Petition For Reserve Case For John Paris

Counsel Makes Application on Five Points.

Only One Allowed, However—Recharge of Jury in the Prisoner's Absence is Point Raised by Mr. Vernon—Will Take Case to Ottawa if Necessary.

Before Mr. Justice Chandler in chambers this morning G. H. Vernon, K.C., of Truro, made application for a reserve case on behalf of John Paris, sentenced to be hanged on March 30, for the murder of little Sadie McNealey on August 2, last, in Riverview Park.

JOHN PARIS.

Mr. Vernon made his application under section 1014, of the code. The judge said that it was possible that he might not have jurisdiction to hear the matter in chambers and the court had been adjourned. The attorney general, Hon. J. P. Byrne, argued that the application should be made to the court while in session. The judge said that he would hear the application but he had serious doubts as to his right to hear the matter.

Mr. Vernon then stated his grounds as follows:—

- 1st—Was the learned judge in error in recalling the jury for further instructions after the jury had retired to their room to consider their verdict, and then further instructing and re-charging them when the accused, John Paris, was not present in court or represented there by counsel; and is the accused, John Paris, entitled to a new trial?
- 2nd—Were the instructions of the learned judge to the jury correct, and, if not, is the accused, John Paris, entitled to a new trial?
- 3rd—Was the defence properly put by the learned judge to the jury as regards every matter in favor of the accused?
- 4th—Did the judge's charge and the address of the crown's attorney, introduce irrelevant matters and matters calculated to influence the minds of the jury against the accused?
- 5th—And for other grounds appearing on the depositions, the judge's charge and papers on file here.

In arguing the first point, Mr. Vernon said that the accused should have been present and he asked leave to file an affidavit by Paris showing that he was not present when the jury was first brought back. Mr. Byrne said that the affidavit should have been served upon him.

Mr. Vernon then read the affidavit, which was to the effect that Paris was brought back about 7.50 p.m., the last day of the trial and that Paris was reminded at 8.54 p.m., and not brought back to the court until 11.40 p.m. He was absent when the judge recharged the jury.

Mr. Vernon then submitted several authorities showing that the accused should have been present during the whole of his trial.

The judge was doubtful if he could deal with this point.

Mr. Vernon submitted that the re-charge to the jury was part of the trial and that the accused should have been present. He asked for a reserve question of law on this point.

In regard to points Nos. 2, 3, 4 and 5, the judge said that the grounds specified were too general and he would not allow them, but he would permit counsel to file the other particular grounds.

The Attorney-General.

In arguing against the first grounds taken by Mr. Vernon, Hon. Mr. Byrne said that the application should have been made while the court was in session. He also said that, under the law, the court might permit the accused to be out of court at the home of any lengthy argument. Mr. Byrne said that unless some substantial miscarriage of justice had occurred, no grounds should be granted.

Adjournment was then made until this afternoon when further grounds will be presented by Mr. Vernon.

Mr. Vernon said this morning that, if necessary, the case would be taken to the supreme court at Fredericton and as a last resort, to the minister of Justice at Ottawa.

DELANEY-POWER

A wedding of much interest to many friends took place this morning at eight o'clock in St. Peter's church, when Rev. George Coffey, C.S.S.R., united in marriage with Miss Annie, Miss Annie Theresa Power of this city, and Edward J. Delaney of Halifax. The bride wore a charming traveling suit of brown velvet with opossum trimmings and hat to match and a corsage bouquet of sweet peas. The witnesses were Mrs. H. J. Lyons and Thomas M. McGuire. After the ceremony a dainty wedding breakfast was served at the home of the bride's brother-in-law, Thomas McGuire, Prince William street, and Mr. and Mrs. Delaney left on the 1.40 o'clock train for Halifax where they will reside at 166 Jubilee Road. Among the out-of-town guests were Arthur McGuire of Calgary, a nephew of the bride. Mr. and Mrs. Delaney will have the best for a host of friends and acquaintances for their future happiness.

KILLS THREE, WOUNDS TEN AND THEN COMMITS SUICIDE

Geneva, Feb. 8.—An automatic pistol in each hand, Battista Pestolacci, suddenly crazed, terrorized the picturesque Swiss town of Bellinzona, near Lake Maggiore, killing three persons, wounding ten others and then committing suicide. Pestolacci started at the railway station, where he held a crowd waiting for a train, shooting and killing the two brothers Bronzini and wounding a third traveler. He then rushed through the streets, shooting pedestrians on sight. Eight of his shots took effect, and one of his victims died later. The maniac then entered a restaurant, where he shot and wounded two women, but lost one of his automatics. Failing an attempt to capture him in the eating house, Pestolacci eluded the pursuit of a posse armed with rifles for several hours, while the townspeople remained barricaded in their homes. He then shot himself.

STEAMER KNOWN HERE TOTAL WRECK

Thistlemore Piled High on Cape Cod Beach.

Driven Ashore in High Wind, Vessel Settled on Beach and Crew Not in Danger—Was Here Last Summer.

Highland Light, Mass., Feb. 8.—The Furness line freighter Thistlemore, was piled high on the Cape Cod beach today, a total wreck probably, with her crew endangered.

Coast guards at the request of Captain Forting, signed up their breeches buoy to take off the fifty men. The seas were running high.

Although there were indications that the steamer was beginning to break up, coast guards said, the vessel was not overboard. The freighter under the drive of high wind and heavy seas during the night had crossed the outer and inner Deakel Hill Bars.

In that position the coast guards of the Red Bank Hill stations found it impossible to make fast a line for the breeches buoy after a night of failure. The coast in the latter part of the night was running high.

When the Thistlemore's aid after hearing her calls for help last night, was forced to stand off the coast, beyond the dangers of bars and shoals.

Captain Forting had asked that the men of the steamer be taken off, but when the Thistlemore settled into her sandy bed it was decided that they were not in imminent danger and the rescue apparatus was merely kept up ready for use.

The Furness Line Thistlemore, a vessel of 4,146 tons, and her commander, Captain Forting, were well known in this city, as she was formerly on the St. John-London winter port service. She came in on July 23, loaded 1,600 tons of sugar at the refinery and sailed for Halifax on August 27. She called at Halifax before Christmas. This winter she was on the service between St. John and London.

Highland Light, Mass., Feb. 8.—The Thistlemore was found to be leaking badly. The wind increased and it was decided to take off some of the men aboard. The first man was hauled from ship to shore in the breeches-buoy without mishap and the work of rescue went on.

DEVELOPMENTS IN TAYLOR CASE

Police Tracing Jealous Sweet-heart of Movie Actress.

Return of Letters Written by Miss Normand and Miss Minter to Murdered Director—May Issue a Warrant Today for Sands.

Los Angeles, Feb. 8.—Location of Mabel Normand and Mary Miles Minter's letter to Desmond Taylor, murdered film director, the possibility of the issuance of a complaint charging murder against A. Sande Taylor, Taylor's missing former butler-secretary, and renewed activity of detectives toward declarations of the sweetheart of a screen actress was seen near the Taylor apartments the night of the murder, were angles early today of the police investigation into the motion picture mystery.

Letters Returned.

The letters written by Taylor to Miss Normand, and for which she searched his apartments vainly two days after his murder, have been returned to her. According to the detectives working on the case, the return was made, it was declared, after a man connected with the film world, who had taken them for some unknown purpose during the confusion surrounding the finding of Taylor's body, had been threatened with a grand jury investigation. Who made this alleged threat was not stated. A representative of Miss Normand said the letters had not been given back to her.

Captain of Detectives Adams stated the police never had in possession of Miss Normand's letters nor, however, denied she had received the letters. Miss Minter to Taylor, although the latter, also, according to Captain Adams, have been returned to the writer.

Miss Minter has guards around her house to keep away uninvited callers, as she is ill, it is reported. Her attorney, however, denied she had received the letters. Win. C. Doran, chief deputy district attorney, stated a complaint charging Sands, or Edward P. Strathmore, as he is known, with the murder of Taylor, might be issued today pending upon developments.

Chief Sgt. Edward King, assigned to duty at the district attorney's office, previously had made a similar search for the letters.

Look For Another.

It was reported, also, that more information had been given to the police to the effect a man in love with a screen actress, who did not return his love, but who was believed to have had affection for Taylor, had been seen near the Taylor apartments before the murder.

A story told by Howard Fellows, chauffeur for Taylor, that about 8.15 p.m. the night of the murder he returned to the apartments with Taylor's car, was said by the police to have satisfied them it was he who was seen there by Mrs. Douglas MacLean, wife of a film actor, who said he rang the bell several times, but received no answer. Finally, as there was a light in the apartments, he concluded Taylor did not wish to be disturbed, so proceeded to place the car in the garage.

Reached Sydney.

Sydney, N. S. W., Feb. 8.—The name of William Desmond Taylor, murdered movie director of Los Angeles, appears on the nominal roll of troops taken overseas from Canada on board the British transport *Mitland*, in October, 1918. This roll is in the possession of Major Freeman O'Neill of Sydney, who was senior medical officer on the ship.

Major O'Neill says that the draft of which Taylor was a member came from Fort Edward Camp, Windsor, N. S. The name of the dead director does not appear in the records of the Canadian military department at Ottawa because he went overseas with a driver's license in the British army, Major O'Neill suggests.

Ministerial Association Protest Against a Students' Dance in London is Without Avail.

London, Ont., Feb. 8.—Despite the opposition of a deputation from the ministerial alliance, the board of education yesterday authorized the students' council to hold a dance in connection with the opening season of the new collegiate institute.

Rev. Canon Sage, speaking for the deputation, said his objection to the proposed dance rested largely on modern music and modern dance steps. He held men of Hebrew blood to be responsible for many modern evils.

"Much of the modern jazz music," he said, "is due to that influence. When I hear that kind of music I feel I am looking at a snake. What is it in this music that is wrong? Simply this—it puts the accent on the wrong thing. If we have jazz music we will have jazz morals, and jazz morals will make a jazz community."

Former Premier Orlando of Italy had accepted the nomination of King Victor Emmanuel to form a new cabinet to succeed the Bonomi ministry, which resigned last week.

Disorder Breaks Out Once More In Ulster

SEVERAL PROMINENT NATIONALISTS KIDNAPPED AND DESTINATION UNKNOWN

Fifteen Arrests Made—"A Specials" Ambushed and Casualties Inflicted—Head of Tyrone Orangemen Amongst Missing—Developments in Railway Strike.

Belfast, Feb. 8.—A large number of the leading Unionists of Counties Fermanagh and Tyrone, in the Ulster area were kidnapped from their homes early today and taken to unknown destinations. Fifteen arrests have been made.

The raiders are believed to have come from counties Cavan and Longford, near the border. The forces known as "B Specials" are being mobilized today in Tyrone and Fermanagh and rushed to the scene of the kidnapping. The Ulster government has announced its intention of taking drastic measures.

Among those kidnapped was Major Anketell-Mourly, head of the Tyrone Orangemen. Former High Sheriff Carson, of County Fermanagh, whose house was raided, resisted single handed for an hour until he was wounded and carried off in a motor car. The house of Major Moore, at Belleek, Fermanagh, was similarly attacked, but Major Moore succeeded in escaping.

A merchant named Elliott, at Enniskillen, fired on the raiders when his house was attacked and it is believed he wounded one of them. The merchant was not wounded and escaped.

Attacks were also made on the houses of former county inspector McGuire and various other prominent Unionists in the vicinity of Enniskillen who were absent at the time from their dwellings. Specials Ambushed.

A party of what are known as "A Specials" was ambushed near Newtownbutler last evening by a large party of armed men. An engagement resulted in which casualties were sustained on both sides.

While this fight was occurring the residences of other constables of the garrison were visited and a number of the constables were kidnapped and carried over the border.

At noon today Registration Inspector Looan, a prominent Unionist of Newtownbutler, was taken to the hospital at Enniskillen suffering from gunshot wounds. (Continued on page 2, fourth column.)

BIG STEAMSHIP A PREY TO FLAMES

Northern Pacific Afire Off Cape May—Four Men on Board Rescued—Will be a Total Loss.

New York, Feb. 8.—Fire which broke out on board the former U. S. liner *Northern Pacific* off Cape May, N. J., at one o'clock this morning, swept through the ship and at dawn was raging uncontrolled, said a wireless message received here at 6.45 a.m.

For a time there was some alarm over the fate of four employees of the Sun Shipbuilding Company, of Chester, Pa., who were on board, but the despatch stated they had been picked up by a steamer standing by.

The fire was still eating its way through the ship at 8.30 a.m., radio advices said, and that at that time it apparently was only a matter of a few hours before she would burn to the water's edge.

The *Northern Pacific* was 299 feet long, with a registered gross tonnage of 8,235. She was under the control of the United States Shipping Board.

A Previous Accident.

New York, Feb. 8.—The former transport *Northern Pacific* in 1919 crashed into a sand bar off Fire Island with 3,000 U. S. soldiers she was bringing back from France.

Crew Rescued.

Late messages reported she had been abandoned by Captain William Luskie, and her skeleton crew who were taking her to drydock in Chester, Pa. Rescue of all her crew by steamships which had rushed to the scene was recorded.

The latest message stated that the vessel, blazing fiercely and listing hard to starboard, was drifting southeastward.

SENTENCE OF NINE MONTHS

Hard Labor for Former Curate Who Pleaded Guilty to the Forgery of Letter and Death Certificate.

Regina, Feb. 8.—G. E. Williams, formerly a curate of an Anglican church at Oxbow, Sask., was sentenced to nine months in jail with hard labor at the opening of the jury sittings of the court of criminal justice yesterday. Williams was charged with the forgery of a letter and a death certificate, giving the wife full details of his own alleged death and funeral.

Admission was made, also, of the forgery of a death certificate, all with the intention of leading her to believe he was dead.

THE NEW POPE.

POPE'S REASON FOR SELECTION OF HIS NAME

Figured Prominently in His Personal History—Cardinal O'Connell Proposes Delay in Calling Future Conclaves.

Rome, Feb. 8.—The reason for his choice of the name of Pius was explained by the new Pope yesterday to Cardinal Laetani.

"I was born under a Pius. I came to Rome under a Pius, Pius is the name of peace—then Pius plus my name," he said.

Suggests Amendment.

Rome, Feb. 8.—Cardinal O'Connell of Boston, expressed the opinion today that the law calling for the convening of the conclave ten days after the demise of the Pontiff should be amended to read twenty days to insure participation by Canadian, U. S. and South American cardinals.

FIRE RAGING FOR FIVE YEARS

Consideration of Means of Extinguishing Blaze Which Has Destroyed Millions of Tons of Coal.

Wilkesbarre, Pa., Feb. 8.—Methods of extinguishing a fire which has been raging in the Red Ash Mines of the Wilkesbarre Mountain more than five years were discussed yesterday at a conference called by Seward Button, chief inspector of mines. Definite action was postponed.

The fire started in the Red Ash bottom vein in December, 1916, by a miner's lamp, and rapidly got beyond control. It is now raging in an area of fifteen acres. Flooding with water and mine-sealing methods have been tried, but each failed and the fire has destroyed millions of tons of coal.

DEATH ROLL IS INCREASED TO 8

Two Badly Injured Also and One Missing in Virginia Mine Disaster.

Huntington, W. Va., Feb. 8.—Eight men were killed, two badly injured and one is missing as the result of a mine explosion late yesterday which wrecked a mine of the Marietta Coal Company on Pond Creek, according to information received here last night.

QUEBEC'S FISH REVENUE LOWEST

Plea for the Development of Industry Made Before the House.

Quebec, Feb. 8.—(Canadian Press)—A strong plea for the development of the fisheries of the province of Quebec was made in the legislative assembly yesterday by Fabien Bogaudeau, minister for pisciculture.

He regretted that Quebec had not adopted any of the modern methods of catching fish, of preparing them or marketing them. He made comparisons with the other provinces to show that the Quebec fishermen secured the lowest average revenue. The fishermen had received no aid in the way of markets and the price of fish had dropped considerably.

Quebec had two thousand miles of coastal fisheries, as much as the three maritime provinces combined. He said that while the federal government spent \$1,013,932 the province of Quebec only received \$35,848.

PORT CONDITIONS IMPROVE; BUSINESS CONDITIONS BETTER; BRIGHT PROSPECTS INDICATED.

Business at the port of St. John has improved considerably since the beginning of the New Year, steamship and railway officials report, and members of the "baggage" men's and "handlers" unions state that conditions are better, so far as work is concerned, than when the winter season first opened. Indications are that traffic will be brisk for the remainder of the season.

In other lines an improvement is noted, and this is true of conditions prevailing in the Amur stores, which are now preparing for the celebration of their anniversary. Amur's, after having achieved success in their fall and winter operations, are getting ready for the spring trade and have decided to add to their business a new department, devoted to the sale of dry goods. To provide the large area which will be required for the showing of cottons, ginghams and yard goods, the section which has been reserved for the sale of shoes will be entirely cleared out.

The inauguration of the new department and the elimination of the former shoe sections will be celebrated in a sale of both dry goods and shoes; a general sale in all other lines will also be conducted, in marking the passing of another most successful anniversary.

This triennial observance of inauguration, elimination and natal day will be made one of the most notable in the history of an institution which has attained high rank among local retail establishments, and the values which will be offered will be in keeping with the unique record by Amur's in their policy of giving the people every possible advantage of market conditions.

QUARTER MILLION FIRE IN MONTREAL

Montreal, Feb. 8.—Damage estimated at between \$200,000 and a quarter of a million dollars was caused by a fire this morning, which destroyed the Alliance theatre, a moving picture establishment, the premises of the National Store Mfg. Co., ten stores and an equal number of dwellings, and resulted in severe injuries to a fireman who fell off a ladder.

The National Store Mfg. Co. suffered most from the outbreak, and officials estimate the loss of the building at about \$100,000 and the value of the stock destroyed at \$40,000.

The fire was caused, it is thought, by defective wiring in the roof of that company.

PERSONALS

A. G. Brown and Chas. Lays of Campbellton, are spending a few days in the city with friends.

J. M. Woodman, general superintendent of the C. P. R. New Brunswick district, left this morning on an inspection trip to Fredericton.

George A. Miles. The death occurred at North Devon on Monday of George A. Miles, at the age of eighty-one years. He was born at Keswick Ridge, and when about nineteen years of age removed with his parents to Gibson, now South Devon. He was caretaker of the highway bridge across the St. John river between Fredericton and Devon for twenty-two years. He retired from active work about thirteen years ago and is survived by his widow, two sons, James A. and E. Jack Miles; three daughters, Mrs. F. H. Clayton of Truro, N. S., now at home; Miss Belle M. Miles, at home; and Mrs. B. D. Branscombe, of Winyard, Sask.; three brothers, Thomas, of California; Parlow of Alberni, B. C., and Wilnot of Des Moines, Wash.; and one sister, Mrs. William Barker of South Devon.

A REVISION OF SKATING RECORDS BEING PLANNED

Announcement by New International President.

Lake Placid, N. Y., Feb. 8.—J. T. Fitzgerald of Chicago, newly elected president of the International Skating Union of America, announced here today that he intends to work for a complete and systematic revision of all U. S. and Canadian skating records.

The undertaking would start, he said, with the Lake Placid diamond trophy championship race, Thursday, Friday and Saturday. Arrangements have been made by the president to have the time in each event taken with the utmost care.

"At the close of the present skating season," said President Fitzgerald, "I propose to call a meeting of the board of control of the International Skating Union and at that time take up in detail this whole matter of amateur skating records. The job should be done in a committee whose duty it will be to take up each present so-called outdoor speed skating record, obtaining all possible data as to the conditions under which it was skated. With this information in hand, whether the record is or is not official and entitled to consideration as to the future records at the same distance.

Clark Griffith president of the Washington club, had arranged for the club owners and officials to pay their respects to the White House, beginning their sessions later in the day.

POSTPONEMENT OF GENOVA MEETING

French Government Makes Strong Representations—Three Months Mentioned.

London, Feb. 8.—Official confirmation was given today of the postponement of the meeting of the Genoa conference.

The British government's reply has not yet been formulated.

Paris, Feb. 8.—The French foreign office today it is quite likely that it will not be necessary to postpone the proposed Genoa conference.

It declined, however, to give its confirmation to the London announcement of the postponement of the Genoa conference.

Paris, Feb. 8.—The Genoa conference is postponed for three months.

REPORT OF QUARREL BETWEEN TAYLOR AND MISS NORMAND

Los Angeles, Feb. 8.—A quarrel between Taylor and Miss Normand was described by Harry Fellows, chauffeur for Taylor, according to the Los Angeles Examiner today.

"I was driving Mr. Taylor and Miss Normand from the Ambassador Hotel to her home," Fellows is reported to have said. "On the way they had a quarrel, I don't know what it was about, but both were very much excited. Mr. Taylor took Miss Normand home and then returned to his apartment. Upon arriving there he broke down and wept. On the following morning he did up some jewelry in a package and took it to Miss Normand to her home."

Harry Peavey, negro houseman for Taylor, was also present at the quarrel. He returned at 8.15 p. m. and saw some jewelry in the man Mr. Douglas MacLean standing on the porch and leaving the house."

LOCAL COMPANY IS ASSIGNED

Fredericton, Feb. 8.—(Special)—A meeting of the creditors of the United Lumber Company which has had its head office in Fredericton for several years, and which has done business in various parts of central New Brunswick. It was stated that a decision had been reached to make an assignment within a few days. The Eastern Trust Company at St. John will be the assignee and trustee in bankruptcy. Liabilities are in the vicinity of \$125,000 and the assets less.

CHANCERY COURT

The case of Austin et al. vs. McCaskill et al., was continued in the chancery division of the supreme court this morning. Several witnesses were examined. Their evidence had to do largely with the connection of Mrs. J. Clarke with St. Matthew's church during the pastorate of Rev. Mr. McCaskill. It was shown that she was prominent in church activities during that time and that she was received into the church during the early part of his pastorate. Adjudgment was then made until this afternoon.

WIRELESS REPORTS

Position of steamers reported through the Dominion Direction Finding Station at Red Head, Wednesday, February 8.—Nook—S. S. Bollingbrook, bound for London, passed out.

High River, Alberta, Feb. 8.—What is believed to be a world's record for wireless telephone conversation occurred last night when W. W. Grant, chief engineer of the government's board plant here, talked on the radio phone with Dr. W. R. Reynolds, of the Reynolds Radio Company, in Denver, Colo., a distance of approximately eleven hundred miles.

FREDERICTON TO TAKE A CENSUS

Dissatisfied With the Federal Count—Fire Insurance Losses for Year Above the Average.

Fredericton, Feb. 8.—(Special)—The Fredericton city council has decided not to hold a city census. General dissatisfaction with the total shown by the federal census of 1921 was the reason for the argument for a census.

The annual report of Fire Chief H. C. Butler shows that Fredericton's fire insurance loss for 1921 was \$22,739.27, which was divided as follows: Buildings, \$11,412.54; contents, \$11,326.73. The fire which destroyed the Chestnut Canoe Company's plant in December was the most disastrous. Losses totaled 168. The average insurance loss for thirty-eight years was \$9,147.16.

MOTHER AND 3 CHILDREN DEAD

Burned in Montreal Fire—One Son Loses Life While Attempting to Save His Mother.

Montreal, Feb. 8.—Mrs. Anna Henkel, aged forty, and her three children, John, aged thirteen; Hector, aged four; Olive, aged two, were burned to death in their home in the city last night.

The father, John Henkel, terribly burned and nearly dead, was taken to the home of his father.

Two other daughters and a son are terribly burned, shocked, suffering from exposure, and injured.

John, the older of the two dead sons, lost his life battling his way into the house to save his mother. He escaped, but went back.

Catarh Means Impure Blood

It is a Constitutional Disease.

When it affects the nose and throat and becomes chronic it weakens the delicate tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste and hearing, and causes the hair to fall out. It is cured by purifying the blood, removing the cause of the disease, so troublesome at this time of year, and gives permanent relief.

"I had catarrh of the head and stomach, and dreadful ringing noise in my ears," declared Dr. Hood's Sarsaparilla; "my health improved wonderfully, and I adopted Hood's Sarsaparilla as my family medicine."—Mrs. M. Jenney Shaw, St. Johns, N. S.

DISORDER BREAKS OUT ONCE MORE

Continued from page 1

Cork, Feb. 8.—The Cork railway strike was expected to be recalled tonight, the strikers having announced their intention of taking back to the streets of the city last night.

South Munster is virtually isolated from the rest of the country, and the fairs and markets are hard hit.

Bel, Feb. 8.—While the attack on the Elliott House at Enniskillen was proceeding the police rushed to the scene and captured eleven of the assailants in three automobiles containing rifles, revolvers and bombs.

Subsequently the police hunted two other rifles in each of which was found a wounded man. Both men were arrested.

John McClelland, a prominent Tyrone loyalist, was wounded and kidnapped from his home at Carraghly.

Three motor cars drove up to the scene in Enniskillen of James Cooper, a member of the Ulster Corporation. Cooper opened fire on the men, who hastily departed.

A series of raids also were made in South Down. Major Miles, of Belfast, and then returned to his apartment. Upon arriving there he broke down and wept. On the following morning he did up some jewelry in a package and took it to Miss Normand to her home."

LAST CAR CLUB

The members of the Last Car Club held their weekly reunion last evening at the home of Mr. and Mrs. Sibley. United in spirit, and showing the greatest number of points, consolation prizes were awarded to Mr. and Mrs. Sibley. Dainty refreshments were served by the hostess during the evening, and after the card games were finished a musical program was enjoyed. A hearty vote of thanks was tendered the host and hostess. Auld Lang Syne was sung and the members departed to catch the last car.

GOVERNMENT TO ASSIST SOLDIERS

(Canadian Press Despatch)
Ottawa, Ont., Feb. 7.—Special provision for the relief of unemployed returned soldiers and their dependents in Montreal and some other points where distress conditions are such that they were not adequately met by the provisions of the relief order-in-council passed on January 29 have been made by the government, it was announced here tonight. The minister of labor has been given authority to make such expenditures as "he may deem reasonable" to provide food, shelter and clothing for returned men and their dependents in Montreal where there is stated to be considerable actual hardship which is not being provided against under the former order-in-council, such necessary expenditures including the rental of the Khaki Club building to provide shelter for the workless veterans and their families where necessary.

CARNIVAL IN AID OF ORPHANS

A highly successful carnival was held last evening on the Carleton open air rink under the auspices of Roxborough Lodge No. 24, L. O. B. A., in aid of the Memorial Home, Wright street. Between four and five hundred people assisted in this worthy cause and a substantial addition was made to the orphanage fund. The promoters of the affair are loud in their praises of the treatment accorded them by Hilton Belyea, in giving them the rink free of charge. The Carleton Cornet Band donated their services and played a programme of twelve numbers. The costumes exhibited were excellent and up-to-the-minute. The first prize, a box of stationery, was won by Mrs. W. A. Sullivan, 23 St. James street. Her make up was "Hydro-electric." It was very clever and created much comment. Second prize went to Miss Mary Calley, 23 St. James street. Her costume of "Washington Peace Conference" won the flashlight donated by J. G. Harrison. Miss Eva Ambrose, 147 Prince street, West End, walked off with the third prize, a lady's lace set. She represented a "Profiteering Landlady." Fourth prize was won by Joseph Olson, whose true-to-life performance as "Hard Times" was for him a safety razor. The judges were: W. E. Emmerson, Frank T. Belyea and J. Firth Brittain.

POURED GASOLINE IN A STOVE, TWO DEAD

Regina, Sask., Jan. 7.—Mrs. Anton Siegel and her baby are dead, and Anton Siegel and Mrs. Ottenbreit seriously injured following a fire which destroyed the Siegel farm house, three miles from Crayson (Sask.), Sunday night, according to word just received. The injured are now in the Grey Nun's Hospital here.

Mrs. Ottenbreit, her husband and baby were visiting her father and the fire getting low, Mrs. Siegel endeavored to revive it. She picked up a three-gallon can of gasoline which she mistook for coal oil and it caught.

MONTREAL WOMEN HEAR DR. WEBSTER

(Canadian Press Despatch)

Montreal, Feb. 7.—The influences at work in determining our character are more American than British, was the opinion expressed by Dr. J. Clarence Webster, F. R. S. E., of Shelburne, (N. B.) in the course of an address on "Wife, Her Characteristics and Her Friends," before the Women's Canadian Club here today. Dr. Webster based his opinion particularly on observations in the Maritime Provinces and in the West. In Montreal, he declared, American opinions were felt less strongly than in the western and lower provinces. The facts lay, he thought, in the teaching of history in Canadian schools which he described as a "dreary drudgery." He paid tribute to Americans for their love of history and said there were more historical museums in the New England States than in England and Canada combined.

OPPOSE CANADIAN CATTLE EMBARGO

(Canadian Press Despatch)

London, Feb. 7.—A meeting of the National Federation of Meat Traders' Associations held in London today passed a resolution to the effect that the outbreak of foot and mouth disease should prove by all public authorities the necessity of removing the embargo upon Canadian store cattle. The president read the following resolution passed by the City of Liverpool Meat Traders' Association: "That in view of the favorable report by a royal commission for the admission of Canadian store cattle, the government be asked to take immediate steps to bring about the removal of the embargo in order to secure a plentiful supply of some fed meat and give due regard to public requirements as against the monopoly vested in the interests."

QUEBEC THE LIVELY CITY OF WINTER

The Ancient Capital Revels in Winter Sports With a Continuous Carnival.

Quebec is the lively city of winter. Keen frosty air, exhilarating and health-giving, and a continuous carnival of winter sports, is the medium that is attracting many visitors to the ancient capital. Snow-shoe parades, tobogganing, skating, curling, and hockey are the pastimes of the Quebec people, and hundreds of American visitors from less favored climates are being initiated into the real delights of an ideal Canadian winter.

From all maritime province points the Canadian National Railways offer the finest of train service to Quebec via the "Maritime Express" and "Ocean Limited."

From St. John there is also the through service via the Valley and Transcontinental line on Mondays, Wednesdays and Fridays. For further particulars apply to city ticket office, Canadian National Railways, 40 King street, or write general passenger department, Montreal, N. B.

PUBLIC PROBLEMS WERE DISCUSSED AT CONVERSAZIONE

The annual conversazione of the Natural History Society held last night was a delightful occasion and greatly enjoyed by a large gathering. An excellent musical and literary programme was given and some sound advice was administered in the addresses delivered. Refreshments were served at the close of the programme.

Rev. Dr. David Hutchinson, the president, was the chairman and welcomed the guests. The programme numbers included a duet by Miss Poole and Miss Hunt, a recitation by Miss Ethel McGinley and a piano solo by Miss Gladys Dykeman, each of which was well received.

W. S. Fisher, in his address, told of his recent visit to Orillia and spoke of the fine building there. He strongly urged the support of the project to erect a women's building in St. John.

Dr. William Warr spoke impressively of the importance of having pure milk and of the steps necessary to ensure purity of milk supply and Hon. R. J. Ritchie said some plain things about the conduct of the citizens of St. John, specially referring to the girls who are found on the streets at night.

The refreshments were served by a committee of the ladies' association of which the president, Mrs. W. H. Shaw, was the convener. The serving table was prettily arranged with white spring flowers in silver vases and white candles in silver candlesticks. Mrs. John A. McAvity, the past president of the ladies' association, and Miss Grace W. Leavitt, the vice-president, presided over the pouring and members of the junior association assisted in the serving.

PREMIER CRAIG GETS CONCESSIONS

London, Feb. 7.—Sir James Craig, premier of Ulster, announced this evening that he would hold no further conferences with the Imperial government, but would stand firm on his letter to Prime Minister Lloyd George yesterday. His letter he said Ulster would insist on the application of the terms of the government of Ireland Act of 1920 unless boundary adjustments could be made through mutual agreement. Sir James, it was learned today, has obtained immunities in this district.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, FEBRUARY 8, 1922

REV. DR. MEAHAN HAS PASSED AWAY

Parish Priest of St. John the Baptist Church Had Spent Eighteen of His Twenty-five Years of Priesthood in St. John.

After a long and heroic battle against a malignant disease, Rev. Dr. Arthur Woodworth Meahan, parish priest of St. John the Baptist church, passed peacefully away last evening at his home in Broad street. Expressions of sincere regret were heard on all sides last night as the news of Father Meahan's death spread through the city. He was one of the most able and outstanding priests in the diocese of St. John, and his genial manner and engaging personality made for him a host of friends amongst all classes of citizens. Although eighteen of his nearly twenty-five years in the priesthood were spent in St. John, he had labored in other parts of the diocese and was widely known throughout the province.

During the sixteen years of his attachment to the Cathedral parish, Father Meahan did notable work. For five years after his ordination in 1897, he was an assistant at the Cathedral, and in 1902 was made rector, in succession to the late Rev. F. J. McMurray. He continued to act in this capacity for more than ten years when, in 1913, he was made parish priest at St. Andrew's (N. B.).

A man of wonderful personality and gracious manner, he had a magnetic influence among men. One of the best speakers in the diocese, his sermons were clear and strong and his appearance in the pulpit striking. Whenever Father Meahan preached there were usually large congregations.

He did excellent work in all the societies of the Cathedral, and especially in the Holy Name Society. As head of this society it was his custom to deliver monthly Sunday evening sermons on Church History that always attracted large numbers. The abiding character of the work that Father Meahan did at the Cathedral is proven by the evidence of it that are still to be seen in the parish.

When Father Meahan left the Cathedral to go as parish priest to St. Andrew's in 1913, his departure was keenly regretted, and on that occasion a purse of gold and an address were presented to him by members of the congregation. After acting as parish priest in St. Andrew's for about two and a half years, he was transferred to Milltown upon the death of Rt. Rev. Monsignor E. J. Doyle. Father Meahan served about two years in Milltown, after which he returned to St. John as parish priest of St. John the Baptist church, following the death of the former pastor, Rev. F. J. McMurray, in August, 1919.

During his previous years of labor in St. John, Father Meahan had established for himself a place of high regard among the people of the city, and he was warmly welcomed back.

For the last three or four years Father Meahan had been afflicted with a disease that latterly had caused him great physical suffering. But he was a man of wonderful physique and strength, and his superb courage and exemplary fortitude would not permit him to lay aside the duties of his priestly office when he might have done so long ago. Although incapacitated, especially during the last few months when the fatal effects of his disease were accumulating into an ever increasing tax upon his strength, Father Meahan persevered right up to the very end.

The extraordinary nature of his resistance may be realized when it is considered that only so recently as last Friday

THOROBREAD FLOUR

Milled by Hunt Bros Limited London, Canada

If you have any doubt, give Thorobread a try-out.

He took part in the ceremony of the blessing of the people's throats on St. Blaise's day.

But after his last public appearance amongst his flock Father Meahan had but little longer to live. On Sunday he was confined to his bed. By yesterday his condition was critical. At 5 o'clock last evening he lapsed into unconsciousness and a few short hours afterwards he breathed his last.

There will be particularly keen sorrow amongst the people of his own parish of St. John the Baptist and amongst his former parishioners of the Cathedral. But there will be genuine regret at his passing not only amongst the Catholic people of the city and diocese but on the part of a great number of non-Catholics, amongst whom Father Meahan counted a host of friends. He was one of the best known priests in St. John for a great number of years.

REV. DR. A. W. MEAHAN.

St. John the Baptist and amongst his former parishioners of the Cathedral. But there will be genuine regret at his passing not only amongst the Catholic people of the city and diocese but on the part of a great number of non-Catholics, amongst whom Father Meahan counted a host of friends. He was one of the best known priests in St. John for a great number of years.

The late Father Meahan was born at Shediac (N. B.) on June 7, 1873, and was therefore in his forty-ninth year. He was the son of the late John Meahan and Margaret A. Sullivan Meahan. The family subsequently moved to St. John. He was educated at St. Joseph's University, Memramook, where he took his classical and philosophical courses and made part of his theological studies. He was graduated with the degree of bachelor of arts in 1896 and for a time taught at the college.

Later he went to the Grand Seminary in Quebec where he completed his theological course. His college career was a brilliant one. He was ordained a priest by the late Right Rev. J. Sweeney, D. D., Bishop of St. John on July 9, 1897.

From the date of his ordination until September 1902 Father Meahan was an assistant at the Cathedral but at that time he was made rector.

He received the honorary degree of Doctor of Divinity in May, 1912, by Laval University, one of the oldest institutions of learning on the continent of which the Grand Seminary is one of the constituent parts.

In May, 1913, Father Meahan went to St. Andrew's and in November, 1917, he was transferred to Milltown. He was made parish priest of St. John the Baptist church in September, 1919.

It was announced at the Bishop's Palace last evening that the pontifical mass of requiem would be celebrated by

His Lordship Bishop LeBlanc, probably on Thursday morning. Rev. D. S. O'Keefe, who succeeded Father Meahan as parish priest in St. Andrew's, will preach the funeral oration. If these arrangements are adhered to the funeral will take place at Melrose, Westmorland county, on Friday.

John D. Lyons, of New York, a cousin of Father Meahan arrived in the city yesterday. T. J. Sullivan, of Moncton, is an uncle of Father Meahan and Mrs. Mary J. Lyons and Mrs. Elizabeth Sullivan, of Waltham, are aunts.

Mr. Gunter is a member of the firm of Murray and Gregory, Limited.

RECENT DEATHS

Mrs. Maria Pedersen.
The death of Mrs. Maria Pedersen, widow of Hans Pedersen, occurred yesterday morning at her residence, 845 St. John street, at the age of eighty-six years. She is survived by four sons and three daughters. The sons are: Walter, of St. John; Christian, of the Sandy Point road; Walter, of Glen Falls, Torval residing in Fredericton; and Hugo, of Chicago. The daughters are Mrs. Louisa Alexander, of Hartford (Conn.); Mrs. Jackson, of the Havel Islands; and Arice, at home. The funeral will be held from her late residence on Friday afternoon at 3 o'clock.

RECENT DEATHS

Mrs. T. S. McAuley.
The death of Mrs. T. S. McAuley occurred last evening at 11:30 o'clock at her home, Lower Millstream, Westmorland county. She leaves an infant daughter, eight days old, her husband and her parents, Mr. and Mrs. Albert Sharp, of Sussex. One brother, Everett Sharp, Sussex, and three sisters, Mrs. Quinn Myers, Sussex; Mrs. William Porter, Benton; Miss Edith Sharp, Benton, also survive. The funeral arrangements will be announced later.

RECENT DEATHS

Miss Edna Ritchie.
The death of Miss Edna Ritchie occurred yesterday at her home, 26 Castle street. She was the third daughter of Mary and the late Marmaduke Ritchie. Besides her mother, she leaves her father, Mr. J. J. Ritchie, and Stewart, all of this city; and three sisters, Evelyn, Mary and Florence, all at home.

RECENT DEATHS

The death of Wallace A. Richardson occurred yesterday at his home in Sydney. Mr. Richardson was editor of the Sydney Record and learned the newspaper business in St. John with the late Messrs. Messenger and Victor. He was sixty-one years of age and was seven times elected mayor of Sydney. He leaves his wife, two daughters and three brothers.

FIVE YEARS FOR ROBBERY

Windsor, Ont., Feb. 8.—Five years in Portsmouth penitentiary was the sentence meted out to William Rowan, twenty-three, of Walkerville, at Sandwich, yesterday, for highway robbery. Wilfred Adams of Amherstburg identified Rowan as the man who held him up and compelled him to hand over \$2,500.

NEEDLES, GOLOSHEES FOR PRINCESS MARY

London, Feb. 8.—Presents for Princess Mary are beginning to arrive in great volume. The other day she accepted a magnificent fur coat, made from the skins of blue Beveren rams. It has a wonderfully soft texture. Princess Mary was greatly interested in the rabbit industry during the war and kept many hutches in the palace stables, where I visited them many times.

BOOTLEGGERS' ROADS UNSAFE FOR CIRCUIT RIDING PASTOR

Syracuse, Feb. 8.—The Rev. Frank H. Wright, Wesleyan Methodist church pastor at West Chazy, near Plattsburg, N. Y., was obliged to give up his pastorate and become a professor in Houghton Seminary, on account of the excitement attendant upon booze running. He told the conference of that church in session here. He said he had two charges and was obliged to cover forty miles in three night trips each week.

BOOTLEGGERS' ROADS UNSAFE FOR CIRCUIT RIDING PASTOR

Even with a rifle in the car and driving the car in the ditch, he said, he made up his mind the roads of Northern New York were unsafe for ministerial circuit riders and gave up his charge.

New Afternoon Frocks

Effective In Color, Fabric and Style.

Excellent quality material and expert tailoring characterize these interesting first spring arrivals. High colors are in universal favor. The straight line mode is enriched by such color confections as honeydew, geranium red, canna, jade and chaume.

Sleeve styles have struck a decidedly new note. Among the most striking varieties is the aeroplane style, cut straight from neck to hem; the peasant sleeve made full and banded at wrist; the handkerchief sleeve with the under seam left open.

The new "Crepe Knit" fabric is much in demand for afternoon and sports wear and vies in popularity with the charming Canton Crepe. Paisley patterns used in combination with plain colored materials are decidedly new. Beaded designs; colored ribbons cleverly arranged; and touches of hand stitching or embroidery lend distinguishing touches as trimmings.

Such Frocks as These Perfectly Illustrate The New Modes

A clever costume of geranium red "Crepe Knit" is made with vestee and skirt inserts of oyster grey. This has a stunning red cape to match, fashioned with soft draped collar and effective stole front.

Another beautiful frock is developed in honeydew "crepe knit" with blouse and half sleeves of light Paisley patterned tricotee. The wide skirt hem is finished with a row of hand embroidery in harmonizing shades. There is a narrow sash at waist and sleeves are prettily trimmed with silk cord and tassels.

Other original and beautiful combinations are seen in frocks of Canton Crepe with sleeves of jade; Black Poiret will be embroidered in American beauty and steel; Black and white pencil striped worsted with appliqued pattern of pumpkin color, and many others.

You will be interested in our line of New Canton Crepe Dresses, in brown, black and navy. They are handsomely beaded and embroidered and are very moderately priced.

The Daughters of Israel met last night in the Hebrew school in Carleton street. There was a large attendance of members and Mrs. Joseph Goldman, the president, was in the chair. A silver dish was raffled and was won by Mrs. A. Rasovsky, of 41 Spring street. Four members were welcomed and Mrs. Bertram, of Sackville, an out-of-town member, was cordially greeted. Refreshment was transacted and gratifying reports of philanthropic work received.

Miss Hoyt, the agent of the Traveler's Aid returned yesterday after a much needed vacation. This branch of the W. C. A. work has proved of inestimable benefit to women and girls traveling alone and the recent endeavor to cut down expenses by dispensing with some of the staff have led to protests from the railway authorities who realize the need. Miss Isabel Jamieson, who was in the city yesterday after a tour of Nova Scotia, expressed herself as well pleased with the work done in the campaign for the new Women's building here.

The first examination to be held in the Wallace Nesbitt Junior first aid competition was held last evening in St. Paul's church school room when a team from No. 2 St. John troop, Boy Scouts, was examined by Dr. Skinner and Dr. Bridges. There will be twenty-six examinations in all of teams throughout the province. The team examined last evening was composed of Murray Strong, captain, Aubrey Peters, Edward Chase, Arthur Roberts and Herbert Warren. The boys, who were trained in the first aid work by Mr. Hamm, the scoutmaster, went through the examination very well. The contest is being held under the auspices of the St. John Amulance Association.

The many friends of J. ARMY OF GIANT LOBSTERS HALT STEAMER AT HARBOR

New York, Feb. 7.—A story of a run of lobsters that prevented the steamship Ebro of the Pacific Steam Navigation Company landing at Juan Fernandez, the little island on which Alexander Selkirk lived for two years, his adventures inspiring Defoe to write the immortal "Robinson Crusoe," was told today upon the Ebro's arrival from South American ports.

H. T. Browne, the ship's purser, told the story—and ship news reporters gave it credence, because pursers yield nothing to ship's Chaplains in the matter of veracity.

"Before we left Valparaiso," said Browne, "a party of tourists chartered the Ebro to visit Juan Fernandez, 400 miles westward. When we got to the island's harbor we couldn't go in, because the run of lobsters was so great the Ebro couldn't make headway against 2,000,000 skins.

POET DELIGHTS AND THRILLS HEARERS

Rev. Dr. Robert Norwood, of Nova Scotia, Heard in Interpretive Readings of His Own Poems by Large Audience—Defends Canadian Literature.

Those who were present last night to hear Dr. Robert Norwood give his splendidly dramatic interpretive readings from his own inspired poems will always remember that evening with a glow of pleasure and a feeling of pride that it was their privilege to hear him. The "lectures" were given in the hall of the Union street, under the auspices of the Loyalist chapter of the Imperial Order of the Daughters of the Empire, of which Mrs. Heiter Vroom is regent, and an audience which taxed the capacity of the large hall was thrilled with Dr. Norwood's readings. Sir Douglas Hazen was the chairman. The programme included piano solos by Miss Ford and vocal solos by Mrs. Arthur N. Carter and Mr. Lawrence, for whom Mrs. Allan McAvity was accompanist. Mr. Norwood voiced his sincere appreciation of the charm and sincerity of the rendering of the musical numbers. He looked, he said, to the time when the greater voice of the world would come out of Canada. The unanimous and hearty vote of thanks tendered Dr. Norwood was moved by Rev. H. A. Cody, his former pastor at King's College, and seconded by Rev. Canon B. A. Armstrong.

Sir Douglas Hazen in introducing the eminent writer to his audience declared the I. O. D. E. had undertaken no work which was so fruitful of good. The audience elevated the literary taste of the community. Canada was no longer content to claim a share of the literary plants of the Empire, but was building a literature of its own. Dr. Norwood was welcomed with pride as a maritime province man and some satisfaction was drawn from the fact that his professor of literature at King's College had been Charles G. D. Roberts, of New Brunswick. Sir Douglas raised a laugh when he said it might be that his close proximity to the province in which Miss Carmen was born had also inspired Dr. Norwood's genius. Dr. Norwood was brilliantly witty in his reply to Sir Douglas's eulogy. He referred to Charles G. D. Roberts as the last of the great poets of the province. He said he had heard Blais Carnahan speak of him, and in referring to Charles G. D. Roberts said he had heard the power of the poet in his friend's speech. Dr. Norwood exhorted his audience to countenance the poetical literature that was no Canadian literature there was no Canadian poet. He prefaced his interpretive readings by reading a comic jumble of rhythmic words which he said was typical of what poetry meant to some "sensible" men. He read first, five of his unpublished poems.

The first was a delicious bit of recollection of the joys of a "freckled barefoot truant boy" and the second a merry rippling song the first line of which was "Sing a song of swimming on a summer day." A hymn of poets came next and this Dr. Norwood explained was written as a protest against the vogue of imitations and the cult of lyrics to bathroom soap. The imitator movement had been necessary only to give the pessimists an opportunity of expression and the true artist and poet could not be a pessimist. He said the highest the poet and artist must strive to create is "Hymn of the poets," finding its grandest expression in the "Angels of the singing soap."

Dr. Norwood read "Dusk," the next of the unpublished poems, was a tender and wistful piece of poetry which carried the honest moral that "work and the wage of the harden hand are wisdom of heart to unmitigated bliss."

Norwood interrupted his programme to speak of Rev. H. A. Cody, his former room-mate at King's College and said that as in college days Mr. Cody's reach was longer and he secured more of the unpublished poems. Mr. Cody's reach was longer and he secured one of the greatest novellists of Canada, the late Mr. J. M. G. LeMoine.

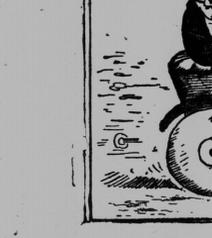

Reading from the Piper and the Reed, which is a mystic and majestic conceit, Dr. Norwood read a poem, Canon Armstrong described as Homeric in its grandeur. "The raison d'être of Bill Boram," he said, is a really serious and important poem. It is a fair and honest study of the bold bad type for a hero and in it he has written a masterpiece. The poet has written the poem that he had struck down in brutal rage.

W. C. T. U. AND THE YOUNG PEOPLE
The provincial superintendent for "Young People's work," Mrs. Edgar Card, was the speaker at the meeting of the W. C. T. U. yesterday and told of her visits at Moncton, Pettitcodiac and St. Stephen, in each of which places she spoke of the department of which she is superintendent. In presenting the work among young people before the St. John union she emphasized three things, the need of the W. C. T. U. for young people, the ways in which it might be done, and the need of the W. C. T. U. to work together. Miss Dobson, of the St. Andrew's C. G. I. P. group, spoke of how it would be possible for the C. G. I. T. girls and the W. C. T. U. to work together. The C. G. I. T. girls of the St. Mary's church were interested guests at the meeting, as were also Miss Clara Fullerton, president of the Fairville union; Mrs. George Colwell, president of the county union, and Mrs. H. Deamer, member of the North End union.

The opening devotions were led by Mrs. Mary Seymour and Mrs. David Hipwell, the president, was in the chair for the business session. Mrs. Hope Thompson reported on her work of visiting the hospital and Mrs. Seymour extended an invitation to the members to observe Frances Willard's day at her home.

Ends Stubborn Coughs in a Hurry

The real effectiveness, this old home-made remedy, is so easy, so easily and cheaply prepared.

You can conquer, until you remedy this famous old home-made cough remedy, which has coughed all day and all night, will say that the immediate relief is almost like magic. It takes but a moment to prepare and is a most effective remedy for coughs.

Into a 16-oz. bottle, put 2 1/2 ounces of Elixer; then add plain granulated sugar syrup to make 16 ounces. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, this mixture saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, breaks up an ordinary throat or chest cold, and soothes the inflamed throat, chills, croup, hoarseness, and bronchial asthma.

Most valuable concern which Mrs. Heiter Vroom is regent, and an audience which taxed the capacity of the large hall was thrilled with Dr. Norwood's readings. Sir Douglas Hazen was the chairman. An Intimate Sketch Of The New Pontiff

London Times Man Visits Birth Place of Pius XI—Interview With His Boyhood Chum—Was Fond of Books and Climbing—Effects Rescue by Skill, Presence of Mind and Strength.

London, Feb. 7.—Proceeding to Deslo, a short distance from Milan, where the new pontiff was born, the Milan correspondent of the London Times found the population in the street commenting excitedly on the news of Cardinal Ratti's election as supreme pontiff while the bells of the church were pealing joyfully.

"So," the local chemist exclaimed to the correspondent, "Desio will go down in history now."

A crowd of peasants, women and children, gathered in front of the factory, in the town of Desio, where the new pontiff was born, and there lived for a long time. His father, Francesco Ratti, director of a silk factory, is not a rich man, but of comfortable means. The Pope was the third born of six children, of whom, besides the Pope, there are two living, Ferno, the eldest and Camilla, the youngest of all.

The Pope passed his boyhood in Desio, where the correspondent was shown the school he attended. In the spring and summer, the teacher, Father Valentini, took the children to the woods, covered with ivy, which is still preserved. Fond of Home.

That the Pope was always fond of his native town was attested. He visited it every summer and last September before making solemn entry into Milan having been created cardinal, he passed a few days in his native village at the house of a friend, a retired solicitor.

The correspondent sought the solicitor and had a short talk with him. "Achille and myself," he said, "were chums." I could tell you a lot about our games and escapades. Since a boy the new Pope has been noted for his love of books and mountains, and I assure you it would be difficult to say which he loves the most. At the age of ten we used to go on excursions over the hills, and he distinguished himself by his climbing and endurance.

From our hills he turned them to the Alps and became a great mountaineer. Of his climbs, there are particularly important—Gros Ventoux, Mont Blanc and Mont Rosa. He was the first to reach the summit of Mont Blanc.

W. McKENZIE WINS ROWING CLUB CUP
This city's excellent circle of musical talent has received a first class addition in the person of Mr. Bill Moran, who arrived here in a series of races for the Tunlun recently and who made their initial bow in St. John last evening. Moran is a member of the Seaman's Institute hall, presenting a programme of wide range that revealed in the lady partner a complete mastery of the piano and, in Mr. Johnson, a musical technique of high degree. The musical pair intend to remain in St. John, where instruction on their two favorite instruments provided the opening for Davidson, better known as a hot comical and his wife is of Belgian descent. Mrs. Blake Ferris assisted in the recital last evening and was heard to advantage several songs. Mrs. L. LeLachur was on the programme but on account of illness was unable to be present.

The recital opened with a piano and violin duet by Mr. and Mrs. Johnson in Beethoven's Sonata No. 9. Mrs. Ferris followed in two songs, "Allah," Chadwick, and "Valentine," DelAcqua, being accompanied by Mrs. Johnson, who was heard in two piano solos, Impromptu in G, Schubert, and Grand Polka Chopin.

After an intermission, Mrs. Ferris gave a spirited rendition of "O'Donovan's Dream" and "The Rose Tree." Mrs. Johnson's recital was a most successful one, and she roused considerable enthusiasm among her hearers. "The Forest Song," Whelpley, was next sung by Mrs. Johnson, who demonstrated her ability on the violin in three solos, Canonetta, Ambrosio; Londonderry Air, accompanied by Mrs. Johnson, who was heard in two piano solos, Impromptu in G, Schubert, and Grand Polka Chopin.

N. S. TOWN ELECTIONS
Yarmouth, Feb. 7.—The town elections were held yesterday in the re-election of Mayor J. M. Walker, and the election of Captain J. E. Kinney, Joseph E. Hopkins and George Killam as councillors. In Digby C. F. McBride, Rod A. Abnamon and Charles E. Hoggan were elected councillors. Dr. E. Duvernet was elected mayor by acclamation. In Amherst James Hogan, Fred Leaman and C. C. Hewson were the successful candidates in the election for town councillors. Dr. W. Bobb was elected mayor by acclamation.

MORE MONEY OR CURTAILED WORK

In the last twelve months the Victorian Order of Nurses in St. John made 15,000 visits, of which 4,254 were free visits, to the poor of the city and when the reports of this splendid record were given at the twenty-second annual meeting of the V. O. N. held yesterday afternoon in the Carlton street home the directors gave warm commendation and congratulation to the superintendent of nurses, Miss Dora Coates. Attention was drawn to the fact that during the last year only \$80 was received from donations of individuals and in view of the fact that the work of the order may have to be curtailed this year because of straitened finances, it was suggested that an effort should be made to secure larger individual contributions. In the absence of the president, Rev. Canon R. A. Armstrong presided. Mrs. David McEllan was elected to fill the vacancy on the board caused by the death of Mrs. J. V. Ellis and the other members of the directors were re-elected.

The president's report, prepared by Judge Forbes, was read in his absence. It referred to the work of the training school for public health nurses which had been established at the V. O. N. home and from which five pupils had graduated and gone out into the province to take up active work. A second course of training had been commenced with four pupils and three had passed successfully and gone to Montreal for further training at an institution affiliated with a medical school, in accordance with the recent requirements of the head office of the V. O. N. These requirements made the continuance of a training school in St. John impossible. The New Brunswick division of the Red Cross Society had financed the training school.

The work of the V. O. N. in the city had consisted of bedside care and child welfare work as formerly. It was understood a proposal of the minister of public health that the present V. O. N. building might be used to meet the needs of the city health work would be submitted to the board at an early date.

The report of the president praised highly the work of Miss Coates, the superintendent, and the other nurses of the order in the city had greatly increased from the city and only \$2,500 had been granted. In view of the financial situation it might be necessary to reduce the staff of nurses in the coming year. The need for the work of the order in the city had greatly increased with the conditions of unemployment and last year 20,000 visits were made, largely to poor and needy, and comfort to homes of distress and saving many lives.

The treasurer's statement, presented by W. L. Caldwell, showed total receipts of \$13,721.98, included in which were the following items: Balance from previous year, \$238.70; patients' fees, \$2,810.28; insurance companies, \$2,129.99; city grants, \$1,200.00; Red Cross, \$1,000.00; O. D. E., \$1,340.00; Red Cross, \$1,836.86; county of St. John, \$500.00; donations, \$90.00. The expenditure for the year, \$13,721.98, with some large outstanding bills and the balance on hand amounted to \$59.78.

The sum of \$2,500 had been asked for from the city and only \$2,500 had been granted. In view of the financial situation it might be necessary to reduce the staff of nurses in the coming year. The need for the work of the order in the city had greatly increased with the conditions of unemployment and last year 20,000 visits were made, largely to poor and needy, and comfort to homes of distress and saving many lives.

The report of the nursing staff was presented in statistical form, giving the number of patients aided, 1,517; number of nursing visits, 11,417; child welfare visits, 4,254; social service visits, 18; school inspections, 160; total visits, 18,048. The number of free visits, 4,254; insurance company visits, \$2,129.99; visits to infants, 3,457. The fees received totalled \$4,940.27, of which \$2,810.28 were received from patients and \$2,129.99 from insurance companies.

Mrs. George F. Smith welcomed the hearty appreciation of the volunteer staff of the superintendent of nurses and declared that it was sufficient to show why the work of the order must not be behind for lack of funds. Canon Armstrong paid a glowing tribute to the work of Miss Coates as superintendent and extended to her all good wishes and hearty congratulations.

The election of directors resulted in the re-election of all the former members of the directors, Mrs. David McEllan replacing Mrs. J. V. Ellis. The board will organize at its first meeting which will be held shortly.

SIR ROBERT BOND OBJECTS TO DEAL

(Canadian Press Despatch)
St. John, Nfld., Feb. 7.—The big Humber river project, which has been under consideration by the Newfoundland government for some time, has encountered considerable opposition. Today Sir Robert Bond, former premier, who retired from public life eight years ago, entered the lists with a lengthy letter published in this issue, in which as a possible intention on the part of Sir Robert to re-enter politics.

The promoters of the plan to develop electric power on the Humber river on the west coast and to establish paper mills and other large enterprises are the Reid Newfoundland Company, operating of the colonial railway system, and the Armstrong Whitworth Company of England. The principal objection as voiced by Sir Robert is re-enter politics.

ANEMIA

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes: "For about eight years I suffered from anemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. I had lost my appetite and my weight had decreased. I had been told that I was anemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt better and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am now well and my circulation is perfect. I am very grateful to Dr. Chase's Nerve Food for people suffering as I did before I used his splendid medicine."

DRY AGENTS IN RAID INVADE DEL MONICO'S

Manager Held, Denies Knowledge of a Drink Raiders Say They Bought—S. S. Flotilla Also Raided.

(New York Times.) Delmonico's restaurant, Fifth avenue and Forty-fourth street, was raided early yesterday morning by Federal Prohibition Agents Peter Reager, Edward Morgenstern and Charles Lapp soon after they had visited the S. S. Flotilla, Sixth avenue and Fifty-fifth street, opened last April by Dr. John A. Harris, special deputy police commissioner in charge of traffic.

The agents alleged that they bought liquor from one of the waiters in Delmonico's. The waiter was not arrested. H. L. Hannaly, the assistant manager, was taken to the East Fifty-first street station and released in \$1,000 bail. Hannaly denied any knowledge of the matter. He said that he was in the office at the time, and if a sale took place it was made by some waiter who had smuggled liquor into the restaurant.

Johnson de Jekel, manager of the Flotilla restaurant, and Peter Galine, a waiter, were held in \$1,000 bail by Commissioner Hitchcock for hearing next week. Dr. Harris yesterday made the following statement regarding the raid on the Flotilla:

"I am deeply concerned with the fact that it is alleged that waiters at the Flotilla restaurant have been found violating the law by the sale of liquor. I have taken every precaution in the past to see that the law was rigidly enforced at the Flotilla restaurant. I have given the most stringent orders to that effect. I have never heard of any violation going on there. Of course, I am not able to guarantee that each and every waiter is honest or that he will carry out instructions. The men who have been arrested have been immediately discharged by me. While I have no personal knowledge of the facts of their case, if it is found that they have violated the law I hope that their offence will be dealt with accordingly."

Judge Harlan B. Howe, in the Brooklyn Federal Court, was informed that three men had committed to jail six months ago material witnesses in a run-running case were still in prison. Judge Howe expressed surprise and ordered that the men be brought before him on Monday, when he said that he would dispose of their cases. The three men were Pike Joseph, Mabel and Michael Murphy, all members of the crew of the schooner Henry L. Marshall, seized last August.

Ralph A. Day, federal prohibition inspector, on his return from Washington, announced that he had appointed the assistant Agent O. A. Greager as his chief assistant. The place of assistant director was still vacant, he said. About twenty new agents would be added, he said.

MORNING NEWS OVER THE WIRES

Joseph McIntosh, who arrived at Portland yesterday from Boston, was ordered deported to St. John by immigration officers, because he had entered the United States in violation of the laws. He drew \$1700 on the bank before leaving Halifax for New York with his supposed wife. She disappeared saying she was to be married to another man.

Fire this morning destroyed the Canadian National railway station at Lunenburg, with all its contents. The building was a large wooden structure and burned fiercely, fanned by a high wind.

The disarmament committee of the League of Nations has decided to meet in Paris on February 20.

The presbytery of Toronto yesterday, by an unanimous vote sanctioned a plan, drawn up and presented by a joint commission of co-operation for the amalgamation of thirty Methodist and Presbyterian rural congregations within the presbytery.

Of the churches to be merged, eleven are Methodist and nineteen are Presbyterian. The union will become effective in July.

Rev. H. L. Eisen, formerly minister of St. Matthew's church here, was elected pastor of the church at Malou, C. B.

Ottawa, Feb. 7.—Andrew Haydon, secretary and general organizer of the national Liberal committee, has signified his intention of resigning these positions by March 1 to devote his whole attention to law.

"EVIDENCES OF INFERIOR WORK"

Report on Collapse of Knickerbocker Theatre by Army and Navy Engineers.

Washington, Feb. 8.—List of 21 "evidences of work of an inferior grade for such an important structure" was submitted yesterday in an exhaustive report on the collapse of the Knickerbocker Theatre by five army and navy engineers at the coroner's inquest into the disaster on the evening of Feb. 7, with the loss of 98 lives, the report stated, was "a direct result of failure to sufficiently provide for the unusual conditions existing at the junction of the curved Columbia road wall to the stage wall."

RUN NECK AND NECK IN 40,000 YEAR RACE

Blue and Yellow Lights from Stars Travel Earthward With Equal Velocities.

Cambridge, Mass., Feb. 7.—In a 40,000-year voyage from the stars to the earth pulses of blue and yellow light run a neck-and-neck race, according to a bulletin issued by the Harvard College Observatory. Travelling 186,000 miles a second, the two kinds of light do not differ in velocity by as much as an inch a second, the bulletin says. In the entire journey neither gains as much as two minutes.

I. O. D. E. CHAPTERS HEAR REPORTS AND ELECT OFFICERS

The three primary chapters of the Imperial Order of the Daughters of the Empire, the Royal Standard, the Windsor and the Seven Seas, each held their annual meeting last night and each reported with gratification a year of splendid success. The chapters of the Royal Standard Chapter.

The Royal Standard chapter met at the residence of Mrs. T. E. G. Armstrong, Queen square, and the regent, Mrs. J. Pope Barnes, presided. The secretary's report, read by Mrs. J. A. McKewen, told of five new members having been received during the year and of the decision to increase the membership to forty-five. Among the successful efforts of the chapter as a means of raising money were two rummage sales, a bridge-square and the annual sale in November. On Empire Day the chapter united with the other primary chapters in presenting a tableau as part of the pageant of British history.

On that same day it presented a big chart of the Westfield school. At Christmas it made many gifts, contributing to the Goodfellows fund, the Stannett's Mission, the Associated Ladies of the East St. John Hospital and the Free Kindergarten Association. In the last year during the spring flowers were provided for a Victorian Order nurse and also towards the salary of a kindergarten teacher in the East St. John Hospital. The chapter had been the first to respond to the Local Council of Women's appeal for a walk for babies, who otherwise might not be able to obtain it. Later, through the generosity of two patients, the chapter was able to increase its donation to this fund and present it supporting two babies.

The treasurer's report showed that all appeals which had been made to the chapter had met with a generous response. The chapter had been able to provide for the General Public Hospital, towards the expense of bringing Mrs. C. B. Allan, Lancashire, Millland, the G. W. V. A. on Poppy Day, the Boy Scouts, to the Salvation Army, the family of a soldier, and to the orphanage in West St. John. The chapter members had assisted at the annual walk for babies, who otherwise might not be able to obtain it. Later, through the generosity of two patients, the chapter was able to increase its donation to this fund and present it supporting two babies.

Pimples and boils

—caused by errors of diet

A well-known skin specialist says that pimples are "signal flags of danger" often indicating errors in diet.

Indeed pimples are no frequent by-product of faulty habits of eating and improper digestion that the first thing to do is to see that our food is right.

Fresh yeast is a wonderful corrective food for these skin disorders. Fleischmann's Yeast is rich in the elements which improve appetite and digestion and which keep the intestine clean of poisons.

Physicians and hospitals all over the country are recommending Fleischmann's Yeast as a health-giving food. It gets right at the basic cause of these complaints.

Buy 2 to 3 cakes of Fleischmann's fresh yeast daily before you begin to eat. It gets right at the basic cause of these complaints.

BOGUS 2-CENT STAMPS FOUND

New York Dealer Informs the Government of Clever Forgery, First of Kind Since 1894.

(New York Times.) An excellent counterfeit of the current two-cent United States postage stamp has just appeared here. A stamp dealer who is quick at detecting peculiarities in postage stamps discovered the forger. He has several hundred of the counterfeits in his possession awaiting inspection by a post office department official.

Edward Stern, of the Economic Stamp Company, 87 Nassau street, is probably the first man to detect the difference between the two-cent forger and the genuine issue. Early in the week, Mr. Stern said yesterday, a man interested in stamps came to his office with a few sheets of ten United States two-cent stamps, all properly gummed but a shade lighter in color than the customary deep red. Closer inspection disclosed the fact that the "U" in the word "United" on the stamp at the upper left-hand corner of the sheet of ten was imperfect at the curve. There were several other minor defects. The perforation number was twelve instead of eleven.

Mr. Stern offered to buy the stamps at their face value and when told what they were he had, asked for more. As a result I got several sheets of ten, numbering several hundred stamps," said Mr. Stern. "The defective 'U' was clearly apparent on every sheet, showing conclusively that the stamps were printed in sheets of ten. The man who sold them to me did not know that the stamps were counterfeits, saying that the person from whom he obtained them had purchased them from a lot of unused stock from a big mail order house. 'It got the big batch of forgeries on Wednesday and immediately sent a sheet with an explanation to the United States Bureau of Printing and Engraving at Washington. I have not noticed any counterfeits of this kind, nor have I heard that any collectors or dealers have found any copies, which they would doubtless detect from the lighter shade. The counterfeits in Mr. Stern's office are very cleverly done, being executed in the surface printing style adopted by the government several years ago. They look somewhat like lithographed stamps, but Mr. Stern believes the stamps have been counterfeited in sheets of ten because they would be easier to sell in small quantities in that form than as remnants purchased from large concerns. Moreover, counterfeiting is easier in small units.

WIND STEALS HAT, 7 LAND IN RIVER

Owner Reaches for It, Holding Another's Hand, While Two Hold Him—Splash!

(New York Times.) In an attempt to recover the hat of one man the owner and six others had an unexpected bath in the icy water of the East River off the foot of Webster street, Long Island City, last night. The first four fell in and narrowly escaped drowning. The other three were rescued but could not come to the pier until helped by a dozen men from the nearby plant of the East River Gas Company. The hat was recovered by William Smith of 354 Hancock street, Thomas Tagharty of 314 Hancock street and Samuel and Hugh Welch of 607 Vernon avenue were standing at the end of the pier at the foot of Webster street, when the gusty wind blew Smith's hat into the water. The river flowed six feet below the edge of the pier, but a string-pole jutting out into the water level, and several projections gave Smith an opportunity to climb down. He did so, with Tagharty, who had climbed half way, holding him by the hand, while the Welch brothers, standing at the edge, kept him from slipping. Smith leaned out, but the floating hat was several inches beyond his fingers. He slipped and the lurch sent all four into the river.

Says Children Toddy-Same as 48 Years Ago.

New York, Feb. 8.—Bobbled heads, short skirts, jazz and the movies had had their effect on school children, but the tendency has not been to lower standards of scholarship.

Such is the opinion of Miss Catherine E. Rooney of Brooklyn, expressively retired after 48 years of Public School teaching.

"I have found the young are just about the same today as when I first began to teach," Miss Rooney said.

1,000-RUBLE NOTE SMALLEST LEGAL TENDER IN MOSCOW

Moscow, Feb. 8.—Five-hundred-ruble notes are no longer legal tender in Moscow. A recent decree of the Moscow Soviet announces that hereafter street railways and other government institutions will accept nothing less than thousand-ruble notes.

A thousand-ruble note is worth half an American cent at the present rate of exchange.

At the old par of Russian exchange a thousand-ruble note would be worth 25 cents.

LOCAL NEWS

NOW SUPERVISING NURSE
 Miss Mary L. Slauenwhite, who graduated from the New Hampshire State Hospital Training School for Nurses in the class of 1921, has recently been promoted to the position of supervising nurse at that hospital.

POLICE COURT.
 In the police court, this morning, one man, charged with being drunk, was remanded.

Garnett Hughes and Wilfred Warren pleaded guilty to a charge of trespassing on the property of the C. N. R. at 1.15 o'clock this morning. They said they were looking for a place to sleep. They were allowed to go, and told to get work somewhere.

NOBLE CLAUDE NORTHRUP.
 Many friends of Mr. and Mrs. Claude Northrup will regret to learn of the death of their son, Noble Claude, aged eleven years, which occurred at his home at Cole's Island, February 4, 1922. Besides his parents, he leaves two sisters and one brother. The sisters are Mrs. Gordon Foster and Miss Mary of St. John, Mrs. Herbert Perry of Cole's Island, and Misses Addie, Muriel and Dolly, at home, and one brother, Sterling, at home.

PETRIFIED APPLES
 What is, perhaps, one of the strangest shipments which ever came through the port of St. John, came in some time ago on the steamer Canadian Spinner, from Australia. It was a shipment of two bags of petrified apples. The apples resemble a stone in color, and are just as hard. It is possible to cut through the core with a knife, but the body of the apple resists all attempts to pierce it. When the apples arrived here it was found that there was no coniferous for them and so it is not known to what use they were to be put to.

MRS. JAMES IVINE.
 The death of Margaret, wife of James Irvine, occurred here in St. John, Monday morning after a lingering illness. She leaves to mourn her husband, four sons, Charles, Frederick, James, and John, at home; and three daughters, Mrs. D. W. Kelloway of St. John, and Mrs. A. R. Duffy of St. John, and Katherine, at home; also four brothers, Michael, Windsor, Orla, and James, and three sisters, Mrs. Thomas Moran of Lunenburg, Mass., Mrs. Thomas Glasgow of New Hampshire, and Mrs. Annie Dwyer of St. John. Funeral will be held on Friday morning at St. Martin's.

DIED IN ROSLINDALE.
 The funeral of Charlotte, widow of William Dickson Robinson, was held from the residence of her son, John Q. Robinson, 122 Benn avenue, Roslindale, Mass., on Saturday, to Woodlawn cemetery. The late Mrs. Robinson was born in this city ninety years ago, the daughter of the late Capt. John Harvey, and resided here until about twenty years ago, when she went to Boston. She had since been a constant visitor to her native city until about eight years ago, when her advanced age made traveling impossible. She is survived by two sons, William H. and John Robinson, both of Boston, and one daughter, the wife of James H. Hamilton of this city.

REVIVAL SERVICE.
 A meeting last evening in Ludlow street Baptist church, west end, in connection with the revival service, was well attended. The meeting was in charge of the pastor, Rev. Isaac Britton, who led in a hearty song service. Rev. J. R. Swetnam, the speaker of the evening, delivered a very earnest and interesting message on the subject "Who is on the Lord's Side?" in which he pointed out the advantages of a Christian life. The duet "He Lifted Me" was well rendered by Ralph J. Rupert and Mr. Swetnam.

FINED \$200 ON OPIUM CHARGE
Hum Sek Warned of 7 Year Dorchester Sentence—Fine of \$100 Against Another Chinese Allowed to Stand.

The case against Hum Sek, charged with having opium in his possession, and against Hum Woo, charged with being an inmate of the room in which smoking was taking place, was finished this morning.

E. S. Ritchie moved for the dismissal of the case against Hum Woo, as his evidence showed he had legitimate business in the room where Hum Sek said he did not like the part of his evidence in which he said he didn't know that smoking of opium was going on. A fine of \$100 was allowed to stand.

In the case against Hum Sek, Mr. Ritchie asked that the minimum fine be struck. The Dominion policeman who was conducting the case for the prosecution said he thought this charge against Hum Sek was a serious one on account of his having a young fellow aged seventeen in the room at the time of the smoking. "A man like that," he said, "is a menace to the community." A minimum fine of \$200 was paid, but Sek was warned that the next time he appeared in the court on a similar charge he would get the limit of seven years in Dorchester.

BELIEVE HE IS SAME MAN WHO IS WANTED HERE
 Fred Doucet, who is being held in Fredericton on a charge of forgery, is believed to be the man who, under the name of Joseph Boudreau, was given suspended sentence of five years before the magistrate here last Friday on a charge of theft of an overcoat from the Dufferin Hotel. In the event of his being acquitted of the forgery charge he will be brought to this city where a warrant has been issued for his arrest on a charge of obtaining goods under false pretences. It is alleged that he forged a man's name to an order for some paint. The detectives say that from the description they are convinced that he is Boudreau and they think that Boudreau is his real name. The suspended sentence will also be held against him if he is brought back to St. John.

ARRANGING FOR N. B. CHAMPIONSHIP
 Schedule to be Drawn at a Meeting on Thursday.

Game Tonight Decides the Northern Section—Sussex and Charlottetown Now in Running—Finance Matter in Question.

Fredericton, N. B., Feb. 8.—With two of the three sectional championships already won by Sussex in the western and Charlottetown in the eastern, officials of the N. B. and P. E. I. Amateur Hockey Association have completed preparations for making arrangements for the play-off for the championship of the two provinces.

Representatives of Sussex and Charlottetown will meet delegates from the winners of the Chatham-Campbellton game at Chatham tonight, which decides the title in the northern section, in a conference at Moncton on Thursday afternoon which Dr. Allan Sterling of this city, president of the league, will also attend, when a schedule for the championship play-off will be drawn up. The final winners will play the winners of the Nova Scotia League for the championship of the maritime provinces and possession of the Morton and Thomas trophy, now held by Sussex, for 1922.

Dr. Sterling also has another matter in the way of a financial dispute with the Maritime Branch of the A. A. U. of C. for submission to the conference at Moncton. He said last night that the league had already paid \$60 for sanction to President Covey's office and was now being called upon to pay another similar amount, which he did not believe was due. The N. B. and P. E. I. Amateur Hockey Association did not become affiliated with the C. A. H. A. this season, as originally intended, and are therefore directly under the maritime branch of the A. A. U. of C.

Last night's 3 to 1 win over Marysville clinched second place in the western section of the league for Fredericton. Whether Fredericton will have second place to themselves depends upon whether they can win from St. John again. If they lose, Marysville, St. John and Fredericton will all be in second place, having won 2 and lost 4 games each.

AMENDMENTS TO COUNTY TAX LAWS
 Municipal Bills Committee Considers Proposed Legislation.

At a meeting of the bills committee of the municipal council this morning bills recommended for drafting were considered and ordered printed and advertised. The proposed amendments of rates in the taxes act provoked considerable discussion and the council decided to make it obligatory for employers of labor to send in statements showing the number of persons employed and the amounts paid of a year within a city, town or parish. It also provided that every non-resident in parishes pay a tax of \$5 upon entering into employment, and that employers shall notify the assessors within twenty-four hours of hire of strangers. They will also have to deduct a proportionate amount of taxes from their pay.

Tax Exemptions.
 A bill relating to T. S. Simms & Company was adopted which limits the assessment against the company to \$30,000 for county purposes, \$50,000 for school purposes in addition to the highway tax.

A bill relating to hospitals was adopted and ordered to be forwarded to the Lieutenant Governor in Council praying that the same become law. It is to conform to recent hospital legislation for the payment for patients having no settlement in New Brunswick. A legal settlement means a continuous residence of a year within a city, town or parish.

A bill relating to landlords was also adopted. During the year considerable discussion took place in the county council over sub-division owners collecting more taxes from a tenant or purchaser than the landlord himself had to pay. The new bill will regulate this and prohibit the landlord or seller from collecting more from a tenant or purchaser than he himself actually pays. In case of a dispute the assessors shall fix the valuation to be paid by the tenant or purchaser.

Highway Bonds.
 A bill authorizing the council to issue bonds to pay permanent highway work in Lancaster amounting to \$12,750 was ordered to be sent to the legislature.

A bill enabling the establishment of a sewerage district in the parish of Simonds was ordered printed and distributed. This will enable the county council to set apart a sewerage area and issue bonds for the construction of sewers. This act will not come into operation until a plebiscite is taken in the district affected.

EAST END CARNIVAL
 A very successful carnival was held last night on the East End rink with nearly 600 people present. Many of the costumes were good and the judges had difficulty in picking out the winners but finally decided on the following—Ladies, first, Miss Margaret Andrews as the Forest Girl; second, Miss Gladys Campbell, as the East End Hockey Rink; gentlemen—first, Kenneth Watts, as the Trapper; second, Timothy Treanor, as a Piano Lamp. The ice was in first class condition.
