UNSETTLED

TWO CENTS

COAL STRIKE EXPECTED TO END JUNE 20

Chance of Getting Two-Thirds Majority to Reject Latest Offer.

BOTH SIDES ARE TIRED OF STRUGGLE

Clash Has Lasted Since April 1 and Has Cost Millions of Pounds.

London, June 10.—A resumption of work in the British coal mines Monday, June 20, it is generally assumed here, will result from a decision reached today at conference of the miners' delegates to take a ballot on the proposition made by the coal mine owners looking to a settlement of the strike. This assumption is said to be based on the fact that the miners' delegates in the latest terms offered by the mine owners as acceptable than on the belief that there will not be a two-thirds majority in favor of a continuance of the strike.

Lasted Ten Weeks

The cessation of work in the mines has lasted for ten weeks, and the funds of the miners are exhausted, and, it is asserted, although the terms the miners have proposed do not meet the claims the workers have advanced, they constitute a considerable advance on anything previously offered.

The conference of the coal miners' delegates today voted overwhelmingly against advising the men to reject the offering of the mine owners, and in interested circles tonight little doubt was expressed that the forthcoming ballot would find a majority in favor of a cessation of the strike, although it might be only a small one.

National Pool

The ballot will include the question of a national pool, for which the men up to the present have been firmly in favor. The view outside the ranks of the miners, however, is almost universal that such a pool would prove impracticable under existing circumstances, and the belief is expressed that it no longer will be allowed to stand in the way of a settlement of the controversy. Both sides are said to be tired of the struggle.

End Near at Hand

London, June 10.—The conference of the miners' delegates held here today declared that a ballot should be taken in all the coal fields on the proposals of the mine owners for a settlement of the strike. This is generally considered a long step towards a peace in the coal industry. The coal mine strike, tying up virtually the entire industry, has been in progress since April 1. It is confidently expected the men will vote in favor of dropping the wage pool scheme.

Represent One Million.

The miners' delegates present at the conference today represented 558,000 members of the union. The ballot will be taken next Wednesday and will be returnable on Friday. A motion to advise the members to vote against accepting the owners' terms was overwhelmingly defeated and it was decided no recommendations would be made. A two-thirds majority of the votes will be required to continue the stoppage of miners.

The main features of the owners' final wage proposals consist of the establishment of a new standard minimum wage by raising the 1914 rate, or the 1919 rate in the case of piece workers by twenty per cent, this percentage to be calculated on the March 1921 output and to be valid for a period of twelve months. This will practically mean an advance of forty per cent. over the 1914 wages.

New Average Pay.

The new average pay would range from 60 to 115 pence per shift according to districts, with special allowances to the low paid day workers at the end of twelve months, if the current rates do not provide a subsistence wage. The owners offer to surrender their profits proportionately to the assistance received by the districts. New district boards, if the proposals are accepted, are to redistribute the districts on an economic, instead of a geographical basis and national wages board will determine the ratio of profits to wages in each district. As an alternative, the owners suggest that the new wage standard be settled by a national wages board or arbitration.

FRENCH ADOPT BIG NAVAL PROGRAMME

Seventy Vessels Provided for, at an Estimated Cost of 1,416,000,000 Francs by New Legislation

Paris, June 10.—The Chamber of Deputies tonight adopted the naval programme presented Thursday by Deputy Paul Doumer, reporter for the naval commission, by 468 to 128. The programme calls for the construction of six light cruisers, twelve destroyers, twelve torpedo boats and 36 submarines at an approximate cost of 1,416,000,000 francs.

New N. B. Judge

Ottawa, June 10.—Arthur R. Slipp, K. C., of Fredericton, has been appointed judge of county court for the counties of York, Sunbury and Queens in the province of New Brunswick. This was announced by Sir George Foster, minister of trade and commerce, and acting premier at the conclusion of the meeting of the cabinet this evening.

THREE THOUSAND FIGHTING FIRES IN MAINE WOODS

Twenty Thousand Acres Burned Over Within the Last Month is Estimate.

FORESTS LIKE TINDER FROM LONG DROUGHT

Fire in Aroostook County, Once Under Control, Has Broken Out Again.

Augusta, Me., June 10.—Forest fires still burning on a large scale in several places today have swept over 20,000 acres in the past month, the State forestry commission announced. The damage has aggregated \$200,000. Reports to the commission indicated that the situation had improved, today, though rain was badly needed. These reports were that three fires were still spreading. A fire starting in township 41, Hancock county, was running across the county line to township 42, Washington county, causing thousands of dollars damages with 300 men engaged in fighting it. Another fire at township 43, Aroostook county, was going against those trying to stop it and a fire in township four, on the line between Hancock and Penobscot counties, after being brought under control last night was renewed again today on a large scale. Three thousand men were endeavoring to suppress it again.

RESCUED MINE WORKERS FROM BLAZING PITS

Six Hundred Men Caught in Tunnel When Fire Broke Out Near Shaft.

EXITS ALL BLOCKED BY BIG OUTBREAK

Feared for a Time That Entire Lot Had Perished from Smoke and Gas.

Peru, Ills., June 10.—Every miner in the Chicago, Milwaukee and St. Paul mine at Mark, near here, has escaped from the fire which gutted the mine late today. This announcement was made by Superintendent Jas. Steele, after mine officials had checked all the men who escaped from the emergency shafts.

Six hundred miners were trapped in the mine when fire started half a mile from the shaft shortly before noon.

The fire started in a machine shop about a half mile back from the main shaft and blocked the exit of the six hundred miners.

Superintendent Steele was in charge of the Cherry mine, twenty miles from Mark, when it was swept by fire twelve years ago with a loss of more than 200 lives.

SHIPPERS WANT DEMURRAGE CUT

Railway Commissioners Will Hear Argument in Case at Ottawa June 21.

Ottawa, Ont., June 10.—Railroad car demurrage rates will be discussed before the railway commissioners in Ottawa June 21. An application has been made by the Canadian Manufacturers' Association and various other associations and boards of trade, requesting the board of commissioners to call upon the railroads to show why the rates of demurrage on cars should not now be reduced to the former toll of \$1 per day. The present rates are \$1 for the first, \$2 for the second, \$3 for the third, \$4 for the fourth and \$5 for the fifth and succeeding days.

World News Today

CANADA

Another Government loan is practically assured in 1922 to pay off first Victory Loan. In Saskatchewan the standing of the parties after the election of Thursday is as follows: Government, 42; Independents, 15; Conservatives, 7; Labor, 1; and deferred elections, 3.

UNITED STATES

Six hundred miners are rescued from a burning coal mine near Peru, Ills. Fifty thousand dollars stolen by bandits in Pittsburgh after gun battle in which cashier is wounded.

BRITISH ISLES

Present indications are that the strike of the coal miners will end on June 20 in compromise. King George will not be accompanied by the queen when he visits Belfast. Hundreds of Sinn Feiners have been arrested in a sweeping movement in two Irish counties.

EUROPE

Russian Soviets tried to start a revolt in Norway, Sweden and Finland.

STUNG BUT FIRM IS ATTITUDE OF ADMIRAL SIMS

Refuses to Alter His Beliefs Because of Criticism in America.

PRO-ALLY IN ALL OF HIS ACTIVITIES

Favors Anglo-United States Pact of "Decent Companionship."

London, June 10.—Rear Admiral William S. Sims made no direct mention of the United States president in a speech during a forty minute address at a luncheon given in his honor by the United States Luncheon Club. In an apparent allusion, however, to his remarks of last Tuesday, when he addressed the English Speaking Union, Admiral Sims said: "Perhaps we have used too energetic adjectives on some occasions, but let us hope that will be explained away." The admiral paused a moment and then added: "But I am going on doing the same things."

Stung But Determined.

This declaration brought from the 300 guests a repetition of the uproarious applause which had greeted the remarks of Wilson Cross, vice-president of the United States Chamber of Commerce, in introducing Admiral Sims. "He is stung again, but he says he will stand by what he has said," Mr. Cross told the assembled company. "I want to assure him that this company unites with him, and so will all full-blooded, true and established United States citizens."

Entertained Widely.

Mr. Cross alluded to the marked cordiality with which Admiral Sims had been entertained by men among the most notable in the country since his arrival in England, and he presented the admiral in the characterization usually applied to Washington.

"First in war, first in peace, first in the hearts of his country men."

Admiral Sims in reply said he had attempted on all occasions to say what he wanted to say, and he believed he had always told the truth as he understood it. He said he did believe in peace to excess in talking the truth, and he feared he had done so the other day.

"At least in the opinion of certain people," he said.

Defies His Opinion.

The admiral said he had been acclaimed by critics as "the most popular British admiral in the United States navy" and had been accused of being pro-British. "Similarly I was accused of being pro-French after I had been naval attaché in Paris four years. I am pro-British, pro-French and pro-Allied."

Admiral Sims declared he also had been criticized for advocating an Anglo-United States treaty. This was not so, he said, but he did believe that a decent companionship and brotherhood of the two English-speaking people would make such a treaty unnecessary. "Now if that is something I shouldn't have said, I hope they'll make the best of it," he added.

NOT TAKING ANYTHING BACK

London, June 10.—The reply of Rear Admiral Sims to the request of the secretary of the navy, Denby for an explanation of his speech here Tuesday, expressed opinion of Admiral Sims that since part of the speech to which objection had been taken had been garbled.

This was learned unofficially, but on good authority here today.

In his answer, which is not long, Admiral Sims declared he said nothing in his address which he had not said before in speeches in the United States and in his book.

QUEEN NOT TO GO WITH KING ON IRISH TRIP

Owing to Industrial Condition Their Majesties Will Hold No Courts This Year.

KEEP OFF ROOFS IS ORDER IN DUBLIN

Crown Forces Capture Forty-Two Young Irishmen Busy Studying Signalling.

Dublin, June 10.—Crown forces today raided the headquarters of the Irish National Foresters and arrested 42 young men alleged to have been engaged in attendance upon a class where signalling was being taught. A quantity of signalling apparatus was seized.

Queen Not to Go.

London, June 10.—It is announced that the Queen will not accompany King George to Belfast for the formal opening of the Ulster parliament. Owing to the industrial situation, says another official announcement today, the King and Queen have decided to hold no courts this year. Those who were to have been present will, instead, be invited to attend a garden party at Buckingham Palace in July.

Keep Off the Roofs.

Dublin, June 10.—Persons occupying houses on Dame street and other streets in the neighborhood of Dublin Castle have been notified that hereafter they must not go on the roofs without official permission. Anyone disobeying the order, says the notification, may be shot.

MAY GO TO ENGLAND

Ottawa, June 10.—Sir Louis Davis, chief justice of the supreme court of Canada will probably attend the sittings of the judicial committee of the Privy Council in England this summer. In the event of his declining to go Sir Louis stated this evening that he would sail about June 21 for the old country.

TEACHING GIRLS TO BE PRINTERS

Toronto Employers Adopt Unique Way to Keep Job Work Progressing.

Toronto, June 10.—In connection with the strike of union job printers, pressmen and book binders in this city, the Typothetae printers' organization, the Toronto Typothetae today began to train men and women to take the places of the strikers, as has been done in some cities in the United States. Stenographers are being taught to operate type setting machines, and it is claimed that they can learn to operate the keyboards with skill in three months.

Secretary Sutherland, of the Typothetae declared that there was an increase today in the number of compositors, pressmen and book binders at work.

Canada To Cease Taking Grave Pictures

After August 1st No More Will be Furnished Relatives of War Victims.

Ottawa, June 10.—Inasmuch as the demobilization of the Canadian Overseas Force is now completed the Department of Militia and Defence announced that it will not be possible to take any more photographs of graves in France and Belgium. All applications for photographs received by the Militia Department on or before August 1 will be dealt with, but after that date the service will be discontinued.

Oppose Lumber Duties

Washington, June 10.—The fight to prevent a tariff on lumber entered the United States from Canada continued today. The Minnesota representatives have taken steps to bring the president into it. They are urging him to oppose a lumber duty in the interest of agriculture and the public good because a free lumber would encourage building.

GETS LIFE SENTENCE

Wasaw, Ind., June 10.—Virgil Decker, 19 years old, was found guilty of murder in the first degree in connection with the death of Leroy Lovett, a partner in a business, by a jury in circuit court here tonight. He was sentenced to life imprisonment.

DRURY TALKS FIGHT

Toronto, June 10.—Hon. E. C. Drury, Premier of Ontario, addressing a U. F. O. picnic gathering at Richmond Hill, Ont., this afternoon, dealt with the Lake of the Woods question. He referred to it as "the greatest emergency question of the day," and declared that it was in no sense a political question.

NEARLY THOUSAND CIVIL SERVANTS WILL QUIT

Saving of Nearly \$2,000,000 is Anticipated by Retirement of Men Over 65 Years of Age in Service.

Ottawa, June 10.—It is expected that a result of the re-organization of the post office and customs department, between eight and nine hundred civil servants will be let out and an approximate saving made in each department of \$1,000,000, according to a local paper this afternoon. Practically all employees in both departments who are over 65 years of age are being retired. All those leaving are entitled to either superannuation or a large gratuity. The post office department has a staff of about 3,500 without counting rural postmasters, while the customs department consists of about four thousand.

ULSTER RIFLES GOING BACK TO IRELAND SOON

Regiment to Quit London to Guard King at the Ulster Commons.

TRINITY COLLEGE CANCELS GAMES

Message from "Republican" Army Says Meet Would be Attended With Danger.

Belfast, June 10.—The Royal Ulster Rifles, which are now quartered in the Kensington Gardens, in London, where they were stationed to meet emergencies which might arise from the coal strike, will be sent here for King George's visit at the opening of the Ulster parliament, June 22. They will be only Irish troops in the country, even the headquarters of the rifle which is purely a Belfast unit, having been shifted to England.

Cancel College Games

Dublin, June 10.—The college authorities have cancelled the annual festival week of Trinity College in consequence of receipt of a letter purporting to be from the Irish Republican Army, warning them that the sports could only be held at some risk to the public. A week ago today Miss Katherine Wright, a spectator, was shot and instantly killed while watching a cricket match on the Trinity College grounds when six shots were fired from Nassau street, which skirts the grounds.

Maritime Students Win At McGill Univ.

Three St. John Students Included in the 149 Who Are Awarded Degrees.

Montreal, June 10.—The conferring of 149 degrees at the convocation of McGill University, to be held next Monday was approved today by the corporation of the university. The governor-general's silver medal for original graduate research work will be awarded to William Hocker Hatcher, of St. John's, Nfld., who will receive the degree of Ph.D.

Other degrees will include the following:

Master of Science: N. C. McFarlane, Fredericton; H. Williams, Moncton, N. B.; Bachelor of Music: Edith Lillian McKenzia, Charlotte Town, P. E. I.; Faculty of Science: W. Holt, St. John's, Nfld.; E. B. Chandler, Moncton, N. B.; E. C. Duvernet, Dieby, N. S.; C. L. Emerson, B.A., St. John West, N. B.; J. H. Grant, Port Eglon, N. B.; E. E. Keopling, Murray Harbor, Prince Edward Island; R. P. Kugelman, Waterville, N. S.; J. R. Lockhart, Bristol, N. B.; F. McIntyre, Moncton, P. E. I.; J. S. Murray, River John, N. S.; J. H. Palmer, Georgetown, N. B.; R. E. Patterson, Margolis, N. S.; R. M. Pendrigh, St. John; W. A. Porter, B.A., Yarmouth, N. S.; H. S. Tredey, Yarmouth, N. S.

Diploma of Public Health: R. M. Shaw, M.D., Penobscot, N. B.; Bachelor in Arts: H. B. Bastin, St. John, N. B.

Pictou County Academy Winners

Won the 1921 Nova Scotia High School League at Halifax Yesterday.

Halifax, N. S., June 10.—Pictou County Academy won the 1921 Nova Scotia High School Baseball League title and the Halifax Herald trophy here tonight by defeating the Halifax County Academy 13 runs to 8. In an afternoon game the Pictou side were victorious over Yarmouth by a score of 12 to 2.

This is the first year that a Nova Scotia High School Baseball League has been in operation.

GAMBLING AT CHURCHES AND TRACK SCORED

Toronto Anglicans Ask That Criminal Code Be Amended to Prevent It.

ALLEGED EXEMPTIONS TO FAVORITES NOW

Sharp Criticism of Hon. Mr. Raney Offered by Some of the Delegates.

Toronto, June 10.—After a discussion of the race track gambling question during which some of the delegates expressed antagonism to Attorney-General Raney in his anti-gambling crusade, the synod of the diocese of Toronto this evening passed a resolution deploring the fact that "while the criminal code prohibits the business of gambling at other times and places, exemptions are made whereby this business is sanctioned on race tracks during race meets, and at bazaars and entertainments for charitable and religious objects, and that this synod hereby expresses the hope that the criminal code will be so amended as to prohibit entirely the business of gambling."

FEWER JOBLESS IN CANADA NOW

Big Improvement in Labor Conditions Indicated Since Black March Days.

Ottawa, Ont., June 10.—Employment conditions throughout Canada are looking up. At the worst, in March, they improved, and then slumped again in April, and since May have been improving steadily. Between July of last year and March last, unemployment declined 25 per cent.

One factor was the closing down of pulp and paper mills, textile plants and lumbering operations, they have been more than offset by new employment opportunities in the lumber mills, on railway construction and marine transport. The 2,535 firms reporting to the employment service office this year, were employing at the first of this month 609,173 persons. While 5,364 firms a year ago had 777,774 persons on their pay list.

Farm labor is much more easily procurable this year. Up to May 1, 16,000 hands had been secured, whereas a year ago only 10,000 had registered at farm labor bureaus.

Rotarians Welcomed By Liverpool Mayor

Shipment of Visiting Canadians and Americans Created Great Interest Overseas.

Liverpool, June 10.—The delegates to the Rotary convention at Edinburgh who arrived today from Canada and the United States on the Line Caronia found a rousing reception awaiting them. In addition to the Lord Mayor and Lady Mayoress there were present civic representatives, the American consul and others. The brass band of the Liverpool Foot Scouts played on the landing stage and the youths waved Rotarian flags and cheered. The Lord Mayor, in an address, declared the visit of United States and American Rotarians was not friendship.

Banners Tell Home Towns

There were streamers bearing the names of their home towns, which made them the object of much interest on the part of the spectators. During the voyage life aboard the Caronia for the delegates was most pleasant, committees being appointed to organize sports and social affairs. "Sons and cheer leaders" were named to officiate at the forthcoming convention. The delegates had a special train to take them to Edinburgh.

TODAY

IMPERIAL—Owen Moore in "The Poor Simp."

OPERA HOUSE—Jas. Kennedy and Co., Hall and West, Leavere and Collins, 2 other big features and Serial Drama, "The Purple Rides."

QUEEN SQUARE—William Russell in "The Chester Reformed."

STAR—Son of Tarzan, Fox News, Larry Samson and other Comedies.

EMPRESS—"Bride 13."

TWELVE PER CENT. CUT FOR RAILWAYMEN

Preliminary Conference to be Held on Friday of Next Week.

WORKING CONDITIONS TO BE DISCUSSED

Railway Executives Say Time Has Come for Thorough Revision of Them.

Montreal, June 10.—Preliminary steps toward a downward revision of 12 per cent in wages to operating staffs of Canadian railways to be followed by an effort to revise working conditions, will be taken here next Friday.

Concurrent action has been decided upon by all Canadian roads. At Montreal, Grant Hall, vice-president, in charge of operation, will meet representatives of operating employees of the C. P. R.

W. D. Robb, vice-president of the Grand Trunk, will perform a similar office for that line.

Canadian National officials and employees will meet at Toronto.

Effective July First

The men will be advised that effective July 1 such decreases in wages as have been finally approved by the Railway Labor Board at Chicago, will become operative also in Canada.

The majority of revisions have already been decided and they average about 12 per cent of the general scale.

Wages of shop crafts and maintenance men will be held in abeyance until taken up Monday at Chicago, and it is expected that the final ruling in these divisions will be made in time to have it become effective with other changes at July 1.

It is not expected that any discussion as to the merits of proposed revisions will take place next week.

Based on U. S. Action

Canadian railway wages have been determined by the Chicago board since its inception, and the merits of the issue have been exhaustively studied there prior to the recent announcement of the downward revision.

An issue of even greater interest to Canadian railways than wages is said to be that of working conditions. Railway executives here assert that working regulations now in force are wholly in need of revision.

In some directions they are declared to be grossly unfair to the railways and in others to the men.

As an example of the operation, it was recently shown that they made it possible for conductors on stub lines to earn as high as \$500 per month, while other employees could not obtain sufficient time to maintain their families.

The question of working conditions will not be taken up here next week, but will be left to the Chicago board.

Intermediate Game Won By The Wolves

On the St. Peter's baseball grounds last evening the fans were treated to a game which held their interest to the final inning, when fighting every inch of the way, the Wolves and Y. M. C. I. teams went all the ways to the last of the sixth and the score five all. In the last of this inning the incoming fog put the jinx on the Y. M. C. I. outfield, and enabled the Wolves to romp home with six runs, taking the game with the score of 11 to 5.

Apleby, Davis and Thompson formed the winning battery, and Acar and Doherty were in action for the Y. M. C. I. Umpire, Dever.

St. Peter's and Y. M. C. I. meet today in the intermediate league on St. Peter's grounds at 7 o'clock.

DO YOU FEEL LIKE THIS WHEN YOU WAKE?

Do you feel blue, sickly, heavy, too tired to get up? If so, it's probably your liver which is slow, and needs to be toned and stimulated by Dr. Williams' Pink Pills. It's a wonderful change Dr. Williams' Pills will make in a few days. They relieve the system of poisonous wastes, they aid the stomach, improve digestion, increase your appetite. You'll feel like new all over after using this health-bringing medicine. Thousands have proved it. Sold everywhere in cent boxes, or The Cathartone Co., Montreal.

ONTARIO WOMEN'S GOLF CHAMPIONSHIP

London, Ont., June 10.—Mrs. Hope Gibson, of Hamilton, Ontario, defeated Miss Joyce Hutton, of Toronto, two up and one to go, in the final for the Ontario Women's Golf Championship on the links of the London Hunt and Country Club.

After all the propaganda that the article has made on battleship obsolescence, England starts building four new dreadnoughts with 18-inch guns.

All ex-service men are handed to the Red Cross unless they come under military transportation. Mrs. Lawrence explained that the cases of soldiers returned to Canada who were transported was paid by the Red Cross were thoroughly investigated.

A letter from the Red Cross Order Nurse had traced a family as requested by the St. John branch.

Failure To Support Red Cross Campaign

Only 1,800 Members Enrolled in St. John—Reports Received Yesterday.

Failure to support the Red Cross in its campaign for increased membership was reported at the Red Cross meeting held yesterday afternoon at the depot. While 1,800 members have been enrolled in St. John, this falls behind the record of Halifax.

Victorian Order Nurses

R. T. Hayes, M.L.A., president, presided. Mrs. Jarvis gave a report of the joint meeting held with the Victorian Order of Nurses to plan for the placing of the District Hospital Nurses. These will wear V. O. N. uniforms with a Red Cross emblem.

These will be supervised by the V. O. N. as regards technique, financial, and planned by the Red Cross and supervised by the Department of Health. Nurses will be placed at Bay du Vin, Buctouche, Miramichi, Campbellton, Aulic Brook. A staff may go to Edmonston or St. Martha's.

Membership Campaign

The secretary's report dealt with the membership campaign. Through Mrs. Kuhring the province has been almost entirely organized. Newcastle, Riverdale, St. Stephen, Milltown and St. John reported life members. Sales were sent in sixty members. St. Stephen and Milltown in one day's drive secured 1,200 members. At the depot the secretary has been assisted by Miss Mabel Thomson and Miss Marion Magee. Boy Scouts and other organizations lent aid. The enrollment of the Red Cross has been 1,800.

The death of Lady Tilley was mourned by the funeral was attended by the provincial executive. Hospital literature on health has been received from the Metropolitan Life Association.

The sewing committee have been busy and have sent parcels of sewing on request to Quebec, Douglasville, Clifton, Jacques River, Milltown, Chatham, Jetties, Corner, Middle Sackville and Moss Glen.

The May bulletin was published as a campaign assistant and we had 6,000 copies sent to the depot. Relief work is going steadily on at the depot. We have had requests for spangnum moss dressings, layette, clothing, strapping, and many requests for work and assistance from the unemployed. Good reports are coming in from the juniors.

Mrs. Edwards, representing the Victorian Order, spoke on the sending of the District Hospital Nurses and their equipment. The Red Cross will supply equipment.

A committee of ladies was appointed to look into the outfit for the District Nurses. Miss Jarvis, Miss McDuck and Mrs. T. Bell were named.

Mrs. G. A. Kuhring sent in a membership campaign report. It referred to the gathering together of representatives from the province at St. John Red Cross Depot and the splendid help given in organization by these workers. John Golding, who was acting as advertising agent, and the help given in the French-Canadian district by Dr. Priest and several Roman Catholic priests.

Miss Kate Stewart did good work in York county. Help from the Federal Department of Health was also acknowledged. Mrs. Jarvis ever-ready assistance. Members of three Provincial Women's Missionary organizations have been entertained and addressed upon the Red Cross campaign. The I. O. D. E. and women's institute were addressed at these provincial gatherings. The Women's Institute messages were not delivered from headquarters, but delivered by much aid was given by both societies.

The Port Committee

For the port committee, Mrs. Law reported from December to April. Board of Missions, 34,986; adults, 29,778; children, 4,734; infants, 480. Special cases treated nurses and V. A. D.'s, 529. Boxes given to the Red Cross, 1,100.

Meals for port workers and biscuits for children, 176,056. Receipts, \$112,68. Expenses, \$300,50. Receipts from a donation of Windsor Chapter, \$25 for a soldier's wife.

Special Praise

Special praise was given to the work of the V. A. D. under Mrs. A. M. Rowan, who, with Miss McLean, did not miss one of the thirty-five boats. The V. A. D.'s worked from eight to twelve hours and did splendid service in helping mothers and babies, distributing literature and carrying on a post office, which was a great boon to immigrants. Mrs. Lawrence explained that the cases of soldiers returned to Canada who were transported was paid by the Red Cross were thoroughly investigated.

A letter from the Red Cross Order Nurse had traced a family as requested by the St. John branch.

C. E. Allan stated that the port work has received official recognition from the Federal Government and transportation officials, and moved that it be received and its recognition passed. This was done.

Mrs. W. D. Forster reported for the Hospital committee. Hammocks and

Boys Face White As Piece of Chalk

Clarendon Farmer Says Son Was Weak and Puny Until He Gave Him Tanlac—Is Now the Picture of Health

"As a father, I feel that I owe a duty to every parent, and tell them what Tanlac did for my boy," said Wm. Perrin, a well-to-do farmer of Clarendon, Queens Co., N. B.

"My boy Charlie had been in a bad condition for some time, and there was not a vestige of color in his face. It was just as white as chalk, and he had so little appetite he was just nibbling at his food, and eating hardly enough to keep a blind alive. He was fidgety all the time even in his sleep he jumped and turned over and moaned like he was in pain.

"The very first bottle of Tanlac made a wonderful change in him. He began to eat and gain in weight, and was sleeping like a baby again. He kept on improving until today he is the very picture of health and as happy a little fellow as you could wish to realize that he is the same boy that a few months ago was so weak and puny, for there isn't a man on the island who can do a bigger day's work than he can in his case. Tanlac certainly proved it is good for boys, just like it is good for grown people."

cuts for outside use have been prepared, and the work is constantly carried on and men leaving hospitals cared for.

Number Enrolled

Mrs. F. S. White said that 1,800 members have been enrolled in 177 membership campaigns. The result has been disappointing. It has been entirely a women's campaign, no help being received from the men. Boy Scouts have helped. An appeal has been made to the Sunday school scholars. The business section can have resulted in 100 new members. Italians and Syrians were asked to join the Red Cross. As a whole, he has done better than anyone. Dr. Roberts spoke of plans to enlarge membership. C. B. Allan told of work in Nova Scotia, where men had canvassed and would continue to do so all summer. Mrs. R. Hooper, Miss Jarvis, Mrs. White and others spoke on the matter. No decision was reached. The Red Cross should be supported if only for its war record.

Mrs. Lawrence asked if the Red Cross would be interested in the exhibition and a motion was passed asking for space.

Scandal Case Against Attell

Four Former Chicago Players Will be Called Next Week to Give Evidence.

New York, June 10.—Four former Chicago White Sox players—Clyde Jackson, McMullen and Williams—in connection with the 1919 world series scandal will come here next week to testify that Abe Attell, former pitcher, was not the Abe Attell indicted in Chicago in connection with the alleged throwing of the championship games so far as they know, was announced today by the ex-player's attorney, William J. Fallon.

This testimony is to be part of Attell's fight to avoid extradition to Chicago to answer indictments on the conspiracy and grand larceny in connection with the alleged throwing of the world series to the Cincinnati Reds.

On his promise to bring the four players here, Fallon today succeeded in having the case against Attell adjourned until next Friday in Supreme Court.

Cricket Matches Played In England

Lancashire beat Leicestershire by 284 runs.

Surrey making 480 runs in the first innings including Burt, not out 290, best wicket in an inning and 32 runs, though Gillingham and Freeman each contributed a century to the losing side during Essex's second innings.

Essex defeated Nottinghamshire by 574 wickets. Hardstaffe for Nottingham scored 118 and Tate for Sussex 151.

Hampshire beat Somerset by 8 wickets. Meade for Hampshire scoring 163 runs.

Middlesex beat Yorkshire by an innings and 72 runs. Hendron for Middlesex scored 116 runs.

The Australians played against Gloucestershire scoring 153 runs for 5 wickets, including Bardsley, 132, and McCartney 149. The match was drawn.

Lancashire against Hampshire had 323 runs to get in the second innings to win and did so by three wickets. Tennys for Lancashire scored 131 runs. Kent, with Woolley scoring 103, defeated Leicestershire by two wickets. Surrey overhauled Northamptonshire with the terrific score of 616 runs for five wickets and won by an innings and 341 runs. For the winners Jeacocke scored 138, Ducat 134 and Sandham 292, not out.

Nottingham scored 558 in their second innings, Carr scoring 304.

U. S. CHAMPION LOST IN ENGLAND

Beckenham, Kent, Eng., June 10.—Mrs. Molla Burpitt, of St. John, N. B., States Women's Tennis champion, was defeated in the semifinals today at the singles in the tennis tournament in progress here by Mrs. Beaumont, the English star, 6-4, 6-1.

Assault Case Drew Large Crowd

Witnesses State Policeman Struck Hayes Whom He Was Ejecting.

Yesterday's police court matinee drew a packed house, when the case of "Tom" Hayes, charged with resisting arrest and assaulting Police Officer Lindsay on the East End Base ball grounds Tuesday night was taken up.

Police Constable McEhinney was the first witness. He stated that on the night in question he spoke to the accused while he was locked in a cell at the Central Station and Hayes said that Lindsay had caught him jumping the fence and took hold of him to put him out. That he, Hayes, kicked him to "seven" and then called the officer a "damned liar."

Questioned by E. J. Henneberry, who appeared for the defense, Officer McEhinney said he did not see Lindsay say: "Oh, that would be anything strange; you've been dragged home two or three times."

Joseph Ferris, chairman of the managing committee of the East End grounds, stated that the police on the grounds were under his supervision while there. Their duties were to keep all users of the grounds from entering the gate, except through the gate, also to preserve order. He himself had been associated with the grounds since they were started. He knew the defendant, who was there practically every night. Hayes had done considerable work on the grounds when they were made over, and he did not think anyone would stop him entering by the gate without paying.

The witness who did duty on the grounds were paid \$2.00 a night. The grounds were practically private ones. They were owned by the Grand Trunk and the Police. The defendant, who was charged with assaulting the policeman, did not know who was not to be allowed to come in, and who was. The gateman knew it was his duty to prevent people from coming in by any other manner than the gate.

Policeman Lindsay was called for cross-examination by the defense. He was paid \$2 for his services on the night in question. He was sent to the grounds by the sergeant, who in turn was sent to his home. He considered he was present to do his duty as a police officer.

Officer Ignorant of Law

Mr. Henneberry read the officer a section of the Police Act, II, Victoria, prohibiting a police officer from receiving any money for his services from any private individual or corporation in connection with the prosecution and the imposition of a fine.

Officer Lindsay stated he had never received instructions from his superiors in regard to that point. He was a Montreal, while not as bulky as the Spalding Guide in the United States, it is only because the latter book has a larger population from which to draw. Otherwise, the contents of the Canadian Guide contains just as much of interest in its field.

after that, the blows came too fast. When Lindsay first took hold of Hayes he twisted his arm.

Charles Parlee said that when the officers started towards the gate with Hayes, Lindsay was twisting his arm, and the latter wrenched it free. Lindsay used both hands to secure a better grip and then drew off and his eyes in the mouth. Witness did not hear Coughlan say anything, he thought he was looking the other way at the time.

One spectator corroborated the evidence of the previous witnesses. He said Lindsay was much excited and that he, as a bystander, did not think Hayes was treated right. Coughlan said something to Lindsay, who he struck the prisoner and also asked the crowd to move on and not interfere with the officer any more.

The evidence of the last witness was not concluded till after 5.30, but the spectators, until the magistrate estimated to be over one hundred and eighty, stayed till the last witness had been resumed Wednesday afternoon.

Officer and Prisoner Grapple

Hayes hit Lindsay in the mouth

Charles Parlee said that when the officers started towards the gate with Hayes, Lindsay was twisting his arm, and the latter wrenched it free. Lindsay used both hands to secure a better grip and then drew off and his eyes in the mouth. Witness did not hear Coughlan say anything, he thought he was looking the other way at the time.

One spectator corroborated the evidence of the previous witnesses. He said Lindsay was much excited and that he, as a bystander, did not think Hayes was treated right. Coughlan said something to Lindsay, who he struck the prisoner and also asked the crowd to move on and not interfere with the officer any more.

The evidence of the last witness was not concluded till after 5.30, but the spectators, until the magistrate estimated to be over one hundred and eighty, stayed till the last witness had been resumed Wednesday afternoon.

Objects to Name

Mr. Carney said he told Lindsay he objected to being called a "bum" by any officer on the force, or anyone else. He asked Lindsay his name and Lindsay made a face at him. He repeated his request three times and each time Lindsay made a face at him and asked Policeman Coughlan to arrest him and the officer refused. Carney said he gave Lindsay his address and told him he would be present in court the next day.

Lindsay Struck Hayes

Coming back to the scarp, the witness said Lindsay pulled both his arms and struck Hayes when the latter twisted free from him. Hayes did not offer to break away from Coughlan and the latter arrested him.

To Mr. Barry the witness said that Hayes came over the fence, but would not swear he did so. He did not know what Hayes did, as his back was turned towards him, but he did see Lindsay strike Hayes in the face while Coughlan was holding him.

Lindsay's statement was objected to by the defense. Officer Coughlan told him to go home.

Edward Gussack said that when Hayes started to beat Lindsay up he took hold of him, but he saw Officer Coughlan coming and knew he would get a fair show from him, so let the two go on. Lindsay hit the first blow, he said; he could not watch them

Charge Against Dr. E. J. Broderick

Alleged Physician Supplied Drugs for Other Than Medicinal Purposes.

At the morning session of the police court six charges for supplying drugs other than for medicinal purposes were brought against Dr. E. J. Broderick by the Crown. Dr. E. R. Taylor appeared for the prosecution and W. M. Ryan for the defense.

Dr. Broderick, identified 110 different prescriptions as having been written by Dr. Broderick and filled at the drug store. They were for cocaine and morphine. He also said that he filled other prescriptions of a similar nature for many other doctors.

Dr. Rowley was called and testified that he did not consider the doses called for in the prescriptions produced in court as treatment if they were not administered under trained supervision.

The case was adjourned until Tuesday and the defendant was obliged to give a deposit of \$100 for his appearance.

Don't Object To Other Schools

Captain of St. John High Willing to Allow Sackville and Consolidated to Enter Meet

The St. John High School will not object to the Sackville High School track team, or that of the two other Consolidated School entering today's interscholastic meet, any opposition must come from Rothesay Collegiate.

George Wilson, the captain of the St. John team stated last evening that St. John was willing to let the two teams enter if the Collegiate boys raised no objection. He said he was the only member present of a committee of three who represented his school, when it was decided to rule the teams out, and that he had given his consent only because Rothesay owned the cup, and he therefore thought their wishes in the matter should be acceded to. Personally he had always been of the opinion that the rules drawn up in 1912 governed the interscholastic meet.

Paul Fraser, another member of the St. John track team's committee said he would not oppose the other schools coming in. The action of barring the teams had been taken without his knowledge and he was looking at the matter from the sporting point of view. He thought the Consolidated and Sackville teams should be admitted.

Canadian Tennis Guide

AS in every other part of the world, lawn tennis is making strides in popularity, and its appeal of the "international game," is not overdrawn. Progress of the game in Canada is seen in the new Spalding Lawn Tennis Guide, which is published by the Montreal, White and Birch Co., of Montreal. This is the first issue of the Spalding Guide in the United States.

It is only because the latter book has a larger population from which to draw. Otherwise, the contents of the Canadian Guide contains just as much of interest in its field.

after that, the blows came too fast. When Lindsay first took hold of Hayes he twisted his arm.

Charles Parlee said that when the officers started towards the gate with Hayes, Lindsay was twisting his arm, and the latter wrenched it free. Lindsay used both hands to secure a better grip and then drew off and his eyes in the mouth. Witness did not hear Coughlan say anything, he thought he was looking the other way at the time.

A PAGE OF NEWS ABOUT THE MARITIME

Successful Basket Social At Gagetown

Women's Aid of St. John's Church Raise Large Amount of Money.

Gagetown, N. B., June 10.—The Women's Aid of St. John's Church, who have been having the church and guild hall painted, held a very enjoyable entertainment and basket social in the Temperance Hall on Friday evening, raising nearly \$140 for their funds. The platform of the hall had been very prettily decorated with flowers, and here a most delightful programme of music and readings was carried out. Rev. J. H. A. Holmes, rector of St. John's, West St. John, sang "A Sailor's Wife a Sailor's Star Shall Be." Miss Stella Westmore, of Hamilton, delighted the audience with two amusing readings, "Nancy's Bread-Making" and "Mr. Brown Has His Hair Cut." Four solos by H. W. S. Allingham were also greatly enjoyed, "The Trumpeter," "When You Pass," "A Little Bit of Heaven," "Passer by Your Window," "Love" Matthews, of St. John, the well-known entertainer, kept the audience in fits of laughter with his comic songs, monologues and sketches, and also acted as auctioneer of the fine array of pies and baskets, providing entertainment, as he did so, in his inimitable manner. A "consolation prize" had been offered to the highest bidder, and this was won by Mr. Goodwin, and presented by Mr. Matthews. Following the sale of baskets, a social ballroom followed, in which the contents of the baskets were investigated. A few dances were enjoyed before the gathering broke up. Hughes Brothers, of Oromocto, kindly consenting to play victrol music.

Those in Charge.

Among those on the committee for this successful affair were: Entertainment, Miss Annie Dickie, Mrs. R. H. Reid, Mrs. Hasen, Miss Mollie O'Leary, Miss Louise M. Peters, Mrs. M. C. Byles, assisted by Chas. H. Jones and F. H. Du Vernet; Baskets, Mrs. R. H. Reid, Mrs. Chas. H. Jones, Miss Zaida Coffee, Mrs. Harvey Weston, Mrs. James Barnett, Mrs. James W. Hamilton, Mrs. Harry McAllister, Miss Laura Law; Tickets, Mrs. R. H. Reid, Mrs. Chas. H. Jones; Chairman of programme, Rev. H. T. Buckland; Posters, Wm. Goodwin; accompanist, Mrs. R. R. Reid.

Severe Frost.

A severe frost struck this section on Sunday and Monday nights. The beans were affected somewhat here, but in the area back from the river much damage was done, some of the farmers losing all their beans, corn and other of the more tender crops. In Upper Gagetown, also, a great part of damage was done. Between the frost, above ground, the cut grass, below, and the dry soil itself, the farmers feel that they are up against it this year.

Fredericton People In Belfast Riot

Mr. and Mrs. R. W. McLellan Injured When Sinn Feiners Attack Street Car.

Special to The Standard. Fredericton, N. B., June 10.—Mr. and Mrs. R. W. McLellan, who have returned from an extended trip to Great Britain and the Continent, had a narrow escape from serious injury during the election day riots in Belfast, Ireland. During their stay in Ireland they were guests of Sir Dawson Bates, Home Secretary in the new Ulster Government, who is the representative of the local heirs of the Cherry-Moore estate in the Brookfield linen mills in Belfast. They were en route through the Sinn Fein district of the city when their car on the train was attacked. Stones, bricks, pieces of iron and other missiles were hurled at it, although no shots were fired.

Cut by Glass

Mrs. McLellan was quite painfully cut by the splintered glass, sustaining lacerations on her face and neck. Some other people on the car were seriously injured, one woman falling upon the floor in a pool of blood from her wounds. Mr. McLellan was on the back of the car and was uninjured. On another occasion a few minutes after he had passed along Corporation Street in Belfast two members of the constabulary were shot down by Sinn Feiners.

Terrible Weeping ECZEMA

Mrs. E. Hayes, of Hamilton, after going South to find relief, finally relieved by D.D.D. "To have suffered with weeping eczema of the hands, so bad that my hands were helpless—no have tried almost every remedy without relief—no have given up work and come South for help—no have been relieved completely by a half bottle of D. D. D. This is the substance of Mrs. Hayes' letter. D.D.D. can be sent you from your own vicinity. Write for Canadian testimonials, or secure a bottle of D. D. D. today. Why suffer thinking someone else's case? If you don't get relief from the first bottle, we will refund without question. One a bottle. Try D. D. D. Soap, too.

D.D.D. THE Lotion for Skin Disease

For sale by E. Clinton Brown, St. John, N. B.

Bad Forest Fires In Cumberland County

Upper River Hebert District Hard Hit—Rain Briefly Needed.

Amherst, N. S., June 10.—Driven by a strong southwesterly gale, a five mile wide forest fire has been sweeping over a large tract of timberland in the Upper River Hebert district of Cumberland county since Wednesday. The properties burned over are several thousand acres in extent and are made up for the most part of tracts which were badly damaged last year. The fire is said to have had two origins, one from lightning, and the other from a saw mill. A large number of men are engaged in fighting the flames, but it was believed impossible to check their progress without rain and a change of the wind.

Some Under Control.

Fires which burned over large areas in the New Salem, Collingwood, Hanford and Henderson's Settlement districts, earlier in the week, are reported to be under control. The chief of the fire rangers for the county states that the woods are in a dangerously dry condition, and that unless a heavy fall of rain occurs in the near future, forest fire losses will be extremely serious. Two men arrested in connection with starting fires in the New Salem district, were yesterday fined \$100 each and costs, and other actions are pending.

Two Plead Guilty To Theft Charge

Moncton Men Will Receive Sentence on Monday—Another Remanded.

Moncton, N. B., June 10.—In the police court here this morning Geo. Wood and Wm. Slade pleaded guilty to four charges of theft and were remanded until Monday for sentence. Frank McGovern, also held on charges of theft, did not enter a plea and was remanded until Monday. He was granted bail in the sum of \$25. T. T. Goodwin appeared for accused.

Wood and Slade Plead Guilty

Wood and Slade pleaded guilty to stealing an auto from Thomas Gorman Salisbury; breaking and entering the store of Crandall and Carter, Salisbury; breaking and entering the store of O. M. Melanson & Son, Shediac and stealing a horse and wagon from Wilfred T. Jones, Boundary Brook.

McGovern is charged with stealing

from the store of Alne LeBlanc, Fox Creek, in company with David McIntosh, also accused with stealing a robe from the car of Harry Ritch, in company with David McIntosh. McIntosh, who was arrested here on Sunday morning last, on charge of theft, and who escaped shortly after his arrest, is still at large.

SAFE IN ST. JOHNS.

St. Johns, Nfld., June 10.—The United States freight steamer Charlet still staggering from the effects of a collision with an iceberg yesterday reached this port today. Captain Ricca and his crew, had made a hard fight through the night to stay afloat. When the crippled ship slipped through the narrows her deck were awash and her boats swung out board, ready for launching in the event of the foundering that appeared imminent.

ADVICE FOR BACK-ACHE.

When stooping hurts, when lifting and bending causes distress that's the time to rub in lots of "Nerviline." Usually a couple of applications brings grateful relief. Nerviline more soothing, more certain to kill muscular rheumatic, or sciatic pains. Thousands of homes rely on good Old Nerviline for cramps, colic, dysentery, and external muscular pains. Large 35 cent bottles for sale everywhere.

POWER PLANT WORK.

Bathurst, June 10.—In about a month from now the power plant at Nepisiguit Great Falls should be ready for operation. The two great generators are now in place, as also are the transformers, the rotors, and everything else connected with the great plant.

J. D. STEWART CHOSEN.

Charlottetown, P. E. I., June 10.—J. D. Stewart, K. C., was chosen leader of the Conservative opposition in the Prince Edward Island Legislature, in succession to Hon. A. E. Arsenault, former Premier, who has been appointed judge of the Supreme Court.

SACKVILLE SUMMER TIME.

Sackville, June 10.—Daylight saving will come into effect here on Sunday morning, June 13. It will remain in force until September 15 next.

KRASIN IN LONDON YET.

Toronto, Ont., June 10.—A cable dispatch from London says: Leonid Krassin, Soviet trade commissioner, reported to be en route to Canada, via Halifax, is still in London, Soviet headquarters here said today.

Germany's money situation is bad

enough, but just think what it would be if her printers struck.

When she tells him to "Keep His Little Brother's Nose Wiped"

Mother hardly realizes what a large job she hands Jimmy—

Minto Men Leave To Confer With Mr. Hanna

Want the C. N. R. to Purchase Minto Coal for Use of Railway Engines.

Fredericton, June 10.—John Henderson, chairman of the Minto Coal Mine Operators' Association and A. D. Taylor, manager of the International Paper Company's mines at Minto, have gone to Toronto, where tomorrow they will have a conference with President Hanna, of the C. P. R. This conference was arranged by Right Hon. Arthur Meighen, Premier of Canada, when he was represented to him on his visit here in May that the Minto Coal Mines were not being given an opportunity of furnishing coal for use on the C. N. R. line. It has been urged by the mine operators and will be urged by the delegation at Toronto tomorrow that the C. N. R. should purchase coal from the mines in this province for the operation of the trains on its lines in New Brunswick.

Two Pulp Ships Reach Bathurst

Vessels Will Carry 2,600 Tons of Paper to American Lake Ports.

Bathurst, June 10.—Two ships are in port here to load pulp for the Upper Lake American cities. One is the Maid of England, that will carry about 800 tons, while the other is the M. Vivian Pierce with a capacity of about 1,800 tons.

GUILTY OF ASSAULT.

Pictou, N. S., June 10.—Jos. Hinch of Halifax, who assaulted his wife with a cabolic acid concoction and the Chinese proprietor of a local cafe with a empty bottle, following a dispute here over the custody of his children, a few weeks ago, was yesterday fined \$15 on each assault count and bound over in the sum of \$1,000 to keep the peace for two years. The prisoner was tried under the Speedy Trials Act in the County Court, before Judge Patterson.

NORMAL SCHOOL CLOSSES.

Fredericton, June 10.—The students of the Provincial Normal School, who completed their studies yesterday morning, held their farewell reception to their friends in the city, and relatives who were attending the closing exercises in the gymnasium this evening. A large number were present and thoroughly enjoyed the programme, including the class prophesies delivered by Miss C. Fenton, of St. John, and Miss Jean Sharp, of Woodstock. The valedictorian was G. A. W. Richardson, Fairville.

TWO MARITIME MEN.

Toronto, June 10.—A. F. Vanwart, of Fredericton, N. B., and K. K. Glasgow, of Papperville, N. S., were among the graduates of the faculty of medicine of Toronto University, a list of which was announced here today.

BABY DIED SUDDENLY.

Bathurst, June 10.—Mr. and Mrs. Hamlyn McEwan, of Middle River, have lost their little boy, Kenneth, a bright little lad of three years of age. He took ill at the dinner hour and died in about an hour.

ECZEMA

Experimenting with a new method of curing eczema, which is a skin disease, the author has discovered a new and effective method of curing eczema. It is a simple and effective method, and is guaranteed to cure eczema in all cases. The author is a doctor, and has many years of experience in the treatment of eczema. He has discovered a new and effective method of curing eczema, and is now offering it to the public. The author is a doctor, and has many years of experience in the treatment of eczema. He has discovered a new and effective method of curing eczema, and is now offering it to the public.

Hillsboro Methodists Hold Annual Meeting

Best Financial Year in History of the Circuit—Officers Elected for New Year.

Hillsboro, N. B., June 10.—The annual meeting of the quarterly board of the Hillsboro Methodist Church was held recently and Rev. G. W. Tilley presided. The different parts of the circuit were well represented. The reports of the various departments were encouraging. The financial report showed more money had been raised than during any year in the history of the circuit. The Sunday schools were in good condition and well organized. Each of the four schools have graded lessons, except the adult classes, and a teacher training class.

Rev. Mr. Tilley has finished his

pastorate here. During the four years he has spent on the Hillsboro circuit he has labored most faithfully, and has made many friends, not only by the congregations of the circuit, but by other denominations. Mr. Tilley has accepted an invitation to the pastorate at Pownal, P. E. Island.

Logs Broke Adrift In Great Storm

Thousands Scattered on Salmon Beach or Entangled in Fishermen's Nets.

Bathurst, June 10.—A terrific wind storm broke over the Bay of Chaleur on Saturday, when the storm broke the Betty D. the tug boat employed by the Bathurst Company Limited, in towing logs from "the other side" was standing by the "mouths" with a great boom of logs, waiting for the tide. She had come across from Bonaventure and her journey's end was in sight when boreas yawned and stretched himself.

In a little while, under the influence

of the terrific lashing of the wind and waves the logs began to break from the boom, and before very long thousands of them were skimming freely in the general direction of Salmon Beach. Immediately the fierceness of the weather abated the tug succeeded in doing so. A great many of the logs were beached, however, and a number more of them had become entangled in the fishermen's nets.

The department of lands and mines

report that the look-out at Mount Hope, Peniac, reported the Young Cove road fire, which was started by lightning, it within half a mile.

Shipping Liquor To Fredericton

First Carload from St. John Reaches Capital—Commission Begin Business July 1.

Fredericton, N. B., Jan. 10.—A carload of liquor, containing 1,500 cases of various brands, arrived in Fredericton by C. P. R. today, from St. John. It comprises the first shipment of the stock of the wholesaler licenses being shipped here to go into the warehouse established by the board of liquor vendors at the old Military Barracks.

It is expected that within a comparatively

few days the board of liquor vendors will take over the stock of seized liquor at the chief liquor warehouse here and that before July 1 the distribution through the board to the retail vendors of all liquors sold in the province will be commenced.

Hartland Ratepayers After Government

Turn Down Request of School Teachers, Claiming it Should Come from Fredericton.

Special to The Standard. Hartland, N. B., June 10.—At a well-attended special school meeting on the 7th instant, the Hartland ratepayers unanimously voted to turn down the new schedule of teachers' salaries. No one had anything against the teachers getting more pay if they could, but the opinion of this meeting was decidedly against putting the second raise over on the people, it being felt that an effort should be made to secure this from the Government. It was considered that if the trustees of the province did not resist this schedule it would soon become law, with penalties attached, as did the last schedule, which came into effect only last January. To this end Hartland School Board, through its secretary, has issued a call for a convention of trustees, secretaries and ratepayers on June 27th at Hartland, to discuss the schedule and the forming of a trustees' union for Carleton County, with the idea of petitioning the teachers' union to place this new burden where it properly belongs, viz., on the Local Government.

BODY IS FOUND.

Charlottetown, P. E. I., June 10.—The body of Martin Gallant, who was drowned off Rustico, with his father, several weeks ago, was found yesterday.

**JEWELS GONE
AFTER SEARCH
FOR A STILL**

Woman Charges That Police Searched House Without a Warrant.

**ALSO SMASHED
SEVERAL WINDOWS**

Reports Loss of \$75 in Cash, Diamond Solitaire and a Cluster Ring.

New York, June 10.—Charges that Detective Daniel Bolger of the staff of Inspector Thomas B. Underhill and Patrolman Charles Schopp of the 81st 104th street police station while on search of a still in illegal operation last Friday afternoon smashed the windows of the apartments of Mrs. May Leon at 1713 Third avenue, and searched the house without warrant, and in violation of her person rights, will be laid before Magistrate Charles E. Simms in Harlem court this afternoon.

Police Must Explain.

Both policemen have been ordered to appear in court and describe their will. The inquiry was directed by Magistrate Simms after Mrs. Leon had complained to him that some time between 5 o'clock Friday afternoon and 10 o'clock that night, when she returned home, a solitaire ring valued at \$300, a cluster ring valued at \$70 and \$75 in cash were stolen from her apartment.

Mrs. Leon said last night that she did not desire to "fight the Police Department," but she wanted her property back. Inspector Underhill announced that he had been informed of the details of the visit of Detective Bolger to the house, and insisted that the latter acted within his full authority. As to the reported theft of Mrs. Leon's jewelry, the Inspector said that was something Bolger "knew nothing about."

Two Apartments Visited.

Upon further inquiry, Mrs. Leon said she learned two apartments had been entered, one that which had been suspected and hers because it happened to be next to it. Patrolman Schopp, after the first invasion had yielded no results, went to the street, deciding there was no use in continuing the search.

**Canadian Lumbermen
Adopt Waiting Policy**

**United States' Farmers Are
Demanding Free Lumber—
Tariff Would Hurt Industry**

Ottawa, June 10.—Canadian lumber interests are adopting a policy of watchful waiting with regard to the proposed tax of 25 per cent on Canadian lumber in the U. S., tariff bill which has been reported from the ways and means committee of the U. S. house. Should the tax go into effect as proposed it is admitted that it will be a serious handicap to the Canadian lumber industries at this time.

**IS YOUR NOSE PLUGGED?
HAVE YOU CATARRH?**

If Subject to Colds, Here is Real Good Advice.

Don't load your stomach with cough syrups. Send healing medication through the nostrils—send it into the passages that are subject to colds and Catarrh. Easy to do this with CATARRHOZONE, which helps a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhozone—all through the bronchial tubes, nostrils, and air passages—everywhere a trace of disease remains will Catarrhozone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis, or throat trouble if Catarrhozone is used. Get it today but beware of dangerous substitutes meant to deceive you for some Catarrhozone. Large size, two months treatment, costs \$1.00 small size 50 cents; sample size, 25 cents; all dealers or the Catarrhozone Co., Montreal.

**Kansas Expects Some
Damage From Floods**

Twenty Million Dollars Damage Done to the Highways of Colorado.

Wichita, Kan., June 10.—Wichita today expected to receive the diminished force of the Arkansas river flood which wrought havoc at Pueblo, Colo., with the amount of damage depending upon the quantity of water discharged into the stream by heavy rains, which in one or two places last night approximated cloudbursts. Official weather bureau forecasts were that the flood probably would reach here before noon, inundating lowlands and endangering West Wichita, with the crest following some hours later.

Montreal, June 10.—Carrying banking accommodation for the first time into the new northern oil district, the Union Bank of Canada will open a branch at Fort Smith in latitude 60 degrees north.

**Hot Summer Sun Trying
On the Complexion**

How to Protect Your Skin and Bring Roses to Your Cheeks

A Free Oatmeal Prescription Does Its Work Overnight. You Can Prepare it at Home.

New York.—Exposure to sun, dust and wind has a very bad effect upon the skin and complexion. There is a way to overcome this. "It is my own discovery and takes just one night to get such marvelous results," says Mae Edna Wilder when her friends ask her about her wonderful complexion and the improved appearance of her hair and arms. "You can do the same thing if you follow my advice," she says. "I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it. All this change in a single night. I never tire of telling others just what brought about such remarkable results. Here is the identical formula that removed every defect from my face, neck, hands and arms. Until you try it you form no idea of the marvelous change it will make in just one application. The prescription, which you can prepare at your own home, is as follows: "Go to any grocery store and get ten cents' worth of ordinary oatmeal, and from any department or drug store a bottle of Derwillo. Prepare the oatmeal as directed in every package of Derwillo. Before applying Derwillo cleanse the skin thoroughly with a good cleansing cream. (Liska cold cream I have found to be the best.) The first application will astonish you. It makes the skin appear transparent, smooth and velvety. I especially recommend this method for dark, sallow skin, shiny nose, freckles, tan, sun spots, coarse pores, rough skin, redness, wrinkles, and, in fact, every blemish the face, hands and arms are heir to. If your neck or chest is discolored from exposure, apply this combination there and the objectionable defect will disappear as if by magic. It is absolutely harmless and will not produce any stimulant growth of hair. Since short sleeves are in vogue it is necessary to have beautiful hands and arms and no matter how rough

and ungainly the hands and arms or what abuses they have had through hard work and exposure to sun and wind, this combination will work a wonderful transformation. Thousands who are using it report the same results I have had."

Miss O. C. says: "My complexion was poor and my skin rough. My neck, chest, hands and arms were dark from exposure. The very first application of this wonderful Derwillo-oatmeal combination convinced me that my poor complexion and skin blemishes would soon be a thing of the past. In a few weeks all these unightly defects had entirely disappeared and I look ten years younger, and advise every girl and woman to try it and feel confident after one or two applications they will use it continually and be just as favorably impressed with it as I am. I recommend it to all of my friends."

NOTE.—To get the best effect be sure to follow the complete directions contained in every package of Derwillo, and it is so simple that anyone can use it, and so inexpensive that any girl or woman can afford it. Department stores and druggists guarantee that there will be a noticeable improvement after the first application or they will refund the money. It is sold in this city at all toilet counters under a money refund guarantee, including the Ross Drug Co., 100 King street, St. John, N. B.

and after that it was covered with pimples and discolored. It bled. The pimples were hard and red and they were small, and they were scattered all over my face and were so itchy I had to scratch and I could not sleep.

"These bothered me nearly a year before I used Cuticura Soap and Ointment and when I had used five boxes of Cuticura Soap and five boxes of Cuticura Ointment I was healed." (Signed) Miss Flora M. Boyko, Gardenton, Man., Dec. 26, 1918.

Having obtained a clear healthy skin by the use of Cuticura, keep it clear by using the Soap for all toilet purposes, assisted by touches of Ointment as needed. Do not forget to include the exquisitely scented Cuticura Talcum in your toilet preparations. Splendid after bathing.

Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal. Cuticura Soap always with the name.

and before that a colonel in the French army, whose regiment was in Lille. In 1916 he sold the French mobilization plans to the Germans for the small sum of \$500. His treason was not discovered at that time and he managed to keep the confidence of his fellow officers during the whole of the war.

Found Out at Last.

Reporting for service in the trenches at the beginning of the war, Sacre was taken prisoner by the Germans under suspicious circumstances. The French counter espionage service later discovered that Sacre had been selling information to the enemy for more than twenty years. He has been condemned with nine other traitors to a life sentence, which he will pass in chains.

A citizen got a letter that was seven years in the mails. But it didn't contain a bill and it hadn't remained in the Winnipeg office.

**Doped "Fag" Failed
To Work This Time**

Police Capture Thief by Neat Little Trick Played by Detective.

Rome June 10.—A little comedy played by two thieves and a detective was just come to an end at Milan. The thieves had stolen furs to sell, and the detective played the part of would-be buyer. The purchase was to have been concluded by the payment of \$7,500 and the delivery of the furs in an hotel room.

The appointment was kept by one of the thieves, who said that his friend had gone to fetch the goods. The detective had no expectation of ever seeing them but he ordered a bottle of wine to pass the time, and in the course of conversation, allowed his companion to see him put a large roll of bank-notes in his overcoat pocket.

Passed Him the Dope.

The thief offered him a cigarette. He cleverly substituted it with one of his own, and serenely smoked it, evidently causing the thief some perplexity. A second cigarette was then offered, and after a few whiffs the detective pretended to fall into a stupor, whereupon the thief, with a dexterous movement, extracted the roll of notes and opened the door of the room.

Another detective who was on guard outside promptly arrested him, with a little help from his supposed drugged chief.

than Mr. Boyer's assignment. It is not to be expected that the Fort Smith branch of the Union Bank can become a profitable venture particularly in its initial stages, but it is characteristic of Canadian banking that the banker should accompany the forerunners of civilization and development in any movement tending toward national progress.

Under the French convict law Carel would have to pass the rest of his life in French Guiana. Friends whom he had made since his life was reformed interested President Millerand, as well as the Ministers of the Interior and Justice, and they have agreed to give Carel a chance as long as he continues to live honestly.

While French Guiana will lose one prisoner, it will gain another whose apparently honest life was a mark for extensive espionage. His name is Sacre. Formerly he was an adjutant

IS DISCOVERED
IN REAL LIFE**

Escaped from Prison in 1902, Has Since Led An Industrious Life.

**FRENCH TRAITOR
LANDED IN TOILS**

Sold Secrets to Germans— Goes to French Guinea for Life Sentence.

Paris June 10.—President Millerand has granted a pardon to a new Jean Valjean in the person of Joseph Carel who was sentenced twenty-five years ago to a long term at hard labor in a French penal colony, but who escaped in 1902. Returning to France then, Carel lived an industrious, honest life, respected by his fellow citizens, who even suggested him in the last election as a candidate for the municipal council of the town in which he lived. However, it was discovered recently that he had used passports belonging to his brother, who was killed in the war, and an investigation by the courts revealed his criminal record.

Granted Pardon.

ST. JOHN, N. B. SATURDAY, JUNE 11, 1921.

CHURCH UNION

We presume the movement for Church Union may now be said to have advanced somewhat as a result of the decision of a majority of the General Assembly of the Presbyterian Church to support the proposal. The Methodist and Congregational Churches had previously voted unanimously in favor of Union with each other and the Presbyterians; but the latter body, having apparently more regard for the tenets and doctrines of their own particular form of faith than for the broader principles of Christianity, have hitherto declined to enter into any active co-operation with the other churches to bring Union about. Wiser counsels seem, however, to have prevailed at the recent meeting of the General Assembly, and although there still remains a considerable minority of Presbyterians who are so deeply steeped in the doctrines of Knox and Calvin as not to be able to take a wider outlook in matters of religious belief, the Church as a body has now signified its willingness to enter into practical union and fellowship with the Methodists and Congregationalists, whose doctrines are not in their fundamentals, so widely different from their own.

With the Anglicans and the Baptists however, conditions are not quite the same as with the other three denominations. With these two bodies there are certain fundamental doctrines which they are not prepared to discard, on the ground that they are the very essentials of their particular forms of religion. Corporate union with other denominations is for them almost an impossibility, though the Baptists are prepared, under certain conditions, to enter into a modified form of union with the other non-episcopal churches. Not that the faith that the Anglicans profess differs very materially in most of its essentials from that of the other churches, but it regards the maintenance of the Episcopacy as an essential that cannot be abandoned. Herein lies the stumbling block to the Union of the Anglican Church with the others. The Episcopacy is regarded by the Free Churches as something absolutely non-essential, but as it is not an article of faith, there does not appear to be any particular reason why it should not be assented to by these bodies.

Church Union therefore would seem for the moment to be possible only between the Presbyterians, Methodists and Congregationalists. It is probably religious pride rather than doctrinal differences which has kept these churches apart for so long, with the consequent enormous waste of men and money, and the weakening of the Christian Church. Pride will cling even to a palpable error, and often those who know best about the dogmas in dispute will die in the support of it. Dying in the wool stickers for their own particular dogmas who are not willing to accept union who are probably banding together with their fellow-believers to maintain for their own personal benefit their own forms of service, but the funerals of these recalcitrants must come sooner or later, and the younger generation will readily assimilate itself to the united body.

The war has caused a great change in the religious outlook, and has made theological differences comparatively trivial. Besides this, church union will be a measure of economy. It will have men, who are now scarce, for to give \$300 per month to a railway conductor and \$60 or \$80 per month to the man who preaches the Gospel, is to so discredit a great calling that young men no longer study for the ministry; but all this is a bagatelle to the recovery of power and life and meaning which would be accomplished by church union.

MR. SLIPP'S APPOINTMENT

The announcement is made that the appointment of Mr. A. R. Slipp, K. C. to the position of Judge of the County Courts of York, Sunbury and Queens, has been passed by the Dominion Cabinet. This will bring to a timely end a condition of affairs in those counties which can only be described as scandalously disgraceful. For fourteen weeks the people of those counties have been denied the right to that measure of justice that the county courts provide, and for just what reason, no one seems to know. People cannot understand why Judge Wilson was dismissed so summarily on the 8th of March, if it was not intended to appoint his successor right away. That Mr. Slipp's appointment is distasteful to a certain section of his own political party is well known, but it would be altogether too flattering to them to insinuate that their influence was strong enough to hold it up.

The position of County Court Judge is one to which any member of the profession may very properly aspire. It is an honorable and responsible

office, that calls for both legal knowledge and business experience. Mr. Slipp possesses both of these qualifications to an extent that should ensure his maintaining the high traditions of the judicial bench, and to those may be added a courteous demeanor, an attribute which does not always stand out as conspicuously as could be wished on the Bench and at the Bar. In this respect, however, the Province of New Brunswick is singularly fortunate, and it would be difficult to find any section of Canada where the relations between the Bench and Bar are more cordial than in the case here. More Slipp's friends may look forward with full confidence to his maintaining in every respect the dignity and courtesy which has ever characterized the Bench in this Province.

PARLIAMENTARY INDEMNITIES

It was quite a shock to old-time conservatism in Great Britain when a Liberal Government a few years ago proposed and carried a measure to provide for the payment of members of the House of Commons. This radical movement did not go so far as to offer payment to the members of the House of Lords. That, of course, was beyond the bounds of thought. The members of the Commons were allowed £400 per annum. Many of the old-fashioned members raged against the allowance and declared that they would under no circumstances touch the money. We have seen no recent reference to this aspect of the question, no mention of how many members have taken the money and how many, if any, have refused it. Just now a question kindly discussed is what is regarded as a measure to increase the allowances, or the "subsidy" as it is called in the press. The new bill exempts the members from income tax on their pay as members and provides them with first-class railway tickets wherever they desire to travel in the United Kingdom.

There is much adverse criticism of the proposal. Both forms of the privilege are questioned, perhaps the free railway travel more than the tax exemption. In Canada both Senators and members of the Commons are given free railway travel by the terms of the Railway Act.

A question of a somewhat similar character has just caused a furry in Nova Scotia. The House of Assembly took what the Journal of Commerce calls "the strange course" of attempting to increase the allowance—indemnity it is called in Canada—of its own members without extending the increase to the members of the Legislative Council. It is often forgotten that, while most of the other provinces have adopted the single chamber legislative system, Quebec and Nova Scotia have retained second chambers. In England, as we have said, the payment of members is confined to the House of Commons. At Ottawa, while it has sometimes been suggested that members should not go to the members' conclusion always has been that there must be no discrimination between the two Houses. The Nova Scotian M. P.'s—perhaps because their House is a new one, including many members who are not familiar with such matters—have endeavored to do what in the Ottawa field would not be attempted. The sessional indemnity in Nova Scotia has been \$700, but in the last couple of sessions \$1,000 has been allowed. A resolution unanimously passed by the Assembly a few days ago fixed the indemnity for the future at \$1,500. The members of the Lower House assumed that they could take this increase themselves without regard to the Legislative Council. They soon discovered their mistake. Members of the Council who had not sought the increase, but they could not assent to any discrimination. If the Assembly felt that their services required \$1,500 as compensation, they could have it; but of course they must include the members of the Legislative Council. The outcome of the whole matter is that neither Council nor Assembly got the increase. The indemnity remains unchanged.

INFLUENCE OF THE BIG CITY

Probation with its stammerer (and all stammerers are philosophical) ever known was William Travers, once of Baltimore, lately of New York. After he had moved from the Oyster metropolis to the burg that overflows Manhattan, a Baltimore friend met him and conversed with him a moment.

"Bill," said the Baltimore friend, "you stutter worse here than you did in Baltimore."

"B-b-b-bigger town," explained Travers.

Had a Fifty-Fifty Sound to Him. Murdoch abominated pail-bearing. It always repelled him. So once when he was called upon to carry a large quantity of home-brewed hooch, he got along all right at that until, in the last moment, the minister sprinkled some earth on the canister and repeated, "Ashes to ashes, dust to dust," when Murdoch called out in a loud bass voice:

"That's fair enough!"

Does the British Government really hope to quiet things in Siberia? Is there anything more stirring than the happiness

THE LAUGH LINE

Influence of the Big City. Probation with its stammerer (and all stammerers are philosophical) ever known was William Travers, once of Baltimore, lately of New York. After he had moved from the Oyster metropolis to the burg that overflows Manhattan, a Baltimore friend met him and conversed with him a moment.

"Bill," said the Baltimore friend, "you stutter worse here than you did in Baltimore."

"B-b-b-bigger town," explained Travers.

Had a Fifty-Fifty Sound to Him. Murdoch abominated pail-bearing. It always repelled him. So once when he was called upon to carry a large quantity of home-brewed hooch, he got along all right at that until, in the last moment, the minister sprinkled some earth on the canister and repeated, "Ashes to ashes, dust to dust," when Murdoch called out in a loud bass voice:

"That's fair enough!"

Does the British Government really hope to quiet things in Siberia? Is there anything more stirring than the happiness

Brunswick, probably at least a gross of corncobs could have been bought with the amount mentioned. We know of nothing of much less value these days.

The Times declares that Premier Foster was not responsible for the irregularities of the Restigouche election. We did not say he was; but we do say that he took undue advantage of the situation caused through the ignorance and carelessness of one of his appointees. Does any one suppose for a moment that Messrs. Stewart and Dotie had returned as Government supporters that Mr. Foster would not have taken good care that the House should convene too early for the petition to have been heard beforehand and so give these members a chance to earn their indemnities in the language of the street, "You just bet he would." Would he have sent back the return to the Sheriff for amendment? Not much.

The University of Toronto has just conferred the degree of Doctor of Laws upon Premier Drury. This titular distinction is not inappropriate in view of the way in which the recipient has been attempting to doctor the laws of Ontario during the past year or so, with about as much success as the average amateur might be expected to achieve.

WHAT OTHERS SAY

Worse Than Beer. That Galahad-Gideon of our age, the Rev. Dr. Wilbur F. Crafts, has now turned his attention to the movies. He is now in the States, where he is open on Sunday. They inform the pure youth that vampire women exist in the world about him. They must be controlled, and controlled by a Federal censorship. It seems that Dr. Crafts lately went to a movie theatre, and there he saw pictures of a vampire woman. Take it from Dr. Crafts, she must have been pretty bad. Says the doctor:

"I would rather have my son stand at a bar and drink two glasses of beer than have him see that vampire woman. He may get over the effects of the beer in a week, but he could not forget that vampire woman until he was eighty years old."

To the weekly this may seem like a pretty good deal, but when you reformer says that she is worse than two glasses of beer he has said his utmost—particularly if, as in the case of the doctor, he is a member of the clergy. It is not enough to be remembered a week after taking. No wonder she will be remembered by octogenarians; old age is a long time to live, much of it sting.—New York Times.

A BIT OF VERSE

THE BARE FOOT LAND.
 I love—for I was once a boy—
 This season of the year,
 For well I know the land of joy,
 The Bare Foot Land is near.

Beyond those misted hills afar,
 Once wreathed in winds and woe,
 I know where whispering willows are,
 Where greening grasses grow.

Once on a time when birds brought
 news of
 Thick green grasses, cool and
 sweet,
 We gladly flung our tattered shoes off
 And ran with free young feet.

I'd love across the screen to go
 In one sweet limping reel,
 A rag around my favorite toe,
 A stone bruise on my heel!

Today my feet are tired and sore,
 My feet are cold and numb,
 Good God! Guide me to the shore,
 The shore of Kingdom Come!

I'll take my shoes off at the gate,
 When I the warden pass,
 Then with untrammeled feet elate
 I'll scamper thro' the grass.

My toes will have no cause to sigh,
 My heel will have no bruise on,
 No saint to me will loudly cry:
 "Come back and put your shoes on!"

Once more my feet will be so handy,
 I'll proudly strike a pose,
 And show them how to pull a dandy,
 Lion with my toes!

I love—for I was once a boy—
 This season of the year,
 For well I know the land of joy,
 The Bare Foot Land is near!

Benny's Note Book

THE PARK AVE. NEWS.

Weather. Nothing wonderful. Sports. The Invincibles played the Park Wonders last Saturday, the game ending the end of the 8th inning on account of lost ball. Score 59 to 13 favor the Invincibles, which the Park Wonders claimed a tie on account of saying they mite of made the extra 46 runs in the 9th inning.

Yoting Contest. A voting contest was held on Leroy Shoos-tery front steps last Wednesday to decide which was the most popular day, Saturday or Sunday, Sunday getting the next to the most votes on account of not being any skool and Saturday getting the most on account of not being any skool and not being Sunday.

Pome By Skinny Martin.
 Motherly Love.
 Last week my mother had a birthday,
 Being exactly 43,
 But I didn't have any money for a present,
 So I sent her a duxin roses C. O. D.
 Business and Financial. Sid Hunt and Sam Cross have been following each other around suspiciously ever since their wacky partnership to divide half of anything they get to eat with each other.

Slesley. Mr. Artie Alexander has had his picture taken with a big two tie on, not looking much like him on account of the tie but looking more like him than wat it does like anybody else.

Dominion Bond Issue
Coming Next Year
 Nearly \$200,000,000 of Victory Bonds to be Repaid in 1922 or Refunded.

Ottawa, June 10.—The statement of Sir Henry Drayton in Toronto last night at the bond dealers' convention that there would be some refunding loans next year indicates that the government will probably have to float a bond issue to retire the Victory loan maturing in December, 1922. At the finance department today, it was stated that Victory Bonds amounting to practically \$194,000,000 fall due next December. It is hardly to be expected that the government will be in a position to meet these with cash unless a bond issue is made.

New Bonds Taxable.
 The process will probably be that the government will notify bond holders that it is prepared to renew the bonds maturing in 1922, replacing the non-taxable bonds with one that is taxable, but bears a higher rate of interest. If the bond holders refuse this offer, demanding cash for his bond, it will be paid to him, the necessary funds being raised by the sale of bonds to the investing public. It is considered unlikely that the government will have any difficulty in raising loans, because the investment in government bonds is a popular one, owing to their safety.

THREE POLICE WOUNDED.

Belfast, June 10.—A police sergeant and two constables were shot in a street here this afternoon and are reported to have been gravely wounded.

The shooting is attributed in Unionist quarters here to an attempt on the part of the Sinn Feiners to create such conditions as would prevent the opening in state of the Ulster parliament on June 22.

Take your family out for Sunday dinner to La Tour Hotel dining room. You'll find it easier, just as economical and a nice change. 60 cents the meal.

RESOLUTION PASSED BY NOVA SCOTIA LEGISLATURE RE RATES

Why the Maritime Provinces Are Asking the Dominion to Restore the Intercolonial to Its Former Status—History of the Building of the Road, Set Forth in Clear Terms, Confirms Justice of Their Demand.

For some time past the manufacturers of the Maritime Provinces have been up against it in the matter of freight rates and have been agitating for better treatment from the officials of the Canadian National Railways. Last spring the matter was brought up in the legislatures of Nova Scotia and New Brunswick and resolutions calling on the Dominion Parliament to make good the promise of Confederation with the Intercolonial passed.

That passed by the Nova Scotia legislature was as follows:—

Whereas, in 1850, delegates from the Maritime Provinces attended a convention at Portland, Maine, to facilitate trade and transportation, by the construction of a railway from Halifax to Portland; and

Whereas, in 1851, Joseph Howe went as a delegate from Nova Scotia to England to promote railway construction with the Upper Provinces as well as to secure aid for the Halifax-Portland line; and

Whereas, Earl Grey, then Colonial Secretary, refused all aid to latter line, whereupon the Provinces of Nova Scotia and New Brunswick contracted with the Government of Nova Scotia to build a line to Truro, with a branch to Windsor; and the Government of New Brunswick built from St. John to Shediac, and also submitting a line to Maine borders and in conjunction with the Government of Nova Scotia, contracting with the International Contract Company of London, England, for the construction of the line between Truro and Painesburg, thus making complete railway connection between Halifax and the United States; and

Whereas, in 1864 a meeting of delegates from the Maritime Provinces took place at Charlottetown to consider the question of Maritime Union, which meeting was visited by delegates from Canada West, and the larger union of all Canada, based and conditioned upon the construction of a railway from Halifax to Quebec; and

Whereas, the Western delegates claimed that they possessed no seaboard and no means of communication with England in winter, except through United States territory, which in case of interest in the winter, might be closed, and that a through line on Canadian soil was necessary to preserve their national safety and integrity, and in attention of the above facts, the terms of union were discussed and later on accepted by the four principal provinces, the British Government agreeing to guarantee the interest on a loan to construct it, said Government to select the route; and

Whereas, the Imperial Government selected for military purposes the most northern route, a great portion of which was a wilderness, without inhabitants or trade, which as represented, was 138 miles longer than a more southern route, and costing millions of dollars more; and

Whereas, in the second session of the first Parliament of Canada, resolutions were moved by Hon. Alex. McKensie, pointing out the commercial poverty of such a line and asking that it be abandoned for a more southerly route, which resolutions were negatived, the vote being 114 to 28; and

Political and Military Road.

Whereas, such a line in its inception and design being handicapped by being made a political and military road, primarily for the benefit of the Upper and Lower Canada Provinces, which provinces then possessing at their cost a commercial line to the United States, it has always been recognized that it was not fair to expect such a line to return up capital, or even to fully meet the cost of operation, should such cost impose too heavy a burden upon the manufacturing and mercantile interests of the Maritime Provinces; and

Whereas, there has been established throughout Canada and in particular the Western Provinces, a trunk system of several divisions as the Trans-continental Railway, the Grand Trunk Pacific Railway, and the Canadian Pacific Northern Railway; and their subsidiary lines, all of which are now owned, operated or controlled by the Crown, acting through the Government of Canada, and which were in part originally designed for the purpose of opening up settlement and colonization, large tracts of lands now unoccupied; and

Whereas, there have been within the past few years heavy annual deficits in the maintenance and operation of said system; and

Whereas, because of such deficits, freight and passenger rates on all the Canadian Government railways, including the Intercolonial Railways and its branches, have been so greatly increased as to militate against access to the markets of the Western Provinces upon favorable conditions of the natural products and manufactures of the Maritime Provinces; and

Price of Their Coming In.

Whereas, the construction of the Intercolonial Railway and its maintenance as a public highway for the people of the Maritime Provinces was a condition of their becoming parties of the Confederation; and

Whereas, the Intercolonial Railway has in effect been absorbed in the larger government transportation system in respect of its maintenance, operation and management; and

Whereas, the Maritime Provinces have labored under the present handicap for the past few years, because demand for products has exceeded supply, and, consequently, freight rates were not considered a deciding factor in the markets of the Western Provinces; and

Whereas, conditions over the whole country are now becoming normal

Greek Steamer Struck Mine in Aegean Sea

Had 240 Passengers Beside Crew of 25 — Details of Wreck Lacking.

Athens, June 10.—Many lives are believed to have been lost in the sinking of the Greek steamer Boubouline, which struck a mine and foundered in the Aegean.

The Greek battleship Lemnos has arrived from Piræus near Smyrna, with two passengers who were picked up. Details of the disaster are lacking.

Paris, June 10.—The mail packet Boubouline, which has been sunk in the Aegean by a mine, had 240 passengers on board, besides a crew of 25, says an Athens dispatch to the radio agency.

ANNUAL CLASS RECITAL ENJOYED

In Queen Square school room Thursday evening, the annual class recital was given by some of the pupils of Mr. J. C. Rayworth. During the evening a presentation was made to the teacher by Mrs. J. B. Gough on behalf of the class and at the end of the programme a social half-hour was enjoyed and refreshments served. A silver collection was taken for the benefit of the Ladies' Aid.

The following took part—Elinor McBeath, Laurence Smith, Marjorie Myles, Ronald Smith, Evelyn Mooney, Vida Lodge, Beryl Lawson, Eleanor Hooper, Maud Lawson, Hazel Fisher, Mary Roderick, Dorothy Belyea, Edith Craft, Mildred Bustin, Helen McKay, Marguerite Howe, Josephine McQuade, Eileen Williams, Vicars McLaughlin, Anna Gough, Emma Chown, Roberta Craft, Mildred Bustin, Helen McKay, Evelyn Hanson and Winnifred Blair.

The accompanist was Mrs. J. C. Rayworth.

Deficient Vitality a Great Misfortune.

Persons that can rarely or never say that they feel full of life, are really among the most unfortunate. They do not live, but merely exist; for to live implies more than to be. To live is to be well and strong, and to feel equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in the veins.

A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessings. Such a medicine is Hood's Sarsaparilla. The weak, run-down or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes existence into life, and makes life more abundant. It is simple justice to say these words in its favor.

Hood's Pills very effectively supplement it in cases where a cathartic or laxative is needed.

FUNERALS

The funeral of Malcolm Gordon Johnston was held yesterday afternoon from the residence of Mr. and Mrs. W. E. Bowman, 46 Crown Street, to Perth Hill. Service was conducted by Rev. W. R. Hibbard, head master of Robt. St. John's College School.

The funeral of George Millward was held yesterday afternoon from Green's undertaking rooms to Perth Hill. Rev. Mr. Gabriel conducted service, which was attended by representatives of the Great War Veterans' Association and the Red Cross Society.

The funeral of Mrs. John White was held yesterday afternoon from her late residence, 73 Prince Street, to the Church of the Assumption, where service was conducted by Rev. J. J. Ryan. Interment was in Holy Cross cemetery.

A large number were in attendance at the funeral of Dr. Wm. H. Carter, which was held from his late residence in Rotherby to Perth Hill yesterday afternoon. Citizens of all classes and creeds congregated to pay their respects to one who had been a true friend to all. The service was conducted by Rev. Canon A. W. Daniel at Rotherby. Many tributes were numerous and beautiful.

A Desire To Eat What You Want

Stomachs Can be Restored to a Healthy Condition.

Not to be limited in diet, but to eat whatever he pleases is the dream of every dyspeptic. No one can honestly promise to restore any of the digestive organs that a pleasing diet may be selected from articles of food that cause no discomfort.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich, red blood is impossible, and Dr. Williams' Pink Pills offer the best way to enrich the blood. For this reason these pills are especially good in stomach trouble attended by thin blood, and in attacks of nervous dyspepsia. Proof of the value of Dr. Williams' Pink Pills in cases of indigestion is given by Mr. John A. McDonald, Tarbol, N. S., who says: "I have suffered from indigestion for many years. I got a box and I thought before they were done I could feel a change. Then I got six boxes more, and by the time they were used I was eating my meals with regularity and enjoyment. My general health is now good, and it is no wonder that I am an enthusiastic advocate of Dr. Williams' Pink Pills."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

Parks-VanWart.

A quiet wedding took place at the home of Mrs. Wilford VanWart's fiancée, on Wednesday, June 9, at 9 a. m., when her daughter, Jessie E. Parks, of Providence, R. I., to the strains of Schubert's wedding march, played by Greta VanWart, niece of the bride, the bride entered the room on the arm of her brother, J. A. VanWart. The bride looked as lovely as a glow in the sunset and carried a bouquet of carnations and roses.

The ceremony was performed by Rev. T. D. Bell of Central Hampstead, and an altar service was held.

Immediately after the ceremony a wedding breakfast was served, after which Mr. and Mrs. Parks left by auto for Providence, where they will reside.

Mrs. M. A. Reeves

Moncton, June 10.—Moncton friends yesterday received word of the death of Mrs. H. Clinton Davidson, which occurred on Wednesday, June 9, at the home of her daughter, Mrs. (Dr.) R. P. Doherty, Great Village, N. S. The deceased, who was eighty-one years of age, had been in poor health for some time. Her husband, who in his lifetime was a well known official in the Government railway service here, deceased her ten years or more. The late Mr. Davidson carried over her marriage was Miss Charlotte Cleveland, of Sussex. She is survived by three daughters, Mrs. Doherty and Mrs. Hucyke, of Great Village, and Miss Bessie Davidson, of Vancouver, and two sons, Geo. C. Davidson, assistant test engineer of the C. N. R. Moncton, and Fenwick, of New York. Another son, Frank, was a veteran of the South African war. He remained in Africa and died there a few years ago.

Hubert Arthur Loftus

Moncton, N. B., June 10.—Many friends learned with regret this morning of the death of Hubert Arthur Loftus, a popular and well known C. N. R. locomotive engineer, which occurred at his home in this city last night quite suddenly. Mr. Loftus had not been well for the past two months, having heart trouble but he had been around as usual up to a few hours before his death. Heart failure was the cause of his sudden passing. Deceased was forty-three years of age and was a native of England. He is survived by a wife, four sons and one daughter. His mother and several brothers and sisters also survive. The deceased had been in the employ of the C. N. R. ever since boyhood and was well known among C. N. R. trainmen.

Mrs. M. A. Reeves

Moncton, June 10.—The death of Mrs. M. A. Reeves occurred at the home of her daughter, Mrs. Fletcher Wilson, here yesterday afternoon, at the age of sixty-three years. The remains will be taken to Melrose, Mass., for interment.

MRS. KABER CONFESSES.

Cleveland, June 10.—Mrs. Eva Catherine Kaber has confessed that her husband, Dan F. Kaber, was murdered with her knowledge in their Lake wood home two years ago and Marion McArdle, Mrs. Kaber's daughter, has confirmed much of her mother's story, the News announces this morning.

FIRE AT MOUNT JOLI.

Quebec, June 10.—Fire at Mount Joli, Rimouski county, yesterday destroyed ten houses. It was feared for some time that the entire hamlet would be destroyed, but the villagers finally mastered the flames.

Summer Display of Whitewear

In Newest and Prettiest Designs

Appreciating your summer wants in Whitewear we offer this week a very pretty and new assortment at prices that make it a pleasure to replenish your wardrobe.

This offering is unusual in that it gives you our usual high quality at extraordinary low prices.

- Ladies' Corset Covers of best quality cotton, 49c. to \$2.50.
 - Ladies' Underskirts with Hamburg and Lace frills, \$1.50 to \$3.50.
 - Ladies' Cotton Drawers with Lace and Hamburg trimmings. All sizes. 95c. up.

Probate Court

The will of Lady Alice S. Tilley was proved in Probate Court before Judge H. O. McInerney yesterday morning. She left an estate valued at \$62,240, consisting of \$3,540 in personal effects and \$28,700 in real estate in St. John, Rotherby and St. Andrews. The St. John property is her former residence, Carleton House, Germain street.

Specific legacies were left to grand children and daughters-in-law and remembrances to relatives of the family. Bequests of \$200 were made to the St. John Stone church for the benefit of the missionary work of the widows and orphans' fund, and \$200 to the Bible Society. The residue was left to Lady Tilley's only surviving son, Leonard P. D. Tilley, of this city. J. Roy Davidson, was proctor.

Ancillary probate was granted to H. H. McLean in the matter of the estate of Caroline T. Tucker, late of Epsom, England. Letters testamentary had been granted last December in England to F. N. and E. T. Tucker under her last will. The value of the estate locality was given at \$14,000, personality, while the gross probate value was \$29,915 1/2. Of this various legacies were made, and \$400 given to English charitable interests. Dr. F. R. Taylor, K. C., was advocate.

In the matter of the estate of Wm. Carter, \$2,200.23 personality, Charles Carter was appointed administrator. J. M. Trueman was proctor.

The will of Annie Barton was proved, appointing Robert and Herbert Barton executors. The estate was valued at \$3,800 realty and \$5,500 personality. Public bequests included \$100 each to the C. M. S., the C. C. M. S., the building fund of St. Mary's church, and \$50 each to the Bible Society, St. John County Hospital, and Protestant orphans' Home. Dr. J. Roy Campbell, was proctor.

The will of Daniel G. Toole, appointing his wife, Louisa, his executrix, and giving his estate, \$2,000 personality, to her, was proved. H. F. Padgington was proctor.

In the matter of the estate of Wm. H. Higgins, personality \$1,450, Mary V. Higgins was appointed administratrix. J. M. Trueman, was proctor.

THINKS SWEARING ALL RIGHT.

Yes, providing the provocation equals the offence of Jones stepping on Smith's sore corns. Far better to use "Putnam's Painless Corn Extractor," it does lift out corns in a hurry. No corn can last if "Putnam's" is applied. Refuse a substitute, 25c. everywhere.

COMMITTED SUICIDE.

Calgary, June 10.—Clad in a night dress, a woman stated to be Mrs. W. Batts, of Flapout, near Maple Creek, walked up to the Canadian Pacific main line yesterday, and placing her head on the track was decapitated by an oncoming freight train.

In the hottest climates wild animals are easiest of approach by man. Take a dip in the lake—and then take the shivers.

Business Men's Special Dinner

At LaTour Hotel

What you want when you want it—is of first importance in our policy of catering to men whose time is limited. Well cooked food, plenty of it in abundant variety, prompt, careful service and absolute cleanliness is another rule which we follow to the smallest detail.

To the busy man who must dine up-town and the suburbanite whose midday meal must be eaten in the city, we devote special attention from

HOME BREWERS AND RAISINS.

Washington, June 10.—Home brewers used up more than 16,000 tons of raisins in 1919. W. M. Giffen, president of the Californian Associated Raisin Co., estimated yesterday, in giving a senate sub-committee his views on the pending bill to authorize collective bargaining by farmers.

THE STANDARD'S SPORTING SECTION

Held Indignation Meeting At Rothesay

Members of Consolidated School and Captain of Sackville Team Protest.

An indignation meeting was held in the Rothesay Collegiate School yesterday during the morning recess by the members of the school's track team, which Ralph MacCreedy, captain of the Sackville High School's track team attended.

The meeting went on record as protesting the unprofessional treatment they felt both Sackville and the Consolidated school had received by being barred from the interscholastic meet after invitations and application forms had been sent to the two teams.

Mr. MacCreedy read the invitation he had received from the St. John captain, and stated he had come down to attend the meet and would put in an appearance on the strength of the letter, and leave it to the two schools as to whether he should be barred from the meet or not.

The Consolidated boys expressed much disgust at the shabby treatment accorded them, and were undecided as to whether they would adopt the same tactics or not.

Rothesay's Head Master Writes

Says Statement Made Not in Accordance With Facts—How Invitations Received.

The following letter has been received from Rev. W. R. Hibbard, headmaster of the Rothesay Collegiate school, in regard to the barring of schools other than Rothesay Collegiate and St. John High from the interscholastic meet to be held at Rothesay today, June 9, 1921.

To the Editor of The Standard, St. John, N. B.

Sir—My attention has been drawn to an article which appeared in The Standard on the 9th inst., regarding the so-called interscholastic track meet. In this article appeared several statements which to my certain knowledge are not in accordance with facts. Chief among these are the two following: It is therein stated that several schools were invited to enter teams. This is not the case. They were simply told unofficially that they might send applications to enter. Also, it is stated that the Aberdeen High School of Moncton was barred from entering. No application was received from them, in fact, I do not think that they ever had the slightest intimation of entering a team this year.

Yours, etc., W. R. HIBBARD.

Mr. Hibbard in his letter says that our statement, that several schools were invited to enter teams, is not the case. That they were simply told unofficially that they might send applications to enter.

The principal of the Rothesay Consolidated school states that on May 27th Mr. Hibbard told him that any school in the province might enter a team, and added: "Tell your boys I hope they will enter a team."

Further than this the Rothesay Consolidated track team captain, and the captain of the Sackville High school track team were sent application forms to be filled out, and a copy of the rules drawn up by Rothesay, St. John and Moncton in 1921, instructing them that these rules were to govern the meet.

The Sackville captain received the blanks from Captain Scammell of the Rothesay Collegiate team, and it is presumed that the Rothesay Consolidated received them from the same source, or with his sanction.

In addition to this, the Sackville team received a letter from Captain Wilson, of the St. John team in which he states that Rothesay's captain had advised him of the posting of the application forms to Sackville, and concluded by saying "Sackville represented at the meet."

It would therefore be conceivable of the circumstances that a copy of a more "official" invitation being extended to other teams.

Mr. Hibbard further denies that Moncton was barred from entering. We would refer him to the letter sent to Moncton by Captain Wilson at the Collegiate school's request in which he states:

"At a meeting of representatives of the Rothesay Collegiate School and St. John High School, it was unanimously decided that for this year it was deemed best that no outside schools be allowed to compete in the track meet."

St. Peters Given First Defeat

Pirates in Senior League Sprung Surprise and Won Game by Score of 6 to 5.

The first defeat of St. Peter's this season happened on the East End grounds last evening when the Pirates sprang a surprise and in six innings won out by a score of six to five. The Pirates started with three runs in the first inning made another in the third and two in the last. The Salts scored their first run in the fourth and got two in the fifth and two in the last. Timely hitting and Willett's steadiness in the pinches won the game for the Pirates which is their first victory this season.

The following is the official box score and summary:

St. Peters		Pirates

St. Georges Won From Carleton

Eight Innings Played in West End League—Carleton Did Well for Six Innings.

Eight innings were played on the Queen Square diamond last evening in the West End League when St. Georges defeated Carleton by a score of 13 to 6. For six innings Carleton gave their opponents a good run as the game was tied, each team having four runs. St. Georges got things going their way in the seventh and eighth innings by piling up eight more runs and walking away with the game.

The official score and summary follows:

Carleton		St. Georges

Stable of Horses Comes From Boston

String of Five Fast Ones Owned by D. H. Cameron, Harvard, Mass., Arrives Today.

Fredericton, N. B., June 10.—A telegram received by the Fredericton Park Association this morning announces that D. H. Cameron, of Harvard, Mass., was shipping his stable of horses from Boston on the steamer Governor Dingley for St. John en route to Fredericton.

Mr. Cameron has five horses in his string and will come direct to Fredericton to complete his training at the local track in preparation for opening of the Maine and New Brunswick Circuit here on Dominion Day. He promises remaining in the East until Fall, having taken out nominations in the stakes at the various fall fairs.

The record horses in the Cameron stable include Princelyne, 2 1/2 1-2, a black gelding by Prince McKinney, and Electric Muckerron, 2 1/2 1-2, a bay gelding by John A. McKerron, the former being a pacer eligible to the 2 1/2 class. They will reach St. John on Saturday and will arrive in Fredericton on Monday. From Fredericton they will go to Hamilton for the Fourth of July and follow the new Maine and New Brunswick Circuit during the entire season.

Carpenter Is In Fine Condition Now

Will Do Just Enough Work to Keep Him in Good Humor Says Descamps.

Manhasset, N. Y., June 10.—George Carpenter's physical condition is now such that it would be foolish for him to train too hard, his manager said today.

Manager Descamps' knowledge of the English language does not permit him, he declared, to express his opinion of a number of the writers who have criticized the challenger while watching him at work.

George's boss became enraged last week when some ring-side spectators said certain things that fell on George's ear, and has decided to protect him in the future.

"George is happy," he said today, "and has no fear for the coming fight."

World's Record For Ten To One Shot

Goalie Won Bayside Hatcap at Belmont Park—W Mile and Furlong in 1.49

Belmont Park, June 10.—Goalie salting plaster and a ten to one today established a world's record winning the Bayside Handicap, ran the mile and a furlong in 1.49, a fifth of a second under the set by Man O'War at Aqueduct year.

We want to keep him in this frame of mind, but with a lot of scolding around there is no telling what will happen. Georges wants to win, believes he is good enough to do it. "He will spar on no certain, perhaps today and perhaps not. He does not work with his partners he will be given more time on the road."

Will Do Just Enough Work to Keep Him in Good Humor Says Descamps.

Manhasset, N. Y., June 10.—George Carpenter's physical condition is now such that it would be foolish for him to train too hard, his manager said today.

Manager Descamps' knowledge of the English language does not permit him, he declared, to express his opinion of a number of the writers who have criticized the challenger while watching him at work.

George's boss became enraged last week when some ring-side spectators said certain things that fell on George's ear, and has decided to protect him in the future.

"George is happy," he said today, "and has no fear for the coming fight."

World's Record For Ten To One Shot

Goalie Won Bayside Hatcap at Belmont Park—W Mile and Furlong in 1.49

Belmont Park, June 10.—Goalie salting plaster and a ten to one today established a world's record winning the Bayside Handicap, ran the mile and a furlong in 1.49, a fifth of a second under the set by Man O'War at Aqueduct year.

We want to keep him in this frame of mind, but with a lot of scolding around there is no telling what will happen. Georges wants to win, believes he is good enough to do it. "He will spar on no certain, perhaps today and perhaps not. He does not work with his partners he will be given more time on the road."

St. Georges Won From Carleton

Eight Innings Played in West End League—Carleton Did Well for Six Innings.

Eight innings were played on the Queen Square diamond last evening in the West End League when St. Georges defeated Carleton by a score of 13 to 6. For six innings Carleton gave their opponents a good run as the game was tied, each team having four runs. St. Georges got things going their way in the seventh and eighth innings by piling up eight more runs and walking away with the game.

The official score and summary follows:

Carleton		St. Georges	
AB.	R.	H.	TB.
Mitchell, c.	3	0	0

Stable of Horses Comes From Boston

String of Five Fast Ones Owned by D. H. Cameron, Harvard, Mass., Arrives Today.

Fredericton, N. B., June 10.—A telegram received by the Fredericton Park Association this morning announces that D. H. Cameron, of Harvard, Mass., was shipping his stable of horses from Boston on the steamer Governor Dingley for St. John en route to Fredericton.

Mr. Cameron has five horses in his string and will come direct to Fredericton to complete his training at the local track in preparation for opening of the Maine and New Brunswick Circuit here on Dominion Day. He promises remaining in the East until Fall, having taken out nominations in the stakes at the various fall fairs.

The record horses in the Cameron stable include Princelyne, 2 1/2 1-2, a black gelding by Prince McKinney, and Electric Muckerron, 2 1/2 1-2, a bay gelding by John A. McKerron, the former being a pacer eligible to the 2 1/2 class. They will reach St. John on Saturday and will arrive in Fredericton on Monday. From Fredericton they will go to Hamilton for the Fourth of July and follow the new Maine and New Brunswick Circuit during the entire season.

Carpenter Is In Fine Condition Now

Stetson-Cutler And Simms Tied

Fast Six Innings Played by Industrial League Teams on Nashwaak Diamond.

Last evening on the Nashwaak grounds in the Industrial League, Stetson Cutler and the Simms teams played six innings to a tie each side making three runs.

Both teams were blanked in the first and second innings and each scored one run in the third. Simms' players gathered two more in the fifth inning, but in the last inning the Beavers got two men across the plate and tied score. The official score and summary follows:

Baseball Games With Big Leagues

FOR THE DWELLER IN THE COUNTRY.

ARE NEEDED IN HANDLING BERRY CROP

Soft Berry Will Spoil a Boxful for Long Distance Shipping.

The strawberry crop just about for harvesting in many sections of the country is not in the best condition as well as the quality of the berries. It is a fact that a berry which is soft when it is picked will spoil in a box in a few days. It is therefore necessary to handle the berries with care and to pack them in a way that will keep them in the best condition for as long a time as possible.

Cause of Decay. The most common cause of decay in berries is the use of soft berries. These berries are more likely to be injured in handling or to become soft in the box. It is therefore necessary to select only firm berries for shipping. Another cause of decay is the use of old boxes. These boxes are more likely to contain mold and other decay organisms. It is therefore necessary to use only clean, new boxes for shipping berries.

Over-Ripe Berries Bad. Another cause for decay is the use of over-ripe berries. These berries are more likely to be injured in handling or to become soft in the box. It is therefore necessary to select only ripe berries for shipping. Another cause of decay is the use of old boxes. These boxes are more likely to contain mold and other decay organisms. It is therefore necessary to use only clean, new boxes for shipping berries.

TIMELY GARDEN PRACTICE

By HENRY J. MOORE.

The Flower Garden.

The lover of flowers will now find it time to do in the flower garden. The approach of June, being most favorable for the flowering of many plants with which to enrich the home surroundings, and to do this it will be in a large number of cases necessary to employ a spraying machine to keep the plants free from insects. It is therefore necessary to use only clean, new boxes for shipping berries.

Treating Bulbs.

It is important that the grower will keep his bulbs which are treated in the following way: Remove them from the soil carefully by means of a fork, as soon as the leaves turn yellow or when necessary after the flowers are faded. Place the bulbs in a trench in a position in the garden, covering the bulbs with soil, and in addition, allow the leaves to rot away. When during late June, the bulbs have entirely shriveled, the bulbs and store them on a dry, airy place where they should remain until planted in October or November. It is the time to set out exotic plants as geraniums, tuberoses, musc-rooted begonias, Cissus, etc. All bedding plants. These efforts practically the necessity for the season to be sown in the garden. It is now too late to sow the majority of seeds.

Use of Chemicals In Killing Weeds

Copper Sulphate to Destroy Mustard in Grain Crops is Recommended.

While the hoe and the cultivator are likely to remain as the most efficient weapons to use in the combat with weeds, there are certain cases where the use of some chemical will be extremely desirable. A good example of the latter is the case of a grain crop infected with an annual such as Wild Mustard, where it is possible by spraying with iron sulphate or copper sulphate to injure the weed to such an extent that it is unable to ripen its seeds. There are also numerous plots of waste ground in town, miles of roadside all over the country, railroad tracks, and large areas of stony cultivated ground that cannot be cultivated, where the employment of chemical means for keeping down weeds might be profitably considered.

The Most Successful. The chemical substances that are most employed for killing weeds are sulphuric acid, iron sulphate, copper sulphate, common salt, caustic soda, sodium arsenite, carbolic acid, orchard heating oil and fuel oil. Of these the most successful is sulphuric acid. It is a powerful acid and has a fertilizing effect on the soil. Iron sulphate or copperas is used in a solution of 15 to 20 per cent, but cannot be applied with safety to a crop of beans or fax.

Common salt or sodium chloride is used in a strength of 20 to 25 per cent. It checks the growth of other plants besides weeds until it has been washed out by rain. Caustic soda or sodium hydrate is used in a 5 per cent solution. It kills all kinds of vegetation. Sodium arsenite is used at the rate of 2 pounds to 60 gallons of water. It is very dangerous and the powder is dangerous to health if inhaled. It kills all vegetation.

Carbolic acid is used in a solution of 12 1/2 per cent or stronger. Orchard heating oil is applied at full strength in a fine mist. It destroys all vegetation, but is not poisonous and does not injure the soil.

The Vegetable Garden.

Perhaps mildew may also have appeared. The best remedy for this fungus pest is to dissolve sulphur in potassium liver of sulphur, one-quarter ounce to one gallon of water, and to spray the solution on the bushes in the evening. It may at this juncture be said, for the information of those who grow roses, chrysanthemums and sweet peas in greenhouses during the winter, that the remedy is a most effective one when these subjects are attacked by mildew.

The Vegetable Garden. In raising the crops, it is very necessary that as soon as many vegetable plants crowd each other in the rows, they should be thinned, and judicious thinning is essential to the production of vegetables of good size, shape, and quality, and therefore to maximum yield. However, judicious thinning may have the reverse effect. Uniformity of growth largely depends upon the manner in which the plants are thinned, and surely the sight of straight rows of vegetables in which the growth is uniform, will give great satisfaction to the owner, to say nothing of the attraction they will be to others who are interested in his work. As said long ago in a previous article, "The criterion of successful production is not the number of plants you have, but the weight of usable or salable food of good quality." Therefore, thin your plants intelligently and aim rather at quality and shape than at numbers—thus very little of the produce of your garden will be wasted.

CANADA LEADS IN HEALTH OF ITS ANIMALS

Such Diseases as Exist in Limited Extent Are Well Under Control.

The report of the Veterinary Director-General recently issued covers two years, the first part for the year ending March 31, 1919, and the second part for the 12 months terminating March 31, 1920. The health of Canada's live stock during both years is shown to have been highly satisfactory. In fact it is easy to believe that Canada is the healthiest country in the world for all breeds of live stock. No country can claim to be absolutely free from ailments in its cattle, horses, sheep and swine any more than it can that every human being is healthy-perfect. But Canada, it is safe to assert, comes nearer to the ideal state than any other land. None of the epidemic diseases that cause most anxiety to sanitary officials, such as foot and mouth disease, cattle plague, and contagious pleuro-pneumonia are found within our borders. Diseases that do exist to a very limited extent, such as glanders, hog cholera, and cattle mangle, the report shows, are being kept well under control and are diminishing in number year by year. Glanders is proven to have existed only in Northern Saskatchewan and Manitoba and in those provinces extremely few cases are reported. All the outbreaks, the Veterinary Director-General is able to state, have been efficiently dealt with and the disease eradicated. Where hog cholera and cattle mangle have appeared vigorous action has immediately been taken with the result that contagion has been everywhere checked and districts entirely cleared. Regarding hog cholera, experience shows that nearly all cases originate on premises where garbage is fed to animals. Cooking, if properly done, is stated to be an effective safeguard. Full statistics are given in the report of the activities undertaken all over the country which indicate the remarkable results achieved.

WHAT TON OF SILAGE IS WORTH

One ton of silage equals one ton of sugar beets. Three tons of silage equal one ton of clover hay. Three and one-half tons of silage equal one ton of alfalfa hay. Two and one-half tons of silage equal one ton of marsh hay. Three and one-half tons of silage equal one ton of prairie hay. One-half ton of silage equals one ton of pumpkins.

Well, Something Is.

Brown—Despite the general depression and the number of people out of work you will always find one thing. Black—What's that? Brown—The telephone line you want is busy.

four inches; sweet corn in rows eighteen inches—better, however, if grown at stations this distance apart, two or three plants to the station; chicory, four to six inches; whitloof chicory or French endive, six to nine inches; common endive, twelve to eighteen inches, according to variety; leeks, six inches; lettuce for heading purposes, twelve to fifteen inches; small varieties, such as leaf lettuce, for early use, nine inches; okra, nine to twelve inches; onions for exhibition and in the case of large varieties, nine inches; ordinary varieties, four inches; parsnips, when large roots are desired, six inches; not less than four inches in any case; radishes, thin as necessary for use, six to eight inches; oyster, six to nine inches; Swedish, small table varieties, nine inches; large varieties, twelve inches apart.

In case, through bad germination or other causes, gaps have been caused in the rows, these may be filled by transplanting the thinnings, with the probable exception of the taprooted crops, which do not often grow successfully when transplanted.

celery. Plant early celery during the first week in June. The plants you raised on the hot bed in the purpose, if you now be ready for this purpose. If you did not raise these, but a few at once, plant in rows or in trenches 24 inches apart, with two or three plants better in a small garden, the celery being a water-loving plant. The trenches may be occasionally flooded by the hose or other means. The plants may be set in double rows in the trenches, in which case the plants and rows should be nine inches apart, or in single rows in which from six to nine inches between the plants would be proper, and twenty-four to thirty between the rows. Make the trenches for double rows eighteen inches apart, and for single rows twenty-four to thirty inches apart. For single rows, twelve inches wide and deep. Fork the bottom of the trenches full of well-rotted stable manure. Cover this with two or three inches of the soil, and plant.

Good celery may be grown in sun-soil rows in a fine soil where facilities for watering up or by means of other means are afforded. In the celery-growing districts the surface method answers well, as the soil is light, full of decaying vegetable matter, and thus retentive of moisture, a condition very favorable for the production of first-class celery. However, in many gardens, where heavy clay loams prevail, the trench method offers the best chance of success.

Meaning of Roughage And Concentrate Feed

In discussing feeding stuffs it is desirable to differentiate between those which are of coarse, bulky nature and others which are more condensed and more nutritious. Accordingly, the terms "concentrate" and "roughage" are used, since they are now widely recognized and used. Concentrates are feeding stuffs of condensed nature, which are low in fibre and hence furnish a large amount of digestible matter. Examples of this class of feeds are the various grains, as Indian corn, wheat and oats, and milling by-products of high feeding value, as wheat bran, linseed meal, gluten feed, etc. Roughages are the coarser feeding stuffs, which are high in fibre and supply a lower percentage of digestible matter. Such feeds as hay, corn fodder, straw and silage belong to this class. Some of the low-grade by-products, such as oat hulls, ground corn cobs, and peanut hulls are rough ages, rather than concentrates, for they are largely fibre and furnish but little "nutriment."—Henry and Morrison, "Feeds and Feeding."

Suitable Tip. "I say, porter, did you find fifty dollars on the floor this morning?" "Yes, sub. Thank you, sub."

Amount of Bacteria Found in Manure

The number of such organisms will vary considerably, depending on the physical and chemical character of the manure, the method of treatment, etc. In general it may be said that manure may contain from 7,000,000 to 275,000,000 bacteria per gram (1.30 oz.). On the average farm manures probably contain about 80,000,000 organisms per gram. Most of these organisms occur in the solid excreta which has been found to contain 15 to 40 billion bacteria per gram. The urine is practically sterile and the litter usually contains comparatively small numbers. Some idea of the bacterial matter in manure may be given by the estimate that 9 to 20 per cent. of the dry weight of cow manure consists of bacterial substance. Furthermore, there is a great multiplication of bacteria on standing and in a few weeks the number present will be much larger than at first. After a longer or shorter interval, however, depending on the physical and chemical composition of the manure, this increase in number of bacteria will cease and a decrease will occur. These facts may be easily understood when we recall that the manure at first contains a large amount of available food which causes a great multiplication of bacteria. As this available food decreases there is not enough to support the increased number of organisms and many of these therefore die.

The bacteria present in manure may be divided into two classes; the aerobes, which require air, and the anaerobes which require absence of air for their growth. Whether there are more bacteria of one or the other of these classes will depend very largely upon the physical condition of the manure which will vary with decomposition. The fermentations brought about by these two classes of bacteria are quite different, particularly with regard to the final products. Both classes of action may occur together, the aerobic bacteria working at the surface of the manure pile and the anaerobic in the inside. If the manure is loosely stored, then the aerobes are most active; if it is packed tightly the anaerobes will be most active. In the decomposition or rotting processes brought about by these bacteria, the various constituents of the manure are attacked and changed into more available or simpler forms.

Apply Fertilizer To Side of Crop

Side applications of fertilizers to growing crops pay. This is so well verified that it has become a widely established practice. In making applications of fertilizers to growing crops, the side application of complete fertilizers and the nitrogen top dressing should be made earlier on the heavy or clay loam soils than on the light or sandy soils; also a smaller proportion of the total fertilizers should be applied to the heavier soils as a second application than to sandy soils. In other words, the sandier the soil, the greater the preparation of the fertilizer that can be successfully used as a side application. Of course, only the water soluble or quickly available materials should be used in second application fertilizers. In such forms they are ready to supply the growing plant abundant food at the time when the largest quantities are required. It is well to remember that nitrogen has to do with the vegetative growth of plants and if it is put on late, it tends to delay maturity. Phosphoric acid has to do with the fruiting of the plant and when present in the soil in abundance, it will force the crop to an early maturity. Potash gives vigor to the plant and helps to fill out the grain or develop the fruit.

Bicycles for Everyone

ANY BOY OR GIRL in the Maritime Provinces can secure a sixty-five dollar "Pathfinder" bicycle, complete with mud-guards, air pump, parcel carrier and stand, with coaster brake, reinforced frame, spring saddle, and in fact everything that goes to make a bicycle complete, and at the same time earn fifteen dollars pocket money, payable in cash.

If there is a boy or girl who does not want a bicycle, any of them may earn a watch or any other prize they desire by the most generous proposition that has ever been made to the young people of the Maritime Provinces.

Pictorial Review is desirous of securing one million additional readers and in order to do so offers the Pathfinder bicycle mentioned above to any boy or girl who will, before October 15th, sell three hundred copies of this popular woman's magazine. Pictorial Review retails at twenty-five cents per copy. Any one who wishes to enter this competition pays only twenty cents per copy for the magazine and thus makes five cents on every copy sold. To win the bicycle it is necessary that you shall send your money and your order for whatever number of copies of the July issue you may require, to H. V. Mackinnon & Son, P. O. Box 1109, St. John. These magazines will be delivered to you free of charge by Dominion Express. Sell them as quickly as you can and order more. A strict account is kept of all you buy and as soon as you have sold three hundred copies the bicycle will be shipped to you; all charges prepaid. In case you do not desire a bicycle write for particulars about the number you have to sell to secure one or other of the various watches which will be given as prizes. Already boys and girls in different places have sold more than one hundred copies of the June issue of Pictorial Review, and at the rate they are going will have earned their bicycles by the middle of July. Any one can do it!

The generosity of this magnificent offer will be realized when it is remembered that three hundred copies of the magazine costs the competitor only sixty dollars and that the bicycle is worth more than the entire sum paid for these magazines. No such offer was ever made to the boys and girls of these provinces. Do not lose time. You can secure scores of customers this month who will take the magazine from you every month, and in a very short time you will have finished your three hundred sales and be in possession of an up to the minute bicycle. Let us hear from you at once.

A Regular Saturday Weekly Chat

Dear Chums:— Judging from the tone of many of your letters I think a great holiday are continuing the days for remainder of the school term, that is quite natural even though really does not hurry the time as it is just the rest few weeks seem a hard grind. And all be Nature is in her own sweet way, ing folks big and little to come doors. When you prepare for a party, if they are late how impudently you get and wonder all sorts of things which may have delayed them and just keep longing and wishing for friends to come.

Well, every June when I hear the folks counting the schools which remain, and wishing for days to come I always think of you as being ready for her part. She has decorated the end the ground with green and blossoms. She has the sweet provided by the returned feast folk. She has filled the streams with little fish. She has warmed the berries and sent the hot rays of sunshine that life in the open may be wanted. And by degrees she ripens berries and fruits and causes them to grow and mature. It is not great preparation for her own outdoor party? No wonder enters our hearts and feelings causes us to be restless with longings to be free to roam about and enjoy her beauties. So after this, these stirred up feelings disturb while obliged to remain indoors, must just think of ourselves as wanted at Nature's big outdoor party. And though we may not be free to roam about the extended party, we do our best to spend there as much time as possible for two reasons. First, to show our appreciation of the elaborated preparations for our part and pleasure, and secondly, because it is the very best place to be for our own good. Have patience little longer kiddies for though we are now deprived of spending several hours at Nature's wonderful party, soon the time will be here when you may be a very steady guest and you then fully realize the benefit received and really live in the open.

Ever your friend,
UNCLE DICK

THE DAWN.

... stood upon a street at break of dawn first the rays of sunshine edged the clouds, and banished frosts and mists of the night. And with them all the fears that enshrouds.

I saw the city's buildings lit: heads. To stand once more four squares in the spires. And many who that night crawled heartedly to bed. Now hurried forth with hopeful kindled fires.

The mighty clouds that fair linger on. The chilling winds that sought to melt and freeze the extended party. Now faded into nothingness at I marvelled that we'd given be these.

While through the air a thought newness came. New strength and vim with joy breaks the fry. 'Twas God's gift to everyone same. The greatest of all gifts—a new day.

A Regular Saturday Page for the Kiddies

Weekly Chat

Dear Chums:— Judging from the tone of many of your letters I think a great many kiddies are counting the days for the remainder of the school term. Well, that is quite natural even though it really doesn't hurry the time at all, but it is just the last few weeks that seem a hard grind. And all because Nature is in her own sweet way, calling folks big and little to come outdoors. When you prepare for a party, everything is made neat, clean, and artistic within, goodies are made to order and lots of the best tasting things provided, the hosts and hostesses and their nice legs and then all is ready for the party to begin. You wash and wait and listen for the sound of the guests arriving, don't you? If they are late how impatient you get and wonder all sorts of things which may have delayed them and you just keep longing and wishing for the friends to come.

Well, every June when I hear little folks counting the school days which remain, and wishing for holidays to come I always think of Nature as being ready for her party to begin. She has decorated the trees and the ground with green and pretty blossoms. She has the sweet music provided by the returned feathered folk. She has filled the streams with little fish. She has warmed the breeze and sent the hot rays of sunshine so that life in the open may be pleasant. And by degrees she ripens the berries and fruits and causes many establishments to grow and mature. Is that not great preparation for her continuous outdoor party? No wonder why she enters our hearts and feelings and causes us to be restless with longings to be free to roam about and enjoy her beauties. So after this when these stirred up feelings disturb us while obliged to remain indoors, we must just think of ourselves as guests wanted at Nature's big outdoor party. And though we may not be free to remain at the extended party, we will do our best to spend there as much of our time as possible for two reasons. First, to show our appreciation of the elaborated preparations for our comfort and pleasure, and secondly because it is the very best place we can go for our own good. Have patience a little longer kiddies for though you are now deprived of spending several hours at Nature's wonderful party, soon the time will be here when you may be a very ready guest and may then fully realize the benefits to be received and really live in the open.

Ever your friend,
UNCLE DICK.
THE DAWN.
Blood upon a street at break of day, When first the rays of sunrise pierce the clouds, And banished frosts and mists of night away. And when all the fears that night enshrouds, I saw the city's buildings lit their heads, To stand once more four squares beside the spires. And men who last night crawled half hearted to bed, now stand up for their heads. Now hurried forth with hopes rekindled fires. The mighty clouds that fain would linger seem long now before they will die are here.

THOMAS A.—You have seen a nice lot of birds and flowers. It will seem long now before they will die are here.

EDITH E. B.—You are most welcome to join our club and happy to have you, especially when you prove yourself to be such a good writer. Your letter was a real pleasure to receive and I must congratulate you on being an excellent writer. Your teacher is the right sort to encourage you in the study of birds. Hope to hear from you again soon.

EDITH B. W.—This seemed to be a week for real nice letters, for along come yours just in time to be answered and it is a splendid sample in every way. Hope you have good luck with your garden. You being to a birthday party seems appropriate to our chat today.

Wrong Again.
"It is easy to see that you're a bright fellow and your parents come from Ireland," said the stranger to Pat. "You're right about the first," said Pat, "but you're not right about the other 'cos they're here yet."

Only Left it a Comb.
"Mamma," said Bobby, "when you told the cook to dress a chicken, she started to dress it."

Father—Money has wings and house rents make it fly.
Son—Yes, and some houses have wings for I've seen many a house fly.

Father—You're smarter than your dad, my son, but I always thought that no part of the house but the chimney flew.

Answers to Letters

SUSIE G.—Enjoyed your nice letter with all the news of bloom, leaf, and seed. You write very plainly too, and it was a pleasure to receive such a nice appearing letter. So glad you enjoy our C. C. stories and hope you will continue to get pleasure from our page.

ANNIE W.—Yes, you are rather a stranger and it was good to hear from you again. So glad you answered Auntie's letter before you forgot about it. What luck you had fishing. I think fifteen a pretty nice catch. Perhaps it would be better to add the fish to the other little folk read, that is when you have it. Hope to hear soon again of your doings.

MARY E. G.—That was indeed an excellent letter you sent, so well worded and very neat to see nothing of your beautiful penmanship. It is among the very best received lately. I quite understand the difficulty in having a Flower Club. You could only manage to do individual work. It is too bad that you have no companions nearer to you. How useful it would be to assist in the planting and no doubt you get pretty tired before you are done. I may have room on our page to let the other little folk read your nice letter even though I cannot show them its appearance.

BERNICE M.—Through some of the nice letters this week I learned that you were not feeling very well, you know I always wish to be told when any of our members are poorly so I can say "Hello" to them and let them know how very sorry we all are when any of our Club folks are sick. When these nice warm sunny days are helping you to feel a lot better and the little orphans run to the cellar and hid themselves there. And it was a good thing they did, for the wind ripped the old house to pieces over their heads. First the roof went, then the walls, then the inside.

EVILYN V.—Your little letter was like the rocky road to Dublin, it had some printing and some writing, some ink and some pencil, but it was able to make it all out. When you get older you will be able to do as well as anybody of course.

MILDRED F.—Your letter was much like Evelyn's in appearance, but it had more news of the blossoms, birds and so forth. As you advance in school you will be able to write your own letters without any help.

FRANK B.—So pleased to hear from you again. Of course you like many other fellows, will be glad when the holidays come. It won't be long now before your freedom days and what grand plans you have. Hope they all materialize and that you have dandy sport.

ROLAND G.—You are a lucky fellow to get so many chances for fishing with the garden. Are the other worms doing much damage in your district. They seem to be quite a pest in some places.

EDITH A.—A boat journey will be very nice won't it? I suppose you have that up for old time's sake. The birds are plentiful everywhere.

THELMA A.—You have seen a nice lot of birds and flowers. It will seem long now before they will die are here.

EDITH E. B.—You are most welcome to join our club and happy to have you, especially when you prove yourself to be such a good writer. Your letter was a real pleasure to receive and I must congratulate you on being an excellent writer. Your teacher is the right sort to encourage you in the study of birds. Hope to hear from you again soon.

EDITH B. W.—This seemed to be a week for real nice letters, for along come yours just in time to be answered and it is a splendid sample in every way. Hope you have good luck with your garden. You being to a birthday party seems appropriate to our chat today.

CHILDREN'S CORNER

The Grouchy Millionaire

By Daddy.

This is a story about how Robbie Robin's merry song helped homeless orphans get a fine new home. The orphans lived in a house so old it was filled with holes. The rain came through the roof in the summer and the snow drifted through the cracks in the winter.

One day there came up a windstorm, and the old house began to blow away. "Run to the cellar," cried the matron, "run to the cellar." So all the little orphans ran to the cellar and hid themselves there. And it was a good thing they did, for the wind ripped the old house to pieces over their heads.

When the storm was over and the children crept out of the cellar three by three, they found the house left except broken boards.

But if the grouchy millionaire was sorry when he saw the brown-downed orphans, he didn't show it. He just scowled and grunted.

"Humph," he said. "Those orphan boys had better get busy building a camp or they will have no place to sleep at night."

And that is what the orphan boys did. They gathered up boards from the wrecked house and built a rude camp to shelter all the other orphans for the night.

Robbie Robin sang to the boys as they built the camp, trying to cheer them up. And Robbie sang every evening time to his merry song with laughing talk and dancing steps.

"See the robin chancing up the orphans," said the matron, "that little bird could give the grouchy millionaire some of its cheery feelings. He couldn't help building a new home for the orphans, could he?"

That seemed a good idea to Robbie Robin, and so he flew away to the grouchy millionaire's office. He sang his merry song, and the millionaire looked up from his work. He tried to look up from his work. But the millionaire kept right on scowling and he scowled as he walked home, although Robbie sang and sang until his throat was tired.

The Over The Hills

By Blanche Silver.

Bunny thought that all this happened to him because his name was Bunny, but as his proper name was Robert Underhill, and not Bunny, all thought everybody called him that, and he was sure he was right.

Bunny lived down in the village, and behind the village was a great big hill, green and beautiful, with daisies and all sorts of flowers, growing on it, and on the top of the hill there was a signpost. Bunny could see it from his own back garden.

When he was very little he used to sit on the lawn and suck his thumb, and look at it, and wonder what was over the hill, and what the signpost thing was for. When he was a little bigger he set out to see.

It was a hot, hot day. When Bunny was only half-way up the hill he grew so tired he sat down and went to sleep, and when he woke again, there, peeping at him from a gorse bush, was a rabbit.

"Hallo!" said the Rabbit. "Hello!" said Bunny. "And what's your name?" said the Rabbit. "Bunny," said Bunny. "Can't be!" said the Rabbit; "can't be! Why, that's my name!"

"If it's you, Bunny," he begged her pardon, but I didn't know. The Rabbit stroked one of his soft long ears with his back foot.

"I am a very high-class Bunny," he said. "You may have noticed that my ears are very long; that's a sign of high birth. I am called Lord Bunny generally."

"Do you, my lord?" said Bunny. "I see! Your ears are only short." "Yes, my lord," said Bunny. "The Rabbit was pleased with such respect. "What brings you up here today?" said he.

"I wanted to see what was over the hill," said Bunny. "Over the Hill are the Hills, of course," said Lord Bunny. "Didn't you know that? Why, I wear my clothes then, too."

The Good Night Stories

By Blanche Silver.

Dicky Meets a Humble Worker. "Well, of all things!" laughed Dicky as he listened to Mr. Earth Worm. "Who ever heard of the like? Why, I'm too small to be of much help to any one, and look at you. You're even smaller than I am, yet you call yourself a helper to my daddy. Oh, dear, over in the grass and laughed heartily. Then he sat up and demanded, "Who ever heard of anything quite so silly!"

"Silly, or not silly?" exclaimed Mr. Earth Worm, "what I say is true. My relatives and I are the best helpers your daddy has. Of course, we can't plant the seeds, but we can help the plants to grow."

"Well, mamma has always said it's wrong to doubt any one's word," laughed Dicky, "but, honest now, Mr. Earth Worm, I always thought you fellows were only good to fish with or to feed birds and chickens."

"Well, I guess there are a good many other who think the same," replied Mr. Earth Worm. "Now if you doubt my word just come along and let me show you something, and Mr. Earth Worm led Dicky over to a hole in the ground. "Follow me and you'll soon see."

Dicky looked at the size of the hole and began to laugh, but his face changed when he glanced at his feet. Instead of the feet he was used to, Dicky's feet had grown so very, very tiny they were no larger than the feet of an ant. Sure enough, by some magic, Dicky found himself so small he was able to walk right down Mr. Earth Worm's hallways without even so much as bumping his head.

"These very halls you're walking in serve to keep the earth loose so the fine roots of your daddy's plants can grow," said Mr. Earth Worm as they wandered through the winding hallways. "The things that really do but they serve as air passages as well. To grow and to grow well, plants must have air at their roots. Why, our constant moving around and digging makes a rake or a spade till it above ground."

"And all the time I thought you fellows ate the seeds or ate the roots of the plants off," said Dicky. "I'm glad you're not destructive."

"Well, we're not," laughed Mr. Earth Worm. "The things that really do destroy the seeds and young plants are the grubs or children of some of my insect friends. Why, you probably wouldn't believe me when I say that Old Grand-daddy-Long-Legs' children are the worst of them all."

"By this time Mr. Earth Worm and Dicky turned toward the top of the ground once more. Dicky stopped off first, then he turned and saw Mr. Earth Worm's body wiggle and twist, and out came a little pile of dirt, which he piled right near the entrance of his house.

Motto: Kindly Deeds Make Happy Lives

Puzzles

1—A Missing Letter. Above the table of Commandments in an English church is an inscription in which the only vowel has been omitted. It is used in the sentence many times. Here is how the inscription appears; can you supply the vowel and complete the sentence? P R S V R Y P R P C T M N V R K P T H S P R C T S T N

2—Jumbled House Articles. M P A L A P E R R A O E T I F R G R E A T E T B C N Present in by Theodore Lewis, St. Stephen.

3—Word Square. 1—A four-legged friend. 2—A large species of the monkey kind. 3—A number.

ANSWERS TO PUZZLES. 1—Missing Letter. Missing letter supplied makes this sentence: Persevere ye, perfect men, ever keep these precepts ten.

2—Jumbled House Articles. Lamp, Refrigerator, Cabinet. 3—Word Square. C A T A P E T E N

WHAT CAUSES THE RAILROAD ENGINE TO PUFF. The number of puffs which a locomotive gives in a given distance is governed entirely by the size of its driving wheels. For every turn of the wheels it gives four separate puffs. Therefore, if the circumference of the driving wheels is 20 feet—which is about the average—and the train is going at 50 miles an hour, we get 350 puffs a minute.

The cough or puff is due to the abrupt emission of waste steam from the smoke stack. When there are more than 15 puffs a second the train man ear cannot distinguish them separately. A locomotive engine is such a common object that one rarely considers how wonderful a machine it actually is. We think a good deal of a motor car that does 10,000 miles a year, and lasts five years. An ordinary locomotive's work is 20,000 miles a year, and its life is 20 years.

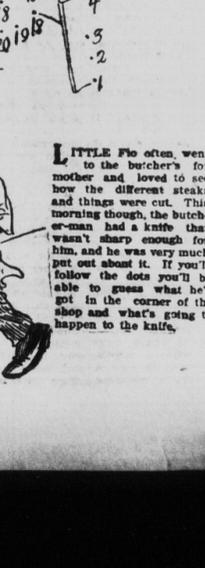

There was an engine on one railroad which was said to have completed 4,000,000 miles in 31 years before it was scrapped. A train travelling at 60 miles an hour can be stopped within 120 yards. But enough power is lost in so doing to carry the train nearly 15 miles over a level surface. A modern engine is so perfectly constructed that it does not lose more than three weeks out of a year in the repairing shop.

Ample Proof. She—Oh, Percy! won't you do something heroic to show that you really love me? Percy—Something heroic? Great Scott! haven't I asked you to marry me at this time when everything is so expensive? Prohibition Dinner. Host—Well, our backs are against the wall, my dear. Hostess—Yes, we haven't got a single drop of anything left.

But Harry Knew Where. Visitor—What seems to be the trouble, Harry? Why so sad? Harry—Papa is going to whip me when he comes home. Visitor—Indeed. What will you give me to take the whipping off your hands? Harry—He ain't going to whip me on my hands.

Beyond the Law. Complete disarmament is urged. But while the sex has charms and young men are susceptible. Our girls will be in arms. Then, without another word, Mr. Earth Worm disappeared down another hole in the ground, and Dicky ran home.

BEDTIME PENCIL PICTURES

Birthday Greetings

The usual good wishes for all the kiddies having a birthday during the coming week. May you be well and happy. On our list are the following names:

Jack Johnston, Tracy Station. Mabel B. Smith, Millstream. Roland Hamilton, Fairville. Freeman W. Patterson, Grey Mills. Lillian Daxson, City. Margaret Cunningham, Gardner's Creek. John DeWitt, Fredericton. Ronald Bates, Springfield. Muriel Gann, City. George G. MacKay, Newmarket. Lillian M. Godsoe, Upham Sta. Lena G. Fowler, Long Cove. Stuart Dickson, Chatham. Jennie Appley, Up. Hampstead. Fred J. Richard, Kent Co. Eunice Danville, Cumberland Bay. Myrtle G. White, Royalties. Marlon Walsh, Strathadam. Hilda Vaughan, St. Martins. Mildred Westmore, Renforth. Ida Winnie Scott, Upperton.

A Peep Into Uncle Dick's Mail

These are some of the very nice letters I received during the week and of course you will all feel as pleased to read them as the writers will feel honored to have some letters so worthy of being published. Salmonbeach, N. B. June 7, 1921.

Dearest Uncle Dick:— I thought that I would write you a few more lines as it is near a month since I wrote to the Children's Corner. I would very much indeed like to have a flower club too, but there are only three girls in this district from this upper part of Salmon Beach and they live so far apart that I do not believe we could have one. I certainly enjoy the C. C. I could not do without the Standard at all; I go to school every day yet, and it is only twenty-five days (not counting Sundays) from today for school. I had only four chickens from my setting hen, but I set another and she brought out eight and the hatchlings killed one.

My father will soon be done his planting. I planted all our potatoes for two years past and I will have to plant them this year too. I plant them on a planter. I am a great lover of crocheting and all kinds of fancy work. As I do not like to have my letter too large, I must close, hoping the Children's Corner may be a success for many years to come. I am as ever, your unseen niece, MARY EMMA GOOD. Bonny River, N. B. May 30th, 1921.

Dear Uncle Dick:— I have been reading your interesting page for a long time and now I would very much like to join the C. C. I will be glad when the season comes so we can go picking berries, flowers, etc. In our school we take up descriptions of birds, if we see any birds that we have not seen before, we get our teacher and she gives us a description of them. The apple blossoms are in bloom and they smell lovely now. We have two flocks of chickens, one hen has six chicks and the other has seven. For pets we have two cats, four kittens and a dog, we are not going to keep all the kittens. I would like to have some angels or boys to write to me. I will answer all letters. From your 10 year old niece, EDITH E. BOWDEN. Willow Grove, May 30, 1921.

Dear Uncle Dick:— I read last Saturday's page and was delighted with the stories. The apple trees are all in bloom now. We have nine little black chickens. The trees are all in leaf. I saw four little fish Sunday when I went to get water. I own a pig and his name is Bill. We have a school garden and all the flowers are up. We pick all the wild flowers we can get and take them to school. Well, I will close as ever your friend, SUSIE GILBRIDE. Kilburn, Vic. Co. N. B. June 4, 1921.

Dear Uncle Dick:— I thought I would write you a few lines to let you know I haven't forgotten the C. C. I read it just the same, and think every thing just as interesting as ever. Everybody here has their gardens most all in. My sister and I have a lot of flowers planted and we each have seeds from the Government which we got at school. The trees are very pretty now, with all their leaves and blossoms they look very much like "Fairyland". I was to a birthday party yesterday and had a fine time. I have found a lot of flowers and saw a lot of new birds I never saw before. Well my letter is getting long so guess I will close, wishing the C. C. every success. Your sincere niece, EDITH B. WRIGHT. The Worst Yet.

First Scout—Why is this cheese so full of holes? Second Scout—That's all right. It needs all the fresh air it can get.

Scout—Say, dad, I want to ask you something. Dad—Well, what is it? Scout—If a lad has a steptuncer, is the boy a step-licker? Teacher—Your answer is about as clear as mud. Pupils—Well, that covers the ground doesn't it? That Altered the Case. Mr. Mulhoolly—Pshaw! fur are you makin' such a noise on that piano? an' mo with a spallin' headsche? Daughter—Them new neighbors have been complainin' of my playin' Mr. Mulhoolly—Begorra this, hammer harder.

HOW TO BECOME A MEMBER OF THE CHILDREN'S CORNER Any boy or girl under sixteen years of age may join by sending in his or her name, address, birthday and age. For convenience the coupon printed below will be found occasionally on our page and may be filled out and mailed along with your letter to Uncle Dick, care of The Standard. I wish to become a member of the Children's Corner. My Name is Address Birthday I was born in the year 19.....

THE STANDARD'S FINANCIAL SECTION

MEXICAN OILS DROP IN LAST HOUR OF TRADE

Eight Point Decline in Some of the Best Securities Offered.

SHORTS RUSH TO COVER THE LOSSES

Increase Again in Number of Idle Freight Cars in the States.

New York, June 10.—The stock market was less active and more orderly today, with irregular to heavy tendencies. Numerous additions were made to the many low records of the year. Unsettledness occurred in the final hour when extensive offerings of Mexican Petroleum precipitated an extreme decline of 7 3/4 points. Other oils suffered gross losses of 2 to 6 points.

Shorts to Cover.

Shorts covered in some of the more steady issues, notably rails. Their action was based in part on the better showing of the federal reserve banks and reports that indicated early reduction of re-discount. This prospect was supported by local money rates, call loan opening at 6 1/2 for the first time in several weeks. Moderate buying of commercial paper for interior banks also were reported.

Another increase in the number of idle freight cars testified to the steady contraction of railroad tonnage. Suspensions of operations for an unusual long period by one of the large steel mills in the Pittsburgh district occasioned little surprise.

May Tonnage Decreases.

The May tonnage report of the United States Steel revealed another large decrease and was in line with most forecasts. Bookings of the steel corporation now are at lowest levels since March of 1913. A sharp rise in Liberty 3 1/2's which at its best extended to 1 per cent, was practically cancelled at the close. Other Liberties were irregular with the general bond list, including foreign issues. Total sales, par value, aggregated \$14,275,000.

FAILURES IN CANADA

Toronto, Ont., June 10.—Commercial failures throughout Canada for the past week, as compiled by R. G. Dun and Company, total 32, a decline of four from the week previous. Quebec Province, with fourteen failures reported, heads the list, followed by Ontario with seven; Saskatchewan, five; Manitoba, three; Alberta, two; New Brunswick, one; Prince Edward Island, Nova Scotia and British Columbia reported no failures.

TRADE STATE UNCHANGED.

Winnipeg, Man., June 10.—Wholesale trade reports indicated little change in sales and collections. Conditions in general business show very little change during the past week, states the weekly report of the Canadian credit men's trust association.

TURPENTINE AND ROSIN

Savannah, Ga., June 10.—Turpentine firm 56; mass 250; receipts 235; shipments 262; stock 7,267. Rosin firm; sales 461; receipts 216; shipments 358; stock 77,266.

Montreal Registers More Lower Prices

Detroit Rails Fell Two and a Half Points, Leading the Way Down.

Montreal, June 10.—There was further curtailment in the turnover of listed stocks on the local stock market here today. The largest total sales were 240 shares of Spanish River common and Breweries, with 306; Smelters and Steamships about the same and Brazilian with 905.

Two Slight Gains.

The two net gains in the list were made by Spanish common and Bell Telephone, each quarter point. Nine stocks held their ground, these including British Empire Steel at 9; Smelters at 15 1/2; Glass at 54; Texaco at 24 1/2; Lake of the Woods at 135; Quebec Rails at 26 1/2; Shawinigan at 105 and Steel of Canada at 54. The bond list was slightly more active and showed continued strength in the war loans. Elsewhere in the list Quebec Railway bonds were up a fraction to 82 and Winnipeg Railway down 1 1/4 points to 79. Total sales: Listed 3,784; bonds \$295,750; Rights 1,543.

Wheat Market

Winnipeg, Man., June 10.—The local wheat market continued strong today and at the peak July showed a gain of 3/4 cents, and October 2 1/2 cents from Thursday's close. The market was working in sympathy with Chicago. Trading was very dull in both cash and futures. Close—Wheat, July, 1.76 1/4; October, 1.34 1/2 asked. Oats, July, 45 1/2 bid; October, 44 1/2. Cash prices—Wheat, No. 1 northern, \$1.53 1/2; No. 2 northern, \$1.22 1/2; No. 3 northern, \$1.32 1/4; No. 4 northern, \$1.76 1/4; track Manitoba, Saskatchewan and Alberta, \$1.81 1/4. Oats, No. 2, c.w., 45 1/2; No. 3, c.w., 41 1/2; extra No. 1 feed, 41 1/2; No. 1 feed, 39 1/2; No. 2 feed, 39 1/2; track 45 1/2.

CHICAGO

Chicago, July 19—Close: Wheat—July, 1.36; September, \$1.18 1/2. Corn—July, 62 1/2; September, 62 1/2. Oats—July, 37 1/2; September, 38 1/2. Pork—July, \$10.00. Lard—July \$9.85; September, \$10.10. Ribs—July, \$10.17; September, \$10.42.

TORONTO

Toronto, June 10.—Manitoba wheat, No. 1 northern, \$1.93 1/4; No. 2 northern, \$1.92 1/4; No. 3 northern, \$1.83 1/4; No. 4 wheat, \$1.75 1/4. Manitoba oats—No. 2, c.w., 46 1/2; No. 3, c.w., 41 1/2; extra No. 1 feed, 41 1/2; No. 1 feed, 39 1/2; No. 2 feed, 39 1/2. Manitoba barley—No. 2, c.w., 80 1/2; No. 4, c.w., 77 1/2; rejected, 69 1/2; feed, 65 1/2. All the above in store Fort William. American corn—No. 2, yellow, 75, c.i.f. bay ports. Canadian corn feed, nominal. Barley, Ontario malted, 65 to 70, outside. Ontario wheat, white, nominal, 42 to 44, according to freight outside. Peas No. 2, nominal. Buckwheat No. 2, nominal. Important Gold Find Made At Elbow Lake

Said to be Most Important Ever Made in Canada.—Prospectors Rushing in.

The Pas, Man., June 10.—Confirmation is given to a report of an important and rich gold strike at Elbow Lake in the Athapuskow mineral area and east of the famous Gordon dyke, discovered last summer. The find was made by Murray Bros., about three weeks ago, causing a number of mining men to hasten to the spot. Some have returned here with a remarkable amount of a vein sixty feet wide, wherein free gold is seen scattered all about. The vein is capped by an iron formation and it outcrops at several points. Mining men here view the discovery as the most important made in Canada. Until the vein is stripped and the whole width and length revealed, it is only possible to guess at the values and tonnage.

EARNINGS INCREASING.

Toronto, June 10.—Canadian National Railway earnings for the week ending June 7 show an increase of \$167,720 over the corresponding period a year ago. From January 1 to date an increase of \$4,798,277 is shown. Total figures are: Week ending June 7, 1921, \$1,315,915; corresponding period a year ago, \$1,618,186; from January 1 to date, \$44,204,757. Last year, \$39,406,480.

BANGOR SAYS MAINE FOREST FIRES RAGING

Penobscot County Has Over Three Thousand Acres Spruce Destroyed.

MACHIAS RIVER LOSS PLACED AT 100,000

Fifteen Hundred Cords of Pulpwood Burned—Report of Fire Running Wild.

Bangor, Me., June 10.—Reports reaching Bangor from the Lake Umbagog region in Penobscot County, are to the effect that the forest fires which had been brought under control at Bangor for five days has taken a fresh start and is raging with increased fury, despite the efforts of 300 men.

At last accounts the fire had swallowed an area two and a half miles four miles, and not less than 3,000 acres of spruce timber had been destroyed, causing a loss of \$50,000 to \$60,000. More help has been sent from Bangor.

The fire previously reported in the region of Grand Lake Stream is uncontrolled, after having destroyed 1,000 cords of pulpwood valued at \$25,000 to \$30,000.

Another disastrous fire is raging over townships 41 and 42 on the western side of the Machias river, where the fire has been burning since the loss being estimated at \$100,000. In this fire there have been destroyed about 1,500 cords of pulpwood owned by the Drono Pulp and Paper Company. Late reports said the fire was running wild.

The showers that passed over eastern Maine on Thursday carried a wind that rain and did little or no good.

GOSSIP AROUND THE MARKETS

Montreal Dividend declaration: Wabasco Cottons Limited \$1 per share for quarter ending June 30, payable July 2nd to record June 15. Abitibi Power and Paper Company 1 3/4 per cent, payable July 2nd to record June 15. Porto Rico Railway, 1 per cent, payable July 2, to record June 15. Dominion (Canners Limited), preferred, 1 3/4 per cent, payable July 2, to record June 15. Abitibi Preferred, regularly quarterly dividend 1 3/4 per cent, payable July 2 to record June 15.

At a meeting of Rioridan Company shareholders, a committee to represent them in conferring with the committee which P. Jones is chairman, was appointed, a member which was W. D. Ross of Toronto. His remarks Mr. Jones made it clear that Rioridan Company could not have no revenue of consequence from subsidiaries and that company would operate on reduced scale during present year. He urged the shareholders to subscribe to the bond issue he offered them. An appeal by Mr. Jones should immediately take up subscriptions was agreed with gratifying results. Speaking of amount of work needed to clear up the company's liabilities at 100 cents on the dollar, Mr. Jones placed the amount at \$13,524,000. I. W. Killam, President Royal Securities Corporation, in reply to point-blank question, said that he received for his turnover to the Rioridan Company of timber limits \$1,000 in 7 per cent, second preferred stock (and between \$2,000,000 and \$3,000,000 in common, not a share which has been sold. Senator wards, the veteran lumberman, concerning the value of these timber limits, said he would not have parted with them to Rioridan for twice the value had not conditions of his business made relinquishing of certain business interests desirable.

Raw Sugars

New York, June 10.—The raw sugar market was quiet and unchanged early today at 4 1/2 for centrifugals. No fresh business was reported. Sugar futures were steadier on cent. In. Prices at noon were two to three points higher, but business was light. The refined market continues to advance and prices are listed from 6 1/2 to 7 for fine granulated, with second sugars still available below quotations. Refined futures were points higher with trading confined to the September position.

Bow Crumpled Up When Berg Was Hit

Captain of the "Seapool" Says Vessel Hit in Dense Fog off St. John's.

St. John's, N.B., June 10.—The Seapool ran into a gigantic berg, Captain Bartlett said, after the vessel had crept into port here. So thick was the weather at the time that the lookout did not see the berg until the ship ran into it dead ahead and despite the fact that the engines were immediately reversed and the ship was not travelling at more than half speed, she crashed into the island of ice with tremendous force. The berg was so large that in the fog its extremities could not be seen while it towered, apparently, a hundred feet or more above the ship.

The bow of the Seapool below the water-line was stove in and crumpled as if made of paper. She was backed away from the berg and hasty examination showed that the fore-peak was flooded, though no water was made in the foreholds.

In response to distress signals, the freighter Engley came up and stood by until the Seapool ceased their going, apparently, a hundred feet or more above the ship.

When the people pay the national debt they are paying themselves what they owe themselves.

RUNAWAY CHILDREN.

Two children, a boy of three and a girl of four, wandered away from their homes on Britain street yesterday morning.

DELAY OVER FINANCES.

Commissioner Jones said yesterday the delay in placing of the new fire hydrants in Beauséjour was due to lack of finance.

INFORMATION WANTED.

A prominent Montreal organization has applied to the St. John Board of Trade for material for a magazine article covering historical data respecting the port of St. John.

HARNES BROKEN

A team belonging to Purdy and Green was coming down Main street yesterday afternoon about 4:30 with a heavy load of lime.

CARD OF THANKS.

Mr. and Mrs. Lewis Reid of Upham wish to thank their friends through The Standard for the pleasant surprise given them Tuesday, June 7, in honor of their tenth wedding anniversary.

Carleton Lodge K. P. Officially Visited

Grand Chancellor Cochran Highly Compliments Work of Domain's "Baby Lodge."

D. M. Cochran, Grand Chancellor of the Maritime Domain, Knights of Pythias, made an official visit to Carleton Tower Lodge, K. P. No. 32 last evening.

May Widen Street At Highway Bridge

Property Owners on Two Streets Ask for Pavement Under Improvement Act.

The Commissioner of Public Works was given authority to cut away a portion of the rock at the western end of Strait Shore road to widen the street at the turn from the highway bridge and a number of matters were laid over until the Monday meeting for action at the meeting of the Common Council in committee yesterday morning.

Commissioner Thornton said he had been asked to make provision to allow of stables in restaurants if the doors and curtains were taken down. It was decided to let the by-law governing this matter lie on the table until next Monday to give any person interested a chance to be heard.

Commissioner Thornton said he had received complaints about the condition of the sidewalk at the premises of the Purdy Ice Cream Co. Commissioner Frink said he had received a letter from the Purdy people offering pay for a cement sidewalk if the city would lay it.

Commissioner Frink reported that he had taken up with Hon. Mr. Venton the matter of blasting away a portion of the rock at the western end of Chesley street, and the latter had written that he had no objection to the city doing this work, provided the houses were not damaged.

Petitions from the residents of Germain street, between Queen and Harding, and from the residents of Dufferin Row, asking the city to pave these portions of the streets under the local improvement act, were presented by Commissioner Frink, and on his motion referred to himself and the road engineer for a report on Monday.

Overseas Openings For Canadian Trade

The directors of the Commercial Intelligence Department, Ottawa, advise the local Board of Trade that an official of the Canadian trade commissioner's office recently interviewed a prominent British importer regarding the possibility of the British sending their trade with this country.

He had forwarded to the board here a list of names of English firms who would like to buy in Canada such goods as canned salmon, wheat, flour, dairy produce, wool pulp, heavy hardware, machinery and metals, fittings for railway cars.

The Canadian Founders and Metal Traders Association, in a letter to the St. John Board of Trade, points out the necessity for Canadian contractors placing any contracts they may have pending with some responsible Canadian firm at once.

The board has been advised from London that Mr. Ben H. Morgan, chairman of council of the British Empire Producers' Organization will leave London for Canada on June 22 to confer with the bodies which the organization represents, and generally to discuss with the producing interests measures that will ensure for Canadian products a larger market in Great Britain and for Canadian industries more financial support from the Mother Country.

The Trans-Atlantic and British Mercantile Service at Rotterdam, Holland, in a letter to the Board of Trade, expresses a strong desire to assist in the extension of Canadian trade with Holland.

The overseas department of the British Standard Exporter has requested the board to co-operate with it in making public the names of our prominent business and manufacturing firms.

INSPECTORS MADE LIQUOR RAID

Found Three Bottles and Part Can of Alcohol Under Floor of Beer Shop.

In the police court yesterday afternoon Clarence Stillwell pleaded not guilty to the charge of having liquor in his possession other than his private dwelling. He was defended by G. H. V. Byles, K.C., and the prosecution was conducted by W. M. Ryan.

The sub-inspectors testified that when they entered the store on the corner of Britain and Prince William streets at noon yesterday, the defendant and a man named Danaher were behind the counter, and Stillwell pointed to a glass in the sink and the contents smelt strongly of intoxicating liquor.

The case was adjourned until Monday afternoon at three o'clock.

Checker Players Will Back Latimer

Local Followers of Game Ready to Accept Challenge from McClymont.

The report of a checker match between two St. John men, appearing in an issue of the Standard of last week, which stated the winner would play Mr. Latimer, of this city, "the acknowledged champion of New Brunswick," has brought forth some protests from other sections of the Province where there are checker players regarded as champions.

The checker game enthusiasts of St. John, as one of them stated today, play the game for the love of it. There has never been a contest for the purpose of determining the Championship of the Province.

Players here have always kept the game clean and played for the pleasure of it, and there were never stakes up in any of their competitions.

Mr. Latimer's admirers say they would meet Mr. McClymont and prefer to play for the pleasure and glory of the game. If the supporters of the latter are insistent upon playing for stakes, Latimer's admirers say they could probably arrange to cover any amount the friends of the Woodstock man would require.

The checker players of the city do not intend to let the Woodstock pug unchallenged, and are ready to put the skill of their own against Woodstock for fun, love or money.

Union Executive Rejects Proposal

Turns Down Suggestion Put up for Basis of Settlement With Power Company.

The settlement of difficulties that have arisen between the N. B. Power Co. and the Amalgamated Association of Street Railway and Electric Workers did not look promising last night.

After a meeting of the union's executive, it was reported the proposition put up by the mayor as a basis for the bringing together of the two factions to the dispute had been rejected by that body.

General Manager Thomson of the N. B. Power Company says he was asked yesterday to put his proposition in writing for the executive. He says he has made no proposition.

The personnel of the Arbitration Court, requested by the workers, had not been completed last night, in so far as the workers were able to learn.

Observe Signing of Magna Charta

Canadian Club Arranging for Public Meeting on King Sq. and Invite Co-operation.

The Canadian Club are arranging to have the anniversary of the signing of the Magna Charta, which will take place next Wednesday, the 15th, observed in an appropriate manner in the city.

Shad Fishing Time Extended

Hon. R. W. Wigmore Wires That Season Will be Kept Open Until July 31.

A wire was received yesterday from Hon. R. W. Wigmore stating that the time for shad fishing had been extended until July 31. This will be good news for the fishermen, as the time previously given for closing was June 14.

While no large or even fair catches of shad have been made in the harbor, trawler fishermen have done remarkably well and a large quantity of fish came down river on the boats yesterday. The shad has apparently slighted the harbor fishermen and passed right up river.

New with the extension of time for fishing those engaged will not have to store their nets away next week as they believed would be necessary.

Shabuot Or The Feast of Weeks

Ancient Festival Celebrated by Jews Sunday and Monday—Rabbi Press Will Speak.

On Sunday and Monday the 12th and 13th of June respectively, the Jews celebrate the ancient festival "Shabuot, or the Feast of Weeks. In ancient Palestine the Israelites made three pilgrimages to the Holy Temple in Jerusalem on the three major festivals mentioned in the Bible, viz: Passover, Shabuot and Sukot.

Originally this festival was celebrated as the first harvest festival. They counted seven weeks from Passover to Shabuot, and on the fiftieth day they carried the first fruit to the Temple with great ceremony, hence the name Shabuot meaning weeks, or as it is known by its Greek name "Pentecost" the fiftieth.

After the destruction of the Temple the festival assumed a different meaning and up to the present day, it is being celebrated as the Season of the Giving of the Law. On that day Moses received the Ten Commandments from the Lord on Mount Sinai.

It is also chosen as a fitting occasion for the confirmation of the Jewish youth. The Synagog and home is solemnly emphasized on this occasion in the Synagog. The Decalogue is recited from the Scroll with special solemnity, the whole congregation rising.

The book of Ruth, which so beautifully depicts this season in ancient Israel, and also because of the noble character of Ruth in choosing the God of Israel as her God, is read also in the Synagog.

Rabbi Dr. C. A. Press will speak Sunday and Monday at eleven o'clock in the Synagog on the subject: "Israel's Heritage," being an exposition of ancient and modern Hebrew culture.

On the Sunday following, June 19th, the religious school will close for the season with an appropriate programme by the children.

Pocket Peddlers In Sorry Plight

Unable to Secure Liquor Supply from Warehouses and Are Up Against It.

Members of the Bungeaters' Union, those gents who conduct the pocket-party and dispense from their hip pockets extracts of barbed wire juice, pinked to the "N-th" power of kickitiveness, are in a sorry plight.

The manager of one of the bonded liquor houses recently opened in the city, says he has been visited this week by twenty of the clan who wanted to arrange to secure liquor from him to supply their trade.

The bold statement of the "hip pocket" men of the east, with which they had heretofore been able to secure liquor caused the manager of the liquor warehouse to have somegivings as to whether or not prohibition did prohibit.

To Pitch Tents On East End Grounds

Through the efforts of Mayor Schofield and Commissioner Thornton arrangements were made last night, whereby St. John's Firemen will exhibit in this city on Monday, June 20, will establish their tented city on the East End grounds.

Commissioner Thornton announced last evening that the management of the circus will entertain the children from the Orphan's Homes and the crippled soldiers at the afternoon performance.

Men's and Boys' Sizes Special \$5.00 "Jaeger" Fine Cashmere, navy only. 26.00 (Men's Furnishings Dept., 2nd Floor.)

Manchester Robertson Allison Limited

INSTANCE WHERE DREAM CAME TRUE

A few nights ago a lady, who is in St. John visiting friends, had her dreams greatly disturbed by a horrible dream, the chief feature being the pathetic cries for help, apparently coming from her young child, whom she left at home.

She immediately received a reply that during the night her home had been nearly totally destroyed by fire and her child, along with the rest of the family, had fortunately escaped.

FREDERICTON TEAM COMING.

Imperials of Fredericton plays Commercial, East End grounds, Saturday afternoon.

Do not forget the Salvation Army Tag Day Saturday, June 11th. Everybody give! give!
