

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 34.

WOLFVILLE, NOVA SCOTIA, FRIDAY, June 24, 1921.

\$2.00, payable in advance

Fine Library for Acadia

495-Volumes Donated by Dr. M. C. Smith, including the Hertford-Wallace Collection.

Acadia University has just received a magnificent gift of books from Dr. M. C. Smith, of Lynn, Massachusetts. They are four hundred and fifty-nine in all, one hundred and ninety-seven of which are a rich and varied collection of fiction, history, useful reference books on trade and finance, with some rare volumes on travel and geography. There are two hundred and sixty-two French books. About one hundred of these once belonged to Sir Richard Wallace, the famous connoisseur and collector of works of art. The remainder of the French books were the property of a French priest who once came to America to look for books relating to French colonial times.

Acadia is fortunate in having in her library books that once belonged to the famous Hertford-Wallace collection. Sir Richard Wallace, who died in 1890, won great distinction throughout his long life as a collector of famous pictures, as a literary connoisseur, and as a beloved philanthropist, though he openly acknowledged a bar sinister. He is generally supposed to be the natural son of the Fourth Marquis of Hertford. At any rate, when that nobleman died in 1870, he left to Richard Wallace such of his property as he could devise by will, including Hertford House in London, and the finest collection of art treasures in private hands in the world. This collection, indeed, owed much of its value to Wallace's knowledge and ability. During the Franco-Prussian War, Richard Wallace spent at least two millions and a half of francs in aid of the besieged in Paris, and was created a baronet in recognition of his untiring efforts. In 1878 he was nominated one of the commissioners to the Paris Exhibition, at the close of which he was rewarded with a knight commandership of the Bath.

When he first offered to bequeath his art collection to the British nation the Government coolly asked him to give Hertford House as well. Sir Richard then withdrew his offer and died intestate. In 1897 his wife also died, after having made a will in which she bequeathed to England her husband's priceless collection. The British Government acquired Hertford House for its retention, and there it is to-day. Sir Richard's books were not bequeathed with the pictures, but were sold in London. Some were acquired by the Lauriat Company in Boston, were bought by Dr. Smith, and generously given to Acadia. The books are on various subjects, especially history, literature and science; the bindings are rare and beautiful, decorated with the Seymour coat of arms, the family escutcheon of the Marquis of Hertford. Dr. Smith is a native of Port Williams and retains a lively interest in the affairs of his native province. He recently presented the Wolfville Boy Scouts with a camping ground at Sunken Lake.

A KING'S COUNTY BOY'S SUCCESS.

A King's County boy and a graduate of Acadia of the class of '15, Mr. R. Arthur Harris, son of Mr. and Mrs. W. W. Harris, of Sheffield Mills, has just graduated from the Guilford Conservatory of Organists with the degree of A.A.G.O., winning honors. He also won the Gold Medal, the highest honor in the gift of the institution, only one being given each year. Mr. Harris not only made the highest average in all subjects during the past year, but the previous year as well. His many friends in this, his native county, are pleased to hear of the great success he has achieved and will watch with interest his future musical career. Mr. Harris was during his course at Acadia organist of the Wolfville Baptist Church for a time. He has accepted the position as organist of the Church of the Redeemer at Astoria, New York.

CEMETERY MEETING.

That the interest in the affairs of Willow Bank Cemetery is on the increase was evidenced by the attendance at the meeting held on the grounds last Saturday afternoon. Over double the number who were present at the past few meetings assembled at the appointed hour.

The president stated that the object of the meeting was to consider the advisability of continuing the work of grading the grounds along the lines of that already done during the past few weeks. A vote was taken, the result being a decision to undertake the changes in two tiers of lots on the west side of the main avenue at the least possible delay. The directors were instructed to proceed with the acquiring of the property adjoining the cemetery on the west side if satisfactory arrangements can be made. A hearty vote of thanks was tendered to Mr. W. H. Chase, for his generosity in financing the recent work done in the cemetery at his own personal expense.

Wolfville Boys'

Growing Interest in Sport—Good Attendance at Grounds Saturday.

The Wolfville boys, to the number of about forty, accepted the invitation of the Amateur Athletic Association to meet Mr. Saunders on the Porter's Hill Recreation Field last Saturday morning. After a good spell at Baseball, they desired, with one accord, a game of Cricket and evinced great interest in the instruction given by the coach.

In addition to the Saturday mornings which the Association have already fixed for the convenience of the boys, it is hoped to make arrangements with the Cricketers and Baseball players whereby the Coach may be spared on other days in the week to supervise juvenile sports on the ground. It is nearly time, now, when preparations were begun for Wolfville's Big Day events, and those wishing to participate in the County Boys' Competitions should signify their intentions through the Scoutmaster to the Association, so that arrangements may be made in due course for adequate training under competent guidance. It has been decided to organize forthwith a relay team for some of the coming Maritime events, for which Walter Johnson already has signified his intention of entering under the auspices of the Wolfville A.A.A. and, as soon as the required number have volunteered, training will begin. The Association, at its meeting last week, decided to meet weekly during the season so as to foster that "esprit de corps" which is so essential to success. The Athletic Section is now in process of organization and its personnel will be published in due course. Not only running, but also jumping and other kindred sports may be fostered.

The engagement of the Coach and the renting of the only available plot of land for a temporary Athletic field, have been amply justified by the marked all round improvement observed at the Baseball and Cricket practices. The Baseball team that did duty at Berwick gave a very encouraging account of itself, the inclusion of the Tuxis, especially, proving a very happy feature. Arthur Brown as pitcher and Wallace Barteaux as catcher, in particular, displaying brilliant form. It was unfortunate that Charlie Schurman, the regular catcher, had so injured his hand in the Hantsport friendly match as to disable him for this important opening event of the Valley League; all are pleased to learn that he has made a quick recovery and to see him back in his old form in the practices during the week.

The newly prepared Diamond reflects credit on the Coach and Superintendent Johnson, it being equal to any that is played on in the League, and likewise the Cricket pitch has been made as truly level as the proverbial billiard table. The Big Drive for membership is now on under the chairmanship of Mr. Hugh Calkin, the objective being 500 members, which it is sincerely hoped will be reached without any need of coaxing, as the object is highly worthy and deserving of the heartiest support of the citizens, especially those who are desirous that Wolfville shall lead in the campaign for "Clean sport, clean speech, and clean habits."

THE PUBLIC SCHOOL STAFF.

THE ACADIAN learns that Mr. Basil C. Silver, late principal of the Hantsport school has been appointed to succeed Principal Ford, who recently tendered his resignation to the School Board, after many years of faithful service. The salary of the new principal will be \$1650, and he will enter upon his duties at the first of next term.

Miss Elizabeth McWhinnie, B.A., has been appointed to the position of Vice-Principal of the Wolfville School. Miss McWhinnie is a graduate of Acadia University in the class of '16 and has successfully acted as Vice-Principal of the school at North Sydney and was for one year Principal of the Digby Academy.

Miss Mabel H. Welsh, for some time a valued teacher in the school at Spencer's Island, has been appointed as teacher in Grade 8. Miss Welsh comes very highly recommended, the fact that a strenuous effort was made to induce her to remain in her last position giving abundant evidence of her ability as a teacher.

Miss Edna H. Power, of Brookfield, Colchester county, will be the new teacher in grades 6 and 7, to succeed Miss Drysdale, who has done such excellent work in that department during the past year. Miss Drysdale's place will be hard to fill, but her successor comes highly recommended.

The Wolfville baseball team will play at Kentville next Wednesday between the two crown performances, about 6 o'clock. Will any car owners who are going to Kentville that day and who are willing to take one or more members of the ball team, please notify Carl Angus, the business manager.

For Better Health

Red Cross Puts on Membership Drive to Secure Better Health Conditions.

That the triumphs of peace may outweigh the victories of war is the object of the Peace-time Red Cross campaign, which is in operation the world over and will be put on in this county during the first week of July.

The world needed the services of the Red Cross Societies in the Great World War and its need is equally great in the work for health-reforms in the time of peace.

One result of the war was that it made vividly clear some things which a quarter of a century of peace might not have revealed with so much impressiveness. The war gave us a revelation of the relative worth of the ability of the ordinary man and woman.

During the war the ordinary soldier, seaman and airman stuck to his duties with a courage and endurance which have never been surpassed, and proved conclusively that the spirit of the race had not decayed.

But the war also revealed the shockingly poor physical condition of a great proportion of the men of the Empire. Statistics show that out of every nine men called up to the army in Great Britain, three were fit and healthy, two were in infirm health, three might be described as physical wrecks, one was a chronic invalid. With this physical condition among men at their most vigorous age, what could be expected among women and children?

In the alleged progress of civilization, in the organization of industries, in the development of big business for creating and controlling wealth, regard for the intrinsic worth of human life—of men and women in good health living and working under wholesome conditions—has been singularly neglected.

In Canada, of the 361,405 drafted under the Military Service Act, the medical examiner found 181,229 of them, or about one-third, physically unfit for full service in the field. It is not reported that the disabilities were the result of active disease; they were evidently in most cases in consequence of poor nutrition, neglect of personal hygiene and unsanitary conditions of working and living.

It is inevitable, it is high time that our consideration should be directed to an alarming state of affairs in respect to health, and that action should be taken for the purpose of remedying it as soon and as far as possible. With this motive the Red Cross has inaugurated the world-movement for the improvement of health, the prevention of disease and the mitigation of suffering throughout the world.

The people of King's county will be given an opportunity of rendering assistance in the good work during the first week of July when a thorough canvass of every section of the county will be made. In order that all may participate in the undertaking, the campaign will take the form of a drive for membership. It is hoped that 6,000 members may be secured in the county at an annual fee of one dollar each. All the money collected will be expended in Canada and a large proportion in our own county, where the need for work is as urgent as elsewhere.

It is hoped that no one will disregard the appeal made for help in the time of our country's need even as no call was considered in vain during the great struggle for world liberty which was brought to a successful conclusion in November, 1918.

Tender Awarded

For the Construction of Wolfville's New School Building.

At a special meeting of the School Board held on Monday evening, with all the members present, alterations in the plans of Mr. L. R. Fair were discussed and approved, and the contract for the new building was awarded to Mr. C. H. Wright for the sum of \$34,559, not including heating and plumbing.

The changes do away with some items in the first plan which were thought to be unnecessary, and for the finishing of the first floor and two rooms on the second floor.

Messrs. Wright and Fair were present at the meeting on Monday evening and the contract for the work was regularly entered into by the School Board and the contractor, the building to be completed by the end of the present year. Work of excavation was begun on Tuesday and is being pushed on as rapidly as possible.

The Graham Studio has increased the efficiency of its amateur finishing department by the installation of an electric light printer. This machine numbers every print automatically thereby eliminating all possibility of "mixups".

Central Baptist Association

Delegates from Kings, Hants and Annapolis Counties Hold Successful Sessions.

The Central Baptist Association of Nova Scotia has been in session at the Upper Canard Baptist Church this week the first session being held on Tuesday morning. There was a large attendance of delegates and the meetings have been helpful and interesting. Owing to the removal of the Moderator, Rev. L. H. Candall, to Chipman, N. B., Inspector Robinson, the Vice-Moderator, presided. The opening service was led by Lic. Frank Henry. A provisional program was adopted and the Constitution and Rules of Order were read.

Rev. H. J. Prosser, pastor of the Canard church expressed in a fitting manner the very hearty welcome to the Association of the Church and community to which Mr. John Burgoyne, of Halifax, replied in fitting terms.

The report from Kings county was presented by Rev. P. R. Hayden, and showed that the work in the county was making good progress, and from a financial standpoint, the past year had been the best in the history of the Association. Substantial gains had been also made in the church membership. There were 110 more baptisms than during last year—the result of the good work of the pastors. At the present time all parishes are fully manned.

At 11:30 the devotional period was conducted by Rev. R. W. Bennett, of Capereau, his splendid address being "And he brought him to Jesus." The responsibility of the individual was ably portrayed.

At 12 o'clock the Association adjourned and lunch was served in the vestry by the ladies of Centerville, Sheffield Mills and Upper Canard.

At the afternoon session, Colonel S. Clark, of Melvern Square, Dr. Zella Clarke, Mrs. Martha Clarke, and Miss Ross Clarke, of India (the latter returned this year); and Mrs. C. S. McLearn, the N. S. Provincial Secretary, were invited to seats in the Association.

Rev. L. W. Manning, D.D., presented a report on Orphanages. It was noted that the ranks of the ministry within the ranks of the Association were unbroken and that those mentioned in the report were still in the ranks.

Prof. John Freeman Tufts, late of the Faculty of Acadia University, Gilbert Peck and John Vaughan, of Wolfville; Mrs. Alice Shaw Chipman, of Berwick, who had been associated with the early educational work of the province; Mrs. Robt. Rand and Mrs. Levi Eaton of Canard Church and Miss Naomi Burgoyne, of Windsor.

The committee appointed to frame a new constitution presented their report which was taken up clause by clause, amended and adopted. By virtue of notice given last year the new constitution goes into immediate effect.

The statistics were reviewed by Lic. G. R. T. Ayling, showing an increased valuation of church property. Several new buildings have been erected. The financial situation was also in advance of last year.

The report of the Nominating Committee was then presented and the following officers were appointed for the ensuing year:—Moderator, Rev. A. J. Prosser, of Upper Canard; Vice Moderator, E. W. Giffin, of Halifax; Clerk, Lic. G. R. T. Ayling; Asst. Clerk, Lic. W. A. Ferris, of Pereaux; Treasurer, E. R. Harris.

The opening exercises of the evening service were conducted by Rev. A. H. McLeod, Moderator E. W. Robinson in charge. One speaker of the evening was Rev. A. H. Saunders, who impressed on his hearers the necessity of the realization of the great trust left as a heritage to the ministers of the gospel and the taking up of the work like men in consideration of the wide opportunities for the investment of life.

Rev. G. B. Cullen, Ph.D., was the next speaker and chose as his subject "Acadia. Dear to the Hearts of all Baptists." Acadia occupies a unique place amongst our colleges, and has flourished through the loyalty of its supporters. The H. M. Pastors realizing the opportunities lost, through lack of educational opportunities sacrificed themselves to the utmost to build up Acadia. Then followed the wonderful story of her building. The Baptists are the largest Protestant denomination in Nova Scotia and New Brunswick, and Acadia was to a large extent responsible for this condition. In speaking of the future, Dr. Cullen referred to the necessity of Acadia for the preservation of the denomination, making a strong appeal for one million dollars to carry on the work. The achieving of this great task is practically assured by the generous gift of the Rockefeller people of one quarter of that amount.

Visiting Cards at The Acadian.

Wolfville Defeated

By Windsor in Closely Contested Game.

A closely contested game of baseball was played at the new athletic grounds on Wednesday evening between the Windsor and Wolfville teams. There was a good attendance of spectators and all thoroughly enjoyed the game which at times was most exciting. The final score was 9 to 8 in favor of the visitors. The local team took the lead in the first innings and kept it until the eighth when Windsor tied the score. Wigmore scored a home run in the ninth which gave the game to Windsor, the locals not being able to score in this innings. The players were as follows:

Windsor	Wolfville
Wigmore	Schurman
Hughes	Brown
Morell	Eagles
Black	Kennie
W. Singer	West
H. Smith	Barteaux
Fogarty	Evans
C. Smith	Mason
M. Singer	Annis

In the fourth innings Hughes was replaced in the box by Wigmore, whose place as catcher was taken by W. Singer.

Both teams showed lack of practice and errors were numerous. If the boys would cut out the individual plays and use more team work we think better ball would result. A safe single is also better than a home run that you don't get.

The score by innings was as follows:
Windsor 1 0 4 0 0 2 1 1—9.
Wolfville 2 0 3 2 1 0 0 0—8.

The game was refereed by H. Saunders and W. Smith.

The standing of the teams in the eastern section of the Valley League is now as follows:

	Won	Lost
Windsor	2	0
Berwick	1	0
Kentville	0	1
Wolfville	0	2

Don't be discouraged boys, the season is still young.

NORTH GRAND PRE NOTES.

Miss Blanche Palmeter went to Westwood Hospital, Wolfville, on Thursday morning for an operation for appendicitis.

Mr. Elias Eagle, who is a patient at Westwood Hospital, is doing finely and is expected home shortly.

The Misses Mary and Georgie Sanford are visiting friends in Highfield, Hants Co.

Mr. and Mrs. Robert Chisholm, of Wolfville, are spending some weeks here with F. R. Welton.

Mr. Lorne Boates, of Wilnot, has been visiting Mr. Perry Palmeter.

Miss Evelyn Palmeter, who has been spending some weeks in Yarmouth with her brother, returned home on Tuesday.

Mrs. J. W. Smith was the soloist at St. Andrew's Church on Sunday morning.

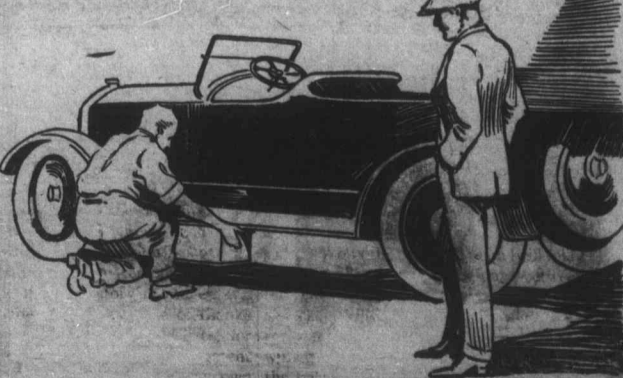

Free Crank-Case Service

Drain and thoroughly clean the crank-case of your motor car every 500 miles, then refill with fresh Imperial Polarine.

Do this and you will reduce your operating expenses almost a half and will easily double the life of your motor.

All motorists are invited to use our Crank-Case Service. Cleaning the crank-case is not a pleasant job, but we shall be glad to do it for you promptly, absolutely free of charge and in an expert and workmanlike manner, to show our appreciation of your patronage.

We sell and recommend Imperial Polarine and have the right grade for your car.

The Wolfville Garage

W. C. T. U. Notes

Women's Christian Temperance Union first organized in 1874.
 Aim—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.
 MOTTO—For God and Home and Native Land.
 BADGE—A knot of White Ribbon.
 WATCHWORD—Agitate, educate, organize.
 Let us not judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. —RM. 14: 81.
 Business meeting of the W. C. T. U. the last Monday of every month.
OFFICERS OF WOLFVILLE UNION:
 President—Mrs. J. G. Elderkin
 1st. Vice President—Mrs. W. O. Taylor
 2nd Vice President—Mrs. G. W. Miller
 Recording Sec'y.—Mrs. Ernest Redden
 Cor. Sec'y.—Mrs. Roy Jodrey
 Treasurer—Mrs. H. Pineo
SUPERINTENDENTS
 Evangelistic—Mrs. William Chipman
 Parlor Meetings—Mrs. D. G. Whidden
 Labrador Work—Mrs. J. W. Vaughn
 Fishermen and Lumbermen—Mrs. W. E. Fielding
 Anti-Narcotic—Mrs. W. O. Taylor
 Flower, Fruit and Delicacies—Mrs. A. W. Bleakney
 Christian Citizenship—Mrs. B. O. Davidson
 Press—Mrs. M. P. Freeman
 White Ribbon and Willard Hall—Mrs. T. Hutchinson
 Temperance in Sabbath Schools—Mr. C. A. Patriquin.

The W.C.T.U. will hold the regular business meeting on Monday afternoon, June 27th, at 3.30 o'clock, in the ladies' parlor of the Baptist Church, where the future meetings will be held during the summer months.

WHY HE WANTED STRONG ONES.

"Gimme three cigars," ordered O'Roark, shoving a quarter across the counter.
 "Strong ones or mild?"
 "Gimme the strong ones. The weak ones is always bustin' in me pocket."—The American Legion Weekly.

WANDERING GREENLAND.

Norwegian scientists claim that Greenland is moving slowly to the west at the rate of about ten yards a year. They say it was once connected with Norway and has moved 875 miles in the last 100,000 years and still is moving.

A newspaper to have value, must have the respect of those who depend on it for local and world news and the confidence of those who use it to circulate their business announcements. THE ACADIAN has always endeavored to merit the public trust which it enjoys by being free, independent, outspoken, clean, reliable and enterprising. A newspaper of character is a newspaper of value.

 Furniture Dealer, Undertaker,
 Armstrong, B. C.
 Minard's Liniment Co., Ltd.,
 Yarmouth, N. S.
 Dear Sirs.—Since the start of the Baseball season we have been hindered with sore muscles, sprained ankles, etc., but just as soon as we started using Minard's Liniment our troubles ended. Every baseball player should keep a bottle of your liniment handy.
 Yours truly,
 W. E. McPHERSON,
 Secretary Armstrong High School,
 Baseball Team.

Almost Helpless From St. Vitus Dance

The Muscles of the Hands, Face and Body Affected.

St. Vitus Dance is a disease of the nerves brought on by a morbid condition of the blood. It is common with children, and attacks girls more frequently than boys. Irritability is frequently one of the first signs noted. The child frets, is quarrelsome and does not sleep well. The jerky movements that characterize the disease come a little later. The limbs and sometimes the whole body jerks spasmodically, and in severe cases the power of speech is affected. Such a child should not be allowed to study, but should be kept quiet, given a nutritious diet, remain out of doors as much as possible. Dr. Williams' Pink Pills will help the blood restore the shattered nerves. The value of these pills in cases of this kind is shown by the following statement from Mrs. Frank Reynolds, Windsor, N. S., who says: "When a young girl I suffered very severely from St. Vitus dance. I could not keep still for a moment. If I tried to handle dishes I broke them, and could not safely attempt to hold a thing in my hands. No matter what was done for me I could not control the twitching in my face and body. My parents gave me several remedies, but they did not help me. Then one day my father brought home a half dozen boxes of Dr. Williams' Pink Pills. After two boxes had been taken there was an improvement in my condition. By the time the last box was gone, to my own great joy and relief to our family, my condition was normal, and I have since enjoyed good health. I never lose an opportunity to say a good word for Dr. Williams' Pink Pills."
 You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GASPEREAU NEWS.

Rev. R. Bennett has returned to his home at Tatamagouche after spending a few days with his son, Dr. R. W. Bennett, of Gasperau, and supplied the pulpit Sunday evening, June 19th.
 Mr. and Mrs. Renford Martin have returned to Halifax after spending a week with relatives and friends.
 We are very sorry to report Mr. Alvin Kenzie had to undergo a very serious operation for appendicitis at Westwood Hospital. His many friends wish him a speedy recovery.

The "Sons of Temperance" spent a very pleasant time at Cape Blomidon on Thursday last. A goodly number were in attendance.
 The Misses Mable Westcott and Evelyn Mitchell have returned home after attending the Women's Institute Convention at Truro.
 A number of people have been attending the Central Association at Canard, June 21st and 22nd.

"They shall not pass" is a poor motto for a motorist or a school teacher.

AN AMERICAN TRIBUTE TO BRITAIN.

(From the Toronto Star Weekly.)

One of the most striking tributes paid by an American to the disinterestedness of Great Britain was delivered recently from the pulpit of Plymouth Church, Brooklyn. This is not an isolated pronouncement but could be matched by many similar encomiums of equal warmth. Here is the true American sentiment, which finds clear expression above the ravings of bitter prejudices and hysterical partizanship.
 "Often enough all too often Americans talk glibly of having saved the world. But they forget that there would have been no world for anybody to save if Britain had hesitated, or been untrue, in the hour of destiny. While we stood aloof, uncertain of our way, confused and divided, Britain stood firm for public honor and the rights of the weak, and while we did not realize it then, we know now what would have happened to us had not her fleet flung a wall of steel across the North Sea, keeping inviolate our shores no less than her own. Eight hundred thousand young men dead, and multitudes mutilated-insane, blind, shattered—such was the price paid by Britain for the liberties which are our common treasure; and she paid it with a quiet heroism and a firm and cheery endurance, unequalled in human annals. Added to this was a loss of treasure almost unreckonable and a staggering debt equal to almost half the wealth of the nation, as part of her sacrifices for the safety of the world. Think of the condition of America today if we had made a like sacrifice in men and treasure—it would mean, in proportion to the population, nearly four million dead. Such facts should put even a politician to shame—if that were possible—and make it an indecency for any man with the heart of a man to speak aught but good of a land where such people are bred."

WALLACE REID IN FUNNY ROLE.

As a youth who is feigning illness in order to avoid appearing at a divorce suit and incriminating a friend, Wallace Reid is declared to have one of the liveliest comedy roles of his career in "Sick Abed." Bebe Daniels is the leading woman. At the Opera House next Wednesday and Thursday, June 29th and 30th.

Ask for Minard's and take no other.

HERBERTA KEPT TRYING AND NOW LOOK AT HER, WILL YOU?

When she was a child, and a circus child at that, Herberta Beeson, wire dancer, romper and jumper, was very, very awkward. In fact, her parents were almost in despair. They were riders of the first rank and they tried year after year to make a rider of their little girl. So every day after school, little Herberta, with a "mechanic" around her waist for safety, would practice on the cantering "resin-back." But she made little progress, and she lost her balance, after every trick, and only the "mechanic" saved her many falls. Then one day the little girl climbed up on the pedestal of a wire act and stepped out on the steel strand. A wire performer saw her and ran to catch her. However, Herberta walked right along. The performer noted that she had perfect wire balance. In two weeks Herberta had mastered all the straight routine of wire walking, and, in two years, she was billed as the "Pavlova of the Wire." Now she dances, runs, leaps and somersaults on the steel thread. One would never think of her as an awkward child, for she is grace itself.
 And when the Sells-Floto circus comes to Windsor Friday, June 24th, Halifax, June 27, 28 and Kentville June 29th—watch Herberta. You'll not miss her, for she is a feature and a big one, as big as Victoria, the aerial wire genius; Beatrice, the human top; Alfredo, the mid-air triple somersaulter, and almost as big as "Poodles" Hanneford, the great riding clown.
 American forms of spelling have been barred from official documents in the High Court of Australia. The Federal Chief Justice has announced that he will not allow their introduction and ordered the spelling of the words "program" and "center" changed to "programme" and "centre". He remarked that English spelling was good enough for him.

Diabetes
 (By G. J. Randall, D. C.)

There is not a home but has a friend or relative who is suffering from the disease called Diabetes. You are probably familiar with it, but I shall refer to a few of the symptoms. The victim suffers from excessive thirst, sometimes excessive hunger, loss of flesh, weakness, the skin is rough and dry, there is frequent and excessive urination. The temper is irritable and the person is inclined to be fretful. There is a gradual loss of sight. The urine has the odor of over-ripe apples.

This disease is practically considered incurable from a medical standpoint. This is not surprising, as the medical treatment is all directed toward the alleviation of the chemical condition, but medicine is powerless to remove the cause.

Diabetes is one of the most easy and simple cases a chiropractor gets. In at least 97 per cent. of such cases treated chiropractically the condition yields readily and permanently. There is no danger of its return, as Chiropractic removes the cause.

In almost every case of Diabetes the pancreas is the bodily organ involved. The pancreas is a gland about five and one-half inches in length and one and one-half inches broad. It is situated behind the stomach. It is by far the most important organ of digestion. It can do the work of digestion without the aid of the stomach.

The pancreas supplies a chemical which is necessary to life. This pancreatic solution acts on sugars and starches. You need not be a student to understand that when an organ is diseased its secretions cannot possibly be the same as when an organ is in a healthy condition. When the pancreas is weakened by lack of nerve tone its secretion changes and the body is not properly nourished. In Diabetes the condition is such that the pancreatic juice, going into the intestines, turns the starches there to sugars. Starches are essentials to life. Without it health gives way.

When adjustments are given to remove the nerve interference that is robbing the pancreas of its natural strength the secretions become normal again and the starches are again properly digested. The usual symptoms disappear and the kidneys return to normal.

Cases of twenty to twenty-five years standing have recovered in three months' adjustments. Cases vary in the time required for recovery.

FRICION SAPS THE ENGINE'S VITALITY.

Huge Loss of Power Results When Proper Lubrication is Neglected.

Automobile engineers agree that friction consumes normally about 20 per cent. of the power of an automobile engine. The loss of power, they say, may run as high as 50 per cent. or as low as 10 per cent. with varying conditions.

With this fact in mind it is easily seen why proper lubrication is such an important factor in motor car maintenance, since the only way to combat friction is in lubrication.

"Power, however," says an expert, "is not the only thing affected by improper lubrication. We have found that nearly all cases of premature wear and many cases of breakage are due to imperfect oiling and greasing. Lubrication even affects the life of tires in cases where parts governing the alignment of wheels wear out from lack of it."

"Effective lubrication is not only a matter of correct lubricant; the great problem is to get the grease and oil where they belong. In the power plant various systems of lubrication have proved very satisfactory, but it was only recently that engineers found a solution to the baffling problem of chassis lubrication. That was the idea of applying the grease to the numerous chassis bearing under pressure."

PROPER ATTENTION TO SMALL DETAILS MEANS BIG SAVING.

Car owners generally have learned the value of an expert's services with various electrical units on their cars. There are, however, a number of small things in the nature of inspection which car owners themselves can do to prevent serious troubles.

Generators, starting motors, magnets, distributors, etc., should be oiled periodically at points provided for this purpose. Five to ten drops of high-grade light machine oil placed in each oiler, provided about every 500 miles, will take care of average requirements. Never put oil on commutators or other parts of the electrical system where current contact is made.

Generator, starting motor and electrically-operated horn commutators should be kept clean. This may be accomplished by applying fine sandpaper to the commutator when the armature is revolving. This requires but a moment, and saves much trouble. Never use emery cloth or paper for this purpose.

Attention to the generator charging rate as indicated by a reliable dash ammeter is important. Excess charging rate in excess of 16 amperes on the average car is the forerunner of trouble and the car should be taken to an expert for inspection if this value is exceeded. The expert will make comparison with the equipment manufacturer's standards and adjust the charging rate accordingly.

The battery should receive a hydrometer test at frequent intervals and should the test indicate a gravity reading of less than 1200 it is approaching a discharged condition. In this event endeavor to favor the battery all possible by the limited use of lights and starter for a few days. If this cannot be conveniently done have the battery charged from an external source.

Make occasional inspections of the car wiring, connections to lamps, switches, etc. Look for abrasions at the various points where wires are connected. Grounds and short circuits blow fuses on certain cars and burn out switches on others.

The proverbial "stitch in time" may aptly be applied to the electrical system of the modern motor car.

BATTERY BOX DRAIN.

A hole should be drilled in the bottom of the metal battery box to allow water or acid that happens to overflow to make its escape. This operation is assisted if the battery is raised up from the bottom of the box on four little wooden cleats, which also assist ventilation. The best way to preserve these cleats is to boil them in paraffin before they are put in place, as this prevents deterioration due to the action of the acid.

ON WASHING.

The car should never be washed in direct sunlight. If the operation is not carried out in the garage the vehicle should be in the shade while being washed. The direct rays of the sun striking on water causes heating, which tends to dull the finish. In the same way the hood should never be washed when it is hot, as directly after the run.

Keep Minard's Liniment in the house.

HALIFAX

Receivers and Sellers of all kinds of Farm Produce.

Consignments Solicited.

Prompt Returns.

CLEANING SILENT CHAINS.

The silent chains that are becoming popular for camshaft and other drives should be thoroughly cleaned every time the motor is taken down. The chain should first be soaked in a bath of kerosene and then be brushed with a stiff brush to get off all dirt and grit. After cleaning, the chain should be dried and then washed in hot water to which a little washing soda has been added. Next the chain should be submerged in a bath of moderately heavy lubricating oil and allowed to remain until the lubricant has reached every cranny of the bearing surface. It is a good idea to have this oil warmed through before immersing the chain in it, as this thins it a little and permits it more readily to reach hidden surfaces.

SHORT CIRCUITS.

There is frequently danger of short circuit in the battery because of the fact that one of the terminals is located near the metal handle used for lifting the battery. To obviate this danger it is only necessary to slip a short length of rubber tubing over the wire at the point where the contact might be made. To do this the tubing should be slit lengthwise, slipped over the wire and taped firmly in place. It is a good plan to follow this practice wherever there is danger of the wires rubbing off their insulation and so establishing a short circuit.

INSERTING SMALL SCREWS.

It is often difficult to start by hand the small screws, such as are used in the magnet, speedometer, etc. An easy way around this difficulty is to hold the screws between the legs of a pair of calipers, a drawing compass or even in the slot of an ordinary steel pen. The screw is then driven home by the small screw-driver. The same method may be used in replacing small nuts located inaccessibly.

SPARK ADVANCE.

The car owner should keep in mind that one of the most prolific causes of engine overheating is driving on a retarded spark. The cause is obvious, the explosion taking place when a maximum of the cylinder wall is uncovered instead of the minimum, as is the case when the ignition takes place at upper dead centre, the piston being at the top of its stroke.

RATTLING TIRE CHAINS.

The common method of locking spare tires is to use a chain and padlock. The only trouble with the idea is the noise incident to the rattling of the chain and the fact that it mars the finish of parts with which it comes in contact. Some car owners cover this chain with a bit of hose.

Is There a Baby In Your Home?

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them. Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact, they relieve all the minor ills of little ones. Concerning them Mrs. Moise Cadotte, Makamik, Que., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is in perfect health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RUBBER CEMENT.

When rubber cement has stood exposed to the air, even for a short time, it becomes so thick that it does not give good results in application. Many motorists thin cement with gasoline, but the ordinary grades of gasoline contain considerable oil, which has a decidedly adverse action on the cement. High test gasoline or bisulphite of carbon is best to use for thinning.

WATER AND TIRE WEAR.

Wet rubber cuts much more easily than the same substance dry. For this reason the wise car owner does not try to speed over wet roads where any chance-thrown sharp stones get an opportunity to do maximum damage.

Adjustments made on the engine while it is cold seldom are satisfactory in actual operation. The engine heats up when running and the metal expands with the warmth, which nullifies the value of adjustments made when the metal was cold.

CALGARY.—Fifty oil drilling outfits will be in operation in Alberta by the middle of this summer, according to present indications. The Imperial Oil Company are behind about twenty of these, while other prominent British and American interests are promoting other companies. Development work will take place in practically every district from the Montana border to the Fort Norman discovery well.

GRAND PRE AND HORTONVILLE.

Rev. G. W. Whitman was in Berwick last week attending the Convention there. Mrs. Louise L. Bishop was in Berwick on Monday.

Mrs. Charles Whitman and little daughter spent the week end here, the guest of her father, Mr. John Lawrence. Mrs. R. L. Harvey has returned home after spending a few days at Clements-ville, N. S., the guest of Mrs. Wm. C. Jackson.

Miss Matilda Simson is visiting at Glen Margaret, N. S.

The Ladies' Aid held an Ice-Cream Social Tuesday evening on the lawn of the Parsonage.

Miss Laura Barron's pupils will give a Pianoforte Recital on Friday evening at the Oddfellows' Hall, Hantsport.

Mrs. Fairweather and little son are visiting at the home of her parents, Mr. and Mrs. C. F. Rathbone.

DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

THE ACADIAN some weeks ago made an attempt—so far unsuccessful—to get citizens interested in the reorganization of the town band so that open air concerts might be given during summer evenings and our town thus made more attractive. Other places recognized the advantage to be thus gained and are reaping the advantage which their enterprise deserves. Has the public spirit of our citizens been completely dissipated? We need a Joshua to lead us in a campaign of progressiveness.

Citizens are wondering, and very naturally, when we are to have an improvement in our street lighting service. There is certainly need of it. We were expecting that the adoption of the hydro-electric power and a municipally owned plant would effect some advance in the matter at least, but so far the result has been very disappointing. Other towns have modern street lighting appliances which are a convenience to citizens and attractive to visitors while in Wolfville our streets are darker than they were a year ago. Will somebody please wake up?

On Saturday last the Canada-West Indies trade agreement went into effect. According to the terms of this treaty, Canadian products will go into the British colonies of the West Indies which have ratified the agreement, at a preference amounting in some cases to fifty per cent. and a like concession will be given to the products of these colonies coming into Canada. Much is hoped for under this agreement by the exponents of the plan. One of the results, it is hoped, will be the doing away with Canada's dependence upon the Southern States for fruits and certain hard woods, and in turn to displace U. S. articles of manufacture now sent into the British West Indies by Canadian made goods.

The time for the holding of the Annual School Meetings throughout the country is near at hand and attention should now

be directed toward the selection of suitable men to be elected to the important position of trustee. The choice should fall upon men not only qualified to conduct the affairs of the school according to wise business principles, but with a due regard to their ability and willingness to carry on a real school at which the pupils will receive the best possible instruction in all matters relating to their future welfare. In order to guarantee such a school, the trustees must be men thoroughly interested in the work in hand. We have it on excellent authority that during the past year in King's county—in all the schools—only eleven visits were paid by members of the various boards of trustees. Such a record does not indicate that the men responsible for the success of the schools are possessed of the necessary qualifications.

There is no doubt but that the fruit-growers of British Columbia owe much of their success in producing high-class fruit which in a comparatively few years has won for them such an enviable reputation to the practice of systematically thinning their fruit. By this means the inferior fruit is eliminated and what is left on the tree is given a chance to mature under most favorable conditions. At this season of the year practical demonstrations of fruit thinning are given by experts in convenient orchards, at which the people congregate and get insight into the latest methods. Similar action here might make more secure the high reputation which this part of Nova Scotia has gained by years of careful study and practice on the part of the pioneers of fruit-growing and their descendants. Possibly we have yet much to learn and we should be glad to profit by the experience of our fellow-countrymen of the far west.

TRAIN FARES TO BE LOWER July 1.

Railway passenger fares in eastern Canada will be lower after July 1 next, by about ten per cent., according to word from Ottawa, where the railway commission authorized the reduction. The rates in the west are not affected.

This will mean a return to the fares prevailing prior to Sept. 13, 1920, when a 20 per cent. increase was granted to the railways.

OUR IMMIGRATION.

During the months of April and May a total of 30,000 immigrants entered the portals of Canada. Figures for May are not yet complete, but for April a total of 15,052 arrived, or an increase of 13 per cent. over the entrants for the corresponding month of 1920. Of this number 8,746 were from the British Isles, 5,035 from the United States, and 1,541 from other countries.

For the fiscal year ended March 31st a total of 148,477 immigrants came to the Dominion. Of these 100,418 came by ocean ports and 48,059 from the United States. During the previous year the total entrants numbered 117,336, of whom only 67,683 were from Europe.

There have been remarkably few rejections, especially in the matter of ocean port arrivals, only 953 having been turned back, or less than one per cent. Of a total of 68,190, however, who applied during the year for entry from the United States, 20,131 were rejected, or one in four.

Items of Local Interest

The Provincial High School examinations begin to-day and will continue until next Thursday.

The congregation of the Baptist Church was favored with a solo by Miss Doris Chambers on Sunday morning last.

Mr. Robert O. Conant, of Hanover, N. H., has accepted the position of instructor in Romance Languages at Acadia University.

About eight members of the Wolfville Tennis Club went to Bridgetown this morning for a friendly tournament with the Bridgetown players.

The King's County Farmer's Association and the Nova Scotia Fruit Growers' Association are jointly arranging for a picnic at the grounds of the Experimental Fruit Station during the latter part of August.

The Wolfville Tennis Club gave a very pleasant dance on Monday evening at the Parish Hall. There were about 100 present, including quite a number from Windsor, and a very enjoyable evening was spent with dancing and cards.

Mr. Lewis E. Smith, clever Halifax artist and art instructor at the Halifax Ladies' College, has been offered and has accepted the position of art instructor on the staff of Acadia Seminary. Mr. Smith will live in Halifax, his duties at Acadia taking only three days a week.

The work of removing the old Bank of Montreal building has occasioned considerable interest this week. Work was held up on Saturday last so that the building might not obstruct the street during Sunday and the journey to the new site began on Monday morning. Yesterday the building reached a position just west of Mr. Delaney's residence and was taken off Main street. The building should be located at its destination to-day.

A party of Wolfville friends spent Wednesday afternoon and evening at the home of Mr. and Mrs. F. B. Harris at Lower Wolfville, where a most enjoyable time was had. The weather was delightful and the visitors enjoyed the beautiful view from the commanding situation to the full. The affair took the form of a picnic and bountiful refreshments were served by the ladies, after which the evening was spent pleasantly with music, games, etc.

An auto. accident by which a little son of Mr. and Mrs. C. G. Coombs was quite severely injured, occurred on Monday evening when a Kentville car collided with one driven by Mr. Coombs on Main Street. Mr. Coombs had just turned out of Earnscliff Avenue when the car coming in the opposite direction collided with his rear wheel. The shock threw the little boy against the car with the result that a nasty wound was inflicted. Mr. C. H. Wright, who happened to be on the spot, drove the injured boy to Westwood Hospital, where the wound was attended to, and at last advice the little fellow was doing as well as could be expected.

The Wednesday afternoon Golf Tea given by the Kentville lady members of the Ken-Wo Country Club, was a great success. The hostesses were Mrs. J. Graham Johnson and Mrs. Joseph H. Murphy. Over one hundred members and their guests were served tea and delicious brown bread, sandwiches and cakes. The tables and seats were on the upper terrace amidst the pines and spruces overlooking the links, and was an ideal location and very restful to the eye. Seventy-five golfers registered and played over the temporary course. These grounds are fast becoming the play ground of the towns of Wolfville, Kentville and the countryside.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The formal opening of Evangeline Beach will take place on July 1st. A dance will be held in the evening. Watch for posters for further particulars.

A Grand Jubilee and Variety Entertainment will be given at the Opera House next Tuesday evening. The Jubilee will be led by Katie Johnson Donagan, once star of the Fisk Jubilee Singers. There will also be solos, duets, quartettes, recitations, and comedy galore. Make your plans to attend this entertainment. Proceeds for a worthy cause.

A SCHOOL FOR PARENTS.

(From the Toronto Globe.)

June is the month of hopes and fears for the school children. They need sympathy and special care at home in the Expiration season which is trying to the brain and the nerves. One school in Toronto has turned the tables by opening a class for parents. It has sent out a questionnaire which is perhaps for many of them a stiffer paper than any set for the boys and girls. For example:

"Do you visit the school to inquire about your child's progress and deportment and to see if you can help the teacher to help the child?"

"Do you encourage your child in respect for teachers and others in authority?"

"Do you send your child to bed in time, so that he will be rested and fit for study?"

"Do you provide plain, nourishing food and see that your child is up in time to eat a good breakfast?"

"Do you teach your child to read the papers and find out the best in them, and do you encourage an interest in public affairs?"

"Do you avoid gossip and the telling of incidents which they may misinterpret before your children?"

"Do you encourage helpful conversation at table?"

"Do you interest yourself in your child's sports, amusements and friendships?"

"Do you comply with the rules of public health in your home, and do you keep in mind the fact that while the school may do much to instill right principles, your children are handicapped if you do not support it by instilling obedience and high ideals of patriotism and personal life?"

How many elders could pass such a test with honors? How many could pass at all? If a certain number of marks were awarded for a complete answer to each question, it would be interesting to compare the score with that made by the children in their regular examinations. The queries call for frank replies; they are such as should suggest themselves to parents who have a proper sense of their duties and responsibilities. The school, the church and other influences outside the domestic circle can do little if they have not the co-operation of the home. In all communities there is evidence that many fathers and mothers need to go to school again to study how to bring up their children in the way they should go. An extramural course will at least be useful in reminding them of obligations which they cannot shift to the teachers and preachers.

BOY SCOUT ASSOCIATION.

The annual meeting of the Wolfville Boy Scouts' Association was held at the Scout Rooms on Wednesday evening at 8 o'clock. There was a fairly good attendance of members, although owing to the short notice given, some were unable to be present.

The chief business was the consideration of a scheme for the erection of a pavilion at the new campground on Sunken Lake. This undertaking was promised the financial support of the Association and a committee composed of Capt. John Pratt, Mr. G. D. Prescott and Dr. Clarence Hemmeon was appointed to co-operate with Scoutmaster Brown in the task of erection.

The officers were on motion re-elected as follows: President—Dr. W. L. Archibald. Vice-President—Capt. John Pratt. Sec.-Treas.—Mr. H. A. Peck.

Mr. Brown stated that he had given up the county work owing to financial situation and would be able to devote more time to local activities. This intimation was received with satisfaction by those present and hearty co-operation was promised him in the continuation of the splendid work he has been doing for our boys and young men.

It is to be hoped that citizens generally will unite in helping to make the summer camp and all the activities of the Wolfville Scouts successful.

There is spent in the United States \$200,000,000 more for cigarettes than for the salaries of all the teachers in that country.

BISHOP COMPANY

DEATH OF DR. G. PURVES SMITH.

The many friends of Dr. and Mrs. Smith will hear with regret of Dr. Smith's death on April 28th, in China. Four years ago, Dr. Smith left Wolfville to take charge of Laoling Hospital, under the English Methodist Mission. He has enjoyed excellent health and worked very hard during these years. He was only ill a few days. A severe cold rapidly developed to inflammation of the throat and middle ear to which he succumbed in three days.

Much sympathy will be felt for his wife and three boys, two of whom are in Canada.

The following is a most interesting account of the Memorial Service, taken from the Peking & Tientsin Times, May 2, 1921:

The funeral of Dr. G. Purves Smith, whose death we recorded in Friday's issue, took place at the Canton Road Cemetery on Saturday. Amid striking manifestations of respect and esteem. The funeral ceremony was preceded by a Memorial Service in the Union Church at 10.30 a.m., conducted by the Rev. C. E. Darwent, M.A., G. T. Gandlin, F. B. Turner, A. King, J. Hinds, and J. K. Robson. The memorial address was delivered by the Rev. F. B. Turner, who said:

We are here to pay our tribute to the memory of George Purves Smith, and to bear to his last resting-place the beloved physician, the skilful surgeon, the warm-hearted friend of so many of us here today.

"Friend after friend departs
Who has not lost a friend?
There is no union here of hearts
That hath not here an end."

And we are sad to-day for the severing of the tie of friendship, and we miss the bright smile, and the cheery presence of our friend; and the sick and the suffering will indeed mourn his loss. But, indeed, here is occasion for triumph and satisfaction. In Dr. Smith were fulfilled the words spoken to the patriarch Job: "Thou shalt come to thy grave in a full age, like a shock of corn fully ripe." It is said: "We live in deeds, not years," but here is one who, after a long-varied and busy life is found, at three score years and ten, doing full work, and falling at the last in active service.

Only last week he was about this Settlement eagerly engaged upon the business of famine relief, and in the interests of his hospital work in connection with our Mission at Laoling.

I have rarely known an old man with such a forward outlook. His heart kept young. Only a week ago he was discussing with me plans for the future of his Laoling Hospital work, and his ideas as to another appointment in our Mission a few years hence. He reminds one vividly of Browning's description: "One who never turned his back,
But marched breast forward
Never doubted clouds would break,
Never dreamed, though right were
worsted, wrong would triumph.
Hold we fall to rise, are baffled to fight
better,
Sleep to wake."
Yes. "Sleep to wake." That was the secret of his cheery optimism; of his forward outlook right to the end; his faith in the verity of eternal things, his sure confidence that life does not end; his firm belief in those great truths of the Gospel upon which our hopes for the future are based.

This it was which inspired his work as a surgeon; he never operated without prayer; by the bedside he brought the message of rest to the soul as well as healing to the body. All who knew him will remember him as being a fine example of that ideal combination, "a medical missionary." He has gone; and our hearts go out in sympathy with the bereaved. They have a great heritage in the memory of his full and faithful life. He has gone to join the ranks of those who:
"Have climbed the steep ascent to heaven
Mid peril, toil, and pain.
O God, to us may grace be given
To follow in their train."

At the close of the service the Dead March in Saul was played by the organist, Dr. Lavington Hart. The company then proceeded to the Canton Road cemetery.

The bearers were Messrs. F. A. Kennedy, A. Annand, Howard Payne, J. Turner, Dr. Peake, R. M. Hershey, W. B. Milsum, E. K. Lowry, W. H. Hunt and D. Evans.

At the service at the graveside the committal ceremony was conducted by the Revs. G. T. Candlin and F. B. Turner. After the English burial service the Rev. G. T. Candlin delivered an address in Chinese to the large gathering of Chinese who attended, and a hymn was also sung in Chinese. There was a widely representative company of foreign and Chinese communities at the funeral, and a large collection of wreaths was sent.

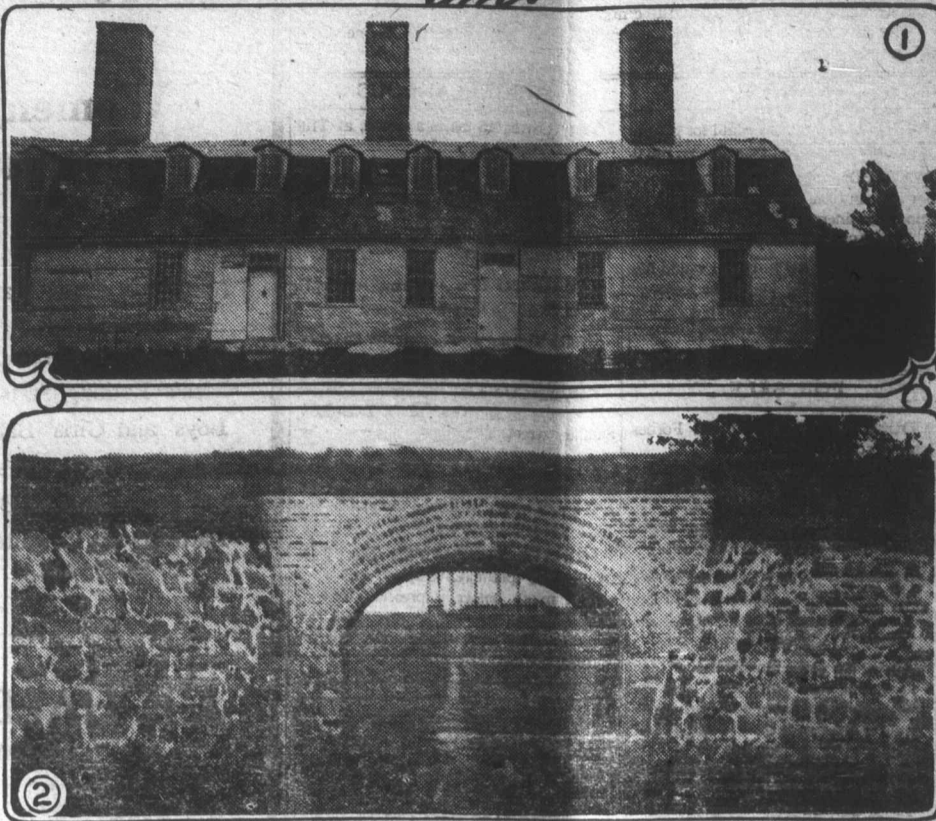

YUM, YUM!

"Er—er—do you think you could learn to love me?" stammered the Bashful Young Man.

"Well," smiled Miss Peache, "I would have to have a few simple lessons before I could answer that question."

Bermuda remains the only civilized place in the world from which automobiles are barred.

Historical Events in Nova Scotia

(1) The Officer Quarters at Fort Anne, Annapolis Royal, Nova Scotia. This is now a museum where many interesting historical relics are kept.
(2) Fort Anne is divided into two sections; this is the connecting archway.

The Nova Scotia Historical Society and its offshoot, the Historical Association of Annapolis Royal are making combined efforts to bring about a fitting commemoration of three interesting historic events: this year at Annapolis Royal, the ancient capital of the province. In 1904 the tercentenary of the founding of this place, under its former name of "Port Royal," was celebrated with great éclat—probably 10,000 people attending—and a monument to de Monts, the founder, in a commanding position in the grounds of Fort Anne, stands as a permanent memorial of that occasion.

Now it is proposed to celebrate and erect a memorial of the tercentenary of the birth of the Province. It was in 1621, the country then being claimed by the British by virtue of Argall's conquest of Acadia in 1613, that James I. of England, VI. of Scotland, granted to Sir William Alexander (afterwards Earl of Stirling), a charter to make of this territory a New Scotland in America, that as there was a New England

and a New France there might also be a New Scotland in the New World. This business was finally arranged and the King's Letter, authorizing it issued on the 5th August, 1621, and the date of the tercentenary celebration will in all likelihood be the 5th August this year, and the scene of it the old Fort of Annapolis, now called Fort Anne, where a bronze tablet will be erected as a memorial.

At the same time and place the legal profession will celebrate the bi-centenary of British Civil Courts in Canada and put up a tablet in memory of the establishment of the first of such courts, which sat within the walls of Fort Anne in 1721.

A tablet will also be presented and dedicated bearing the following inscription: "This tablet erected A.D. 1921 under the auspices of the Historical Association of Annapolis Royal commemorates the one hundredth anniversary of the arrival in this Town of Thomas Chandler Haliburton who lived here eight years and began in this place his great career in law, literature and public life."

Thus there will be a tercentenary, a bi-centenary and a centenary celebration, all on one day, in the old stronghold of Port Royal, whose ramparts, bastions and outworks are still in a wonderful state of preservation, and form the centre of attraction for thousands of visitors every year.

The committees in charge of the arrangements have hopes that the Governor-General will be present to unveil the tablets, which will be formally presented by representatives respectively of the province, the legal profession and the local Historical Association, and will be received for the nation by the Minister of the Interior or some one representing him, and committed to the care of the Superintendent of Fort Anne, which is now a National Park, under the management of the Interior Department of the Federal Government.

It will be a memorable occasion and no doubt will attract a host of visitors. The full programme, we are assured, will be given to the public at an early date.

CAPT. CHUTE GOES NORTH.

Will Look After Publication of His New Book.

(From Hamilton, Bermuda, Gazette and Colonist.)

Capt. Arthur Hunt Chute, the author and lecturer, who has been at work here throughout the past winter on his new novel "The Land of Youth" left yesterday by the Ft. Hamilton.

His stirring tale of the sea is said to be in the writer's best vein and to deal with a people hitherto practically unknown to the reading world. In the course of the story Captain Chute deals with some notable theories of social and economic progress that give ballast to the tale of adventure and promise to make it an unusual success.

We understand that the Harpers, of New York, are to publish it, and that it may later be adapted for moving pictures.

Capt. Chute expects to come back to Bermuda next Fall where he has many warm friends and family connections. For the present he will stay in New York and may later take a run over to England.

INTO THE HEART OF A RAINBOW.

[The following poem from the columns of SATURDAY NIGHT, of Toronto, is from the pen of a talented Wolfville young lady, and will be of much interest to readers of THE ACADIAN.]

Into the heart of a rainbow
I rode at the close of day,
The west was a flaming crimson,
For the rain had passed away.
And there where the trail curves roundly
To follow the edge of the slough—
(I was riding east)—from North to South
A wonderful rainbow grew.
My pony and I were weary
Of the endless fields of grain,
Of the ugly shacks and windmills,
And the chilly wind and rain:
Then all in a magic moment
The grey skies flamed to red,
The barns and the fields glowed crimson
And the rainbow arched o'erhead!
And we were caught in the glory,
And filled with mute surprise,
From radiant earth to rainbow
We lifted worshipping eyes.
God of the Open Prairie,
Was it a sign for me?
For the trail is long and lonely,
And the end is hard to see.
See! I shall call it an omen
That the end of the trail is fair;
I shall ride with a clearer vision,
And look for the answer there.
When the days are dark and dreary,
I shall close my eyes and see
Through the heart of the rainbow shining
A promise of joy for me!
ALICE M. MACRAE.
Consort, Alta.

It may be interesting to purchasers of berries to know that the legal quart box should be 5 1/2 by 5 inches at the top, 4 by 4 inches at the bottom, and 3 inches deep. The short box, which is not to be allowed this year, is 4 1/2 by 4 1/2 inches at the top, 3 1/2 by 3 1/2 inches at the bottom, and 2 1/2 inches deep.

A new broom doesn't sweep cleaner than an old one with a new hired girl attached.

CUTS OPERATING COSTS

THE economy of using Imperial Polarine Motor Oils extends over practically every item of motor operation.

The lubrication afforded at every friction point and the gas-tight piston-to-cylinder seal means a big saving in fuel bills and a noticeable increase of power.

Through perfect protection of all motor parts, undue repair bills are avoided and depreciation is greatly reduced. By using Imperial Polarine Motor Oils you can save dollars this year on maintenance alone. Besides, you realize more profit and greater usefulness from your car.

Always use the grade of Imperial Polarine recommended on our Charts for your type of motor. See Charts at your dealer's or write to 56 Church Street, Toronto, for a copy of our interesting booklet, "Automotive Lubrication," which contains the complete Chart of Recommendations.

IMPERIAL OIL LIMITED

BRANCHES IN ALL CITIES

For a Clean, Efficient Motor

Dealers displaying this sign will thoroughly clean the old oil and the grit and the dirt out of your crank-case; will flush your motor crank-case with Imperial Flushing Oil and refill it with fresh lubricating oil. Your crank-case should be cleaned every 1,000 miles or less. It means more economy and more satisfaction to employ Imperial Polarine Crank-Case Cleaning Service.

HYMENEAL

HUNTINGTON—HICKS.

BRIDGETOWN, June 16.—A very pretty wedding took place in the Bridgetown Baptist Church yesterday at 4 p.m., when Miss Marguerite Hicks, one of Bridgetown's most popular young ladies, was united in marriage to Mr. Frank Alline Huntington, of Schenectady, New York, in the presence of a large assembly of friends, the ceremony being performed by Rev. M. S. Richardson. As the bridal party entered the church the choir sang, "The Voice That Breathed O'er Eden." The bride looked very lovely gowned in white satin, georgette and pearl trimmings with bridal veil and orange blossoms and was led to the altar by her mother. The double ring service was used. Little Miss Gene Warren, of Fredericton, carried the rings on a white satin cushion while little Miss Harriet Campbell acted as flower girl, carrying a silver basket of pink and white flowers. Both little girls looked very sweet and charming dressed in white organdy.

The church was tastefully decorated by friends of the bride, superintended by Mr. and Mrs. W. Peters and Mrs. Daniels, the color scheme being pink and white. The bride stood under a bell of white snow balls with streamers of white ribbon, held by six girl friends of the bride, who also acted as ushers: Miss Lillian Hicks, Miss Anne Chambers, Miss Annie Miller, Miss Adelaide Coggins, Miss Gladys Newcombe and Miss Gladys Crowell. After the ceremony Miss Annie Miller sang a solo, "Because" which was beautifully rendered. The bridal party left the church to the strains of Lohengrin's wedding march played by the organist, Mrs. W. A. Warren. Following the ceremony Mr. and Mrs. Huntington left on a wedding trip by automobile through the Valley. The bride's travelling suit was navy blue serge with close fitting hat to match. After their return to Bridgetown the bride will receive her many friends at the home of her mother on Monday afternoon and evening, the 20th, before leaving for their future home in Schenectady, N. Y. The wedding presents were numerous and valuable, including linens, cut glass, silverware and cash. The groom's gift to the bride was a gold wrist watch; to the ribbon bearers sterling silver ever sharp pencils; to the ring-bearer and flower girl, gold locket and chains, and to the organist a piece of gold.

Among the out-of-town guests were Mrs. J. Liggett, Chicago; Mrs. Daniel, Boston; Mrs. O. Underwood, Detroit; Mrs. Gordon Warren and daughter Gene, Fredericton; Mr. and Mrs. J. C. B. Olive and daughter Violet, Miss Bucla Cox, Truro; Mr. and Mrs. B. G. Flewelling, Hampton, N. B.; Mr. and Mrs. Wm. Miller and daughters, Clara and Annie, Yarmouth; Mrs. Everett Pyke, Halifax; Mrs. Charles Lockhart,

FRASER—WRIGHT.

Knox Church, Blue Mountain, on June 15th at three p.m., was the scene of a very pretty wedding, when Margaret Isabelle, third daughter of Rev. David and Mrs. Wright, was given in marriage to William Hugh Fraser, of Greenvale.

The bride looked charming in a gown of white silk embroidered with pearls, with the conventional veil and orange blossoms and carried a bouquet of white carnations and maiden-hair fern. She was attended by her sister, Helen, who looked very girlish and pretty in a frock of palest canary organdie with hat to match. She carried a shower bouquet of violets. The best man was Mr. Robert Ross.

The bride entered the church, which was beautifully decorated with lilies, on the arm of her father while the strains of Lohengrin's Wedding March were rendered by her sister, Catherine, who was dressed in victory blue satin with overdress of georgette.

The ceremony was performed by her father, assisted by Rev. Joseph Kirk, of East River St. Mary's.

The bride's mother was becomingly attired in alice blue satin with hat to match.

After the ceremony a dainty repast was served at the bride's home, about thirty-five being present.

The happy couple left amid a shower of confetti for a short trip to the Garden of the Gulf. The bride's travelling costume was nigger brown satin with hat to correspond.

SIMKIN—MACRAE.

A quiet wedding took place on Sabbath evening, April 10th, at the home of Mr. and Mrs. H. A. Murphy, when Mr. John William Simkin of Consort and Miss Alice Minerva MacRae of Grand Pre, King's County, N. S., were united in the bonds of Holy Matrimony, Rev. H. A. Boyd officiating. A few relatives

and friends were present to witness the happy nuptials and express their good wishes to bride and bridegroom. Mr. and Mrs. Simkin left on the west-bound train Monday morning.

The groom is one of the first settlers in this district, a well-known and progressive farmer, while the bride came here last fall to take a position as teacher in the Consort School. She has made many warm friends in this short space of time. The ENTERPRISE extends best wishes for their future happiness.

[The above is taken from the CONSORT ENTERPRISE, of Consort, Alberta, under date of April 14th, and refers to a young lady well-known and highly esteemed in the vicinity, a daughter of Mrs. James MacRae of Lower Wolfville. THE ACADIAN joins a host of home friends of the bride in best wishes for the happiness and prosperity of the newly wedded couple.]

COX—KIDSTON.

The marriage of Miss Oma Eva Kidston, daughter of Mr. and Mrs. S. W. Kidston, of Port Williams, to Mr. Henry John Stuart Cox, son of the late Mr. Wm. and Mrs. Cox, of Canard, took place at the home of Mr. and Mrs. Raymond Lowe, Windsor, N. S., on Tuesday evening, June 14th. Rev. Mr. Kinley officiated. The near relatives and a few friends were present.

The bride received many very useful and pretty gifts including cheques and silver.

After the ceremony, dainty refreshments were served.

Mr. and Mrs. Cox left on Wednesday morning for Pittsburg, where they will reside.

BORDEN—GLOVER.

[Editor's Note.—The following is an account of a recent wedding at North Andover, Mass. THE ACADIAN extends best wishes to Mr. and Mrs. Borden.]

One of the prettiest weddings of the season was solemnized in the M. E. Church Wednesday evening, when Miss Beatrice Marie Glover, daughter of Mr. and Mrs. Ellis Glover, of 37 Dudley Street, and Perry Allison Borden, son of Mr. and Mrs. Frederick G. Borden of Avonport, N. S., were united in matrimony.

A large gathering of relatives and friends witnessed the ceremony, performed under a handsome floral arc at 7 o'clock by Rev. L. William Adams,

the pastor.

Just before the bridal party entered to the strains of Lohengrin's wedding march by Miss Marion E. Knightly, organist, the solo "O Promise Me," was finely rendered by Mrs. Robert Wetherbee. Miss Knightly played Mendelssohn's march for a recessional.

The bride, who was given in marriage by her father, was eloquently gowned in white duchess satin, with overdrape georgette and bead trimming. She wore a silk tulle veil and wreath of sweet-hearts and carried a bouquet of white bridal roses, with shower of pink sweet-hearts.

Mrs. Margaret Glover Howes, sister of the bride, the matron of honor, wore a costume of orchid silk, with picture hat to match. She carried a shower bouquet of orphelia roses.

The following bridesmaids wore pink and blue taffeta, with hats to match, and carried silver shepherdess crooks: Misses Edith Slater, of North Andover; Blanche Wright, Harriett McCoubrie and Jane Vetterberg, of Andover; Ruth Turner, of North Reading; Mildred Cole, of West Buxford.

Iris Beatrice Howes, a niece of the bride, was flower girl. She wore white organdie and carried a colonial bouquet. The best man was Ernest Kerr of Roxbury.

The following were ushers: Harry Hyland of Wakefield, Dr. Robert MacNarry of Andover, Archibald MacKay of Lynn, Douglas Kerr of Roxbury, Donald MacDonald of Dorchester, Maurice Titcomb of Andover and Earl E. Campbell of North Andover.

About 500 guests including a number

from out-of-town, attended the reception and collation, held in the decorated vestry. The church orchestra rendered fine music.

The church was attractively embellished with cut flowers and palms. The decorating was done by the Philathea class and the X. L. Men's Bible class attended to the catering. Another reception with refreshments, for relatives and close friends took place at the bride's home.

Following a wedding trip, the newly married couple are to reside in Springfield.

"OFFSHORE PIRATE" NEW DANA VEHICLE.

"The Offshore Pirate", a Metro special production, starring adorable Viola Dana, comes as the feature attraction at the Opera House on Friday and Saturday, July 1st and 2nd.

Opinion in other cities where this picture has been seen, pronounces it a wonderfully acted, convincing bit of work. This is due both to the skill put into its production, and to the fact that it is an adaptation from a Saturday Evening Post story by the well-known fiction writer, F. Scott Fitzgerald.

"The Offshore Pirate" is the story of a group of people who adopt desperate measures to save Arditia Farnam, an heiress, from the wiles of a scheming Russian who is after her money. Piratical tactics in Arditia's spruce yacht bring about a series of thrilling escapades, ending in a reversal of the intriguier's hopes, and the ushering in of new ones.

Personal Paragraphs

Miss Marguerite DeWitt spent the week end with friends in Windsor.

Mrs. J. B. Tingley left this week for Digby where she will spend a few weeks.

Mrs. Henry Leopold of Kentville is visiting her daughter, Mrs. W. L. Banks. —Truro News.

Mrs. S. P. Benjamin and Miss Evelyn Smallman left yesterday on a short trip to Dartmouth.

Mr. and Mrs. W. C. Bleakney have moved into Mrs. J. B. Tingley's house for the summer.

Miss Helen Starr returned home Tuesday from New York where she has been visiting relatives.

Rev. J. Astbury, of Windsor, occupied the pulpit of the Methodist Church last Sunday morning.

Mrs. N. Evans and Miss Rhea Evans motored to Halifax this week and will remain for a few days.

Miss Lillian Strong, of Toronto, is spending a month at the home of her sister, Mrs. J. T. Roach.

Mrs. G. W. Churchill, who has been spending the winter in Brookline, Mass., returned home last week.

Miss Dorothy Freeman, of Bridgewater, is visiting at the home of her aunt, Mrs. (Dr.) Leslie Eaton.

Miss Helen DeWolfe, who has been spending the winter at Bucksport, Maine, returned home on Tuesday.

Prof. H. G. Perry has returned home from Truro where he has been teaching at the Normal School for about six weeks.

Dr. Herman deWitt, of Regina, Sask., arrived in Wolfville yesterday on a visit to his parents, Dr. and Mrs. G. E. DeWitt.

Mrs. Elethie Smith, of Lawrencetown, was a recent guest of her cousin, Mrs. A. W. Bleakney. She returned home on Tuesday morning.

Mrs. Harry Saunders and little daughter arrived in town last Friday from New Glasgow, and will spend the summer here with Mr. Saunders, the baseball coach.

Mr. Herbert Stairs has rented his cottage at Evangeline Beach to Mr. D. M. Smith, of Truro, and it will be occupied during the summer by Mrs. Smith and family.

NORMAL SCHOOL CLOSING.

The closing exercises of the Provincial Normal School were held yesterday. Among those receiving Superior First diplomas were the following:

Hilda M. Bishop, B.A., Berwick.
Margaret J. Bishop, B.A., Auburn.
Angela M. Herbin, B.A., Wolfville.
Mrs. Harold T. O'Brien, Canning.
Grace A. Porter, B.A., Windsor.

CRICKET NOTES.

A friendly match was played at Bridgetown last Saturday between the Bridgetown team and a team composed of Kentville and Wolfville players. The game was won by Bridgetown with a score of 93 to 64. The Wolfville players who took part in the game were Mason, Spittall, White and Smith.

The Kentville eleven will play a friendly match here on Saturday afternoon.

On Monday the local eleven goes to Annapolis for their first game in the league series.

WHY IS A TOWN COUNCILLOR?

To the Editor of THE ACADIAN.

Dear Mr. Editor:—In a recent issue of THE ACADIAN, Mrs. Faye C. Stuart raised the above very interesting question which we rashly beg leave to answer.

We all of us have had our ideas regarding Responsible Government, the Rights of the People, the Privilege of the Franchise and even Woman's Rights. Some of us have been so foolish as to imagine that the members of the Town Council were the People's Representatives for the management of Town affairs.

How sad a disillusionment was in store for us we little imagined.

But the state of Town affairs is so deplorable, the neglect so apparent, the waste so lavish, enforcement of Town Laws so farcical and unjust, disregard of the citizens wishes so bold that we have been forced to the opinion that all our preconceived ideas of the status and functions of the Town Council were absolutely erroneous and unfounded.

Really, it is little wonder that the citizens of Wolfville have been asking themselves this very question "Why is a Town Councillor?" and, like Mrs. Stuart, leaving the question unanswered.

For it can hardly be said that the present "expert services" which the Town has at the disposal have accomplished much which could be used as an argument to justify the existence of a Town Council.

We are not prepared to say that a "Town Manager" would be the remedy for the ills which beset us, but it is hardly possible to imagine an expert "Town Mis-Manager" who could work any more havoc in an equal length of time.

However, that which the citizens of Wolfville cannot answer we feel that it would be quite useless for us to attempt.

But it has been suggested that possibly the information could be furnished by our Town Clerk, if not from either of them, possibly our courteous Mayor would favor us.

Yours faithfully,
ELAINE LEFAYRE.

KENTVILLE NEWS NOTES.

The County Court was in session last week at the Court House, with Judge Webster presiding.

Mrs. Mabel Haycock spent last week in Digby, where she had a pleasant visit with relatives and friends.

Mr. John E. Palmeter, formerly of Wolfville, has returned from spending the winter at Winthrop, Mass., and will spend the summer in town, at the home of his sister-in-law, Mrs. Leander Neary.

Rev. A. M. Hill, Ph.D., the Provincial Secretary of the World's Brotherhood Movement, gave an interesting address at the Methodist Church on Sunday morning. In the afternoon at 3 o'clock the pastor preached the anniversary sermon before the local society of the Independent Order of Foresters.

There was a meeting of the Executive of the Peacetime Red Cross at the rooms of the County Health Clinic on Friday last when plans for the membership campaign, which is to take place during the first week in July were made. Those present were: Rev. G. W. Miller (president), B. O. Davidson (secretary), Rev. Mr. Ross, Mrs. William McBride, of Kentville; Mrs. F. E. Harris, of Aylesford; and Mrs. MacDonald from the Sanatorium. Miss Hayden and Mrs. E. B. Newcombe also rendered timely assistance.

The Annual Exhibition given by the manual training department of the Kentville public school was held on Friday afternoon. The exhibits of work done by both boys and girls were exceedingly good considering the ages of the workers, and reflects much credit upon the instructors. Miss Starr, in the girls' department, and Lieut. C. L. Wood in that of the boys'. In the former were shown articles of needlework, both ornamental and practical, that would have done credit to the mothers of the children, while the work by the boys ranged from full-sized cabinet and library tables down to match-boxes, all being surprising in their efficient workmanship.

Conductor W. W. Clark of the D.A.R.,

accompanied by Mrs. Clark, is spending a well-deserved vacation, during which they are visiting Toronto.

CANNING NOTES.

Capt. Johnson Spicer and Mrs. Spicer of Parrsboro are visiting at N. W. Eastin's.

Miss Margaret Loomer, daughter of the late David E. Loomer, nurse at the New England Baptist Hospital, Boston, arrived here Wednesday en route to Parrsboro when she will spend her vacation with relatives.

Camp Meeting opens this year at Berwick on August 2nd and closes on August 10th. This year the 50th Jubilee will be celebrated and a specially attractive series of meetings is being arranged.

DOOR BELL

Wont Ring! Must buy another new battery. Not at all! Have your bell connected to your electric light wires. This is one of my little specialties. Everything in the electric business promptly attended to
