## KING GEORGE THROWN FROM HIS HORSE AS TROOPS CHEER HIM; IS SEVERELY BRUISED

London, Oct. 29.—While the king on Thursday morning was inspecting his army in the field in France his horse, excited by the cheers of the troops, reared up and fell. The king was bruised severely, and will be confined to bed for the present.

"A later bulletin says the king had a fair night"

Announcement was made on Monday that king George was in France, having gone to visit the British Army. On Tuesday, the king with Prince of Wales, President Pointcare and the then French war minister, Alexander Millerand, reviewed the British troops. He then called on General Joffre, and witnessed a review of French colonial troops.

## Roumanian Troops Reported Mobilizing

### Some on Belgian Front, Some on Hungarian Border—Other News of the Balkans

Paris, Oct. 29.—The Saloniki correspondent of the Petit Journal learns from a reliable source that Roumania has mobilized 450,000 men, of whom 200,000 are concentrated on the Bulgarian frontier and the rest on the Hungarian frontier, where impregnable defences have been constructed.

### STRUMITZA IS NEAR FALL

London, Oct. 29.—Reuter's Athens correspondent learns from Serbian sources, that the French operating in the Strumitza region, have occupied the heights of Valandovo, Rabrava and Tatar Lisofca. These heights dominate Strumitza which is not expected to hold out much longer against the French attack.

There is no recent news in Athens from the northern Serbian front. It is reported that Turkey is about to issue a decree for the confiscation of the property of the belligerents owing to a threat by the entente powers to confiscate German property in belligerent countries.

### SERIOUS DAMAGE IN BOMBARDMENT.

Rome (via Paris), Oct. 29.—A despatch to the (Globe) from Kustendje, a Roumanian port on the Black Sea, describes the attack by the Russian fleet of battleships and torpedo boats which bombarded Varna and Burgas and the neighboring coast. The damage caused by the bombardment is described as very serious. The Bulgarian artillery made a feeble reply. The report says that some detachments among the Bulgarian troops in the coast forts gave cheers for Russia during the bombardment.

**Bulgarian Advance**  
Paris, Oct. 29.—Bulgarian troops advancing from Egri Paskalek have entered Prizren after occupying Nisup, according to the Athens correspondent of the Journal.

It is believed that the Serbians now occupy a defensive position west of the Yarnia River, on a line passing by the summits of Karditza and Babun ranges and that their bases are Monastir and Ghegji.

### Reported by Bulgarians

Amsterdam, Oct. 29.—As a consequence of the bombardment of Dedeagatch, which was contrary to international law, says a despatch from Sofia, considerable private property of Bulgarian origin has been destroyed. The Bulgarian government intends to place under compulsory administration all French and English property in Bulgaria in order to have security for the indemnification of Bulgarians who suffered by the bombardment.

## MONTREAL GIRL WEDS OFFICER IN ENGLAND

Montreal, Oct. 29.—A London cable to the Gazette says that the marriage of Miss Grace Hanson of Montreal to Captain John Patterson of the Royal Garrison artillery was celebrated on last Saturday at Marylebone Presbyterian church by Rev. Dr. Hanson, father of the bride.

Lieut. Col. Casgrain of Windsor, Ont. until recently in charge of No. 8 Stationary Hospital, who has been seriously ill in Alexandria, is now on his way back to England. News of his condition just before sailing was most reassuring.

Major McComb of Montreal late officer commanding the Monksfort Convalescent Hospital has been appointed inspector of Canadian convalescents.

## May Compel British Public To Save

London, Oct. 29.—The Daily Express says that the treasury is considering the advisability of a forced loan with the object of curbing private expenditure and conserving the national resources for the purposes of war.

"Mr. Montagu" (financial secretary to the treasury), says the Express, "said a few days ago in the House of Commons, that every citizen should be prepared to put half his annual income at the disposal of the nation. We are able to state that the treasury is considering the advisability of acting in accordance with this warning, and the nation will not save voluntarily it will be made to do so."

"Not half but a third of every man's present income will be commandeered. Part will be taken as a tax, while for the remainder an equivalent in interest bearing paper will be issued."

## KING REVIEWS THE NEW CANADIAN TROOPS AT FRONT

London, Oct. 29.—King George has reviewed the newly arrived units of the Canadian corps in France, according to a despatch from British headquarters.

## ANOTHER ST. JOHN SOLDIER OF THE 26TH IS DEAD

Private J. Arthur Myers Susanna to Wounds Received on October 13

Another St. John boy has given up his life for empire and home—J. Arthur Myers, 40th Battalion, whose parents, Mr. and Mrs. Jesse Myers of 15 Spruce street, received the sad tidings this morning.

When the report of death and casualties in the 26th was received a few days ago Private Myers was included as having been wounded. It was hoped that his wounds would not prove serious, but today's telegram from Ottawa gives the official information that they have resulted in his death. He was wounded on October 18 and died on the following day, October 14.

Private Myers was a well liked employee of the I. C. R. He was popular with his associates there and with the boys of the battalion whose name he helped to make famous. Besides his parents one brother, Charles, of the staff of Brock & Paterson, Limited, survives, with two sisters at school. To each of them the heartfelt sympathy of a host of friends will be extended in their hour of grief.

## FIREBUG SETS ABLAZE PIER WHERE STEAMERS LOADED FOR ALLIES

Seattle, Wn., Oct. 29.—Police and fire department officials conducted a thorough investigation into the origin of a \$500,000 fire which, last night, destroyed a pier used by the Blue Funnel Line of British steamers for shipments of provisions and supplies of England, Russia and Japan. More than \$1,000,000 worth of freight, mostly imports from China and Japan, was in the warehouse, but half was saved.

Officials believe the fire probably was set by some one who objected to the shipment of munitions of war for the Russian army. The police are tracing the actions of Wilmann, a longshoreman, who was arrested last night on suspicion.

## His Majesty The King

## GERMANS LOST 300,000; THE AUSTRIANS 250,000

### Paid This Toll Alone in September For Advance in Russia—Fifty Days Gone by and Von Hindenburg Still Has Not Taken Dvinsk

New York, Oct. 29.—A cable to the Tribune from Petrograd says: "Germany's advance in Russia has been bought at the greatest cost. A recent army order, issued by the commander of one of the Russian armies reads: 'Five months of strenuous work has been worthily accomplished by us. We took 227 officers and 100,992 soldiers prisoners, and captured 67 guns and 445 machine guns.'

This is the report of only one Russian army. Altogether Germany lost in September alone, 300,000 in killed, wounded and prisoners, and Austria 250,000. These figures include 80,000 prisoners. The armies of Von Mackensen and Prince Leopold lost 50,000 downed or suffocated in the Plesk marshes.

London, Oct. 29.—Friedrich Rennet telegraphs the Daily News from Petrograd:—

The fiftieth day of General Von Hindenburg's offensive against Dvinsk has now passed and so far the only result has been an enormous loss of men. Despite the mass of heavy siege guns brought from Koenigsberg to bring showers of metal, Dvinsk remains beyond the range of the German fire.

Yet the importance of the attack is too great to allow it to be abandoned. Von Hindenburg seems determined to reach Dvinsk, for the purpose of satisfying public opinion in Germany. He is now preparing new plans of attack. Generals Buslow and Lausnitz, with four divisions of Von Mackensen's army, have arrived from the south to operate on the Riga and Dvinsk fronts.

General Ransky is determined not to yield. He strongly guards all the roads from the forests and marshes, and all the approaches to Riga. General Ivanoff has gained a great success in the Dubno-Rovno region near Volynia, in moving fifteen miles westward of Olyka and occupying the village of Constantynovka. The Russians now command the chief artery of the region, namely the causeway joining Dubno and Lutsk.

## WEATHER BULLETIN

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—The shallow disturbance which was north of Lake Superior yesterday has moved southward to the Ottawa Valley and there are indications that it may now become important. The weather is showery in the province of Quebec; elsewhere it is fine.

Showery.

Maritime—Increasing east and south winds, showery; Saturday showery.

New England forecasts—Partly cloudy tonight and Saturday, slightly cooler; Saturday, moderate southwest to west winds.

### BURIED TODAY.

The funeral of Harold A. Skinner took place this afternoon from the residence of Miss Skinner, Crown street. Following burial services interment took place in Fernhill. Many friends attended.

## VERY SEVERE FIGHTING NEAR AISNE LAST NIGHT

### Heavy Bombardment Also In The Champagne District, Including La Courtine

Paris, Oct. 29.—"Last evening there was fighting of particular violence with bombs and hand grenades to the north of the river Aisne, in the sector of Puisseleins and Quennewiers.

"In the Champagne district, the bombardment in which both sides took part, previously reported, continued during the night in the same locality, near Tahure, as well as in the vicinity of the work called 'La Courtine.'

"There is nothing to report from the remainder of the front."

## TWO SOLDIERS HOME TOMORROW

### Reception For Corp. Joseph Dryden and Louis Gorman—Nearly All the Hundred Pass

Two soldiers who have been at the front and suffered wounds in action—Corporal Joseph Dryden, and Private Louis Gorman—are expected to return to their homes here tomorrow morning. Plans are being prepared to give them a fitting reception. Major Frank and some of the commissioners will be on hand to welcome them officially, while it is planned to have a band take part in the reception to be tendered them.

Nearly All Pass  
The recruiting offices in Mill street have not since their opening been a busier centre on any one day than they were today. More than 100 men presented themselves for the final examination for admission to the 104th battalion, having passed the preliminary examination at last night's big rally in the Queen's rink. With very few exceptions all succeeded today in passing the last test required for their admission to the ranks, and a few days will see them in uniform and under canvas at Sussex Camp.

### A Disappointment

Edward F. McDade of this city who enrolled with the 104th in Fredericton in the ranks returned to his home here yesterday from Sussex, greatly disappointed because of having been rejected upon a strict medical examination. He had given up an excellent position as assistant manager with James S. Neil & Sons, Fredericton, to enlist and had passed a preliminary examination at the capital. With several other boys from Fredericton he went to Sussex this week but the result was as stated.

## GERMAN LIE IS NAILED BY BOER CHIEF

### Excuse For Murder of Edith Cavell Does Not Hold Good

Berne, Switzerland, Oct. 29.—The Wolf agency's excuse for the Edith Cavell murder was that many similar acts had been committed by order of General Kitchener on Boer women and children during the South African war. General Joubert, nephew of the former Boer commander-in-chief, who is now staying in Berne, has asked the British legation at Berne to reply to the statement in his behalf, that never throughout the Boer war, were any acts of this description committed by order of either Lord Kitchener or any other British authorities.

## GERMAN CHANCELLOR SETS PRICE FOR FOOD

Berlin, Oct. 29.—The federal council has issued an order empowering the imperial chancellor to fix the maximum price for potatoes, fish and game. The chancellor has set the retail price of potatoes at 480 pfennigs (\$1.09) a metric hundredweight. Producers are permitted to demand a maximum of 800 pfennigs.

A BENNETT ACQUITTED.  
In the case of the King vs. Andrew Bennett, His Honor Judge Armstrong has acquitted the prisoner. The defendant was charged with entering the house of Mrs. Mary Manson in Carleton and damaging her household furniture. J. S. Tait appeared for the prisoner, and C. H. Ferguson prosecuted. The prisoner is being held on another charge.

Miss Cavell's mother, other members of the family and a deputation of various Red Cross ambulance and nursing organizations also attended.

## British Casualties Nearly Half Million

London, Oct. 29.—British casualties from the beginning of the war to October 9, were 408,304.

SOME OF 26TH ONLY 40 YARDS FROM GERMANS

A letter describing his experiences when he first went into the trenches with the 26th Battalion, has been received by Mrs. J. P. Till, of 102 Dorchester street, St. John, N. B.

"Our company had three casualties, the worst being Private Tiller, who was shot through the arm. Through the day the Germans would be rather quiet, but they seemed to get nervous towards night, as though they feared a bayonet charge, and kept up a steady fire towards our lines."

"At least once a day we were shelled by the enemy's artillery, but beyond knocking a few holes in our parapet, they did no damage. The shells they used to break down our parapets, the fellows call 'White-hangs.'"

"Many of them could speak English, and, being only short distance from their lines, we frequently conversed with them. This was especially true of the boys of 'A' Co., who were the nearest. The front line, you understand, is not straight and thus it is that some are forty yards away while others are 200 yards. One Hun yelled over 'What are you Canadians doing over here, anyway?' and one of our fellows shouted back 'You'll d— soon find out, you saur-krants.'"

"Come over and cook our breakfast," one of the enemy shouted once, and they had various other talks during lulls in the firing.

"One morning recently some twelve or fourteen came over our trench, and the Germans and ourselves took shots at them but we couldn't hit them. Many funny things happened which caused laughter, but I will tell you all about them when we come back to old St. John. We are now out for five days' rest, so it's not so bad after all. Things are going fine for the allies and I would not be surprised if the Huns gave in before Christmas."

FIVE BODIES OF LITTLE GIRLS UNIDENTIFIED AND FIVE CHILDREN MISSING

Peabody, Mass., Oct. 29.—In the cavity within the blackened brick shell of what was St. John's Parochial School, men searched today for evidence as to the cause of the fire which took the lives of twenty-one girls yesterday.

Early today five bodies remained unidentified, and five little girls had been reported as missing. The charred condition of these bodies probably will make positive identification impossible.

Investigation, however, and the people of the Yukon have taken full advantage of this opportunity to show their patriotism. Since the war started more than \$800,000 has been sent out for the various funds, and there is now a regular monthly subscription list of \$1,000 in Dawson alone for the Canadian Patriotic Fund.

The ladies of the territory are active in work for the soldiers, the activities chiefly centring around the L. O. D. E., under the leadership of the commission-er's wife.

Gold mining is still the one big feature of the business and industrial life of the territory. The greater part of the mining is done now, though by the large companies with sufficient capital to provide extensive machinery and equipment.

A definite silver-lead ore of great richness has been uncovered recently and is regarded as important as indicating a new resource of the territory.

The commissioner is an enthusiast regarding the Yukon and his enthusiasm shows clearly when he talks of the adopted home land in the north.

He will leave this evening for Ottawa, accompanied by Mrs. Black.

**EXTERMINATING THE ARMENIANS**  
Minister of War Boasts of Their Destruction

**HAS DONE MORE THAN ABUL**

Systematic Outrages Carried Out by Soldiers—Strengthened Resolution to Rid Europe of The Turks

It is said that Enver Bey the Young Turk Minister of War, and the chief of the pro-Germans in Constantinople, is boasting that he did to the Armenians in thirty days what Abdul Hamid failed to do in all his years of cruelty and tyranny—destroyed them as a nation. Whether Enver means the best or not, he might as well have made it, for he would have spoken nothing but the plain truth. The case of Constantine, the former Sultan, "Abdul the Damned," was spasmodically set in his scheme of exterminating the Armenians, but Enver Bey, Talat Bey, and his colleagues have succeeded so well that Armenia is almost unrecognizable by Armenians now.

The hideous stories of the massacres by Turkish soldiers under military orders are coming to light, and the indignation of the Christian world has burst into a flame of hatred against the Sultan. The resolution of the Allies that the Turk must be hounded "bag and baggage" out of Europe will be strengthened by the Armenian atrocities, for the Turk is a kind of the Teuton fever, and as such deserves no consideration.

Systematic Military Massacring

Professor Zenos, a Greek belonging to the American College in Marsova, Asia Minor, says that in the month of this year, instead of "barricading" our houses against the attacks of wild and fanatic Moslem mobs instead of hearing those familiar wail and terror-spreading Holy War psalms of the Moslem plunders instead of seeing, as of old, innocent Moslem mobs with cans of oil and torches seeking Christian habitations, we saw uniformed soldiers under well-dressed young officers making systematic visitations.

Marsova is an Armenian city of 15,000 without an Armenian. Yet no one was shot on the street corner. There were no heartrending lamentations, no small streams of blood flowing in the gutters. On the night of April 29 twenty-nine soldiers in the city were taken by the soldiers, ostensibly to be shot, but really about four hours away, where they were shot and their bodies thrown into a well.

At Mosul hundreds of Armenian men were taken away in this deadly efficient way, and finally in the end of the year had been collected from the Armenian community, there was a grand gathering of 2,000 miles. Hundreds of thousands of unhandful children were taken to the rail head to make this march or at least start on it, for it was never intended they should be taken to the end of it. The women were seized and distributed as slaves on route being subjected to all the horrors the mind can conceive.

Horror in All Armenia

A London Times correspondent says that Eastern Anatolia, Cilicia and the Anti-Taurus region have been the scene of the worst crimes. At Angora, Mukhlis Bey, a member of the Turkish Committee of Union and Progress, ordered the Moslem to kill 800 unarmed Armenians. Many were Roman Catholics, whose cruel fate was made known to the Christians. At Bilis and Mush a large number, said to be about 12,000 Armenians, many of them women, were massacred by whatever method desired.

At four widely separated places the Christians held the town for a week against Turkish military forces, and were finally overpowered by artillery. Some 4,000 Armenians gave up their lives in this way at Shaban Karakissar, in Northern Anatolia. Never even in Abdul Hamid's day were Turkish methods so fiercely systematic. Talat Bey's system of persecution was the separation of the male Armenians from their women-folk. Then the men were treated into slave battalions, disappeared, and the women and children were driven slowly across country, without carts, horses, or any kind of provisions. They died in hundreds along the way. Large bodies of exiles were led away south to the Euphrates desert, and then left there to starve.

Some Turks Protested

There have been some Turkish protests against these abominations. The Turks of Antioch refused to permit the exile of the local Armenians. One of the Turkish governors-general has saved many calls from starvation. Rahmi Bey, the bold Vall of Smyrna, who has treated interned British and French right well, has repeatedly protested to the Porte about these crimes, and has refused to hand over suspected Armenians. The Sheikh-ul-Islam has put in his resignation. In the Turkish house the Armenian massacres will be defended by Talat and Enver Bey with the plea that there is necessity for Turkish unity, and the checking of dangerous and un-patriotic agitation, and of countering vicious crimes by the Armenians, and averting the tortures of Moslems under British and Russian rule. Germany has been forced, for appearance's sake, to lodge a protest against the wholesale massacre of a Christian people numbering a million or so. On August 31 the German and Austro-Hungarian Ambassadors protested to the Grand Viceroy, and demanded an assurance that the government was not connected with the massacres. Turkey has not, so far, given a certificate of this nature, and the Kaiser has conferred the order "pour le merite" upon Enver Bey, and thus all goes well between Hun and Turk.

Trinity Church Social

The annual congregational social of Trinity Church was held last evening. Rev. L. E. Sherman presided and addresses were given by W. S. Fisher and F. J. G. Knowlton. Miss Knight and Mr. Shelton were heard in vocal solos. The school room has been prettily trimmed and refreshments were served by the young ladies of the church.

**A Beauty Hint**  
For coarse textured skins

F the delicate pores of your skin have become enlarged and coarsened, it is because of cleansing methods unsuited to your skin. You can restore them to their normal healthy condition and rebuild a smooth-textured skin by persistent use of the following Woodbury treatment.

Dip your washcloth in very warm water and hold it to your face. Now take the cube of Woodbury's Facial Soap, dip it in water and rub the cube itself over your skin. Leave the slight coating of soap on for a few minutes, until the skin feels drawn and dry. Then dampen the skin and rub the soap in gently with an upward and outward motion. Rinse the face thoroughly, first in tepid water, then in cold. Finish by rubbing the face for a few moments with a piece of ice. Always dry carefully.

Use this treatment persistently for ten days and your skin will show a marked improvement—a promise of that greater smoothness and finer texture which the steady use of Woodbury's always brings.

A 25c cube of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cube today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 29, 1915. The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE RECRUITING CAMPAIGN.

One hundred and four for the 104th. That was the result of last night's appeal for recruits, at the great meeting in the Queen's Rink. The total for the day was about one hundred and twenty. All of these may not pass the medical examination, but they all want to go to the front if possible, and their example will not be lost upon companions who have not yet offered their services to their country in its hour of trial.

That was a remarkable demonstration last evening. So many people were packed into the rink that all of them could not hear the speakers, yet they remained for a long time on the street outside, hoping to be addressed by the speakers from the platform there.

The enthusiasm of the crowd was unmistakable from the beginning, and the reception given to Lt.-Col. Fowler and those of his officers who accompanied him must have gladdened their hearts.

Lt.-Col. Fowler's appeal was direct, forceful and eloquent. He spoke of the justice of the British cause, the need of the sacrifice made by our people, and the need to give up ease and pleasure and some life to throw all his energy into this conflict.

These two officers paved the way for Sgt. Knight, who became a soldier of conscience to the men in front of him at each meeting, and whose direct method of appeal, whether some may relish it or not, proves wonderfully effective.

There can be no doubt that quite a number of the men to the meeting with the intention of enlisting, and that others were moved by their example, but it was Sgt. Knight's appeal at the close and after the close of the general meeting that brought forward the men to swell the number of those who went forward to be sworn as soldiers of the king.

The recruiting committee are to be congratulated on the success of the subscription to Lt. Col. Fowler and the substantial list given him in filling the ranks of his battalion. Those ranks, partly because of the transfer of so many men from the 64th, will soon be filled, and young men who desire to join should lose no time. The 104th will be a strong battalion, well officered, and made up of men of fine physique and good character, with whom it will be a pleasure as well as an honor to be associated in the great task to which they have so loyally dedicated themselves.

Last night's great demonstration will make it a little more difficult for the alacker to sneer, openly at least, at the "fools in khaki." The city is waking up and the most popular and most respected men today, of those who are fit and free to go, are those in khaki. A steadily increasing number of people are getting Sgt. Knight's habit of going upon young men with an inspiring look and a mental query as to how they would appear if dressed in khaki. St. John is doing well, but has done very ill if we make a comparison with cities and towns in the Mother Country. And yet Canada has more to lose in this war, if it should go against her than the people of the United Kingdom.

We must therefore continue our efforts to keep the ranks filled, so that the last million men, who will decide the fortunes of the war, may be contributed by the British Empire. Months of training are required, and there should be no holding back. When the 104th has been recruited to full strength there will be other units to be mobilized, and the call for men will be continuous. The call is as insistent as ever to every man who is fit and free to go, and there are still very many of such in the province of New Brunswick.

WHERE THE COUNTRY LOSES The Toronto Mail and Empire would like to see a bigger slice of the war profits in Canada going into the war chest. It points out that in Britain there is a 50 per cent tax on war profits on margin for the manufacturer. In Germany the government practically takes all the profits. In Canada fortunes are being made out of war profits, not only by manufacturers but by speculators in stocks. Concerning these the Mail and Empire says:—

"The Canadian Finance Minister has his war problem of ways and means to solve, and he could do no better than take a leaf out of Mr. McKenna's book. Companies that present glowing reports of overflowing property from war busi-

ness and corporations whose war stocks are rising by leaps and bounds ought to find it easy to contribute handsomely to the government coffers. Nickel, steel, and other metals are materials which have entered very largely, and very profitably for the producing companies, into the manufacture of munitions, which in turn have swollen the earnings of their makers. But war profits do not stop at the places of munitions output. The speculators who have made great hauls out of ventures in war stocks ought to be required to share with the state, no matter where the industry in whose shares they dealt may be domiciled. A Montreal manufacturer is said to have bought five hundred shares of Bethlehem steel before it had got much above \$50 a share. Under the impulse of the tremendous war orders received by the company Bethlehem steel stock advanced to \$600 a share. Thus the manufacturer in question could have reaped a profit of \$275,000. Whether or not he did so, and whether he is or is not holding for a still greater gain, we do not know. Other enterprising Canadians, and not a few of them have been similarly lucky in their dealings in this stock. They should be required to turn over half their profits to the government. Not only by the sweat of labor have the war factories been kept humming, but also by the blood of hundreds of thousands of our fellow-citizens and of millions of our Allies has the fountain of war profits been kept running. Those who are filling their buckets when the patriots and heroes of the nation are making such sublime sacrifices, and when the state is bearing such a tremendous strain, ought to be required to empty their gains into the war chest."

The London Daily Express says that the British Treasury is considering the advisability of commandeering half of the income of every man, part of it as a tax and the remainder as an interest-bearing loan. The war chest must be replenished; and, if the ordinary income of the citizen is to be taxed on, surely any large profits made on munitions or war stocks should be made to yield their share.

NO TALK OF PEACE. "We shall not think of entering any peace negotiations except in common with our allies according to the agreement made in September, 1914."

Mr. Lloyd George yesterday gave this reply to an enquiry whether there had been any exchange of views between London and Berlin concerning peace. But Mr. Lloyd George went further and said that "the words of the prime minister still hold good." Those words were a declaration that Britain would not sheathe her sword till "the freedom of Europe was secured."

That is the only answer to be given to such a query. Prussian militarism must be crushed or the peace of Europe cannot be secured. If peace were made now it would be a German victory, and the world cannot afford to submit to a German victory. Peace made now would soon be followed by another war, for Germany seeks world dominion. She must be utterly crushed, and forced to accept such peace terms as will guarantee the peace of Europe, so far as she is concerned, for all time to come.

There should be another great meeting in the Queen's Rink tonight.

The war news from day to day tends to emphasize the King's appeal for men and more men to bring victory nearer.

News of an accident to King George as he was reviewing his troops on the battlefield of France, causes a shock to the empire today and to Britain's friends who are with her in the battle against the oppressor. It will be the prayer of all that His Gracious Majesty will soon recover from the effects of his mishap.

Tomorrow night's reception to the recruits should be participated in by a host of other men whose battles these young men will fight when they go to the front.

Two St. John bands have enlisted. The city will lose two popular musical organizations, but every citizen applauds the men who go to do their part in the war, and the men in the ranks of Canada's armies.

If there is to be a platoon of commercial travellers in the 104th regiment the members of the Association should take practical steps at Saturday night's meeting to ensure that result. The 104th will soon be up to full strength.

If a St. John man visited certain portions of France today he would meet many men whom a year ago he was in the habit of meeting in the streets of his city. They are in France on business for St. John, and they should be remembered at Christmas time, when the home festivities will be enjoyed with a better sense of security because St. John boys are yonder in France to hold the line against the Hun.

LIGHTER VEIN. She Explains. Mabel—You and Harold seem inseparable. Gertrude—We are together a good deal. You see, Mabel, I take a peculiar interest in him.

Mabel—Oh, do you? Gertrude—Yes, I was engaged to him at one time, and in love with him at another.

A young man, an only son, married against his parents' wishes. Afterward, in telling a friend how to break the news to them, he said: "Start off by telling them that I am dead, and then gently work up to the climax."

"I spit so little English," said the charming French actress, "that I hardly know what to recite for an American audience."

"I usually recite the multiplication table in Russian," responded the other international star. "That always sounds impressive."—Judge.

A lawyer still living at White Plains once called at Judge Barnard's house at Fougere to procure the judge's signature to an ex parte order. He found the judge in his back yard, sawing wood, and after explaining the nature of his errand offered the remark that the judge was indulging in good, healthy exercise.

"Do you think so?" responded the judge in an instant. "Well, you use saw while I go in and look over your papers."

The White Plains lawyer vows that the judge took precisely the time to look over his papers that it took him to finish all the wood in the pile to be sawed. And he had a vague impression that the judge was watching him through the shutters all the time.

Most Important. Two boys were expatiating on the relative merits of their fathers as musicians. "My father is the greatest musician in the town," said one. "Oh!" the other said. "When my father starts his music every man stops work."

"How's that?" said the other. "What does he do?" "He blows the whistle for meals up at the mill."

They're going quickly—the tickets for the \$500 drawing.

FOLKSONGS AT N. H. S.

A novel and enjoyable musical and literary hour afforded pleasure to good-sized gathering in the Natural History Society's rooms yesterday afternoon, when two instructive and interesting papers on the folk songs of various nations were read by Mrs. G. F. Matthews and Miss Amelia Green. The papers were made further attractive by the interpolation of folk songs in the languages described—English, French, Southern Negro, and Indian, given by Mrs. B. L. Gerow, Miss Louise Knight, Miss Valde Fenton, Miss Madeline deKoyers, Mrs. J. M. Barnes, and pupils of Miss Sonier. The paper read by Miss Green had been written by Wm. McIntosh, and was illustrated with Indian airs played by Miss Roberta Holder, and Chippewa folk-songs sung by some of the Junior members.

St. John Men Respond To Call For 104th Battalion

Recruits in The City Yesterday Totalled 119—Lieut. Col. Fowler's Rousing Speech—Officers Announced

All previous patriotic rallies held in the city since the outbreak of the war have been eclipsed through last night's remarkable demonstration in honor of Lieut. Col. Fowler and his regiment, the 104th. Crowds poured into the streets to join in or witness the several parades that wended towards the Queen's rink for the big meeting and the building was filled to overflowing, men almost entirely composing the audience. Five bands concentrated towards the rink, the 42nd, Temple, City Cornet, Carleton Cornet, and St. John Brass Band, each playing spirited marching airs as they went along with crowds following, seeking admission to the meeting. And the meeting was successful in getting recruits to 119 entered their names on the roll. Lieut. Col. Fowler was given a hearty reception by the audience which numbered fully 4,000 while all along the route to the rink he was cheered at different times. His speech at the meeting was received with applause. Serjt. Norman Knight of Halifax made a stirring appeal for men in his characteristic style and, Lieut. T. W. Barnes, of the 104th, who rather than stay at home had enrolled in the ranks of the 64th as a private, described the life of the soldiers in camp in an entertaining manner. Some of the officers of the 104th were present at the meeting. Lieut. Colonel Fowler gave 'The Telegraph' the following as complete so far. The appointments had been confirmed: Lieut. Colonel George W. Fowler, M. P., officer commanding, formerly 31st Hussars. Lieut. Colonel Gunning, senior major, 6th Regiment, Major Bogg, Garrison Artillery, Halifax. Chaplain, Rev. Gordon C. Lawrence, Kingston. Paymaster, Captain R. R. Robertson, Acting adjutant, Lieut. Hieland, headquarters staff, Halifax. Assistant acting adjutant, Sergeant-Major Davis, Quebec. 'C' company, Major Pincombe, 73rd Highlanders, Quebec. 'D' company, Major W. H. Laughlin, 71st. No commanding officer of 'A' and 'B' companies yet appointed nor any captains. Subalterns—Lieutenant A. J. Brooks, 25th Battalion; Lieutenant Black, 74th; Lieutenant F. B. Young, 62nd, St. John; Lieutenant Nicholson, 71st, St. John; Lieutenant Maxwell, 71st, St. John; Lieutenant J. H. Atkinson, of the 6th Canadian Mounted Rifles, who has been spending some weeks at his home in Moncton after having been sent over to Canada on special business connected with a draft of wounded men, leaves on Tuesday next for England and France where he will join his regiment.

STORY OF PRINCE AND GIRL WHO SHOT HIM

Milan, Italy, Oct. 28.—Prince Leopold of Coburg who last week was burned with acid and wounded with a revolver shot fired by Kamilla Rybicka, was attacked by Fraulin Rybicka, according to the Secolo, because he had not carried out his promise to marry her.

Various Forms Of Headache
It is necessary in order to treat headache properly to understand the cause which produces the affection. The cause may be of different kinds. It may be due to a headache without knowing what the cause is. It may be due to a headache which is to be treated according to the cause which produces the headache, but we must also give a remedy to relieve the pain which produces the headache, and we must also give a remedy to remove the cause of the headache, and rest in the most severe cases of headache, neuritis and particularly the headache of women.

War News Summary From Last Night's Cables

Petrograd, Oct. 28, via London, Oct. 29.—An official communication issued this evening goes more extensively into the bombardment of Varna by Russian warships and the attack by German submarines against the Russian squadron than the communication issued by the war office. The communication says: "Our Black Sea fleet bombarded Varna with heavy guns for about an hour, while hydroplanes dropped bombs. The harbor works, sheds and coast batteries were damaged but the town itself was not hit. "During the bombardment the Russian fleet was attacked by German submarines which were driven off without our suffering any loss. During the day our wireless station recorded a telegram from the German station at Constantinople asserting that a German submarine attack had resulted in seriously damaging a Russian battleship of the Panteleimon type. "This statement is one of the usual German lies which is proved by the fact that our fleet returned to Sebastopol without sustaining the least damage. "The driving off of the submarines failed to interfere with the bombardment because the submarine attack was repulsed by smaller guns, while the main armament continued to fire on the town. "After the bombardment the fleet steamed across the bay in front of the town and then headed for Sebastopol. "Our aviators dropped twenty-one bombs in the vicinity of the harbor. They were subjected to a terrific fire, but none of them was hit and all returned safely. London, Oct. 28.—Outside of the German official statement, which records the advance of the Austro-German forces and the capture by the Bulgarians of Zlatcar and Kajaevats, both on the Timok river northeast of Nish, and the heights of Piro, almost directly east of Nish, there is little or no authentic news of the invasion of Serbia. For the moment, the danger spot for the Serbians is the northeast corner, where they are being attacked from three sides, and must eventually fall back toward the southwest. Thus far they have been retiring in good order, and, despite the seriousness of the situation, optimism prevails in Serbian quarters in London, which are probably best able to judge of the assistance being sent by France, Great Britain and Russia. The French, according to German despatches, have already landed 150,000 men, with one hundred guns, at Salonika. While the whereabouts of the British reinforcements remains a secret, they are of considerable size may be judged from the fact that, although General Sir Charles C. Monro, recently appointed to command the Gallipoli peninsula operations, is already on the spot, the government has decided to send out Major General Sir Bryan T. Mahon, who commanded the column which relieved Mafeking in the South African war, to cooperate with the French. Great anxiety exists as to the attitude of Greece. It is known that Austria, Germany and Bulgaria have seriously complained of the continued hospitality shown the Allies at Salonika, and one account goes so far as to say that the Greek government has asked the Allies to leave Greek territory. Against this is the quoted assurance given by the Greek minister at Paris to the French government that Greece has no intention of committing any hostile act toward the Allied troops. The Italian soldiers assert, with pride, that they are now reaping the benefit of a systematic destruction of the Austrian observing points on the mountain peaks, mastered after fierce struggles during the past month and the lack of which, they say, has greatly decreased the accuracy of the aim of the Austrians. The men say that six months of warfare has enabled them to understand the tricks of their opponents. London, Oct. 28.—Except around Riga and Drinsk, where the Germans are renewing their efforts to reach the Dvina river, and near Castroray, on the Bzpr, there has been no heavy fighting in the Russian arena. Engagements on a small scale have taken place west of Riga, showing that the Germans are attacking in a new direction. Hitherto their main attacks have been from the south and southwest of that city, where they were checked. Paris, Oct. 28.—The official communication issued by the war office tonight is as follows: "Artillery actions, particularly interesting and prolonged are reported in Belgium on the Het Sas-Steenstrate front, as well as to the north of Arras, in the Bosen Hache and in the region of Rodinacourt. "The enemy directed in Champagne a violent bombardment against our lines, Oct. 27.—An emphatic denial that Great Britain was engaged in any peace negotiations, direct or indirect, was made by David Lloyd George, the minister of munitions, in reply to a question in the house of commons today. Mr. Lloyd George continued: "We shall not think of entering any peace negotiations except in common with our allies according to the agreement made in September, 1914." London, Oct. 28.—Sir Bryan Mahon has taken command of the British forces in Serbia. This announcement was made in the house of commons this afternoon by Harold J. Tennant, parliamentary under-secretary for war. Major-General Sir Bryan Thomas Mahon was born at Belleville, county Galway, Ireland, on April 2, 1859. He began his military career in the 8th Hussars in 1880, and later fought with great distinction in India, Egypt and South Africa. In relieving Mafeking, Lieutenant-General Sir Bryan Thomas Mahon caused greater joy in England than did any other single event of the war. It was stoutly defended against the Boers for seven months by a small force. Reuben Wilson of Boundary Creek, who is dead, aged ninety-seven years, leaves two sons and four daughters. The sons are—P. E. Wilson, of Moncton; Clarence, of Harrisville; and the daughters are Mrs. Martin Wortman, Boundary Creek; Mrs. David Allard, Mrs. Anthony Wright and Mrs. Miller, all of Malden, Mass. Louis Goodine, of Kingsclear, passed away on Tuesday at the age of eighty-three years. His wife, two sons and one daughter survive. The sons and daughters are—Alexander and Louis, at home; and Mrs. William Rice, of Kingsclear. Mrs. James T. Carter, of North Tetsouche, is dead. The surviving family consists of her husband, James T. Carter, two brothers, four sons and two brothers. The death of Mrs. Frank Barry, formerly Miss Marguerite Keating of Poplar Grove, Chatham, took place at South River, Gloucester county, October 18. She leaves her husband and seven adopted children, one sister and one brother. Ruf. Watson. On October 11 in Chicago, Miss Lucy Claypool Watson, only daughter of Mr. and Mrs. Thomas H. Watson, of Chicago, and James Harold Ruel, only son of the late James A. Ruel, C. E., of Fredericton, were married.

Three More in The 26th List Ottawa, Oct. 28.—In the casualty lists published today, Sergeant G. S. Wootton, of England, member of the 6th battalion, was reported accidentally killed; Lance-Corporal Clarence Bishop, of England, of the 26th, was reported wounded, but again on duty; and James Frederick Hildebrand, of Chatham (N. B.), of the same unit, was listed as slightly wounded. In the 26th battalion, Sergeant Howard Everett Logan, 8 York street, Halifax, was reported killed in action, and there were several other casualties. The 9 o'clock casualty list follows:

EFFECTIVE DISPLAY. A window display of striking and appropriate interest attracted attention in King street yesterday afternoon to M. R. A.'s Limited. One of the windows was devoted to a scheme to aid recruiting. This was very effective, indeed, but beyond the assistance it gave the recruiting campaign, it furnished very cleverly a conception of the contrast between the soldier of New Brunswick's famous 104th in the war of 1812 and the shikst soldier of today. The achievements of that gallant battalion were published on placards and ideals were established for the regiment of Lieutenant-Colonel George W. Fowler—the new 104th. On one side of the window a dummy soldier was attired in the uniform of 1812 and on the other side a modern khaki soldier. Placards bore the names of the officers of the famous regiment which marched in the dead of winter from Fredericton to Quebec and incidents recorded about the regiment were stated on cards. One of the most effective parts of the display was a card bearing simply the words: "Sola, Constantinople, Vienna, Berlin." Just enough to make every man wish he were young and free. NATIONAL COUNCIL OF WOMEN OFFICERS. Toronto, Oct. 28.—The National Council of Women closed its annual meeting this afternoon. The elections resulted as follows: President, Mrs. F. H. Torrington, Toronto, re-elected unanimously; recording secretary, Mrs. Plumtree, re-elected unanimously; treasurer, Mrs. George Watt, re-elected unanimously; corresponding secretary, Mrs. Willoughby Cummings; vice-presidents, Lady Taylor, Lady Laurier, Mrs. W. E. Sanford, Prof. Derick, Mrs. W. F. Frost, Lady Borden, all re-elected, and Lady Gibson. Conveners, immigration, Mrs. L. A. Hamilton; education, Prof. Derick; advertisements, Mrs. Gurtlett; agriculture, Mrs. L. A. Hamilton; public health, Mrs. Smilie; profes-

Do you really know how to shave? Make this striking test and see. SO many men do not know how, that this is not intended as a joke. Most men take twice the time necessary and undergo unnecessary torture. A simple test will show whether you are among them. Shave one side of your face with the preparation you now use. Then shave the other side with Mennen's, following the directions contained with every tube. You will be astounded at the difference—not only in the way your razor acts and how the two sides of your face feel, but in the shorter time it takes you to shave with Mennen's. The reason is that Mennen's is absolutely different in composition from every other preparation. It took three years' experimenting to perfect it. It requires no "rubbing in"—no re-lathering—no lotions.

MENNE'S SHAVING CREAM Send 10c. for Trial Tube Wrap a dime in a piece of paper, and send it with the coupon for a trial tube of Mennen's to make this striking experiment. With it, we will send, free, a trial can of the Mennen Talcum for Men, very desirable for after-shaving, because it does not show white on the face. Cut out this coupon now to remind you to write. New York, Oct. 28.—Agents of the Russian government, it was reliably reported here today, are seeking to establish a credit loan in this country, somewhat similar to the recent \$500,000,000 Anglo-French credit loan, although no bond issue is contemplated—of from \$50,000,000 to \$100,000,000, and more, if it can be obtained. The death of Jacob Seaman occurred in the Moncton Hospital on Wednesday. He was eighty years of age. He was employed in the I. C. R. for thirty-five years, but was retired about four years ago. His wife, who was formerly Miss Fritze of Lakesville, one daughter, Mrs. Cruickshank, and five sons, D. A., F. A. and A. R. Seaman of the I. C. R., Moncton; John of the Stanfield, Ltd., Truro, and Gordon of the Enterprise Foundry, Sackville, survive; also one

YES—IT IS POSSIBLE TO STOP RHEUMATISM Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases. The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-fund in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble. Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No drugs. Scott & Bowne, Toronto, Ont. 12-29

THREE MONTHS LIMIT OF FULL GERMAN STRENGTH

Hilaire Belloc Describes Balkan Campaigns as a Diversion and Suggests That Bulgaria is Doubly Traitorous

London, Oct. 28.—Hilaire Belloc sums up as follows the military and political aspects of the new move in the Near East—to link up Constantinople with the Central Empires:

"1.—It is the last effort of the Austro-Germans to create a diversion before their effective begin to fall. That they can keep these at full strength six weeks more is doubtful, that they can keep them two months more is improbable, that they can keep them three months more is mathematically impossible.

"2.—The effort has mainly a political object. German control in Constantinople, with full opportunities for munitioning and equipping the Turks, would have a very great effect throughout all hither Asia and the Mohammedan world. The calculation is that this would compel Britain and France to drain off great numbers of men to this field.

"3.—The Austro-Germans are compelled to make this effort with such insufficient forces that they would never have undertaken it without the aid of Bulgaria. Their losses, however, which increase their dependence upon Bulgarian aid.

"4.—It is certain that Bulgaria's aid given only at a price—one may con-

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Believes Head-Colds at Once

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

"Ah! how good it feels. Your nostrils are open, your head is clear, no more yawning, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what you need from head colds and catarrh. It's a delight.

Believe, only for a time. Bulgaria holds the door to Constantinople. It is immensely to her advantage to continue to hold it. It is no advantage to her king or her people merely to be absorbed in the German scheme. Therefore we shall not fully understand this probably doubly treasonable Bulgarian plan until we see what form it will take when the Austro-German decline in effectiveness begins in the very near future.

ROUMANIAN PEOPLE WOULD JOIN ALLIES

London, Oct. 28.—There is an increasing tendency in despatches to the opinion that King Ferdinand of Roumania may be forced by his people to intervene on the allies side at once. The operations of the Austrians and Bulgarians not far from the Roumanian border, within Serbia have caused a panic feeling among a certain part of the population. The Austrians and Bulgarians are threatening Roumania's existence.

There is a strong undercurrent, all reports show, aiming at the overthrow of Premier Bratianu.

COUGHED CONTINUALLY

Day and Night—Man Says Nothing Helped But Vinol

That statement does not surprise us. We have told the people of St. John many times during the last ten years that Vinol is the greatest remedy for chronic coughs and colds that ever sold. Mr. Dunning says:

"I took a heavy cold which settled into a chronic cough. It seemed as though I coughed continually day and night, so I could not sleep. I was all run-down and weak. I could hardly keep about. I tried different cough medicines but seemed to get worse instead of better. I went to the drug store and got a bottle of Vinol. Before it was half gone I was better and it continued to cure my cough, built me up and I am feeling fine." Ben, Dunning, 208 Tenth Ave., Scranton, Pa.

Vinol is not a palliative like cough syrups, but it is a constitutional remedy for coughs, colds and bronchitis, which removes the cause and stops the cough, and the recovery of Mr. Dunning was due to the healing medicinal extractives of fresh cod liver without oil, aided by the strengthening, revitalizing effect of tonic iron and beef peptones which are contained in Vinol. Had Eczema Twenty Years

Cured by Zam-Buk

Mr. Joseph Johnston, 284 Brome St., New York, writes: "Over twenty years ago eczema appeared on my hands and face. I went to a doctor but his treatment afforded only temporary relief. Finding medical attention and treatment of little avail I commenced to try first one and then another of the so-called remedies which were recommended, but for over twenty years I suffered from this painful humiliating disease. During this time I spent hundreds of dollars and all I got was temporary relief. At last Zam-Buk was suggested to me; I decided to give it a trial, but did not expect a cure.

"The first few applications proved this remedy entirely different to the scores of preparations I had used in vain. Perseverance with Zam-Buk and Zam-Buk Soap, I am more than glad to say, has effected a complete cure.

"Zam-Buk is beyond all question a marvellous preparation and a most heartily recommended it to all sufferers from eczema."

Think of it suffering day in and day out for twenty years! Think of the healing power of Zam-Buk which despite the long-standing nature of the disease, effected a cure! How much more easily and more quickly the cure could have been effected had Zam-Buk been applied at the outset!

If you suffer from any skin disease or injury, piles, ulcers, abscess, rheumatism or scabies, take this lesson to heart. Try Zam-Buk first and give it a fair trial. At all druggists and stores, or post-paid from Zam-Buk Co., Toronto, 90c. box, 8 for \$1.25. Zam-Buk Soap, 25c. tablet. Send 1c. stamp this ad, and name of paper, and we will mail you free sample of Zam-Buk.

WIFE PAYS BILLS

So New York Clubman and Ex-banker Tells Justice

New York, Oct. 28.—"How to live on nothing a year" might well have been the title of a statement filed by Warner M. Van Norden, formerly vice president of the Van Norden Trust Company and son of the late Warner Van Norden, filed in the County Clerk's office in supplementary proceedings directed by Supreme Court Justice Cochran in behalf of the Mercantile National Bank, which seeks to collect from Van Norden a judgment of \$86,750 obtained last May.

"I am a member of the New York Yacht Club, the Metropolitan Club, the Clover Valley Rod and Gun Club, and the Riding Club. My wife pays my dues in these clubs," Van Norden asserted. "I have no monthly house charges, but if I did my wife would pay them. My wife gives me spending money. I do not pay my living expenses and I contract no monthly bills."

Van Norden set forth that since 1898 he has lived with his father-in-law at 7 West 27th street and that he pays no rent. He said he was secretary and treasurer of the Lotus Tea Concern, but that he received no salary and it pays no dividends; he works for it just to have something to do. He has been secretary and treasurer of the South Yuba Water Company and previously of the Central California Electric Company, but for six years he got no pay.

The man of many clubs added that he has had no bank account since 1907, he has no personal property, he never owned any real estate or furniture and has made no transfers to his wife in six or eight years.

Van Norden said he had a claim of \$20,000 against H. W. Lassel, but that he doesn't think that Lassel is good for it, and that the State Banking Department in turn has a judgment against him for \$1,225.45 as a director of the Northern Bank.

In 1907, he said, he turned his property over to his father to administer and he is now seeking an accounting, while the latter's estate is suing him on notes aggregating \$1,200,000, against which he has suits and counter claims. He has \$100,000 life insurance, but declares he turned that over to his wife some years ago.

He suggests that the money be turned over to the patriotic fund, which will require \$7,500,000 during the coming year.

IS GEN. JOFFRE'S RIGHT HAND MAN

General Castelnau, the Second in Command

SKETCH OF HIS CAREER

Had Rapid Rise in Army—Now Avenging Personal Account of Defeats Accumulated in 1870

At the outbreak of the war a great triumvirate, Generals Joffre, Pau and Castelnau, was at the head of the French army. The death of General Pau led to his retirement from the field, and General Castelnau remained the right-hand man of the generalissimo. He comes from Alsace, on the borders of the Central Plateau. A country of mountains and an ungrateful soil, it was the cradle of many a hardy warrior of France, such as Murat and Marbot. Born in 1841, he is like General Manoury, and like many another soldier of France, avenging a personal account accumulated in the defeats of 1870-71. He left the Jesuit College of Saint Gabriel for the special military school at the age of eighteen, to leave it as sub-lieutenant on the day of Wissemburg, when, with Alsace invaded, France had need of all her sons, when, as was done last year, all the young cadets of Saint Cyr were given commissions.

Promotion Was Rapid. In October, 1870, he joined the 86th Regiment, then being formed as sub-lieutenant. Three weeks later, when he had not even reached his 19th year, he was promoted captain and commanded a company. The next month Castelnau received his baptism of fire. He took part in the fighting with the two armies of the Loire and subsequently in the fighting during the Commune. On the conclusion of peace he studied at the Staff College where he distinguished himself by his industry, his high gifts of intelligence and organization. His first staff appointment was in 1883 to the 17th Army Corps as colonel. In 1896 he was allotted to the general staff, where his talents found full play, and, for the moment, full recognition. For three years he controlled the organization and mobilization of the army and then went to Nancy to command the 87th Infantry Regiment in the famous Iron Division. It was there at Nancy on the Lorraine frontier which General Castelnau defended with such triumph, when the Emperor was waiting with a glittering escort the victory which was to open the gates of Lorraine, that he revealed his talents as a strategist. While the bitter controversies between church and state were raging in France, General Castelnau with his clerical traditions could scarcely expect promotion. It was not until 1906 that he received a general's stars. Since then his career has been rapid. He commanded the 26th Brigade of Infantry at Sedan, then the 7th Brigade at Soissons, and in 1909 he assumed command of the 18th Division at Chaumont. In this post his talents

and fall scope, and it was quickly recognized that in Castelnau France had a general of great worth. Appointed Chief of Staff. He was called to Paris by General Joffre in 1913 to become chief of the general staff. It was after one year of intimate co-operation with General Joffre that the war broke out. General Castelnau was given the command of the all-important army of Lorraine. Here, with forces weakened by heavy losses, he put up the fight which made him famous. The victory of Le Grand Couronné, was the first leaf of the laurel wreath which General Castelnau is helping to complete for France. After the battle of the Marne, Castelnau's army was moved to the north and placed between those of Manoury and Maudouy. Physically General Castelnau's character is well expressed in his face. His square chin, pronounced cheek-bones, and bold aquiline nose indicate will-power, decision and audacity; his large, broad forehead and quick, piercing eyes, brain power. His aggressive qualities of will and decision are combined with qualities of heart which have won him the regard of all who come in contact with him. General Castelnau is one of those generals who believes in frequent relations with his men. It is his custom, whenever possible, to visit the trenches, and chat with the soldiers, asking them questions as to their families and the country they have come from in a friendly manner which goes straight to the heart of the soldiers.

PRESIDENT OF FEDS. ASSAILS BAN JOHNSON

New York, Oct. 28—In a statement given out here yesterday, James A. Gilmore, president of the Federal League, assails Ban Johnson, head of the American League, for his recent attack on the independent baseball organization. President Gilmore says:— "Publicly flouting the Federal League and its leaders, Mr. Johnson has privately attempted in his self-assumed role of dictator to bring the support of Federal League backers to organized baseball. "My personal differences with Mr. Johnson and the Federal League's part in this are as nothing compared to the light on the national game by the presence of a man of Mr. Johnson's type in a position of dictator. Revelations of the inner man, the real Ban Johnson, are leading to a point where

it will be either the survival of the national game or Ban Johnson, who by his selfish impulses is slowly but surely ruling the national sport. Frequently Mr. Ward had commented on the unfortunate condition that existed and permitted a man of Johnson's type to dominate organized baseball. "In March of 1914 Johnson tried by personal persuasion to draw Mr. Ward's support from the Federal League, but Mr. Ward was not attracted by a position which he knew to be inspired only by selfish motives. "On April 2, 1915, Judge Williams of St. Louis, counsel for Johnson, called on me in Chicago and requested me to arrange a meeting of the Federal League executive committee for the following day, assuring me that Johnson would attend. I explained the inconvenience it might cause by the hurried trips necessitated for R. D. Ward and W. E. Robertson, of Buffalo, but on Judge

Williams' promise that Johnson would positively attend I telephoned Messrs. Ward and Robertson. They joined me the following day at the La Salle Hotel. Judge Williams and Mr. Miller, an attorney, apologized for Johnson's failure to appear. Realizing that nothing could be accomplished without Johnson's presence, we quickly adjourned. Fifty grand prizes in the patriotic drawing.

SPORT NEWS OF A DAY, HOME AND ABROAD

BASEBALL

Baseball's Grim Toll. Chicago, Oct. 28.—Statistics compiled here show that fifty-nine fatalities were attributed directly to baseball in 1915. The report shows that thirty-eight of the fatalities were caused by players being hit on the head by the ball direct from the hands of the pitcher, six players were killed in fights during or after games, six died of over-exercising, and three from collisions.

Injuries showed a slight decrease from the preceding year. Seven per cent of the players in organized baseball were injured during the season. Offered Training Camp. Ocala, Fla., Oct. 28.—An offer of training quarters for the coming season was telegraphed by the Ocala Baseball Association here yesterday to the New York Yankees, who had asked for terms.

Must Not Play With Feds. Chicago, Oct. 27.—Players under contract to organized baseball were urged on Wednesday by President Johnson of the American league and member of the National Baseball Commission not to play post season games against picked teams when Federal leaguers are engaged in the contest. "The national commission has issued a ruling covering this point," Johnson said, "and our players who violate the order are simply playing with fire."

Red Sox Profits Not Large. Boston, Oct. 28.—The Red Sox season of 1915 has been a financial success, but the profits were not large. President J. J. Lannin says that the receipts this year would be sufficient to cover expenses for this year, wipe out the deficit of 1914 and yet have a little left on the right side of the ledger. Until the start of the last series with Detroit here, things looked dull from the financial standpoint. Until then the balance was on the wrong side of the ledger. But the big attendance of that series—about 114,000 fans paid to see those four games between the Sox and the Tigers—brought in just enough money to put the team on velvet.

Clymer to Represent League. President Barrow of the International League, has appointed Bill Clymer, who managed the Toronto Leafs this year, to represent the International League at a meeting of the National Association of Minor Leagues on Nov. 9 at San Francisco. At the meeting to be held in San Francisco the question of harmonizing will be taken up. President Livingston of the American Association is strongly opposed to these games, more especially after Monday's exhibition at Indianapolis, when several players from his league took part in a game East wound up in a free-for-all fight among players, spectators and umpires.

BOWLING City League. In the City League on Black's Alley last evening the Tigers took three points from the C. P. R. team. The score follows—

The Nationals and Imperials play tonight. MILLIARDS Hoppe's Great Run. Few times in the history of balling in Boston has there been such a run as was made by William F. Hoppe in an exhibition game against Koji Yamada on Monday. It was in the seventh point game that Hoppe counted 214 points or one of the greatest runs ever known to 182 balls. The previous record for Boston was 218 made by Hoppe in an exhibition game against Charles East.

ton at the Boston Athletic Association last season. When Hoppe made his 207th count he equalled the highest run ever made in a championship game at 182, but he fell short of three runs which he made last season, one of which was 278 at Vancouver and another of 324 at Hartford, Conn., and the third a 315 inning when Hoppe won the bank and ran his 215 before Mayer had a shot.

TURF Will Not Stop Racing. Juarez, Mex., Oct. 28.—General Carranza has recanted his decision to stop racing here, according to an official statement issued today by Andres Garcia, Carranza's coal-general. "Because the Jockey Club Juarez was granted a twenty-year concession by a legal government of Mexico, there will be no interference by General Carranza in the running of the Juarez race meeting this winter in the event of that the Carranzistas troops take that city, which is now held by the forces of General Villa," said Andres Carranza. "I believe the race meeting this year will be carried on without any interference."

AMUSEMENTS (Frederick Gleason) The Frederick Park Association has decided to take the initiative in organizing a harness racing circuit in this territory for 1916. A meeting of the directors of the association was held this week to wind up the business of the last season, and a committee were then named to send out a circular letter to the other track managers suggesting that a meeting be held in January at some central point to select dates and arrange for offering early closing stakes. It is proposed to have the stakes close about May 15 and with six or seven weeks of continuous racing during July and August, a sufficient number of stables in New England have already offered to come east to insure the success of the circuit so far as the size of the entry lists goes if there are the usual number of provincial stables being campaigned. Hereafter the greatest difficulty in the province seems to have been to get the tracks organized in time and have their programmes out early enough to be able to compete with other circuits. This time an early start is being made and local horsemen feel confident that a successful chain of race meetings can be arranged. It is proposed to ask the controllers of tracks in New Brunswick, Nova Scotia and eastern and northern Maine to be represented at the circuit meeting.

Darcy, who was formerly a blacksmith's helper claims the middleweight championship of the world by virtue of his knock-out of McGorty and his win over "Jimmy" Clabby. In McGorty he won from a man who can beat most of the heavies. "The report that McGorty had gone stale, etc., is all bunk," writes an American boxer. "Eddie was in fine shape, but a little drawn and could not have taken off another ounce, but just the same he was in good condition. He met a boy who could hit just as hard as he could and who had more stamina than he had. That was why Darcy won. You can bet all you have that McGorty did the best he could against Darcy. A man with McGorty's reputation would not suffer the sting of a knockout against his record for any money if he could avoid it."

**HE LIVED IN GERMANY, THEREFORE CAN TELL MANY GIFTS AND ADDRESS FOR THE REV. WALTER M. DONOHUE**  
 Presentations by Women of St. John the Baptist Church Last Evening

Hardly excepting the Premier of Canada himself, the most notable visitor to St. John as a speaker upon topics of the war, will be President Robert A. Falconer, C. M. G., of Toronto University, who is to be heard in the Knights of Columbus Hall, Coburg street, on Monday evening. President Falconer is one of Canada's big men, and his decoration by the king with the Order of St. Michael and St. George is in direct appreciation of his great services to the country as an educationist and leader in thought and learning.  
 President Falconer is a native of P. E. Island. He received his early education in the Prince of Wales College, Trinidad, during the absence of his family on that island. Later he entered Edinburgh University, from which he graduated with honors. He took a further course of training in the United Free College of Scotland, following this with studies in Berlin, Germany.  
 It was in 1892 he accepted a professorship in Halifax Theological College and in 1907 was elected to the presidency of the Toronto University.  
 The fact that President Falconer lived in Germany for several years, and knows the various countries of Europe from frequent and studious visits, will make him a most interesting talker upon the present war conditions. An orator of high repute and a student of international affairs, he will doubtless give to the people of this city the clearest and nearest analysis of the world-strife they have yet heard from any local platform.

**HONOR IS PAID A NEW BRUNSWICKER**  
 Fine Gold Watch and Diamond Studded Fob For Frederick C. Harper in Seattle

The following from the Seattle Daily Times of Oct. 11 is of interest here as it has to do with Frederick C. Harper, a brother of Bradford Harper of Seasideville and a cousin of E. A. Goodwin of St. John. Mr. Harper has been nine years collector of customs in the State of Washington, a longer term than enjoyed by any predecessor. Previous to accepting office he was state senator and polled the largest Republican vote ever recorded in the state, surpassing even that for Theodore Roosevelt. The Seattle Times says:  
 "The nine years' service of Frederick C. Harper as collector of customs in the State of Washington brought an expression of appreciation from his former associates when on Saturday evening, a beautiful gold watch and fob were presented to him by the 150 employees embraced in the customs service throughout the state and also including the treasury department employees of this city and Colquhoun, R. M. Drumheller, successor to Harper.  
 The former collector, whose retirement took place a few months ago, weighed to his former office in the Federal building on Saturday evening on the pretext that he had come to see his papers in order to clear up his work in the customs office. Even when he arrived and found sixty of his former employees on the scene he did not recognize the 'frame-up.' Half of the party assembled included customs workers from all over the state, nineteen alone being present from Tacoma.  
 "It was W. A. Fairweather, deputy collector in charge of the Tacoma office, who sprang the mine when he presented the gift to the former collector. The Tacoma man's speech sparked with gems of thought. He prefaced his remarks with the statement that when we have a word of kindness or good cheer for those whom we esteem, it is best to speak it to them while they are living so that they may know just how we feel toward them while they are here."  
 "The fob, the letter 'H' was set with fifteen cut diamonds. On the reverse side of the watch were inscribed the monogram of the recipient. Inscribed in the case were the words: 'To Frederick C. Harper in token of the respect and esteem of all Tacoma employees under his supervision during his nine years' incumbency as collector, September, 1915.'"
