WOMEN SAY RUSSEL SCOTT NOT MURDERER

SAY BROTHER FIRED SHOT THAT KILLED MAURER

Say Killing Followed Fight Over Bootleg Whiskey

COUNSEL DUBIOUS

Condemned Man Is Greatly Cheered Over Latest Development in Case

Canadian Press. CHICAGO, July 18.—Russel Scott, erstwhile Canadian financier, counting the hours of the week of life given him in the county jail death cell, has been buoyed up in his hope of ultimately escaping the gallows by a development as strange as the message which brought him a reprieve.

TWO ARE WOMEN. The Chicagoans are women whose names were not revealed by Scott's attorneys. The Detroiters are James M. Ball, a telegraph operator, who said he saw Maurer killed by Robert Scott.

PROSECUTOR SKEPTICAL. "This fellow Ball seems to have an active imagination," Mr. Gorman said. "Except for Robert Scott we took into custody every one who was in the drug store when the shooting occurred. We never heard of Ball before and certainly would have had him present when the murder occurred."

WINGLESS PLANE SPANISH INVENTION

Machine Has Been Flown For Short Distances and Promises Well.

LONDON, July 18.—The Aerodynamics department of the National Physical Laboratory are showing a model of an aeroplane without wings, the "Autogyro," invented by the Spanish engineer, X. Cervera. Instead of a plane this machine has a large air-screw which revolves about a nearly vertical axis when the machine is in flight. Forward movement is achieved in the usual way by an ordinary engine and propeller.

NOT AFTER CHARITY

British Authors Say They Want Only Compensation They Are Entitled to.

LONDON, July 18.—British authors and playwrights object to "accepting charity" from radio broadcasting firms who pay their plays and writings on the air.

STEWART IS NAMED

Minister of Interior to Contest West Edmonton For Liberals.

EDMONTON, July 18.—Hon. Charles Stewart, Minister of the Interior, was unanimously nominated as Liberal candidate for West Edmonton at a well-attended convention held here last night.

BRITAIN IS LENIENT

Intention of Being Hasty Toward France Denied by Burnham.

QUEBEC, Que., July 18.—"England has no intention of being hasty towards France," declared Viscount Burnham, president of the Imperial Press Conference, who arrived here last night en route to Australia.

QUEBEC, Que., July 18.—"England has no intention of being hasty towards France," declared Viscount Burnham, president of the Imperial Press Conference, who arrived here last night en route to Australia.

Practically Entire Alberta Town Is Wiped Out By Flames Last Night

OPENING STAGE OF \$1,000,000 CONTEST ENDS

Hull's Mayor Would Adopt One Place in Each Colony To Establish Emigration Ties

Canadian Press. LONDON, July 18.—Speaking to a gathering of Canadian and Newfoundland representatives in connection with Hull's civic period at Wembley Exhibition yesterday, the Lord Mayor of Hull suggested that his city should adopt in each colony some place, village or centre toward which Hull's colonial relationship should be concentrated and mainly directed. He said it seemed that "our system of emigration was probably too diffuse and visionary."

IS PAID \$50 FOR BEING BRIDEGROOM

London Man Is Sentenced For Making False Declaration.

LONDON, July 18.—Sentence of nine months' hard labor has just been passed at the Old Bailey on John Stuser, aged 37, for making a false declaration of his dwelling place and length of residence there for the purpose of procuring a certificate of marriage, and for the purpose of being inserted in a register of marriages.

MINISTER STARTED LIFE AS LABORER

Dr. Edwin Dalton, of Hull, Eng., Left Yorkshire Farm For Church.

LONDON, July 18.—The sudden death of Dr. Dalton, of Hull, in the Primitive Methodist Conference at Scarborough a few days ago. He was found dead in a bedroom by his host. There was a faint smell of gas and a tap was partly turned on but the windows were open, and this was not believed to have caused death.

WOULD OUST SIGNS FROM ROADWAYS

Governor of North Dakota Takes Action For Removal of Objectionable Billboards.

BISMARCK, N. D., July 18.—Signboards are to be ordered off the North Dakota highways, both because of unsightliness and because of confusion they cause motorists.

ELK MENACE SEEN

Increase Rapidly North of Banff; Out Mountain Sheep.

SPECIAL TO THE TIMES-STAR. BANFF, Alta., July 18.—Forty miles north of Banff, in the Panther river country, Elk are increasing with such rapidity that they will soon be a menace to the country, states Belmont Brown, famous New York artist, who has just returned from a painting tour in the district.

PETAINE IN MOROCCO

French Marshal Will Confer With General Lyautey Over Rifian Situation.

RABAT, Morocco, July 18.—Marshal Petain, commissioned by the French government to confer with Marshal Lyautey, French governor general of Morocco, concerning the warfare against the rebellious Rifian tribesmen, has arrived here by airplane from Alicante, Spain.

NEW CATHOLIC CHURCH IN ROME TO BE TALLER THAN ST. PETER'S

ROME, July 18.—Rome is to have today, the ceremony being attended by many Cardinals, Bishops and members of the Central Committee which is controlling the funds.

SHEPHERD LOSES FIRST ROUND OF FORTUNE FIGHT

Judge Refuses to Admit McClintock Will to Probate

SECOND CONTEST

Beneficiary Must Prove in Higher Court Absence of Undue Influence

CHICAGO, July 18.—William Darling Shepherd, recently acquitted of the murder of William Nelson McClintock, millionaire orphan, and his wife, yesterday lost his first legal stake in a gain possession of the million dollar estate left him by McClintock's will.

CONTEST PROCEEDS

Immediately after the decision, the litigants—Shepherd on the one side and nine Iowa cousins of McClintock and Miss Pope on the other—started a second contest over the administration of the estate.

SIR ROBERT PEEL LEFT ONLY \$1,025

Grandson of Famous English Statesman Was Seven Times a Failure.

LONDON, July 11.—Sir Robert Peel, of Drayton Manor, Tanworth, Staffs, who died in February, aged 59, in 1818 Sir Robert's apparent wealth was valued at \$1,025,000. He was found dead in a bedroom by his host.

SOVIET PUNISHMENT OF CRIME IS LIGHT

Five to Ten Years For Murder; Death Only For Crimes Against State.

RUSSIA, July 18.—Murder and other crimes in Soviet Russia are punished with sentences so light that they will amaze English judges and public prosecutors. Punishment for murder in the first degree does not usually exceed five years. It rarely exceeds 10 years, unless the crime is associated with banditry.

CONFERENCE IN CANADA

G. T. P. Stockholders Decide to Accept Invitation of Sir Henry Thornton.

Canadian Press. LONDON, July 18.—The committee of the Grand Trunk Pacific Railway 4 per cent debenture holders, which has been looking after the interests of the stockholders, announces that the invitation of Sir Henry Thornton, president of the Canadian National Railways, to a conference in Canada with the chief officials of the Canadian National Railways, has been accepted.

FOUR KILLED WHEN AIRPLANE CRASHES

Three Passengers and Pilot on Amsterdam-Rotterdam Line Falls on Paris Trip.

PARIS, July 18.—Three passengers and pilot of the Amsterdam-Rotterdam line were killed when the machine, on its way to Paris, fell in a wood 10 miles from the famous battlefield of Le Mans.

DAYLIGHT SAVING

British Commons Votes to End Season's Amended Time on October 4.

Canadian Press. LONDON, July 18.—The House of Commons passed a bill yesterday which daylight saving will end on October 4th this year. In the future summer time in Great Britain will begin on the Sunday following the third Saturday in April, or a week earlier if Easter intervenes, and will end on the Sunday following the first Saturday in October.

To Conquer Mount Alberta

Digby Harris and Val Finn, two intrepid mountaineers, leaving on the first stage of their journey to the foot of Mount Alberta, which they will attempt to climb. It has never yet been accomplished.

Major - General Sir H. N. Thompson Receives Honors From Many Nations.

4 CARS DERAILED

Pullmans Leave Track on New York-St. Louis Run—Nobody Hurt.

PITTSBURGH, July 18.—The New York-St. Louis express, an all-Pullman train of the Pennsylvania Railroad, was derailed near Ingram, a suburb, at 6:06 this morning. Four cars left the rails, but no one was reported injured.

Queen Mary Adds to Popularity at London Hospital Opening

Canadian Press. LONDON, July 18.—Queen Mary of the Queen's visit, did not expect her to take notice of her presence. The unexpected, however, happened, Her Majesty expressing a special desire to see them. The Queen went to the bedside of each woman, and with affection by her kindly words of praise for the babies.

300 PEOPLE ARE HOMELESS AFTER FIRE AT BOWDEN

Gale Lashes Blacksmith Shop Blaze To Fury

STARTS AT 9 P. M.

Sweeps Through Community With Great Rapidity, Taking All in Path

CALGARY, July 18.—Fanned by the fury of a north-west gale, fire last night practically wiped out the whole town of Bowden, Alta., between Olds and Innisfail, on the Canadian Pacific Railway line running from Calgary to Edmonton. The fire, which has rendered the most of the 300 inhabitants of the town homeless, started in a blacksmith shop about 9 p. m., and spread to the adjoining livery barn and other structures.

FOUR ARE INJURED IN AUTO ACCIDENT

Quebec Driver, Blinded by Sun, Misses Turn and Hits Telegraph Pole.

Canadian Press. QUEBEC, July 18.—Four people were injured, one perhaps fatally, when an automobile crashed into a ditch on the Les Escourelles road yesterday afternoon. Blinded by the rays of the setting sun, the driver of the car failed to make a turn in the road, crashed into a telephone pole, which was snapped in two and pulled up in a ditch 100 yards further on.

NEW COMMISSION TO MEET HERE TUESDAY

Will Deal With Tenders For Grand Falls Railway Span.

Tenders for the railway spur at Grand Falls will close at 1 p. m. today at the office of the New Brunswick Electric Power Commission here, and will be dealt with by the newly organized commission at a meeting here on Tuesday afternoon at 3 o'clock.

DELEGATES OF 4 UNIONS VOTE FOR ALLIANCE

Approve Amalgamation But Refer Signing of Constitution to Workers

CONCERTED ACTION WOULD KILL TRADE

Only 14 Days Remain to Settle Coal Controversy in Great Britain.

LONDON, July 18—Representatives of the four principal British unions prepared for impending industrial warfare by approving the constitutions of the proposed invincible quadruple alliance of miners, engineers, railwaymen and transport workers.

The representatives did not sign the constitution, however, but referred it directly to the workers for consideration.

WOULD PARALYZE TRADE

Concerted strike action by the four groups of workers would paralyze British commerce.

J. R. Clynes, member of the late Labor cabinet, believes it is impossible to consummate the quadruple alliance in time to assist the miners if they strike.

Only 14 days remain before July 31 when the owners' ultimatum terminating existing national wages and hours of labor agreements becomes effective.

INQUIRY COURT FAILS

The Government's court of inquiry into the coal situation convened Friday in an abortive session, the miners sticking to their decision not to recognize the court unless the operators withdraw their proposals for new agreements which would decrease wages.

CABINET AGAIN CALLED

Premier Baldwin again called his cabinet to meet to discuss the coal strike Friday.

These conferences are of almost daily occurrence, recalling the fact that the war when the cabinet sometimes was virtually in continuous session.

MUCH IS LOST AND MUCH RECOVERED

Scotland Yard Has Story of Interest About Absent-minded of London.

LONDON, in the opinion of Scotland Yard, are the most absent-minded people in the world. Every day the Yard's lost-property office is becoming more congested with such a medley of articles as could only be matched by the contents of a pawnbroker's storehouse.

When a Daily Mail reporter called there he found it crammed with overcoats, raincoats, hats, handbags, purses full of money and notes, cameras, vacuum flasks, travelling trunks, even portmanteaux packed with holiday outfits. There were countless walking-sticks, parasols and umbrellas, stacked on tiers of white shelves from floor to ceiling.

"We get, on an average, about 100 walking-sticks and umbrellas brought in every day," said one of the officers on duty. "Judging from the number of things brought here, people are becoming terribly careless. There never was as many things lost as there are nowadays."

Most of the articles which find their way to the lost-property department are delivered by taxicab drivers. It is deduced that the majority of people who use taxicabs are in a hurry and are thinking of something to be done at the end of the journey; therefore, they are likely to be more absent-minded than people who travel on tramway-cars or omnibuses.

It is found that few things are left in tramway cars, but many are collected by omnibus conductors.

An extraordinarily large number of hand bags and traveling trunks are lost during every holiday rush from London. In many instances suit cases have been left on the tops of taxicabs when their owners have made a dash for a train on reaching the station. Thousands of parcels are left behind every month in underground trains—generally by passengers who become absorbed in a book on their journey.

But such is the honesty of London's taxicab drivers, omnibus, tramway-car and train conductors, that one may generally count on recovering a lost article at the Yard's lost-property office—on payment of 2s. 6d. in the 2 of its value, which is handed over as a reward to the finder. At the same time it may be regarded as a fine for the offence of carelessness.

WILL STUDY ENGLISH

WASHINGTON, July 18—Believing that the English language is more widely used in the commercial world than any other, the board of directors of a large automobile firm in France has required all of its employees to begin studying English, according to a dispatch to the Department of Commerce.

A professor in English is now attached to the factory and gives daily lessons to employees.

Weddings

Brown-Allen.

SACKVILLE, July 17—The home of Mr. and Mrs. Joseph C. Allen, Bay-side, was the scene of a pretty wedding Wednesday evening, July 15, when their daughter, Hilda Alexandria, was united in marriage to Alfred Clarence Brown, of Lynn, Mass. Rev. E. S. Weeks officiating at the ceremony.

The bride looked charming in a beautiful gown of white embroidered georgette over white satin, with hat, lace and veil of embroidered tulle caught with orange blossoms. She carried a shower bouquet of roses and maiden hair fern. The matron of honor, Mrs. A. Allen, was dressed in blue tulle and white. The groom was supported by his brother, James L. Brown, Lynn, Mass. The double service was used, Master Harold Allen being ring bearer.

The ushers were Courtney Allen and Henry Douglass, both of Lynn, Mass. The bridegroom's best man, Mr. E. S. Weeks, was sung by Mr. Hill, student pastor. Mr. and Mrs. Brown left for Prince Edward Island on their honeymoon, after which they will reside in Arlington, Mass.

Deaths

Mrs. John O. Rust

WOLFVILLE, July 17—The many friends and former pupils of Mrs. John O. Rust will regret to learn of her death which occurred in St. Luke's Hospital, New York City, on July 9. Mrs. Rust had been in failing health ever since her retirement from Acadia Seminary but her death was not expected. She became vice-principal of Acadia Seminary in September, 1913, and served with ability and success for eight years.

Before coming to Acadia she had a distinguished educational career. She was owner and principal of Beacom College, Washville, Tenn., and proved herself a capable administrator. Coming with this ripe experience to Acadia she soon made for herself a unique place in the school and in the hearts of all the girls.

During the war she entered unreservedly into the work which was being carried on by the girls and was herself the centre from which started the efforts which resulted in the raising of the girls of the school of no less than \$400 for Red Cross and other purposes.

In addition Mrs. Rust originated the plan and saw it well carried to completion by which the sum of \$1,500 was raised as a memorial to Henry Berton DeWolfe, of the P. C. L. T. Mrs. Rust was the widow of Dr. John O. Rust, of the First Baptist church, Washville, Tenn. Three children survive her, Miss Mary Rust, resident instructor at St. Luke's Hospital, John, in New York, and William, in the South.

John S. Hatfield

APOLAHU, July 17—The death of John Somerville Hatfield, eldest son of the late Sheriff D. Beverly Hatfield and Annie Somerville Hatfield, occurred at his home Riverbank, Thursday evening. He was born at Lower Norton 25 years ago; his death coming as a great blow to his mother and other members of the family. While on a trip to the Canadian West about a year ago, Mr. Hatfield contracted pneumonia and suffered a critical illness from which he had never fully recovered. The dread malady having greatly weakened the heart, and from the recurrence of a second attack of pneumonia several weeks since, he failed to survive, though his brave fight for life had apparently seemed to win, when suddenly the heart failed and he passed away with startling suddenness.

The nearest relatives are his mother, Mrs. Charles Humphrey, five sisters, Mrs. Linton Armstrong, Montreal; Mrs. Basil Wall, Cape Tormentine; Mrs. Reid, Port Elgin; Mrs. Burnett, Bloomfield, and Mrs. Duravan; also three brothers, Frank, Donald and Harry Hatfield; three half-sisters, Marjorie, Wilma and Shirley Humphrey, and three half-brothers, Ed, Lee, and Paul Humphrey, of Riverbank.

The funeral will take place from his home to Riverbank cemetery, Saturday afternoon.

Mrs. Jos. Carson

ST. MARTINS, July 17—The death of Mrs. Joseph Carson of St. Martins occurred yesterday at the home of her daughter, Mrs. H. H. Sherwood, at Upham, Kings county. She had been in failing health for two years, and for the last thirteen years had spent the winters with one or other of her married daughters. Her husband, Joseph Carson, was customs officer here for more than thirty years, he having died twenty-four years ago. Mrs. Carson was a member of the Church of England, and was 78 years of age. She is survived by the following sons and daughters: Mrs. John Wallace of Gardner's Creek, Mrs. H. H. Sherwood of Upham, Mrs. J. H. A. Anderson of Chatham, Mrs. Donald Stewart of Dorchester, Ont., Mrs. Eric Wisbart of Brandon, Man., Mrs. W. E. Blackley of Chicago, Albert of Medford, Mass., and Collin and Samuel of Winnipeg, and by a nephew, A. E. Whitney of Montreal. Also William Whitney of California, Joseph of St. Martins and George of Alaska, brothers, and Mrs. O. W. Steeves of California, sister.

Mrs. Carson was born in St. Martins in 1847, being the daughter of Captain and Mrs. Henry Whitney.

The funeral will take place at St. Martins on Saturday at 2 o'clock.

Mrs. Daisy Medler

The death of Mrs. Daisy Medler, wife of Thomas S. Medler, occurred at the General Public Hospital on Thursday. She leaves her husband, six sons and two daughters to mourn. The funeral will be on Monday afternoon at 2:30 o'clock from the Brindley Street Salvation Army Citadel and internment will be in Fernhill.

Mrs. Cavin Kehoe

NEWCASTLE, July 17—The death of Mrs. Cavin Kehoe, of Renous River, occurred at her home Thursday after an illness of only a few days. She was a daughter of Morris Hayes and leaves, besides her husband, a family of several children.

N.B. DENTISTS OFFER TO AID IN N.S. MEETING

Would Assist in Staging Dominion Meeting in Halifax Next Year

DIGBY GATHERING IS REGARDED BEST YET

Convention Hears Reports and Addresses by Oral Experts.

DIGBY, July 17—The thirty-fifth annual convention of the Nova Scotia Dental Association, which commenced here Wednesday, closed this evening with a dance held in the Pines Casino, which was largely attended. At this morning's session a report of the registration by the provincial dental board was given by Dr. A. W. Faulkner, Halifax. The present membership of the association is 118.

DOMINION MEETING

There was quite an extended discussion today on the arrangements for the Canadian Dental Association meeting in Halifax in August, 1926. Doctors Gillespie and Burden, a committee representing the New Brunswick Association, attended. They stated that the New Brunswick Dental Association were eager to assist Nova Scotia to the fullest possible extent in the arrangements for the Canadian meeting. A vote of thanks was tendered the New Brunswick Association.

The question of the publication of a quarterly bulletin of the Nova Scotia Dental Association was discussed and left in the hands of a committee to decide on the possibility of such a venture.

REPORTS ON WORK

Three cases of alleged illegal practice in dentistry were reported during the year in which the board had taken action. Dr. Faulkner introduced a resolution which passed the board approving raising the educational requirements by one year, which places Nova Scotia on the same footing as most of the provinces in Canada and the United States.

Dr. G. K. Thomas, Halifax, as representative of the Dominion Dental Council, gave a paper on the meeting held last year at Vancouver, also a brief synopsis of the work of the council since that time.

GIVES PAPER

Dr. C. S. McArthur, Truro, gave a paper largely devoted to the best methods to be used in dentistry for children. A paper on methods and problems in dentistry was given by Dr. Paul W. Zillman.

During the morning session a resolution was passed expressing regret at the loss of the profession met with last fall in the death of Dr. F. W. Bynum, Dr. F. W. DeWolfe and Dr. R. A. Woodbury, all of Halifax.

With the resolution was incorporated messages of sympathy to Dr. Harvey Thomson, formerly of Moncton, now of Toronto, whose wife was killed in an automobile accident several weeks ago. Dr. Thomson is well known in Nova Scotia, having travelled extensively over the province two years ago, giving a series of lectures.

VOTES OF THANKS

Votes of thanks were moved to the New Brunswick Dental Association for their willingness to cooperate with Nova Scotia in the Canadian dental meeting, to the western Nova Scotia Counties Dental Associations for the arrangements made for catering of visiting members, to the management of the Pines for the use of the Casino, and to the members who assisted the meeting by giving valuable papers.

Besides New Brunswick members Dr. Kelely of Boston, formerly of Nova Scotia, and Dr. Army, leading surgeon of Toronto, registered for some of the sessions.

REGARDED AS BEST

The meetings held this year were regarded as the most successful in the history of the association. The next annual meeting is expected to be held at Halifax in August, 1926, previous to the annual meeting of the Canadian Dental Association.

The delegates leave for their homes tomorrow by automobile, train and boat. During the meeting Digby they were deeply impressed with the beautiful scenery and the hospitality extended them by citizens.

CHECKS 200 HATS IN ONE MINUTE

Savoy Hotel Cloakroom Attendant Handled That Many on Derby Night.

LONDON, July 18—To be whisked away on an express elevator to your top floor back is one thing, but when your headgear performs a like stunt in the present days of haste and bustle.

Recently, guests arriving for a reception at the Savoy Hotel were somewhat startled on handling their hats and coats to the cloakroom attendant, to observe this urbane individual throw their apparel on an elevator, which, on the mere pressure of a button, shot like a rocket to the regions above.

Joseph, who has presided over the Savoy's cloakroom for 23 years, was called upon for an explanation. His reply elicited the fact that the electric footman—as the elevator is termed—connects with a room 100 feet above. Here, the hats and coats are brushed, and then placed in velvet-lined niches until such time as a ticket, calling them down to their owners, is sent up through a pneumatic tube that runs alongside the elevators.

Joseph proudly relates that on Derby Night he disposed of 1,200 hats and coats in an hour and 20 minutes. It is his secret cypher mark on the world, that summons a hat back to the world.

Authenticity of Mona Lisa, Paris Louvre Gem, Doubted

PARIS, July 17—Doubts are being cast on the authenticity of the famous Mona Lisa, one of the gems of the Louvre, through the discovery in Switzerland of another picture of the same period, which, it is suggested, may prove to be the original Leonardo da Vinci's enigmatic Joconda.

The picture in question is in possession of the wife of the British Vice-Consul at Montreux, whose grandfather, Mr. Munro, bought it for 8,000 guineas at Edinburgh in 1817. Mr. Munro, his granddaughters say, purchased the picture as being the veritable Joconda of Leonardo da Vinci.

The picture has now come into prominence through Marquis Robert d'Oyley having been struck with a photograph of it which he came across in a photographer's shop.

Through the instigation of the Marquis, the picture was submitted to the well-known German expert, Professor Bode, of Berlin, who expressed the opinion that if the Montreux picture was not by Leonardo da Vinci himself it was by Luini, his best pupil. The picture, like the one in the Louvre, is painted on wood, and the form and colors are of Leonardo da Vinci's period. The word "Joconda" appears on the upper part and on the back of the work.

Rev. A. L. Fleming Here For Funeral

Rev. A. L. Fleming, rector of St. John's (Stone) church, will arrive in the city on the Montreal train this afternoon from Bowmanville, Ont., where he has been spending his vacation, 110 Union street. Mr. Second said last night that Mr. Fleming would in all probability return to Bowmanville to complete his vacation period, which is not up until August 1.

CANDIDATE HERE

S. I. Keith, of Havelock, former Government party organizer and Government candidate for Kings county, was in the city last night. He was at the Victoria Hotel.

25,000 EXTRA CARS NEEDED FOR CROP

About 125 Additional Engines, Also Will be Required in West.

MONTREAL, July 17—"Whatever the western yield for this year may finally turn out to be, there will be no difficulty about handling it as far as this railway is concerned," said Grant Hall, vice-president of the Canadian Pacific, when asked as to preparations for the crop movement.

The movement of a crop, such as indications point to this year, means that in addition to regular equipment anywhere from 25,000 to 30,000 box cars and 125 to 150 engines will have to be employed, most of which have to go from the east.

Death of Mrs. George F. Smith Regretted

A resolution of regret in the death of Mrs. George F. Smith was passed yesterday afternoon at a special meeting of the Council of the Church of England Institute. Mrs. Smith had been a member of the council for some time.

MOTORCYCLES SOLD

WASHINGTON, July 18—Although encountering increased foreign competition, American motor cycles are being well received in the world's markets, according to the Department of Commerce.

Crisis Confronts Lancashire Cotton Industry; Longer Hours Has Had Disastrous Effect

MANCHESTER, Eng., July 17—Lancashire's staple industry is confronted with another critical situation.

The decision of a few weeks ago to increase the working hours in the mills spinning American cotton to 39 1/4 has had such a disastrous effect, and stocks have been as seriously piled up, that the banks have given notice in many cases that they can no longer finance operations on these lines.

During the last few months mill share values are stated on the Exchange here to have depreciated materially in aggregate value. One authority has estimated the loss at several million pounds.

So grave are the accumulated difficulties that Fred Mills, of Oldham, chairman of the Short Time Committee of the Master Spinners' Federation, declared: "I warn the cotton trade that unless the Federation Short Time Committee receive solid backing, the whole of the short-time movement will break down. If this comes about it will be a long time before the committee can again organize the industry, however necessary it may be to do so."

In the meantime, there is a great outcry among shareholders because, though here and there concerns may be found which are paying some dividends, the bulk of them are losing money and are considering best how they can escape from the dilemma of over-capitalization left by the great cotton boom of a few years ago.

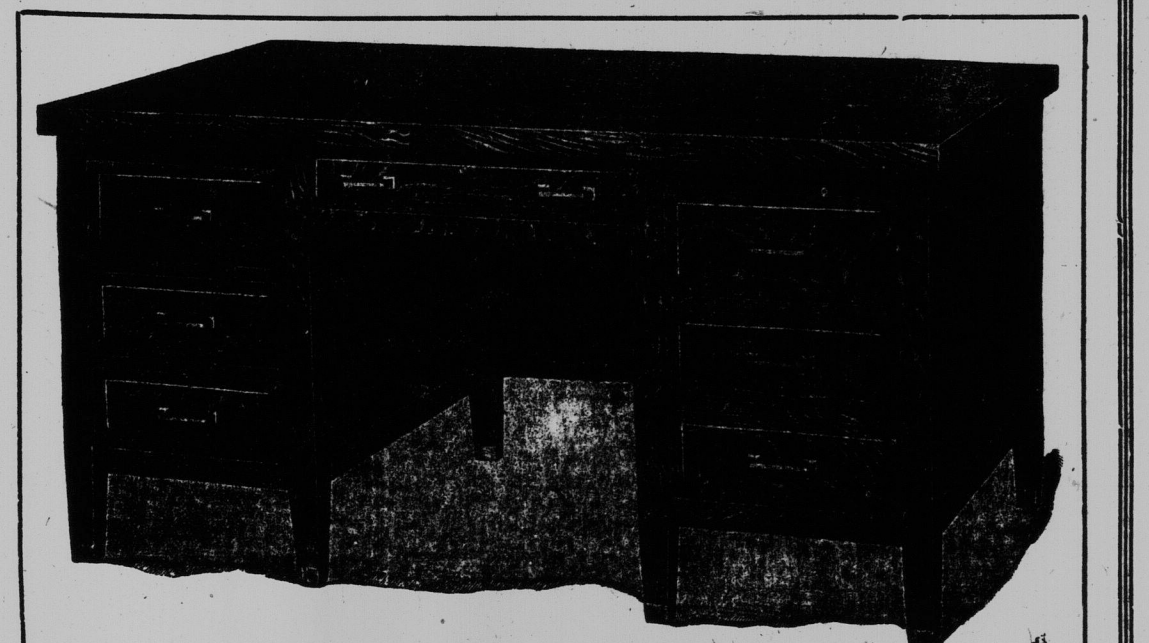

merce. American ability to produce high-grade machines at a price well under those of foreign make motor cycles should result in manufacturers in this country capturing new markets, the Department predicted.

Stores Open 8.30 a.m.; Close 5.55 p.m.; Friday 9.55 p.m.; Saturday 12.55 p.m.

Warm Weather Needs in High-Grade Toiletries. Summer time, when the sun is doing its best to bestow tan and freckles on unguarded complexions, wise women are taking precautions against its damaging effect. Fables On Health

USE MODERATION, ALWAYS
THE secret of long life, enjoyed by one's self and valued by one's friends, is moderation, temperance and contentment.
By this is meant moderation in contrast to the nervous life that never takes time to live; temperance in contrast to feasting, drinking and sacrifice of sleep for the so-called social pleasures, and contentment in contrast to pessimistic philosophy that sees nothing but evil in life.
Many who think they have chronic and perhaps incurable stomach trouble, find the trouble vanishes when the diet is simplified.
It is true that some persons who indulge in all the physical and mental joys, live to an advanced age, but if they would take better care of themselves they probably would live longer. Moderation should be observed in alcohol, coffee, tea, tobacco, and drugs.
Moderation also should be observed in physical exercises. But few athletes live to be 80 years of age. Once an athlete one can not

LITTLE JOE

WHEN YOU'RE SAVING SOMETHING FOR A RAINY DAY, IT SEEMS TO KEEP THE SUN SHINING BRIGHTER.

afford to adopt an inactive life, let be go stale.
In middle life one should have exercise. But this exercise should not be violent exercise.
Exercise is beneficial when it is pleasurable, when it is an activity that can be looked forward to with pleasant anticipation.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

THE BEAN-SHOOTER-MAN.
The Twins started out to find the secret cupboard, gave them by the Bean-Shooter-Man; second, the Mirror-of-Mud where the Wooden Horse lives; third, the Cucumber Patch of the Pickle Woman.
Pretty soon the Twins came to the Pebble Wall. It towered over them like a great dark mountain, and was so long from end to end that there was no knowing where it went to.
"Here is a path!" cried Nick. "Well, manage to get over I guess, if we don't try to go too fast."
But the instant he put his foot on it a million tiny pebbles came rolling down and almost buried the children.
"Hey, there! Who is meddling with my pebbles?" cried a voice. And who should appear at that very second but a long thin person with a long thin face and long thin legs, and long thin arms. He was also carrying a long thin pipe that looked so much like himself it was hard to tell them apart.
The Twins didn't move, as how, indeed, could they, being buried in pebbles almost up to their necks.
"Oh, ho! So it's you, it!" exclaimed the Bean-Shooter-Man, coming jolly close and peering into their faces. You'd thought that he had known them all their lives from the way he spoke. "Yes, I see it is you," he went on. "And now that you are where you are, I shall read you a lecture, I like to read people lectures, so I always keep one handy. Let me see, where did I put that last lecture?" And he tapped at his pockets.
"Oh, here it is," he said at last. "It's in manners. I like lectures on manners. How do you like this?"
The Bean-Shooter-Man laid the long

TOO MANY men who cannot dance, do.

SAVE THE CHILDREN

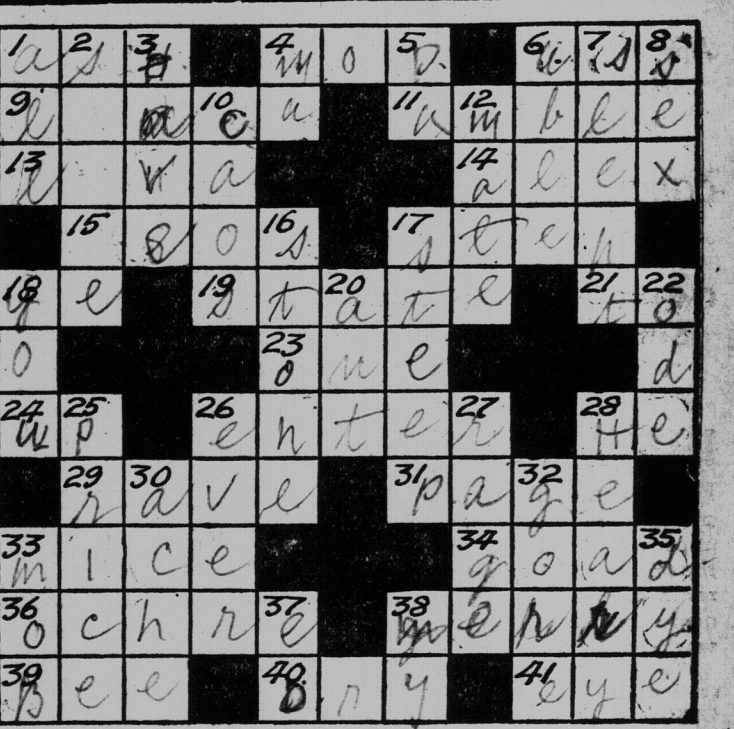

Mothers who keep a box of Baby's Own Tablets in the house may feel that the lives of their little ones are reasonably safe during the hot weather. Stomach troubles, cholera infantum and diarrhoea carry off thousands of little ones every summer, in most cases because the mother does not have a safe medicine at hand to give promptly. Baby's Own Tablets relieve these troubles, or if given occasionally to the well child they will prevent their coming on. The Tablets are guaranteed by a government analyst to be absolutely harmless even to the newborn babe. They are especially good in summer because they regulate the bowels and keep the stomach sweet and pure. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"Mother, see Margie's bright blue Middy"
"My white middies look so shabby. Won't you dye them the pretty colors like Margie's mother does hers? She says it's so easy with SUNSET."
The colorful possibilities of SUNSET-dyeing are a wonderful help in keeping girls' and boys' school clothes fresh and good-looking. Neat attractive clothes increase self-respect.
SUNSET's brighter colors make a welcome change in little girls' middies, skirts, dresses and coats. The children are pleased, and you are saved the worry and expense of new things for them.
SUNSET Navy Blue and Dark Brown are fine for little boys' heavy clothes. These deep, rich colors will cover evenly all lighter shades. SUNSET-dyeing freshens the texture and adds to its life.
It's a delight to dye with SUNSET's fast colors. They dye all fabrics in one dye bath, clean as they dye, do not stain hands or harm utensils. Ask to see Color Card in drug, department, grocery and general stores, also for free folder of SUNSET recipes of fashionable "Season's Colors."

WINSLOW NAMED CANDIDATE IN YORK RIDING

Fredericton Barrister Unanimous Choice of Liberal Convention

NEW WORKS MINISTER MAKES FIRST SPEECH

Premier Veniot Answers Opposition Leader's Criticism of Hydro Policy.

FREDERICTON, July 17.—J. J. Winslow, K. C., of Fredericton, was nominated tonight as candidate in the interest of the Veniot Government in the general elections of New Brunswick on August 10, by the Liberal convention of Fredericton, Devon and Maryville tonight.

NEW MINISTER SPEAKS

Premier Veniot addressed the convention, as also did Hon. E. M. Hill, the latter's address being his first public utterance as Minister of Public Works, an office to which he was sworn in this afternoon.

The convention, which took place in Oddfellows' Hall, in spite of unfavorable weather, was well attended with representative men and women of the city and the two towns.

DECLARED CANDIDATE

George H. Clark was chairman with C. B. Barry as secretary. Upon the chairman calling for nominations for candidates the name of Mr. Winslow was put before the convention on the motion of J. Bacon Dickson, seconded by G. T. Feeney. No other name being mentioned, Mr. Winslow was declared the candidate.

WAS ONCE ALDERMAN

The candidate is the senior member of the legal firm of Winslow and McNeil and for years was associated here in law practice with A. J. Gregory, K. C., in the firm being known as Gregory and Winslow. Several years ago he was a member of the city council. He is recognized as one of the leaders of the bar of the province.

FAVORS CHANGE

The creation of Fredericton, Devon and Maryville as a separate riding he approved as a means of bringing candidates closer to the people. He gave strong support to the highway policy and also to the hydro policy.

PREMIER CHEERED

Premier Veniot, who was cheered again and again by the gathering, was in excellent form and spoke at considerable length. He referred to the dissolution of the House of Assembly this afternoon, nominations on Aug. 8 and polling on Aug. 10.

PREMIER CHEERED

The Premier also told of the reorganization of the Government by taking in Hon. Burton Gray as Minister of Public Works, and Hon.

More's were the first tea concern to use the name Orange Pekoe on their package.

Best full four course dinner in the Maritimes. Dunlop Hotel. Price 75 cents.

Allison A. Dysart as Minister of Lands and Mines. He himself, he said, had been appointed chairman of the reorganized New Brunswick Electric Power Commission, vacating the portfolio of public works.

HE WISHED TO STATE IN ANSWER TO THE STATEMENT OF THE CONSERVATIVE

He attacked Mr. Baxter strongly on his Maritime Union "hobby," declaring that it would be a tremendous blow to Fredericton and vicinity. He declared himself a determined opponent of Maritime political union which would mean the obliteration of New Brunswick. The efforts to remove the University of New Brunswick from Fredericton had been defeated by the Government's attitude and he mentioned the assistance to the amount of \$75,000 in the construction of the war memorial building of that institution given by the Government.

GIVES WARNING

The present Opposition, he said, could not get away from its record while in office and he issued warning that if certain tactics were continued by certain men working for the Opposition, particularly mentioning, Stansbury county that the doors of the penitentiary might yet have to be opened for some persons, if the Government should put into effect the process of law against those of whose villainy record existed.

HON. M. B. HILL SPEAKS

Hon. M. B. Hill was given a hearty reception. He said that New Brunswick had enjoyed a safe, sane and progressive Government for eight years and hydro, if placed in effect by the return of the Government to power, would produce the greatest era of prosperity which the country had ever enjoyed. There should be less talk of Maritime rights and more local effort, he asserted.

AN ORGANIZING COMMITTEE WAS ANNOUNCED AS FOLLOWS: Fredericton, G. H. Clark, P. H. Hughes, W. A. McLehann, Moses Mitchell, C. R. Barry, Maryville, R. Manzer, E. H. Allen, N. Stafford, Devon, H. B. Colwell, Whitman Brewer, Arthur Ferris.

NO MEETING HELD.

The meeting of the Board of Governors of the Health Centre, scheduled for yesterday afternoon, was not held owing to the lack of a quorum. No arrangements were made for advancing the date.

leader, Hon. Dr. J. B. M. Baxter, that the Government that afternoon had fixed the salary at \$2,500 per year so that Veniot had not made a \$10,000 job for himself as Mr. Baxter had stated.

The Premier referred at considerable length to Grand Falls development and the importance which it would have in Fredericton where the first distributing station would be located.

Dealing with the financial position of the province, he stated that in 1917 provincial bonds had been selling about 90 and at the present time about par or slightly under.

SAYS LANDRY INCORRECT.

The former Provincial Secretary, Hon. D. V. Landry, in a recent address had likened Veniot to Pontiac. The gentleman had said that more had been placed to the credit of the sinking fund by the old Government than by the present Government. He had taken the pains to get a statement from the Comptroller-General and it showed that instead of some \$700,000 being placed to the credit of the sinking fund by the old Government the real

PROHIBITION IN EUROPE IS GAINING GROUND

Secretary of British Alliance Declares Progress Made, Though Slow

MANY DIFFICULTIES AND SETBACKS MET

States Use of Drugs Not Increased on Account of Abolition of Drink.

By GEORGE B. WILSON Secretary of the British Alliance. Written for the United Press. LONDON, July 18.—England and Europe are making progress toward prohibition through the gradual acceptance of the people of the different nations of the principle that healthful and harmless drinks will accrue to them from its adoption.

At the same time the progress is slow and beset with many discouragements and setbacks. The fact that America has adopted prohibition has been a great help in our work of educating the people of the European nations to the benefits of prohibition; but at the same time certain alleged features of the American situation have been widely used by the anti-prohibition forces to our detriment.

Regarding Drugs. Stories as to the increased use of drugs in America have been widely circulated both here and on the continent in support of the contention that if the supply of liquor is seriously curtailed or stopped people will turn to the use of more dangerous drugs as a substitute.

As an actual fact from investigations that I have personally made in the United States, and from the best sources of information otherwise obtainable, we believe these stories of the widespread use of drugs in all classes of society are unfounded. Among the people of the underworld we concede that there had probably been an increase in the number of drug addicts. But we cannot find an atom of truth in the statements that there has been a spread of its use among people in the higher classes of society.

Yet all these drug stories—and we believe that most of them are rank lies—are circulated and used here with telling effect as an argument against the adoption of prohibition in England and Europe. They are one of the basest things we have to combat with.

75-MILE GALE FOR TWO-MILE TUNNEL

Unique Ventilation For Jersey City-New York Traffic Tube Approved.

NEW YORK, July 18.—A man-made hurricane will clear the New Jersey City-New York vehicular tunnel of carbon monoxide gas generated by the 46,000 motor cars it will transport daily far beneath the bed of the Hudson River.

Designs for the ventilation system, embodying features entirely new to engineering practice, have just been approved and bids for its installation will be opened here on Aug. 8. This announcement by the supervising commission marks the solution of the last and most difficult of the many problems met in planning the great subterranean double-tube.

Driven by immense electric fans, a 75-mile wind will whistle through a seven-foot airway under the traffic road to which it will have ingress through continuous slots set in each side a few inches from the bottom. Dispersion will be obtained by a specially-designed "baffle-plate."

The used air will be sucked out through ceiling-vents, set every 80 feet, into another immense airway, assuring a continuous movement of air at every point in the two-mile tunnel.

Four great ventilation houses—two on each side of the drive—will contain the intake and outlet fans and the propelling and expansion machinery. They will rise four stories above the surface.

Social and Personal Notes

Miss Doris DeVetere gave a bridge of five tables on Thursday evening in honor of Miss Edith Cudlip. The prizes were won by Miss Cudlip, Miss Audrey McLeod, Miss Joan Foster, Mrs. James R. Curry. Those present beside the guest of honor were: Mrs. Gordon S. Macdonald, Mrs. John Sayre, Mrs. W. L. Caldwell, Mrs. Lawrence MacLaren, Miss Mignon Kerr, Mrs. F. R. Taylor, Mrs. Campbell Mackay, Miss Edith Schofield, Mrs. Darcy Peters, Miss Isabel Jack, Miss Kathleen Sturges, Miss Eileen Cushing, Mrs. Arthur Anglin, Mrs. James R. Curry, Mrs. Reilly Jones, Miss Audrey McLeod, Miss Helen Cudlip, Miss Barbara Jack, Miss Elphinstone MacLaren, Miss Joan Foster.

Mrs. Percy Fairweather is the guest for a few days of Mr. and Mrs. F. M. Munnell at their summer cottage, Millidale.

Miss Clara Schofield and Miss Edith Schofield left yesterday to spend a few weeks at the Kennedy House, Rotheray. Mrs. John K. Schofield is visiting in Montreal.

Mrs. Gordon Scott, of Toronto, and Mrs. Roy Lewis, of Montreal, have arrived to spend the summer with their parents, Mr. and Mrs. Charles T. Nesvin, Princess street.

Mrs. Charles Pittsford, of Montreal, is visiting her mother, Mrs. Robert Wisely.

Mrs. H. W. Belding is to leave this evening by the Boston boat for Boston and New York and on her return will visit her old home at Kingston, Ont.

Miss Helen Mackay will leave today for Montreal, where she will spend a few weeks.

Mrs. A. F. Belding and son, Herbert, of Fredericton, are spending the summer at Public Landing.

Mr. Ronald Barbour, of Peterboro, Ont., is spending his holidays with his parents, Mr. and Mrs. A. D. Barbour, Ingleside.

Mrs. Marian Peters, who has been visiting in Fredericton, has returned home.

Mrs. Josephine Young, who has been visiting for the winter in Toledo, Ohio, with her son, Dr. Joseph Young, and Mrs. Young and other relatives in New York, returned here yesterday and is again at the home of her sister, Mrs. J. L. Leffler, Thorne, and Mr. Thorne, 102 Carmarthen street.

Miss Sarah Ferris, of Chipman, who was the guest of Mr. and Mrs. John Stevenson, 70 Wentworth street, is now the guest of Mrs. Fred Barnhill for a few days.

Mrs. Lucien de Burr, of Montreal, who has been visiting her mother, Mrs. George Keator, of Saint John, was the guest of Mr. and Mrs. J. W. Young Smith, of Moncton, at their summer home at Shediac before coming here.

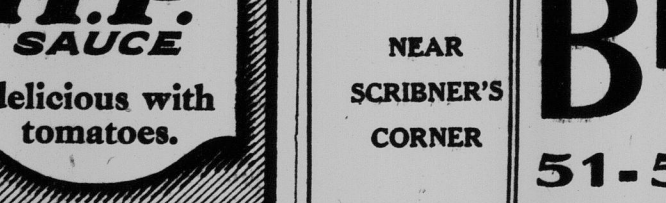

Mr. and Mrs. William Baxter, who have been at their summer home at Xetepoc, have come into the city and will remain at their town house while the jury is in session.

OWNER EXONERATED IN BOAT ACCIDENT

St. Thomas Jury Frees Wm. Stoner of Blame For Eight Deaths.

ST. THOMAS, Ont., July 17.—After being out two hours and forty-five minutes the jury empaneled by the county coroner to enquire into the swan boat tragedy on Lake Pinafore on the evening of Monday, July 6, when seven children and a woman were drowned, returned a verdict early today of accidental drowning, exonerating William Stoner, owner of the boat, and park concessions, of any charge of negligence.

In their verdict the jury said there was no evidence submitted to show that the weight of the load carried on the fatal trip was in excess of that on previous occasions.

Warning to Those Who Steal Papers

MANY Rothery subscribers to both The Telegraph-Journal and The Evening Times-Star report that their papers, which are left on the station platform, are being taken by persons to whom they do not belong. Action is being taken to stop this practice and subscribers are requested to notify the office promptly in future when their paper is missing.

Wore One Shirt For Thirty-One Years

DURANT, Okla., July 18.—"That's nothing," remarked Frank Bennett, when he read a story in the Durant Daily Democrat about a newspaper man wearing one pair of cuff links 20 years.

Indignant, Frank marched down to the newspaper office and announced: "Say, I've got a shirt I'm now wearing that was bought 31 years ago. It's a good shirt, too, and it's clean."

"I'm going to wear it today to go fishing," the preserver of veteran shirts declared.

Bennett said he bought the shirt 31 years ago in Arkansas and that he had used it since that time.

A Profitable Profession for Women

Paying \$30 a Month and Living while in Training

McLean Hospital School of Nursing offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work.

Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$60 per month. This course is open to young women who have had one year of equivalent in high school. Entrances in January and September. For information apply to the

SUPERINTENDENT OF NURSES McLean Hospital, Waverley, Massachusetts

New Gold Area Is Discovered In Lupa Valley

LONDON, July 17.—The African World is reliably informed that a great alluvial gold bearing area has been located in the Lupa Valley, on the banks of the Lupa River, two days' march west of Abercorn at the southern end of Lake Tanganyika. The new gold formation, it is stated, has been traced over 8,000 square miles.

Several hundred white diggers are working. This discovery is stated to be next in importance to the alluvial deposits worked successfully for over ten years at the Kilomoto fields in the Belgian Congo.

Sussex

SUSSEX, July 17.—Miss Isabel Keith left last Saturday for Boston to spend her vacation with relatives.

Mr. and Mrs. Herbert Dryden, Toronto, motored over last week and are visiting Mr. and Mrs. Carey McPeters.

Miss Jennie Dyars, Moncton, spent the week-end with her mother, Mrs. George Dyars, Sussex Corner.

Miss Dorothy Reid, Moncton, spent the week-end with Mr. and Mrs. George D. Bain.

Miss Beale Bunnett, Saint John, spent the week-end with her parents, Mr. and Mrs. Albert Bunnett.

Mrs. William Francis, of Halifax, and little daughters, Jean and Dorothy, arrived last Friday to spend the summer with Mrs. Francis' mother, Mrs. David Aiton.

Dr. Harley Murray, Shediac, spent the week-end with his son, Dr. Reginald Murray.

Mrs. Smith, Bathurst, is visiting her daughter, Mrs. Roy Crothers, and Mr. Crothers.

Many friends deeply sympathize with Mrs. Leslie Moffatt on the sudden death of her father, Mr. S. R. Fiesling, of Hampton. Mr. and Mrs. Moffatt left for Hampton on Friday.

Miss Eudora Browne, Saint John, is visiting her sisters, the Misses Brown. The Misses Nettie Sinnott and Ella Lockhart left this week for Halifax, from where they will take the boat for Hamilton, Bermuda. The young ladies will be gone for about a month.

Mrs. J. D. Lockhart, of Toronto, and Mrs. R. K. Steeves, of Halifax, spent the week-end with Mr. and Mrs. W. F. Lutz.

Miss Jean Connelly arrived home Wednesday from Toronto to spend the summer with her mother, Mrs. Robert Connelly.

Mr. and Mrs. W. F. Myles, of Moncton, and Mrs. Robertson motored to Saint John Thursday for the day.

Mrs. Rourke, Saint John, is visiting Mr. and Mrs. Carey Davis.

Mrs. Otty Black, Saint John, is the guest of Mr. and Mrs. Noah D. Black. Mrs. Carey Davis has invitations out for a tea Saturday afternoon.

W. F. Stephen, secretary of Canadian Aviators Association, of Hamilton, Quebec, spent the last week-end at Spring Brook Farm.

Mrs. M. G. White is spending the week in Alma.

Miss Mildred Arnold is the guest of Mrs. Clifford MacDonald in Campbellton.

Mrs. Carl Craig, Beverly, Mass., and Mrs. Robert Brooks, Concord, N. H., are guests of Mr. and Mrs. C. D. Mills. Mr. and Mrs. J. M. Barton, Dr. and Mrs. E. T. Kennedy and Mr. and Mrs. G. W. Jones spent the week at the "Log Cabin" in Hammond.

Mr. and Mrs. J. Douglas Black, of Fredericton, were guests for the weekend of Mr. and Mrs. Murray Gamblin. Mr. and Mrs. B. O. Bates and children left Monday on a motor trip through the province and Maine.

Judge H. W. Folkins is in Fredericton visiting his daughter, Mrs. Ford Smith, and Mr. Smith.

Mr. and Mrs. Frank Slipp, Clairville, Alta.; Mrs. Jean Slipp and Wendell Slipp and Mrs. Harper, of Woodstock, arrived by motor Sunday and spent the day with Mr. and Mrs. George Slipp.

The Pathfinder group of the Methodist C. G. I. T. has received from the Girls' Work secretary, Miss Marjorie Trotter, a book of poems, the author being her brother, in recognition of being one of the first ten standard C. G. I. T. groups of Canada. The president of the group was Miss Anne Lockhart, of Belleisle. Miss Gladys Morrison spent the week up the Saint John River. Mr. Wilson Thompson is home from Montreal for a visit.

the newspaper office and announced: "Say, I've got a shirt I'm now wearing that was bought 31 years ago. It's a good shirt, too, and it's clean."

ROAD CONDITIONS.

St. John to Fredericton, Broad Road—Earth and gravel road, in good condition.

Saint John to Fredericton via River Road—Earth and gravel. This road is being improved and section under construction will not cause trouble to motorists.

Fredericton to Woodstock—Earth and gravel road in good condition, 10 miles outside of Fredericton has been oiled.

Woodstock to Edmundston—Earth and gravel road in good condition. Short diversion at Arthuret. Road under construction 4.5 miles. Aroostook River, South end Long Swamp.

Saint John to Sussex—Tavia road to Rothsay, 10 miles. Road under construction from Rothsay to Hampton River 6.1 miles. Marked detour via the Doan Road, French Village, Smithtown and Lakeside, 1 mile from Hampton. There are several other good detours via Gondola Point, Model Farm and Gondola Point Ferry to Kingston and Ketchum Road to Hampton.

Sussex to Sackville—Earth and gravel road in good condition. In this section a number of the signs have been removed. New ones will be replaced at an early date.

Moncton-Newcastle—Earth and gravel road with Tavia road between Chatham and Newcastle, all in good condition.

Newcastle to Campbellton—Earth and gravel road in good condition. Culvert and fill College Hill, Bathurst.

Saint John to St. Stephen—Earth and gravel road in good condition.

Motorists will find some repair work going on, but it will cause no trouble, and every effort is being made to avoid using detours and to carry the traffic over the work without any great inconvenience.

The Automobile Association would like to receive reports from members and others on the condition of the various tours they may take.

SAINT JOHN-DIGBY STEAMER SERVICE.

The cost of transportation of automobiles between Saint John and Digby on S.S. Empress, as follows:
 Cars 14 ft. and under, and \$10.00 each
 Cars over 14 ft. but not over 16 ft. 12.50 "
 Cars over 16 ft. but not over 18 ft. 15.00 "
 Each additional foot or fraction thereof over 18 ft. 1.50

Clearance limit is 6 ft. 2 in. Ordinary touring cars higher than dimensions given, can be handled, however, by lowering the top, and limousines and sedans removal of tires.

As cars are loaded at Saint John according to tidal conditions, they must be delivered about 6.00 p.m. the evening previous to sailing, and special arrangements must be made in advance for loading of cars on Sunday.

It is not necessary to drain gasoline tanks as regulations permit transportation with gas, but the flow from the tanks to the carburetors must be closed and all connections tight so that there will be no leakage.

Cost of first class one way fare \$2.25 and round trip \$4.00, limit 30 days, war tax five cents additional in each case.

Steamer leaves Saint John for Digby daily except Sunday, at 7.15 a.m. Atlantic, due Digby 10.30 a.m., and on the return leaves Digby at 2.45 p.m. Atlantic time, due Saint John 6.00 p.m.

MOTORISTS' ATTENTION!

N. B. ELECTIONS TO BE HELD AUGUST 10

DYSART AND HILL IN CABINET; VENIOT HEADS POWER BOARD

Hydro Commission Increased by Four; Includes Dr. E. A. Smith, Burgess, Foster, Michaud, Fawcett and Burt

REVAMPED BODY MEETS TUESDAY

First Grand Falls Contracts Will Be Let at Saint John Session; Both Parties' Candidates' Line Up Almost Completed; Premier Discusses Salary in New Post

FREDERICTON, July 17.—The provincial general elections in New Brunswick will be held on Monday, August 10. That date was set for polling at the special meeting of the provincial government here this afternoon. Nomination day will be a week earlier, August 3.

Cabinet Completed

Premier Veniot completed his cabinet before ordering the election writs issued by calling Hon. Allison A. Dysart, of Buctouche, the Speaker of the Legislature and member for Kent, to the portfolio of Minister of Lands and Mines, and Burton M. Hill, Chief Highways Engineer, to the portfolio of Minister of Public Works. Mr. Hill has already been nominated in Charlotte County, where he will lead the Government ticket.

Power Body Enlarged

An order-in-council was also passed this afternoon appointing the reorganized New Brunswick Electric Power Commission, in accordance with an Act passed at the last session of the Legislature. The Commission is increased from three to seven members, divided into executive and advisory sections, with Premier Veniot, who has retired from the position of Minister of Public Works, as chairman of the Commission.

Chairman Since Start

Hon. Dr. Smith, a former Minister of Lands and Mines, was chairman of the former Hydro Commission since its inception and Hon. J. E. Michaud, a member of the Government without portfolio, has also been a member of the former Commission and took an active part in the international and inter-provincial negotiations which preceded the obtaining of the necessary order from the International Joint Waterways Commission to proceed with the development of Grand Falls.

Progressive Chief Named

A Chase Fawcett is a prominent farmer and was the leader of the Progressive Group in the legislature which has just been dissolved. He led practically the solid Progressive Group in favor of the Government's policy for the development of Grand Falls as a public ownership proposition at the last session.

Will Meet in Saint John

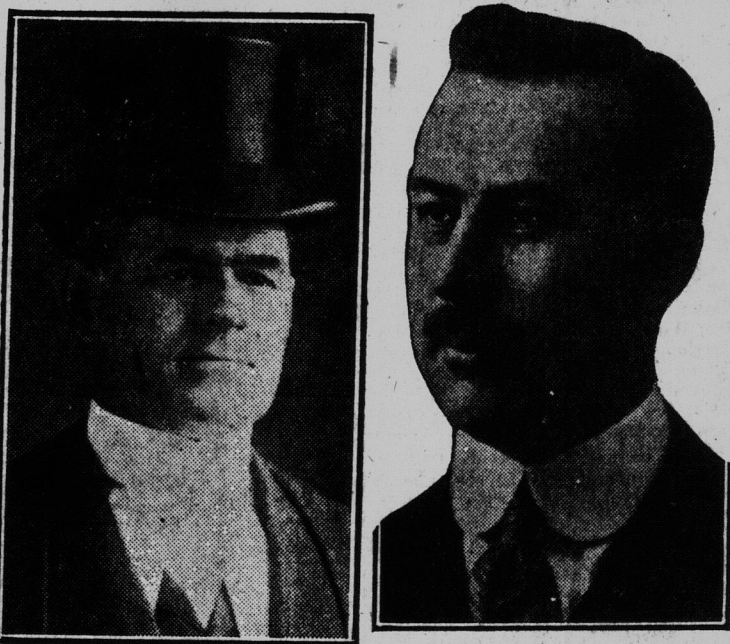

The reorganized hydro commission will have its first meeting under the chairmanship of Premier Veniot at Saint John next Tuesday afternoon. One of their first acts will be to award the initial contract in connection with the development of Grand Falls on the Saint John River, tenders for the spur line railway which will run to the power house site closing tomorrow.

Candidates Lined Up

With nomination convention for the new urban constituency of Fredericton, Devon and Marysville, held here tonight, the Government now has candidates in the field in all constituencies except the new urban constituency of St. Stephen and Milltown, formerly part of Charlotte county, and Carleton county, where, because the Progressive candidates are running as

Authenticity of Telegram Which Saved Scott Is Doubted

supporters of the Government's hydro development policy there may be no straight Government ticket.

To Receive \$3,500 Salary

FREDERICTON, July 17.—Hon. Dr. P. J. Veniot, Premier of the province, in announcing at the Liberal convention here tonight that he had become chairman of the reorganized New Brunswick Electric Power Commission, stated that the salary attaching to the position was \$3,500. He made this statement in reply to the charge of Hon. Dr. J. B. M. Baxter, leader of the Opposition, that the Premier was creating a \$10,000 job for himself. The Premier pointed out that he was relinquishing the portfolio of Public Works as minister of which department he received a salary of \$3,500.

PICNIC PLANNED FOR KIDDIES NEXT WEEK

J. D. O'Connell to Give Treat on East End Playgrounds Wednesday.

J. D. O'Connell, of Camagway, Cuba, and of Sussex, N. B., announced yesterday that he would hold an outdoor treat for the kiddies of part of the city during the coming week. He said that he would not have a picnic for the orphans at the playground on Wednesday, but that there was a Tilly picnic scheduled for August 1, but would give his treat for them later. The children of the South End, Central and the East End playgrounds will be guests of Mr. O'Connell at the East End playground on Wednesday afternoon. Each child must have a ticket, obtainable from the supervisor of the playground which he or she attends.

BRITISH-CANADIAN NAVAL AID DEBATED

LONDON, July 17.—In the course of the debate in the House of Commons on the naval estimates Major J. Hore-Belisha, Liberal, suggested that there should be a more intimate relationship between the Mother Country and the Dominions when the naval problems were settled. He said the naval expenditure per capita was as follows: Great Britain, 25 shillings; Canada, a fraction over 3 shillings; or approximately 74 cents; Australia and New Zealand, 8 shillings each; South Africa, 21 pence.

WINS AUTOMOBILE

Mrs. T. J. Phillips, With Ticket 7,529, Captures Car at Sussex.

The Chevrolet touring car, for which tickets were sold in connection with the firemen's circus at Sussex recently, was won by Mrs. T. J. Phillips, 89 Lansdowne avenue, Saint John. The lucky ticket was numbered 7,529. The drawing took place at the Imperial Theatre, Sussex, last evening and Mrs. Phillips was subsequently notified of her good fortune by telegram.

GOVERNMENT RESIGNS

LISBON, July 18.—The Government resigned Friday. Lieutenant Colonel Victorino Guimaraes headed a Government which took office March 31, 1925. Premier Guimaraes previously had formed a government Feb. 15.

EXTRAVAGANCE ALLEGED ON N. B. ROAD WORK

Landry Declares Gov't Patrolmen Made Hay During Duty Hours

HOLDS WORKMEN LOAFED ON JOB

O'Leary, Arsenault and Other Candidates Attack Government.

BUCTOUCHE, July 17.—Waste and extravagance in road and bridge work of the province were allegations made at an Opposition rally at McKee's Mills, near here, tonight by Hon. Dr. D. V. Landry, former Provincial Secretary-treasurer. Arthur O'Leary, of Richibucto, and Telephone Arsenault, of Adamsville, candidates with Dr. Landry, criticized the administration of the Crown lands and health departments as costly.

Discussing road work, Hon. Dr. Landry said he had noticed that in some places there were as many as five men loading gravel into a cart, which cart had to go a distance of about a mile to deposit the said gravel while the men at the gravel pit would be swaying stories, and such sights were of daily occurrence here.

Hon. Dr. Landry continued: "Patrolmen were seen knocking off work before 4 o'clock in the afternoon, others not working at all for as many as three days making their hay but getting their daily wage as if they had actually worked on the roads. The most interesting sight ever seen on the roads, to my mind, was a team of oxen on his wagon seat and another man unloading his truck and the road commissioner standing in his light wagon by the two men, showing conclusively that the three were working from a wage standpoint."

BUCTOUCHE BRIDGE "If we turn our attention to the bridge work in this county we find as much waste and extravagance as in the other departments."

"While we are talking about bridges, let us say one word about the Buctouche bridge which opened every year to let schooners go up the river. It was found necessary to open that bridge again more than once in the year 1920 when it was found necessary to open every one about Buctouche knew full well that the bridge could not be opened. Previous to the year 1920 a man had been employed at a yearly salary of \$30.

SAYS NOTHING TO DO. "As the Buctouche steel bridge could not be opened, the Department of Public Works did not employ anyone to open the bridge in the year 1920. But in 1921, although the Buctouche steel bridge could not be opened, Mr. Veniot decided that it would be a nice public appointment for a good Liberal to be named to open the bridge in question. As nothing could be done with the bridge, the Minister of Public Works thought that as long as it was public money he was squandering, he would appoint a man to do that special nothing at a salary of \$100 per year. By the way this was an increase in salary over the years when the bridge was being opened."

DISMISSED. "Likewise in 1922 the same man was employed by the same Public Works Department to do the same work as in 1921, namely—nothing. 1923 the caretaker of the Buctouche steel bridge was dismissed from his fat job of doing nothing at \$100 per year and the public records show that this busy man employed to do a special nothing was paid only \$88.83 for doing that special nothing from Jan. 19, 1923, to Dec. 1, 1923.

"Now do you begin to understand how the public moneys are squandered all over the province to provide yearly jobs to employ do-nothings? How

the ordinary revenue is being used up and why it was necessary during the eight years of the Foster-Veniot Administration to add \$18,844,000.00 to the public debt of the province, a larger increase in eight years than what was done in the previous fifty years? Do you begin to understand, after the last eight years of extravagance at Fredericton how were spent the \$8,500,524.24 more revenue that the Foster-Veniot Administration gathered from the people of this province?"

SAYS PAID FOR NO WORK. "If you will bear with me for a little while longer on the bridge matter, let us examine into the painting of the Little River Mouth bridge in 1921. A foreman and 12 men were employed to paint that bridge making together 18 men. Whether the foreman was too busy bossing the men or whether it was thought that the number 18 was a unlucky number it was decided to make the number 14, by getting a young man from Bathurst, a hotel clerk, I understand, probably a good Liberal, on the Little River Mouth bridge to act as time-keeper. Either the Public Works Department at Fredericton or the superintendent of the bridge was ashamed to put that new importation as time-keeper to keep the men from working at all, so the 12 men for they put him down as another painter, thus squandering \$90 to get purpose. In addition to this, on the issue Little River Mouth bridge they put the name of another man as painter on the bridge who actually never worked one minute on the bridge and who nevertheless got \$75 as painter on that bridge."

CRITICIZES HIGHWAYS. "Now let us travel rapidly over the permanent road from Buctouche to Richibucto and when we will get to the Galloway Portage, about half way between Buctouche and Richibucto, we will find three automobiles mired in the mud all on the same day; we will find five automobiles stuck in the mud during the spring of 1925, notwithstanding the fact that two patrolmen were kept at work for two seasons."

Criticism of other highways were made by the speakers.

3 CHURCH BODIES DECIDE TO UNITE Wesleyan, Primitive and United Methodists Vote For Amalgamation.

LONDON, July 17.—The Wesleyan Methodists today passed a resolution in favor of union with the Primitive Methodists and the United Methodists, and now the way is cleared for the union of these three bodies, the Primitive and United Methodists having recently voted for union.

The Wesleyans made their decision in favor of union at a conference at Lincoln. The vote was 397 against 126. Both of the other Methodist bodies voted overwhelmingly in favor of the union of British Methodism.

PRINCE EDWARD ISLE OFFICER IS HONORED Lieut.-Colonel McLeod Receives Long Service Medal at Charlottetown.

CHARLOTTETOWN, P. E. I., July 17.—At the annual inspection of the First Battalion, Prince Edward Island regiment, today the officer commanding, Lieut.-Col. Allan McLeod, received from the hands of Major-General Thacker, commanding Military District No. 6, for the auxiliary officers, medal for long and meritorious service. Colonel McLeod had completed 20 years in the militia service, including four of active service in the late war.

DAMAGE BY SCAB TO APPLES LIGHT SO FAR FREDERICTON, July 17.—Provincial horticulturalist G. W. Turner reports that the rainy weather of the last few days has not produced scab on the apples to any great extent, yet the yield of apples will be light, however. Strawberries have been shipped in large quantities from this province for the last week. The season in the most advanced districts is nearing the close. In later districts berries still are coming on the market. This crop was large and of good quality.

Opposition Candidate In Gloucester County Retires; Kent is Probable Successor

BATHURST, July 17.—M. H. Poirier, who was nominated as a candidate in Gloucester county at the Opposition convention for the coming provincial election, has placed in the hands of the county executive his resignation. While no successor has been named as yet, W. J. Kent, former Mayor of Bathurst, is mentioned as most likely to be chosen to replace Mr. Poirier.

Mr. Kent has been connected with the commercial life of this county for a great many years, is a native son of Gloucester, and has a very extensive acquaintance. Undoubtedly some definite announcement will be made at the big picnic to be held here by the Opposition next Wednesday, when the leading men of the party, as well as the local candidates and members of the county executive, will all be together.

DETROIT, July 17.—The Detroit Free Press tonight says that James M. Ball, local telegraph operator, tonight telegraphed Governor Len Small of Illinois that he was a witness to the shooting of Joseph Wasser in a Chicago drug store a year ago and that Robert and not Russell Scott was the murderer.

Eye-Witness Denies Russel Scott Is Killer

Can Hoist Coal on Short Notice in Cape Breton; 3 Fires Put Out.

GLACE BAY, N.S., July 17.—Maintenance work is progressing at all collieries in the Cape Breton coal mining area and it is understood that in most of the pits coal could be hoisted with very short notice.

Three small fires were reported in the Glace Bay district during the past 24 hours, but all were extinguished before doing any damage. The company store at New Waterford was said to have been entered yesterday morning and some goods stolen.

Truck Went Through Floor Of Garage The hind wheels of a heavy truck, owned by Murray & Gregory, Ltd., and loaded with lumber for the new Ryan garage being rebuilt in Princess street, fell through the concrete floor yesterday afternoon when the truck was being backed in to unload. The wheels went down deeply into the hollow space which was under the floor midway of the former building which was burned last winter. The truck had to be unloaded in its position and some of the timbers used for jacking it up and getting it out of the hole. A slide was made for the hind wheels and the car, which was undamaged, got away under its own power.

FRINDS BLAMED. "It was just a bit of strategy on the part of his friends," George Gorman, assistant state's attorney, who prosecuted Scott, said. "I think Russell's friends are sparing for enough time to get a commutation of sentence. In any case Russell Scott was a party to the murder and must be punished accordingly. The state's attorney's office still contends that it was Russell and not Robert who fired the fatal shot."

PEAT SUPPLY SEEN AS FUEL RELIEF

Alfred Fields to be Reopened as Private Enterprise—May Help Situation.

OTTAWA, July 17—The possibility of peat being used as fuel in eastern Canada as a result of the reopening of the Alfred peat fields by private enterprise as a commercial proposition. The outlook there is already so encouraging to Dominion fuel board engineers that they see in peat marketed through regular commercial channels, some relief from a threatened coal shortage.

The former government experimental station at Alfred has recently been taken over by Peat Fuels, Limited, a Montreal enterprise. From this plant about 5,000 tons of peat will be available for use in Ottawa and Montreal during the coming winter.

Eyes Injured By Heat and Glare of Sun, Says Doctors

Recommended Simple Home Treatment, Which Instantly Relieves Irritation and Redness, by Dr. S. S. W. Week.

Eye weakness, strain, squinting and irritation caused by exposure to heat, sun, glare, smoke, dust, and wind, can now be easily prevented or overcome. For eye specialists have perfected a simple but amazingly effective treatment, which instantly relieves and cures the most stubborn eye troubles.

This treatment is known as the Bon-Opto method and is based on the latest scientific discoveries. Scientists have found the cause of weakness in certain little muscles which control the eye. Eye glasses alone will not strengthen these muscles, but the Bon-Opto treatment goes to their basis and restores them, and soon restores them to normal strength and vigor.

On Monday evening Mr. and Mrs. Walter Holly arrived home after a greatly enjoyed motor trip around the North shore of New Brunswick, visiting Buctouche, Richibucto, Cocagne and other places. A visit was made to their son, Mr. George Holly, and wife at Port Elgin, where Master deB. Holly remained for a few days' rest and recuperation.

Bank of Upper Canada net loss \$1,000,000

Precedent for government aid in Home Bank case may be found in story of 60 years ago

S.E. corner of Yonge and Colborne St Toronto Formerly occupied by THE BANK OF UPPER CANADA

It has been argued that, should the government come to the aid of the Home Bank depositors who lost heavily when that institution failed, they would be setting up a dangerous precedent. Mr. R. L. Reid, K.C., in this argument by telling how the government came to the aid of the Bank of Upper Canada in 1887.

By R. L. REID, K.C.
THE failure of the Home Bank of Canada has been a shock to the people of the Dominion. Not only has it been a calamity to those who had entrusted their savings to its care, but it has tended to undermine, to some extent, the public confidence in the Canadian banking system generally.

to appoint four of the directors: the inner circle of the city known in later years as the "Family Compact," thinking there might be a chance of its being a pecuniary success, took part in the movement; and in this way the Bank of Upper Canada was born with a capital of \$1,000,000.

that the government was responsible for the amount of the loss.
In 1861 the position became so serious that the government was forced to take action. It could not get the deposited funds repaid for the bank was not in a financial position to do so, but it did insist on a change of management, and Mr. Robert Casella, formerly manager of the Quebec branch of the Bank of British North America, a most capable man, took his place.

FINANCES OF UPPER CANADA
The failure of the Bank of Upper Canada in 1867 led to financial matters in the upper province in a serious condition. True, the other banks were operating in the Commercial Bank of Canada and the Gore Bank; but even these had participated in the same sense of confidence in the Home Bank and consequently were not in a condition to fill its place.

KINGSTON DROPS OUT OF THE STROY
This delay was not pleasing to the good people of Kingston, who, giving up hopes of getting the charter for the Bank of Upper Canada, had already invested the proceeds of the Legislature in 1821 with a demand for a charter for "The Bank of Kingston." This request was again granted, but the bill received the same treatment from the Legislature as the one for the Home Bank, and it went also to London for consideration.

not kept for the purposes of the bank, but was treated as earned profits and immediately divided among the old shareholders, who were not to draw from their shares that year not only their regular dividend of 8 per cent but also a bonus of 18 per cent out of the premium paid by the new shareholders.
This was the first of the many troubles which the bank was to experience. The year marks one of the greatest financial panics ever experienced in the United States. Six hundred and eighteen banks in that country were closed, and their deposits were added those occasioned by state relocations.

from the Lieutenant-Governor permission to suspend specie payments and this permission continued in force until November, 1839, when the bank resumed its ordinary course of business.
In 1840 the bank lost its direct connection with the government, for in that year the shares belonging to the province were disposed of and it became an entirely private concern, although it continued to retain its connection with the government as a depositary for public funds. These government shares had increased in number from 100,000 to 200,000, with a par value of \$2,000,000 and were sold for \$2,250,000.

Loans were requested and given on more accretion paper and in very large amounts. Loans to railways of immense sums were made. Small business was overlooked in the great prosperity of the country. Large dividends and bonuses were paid on the shares, amounting in one year to 20 per cent. But with all this profit accruing to the bank, no adequate surplus or reserve was accumulated and no one seemed to think that there might come less prosperous times, or that it might have losses which would be too heavy to cover.

Similarity of Twins Is Shown in Striking Ways

TWINS are not phenomena, but a twin is somehow not as other men. We can not help but regard them with wondering interest, and the layman will find much to interest him in the study of the "Twinning in Health and Disease," by Professor George R. Murray. This was Professor Murray's presidential address before the Manchester Medical Society and was printed in a recent issue of the Lancet.

British Distillers Pool Resources to Meet Demand For Whisky From United States

NEWS that the "Big Three" in the Scotch whisky trade—the Buchanan-Dewar of London and John Walker & Son of Kilmarnock—have combined under the aegis of the Distillers Company, has a certain interest to Americans. The new company is confronted by a sharp decline in whisky consumption at home and by an export trade which has increased from 5,700,000 proof gallons in 1922 to 6,750,000 last year.

was the biggest of the "Big Three" and Lord Woolavington had acquired large coffee and cotton plantations in Uganda and, in conjunction with Lord Aberdeen, more than 20,000 acres of fruit land in British Columbia. He was a sportsman and a keen hunter, and he had a town house at Lavington Park, but he has a town house in the Berkeley Square section of London and a shooting moor in Morayshire. In politics he is a Tory.

Bank Displeased Him, So Found One of His Own

IN VIEW of a royal warrant having been granted to James Allan & Son Limited, boot and shoe manufacturers, Princess Victoria, it is interesting to recall the early career of the firm.
The founder of the firm was Forrest Alexander, who started in business about 1795.

Waiter Made Fortune As Founder of Casino

THE gambler always loses! He may win a fortune and go away with it intact, resolved never to stake another penny. But the lure of the tables is too powerful for him to resist, like a magnet, it draws him back until his millions have been swallowed up at the whim of fickle chance.

was the real romance of Monte Carlo. The real romance of Monte Carlo centres round the ex-waiter who founded the great palace of gambling. He was a waiter named Francois Blanc, who lost his situation in a Paris restaurant, and was later sent to a workhouse for debt.

She was giving an order to the steward.
"An order, your cheese," she said.
"Yes, miss," replied the grocer, smiling amiably; "I have some lovely cheese."
"You should not say 'lovely cheese' said the customer severely.
"Why not, miss? It is 'lovely cheese'."
"Because—the tried to combine maidenly modesty with an air of learning—"because lovely should only apply to the quality of the goods, not to the goods themselves. The grocer's smile broadened as he glanced at the grocerian.
"Well, miss," he said, "I'll stick to 'lovely'."

CHRISTIES HAVE BEEN MANUFACTURING IN SAINT JOHN 60 YEARS

LOCAL FIRM GIVES STEADY WORK TO FIFTY OR SIXTY EMPLOYEES

In Waterloo Street Till Fire Destroyed Plant; Then Second Visitation in City Road—Many Hands Years With Them

SIXTY YEARS of progressive business, always bearing a high name in the commercial life of Saint John, is the fine record of the Christie Woodworking Co. Ltd., Erin street, the subject of this week's article in The Times-Star series on the industries of the city.

Several million superficial feet of lumber is used annually by this old established firm, 1865 being the year in which the firm commenced business. This company employs between 50 and 65 hands, and the lumber is purchased from local and provincial mills.

In 1865, or just 60 years ago, the firm of A. Christie & Company commenced business in Waterloo street in a building where Ungar's Laundry now is.

Christie Plant and Executive Officers

This is a comprehensive view of the Erin street woodworking plant of the Christie Woodworking Company, Limited. This building was formerly occupied by the firm of A. E. Hamilton and Company. On the latter's retirement in 1911, the Christie corporation acquired this property.

CHARLES S. CHRISTIE, President and Manager.

C. ALEXANDER CHRISTIE, Secretary-Treasurer.

boxes, made of birch and mahogany, were turned out of the Christie en-

machines the lumber is carried by run to a large Yate's masher, and then

boxes, made of birch and mahogany, were turned out of the Christie en-

inet shop under the direction of fore-

man J. H. Barton, who has been

with the firm for 23 years. This

furniture is reputed to be one of the

best examples of this particular branch

of manufacture entered into by the

Christie company.

Gordon Watt, machine foreman

has been in the company's employ for

the last 33 years while James Durant

a veteran of the Great War, looks

after the machine work for the carpenter

shop. In the modern and well

heated paint shop, the finer pieces of

store fixtures and other branches of

the wood working manufacturing are

skillfully finished under the eye of Hugh

Beck, foreman, who has a record of

22 years of service with the company.

E. B. McDonald, the well-known pipe

attends to the mill-lighting end of

the business and under his direction

the machinery is kept in a high state

of efficiency. E. S. Robertson, who

has been 21 years with the firm, is in

charge of the estimating and selling

with J. Harold Gillis as head book

keeper. While the majority of the

hands have been employed with the

Christie firm for a large number of

years, yet William Hatfield, an ex-

perienced carpenter and builder, has

the unique record of 37 years of service

with his employers.

Christie Woodworking Company, Lim-

ited.

Incorporated in 1904

Alex Christie founded the business

in 1865 and on the incorporation of

the company in 1904 his sons, James

and Charles S., became manager and

secretary-treasurer respectively. Char-

les S. Christie is now president and

manager of the firm with C. Alex-

Christie, a nephew, holding the secre-

tary-treasurership.

The lumber yards at Erin street are

looked after by James Cameron with

Arnold Fowler in charge of the City

lumber yards. The modern steam plant

is attended to by Fred Pitt and a large

hauling Corliss engine of 200 horse-power

furnishes abundance of energy for the

high speed machinery. William F.

Barker who is in charge of the saw

department, one of the most important

branches of the business, entered the

being necessary to fit the lumber for

use in manufacture.

"The Chain Mortiser" is the next

machine to be used in the manufacture

of doors, sashes and window frames.

The stile is clamped in this machine,

a chain cutter is set in motion and

the various parts of the door are now

permitted their being easily yet firmly

fitted into the mortise.

The "groover" next takes hold of

the lumber and grooves it to receive

the panels. After being "relieved" the

various parts of the door are now

ready to be assembled into the finished

product.

When the assembling stage is reached

the various sections are cramped up

by the action of a cramping machine. This

machine serves the purpose of firmly

wedging the parts into their mortise.

The benches now come into play and it

is the duty of these employees to

moil and trim the doors. From the

moulding and trimming process the

doors are transferred to a large three

drum sanding machine. They are

sanded on both sides and three dif-

ferent finishes of sand paper are used.

In this process, the machine automati-

cally sands the woods and the

panels' marks are removed by the

passage of the door through the sander.

In this manner the surface is made

perfectly smooth for painting. If glass

panes are desired the doors are sent

to the paint shop of the firm. This

work is done by glaziers in the em-

ploy of the company. Sashes are made

in practically the same manner and

use the same machinery. The lumber

is first subjected to the dryer and is

allowed to remain there for two weeks.

It is then brought in and dressed on

four sides, this number of dressings

being necessary to fit the lumber for

use in manufacture.

MAUD MULLERS ARE AT WORK IN FIELDS

Women Take Places in Rural Work as Farm Labor is Short.

DRUMS, Pa., July 18.—The Maud Mullers again are in the fields of northeastern Pennsylvania. Shortage of farm labor has brought out the women and girls and they are cheerfully "pitching in" beside their husbands and brothers in the harvest fields.

NEW CAMERA BRINGS MOVIES INTO HOMES

Invention Makes Possible For Laymen to Take Motion Picture Reels of 30 Feet

NEW YORK, July 18.—A combination of camera and projector, which makes it possible for the ordinary layman to take his own motion pictures and then exhibit the film in his own home, soon is to be placed on the market here.

Now-a One-Profiteer Car in the Quality Field

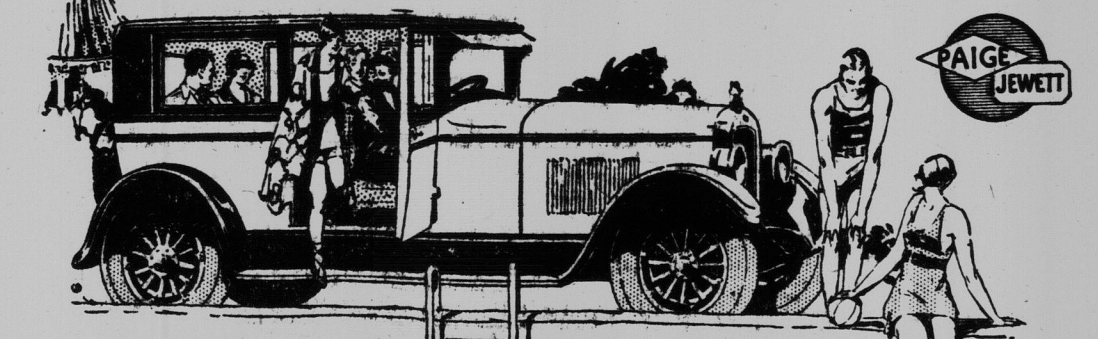

STUDEBAKER has achieved one-profit manufacture in the quality field. This marks a new era in the automobile industry. Studebaker's achievement eliminates unnecessary profits running up to \$500 on a single car. It banishes double overhead. It results in quantity production of quality cars. It vitally affects pricing by establishing a new criterion of value in the fine car field.

Twenty-five years ago practically all "manufacturers" of automobiles were nothing more than assemblers. They purchased motors, bodies, tops, axles, etc., from parts makers who were the manufacturers in reality. On this basis it was easy to become an automobile "manufacturer," and more than five hundred makes of automobiles had their day in the American market and disappeared. They are represented only by "orphan cars" with practically no resale value.

Notwithstanding this writing on the wall many manufacturers still assemble their product, piling profit upon profit for the ultimate purchaser to pay. Each profit which a maker pays to a body builder or parts supplier enters into his costs just as though he had spent the money for steel or plate glass or upholstery. Although it represents no value he not only passes it on to the purchaser but figures his own profit on top of it.

The Ford is a one-profit car and reigns supreme in its field. In the fine car field Studebaker—and Studebaker alone—now offers the American public one-profit values. During the past seven years, when demand exceeded supply, Studebaker has been plowing earnings back into plants and machinery until we are now able to make this announcement.

Foundries, stamping mills, machine shops, are now complete. At final links in the chain of one-profit production, the enormous Studebaker body plants have been operating for months at peak capacity. Resources totaling one hundred million dollars are concentrated on the production of this one-profit car. No other individual manufacturer in the world (except Ford) possesses such facilities for the complete manufacture of automobiles. That is why Studebaker is able to put finer steel, finer wood, finer upholstery, better workmanship, hundreds of thousands of miles of re-

It's Great to Own and Drive a Car Everyone Admires!

"That's the new Jewett Coach!" You hear it wherever you go. Admiration greets this great car on every hand. Because of its beauty of line and color. Because of its advanced features of design. Because its every detail bespeaks genuine quality.

The Greatest Jewett Ever Built! Think of a Coach at \$1930 with the Jewett chassis—unchanged!—the famous Jewett motor that idles you smoothly through thickest traffic. Then whisks you away to over sixty in seconds. Remarkable? Yes—Jewett owners expect and get remarkable results. Jewett Coach will outperform any car within \$750 of its price! Jewett Coach is built to ride in—300 miles a day if you like—without fatigue! The truth is—it's the roomiest Coach we've seen. There's room to stretch and relax. Room to get in—and get out—without disturbing those in front. Seat backs are tilted just right. Seats are packed with springy comfort.

And it's the easiest parking, steering, driving Coach you ever touched. Gears shift with velvet smoothness. Clashing and grinding is impossible. The voice swiftly becomes expert at the wheel of Jewett Coach.

Beyond the striking beauty of Jewett Coach—beyond its championship performance—greater even than its advanced engineering—is the following fact: Consider It Well! Paige has put the experience of fifteen years of building into the Coach—sacrificing nothing to achieve low price—improving the quality for which Jewett cars are justly respected. This fact alone more than justifies the enthusiasm that has greeted Jewett Coach—nationally. Drive this great car yourself. Prove its value for yourself—as no one can tell you. Just phone for a demonstration. (578-3)

CEMENT PLANT HERE TALKED OF

Board of Trade Working on Project for Saint John

Information Being Gathered to Put Before Some Who Might be Interested.

One of the industrial possibilities which the Board of Trade has been looking for in Saint John is the establishment here of a cement-making plant. It is claimed that the limestone deposit in this district is the best in Canada for the making of Portland cement and the Board is gathering material to put before manufacturers who might be interested in locating a factory here for the making of cement.

The following information in regard to the cement industry in Canada has been furnished to the Board by the Department of Trade and Commerce:

BIG QUANTITY USED.

Finally revised statistics on cement production, as reported by the Mining, Metallurgical and Chemical Branch of the Dominion Bureau of Statistics at Ottawa, show that the sales of Canadian Portland cement in 1924 totalled 7,496,624 barrels valued at \$13,888,411, as against 7,448,889 barrels worth \$15,064,661 in the previous 12 months.

While cement consumption in Canada during 1924 was 17.8 per cent less than in 1918, the apparent consumption increased 4.3 per cent above the total for 1923.

Exports of Canadian cement were 153,220 barrels, a decrease of 340,281 barrels from 1923. Imports amounted to 27,673 barrels, an increase of 10,000 barrels over the figures for the previous year.

Square Looks Like The Flag

A VISITOR to Saint John, William H. Kilton of Oxford, Mass., calls the attention of The Times-Star to the fact that King Square, seen from a room high up in the Admiral Beatty, looks like the British flag—the interesting walks, with the dome of the band stand in the centre, combining to make the resemblance striking when seen from above. Mr. Kilton is accompanied by George E. Kimball, principal of the High School at Somerset, Mass.

Local News

ONE THIS MORNING

One person appeared before Magistrate Henderson in the Police Court this morning on a drunkenness charge and was fined \$8 or two months.

TO VISIT EUROPE.

Passengers on the White Star Dominion Line S.S. Doric, from Montreal today are Mr. and Mrs. R. A. Corbett of Saint John, who are sailing on a tour of Europe.

SENTENCED TO HOME.

Two young girls who were before Magistrate Henderson yesterday, one on a charge of disorderly conduct and the other on a vagrancy charge, were each sentenced to two months at the Good Shepherd Home this morning.

FURTHER PROMOTED

Jack Carleton, who recently was promoted in a transfer from Fredericton to accountant of the Royal Bank at Sydney, has received a further promotion and is now in the inspectors' department at Halifax.

FLORAL TRIBUTES.

Among the floral tributes at the funeral of Mrs. George A. Kirkpatrick on Tuesday were a pillow from the family and a wreath from Mr. and Mrs. Robert Carlson.

SAFETY FIRST.

Noticing an electric light burning early this morning about 1 o'clock in a vacant lot, whose owner was in the country, John Armour, 58 Dufferin street, notified the police and an investigation was made. No one was found there and the light turned off.

ENGAGEMENT.

Mr. and Mrs. Scott Akley of Cambridge, Mass., formerly of Saint John, wish to announce the engagement of their daughter, Ethel Fay Akley, to Ralph Jewell Brown, son of Mr. and Mrs. A. J. Brown of Brookline, Mass. The wedding will take place in August.

NETHERWOOD RESULTS.

The following are the results of the examinations taken by the girls of Netherwood School, Rothesay, for the McGill University matriculation. Full matriculation: Ruth Harrison, Helen Cannel, Elizabeth Jones and Constance Watson; nine papers, Margaret Peters, eight papers, Marguerite Bligh and Muriel Tapley; five papers, part one, collegiate III, Helen Bell, Marion Gaudet, one of the numbers, Dorothy Bell, Sheila McDonald and Anna Van Buskirk.

IN THE MARKET.

New potatoes were quite plentiful and the housewife on the lookout for the Sunday dinner could secure good stock at 75 to 80 cents a peck. To go with the new potatoes there was a good supply of other new vegetables. There was a fair supply of strawberries and these sold at 15 to 17 cents a box. Cauliflower and fowl were fairly plentiful, but lamb and veal were scarce. Prices for these commodities ruled about the same as they have been for the last few weeks. Eggs were quoted at 38 to 45 cents a dozen.

GOES TO SOUTH AMERICA.

The women members of the office staff of the purchasing department of the New Brunswick Telephone Company, gathered at the home of Mrs. Gertrude Ryan, 197 King street east, Friday evening in honor of Miss Margaret Huestis, one of the number, who is to sail for South America where her marriage will take place in the near future. A silver sandwich plate was presented to the guest of honor by little Miss Marjorie Bailey and Master Eugene, both dressed as bride and groom. During the evening, spent in games and dancing, delicious refreshments were served.

BABE'S BODY IS FOUND IN WEIR

James Driscoll, fisherman, of West Saint John, while he was sealing his weir just off the Shag Rocks, Bay Shore, early this morning when he found the body of a dead infant in his catch.

Mr. Driscoll, accompanied by Patrick Driscoll and William McAdam, fishermen and a sardine buyer, had gone out to his weir about 6 o'clock and had practically completed his work when the body was discovered. He brought it into No. 4 dock at West Saint John, to the police, and Coroner F. L. Kenney was immediately notified. On his arrival Dr. Kenney made an examination and ordered removal to the undertaking rooms of W. E. Brennan, West Saint John.

Dr. Kenney said there would be no inquest as there was absolutely nothing to go on, so badly was the body decomposed. The head was completely gone. Whether the child was born alive or not, the coroner could not say.

Sgt. Detective Power and Detective Biddcombe went over to the west side this morning and were present when Dr. Kenney made his examination.

Several Property Sales Announced

The following property transfers are recorded:

Saint John County.

Thelma Properties, Ltd., to A. J. Robertson, property in Simonds.

J. W. Williamson to A. R. Ward, property in Lancaster.

Kings County.

T. N. Vincent to O. H. Tracey, property in Rothesay.

Ida B. Williams to T. J. Mulrey, property at Norton.

More N. B. Priests Are Home From Rome

A telegram received by Mrs. J. J. Mitchell, 1 Alma street, announces the return of her brother, Rev. D. S. O'Keefe, at Quebec yesterday on the S. S. Megantic. Also on the steamship were His Lordship Bishop Chaboussier of Chatham and several priests including Rev. Miles P. Howland of Kingsclear, Corry of Saint John. The had returned on the pilgrimage to Rome and afterwards visited various places in Europe.

PERSONALS

Mrs. Finlay Campbell, of Brown's Place, has gone to New York to take a six weeks' course of study for piano-forte teachers under instruction of Carrie Louise Dunning.

Mrs. James O'Brien, and her daughter, Miss Nina O'Brien, of Manawagonish road, have returned home after an extended visit with the former's son, Rev. Alfred O'Brien, Ph. D., and Mrs. O'Brien, Grantville, Mass.

George E. Kirkpatrick of Winnipeg, and Mr. and Mrs. David Kirkpatrick of Brookline, Mass., are to leave this week for their homes. They came here to attend the funeral of Mrs. George A. Kirkpatrick, of West Saint John, mother of Messrs. Kirkpatrick.

Miss Alice Patton and Mrs. A. Dingwell, of Waltham, Mass., are visiting for a short vacation with Miss Mary Lamer, at her summer home at Grandhead, on the Saint John River. They arrived this morning from Boston.

Rev. Peter Jackson of the Lorneville United Church spent several days in Hampton this week, visiting his former parishioners.

Mrs. Roy Miller, Miss Lavinia and Miss Lillian McAfee of Boston are guests of their parents, Mr. and Mrs. James McAfee of Lorneville.

ENJOYED OUTING.

The Loyal True Blue Association sewing circle held their annual picnic this week at McLaren's Beach, with a good attendance of members. Dinner was enjoyed on the beach and games were enjoyed in the afternoon. In the races, Mrs. O. Ward, Mrs. J. McColligan, Mrs. W. Hazlett, Mrs. T. H. Gledart and Master Clarence Hazlett were the winners. A shower marred the pleasure of party for a time, but through the courtesy of Mrs. Hatfield, they were given the use of the pavilion of the Wonder Inn, where they continued their entertainment until the sun shone again. They returned to the city in the evening, after a very happy day.

Mrs. J. McColligan of 29 Rock street has invited the sewing circle to meet at her home next Thursday.

DEATHS NUMBER 10.

The deaths in the city this week totalled 10, from the following causes: Shock, myocarditis, endocarditis, aortic regurgitation, motor accident, lobar pneumonia, broncho pneumonia, pericardial aneurysm, cerebral hemorrhage and accidental drowning.

DINGLEY HAS 225.

The steamer Governor Dingley arrived this morning about 11 o'clock from Boston via Lubec and Eastport with 98 tons of general freight. This is the heaviest shipment of freight brought to this port this season thus far by the Governor Dingley. The vessel also had 225 passengers and one automobile.

WON PRIZE.

Miss Laura Walsh won the second prize on Thursday evening at the weekly card party of the Ladies' Auxiliary of the A. O. U. No. 1.

FIELD DAY WILL BE HELD FOR BANKERS

Forty Managers Expected to Attend at Experimental Farm on July 28.

Bankers' Field Day will be held this year at the Fredericton Experimental Farm on Tuesday, July 28, and it is expected there will be upwards of 40 bank managers present. There will also be representatives of the farmers in attendance.

The programme for the day will start at 10.30 a.m. and will continue until 5 p.m. Luncheon will be served to the visitors in the New Brunswick Agricultural School. Among those who will take part in the programme are J. M. MacKenzie, E. M. Taylor, D. J. MacLeod, F. Bailey of the farm staff, Dr. J. H. Grisdale, deputy minister of agriculture for the Dominion; J. H. King, G. R. Wilson and E. S. Archibald, of the federal department of agriculture; Hon. D. W. Mercer, provincial minister of agriculture, and S. J. Moore, of Truro. They will speak on agricultural subjects.

Cas will be served to the visitors at 4.30 p.m. and at 5 p.m. they will be taken for motor rides about Fredericton.

HAVE GARDEN FETE

Preparations were going on this morning for a garden fete arranged for this afternoon on the grounds of Mr. and Mrs. J. W. V. Lawlor, "Derry-nance," Brookville, under the auspices of the Saint John Women's Institute. The following are the conveners and their committee: General conveners, Mrs. T. N. Vincent, president and members of the executive. House cashier—Mrs. J. J. McDermott.

In charge of the tickets—Miss H. Vincent.

In charge of the ice cream—Mrs. J. Corkery and Mrs. J. C. Collins.

Social committee—Members of the executive and Mrs. J. H. Duddy, Mrs. H. Lawrence, Mrs. J. D. Seely, Mrs. W. R. Pearce, Mrs. J. W. Thompson, Mrs. H. B. Peck, Mrs. F. J. Power.

DIES IN 90TH YEAR

Caleb C. Huestis Passes Away at Upper Gagetown—Child in Saint John.

In the death of Caleb C. Huestis, which occurred last evening at Upper Gagetown, Queens county, lost one of its oldest and most highly respected residents. Mr. Huestis lived practically all his life at Lower Jemseg, where he was born nearly 90 years ago. He is survived by his wife, four daughters, Miss Tina, at home; Mrs. Harold Grenier, Upper Gagetown; Mrs. C. O'Leary, Saint John and Mrs. L. A. Todd, Boston; and six sons—William, John, Levert and Andrew at home; and Bill and Harry, L. city marshals of this city.

The funeral will be held tomorrow afternoon. Service will be held at the Baptist church, Lower Jemseg, his home church, and interment will be made at Upper Gagetown. The sons and daughter living here will leave today to attend the funeral.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeak to the Times reporter, "I see we're to have the elections three weeks from Monday. The hollerin' won't last long—an' we'll soon know who's gonto set in the next house. I met one of the old members this mornin' an' I says to him, says he—'You aint no better'n your neighbors this mornin'.' An' he says, says he—'Hiram, I hev a suspicion I never was any too good—an' after five years at Pred'cton I'm ready to say with the psalmist—'We're all poor critters.'"

"Did he say the psalmist said that?" queried the reporter.

"Yes, sir," said Hiram—"he did so. Anyhow, whoever said it knowed what he was talkin' about. An' if you don't know what a poor critter some other feller is—just ask a man that's on the other side of politics—right now. These is the days when we turn the rascals out to let the rascals in—or let the rascals stay in for another spell. We're rascals—everybody's rascals—yes, sir."
