Golden Ball, Shoe Store

-AND-FURNITURE EMPORIUM

The Golden Ball Boot and Shoe Store is the oldest established in Miramichi. It is now ffteen years since we commenced business exclusively in the above line, and we can now point with pleasure, to hosts of patrons, who have invariably, purchased from us, during that length of time. The reason is plain, we buy entirely from the best manufacturers, consequently our goods give satisfaction. We might purchase cheap, shoddy goods (that are only meant to sell and not to wear) but by pursuing that policy, it would be impossible to retain our customers. The best goods are the cheapest in the end.

We have full lines of

Infant's, Children's Misses', Youth's, Boy's Women's and Men's Boots Shoes, Slippers. etc., at the lowest possible price compatible with good quality.

Also a large assortment of

Trunks, Valises, and Hand Bags, Sole Leather and hoe Findings. Seven years ago we opened our FURNITURE EMPORIUM, and have witnessed a steadily increasing business. Facts Worth Remembering

Sudden deaths do not come from heart disease, one case in twenty, but from congestion of the lungs or brain, and from apoplexy. More die from congestion of the lungs than the brain, and more of congestion of the brain than from apoplexy. Sudden death from heart disease is usually caused by rupture of some large artery near the heart; from congestion of the lungs, by instantly stopping the breath; from congestion of the brain, by causing pressure on the brain which paralyzes and instantly destroys life; from apoplexy, by hemorrhage in the brain.

"Gone to Shoot Old Perkins."

week past. The affair occurred about twenty-five years ago, and was brought about by the journalist's making several vicious attacks upon the honor and honesty of a member of the Legislature. The Solon first tried the usual way of getting even, by buying a horsewhip and hunting the editor, but when he had found him he was knocked down compositors and said :

Boys, how much matter have you got up for the outside?"

'Three columns," replied the foreman, after measuring up on the galleys. "And we need five. You'll have it all up by noon to-morrow, and by Wednesday night all the inside will be up. Then I'll wet down the paper and make up, and while you are working off the outside, I'll run out and shoot old Perkins, who has sent me a challenge."

He sent a formal acceptance, named rifles as weapons, appointed the rendezyous within thirty vards of the office. and then began to scratch out copy. When the hour arrived he was making up the forms, having got a little behind the programme, and by and by his second came in at the back door and said : "We've been waiting for you all of those who try ZOPESA. For Bilio twenty minutes."

"But I'm busy." "This is no time to be busy. Perkins is all ready."

"Hang the luck !" growled the editor as he filled out a column and flung down his rule. "That's just like Perkins-he wants to throw our publication day. Come on-I'll fill him up."

The editor seized his gnn, and hat- Miramichi less and coatless he set out on a lope Nipisiquit for the spot. Perkins saw him coming in that fashion, and his knees weakened and his chin dropped, and though the Tabusintac editor yelled for him to hold on a min ute, he bolted over a fence and didn't come out of the woods until he was six miles away.
