## SUBSIDIES TO RAILWAYS PASSED PRINCIPLE OF EQUALIZED RATES NOT ACCEPTED BY GOVERNMENT

South York Member Supports the Amendment Moved by Oliver That Uniform Charges Be Made Condition of Federal Grant—Lapointe, Liberal From Montreal, Votes With Government.

OTTAWA, June 4.—(Special.)—The subsidy bills passed the house of commons today, including the grants to the Canadian Northern and to the Timiskaming and Northern Ontario. The bill authorizing the loan of \$15,000,000 to the Grand Trunk Pacific was also passed.

The opposition divided the house upon the Canadian Northern subsidy, which passed by a vote of 82 to 35. Mr. Lapointe, the Liberal member for St. James' division, Montreal, voting with the government. Several amendments were proposed providing for equalization of rates between Eastern and Western Canada and between shipments to American and Canadian ports. Upon these the divisions were along party lines, except that Mr. W. E. Maclean (South York) voted for the amendments.

Dr. Clarke in Line.  
Mr. Gorman's motion to change the subsidy to loan was declared out of order by Mr. Speaker Sproule as contravening the recommendation of the crown, upon which the bill was founded. Upon the appeal from Mr. Speaker, all the Conservatives voted to sustain the chair, as also did Mr. Lapointe. Dr. Clarke of Red Deer, who was unable to vote on account of a pair, gave it as his opinion that ruling should be sustained.

There was an animated discussion upon the T. and N. O. subsidy, the same being bitterly opposed by Sir Wilfrid Laurier, Mr. E. M. Macdonald and others. The prime minister, Mr. White, and a number of Conservative members spoke in favor of the bill. Mr. Maclean (South York) said he had voted in favor of equalization of rates and he would also vote in favor of equality of treatment in the matter of subsidies, as between railways built, owned and operated by the public and railways controlled by private corporations.

Control Thru Stock.  
In support of Mr. Oliver's amendment for equalization of rates, the member of South York suggested that the government should get the whip so far as railway rates in Canada were concerned, by acquiring control of the common stock of the Grand Trunk, linking up the Grand Trunk, the Grand Trunk Pacific and the Intercolonial in a truly national transcontinental railway.

The house made good progress with the business before it today, and preparation is anticipated by Saturday. Upon the third reading of the Canadian

## DISORDER MARKS FALL OF CABINET

Ex-Premier of Hungary Was Struck Thrice With Sabre During Turbulent Session.

BUDAPEST, June 4.—(Can. Press.)—The announcement in the chamber of deputies today of the resignation of the Hungarian premier, Dr. Ladislaus von Lukacs, and his cabinet was preceded by scenes of uproar and violence surpassing any yet witnessed in this turbulent house. The authorities, anticipating trouble, closed the approaches of the parliament building to the public by strong bodies of infantry and cavalry, supported by a machine gun and detachments of police and gendarmes.

When Count Tissa, the speaker of the chamber and Premier von Lukacs entered the chamber they were greeted by the opposition with shouts, jeers and insulting epithets. After several unavailing attempts to obtain quiet the speaker ordered the expulsion of several of the opposition deputies and surrounded the parliamentary guard to meet them.

Sabred Ex-Premier.  
The appearance of the guard started pandemonium. One of the guards seized Deputy Leit by the coat collar and called him offensive names.

"You scoundrel this is indecent," exclaimed Count Kheun von Hedervary, the former premier, addressing Captain Gerce, the commander of the guard. Gerce drew his sabre and struck the count thrice on the head. His face streaming with blood, the ex-premier fell and staggered into the arms of a friend. Cries of "murder" resounded thru the hall. The fury of the opposition deputies was almost uncontrollable until it was ascertained that the injuries of Count Kheun von Hedervary were only superficial.

At length Herr Julius Justh, the opposition leader, succeeded in quieting his followers, and the sitting which in the meantime had been suspended, was resumed. Premier von Lukacs then announced the resignation of his cabinet, which was greeted with frantic outbursts of jubilation by the opposition.

## DEBORAH PLAYED FOR CRITICS AND JUDGE

Rev. John Coburn's Idea of the Play Caused Judge Morson to See It For Himself in Order to Pass Unbiased Judgment on the Appeal From Police Court Finding.

Could Col. George T. Denison have been present in Judge Morson's county court yesterday, he would have felt decidedly uncomfortable and resentful on hearing the opinions passed as to his magisterial ability. Judge Morson and Hartley H. Dewart, K.C., alternated in directing the broadsides at the colonel and his methods. The occasion for these remarks was the appeal of the "Deborah" players from the action of Magistrate Denison in fining them on a charge of producing an immoral play at the Princess Theatre.

But one person was in attendance who had to sit where he could be focused by the public eye and listen to a tirade of criticism as to his general ability, motives and character. And the running fire of retorts made by Mr. Dewart when referring to Rev. John Coburn was scathing in the extreme. While Mr. Coburn sat in a prominent position, counsel for the defence directed a withering stream of adjectives at him.

After the evidence had been submitted judge and counsel agreed to witness a special performance of "Deborah" at the Princess at 9 o'clock.

Crown's Side.  
In addressing the judge, Samuel H. Bradford, K.C., for the crown, asked that the magistrate's finding be sustained, as the play was undoubtedly immoral. The community had to be protected from these plays, and the boys and girls of Toronto required protection and should receive protection from his honor.

Judge Morson: "But the community must not be narrow in its view. It must be liberal."

Mr. Bradford then pointed out things obscene, in his opinion, which appeared in the performance. His honor mentions that he was not considering the play as an obscene one; the conviction had been made on immorality. Had the play been fully censored, said Mr. Bradford, so as to appear fit for the public, no sense could be made of it and it would not appear intelligent. He urged the judge to sustain the magistrate's decision on the grounds that he had tried the case fully and found the players guilty.

"Well, you see the magistrate did not try the case; he did not hear all the evidence."

"I am not prepared to argue that." "I know, but you say he heard the case. If the reports I read are true,

## PUT CARD IN BANANA NOW SHE'S A BRIDE

West Indian Girl Weds Toronto Man as Result of Romantic Incident.

Special to The Toronto World.  
NEW YORK, June 4.—When Miss Evelyn Bayley several weeks ago watched the men on her father's plantation in Jamaica carrying fruit on board a steamer, she pushed a visiting card beneath the skin of a banana. It eventually reached J. E. Powell, a broker, of Toronto. Mr. Powell was called to the West Indies on business. At a dance in Jamaica he was introduced to the owner of the card. Yesterday he returned to New York with "Mrs. Powell."

## JAPAN IS READY TO SACRIFICE PRINCIPLE

Will Permit Its Citizens to Become Naturalized in Other Countries in Order to Force Japanese People as Racial Equals.

Special to The Toronto World.  
WASHINGTON, June 4.—Viscount Chinda, Japanese ambassador to the United States, represented to Secretary of State Bryan, late this afternoon, Japan's rejoinder to the American reply to the Japanese protest against the California alien land law. The Japanese ambassador presented himself at the state department at 4 o'clock, and for more than three quarters of an hour was closeted with the secretary of state. During that time, Secretary Bryan read the rejoinder and discussed it with Viscount Chinda.

At the close of the conference of the secretary and ambassador, Mr. Bryan said that the rejoinder was longer than either the original protest lodged by Japan or the American Government's reply thereto.

Secretary Bryan refused to discuss the rejoinder, saying that while the two governments has conferred regarding making the whole correspondence public, no decision to do so has yet been reported.

The rejoinder was presented to President Wilson by Secretary Bryan, at 6:30 o'clock this evening after the president returned from an automobile ride. President Wilson will study the question tonight and tomorrow, and lay it before the regular meeting of the cabinet on Friday.

In the reply made to the Japanese protest, the administration conceded that the commercial treaty of 1911 between the United States and Japan, has not been contravened by the law of California. The law in letter, the reply stated, did not discriminate against Japanese citizens, that it was just as effective against Chinese and Hindus, as it was against Japanese.

Long Arguments.  
The rejoinder Japan insists that the treaty is contravened and offers long argument to sustain the contention. But the main part of Japan's

## KILLED BY FALL FROM AN ENGINE

Fireman Thomas Woods Missed His Footing in Mimico Yards and Sustained Fractured Skull.

In attempting to light the headlamp of a G. T. R. engine at Mimico yards about 7:20 last night, Thomas Woods, aged about 28, missed his footing and as a result of the fall to the ground died a short time later. The man struck his head on the steel and did not regain consciousness.

Woods had been acting as fireman on the extra transfer train for some months past. When the train was almost ready for the run to the Don yards last night he climbed onto the front of the engine while it was still motionless and proceeded to light the lamp. In some mysterious manner he fell and was picked up a few minutes after by the crew of the train.

The young man lived at New Toronto and was very well known. His father is in the brick business at Port Credit. Deceased was single.

## ZONE SYSTEM TO BE ADOPTED IN PARCEL POST

House Affirms Principle on Request of Pelletier and Operations Will Begin With New Year—Objections of Country Merchants Overcome by Low Local Rates.

OTTAWA, June 4.—(Special.)—Postmaster-General Pelletier showed himself this morning to be progressive on the subject of parcel post and, in spite of some suggestions of delay from opposition members, put thru committee and had passed his bill declaring that the parcel post system shall be established in Canada.

Mr. Pelletier admitted that, under section 74 of the Postal Act, the postmaster-general already had authority to establish rates and regulations for this service, but he deemed it advisable to have parliament declare for the principle.

The postoffice department, he said, had worked out many details of the parcel post, which would be established in Canada, not later than July 1, 1914. The country would be divided into zones. The first zone would be the local zone, embracing every city, town and village, and an area of 20 miles in all directions.

Will Protect Country Merchants.  
The rates in this local zone would be quite low, thus benefiting the country merchant and to some extent protecting him from the sharp competition of the big departmental stores. It would also enable the farmer to find a ready market at the lowest possible charge for transportation. This local zone would ignore provincial lines. For example, the rate between Ottawa, Ont., and Hull, Que., would be a local rate.

Each province would then constitute a zone, the Maritime Provinces being for this purpose grouped together as one province. Thus the rate between Ottawa and Port Arthur would be the same as the rate between Toronto and Hamilton.

Interprovincial Charges.  
As to interprovincial charges not governed by the local zone rate, the charges would be advanced as the package traveled. It would cost more to send a package from Toronto to Regina than from Toronto to Winnipeg. There would, however, be a maximum rate, and when this was reached the province of destination would not be reckoned as an additional zone. Thus the rate from Halifax to Calgary would be the same as the rate from Halifax to Vancouver.

Mr. Pelletier said that conditions in the United Kingdom were so dissimilar to conditions in Canada that he was forced to model the Canadian system to some extent upon the United States system, and had therefore established rates in proportion to distance instead of flat rates. He was glad to note that the Retail Merchants' Association had withdrawn all opposition to the parcels post in view of the preferential rates accorded to the local zones.

Complimented by Lemieux.  
Hon. Rodolphe Lemieux congratulated the postmaster-general upon his courage in introducing the legislation, but regretted that the rates were not established.

Hon. Frank Oliver and one or two other opposition members suggested that the matter be laid over until the next session so that the rates and other details could be directly authorized by parliament instead of vesting so wide a discretion in the minister.

Mr. Joseph E. Armstrong recalled the fact that he had long ago advocated the parcel post and declared himself in favor of government-owned telegraph and telephone lines. Mr. Armstrong also suggested that a state-owned cable should be laid between Canada and Great Britain. He would have taken steps to bring this about at this session had time permitted.

Suggests Special Stamp.  
Mr. W. F. Maclean (South York) said the postmaster-general was well

## CONVICT STOLE THE GOVERNOR'S CLOTHES

Negro Trusty Employed in Executive Mansion Made Daring Escape.

Special to The Toronto World.  
JEFFERSON, CITY, Mo., June 4.—Donning a good suit of clothes belonging to Gov. Major Geo. Clemons, a Joplin negro who is serving two years in the pen for burglary, stole away from the executive mansion yesterday and is still at large. Clemons was employed with a number of other convict trusties in laying a water main. He had occasion to go into the basement to establish a connection. While there he hastily went up stairs, discarded his convict garb and decorated himself in the governor's suit. He then hid until nightfall and made his escape.

The governor's predecessor, Robert S. Hadley, lost an \$80 dress suit in the same manner when he was the resident of the executive mansion. A white convict trusty, employed as an electrician about the mansion, stole away from his guard, put on the governor's swallowtail and left for parts unknown.

Commission Suggests That Three Millions Be Set Aside Annually For Ten Years and Smaller Sum For Elementary Schools—Elaborate Machinery Is Suggested For the Purpose.

OTTAWA, June 4.—(Can. Press.)—A Dominion development fund of \$3,000,000, to be provided annually for a period of ten years, and to be divided among the provinces on a basis of population, is the outstanding recommendation contained in the report of the royal commission on industrial training and technical education, presented today. This is for the promotion of higher technical education and industrial training. For the elementary schools teaching manual training, domestic science, etc., a grant of \$350,000 a year for ten years is recommended, the division among the provinces to be on a basis of population. For the carrying on of this work seven distinct fields of effort are suggested by the commission, as follows:

1. The service in each province of an adequate supply of persons (teachers, instructors, demonstrators, executive officers) properly qualified to carry on industrial training and technical education.
2. The establishment or extension and maintenance of classes, courses, schools or other institutions or means for industrial training and technical education.
3. The provision of suitable and adequate appliances, apparatus and equipment for teaching purposes, but not including school buildings, furniture or consumable supplies.
4. To Equalize Opportunities. The publication of scholarships to equalize opportunities to young people and other workers to profit by classes, courses, schools or other institutions.
5. The provision of experts with experience in industrial training and technical education, whose services for counsel would be available to provincial and local authorities.
6. The service of central institutions when and where required to supplement the work carried on by the several provincial and local development authorities, either by providing and maintaining or assisting in providing and maintaining each central institution.
7. The promotion of scientific, industrial and housekeeping research and the diffusion of knowledge therefrom.
8. To carry on the work thruout the provinces and the Dominion as a whole, the commission believes that special machinery will have to be provided and

## IMPRESSIONS OF CONGRESS

—By Dr. Quill—

The psychological moment! What does Dr. A. S. Grant not know about home missions and psychology? He saw the psychological year and month and day for the first rally of Canadian Presbyterianism. Then after this assembled host had been refreshed, informed and inspired, by days and nights of grace and truth, suddenly he appeared in the white light. The psychological moment had come. It was not to get a salute of five minutes to say some nice things to the delegates. That was only a shake-hands-all-around. A psychological moment with Grant is when he shakes people all around almost out of their shoes. Therefore, he remembered that he asked the simple question, "What is all about?" Then he threw his arm out to the map of the world stretching across the stage. There was Canada tied to her world-wide mission fields. "There is our job. Let us go home and sweat it until the Kingdom of Heaven comes," his ringing voice cried out. That was not simply a moment; it was an event. It produced a crisis.

There was a resolution, too. And Grant is not given to writing motions to be broken. Think of this one, however. It was just three steps and a jump. Firstly, a reference to the alarming number of only nominal Presbyterians. Secondly, the large increase of fellow Presbyterians from Britain. Thirdly, the world situation. Now for the jump upon the conscience of the whole congress. Be it resolved that we pledge ourselves to loyally support such action as the general assembly in its wisdom and under the spirit of the Lord may devise. And the men and women of the kirk are not good at getting up at revival meetings; they did stand and solemnly vow: "We shall be so pledged!" And the congress had done its work.

That puts as big a responsibility upon the general assembly as it will appeal to the honor of the whole church, so fully represented and pledged. And steps were immediately taken to be both true and able for their respective duties. For on Wednesday at 9 in the morning they gathered about the table of the Lord and partook of the Holy Communion. In doing so, probably every one of that great host recalled how another company of some five thousand people received bread broken by the hands of Christ Himself. If not thinking of this, they could not look at the sacred emblems of the sacrament without seeing beyond them the map referred to, covered with a nec tamen consumebatur, "A Canada for Christ and a World for Him," in large letters.

Whatever may fall and fade from the memory, that sacramental feast will never be forgotten. There were a hundred elders, taken from "the island," the Ottawa Valley, men of Bruce at home, and from Bruce abroad in the west. And city leaders like Hamilton Cassels, G. Tower Ferguson and R. C. Tibb. There were but two ministers-officiating—Dr. Hanson, who addressed the communicants, and Dr. R. F. Mackay, who administered. So well was it managed that not a word broke the solemnity of the hour, and in 20 minutes all had communicated. Dr. Mackay prayed twice for the time when all tears shall be wiped away. "Were his own eyes wet with joy, and how many others were there?" The sacrament brought them to Christ, the congress program follow-

## New Home Treatment For Removing Hairs

(Boudoir Secrets)  
Any woman troubled with superfluous hairs can remove them in the privacy of her home without pain or trouble by applying a delicate paste to the hairs not wanted. This paste is made by mixing powdered delatone with a little water. The paste is to remain on the skin 2 or 3 minutes, then rub off, wash the skin and the hairs are gone. This treatment is quick, harmless and leaves the skin without spot or blemish. An original ounce-package of delatone is ample. To make eyebrows grow thick and glossy, rub pyroxin on frequently, and for shabby, straight eyebrows apply pyroxin at hair-roots with thumb and forefinger. This makes them grow long, silky and curly. Use care and do not use pyroxin where no hair is wanted.

## The Daily Hint From Paris

### FOR A YOUTHFUL FIGURE.

The delicateness of this little dress can only be indicated in a drawing. The plain lawn waist is fastened to a skirt of embroidered lawn flouncing. Both are tucked and trimmed with small white pearl buttons. The bolero is of figured chiffon voile in blue, mauve and green, edged with lace bands. The sash is blue and the bow at the back black velvet.

Crescent road will spend the summer at the Muskoka Lakes.

Mr. and Mrs. Victor Ross have returned to Toronto from Lakewood, N. J.

Mr. and Mrs. William Hendrie, jr. (Hamilton), are spending this week in Montreal.

Mr. John Langmuir and Mr. Dalton Macbeth are leaving this week for Montreal.

Mr. and Mrs. Ernest M. Reinhardt have returned from an enjoyable trip to New York, Atlantic City and Buffalo.

Baroness Wurl Von Senten has left for Europe, where she will join her husband in Vienna. Mr. L. Reinhardt accompanied her.

Mrs. J. H. Lyons and Miss Lyons, Kendal avenue, will receive on June 8.

Mrs. G. M. Osborne, New York, is spending some time in Toronto and is at Miss English's pension, Jarvis st.

Mr. Alex. C. MacIver, 17 Withrow avenue, announces the engagement of his sister, Flora Campbell, to Mr. Jack Meen of Toronto. The marriage takes place on June 21 at St. George's church, Jackson's Point, Ont. A reception will be held afterwards at "Pinehurst."

John W. Beatty and family of Crescent road will spend this season at the Royal Muskoka Hotel, Muskoka Lakes.

## CIVIC OFFICIALS INSPECT CEDARVALE

And Were Afterwards Entertained at the Pellatt Castle.

An inspection of Cedarvale was made by the city council and department officials, the owners of that large subdivision desiring to have it annexed to the city. Lt.-Gov. Gibson, Sir Henry Pellatt, and many of their friends accompanied the civic officials. R. J. Fleming was also along, he being desirous of having his farm annexed to the city. The whole party went in automobiles, which made a procession nearly a mile in length.

Cedarvale is a plot of nearly 400 acres on the west side of the head of Bathurst street. A deep ravine winds through the grounds, concrete and steel. R. J. Fleming's farm is on the north-east corner of St. Clair avenue and considering the annexation of much more territory in the northwest than that inspected. Terms were not discussed.

Sir Henry Pellatt afterwards entertained the party at his castle. He humorously announced that Lt.-Gov. Gibson would take his house and continue in office for another year. The lieutenant-governor humorously retorted that Sir Henry had offered him the use of the castle, and everything thence.

Then the guests were led thru the tunnel connecting the castle with the farm. "This tunnel," Sir Henry explained, "was constructed by ropland." The escape should the aldermen attack me in my new house."

## EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

### What to Have for Luncheon

LUNCHEON is a convenient meal that permits of a great variety of display of good taste and pretty possessions. It is therefore a favorite time to entertain informally.

Because of its accommodating nature this meal is in danger of becoming over-sumptuous. It is, and should be kept, a very simple meal of entrees and cold dishes only. A heavy meat course with accompanying rich foods removes it from its class and ranges it alongside the dinner and at once destroys its individuality.

These two menus are models upon which many changes may be rung, but beware of elaborating them too much:

Menu No. 1.—First course: Grape fruit, halved or in cocktail. Second course: Cream velvet soup or bisque. Third course: Cutlets with peas. Fourth course: Salad. Fifth: Dessert and cafe demi-tasse.

Menu No. 2.—First course: Fruit in season. Second: Little neck clams or oysters on the half shell. Third course: Meat patties. Fourth course: Creamed chicken or sweetbreads or small birds in cases. Fifth course: Sweet omelet soufflé. Final course: Cheese, coffee.

As luncheon is the bridge that brings the appetite from breakfast until dinner, but little of any article is served. The appetite from breakfast until dinner is called "gouter," meaning a taste, in French, and there only a taste of anything is served; this leaves a sharp appetite for the important meal, dinner.

The family or home luncheon needs attention, for it is too often a mere makeshift and sometimes entirely lacking.

It does not do to starve the body or play tricks with one's digestion by neglecting to eat in the middle of the day, for as soon as you neglect to supply the body machinery with food it begins to feed upon your reserve strength to keep it going. You know what happens then. Once there was a man who trained his cow to live on one straw a day, but no sooner had he accomplished this than the beast lay down and died.

Once a day is often enough to serve meat and it is agreed that dinner is the proper place for this necessary food, but if one is working hard, cold meat is a grateful luncheon dish.

Tray service may be used conveniently for serving lunch for one or two persons. A friend, without a maid, insisted upon my luncheon with her a few days ago and all she served was fresh Boston brown bread with unsalted, fresh churned butter, a glass of rich milk and a bowl of honey, on a great, beautiful tray. Of course we enjoyed it, and her husband told me that they never had anything more elaborate at lunch.

One man this couple declared a liking for smacked of school days; it was sardines with hot salted water, dill pickles and cheese with tea. The sardines they heated in the chafing dish and toasted the cheese over the alcohol flame.

The man of the house in this case is a physician, and the wife a successful artist. While we ate he gave some advice that is good enough to tie up the tongue. "The table is the last place in the world to begin practicing economy first, but never cut into the supply of wholesome, nourishing food made agreeable to both eye and palate."

"The best way to make home happy is to have enough to eat, and in order that there shall be an abundance, use foresight in buying, and do not neglect the old favorites like barley and hominy and fine Irish stew. Never have your larder on the edge of bankruptcy, for as sure as you let it become so, the bomb will appear unexpectedly and your domestic camp will act as the bomb of the world in it."

I thought this a very good sermon from a mere man.

WHAT IS AN IMMORAL PLAY?

Halifax Herald: What is an immoral book or play? asks a contemporary, and goes on to comment on the proper tests to be applied, and the serious errors of prevailing censorship.

Every now and then the public hear about some play being censored in one of the leading dramatic centres of the world.

When enquiry is made, it is found, as a rule, that the play pictures conditions which are not known to exist, but which are not discussed in ordinary polite circles.

It may be written with a sincere desire to accomplish some good.

The authors are under the impression that the stage has a duty to perform in calling attention to social ills, and goes on to comment on the proper tests to be applied, and the serious errors of prevailing censorship.

## GOLDEN WEDDING OF HAPPY COUPLE

Mr. and Mrs. J. Coyle Celebrated Their Fiftieth Anniversary Yesterday.

## HELD FAMILY REUNION

Family and Friends Present to Offer Their Best Congratulations.

Just 51 years ago Mr. and Mrs. J. Coyle of 81 West Queen street, were married by a Methodist minister, Rev. Mr. Hubert, in a little Indian mission in the Township of Alnwick, County Northumberland, and yesterday, surrounded by a host of friends and relations, and with a grand family reunion, they celebrated their golden wedding at the residence of their son at 162 Jarvis street.

Altho now 71 years of age, Mr. Coyle is yet a vigorous and healthy man, and follows his trade of carpentry, in which he has been engaged every since he first came to Toronto in 1881. Born in the County of Northumberland, Mr. Coyle, while still a young man, took up his residence in Marquette, Mich., where he was engaged in the lumber trade, later returning to Cannington, where he remained five years. From Cannington he moved to the City of Toronto in 1881, where he has remained ever since.

The family consists of three sons, W. J. Coyle, with his wife and daughter, who reside in London, Ont.; Harold Coyle of 162 Jarvis street, and the youngest son, who made the long trip from his home in Baton Rouge, in old Louisiana, to be present at the anniversary. All three sons are married and have children.

When seen by The World in the midst of the reception yesterday, Mr. Coyle was very graciously receiving congratulations and good wishes from his many friends. He recalled events of long ago, and looked back happily upon his 51 long years of happy married life. Toronto he said, altho unrecognizable now from when he and his wife first took up their residence here, was a fine city in which to make a home, and so far as he could see he would end his days here.

Mr. and Mrs. Coyle were the recipients of a number of magnificent presents from friends, both present and absent; from the family they received a handsome purse of gold. In honor of the occasion the interior of the house was beautifully decorated with flowers.

Among those present were Mr. and Mrs. Ernest Stokes and granddaughter, Miss Violet Coyle, Miss Leeman, Mrs. Armstrong, Miss A. Armstrong, Mr. and Mrs. Williams, Mr. and Mrs. Wale, Mr. and Mrs. Wellington, Miss Louise Colwell, Mr. and Mrs. Newman, Mrs. Mercer, Mr. John Stokes, Mr. and Mrs. H. ### DATE FIXED FOR THE GUELPH FAIR

Agriculture Department Decides on Dec. 9-12 For Annual Exhibition.

The next annual provincial winter fair will be held from Dec. 9 to 12 inclusive, at Guelph. This was the decision of the special board dealing with this exhibition, which met in the department of agriculture at the parliament buildings yesterday.

Some discussion ensued about the proposition that a similar demonstration be held in Toronto in the future, but the members confined themselves to settling the arrangements in the usual manner. The accounts show a satisfactory financial condition and enthusiasm was voiced at the prospect for the coming winter.

The officers of the year were elected as follows: President (re-elected), Leonard Smith, M.P., Columbus, vice-president, John Platt of Millgrove, W. W. Ballantyne of Stratford, on the executive.

At a meeting of the live stock breeders earlier in the week it was decided to forward a resolution to Hon. Marsy to forward a resolution asking him to settle a locality at which a national live stock show should be held in the future.

THURSDAY MORNING, JUNE 5

THE MONETARY STRINGENCY.

In a review of the financial situation as presented all over the civilized world, The New York Sun finds every reason for a policy of retrenchment and economy. The theory generally held that fluctuations caused by the apprehension created by the Balkan war and the consequent hoarding of gold, in some cases have been without substantial foundation, although it is admitted that the new military programs of France and Germany exercised a restraining influence, since these involved large loans and burdensome taxes. As matter of fact, the combined holdings of gold and silver in the European banks as recently as May 29 were \$60,000,000 in excess of those of the preceding year.

Many loans brought out in London recently have fallen far short of subscription, and all indications point to this—that "the available supplies of capital are insufficient to provide for all the financing that borrowing governments, states, municipalities and private corporations have undertaken." When it is found that Greater New York had, on consolidation in 1908, a gross funded debt of \$224,967,156, and that in 1913 the debt stands at \$1,228,160,747, an increase of over \$900,000,000 in fifteen years, some idea can be gained of the burden of debt which has been created, for in lesser degree the increase has been general all over this continent. Now, more than ever before, is it necessary to conduct both public and private affairs on exact business principles.

MANCHESTER'S PUBLIC SERVICES

For this year, the City of Manchester, England, will receive from its municipal undertakings, roughly \$1,000,000 in aid of rates. This is an increase of \$60,000 over the contribution of last year and it represents in accordance with the resolution of the council the following percentages on the capital expended: electric supply 1 per cent, gas supply 1 3/4 per cent, markets 2 per cent, and street railways 5 per cent. This arrangement is, however, approved for one year only, and is subject to revision.

From the electricity committee, the contribution was \$140,000, as against \$120,000 last year. The gas committee gave \$260,000 as against \$250,000, and the markets committee \$85,000 against \$70,000 last year. The street railways paid over \$500,000 for rate relief. In the face of such figures, representing constantly increasing profits over years of operation, it is impossible for opponents of municipal ownership and operation of public utilities to maintain that they have no solid basis. Be it remembered, too, that the net profits appear only after all costs of operation have been met, and provision for all other necessary funds made.

UNITED STATES FOOD IMPORTS.

Something must be wrong in the United States, when its production of food fails to keep pace with the increase in its population. There, as in all civilized countries, the drift from the country to the city is constant. Farms in the eastern states are ceasing to be cultivated, and the yield of grain per acre is not being maintained at its old level. Nor is the United States seemingly able to provide its meat supply. Once a large exporter of food products, it is now, to all appearance, to be in the near future an importer, competing with older nations for the necessities of life.

In San Francisco, there recently berthed the steamer "Tabiti," conveying 400,000 pounds of Australian beef and mutton. The shippers distributed the consignment among retail dealers on condition that only a reasonable profit would be charged and with the warning that an evasion of that condition would lead directly to an arrangement, having for its object the direct linking up of producers with consumers. This Australian shipment brought about a reduction in meat retail prices, of from one to ten cents a pound. The same steamer carried an experimental shipment of several tons of butter, which, if profitable, will initiate a larger trade.

The United States is beginning to reap the harvest of its wasteful expenditure. With vast natural wealth it has allowed its coal, oil wells, natural gas and other invaluable natural assets to pass into private hands and to be exploited for private profit. The Standard Oil Companies, now liberated from control, have greatly enlarged their capitalization, their stock dividends, which have brought fortunes to the lucky shareholders. But the public, which pays the prices neces-

CABINET MAKING TICKLISH WORK

In the sizzling heat of summer will the plutocratic plumbler, the tailor and the hatter say that business doesn't matter—they won't say; the butcher and the baker and the cheese and butter maker close their stores; the skim-milk manufacturer and the builders and contractors look their doors; the middlemen and jobbers and the grocery and purveyors take a rest; the grocer and purveyor and the painters and bricklayers trip out west; these money-grabbing fellows hide their silver in the cellars and depart for the mountains or the beaches which no hot wave ever reaches, light of heart. While the rest of us are stewing, they'll be roasting or canoeing, or they'll fish; when the air is cool and breezy they'll be taking life as easy as you wish; they'll be joyfully disporting, while we hang on, hot and smothering, to our jobs; they will peacefully be sleeping while we spend the night in weeping and in sobbing for we never hear a rumour of the ultimate Consumer doing thus; and it makes me feel a little better, for that badly-treated fellow—well, he's out!

SUNNYSIDE BATHING FACILITIES.

Some provision should be made for juvenile bathers at Sunnyside. Last summer the scenes occasionally witnessed were not edifying, and a trifling expenditure might be obviated. The erection of a couple of canvas screens at suitable places, one for boys and the other for girls, should not be beyond the finances of the city, even at this time of monetary stringency, and would be a boon to the rising generation. This may seem a small matter as compared with the great schemes that are now in the air, but ought not to be neglected on that account.

HORSES FOR NIAGARA CAMP.

Editor World: I am surprised at the report which appeared in an evening paper of June 3 with regard to the horses supplied by me for the military camp at Niagara. It is absolutely false and very detrimental to me as proprietor of the Repository to me as stated by Colonel Hall as unit for rejected by the fact is that Colonel Hall and Major Simkins examined and passed one hundred and fifty horses which I supplied on Monday. There were only five horses rejected, in all, and these slightly too small. These hundred and fifty horses were all that could be shipped on the boat on Monday, and we shipped the remaining lot, forty-three horses on Tuesday. Thus we had only five horses rejected and one hundred and ninety-three accepted, which was much different from the version given yesterday.

Colonel Hall, Major Simkins and the officers of the various commands all stated that they never saw a finer lot of horses, and that they never had so nearly so good a lot at the camp before. We may say that while Colonel Hall and Major Simkins were stationed at the Repository examining the horses, many horses that had been hired from outside parties by individual troops were brought along here to be examined, but of course where such horses were rejected, no affair of ours whatever as these horses were simply brought to the Repository for the convenience of the inspectors. COLLEGE "GRADS" WILL REUNITE

University of Toronto Alumni Association Will Meet on Thursday. The annual meeting of the University of Toronto Alumni Association, will be held in the west hall of the main building on this afternoon, at 4.30. Sir John Gibson will preside, and it is expected that President Palmer, Professor Baird of Winnipeg, and Murray of the University of Saskatchewan, Rev. J. W. Macmillan of Halifax and other distinguished alumni will be present and give short addresses. A cordial invitation has been extended to all the graduates in the city to be present at this annual meeting to make it a reunion of graduates and a renewing of old acquaintances.

PLANNING TO TAX TOBACCO OUTPUT

WASHINGTON, June 4.—(Can. Press.)—Attorney-General McReynolds has a plan to cure some of the alleged evils of the tobacco trust, which he believes the supreme court's dissolution did not reach. It is to tax the output of the tobacco factories on a sliding scale in such a way that the big manufacturers will pay more and more as the output increases. It is said the attorney-general has talked his plan over with President Wilson, and the cabinet would shortly submit it to Chairman Simmons of the senate finance committee.

UNIONIST BY ACCLAMATION.

LONDON, June 4.—(C.A.P.)—Sir Henry Kimber has retired from representing Wauchope in parliament. The Unionist majority was considerably over 4000 and the Liberals have decided not to contest the seat. Mr. Samuel Samuel, one of the famous firm of financiers, will be the new member.

HORSES FOR NIAGARA CAMP.

Editor World: I am surprised at the report which appeared in an evening paper of June 3 with regard to the horses supplied by me for the military camp at Niagara. It is absolutely false and very detrimental to me as proprietor of the Repository to me as stated by Colonel Hall as unit for rejected by the fact is that Colonel Hall and Major Simkins examined and passed one hundred and fifty horses which I supplied on Monday. There were only five horses rejected, in all, and these slightly too small. These hundred and fifty horses were all that could be shipped on the boat on Monday, and we shipped the remaining lot, forty-three horses on Tuesday. Thus we had only five horses rejected and one hundred and ninety-three accepted, which was much different from the version given yesterday.

Colonel Hall, Major Simkins and the officers of the various commands all stated that they never saw a finer lot of horses, and that they never had so nearly so good a lot at the camp before. We may say that while Colonel Hall and Major Simkins were stationed at the Repository examining the horses, many horses that had been hired from outside parties by individual troops were brought along here to be examined, but of course where such horses were rejected, no affair of ours whatever as these horses were simply brought to the Repository for the convenience of the inspectors. COLLEGE "GRADS" WILL REUNITE

University of Toronto Alumni Association Will Meet on Thursday. The annual meeting of the University of Toronto Alumni Association, will be held in the west hall of the main building on this afternoon, at 4.30. Sir John Gibson will preside, and it is expected that President Palmer, Professor Baird of Winnipeg, and Murray of the University of Saskatchewan, Rev. J. W. Macmillan of Halifax and other distinguished alumni will be present and give short addresses. A cordial invitation has been extended to all the graduates in the city to be present at this annual meeting to make it a reunion of graduates and a renewing of old acquaintances.

PLANNING TO TAX TOBACCO OUTPUT

WASHINGTON, June 4.—(Can. Press.)—Attorney-General McReynolds has a plan to cure some of the alleged evils of the tobacco trust, which he believes the supreme court's dissolution did not reach. It is to tax the output of the tobacco factories on a sliding scale in such a way that the big manufacturers will pay more and more as the output increases. It is said the attorney-general has talked his plan over with President Wilson, and the cabinet would shortly submit it to Chairman Simmons of the senate finance committee.

UNIONIST BY ACCLAMATION.

LONDON, June 4.—(C.A.P.)—Sir Henry Kimber has retired from representing Wauchope in parliament. The Unionist majority was considerably over 4000 and the Liberals have decided not to contest the seat. Mr. Samuel Samuel, one of the famous firm of financiers, will be the new member.

The Philosopher of Folly

CABINET MAKING TICKLISH WORK

In the sizzling heat of summer will the plutocratic plumbler, the tailor and the hatter say that business doesn't matter—they won't say; the butcher and the baker and the cheese and butter maker close their stores; the skim-milk manufacturer and the builders and contractors look their doors; the middlemen and jobbers and the grocery and purveyors take a rest; the grocer and purveyor and the painters and bricklayers trip out west; these money-grabbing fellows hide their silver in the cellars and depart for the mountains or the beaches which no hot wave ever reaches, light of heart. While the rest of us are stewing, they'll be roasting or canoeing, or they'll fish; when the air is cool and breezy they'll be taking life as easy as you wish; they'll be joyfully disporting, while we hang on, hot and smothering, to our jobs; they will peacefully be sleeping while we spend the night in weeping and in sobbing for we never hear a rumour of the ultimate Consumer doing thus; and it makes me feel a little better, for that badly-treated fellow—well, he's out!

REDUCED FARES OVER MANY LINES

Hamilton, Ont., Wednesday, June 25, to Wednesday, July 2, 1913, Hamilton Jockey Club spring meeting. Georgetown, Ont., Friday, and Saturday, July 25 and 26, 1913, Drummers' Snack Club picnic. Windsor, Ont., Tuesday, September 2, to Thursday, September 4, 1913, Dominion Association of Chartered Accountants. St. John's, Que., Saturday, August 2, 1913, Canadian Canoe Association championship races.

SUNNYSIDE BATHING FACILITIES.

Some provision should be made for juvenile bathers at Sunnyside. Last summer the scenes occasionally witnessed were not edifying, and a trifling expenditure might be obviated. The erection of a couple of canvas screens at suitable places, one for boys and the other for girls, should not be beyond the finances of the city, even at this time of monetary stringency, and would be a boon to the rising generation. This may seem a small matter as compared with the great schemes that are now in the air, but ought not to be neglected on that account.

Peremptory list for appellate division for Thursday, June 5, at 11 a.m.: 1. Re Nichols v. Widdman (to be spoken to). 2. Re Ketcheson and C. N. R. Co. (to be continued). 3. Sauerman v. E. M. F. Co. 4. McQuill v. Scott.

Master's Chambers. Before J.S. Cartwright, K.C. Master. Kilmer v. Deseronto-Phelan (Ritchie & Co.) for defendant, obtained, on consent, order changing venue from Toronto to Kingston. Costs in cause. McPherson v. McGuire (two actions) —Batty (Kilmer & Co.) for defendant, moved in order to stay proceedings. W. Laidlaw, K.C. for plaintiff. Enlarged by consent sine die.

Davis v. Kelly—W. M. Hall, for plaintiff, moved for order striking out statement of defence for default in attending for examination. L. V. McBrady for defendant. Order that defendant attend at his own expense on next appointment, not earlier than 12th inst. Costs to plaintiff in any event.

Re Commercial Travelers' Mutual Benefit and Kleeper—O. H. King, for association, moved for order allowing to pay \$1000 into court. W. J. Boland for claimant. At claimant's request motion enlarged until 7th inst. Charles v. Sullivan—Wright (McPherson & Co.) for plaintiffs, moved absolute attaching order. F. Aylesworth, for garnishee. No one for judgment debtor. Order made for payment of the sums admitted by the garnishee, their costs, fixed at \$10.

Re A. O. U. W. and Bottomley—A. G. F. Lawrence, for the society, moved for leave to pay \$2000 into court, less costs of society. A. J. Thomson, for other claimants. Order made for payment in less costs fixed at \$25. Costs of society to be paid on motion, to be served, to be disposed of on motion, for payment out.

Single Court. Before Middleton, J. Re Green and Platt—E. H. Cleaver (Burlington), for vendor, moved for order declaring that an objection taken by purchaser to vendor's title has been satisfactorily answered. J. McCarthy, for purchaser. Judgment: the objection is based upon a misconception of the law. Order made. No costs.

Before Lennox, J. Re Solicitor—J. Miller, for the Law Society, obtained an order suspending the solicitor for non-payment of fees. Order not to issue for two weeks.

Tourbin v. Ager—M. J. McCarron (St. Catharines), for plaintiff, moved for order continuing injunction granted by the court, restraining defendant from interfering with life fence between properties of parties. Reserved.

Re David Willis—D. M. Grant (Innisville), for Willis, moved for a vesting order. Reserved.

Re Thomas H. McDonald—D. M. Grant (Innisville), obtained, under s. 21 of F. & A. Act, order compelling Willis to join in conveyance, she being apart from her husband, and empowering him to convey.

Trial. Before Falconbridge, C.J. Wilson v. Sanderson Harold Co. —W. N. Brewster, K.C., for plaintiff, L. Patton (Paris), for plaintiff; F. Snook, K.C., for defendant. Action by plaintiff late manager for salary for six months \$750 alleged to be due for six months salary from Aug. 21, 1912, and an account of profits, and for \$500 damages for wrongful dismissal. Judgment: there was abundant evidence supplied by Miller and by plaintiff's own admissions to justify a charge, if not of active disloyalty, certainly of a feeling of unrest and dissatisfaction, which would not be consonant with the discharge of plaintiff's highest duty to his employers, and which would reasonably lead to the belief that plaintiff's usefulness was gone or seriously impaired. It seems to me further, that plaintiff acquiesced in his own dismissal. He first put forward this claim on Nov. 19, 1912. There are, however, circumstances in the case which lead me not to impose the usual penalty on plaintiff. Thirty days' stay.

Before Lennox, J. Lewis, K.C., and H. D. Smith, for plaintiff, M. Wilson, K.C., for defendant. Action to set aside a deed from John L. Campbell to defendant, and for accounts, etc. Judgment: As to \$2000 in the Traders Bank, standing in name of deceased John L. Campbell, and the amount of the purchase price of the land in the bank account, was by his means to make a gift to the defendant in his nature testamentary. When the \$2000 was withdrawn on cheque, it was distinctly for personal use of deceased. It was not used and it must be accounted for. This \$2000 and the \$125.35 carried to credit of defendant's account, I find and declare to be money of and belonging to deceased John L. Campbell, and undisposed of by will or otherwise at the time of his death. Defendant must account for this money to the estate, with interest at 5 per cent. from 25th February, 1913. Action dismissed, so far as it relates to setting aside deed from John L. Campbell to defendant. Plaintiff has succeeded as to her other claims. Plaintiff to have her costs between each case and defendant to pay her own costs.

Appellate Division. Before Meredith, C.J.O., MacLaren, J.A. Wright v. Connell, J.A. Wright v. J. M. Ferguson for Wright. G. W. Mason for Connell. Appeal in commission of 15th April, 1913. By consent appeal in each case dismissed without costs.

Jordan v. Jordan—Plaintiff in person. S. DeLeon, K.C., for defendant. Appeal by plaintiff from order of Litchford, J., in chambers. Appeal dismissed without costs.

Re Smith—Smith—L. F. Hellmuth, K.C., and C. Ross, for executor of Bertha Hope King, for plaintiff, moved for order of the court to set aside a judgment of Middleton, J., of 18th

INVITED PRINCE TO BOYS' SHOW

But It Is Uncertain Whether Boys' Dominion Will Be Honored.

The management of the Boys' Dominion Exhibition are fertile in original ideas, as will be evidenced at their show to be held at Moss Park next month, July 11 to 14. Noting that H. R. H. Prince Albert was at Halifax and the rumor that he was to take a trip to Niagara, they conceived the idea that a visit from the boy prince to their all-boy exhibition would be an appropriate and unique event. Communications were opened up with the governor general's private secretary and continued in his suggestion with the commanding officer of H. M. S. Cumberland at Halifax. A wire was received last night stating that the Cumberland had sailed, presumably for Newfoundland, and that the prospect of the prince taking a trip inland was very uncertain.

PRINCE ALBERT LANDS TODAY.

QUEBEC, June 4.—(Can. Press.)—The lieutenant-governor of Quebec, Sir Francois Langlois, received a message this morning from the commander of H.M.S. Cumberland, that on the arrival of the Cumberland with the remainder of the cadets, will leave for Montreal and Toronto, and their way to visit Niagara Falls, returning to Quebec next Sunday.

SPIRITUAL LIFE AND POWER

TO KEEP CANADA'S POSITION

Stirring Sermon Preached by Rev. Dr. McQueen at the Opening of the Presbyterian General Assembly, Who Says Young Men Are Urgently Needed.

"If Canada is to attain and maintain a position of permanent influence among the nations of the world it is to be done, not by naval or military strength, nor by material resources, but by spiritual life and power drawn from the gospel of Jesus Christ, interpreted as Paul sought to preach it in this and other messages to men."

"If the church in Canada is to do her share of the work at home and abroad the one weapon is the word, which is quick and sharper than any two-edged sword, and must be wielded by men who are drilled and directed by the Holy Spirit, and not by philosophy and vain devices of men, after the rudiments of the world and not after Christ, and who are not prone to follow cunningly devised fables and who prefer to prophesy smooth things."

"Men who are not ashamed of the gospel of Christ and to whom it is neither a stumbling block nor a piece of foolishness are needed in our colleges and universities, and in our pulpits, if we are to make any headway in securing and holding Canada for Christ and in bringing the blessings of spiritual life and light to those who are sitting in heathen darkness at home and abroad."

"It was the preaching of Jesus Christ and Him crucified that turned the old world upside down and broke in upon age-long empires of tyrannies, and it has the same power today to deliver the world from the bondage of sin and to bring the word of the Lord to free free course and be glorified in their own hearts and minds."

(Extracts from the sermon of the Rev. Dr. G. McQueen of Edmonton at the opening of the Presbyterian General Assembly.)

In Massey Hall crowded to suffocation, and at the close of a meeting of intense spiritual enthusiasm, the Rev. Dr. Murdoch MacKenzie, for twenty-five years a missionary of the Presbyterian Church in Honan, China, was last night elected moderator of the Presbyterian Assembly, and he will have the distinguished honor of presiding at the various meetings of the most memorable gathering in the history of the church, Dr. MacKenzie was elected with great unanimity, and was conducted to the crowded platform amid the plaudits of the audience.

He was welcomed by the moderator, Rev. Dr. G. McQueen, and took charge of the subsequent proceedings.

Dr. MacKenzie, the new moderator, was born in Scotland, where Presbyterianism has thriven greatly for three hundred years. He received his education partly in the old land, but chiefly at the theological seminary in Montreal.

He has been actively engaged in the work of the denomination in that country since that time. He is well known to the church in western Canada, and has preached in many of the larger churches. He is a man of average height, of stocky build and of sturdy appearance. He wears a full beard, and is dressed in a simple, but outspoken and decisive in speech, and is clear and unequivocal in all his convictions.

His election exemplifies the general spirit of the assembly, which looks forward to a great missionary movement, both at home and abroad. The general undertaking of the work of the church at home will be considered at a great mass meeting in Massey Hall tonight, and the subject of foreign missions will be taken up at a similar public gathering on Friday night.

The ordinary business of the assembly will be considered on either of these evenings.

Power of the Gospel. The sermon of Dr. McQueen, the retiring moderator, who opened the regular proceedings of the assembly, dealt with the power of the gospel, the theme being "The Confidence of the Apostles." He is a man of the fact that the gospel exemplified the power of God in bringing about the redemption of men under all conditions and all times and in all parts of the world. The speaker interpolated many passages of great directness and spiritual force, evidently extemporized for the occasion.

Great Congregation. The pressure in the church for the service was very great. The great congregation began to gather before seven o'clock, and long before eight o'clock all the seats were filled. Practically all the delegates from all parts of Canada were present. In addition to the regular members of the congress, there were present hundreds of leading business and professional men of the city, including a number of men in public life, whose names are known to all students of Canadian history.

Dr. McQueen's Sermon. Rev. Dr. G. McQueen, retiring moderator, delivered an impressive sermon from the declaration of Paul "I am not ashamed of the Gospel of Christ." The eloquent preacher pointed out that St. Paul had a full, all-round vision of truth. He has faith in the saving power of the Gospel, and he displayed consummate skill in his epistles.

The apostle recognized the probability of men being drawn to the gospel, its most dangerous and cowardly form is to be found in the teaching and preaching that refuses or neglects to seek after and attaining the salvation what the apostle calls the Gospel of Christ.

Ethical Teaching. Rare and barren ethical teaching will never save men. It is of such that Paul says: "Then is our preaching vain?" The apostle gave irresistible arguments for the power of the Gospel. First, because it was a manifestation of the power of God. The power of the Gospel was manifested in seeking after and attaining the salvation of men. This was beyond the power

TORONTO HAS NEW ART GALLERY

Late Goldwin Smith's Residence to Be Formally Opened Today.

MANY FINE PAINTINGS

Art Museum to Inaugurate a Fund for Erection of New Building.

Toronto some day may have an art gallery equal to Tate's or the National in London, that is, if the plans of the Art Museum should materialize. This afternoon The Grange, where the prints and paintings of the late Dr. Goldwin Smith are being held, will be formally opened by Sir John Gibbon. It will be the first time that the public has been given an opportunity to view the interesting collection.

All the paintings of the Boulton family and the late Goldwin Smith, some of which have been in the historic house for nearly a century, are hanging on the walls of the rooms on the east side of the Grange, which was the residence of the late eminent publisher to the Art Museum, and Sir Edmund Walker is president of the Art Museum.

The Art Museum was incorporated in 1890, but has been a dead name, except for its keeping a memorial to the late Col. College street. The house, grounds and pictures, according to the will, will remain in its keeping until the museum is ready to receive them, and there will now be a fund for the erection of a new building.

Growth of a Great Idea!

How the Hoberlin Tailoring System Has Changed Older Methods—Metropolitan Ideas Brought to the Smaller Cities and Towns—Higher Type of Ready-Made Clothing.

A PEEP INTO THE PAST

Since man emerged from the savage state, and began to clothe his body, the making of men's outer garments has been entirely in the province of the custom tailor. As every important industry, there came a tendency to centralize production—to economize. This resulted in the production of ready-made clothing. This industry progressed rapidly—its appeal was to the pocketbook. Economy was its vital argument. But for various reasons large scale production proved inadequate. Owing to the divergence in patterns and styles and tastes, it was impossible for merchants to carry large enough assortments to suit everybody. And there remained also the inherent desire in every man, young and old, to wear clothes made to his order. For various reasons, however, this desire for a better and higher type of ready-made clothing has not been satisfied.

What Has Been Accomplished. During the years which have passed, we have done much to improve the older system of tailoring to meet the needs of the masses, as well as to force a better and higher type of ready-made clothing upon the manufacturer.

Our aim has been to fit men who dress well with strictly "individually" cut garments, bringing to the smaller cities and towns of the Dominion the metropolitan ideas in style and fabric, at moderate cost.

Our own designers make regular visits to the great fashion centres, there to gather ideas and thought, the latest phases of tailoring, to employ in a wholesale way the most capable cutters and tailors, we have our own foreign and local buyers, and we fit every type of man from "Individual Measure." The dealer who handles Hoberlin tailoring not only has advantages in fashion and fit, but also in the immense number of patterns and fabrics for his customers' choice.

In Hoberlin made-to-measure clothes the customer secures all the latest style points in vogue at the time of his order. The phenomenal growth of our business demonstrates conclusively that the demand for honestly tailored, and perfectly fitting garments at reasonable cost is continually increasing, and provides a profitable field of business for the aggressive retail dealer in the smaller towns and cities of the Dominion.

We are now considering applications for a hundred new agencies in every part of our territory for our fall and winter lines, which will be ready for shipment the first week in July.

In the opinion of the jury which investigated the death of two-year-old Albert Brennon, who was killed on Bleecker street last Friday night by a motor car owned by R. P. Gough, while listening to an organ-grinder, street organs should be prohibited in Toronto.

Miss Carrie E. Anderson of Woodstock won the Kent Gold Medal for general proficiency and high standing in final examinations at the graduation exercises at the Hospital for Incurables yesterday. The silver medal for second standing was won by Miss M. Serman of Toronto.

Mrs. A. D. Smith, a lady delegate from Drayton to the Presbyterian Convention, staying at 199 Robert street fell from a southbound Belt Line car last night and broke her leg in two places. Dr. Hendrick attended the woman and had her removed to the General Hospital in a private ambulance.

James Burt, 67 Osler, and two friends were celebrating on the railway tracks at the foot of Tecumseh street last night when Burt got his foot in the road of a train and it was cut off. The two friends quickly disappeared when they saw Burt injured. Constable Jones rendered first aid and had the man removed to St. Michael's Hospital.

Contrary to expectations the board of police commissioners did not deal with the raise of pay at the meeting yesterday afternoon. Sergeant Reeves was given charge of the party of four constables to go to England to study the manner in which traffic conditions are handled there. Constables Bolton, Paget, Parrish and Hill were the men chosen to accompany him.

### Aboyeur at 100 to 1 placed First in the Epsom Derby

## FAVORITE FIRST IN EPSOM DERBY AND IS DISQUALIFIED

### Jockey Reiff on Craganour Bumped Throat Race, Which Was Given to Aboyeur, a Rank Outsider—Suffragette Deliberately Grasps Rein of King's Entry and Will Likely Die.

EPSOM, England, June 4.—Today's race for the Derby, the blue ribbon of the British turf, was one of the most sensational on record. It was made memorable by a daring militant suffragette outrage, in which a woman was terribly injured while trying to stop King George's horse, Anmer, when he was running at full speed around Tattenham Corner; by the disqualification for bumping of Craganour, the favorite, after he had passed the winning post first, and by the award of the race, with its valuable stakes of \$25,000, to a rank outsider, Aboyeur, a 100-to-1 chance. Louvois, 10 to 1, second. Great sport, 100 to 6, third.

King George, Queen Mary and a large assembly of royals were witnesses of these exciting incidents, which caused something like consternation among the immense crowds brought together by the openness of the race and the fine weather.

While the interest was at its most tense point, just as the first horses were turning Tattenham Corner into the stretch for home, a woman rushed out in front of Anmer and another horse, and tried to interfere with the progress of the race by seizing Anmer's reins and endangering not only her own life, but also two jockeys'.

**Suffragette Assault.**  
Fortunately, the consequences of the woman's action might have been more serious. Agadir, on whose back was the jockey Earl, passed by in safety and unhurt, but the woman managed to cling to Anmer's reins, and brought down both horse and rider. The result was that the king's jockey, received injuries necessitating his removal on an ambulance, while the woman was thrown under Anmer's hoofs and terribly kicked. She was taken to a hospital, and is now in hospital, suffering from severe injuries to her head. Suffragette papers are said to have been found in her possession, and a suffragette flag bound round her body. Her name was given as E. Davison, and her age as 35 years.

Jones, the jockey, suffered from a nasty cut in the head, but his injuries otherwise were not serious.

Meanwhile the race had come to a conclusion with an exciting struggle and a close finish. It was announced that Craganour, the favorite, had won. Almost immediately the crowd, which had surged over the track, heard with amazement that an objection had been raised, and after many minutes of suspense it was announced that the race was a rank outsider, Aboyeur, who had won all the running and led through the race, except at the winning post.

**For Reiff's Interference.**  
It was stated that the owner of Aboyeur had raised no objection to the winner, but that the stewards of the club had initiated an enquiry into the running. It is almost unheard of for any objection to be raised in the middle of the Derby. The last occasion was in 1844.

An appearance of blank astonishment came into the faces of the anxious crowd, while the people were kept wondering what would be the result of the stewards' enquiry, and considering the possibility of the race going to an outsider. The stewards' decision brought about an extraordinary contrast to the scene of enthusiasm which had followed the putting up of Craganour's number.

The stewards stated this evening that they did not disqualify Craganour simply for bumping during the latter part of the race, but because they were satisfied that Johnny Reiff, the jockey on the favorite, had unduly interfered with other horses through a greater part of the race.

In the race, it is said by experts, there was a remarkable amount of unfair if not foul riding, and this year's Derby is regarded as one of the most unsatisfactory in the history of the event.

**Unlucky Owner.**  
The racing career of Craganour's owner, C. Bower Ismay, who is a brother of J. Bruce Ismay, has been crowded with bad luck. The stewards recently ruled his trainer off the course for complicity in unfair riding. The general public upholds the judges in their disqualification of the horse.

There was a record attendance, an unusual feature being the advantage taken of the motor bus as a means of locomotion. Many of the spectators were characterized by aristocratic parties at a cost of \$22 for the day, and they served as miniature grandstands.

A third sensational incident of Derby day occurred in a later race, when the bay colt Reiff broke his leg at the finish, directly in front of the grandstand, gave his jockey a bad fall and had to be killed in the presence of the king and queen.

After such an exciting afternoon the

### BOWLERS OFF TO ENGLAND

The Canadian law bowlers, who are to play a series of games in England, Ireland, Scotland and Wales the next two months, left the city yesterday for Montreal, where they play a final game today prior to sailing for the old country. They were given a royal send off as their train pulled out of the Union station at 1:30 p.m.

### WESTERN CANOE ANNUAL REGATTA

### To Be Governed by Representative Committee—New Clubs Join.

The annual meeting of the western division of the Canadian Canoe Association was held last evening in the Toronto Canoe Club rooms, and the secretary was able to report that last year was one of the best in the history of the organization. The phenomenal growth of this branch has been very gratifying, and now they have succeeded in becoming the second largest member of the parent body.

Commander R. Wilson was in the chair, and several members of the executive, including Secretary Dolan, were present. The following delegates were present: Messrs. Ross and Wolan, Beach Canoe; Longstaff and Gall, Parkdale C. C.; Levens and Sylvester, Toronto C. C.; Charles and Lloyd, Kew Beach A. A.; Haywood, Island A. A.; Ryan, Gravenhurst C. C.

A vote of thanks was tendered to Commander Ryan and the Gravenhurst C. C. for the able way in which they conducted the regatta last year. All the officers were re-elected by acclamation.

The committee to have a committee from each of the clubs govern the regatta this year, instead of any one club governing as in the past. This was passed upon after the suggestion had been made that the regatta be run on the Hamilton Memorial course at the island. It is all probability this course will be the place it will be held on, providing the executive can secure the necessary assistance from the following clubs: Mr. Levens, T.C.C.; R. G. Ross, B.C.C.; Mr. Longstaff, P.C.C.; and already on Saturday, July 13, the regatta will be held on the island. It is a rider that they would like them to be given a chance to be held at the Dominion Day Regatta in this town, and he will likely send an application to the regatta committee at the next executive meeting will be held on July 13.

### NEW AMERICAN POLO TEAM TO DEFEND CUP

NEW YORK, June 4.—American polo team which will defend International Cup at Meadowbrook next Tuesday will line up as follows: No. 1, L. E. Stoddard; No. 2, Devereux Milburn; No. 3, Foxhall Keene; back, Malcolm Stevenson. A more sweeping change in the line-up of the cut-throats could hardly have been made. Not only have three members of the crack team of 1911 been entirely eliminated from this year's team, but Devereux Milburn has been shifted from back to No. 2. Harry Payne Whitney's resignation as captain is implied by the announcement that Foxhall Keene will succeed him both as captain and at No. 2. Both the Waverly brothers have gone by the board.

### SOLD FARM RATHER THAN PAY COW TAX

ASHEVILLE, N. C., June 3.—Rather than violate a vow not to pay a cow tax of \$75, a local dairyman today sold his \$25,000 farm for \$15,000.

### UNIVERSITY OF TORONTO ALUMNI ASSOCIATION.

The annual meeting of the University of Toronto Alumni Association will be held in the west hall of the main building on Thursday afternoon, June 5, at 4.30. His Honor Sir John A. Macdonald, president, and it is expected that President Falconer, Prof. Baird of Winnipeg, President Murray of the University of Saskatchewan, Rev. J. W. Macmillan of Halifax, and other distinguished alumni, will be present and give short addresses. A cordial invitation is extended to all graduates in the city to be present at this annual meeting and make it a reunion of graduates and a renewing of old acquaintances.

### CARPENTERS THREATEN STRIKE

BRANTFORD, June 4.—(Special).—Brantford carpenters following the demands made upon the builders' exchange, threaten to strike if a nine-hour day is not granted. Demands of the union, which include a wage of 35 cents per hour, have been granted, but the nine-hour day is a matter of contention. This week the carpenters laid down their tools after nine hours' work, but the builders claim the matter is not settled.

### The Blake Split Cane Rod

Because he was so well pleased with the rod we made for him four years ago, Mr. W. H. Blake of the legal firm of Blake, Lash & Cassels has given us permission to name this excellent rod after him. He claims it to be the best he has ever known at the price—\$10.00.

The Blake Rod weighs five ounces, and has no recurve. Mr. Blake highly recommends this rod, and already this season we have sold several of them to Mr. Blake and his friends.

### COACHER AT THIRD IMPORTANT FACTOR

Joe Tinker Points Out How Quick and Keen Judgment Wins Close Games.

Joe Tinker of the Cincinnati Reds says there are ten men in a game of baseball. To the nine who hold regular positions Joe adds the coacher at third base, and asserts his role is every bit as important as that of any of the others. Of course, there are only nine on the side that is in the field, but the side at bat, according to the new manager of the Cincinnati Reds, is incomplete without a smart ballplayer in the box a few feet from the third-base line.

"I don't consider the first-base coacher a very important person," says Joe. "He may be of some account in catching signs or in disturbing a pitcher, but he has only to take care of the runner at first base, and that runner is in a position to take care of himself. But the man over at third must be alive and numerous battles have been won because the third-base coacher knew when to have the runners take chances, and innumerable battles have been lost because 'home' coachers held up runners or made them go ahead at the wrong time.

"With the Cubs we were always particular about our coachers at third base when a game was tight. I remember one occasion last spring. We were tied up to the eighth inning, and we got a man to second base with two out. King Cole was coach at third.

Where it Won a Game.

"Some of us said to Chance, 'Will he know enough to send him in?' Meaning, had Cole enough experience and knowledge of the game to coach the runner all the way from second on any sort of a hit. Chance immediately called Cole to the bench and sent out Artie Hofman in his place. The batter hit a ground ball to the infield. It was tumbled momentarily, and the play was made to first

### "TIFCO" BOWLING BALL

This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy and is absolutely guaranteed. It is cheaper than any other reputable patent ball, and complies with the rules and regulations of the A. B. C.

All first-class alleys are putting these balls on. Try one on the alley where you roll and you will never roll any other ball.

The New York club might have won two straight pennants without his advice, but I have seen lots of close games copied by his team because he knew how to coach.

Roger Bresnahan, the Cubs' new acquisition, always endeavors to shield his young pitchers from whatever cases of rattles may be induced by the conversation of coaches at first and third bases.

"Whenever I catch a coacher trying to upset my pitcher," Roger says, "I do not encourage him to my man as loudly as I can. And I usually succeed in drawing out the coacher."

No one doubts this latter statement, for Roger certainly can make a noise when he wants guaranteed. It is the antithesis of John Kling. John usually talks, but his remarks are plain-speak my pitcher," Roger says, "I do not encourage him to my man as loudly as I can. And I usually succeed in drawing out the coacher."

### CANADIAN CIRCUIT OPENING AT DUFFERIN PARK YESTERDAY

Walter F., Larabee Gyp and Yankee Bingen, the Winners—Denver, Col., Horses Rella E. and Rippy, Both Favorites, Badly Beaten—Good Classes For Today's Program.

The Dufferin Driving Club could not have been favored with better weather for the opening of their Canadian Circuit race meeting yesterday at Dufferin Park, and a fairly good number of enthusiasts turned out to see the trotters and pacers perform. The racing was spirited throughout, and some exciting finishes were seen. The 2:30 class pacing stake and the 2:18 trot were the main events on the card, which also contained a race for matinee horses. The good-looking bay mare, Rella E., by Searchlight (2:08 3/4), from the stable of the Denver horseman, Geo. H. Estabrook, was the favorite for the pacing stake, and the brown stallion, Rippy (2:18 1/4), by John A. McKerron (2:04 1/4), from the same stable, the choice of the talent in the trot, but both failed dismally. Walter F., a rangy-looking bay gelding, by the Western Ontario stallion, Simon, a son of Sidney, captured the long end of the purse in the pacing stake in straight heats, with the local mare, Victoria Poem, owned and driven by Dick Scott, always the next best. Jimmy Nesbitt, another local horseman, landed the opening heat of the trot with his mare, Silver Tail, and, altho she raced well in the succeeding heats, she was unable to beat the Lebanon, N.H., entry, Larabee Gyp, that won the second, third and fourth heats, after trailing Silver Tail until well into the stretch in each heat. Yankee Bingen had no trouble winning the race for matinee horses in straight heats. A prominent harness enthusiast from many outside points was in evidence, and speculation ran high in the auction pool box, which was manned by Billy and George Pith. A regrettable feature, however, was the presence of a gang of notorious touts from across the border, who operated among the unsophisticated. Their work was held in the extreme, and unless they are suppressed the reputation of the club will suffer. The summary: Union Stock Yards Stake, 2:30 pace, \$1000: Walter F., b.g., by Simon; W. F. Fortune, Port Arthur (Kell), 1 1 1; Victoria Poem, g.m., by Poem; R. Scott, Toronto (Scott), 2 2 2; Little Alfred, br.g., by Red Elk; T. H. Brownlee, Ottawa (Newell), 4 4 4; Brown Hal, br.g., by Star Hal; Jas. Smith, Toronto (Smith), 3 4 5.

### LONG SHOTS WIN AT BLUE BONNETS

Montreal Owner Lands Two Races With Corn Broom and Lindستا.

### LUKOLA WINS 'CHASE

Good Attendance, Better Racing and Fast Track on the Second Day.

MONTREAL, June 4.—The second day of the spring meeting of the Montreal Jockey Club saw another complete upset for the talent, as the favorites were topped over one after another. The handicap for 3-year-olds and up, which was the feature of the afternoon was won by Upright, a 20 to 1 shot, while Lord Wells, at the same price won the sixth race. Two events were won by Charles S. Campbell, the local owner, when Corn Broom finished in front in one of the events for 2-year-olds and Lindستا won the other event for Canadian owned horses. The attendance was well up with that of opening day, while there was a big improvement in the racing and weather conditions. The track was fast and the sun was out most of the afternoon. ### Ornament Colt Wins The Juvenile Stakes

BELMONT PARK, June 4.—This was the kindergarten day at the races, for the feature was the historic Juvenile Stakes. Jimmy Butwell piloted E. F. Cooney's chestnut colt, Punch Bowl, by Ornament, out of Aigle M., to an easy victory after a fine start. The Cooney colt was a hot favorite among the oral bettors who, despite the vigilance of police and special officers, find no difficulty in placing wagers. There were about 4000 people at the track, and the card was well balanced throughout. Summary: FIRST RACE—Selling, for 3-year-olds and up, 7 furlongs: 1. # Leaf's Sport Double-Leaver with the Hustlers: WIN FIRST 4 TO 3 LOSE SECOND 6 TO 2

## ROCHESTER REPAIRS WITH THREE OUT OF FOUR GAMES OF SERIES

Leaf and Hustlers Divided Double-Header Yesterday—Brant Was Hit Hard in Second—Good Solid Hitting Gave Kelley's Men Victory in First Battle.

John Ganzel and his Hustlers are gone and with 3 games out of four tucked away in their hat. The Leafs nosed out Rochester 4 to 3 in the first game of the double bill yesterday, but the men from the south shore took kindly to the offerings of Brant, and had no trouble in winning the late fixture, 6 to 2.

The first game was a real treat for the regulars. The Kelley Band came thru with some old time hitting after being in the rear, and drove in enough runs in the sixth to win the game. Three doubles and a single were crowded into this session, and it was real lively.

Fitzpatrick pulled up lame after chasing a fly and let Trout finish out the game in centre. Front also went the route in the second battle, and supplied a timely hit that paved the way for a run. He handled himself nicely and showed a nice turn of speed on the path.

The umpire came in for a lot of roasting from the fans for the poor work on the day before, but they conducted themselves in a fashion yesterday. The official announcer was absent, and when the umpire tried to announce the batteries and the changes, the crowd kept up a running fire of comment, and it was impossible to hear the names.

This was as it was, and the game was a Johnny Lush was on the firing line for the homesters, and was hit rather freely at times. The good solid hitting of the Leafs in the sixth made up for this, and he finished the game with something to spare.

The Hustlers were up to their old trick of jumping right in with some wallop. Martin opened with a double, and whenaddock followed up with a single, it looked blue for Toronto. Fitzpatrick saved the day when he gathered in a fly and nipped Paddock at the plate. It was a smart piece of fielding. Lush retired the side without trouble.

A free ticket to Jackkitch to start the fifth proved for few men. The Leafs supplied a safety, only to be forfory by a one-run game. The Hustlers and Conroy worked a double steal, and the bases were full when Irelan walked Lush out. A fly to centre and a right fielder let Schmidt score. Hughes ended it by fanning. It was a good session to pull leaf of with only one run.

A clean single, a scratch hit and a force out scored Rochester's third and last run of the game. The Leafs were left in the second innings Jackson Blasing hard, but he was seen by men on bases and twelve of the locals were left. In the second innings Jackson Blasing hard, but he was seen by men on bases and twelve of the locals were left.

Good Solid Hitting. Ganzel used pinch hitters, pinch runners and three pitchers to try and turn the tide, but he was not successful. He started for Rochester and got himself into hot water in the very first session. A good wallop would have made at least two runs for the local tribe, but Hughes got out of the woods safely. O'Hara held a double in the second, but Jordan and Northern got walks. Hally rolled out in the second and third. A double play killed the Leafs' chances a run in the fifth, but kept the Hustlers from hitting.

The sixth inning was a real treat for the Hustlers, and with Brant unable to puzzle the Hustlers, it was easy sailing for Ganzel. He was able to make a few changes and put Priest in at shortstop. Hally rolled out in the second, and O'Hara's return of his hit. Bradley threw badly on Simmons' roller to start the sixth, and before the smoke had cleared away Rochester had two more tallies. Three singles helped to do it.

Two singles gave Rochester their sixth and last run in the 9th with Brown on the rubber. For Toronto, Brant retired to let Schultz bat for him in the seventh.

Trout's single, a passed ball and Ganzel's clean one gave Toronto the lead. In the eighth, O'Hara's hit, Bradley's error, and Jordan's ingress outter to right let in run number two. The battle ended 6 to 2 for Rochester.

PILE UP ENOUGH EARLY TO DOWN THE BROWNS. WASHINGTON, June 4.—It required but one inning today for Washington to defeat St. Louis, the final score being 6 to 2. The locals drove Wellman from the box in the third, and made a perfect day at bat, making a single and working a base for four bases on balls. Score: St. Louis, 2; Washington, 6.

Two base hits—McAllister, Henry. Three base hits—Ganzel, Hally. Hally, 7 in 21-3 innings; off 3 men; 5-2-3 innings. Sacrifice fly—A. Williams. Stolen bases—Annie, Lohert, Miller, Gandil. Double plays—Walsh, Pratt and Brier. Baserunners—Pratt and Brier. Caught stealing—Ganzel, Miller, LaPorte, McBeide and Henry. Sacrifice base—St. Louis 9 in 6 innings. First base on error—Washington 3. First base on error—Washington 3. First base on error—Washington 3. First base on error—Washington 3.

WASHINGTON, June 4.—It required but one inning today for Washington to defeat St. Louis, the final score being 6 to 2. The locals drove Wellman from the box in the third, and made a perfect day at bat, making a single and working a base for four bases on balls. Score: St. Louis, 2; Washington, 6.

## BRANT HIT HARD IN SECOND

ROCHESTER, June 4.—Brant was hit hard in the second game of the double bill yesterday, as he was in the first. The Hustlers were up to their old trick of jumping right in with some wallop. Martin opened with a double, and whenaddock followed up with a single, it looked blue for Toronto. Fitzpatrick saved the day when he gathered in a fly and nipped Paddock at the plate. It was a smart piece of fielding. Lush retired the side without trouble.

PERCY HASWELL WILL BE A BOY

Clever Comedienne Takes the Leading Part in Pinero's "The Amazons."

GOOD THING AT SHEA'S

Lyman H. Howe's Famous Pictures Will Be Shown at Grand.

That a girl is still a girl, even in boys' clothes is the proposition Sir Arthur Pinero sets out to prove in "The Amazons" which Miss Haswell will present at the Alexandra Theatre next week.

The Bonstelle Players in "The Fortune Hunter" will play the part of the particular girl, Ledo, Tomasine Beltrubet, better known as "Tommy," and it goes without saying that this clever comedienne will be irresistibly amusing in boys' clothes.

Successful have been the previous productions of The Bonstelle Players at Shea's Theatre this summer. "The Fortune Hunter," Winchell Smith's greatest comedy that is being given this week, has exceeded everything yet seen in Toronto in summer stock.

At the Star. The favorite comedian, Tony Kennedy, will be with us again having been secured by Miss Blanche Baird and her Big English Folly Burlesque Stock Company.

U. C. C. SHOULD STAY CLOSE TO TORONTO

City Deserves Benefit of Expenditure of Million Which Growth Has Created.

Upper Canada College is incurring some criticism for its reported desire to leave this city. It is generally felt that the college should locate in some section a little north of Toronto, along Yonge street, where several institutions have gone and have secured low-priced sites with proximity to the city.

ANNEXES SHOULD BUY THEIR WAY

Ald. Wickett Wants Legislation For His Local Improvement Plan.

Ald. Wickett, chairman of the transportation committee, had a conference with the board of control upon annexing districts upon the local improvement plan. He explained that the offer of the owners of Leaside to bear the full cost of certain local improvements would not have been binding, because there was no provision in the Municipal Act for it.

REAL ESTATE BOARD BEING PROMOTED

Proposition Being Forwarded and Local Board May Be Included in National Association.

If interest at present displayed crystallizes into organization work, Toronto may have a real estate board by the end of July, one included in the National Association of Real Estate Exchanges, which holds its annual convention in Winnipeg on July 28, 29 and 30.

A short time ago J. Adair Gibson, of Gibson Bros., met the executive secretary of the national association, Thomas S. Ingersoll of Minneapolis, and conferred with him regarding the proposed real estate board.

Individually, as in Toronto, the real estate men are far from being a force in civic affairs, the more known better the good effect of wise measures and the dire results following a civic system of parsimony or extravagance.

The local feeling is against an exchange involving the multiple system of listing and exclusive agency. They favor a board to be in control of the ethics of the business, the commissions to be rigidly adhered to, and the promotion of better civic government.

The proposal, the secretary of the national association will come here and explain in detail the workings and organizing of a board. Mr. Gibson has taken upon himself the task of getting the thing started, and realty men interested should get in touch with him.

Some of the agents who have replied to the letters sent out have expressed the following opinions:

A. G. Strathy, Limited, say that there is already a charter taken out for a real estate exchange, the incorporators of which are F. J. Smith, Pearsons, themselves, and two other firms. The charter is a broad one, and it has been the intention for some time past to call a meeting of the recognized real estate men and organize an exchange. The trouble seems to have been in the past that everybody has been too busy to take the matter up.

E. B. Rice & Sons think a board would be an advantage, but any board would embrace the element of curb which would not appeal to them. The idea starting some time ago for the purpose of listing properties did not appear attractive.

Robins, Limited, say the idea appeals to them. They think the organization might have weight in the betterment of Toronto in some general movement, provided membership was restricted to the best real estate houses.

H. H. Williams & Co. would be pleased to hear Mr. Ingersoll (National Association secretary) as to what the real estate exchanges have accomplished in the various cities where they have been organized and operating for a sufficient time to prove their efficiency. Frank McLaughlin thinks the proposal excellent, and the board some- thing needed in Toronto for a long while. He believes the realty men should get busy at once.

MONTREAL STOCKS RALLIED AT CLOSE

Period of Liquidation Was Lively But Comparatively Short-Lived.

MONTREAL, June 4.—The liquidation period thru which the local market passed today was shorter and less drastic than on either Friday or Monday, and after depression in the first hour, leading stocks under the influence of the sold-out position of the market and the buying demand promoted by the further weak began to show improvement. The improvement was aided in the afternoon by C. P. R.'s recovery of over three points from the morning low and a six point recovery in Montreal Power on the announcement that the new stock issue was to be made at par. The result was a steady rise, which was fairly steady to the close, with a rally in leading stocks like C. P. R., Montreal Power, Textile, Brazilian, Richelieu and Toronto Rails finished the day with net gains from Monday's close, ranging from fractions up to 1 3/4 points.

MARKED IRREGULARITY.

The improving tendency in the leaders was not extended to any degree to the rest of the market, and the close showed a good deal of irregularity. Sharp drops with only moderate recoveries were recorded among some of the less active issues. Laurentide and Covert shares were conspicuous features in this respect. The former opened 12 points lower at 18 1/2, declined another point and rallied back to 15 1/2, finishing up the day with a loss of five points. Covert fell from 12 1/2 to 12 and closed weak. Shawinigan broke 1/2 to 12 1/2 and closed at 12 1/2, rallied only a point, Tuckers to 40.

SNOW'S REPORT.

Snow's estimate of acreage present condition indicates a crop of 32,000,000 bushels, or 504,000,000 bushels on basis of government estimate. Spring wheat acreage is estimated at 18,575,000 acres, or 632,000 less than last year. Condition 92, against 95.3 last year. Indicated crop of 250,000 bushels. Acreage of oats 361,816 acres, or 500 stand this, starting poorly in Ohio and Missouri Valley, due to late seeding. In Nebraska and Northwest the crop is late, but weather conditions have been very favorable since seeding.

MAKE YOUR DREAMS COME TRUE.

King's Quicksilver Points the Way, for King's Quicksilver Mine is the Richest in California.

In this world there are three kinds of men—dreamers, hard-heads, and the Astors, Vanderbilts, Rockefellers and the men of mark. This latter kind of men are merely the happy combination of the former two—men with heads and iron wills, able to make their dreams come true.

If you are a dreamer, you may have dreams the equal of those of Newton, Edison and Wright. If hard-headed, you may have the sagacity of a Gould, a Morgan or Rockefeller himself. But there's a difference—you don't accomplish! Why? Simply because you have not learned how to make your dreams come true.

Why NOT START RIGHT NOW TO MAKE YOUR DREAM COME TRUE? You can back it up with common sense and courage. You can own property and get in on that unearned increment which sets the pace for all the world's increasing wealth.

Owing to the material decrease in the output of quicksilver available for consumption and the increasing demand for that produce, an investment in a good producing quicksilver company offers an extraordinary money-making opportunity.

Based upon thorough knowledge of the ore and geological conditions in the King's Quicksilver Mining Company, our opinion has been that this property will prove the greatest and richest mine in the State of California.

GRADUAL RECOVERY IN LAST HOUR AT N. Y.

Erickson Perkins & Co. (J. G. Beatty) wired at the close of the New York market that the selling pressure in stocks had subsided shortly after midday, and there was a gradual recovery, which became more rapid in the last hour.

LITTLE MOVEMENT IN MINING SHARES

No Enthusiasm and Actual Offerings Scarce—Market Had Quiet Day.

Mining stocks passed a comparatively quiet period on the Standard Exchange yesterday. The bigger market was active and a depressant on bullish sentiment, but except for Hollinger readers are largely interested. Montreal was no palpable weakness. Hollinger reacted to \$16.25, a loss of almost a dollar a share and Jupiter was forced down close to 40.

AMERICAN ATTITUDE TO CANADIAN PULPWOOD.

Canadian pulp and paper men are following with the closest attention the tariff controversy in Washington. The remarks of Mr. Hammond of Minnesota are being frequently commented upon by Canadian paper men. Speaking at Washington recently Mr. Hammond said: "We have to look to Canada for paper and must treat that country well of our paper will cost us a good deal more than it does at the present time. We are at the mercy of Canada with regard to pulp and paper, and we must remember that we import from this country over 1,000,000 tons of wood every year. We also import large quantities of ground wood from Canada."

TORONTO TAXES FOR 1913.

The deputy city treasurer gives notice that the tax bills for 1913 are now in course of preparation, to be distributed according to law. But for the convenience of ratepayers who own various properties, and agents, companies, etc. in charge of estates, the deputy city treasurer, who will be furnished with lists, will cause the bills for such properties to be delivered at such address. The lists must be sent to him not later than Wednesday, June 11. After that date, the deputy city treasurer cannot undertake to furnish the bills, as they will then be in the hands of the tax collectors, who will be engaged in the work of delivering them throughout the city.

PARTICULARS OF BUSINESS

The Company has been organized to buy, sell, lease or operate, as principal, agent or trustee, moving picture theatres and other kindred projects, and (b) to manufacture, buy, sell, trade or deal in films, machines, equipment, furnishings, decorations and other theatrical apparatus, and (c) to do all other such things as may be found necessary to the welfare of the business.

Arrangements have been made to acquire the "Why? Theatre," situate at 622 Bloor Street West, Toronto, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house has a seating capacity for 325 patrons, is beautifully appointed, very favorably leased, and nets an average profit of \$4,425.00 per annum, or over 20 per cent. on the total investment.

Arrangements have been made to acquire the "Bohemian Theatre," now being constructed at 350 Yonge Street, Toronto, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house will have a seating capacity for 600 patrons, is equipped after the fashion of the best European houses, operated under a favorable lease, and net an average profit, it is estimated, of \$10,000.00 per annum, or 50 per cent. on the total investment.

Arrangements have been made to acquire the "Teck Theatre," now being constructed at 708 Queen Street East, Toronto, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house will have a seating capacity for 900 patrons, is approvingly equipped to meet the needs of that section of the city, operated under a favorable lease, and net an average profit, it is estimated, of \$10,000.00 per annum, or 50 per cent. on the total investment.

Arrangements have been made to acquire the "Orpheum Theatre," Cobalt, Ontario, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house has a seating capacity for 450 patrons, is suitably equipped to invite the interest of a mining community, will be purchased outright by the Company, and net an average profit, it is estimated, of \$6,500.00 per annum, or 33 per cent. on the total investment.

Arrangements have been made to acquire the "Grand Opera House," St. Thomas, Ontario, for the sum of \$20,000.00, payable in shares of the capital stock of the Company at par. This house has a seating capacity for 1000 patrons, is being re-equipped and re-decorated, is operated under a favorable lease, and will net an average profit, it is estimated, of \$10,000.00 per annum, or 50 per cent. on the total investment.

It is intended to amalgamate a number of the most profitable theatres in Ontario, accepting only those houses enjoying unmistakable locations. Moving pictures are rapidly proving to be even more profitable, investment considered, than the telephone, sewing machine, gramophone or cash register. Subscriptions may be made on the annexed form, subject to the prospectus. Address all communications to AMALGAMATED MOVING PICTURE SHOWS, LIMITED, Telephone Main 487, 58 Colborne Street, Toronto, Ont.

FINANCIAL DEPRESSION

During the present period of financial pressure mining securities have again demonstrated their stability in comparison with industrial and other securities. Mining shares being mostly bought outright are not subject to attacks for the purpose of distorting margins, while they are equally as responsible for dividend returns as a large number of highly inflated industrials. Whether you desire to buy mining shares for investments or speculation, we shall be glad to submit our list which will best serve your purpose.
