LET US PRACTICE WHAT WE PREACHED

The Old Adam in us dies hard. It is much more palatable to human nature to strike back than to go through the preceptory performance of turning the other cheek to the smiter.

The recent magnificent and overwhelming victory of the Liberal-Conservatives in the Province of Ontario was less a party triumph than it was a mandate from the people at large against the odium and malpractice of that abhorrent thing so offensively associated with the late administration and designated by the name of its founder and leader "Rossism."

The people rose in their might and vindicated Ontario's good name. They declared—irrespective of party—that the Provincial escutcheon should be kept unstained, and they have placed it with this intent in the custody of the Conservative party under the leadership of J. P. Whitney.

It would then be unfortunate and unseemly if any credence were given such thoughtless and irresponsible prophecies concerning local officials in the civil service as the exuberance of long-delayed victory may carelessly call forth for the moment.

It is to the credit of Mr. James Clancy, West Kent's esteemed and honored representative on governmental appointments, that he has clearly affirmed his position on this matter both prior and subsequent to the election.

It will, therefore, in our opinion, be very unfortunate if such rumors as have been carelessly put in circulation are not effectually stayed by those in authority.

The stand of Conservatives has always been clear upon this matter. A man's franchise is his own, but those who serve the people in an official capacity will be required to refrain from all active participation in political controversies.

And West Kent appears to us to be singularly free from officials who have done otherwise. Men like our Sheriff, our Police Magistrate, our Crown Attorney and others are citizens personally esteemed and officially admired generally altogether apart from their political proclivities.

After the strife is over, After the battle ends— Winners alike and losers Come—let us now be friends!

AN OUTSIDE OPINION. The Montreal Gazette keeps close tab on Ontario affairs, and is able to give an intelligent opinion of the great turn-over. It says: "Condemnation of the methods by which the Ross government has maintained its hold on power since 1902 was the only issue before the people."

Clancy, West Kent's esteemed and honored representative on governmental appointments, that he has clearly affirmed his position on this matter both prior and subsequent to the election.

It will, therefore, in our opinion, be very unfortunate if such rumors as have been carelessly put in circulation are not effectually stayed by those in authority.

WHAT BOB KNOWS. Galt Reporter. That guilty wretch, Gamsy, far off in his Manitowish home, still knows Where the Money Came From.

A FALSE REPORT. Toronto Globe. There is no truth in the rumor that Mr. Whitney has made overtures looking to the establishment of a coalition Government.

YOU CAN INTEREST HIM Any Man Over Fifty. You can interest any man over fifty years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease, he no longer feels the buoyancy and vigor of twenty-five nor the freedom from aches and pains he enjoyed in earlier years.

with a majority behind him which will enable him to do all this. He will be judged largely by the record he makes in this connection. That he will be equal to it there is every reason to believe.

LIQUOR LEGISLATION. If we understand Mr. Whitney's program in respect of the liquor traffic, right there will not be any change made in the existing license law; but there will be a grand change in the manner of administering that law.

It may be that some minor changes will be made in various nonsensical and annoying regulations, but once the law has been arranged to his liking, Mr. Whitney will, we think, insist upon the law remaining that way for some time, without the constant amendments which have been so expensive and irritating to those in the business.

HOW FORESTS GROW

THERE ARE TWO GREAT TYPES, THE PURE AND MIXED. One of the Marvelous Feats of Nature is the Balancing of Conditions Where Trees of Different Habits Enter the Struggle for Existence.

Upon the hardwood flats of the Adirondacks the hard maple, the yellow birch and the beech are the only deciduous trees able to withstand the severe climate.

Wherever a mixed forest occurs there is an unending struggle going on. Let us see how the combatants are armed and why the representation of each species remains unchanged.

In the same region the yellow poplar and the chestnut, both trees which grow rapidly and are capable of enduring considerable shade, are controlled, the one because much of its seed is barren, the other because many of the nuts are eaten by animals.

The study of trees as living, striving organisms in a world of their own leads an almost human interest in the forest.

We Offer \$1,000 For a Disease Germ That Liquozone Can't Kill.

On every bottle of Liquozone we offer \$1,000 for a disease germ that cannot kill. We do this to assure you that Liquozone does kill germs.

And it is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally.

Liquozone is not made by compounding drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 24 days' time.

Liquozone goes into the stomach, into the bowels and into the blood, to go wherever the blood goes. No germ can escape it and none can resist it.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain.

It is being played somewhere in this land of ours on every day in the year. Even in the South it is seen. It has developed a distinctive class of players who are called "Uncle Tommers" in derision by other actors and actresses because they spend their entire time playing the characters of "Uncle Tom."

Another critic says: "The conception of the quartette was perhaps the most taking feature of the program. For tonality, blending, articulation, and perfection of ensemble, nothing equal to the work of these gentlemen has been heard here before."

HAWKES CUT GLASS

A yellow diamond makes a good show until compared with a white one, and Hawkes glass shows up the yellow in other cut glass when placed side by side. We can show you five other makes, Canadian and American, but Hawkes stands out in a class by itself. Come in and let us show you the difference, and it won't take long either. There is comparatively very little difference in the cost but what a difference in quality.

The pocket-book was missed and the young lady is charged as the only one who could have taken it. She on the other hand vows her innocence.

WHAT ROSS SAID.
Galt Reporter.
"Do you know," remarked G. W. Ross last night, to his private secretary, his voice taking a harsh tone and his face assuming a look of stern resolution, "after what the stuck-up folks of this province said to me to-day I don't think I'll go back to the job." "What did the presumptuous wretches dare to say to you, sire?" indignantly inquired the young man, the hot flush mounting his pallid cheek. "Say to me? Why, they had the nerve to tell me: 'Ross, you're discharged!'"

CHARITY

"And the greatest of these is charity." A case that appeals to the charity of all was revealed on Saturday. C. Christie was arraigned in the County Police Court Saturday on the charge of stealing staves from W. M. Drader. The man and his family lived in a house belonging to Mr. Drader, but having never paid any rent. The man is of unsound mind and is not deemed safe to be at large. The wife and children are in their bare and comfortable home, lacking fire and food. Their condition has appealed to the sympathy of the neighbors. The family live on the outskirts of the city in Chatham Tp. and the Chatham Tp. Council will have to look after the family. It takes municipal bodies a long time to move, however, and in the meantime the people might starve.

CURE WAS QUICK AND PERMANENT

Dodd's Kidney Pills Soon Drove Away Rheumatism and Dropsy

Case of a Windsor Man Who Suffered Two Years Before He Discovered the Right Remedy.

Windsor, Ont., Jan. 30.—(Special)—How quickly Rheumatism and Dropsy can be cured when the right medicine is used is shown in the case of Mr. John McDonald, a retired farmer living at 130 Langlois Avenue here. Mr. McDonald says:

"For two years I was troubled with Rheumatism and Dropsy. My legs were terribly swollen, and though I tried many medicines nothing gave me any relief till I tried Dodd's Kidney Pills. Two boxes of them cured me so completely that I have had no return of the diseases in years."

Rheumatism and Dropsy are caused by the poisons disordered Kidneys fail to strain out of the blood. Cure the Kidneys with Dodd's Kidney Pills and the cured Kidneys will remove the cause of the Rheumatism or Dropsy. Without cause there can be no disease.

THE NEW CABINET

Montreal Star Makes Pertinent Suggestions—James Clancy Will in all Probability be Included Amongst the Ministers.

The Montreal Star has sized the Ontario situation up very fairly and makes a few suggestions which are worth acting on. From this standpoint there is a strong possibility that Mr. James Clancy will be taken into the Ontario Cabinet. His ability is recognized and his services will be needed. The Star says:

The first test to which Mr. Whitney will be submitted will be that of cabinet-making. He will be judged by the men he chooses, and by those he leaves out. When Sir Wilfrid formed his Cabinet in 1896, he did not confine himself to the men behind him in Parliament, and there is no reason why Mr. Whitney should be similarly restricted. He ought to feel free to summon strong men to his side wherever he may find them.

Imagine what the Laurier Government would have been like without Mowat, Fielding, Blair, Sitton and Joly! Mr. Whitney has all Ontario to draw upon. There are many men who have not been drawn into provincial politics for reasons which it is not difficult to guess, who would, nevertheless, make excellent ministers. Mr. Ross was brought from the House of Commons to strengthen the Mowat forces. Sir Wilfrid lately called Mr. Aylesworth from the bar.

TROUBLE

A Similarity of Initials Causes a Rupture Between Two Elders in Dover Tp. Church.

There may be many scars left by the recent election, but the trouble in St. Andrew's Presbyterian Church, Dover Tp., hasn't reached the scar stage yet. The trouble in the church arose over the fact that Elder John Grant has the same initials as Elder James Glover.

Elder John Grant, who is also County Commissioner, was deputy returning officer at the Town Hall, Dover Tp. Elder James Glover went there to vote, and when he got his ballot he noticed Deputy Grant putting the initials J. G. on the ballot. Mr. Glover accused the deputy of putting his (Glover's) initials on the ballot. Elder Grant got quite angry, he said, and repudiated the insinuation. He demanded an apology for his calumny. Mr. Glover refused to accede to the request. Yesterday the matter was brought up in church but the two elders couldn't settle their difference and the matter was adjourned till Tuesday night for adjustment. It is reported that Mr. Glover claims to be free from evil intent and states he is quite willing to repeat what he said.

"INDEPENDENT" PAPERS.

So-called independent papers, like the Herald, of Hamilton, stuck by Hon. J. M. Gibson through thick and thin. Within two days of the election this paper asked that Ross be given a decisive majority so that he might rid himself of the crooks that surrounded him! Surely an independent paper would have suggested his retirement because of this thing.

SABRE BRITISH CONSUL

Continued from Page One.

In the face of thickening troubles, it would be obliged to create a zemsky habes.

The situation in Poland is increasingly threatening, especially in Warsaw and Lodz. In the latter place, it is reported, 100,000 men are out on strike. There are prospects of extension of the strike in Odessa, and other manufacturing cities of Southern Russia, where the workmen are better organized and more serious.

Meanwhile practically all classes anticipate renewed terrorism. It is said that when the leaders notified the Social Democrats that a truce had been proclaimed immediately after the close of the Zemstovists' Congress, they were told that the gauntlet would again be thrown down to the aristocracy, but that this time the sovereign, who was specifically declared to be exempt from danger during the recent activity, as shown in the trial of Sasneff, would be included in the challenge. Attempts especially are expected upon the officers who a week ago ordered the soldiers to shoot.

Roman Mob Makes Holiday.

Rome, Jan. 30.—Many meetings were held yesterday in the principal cities of Italy to protest against the alleged Russian cruelties. At Brindisi, an attempt was made to pull down the Russian arms from the door of the Consulate. In Rome, notwithstanding a prohibition by the Government and a great display of troops, about 3,000 people assembled, tried to break through the cordon of troops and reach the capitol. There were cries of "Long Live the Russian Revolution!" and "Down With the Autocracy and the Cossacks!" The troops charged. Several people were injured.

Accident Caused By Carelessness.

St. Petersburg, Jan. 30.—Formal charges of negligence and inattention to duty have been preferred against Sub-Lieut. Kurzeff, who had immediate charge of the gun, from which a shell was fired Jan. 19 during the ceremony of blessing the waters which was attended by Emperor Nicholas. The official view is that the accident was a result of carelessness in leaving a charge of grape in the gun after a practice which had occurred two days previously.

Fire Causes \$500,000 Loss.

Omaha, Neb., Jan. 30.—The fire which started Saturday night in the wholesale district of this city burned half a block and was one of the most destructive in the history of Omaha. A conservative estimate places the total loss at about half a million dollars.

Prince Shot By Assassin.

Batoum, Jan. 30.—Prince Gurielly, an officer of the Police Guard, while driving past the iron works yesterday morning, was shot and killed by an unknown man. No arrests have been made.

ARE YOU LOOKING FOR A HAPPY MAN?

If So Find One Who Has Used Dodd's Dyspepsia Tablets and Can Now Eat and Enjoy Three Square Meals a Day.

Thrice happy is the man who can take three square meals a day and enjoy every one of them. But in these days of bad teeth and quick tempers, how many people can do this? Can you? If you can't it's your own fault.

Modern science has overcome the handicaps of bad teeth, quick eating and scanty saliva. It has provided Dodd's Dyspepsia Tablets, the greatest help to the Stomach ever discovered. They contain the necessary ingredients for digestion; to put it in brief they digest the food while the Stomach rests and recuperates. That they are an easy and natural cure for all Stomach ailments anybody who has used them will tell you. Louis M. Bourdeau, of St. Louise, N. B., says:

"I recommend anyone who suffers from Dyspepsia to use Dodd's Dyspepsia Tablets. I had it badly, and the doctors I consulted did me no good. Three boxes of Dodd's Kidney Pills cured me completely."

SACHEL OF THE SATELLITE

To the Globe—An apology in time often saves a libel suit.

I'm looking for the bear. Bruin will look for the shadow.

The 14th of February is valentine's day. Perhaps your best girl is expecting something.

It is never too late to make amends for the mean things you said during the political contest.

G. P. Graham's majority in Brockville was 169 this time. Some 220 less than last election.

Wednesday, February 8th, is the day fixed by statute for the Public Library Board to meet and elect its chairman.

When the bear comes out to see his shadow, if he sees the Ross administration he'll go back sure. That bunch is only a shade.

MEN'S OVERCOATS

This is the time to buy Winter Overcoats. First because you are sure to have several months of good service out of it, and again because you get a decisive reduction in the price. Then an Overcoat is always good for two years' service at least, particularly if it's a T. & D. Coat.

Run over these reductions then come and see the coats, that's the only way to understand what they mean.

ideals, but locally the word has been basely defiled and polluted.

The illegal election of the Chairman of the Public Library Board for the past four years, may not affect what has been done because the mistake was made unintentionally, but now that the error has been pointed out, it is more than likely that any business transacted would be illegal.

Having elected J. P. Whitney to the government of the finest Province in the Dominion, and still having the onerous job of managing the affairs of this Province on my hands, I think that I will yet have time to complete that monument to Tecumseh for the Macaulay Club. I have plenty of the material that they used in starting the work.

GOOD-BYE, MR. ROSS, GOOD-BYE. Good-bye, Mr. Ross, good-bye, Don't cry, Mr. Ross, don't cry, For the Grits did meet with severe defeat, And to Whitney now you must give your seat. For victory hard you did try.
