ment invites the house to go into com-

mittee of supply, and the invitation is

Politely Bored.

In committee both sides appear to be frankly bored. A certain number of es-

timates are passed, the opposition faintly childing. But the government

amiably courteous, does not press its advantage. The opposition lady, hav-

ing accepted the invitation of the gov-ernment gallant to take part in the

minuet, is not permitted to become fatigued. The house adjourns with-

out being asked the genial minister of public works, always attired after din-

ner in evening dress, usually moves the adjournment. Is there anything going on behind the scenes while the parliamentary players, with such evi-

den lassitude, lag superfluous upon the

Aimless Drifting.

NOTHING SHORT OF A SCANDAL

London Financial News Says Dominion Government Should Intervene and Obtain So me Satisfaction for British In- INSURANCE RATES MAY vestors Who Lost Their Money.

LIONDON, Feb. 4. — (C.A.P.) — Commenting on the statement of R. J.

McLaughlin, K.C., chairman of the committee of creditors appointed by the court in Toronto to deal with the affairs of the Imperial Loan & Investment
Co., The Financial News says that the position from the point of view of the British debenture-holders is developing into nothing short of a scandal of the first magnitude, and that the Dominion Government, in its own interest, ought

really to take some steps in the affair.

"We understand," says The News, "that as a matter of fact the late Lord Strathcona expressed his regret at being unable to do anything, but the Dominjon Government itself might surely deal with the matter by means of an effort to obtain some satisfaction for those people who have lost money in this affair, and who are consequently greatly incensed at having been 'let down' by and stoppages of the water supply, business of a stamp that is almost unique in Canadian financial history. Just because it was so unique, just because it was calculated to do so much damage the theme dealt with by Dr. Ernst Von Dobschutz, professor of New Testament Exegesis of Halle University, is all the more peremptory."

George Carter Celebrated His. Seventy-Third Birthday Last Week.

NEWS OF EARLSCOURT

Various Ratepayers' Associations Plan Meetings-Other News of the District.

George Carter of 36 Ascot avenue, Earlscourt, for the past twenty years county constable of the County of York, celebrated his seventy-third birthday on Friday last, the occasion being taken advantage of by the members of his family to the number of thirty-eight to pay him self and wife a surprise visit on that

of Mr. Carter's sons and their wives and families are: Mr. and Mrs. J. Carter and family, Mr. and Mrs. W. Carter and Master Harold Carter, Mr. and Carter and Master Harold Carter, Mr. and Mrs. Walter Carter and family, Mr. and Mrs. Fred Carter, Mr. and Mrs. Alfred Carter. Also present: Mr. and Mrs. H. Waters, Mr. and Mrs. S. Borden, Mr. and Mrs. Shipley, Leonard, Bert and Christopher Hunt, Miss Bessie Hogg, Miss Ruby Hogg, Mrs. Cox, Mrs. Alice Eastman, Percy Dobbin and A. Morris. Many other friends and neighbors also called during the earlier part of the day to exduring the earlier part of the day to ex-press their good wishes for many happy

Mr. Carter, in an interview with The World, stated that he came from Dorsetshire, England, as a young man, and has lived in the Earlscourt district for the past thirty-five years, having seen many surprising changes in the district during

In the early days, he well remembered the Driving Club, which held meetings in the clubroom of Major Foster's handin the ciubroom of Major Foster's handsome colonial residence, which stood, until a few years ago, on Dufferin street,
on the north side of Davenport road, the
grounds of which have been parceled out
into desirable building lots by the enterprising real estate agents, and streets of
houses built on the property.

A Fine Record.

Mr. Carter was one of the first trustees

for that company for three generations of families. He has been a member of the Orange Order for the past thirty-five years, and is also a member of the Sons of England, York Pioneers and British Imperial Association, and Earlscourt Dis-trict Voters' Association.

Mr. and Mrs. Carter are highly respect-

ed members of Central Methodist Church, and it is the earnest hope of their many friends that the next occasion for rejoicing will be the happy couple's golden ing, on July 16, 1916.

trict visit the library mostly after working hours.

Orange Young Britons

A well attended meeting of Orange Young Britons Lodge, No. 299, was held in Little's Hall, corner Ascot and Earlscourt avenues. Several initiations took place and business left over from the last meeting was attended to. Master Wm. Thomas presided.

A meeting of the North Earlscourt and Fairbank Ratepayers' Association will be held tomorrow evening in the new public school, Vaughan road, Fairbank. President Badams will preside. A large attendance is particularly requested, as business of particularly requested, as business of particular importance will be discussed.

Great preparations are being made by

discussed.

Great preparations are being made by the committee of the Toronto Heights Social Club for the concert and dance, to be held in Wilcox Hall, Vaughan road, on Friday Feb. 13, commencing at eight o'clock. As the proceeds are for the benefit of the club house, the members trust as many as possible of the ratepayers and their friends who can attend will do so, and make the affair a huge success. A meeting of the ratepayers of the district will be held in Oakwood Hall next Monday evening, commencing at 8 o'clock. President Paynter will preside.

Special Meeting

A special meeting of the North Earlscourt and Fairbank ratepayers will be held on Friday, Feb. 13, in the new public school, Vaughan road, Fairbank, at eight o'clock, when the members of York Township council will be present.

The men's club of St. Chad's Church, Dufferin street, held a very successful meeting in the basement hall of the church, a large number of members and others attending. Rev. H. Snartt addressed the gathering.

Earlscourt Lodge, Sons of England, held their usual meeting last evening in Little's Hall, corner Ascot and Earlscourt avenues. There was a large attendance of members and the usual routine business was transacted.

Morrison avenue main trunk sewer will be completed on or about Monday, Feb. 16, according to the officials in charge of the work. Less than a block now remains to be completed.

License Refused

Under the auspices of the Women's Missionary Society of St. David's Church, Harvey avenue.

Under the auspices of the Women's Missionary Society of St. David's Church Harvey avenue, a congregational meeting was held last evening. There was a large attendance and Rev. C. A. Mustick worlded.

tard presided.

J. Manchester's petition for a licens J. Manchester's petition for a license for a moving picture theatre, to be situated at the corner of St. Clair and Elmswood avenues, was refused, altho a petition had been signed in favor of it by the residents in the neighborhood.

This evening in St. Chad's Anglican Church, Dufferin street, the A.Y.P.A. will hold their usual meeting. Rev. H. Snartt will preside and deliver a lecture, taking for his subject the book of Job.

Social Evening.

The Women's Christian Temperance Union connected with St. David's Presbyterian Church, Harvey avenue, held a very pleasant social evening at the resi-

very pleasant social evening at the resi-lence of Mrs. Dougan, 1470 St. Clair avemue, last evening.

Mrs. Ward, headquarters president of the W.C.T.U., gave a talk on the work of the Women's Union, encouraging the workers in the Earlscourt section with

expected.

Average Rainfall of Two Hun-

With the adoption of the police committee's report yesterday afternoon in its entirety, the York County Council took the final step towards remedying the unsatisfactory conditions prevailing in the administration of justice in the county. The committee recommends as follows:

That the legislative committee apply to the legislature to have two magistrates recommended by the county appointed for the county on salary, instead of one, as at present.

That five permanent men be appointed to patrol the county along the front (adjoining city), and be paid by the county. That Bylaw No. 1008, re former police appointments, be repealed.

The application will come up before the legislature early in the coming session.

In an interesting address regarding her work as inspector of public institutions for the feeble minded, in the feeble minded in York County. The main fact that Dr. MacMurchy brought before the council was that the majority of feeble-minded children in the county were the offspring of feeble-minded parents who had not been looked after, possibly the worst case being that of a woman that was mentally weak, who had seven children and four grandchildren, all feeble-minded.

Municipality's Charge.

That five permanent men be appointed to patrol the county along the front (adjoining city), and be paid by the county. That Bylaw No. 1008, re former police appointments, be repealed.

That the legislative committee apply to the legislature to have a commission appointed, this commission to consist of a county judge, the warden and high constable, and to have full control of the constables of the county.

That a certain portion of the council chamber be partitioned off, so that it chamber be partitioned off, so that it may be used as a court room in conjunction with the present court room.

Information Scarce.

Information Scarce.

In moving the adoption of the report, Reeve Syme of York Township said that, after considering the matter carefully, the committee had come to the conclusion that if the police were controlled by a commission better results would be obtained, and it would not be necessary for justices of the peace to try cases. At present there were three ware three to try cases. present there were three magistrates with jurisdiction in the county and a number of J.P.'s, all trying cases, and it was quite impossible for any official to get complete information of all that was

going on.

Endorsing Reeve Syme's statement, the county clerk, R. W. Phillips, said that some J.P.'s were trying cases they had no authority to deal with, and that constables often took their cases to a justice in preference to the magistrate. If the commission had control of the constables, any man who did that could be dispensed with

Discipline Needed. houses built on the property.

A Fine Record.

Mr. Carter was one of the first trustees of the Earlscourt Public School, and had been offered and had declined the position of magistrate for the county. For the past twenty years he has represented the London Line insurance Company of London, Ont., and has written policies for that company for three generations of the cases in York County.

Reeve Wallace of Woodbridge said that the was fully in sympathy with the result of the police committee's deliberations. There was no doubt that the League, informed The World yesterday, of the county police affairs badly needed in county police affairs. He was strongly of the opinion that the two salaried magistrates appointed should try all the cases in York County.

Earlescourt avenues, at 8 oclock. Past Exalted Grand Ruler Redeker, Vancouver, will be present and eight new members will be initiated. Visitors from other lodges are expected, and a social evening will be spent after the business of the lodge is completed.

SEATHWAITE RAINIEST PLACE IN ALL ENGION OF THE PROPERTY OF

BATHURST HILL.

Earlscourt's branch public library is thriving. Fresh arrivals of books are being sent from College street regularly to fill the shelves. The lending department is well patronized, and after school hours a large number of children visit the reading room. The men of the district visit the library mostly after working hours.

The Davenport Road Rallway has arousted the ire of the inhabitants of Bathurst of Bathurst ing famous lake region of England, has the district on the west side of Bathurst street, north of the C. P. R. viaduot. This forces pedestrians to walk out on the road thru mud which is plentiful at this season of the year. The secritive is the library mostly after working hours.

Orange Young Britons Association has written the commissioner of works, calling his attention to the

NORWAY.

that country. It is a place of gray stones and gray rain, remarks a writer in Youth's Companion. The roads are of loose gray stones and the fences that divide the pasture of bigger gray stones and the houses are built of still larger gray stones.

The mountains rise close about it—Scawfell, Great Gable, Glarmara, beloved by Wordsworth—and many more gray and misty giants. A little brook rattles among the stones, and on the dark sides of the mountains one may see here and there a milk-white streak, where some stream pours down in what the people call a "force" or "ghyll."

But it is a singular fact that up on the mountainside, above the village, in Sty Head Pass (Sty is Cumbrian for ladder and it is an appropriate name), there is a little strip of ground that for some reason catches a positive deluge whenever rain is falling anywhere in the neighborhood.

On that narrow ribbon of territory. There will be a meeting of the East End Ratepayers Association in St. John's parish house, Norway, this evening. President W. R. Bullock will preside. A report will be received from the deputation before the city council yesterday, reredistribution and other matters. While the redistribution committee did not approve of dividing ward one at Greenwood avenue, President Bullock feels that some good will result from the discussion.

Head Tass (Sty is Chundled and it is an appropriate name, there is and it is an appropriate name, there is a little strip of ground that for some reason catches a positive deluge whenever rain is falling anywhere in the neighborhood.

On that narrow ribbon of territory, only about 250 yards long by a few yards wide, the rain-guage shows an average rainful of about 200 inches annually. Outside that little space there is an immediate drop of some fifty inches in the annual rainfall. Of course there is a reason, but it is not plain to the eye, or to the experience of the natives.

KING CITY. The Lennox Club will hold an at home tomorrow night in Crosby's Hotel, King City. J. A. M. Armstrong, M.P., and T. Herbert Lennox, M.L.A., will speak.

TODMORDEN.

A large crowd turned out last night to the euchre party given by the Tod-morden Conservative Association, which was held in St. Andrew's Hall, Pape avenue. There were ten tables and the winners were: First prize, box of cigars, J. Daniels; second prize, neck scarr, P. Pedlar; third prize, neck tie, F. Delavine. Geo. H. Moses, jr., presided.

PORT CREDIT.

The vexed question of who should pay The vexed question of who should pay for the upkeep of the two bridges across the Credit River has at last been settled. The council at its last meeting announced that the county would be responsible for them. The county engineers will make arrangements in a few days to have them

# WANT THE BRIDGE TO BE ARTISTIC

Riverdale Association Executives in Conclave Regarding Improvements.

At the joint meeting of the execu-tive committee of North Riverdale Ratepayers' Association and the River-dale Business Men's Association, which was held last night in Broadview Y. M. C. A., several matters of importance to the Riverdale district were discussed. It was proposed that the foot bridge over the Don be on concrete and artistic in design.

The executives were not in favor of

the iron bridge with the long flight of steps on either side, as this would be bad for pedestrians and especially for people with baby carriages, which are much in evidence in the park. They advocated a concrete bridge with a grade diagonally from the hospital bank on the east to the cinder path which skirts the hill on the left.

Wood Piles Rotten.

minded.

Since cases such as this could be traced Dr. MacMurchy claimed that the right time for the municipality to take charge of these people was in childhood and have them looked after in such a way that their descendants would not be an added charge. She described a farm in the United States where feebleminded people were confined for life and kept happy with work that they could do. At present she was sure there were enough cases scattered thruout the various public institutions in the county to justify the establishment of a home.

Will Consider It.

street was also discussed and the exe-cutives wanted the work hurried to courtes wanted the works department favors widening the street by filling in the gully on the east side, but Parks Commissioner Chambers states that the beauty of the spot would be destroyed if this was done.

The proposed extension and widen-Commissioners' Report.

The report of the county commissioners, which was adopted, showed that the Aurora bridge, which was undertaken by the commissioners owing to the lateness of the season was finished, at a cost of \$1400, about \$100 less than the lowest tender.

The proposed extension and widen-ing of Wilton avenue east from Broadview to Coxwell avenue was advocat council and a bylaw will be brough

LANDED OWNERSHIP IS **INCREASING IN MEXICO** 

cost of \$1400, about \$100 less than the lowest tender.

They recommended that the following bridges be rebuilt: Massey bridge on Dawes road, Willowdale culvert on Yonge street, Pegg bridge between York and Simcoe in conjunction with Simcoe County, two bridges on the boundary line between York and Ontario in conjunction with Ontario County; also breakwaters at Freeman's bridge, between Markham and Scarboro, and a lumber bridge on Dundas street.

Mr. Robertson, of the Ontario Motor League, informed The World yesterday, that the report of the county council on the fee system was a recognition that an arriversed. Altho Much Room for Improvement Still Exists on This Head -Monopoly Lingers.

Without land, water and air man couldn't live. Whoever can corner one of these gifts of nature will have humanity at his mercy. The air is free. Private corners on are fast ceasing as communities learn to own their own water supply. But land remains largely in private ownership, often with startling results. In Mexico 11,000 landlords own 44 per cent. of all the land. Forty-two per cent. of all the property in Mexico is owned in the United States, and much in England and Germany. The working masses in Mexico own less than a fifth of the country of their birth, where they and their children must live, they must pay rent for the means of livery of the determine. The little village of Seathwafte in the famous lake region of England, has the distinction of being the rainlest spot in that country. It is a place of gray stones and gray rain, remarks a writer in Youth's Companion. The roads are of loose gray stones, and the fences that divide the pasture of bigger gray stones and the houses are built of still larger gray stones.

The mountains rise close about it—Scawfell, Great Gable, Glarmara, beloved by Wordsworth—and many more gray and misty giants. A little brook rattles among the stones, and on the dark

# **EXCAVATIONS MADE**

An interesting account of the pr gress being made in the excavations on the site of Jericho by Prof. Sellin, is given in a recent issue of The Journal of the German Palestine Society The writer, Prof. Thiersch, states that the chief work of the past year has been the laying bare of the great outer wall of the city, which is extraordinary, even in its reduced state.

The excavators found proof that this

outer wall is Israelitish work. The inner wall, which is badly preserved, is the original Canaanitish defence, which fell to the blast of Joshua's trumpets. The outer is identified as the work The annual St. Valentine entertainment under the auspices of St. Mary's church is to be held in Victoria Hall on the evening of Feb. 12. Tea will be served from 5 to 8, after which a choice program will be given by served.

choice program will be given by several talented artists from Toronto.

The members of the Masonic lodge have received an invitation to visit solute character, who did not shrink Richmond Lodge on the evening of Feb. 18, being the occasion of the official visit of the D.D.G.M., Bro.

### PRISON IN LISBON RECALLS DARK AGES

Carefully Planned Diabolical Torture Harrowing to the Life of Inmates.

Republican Portugal still tolerates a rison whose carefully-planned diabolical torture is enough to make prison reformers turn in their graves. In this prison called the "Prison of Silence" in a grim castle on the outskirts of Lisbon nearly everything that human ingenuity can suggest to terrify the prisoners is done. The corridors piled tier on tier five storeys high extend from a common centre like the spokes of a huge wheel. The cells are narrow, tomb-like,

The cells are narrow, tombo-like, and in Mexico is fundamentally an refusal of the workers to the earth.

ATIONS MADE

ON SITE OF JERICHO

The cells are narrow, tombo-like, and within each stands a coffin. The attendants creep about in felt slippers. No one is allowed to utter a word. The silence is that of the grave. Once a day the cell doors are unlocked, and the half a thousand wretches march out clothed in shrouds and with faces covered by mesks for it is part of this overed by masks, for it is part of this hideous punishment that none may look upon the countenances of his fellow-prisoners. Few of them endure this torture for more than ten years.

### **AUTOMOBILE HIGHWAY** BUILT OVER SEASHORE

The Rincon automobile road, between Ventura and Santa Barbara, Cal., includes a series of causeways—stretches of highway built on piling der the sea-shore—the longest stretch of which is 4400 feet long, while there are three others ranging in length from 400 feet

They are all constructed, says Popular Mechanics, upon substantial piling of eucalyptus, a teredo-proof wood, and are 20 feet wide, floored with planks and stoutly railed on both sides. The floor will eventually be covered with some paving material to protect the

planks from wear. The run from Los Angeles, thru Ventura, to Santa Barbara, is one of the fin-est one-day automobile trips on the coast, having for its terminus the best preserved and most beautiful of the an-cient missions, the only one that is still occupied by the Franciscan Fathers.

### SURPRISING SCARCITY OF BACTERIA IN DUST

That there is a surprising scarcity of bacteria in dust has been shown by recent experiments. By means of the Aitken dust counter, one scientist discovered that in the open suburbs of London there are 40,000 particles in every cubic inch of air. The same in-vestigator found in London but one microbe to every 38 cubic inches of

air.
When air is constantly floating about and man is constantly moving about, he comes in contact with a great deal Jan. 16, while the first berries were matured on Feb. 21, and the last on March 15. In the second lot, with only thirty-three in bloom on Jan. 8, blooming ended on Jan. 29, maturity being reached from March 6 to April 15.

The best time of exposure to the ether fumes seemed to be about forty-eight hours. Of the treated plants, 150 were exposed for this length of time, and 150 for sixty hours, and the earliness of the latter was only slightly greater than that produced with the shorter exposure.

## New Portuguese Cabinet

LISBON. Feb. 4.— (Can. Press.)—Bernardino Machado, the Portuguese ambassador to Brazil, arrived here today, and at the request of the president has undertaken the formation of a new cabinet. The minis-try, headed by Dr. Affonso Costa, resigned on Jan. 27 in consequence of the parliamentary deadlock.

## White's Absence Prolonged

OTTAWA, Feb. 4.—(Special) Hon. W T. White, minister of mance, will not be able to be in the house for some weeks yet, according to statements made today. The results of the operation upon his ear, which was rendered necessary after a severe cold, have not been so satisfactory as was

# A MAIL DELIVERY FOR FAIRBANK

As Soon as Streets Are Numbered - Sidewalks Also Required.

The York Township Council has received the following letter from W. F. Maclean, M.P. for South York, rea letter carrier delivery

Gentlemen: The residents in township and neighborhood of Fairbank held a meeting some time ago at which I attended, and at that meeting I promised to interview the postmaster-general and his officials and have a letter carrier delivery pro-vided in that neighborhood.

One condition of such delivery is hat the houses must be numbe that the names of the streets must not duplicate city streets, and here should be more or less sidewalk accommodation in order to give satisfactory service. I understand it is the intention of your body hereafter to have this numbering done by the township instead of the irregular and voluntary way that has prevailed in the past in other sections of the township. I trust, therefore, that you will cover the above referred to section of the township immediately, as I have already seen the post office autrantice. Car boarded by the coroller and handle self, from which it was almost impossible to see anyone on the track at the point in question. At a distance of 305 feet it was absolutely impossible to I have already seen the post office authorities and they are willing to give see anyon the service.

I will be glad to give you any further information in my power if you desire it.

Yours faithfully,

(Signed) W. F. Maclean.

Yours faithfully,

(Signed) W. F. Maclean.

### MANY MESSAGES COME TO TORONTO WIRELESS

System is Now in Operation-Breaks Thru Wire Trouble Obviated.

The Toronto station of the Marconi Wireless Telegraph Company of Canada is now in operation, and many messages have been sent thru the air between here and Midland and Port Burwell. Thus far no messages have

been sent to Montreal. The advantage of the wireless sys em over the wire system will be that there will be no delay in the trans-mission of messages on account of wire trouble, and even the heaviest storms do not affect the air currents. The wireless will also prove of great assistance on account of the protecon the lakes which are properly equip ped with the Marconi apparatus.

# **NATIONAL FORESTRY CONGRESS IN VIEW**

Premier's Suggestion Cordially Received by Delegates to Ottawa Convention.

OTTAWA, Feb. 4 .- (Can. Press.)-A national forestry congress, similar to the one called by Sir Wilfrid Laurier in 1906, will be held in Ottawa next January. This was decided on the suggestion of Premier Borden by the delegates to the sixteenth annual meeting of the Canadian Forestry Association, which concluded its sessions this afternoon.

The lieutenant-governors of all the provinces, members of parliament and of the senate, prominent lumbermen, and in fact everybody who is prominently identified and in sympathy with forestry will be invited by the premier to attend the congress at which matters pertaining to the conservation of forestry will be dis-

cussed. Prior to deciding on holding the convention the delegates waited on Right Hon. Mr. Borden and Hon. Dr. Roche, minister of the interior, and submitted resolutions covering such matters as the

WOMAN SUFFRAGE

# TO VOTE IN FORCE

**CHICAGO WOMEN** 

Two Hundred Thousand Register for Civic Campaign.

### STRONGLY ORGANIZED

Oppose Notorious Ward Bosses and Aldermen-Aim to End Corruption.

CHICAGO, Feb. 4.—The women in the largest equal suffrage city in the world are making their first campaign. The success of the council with regard to the women's and juvenile courts and the appointment of the The slogan has been "Register and Vote," and so well has the work been done that yesterday between 150,000 and 200,000 registered as voters.

The campaign program is being lice commission which the council had een instrumental in bringing into existence, were all referred to in the course of the address; also that a visit had been made to the jail and an inspection made of the women's quarters. carried out with precision and en-

There are four distinct steps which the campaign managers have out-1. Acquaint the women with the

routine of voting.

2. Get 200.000 of them to register.

3. Get the 200.000 out at the prim-

rying out of which the council are waiting hopefully, as the city generally meets the council at least half way in its requests. Among other things hoped for in time is a judge, or assistant judge, for the women's court. 4. See that the 200,000 vote on election day, Meetings Held Daily. The secretary reported five new federated societies, seventy-six new in-

dividual members, three life members and six annual patrons. Eighteen every ward and precinct. A big head-quarters has been opened downtown. Classes are being held to show women how to register, how to go thru the routine at the primaries, how to vote The treasurer reported an expendi-ture of \$903.50 and a balance on hand

### Luscious Oranges.

UST now, when last summer's truit, the canned or preserved deliciously, is beginning to pall on the family's appetite, oranges are at their best. If Dame Nature believed in fashions in food we would say that this month oranges were in style, but in whatever words you frame it the idea is that this fruit's seductive sweetness is just what your family wants today.

You can use the suggestions given here without change or you can individualize them to suit your own likes with slight variations. Orange Salad-Use naval oranges for this, peel and cut a top and bottom slice off. Separate the remainder into five or six pieces. Arrange on lettuce with nut meats and French dressing.

Orange Cream-This is pretty for a colonial supper or for any special day. Make a boiled custard, out use thin cream in place of milk. Use only the yolks of the eggs in the custard and beat the whites very stiff. Add them just before taking the custard from the boiler. The whites will not combine with the custard, but will rise to the top and make a yellow and white combination. Add the juice of two or three oranges and a little of the grated rind if you like it.

Orange Foaming Sauce-Blend a cup of butter with two cups of sugar, the yolks of two eggs and beat well. Beat the whites separately and add them with the juice of one small orange or one-half of a large one. Orange Tapioca Pudding-The above sauce is fine with this pudding. Cook the tapioca as vsual, until clear, add juice of one lemon and sugar to

orange Syrup—This is excellent for flavoring cakes, custards and for nches. Use sweet, ripe oranges and after obtaining their juice strain it and to every pint add a pound and a half of sugar and the juice of one Boil fifteen minutes and pour into sterilized bottles. Seal while

Toronto Tea Biscuit—Cream one-fourth cup of butter with a half-cup of sugar, add one beaten egg, two cups of sifted flour containing half a tea-To ensure success the entire city, of sugar, add one beaten egg, two cups of sifted flour containing half a tea-business and residence district, is spoon of salt and two teaspoons of baking powder. Flavor with one-fourth honeycombed with leaders and work- of a cup of orange juice. Roll out thin and cut in rounds. Spread each lit-Meetings are held by and for the biscuit with butter, sugar and a few nut meats cut small; bake in a hot women at noon and at night, daily, in oven until lightly browned. Any meat that is eaten with apple sauce or with jelly may have orange sauce served with it. This may be made like

a marmalade or as follows: Melt a tablespoon of butter and mix in a tablespoon of flour. Add a cup of water and cook, stirring until smooth. Cut a peeled orange into thin without having to rely on anyone else slices and add this just a moment before taking from the heat. Serve this

Other classes are being held for Victoria Pudding—Crumb enough stale lady ingers or sponge can women who will serve, for the first fill a pint cup. Mix with the grated rind and the juice of three oranges and time this year, as election judges and three egg yolks. When smooth add one-half a cup of thin cream. This three egg yolks.

Fine Feathers.

At the box office of the Princess Theatre this morning seats go on sale for the engagement of "The Feathers," H. H. Frazees all-star production of Eugene Watter's masterplece, which is thrown into the pool and drowned, remaining under water for Eugene Watter's masterplece, which are having of the bush of the surface exact of sold and the others who shared its have a decidedly repaired by the finest cast ever assembled, including Robert Edoson, Wilton Lackaye, Max Figman Rose Coghian, Florence Rockwell, Lydia Dickson, and the others who shared its the Appear and the others who shared its thrown into the pool and thrown and there is the appear and a sort of hairy bug at the roots. I have two that seemed to die from the arms and shoulders. The bag supplies sufficient room for kicking and prevents the child from getting chilled. Constipation is another cause of sleep-donates the country, but it is presented by the finest cast ever assembled, including Robert Edoson, Wilton Lackaye, Max Figman Rose Coghian, Florence Rockwell, Lydia Dickson, and the others who shared its the Assor Theatre last season. Manal Dickson, and the others who shared its the Assor Theatre last season. Manal was the country to view a genuine original cast of stars. This is one of the fold of the principal cast of stars. This is one of the principal cast of stars. This is one of the fold of the principal cast of stars. This is one of the principal cast of stars. This is one of the fold of the principal cast of stars. This is one of the principal cast of stars. This is one of the principal cast of stars. This is one of the prin ger Frazee has been able to keep his star cast intact for a special tour of the principal cities, which are having their first opportunity to view a genuine original cast of stars. This is one of only four Canadian cities included fir the brief tour. "Fine Feathers" is a big, vital, modern play from the pen of Eugene Walter, author of "Paid in Full," "The Eastest Way," "The Wolf" and "The Trail of the Lonesome Pine." The author has provided the stars in the cast with parts that bring into play all the skill and artistry for which they are noted, and to see all these masters of the drama on a single stage is indeed a rare dramatic treat, and not to be

"Her Own Money" is a clean, wholesome domestic comedy. Miss Dean
plays Mrs. Alden, who voices the plea
of all wives everywhere for a "regular
allowance"—for a fair share of the family
income with which to detray family and
household expenses. Mr. Alden is perfectly willing to dole out the money as
his wife requests it, but not until their
domestic felicity 4s interrupted can he
understand the justice of his wife's demand for "allowance."

ever given entirely for children will be
performed on Friday afternoon in Massey
Hall by the Toronto Symphony Orches
tra. This is sure to create a most inter
esting spectacle. Three thousand children
will be by all odds the most spontane
ously appreciative audience ever gather
ed in Massey Hall. Arrangements have
been made with the board of education
and the teachers of the schools thruou mand for "allowance."

"The White Slave."

One of the notable features of the present production of "The White Slave" is the plantation scene at Oscela, Mississippi, where the favorite songs, "Old Kentucky Home," "Old Folks at Home," "Old Black Joe," and other popular numbers are rendered by what the management claims to be the best trained negro chorus ever organized. The rainstorm of real water wilf also be given here precisely as it was done for the first time on any stage in "The White Slave" thirty years ago at Haverly's Theatre, New York City, where the play scored an immediate success. As "The White Slave" has a reputation which began to grow after its original production in New York back in 1882, it is expected that the local management will have a flattering success. As for the production, it is doubtful if anything more elaborate has ever been seen here, for all the scenery is from the brush of Walter Burridge, the eminent artist, who for sixteen years painted all the Henry care in the production of "The White Slave" in the production of "The White Slave" in the production of "The White Slave" in the best trained and the production of the production of "The White Slave" in the production of "The White Slave" in the production of "The White Slave" in the best trained by the production of the pro Walter Burridge, the eminent artist, who for sixteen years painted all the Henry W. Savage productions. The big production and company comes to the Grand Opera House next week.

people of Whitby and surrounding country, but for the numerous friends of the college that reside in the City of Toronto. For the accommodation of the latter a special train has been engaged, to leave the Union Station at 7 p.m. and go direct to the college grounds returning to leave the grounds at 12 p.m., calling at Riverdale both going and returning. Railway tickets and tickets of admission may be obtained from Mr. R. J. Score, 77 West King street; Mr. R. C. Hamilton, 16 East Wellington street; the Methodist Book Room, or Victoria College.

## SLEEPLESSNESS

Cold feet will cause sleeplessness. If the child suffers from poor circula-tion let him wear stockings or bed slippers when he is sleeping, and put a hot water bottle into his bed.

Never put a baby into a cold bed. He has enough heat for his body, but if he has to warm the bed clothes it. takes too much heat from the body. Never use sheets on a baby's bed, he needs blankets or some kind of wool to properly retain the heat. I have already said that one pair of good blankets is equal to two or even three pairs of cotton ones. It is a mistake to heap heavy clothing on a baby's bed; consider the quality rather than the quantity.

For children who persistently kick off the bed clothing, make a sleeping

and longer sleep. Thirst sometimes causes restlessness, and the mother

time will frequently excite a nervous child so much that he will not be able ganza seen here this season. The feminine portion of the principals includes, besides Miss Mills, Lucia Reynolds, and Christine Nicol; and among the male principals of note are Abe Leavitt, Joe Emerson, and Seymour, Dempsey and Seymour.

to get to sleep for hours, and may even then have a restless night. Exciting stories will have the same effect in many cases, or punishment that leaves a child sobbing and distressed. The hour before bed time should be a happy but quiet one, and the child to get to sleep for hours, and may

the new dances will be strictly barred at the undergrads' annual social function a week from Friday the new dances will be strictly barred at the undergrads annual social function a week from Friday evening. Another innovation which is being introduced is an edict prohibiting the students from sending flowers to their lady friends. This last reform was an ordinary pair, all it half full of warm water, and place in it your two ferns that have been under treatment. Set the pail away for a week in a cool dark cellar. After about ten days you may bring up the pail and take a look at the plants.

is Flora Finn! She's smoothed on mouth and cheek, and chin You'd think she'd wash her face,-but no! She really seems to like it so! She is a Goop,

and that is why She'll have to wash it. by-and-by!

Don't Be A Goop!

In Answer to a Correspondent-Ferns

This morning's mail brought a cry of trouble to us from one of our gardeners up in North Bay. The trouble

Some month or so ago we talked at length on the subject of ferns, and discussed this very trouble. However, the greatest good to the greatest number has always been our motto, and so we treat this question again, in this little talk. Many others may benefit from our doing so.

Quoting from the letter: "I have six very large Boston ferns, and they are all dying. They start at the end of the branch to rot, and are full of worms and a sort of hairy bug at the roots.

Our correspondent, in speaking of the "long worms," does not say, you will notice, whether these worms are among the roots or among the fronds. However, the probability is that they Take the two ferns that are still

living and shake them out of their pots. Souse the roots back and forcauses restlessness, and the mother should see if a drink is not all that is necessary to send the child to sleep again.

A romp with father just before bed time will frequently excite a nervous the fronds to half an inch from the

the ferns in fresh warm water-now mind—not hot water—but just warm.
Then place the bare roots and crown of the plant under water, in a fresh tub of lukewarm water, and allow to remain over night. Next day repeat the washing, always in lukewarm water. Repeat again and again until at least six washings have thoroly cleaned every particle of those ferns. Be sure to place the sick plants over night in a tub of warm water, always being careful to have the crowns

completely immersed. Do not pour one drop of this wash water out of doors, else, sinking into the soil, other good earth will be infected with the ova of the vermin. They will already, probably, have started to send out new healthy roots and fronds. If not, bring them up and repeat the washing process over again,

water in the cellar. Fern roots can be kept in the cel-lar until the frost has sufficiently left the earth to enable you to get some

exactly as before. Then set away in

fresh soil. With regard to the other four fern plants, a similar treatment is advised, alternate washings and soakings. Then a rest and sleep in the cool dark. It is quite likely you will be pleasantly surprised to see one of these days some nice green shoots from those very same dead roots.

worms nor any vermin can live where they are in danger of being daily washed in warm water. And isn't the treatment simple? Success comes from just keeping at the treatment.

## BEAUTIFUL BERMUDA.

Bermuda, noted for its beautiful flowers and climate, is again attracting a great deal of attention. Each year seems to be more attractive than the previous, judging from the number that are sailing to this beautiful island. The three steamers, Arcadian, Bermudian and Caribbean, making the trips this year, are being booked capacity, and accommodation is being taken up many weeks before the steamer actually sails. With the rates starting at \$30 for the "round trip" and the trip itself lasting only 48 hours from New York, it is hard to realize that the tropics are so close at hand. A. F. Webster and Son. at 53 Yonge street, report a great number of Canadians sailing to this beautiful place.

Soft Tulle Replacing Neck Frill

By Madge Marvel

apparent effort to soften all shown in the necks of the collarless zowns, whether for afternoon or evenng wear. Instead of the little standing frill, which has

and coming up against the neck where it is most becoming. Quite a few of the new blouses have this arrangement instead of the frill.

There is a splash of strong color being introduced into the new clothes. One sees a good deal of bright red, called tango, formerly tomato. There is also a vivid purple which is most useful in adding distinction to the pale yellow and soft tans which are so-well liked for the demi-toilettes.

The Paris evening gowns that are just reaching here and are being shown for the spring season are startlingly low cut at the back. And as so many of them are devoid of sleeves, or have the merest apologies for sleeves, they are viewed with disfavor, not unmixed with alarm, by the conservatives.

High Collars in Vogue.

As the season advances and the real whiter begins, though we may talk of spring clothes we have still to keep warm, and the waistcoat is being much worn. It is tremendously attractive with the abbreviated suit coat and the bright brocades of which it is fashioned give an air of newness to the costume which may have been worn for some time. may have been worn for some time

without it.

One of the most delightful dress accessories is the new veil which is gathered into a narrow band of black velvet and fastened around the throat. This keeps the veil in place and also adds the whitening charm which the black velvet neckband always gives.

One sees more and more high starched stiff linen collars being worn with the morning suits on the street. They are morning suits on the street. They are entirely uncompromising, and have either a narrow four-in-hand tie or a

districts yesterday wearing one of these collars, and she looked very chic. Perhaps it was because the severity suited their laughs sound like crying. her style, for she was of the athletic type, the exact opposite of the droopy maid of the moment. Her suit was of gray tweed, the skirt short and scant and lapped in front with the edges really only caricatures. rounded. The coat was in Russian blouse style with a belt of black worn low on the hips. The collar was high and had flaring open points, and the makes people unpopular. They may bow was of black velvet. With this listen too little. she wore a hat which was a compromise between an English bowler and a sailor banded with skunk fur. Hung on an inch-wide ribbon about her neck was a single eyeglass through which she ex- goods man. der her arm was an ebony walking stick with an amber knob.

Remnants Attract Shoppers.

By the way, I am told by several exclusive shopkeepers that they are selling more and more canes for women each day, and the favorite style is the plain stick with the crook, the brother of the one carried by men, only a bit lighter. The wise women are scurrying about the shops looking for the treasures on the remnant counters. They buy not the remnant counters. They buy not because things are cheap, but because they have taken inventory of their wardrobes and know exactly where a few dollars may be expended with Freatest results.

There are wonderful bits of lace, motification of the state of the sta

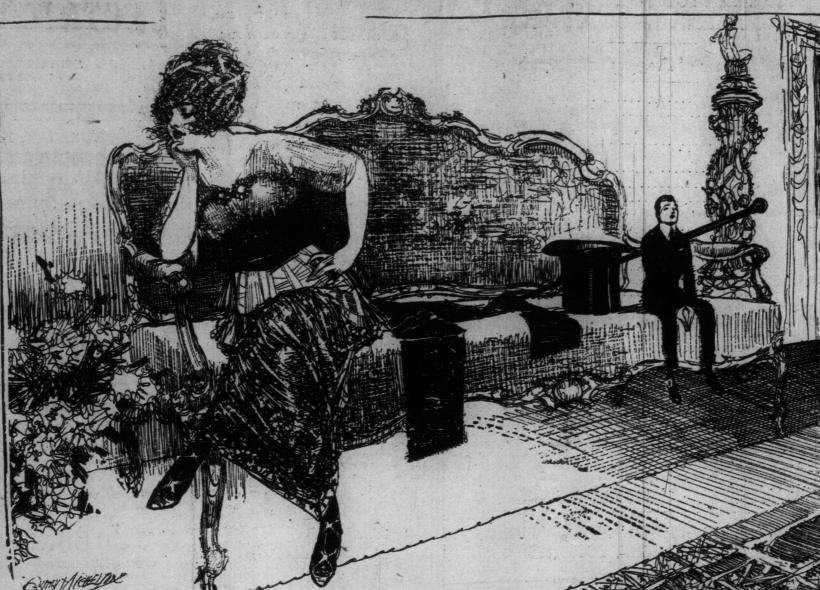

tifs and edges that will add tremendous-ly to the summer gowns and that are to be had for a tithe of their first price. Also there are staple goods in staple colors that are offered at little more It is not as much Justice as the jury that should be blindfolded if an unprejudiced verdict is expected when a handsome woman is concerned in the than half their former price.
The silk counters are furnishing bar-

sains in linings, and now and then it is possible to pick up a few yards of bro-cade which will make the most lovely evening coats for the proverbial "song

The wise bargain hunter is the envy of her sex. She is the true economist, but the practice keeps the conductors on the street cars poor.

Frugality is founded on the principle that all riches have limits.—Burke

If a man has a quarelsome temper, let him alone. The world will soon find him employment. He will soon meet with some one stronger than himself, who will repay him better than you can. A man may fight duels all his life, if he is disposed to quarrel.—Cecil.

This, I moreover, hold, and dare affirm where'er my rhyme may go: Whatever things be sweet or fair, love makes them so. Whether it be the lullables

the class of power and the exclusive and polished circles. The last are always filled or filling from the first. Fashion, People are so shy of praising anything.

Hare.

Nature never deserts the wise and pure; no plot so narrow, he but nature there; no waste so vacant, but may well employ each faculty of sense, and keep the heart awake to love and beauty.—

Coleridge.

V THAT are you going to say in your essay about Billy Bunny's ears?" asked Peter Possum of Willie Squirrel, as they started up the steps of the Woodland school.

"You will hear soon enough!" exclaimed Willie. Sure enough, the very first thing Miss Rabbit asked Willie Squirrel to ad what he had written about Billy Bunny's ears. He began: "Billy Bunny's Floppers."

"What's that?" shouted Billy Bunny, jumping out of his seat. "Be quiet," said Miss Rabbit. "Willie listened to all you had to say out his tail, now you must listen to what he has to say about your ears.' With that Billy Bunny sat down, and Willie Squirrel began again:

"Billy Bunny's Floppers. "Billy Bunny is the only living flying machine. All he has to do is to ump off the top of a hill, flop his ears and wiggle his tail and he sails away like a bird.

"One day he sailed as far as the north pole, when one of his floppers gave out and he went down 'Cher-plunk!' right on the north pole, and there ne stuck. After a while his flopper began to work and he got off the north pole and started home again.

"A rabbit, as you all know, is the ugliest living thing. That is why Billy makes such a good flying machine."

"Teacher. I-" started Billy Bunny. "Wait!" exclaimed Miss Rabbit. Wille Squirrel ended up with: "You see that what I say is true, for it is the truth about Billy and the ruth always hurts.

"I paid no attention to Billy because what he said about me was Willie sat down, while Billy began to laugh. "That's right, Billy," said the teacher, "you must not feel hurt."

THURSDAY MORNING, FEB. 5.

WHETHER OR NOT.

It is to be presumed that The Telegram imagines that no one appreciates its folly in trying to argue that Mayor Hocken is wrong if he makes a cleanup and wrong if he doesn't make a ed by proclamation a state of war to ist organ came out with a yell in the usual capital letters that a clean-up which did not include a bargain with Mr. Cullen said that they assert the the Mackenzie interests, granting them what would be practically a perpetual franchise, would be useless to dispose of the life and liberty of any the city. Last week Mayor Hocken was attacked by the same reactionary tendency has been exhibited in some organ for favoring an alleged agree- of the provinces of Canada. It is one ment which, it was asserted, contained just such a provision. The con- cedents of this kind once condoned are sistency of attacking Mayor Hocken apt to be not only repeated, but exon one day for doing, as it was al- tended. leged, the thing which the next day he was to be attacked for not doing is characteristic of a journal that relies its reputation

Telegram for a long time would not he owns a radial system. admit that the radials had any rights CONSERVATIVES AND FREE WHEAT. under the statutes at all. But now the admission has to be made, and we are informed that the exclusion of the radials, by agreement, "would free wheat. There has been no caucus have no more practical validity than vet on this free wheat question, and until an amendment to the law of gravitation." The Telegram either knew this general attitude of the party will be unbefore or did not know it, with the known. alternatives of ignorance or duplicity to qualify its contentions.

Mayor Hocken's plan is to get a clean-up of the franchises; a return to the city of all rights alienated to the railway company under the agreement of 1891, any further rights to be

appears to have hoped to invelgle the affect transportation charges, and transmayor, was to get the city bargaining portation is one of the items we want to with the radials for an entrance now on terms which would constitute a perpetual franchise, and which the people would almost certainly reject. We desire to call the attention of members of the board of trade to the also benefit the whole country. methods of The Telegram in this matter, and to ask their judgment whether Mayor Hocken or it has been acting in better faith.

MORE PROFIT SHARING.

As The World commented at the time, new departures in the United States show very rapid developments. In fact, profit-sharing between employers and employes is in the air and it all points to a readjustment not only to the firms immediately concerned, but to the general social order. The latest plan is that of the Farr the Crown Life Insurance Co. is evi-Alpaca Company of Holyoke, Mass, which has adopted profit-sharing with its 3000 employes, who will hereafter receive dividends on each \$100 of their wages equal to that received by stock- 18 per cent. of the expected. holders in each \$100 of their stock hold-

The company has been very successful and the payroll is now \$1,800,000, will be paid yearly to employes, or an pany, submitted to the annual meeting average of \$48 each. The only requisite for participation is faithful service for the current year. Employes will suffer proportionately if profits decrease, but wages will remain unaffected. This scheme, if not so spec-ed to \$139,564. Out of this sum \$70, tacular as that originated by Henry Ford of Detroit, probably embodies a balance of \$19,165.98 carried forward a plan more capable of general appli- to credit of profit and loss. The paid-

ENCROACHMENTS ON PERSONAL debenture capital to the extent of \$676,000.

Liberal and Labor circles in Britain have been deeply stirred over the drastic steps taken by the Union Govern-ment of South Africa to end the strike of white miners and to prevent its be ment of South Africa to end the strike of white miners and to prevent its being supplemented by a general suspension of all industries. Still graver resentment is expressed at the subsequent secret removal of ten of the hydro-electric, owing to the failure of leaders in the strike movement to the company to supply service. In Durban and then deportation, without due process of law, on a steamer not equipped with wireless, specially chartered for the purpose. The government has already tacitly conceded the illegality of its action by giving notice of the introduction of a bill of indemnity. This step, taken on the opening day of the new parliamentary session, incidentally blocked the way for the immediate discussion of the whole proceedings desired by the Labor

nembers. One of the safeguards of British states against arbitrary rule is that, Press.)—The state department has reexcept under the conditions imposed in time of war, governments equally with ments of the law. Lawlessness prac-

tised by a government is even more reprehensible than when committed by an individual, since it strikes much more seriously at the basic idea of a democratic community. Possibly some excuse may be found for the Union Government in the problem presented by the presence of a large native population and of the hundred and fifty thousand native mine workers in the compounds. But the affair will add seriously to the difficulties that confront the imperial government at the approaching session of parliament. Public opinion in the United States

is apparently less regardful of en-

croachment on personal liberty. In his address on Friday last to the New Coronto or for sale by all newsdealers York State Bar Association, Mr. Edgar M. Cullen, former chief justice of the court of appeals, stated that unless he was utterly mistaken, there was now a strong tendency in courts, in legislatures and most of all, in the people themselves, to disregard the most fundamental principles of personal rights. He referred particularly, as an illustration of the repudiation of the principle of subordination of the military power to the civil, to the disorders occurring in 1912 in the State of Virginia. There the governor suspended the writ of habeas corpus and declarexist in a portion of the County of Kanawha. Reviewing the decisions of the courts affecting this procedure, power of the military, at the uncontrollable discretion of a single man, to person within the state. The same which ought to be repressed, for pre-

Will Be Given This Afternoon by the Chicago Symphony.

Two new works were presented by he Mendelssohn Choir last night in the Mendelssohn Choir last night Massey Hall to a capacity audience The concert was shorter than usual the performance being over at 10 o'clock. This afternoon at 2.15 the Chicago Symphony Orchestra will give a concert including Brahms' E minor symphony, Elgar's introduction and allegro and the Strauss attraction "Till Eulenspicgel's Merry Pranks" "Till Eulenspicgel's Merry Pranks"
Harold Bauer will play the Schumann plano concerto in A minor, op. 54. The concert in the evening will begin promptly at eight o'clock, and the audience is requested to be seated by that time, as the doors will be closed. The orchestra leaves shortly after ten

for the west. The Elgar choral ode, "The Music Makers," was much the finer composition of the two, and worthier of the labor and pains expended upon both. and of the qualities of the choir and orchestra. Not until almost half way thru does Coleridge Taylor find himself, but from the splendid outburst, "Steadfast while the whole world streamed," onwards the work does more justice to his undoubted genius, and the weird and mysterious power which he exercised in "Sea Drift" enters into the wild, strange measures that follow "Down to the dreams of the sunset." It is the real Coleridge Taylor that one hears in the chorus and orchestration of the preceding number, "Dumbly she turned and left and the great choir got every shade and phase of the intention of composer. A barcarolle measure near the beginning recurs with pathetic effect towards the close, and a dainty theme for the orchestra ends cantata as it began. It is doubtful if on the whole the impression left does justice to the marvelous precision of the choir in a score whose difficulties belong to the new age of music. The soloists acquitted them-selves with distinction. Reed Miller

was particularly fine in "Kimi, Kimi, Who is She?" Sir Edward Elgar's ode only calls for one soloist, a contralto, and Miss Mildred Potter took the part and sang it at all but perfectly, save for the marring vigraton in which she indulges. An analysis of Electric Mildred Potter and Sang the part of Electric Mildred Potter and Sang the formance of the choir would take a column of space, but it is to be hoped that Dr. Vogt will repeat it. From the soft, confident opening chorus thru all the magnificent episodes, "We are the movers and shakers of the world for-ever," like the crash of a wave and its dring ripple on the share; "A breath of our inspiration," as exquisite as anything the choir has done; the dra-matic force of "The multitudes are enlisted," the gorgeous development in the passage, "God's future draws nigh"; to the rapt and perfect beauty of the planissimo conclusion, "A singer who sings no more," the rendering added another royal laurel to Dr. Vogt's wreath of honor. Mr Stock's orchestra shared in the great success of both works. A. E. S. S.

# FORMER BRAVE ACT

William Daley, Arrested for Theft, Saved Officer From Rough Treatment.

William Daley, 464 East Queen street, was arrested on a warrant last evening charging him with theft from Bowles' Lunch. According to the police Daley opened the till in the ab-sence of the manager and extracted

Daley is likely to have a good word said in his behalf by a constable whom he assisted last Christmas evening while arresting a drunken negro at the corner of King and Yonge streets. Officer 228 was having his hands full holding the one black man, when another huge negro rushed to the scene and jumped on him. The officer was in and jumped on him. The officer was in a bad way for a minute, but Daley saved the day by trimming the second man good and proper. Officer 228 says Daley saved him a severe beating up on this occasion.

Lieut.-Col. MacLaren and the officers of the 91st Highlanders have sent out invitations to a military euchre party and dance on Friday evening, 13th inst., at 8.30 o'clock.

One of the most interesting weddings of the season took place in Ottawa on Saturday, Jan. 31, at 2.30 in the afternoon, in the Church of St. John the Evangelist, when Marjorie Keturah Stowe, daughter of the late Major W. R. Stowe Wainwright and Mrs. Wainwright, was married to Mr. Douglas Henry Nelles, son of the late Beverley Robinson Nelles, Grimsby, by the Rev. Canon Pollard, assisted by the Rev. J. F. Gorman. The church was decorated with a lovely screen of evergreens across the chancel, and the altar banked at either end with palms and ferns, with narcissi and lilies of the valley on the altar. Altho no invitations had been issued, the church was filled with the friends of the bride and groom. As the wedding march from "Lohengrin" POCOCK-HUGHES-On Feb. 2, at St. Joseph's Cathedral, Buffalo, by the S. Jenkins, the lovely bride entered the church with her brother, Mr. Gilbert C. Wainwright, manager of the Bank of Ottawa, Peterboro, who afterwards gave her away, and, preceded by two ushers, Mr. Gordon McLennan of Ottawa and Mr. Cecil Wainwright of Toronto, brother of the bride, and also by elder daughter of the late Hugh her sister, Miss Muriel Wainwright, her Spears, M.D., and granddaughter of the only attendant, walked slowly up the aspears, M.D., and granddaughter of the late Lieut.-Col. W. H. Norris, LL.D., to S. T. Wood.

# TORONTOS PLAY BRILLIANT HOCKEY DOWN OTTAWA IN GREAT CONTEST

stans to land the N.H.A. honors, for last shight they did something that many people thought they were unable to do in finishing in much stronger fashion than they started. Ottawa were more systematic in their attack in the first period and checked every bit as hard as Torontos. The blue shirts had more shots that their opponents, but Ottawa Strontos. The blue shirts had more shots that their opponents, but Ottawa Strontos were improving as the game progressed and it was in closer quarters and giving Lesseur many hot ones to stop. Torontos were improving as the game progressed and it was in the best form. Toronto carned their victory. The checking was the most strenuous handed out at the Arena this season and the fines came thick and fast. Eddle Gerard made his first local appearance in the pro. ranks and was the best man difference in the pro. ranks and was the best man far the first period.

Marshall saued orders are fold but Jack Marshall saued orde

Several players on both sides were ban-ished during the contest and minor fines were as thick as flies around a bowl of

lehed during the contest and minor fines were as thick as flies around a bowl of sugar.

Ottawa opened with pretty two and three man combination, carrying the puck in close every time. Foyston and Walker checked like flends in the first round, and the latter was breaking like greased lightning. Davidson had several good chances, but failed to carry the puck in his usual good style. He made up for this, however, by breaking up many an Ottawa rush with good body checking. Gerard was the bright shining light at individual work, and fitted into every piece of Ottawa team work in nice fashion.

No score resulted in the first period, and the blue streaks did not find the Ottawa defence an easy puzzle to solve, and were obliged to shoot from well out. Only one goal was tallied in the second set-to, and it was here that the most brilliant hockey of the night was staged. Torontos were working much better together and found it easier to get by Shore and Merrill. The checking, if anything, was more strenuous, and with both clubs making some rapid fire changes, it was the speediest hockey of the season. A minute after the start, Marshall broke up a Senator rush and carried the puck back and only had Lesueur to beat. The Ottawa goaler came out and saved in good style. Marshall broke up a Senator rush and carried the puck back and only had Leseueur to beat. The Ottawa goaler came out and saved in good style.

Torontos opened up a link and were all over the Capital City six for the next few minutes. It was fifteen minutes after the start that the first goal of the game was netted. McNamara took the game was netted. McNamara took the game was netted. McNamara took the game was waiting at the side to take it away from Ronan, who had started for the Toronto end, and fooled the Ottawa net guardian with a hard lift. Six thousand fans jumped to their feet and pounded one another on the back. There was no further scoring in this period. Ottawa entered the last session with a do or die spirit, and the players on both sides handed out the raps in earnest. To add to the excitement a spectator so far forgot himself as to take a punch at Referee Riley Hern, when he was coming up the boards. The game was stopped while the spectator was removed from the Arena. After twelve minutes of nerve racking excitement, Ottawa, tied it up in lucky fashion. Hamby Shore got as far as centre ice and then lifted the puck at Holmes. The black disc glanced into the corner of the net off the Toronto goaler's knee. Cameron opened up several thrilling lone rushes and was given a rough passage. Du-

ford at last got him with a healthy wallop over the stomacn, but the Toronto defence man was able to continue as soon as he got his breath.

Cully Wilson, acting in the reliof role, broke away from an Ottawa press, with a clear sheet of ice before him. The fair-haired youngster carried it right up to the net, but Lesueur turned it aside by coming out and taking it on his pads.

End-to-end rushes featured the next few minutes, and Holmes had three to stop from a scramble in front of the net, and did his work well.

The Toronto-Ottawa clash at the Arena last night was just what the Walker went up alone and shot, and St. Matthew Angilcan League.

# Tankard Finals On This Morning

Because Old Probs did not live up to promise, it was necessary to postpone the opening draw of the Tankard finals a day. The ice was in bad shape yesterday, but should be all right at 9.50 this morning for the start. The draw is:

—At Granite Rink.—

Napanee v. Barrie, ice 2 and 3; St. Thomas v. Lindsay, ice 4 and 5.

—At Queen City Rink.—

Guelph Union v. Hamilton Victorias, ice 2 and 3; Oshawa v. Toronto Granites, ice 4 and 5.

ites, ice 4 and 5. -At Victor's Rink. Paris v. Owen Sound, 'ce 1 and 2; Col ingwood v. Stratford Thistles, ice

Galt Granites v. Toron.o Aterdeens, ice 1 and 2; Sparta, a byc.
The winners play in the second at two o'clock this afternoon, when the josing rinks will compete in the Governor-General's competition.
The final game for the Tankard will take place tomorrow afternoon.

# For the Champions WHO GETS MONEY

# **JUDGES CHANGE** WINNER'S DRIVER

Nicholson, the Great, in Grand Unprecedented Action in Stand at Ottawa-More In-and-Out Racing.

MONTREAL, Feb. 4.—Coming back to something like their true form, Wander-ters defeated Ontarios in the N.H.A. game at the Arena tonight, 3 to 1. The rearrangement of the Wanderers' defence had a good deal to do with the result. The Cleghorn brothers worked well together, while Billy Nicholson, who was re-signed by the club after being released on Monday, played a game in goal that has not been surpassed here this season. Kendali, Hyland and Roberts formed a great combination, and thru their combined efforts the two first goals were soored. In the final twenty minutes the players were inclined to mix it up, Lowery and O. Cleghorn being ruled off, while several minors were handed out, and siven a warning. Twice Odie Cleghorn was forced to retire thru injury, Lake and his eye cut in a scrimmage near the Ontario at and was replaced by Hunt. Doherty put Ontarios in the lead in the second period, after an end-to-end rush, started by Lake. Hyland and Roberts got away for a spectacular combined play, Hyland tying the score on a pass out from behind the Ontario nets by Roberts. This inspired confidence in the locals, and they never let up in their attack. Line-up:

Wanderers (3)—Goal, Nicholson; defence, S. Cleghorn, O. Cleghorn; centre, Kendall; wings, Hyland, Roberts. Ontarios (1)—Goal, Hebert; defence, S. Cleghorn, O. Cleghorn; centre, Kendall; wings, Hyland, Roberts, Ontarios (1)—Goal, Hebert; defence, S. Cleghorn, O. Cleghorn; centre, McNamara, F. Lake; centre, McDonald; wings, Doherty, Lowery.

Summary,

—First Period.—

No score.

Second Period.—

money.

In the free-for-all, the difference was most apparent. Every horse was racing every heat. Furloso won the first heat in 2.16½, Blue Line won the second in 2.50 2.19½, and Doris B. the next two in 2.18½ and 2.19. This race, as well as the 2.20 more was carried over

Tuesday): Monarchial Lady; M. Ber-Ottawa Woodpoints; C. Dow, To-

# Money in Baseball

and 2.19. This race, as well as the 2.20 pace, was carried over.

The other race carded was the 2.14 trotting stake, \$1000, with only four starters. Lucy Patchen, the mare who broke the world's record for trotters on ice over a half-mile track, won the first two heats in 2.19% and 2.194. When she was sent away for the third heat, her driver was seen to deliberately take her back and allow Grattan Boy to take the lead and finish first, with Lethe Lee second and Lucy Patchen third. This was about the most disgraceful affair ever seen at a racetrack. The crowd went wild, and almost caused a riot. The inges, however, declared all bets off on the heat and announced that they would give their declosion as to what would be the penalty imposed on the driver. Nothing can condone this offence, and if the lovers of harness horse racing wish to keep a good name the judges will see that this act of the driver of Lucy Patchen does not go unpunished. This race also remains unfinished. Summary:

2.18 trot, purse \$400 (carried over from Tuesday):

Monarchial Lady; M. Bernier. Victoriaviile and the state of the driver of Lucy patchen does not go unpunished. This race also remains unfinished. Summary:

SECOND RACE—Birka, Barbara Lane, Superl.
THIRD RACE—Eye White, Old Gotch, Quick Trip.

Dr. Fred Brown of New York, secretary of the Y.M.C.A. Athletic League in the United States, held a conference yesterday morning with the local physical directors, at which the question of registration of swimmers was taken up. There has been considerable trouble in the past in connection with this line of sport, and it was decided yesterday morning that the Y.M.C.A. shave power to hold their swimming meets without recognizing the Canadian Swimming Association, and intend to do so. In the past it has been necessary for all swimmers to take out C.S.A. cards, but the Y.s have announced their intention of recognizing Y.M.C. A. Athletic Legue and A.A.U. of C. cards at their swimming meets in the future, and will not ask athletes to take out cards with the C.S.A.

LANDED BIG WAGER

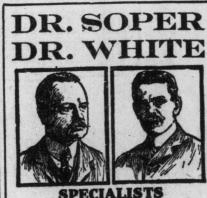

From Melbourne, Australia, comes a story of one of the largest winnings ever made by small investment on racing events. Australian bookmakers offered odds of 2000 pounds to 3 pounds against Aurifer and Posinatus, coupled, the first named to win the Caulfield cup and the second to win the Melbourne cup, both of which were run, at Victoria. Albert Caulfield of Melbourne, a business man, backed the pair for sixty pounds, and as each won its respective race he realized 40,000 pounds, or about \$200,000. He said the odds, which were extraordinary, appealed to him.

PARKVIEW FOOTBALLERS.

All members and players of Parkview F. C. are requested to meet in Occident Hall, Queen and Bathurst streets, on Friday next, Feb. 6, at 8 p.m. Important business. Anyone wishing to get connected with a good club will be welcomed at this meeting.

TRAPSHOOTERS' NOTICE.

On Saturday, Feb. 7, at 2 p.m., the Canadian Indians will meet at the Balmy Beach Gun Club, where they will shoot a match against all-comers. The tribe will give three beautiful cut-glass bowls as prizes. The tribe extend an invitation to all shooters to take part in this match.

1. Little Jane, 110 (Claver), 9 to 10, 2 to
5 and out. 3. viey, 107 (Calanan), 40 to 1, 12 to 1 and 4 to 1.

Time 1.08 3-5. Jack Kellogg, Rye Straw, Deduction, Laura, Bat Masterson, Coreopsis and Coming Coon also ran.

SIXTH RACE—Three-year-olds and upward, purse \$300, one mile and twenty vards:

to 1 and 2 to 1.
3. Pliant, 110 (Ferguson), 10 to 1, 4 to 1 and 3 to 2.
Time 1.44 3-5. Brave, Prospect, Kinder Lou, Henrietta W., Lady Innocence, Tay Pay and Port Arlington also ran.

The Don Rowing Club hockey team are requested to be at Aura Lee rink not later than 8.30 on Thursday night. All supporters are asked to be on hand. Grand Trunk Teams Wins Another

Trophy.
The second competition between teams from the shops of the various companies interested for the Canadian Ambulance Association trophy, presented by the Dominion Bridge Company, was held at the railway Y.M.C.A. Sebastopol street, Point St. Charles, on Saturday afternoon last. Four teams competed—The Dominion Bridge Company, the Canadian Sanadian Pacific the Grand Trunk. This trophy held last year by the C.P.R. team. The Grand Trunk carried off the honors, the members of the winning team being Grand Trunk carried off the honors, the members of the winning team being as follows: No. 1, A. Poitras, rolling mill staff; No. 2, E. Castles, wheel shop staff; No. 3, H. Slack, freight car shop staff; No. 4, F. Russell, iron foundry staff; No. 5, R. Seed, boiler shop staff. The judges were Drs. W. J. Patterson, Robert Wilson and H. B. Carmichael. The result is specially complimentary to the winning team, as this is the second important competition in which they have captured the honors, having won the Wallace Nesbitt Challenge Trophy on Jan. 16.

The work that is being carried on by the St. John Ambulance Association is a very praiseworthy cause. The Grand Trunk centre was first organized at their Polest in the seam of the seam of the seam of the polest seam of the seam of

Grand Trunk centre was first organized at their Point St. Charles shops in 1911 with about twelve members Today the membership numbers forty-five, and the work of organization is being extended to all terminal points on the system. Classes are now being formed at Ottawa. Toronto. Stratford and London and it is the ultimate intention to extend work to the trainmen and even the general

SENER LAGER

"Competition is fierce. It grows keener every day." Only the sturdy man, with active brain and well-nourished body, can hope to succeed in these strenuous times.

Take care of the body and the brain will take care of itself. Eat nourishing food. Drink O'Keefe's Pilsener Lager—the finest of all liquid foods.

O'KEEFE'S PILSENER LAGER

is rich in positive food values. Delicious in flavor, mildly stimulating, it restores the flagging strength and energy, re-invigorating mind and body for the day's work.

# YIELD PER ACRE INCREASING FOR FARM CROPS IN ONTARIO

Prof. Zavitz Tells Yeomen of Kent the Importance of Best Methods-Dr. Creelman's Plea for Higher Rural Standards—Corn Show at Chat ham Exciting Favorable Comment From Judges.

CHATHAM, Feb. 4.—(Can. Press.)—
Visitors to the annual corn show which opened here yesterday were given an official welcome at a largely attended measing in the auditorium of the LO.D.F.
building tonight by Mayor McCovite and terrecting addresses were given by Hon.
James Duff and Dr. Creelman of the Ontario Agricultural College.

Mr. Duff deprecated the spirit that permitted an agricultural to speak of himself as "only a farmer." Self-respect was the first step towards gaining the respect of others. He was glad to be present at a gathering in that section become the seed plot of a continent.

Dr. Creelman, in the course of an instructive discourse, pleaded for a higher standard of rural life, the speedy coming of which he predicted. The farmer was now thinking for himself, said Dr. Creelman, and was moreover able to go upon the public platform and discuss his business. The country school and and not before it was time.

Short Course For Preachers.

My not have a chort course for country preachers at the college? saked Dr. Creelman. "Then these men could teach morals and religion to farmers in the terms of their daily life."

The large audience appreciated the part with the cars and religion to farmers in the terms of their daily life."

The large audience appreciated the part with the cars and religion to farmers in the terms of their daily life."

The large audience appreciated the part with the cars and religion to farmers in the terms of their daily life."

The large audience appreciated the part with the cars should be when the speaker described the day which he set in the woodbox whitting with the story the part country of the latter, as compared with the cars should be prevented and religion to farmers in the terms of their daily life."

The large audience appreciated the part with the cars and religion to farmers in the terms of their daily life."

The large audience appreciated the part with the cars should be part to the sould be part to a stick and whistling for want of the part of the sould be part t

new vision of their mission in rural life and not before it was time.

Short Course For Preachers.

Why not have a short course for country preachers at the college?" asked Dr. Creelman. "Then these men could teach morals and religion to farmers in the terms of their daily life."

The large audience appreciated the point when the speaker described the plight of the country boy in the past "when he sat in the woodbox whittling a stick and whistling for want of thought."

The principal speakers at the afterpoon session in the auditorium were

thought."

The principal speakers at the aftermoon session in the auditorium were Rrof. C. A. Zavitz of the O.A.C., and Prof. C. P. Norgord of Wisconsin. The latter in the course of his address of "Corn growing for silage," paid a graceful tribute to Prof. Zavitz, saying:

"We have nobody in the whole of the United States who can put things ove for the farmer as does your own Profes-

methods of crop improvement on their farms."

J. Miner of Kingston gave an interesting address on "The value and intelligence of our birds on the farm." He sald that he had made experiments with the wild ducks and wild geese in South Hosfield and had named the head of one luck family "Brigham Young."

Judging at the corn show was far from completed tonight. Prof. L. S. Klinck, who is judging, today expressed great atisfaction with the quality of the exhibits.

# LED MAJOR LEAGUES IN TIMELY HITTING

Baker and Cravath of Rival Philadelphia Clubs Drove in Most Runs.

Philadelphia was the abiding place las season of the two men who led the majo. leagues in timely hitting, Frank Baker o the Athletics having led the American in this respect, just as Gavvy Cravath did the Nationals, J. Franklin hammered home 133 marks in 1913, which was four more than were driven over the plate by the fence-breaker from California, who ran Jake Daubert, winner of the car offered to the National's most valuable player, such a close race for the batting player, such a close race for the batting laurels. Baker, like Cravath, was the lone man in the century class in his league in driving in tallies. Derrill Pratt of the Browns was the runner-up, just falling short in his attempt to get in the three-figure division. The St Louis infielder added the finishing touches to 98 runs. Third among the timely wallopers stood McInnis of the White Elephants, with 93 to his credit; fourth was Jack Barry, also a Mackman, with 92: fifth with 93 to his credit; fourth was Jack Barry, also a Mackman, with 92; fifth was Sam Crawford of Detroit, with 90; sixth was Duffy Lewis of Boston, with 86; seventh was Joe Jackson of Cleveland, with 84; eighth was Tris Speaker of Boston, 81; ninth was Eddie Collins of Philadelphia, with 75, and tenth was Napoleon Lajole of Cleveland, with 74. In 1912 the ten first opportune hitsmiths were Baker of Philadelphia, with 133; Lewis of Boston, with 111; Crawford of Detroit, with 108; McInnis of Philadelphia, with 103; Speaker of Boston, with 83; Lajole of Cleveland, with 96; Jackson of Cleveland, with 93; Cobb of Detroit, with 90; Gandil of Washington, with 85, and Gardner of Boston, with 85.

Gandil in Second Place.

There were only two changes among

There were only two changes among the team leaders in timely hitting. Baker again excelled for the White Eiephants, Gandil for the Senators, Lewis for the Red Sox, Bodie for the White Sox, Pratt for the Browns, and Crawford for the Tigers. Cree supplanting Change as the Tigers, Cree supplanting Chase as the Yankees' best willow-wielder in the pinches, and Jackson beating out Lajoie for the honor among the Naps. The eight team leaders of 1913 batted in 679 runs, which was sixteen more than were driven home by the Athletics, who had most powerful attack of any Ameri-

can League club.

Champlon Hitting Team.

The Johnsonites' ablest team of timely hitters for the past season would be of world's championship calibre, and would have on it men from every club save New York. Its battery would consist of Walter Johnson of Washington and Pay world's championship calibre, and would have on it men from every club save New York. Its battery would consist of Washington and Ray Schalk of Chicago; McInnis, Barry and Baker of Philadelphia, and Pratt of St. Louis would form its infield; and Crawford of Detroit, Jackson of Cleveland and Lewis of Boston would compose its trio of gardeners.

Of the 126 runs batted in by Baker last seven on sacrifice files, and nine on infield outs. McInnis of Philadelphia and Collins of Chicago, players who both were born in the Bay State, took the lead in bringing in runners on aerial sacri-

ces, each athlete scoring eleven. At coring men on infield outs, Jack Barry f Philadelphia set the pace, with 17. The ason Barry was the leader was that he as the man Connie Mack selected when he White Elephants were due to work he double-squeeze. On no less than ight occasions the tall tactician had the leasure of seeing the double-squeeze vorked on the unsuspecting opposition. The Tigers were the victims of this play nrice, the Browns twice, the Red Sox wice, and the Nationals once. Walter Johnson was Washington's gunner when Barry worked the double-squeeze against be Senators

Johnson was Washington's gunner when Barry worked the double-squeeze against he Senators.

Baker did not claim the 1913 record or the greatest number of men driven home in a game, that honor being procured by Peckinpaugh of New York in a game with Detroit on Aug. 22. Then the Nap discard put the finishing fouches to six of his team's dozen markers, hitting for the full distance with the bases all occupied in the second inning and doubling and driving in two players in the first. The Detroit pitcher was North, a recruit from the Jackson club of the Southern Michigan League. Joe Jackson, Frank Baker and Sam Crawford each drove in five tallies in contests. Players often batted in four runs in games, Crawford, McInnis, Cree, Baker and Barry each turning the trick twice. often batted in four runs in games, Crawford, McInnis, Cree, Baker and Barry each turning the trick twice. Forty-one instances cropped up last season where the bases were cleared of their three inhabitants because some one singled, doubled, tripled or hit for all four hassocks at the psychological moment. Baker had three clean-up drives to his credit (a single, double and triple), Cree two (a double and a homer), Cobb two (a double and a homer), Jackson two (a triple and a homer), and Chapman two (a double and a triple).

Clean-up Smashes.

Clean-up Smashes.

The greatest number of clean-up smashes were collected off the deliveries of the Washington artillerists, who yielded seven. Needless to say, Walter Johnson did not permit any. The batsmen garnered six clean-up drives off the New York pitchers, six off Detroit's, six off Chicago's, five off St. Louis's, five off Cheveland's, three off Boston's and three off Philadelphia's.

Jake Daubert of the Superbas, who won the car offered to the National League player most valuable to his team, led the old organization in batting in runs last season, but he did not set the pace in driving in runs. That honor was claimed by Gavvy Cravath of the Phillies, who hung up a new mark for timely clouting in the National League by putting the finishing touches to 129 tallies. The previous high water mark in this respect was 121, reached by Frank Schulte of the Cubs the year the fury of newspaper experts voted him an auto for his meritorious work, which was 1911.

Cravath alone was in the century class experts voted him an auto for his meritorious work, which was 1911.

Cravath alone was in the century class in driving in runs last season. Men who previously had batted in one hundred or more tallies from 1907 to 1912, inclusive, were Hans Wagner of the Pirates, with 106 in 1908, 102 in 1909 and 103 in 1911; Mike Donlin of the Giants, with 100 in 1908; Sherwood Magee of the Phillies, with 116 in 1910; Frank Schulte of the Cubs, with 121 in 1911, and Chief Wilson of the Pirates. with 108 in 1911.

### RICH SILVER STRIKE **POLICE EJECTED WEDDING PARTY**

Bridal Dance at King Street House Was Much Too Lively.

KNIVES AND KNUCKLERS

Hon. W. J. Hanna last evening announced a tribute from across the seas to the health department of Ontario. The program of prevention carried on in different parts of the province during the year occasioned an appreciation from the health authorities of France and a request has been forwarded for the provincial exhibit to be set up at the International Tuberculosis and Hyglene Congress in Lyons, France, which convenes from May to November.

The exhibit has already been in demand for the larger expositions of the Dominion and has visited several American-gatherings. It includes the special trein which is now touring in Northwestern Ontario.

Whether the proposal will be met is under the consideration of the minister.

Infusion Produces Drink Very Much Like Ordinary Tea With Less Tannin.

It is claimed by a French scientist that the leaves of the coffee plant not only are available for making a beverage, but contain properties that make them more valuable than the coffee bean.

According to this authority, says The Independent, the appearance and fragrance of the dried leaves very much resemble those of the tea plant. An infusion of them being made just as in the case of ordinary tea, an aromatic bev-**AGRICULTURE PAYS** 

centage of tannin, which is not a desir sesses other properties that give it flavor.

while less rich in theine than tea, possesses other properties that give it flavor, and the infleder hammering home a half dozen counters on August 16 against Philadelphia, Rixey, Seaton, Marshall and Inlay pitching.

Zimmerman ranked second to Cravath in the Timely Hitting League, the big club being credited with driving in 97 counters. The third most opportune clubber among the National Leaguers of 1913 was Vic Saler of Chicago; the fourth, Jack Miller of Pittsburg; the fifth, Fred Luderus of Philadelphia, 129; Zimmerman for Chicago, 97; Miller for Pittsburg; the ninth, Ed. Konetchy of St. Louis.

The team leaders in driving in runs were Cravath for Philadelphia, 129; Zimmerman for Chicago, 97; Miller for Pittsburg; the fifth, Fred Luderus of Philadelphia, 129; Zimmerman for Chicago, 97; Miller for Pittsburg; the ninth, Ed. Konetchy of St. Louis.

The team leaders in driving in runs were Cravath for Philadelphia, 129; Zimmerman for Chicago, 97; Miller for Pittsburg; the fifth, Fred Luderus of Philadelphia, 129; Zimmerman, Chicago, for third basemen, 97.

ST. MARY'S, Ftb. 4.—The town
council has passed a resolution heartily endorsing the resolution adopted by
the City of London, requesting the
Hydro-Electric Power Commission of
Optario to investigate and report upon Ontario to investigate and report upon the cost of an electric railway from London to Stratford via St. Mary's. A resolution to cut off two of the seven liquor licenses granted in St. Mary's was defeated in council by a vote of 4 to 1. BELLEVILLE, Feb. 4.—Charles Carpenter, an Englishman, about 40 years of age, while walking along the C. P. R. construction work, near Tren-

By a unanimous vote the town council declared in favor of the extension of the franchise to married women taxpayers, in compliance with a request from the franchise referendum committee of Ontario.

The question of providing \$5000 for a new gymnasium was up before the council at its last meeting. The sum of \$3000 had already been appropriated for this purpose, and it is quite probable that an additional \$2000 wil be granted to make the gymnasium come up to the requirements of the education department at Toronto.

France Pays Tribute to Excellence GUELPH JUNCTION LINE PAID CITY HANDSOMELY

> Receipts More Than Six Thousand Ahead of Previous Year's-Tax Collector Resigns.

(Special to The Toronto World)
GUELPH, Feb. 4.—James Hewer, city tax collector, has resigned his position. He gives as reasons that there is too much worry in connection with the office and that enforcing payment of taxes from those who fail to pay up promptly makes him have too many personal enemiles.

The earnings paid over to the city by the Guelph Junction Railway for the quarter ending Dec. 31 amounted to \$10,-894 29. This makes a total for the year of \$43,081.74, an increase of \$6301.59 over 1912.

1912.

The death took place last night of William J. Stevenson, for the past 37 years a highly respected resident of this city. Mr. Stevenson was born 75 years ago at Caledon, Ont., where he spent the first half of his long life. In 1859 he married Esther Gibson of Caledon, and they lived in that vicinity until they came to Guelph. He leaves a widow, three sons and four daughters—John H. of Ann Arbor, Mich; Wm. E. of Calgary, Alta.; Fred of Guelph; Mrs. W. H. Lillie, Port Arthur; Mrs. R. G. Johnston, Guelph; Mrs. A. G. Hemmin, Chicago, and Miss Bertha, also of Chicago.

It was decided to celebrate the 12th of July in Winchester this year.

The full list of officers elected was as follows: President, Capt. W. J. Reid; first vice-president, Lieut-Col. W. M. Gartshore; second vice-president, ex-Alü. J. H. Saunders; secretary, A. M. Hunt; treasurer, D. Mc-kenzie.

# OVER WELLAND ELECTION ILL-FATED STEAMER BELIEVED TO BE FOUND

James S. Carruthers Reported as Discovered in Lake Huron by Fishermen.

LONDON, Feb. 4.—What is believed to be the sunken hulk of the James S. Carruthers, the ill-fated freighter which went down with all hands on Lake Huron in the terrific storm early in November, has been found north by northeast of Alpena, by several

Capt. W. Ferguson of Bayfield, who has navigated one of the Pittsburg Steel Co.'s vessels for many years, has received instructions from the head office to proceed at once to Alpena and conduct a searching investigation. conduct a searching investigation.

Following the report from Alpena came a statement from McCauley Bros. In the statement of Southampton. While taking soundings in anticipation of dropping their nets, they were surprised to find that the lead touched buttom at a depth of only some 18 feet. Continuing their investigations, the greatest depth for several hundred feet in either direction was 21 feet, while 18 feet was the minimum depth. The spot is two miles south of what is known as Nine Fatham Reef.

At the office of the St. Lawrence and Chicago Navigation Co., owners of the

Chicago Navigation Co., owners of the ill-fated steamer, it was said yesterday that no information had been received of this discovery.

# NOT NOTICEABLE

and thru the supreme court by the government. Then Mr. Lemieux presented the claims of Gerolmio Fatsari for compensation. He averred that Fatsari had been unjustly convicted of attempted murder and sent to the pententiary on the testimony of three men—one of them had been hanged, another is in the pententiary, and the third is a fugitive from justice.

As to the Fatsari case, Judge Doherty pointed out that any liability must attach to the Province of Quebec and not to the Dominion Government, but stoutly denied that the man had been improperly convicted.

Machiavelli or Micawber?

Has the Liberal party anything up its sleeve, or is it simply waiting for something to turn up? No one can tell what will come out of the maelstrom at Quebec, and no doubt the Liberals hope for some advantage in the developments of the near future in Ontario.

for by the people outside the city's limits.

This was the essence of the report of Commissioner Harris to the board of control yesterday. The report was adopted.

Commissioner Harris further stated that he has had to refuse every and that he has had to refuse every and that he has had to refuse every and the commissioner would be a little over \$100,000. Trustee Brown explained that Jarvis street Collegiate Institute. The cost would be a little over \$100,000. Trustee Brown explained that Jarvis street Collegiate building was out of date and too far away from the centre of the district which supplied the pupils. He suggested that the city acquire this property for nark purposes and

# NAT BARBER DEAD WAS WELL KNOWN

Popular Commercial Traveler Succumbed to Attack of Paralysis.

NATHANIEL BARBER

one of the best known and most popular commercial men in the province died yesterday in the person of Nathaniei Barber, who passed away at his home, 38 Beatrice street, after an attack of paralysis. Mr. Barber, who was 53 years old, represented the Wills Piano Company for many years, and had many friends in all lines of business thruout Canada. He was a member of the LO.F., the Knights of Pythias and the United Workmen. He was a Methodist in religion, and was one of the hardest workers in connection with Wesley Methodist Church, of which he was a member.

The entire proposition in itself embraces many distinct phases; and it is by virtue of that fact that it assumes the proportions of a lucrative business enterprise. First, there is the phase as viewed from the mutton basis. The introduction of the Karakule strain makes for a type of sheep richer in wool of greatly increased weight, and mutton of a highly pleasing flavor, the sickening sheepy taste being bred out in the product, the cross being the Karakule and our native mutton breeds. Secondly, the

Collision Occurred on Grade

sica and Sardinia, the vessel passed is equally as valuable, or more so, as into a severe storm.

With wind and waves raging furipanic-stricken under the belief that the vessel would not survive the while the gray shades are known for storm. Dr. Newman for a while paced the deck, awed by the threatening the deck, awed by the threatening situation and deeply engrossed with the religious movement in which he had become a central figure.

# MARRIED MEN FIRST

They Are in Most Distress-Few Women Register at Willard Hall Bureau.

Up to the present time the number of applications for work at the woment bureau has been much lighter than was anticipated. Only about 100 have registered, and a good portion of these have been given temporary em ployment. Owing to the fact that the bureau at Willard Hall is rather hard to find, the secretary, Mr. Dickie, stated that a sign would be erected at once to indicate the place.

It was pointed out by Mr. Dickie that it is impossible to give employment to single men at the present time as the commission must first at-tend to men who have large families depending upon them for support. The hardships encountered thus, far by the unemployed have caused some men to give up in despair and go away and leave their wives and families to shift for themselves.

# Canada Permanent Mortgage Corporation

# ANNUAL MEETING

The Annual Meeting of Shareholders of the Canada Permanent Mortgage Corporation was held at its Head Office, Toronto Street, Toronto, on Wednesday, the 4th February, at 12 o'clock noon.

The President Mr. W. G. Gooderham, occupied the chair. The Secretary Mr. George H. Smith, was appointed Secretary of the meeting, and read the following Report of the Directors for the year 1913, and a General Statement of the Assets and Liabilities.

# REPORT OF THE DIRECTORS

It affords your Directors much pleasure to present to the Shareholders Annual Statement of the business of the Corporation for the year 1913, which has been duly certified by the Auditors.

The net profits for the year, after deducting interest on borrowed capital, expenses of management, and all charges and losses, amounted to \$884,626.59, which, with the sum of \$96,027.92 at the credit of Profit and Loss at the beginning of the year, made the total available for distribution \$980,654.51. This amount has been appropriated as follows:

Four quarterly dividends of two and one-half per cent. each 

\$980,654.51

All which is respectfully submitted. . . . W. G. GOODERHAM,

Toronto, January 19th, 1914.

The President then addressed the meeting as follows:

A comparison of the statement now in your hands with that of the previous year will disclose the fact that the moneys entrusted to the Corporation have increased during the year 1913 by \$227,421.74, or from \$21,058,289,69 to \$21,286.661.43, notwithstanding a falling off in local Debentures and Deposits, also that the total Assets have increased by \$527,522.82, and now amount to \$31,826,618.37. I can, with the greatest confidence, assure the Shareholders that they may rely upon these Assets, as set forth in the Statement, being on a thoroughly sound and safe basis. If any criticism were to be offered, I am satisfied it would be that we have been too conservative, but I think the Shareholders will commend the Directors for erring—if at all—in the direction of prudence and safe while from time to time there are and will be borrowers, who, from various causes, are unable to meet their payments, and occasionally their properties have to be offered for sale, the proportionate advances are so small that the properties are usually disposed of at once. At the end of the year our total claim against properties as yet unsold amounted to only \$9530.

When submitting the result of the operation of the Corporation for the year The President then addressed the meeting as follows:

When submitting the result of the operation of the Corporation for the year 1912, I suggested, on behalf of the Directors, the then probability of a further increase in the Dividend to ten per cent. per annum, payable quarterly for the year 1913. This has been realized, and we have also been able to add to the Reserve Fund the same sum, \$250,000, as during the previous year, when the Dividend was only nine per cent. bringing that fund up to \$4,250,000. We have also increased our undivided profits by \$34,626.59, and they now amount to \$130,654.51. This result, I am inclined to think, will be considered by every Shareholder as eminently satisfactory.

Beatrice street to Forest Lawn Mausoleum at 2.30 tomorrow afternoon.

Mr. Barber is survived by a widow and five children, three daughters and two sons.

"LEAD, KINDLY LIGHT."

How Cardinal Newman Wrote Wonderful Hymn.

John Henry Newman, one of England's most distinguished scholars, poets, educators and theologians, was born Feb. 21, 1801. and died Aug. 11, 1890.

With all the achievements of his remarkable career lie is specially resulted and currency debenture by the second and currency debenture of the formation of the form

born Feb. 21, 1801, and died Aug. 11, 1890.

With all the achievements of his remarkable career he is specially remembered for three events of world-wide interest—his share in the religious controversy, variously known as the "Tractarian" and the "Oxford" movement; his passing from the Anglican to the Roman Church; of which

The usual thorough inspection of every mortgage account has been made. The Superintendent of Branches has visited every office and thoroughly investigated the various departments of our business, more particularly the collection of principal and interest past due and the adjustment of accounts which require attention. The requirement of your Board of Directors, that there be an annual or semi-annual reduction of principal, even though small, on all many gages, followed by an annual and careful inspection as above indicated, as considered of such importance by your Board that during the year that is past a special officer has been set apart for the furthering of that purpose. Our mortgage accounts are in excellent shape. The interest actually collected an cash during the past year was \$2,039,801.24, or \$171,998 more than in the year 1912.

The demand for loans during the past year has again been greater than the supply of funds, and in consequence we have found it necessary in order to curtail the volume of our loaning business, to require even better margins and higher rates of interest than hitherto, especially in towns and cities, all of which has had a beneficial effect in helping to retard the too rapid expansion to which I referred last year. A policy which, while not retarding progress, will have a tendency not to encourage too rapid development for some time to come, with be a wise one, with a view to restoring the finances of the country to a normal and

I cannot refrain from congratulating our Western Farmers particularly on the increased interest in the extension of mixed farming, and the more general appreciation of the conservation of moisture by improved methods of cultivation of the soil. When these are more generally put into operation, western farmers will be less liable to occasional misfortune from climatic conditions, and will be more readily able to make their annual reductions of principal, as is the case now in that part of the west where mixed farming prevails.

Attention cannot too frequently be drawn to the fact that, almost all over the world, the urban population has increased much more rapidly than the rural population, an increase in the consumers of food out of all proportion to the increase in those who are producing it. The inevitable result of this is higher prices for food products. Unless many who are now consumers only can be induced in some way to become producers, or more general and intensified farming be introduced, the condition spoken of must continue. Increased wagen in the cities, which are greater with a view to meeting the higher cost of living do not relieve the situation, but rather intensify it, as more men are thereby attracted to the cities and towns, and the number of producers still further lessened.

It would, therefore, seem to be desirable that our governments, and also our financial institutions as far as they may be able, should in every reasonable way endeavor to assist and encourage the agricultural population. In view of the dearth of help in agricultural districts, it would seem that some effort should be made to turn to the country the tide of the unemployed in our cities. Without burdening you with further remarks, and believing you will heartily approve of the Statement submitted, I beg to move, seconded by the First Vice-President, that the Report of the Directors be received and adopted, and, together with the General Statement, be printed and a copy sent to each Shareholder.

The President's motion for the adoption of the Directors' Report was onded by Mr. W. D. Matthews, First Vice-President, and was unanimously

The retiring Directors, namely: Messrs. W. G. Gooderham, W. D. Maithews, G. W. Monk, Lieut.-Col. A. E. Gooderham, J. H. G. Hagarty, John Campbell, S.S.C. (Edinburgh); R. S. Hudson, John Massey, F. Gordon Oster, and E. R. C. Clarkson were unanimously re-elected for the ensuing year. The Board met after the adjournment of the Annual Meeting, when Mr. W. G. Gooderham was re-elected President; Mr. W. D. Matthews, First Vice-President, and Mr. G. W. Monk, Second Vice-President.

action in declaring martial law and deporting the strike leaders, the house addoughed Constant of the strike leaders, the house of Ross," which was addoughed to the strike leaders, the house of Ross, which was addoughed to the strike leaders, the house of the strike leaders and the strike leaders and the strike leaders are the strike leaders. his speech tomorrow. The minister of defence argued that the government had to deal with no ordinary strike, but a syndicalist conordinary strike, but a syndicalist conspiracy of the worst type. The Trades Federation had attempted to paralyze trade and transportation and terrorize and starve the community in order impel surrender to its demands. To defeat this conspiracy and prevent the country from succumbing to anarchy it became necessary to mobilize a larger

military force than was employed in the Boer republics at the outbreak of the war. He declared that Secretary Bain of the Trades Federation, one of the men deported, was the most promi-nent in inciting violence. He had known Bain when he was employed in the secret service of the Boer govern-ment, and declared him to be one of the most desperate characters he had

## ever encountered. Nothing more diabolical, asserted Gen. Smuts, could have been commit-ted by an invading force than what the deported leaders had attempted.

# **Toronto General Trusts** Corporation

### Report of the Proceedings of the Thirty-second Annual General Meeting.

The Thirty-second Annual Meeting of the Shareholders of The Toronto General Trusts Corporation was held in the Board Room of the Corporation's Head Office, corner of Bay and Melinda streets, Toronto, on Wednesday, the 4th of February, 1914.

There were present:—Hon. Featherston Osler, K.C., Hon. Sir John M. Gibson, K.C.M.G., LL.D., Sir William Mortimer Clark, K.C., Sir Edmund Walker, C.V.O., LL.D., Hon. Robert Jaffray, J. G. Scott, K.C., Hon. J. J. Foy, K.C., J. Bruce Macdonald, Thomas Long, Hamilton Cassels, K.C., J. W. Langmuir, A. C. Hardy, W. D. Matthews, G. H. Muntz, A. D. Langmuir, E. T. Malone, K.C., A. L. Malone, J. H. Gundy, G. P. Magann, John F. McLaren, W. G. Watson Frank Beemer, M.D., George S. May, Fred. C. Jarvis, C. W. Beatty, George f. Scheibe, J. F. MacKay, E. G. Long, J. Harry Paterson, J. O. Buchanan, J. E. Atkinson, E. S. Dean, George Porter, William Ince, Gerald Malone, G. A. Stimson, J. K. Niven, H. S. Osler, K.C., Britton Osler, J. H. Moss, Fienry J. Wright, Joseph A. Thompson, H. M. Forbes, W. N. Lonsdale, H. A. Calder, H. C. Hewetson, James Lang, T. J. Maguire, J. A. H. Burt, Fred. L. Jarvis, C. E. Robin, H. B. Morphy, C. W. Simmonds, J. H. A. Syers, John R. Foster.

The President, the Hon. Featherston Osler, took the chair, and Mr. A. D. Langmuir, Assistant General Manager, acted as Secretary of the meeting. Mr. J. W. Langmuir, General Manager, submitted and commented upon the financial statements showing the operations of the Corporation for the year ended 31st December, 1913.

The report to the Shareholders was then read, as follows :-

### THIRTY-SECOND ANNUAL REPORT OF The Toronto General Trusts Corporation (being for the year ended 31st December, 1913).

To the Shareholders :-The Board of Directors have pleasure in submitting the Thirty-second Annual Report of the Corporation, to which are appended the Statements of Assets and Liabilities and Profit and Loss for the year ended 31st De-

The net profits for the year, after payment of salaries, inspection fees, advertising and all expenses of management, both at the Head Office and Granches, amount to \$299,016.40, to which sum has to be added the balance brought forward from the preceding year, amounting to \$86,471.08, and also the premium of \$212,778.36 received from the sale of \$250,000 of new stock issued during the year, making the total amount at the credit of Profit and Less Account \$598,260.84, which has been appropriated as follows:

To payment of four Quarterly Dividends at the rate of To amount written off Office Building at Toronto..... 16,753.80
To amount of Office Furniture Accounts at Toronto, 

The Assets and Liabilities Statement shows that the total aggregate assets remaining in the hands of the Corporation at the close of the year amount to \$62,055,883.97, showing an increase over the preceding year of

The Board of Directors regret to announce the death in November last of their esteemed colleague, Sir Aemilius Irving, K.C., who was one of the Charter Directors of the Board, and a member of the Inspection Committee over twenty years. All which is respectfully submitted.

FEATHERSTON OSLER, President.

The Toronto General Trusts Corporation

51,176,929.76 AUDITORS' REPORT.

We, the undersigned, beg to report that we have made a full examina-

poration to the 31st December, 1913, and find same to be correct and properly set forth in the above statements of Profit and Loss and Assets and Liabilities. We have examined, and find in order, all the mortgages, debentures, bonds and scrip of the Corporation, as well as those negotiated for the Supreme Court of Ontario, and Trusts, Estates and Agencies in the Corporation's house of the Corporation of the Corporation's house of the Corporation of the poration's hands, and we have checked same with the mortgage and debenture ledgers and registers. The Banker's balances, after deducting outstanding

cheques, agree with the books of the Corporation.

We have also examined the reports of the auditors of the Winnipes.

Ottawa and Saskatoon Branches, and find that they agree with the Head Office

R. F. SPENCE, F.C.A., "Can." Auditors. Toronto, January 19th, 1914.

The President, Hon. Featherston Osler, K.C., in moving the adoption of the report, which was seconded by Hon. J. J. Foy. K.C., said in part:—

In moving the adoption of this report, I feel it is of such a character as not to require from me any extended remarks, especially as the general body of shareholders have had the report in their hands for several days. You can gather from this report and from the information conveyed to you by the reading of the different statements what a thoroughly satisfactory year the Corporation has passed through, and how in regard to all the activities with which it has been concerned there has been a general increase, and year the Corporation has passed through, and how in regard to all the activities with which it has been concerned there has been a general increase, and a continuation of the vigor and life which the Corporation has manifested during the long period of its existence. I will not take up your time, as you will all wish to hear from the General Manager of the Company who has guided its destinies up to the present time. I will just say to the shareholders—I do not speak to the kings of finance, who know more about these things then I can averyhope to the the general rank and file of the shareholders. things than I can ever hope to—but to the general rank and file of the share-holders I wish to say that each one of them can make themselves a centre of a circle of influence by advising in all cases where it is convenient for them to do so the employment of the Corporation as executor, administrator or agent. We have a thoroughly trained staff for the management of affairs of this kind a staff which can be relied upon to had. this kind, a staff which can be relied upon to handle efficiently a man's affairs as agent during his lifetime, and administer his estate after his death.

The President then called upon Mr. J. W. Langmuir, Vice-President and General Manager, to address the shareholders

Mr. Langmuir spoke as follows :-

On a reading of the Report and the financial statements accompanying it (which have been in the hands of the Shareholders for the past two weeks), I am confident that not only the Shareholders, but also the many thousand beneficiaries and others interested in The Toronto General Trusts Corporation will have reason to be satisfied with the results of the year's operations. I say this without hesitation, that the report is in every respect the best in the history of the Corporation, now extending over nearly a third of a century.

The net profits, after charging up all expenses of every kind, and providing for all possible losses for the year, amount to \$299,016.40, being an increase of \$65,100.47 over the net profits for the preceding year. These profits represent earnings of 19.93% on the paid-up Capital Stock of \$1,500,000, or 9.96% on the total amount of the Corporation's paid-up Capital and Reserve, namely \$3,000,000

serve, namely, \$3,000,000.

Your Directors, acting on the authority given them by the Shareholders in 1912, made a further issue of new stock to the extent of \$250,000, which was offered to the Shareholders at \$185 per share. The entire issue was was offered to the Shareholders at \$185 per share. The entire issue was taken up and fully paid during the year, netting a premium of \$212,773,26. This premium, together with the net profits for the year, and the balance of \$86.471.08 carried forward to the credit of Profit and Loss from 1912, enabled your Directors, after paying the usual 10% dividend and writing off \$16,753.80 from the Head Office premises, and \$4,378.27, the amount of the Office Furniture Account, to transfer to Reserve the sum of \$400,000, and carry forward to the credit of Profit and Loss \$42,282.75. The transfer of the \$400,000 to credit of Reserve brings this fund up to \$1,500,000, or a sum equal to our present paid-up Capital Stock, which is one of the gratifying features of this Report.

Coming now to a review of the Assets and Liabilities statement, the account shows a volume of business in the hands of the Corporation as a the 31st of December aggregating \$63,055,882.97, or a net increase over 1912 of \$9,203,319.82. The new Estates, Trusts, Agencies and other work assumed during the year, apart from Trusteeships in respect of Bond issues and work of a kindred character, amounted—as will be seen by the Inspection Committee's report—to the sum of \$11,297,090.86. If these figures are compared with the net increase in assets of \$9,203.319.32, it will be obvious that a with the net increase in assets of \$9,203,319.32, it will be obvious that a very large percentage of the new estates and other work coming into the hands of the Corporation remains with it in trust, for care and management.

While commenting on the statement of Assets and Liabilities, I wish to take this opportunity of answering a criticism which one sometimes hears, to the effect that Trust Companies are frequently in no hurry to invest the trust funds committed to their care. In this connection let me direct your attention to the fact that of the trust assets in the Corporation's hands (apart from our guaranteed funds), aggregating over \$50,000,000, as shown in the statement, only some \$605,948.59 remained on deposit in the various banks at the 31st of December last, a large percentage of which was revenue for distribution as at the 1st of January. It should be borne in mind that in the conduct of a large trust business there must always be funds, to a considerable amount, that are not available for permanent investment. In such cases, as far as it is possible or advisable, the Corporation loans the money at call on the security of municipal debentures, in order that the beneficiaries may obtain the best possible interest return. It will also be obvious that a Trust Company, keeping its trust funds distinctly separate and apart from its own moneys—as is the practice of this Corporation—has nothing to gain, but rather something to lose in the way of commission by allowing the funds belonging to estates under its control to remain uninattention to the fact that of the trust assets in the Corporation', hands allowing the funds belonging to estates under its control to remain unin-

except in cases where we are otherwise directed by the will or trust instrument under which we act—is to practically confine our investments to first mortgages on improved real estate. The interest return from such investments is not only as a rule better, but mortgages are more

from such investments is not only as a rule better, but mortgages are more convenient and satisfactory to deal with when it becomes necessary to distribute the estate, and particularly so where the beneficiaries desire cash rather than securities, as they frequently do.

In referring to our mortgage investments I have pleasure in stating that, notwithstanding the unusual money stringency which prevailed for the last seven or eight months of the past year, the mortgage interest, and, indeed, the instalments of principal maturing, have been most satisfactorily met. In respect of the mortgage investments in Ontario, aggregating \$14,194,558.85, 98.40% of all the interest that fell due in 1918 was paid before the close of the year. The promptitude with which the interest is paid on mortgages of this class makes such investments, in this particular, almost as satisfactory as municipal debentures, while at the same time the interest return is, of course, much higher. The average rate of interest on this entire volume of Ontario mortgage investments is 5.824% per annum, an increase over the average for last year of .24%, or practically a quarter

this entire volume of Ontario mortgage investments is 5.824% per annum, an increase over the average for last year of .24%, or practically a quarter of one per cent. The average rate obtained on Ontario mortgage loans negotiated by the Corporation during the past year was 6.39%.

I am also glad to inform you that our borrowers throughout Manitoba, Saskatchewan and Alberta, have during the past year met their payments of interest and instalments of principal in a very satisfactory way. These western mortgage investments amount to \$7,744,893.05, and 77.64% of the entire amount of interest maturing in the year 1913 was paid during the entire amount of interest maturing in the year 1913 was paid during the year, notwithstanding the fact that the interest is, in the case of nearly all western farm loans, payable annually, and a very large percentage of matures during the last two months of the year.

With these results it will be obvious that the Corporation's loaning policy is a conservative one, not only in the selection of its districts for operation in the West, as well as in Ontario, but also in the selection of its loans within such districts, both in regard to the security offered and the character of the

You will be pleased to learn from our statements that, notwithstanding the tightness of the money market, especially during the latter half of the year, we have, owing to the extended sources of money supply available to the Corporation, been in a position to negotiate new mortgage loans to the extent of \$5,858,548.83, representing, after the deduction of repayments on matured loans, a net increase during the year in mortgage investments of \$2,531,586.94.

In dealing with the investments made by the Corporation, I wish to draw your attention to what is called our Guaranteed Plan of Investment. This is a department of work entirely separate from our Estates business. At will observe from the statements that the Corporation has now in its hands guaranteed funds to the extent of 38,785,687.87. which have been entrusted to it by companies, institutions and individuals for investment under a guarantee from the Corporation that it will return the fund intact at the a guarantee from the Corporation that it will return the fund intact at the end of the investment period, together with a fixed net rate of interest per annum, payable half yearly. Practically all of these moneys (with the exception of some special funds which we received for investment in municipal debentures) are invested in first mortgages on improved real estate coming

within the terms of the Trustee Investment Act.

These Guaranteed Accounts are each kept distinctly separate in the books of the Corporation, and to each is specifically allocated a mortgage or mortgages carmarked as the property of the investor, which, with the Corporation's guarantee, makes in a particularly attractive forms of investment. It is not only an environment, are investivent for the contraction of the contraction o ment. It is not only an endnently safe investment for the guaranteed investor, but it is also a peculiarly safe class of business for the Trust Company; as the risk of loss to the Trust Company in connection with its guarantee to the investor is, owing to the class of investments taken and the system of allocation, reduced to a minimum.

This is a class of work that should be developed, for, while it is a safe business for the Corporation, and attractive to small as well as large investors in Canada, the United States and also Great Britain who have not the facilities for making loans or looking after their investments, it is at the same time of immense value to the development of our Canadian agricultural interests. These funds, gathered from many quarters by a Trust Company having a proper loaning organization and other necessary equipment, should help materially in supplying the needs of the farming community, particularly throughout our western Provinces. Sir George Paish, in one of his recent addresses, pointed out that Canada, in the completion this year of the transcontinental systems of the Grand Trunk Pacific and the Canadian Northern, would no doubt reach the end of what might be called its great railway expansion period, and in the immediate future should, as far as possible, give its attention to the development of the Dominion's agricultural resources. In order that this may be done the Trust and Loan Companies should, in my opinion, be encouraged by our Governments in the acquirement of funds along the lines I have indicated, to the end that the farmer may obtain on mortgage account, at reasonable rates of interest, whatever funds may be necessary to enable him to properly carry on his agricultural pursuits. Turning now to our Trust Estates business, let me say that the confidence of the public which we are enjoying is not alone evidenced by the very targe increase in the volume of the assets under our control, as shown by the Assets Statement, but also by the increasing number of Wills that are being filed with the Corporation, in which we are named as Executor and

For your information I may say that as the business increases we are areful to add to our staff, in order that no single officer or member of the taff may have more to do than he can efficiently accomplish. With the excerience that our officers and members of the staff have gathered from year o year in connection with the varying duties that an Executor and Trusted scalled upon to perform, it goes without saying that we are in a better estition to-day than ever before to carry out successfully the administration of Estates and Trusts comprising all manner of assets.

I desire to take this opportunity of informing the Snareholders, as well

P 0 0 R

as the public generally, that the expert services of the officers and staff of the Corporation may be had in the administration of Estates and Trusts and the management of collecting and investing agencies, at certainly no greater cost than is usually awarded to private executors and trustees on the passing of their accounts. their accounts, or allowed to individual agents for similar services. A Trust Company cannot, as one frequently hears stated, charge whatever fee or commission it may be disposed to charge, any more than a private trustee, but must accept the allowances that are made by the courts on the passing of its accounts, unless the commission has already been agreed upon as between the parties interested. The management of the Corporation invites inquiry on the part of the Shareholders and the public in connection with any department of its affairs, as a good deal of misapprehension still exists in the minds of many people with regard to the services rendered by Trust Companies and the remuneration received for such services.

Again let me repeat what I have said at former Annual Meetings, that the functions of a Trust Company having the care and management of estates, and the consequent investment of Trust Funds, surely provide a sufficient volume and variety of work, involving great responsibilities, without it entering upon speculative transactions in real estate or stocks, or assuming work other than is required in the performance of duties as executor and trustee and investor of funds under the provisions of the Trustee Investment Act Not only does it devolve upon a properly-constituted Trust Company to administer and wind up estates, but it has to obtain and keep invested the funds belonging to such estates during the time the trusts are in operation. time goes on the work of investing trust funds constitutes a large part the work of a Corporate Executor and Trustee. In corroboration of this statement I may say that The Toronto General Trusts Corporation to-day i not only an Executor and Truetee of Estates, but in its capacity of investor of trust funds has perhaps the largest loaning business in mortgages and municipal debentures in Canada. I cannot, therefore, too strongly press for the confinement of the work of Trust Companies to their legitimate func tions, eliminating all speculative transactions, whether in real estate or stocks or underwriting transactions, or in receiving moneys, as bankers, on deposisubject to withdrawal by cheque.

In concluding my remarks I wish to thank the members of the Advisory

Boards of the Corporation at Ottawa and Winnipeg, and also the members of the staff at the Head Office and its Branches, for their efficient services and the loyal manner in which they have, on behalf of the Corporation, discharged the duties devolving upon them throughout the year. The report was unanimously adopted, and the report of the Inspection Committee as signed by Hon. J. J. Foy, K.C., Mr. Hamilton Cassels, K.C., and

Hon. Sir John M. Gibson, K.C.M.G., was also adopted.

# **NEW LIPS AND NOSE**

Remarkable Series of Operations Performed in Baltimore Hospital Upon Young Canadian.

BALTIMORE, Md., Feb. 4.-With a part of his forearm substituted for new lips, Ross Allen, a young Canadian, at a hospital here, seems to be in a favorable way to have practically the whole of his face newly shaped. Allen entered the hospital about two months ago with his face disfigured from an accident in a sawmill five years previously. His nose and lips

were missing.

A section of flesh shaped to the torm of his lower lip was cut on his forearm in December and a grafting forearm in December and a grating juncture made with the lip base. The arm was bound about the head until the grafting was complete. This consumed about two weeks, when, sufficient adherence having taken place, the lip section was severed from the arm and the lip shaped. The same procedure was followed in the upper procedure was

When Allen accumulates sufficient strength for another operation, the surgeons will try to build him a new nose.

### RUSH SUPPLIES OF ARMS FOR MEXICAN REBELS

Villa Sends Representative to Thank President Wilson for Permission to Import Guns.

WASHINGTON, Feb. 4.—Modern arms and ammunition are already being rushed to Texas for transmission across the border to Villa. This much was admitted today at the headquarters of the Quaranza Junta, in this city. The shipments followed immediately on the issue of President Wilson's proclamation lifting the embargo issued last night. By the first of next week Villa will have siege guns and rapid-fire armament, with plenty of fresh ammunition, and it is believed

Torreon will soon fall.

Before leaving Juarez for Chihuahua today Villa sent his legal adviser to call on Brig.-Gen. Hugh L. Scott, United States commander at El Paso. Texas, to thank President Wilson, thru Scott, for lifting the embargo on the importation of arms. Attorney Aguirre Benavides also requested the release of 1,500,000 rounds of ammunition, five thousand rifles and several machine guns seized by the United States

Villa also began placing orders for carloads of ammunition. Already one million rounds have been ordered rushed for use in the coming Torreon

## NOVA SCOTIA CREAMERIES.

(Special Correspondent.)
HALIFAX, Feb. 3.—It is not gener. ally known, but it is a fact neverthe-less, that the output of the creameries of Nova Scotia increased in 1913 60 per cent. In other words, the production of butter in the creameries of Nova Scotian in 1913 was 250,000 pounds more than it was in 1912. The respective figures are:
Pounds.
1912 420,000

When you figure the average price of creamery butter is 30 cents per pound, you have an increase of \$75,-000 in 1913 from this source alone. Nova Scotia butter is also making a splendid reputation for itself as regards quality, and the market is considerably extending.

Women will find more news of interest to them in The World's magazine page every morning than it any other paper.

### MORE MEN NEEDED **BREEDERS MEET** FOR POLICE DUTY

Decision Made to Help in Pur- Chief Constable Says Now is Time to Get Additional "Cops."

NEW OFFICERS ELECTED ARRESTS **INCREASED** 

Samuel Lyons of Norval is But Considering Its Size, Toronto Has Not Much

Crime.

The report of the chief constable for 1913, issued yesterday, shows that the total number of persons arrested or summoned by the police was 39.654, an lian Jersey Cattle Club was held in ncrease of 5274 over the previous year increase of 5274 over the previous year, all of the male sex, as the number of females arrested showed a decrease of eleven. Of the charges laid, 18.221 were withdrawn or dismissed. Among the breaches of the law which showed increases compared with 1912 were: Drunk and disorderly, 2480; city bylaws, 425; housebreaking, 103; indecent rogress of the meeting that, thru the strumentality of the club, the stanfa', thus giving Toronto the second highest class of milk of any city on the continent, Washington, D.C., being assault, 61; Lord's Day Act, 373; neglect of children, 294; theft, 233; tres-

Among the decreases noted were Cruelty to animals, 76; keepers, in-mates and frequenters of disorderly houses, 158; non-payment of wages 49. Five hundred and sixty-four juvfences. Property to the reported value of \$380,411. including automobiles, valued at \$53.375, was lost or stolen,

and property valued at \$260.315 was recovered by the police.

There were no murders in Toronto during the year, according to the detective department, the felonious offences. tive department, the felonious offences showed a net increase of 1124. There wre 15 burglaries, 457 cases of house and shopbreaking, 41 robberies with violence, 94 cases of pocketpicking and

The chief recommends that the inspector of detectives be given more men for detective duty. He also recommends that a second motor ambulance, convertible for use as a patrol wagon, be purchased.

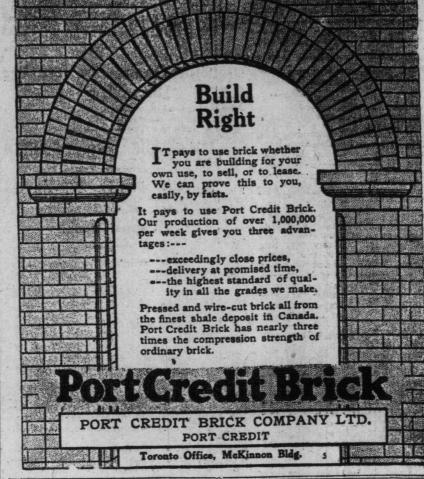

Referring to the mounted corps, the chief remarks that "it is growing more and more difficult to get the right stamp of horses, even at much higher The strength of the force of Jan.

was 626, all ranks, an increase of 38.

The chief says that it is imperative

CHARGED WITH STEALING
MONEY FROM HIS FIRM. that the force should be brought up to a total of seven hundred. He adds that the recruiting of eligible men is now less difficult than for some years, and applications by letter are being received in greater numbers.
Chief Grasett thinks traffic regulation is improving as the police become more proficient and the public have a

understanding of what they

ment show receipts of \$96.692, an in- HOME SET AFIRE BY crease of \$11,269.

The report of the medical officer of the department showed that there had been a larger number of men on the sick list than ever before, but it is noted that for the first time there have

been no cases of typhoid fever. TORONTO IS TWELFTH.

A list of the registrations of the larger universities of North America shows Toronto to be twelfth of the list, with a total enrolment of 4600. Columbia is first from the standpoint of size, boasting of 9929 students.
California, Chicago, Michigan, Pennsylvania, Wisconsin, Harvard, Cornell, the stove to pieces and set the house New York, Illinois and Iowa, are above Toronto in point of numbers. Yale stands 17th on the list, with a registration of 3263. Queen's University is 29th, with 1200 students.

Buying Orders Reported for Active Cobalt Stocks-Another Nipissing Loss.

Peterson Lake was again the feature among the mining issues on the Standard Stock Exchange, and after a day of buy-ling yesterday a gain to 28 was registered. There seems to be a better market for Strike on the property has not been confirmed, several brokers report buying orders for this stock.

Niplissing was also a busy trader for a high priced mining stock, and selling forced the price down to 700 in the morning, but the market strengthened during the afternoon, with the bid at the close standing at 702, which is over 100 points below a week ago, before the selling commenced.

Other Cobalts were strong attention of the selling commenced.

New Vein Cut on the Six Hundred Foot Level.

100 Rea 1/2 Standard 1/2 West Dome 71/2

ELEVEN DOLLARS A TON ON McINTYRE

At a meeting of the directors of the McIntyre-Porcupine Mines, Limited, held at the New York office of the company, Feb. 2, 1914, the directors authorized the following statement: "Development on the property dur-ing the past 30 days has been highly gratifying. This is especially true of work on the 600-foot level, which has been in progress for the past month, and which is the deepest working in the camp. Recent advices from the mine manager indicate that most satisfactory results are being obtained. Under date of Feb. 2 the manager wires that a new vein has just been cut at this level, that cross-cutting on the same was still in progress at the time wire was sent, and that the vein already indicated a width of some eight feet. Crosscutting is being continued in an attempt to ascertain the

to the south. This averages better than \$11 over a width of four and one-

DULUTH GRAIN MARKET.

DULUTH, Feb. 4.—Close: Wheat—No. 1 hard, 88%c; No. 1 northern, 87%c; No. 2 do., 85%c; May, 89%c to 89%c; July, 90%c to 90%c.

C.P.R. LIVE STOCK MARKET.

MONTREAL, Feb. 4.—At the C.P.R. live stock market this morning the offerings of live stock were 600 cattle, 10 sheep and lambs, 1000 hogs and 200 calves. Trade in cattle was slow, but as the supply was somewhat smaller than usual a steady feeling prevailed. There were no choice steers on the market, but the best stock offered sold at \$7.50, while the bulk of the trading was done in cattle ranging in price from \$6 to \$7, and the lower grades sold from that down to \$5 per 100 pounds. The demand for butchers' cows and bulks was limited, but as the supply of such was small prices ruled steady at from \$4 to \$7 per 100 pounds.

The demand for small meats was good, and as offerings were small the tone of the market was firm, with no change in prices to note.

Augusta Queen, 8th, 101162, promising as a good show helfer and cow, fell under the hammer to the buyer for Heart's Delight Farm, Chazy, N.Y. Next came Lavender peer, 92548, a young buil of the Aberdeenshire shorthorn family. This animal was greeted with sharp bidding as soon as he entered the ring, and was knocked down to W. T. Hopper, Palsley, Ont., for \$325. Goodfellow Bros., Bolton, Ont., paid \$306 for Merry Mildred, 9874, a show heifer of the family of Queen Mildred, that sold in the 1912 sale for \$1535 and won many prizes thereafter. Beauty, 38th, 105868, a thirteen months' helfer, went to J. Milton Brantford, for \$170.

as the supply of such was small prices ruled steady at from \$\frac{1}{2}\$ to \$\frac{1}{2}\$ for \$\frac{

ASSIGNEE'S SALE CERTAIN OF THE ASSETS OF AUBURN NURSERIES, LIMITED FOR SALE BY TENDER

lowed out of the purchase money as part of the consideration.

TERMS OF SALE.

Twenty-five per cent. cash (including the ten per cent. marked cheque hereinafter mentioned), on acceptance of tender, and the balance less mortgage in two, four and six months from acceptance with interest at six per cent. per annum, to be secured to the satisfaction of the assignee.

Tenderers are requested to be present at the opening of the tenders.

Tenders must be accompanied by a marked cheque payable to the order of the assignee, sufficient for ten per cent. of the amount of the tender, which will be returned if the tender be not accepted.

The highest or any tender not necessarily accepted.

The purchaser shall search the title to each respective parcel at his own expense, and the assignee will not be required to furnish any abstract or produce any deed, declaration or evidence of title other than those in his possession.

The purchaser shall have ten days within which to make any objection to requisition in respect to the title to the real estate or leasehold premises.

Tenderers must, notwithstanding inventories, enquire into and satisfy themselves as to orchard areas, quantity and quality of nurseries stock before tendering.

If the purchaser shall make any objection to requisition and satisfy themselves as to orchard areas, quantity and quality of nurseries stock before tendering.

quality of nurseries stock before tendering.

If the purchaser shall make any objection or requisition which the assignee shall from any cause be unable or unwilling to answer, the assignee may rescind the acceptance and return the deposit to the purchaser, notwithstanding any intermediate negotiations, and the purchaser shall not be entitled to any interest, costs or compensation.

Further particulars and conditions of sale on application to the undersigned, or to his solicitors.

Dated at Toronto, this 28th day of January, 1914.

OSLEPR WADE, F.C.A., Assignee, 64 West Wellington Street, Toronto, By McMaster, Montgomery, Fleury & Co., his solicitors.
