

THE HERALD WEDNESDAY, SEPTEMBER 7, 1892. TOPICS OF THE DAY.

Chief Justice McDonald. His report on the administration of the Government during the absence of the Governor Daly.

The following from the Pittsburgh, Pennsylvania, Times, shows that there is a considerable exodus from the United States to Canada.

The presence, in London, of Mr. Van Horne, of the C. P. R., R. B. Angus and Mr. Oler has aroused some curiosity in the Metropolis.

The railway statistics of Great Britain, show that in 1891, there were 20,191 miles of railway in England, Ireland and Scotland.

A blue book on the "Criminal Statistics" of the Dominion shows that, according to the returns received by the department of agriculture, 5,988 persons were charged with indictable offences in the several criminal courts of Canada during the year 1891.

Thus far all appears well. Now where does the difficulty come in? The only objection that seems to be urged by the opponents of such an arrangement as we have referred to appears to be the fact that these convent ladies wear a distinctive garb, peculiar to their order, and that they carry on their persons some religious symbols.

Our correspondent points out that there is no good reason why the nuns taken place in Halifax and St. John might not be accomplished here. The opponents say we have nothing to do with what has taken place in those cities.

SCHOOLS IN CHARLOTTETOWN.

Our correspondent, "Fair Play," deals in an invective manner, with a question which has late of, to some extent engaged the attention of our daily contemporaries.

This is not merely a theoretical, but an eminently practical question, and as such should be dealt with in a practical manner. We take it that those who oppose any arrangement by which, for instance, the Convent Schools of this city might become public schools conformable to the regulations of the Board of Education, wish to be regarded as Christians, no matter to what denomination they may belong.

Our correspondent has gone in to the question so fully, that little more needs be said here. However, a few facts which our citizens should not lose sight of. There are in this city, in round numbers, somewhere about four hundred Catholic girls of school age.

CARDINAL GIBBONS' IMPRESSIONS OF P. E. ISLAND.

The Baltimore American of August 25th, contains the following review of Cardinal Gibbons' recent visit to our Province.

Yesterday Rev. Mr. Brodyrick gave an interesting account of their trip to the Province in the special R. & O. car, furnished by Mr. Lord, to Boston, and the passage thence to Halifax in the teamship Halifax, Father Brodyrick said: "At Halifax the Cardinal was most hospitably entertained by the authorities and by the people."

These Academies are the descendants of the schools whose oral explication of the Catechism was so beautifully in his poem—Eranjelinae. These people live in primitive life of their ancestors.

"August Flower"

I had been troubled five months with Dyspepsia. The doctors told me it was chronic. I had a fullness after eating and a heavy load in the pit of my stomach. I suffered frequently from a Water Brash of Chills. Sometimes a deadly Sick was in the stomach would overtake me. Then again I would have the terrible pain of Wind Colic. At such times I would try to eat and could not. I was sweating then for Thomas McHenry, Druggist, Cor. Irwin and Western Aves. Allegheny City, Pa. in whose office I had been for seven years. Finally I used August Flower, and after using just one bottle for two weeks, was entirely relieved of all the trouble. I can now eat things I dared not touch before. I would like to refer you to Mr. McHenry, for whom I worked, who knows all about my condition, and from whom I bought the medicine. I live with my wife and family at 39 James St., Allegheny City, Pa.
