John, and insist upon the Dominion Government carrying out the terms of the original legislation and allow the Province forty per cent. of the gross earnings thereof.

EDUCATION
8. To always maintain and improve the educational service of the Province and to co-operate with the Federal Government in carrying out the recommendations of the commission upon technical education.

IMMIGRATION.
9. The inauguration of a vigorous immigration policy to properly place before intending immigrants, whose number will be large after termination of the war, the advantages of the agricultural possibilities of New Brunswick.

GOING TO TAKE THE ROADS OUT OF POLITICS. We propose to have the districts, school districts, if you will, elect road supervisors themselves. Each supervisor will have the money to spend to the best advantage of the people of the constituency. IF HE DOESN'T SUCCEED, WHY HE WON'T BE ELECTED AGAIN THAT'S ALL.

THE PROHIBITION POLICY
"At our convention held in January over a year ago one of the planks in our platform was a temperance bill to be submitted to a referendum and put in force within twelve months after the taking of the vote, and which I believe was in line with the sentiment prevailing at that time. The government followed soon by passing a prohibitory act without a referendum as the temperance wave had in the meantime expanded."

"But, gentlemen, we do not propose to defer the enforcement of prohibition. The temperance question is not an issue in politics. When the attorney-general brought it up in the house he had to drag it through politics, he gave it its first baptism and do not propose to do so again. It is too big, too broad a question for that. Temperance today affects every man in some way. Gentlemen, there is a prohibitory law now on the statute books. IF WE ARE PLACED IN CHARGE OF THE ADMINISTRATION OF AFFAIRS IT WILL BE OUR BOUNDEN DUTY TO ENFORCE AND TO FULFIL THE TERMS OF EACH ACT. And if it is necessary we will amend it to close up loopholes which may have been left." (Applause).

The St. John Globe, a strong government paper has this to say of Mr. Foster:—

"Mr. Walter E. Foster's acceptance of the opposition leadership silences the criticism that the opposition is leaderless, and ranges the party under the banner of a business man of sterling worth, who has no political sins. Mr. Foster's training, first as a clerk in the Bank of New Brunswick and later as the managing head of one of the largest, most successful and most progressive wholesale houses in Eastern Canada, should prove a valuable asset to his party and be of great benefit to the country. Too few business men take the interest in politics it is desirable in their own and the country's interests that they should. Too few consent to the sacrifice which Mr. Foster's acceptance of party leadership and legislative service, if he is fortunate enough to secure election, will involve. That is unfortunate. There is need in the politics of this country for all the men of personal integrity and business standing who can be induced to accept nomination. It is to be hoped that Mr. Foster's splendid example will inspire other business men to give the country the benefit of their ability and judgment. It is particularly desirable that the next House be as strong and as thoroughly representative as possible. The questions that will develop as a result of the war, and the problems the war will bring will call for the most careful consideration of the best judgment that can be brought to bear on them. The call for public service at this time is as truly a patriotic call as any other demand in the Empire's interests, and it is equally a patriotic duty to see that the men selected measure up to the service."

The St. John Telegraph says:—Mr. W. E. Foster's acceptance of the leadership of the provincial opposition, which is the most important political news of to-day, will be received with very marked pleasure and approbation in opposition and independent circles. Mr. Foster, who has been chairman of the leadership committee, since the

large provincial convention of last year, has hitherto felt unable to take up the responsibilities attaching to this position, but in view of the approaching elections and the natural and strong desire of the party to have a leader in the fight, he has at last acceded to the wishes of his political friends and associates, to their very great gratification. In an interview published today, he discusses the condition of public affairs and solicits the aid and co-operation of all who desire speedy and thorough improvement and are ready to assist personally to that end.

"Mr. Foster will have the hearty aid and advice of Hon. C. W. Robinson, the former Premier and leader, and of all of the other able men of the party who have been working for good government. As a business man of proved ability and integrity, Mr. Foster brings to his task many admirable qualities not less among them energy and enthusiasm and a strong and steady practical grasp of the needs of the province."

"With the leadership settled, strong tickets in the field in most of the constituencies, and others ready for nomination during the next few days the opposition has much reason to congratulate itself upon its prospects at this time. And if ever the province in all its history needed a change of government it needs it to-day."

"The Province of New Brunswick is to be congratulated in having as leader of the Opposition, W. E. Foster of St. John," said Hon. C. W. Robinson, in addressing an enthusiastic meeting in City Hall, Moncton, Friday. "I feel that in accepting leadership of the party he is doing so only because he feels that it is his duty to do so. You will have no regret in electing men to support him in the Legislature and thus give the Province better government."

Evening Times.—The opposition party in this province is to be congratulated on the fact that Mr. W. E. Foster has accepted the position of leader. He is a young man, of unimpeachable integrity, successful in business, well informed in public affairs, and one who commands public confidence and esteem. Under such a leader the friends of good government can appeal with confidence to the people, feeling

The Miss Grant Mission Band held a Valentine Party for the young children on Tuesday evening at the home of Mrs. Connacher. An entrance fee of ten cents was charged and the Mission Band realized the amount of \$3.20. The children thoroughly enjoyed their evening.

"WE MUST MAKE WAR", NOT TALK OF IT

Let No Canadian Think of Quitting;
Ralph Connor's View.

Toronto, Ont., Feb. 2.—"Until this war is stopped by authority let no Canadian think of quitting. We must resolve that as we cannot talk peace we must not talk war, but make war."

These were two expressions from an address given before the Empire club by Mayor (Rev.) C. W. Gordon, D. D., (Ralph Connor), recently. He went on: "I find men are enthusiastic enough that war should be made, but somehow not vocal, I find there is a pausing in making war in Canada. Canada is no longer recruiting in large numbers men who are ready to fight. I am not depreciating other activities which are all necessary, but I want to say that though wheat growing may be successful and other business flourishing it is all no good unless we have representatives for us in the fighting line."

"Ralph Connor" dealt also with the latest Wilson peace note, saying that the President or his representative would be found at the Council when peace was discussed and his expressed view was an indication of what would have to be met. But he added that "peace without victory was impossible. We cannot disregard the outstanding injury to small nations. Reparation is the first word before we talk of peace." He added that the desire for military glory and world-domination would have to be taken from the hearts of the German people before an abiding peace could be made. For Great Britain there can be no peace without victory." (Applause.) He quoted von Rattenow's words that Germany would learn lessons in this war, commenced a year too soon, which would guide her in the next "Peace with them," said the Canadian Chaplain-author, "is postponed war."

CANADA NEEDS LEADERSHIP

He argued that the case of the United States showed that Canada could not keep out of European wars "not because they love fighting but because they love living." What was most needed in Canada, was leadership, united and resolute, nothing slack or disunited. This unity of leadership, he thought, would be followed by united national action. He mentioned how united and resolute the British people and Government had become, and paid a fine tribute to British loyalty and its concessions of principles, won even with blood in the past, so that the war might be effectively carried on. He told, too, of a town with eleven thousand inhabitants now busy making ammunition where a year ago there was nothing but a moor.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-LIVES"

ALBERT VARNER

Buckingham, Que., May 3rd, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-lives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-lives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-lives", and you will get well!"

INVITATION TO QUEBEC

"And Quebec, shall she be represented in this war or not? Is Quebec part of Canada? Why should we not talk about it frankly and generously and loyally, giving them credit for being like ourselves? For the sake of the Empire, but still more for the sake of Canada, I should like to see some means found by which Quebec will see her way warmly, enthusiastically and splendidly to come into the war and to do what the other Provinces will do: her full duty."

"Ralph Connor" then told of exchanging work with the Roman Catholic priests at the front and of his admiration of the Catholic Chaplains.

"We cannot finish this war to Canada's honor of safety unless Quebec is with us. If Canada is united they will know of it across the seas." (Applause.)

FROZEN GRAIN IN FEED OAT GRADES.

Most farmers and local grain dealers do not fully understand that the term Feed in official grades of oats, as No. 1 Feed oats, implies that the oats have been frozen or are otherwise unsound; or that the words Canada Western, as for example No. 2 Canada Western oats, means that these oats are sound and suitable for milling purposes. Frozen oats will not germinate satisfactorily, so only the official grades No. 1 and 2 Canada Western oats are accepted and separately binned for seeding purposes at the Government terminal elevators. Large quantities of Western oats will this year be distributed over Eastern Canada for seed purposes and both farmers and dealers are well advised to guard against the use of even Extra No. 1 Feed oats for seed unless a germination test is first made. The Canada western grades, however, can be counted upon to give satisfactory germination.

Exceptional Circumstances—The sympathetic prison visitor went from cell to cell interviewing the inmates. To one penitent-looking individual she put the usual question: "What brought you here?"

"Borrowing money, lady," was the reply.

"But, good gracious!" she exclaimed, "the don't put people in prison for borrowing money?"

"Not ordinarily," said the man, "but I had to knock a man down three or four times before he would lend it to me."

"A Case for Wincarnis."

Nerves!!

—On Edge—
—Jumpy—
Yours is a case for Wincarnis

If your nerve centres have become weakened by overwork, worry or anxiety, they are unable to transmit the necessary nourishment, and the nerves become worn out and "on edge." Then it is that a sudden sound makes you "jump"—you get irritable—you suffer from neuritis—you are restless and depressed. In this condition there is nothing to equal

WINGARNIS

Because, being a powerful nerve food, Wincarnis gets right to the root of the trouble, and, by creating a supply of a nerve force, stimulates and revitalizes the whole nervous system. Try Wincarnis for "nerves." It is wonderful. Over 10,000 doctors recommend it.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25-cent bottle of Danderine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is shiny and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish, "now-a-days" and die; then the hair falls out. Surely get a 25-cent bottle of Danderine from any drug store and just try it.

Under the auspices of the Presbyterian, Baptist and Methodist Churches. OPPOSITION MEETING AT TOBIQUE

Seven Mill Ridge School House Crowded with Electors to Hear Speakers.

The first of the series of Opposition meetings was held at the Seven Mile Ridge school house Tuesday evening. Long before the hour set for the meeting men began to gather and when the meeting was called to order the school house was crowded to the doors.

Alex. Maltais was chosen chairman and introduced the speakers. Mr. Maltais has always been a government supporter but the barefaced graft and joggery of the representatives has disgusted him as well as many other electors.

The meeting was addressed by Messrs. Arthur T. LeBlanc, Jos. Duncan and F. M. Anderson. All were given a fine hearing and were loudly applauded.

Mr. Jos. Duncan made his first public appearance against the party whose graft had turned him to the opposition after years of government support. He is one of the honest electors who are out for honest politics and are using every endeavor to turn the present administration from power in the hope of having an honest administration.

Mr. LeBlanc spoke entirely in French and was given a splendid hearing. He was frequently interrupted by hearty applause.

Bargain, Bargains, only Ten More Days to get them at M. P. Moores.

CHANGES IN TRAIN SERVICE

The local Nos. 25 and 26, which was run to Newcastle only has been restored and is making very irregular trips, being hours late each evening. The suburban, the only train which brought business to Campbellton as residents down the line could come here and return the same day has been taken off so now people have to drive or walk to town or stay at home.

UNCALLED FOR

In its local columns the Campbellton organ of the Local administration prints a nasty reflection upon the character of Mr. Wm. Currie, which deserves more than passing notice. Mr. Currie is one of Campbellton's most respected citizens and if he is a member of a Christian church and lives uprightly this is no reason why he should be held up to ridicule in a public newspaper. We are sure our right thinking citizens will resent such conduct on the part of the local government campaign managers. We may add in passing that it is a pity some other candidates seeking the suffrage of the electors cannot be lined up in the same class but fear that the bar room and card table take up more of their time and attention than church and good works.

THAT TOBIQUE MEETING

The Campbellton Tribune says:—"At Seven Mile Ridge on Saturday night the government candidates addressed a large and most enthusiastic meeting and were given a most hearty welcome and were assured of a substantial majority in that district."

The facts of the case are that the roads were so bad that it is said either the horses or the drivers played out and it was late when they found three men waiting their arrival. They decided to postpone the meeting until a later date. They announced that they would hold a supper and meeting next week. The assertion is made by government workers that the rate-payers of Tobique can be bought for a few dollars, but we are glad to be able to say that such is not the case and when the voters are counted on the 24th, Messrs. Stewart and Cullen will learn this to their sorrow.

LUNG TROUBLE

Was never cured by doing the stomach. The two organs are not connected. If they were, food swallowed would choke you. For lung and bronchial troubles you must breathe the cure; and you can't breathe cough syrups, tonics and syrupy compounds! Peps provides the rational treatment for coughs, colds, bronchitis and lung troubles. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, throat and bronchial tubes—not swallowed down to the stomach, which is not ailing. On the face of it, now, does this not sound more reasonable than drugging the stomach? Try one box of Peps. A trial will cost you only 50c, and the good you will reap—well, health cannot be expressed in money terms. Be sure of the article when ordering from druggist or store. Just four letters

Peps

Hon. Arthur has left Campbellton in disgust. The atmosphere was too cold for him. Even his visit to the Graphic Office was brief.

Ill-Guided Zeal.—William Wilberforce, the slave-liberator, had a sister who was a hustler. She hustled for William at the hustlings and succeeded in getting him elected to Parliament. On one occasion, when she had concluded her stump speech, some enthusiasts in the crowd shouted: "Miss Wilberforce forever!" The lady stepped forward. "Gentlemen, I thank you," she said, "but, believe me, I do not wish to be Miss Wilberforce forever."—Tit-Bits.

Among the casualty lists of recent date the name of Pte. R. H. Guy McLean of this place appears as wounded. From private sources comes the information that Pte. McLean was wounded in the back with a bullet. He enlisted in the 55th N. B. and P. E. I. Battalion and went overseas with that unit, but when it was broken up was transferred elsewhere. His many friends wish Guy a most speedy recovery and a safe return.

The fine weather of the last week saw an interesting event in the horse race on the ice at Black Point, a large sized gathering of the turf lovers of the vicinity were in attendance. In the one-mile race, "Will-De-Sure," owned by Mr. Delphus Frenette, won from Mr. Nat. McMillan's speedy steed while in the half-mile event, Mr. Jerome LeCoffre's trotter beat that of Mr. Sandy McMillan. It is understood another race will take place in the near future.

There has been a change in the staff of the Bank of Nova Scotia here recently. Miss Audrey Doyle, who has occupied the position of cashier for sometime has resigned and is replaced by Mr. Samuel McAlister. Miss Doyle will be greatly missed by the public as she never failed to treat all with the utmost kindness and courtesy. The house of Mr. John Callahan was partly destroyed by fire on Sunday, February 4th, at noon time. Huge quantities of smoke were seen issuing from the windows and attracted a large crowd. The fire originated from an over heated heater in the upper story and much damage was done to the interior furnishings before the heater was removed and the blaze extinguished. The loss is covered by insurance.

Quite a number were present and four new members joined namely:—Lillian Imhoff, Isabel Maguire, May McIntyre and Florence Sherar, now making a total of 22.

So far the Club has some finished work and every body seems enthusiastic.

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated waste, undigested food and sour bile pass out of his little bowels without grunting, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

THE CRUSHING OF OATS FOR WORK HORSES IS UNPROFITABLE

(Experimental Farms Note)
The practice of crushing or grinding oats for horses is increasing. The best authorities have for years contended that grinding oats for draft horses does not pay and if the meal is made too dusty or fine it may often be injurious.

However, the practice of rolling or crushing has largely replaced grinding in many districts. Many large city companies are now using crushed grain and report favourably as to its economy. Advocates of oat crushing claim great benefits there from, such as:

1. Increasing the percentage of digestibility of oats for horses on hard work and little time for feeding.
2. Greedy feeders are made to eat more slowly.
3. Horses with bad teeth are assisted to digest the grain properly.
4. That twenty-five per cent of grain fed whole is not digested and is lost in the manure unless crushing is adopted.
5. Proper crushing leaves the grain free from dust and fine meal.
6. Crushing exposes the grain more fully to the digestive juices, thus aiding indigestion.
7. That crushing even at a considerable cost is profitable in that grain is saved and that horses are healthier.

These and other arguments are used by advocates of crushing oats for horses. Considering the high cost of grain and also of crushing, it has been considered advisable to conduct an experiment along this line. The results of this trial given herewith appear to answer conclusively most of the above claims.

RESULTS OF EXPERIMENT

Five teams of horses were selected for this experiment and these were fed experimentally for eight months starting in October, 1915. The object of this trial was a comparison of the same quantity by weight of whole and crushed oats. One horse from each team was started on crushed, and the mate on whole oats, thus insuring a fair comparison as to work performed on each feed. At the end of each month the feeds were reversed in each team. Careful records and weights were kept as to the feeds consumed. All horses received their usual supply of hay, water and salt. Horses were weighed each week.

As all experiments and practical trails have proven the value of some bran in a grain ration the following mixture:

Oats 5 parts, bran 1 part, was adopted for both the whole and crushed oats.

The first week of each month, the transition period, was disregarded in compiling results. The following observations were made:

1. The gains and losses in the weights of the horses were closely related to general health and vigour.
2. No horse became fat but all remained in good condition in spite of extra heavy work in fall, spring and early summer and regular work in winter.
3. During the whole trial the gains or losses in weight were approximately the same for both whole and crushed grain.
4. The slight difference in weights was in favour of crushed grain but amounted to only 125 lb. gain for 10 horses fed half the time on crushed grain during the eight months. This is .15 lb. per horse per day. At the average charge of \$2.00 per ton for crushing, such slight gains would cost 13 1-3c. per pound. However no differences were apparent in health or general condition.
5. When bran was mixed with the whole oats the horses could not eat too rapidly owing to the dry, flakey character of the bran.
6. When horses were properly watered and not fed too much hay, whole grain was found in but very small quantities when at all, in the manure.
7. Both from the weights and appearance of the horses and the condition of the manure, crushing did not appreciably increase the digestibility of oats.
8. Whether fed crushed or whole grain, horses must have sufficient rest after meals to start digestion at least. If time is short, feed less rather than allow too rapid eating of the regular feed.

In conclusion, it seemed to be definitely shown that, to horses fed in the proper manner, the crushing of oats had little if any advantage and was unprofitable. In other words, the cost of crushing is wasted.

SURPRISE PARTY FOR RETURNED HERO.

On Wednesday evening Feb. 7th a number of young folks, friends of Lance-Corporal William Hill descended upon him at his home at Shives Athol for the purpose of welcoming him home from the front. Bill was one of the first Athol boys, that answered their call of duty and enlisted in the 6th C. M. R., and did his bit in several battles until at the Battle of the Somme he got (his) in the shape of a piece of German shrapnel, which necessitated the amputation of his right arm just above the elbow. During the evening Will was presented with a beautiful signet ring which was handed to him by Miss Hazel Wilkins after the following address had been read by Corporal A. B. Klippert of the 28th New Brunswick Kilties.

Address,
Dear Friend Will,

The ladies and gentlemen friends here present wish to show their appreciation of the splendid service you have given in the defence of Home and Empire and to welcome you back to your own community.

We are proud of the promptitude with which you answered your country's call and of the credible manner in which you have done your bit against the "Might is Right".

Our pride in you is augmented because of the honorable scars of battles which are upon you and we now rejoice in your return.

The accompanying gift is a token of our pride in you and in the honor you have achieved for yourself and for this community and of our hope that you may be spared for many years to enjoy the fruits of the sacrifice being made by Britain and her Allies in the most terrible war the world has ever known.

Cpl. Wm. Hill
Shives Athol, N. B.
Corporal Hill, although taken by surprise replied in a very fitting manner.

After the pleasing ceremony passed and dancing in which Will proved himself as adapted as of old, filled up the rest of the evening. Luncheon was served and after a very pleasant time the guests dispersed in the wee small hours of the morning.

SOLDIERS ADDRESSES

The Soldier's Comfort Association would like the relatives of soldiers to send in their addresses. It is especially requested that they give the addresses of the Campbellton boys in A. Coy, 132nd Battalion. These can be given to either Mrs. J. F. Gallagher or Mrs. W. H. Miller at 'phone 18.

Making It All Right—An old lady who had been introduced to a doctor who was also a professor in a university, felt somewhat puzzled as to how she would address the great man.

"Shall I call you 'doctor' or 'professor'?" she asked.

"Oh! just as you wish," was the reply; "as a matter of fact, some people call me an old idiot."

"Indeed," she said, sweetly, "but then, they are people that know you."

HON. A. CULLIGAN NOT STRONG ON PRAYER.

Elections Were Never Won Thus—Cash a Better Medium he Knows.

Evidently the HONORABLE Arthur is not a believer in prayer to win elections. Read the following extract from evidence, under oath:—

"I saw Mr. Archibald Murchie who was a candidate in election in for county councillors in September last. I saw Archibald Murchie while voting was going on. Saw him at poll. Mr. Murchie asked me to vote for him. I said yes I will vote for him if I was paid my expenses. Murchie said I will see you later on. Mr. Arthur Culligan, the member for the local legislature for Restigouche then came to me and asked me to vote for Murchie and Lawlor. I said certainly I will help you out. He said a 'great many' tell me you're against us. To show that you're not against us I'll take this ticket and I'll tear it. He took ticket and tore it all round just leaving the names. He said take that ticket and put it in the envelope and then you go to Jim Landry and he will give you money. He told me the ticket was for Murchie and Lawlor I went over to Mr. Landry and he handed me \$1.00. I still had the ticket in my possession. Archibald Murchie the candidate gave me \$1.00 and said this will help you out. He asked me to vote for them and also gave me a ticket. I did not see Murchie pay money to any one else that day. I saw James Landry pay money to Joe Dion.

(Signed) William E. Firlotte.

Evidence of David McGregor at protest against election of Couns. Murchie and Lawlor:—

Mr. Arthur Culligan took me into a house opposite the poll and gave me a ticket and \$2.00 to vote for John Lawlor and Archibald Murchie. When he gave me the money he told me to be sure and vote the ticket. The names on the ticket were Archibald Murchie and John Lawlor. I then went into the poll and voted. Currie swore me. I did not vote the ticket he gave me. Arthur Culligan did not owe me any money. I never worked for Arthur Culligan.

Cross examined by Mr. Byrne. I did not vote for Murchie and Lawlor. I voted for Kerr and LaPointe. I got this money from Arthur Culligan. I got no money from Murchie or Lawlor. I never spoke to Arthur Culligan before until that day. I drink sometimes. I never refuse money. It did not bother my conscience. Arthur Culligan took three of us into that house. I do not know names of others. I know that Arthur Culligan gave them money I saw them get it. Could not tell whether 1 or 2 dollar bills I was working at James Reid's for one or two days. I never spoke about this evidence to Mr. Reid.

To Mr. LeBlanc. When Mr. Culligan gave money to two others he gave them tickets each in receiving. Miss Jean Henderson served and Miss Catherine Andrew tended the door.

and said to vote the tickets.

DAVID MCGREGOR.

Arthur Culligan—Swore. The day of the polling, McGregor came to me and said that I owed him for some time. Later in the day, I did give it to him, but not to influence his vote, as he had no vote at this election.

To Mr. LeBlanc—I would not like to swear that I did not give him a ticket. I do not think McGregor did vote that day. I did not go to the door of the poll with him. He had never asked me for that \$2.00 previously. Said I owed it to him for work he had done at a former election. I do not remember what he did for me. On his word I gave him \$2.00. I know David McGregor, know him as Scottie McGregor.

I did not speak to him as Scottie, spoke to him as Mr. McGregor. I do not know that I would have known him unless he had sworn here. I did not give him \$2.00 to vote for Murchie and Lawlor. He told me what I owed him for. I did not know him very well before Sept. 2nd.

Your sons and brothers are bleeding for their country while politicians are bleeding their country.

SCENE IN A GERMAN BARON'S CASTLE.

To wit: in the little den room in a rummellers' hotel in Campbellton. (Baron seated before open fire with his money bags every where in evidence about the room.)

Baron, (striking gong fiercely.) What Ho, Sir Knight.

Sir Knight Sh—appears, Baron (addressing Sir Knight Sh—) Order up that varlet from Tobique. (Varlet from Tobique appears trembling—)

Sir Baron—How dare you report about this town of Campbellton that we had no electors to meet us at the meeting at Seven Mile Ridge and that my friends were unable to reach the seat of discussion because of well because of—ahem!—sickness.

Varlet from Tobique—Well, Sir, it is the truth.

Sir Baron—(angrily) Truth, who is talking about truth in this party. Next thing you will be reporting that we did not have an "interesting and well attended meeting at Upsalquitch."

Varlet from Tobique. Neither you did.

Sir Baron—Silence. Leave the room.

Sir Baron—What Ho, Sir Knight, order in DeRosiers.

(DeRosiers enters, quietly but with a glitter in his eyes as he views the money bags scattered around in the Baron's room.)

Sir Baron—Well, how did you get along up the I. N. R. I hear had reports from up there.

Sir Knight DeRosiers: Well, what can a fellow do, nobody believes your yarn about LeBlanc favoring the liquor party and the d—New Brunswick Frenchmen are as loyal and square as can be. If it were up in Dorchester now!

Sir Baron—Silence. I tell you we have money and we have rum, a lot of rum that has got to be used up before May 1st or be wasted and I want you to do something. Get out a firing squad and see if you can't teach them "to shoot holes in something." Practice on that "Intoxication Liquor Act" and see if you can't put a few holes in it so that my Imperial Master, Caribou can have a chance after May 1st. Do something man! or go back to Montreal.

Sir Knight DeRosiers—Well I'll go back to Montreal if you give me that (pointing to a huge object in the room)

Sir Baron—That, why, you fool, that is not money, that is the old "road machine," that, that officious Tribune man says Currie has "been carrying around in his vest pocket since 1908". If that varlet is not muzzled soon, well, we won't get a vote in Town.

(Exit DeRosier, with many a backward look at the money bags.)

Sir Baron—(reminiscently), Yum, Yum, will Caribou and I have to part with this dear money! Where is my former power and grandeur? Where is the sweet aroma of the mighty fawning of those dear Campbellton sons who have lavished upon me all these years so many favors? All tottering and in danger of being engulfed!
