JOHN CATTO & SON

King-Street—Opposite the Post-office TORONTO.

SIFTON HAS BEEN SPOILED BY QUEBEC CONDESCENSION

That is Mr. Tarte's View of Recent Events, Which Those Who Know Will Understand.

Montreal, March 28.—(Special.)—"Our duty," writes Hon. J. J. Tarte, "is to care for the future to draw certain deductions from the recent crisis at Ottawa. There are, for instance, groups in both political parties who entertain sentiments towards us of distrust and even contempt."

There is a question of the re-entry of Hon. Mr. Sifton into the cabinet, following the day on which he gave those intemperate people the satisfaction of claiming as a title of glory the part he took in taking their rights from our fellow citizens of Manitoba. It is not known that Mr. Sifton is really a fanatic and that he truly abhors Roman Catholics, as he is perhaps invaded by that spirit of domination which has been so easily amongst even the most enlightened people who surround us. They appear to be astonished that we should have the pretension of being as good as ourselves and to want to occupy as much space in the cabinet as those who are really our inferiors.

As a matter of fact, Mr. Sifton, like others, has been spoiled by his condescension. His race is really a fanatic and unsuspecting and they allow themselves to be frightened and blinded by political passions which have been played of late years by Mr. Sifton. It seems, however, known to many people, and these lines will be read by those who will understand them.

Extremes of Temperature Very Destructive to Life

To Overcome the Danger of Pneumonia and Kindred Maladies Great Vital Energy Must Be Maintained.

Careful experiment demonstrates that the body is capable of resisting injury from high temperature for a much longer period than is possible in low temperature.

Cold weather takes a lot of vitality out of the blood, leaving it insufficient to maintain the body in its normal condition. It is essential for the nervous system to be kept in a normal condition, and this can be done by the use of a good food.

Many diseases spring from this condition. Digestive processes are improperly conducted, poisonous products are absorbed into the circulation, depressing vital energy still further. The ideal remedy in these cases of weakness, nervousness and debility must partake of the qualities of food. The ideal remedy is Ferronine, which is both a food and a medicine.

Ferronine contains iron, which is a true food. It also contains phosphorus, which is essential for the nervous system, the brain and the general well-being of the body. Without undue stimulation, Ferronine excites the functional activity of the body, supplies the

RESULT OF LOVE AFFAIR

Edith Jenkins Was Infatuated With Man Much Her Senior—Spare Rod and Spoil Child.

Hamilton, March 28.—(Special.)—The body of Miss Edith Jenkins, the 15-year-old daughter of G. Parry Jenkins, F.R.A.S., 35 South Macdonald-street, was found in a barn near Port Nelson today. Beside her was a bottle that had contained carbolic acid. It is said that the unfortunate girl was infatuated with a man well known in the city several years her senior, and things did not run smoothly. In addition, she did not enjoy good health, and had lately expressed a wish to die. She disappeared yesterday afternoon, rode to Burlington and tramped about three miles to the barn where she ended her life. Coroner Watson, Burlington, held an inquest this evening.

The Emerald-street Methodists had their mitre box anniversary this evening and found \$800 in the boxes.

The Hamilton Conservatory of Music was formally opened this afternoon by Adam Brown, A.D. Eastwood represented the mayor, G. K. McCullough presided.

Chief Justice Meredith wound up the cases this evening. The grand jury recommended that boy offenders should be whipped instead of sentenced to long terms of imprisonment. This was endorsed by his lordship, who said that a birch rod should be used instead of the lash, except in cases of juvenile depravity.

Four in the Central. No fewer than four Hamilton men were packed off to the Central Prison today. Walter Hildreth-Doyle was given eight months by the magistrate for holding up Robert Tough. Fred McCallister was sentenced to 18 months for shooting at Roy Jabster. His lordship said that he might be erring on the side of a light sentence. Albert Scott, a sneak thief who operated in hotels, was sent to the Central by Judge Squires, and William Moore got six months for enclosing a letter containing money.

This morning Chief Justice Meredith granted E. J. Jordan of Greensville a perpetual injunction restraining the county from blasting in a quarry near his place.

The Central Power Company is trying to buy the Masonic Building, at the corner of James and Gore-streets, for a union station for the electric lines it controls.

Subscriptions to the amount of \$60 have been sent to A. J. Nicholson for the fund being raised for the family of the late E. F. Clarke, M.P.

Captain Lundy has been appointed lighthouse keeper at the beach to replace the late Captain Campbell.

A case of smallpox has been reported from a boarding house at 48 South Perth-street. The victim is John Botham, and he was employed at the International Harvester Company's works, where he came in contact with hundreds of hands.

The committee that was supporting the Russian New Refugees at the old custom house on Stuart-street has withdrawn its support and seven of the party are starving. Assistance has been asked from the city today.

Veterans' Cigars 5 cents each at Billy Carroll's Open House Cigar stand.

World morning carriers, with wheels, wanted at World office.

LANDSDOWNE AND MACEDONIA.

Declares That Some Action is Urgent Right Now.

London, March 28.—(7.30 p.m.)—The house of lords discussed the Macedonian situation to-night. Lord Lytton (Conservative) called attention to the condition of affairs in that part of the world. He said that the Austro-Russian reform scheme was a failure and it was hopeless to expect anything from Russia or Austria. The rule of the "Turks" was an anomaly in civilized Europe and a perpetual menace to peace.

Foreign Secretary Lansdowne said some progress had been made, but he realized that action was urgent on the grounds of humanity and because the existing conditions menaced the peace of Europe. Great Britain, however, had less responsibility than any of the powers, and however desirable it was impossible for Great Britain to send a fleet to Constantinople or any army of invasion into Macedonia. It was hardly likely that Russia and Austria would stand aside to find room for the weak powers.

The foreign secretary also said the British government approved the latest scheme for financial reform. The Turkish government proposed to raise the custom duties and Great Britain would not accept a proposition so injurious until convinced of its necessity. The government of Great Britain had made certain propositions in connection with the scheme for reforms, but the foreign secretary asked that he be not required to give the details at present. He assured the house that the powers, in connection with Macedonia, and he believed the outcome of the present negotiations would be satisfactory.

Lord Lansdowne further remarked that as a general indication of the manner in which the government regarded the situation he might say that it was of the opinion that the question had reached a stage when all the powers had the right to make themselves heard. The finances of Macedonia may be so arranged as to provide adequate funds for the administration of Macedonia, guarantees must be provided that not any of the revenues earmarked for the special benefit of Macedonia will be diverted for other purposes, and, finally, the finances of Macedonia must be placed under international control.

The statement of Lord Lansdowne was greeted with cheers.

Pain Across the Kidneys For Three Years.

Suffered Great Agony. Could Not Stoop or Bend.

No disease is so quiet and stealthy in its approach as kidney disease. That is why it is so dangerous. It may become deep-seated before you realize the danger. It is therefore of great importance to recognize the early warning symptoms because in its early stage kidney disease is easily curable. Pain or dull ache in the back is one of the first signs. So are bladder pains, bearing-down pains, smarting sensation when urinating, frequent or suppressed urination, and gravel in the urine, etc. You cannot be well if your kidneys are not performing their functions properly.

Ordinary cases of any arrangement of the kidneys, a few doses of DOAN'S KIDNEY PILLS will put the patient right; in old or chronic cases, the treatment should be persisted in.

Mr. Michael A. McNair, Woodbine, Marion Bridge, N.S., tells of his experience: "For the last three years I suffered great agony with pain across my kidneys, and so bad that I could not stoop or bend. I consulted and had several doctors but none could help me. On the advice of a friend I procured a box of that valuable life-giving remedy, and I immediately felt better. In my opinion Doan's Kidney Pills have no equal as a cure for any form of kidney disease. Price 50 cents per box, or \$1.25. All dealers, or direct by mail.

SOUTH ONTARIO PROTEST MADE TO PERSONAL SPITE

Resolution Passed by Its Members at Whitby, Hinting at its Authors.

Whitby, March 28.—(Special.)—The annual meeting of the South Ontario Liberal-Conservative Association held here was largely attended by the delegates from all parts of the riding. For the first time in a great many years this constituency is represented both at Ottawa and at Toronto by a Conservative—Peter Christie at Ottawa, and Charles Calder at Toronto. Both are farmers and both were present and addressed the meeting.

William Smith, M.P., delivered an eloquent address and told those present he was out of political life forever, an announcement which was received with regret, for no man in the riding has a stronger hold on the affections of his party than the late Mr. Smith. He returned by a small section of the riding. In the past few years this constituency has been represented both at Ottawa and at Toronto by a Conservative—Peter Christie at Ottawa, and Charles Calder at Toronto. Both are farmers and both were present and addressed the meeting.

It reads, in part: "Having regard to the protest filed against Mr. Christie's return by a small section of his political opponents, we desire to express our regrets that Mr. Calder should have been targeted for these periodical exhibitions of personal spite, believing, as we do, that the late election was fought loyally by our member and for the utmost good of the country."

It reads, in part: "Having regard to the protest filed against Mr. Christie's return by a small section of his political opponents, we desire to express our regrets that Mr. Calder should have been targeted for these periodical exhibitions of personal spite, believing, as we do, that the late election was fought loyally by our member and for the utmost good of the country."

LOCAL HORSE MARKET

POOR DAIRY HELP. Probably in no department of husbandry is it more difficult to obtain efficient help than in operating a dairy. Many farmers have been compelled to abandon keeping cows because help to milk could not be procured, as the average farm laborer dislikes the work.

The average farm laborer works late hours, and is not so energetic in the morning as the dairyman. It is a strenuous branch of agriculture and requires special attention to details and regular intervals for milking operations. The farmer who conducts a dairy is an early riser and generally works late hours.

The demand for all classes of horses is undoubtedly good. In fact, the briskness that was expected with the spring has fairly set in. At the Repository the horses were on the verge of piling up, \$900 being paid for one pair and for a single \$200 was forthcoming.

The average farm laborer works late hours, and is not so energetic in the morning as the dairyman. The farmer who conducts a dairy is an early riser and generally works late hours.

THE "CORNER" IN WHEAT.

From recent statements issued by a contemporary farmer of Ontario, it would be believed that a corner was being engineered in Ontario wheat, and by inference, that prices for the article would necessarily be enhanced. A careful search among some of the principal dealers in the West has failed to bring to light such a combination, and his credit is accordingly excellent.

The average farm laborer works late hours, and is not so energetic in the morning as the dairyman. It is a strenuous branch of agriculture and requires special attention to details and regular intervals for milking operations. The farmer who conducts a dairy is an early riser and generally works late hours.

DR. T. A. SLOCUM CO., Limited, Toronto.

Men's 12 Raincoats, \$7.95

These are up-to-date Raincoats of this year's make. Most of them are the very newest—belt at the back—you know the kind. Very "swagger" as they say in the Old Country. They were made in the slack season of February to keep things going, and they are an extra, so to speak. Hence the sacrifice. You'll need a raincoat in the worst way pretty soon.

100 only Men's Fine Raincoats, dark Oxford grey and greens; fawn plaids, covert cloths, also dark grey grounds with white and fancy colored stripe patterns, cut in the latest style and made up by our own tailors with close fitting collars and broad, nicely rounded shoulders, sizes 35 to 44, regular \$10.50 and \$12, clear Thursday at 7.95.

See Yunge Street Window.

Inlaid Linoleum Has Won the Day

For Sale Now in Our Carpet Store at 75c Yd.

ONE of the most significant achievements in the domain of floor covers, within recent years, we take the utmost pleasure in announcing to-day.

Inlaid Linoleum can be Bought Retail for 75c a Yard.

A firm in England has installed a new process which reduces the cost of producing inlaid linoleum. Instead of \$1 or \$1.25 yard, as you paid formerly, it will only cost you—at Simpson's—75c. And remember it is first-class linoleum in every respect. It has not been cheapened in quality to the slightest degree. The pattern goes right through and will wear for twenty years. And fine patterns they are, too—tile, parquet and carpet designs. No comparison between inlaid linoleum and printed goods. And at 75 cents there's no practical difference in cost.

New Inlaid Linoleum in block, floral and tile patterns, excellent colorings and faultless in make, wonderful value at, per sq. yd., 75c.

DR. W. H. GRAHAM, Late of No. 138 St. Clair Street, Kingston, Ontario, Canada. Treats Chronic Diseases and makes a Specialty of (Skin Diseases) such as PIMPLES, ULCERS, ETC.

Private Diseases, at Impunity, Sterility, Varicose, Nervous Debility, etc. (the result of youthful folly and excess). Gleet and Stricture of long standing, treated by galvanism—the only method which affords permanent relief. All displacements of the womb.

CAMPING ON THE TRAIL OF TORONTO RAILWAY CO.

Motion to Compel Co. to Pay \$200 a Day and Adopt Safety Appliances.

The legislation and reception committee yesterday decided to grant \$150 toward the expense of the National Kindergarten Association, which will hold a convention in Toronto from April 18 to 21. Inspector Hughes made the request, saying that 500 teachers would probably attend and it would be necessary to pay the expense of the speakers, the hall, and other incidentals. The committee has now spent \$1000 of its appropriation of \$1500.

Letter to Earl Grey Day.
A letter from G. W. Williams, secretary to Earl Grey, Governor-General of Canada, stated that his excellency be on Tuesday, April 25, at 11.45 a.m. The matter was a simple one, and the reception will take place in the council chamber and will be of a semi-public character. The city solicitor advised that legislation should be secured to provide the street car now be laid out less than four feet wide and a similar rule applied to lanes. The matter was allowed to stand until the next meeting.

Ald. Church Gets Busy.
Ald. Church had three more resolutions asking for legislation from the council on the subject of street railway extension. He was going to make \$500, but thought it was too much money. Controller Spence pointed out a penalty was already provided for any breach of the agreement, but Ald. Church said no action had been brought and nothing was being done. He also wanted the council compelled to equip its cars with air brakes and other safety appliances, and the government to establish a training school for motor men and to appoint an officer to investigate accidents. Chairman Graham said this was along right lines and he would go further and include a rule that a friend of his had seen in a foreign car. He wished a clause inserted in the agreement that a friend of his had seen in a foreign car. He wished a clause inserted in the agreement that a friend of his had seen in a foreign car.

Julius Verne Laid to Rest.
Amiens, France, March 28.—The funeral of Jules Verne, who died March 24, took place to-day in the Church of St. Martin, and was attended by representatives of the literary, scientific and children's societies and many school children. Military honors were accorded to the deceased as he was a member of the legion of honor.

WATCHING THE "SINK HOLE."

Point on G.T.R. Which Spring Freshets Slightly Affected.

Peterboro, March 28.—(Special.)—The sink hole on the G. T. R. at Lily Lake, about four miles north of here, promises to give trouble as the result of spring freshets. Last night it was thought advisable to despatch a train around by Oshawa and Millbrook until a slight washout was repaired and a thorough investigation of the track made. The line at the sink hole was closed and when the road was first built it was found necessary to sink a raft containing about two million feet of lumber and seven or eight hundred trees in order to secure a foundation. Trains are running on the line, but the point is being closely watched.

At the Liege Exposition.
Quebec, March 28.—Hon. Adelaide Turgeon, minister of lands, mines and fisheries, has been appointed honorary commissioner for the Liege Exposition. He will represent Quebec Province at the same time and will sail on or about April 29 for the other side.

Schwab Touring Europe.
Paris, March 28.—Chas. M. Schwab and family arrived in Paris to-day from Cherebourg. In the course of an interview with the Associated Press Mr. Schwab said his visit to Europe was merely for a holiday, during which he would make an extensive motor-tour of France.

WORK GOING ON IN SUBURBS
TO SEE IS TO BE DELIGHTED

Apparent Effect Toronto Junction Has on Concerns Looking for Manufacturing Sites.

Toronto Junction, March 28.—It is possible that a large carriage factory may be added to Toronto Junction's manufacturing industries at an early date. The representative of a large concern at Chatham called on T. J. Smyth, real estate dealer, this morning to discuss the possibility of the proposed factory between Toronto Junction and London, with the chances favorable to the former. On his return the matter will be laid before the directors and a decision reached at an early date. A few days ago the representative of a New York carriage company was also shown around by Mr. Smyth, and expressed himself as being so well pleased with the Junction that he will also lay the matter before the directors of his company, and "as the latter have fully decided to open up a branch of their works in Ontario chances are strong that they will locate here."

The bursting of a pipe on Dundas-street near Keele, this morning, necessitated the partial shutting off of the water supply until the break was repaired. In the report of the certificates given to successful pupils in the Toronto Junction College of Music the name of Miss Susie Orlinton, for teachers' course, was inadvertently omitted. She is Lambton Mills, L.O.L. No. 1372, and placed itself on record against the proposed legislation, and the recording secretary was instructed to send a copy of the resolution to W. P. Maclean, M.P., and Arch. Campbell, M.P.

A complimentary banquet will be tendered to Hon. J. W. St. John in St. James' Hall on Friday evening at 8 o'clock sharp. Hon. J. O. Reaume, Hon. Nelson Melville, Hon. R. A. Fyfe, Hon. W. A. Willoughby, Hon. Am. Beckwith, Hon. S. Hendrie, W. P. Maclean, M.P., R. G. Gamey, M.L.A., W. R. Smyth, M.L.A., and others are expected to be present.

Items of news, advertisements, etc. for the World can be sent to P. O. Box 385, East Annet-street, Toronto. Robert Ewing of Toronto sued a man for \$23 in wages, and Police Magistrate Bell gave judgment for the amount on the police court this morning. The property committee held a short session to-night, during which it was reported that a police officer had provided a cupboard for the police court room, and Chief Robinson was instructed to get some more for the fire department.

The lecture and concert in Kilburn Hall to-night, under the auspices of Courts Davenport and Toronto Junction, I.O.F., was attended by a large audience. Hon. J. O. Reaume, Hon. Nelson Melville, Hon. R. A. Fyfe, Hon. W. A. Willoughby, Hon. Am. Beckwith, Hon. S. Hendrie, W. P. Maclean, M.P., R. G. Gamey, M.L.A., and Arch. Campbell, M.P.

North Toronto.
Petitions from in favor of and against annexation with the city were circulated in Deer Park. A meeting to form a ratepayers' association will be held on Thursday night, and this subject will likely be uppermost in the discussion. As a result of this delay, the food ferments and the digestive organs are affected by indigestion.

Torpid Liver Indigestion

THE MOST COMMON ILLS OF LIFE AND HOW THEY ARE CURED BY **DR. CHASE'S KIDNEY-LIVER PILLS**

Slow passage of the food through the intestines, with the most difficult part of digestion takes place, is the usual cause of indigestion. As a result of this delay, the food ferments and the digestive organs are affected by indigestion. The food ferments and the digestive organs are affected by indigestion. HELPING WOMEN AND IMMIGRANTS
RECEIVING HOME IS LIKELY

Movement is Given Good Beginning and Advisory Committee Will Approach Both Governments.

A meeting was held at government house yesterday afternoon to take the necessary steps towards establishing a receiving home in Toronto for women immigrants. Montreal and Winnipeg have receiving homes, aided by the Dominion government, and British immigration agencies send their emigrants to these places, because they have great difficulty in finding accommodation for them in Toronto until they secure employment. This difficulty is heightened by the uncertainty that exists as to the number that trains may come in, and that the movement was started yesterday morning at 1 o'clock a woman arrived at the Union Station with nine children, the eldest of whom was 13. She had not got lodgings, and it is 15 cents a night for the night at the meeting was called yesterday, and a meeting was called yesterday, and a meeting was called yesterday.

DEFENSE BEGINS TO-DAY.

All the evidence for the crown in the case of the Montreal explosion will be put forward to-day. The defense will commence this morning.

Lambton Mills.
Lambton Mills L.O.L. 1372 have passed the following resolution: That we pledge ourselves to do our utmost to defeat any member of the house of commons who will support the autonomy of any other bill leading up to forcing separate schools on any province. We instruct our secretary to circulate a copy of this resolution to W. P. Maclean, M.P., and Archibald Campbell, M.P.

New Yorkers Who Carry "Guns."

But Masterman Contrasts Gotham "Cheap Sports" With "All Woods."

New York, March 28.—William B. Masterman, known as "Bat" Masterman, was sworn in here to-day as a deputy United States marshal. He was recommended for the appointment by President Roosevelt.

GOING AFTER GOLD.

New Mining Company to Begin Work in Frontenac County.

Peterboro, March 28.—(Special.)—The Big Dipper Mining and Milling Company of Ontario has been formed here, with an authorized capital of \$250,000, the proposal being to carry on development work in Barrie Township, Frontenac County. The company owns 1834 acres of mineral lands there which a valuable gold vein has been traced.

ALL ARE INVITED.

A meeting of the Citizens' Association will be held in the Y. M. C. A. parlors at 4 p.m. this afternoon to consider what further steps should be taken to organize in opposition to the educational clause of the autonomy act. All interested persons are invited to be present.

After a Year Reach Agreement.

New York, March 28.—After a series of negotiations extending over more than a year the New York trunk lines have finally reached an agreement to govern the storage and handling of grain at New York and the new conditions will become operative on Saturday next, April 1. The roads signing the agreement are the New York Central system, the Erie, the Pennsylvania, Lackawanna, Lehigh Valley, the Ontario and Western and the Baltimore and Ohio.
