

NATIONAL SCHOOLS DEBATE IN COMMONS

Dr. Edwards Precipitates the Discussion—Hocken Points Out Parliament's Duty.

Ottawa, May 14.—A debate on the question of national schools was precipitated in the commons today by Dr. Edwards, member for Frontenac. Dr. Edwards had a motion on the order paper calling for the establishment of a national school system, but it was not reached before private members' days were abolished for the session so he started a discussion today on the motion to go into supply.

The debate which ensued was at times inclined to be heated and R. H. Butts as a mark of disapproval walked out of the house during the course of Dr. Edwards' speech.

A statement by Dr. Edwards that there were whole counties in Ontario and Quebec where no provision is made for the education of children of the minority drew forth denials from Hon. Rodolphe Lemieux and Mr. J. A. Robb. As a representative Protestant of Quebec province Mr. Robb stated that he was well satisfied with educational conditions in that province.

Mr. Lemieux declared his belief that separate schools with religious instruction were the best for Canada. Dr. R. K. Anderson, of Halifax, expressed a contrary view. He declared that there is a growing desire throughout the world for non-sectarian schools. Support for the national schools proposal also came from Mr. McKie of East Edmonton.

H. C. Hocken complimented Dr. Edwards for bringing up the matter and praised the Hon. Justice J. S. MacLennan, of Montreal, chairman of the board of conciliation which will investigate the dispute between the city of Hull, Que., and its firemen.

C. P. R. ADDS TO PENSIONS. Montreal, May 14.—Owing to the high cost of living the C. P. R. directors have authorized special allowance to remain in force until the end of the year 1920, representing an increase of 25 per cent. on all pension payments to officers and employees on the pension roll.

HAMILTON MACHINISTS UNDECEIVED. Hamilton, May 14.—While refusing to follow the example of the Toronto unions the machinists here are not averse to the eight-hour day and to the other demands that their fellow workmen are sticking out for in the Queen City.

First Reading for prohibition. Sir Thomas White introduced a bill to confirm the prohibition order-in-council regarding the importation, manufacture and transportation of intoxicating liquor, the resolution regarding which was passed by the house yesterday. The bill was given first reading.

Mr. James Robb, the chief Liberal whip, brought up the question of government legislation which had been foreshadowed in the speech from the throne on February 20. He mentioned especially the franchise bill.

Mr. Thomas White replied that the franchise act was exceedingly important legislation, and it was the intention of the government to introduce it at the present session of parliament.

Mr. E. B. Devlin asked the minister of justice why it was that certain young men of Wright County, Que., who failed to renew their exemptions under the M. S. A. were being taken to Kingston for court martial unless they choose to be tried by a magistrate.

Trying M. S. A. Defaulters. Hon. Arthur Meighen said that he understood Mr. Devlin referred to the cases of a number of defaulters in Wright county. Action he said, had been taken under an order-in-council which permitted the government to refuse to allow a judge to deal with cases of defaulters, who had displayed indifference in handling these cases.

SIR ROBERT BORDEN IS ON HIS WAY HOME. Paris, May 14.—(By Louis Trepanier) in view of the fact that the principles have been settled upon which peace is to be established, Sir Robert Borden and the Hon. Arthur Sifton left Paris this morning for London and will proceed to Canada by the first available boat.

Sir George Foster and Mr. Doherty will remain in Paris for the present and it is possible that if negotiations should be of a prolonged nature they too will return to Canada before the signing of the treaty. In this event the prime minister and Mr. Sifton will doubtless return to their duties in Paris at the end of the present session.

GUELPH CAR MEN STILL NEGOTIATE

Hamilton Machinists to Hold Private Meeting—Brantford Strike Unlikely.

Guelph, May 14.—A committee of men from the Street Railway Employees' Union accompanied by Ex-Ald. J. J. Gibbons, of Toronto, business agent of the Toronto union, met with the Guelph Car Men, president of the Guelph Radial Railway, this afternoon, relative to the demands made by the men. Nothing was accomplished, Ald. Westoby declaring that there could be no increase under existing conditions with the road losing \$11,000 last year. The men are asking a jump from 29 cents an hour to 43 cents, with an eight hour day, time and a half for overtime and double pay on Sundays.

TEACHERS ON STRIKE. Ottawa, Ont., May 14.—A strike of the English speaking day teachers of the Roman Catholic Schools of the city broke out at nine o'clock this morning in accordance with the ultimatum delivered to the separate school board on Monday signed by forty teachers, in which they demanded the immediate reinstatement of former Principal Kelley of St. Patrick's school, and the promise of salary increases averaging \$200 per annum.

The minister of labor has appointed the Hon. Justice J. S. MacLennan, of Montreal, chairman of the board of conciliation which will investigate the dispute between the city of Hull, Que., and its firemen.

EARLS COURT WOMEN'S INSTITUTE HOLD EXHIBITION

Seventh Annual Meeting Was a Notable Local Event.

A great local event in Earls Court is the women's institute and child welfare exhibits, the seventh annual meeting of which took place yesterday afternoon in the Earls Court central Methodist church.

Rev. E. Crossley, Hunter, presided and welcomed the members of the Institute. Sergt. Furlong and Miss Dorothy Shaver were the soloists and Lieut. Hunter was at the piano.

Other attractions of the institute were moving pictures of the story of the cocoa bean; a pianoforte competition, elocution contest, a demonstration by the Ontario government department of agriculture, hat trimming competition, gymnasium display and concert by young ladies' classes.

Arrangements for the Scarborough ratepayers' meeting will be held in the Birch Cliff School house when the advisory committee of Scarborough Township ratepayers' associations was inaugurated.

DANFORTH FINAL METHODIST MEETING. The final quarterly meeting of the Danforth Methodist Church official board was held last night in the church.

HAMILTON NEWS. Hamilton, May 14.—Banishment for those who refuse to live up to the ideals of Canadian citizenship and drastic sweeping changes in the immigration laws, were urged tonight by Major General A. D. McRae, C.B., during the course of a timely address on "Canadian Citizenship in the Future" at the annual meeting of the Canadian Club at Hamilton in the Royal Connaught tonight.

Burke of the International Brotherhood of Pulp and Sulphite and Paper Mill Workers is returning to Fort Edward from Sault Ste. Marie, Ontario, for a conference with international headquarters Saturday with delegates of the locals on strike in the plants of the International Paper Company.

Railway Shophmen and War Board Discuss "Hire and Fire" Action. Montreal, May 1.—The conference between the members of the Railway War Board and representatives of some 29,000 railway shophmen, was continued this morning in private. It is understood, however, that one of the questions which is provoking a lot of discussion is the establishment of a committee of employees and employers who will be empowered to "hire and fire" through the shops.

TODMORDEN RATEPAYERS CO-OPERATE WITH CENTRAL BRANCH

A well-attended meeting of the Todmorden Ratepayers' Association was held on Tuesday evening in Torrens Avenue School. F. J. T. Cooper, president, occupied the chair. It was decided to ask the York Township council to make a survey of the district with regard to sewage disposal at their earliest convenience, so to see that the ditches are cleaned out and the roads put in proper condition.

The attitude to be adopted with regard to the central council of ratepayers was discussed at considerable length, and it was decided to co-operate in the work of that body with the exception of the selection of candidates for municipal honors, when the delegates will be free to act independently of the central body.

RIVERDALE ROYAL BICYCLE CLUB ELECT OFFICERS. The twenty-ninth annual meeting and election of officers in connection with the Royal Canadian Bicycle Club was held last night at their headquarters, Broadview avenue, and the following officers were elected:

BASEBALL FIXTURES FOR EAST ENDERS. Residents in the vicinity of Broadview avenue will be delighted to hear that in future the open Intermediate Baseball League will play two games every Saturday on the Duke of Connaught School grounds.

EAST TORONTO DR. BARTLEY'S FUNERAL. The funeral service in connection with the late Rev. Dr. T. E. Bartley, pastor of Woodgreen Tabernacle, will take place from the church at 3 p. m. Friday when Rev. Dr. D. Simpson, pastor of Toronto conference, will officiate.

VETERANS ITEMS OF INTEREST TO RETURNED SOLDIERS WILL BE PHONED OR SENT IN. SOLDIERS FAVOR LABOR. That many returned soldiers are favorable to the cause of labor is indicated in the number of returned men seen at the Labor Temple.

MORE ORGANIZING. A large meeting of returned men was held at the Orange Hall, Yonge street, near Broadway, North Toronto, last night.

EXTENDING ACTIVITIES. Dian Hall, Rhodes avenue, in the Woodbine district, will tonight witness the organization of yet another Riverdale sub-branch.

VETERANS REINSTATED. R. S. Foley and J. McQueen, who have returned from active service overseas, have been reinstated in their old positions on the staff of the Central Technical High School.

COMRADE CARMICHAEL ILL. Comrade W. J. Carmichael, general organizer for the G.A.C. in Canada, lies at his residence, Arena apartments, seriously ill, but every hope is held out for his recovery.

LIBERAL LEADERS INVITED TO OTTAWA

D. D. McKenzie Issues Call for Dominion-Wide Conference.

Special to The Toronto World. Ottawa, May 14.—What it is hoped will prove the first great step towards a reorganization and reconciliation of the different elements of the Liberal party in Canada, occurred today when D. D. McKenzie, leader of the opposition in the house of commons, sent out an invitation to all the Liberal premiers of provinces and Liberal leaders of the opposition in the various provincial houses where the Conservatives are in the majority.

Answers have been received to the effect that all will be present except Premier Norris of Manitoba, who writes that he is unable to come owing to labor troubles and no word has yet been received from J. H. Bell, leader of the opposition in F. E. I. Hon. W. E. Foster, premier of New Brunswick, cannot come, but he will be represented.

Hon. P. J. Venier, minister of public works, and Hon. E. A. Smith, minister of lands and mines, were here a few days ago and endorsed the program for the coming Liberal convention in Ottawa next August.

Proudfoot Going. From Ontario the leader of the opposition, William Proudfoot, has signified his intention of being present. Sir Lomer Gouin, premier of Quebec, will be here, and Hon. W. M. Martin, premier of Saskatchewan, is coming, but it is doubtful if he will arrive before Monday morning.

MUNICIPALITIES ACCEPT HOUSING

Forty-Eight Pass Bylaws Bringing Them Under Act.

Hon. I. B. Lucas, acting premier of Ontario, announced yesterday that the following 48 municipalities have passed the necessary bylaws bringing them under the provisions of "the Ontario housing act, 1919."

Cities: Windsor, Fort William, Galt, St. Catharines, Sault Ste. Marie, Ottawa, Sarnia, Woodstock, London, Guelph, Niagara Falls and Brantford. Towns: Sudbury, Sandwich, Hespeeler, Ingersoll, Oshawa, Ford City, Cochrane, Trenton, Sturgeon Falls, Leamington, Palmerston, Perth, Whitby, Elstow, Bridgeburg, Thorold, Milhi-co, Walkerville, Midland, Arthur and Port Colborne. Villages: Port Dalhousie, Madoc, Post Credit, New Toronto, Elmira, Point Edward, Richmond Hill, Fergus, Port McNicoll, Milverton and Beaverton. Townships: Neening, Brantford, West Oxford, Gloucester.

About 500 plans have been approved by the director of the bureau of municipal affairs, and in a considerable number of the above mentioned municipalities houses are under construction.

The director estimates that the loans required by these municipalities will aggregate nearly \$10,000,000. About 20 municipalities are considering plans for acquiring land and erecting houses on a large scale. Some of them have already purchased land.

CIVIL SERVANTS ALL UNDER ONE ROOF

Dominion Government to Rush Work on Big Front Street Building.

The Dominion civil servants and their departments now scattered over various buildings in Toronto are to be made into a nice happy family party and housed under one roof. For some time past it has been felt that much inconvenience was caused by there being no easy intercommunication between the various departments. The federal government has secured a plot of land on Front street running thru to Bay and Yonge and just on the east of the new union station. The building to be erected will have a 500 foot frontage on Front street and be 120 feet wide backing onto Yonge and Bay. It will be a three-story building and be constructed entirely of stone. Amongst others who will be housed in the new offices will be the customs authorities, who will be provided, in addition to a similar receiving rooms and warehouses.

T. A. Hastings, who has charge of the public works department in Ontario for the federal government, has not as yet received the plans from Ottawa, but hopes to do so within a short time, when bids on the estimates for the construction will be called for. The ground on Front street is however being cleared and no delay will be experienced in commencing the erection of the building.

HON. DR. CODY CONFERS ON CONSOLIDATION

Hon. Dr. Cody, minister of education for Ontario, was at Chatham yesterday in conference with the local school authorities respecting the school consolidation and library extension movement. The minister of education will hold a similar conference at Windsor tomorrow. Communications from Quebec state that the school consolidation and library extension plans promulgated by Hon. Dr. Cody are receiving commendation there and are likely to be followed by the municipal authorities.

Methodist Church Appoint School Inspection Committee

The general board of education of the Methodist Church of Canada has sanctioned the appointment by the Massey foundation of a commission of three to investigate and report upon the educational institutions, schools, colleges and universities throughout the country operating under the general conference of the Methodist Church. The commission is composed of Vincent Massey, of Victoria College, George H. Locke, chief librarian of Toronto, and Dr. James Smythe, principal of the Wesleyan Theological College, Montreal.

TAG-DAY FOR TORONTO BLIND

First Public Appeal Ever Made Calls for \$40,000.

The object for which the citizens of Toronto will be appealed to today by the "taggers" is one that straightaway commands general sympathy, the cause of the blind. The "tag" was arranged for some months ago and is being held under the auspices of the Women's Auxiliary to the Canadian National Institute for the Blind. This is the first time a public appeal for the blind has been made.

There are between four and five hundred blind in Toronto and a possible eight thousand in Canada. Before the Women's Association for the Welfare of the Blind was started about four years ago, little organized effort, with the exception of the work done by the Library for the Blind, had been made to improve their condition or give training.

Nov craft workshops are established for men and women. Pearson Hall for blind soldiers has classes in typewriting and Braille as well as in basketry. In all these institutions the blind are being put in a way to become more or less self-supporting, some already earning a regular weekly wage.

All of these activities will be assisted by the "tag" which it is hoped will reach \$40,000 and for which some handsome subscriptions have already been contributed. Those that will benefit are the broom shop at 455 West King street, the shop for girls at 40 West Adelaide street, the library for the blind on College street and Pearson Hall and the work of home teaching.

Headquarters for the distribution of supplies for the "tag" are 124 West King street, the work being done under the supervision of Mrs. Lionel Clarke and her assistants. The money will be counted at 4 p.m. today at the Dominion Bank, corner King and Yonge streets.

ROSARY HALL RECEPTION

Rosary Hall, corner John street and Grange Avenue, held open house yesterday afternoon when a reunion of members of Rosary Hall Association and many friends met at the invitation of the president, Miss Marie Macdonell and officers. The occasion gave opportunity for the inspection of the recently renovated institution, special attention being directed to the lately erected kitchen with large sun-room above.

Among the guests was Mrs. W. H. McAulliffe, president of Rosary Hall, Ottawa, the branch there being the first to affiliate with the mother house in Toronto. It is expected that in the future a chain of boarding houses under Catholic auspices will be established with the view of helping to provide homes for many of the business girls of Canada.

CHAPLAIN SEWERAGE.

Representing the Chaplain estate, North Toronto, Mr. McLaughlin appeared before the board of control today regarding sewerage for the estate. He stated that Commissioner Harris had reported it would cost \$52 to inaugurate a sewerage system to include a small pumping station in the old Belt Line ravine. His firm would be willing to build 25 houses this year. "You simply mean that you are willing to make some money," said Controller Cameron. "That is what we all are willing to do."

Civic Welcome Prepared for World Temperance Workers

In response to an appeal by Rev. Ben Spence and Mr. Miles Vokes the board of control yesterday agreed to extend a civic welcome to the world conference of temperance workers to be held in Toronto next week. It is stated it will cost the city about \$1000.

JUVENILE DETENTION HOME.

At a private session the board of control decided not to locate the juvenile detention home on St. Joseph street. The majority consisted of the Mayor, Controllers Maguire and McBratney, and the minority of Controllers Cameron and Robinson.

WRAPPING BREAD INCREASES COST

Means More Than Cent Difference Per Loaf to Consumer.

Wrapped bread will mean an increase of over a cent to each loaf was the statement which a delegation of bakers made to the local board of health yesterday. Mr. Mark Bredin stated he had an accountant figure it out and the result showed one cent eight cents additional under the very best of purchasing conditions. In the cases of places where purchases were not made in such large quantities wrapping bread might entail an increased cost of one and one half to one and three quarter cents per loaf. Mr. Bredin stated three weeks ago before the question was raised, that the bakers with one exception, had agreed to put on one line of wrapped bread.

Ex-Alderman Hilton, Mr. James Dempster, and others stated that if the bread was wrapped it would add to the cost. The attitude of the bakers was that they were favorable to wrapping bread for those who wished it at the increased price, but did not consider the great majority of customers wanted this.

Some of the smaller bakers present declared a regulation to wrap bread would put them out of business. Dr. Hastings declared complaints were coming in all the time. There was no desire to enforce the regulation immediately. If your organization will appoint a committee to meet with me from time to time to consider ways and means by which the element of danger can be eliminated we will be satisfied said Dr. Hastings.

NOMINIGAN CAMP — ALGONQUIN PARK, ONT.

"Nominigan" one of the popular log cabin camps in Algonquin Park, operated by the Grand Trunk Railway, will this year be under the management of Miss Powell, who last year managed Camp Minnesota in the same district. Miss Powell is a trained dietitian and guests at Nominigan Camp this year will be assured of good service and every regard. Illustrated descriptive matter regarding this camp may be had from Grand Trunk agent or C. E. Horning, D. P. A., Toronto, Ont.

CUBAN BANQUET.

Don Cesar Baranco, Cuban consul for Ontario, will with the approval of his government, give an official banquet next week to celebrate the 17th anniversary of Cuban independence and the victory of the allies. This is the first occasion when a foreign consul resident in Toronto has given a function of this description.

MAYOR WOULD APPEAL BELL TELEPHONE RATES

The decision of the Dominion railway board to allow an increase in the Bell Telephone Company's rates does not meet with approval at the city hall. In the mayor's opinion no case has been shown. He says the company has been operating with a huge surplus for years. They have reaped the profits of peace and now they should be content with the profits of war. He will move in the board of control that an appeal be carried to the governor-general-in-council.

National Club Elect Officers for Coming Year

Miss Phyllis Neilson-Terry Sings to Amputation Cases

Miss Phyllis Neilson-Terry, who has made her short stay in the city so memorable to the soldier-patients at the different hospitals, came, sang and consoled at the Dominion Orthopaedic Hospital last night, in a delightful concert program arranged by the Military Y. M. C. A. Taken by a representative of the Military Y. to the recreation room at the top of the building, she gave a most generous program, which included "Pal of Mine," "Oh, Laddie," "Somewhere a Voice is Calling" and a reading, which Mrs. Burnett accompanied, Adelaide Proctor's "Story of a Faithful Heart."

WEDNESDAY FOR DEPUTATIONS.

The Board of control has decided that in future Wednesday morning will be set aside to hear depositions. That will be the only day available.

It's Easy to Peel Off All Your Freckles

The contrast between the freckles and the clear skin usually is so great that no bleach can be more than partially successful in obliterating the disfigurements. Ordinary mercurized wax is far better; it literally peels off the freckles. Get an ounce of it at the nearest drug store and tonight spread on enough to completely cover the face; remove in the morning with warm water. Repeat daily until every freckle has disappeared. Rough, blotchy, pimply skin, also common at this season, may be entirely gotten rid of by this same method, without discomfort or inconvenience. The effort is deemed worth while, as the new complexion obtained being so clear, smooth and youthful.

The Toronto World

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

THURSDAY MORNING, MAY 15.

An Unwise Monopoly. Official intimation was received in the city yesterday that the province had been refused the license for which it had applied to the Ottawa government for the manufacture of salvarsan, the German patent for the cure of venereal disease, the spread of which is largely dependent upon the supply of this remedy.

In Massachusetts salvarsan is prepared at 25 cents a dose. The Ontario government desires to manufacture it and distribute it free, so as to check the deadly disease for which it is a specific.

Strong representations have been made to the responsible ministers, but it is surmised that the decision has been left to minor officials, with the result that for the trifling advantage to the monopoly of the profits on ten per cent of their total output by their own admission, the virulent and loathsome disease of syphilis is allowed to go unchecked in the land.

Province Must Control Water Resources.

Sir Adam Beck's plea for the inviolability of provincial rights in the ownership and development of the water powers of Ontario is unanswerable. There is a possibility, however, that the merits of the case may be confused or lost sight of by the introduction of racial railway issues, or something else on which there might be disagreement.

The federal government's concern with water-power is only indirect in connection with the navigation of the St. Lawrence and the international questions involved. Whatever improvements the government carries out to improve navigation and which may benefit the development of water-power as far as expense is concerned should be debated against the provincial government as may be determined justly.

If the federal government desires power for any purpose it can be had from the province, and on the most favorable terms—power at cost. The installations of the Hydro-Electric Commission have not been excelled and cannot be beaten. The government could get no cheaper power than will be available from the province.

This issue should be quite straight and clear. The province must control and develop its own water resources. The generation and distribution of power at cost is vital to Ontario.

Major Mowat, M.P., has brought in a bill to amend the criminal code in the matter of capital punishment by substituting electrocution for hanging.

Major Mowat's bill provides that executions take place at the nearest penitentiary, where a room shall be set apart for the purpose. This provision also obviates the possibility of the escape of the condemned.

If we are to have executions, it is undoubtedly wise to adopt the most humane and painless method. Electro-cution has been in use in the United States since 1889, and there are not such opportunities for disagreeable incidents at an electrocution as have too frequently attended unskillful attempts to hang criminals.

There is no reason why Canada should not adopt the method now generally recognized and approved in civilized communities for carrying out the capital sentence.

THE DAY AT OTTAWA

By TOM KING

Ottawa, May 14.—The house, which roused itself yesterday long enough for a brief debate over prohibition, sank back into lethargy this afternoon, and was being led unresistingly into committees of supply when Dr. J. W. Edwards, Unionist member of Frontenac, caught the Speaker's eye and took possession of the house. It is unusual for a government supporter to obstruct the motion to go into supply, but the doctor explained that he wanted to discuss national schools and the school question, and could do it in no other way.

It ten years ago Dr. Edwards had moved to abolish separate schools, there would have been a Donnybrook Fair in the house, with the French and the English and the Protestant and the Catholic in hot pursuit of the Pope, but his proposal today caused no excitement. His speech was fair and moderate. Indeed, he declined any intention of being offensive to either French-Canadians or Roman Catholics.

This nettled Dr. Edwards, but rather amused the house. He continued his speech, which was, in the main, a historical review of the school question. He believed the separate school system, under federal control, was the best for the minority. In some localities there were two poor schools, instead of one good one. In others, where the Protestant population was small, some children grew up without any schooling at all.

J. A. Robb, chief Liberal whip, replied to Dr. Edwards, speaking, he said, as a representative Protestant living in the province of Quebec. The Quebec Protestants were quite satisfied with their schools, and would be at a serious disadvantage if the children of the province were compelled to attend the same school.

Dr. Edwards in a set speech which showed unmistakable traces of the midnight oil. He was opposed to all concessions to minorities, merely because they were minorities. Whatever was best for the majority was best for the minority. We were not at advanced as we should be in Canada in matter of education, but we were far ahead of Portugal, Italy and Greece where the non-sectarian school has never been established.

THE SITUATION IN EUROPE

The Associated Press issues the following: And now it is the turn of the Austrians to learn from the allied governments what is to be the cost to the former empire of its association with Germany and her allies in the world war.

The Austrian delegates who are to receive the peace treaty drawn up by the allied and associated governments, have arrived in the village of St. Germain, near Paris, where they are to wait the summons of the peace congress to appear before it.

Unlike the reception given the Germans on reaching Versailles that accorded the Austrians had some elements of friendly courtesy on the part of the French representatives charged with the duty of meeting the visitors. On the fact of the leader of the delegation, Count Renner, there was a pleasant smile when he alighted from the train in contact with the stern set faces of all the Germans when they arrived at Versailles.

It was evident that the request of the Germans for permission to go to St. Germain and greet the Austrians had been denied, for no Germans were present.

When the first meeting of the Austrians with the allied peace delegates is to take place has not yet been announced. The council of four has made reply to the suggestion incorporated in notes from the German delegates regarding labor and the repatriation of prisoners. Three additional German notes have been delivered to the council, and the

separate school system, as we have it in Canada, does not exist. H. A. Mackie, Unionist member for Edmonton, addressed himself to the question from another angle altogether. Dr. Edwards and Dr. Anderson, in reviewing our present school situation, hinted dimly at the hidden hand of Rome, but Mr. Mackie boldly staged our old neighbor, Uncle Sam, as the villain of the piece.

Mr. Mackie, in reviewing our present school situation, hinted dimly at the hidden hand of Rome, but Mr. Mackie boldly staged our old neighbor, Uncle Sam, as the villain of the piece. The Canadian was, he said, becoming Americanized. Young men and women who came from the United States were teaching in public schools, and little boys, newly arrived from the States, were wearing buttons inscribed with the legend "We won the war."

Naturally Mr. Hocken of West Toronto felt called upon to intervene in the debate. He believed the national school system would prove a blessing to the people of Quebec. Like Dr. Edwards, he advocated creating an office for other members of the house, and concluded his speech and debate itself by affirming that a bold peasantry, small, some children grew up without any schooling at all. It would be destroyed can never be supplied.

Judge McKenzie, Liberal leader, has invited all the Liberal provincial premieres to meet in St. John's, Nfld., and discuss the plans for the coming national convention. Sir Lomer Gouin has accepted the invitation, so also has Hon. M. Martin of Saskatchewan. The premiers of Nova Scotia, New Brunswick, Manitoba and British Columbia will be represented by members of their respective cabinets. Stewart of Alberta was here a few days ago and gave his approval to the plan for the convention.

Dutch Government Denies It Will Surrender Ex-Kaiser

The Hague, May 14.—The Dutch government denies it has decided to surrender former Emperor William. The question at present, it contends, concerns only Germany and the emperor.

Count von Brockdorff-Rantzau and his associates are said to be drawing up further lengthy proposals looking to the annulment of the peace terms given Germany.

One of the last notes of the Germans, which deals with the economic clauses of the treaty, asserts that enforcement of the terms will mean a triumph for Germany. Another note touches on the Saare valley arrangement, the transfer of German territory to Belgium, and the evacuation by Germany of Schleswig.

No protest is made by Germany to the notes asserts that Germany will not pay for damages on the principle of the law of nations. The British, French, American, Italian and Japanese delegations has been appointed by the council of four to deal with the objections and proposals of the German plenipotentiaries.

Efforts are being made by the British peace delegation to the pooling, on the basis of tonnage lost during the war, of former German merchant vessels seized by the allies. Such distribution would materially affect the ownership of German vessels, including some of Germany's greatest transatlantic liners interred in the United States prior to the country's entry into the war and which latter were seized. Poland is making claims to some of the warships surrendered by Germany.

The Italians are declared to be landing large forces on certain portions of the Dalmatian coast, who are fortifying the ridges and mountain passes to the east.

For Your Convenience

THE saving of the extra steps and extra motions has been shown to be a big thing in the business world. Open Fire in Saskatchewan on Food Board and Bank Mergers

Regina, Sask., May 14.—Saskatchewan retailers gathered here in annual convention and after hearing the usual reports listened to an address by A. J. Barnfield, of Winnipeg, who said the Canada food board had proved an enormous burden to the country, and had been financed by the merchants. It had taken the entire staff of the merchants' organization at Ottawa to watch Director Thompson of the food board and his staff, said the speaker. A resolution was passed deploring the concentration of capital thru bank mergers.

Some Mennonites Prefer Jail To Paying West "School" Fines

Winnipeg, May 14.—Mennonites of the old school in the vicinity of Workior are still resisting the school authorities and withholding their children from the public school, and another batch of nine were summoned before Magistrate Milne Monday. A fine of \$30 and costs was imposed on each of the offenders. Two of the number paid their fines, while the other seven declared they would prefer imprisonment to paying the fines. During the hearing it developed that John Friesen, bishop of the colony, had advised his people not to send their children to the public school.

TRAINING STOCKS

Price of Silver Declines, But Cobalts Hold Well—La Rose Advances Again.
Bar silver sold in New York yesterday at \$1.11 an ounce, a decline of 3/16 from Tuesday's closing price of \$1.14. From the 10th of May day, in London, silver closed at 54s, as compared with 55 1/2 on Tuesday.

Small recessions were fairly general in the mining market yesterday, but there was ample evidence that the underlying sentiment is strongly bullish, and that the sagging tendency, due in large part to profit-taking, is no more than a wholesome settling down process which, if the history of other bull markets is to be repeated, will be followed by a fresh, vigorous upturn. It is not to be expected, however, that mining stocks should go unimpairedly forward in an early day, thereby creating a dangerously poor condition. If the sound technical condition which has given the present market so solid a foundation is to remain unimpaired, the advance must be orderly and gradual, rather than a headlong drive.

Changes yesterday were not all in the direction of losses by any means. La Rose gave the most striking exhibition of buoyancy, with a further five-point rise to 62. The full advantage being retained. In two days La Rose has recorded a gain of 16 points, and there is no doubt that the upward reaction, the habit of moving swiftly when it gets under way, and last year the price range was between 45 and 55. The news said of late about the La Rose's Violet property, the report of a rich strike up the mine, which inspired the big bulge, and Montreal interests might be able to throw considerable light upon the origin of the present movement, that there is any explanation other than that applicable to the stock of any silver-producing country.

Consolidated and liquidation of long corn was general.

Dates were weak at the start, opening at 1 cent lower. The close of the grain trade, at about early prices, with some loss of ground, but the weakness was caused in a measure by the lower price of wheat.

PRICES LOWER IN CHICAGO MARKET

Price of Silver Declines, But Cobalts Hold Well—La Rose Advances Again.
Price of Silver Declines, But Cobalts Hold Well—La Rose Advances Again. Foreshadowing of Reduction in Wheat Price Affects Other Grains.

Chicago, May 14.—Material setbacks in the value of corn today accompanied a statement by the national wheat director that an immediate reduction of the price of wheat was believed to be certain. Corn closed unsettled at 1 1/4 to 3/4 cent lower, with July \$1.62 to \$1.62 1/2, and September \$1.54 1/2 to \$1.55. Oats finished 3/4 to 1/2 cent down, and provisions off 5c to 10c.

Barish sentiment in the corn market developed from the outset, as the likelihood was plain that the conference between official representatives of the grain trade and of the government might result in measures tending to hold down living costs. Excellent weather for planting counted likewise as a bearish factor, and so too in some degree did the Bureau of Commerce report that the government was about to sell some of its wheat here to mills.

Oats were lower with corn despite an improvement in shipping demand, both domestic and for export.

Provisions were heavy as a result of a heavy crop of grain and hog markets. It was difficult to find buyers, especially of pork.

ON CHICAGO MARKET

Hughes, Harcourt and Company, 207 Royal Bank Building, received the following prices for the close of the Chicago market yesterday: The growing weather with continued reports of corn planting proceeded with record speed, and too much for the long interest. Houses with outside country connections were persistent in their liquidation of long corn was general.

Dates were weak at the start, opening at 1 cent lower. The close of the grain trade, at about early prices, with some loss of ground, but the weakness was caused in a measure by the lower price of wheat.
