

The Boys Own Philatelist

Entered at Berlin, Ont., Post Office as Second Class Matter Nov. 1897.

VOL. 2. NO. 4.

SATURDAY, OCTOBER, 22, 1898.

WHOLE NO. 10.

The Week In the Queen City.

The 4th weekly meeting of the P. C. of Toronto, was called to order at 8.30 p. m. Oct. 4th in its permanent club rooms, McKinnon Bldg., president Myers in the chair. Eight members present. Two new members were proposed and admitted. The committee appointed to draw up constitution and by-laws brought in their report. After the consideration of the same by the members present, a motion was carried to lay it over for two weeks before adoption. The Librarian was instructed to solicit donations of stamp papers from publishers.

The regular monthly dues were collected from the members present, and the Secy. was instructed to send out notices of each meeting to non-members.

Mr. Walter McMahon gave an instructive and interesting talk on the old "Toronto Philatelic Club." Meeting adjourned 10.10 p. m.

Damn rumor hath it that some well known collectors in Toronto propose to organize a company and issue a monthly stamp journal, probably under the name of the *Toronto Philatelist*. I fully believe a live up-to-date paper from the philatelic metropolis of Canada could be made a paying venture. I will be able to state definitely in my next notes, what truth there is in the rumor.

New South Wales is to blame for the recent defeat of the Australian Confederation Bill. All the other colonies gave the bill overwhelming majorities, and so, in fact, did N. S. W., but to carry, its minor majority must be 100,000 whereas it was less than 75,000, so we are still to be supplied with six distinct colonial issues from the island continent.

Ye editor would be pleased if the readers of the B. O. P. would send an item of interest once in a while, it lessens his burden.—He is terribly lazy.

This paper will be sent to any address one year to anyone returning us a clean copy of our first number.

Rev. H. Wendt in the *Philatelic West's* leading article for June-July gives a little history of the Schleswig-Holstein stamps. The statistics as given show that about 9000 stamped letters passed through the post office from Nov. 15th, 1850 until the little dukedom of Schleswig was again attached to Denmark—Feb. 1st., 1851. The stamps already in the hands of the people continued to circulate until September when all remainders were kept secure at Copenhagen until 1864. It is supposed that at this time these were sold to stamp dealers, as unused specimens from that date have been moderate in price.—U.S.O.
