Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

12X	16X	20X	24X	28X	32X

The copy filmed here has been reproduced thanks to the generosity of:

Harold Campbell Vaughan Memorial Library
Acadia University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Harold Campbell Vaughan Memorial Library
Acadia University

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

LIFE OF CICERO.

I.

Marcus Tullius Cicero,¹ the greatest name *Birth.*
in Roman literature, was born near Arpinum, a town
of Latium, January 3rd, B.C. 106. His father, a
man of large views and liberal culture, belonged to
the *equites*, and possessed an hereditary estate in the
neighbourhood of the town. To give his sons, Mar-
cus and Quintus, that education which could not be
obtained at a provincial school, he removed to Rome, *Removes to*
where the young Ciceros were placed under the best *Rome,*
teachers of the day. From Aelius they learned *B.C. 92.*
philosophy; from Archias, the mechanism of verse, *Early*
though not the inspiration of poetry. A translation *teachers.*
of the *Phaenomena* and *Prognostics* of Aratus, and a *Early works.*
mythological poem on the fable of *Pontius Glaucus*
were the first fruits of Cicero's genius. On assuming *Assumes the*
the *toga virilis*, B.C. 89, Cicero attached himself to *toga virilis*
the jurist Scaevola, who was then in the zenith of his *B.C. 89.*
fame. In the following year he served a brief cam- *Serves his*
paign in the Social War under Cn. Pompeius Strabo, *first cam-*
the father of Pompey the Great. Philosophical *paign,*
studies had, however, more attractions for him than *B.C. 88.*
arms. Under Philo, the Academic, and Diodotus, *Studies*
the Stoic, he laid the foundation of that Eclecticism *philosophy.*
which is so observable in his philosophical works.
At the age of 25 he pleaded his first cause, and in *Pleads his*
the following year he defended Sextus Roscius of *first cause*
Ameria, who had been accused of parricide by Chry- *pro Quinct*
sogonus, one of Sylla's favourites. In this cause he

acquired the acquittal of his client, but incurred the enmity of the dictator. With the ostensible object of regaining his health he went to Athens, where he studied philosophy under Antiochus, the Academic, and under Zeno and Phaedrus, both Epicureans. From Athens he travelled through Asia Minor and finally settled for a short time at Rhodes, attending there the lectures of Molo, the rhetorician. Returning home, he at once entered on that political career to which his commanding ability destined him, and was elected *quaestor* of Sicily. During his term of office he so endeared himself to the inhabitants of the island by his integrity that they selected him as their patron at Rome. In their behalf he subsequently conducted the prosecution against Verres, who was charged with extortion. His success in this cause, and his consequent popularity, procured him the office of *curule aedile*. After the usual interval he was chosen *praetor*, and, while holding this office, delivered the first of his political harangues, in defence of the bill proposed by C. Manilius to invest Pompey with supreme command in the Mithradatic War. Two years afterwards he gained the *consulship*, the goal of his ambition. His consulate is memorable for the bold attempt of Catiline to subvert the government—an attempt which was frustrated by the patriotic zeal of the consul. Cicero had quickly soared to the pinnacle of fame: as quickly did he fall. In crushing the conspiracy of Catiline questionable means had been employed. Clodius, his implacable enemy, revived a law exiling all who had been guilty of putting to death Roman citizens without a formal trial before the people. The Triumvirs, too, were disgusted with the vanity of the man who was constantly reminding the people that he was the “Saviour of Italy” and the “Father of

His Country." Deserted by his friends, and exposed to the hatred of his foes, Cicero went to Thessalonica into voluntary exile. The wanton destruction of his villas and the insults offered to his wife and children soon, however, produced a feeling of sympathy for the exiled orator. His return to Rome was attended with all the pomp and circumstance of a triumphant general. Henceforth his voice was little heard in the Senate. After his return he was appointed to a seat in the *College of Augurs*. In obtaining this office he had placed himself under obligations to both Pompey and Caesar, and this may account for his neutrality in the civil struggles of the time. He was subsequently appointed, much against his will, proconsul of Cilicia, where his administration was marked by the same integrity as he had displayed in Sicily. Cicero arrived in Italy from Cilicia on the 4th of January, B.C. 49, just after the breaking out of the civil war between Pompey and Caesar. After some hesitation he decided to take the part of Pompey, but his support was never cordial: it was a source of weakness rather than of strength. When the battle of Pharsalia decided the fate of the Roman world, he returned to Brundisium to await the arrival of the victorious Caesar, who generously extended a full and frank pardon to the vacillating orator. Cicero from this time withdrew from active public life and devoted himself to philosophy, except during the period immediately preceding his death. The loss of his daughter Tullia, the divorce of his wife Terentia, and the unhappy marriage with Publilia darkened the gloom which settled on his declining years. His high exultation on the assassination of Caesar was of only momentary duration, and was succeeded by dark forebodings of Marc Anthony's designs. As soon as the plans of the scheming triumvir were evident,

Works.

Cicero attacked Antony's character with all the powers of invective. Again he was the idol of the people and the champion of senatorial rights, but his popularity was only the last gasp of the dying liberties of Rome. The second triumvirate was formed, and each member of it sacrificed his friends to glut the vengeance of his colleagues; and to appease the brutal Antony, Cicero was sacrificed by Octavianus. Refusing to seek refuge in exile, he determined to die in the land he had saved, and was slain at Caieta by the emissaries of the bloodthirsty triumvir.

The works of Cicero are:—

(1) *Orations*: Of the eighty speeches composed by him we possess, either entire or in part, fifty-nine. (See list).

(2) *Philosophical works*.

(3) *Correspondence*: Comprising *thirty-six* books, *sixteen* of which are addressed to Athens, *three* to his brother Quintus, *one* to Brutus, and *sixteen* to his different friends.

(4) *Poems*: Consisting of the heroic poems, *Alcyones*, *Marcus*, *Elegy of Tamelestis*, and *Translations* of Homer and Aratus.

II.

LIFE OF CATILINE.

Birth.

L. Sergius Catilina was a Roman patrician, born about 108 B.C. From his father he inherited nothing but a noble name. In the turbulent scenes of the Sullan rule, Catiline played a conspicuous part, to which his undoubted ability, his undaunted courage, his iron constitution, his depraved morals, and excessive cruelty notoriously fitted him. He

commenced his career by slaying, with his own hand, *His crimes.* Q. Caecilius, his own brother-in-law, and by torturing to death M. Marius Gratidianus, a kinsman of Cicero. Though his youth was spent in open debauchery, and reckless extravagance, though he made away with his first wife and his son to marry the worthless and profligate Aurelia Orestilla, the guilty crimes of Catiline do not seem to have been any barrier to his advancement to political honors. He obtained the praetorship B.C. 68, and in the following year was *Offices held.* proprætor of Africa. He returned to Rome B.C. 66 to press his suit for the consulship. The two consuls who had the highest votes were P. Autronius Paetus and P. Cornelius Sulla, both of whom were convicted of bribery, and their election was declared void. Their places were filled by L. Aurelius Cotta and L. Manlius Torquatus. Catiline was prevented from being a candidate in consequence of an impeachment brought against him for mal-administration of his province of Africa by P. Clodius Pulcher, afterwards the implacable enemy of Cicero. Autronius and Catiline, exasperated by their disappointment, formed a league with Cn. Calpurnius Piso to murder the consuls on the first of January, to seize the *fasces, First Conspiracy.* and to occupy Spain. The plan leaked out, and was postponed till the fifth of February. The scheme, however, failed in consequence of Catiline giving the signal too soon. Resolutions were passed by the Senate condemning the conspiracy, but these were squashed by the intercession of a tribune. Some say that both Caesar and Crassus were involved in this First Conspiracy of Catiline. About this time, Catiline was acquitted of extortion (*res repetundae*), but the trial rendered him penniless. About the beginning of June, 64 B.C., he began to plot more systematically to carry out his plans for a general

*Catiline's
Proposals.*

revolution. A meeting was called for all those interested in the conspiracy. To this convention, eleven senators, four knights, and many of the noted men from the provincial towns assembled to hear the bold designs of the conspirator. Catiline proposed that all debts should be cancelled (*novae tabulae*), that the wealthy citizens should be proscribed, that offices of honor and emolument should be divided among his friends, and that the leaders of the conspiracy should raise armies in Spain and in Mauretania. Again he was a candidate for the consulship, and again he was doomed to disappointment. Cicero and Antonius were chosen, the latter, however, by only a few centuries over Catiline. This defeat embittered the animosity between the two parties. The conspirator raised large sums of money on his own security and on the credit of his friends, sent arms to various parts of Italy, levied troops in Etruria, and sent Manlius a veteran of Sulla to take command of the newly raised forces. The slaves were to be armed, the buildings of the city set on fire, the citizens indiscriminately massacred, and a reign of terror and bloodshed was to be inaugurated. In the midst of all these schemes, Catiline stood again for the consulship (63 B.C.), and was thwarted by the wariness and exertions of Cicero, who checkmated his schemes at every turn. One of the conspirators was Q. Curius, a man weak and vacillating. This man had a mistress, Fulvia, who was the repository of all his secrets. Alarmed at the audacious designs of the conspirators, she imparted her secrets to some of her acquaintances, and through her confidants the matter was betrayed to Cicero. After securing his personal safety, and withdrawing Antonius from the side of Catiline, the consul deferred the consular elections to lay before the Senate the

*The Con-
spiracy
divulged.*

whole conspiracy. At a meeting of the Senate, *First Speech*
 October 21st, 63, he told the Senators the danger *against*
 that threatened the state. Many of those complicated *Catiline.*
 in the conspiracy fled. By virtue of a *decretum*
ultimum, which formula (*consules videant, ne quid*
detrimenti respublica capiat) gave the consuls absolute
 civil and military power, Catiline was in danger of
 losing his life. Catiline, who was again a candidate
 for the consulship for 62 B.C., was rejected. An
 impeachment of sedition was also brought against
 him by L. Aemilius Paulus. On the 6th November,
 Catiline summoned the conspirators to the house of
 M. Porcius Laeca, and after accusing them of inac-
 tivity, he laid before him his plans. Cicero was to
 be removed, and L. Vargunteius, a senator, and C.
 Cornelius, a knight, were despatched to carry out the
 scheme, but were frustrated. Cicero called the Senate
 on November 8th, and delivered his first speech
 against Catiline, who, though overwhelmed with
 guilt, had still the audacity to appear among the
 senators. *ad Sempronius (appetere ut letor*

Altogether four speeches were delivered against
 Catiline. In the final debate as to the sentence, it
 was decided to put the apprehended conspirators to
 death. This sentence was carried out against some.
 Catiline and most fell, however, in the field at Pistoria
 (62 B.C.), fighting with a valour worthy of a better
 cause.

B. C.			Dec. 5th : Fourth Catilinarian oration delivered in the temple of Concord. The Senate decrees that the death penalty should be inflicted on the conspirators. Five conspirators put to death.
62	{ D. Junius Silanus L. Licinius Murena	Jan. 5th : Battle of <i>Pistoria</i> : defeat and death of Catiline.	Many Senators tried under the law <i>Lex Plautia de vi</i> and exiled.

IV.

FIRST ORATION AGAINST CATILINE.

This speech may be divided into three parts :

I. In the introduction Cicero in impassioned language expresses astonishment that Catiline should be so audacious as to come into the Senate while plotting the destruction of his country. The orator reminds Catiline that men less guilty have been slain in the earlier days of the republic, and gives reasons why the penalty of death should be meted out to the arch conspirator (I., II.).

II. In the next part, Cicero gives reasons why Catiline should leave Rome and go to the camp of Manlius :

(a) That his nefarious plot was well known, that his personal character was stained with many crimes, that his public life was ab-

horred by all, that his native land, though silent, eloquently pleads with Catiline to withdraw (III.-IX.).

- (b) That Catiline should depart to the troops raised in Etruria, whither he had sent Manlius to carry on the war, that the great delight of Catiline was to make war on his native land, and to mingle in the society of the conspirators.
- (c) That such withdrawal would be more advantageous to the State than the execution of the conspirators, that in the former case his abandoned followers would accompany Catiline, and thus the seeds of the rebellion would be extirpated.

III. The orator promises the co-operation of all patriotic citizens in suppressing the conspiracy after Catiline and his associates had withdrawn. Then beseeching Catiline and the other conspirators to remove from Rome, the orator invokes the aid of Juppiter Stator to save Rome from the nefarious schemes of abandoned men.

M. TULLII CICERONIS
ORATIO IN L. CATILINAM

PRIMA.

HABITA IN SENATU.

I.—I. ¹Quo ūsque tandem abutēre, Catilina, patientia nostra? Quam diu ²etiam ³furor iste tuus ⁴eludet? ⁵Quem ad finem sese effrenata ⁶jactabit audacia? ⁷Nihilne te nocturnum praesidium Palatii, nihil urbis vigiliae, nihil timor populi, nihil concursus bonorum omnium, nihil hic munitissimus habendi senatus locus, nihil horum ora vultusque moverunt. Patēre tua consilia non sentis? ⁸Constrictam ⁹omnium horum scientia teneri conjurationem tuam non vides? Quid ⁹proxima, quid superiore nocte ēgeris, ubi fueris, quos convocaveris, quid consilii ceperis, quem ¹⁰nostrum ignorare arbitraris? 2. O tempora, O mores! senatus haec intellegit, consul videt: hic tamen vivit. ¹Vivit? immo vero etiam ²in senatum venit, fit publici consilii particeps, ³notat et designat oculis ad caedem unum quemque nostrum. / Nos autem, ⁴viri fortes, satis facere rei publicae ⁵videmur, si istius furorem ac tela ⁶vitemus. ⁷Ad mortem te, Catilina, duci jussu consulis jam pridem oportebat, ⁸in te conferri pestem istam, quam tu in nos machinaris. 3. ¹An vero vir amplissimus, P. Scipio, pontifex maximus, Ti. Gracchum, mediocriter labefactantem statum rei publicae, privatus interfecit: Catilinam orbem terrae caede atque incendiis vastare cupientem, nos consules perferemus? Nam ²illa nimis

antiqua praetereo, quod C. ³Servilius Ahala Sp. Maelium, ⁴novis rebus studentem, manu sua occidit. ⁵Fuit, fuit ista quondam in hac re publica virtus, ⁶ut viri fortes ac ⁷acrioribus supplicis civem perniciosum quam acerbissimum hostem coercerent. Habemus ⁷senatus consultum in te, Catilina, ⁸vehemens et grave: non deest ⁹rei publicae consilium neque auctoritas hujus ordinis: ¹⁰nos, nos, dico aperte, consules desumus. X

II.—4. Decrevit ¹quondam senatus ut L. Opimius consul videret ne quid res publica detrimenti caperet; nox nulla ²intercessit; interfectus est ³propter quasdam seditionum suspiciones C. Gracchus, clarissimo ⁴patre, avo, majoribus: occisus est cum liberis ⁵M. Fulvius consularis. ⁶Simili senatus consulto C. Mario et L. Valerio consulibus est permissa res publica: ⁷num unum diem postea L. Saturninum tribunum plebis et C. Servilium praetorem mors ac rei publicae poena remorata est? At vero nos ⁸vicesimum jam diem patimur hebescere ⁹aciem horum auctoritatis. Habemus enim hujus modi senatus consultum, verum ¹⁰inclusum in tabulis tamquam in vagina reconditum, ¹¹quo ex senatus consulto confestim interfectum te esse, Catilina, convēnit. Vivis, ¹²et vivis non ad deponendam sed ad confirmandam audaciam. X Cupio, patres conscripti, me esse clementem, cupio in tantis rei publicae periculis me non ¹³dissolutum videri, sed jam me ipse ¹³inertiae nequitiaeque condemno. 5. ¹Castra sunt in Italia contra populum Romanum in Etruriae faucibus collocata, crescit ²in dies singulos hostium numerus, eorum autem castrorum imperatorem ducemque hostium intra moenia atque ³adeo in senatu videmus intestinam aliquam cotidie perniciem rei publicae molientem. Si te ⁴jam, Catilina, comprehendi, si interfici jussero, ⁵credo, erit ⁶verendum mihi, ne non potius hoc omnes boni serius a me quam quisquam crudelius factum esse dicat. X Verum ego hoc,

quod jam pridem factum esse oportuit, ⁷certa de causa nondum adducor, ut faciam. Tum denique ⁸interficiēre, cum jam nemo tam improbus, tam perditus, tam ⁹tui similis inveniri poterit, ¹⁰qui id non jure factum esse fateatur. |
6. Quam diu ¹quisquam erit qui te defendere audeat, vives, sed vives ita, ut ²vivis, multis meis et firmis praesidiis oppressus, ne ³commovere te contra rem publicam possis. Multorum te etiam oculi et aures non sentientem, sicut adhuc ⁴fecerunt, speculabuntur atque custodient.

III.—⁵Étenim quid est, Catilina, quod jam amplius ⁶expectes, si neque nox ténébris obscurarē ⁷coeptus nefarios neque ⁸privata domus ⁹parietibus continerē ¹⁰voces conjurationis tuae potest? Si ¹¹inlustrantur, si erumpunt omnia? Muta jam ¹²istam mentem, ¹³mihi crede! obliviscere caedis atque incendiorum. ¹⁴Teneris undique luce sunt cliora nobis tua consilia omnia; quae jam mecum licet ¹⁵recognoscas. 7. ¹Meministine me ²ante diem duodecimum Kalendas Novembres dicere in senatu, fore in armis ³certo die, qui dies futurus esset ante diem sextum Kalendas Novembres, C. Manlium, ⁴audaciae satéllitem atque administrum tuae? ⁵Num me fefellit, Catilina, non modo res tanta, tam atrox, tamque incredibilis, verum id quod multo magis, admirandum, dies? Dixi ego ídem in senatu, ⁶caedem te ⁷optimatium contulisse in ante diem quintum Kalendas Novembres, tum cum multi principes civitatis Roma non tam ⁸sui conservandi quam tuorum consiliorum ⁹reprimendorum causa profugerunt. Num infitari potes te illo die meis praesidiis, mea diligentia circumclusum commovere te contra rem publicam non potuisse, cum tu discessu ceterorum nostra tamen, qui remansissemus, caede, contentum se dicebas? 8. ¹Quid? cum tu ²te Praeneste Kalendis ipsis Novembribus occupaturum nocturno impetu esse confideres, ³sensistine illam coloniam meo jussu meis praesidiis, custodiis vigiliisque esse munitam?

ad. comp.

23. ti. Oct.

⁵Nihil agis, nihil moliris, nihil cogitas, quod non ego non modo audiam, sed etiam videam planeque sentiam.

IV.—Recognosce mecum ⁶tandem ⁷noctem illam superiorem : ⁸jam intelliges multo me vigilare acrius ad salutem quam te ad perniciem rei publicae. ⁹Dico te ¹⁰priore nocte venisse ¹¹inter falcarios—non agam obscure ¹²in M. Laecae domum : convenisse eodem ¹³complures ejusdem ¹⁴amentiae scelerisque socios. Num negare audes ? quid taces ? ¹⁵convincam, si negas : video enim esse hic in senatu quosdam, qui tecum una fuerunt. 9. O di immortales ! ¹ubinam gentium sumus ! quam rem publicam habemus ? in qua urbe vivimus ? ²Hic, hic sunt in nostro numero, ³patres conscripti, ⁴in hoc orbis terrae sanctissimo gravissimoque consilio, ⁵qui de nostro omnium interitu, qui de hujus urbis atque adeo de orbis terrarum exitio cogitent. Hosce ego video et de re publica ⁶sententiam rogo, quos ferro trucidari oportebat, eos nondum voce ⁷vulnero. Fuisti ⁸igitur apud Laecam illa nocte, Catilina ; ⁹distribuisti partes Italiae ; ¹⁰statuisti quo quemque proficisci placeret ; ¹¹delegisti quos Romae relinqueres, quos tecum educeres, ¹²discripsisti urbis partes ad incendia ; confirmasti te ipsum jam esse exiturum ; dixisti ¹³paullulum tibi esse ¹⁴etiam tum morae, quod ego viverem. Reperti sunt ¹⁵duo equites Romani, ¹⁶qui te ista cura liberarent et sese illa ipsa nocte paulo ante lucem me in meo ¹⁷lectulo interfecturos esse pollicerentur. 10. Haec ego omnia, ¹vixdum etiam coetu vestro dimisso, comperi, domum meam majoribus praesidiis munivi atque firmavi, exclusi eos, quos tu ad me ²salutatam ³mane miseras, cum illi ipsi venissent, quos ego jam multis ac summis viris ad me ⁴id temporis venturos praedixeram.

facti gen.

V.—II. ¹Quae cum ita sint, Catilina, ²perge quo coepisti, egredere aliquando ex urbe : patent portae : proficiscere.

Nimium diu te imperatorem tua illa Manliana castra desiderant. Educ tecum etiam omnes tuos, ³si minus, quam plurimos : purga urbem. Magno me metu liberabis, ⁴dum modo inter me atque te murus intersit. Nobiscum versari jam diutius non potes : ⁵non feram, non patiar, non sinam. ⁶Magna dis immortalibus habenda est atque huic ipsi Jovi Statori, antiquissimo custodi hujus urbis, gratia, ⁷quod hanc tam taetram, tam horribilem tamque infestam rei publicae pestem totiens jam effugimus. ⁸Non est saepius in uno homine summa salus periclitanda rei publicae. ⁹Quam diu mihi, ⁸consuli designato, Catilina insidiatus es, non publico me praesidio, sed privata diligentia defendi. | Cum, proximis comitiis consularibus, me consulem ¹⁰in campo et ¹¹competitores tuos interficere voluisti, ¹²compressi conatus tuos nefarios amicorum praesidio et copiis, nullo tumultu publice concitato : denique, ¹³quotienscumque me petisti, per me tibi obstiti, ¹⁴quamquam videbam ¹⁵perniciem meam cum magna calamitate rei publicae esse conjunctam. 12. ¹Nunc jam aperte rem publicam universam petis : templa deorum immortalium, tecta urbis, vitam omnium civium, Italiam ²denique totam ad exitium ac vastitatem vocas. ³Quare quoniam id, quod est primum et quod hujus imperii disciplinaeque majorum proprium est, facere nondum audeo, faciam id, quod est ⁴ad severitatem lenius et ad communem salutem utilius. Nam si te interfici jussero, residebit in re publica ⁵reliqua conjuratorum manus : ⁶sin tu, quod te jam dudum hortor, exieris, ⁷exhaurietur ex urbe tuorum comitum magna et pernicio⁸sa ^{republicae}. 13. Quid est, Catilina? num dubitas id ¹imperante me facere, quod jam tua sponte ²faciebas? Exire ex urbe jubet ³consul hostem. Interrogas me : ⁴num in exilium? non jubeo, sed, si ⁵me consulis, suadeo.

VI.—Quid est enim, Catilina, ⁶quod te jam in hac urbe delectare possit? In qua nemo est ⁷'extra istam conjurationem perditorum hominum qui te non metuat, nemo qui non oderit. ⁸Quae nota domesticae turpitudinis non inusta vitae tuae est? ⁹Quod privatarum rerum dedecus non haeret in fama? ¹⁰Quae libido ab oculis, quod facinus a manibus unquam tuis, quod flagitium a toto corpore abfuit? ¹¹Cui tu adolescentulo, quem corruptelarum illecebris irretisses, non aut ad audaciam ferrum aut ad libidinem facem praetulisti? 14. ¹Quid vero? ²Nuper, cum morte superioris uxoris novis nuptiis domum vacuefecisses, nonne etiam alio incredibili scelere hoc scelus cumulasti? Quod ego praetermitto et facile ³patior sileri, ne in hac civitate ⁴'tanti facinoris immanitas, aut exstitisse aut non vindicata esse videatur. Praetermitto ruinas fortunarum tuarum, ⁵quas omnes impendere tibi proximis Idibus senties: ad illa venio, quae non ad privatam ignominiam vitiorum tuorum, non ad domesticam tuam difficultatem ac turpitudinem, sed ad summam rem publicam atque ⁶ad omnium nostrum vitam salutemque pertinent. 15. Potestne tibi haec lux, Catilina, aut hujus caeli spiritus esse jucundus, ¹cum scias esse horum ²neminem qui nesciat, te ³pridie Kalendas Januarias ⁴Lepido et Tullo Consulibus stetisse in ⁵comitio cum telo? Manum consulum et principum civitatis interficiendorum causa paravisse ⁶sceleri ac furori tuo non mentem aliquam aut timorem tuum, sed fortunam populi Romani obstitisse? Ac jam illa omitto—⁷neque enim sunt aut obscura aut non multa commissa postea:—quotiens tu me ⁸designatum, quotiens consulem interficere voluisti! quot ego tuas ⁹petitiones ¹⁰ita coniectas, ut vitari posse non viderentur, parva quadam declinatione et, ut aiunt, corpore effugi! nihil adsequeris, neque tamen conari ac velle desistis. 16. Quotiens ¹tibi jam extorta est sica ista de manibus! quotiens ²excidit

aliquo casu et elapsa est! ^{et ee} quae quidem quibus abs te initiata sacris ac devota sit, nescio, quod eam necesse putas esse in consulis corpore defigere. †

^ VII.—Nunc vero quae tua est ista vita? Sic enim jam tecum loquar, non ut odio permotus esse videar, quo debeo, sed ut misericordia, quae tibi nulla debetur. Venisti paulo ante in senatum. Quis te ex hac tanta frequentia, tot ex tuis amicis ac necessariis salutavit? Si hoc post hominum memoriam contigit nemini, vocis exspectas contumeliam, cum sis gravissimo iudicio taciturnitatis oppressus? ¹¹Quid? Quod ¹²adventu tuo ¹³ista subsellia vacuefacta sunt, quod omnes consulares, ¹⁴qui tibi persaepe ad caedem constituti fuerunt, simul atque adsedisti, partem istam subselliorum ¹⁵nudam atque inanem reliquerunt, quo ¹⁶tandem animo hoc tibi ferendum putas? 17. ¹Servi ²mehercule mei si me ³isto pacto metuerent, ut te metuunt omnes cives tui, domum meam relinquendam putarem: tu tibi urbem non arbitraris? Etsi me meis civibus ⁵injuria suspectum tam graviter atque ⁶offensum viderem, carere me aspectu civium quam ⁷infestis oculis omnium conspici mallet: tu cum conscientia scelerum tuorum ⁷agnoscas odium omnium justum et jam diu tibi debitum, ⁹dubitas, quorum ¹⁰mentes sensusque vulneras, eorum aspectum praesentiamque vitare? Si te parentes timere atque odissent tui nec eos ulla ratione placare posses, ¹¹opinor, ab eorum oculis ¹¹aliquo concederes: ¹²nunc te patria ¹³quae communis est parens omnium nostrum, odit ac metuit et jam diu nihil te iudicat nisi de patricidio suo cogitare: hujus tu neque auctoritatem ¹⁴verebere nec iudicium sequere nec vim pertimesces? 18. ¹Quae tecum, Catilina, sic agit et quodam modo tacita loquitur: ²Nullum jam aliquot annis facinus exstitit nisi per te, nullum flagitium sine te: tibi uni multorum civium ³neces, tibi vexatio direptioque ⁴sociorum impunita fuit ac libera:

⁵tu non solum ad negligendas leges et quaestiones, verum etiam ad evertendas perfringendasque valuisti. Superiora illa, quamquam ferenda non fuerunt, tamen ut potui, tuli: nunc vero me totam esse in metu propter unum te, quidquid increpuerit Catilinam timeri, nullum videri contra me consilium iniri posse, quod a tuo scelere abhorreat, ⁶non est ferendum. Quamobrem discede atque hunc mihi timorem eripe, si est verus, ⁶ne opprimar, sin falsus, ut tandem aliquando timere desinam.' ✕

⁴VIII.—19. Haec si tecum, ut dixi, patria loquatur, nonne ¹impetrare debeat, etiam si vim adhibere non possit? ²Quid? Quod tu te ipse ³in custodiam dedisti? Quod vitandae suspicionis causa ⁴apud M. Lepidum te habitare velle dixisti? A quo non receptus etiam ad me venire ausus es, atque ut domi meae te adservarem rogasti. Cum a me quoque id responsum tulisses, me nullo modo posse ⁵isdem parietibus tuto esse tecum, qui magno in periculo essem quod isdem moenibus contineremur, ad ⁶Q. Metellum praetorem venisti: a quo repudiatus ad sodalem tuum, ⁷virum optimum, M. Metellum demigrasti, quem tu ⁸videlicet et ad custodiendum diligentissimum et ad suspicandum sagacissimum et ⁹ad vindicandum fortissimum fore putasti. Sed quam longe videtur a carcere atque vinculis abesse, ¹⁰debere, ¹⁰qui se ipse jam dignum custodia iudicavit? | 20. ¹Quae cum ita sint, dubitas, si ²emori, aequo animo non potes, abire in aliquas terras et vitam istam, multis suppliciis iustis ~~debitis~~ ³ereptam, fugae solitudinique mandare? // ⁴Refer, inquis, ad senatum; id enim postulas, et, si hic ordo ⁴sibi placere decreverit te ire in exilium, obtemperatum te esse dicis. Non referam, id quod ⁵abhorret a meis moribus, et tamen faciam ut intelligas, quid hi de te sentiant. Egredere ex urbe, Catilina, libera rem publicam metu, in exilium, ⁶si hanc vocem exspectas, proficiscere. Quid est, Catilina?

Ecquid attendis, ecquid animadvertis horum silentium? ^{con}Patiantur, tacent. ^{con}Quid exspectas auctoritatem loquentium, quorum voluntatem tacitorum perspicis? 21. At si hoc idem ^{con}huic adulescenti optimo, P. Sestio, si fortissimo vero M. Marcello dixissem, jam mihi consuli hoc ipso in templo jure optimo senatus ^{con}vim et manus intulisset. De te autem, Catilina, cum ^{con}quiescunt, probant, cum patiantur, decernunt, cum tacent, clamant: neque hi solum, quorum auctoritas est videlicet cara, vita vilissima, sed etiam equites Romani honestissimi atque optimi viri, ceterique fortissimi ^{con}cives, qui stant circum senatum, quorum tu et frequentiam videre et studia perspicere et voces paulo ante exaudire potuisti. // Quorum ego vix abs te jam diu manus ac tela contineo, eosdem facile adducam ut te haec, quae jam pridem vastare studes, relinquenter usque ad portas ^{con}prosequantur.

IX.—22. ^{con}Quamquam quid loquor? Te ut ulla res frangat? Tu ut te unquam corrigas? Tu ut ullam fugam meditere? Tu ut exilium cogites? Utinam tibi istam mentem di immortales ^{con}duint! ^{con}Etsi video, si mea voce perterritus ire in exilium ^{con}animum induxeris, ^{con}quanta tempestas invidiae nobis, si minus in praesens tempus, recenti memoria scelerum tuorum, at in posteritatem impendat. Sed est tanti, dum modo ista sit privata calamitas, et a rei publicae periculis sejungatur. Sed tu ^{con}ut vitiis commoveare, ut legum poenas pertimescas, ut temporibus rei publicae cedas, non est postulandum. Neque enim is es, Catilina, ut te aut pudor unquam a turpitudine aut metus a periculo aut ratio a furore revocaverit. 23. Quam ob rem, ut saepe jam dixi, proficiscere, ac, si mihi inimico, ut praedicas, tuo ^{con}conflare vis invidiam, ^{con}recta perge in exilium; ^{con}vix feram sermones hominum, si ^{con}feceris, vix molem istius invidiae, si in exilium jussu consulis ieris, sustinebo. ^{con}Sin autem servire meae laudi et gloriae

a result of... with or without it may often be used in a... sentence.

mavis, egredere cum importuna sceleratorum manu. Confer te ad Manlium, concita perditos cives, secerne te a bonis, infer patriae bellum, ⁵exsulta impio latrocinio, ut a me non ejectus ad alienos, sed invitatus ad tuos esse videaris. / 24. ¹Quamquam quid ego te invitem, a quo jam sciam esse praemissos, ²qui tibi ad Forum Aurelium praestolarentur armati? Cui sciam ³pactam et constitutam cum Manlio diem. A quo etiam ⁴aquilam illam argenteam, quam tibi ac tuis omnibus perniciosam esse confido ac funestam futuram, ⁶cui domi tuae sacrarium scelerum tuorum constitutum fuit, sciam esse praemissam? ⁶Tu ut illa diutius carere possis, quam venerari ad caedem proficisens solebas, a cujus ⁷altaribus saepe istam impiam dexteram ad necem civium transtulisti. X.

X.—28. Ibis tandem aliquando, quo te jam pridem ista ¹cupiditas effrenata ac furiosa rapiebat. Neque enim tibi haec res adfert dolorem, sed ²quandam incredibilem voluptatem. ³Ad hanc te amentiam natura peperit, voluntas exercuit, fortuna servavit. Nunquam tu ⁴non modo ⁵otium, sed ne bellum quidem, nisi ⁶nefarium concupisti. ⁷Nactus es ex perditis atque ab omni non modo fortuna, verum etiam spe derelictis ⁸conflatam, improborum manum. 26. ¹Hic tu qua laetitia perfruere! quibus gaudiis exsultabis! quanta in voluptate bacchabere, cum in tanto numero tuorum neque audies virum bonum quemquam neque videbis. ²Ad hujus vitae studium meditati illi sunt, qui feruntur, labores tui, (jacere humi, non solum ³ad obsidendum stuprum, verum etiam ⁴ad facinus obeundum, vigilare non solum insidiantem somno maritorum, verum etiam bonis otiosorum) ⁵Habes, ubi ostentes, illam tuam praeclaram patientiam famis, frigoris, inopiae etiam omnium, ⁶quibus te brevi tempore confectum, senties. 27. ¹Tantum profeci tum, ²cum te a consulatione reppuli, ut ³exsul potius tentare quam consul vexare

rem publicam posses atque ut id, quod ^{se} abs te scelerate susceptum, latrocinium potius quam bellum nominaretur. x

XI.—Nunc ut a me, patres conscripti, quandam prope justam patriae querimoniam ¹detester ac ²deprecer, percipite, ³quaeso, diligenter quae dicam, et ea penitus animis vestris mentibusque mandate. Etenim si mecum patria, quae mihi vita mea multo carior est, si cuncta Italia, si omnis res publica sic ⁴loquatur; ‘M. Tulli, quid agis? ⁵Tunc eum, quem esse hostem comperisti, quem ducem belli futurum vides, quem exspectari imperatorem in castris hostium sentis, auctorem sceleris, principem conjurationis, ⁶evocatorem servorum et civium perditorum, exire patiere, ut abs te non ⁷emissus ex urbe, sed immisus in urbem videatur? Nonne ⁸hunc in vincula duci, non ad mortem rapi, non summo supplicio ⁹mactari imperabis? 28. Quid ¹⁰tandem te impedit? Mosne majorum? ¹¹At persaepe etiam privati in hac re publica perniciosos cives morte multarunt. ¹²An leges, quae de civium Romanorum supplicio rogatae sunt? At nunquam in hac urbe, qui a re publica defecerunt, civium jura tenuerunt. An invidiam posteritatis times? ¹³Praeclaram vero populo Romano refers gratiam, qui te, ¹⁴hominem per te cognitum, nulla commendatione majorum tam mature ad summum imperium per omnes honorum gradus extulit, si ¹⁵propter invidiam aut alicujus periculi metum salutem civium tuorum neglegis. | 29. Sed si quis est invidiae metus, ¹⁶num est vehementius severitatis ac fortitudinis invidia quam inertiae ac nequitiae pertimescenda? An cum bello vastabitur Italia, vexabuntur urbes, tecta ardebunt, tum te non existimas invidiae incendio conflaturum? *U. S. C.*

XII.—His ego sanctissimis rei publicae vocibus et eorum hominum, qui hoc ~~idem~~ sentiunt, mentibus pauca

respondebo. Ego, si hoc optimum ²factu ³judicarem, patres conscripti, Catilinam morte multari, ⁴unius ^{usu}usuram horae ⁵gladiatorum isti, ad ^{vivendum}vivendum non dedissem. ⁶Etenim si ⁷summi ^{viri}viri et clarissimi cives Saturnini et Gracchorum et Flacci et superiorum complurium sanguine non modo se non contaminarunt, sed etiam ⁸honestarunt, certe verendum mihi non erat, ne quid hoc parricida civium interfecto invidiae mihi in posteritatem redundaret. Quodsi ea mihi maxime impenderet, tamen hoc animo fui semper, ut invidiam virtute partam gloriam, non invidiam putarem. X 30. ¹Quamquam nonnulli sunt in hoc ordine, ²qui aut ea quae imminet non videant, aut ³quae vident dissimulant: ⁴qui spem Catilinae mollibus sententiis ^{aluerunt}aluerunt conjurationemque nascentem non credendo corroboraverunt; quorum auctoritatem secuti, multi, non solum improbi, verum etiam imperiti, ⁵si in hunc animadvertissem, crudeliter et regie factum esse dicerent. Nunc intellego, si iste, quo intendit, in Manliana castra ⁶pervenerit, neminem tam stultum fore qui non videat conjurationem esse factam, neminem tam improbum qui non fateatur. Hoc autem uno interfecto intellego hanc rei publicae pestem ⁷paulisper reprimi, non in perpetuum comprimi posse. Quodsi ⁸se ejecerit secumque suos eduxerit et eodem ⁹ceteros undique collectos naufragos adgregaverit, exstinguetur atque delebitur non modo haec ¹⁰tam adulta rei publicae pestis, verum etiam stirps ac semen malorum omnium. X

XIII.—31. Etenim ¹jam diu, patres conscripti, in his periculis conjurationis insidiisque versamur, sed nescio quo pacto ²omnium scelerum ac veteris furoris et audaciae maturitas in nostri consulatus tempus erupit. Quodsi ³ex tanto latrocinio iste unus tolletur, videbimur fortasse ad breve quoddam tempus cura et metu esse relevati, periculum autem residebit et erit inclusum penitus in

venis atque ^{intus} in visceribus rei publicae. Ut saepe homines
 aegri morbo gravi, ⁵ cum aestu febrique jactantur, si aquam
 gelidam ⁶ biberunt, primo relevari videntur, deinde multo
 gravius vehementiusque adflctantur, sic hic morbus, ⁷ qui
 est in re publica, relevatus istius poena, ⁸ vehementius
 vivis reliquis ingravescet. X/32. Quare secedant improbi,
 secernant se a bonis, unum in locum congregentur, muro
 denique, id quod saepe jam dixi, discernantur a nobis :
 desinant insidiari domi suae consuli, circumstare tribunal
¹ praeforis urbani, ² obsidere cum gladiis curiam, ³ malleolos
 et faces ad inflammandam urbem comparare : sit denique
 inscriptum in fronte unius cujusque, ⁴ quid de re publica
 sentiat. / Polliceor vobis hoc, patres conscripti, tantam
 in nobis consulibus fore diligentiam, tantam in vobis
 auctoritatem, tantam in equitibus Romanis virtutem,
 tantam in omnibus bonis consensionem, ut Catilinae
 profectio ⁵ omnia patefacta, inlustrata, oppressa vindicata
 esse videatis. 33. ¹ Hisce omnibus, Catilina, ² cum summa
 rei publicae salute, cum tua peste ac pernicie cumque
 eorum exitio, qui se tecum omni scelere parricidioque
 junxerunt, proficiscere ad impium bellum ac nefarium.
 Tum, ³ tu, Juppiter, qui isdem quibus haec urbs ⁴ auspiciis
 a Romulo es constitutus, quem ⁵ Statorem hujus urbis atque
 imperii vere nominamus, hunc et hujus socios a tuis aris
 ceterisque templis, a tectis urbis ac moenibus a vita for-
 tunisque civium ⁶ arcebis, et homines bonorum inimicos,
 hostes patriae, latrones Italiae, scelerum foedere inter se
 ac nefaria societate conjunctos, aeternis suppliciis vivos
 mortuosque mactabis.

F S X S S.

NOTES.

CHAPTER I.

§ 1.—¹*quosque—nostra*? “How far, then, Catiline, will you trample upon our patience?” The abrupt opening of the speech shows the feelings of the orator whose indignation was naturally aroused when the conspirator dared to appear in the Senate after being declared a public enemy (*hostis patriae*).—*tandem*: “pray:” cp. *δῆτα*.—*abutere*: a future, as shown by *eludet, jactabit*. Cicero prefers the more poetic termination—*re* to—*ris* in the imperf. and fut. indic. and in the pres. and impf. subj. pass. In the pres. indic. he rarely uses it. Madvig. § 114.6.—*nostra*: Cicero includes the Senators and Consuls.

²*tiam*: “still,” belongs to *quamdiu*.

³*furor iste* is the energy imparted by personifying *furor* and *audacia*.—*iste* is strictly a pronoun demonstrative of the second person: *iste locus*, “the place where you are standing:” *ista verba*: “the words you utter.” It often had a contemptuous meaning in Cicero’s orations.

⁴*eludet*: “will turn us into mockery:” a gladiatorial term of avoiding a thrust by the rapid movement of the body: hence, to baffle, deceive, and, as here, to mock. *Nos* is omitted by some editors.

⁵*quem—audacia*: “to what length will your unbridled audacity proceed?”—*quem ad finem* = *quousque* or *quamdiu*. According to Schultz *quousque* puts the more general question of *time* and *degree*: *quamdiu*, the more special question, of *time* only: *quem ad finem*: of *degree* only.

⁶*jactabit* = *insolenter se efferet*: *se jactare*, “to toss the head contemptuously,” “to walk with a conceited swing.”

⁷*nihilne—moverunt*? “Have the guards nightly stationed on the Palatine nothing daunted you? Nothing, the sentinels of the city; nothing, the trepidation of the people; nothing, the thronging together of all patriotic (citizens); nothing, this most impregnable place for convening the Senate; nothing, the countenances and looks of these?” Observe the emphatic position of *nihil* in the beginning of successive clauses (*anaphora*).—*Palatii*: the Palatine hill was adjacent to the Forum. It was

here that Augustus built a splendid mansion : hence our word *palace* from the residence of the emperor built on the *Palatium*. In times of danger the *Palatium*, one of the most important military posts of the city, was occupied by a guard. Originally the word meant the "feeding place:" root *pal*, *pascere*: cp. *Pales*, *Paliia*. Varro derives it from *pal*, "to wander:" cp. *palor*. It may have been the "common" for cattle in early days. *Vigiliae*: under the republic, on emergencies, the *triumviri capitales*, *aediles* or *tribuni plebis* acting as a kind of police appointed night watches to keep order.—*timor populi*: cp. Sallust. Cat.: C. 31: *immolata urbis facies erat: ex summa laetitia atque lascivia . . . repente omnes tristitia invasit.*—*bonorum omnium*: with *bonus*: cp. ἀγαθός, often used in the sense of "patriotic," opposed to *malus civis*, *κακός*: "unpatriotic."—*locus*: the Senate was usually convened on the Kalends, Nones and Ides of each month, and the meeting usually held in the Curia Hostilia. Extraordinary meetings (*senatus indictus*) as the present one were convened in some temple, or other place consecrated by the augurs. The present meeting was held in the temple of Juppiter Stator, near the *via sacra*, at the foot of the Palatine, which might be said to be *munitissimus* from the special guard there as well as from its position.—*ora vultusque*: the former denotes the natural and habitual state, as expressed by the mouth and the lower part of the face: while the latter indicates the temporary and changing state, as expressed by the motion of the eye and brow.

⁸*constrictam—vides*: "do you not see that your conspiracy has already come within the privity of all these?" literally, "is held bound by." Orelli distinguishes between *non* and *nonne* in direct questions. Where *non* is used, the speaker, sure of his opinion, does not heed the answer of the opponent: where *nonne* is used, the speaker expects and wishes that the person questioned will agree with him.—*constrictam teneri*: the metaphor is taken from chaining a wild beast to which he here compares the conspiracy.

⁹*proxima*: this speech was delivered November 8th: so *nox proxima* would be the night of 7th: *nox superior*, the night of the 6th, also called *nox prior*, § 8. On this occasion they were at the house of M. Porcius Laeca. What they did on the *nox proxima* we are not informed.—*egeris, fueris, convocaveris, ceperis*: subjunctive of dependent question: H. 529, I.

¹⁰*nostrum*: distinguish *nostrum* uses partitively and *nostrum* used possessively.

§ 2.—¹*vivit? immo vero*: Cicero often connects a word by putting that word in the form of a question with or without

dicam and answering it by *immo*. According to Madvig. (§ 454) *immo* corrects a former statement as being quite inaccurate, or too weak, though true as far as it goes.—*immo vero*: “nay, indeed.”

²*in senatum venit*: as *vir praetorius* Catiline had a right to enter the Senate.

³*notat et designat*: a metaphor from the marking of the animals appointed for sacrifice. Cicero often uses synonymous words to impress the idea more strongly: “he marks and stamps each one of us for slaughter:” cp. Leg. Man. 3, 7. *Cives Romanos necandos trucidandosque denotavit.*

⁴*virī fortes*: ironical.

⁵*videmur, scil. nobis*: “we fancy that we are doing our duty to the state.”

⁶*si-vitenum*: for the subj. in *protasis*, and indic. in *apodosis*, see H. 511.

⁷*ad mortem—opportebat*: “to death long ago, O Catiline, ought you to have been dragged by the order of the consul?” Note the emphatic position of *ad mortem*.—*duci*: for the present inf: see H., 537, I.—*jussu consulis*: the Senate had entrusted the safety of the State by the *decretum ultimum* (*videant consules, ne quid detrimenti respublica capiat*). By the power vested in the consuls in consequence of this decree they had the power to put Catiline to death.

⁸*in te—machinaris*: “On you should that ruin long since have been hurled which you for a long time have been plotting against us all.” Join *jam pridem* from the previous clause with *conferrī*. The present tense in Latin with *jamdiu* includes past tense: cf. *πάσαι λέγω, jamdiu dico*: “I have long ago told you and do so still.”—*machinari*; *μηχανῶσθαι*, to plan by artful and secret means: *moliri*, to plan by strong effort.

§ 3. ¹*An vero*: the original force of *an* is “or,” and when used interrogatively the sentence is elliptical. Here we may supply: “Am I right in my conjecture, or, in fact, did that illustrious man, P. Scipio, chief pontiff, though filling no magistracy, slay Tiberius Gracchus when slightly disturbing the settled order of the State.” We may conveniently translate here *an vero* by: “while, in fact.” The argument here is a *minore ad majus*. P. Cornelius Scipio Nasica consul with D. Junius Brutus 138 B.C. Cicero probably adds *pontifex maximus* to remind his hearers of the high dignity and prudence which a man gifted with this office would possess. He also uses *privatus* because in contrast to *consules*, the office of *pontifex maximus* not being a *magistratus*. *Tiberium Grac-*

chum: see Proper Names—*mediocriter labefactantem*: Cicero designedly extenuates the guilt of Gracchus to heighten the crimes of Catiline. In fact, the orator represents the guilt of Gracchus in different lights according to the exigencies of his cause: cp. *De Leg. Ag.*, 2, 5, 10; *De Off. II.*, 12. 43. *Catilinam*: emphatic position: "Catiline, desiring to devastate the world with sword and fire shall we consuls tolerate?"—*orbis terrae*: there is little difference between *orbis terrae* and *orbis terrarum*.—*caele atque incendiis*: also *ferro et igni*.

²*illa*: "the following instance:" though only the case of Ahala is mentioned, the plural is probably used to intimate that other cases might be adduced.

³*C. Servilius Ahala*: see Proper Names.

⁴*novis—studentem*: "aiming to overturn the government:" cp. *νεωτεριστην*.

⁵*fruit-fruit*: note the emphatic repetition of the word (*epizeuxis*). *ista virtus*: here *ista=illa*: "that well-known public spirit:" We may take *virtus=amor patriae*: "patriotism."

⁶*ut—coercerent*: "that brave men inflicted severer punishment on a factious citizen than on the bitterest foe"—*supplicis*: abl. means.

⁷*senatus consultum*: the decree arming the consuls with civil and military power. The formula was *videant consules ne quid re publica detrimenti capiat*.

⁸*vehemens et grave*: "full of force and severity."

⁹*rei publicae*: generally taken as a dative after *deest*: others take it as a genitive depending on *consilium*, i.e., there is no lack of precedents of the state, i.e., the state have many instances of wicked citizens being punished. The state, according to Cicero, has enough of wisdom (*consilium*) and determining authority (*auctoritas*), but the executive power is weak.

CHAPTER II.

§ 4. ¹*quondam*: B.C. 121: see *C. Gracchus*, in Proper Names. In a decree of this kind both consuls were named. The other, Q. Fabius, was at that time in that part of Gaul known afterwards as *Provincia*, and his absence from Rome may account for the omission of his name from the decree.

²*intercessit*: i.e., between the passing of the decree and the death of Gracchus.

³*propter—suspiciones*: another case of extenuation to bring out more vividly the guilt of Catiline. Distinguish *suspicio*, *suspicio*.

⁵*patre-majoribus*, scil., *ortus*: abl. of origin. The father of C. Sempronius Gracchus was Tib. Sempronius Gracchus, who twice held the consulship (B.C. 177, and B.C. 163), the censorship (169 B.C.), twice enjoyed a triumph, once over the Celtiberians, 178 B.C., and once over the Sardinians, 175 B.C. The mother of the Gracchi was Cornelia, daughter of P. Scipio Africanus Major, who defeated Hannibal at Zama B.C. 202. Thus Gracchus united in himself two of the noblest families in Rome.

⁶*M. Fulvius*: one of the commissioners appointed to carry out the *lex agraria* of C. Gracchus. He was killed with his eldest son in the fray in which Gracchus was slain. The youngest son was killed after the conflict.

⁷*simili-publica*: some omit the commas after *senatusconsulto* and *consulibus* and thus make *Mario, Valerio* datives; others retain the commas and make these words ablative absolute. The event happened in the sixth consulship of Marius, B.C. 102. Lucius Saturninus and C. Servilius Glaucia were guilty of killing C. Memmius who was seeking the consulship. Both Saturninus and Glaucia were driven into the Capitol and put to death.

⁸*num—est?* “Did the punishment of death inflicted by the state cause L. Saturninus, the tribune of the people, and C. Servilius, the praetor, to wait for a single day?”—*mors ac rei publicae poena = mortis poena a re publica inflictæ. at vero*: “but we assuredly.”

⁹*vicesimum diem*: the 18th day since the *senatus consultum* was passed. The decree was passed Oct. 21st and this oration was delivered Nov. 8th. The Romans, however, reckoned both days.

¹⁰*aciei*: “the edge:” root *ac*: “sharp.”

¹¹*inclusum in tabulis*: “shut up among our records” i.e. a useless decree unless carried into effect.

¹²*quo—convenit*: “and in accordance with this decree, you, O Catiline, should be at once put to death:” with *confestim*: cp. *festino*.

¹³*et vivis*: rhetorical for *et vivis quidem* or *idque*.—*cupio—cupio*: “I desire, on the one hand,—I am anxious, on the other.”—The acc. of pronouns gives more prominence to the circumstance wished by disconnecting it from the *cupio*.

¹⁴*dissolutus*: “remiss,” “forgetful of duty.” Synonymous with *neglegens*.

¹⁵*inertiae nequitiaeque*: “of sloth and irresolution.”

§ 5.—¹*castra—collocata* : “a camp is pitched,” at Faesulae (now *Fiesole*), which lies on a spur of the western slope of the Apennines, not far from Florence. At this place Manlius had collected a number of soldiers who had served under Sulla.
 § 7. The term *fauces*, literally “jaws,” is often used for a mountain pass: cp. Scott: Lady of the Lake: “Led slowly through the pass’s jaws.”

²*in dies singulos* : “daily,” always joined to some word of comparative force and expressing daily increase or diminution: *cottidie*, simply daily repetition.—*imperatorem ducemque* : *imperator*, a military leader deriving his authority from the Senate: *dux*, simply a leader.

³*adeo in Senatu* : “in the very Senate,” or as Zumpt (§ 737) takes it, “nay more,” “nay even in the Senate.”—*jam* : “now at once.”—*jussero* : the fut. pf. often represents the speedy accomplishment of a fut. action.

⁵*credo* : used ironically: cp. *οἶμαι*. Here the word may be equivalent to *non erit verendum*.

⁶*verendum mihi*, etc.: “I shall have to fear (i.e. I am convinced) that all patriots will regard your death as occurring too late, rather than as too severe and cruel,” or as Wilkin’s translates: “Certainly it is more likely that all patriots will consider this action too late, than that anyone should consider it too cruel.” Explain *quisquam*.

⁷*certe—adducor* : “for a certain reason, I am not yet led to do:” i.e. the fear of punishing Catiline before his guilt was fully ascertained lest he might pass for an injured man with his sympathizers. Cicero’s object was to cause Catiline and his associates to leave Rome.

⁸*interficere* : i.e. “you will ordered to be put to death.” Others read *interficiam te*.

⁹*tui similis* : *similis* in Cicero generally takes *genitive or dative* of persons: *dative* of things.

¹⁰*qui = ut is* : “as not to confess that it was justly inflicted.”—*id*, i.e. *te interficiam* from *interficere* before.

§ 6.—¹*quisquam* : for use, see H. 457.

²*multis—oppressus* : “beset by many powerful guards placed by me:” note the idiom. Cicero had guards placed not only in the capital, but also throughout Italy.

³*te commovere* : “to make any farther movement:” a metaphor taken from the gladiatorial contests.

⁴*fecerunt = speculati sunt et custodiverunt* : the verb *facio* in Latin, and *ποιῶ* in Greek, and *do* in English, are often used as substitutes for other verbs.

CHAPTER III.

⁵*Etenim—potest?* This gives a reason for the clause *sed vires—possis*.

⁶*exspectes* : H. 503, I.

⁷*coeptus nefarios* . “your traitorous attempts:” another reading is *coetus*.

⁸*privata domus* : the house of M. Porcius Laeca.

⁹*parietibus* : abl. means. Distinguish *moenia* (root *mun*, to defend : cp. ἀμύνειν, the walls of a city for defensive purposes : *murus* (= *mun-rus*), any kind of wall : *paries* (root *par*, to separate) : the partition walls of a house : *maceria*, a garden wall.

¹⁰*voces conjugationis* = *voces conjuratorum* : “the voices of the conspirators:” Cicero often uses abstract for concrete terms.

¹¹*inlustrantur* opposed to *obscurare* as *crumpunt* to *domus* . . *continct*.

¹²*istam mentem* : “that resolve of thine,” i.e. of remaining in the city to murder the people.

¹³*mihi crede* = *me sequere* : “follow my advice:” *mihi crede* is the common order in Cicero : *crede mihi* in other writers.

¹⁴*teneris undique* : “you are hemmed in (i.e. convicted) on every hand.”

¹⁵*quae—recognoscas* : “and these plans you may now review with me:” Construe : *quae* (= *et haec*, scil. *consilia*) *licet (tibi ut) recognoscas jam mecum*.

§ 7.—¹*meministine* = *nonne meministi* : the particle *-ne* added to a verb has sometimes in Cicero the force of *nonne*. Cp. Cat. Major, C. 10, *videtisne* = *nonne videtis*. So frequently in Terence, Plautus, and in colloquial Latin : H. 396, II. 1.

²*ante-Novembres* : “on the 12th day before the Kalends of November,” i.e. on October 21st. This anomalous mode of expression probably arose from the transposition of *ante*. Having one written *ante die duodecimo Kalendas*, they would easily be led to infer that *ante* governed *die* and so would write *ante diem duodecimum Kalendas*. For the method of computation of time among the Romans, see H. 642.

³*certo die, qui dies* : the repetition of the subst. after the relation may be explained on the ground of clearness.

⁴*audaciae—tuae* : “the partisan and agent of your audacious schemes.” The words *satelles* and *administer* are synonymous,

the former being more poetical and explained by the latter, which is the more common.

⁵*num—dies?* “was I, O Catiline, ignorant not merely of an attempt so enormous, so wicked, so surpassing belief, but, a thing which is more to be wondered at, of the day?”—*me fallit: cf. latet me, λαθάει με.*

⁶*caedem—Novembres*: “that you had fixed the 28th October for the slaughter of the nobles.” The construction is *in diem quintum ante Kalendas Novembres*. Predetermination of future time is often expressed by *in* with acc.: as *in diem posterum senatum convocavit*, not “he summoned the Senate on the next day,” but “for the next day.”

⁷*optimum*: is the only word, not a proper name, in—*at*, that makes the gen. pl. in—*ium*. *Roma*: Give rules for the construction of the names of towns.

⁸*sui conservandi*: *sui* like *nostri, vestri* is not a gen. pl. but a gen. sing. of an adj. used collectively and abstractly: “not for self-preservation:” *Maðvig*, 297, b. c. : 417.

⁹*reprimendorum*: here used in the sense of *impediendorum*: “of preventing your plans being carried out.” This is probably a rhetorical flourish on the part of Cicero, as no such fact is mentioned by Sallust. Among those who fled, according to Plutarch, was M. Crassus. *num—dicebas!* “Can you deny that on that very day, beset by the guards I had placed, by my watchfulness, you could take not one step against the state, when on the departure of the others you, nevertheless, expressed yourself satisfied with the murder of us who remained?”—*discessu ceterorum*: the ablative here supplies the place of a participial abl. absol. —*nostra—caede—qui*: the relative is made to refer to an antecedent implied in *nostra*: H. 445, 6,—*quum*: is often used by Cicero in the impf. indic. when the bare notion of time or of continuance is to be expressed.—*remansissemus*: virtual oblique narrative: hence the subjunctive.

§ 8. —¹*quid*: “further”: lit. “what shall I say?” scil. *dicam*.

²*te—occupaturum*: “that you would anticipate us in seizing Praeneste in an attack by night on the first of November.” With *occupare*: cp. *φθάειν*: no other writer mentions this fact. —*ipsis*: *ipse* denotes exactness in temporal expressions: *triginta ipsi dies*, “exactly thirty days.”

³*sensistisne = nonne sensitis*: see note I, § 7, above.

⁴*praesidium*, a guard in a general sense: *custodiae*, watches on the wall: *vigiliae*, night watches.

⁵*nihil*—*nihil, nihil*: see note 7, § 1. “There is nothing you do, nothing you plan, nothing you think which I do not hear only, but also see or clearly perceive.” Some read *non modo* for *non modo non*, which the senses requires.

CHAPTER IV.

⁶*tandem*: see note 1, § 1. The orator implies by this particle the fulness of his knowledge.

noctem illam superiorem: “the events on the night preceding the last:” i.e., the events on the night of the 6th November, when the meeting was held at the house of M. Porcius Laeca. —*illam* here does duty for the definite article in English.

⁸*jam*—*reipublicae*: “You shall presently perceive that I am much more actively watchful for the safety of the state than you are for its destruction”—*intelliges*: what compounds of—*lego* have *lexi* in the perfect?—*acrius*?

⁹*dico*: this passage is executed with fine skill. At first the orator states the fact clearly and briefly. He notes the effect on the conspirator and calls for an answer: after no reply is given, Cicero goes into details.

¹⁰*priore nocte*: “on the night preceding (the last)”: a change for *superiore nocte*. Others say it means *initio noctis*.

¹¹*inter falcarios*, scil. *opifces*: “through the scythe makers’ street:” a street in Rome deriving its name from the occupation of its inhabitants. Cp. Isocr. Areopag. § 48: *ἐν ταῖς ἀλληπίσι*: Livy, 35, 43: *inter lignarios* “in the woodcutters’ street.”

¹²*in*—*domum*: is the preposition necessary?

¹³*complures*: Sallust (Cat. 17) gives the names of eleven senators who were present on this occasion.

¹⁴*amentiae*: distinguish *amentia* and *dementia*.

¹⁵*convincam*: “I will prove it.”

§ 9. ¹*ubinam gentium sumus!* This phrase is very much the same as ours, “where in the world are we?” It is often used in rhetorical writings and in the comic poets. For the partitive genitive, see H. 397, 4.

²*hic, hic*: Epizeuxis: note the emphatic repetition.

³*patres conscripti*: said to be for *patres et conscripti*. The senators were called *patres*. In the wars of the early republic many were killed. To fill the place of those slain some were summoned (*conscripti*.) Hence the original senators—those summoned—were addressed as *patres et conscripti*: afterwards the *et* was omitted.

⁴*in—consilio* : “in this most venerable and respectable assembly of the whole world.” The term *sanctus* applied to the senate may refer to the building in which it was convened. The usual distinction between *consilium* and *concilium*, that the former means advice, plans, while the latter means an assemblage, with regard to those who compose it, does not hold good. The roots of these words are different, *consilium* : from *con, sed*, to sit : cp. *sedes, solium, ἔδος* ; for the change of *d* to *l* : cp. *δάκρυ, lacrima* ; *olere, odere*.—*concilium* : *con, cal*, to summon : cp. *Kalendae, calare, καλεῖν*.

⁵*qui—cogitent* : “(are men so nefarious) as to plan the destruction of every one of us, and the ruin of this city and further of the whole world.”—*qui = tales ut*.—*adec* : literally, “up to this point :” then, “in fact.”

⁶*sententiam rogo* : supply *hos* from the preceding. *Sententiam rogo* is said of the presiding magistrate who, in proposing a *senatus consultum*, asked individually the will of the senators.

⁷*vulnero* : by mentioning their names publicly.

⁸*igitur* : resumes (*analeptic*) the argument referring to the question, *num rogare audes?* Catiline had left this unanswered. Having been interrupted by the outbreak of his indignation, the orator now returns to the doings of the conspirators at the house of Laeca.

⁹*distribuiti* : Sallust (C. 27) informs us that C. Manlius was sent to Faesulae, and the adjoining territory of Etruria : Septimius, into the Picene territory : C. Julius, into Apulia.

¹⁰*statuisti—placeret* : scil : *locum* : “you appointed the place to which it was agreed on that each should set out :” For subjunctive in *placeret*, see H. 529, I.

¹¹*delogisti—educeres* : “you picked out those whom you were to leave at Rome, whom you were to take with you.” Sallust (Cat. C. 43) says that Statilius and Gabinius were to set fire to the city, and Cethegus was to assassinate Cicero, and Lentulus to superintend the general massacre.

¹²*discripsisti* : *discribo* is used where the fundamental notion is to map out, plan, arrange, put in order, as *distribuere, dividere, disponere* : *describo* is to write down, to compose. Sallust (Cat. C. 43) says that the conspirators were to fire twelve (Plutarch says a hundred) parts of the city at one and the same time. For *discripsisti* : cf. Cic. Pro Sulla, 8 : *Tam Catilina dies exurendi tum caeteris manendi conditio, tum discriptio totam per orbem caedis atque incendiorum constituta est*.

¹³*paullulum—morae* : “that you still had even now a slight cause of delay.” *Paullulus* is a dual diminutive for *paurulus* =

paullulus : *u* being omitted before the first *l* and the *r* assimilated : cp. *sterula* = *stella*.—*viverem* : subj. : giving the opinion of Catiline.

¹⁴*etiam tum* : is used to express the words of Catilina, not those of Cicero.

¹⁴*duo equites* : according to Cic. (Pro Sulla, 18, 52) one was C. Cornelius : Sallust (Cat. C. 18) mentions the Senator L. Vargunteius as the other.

¹⁶*qui—liberarent* : “to free you from the fear you had :” *qui* = *tales ut*.

illa ipsa nocte : these knights were to pay their intended visit in the morning, where the Roman magistrates and distinguished men held their audiences and received their clients.

¹⁷*lectulo* : the diminutive here has scarcely any force. There may be a slight reference to its comfort : “my dear bed.”

§ 10.—¹*vixdum—dimisso* : “when your meeting was hardly as yet broken up.”

Comperi : Cicero gained his knowledge from Curius and Fulvia (Sall. Cat. C. 28). According to Merivale, Cicero used *comperio* when he was wont to indicate his knowledge of facts, though afraid of revealing the sources of his information. The word does not always have this force.

²*salutatam* : supine after a verb of motion. What different ways of expressing a purpose in Latin?

³*mane* : another form is *mani* : cp. *luci, heri*, locatives.

⁴*id temporis* : for partitive genitive : H. 397, note 5.

CHAPTER V.

§ 11.—¹*quae—sint* : “since these facts are so :” often used to sum up a chain of facts founded on evidence.

²*perge quo coepisti*, scil. *pergere* : “proceed as you have begun.” Conjugate *pergere*.

desiderant : “feel the loss of.”—*desiderare*, to feel the loss of an object of love or sympathy ; hence “to yearn after ;” *requirere* : to feel the loss of a thing, as an act of the understanding.

³*si minus = si non*. Construe : *si minus (educis omnes, educ) quam plurimos (educere potes)*.

⁴*hummmodo—intersit* : cp. Plutarch (Cicero 16) : “and Cicero arising ordered him to leave the city ; for while he himself

carried on his political contest by words and Catiline by arms, there must needs be a city wall between them."

⁵*non—sinam* : note the *anaphora*. Cicero uses three synonymous verbs to express the thought that he will not endure the conduct of Catiline under any circumstances. We may translate : "I cannot, will not, shall not endure it."

⁶*magna—urbis* : "much gratitude is due to the immortal gods and especially (*atque*) to this Juppiter Stator, the most ancient guardian of our city." Distinguish *gratiam habere*, to feel thankful : *gratias agere*, to return thanks in words : *gratiam referre*, to show oneself thankful by deeds. Juppiter obtained the name Stator because he is said to have stayed the flight of the Romans when they were hard pressed by the Sabines. The place where the flight was arrested was marked by a temple vowed by Romulus at the foot of the Palatine (Livy I. 12).

⁷*quod—effugimus* : "because we have already escaped so often a pest so cruel, so dreadful, so dangerous to the state"—*toties* : referring to the earlier conspiracy of Catiline which failed.

⁸*non—reipublicae* : "it must not again and again depend on one man that the existence of the state should be in peril : " or, "the safety of the state must not be often exposed to danger by one man." A similar expression is found : Cic. Pro. Rosc. Amer. 51. 148 : *summa res publica in hujus periculo tentatur*.

⁹*consuli designato* : in the days of Cicero the consuls were elected on the 22nd October, but did not formally enter upon their office till January 1st. Between the time of their election and entering upon office they were called *consules designati*. *proximis comitiis consularibus* : referring to Oct. 22nd.

¹⁰*in campo*, scil. *Martio* : the consular elections were held in the Campus Martius, a plain between the city and the Tiber.

¹¹*competitores* : D. Junius Silanus and L. Licinius Murena.

¹²*compressi—copiis* : on the day of the consular elections, we are told by Plutarch, Cicero put on a coat of mail and was attended by the chief men of Rome and a great number of youths to the Campus Martius. He there threw off his *toga* and displayed his coat of mail to show the danger to which he was exposed. The people were so angry with Catiline that they chose Murena and Silanus as consuls.

¹³*quotiescumque—obstiti* : "as often as you aimed at my life, by my own resources did I oppose you : " *petere* is a gladiatorial term, "to aim a blow at an opponent."

¹⁴*quamquam videbam* : distinguish *quamquam*, introducing a conceded fact and in good authors used with the indicative

from *quamvis* introducing a purely hypothetical case and used with the subjunctive. H., 516, I. and II.

¹⁵*perniciem—conjunctum*: "that my destruction was linked with the signal downfall of the state"—*perniciēs*: from *per-* root *nce*: cp. *nex*, *noceo*, hence utter destruction—*calamitas*: another form is *cadamitas*: from *cado*, to fall: for the interchange of *d* and *l*: cp. *odere*, *olere*: *dingua*, *lingua*.

§ 12. ¹*nunc jam*: emphatically, "now"—*jam nunc*: is "even now" (i.e., before the regular time), or "now at last."

²*denique*: "in a word."

³*quare—audeo*: "wherefore since I do not yet dare to pursue that course which first presents itself and which is in accordance with the power (I hold) and the principles of our ancestors"—*imperii* genitive after *proprium*. What cases may *proprius* govern?—*imperii* refers to the extraordinary power which he had by the decree *videant consules ne quid detrimenti respublica capiat*. This decree (*decretum ultimum*) armed the consuls with civil and military authority. Others say *imperii proprium* means, "in accordance with this government."

⁴*ad—lenius*: "milder as regards severity," or "in point of severity." *Ad = quoad, quoad attinet ad, si spectes*. He uses *ad communem salutem utilius* to balance *ad severitatem lenius*.

⁵*reliqua—manus*: "a remnant of the conspirators." Ernesti reads *aliqua* for *reliqua*.

⁶*sin*: "if, on the other hand."

⁷*exhaurietur—reipublicae*: "there shall be drained off from the city a great and destructive refuse of the state composed of your comrades." *Exhaurio*: cp. *ἀντλήω* properly to drain the bilge water (*ἀντλος sentina*) out of the hold of a vessel.—*tuorum comitum*: this secondary genitive is one of explanation (*expexegetical*).

§ 13. ¹*imperante me*: abl. absolute.

²*faciebas = facere volebas*: Madvig, § 337, obs. I.

³*consul hostem*: note the emphatic juxtaposition of these words.

⁴*num—exilium, scil, jubes me exire*: "You do not order me to go into exile, do you?" Distinguish *exilium*, *deportatio*, and *relegatio*: see Antiquities.

⁵*me consulis*: distinguish *me consulit, mihi consulit, in me consulit*.

CHAPTER VI.

⁶*quod—possit* : H., 503, I.

⁷*extra—hominum* : “unconnected with that band of conspirators composed of worthless men”—*conjuratio* : used in a concrete sense : cp. *advocatio, servitium*. For subjunctive : H., 500, I.

⁸*quae—est?* “what stain of domestic infamy has not been branded on your life?” Distinguish : *nōtā, nōtā, nōtā*. The expression *nota domesticae turpitudinis* differs in meaning from *privatarum rerum dedecus* : the former relates to moral or immoral domestic life, the latter to all private actions as opposed to those that affect a man’s public character. *Nota* is applied (1) to the brand on cattle ; Virg. Georg. 3, 158 : (2) to the mark placed on a fugitive slave when retaken : (3) to the mark placed by the censor (*nota censoria*) on revising the list of citizens, opposite the name of the person degraded. According to Plutarch, Catiline had slain his own brother and murdered his own son that there might be no obstacle to his marrying Aurelia Orestilla.

⁹*quod—fama* : “what scandal in private life does not cling to your notorious acts?” Some read *infamiae*, a dat, after *haeret*, which is sometimes found. Give the different constructions of *haerere*.

¹⁰*quae—afuit* : “what act of impurity ever was strange to your eyes, what enormity to your hands, what pollution to your whole body?”—*libido* ; licentiousness, in a general sense ; *facinus*, a bold, daring deed, in a bad sense, unless justified by some favourable epithet : *flagitium*, a disgraceful, lustful excess.

¹¹*cui—praetulisti?* “to what youth, after you had once entangled him by the allurements of vice, did you not hand either a dagger to commit some daring deed, or a torch to inflame his passion?” *adulescentulo* : the diminutive is used in a depreciatory sense, since many a weak youth was misled by Catiline (Sallust Cat., c. 14). *facem* : the figure refers to the nightly revels and debauches of Catiline. Slaves carried torches before their masters at night to show the way. The torch of Catiline not merely showed the way to crimes, but served to inflame the passions of lust.

§ 14.—¹*quid vero?* scil, *dicam* ; “further :” lit. “what, indeed, shall I say?”

²*nuper—cumulasti?* “When lately by the death of your first wife you had rendered your home empty to contract a new marriage, did you not aggravate this crime by committing

another incredible act of guilt?" It is said that Catiline poisoned his first wife and murdered his own son, to marry Aurelia Orestilla.

³*patior*: "I suffer myself:" a kind of middle form: cp. *glorior*, *vescor*, *vector*, *lavor*.—*tanti*—*immanitas*: "so enormous a crime."

⁵*quas*—*senties*: "which you will find wholly threaten you on the next Ides." On the *ides* it was usual to pay interest on borrowed money, cp. Hor. Ep. 2. The *ides* (*idus*, from *iduaire*, to divide) were on the 13th of each month, except in March, May, July, October, when they fell on the 15th. As this oration was delivered on the 8th, Catiline had only five days to prepare against bankruptcy. Decline *idus*? What words are fem. of 4th decl.?

⁶*ad*—*pertinent*: "to these I come, which concern not the personal disgrace which attaches to your vices, (which concern) not the embarrassment and scandal of your home, but (which concern) the welfare of the state and the life and safety of us all."—*ignominiam*: referring to his personal crimes.—*difficultatem*: his financial difficulties.

§ 15. ¹*cum scius*: for subjunctive: H. 522, II. 2.

²*neminem*: decline this word.

³*pridie*—*Januarias*: scil *ante*: "on the day before the Kalends of January," i.e. December 31st, Sallust gives an account of this earlier conspiracy. The plan was to murder the consuls in the capitol, then Catiline and Autronius were to seize the consular power. Suetonius says that both Crassus and Cæsar were partners in guilt, and that the scheme failed because Crassus did not appear at the proper time. A second time (5th February) an attempt was made, but this also failed in consequence of Catiline having given the signal too soon before a sufficient number of followers had arrived.

⁴*Lepido et Tullo consulibus*: M. Æmilius Lepidus and L. Volcatius Tullus were consuls 66 B.C. The *consules designati* were P. Autronius Paetus and P. Cornelius Sulla: but these were disqualified for bribery and L. Aurelius Cotta and L. Manlius Torquatus (their accusers) obtained the consulship.

⁵*comitio*: distinguish *comitium* and *comitia*. Where was the *comitium*? *manum*—*paravisse*? scil, *potestne*—*scias*: "that you collected a gang to slay the consuls and leading men of the state?"

⁶*sceleri*—*obstitisse*? "that no reflection or fear of yours, but the good luck of the state thwarted your wicked and frenzied attempt!" Is *aliquis* commonly used in negative clauses?

⁷*neque—postea* : i.e., *nam quae post a te commissa sunt, ea neque obscura sunt, neque paucā.*

⁸*Consulem designatum* : see note 9, § II.

⁹*petitiones* : see note 7, § II.

¹*ita—effugi* : “aimed in such a way that they seemed impossible to be parried have I avoided by a slight side movement, and, as they term it, by (a deflection of) the body.”—*petitio, declinatio, corpus, effugio*, are terms of the fencing school purposely used by Cicero to show that Catiline was no better than a gladiator : cp. Cic. Cat. II. 2.—*ut aiunt* : cp. ὡς φασί : “as the saying is.”

§ 16.—¹*tibi* : ethical dative : H. 389.—*jam* : “ere now.”—*de manibus* is explanatory (*epexegetical*) to *tibi*.

²*excidit* : distinguish *excūdit, excūdit*.

³*quae—defigere* : the position of the relative and the indirect interrogation is foreign to our idiom, and must be avoided in translation : *quae = et haec*, scil. *sica* : “and I know not by what (unhallowed) rites it has been consecrated and devoted to its purpose by you that you deem it necessary to plunge it in the body of the consul.” Cicero here refers to the fact that a human sacrifice took place at the house of Catiline, and that the dagger used on that occasion was dedicated to the purpose of slaying the consuls : cp. Sallust, Cat. C. 23.

CHAPTER VII.

¹*tua—ista vita* : “that life that you lead.”

⁵*sed ut* : construe *sed (tecum loquar) ut misericordia (permotus esse videar)*.

⁶*nulla* : stronger than *non* : “not at all,” “not a particle.”

⁷*paullo ante* : “a moment ago.”

⁸*frequentia* : “throng,” : cp. *frequens senatus* : “a crowded senate,” : *necessarii* : cp. ἀναγκαῖοι. — *salulavit* : among the Romans it was customary when they saw their friends or eminent men approaching to rise up, and salute or courteously address them.

⁹*post—memoriam* : “within the memory of men” : cp. Thucy. I. 7 : ἀφ’ οὗ Ἕλληνας μὲμνηνται.

contigit : generally means, “it befalls” of fortunate occurrences, but not always.

¹⁰*vocis—contumeliam . . . iudicio taciturnitatis* : Chiasmus.—*vocis—taciturnitatis = loquentium—tacitorum* : “are you waiting for reproofs from those speaking, when you are overpowered

by the most solemn sentence of those, though they are silent." The reference is to the fact that the Senate had declared Catiline *patriae hostis*, and had received him with silence on entering the Senate.

¹¹*quid? scil. dicam.* We often find *quid? quod* used by Cicero in rapid rhetorical questions: Madvig., 479, d. obs. 1.

¹²*adventu tuo*: see note 9, § 7: *abl. time.*

¹³*ista subsellia*: "the benches near you." The seats of the senators (*subsellia*) were beneath that of the consul (*sella curulis*), which was on a platform.

¹⁴*qui fuerunt*: "who have been often destined for slaughter by you."—*tibi*: dat. for abl. with *abs* = *abs te*. Distinguish *constituti sunt* and *constituti fuerunt*.

¹⁵*nudam atque inanem*: "completely bare:" Cicero often uses two epithets of nearly the same meaning to emphasize the idea to be conveyed.

¹⁶*tandem*: see note 1, § 1.

§ 17.—¹*servi—arbitraris*: a fine example of the argument *a fortiori*. The Latins call this *amplificatio* (Quint. 8, 4, 9), the Greeks *ἐνθὺμημα*, a rhetorical conclusion, drawn from opposites.

²*me hercule*: either (1) *me Hercules juvet*, or (2) *me, Hercules, juves*. We also find *me hercules*, *mehercle*, *mercule*, varieties of the same oath. For the tendency to drop *s* final: cp. Peile (Greek and Latin Etymology, p. 355).

³*isto pacto*: "in the way."—*isto* here does duty for the article or may be = *eodem*.

omnes: the fellow-conspirators are no longer regarded as citizens by Cicero.

⁴*urbem*: scil., *relinquendam*.

⁵*injuria*: "without any just cause."

⁶*offensum* = *invisum, odiosum*.

⁷*infestis*: another form is *infensis*: "menacing."

⁸*agnoscas*: distinguish *agnosco, ignosco, cognosco, recognosco*, in meaning.

⁹*dubitas—vitare*: when *dubito* means "to doubt:" *non dubito* is properly construed with *quin* and the subjunctive, rarely with the infinitive. But when *dubito* means "to scruple," "to hesitate," and the sentence following contained the same subject, *non dubito* is generally construed with the infinitive.

¹⁰*mentes sensusque*: "souls and senses."

¹¹*aliquo* : "to some place or other."

¹²*nunc* = *vñv* *δέ*, "but now, as it is," used to contrast *actual* and *imagined* condition.

¹³*jamdiu—cogitare* : "and for a long time has it come to the conclusion that you have been planning nothing but her ruin."—*nihil* = *de nulla re*.—*parricidio* = *interitu*, because *patria* is regarded *communis parens*. According to Roman law *parricidium* included the murder of intimate friends as well as of parents.

¹⁴*verebere* : *vereor*, a religious reverence due to a superior : *pertimesco*, an excessive dread of impending calamity.

§ 18.—¹*quae—loquitur* : a fine personification. Note the *oxymoron* in *tacita—loquitur*.

²*nullum* : note the emphatic positions of *nullum—nullum*.

³*neces* : alluding to the murders which Catiline perpetrated as a partisan of Sulla, during the dictatorship of the latter.

⁴*sociorum* . in 67 B.C. Catiline was propraetor of Africa. In 65 B.C. he was accused by P. Clodius Pulcher, the inveterate enemy of Cicero, for cruel oppression of the provincials, but he succeeded in buying off the accuser, and the persecution came to nothing.

⁵*tu—valuisti* : "you had power enough not only to disregard the judicial trials, but also to subvert them and weaken their power." Distinguish *jus*, what the law ordains, or the obligations it imposes, from *lex*, a written statute or ordinance.—*quaestiones* : the *praetor urbanus* and *praetor peregrinus* dispensed justice in private and less important cases. In case of any magnitude the people acted as jury themselves, or appointed one or more to preside at the trial. Those appointed were called *quaesitores* or *quaestores*. In 150 B.C. four permanent praetors were appointed to aid the *praetor urbanus* and *praetor peregrinus*. One had charge of all cases of extortion ; another, of bribery ; another, of treason ; another, of frauds against the public treasury. These four classes of trials were called *quaestiones perpetuae*.

superiora : "former acts of yours."

⁶*nunc—ferendum* : "but now that I should be wholly on your account the slave of fear, that in every, even the least rumour, Catiline should be dreaded, that no plot seems possible to be entered into, in which your villainy has no share (these things, I say), are not to be endured."—*totam* : fem : referring to *patriam*.

⁷*ne—opprimar* : scil. *discede, atque hunc mihi timorem eripe*.

CHAPTER VIII.

§ 19.—¹*impetrare*: "to obtain its request:" i.e. *ut ex urbe exeat*.

²*quid? quod*: see note 16, § 11.

³*in custodiam*: when a person of rank was suspected of any treasonable act, he generally surrendered himself into the hands of some responsible person, to be guarded until his guilt or innocence was established. This was called *custodia libera*.

⁴*apud M'*: another reading is *ad M*. The person was Manius (not Marcus) Lepidus who held the office of consulship with Volcatius Tullus B.C. 68.

domi meae: would *domi* with other adjectives be allowable?

⁵*isdem parietibus*: here the idea of *means* is combined with that of place: H. 425, II., 1.1).

qui—essem = quippe qui—essem: "inasmuch as I was in great danger."

quod—contineremur: when does *quod* take the indicative and when the subjunctive: H. 516, I., II.?

⁶*sodalem*: "your boon companion:" distinguish *socius* (root *sec*, to follow, hence *sequor*), a follower: *consors*, a partner in lot: *comes*, a companion on a journey: *sodalis*, a boon companion.

⁷*virum optimum*: probably ironical: nothing is known of him, except that he was weak and simple.

⁸*videlicet* and *scilicet*: "no doubt:" both introduce an explanation with the difference, that the former generally indicates the true, the latter, the wrong explanation, though sometimes, as in the present passage, the meanings are reversed. Z. 345.

⁹*ad vindicandum*: "in bringing you to punishment."

a vinculis: the state prison which was used to detain prisoners, not for penal imprisonment in opposition to (*custodia libera*) private custody.

¹⁰*qui = quippe qui*: H., 517.

§ 20.—¹*quae cum ita sint*: see note.

²*emort*: another reading is *morari*, antithetical to *abire*.

³*refer ad senatum*: "bring up (the matter *scil. rem*) before the Senate."—*referre* is the technical term to express the laying of the subject for debate before the Senate, which was done by the consul or presiding magistrate: *deferee*, denotes the simple announcement of anything: *placere*, is the usual term to express the decision of the Senate. The aristocratic party had

advised Catiline to go into exile, preferring that he should take this course rather than that they should have an open conflict with him.

⁴*sibi—decreverit* : “shall decree by their vote.” The senators voted “yea” or “nay” by saying *placet* or *non placet*.

⁵*abhorret—moribus* : “is inconsistent with my character.” The fact is the Senate could not pass a sentence of exile.

⁶*si—expectas* : “if it is this word (exile) you are waiting for.”

⁷*patiuntur—tacent* : i.e., they suffer me to use this bold language to you and still they raise no word on your behalf.

⁸*quid—perspicis?* “why do you wait for the sentence of these in words, where will you perceive, though they are silent?”

§ 21.—¹*huic* : “who is present.” P. Sestius Gallus was quaestor to the consul Antonius who as *tribunus plebis* in 57 B.C. was active for Cicero’s recall from banishment. Cicero defended him in 56 B.C. in an action *de vi*.

²*vim—intulisset* : “would have laid violent hands on me :” a species of hendiadys. Even his dignity as consul, and the sacred shrine of Juppiter Stator would not have shielded him.

³*quiescunt probant* : *patiuntur, decernunt* : *tacent, clamant* : note these examples of *oxymoron*.

⁴*cives, scil. idem faciunt* i.e. *silentio probant*. The *equites* formed the second or middle order of the Roman State.

⁵*prosequantur* : those who went into voluntary exile were often accompanied to the gates by their friends. An escort is promised Catiline to express the delight in getting rid of him.

CHAPTER IX.

§ 22.—¹*quamquam* : cp. *καίτοι* ; “and yet,” used here as a corrective particle.

²*te* ; scil. *sperandumne sit fore ut* : “is it to be expected that anything will break your resolve?” Note the emphatic positions of *te, tu, tu, tu*. What feelings do these interrogations express?

³*Quint* = *dent* : often used in religious formulas. Give the construction of *utinam* : H., 483, I.

⁴*animum induxeris* : Cicero uses the form *animum inducere* (except in Pro Sulla, 30, 83) and Livy always *in animum inducere*.

⁵*quanta—impendeat*: "what a storm of unpopularity threatens me, if not at present, on account of the memory of your crimes being fresh, still in the future time." *recenti*=*memoria*: abl. of cause. *in posteritatem* = *in posterum tempus*. *impendeat*: indirect question.

⁶*scil—scjungatur*: "but (the unpopularity you threaten) willingly will I undergo (literally, pays me well) provided the loss which you forbode is confined to myself and does not involve danger to the State." *tanti*: genitive of price. The subject of *est* is *invidiam istam mihi impendere*.

⁷*ut—ut—ut*: these three clauses are explained by the three beginning with *aut*, *aut*, *aut*. *pudor* = *αἰδώς*; "a sense of shame, or modesty."

§ 23.—¹*conflare*: a metaphor taken from metals: literally, "to smelt together:" hence "to heap upon."

²*recta, scil, via*: "straightway."

³*vix—vix*: note the emphatic positions: "hard will it be for me to bear the weight of the unpopularity caused by you, if you go into exile by the order of the consul,"—*sermone*: "the censure:" cp. our expression "to be the talk of the town." *feceris*: see note 4, § 6.

⁴*sui—mavis*: "but if, however, you prefer to consult my praise and glory." *laus—gloria* are originally derived from the same root *CLU*, "to hear:" *laus* = (*c*)*lau(d)s*: *gloria* = *clu-oria*.

⁵*exsulta—lurocinio*: "triumph in your impious bandit war." *latro*: properly a mercenary soldier who serves for pay (*λαρπεία*): afterwards, "a brigand." *impio*: as being against his native land: cp. *pietas erga patriam*, "patriotism."

§ 24.—¹*quamquam*: see note 1, § 22. *invitem*: rhetorical question: H. 529.

²*qui—armati*? "to wait for you arms near Forum Amelium." *ad* before the name of towns denotes (1) direction; (2) proximity, as in this passage. Towns were called *Fora*, by the Romans, where the praetor held his circuits for administering justice and where markets were established. The town mentioned here was in Etruria between the Armenta (*Fiora*) and Marta, not from the sea. It is now called *Monte Alto*. It derived its name from one Aurelius, who built the *Via Aurelia* from Rome to Pisa.

praestolarentur: the word *praestolari*, is "to wait for" said of a subordinate who performs some services for a superior.

³*pactam—diem* : from what verb is *pactam*?—*dies*, in the sense of a "fixed day" is usually feminine.

⁴*aquilam* : the same that Marius carried in his Cimbric war. Catiline fell beside it at Pistoria (Gall. Cat. C. 59). A silver eagle with extended wings, and on the top of a spear was the ensign of the whole legion. The *signa* were the standards of the *manipuli* and the *ve-cillum* is the standard of the cavalry.

⁵*cui—fuit* : "for which the secret place where you concocted your crimes was prepared in your house." The eagle was usually kept in a part of the *praetorium* which was consecrated (*sacrum*).

⁶*tu—solebas* : scil. *credendumne sil fore* : "is it to be believed that you could any longer be without this, to which you when setting out to slaughter were wont to pay your vows?"

⁷*altaribus* : only plural in classical Latin.

CHAPTER X.

§ 25.—¹*haec res* : i.e. *hoc bellum contra patriam, haec civium caedes*.

²*quandam—voluptatem* : "a kind of delight, (really) inconceivable."

³*aut—servavit* : "it was for this mad career that nature gave you being, inclination trained you, fate reserved you:" distinguish *amentia*, and *dementia*.

⁴*non modo*, for the omission of *non* after *non modo*, see Madvig., § 461, C. When the sentence is negative, *non modo* = *non modo non*, the second *non* being omitted, if both sentences have the same verb, and if the verb is contained in the second sentence, for the negative is thus considered to belong conjointly to both sentences. Z. 724, b.

⁵*otium* : "peace," opposed to *bellum*.

⁶*nefarium* : "unhallowed," as involving *impietas contra patriam*.

⁷*nanctus es* : "you have got together."—The orator is *atque (ex) derelictis ab non modo omni fortuna, verum etiam (a) spe*.

⁸*conflatam* : a metaphor taken from metals, "smelted together," hence "collected."

§ 26.—¹*hic* : i.e. *inter ejusmodi hominum gregem*.—*qua—perfruere* : "what gratification will you experience." Notice the climax in this sentence.

²*ad—tui*: "it was for the earnest prosecution of this life that these feats of endurance, which are made so much of, were practised."—*meditari*: is used passively: as *abominatus, amplexus, confessus, detestatus, dimensus, execratus, moderatus, suetus*. M. 153. With *meditari*: cp. μελετᾶν.

³*ad—struprum*: "to watch for an opportunity to commit an act of debauchery." = *ad tempus stupro opportunum observandum*. The infinitive clauses *jacere, vigilare*, are in opposition with *labores*.

⁴*ad—obeundum*: "to execute some daring deed."

⁵*otiosorum*: "the peaceable citizens." Another reading is *occisorum*.

⁶*habes—omnium*: "you have (now) an opportunity of showing the renowned endurance you have for withstanding hunger, cold, (and) a need of all things:" cp. Sallust, Cat. C., 5: *corpus potiens inediae, vigiliae, alyoris, supra quam unquam credibile est*.

⁷*quibus*: to be referred to *famis, frigoris, inopiae*, not to *omnium rerum*.

§ 27.—¹*tantum confeci*: "this much, I gained."

²*quum—reppuli*: at the last election, Cicero adopted these measures especially aimed at Catiline: a bill to increase the penalty against bribery (*ambitus*); by disarranging the plans of Catiline in putting off the elections, and appearing in the Campus Martius in armour.

³*exul—consul: latrocinium—bellum*: note the *paronomasia*.

CHAPTER XI.

⁴*lester ac deprecet*: both these words mean "to seek to remove anything from one, such as blame, &c., by calling the gods to witness (*testari deos*) and by imploring (*precari*) their aid. Note the middle force of these deponents.

⁵*quaeso*: conjugate this verb.

⁶*loquatur*: see § 18.

⁷*tunc*: join with *exire patiere*.

⁸*evoratorum servorum*: Catiline, however, refused the help of slaves (Sallust, Cat. C., 56), though Lentulus urged him to use these.

⁹*emissus—immissus*: *paronomasia*.

¹⁰*hunc—duci*: what is the usual construction of *imperari*? H. 498, 1. The infinitive with *imperare* is always passive.

¹*mactari* : the official word of sacrifice, "to slay a victim." It is connected with old verb *magere* : probably "to strike" : cp. μάχην, hence "to kill."

§ 28.—¹*tandem* : cp. note I, § I. Cicero shews that neither precedent, nor laws, nor the judgment of future generations deter Catiline.

²*At* : introduces the objection of an opponent : "Yes, but." Cicero refers here to the case of P. Scipio Nasica who headed the nobility against Tib. Gracchus.

³*au leges?* Principally the *leges Valeriae* and *leges Porciae*. The former were proposed by (1) P. Valerius Poplicola 509 B.C. which enacted that no Roman magistrate should put to death or flog a Roman citizen if he had appealed to the people : (2) in 449 B.C. L. Valerius Potitus enacted that no magistracy should be held with an exemption from appeal : (3) in 300 B.C. M. Valerius Corvus brought in a bill sanctioning the other laws on the subject of appeal. The *leges Porciae* were proposed by three of the *Porcii*, and exempted from stripes the persons of Roman citizens, and imposed heavy fines on any one who should scourge or kill a Roman citizen.

⁴*rogatae sunt* : "have been passed." The people at the *comitia* were asked to pass a law by the presiding magistrate in the words "*velitis, jubeatis, Quirites.*" Hence *rogare legem*, "to pass a bill." When the people voted *two* ballots were usually given them, one marked with the letters U R (i.e. *uti rogas* or "yea"), and the other with A (i.e. *antiquo, antiqua probo*, "I annul").

⁵*praeclaram gratiam* : "a fine return : " strongly ironical.

⁶*hominem—cognitum* : i.e. *hominem novum* : the Romans applied the term (*novus homo*) to the first of a family who had raised himself to a consul office. *tam mature* : the *lex annalis* enacted that no one could obtain the *quaetorship* till he was 31 ; the *aedileship* till 37 ; the *praetorship* till 41 ; and the *consulship* till 43. Cicero means that he obtained these offices as soon as he was eligible to hold them.

⁷*propter inviliam* : "because of too disquieting fear of unpopularity."

§ 29.—¹*num—pertimescenda?* "Is the ill-will arising from a strict and a firm discharge of duty to be feared rather than that arising from indolence and indifference."

CHAPTER XII.

²*jactu* : give rules for the use of the supines : H. 547.

³*judicarem* : this tense in the *protasis* with the plupf. in the *aposis*, denotes that the action is going on simultaneously.

⁴*unius—horae* : "the enjoyment of a single hour." *Usura* : properly "interest" paid for the *use* of capital.

⁵*gladiatori isti* : contemptuously.

⁶*etenim* : "and (well may I make this assertion), for :" cp. καὶ γάρ.

⁷*summi viri* : referred to the *magistratus* ; *clarissimi cives*, to the *viri privati*.

⁸*honestarunt = decoraverunt* : "graced."

§ 30.—¹*quamquam = καίτοι*, corrective : "and yet."

²*qui—dissimulent* : "of such a character that they either are blind to those evils which threaten us, or profess blindness in regard to the things they see." *Qui = tales ut* : H. 501 : this explains this subjunctive.

³*qui—aluerunt=hi—aluerunt* : not to be connected with *nonnulli sunt*, as this would require *aluerint*.

⁴*si—animadvertissem* : "if I had punished him," : with such a meaning understand *supplicio* : the preposition *in* is necessary when the meaning is "to punish with an authoritative and steady hand." *regie* : "in a tyrannical manner."

⁵*pervenerit* : fut. perf.

⁶*paulisper—posse* : "may for a season be repressed, but can for ever be suppressed" ; *reprimo* : to hold in check merely for a short time ; *comprimo* : to completely check.

⁷*se ejecerit scil, ex urbe*.

⁸*ceteros naufragos* : "the rest of his shipwrecked band of followers" : i.e., shipwrecked in character and fortune by reason of their excesses.

⁹*tam adulta pestis* : "this fully developed plague-poison" : *adulta* : from root *ul, ol, al*, "high."

CHAPTER XIII.

§ 31.—¹*jamdiu* : for the space of three years from the consulate of Lepidus and Tullus, 66 B.C. ; *nescio quo pacto* : "in some way or other" : literally, "I know not on what terms" : cp. οὐκ οἶδα οὕτως τρόπον, *nescio quo modo*.

²*omnium—erupit* : a pregnant construction as if he had meant :
 “all these crimes have been a-ripening up to, and the continued
 career of frenzy and boldness have burst forth in, the time of my
 consulship.” The metaphor is probably borrowed from an ulcer,
 bursting when ripe.

³*ex tanto latrocinio=ex tot latronum numero, latrocinium =
 latrones, cp. servitium=servi : conjuratio=conjurati—residebit* :
 the metaphor is taken from a subtle poison in the system. The
 state is looked upon by the orator as the body, the conspiracy as
 the fever, and the execution of Catiline as the draught of cool
 water which momentarily refreshes.

⁴*visceribus : viscera* were the upper vitals, including the heart,
 lungs, liver, &c : *intestina*, were the liver vitals. Observe the
 force of *atque* and the repetition of the preposition.

⁵*cum—jactantur* : there is no hendiadys here, but merely an
 accumulation of synonymous terms. Observe the middle force
 of *jactantur* : “toss themselves about.”

⁶*biberint* : Madvig reads *biberunt*.

⁷*qui est* : “which exists.”—*relevatus* : “mitigated.”

⁸*vehementius—ingravescet* : “shall become more chronic if
 the others are allowed to live” : *vivis reliquis* : abl. abs.

§ 32.—¹*prætoris urbani* : L. Valerius Flaccus was *Prætor
 Urbani* at this time, and the partisans of Catiline thronged
 around his *tribunal* to intimidate him when delivering judgment
 in cases of debt.

²*obsidère—curiam* : “to beset the senate house in arms.”
 Romulus divided the people into three tribes (*tribus*) and each
 tribe was divided into ten wards (*curiæ*). Each *curia* had a
 temple for the performance of its religious rites and for holding
 political meetings : the root is *cur* : “to be powerful ;” cp.
Quirites, hence, “the powerful men” : *κύριος, κοίρανος*.—*cum
 gladiis = armati*.

³*malleolos* : properly *malleolus*, is “a hammer,” the transverse
 head of which was formed for holding pitch and tow. These
 latter were set on fire and thrown slowly that they might not be
 extinguished, to ignite houses and other buildings. Translate
 “fire-darts.”

⁴*quid—sentiat* : “what his sentiments are respecting the state :”
 dep. quest.—*polliceor—fore* : what verbs are construed with the
 future infinitive ?

⁵*patefacta—oppressa* : note the balancing of these words, and
 the *csyndeton*.

§ 33.—¹*hisce ominibus*: “with these prophetic words”: a kind of abl. absolute.

²*cum—exilio*: with the best interests of the republic (fully established), and with your own calamity and ruin (fully assured) and with the destruction of these”: *cum* here denotes an accompanying circumstance as a result or consequence of an action: z, 472.

³*tu*: addressing the statue of Juppiter in the temple of Juppiter Stator.

⁴*auspicis*: not only temples but also statues were consecrated, by taking auspices.

⁵*statorem*: “the flight staying”: see note 6, § 11. A kind of rhetorical exaggeration, as the temple was only viewed by Romulus and built much later; Livy x. 37.

⁶*arcebis*: with a softened imperative force: so also *mactabis*

PROPER NAMES.

A

Ahāla, -ae : m. : *Caius Servilius Ahala* was master of the horse to the dictator Cincinnatus, 439 B.C. *Spurius Maelius*, one of the *Equites*, bought corn at a low rate and distributed it gratuitously to the poor. By this he gained the favour of the plebeians, but incurred the enmity of the patricians. When he was summoned by the dictator to appear on the charge of aiming at royal power, he refused, and Ahala, with an armed band, rushed into the crowd where he was standing, and slew him. Cicero often praises the deed of Ahala, but it is doubtful whether it can be defended.

E

Etrūria, -ae : f. : a large district of Italy, lying west and north of the Tiber. This part of Italy was generally favorable to Catiline. In it were *Faesulae*, and *Pistoria*, where Catiline fell, 62 B.C.

F

Faesulae, ārum : f. : now *Fiesole*, near Florentia (*Florence*), in Etruria. Here Catiline raised the standard of rebellion.

Fōrum Aurēlium, Fōri Aurēlii : n. : a town of Etruria, on the Aurelian way ; now *Monte Alto*.

Flaccus, -i : m. : *M. Fulvius Flaccus* was charged with the execution of the Agrarian law of the Gracchi, and aided Tib. Gracchus to gain for all the Italians the rights of Roman citizenship. He was cited along with the consul Opinius to render an account of his conduct with regard to the revolutionary measures then proposed. This he refused to obey, and was slain along with his eldest son.

Fulvius, -i : m. : see preceding.

G

Gracchus, -i : m. : *Tiberius Sempronius Gracchus* and *Caius Sempronius Gracchus* were sons of Tiberius Sempronius Gracchus and of Cornelia, daughter of Scipio Africanus Major. The object of both brothers was to have the public lands divided and given to the poor, by allowing no one to hold more than 500 *jugera* of land. The state was to compensate the wealthy for all the loss. Both brothers fell in the sedition that arose out of their revolutionary schemes : Tiberius in 132 B.C., and Caius in 122 B.C.

Itālia, -ae : f. : Italy, a country of Southern Europe.

J

Jānūārius, -a, -um : adj.: of or belonging to *January*.

Juppiter, Jōvis : m.: Juppiter, the supreme god of Roman mythology.

L

Laeca, -ae : m.: *M. Porcius Laeca*, an accomplice of Catiline, who convened at his house the leading members of the conspiracy.

Lēpidus, -i : m.: *M. Lepidus*, consul with L. Volcatius Tullus 67 B.C.

Lēpidus, -i : m.: *M. Lepidus*, consul with Catulus 79 B.C.

M

Maelius, -i : m.: *Spurius Maelius*, a Roman *Eques*, who attempted to gain regal power at Rome by securing the favour of the plebeians 449 B.C. This he tried to do by supplying corn at a low rate. He was summoned to appear before Cincinnatus, the dictator, but refused, and was slain by Ahala.

Manliānus, -a, -um : adj.: of or belonging to Manlius.

Manlius, -i : m.: *Caius Manlius*, an accomplice of Catiline, and sent to Etruria to collect troops. He commanded the right wing of Catiline's army at Pistoria, and "foremost fighting fell."

Marcellus, -i : m.: *Marcus Marcellus*, an accomplice and intimate friend of Catiline.

Mētellus, -i : m.: *Q. Caecilius Metellus Celer*, praetor in 63 B.C. He was despatched by Cicero into the Gallic and Picene districts to raise a force against Catiline. He was consul 61 B.C., and poisoned by his wife Clodia 59 B.C.

N

Nōvembris, -e : adj.: belonging to November.

O

Opimius, -i : m.: *Lucius Opimius* was consul in 122 B.C. He opposed the designs of C. Gracchus.

P

Pālātium, -i : n.: the Palatine hill was the largest of the seven hills on which Rome was built. Romulus laid here the foundation of the city, and here in the imperial period were the residences of the Roman emperors.

Praeneste, -is : n.: now *Palestrina*, an ancient city of Latium, 23 miles S.E. of Rome. Its citadel was remarkable for the strength of its position.

R

Rōma, -ae : f.: Rome, a celebrated town on the Tiber.

Rōmānus, -a, -um : adj.: of or belonging to Rome : *Roman*.

Rōmūlus, -i : m.: the founder of Rome and king of the city from 753-715 B.C.

S

Sāturnīnus, -i: m.: *L. Saturninus*, a tribune of the people and a violent partisan of Marius, who abetted him in his numerous misdeeds. He is said to have caused the death of C. Memmius 102 B.C. At length, after many cruel acts, the people became aroused against him, and he was slain in the forum.

Scīpiō, -ōnis: m.: *P. Cornelius Scipio Nasica* was consul 138 B.C. His character was held in the highest estimation by his countrymen. He opposed the measures of Gracchi. After the death of Tiberius Gracchus, unpopularity overtook Scipio, and he was sent to Asia, where he died of chagrin.

Servilius, -i: m.: *C. Servilius Glaucia*, a seditious and profligate individual, put to death 121 B.C.

Stator: "the flight staying:" an epithet of Juppiter.

T

Tullius, -i: m.: *M. Tullius Cicero*. See Introduction.

Tullus, -i: m.: See *M'. Lepidus*.

V

Vālérius, -i: m.: *L. Valerius*, a partner of Marius in the consulship, 121 B.C.
