DIMOCK BUILDING GUTTED BY FIRE

Bad Blaze on Monday Morn-
ing on Water St.—Heavy
Destruction of Property

THE LOSSES

Fire broke out on Monday morn-
ing in the concrete building on
Water St. owned by S. W. Dimock
and occupied by Thos. Wran, Drug-
gist, Messrs. H. C. Montgomery
& Co., Jewelers, C. R. Mersereau,
photographer, S. W. Dimock, Real
Estate, and Mrs. Degrace, Dress-
making rooms.

About 2 o'clock Mrs. Degrace
who occupied part of the first floor
was awakened by dense smoke and
breaking one of the windows threw
out a quilt and jumped to the
ground. Making her way to her
neighbor Mrs. Richard, an alarm
was sent in to central who phoned
the chief, who then turned in an
alarm from Box 81.

The hose reel and firemen were
early on the scene and had four
streams working on the building
under good pressure. By this time
the interior of the building was a
seething furnace; explosions of wood
alcohol adding to the dangers. The
firemen were working under great
difficulties, owing to the intense
cold, the water from the hose freez-
ing as it touched the building. Some
of the firemen received minor
injuries from burns and frost bite,
the temperature being sixteen below
with a high wind.

The building was entirely gutted,
but the fire was confined to its first
building by strenuous efforts. The
loss will be very heavy but insur-
ance was carried by all except Mrs.
Degrace, who lost everything.

Mr. Dimock was the heaviest
loser by the fire, the adjuster valu-
ing the building at \$9000 with in-
surance of \$5000 making a straight
loss of \$4000.

Mrs. Degrace saved nothing but
a mirror which was thrown out of the
window by the force of the water
from the hose. She and the girl
who was with her saved nothing.
Total about \$400.

Mr. C. R. Mersereau had \$600
insurance and his loss will amount
to between \$500 and \$600.

The loss on the stock of Mr.
Thos. Wran, Druggist and Messrs.
H. C. Montgomery & Co., were
satisfactorily adjusted.

Speaking with the chief after the
fire he stated that it was the worst
fire they had had to handle since
the big fire, and was satisfied with
the way it had been handled.

On behalf of the firemen he de-
sired to publicly thank Mr. W. H.
Gray who supplied free meals to the
firemen, to Mrs. J. F. Gallagher who
supplied them with hot coffee and
refreshments, which were greatly
relished and very acceptable.

DEATH OF MAYOR FRANK M. MURRAY

Passes Away on Monday
Morning of Pneumonia After
a Weeks illness

THE FUNERAL

Campbellton's Mayor passed
away on Monday morning at 9.15
after a week's illness; aged 44 years.

Mr. Murray contracted a chill the
previous Sunday which rapidly
developed into pneumonia. Two
consultations were held by Drs.
Pinault and Lunan, but a change
for the worse was noted on Sunday
afternoon and he gradually sank,
death supervening on Monday
morning.

He leaves a widow and three
children two girls and a boy.

The funeral which was held on
Wednesday was a public one, and
he was buried with Masonic ritual.

A short service at the home of
the deceased was held by Rev. C.
W. Squires and at two o'clock the
local masons and visiting brethren
marched to the Methodist Church
taking up their places in the front
centre pews. Shortly after two the
body was borne by the Town
Councillors acting as pall-bearers to
the front of the rostrum the
congregation standing.

The service was conducted by
Rev. C. W. Squires, Methodist
minister assisted by Rev. T. P.
Drumm B. D. St. Andrews; Rev. J.
E. Purdie, Christ Church and Rev.
J. H. Jenner, Baptist Church.

In his sermon the Rev. W. Squires
spoke of the high business qualities
and integrity of the late mayor of
the confidence the people had in
him as such, and his devotion to his
work.

The procession was afterwards
formed the Masons marching in
line to the rural cemetery where the
body was committed to the grave.

There were many floral tributes
among them being wreaths from
the Town Council, Masonic Lodge,
Campbellton Curling Club, from a
number of other bodies, the whole front
of the rostrum in the church being a
mass of flowers.

Frank M. Murray who came here
from Fredericton, travelled for a
time for the Red Co. Mission,
becoming the first manager here
when they opened their branch in
Campbellton.

He then went into business
writing and a few years ago he
started business in his ventures which
was very successful.

Last April he was elected Mayor
of the town by acclamation and
although he had no previous
Council experience he made a
splendid official and was one of
the most popular mayors the town
ever had. He brought keen
business qualities and a high sense
of integrity into all his doings, and
the town business was felt to be
safe in his hands.

He was a brother to F. R.
Murray recently with Emmerson
Fisher St. John but at present in
Vancouver.

The loss of Mr. Murray is tender-
ly felt by all classes of the people
and the sympathy of every one is
extended to the sorrowing widow
and family.

By the death of the Mayor a new
election will require to be held, as
the act of incorporation does not
apply to allow the Deputy Mayor
the powers of a mayor upon the
death of this official.

While Mr. R. J. Lavoie was prevailed
upon to give his "Chicken in the
pan."

A most enjoyable evening was
brought to a close by the singing of
"Auld Lang Syne", and the Nation-
al Anthem.

PORT DANIEL EAST

In a return match on Jan. 23rd, the Port Daniel Hockey team defeated the Newport Bonatons by a score of three to two.

The game was hard and fast from the start and only one goal scored by the Port Daniel boys in the first half, was not counted as it passed through the net and was not seen by the goal umpire. The second half was more abundant than the first, and the star of the Newport Bonatons is certainly their goal keeper who stopped shot after like a stone wall.

Victims who told Newport they could boast, could not have known they were telling ducks how to swim.

On January 29th, the Port Daniel Hockey team defeated the Cape Cove team at Cape Cove by a score of 7 to 1.

On Feb. 3rd, the New Carlisle team was heavily defeated by the Port Daniel boys at Port Daniel.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Mrs. J. A. Robichaud passed to her eternal reward on Jan. 27th, at the age of sixty years. She is survived by her husband, Mr. J. A. Robichaud, one daughter Miss Caroline and three sons, Alexander, Paul and Xenophon residing in New Richmond.

The funeral was held on Thursday, Jan. 30th and was one of the largest ever seen in the county, testifying to the love and esteem entertained for her and her family by the people of New Richmond and vicinity. Rev. Fr. Fortin conducted the services of the house and at the church. The pall bearers were Messrs. Edgar Cyr, Sidney Gauthier, Peter Cyr and B. F. Fournier. Our sympathy is extended to the mourning husband and family.

WAS A CONFIRMED DYSPPEPTIC

Now Finds It a Pleasure to Enjoy Meals

Here is a case, which seemed so sad and so hopeless as yours can possibly be. This is the experience of Mr. H. J. Brown, 344 Bathurst St., Toronto, in his own words:

"Gentlemen—I have much pleasure in mentioning to you the benefits received from your Na-Dru-Co Dyspepsia Tablets and can cheerfully recommend them. I simply had confirmed dyspepsia with all its wretched symptoms, and tried about all the advertised cures with no success. You have in Na-Dru-Co Dyspepsia Tablets the best curative agent I could find. It is now such a pleasure to enjoy meals with their consequent nourishment that I want to mention this for the benefit of others."

The fact that a lot of prescriptions or so-called "cures" have failed to help you is no sign that you have got to go on suffering. Try Na-Dru-Co Dyspepsia Tablets and see how quickly this sterling remedy will give you relief and start your stomach working properly. If it doesn't help you, you get your money back. See a box at your druggist's. Compounded by the National Drug and Chemical Co. of Canada, Limited, Montreal. 141

Operation for Piles Failed

Zam-Buk Was Then Tried and Worked a Cure

Writing from Poplar, B. C., Mrs. C. Hanson, wife of the proprietor of the Commercial Hotel, says: "I suffered not with bleeding piles. The pain was so bad at times that I could hardly walk, and ordinary remedies seemed utterly unable to give me any ease. Finally I decided to undergo an operation, and went to the Sacred Heart Hospital in Spokane. There they performed an operation and it all they could do for me. For a time I was certainly better, but within a month the trouble started again and I was as painful as ever. I tried ointments, bo. poultices, various pills, and indeed everything I could think of, and I was going to give up, shooting, it being, stinging pains, the dull, aching and wretched 'worn-out' feeling that the disease causes continued as bad as ever.

"One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried. I began to feel altogether different and better, and I saw what Zam-Buk was going to cure me. Well, I went on using it, and by the time I had used six boxes I was delighted to find myself entirely cured. That was three years ago, and from then to the present time there has been no return of the trouble."

Zam-Buk is a sure cure for piles, eczema, ulcers, abscesses, cold sores, chapped hands, varicose veins, burns, scalds, bruises inflamed patches, and all skin injuries and diseases. Druggists and stores everywhere. 50c box, or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes.

"What does this nation need?" shouted the impassioned orator.

"What does this nation require," she steps proudly across the Pacific, if she strides boldly across the mighty ocean in her march of trade and free-dom?—I repeat, what does she need?"

"Rubber boots," suggested the grossly materialistic person in a rear seat.

Two illegitimate children have recently been found dead in their mothers' beds in the Municipal Home, and the sequence and circumstances suggest foul play, criminal carelessness or intention, says the Chatham World. The innocent must be protected. The deaths should be carefully investigated. One of the infants referred to was weak and sickly from birth.

WRITES MURDER THREATS IN BLOOD

Mayor Gaynor Unperturbed; Lightning Never Strikes Twice in Same Place He Says.

New York, Feb. 13.—Daggers and blood are figuring in anonymous letters, which Mayor Gaynor is receiving, according to intimations which he made in an address at the annual dinner of Cooper Union Alumni last night. He declared that the city administration was not disturbed by the "abuse" that had been heaped upon it during the last three years. "There are some strange people who are disturbed by these things," he continued, "even to the point of sending us letters written in blood and with daggers on them, and even fixing the day and hour of our talking off. But some one has said that lightning never strikes twice in the same place. I think I can say more than that—that it seldom strikes in one place once."

Thirdly and Lastly.—You'll save time and money and obtain perfect satisfaction and foot comfort if you buy your shoes here.

DO HIGH PRICES ATTRACT YOU?

When a sharp dealer found he could move merchandise by putting a high price on it, he tapped a principal that rules buying with a lot of people.

But is that method safe? Is it common sense? Wouldn't you do better to entrust your purchases with a merchant whose reputation for careful buying and honest prices enables you to put faith in his judgment?

It's so easy to be mistaken about Furniture. We believe our prices are lower than average, quality for quality, because our expenses are lower.

Doesn't that fact interest you? When you want Beds, Furniture or Furnishings, let us prove to you that we can save you money.

Home Industry Suffers to Extent of Over a Million Dollars a Day

That the Canadian manufacturer has still a long way to go, before he will be in a position to secure the bulk of the trade of the home market against his aggressive American competitor is apparent from figures recently issued at Washington. The value of merchandise exported to Canada from the United States during the 244 days from January 1 to August 31, 1912, is practically \$244,000,000, or, to be more exact, \$243,721,771, or approximately \$1,000,000 a day. In the corresponding eight months of 1909 the value of merchandise exported to Canada was \$180,424,582, or an average of a half-million dollars a day, the total value of exports to Canada having thus doubled in the three years in question.

Comparing the exports in the fiscal year 1912 with those of 1909, bituminous coal shows a growth of over \$10,000,000—from \$15,826,019 in 1909 to \$26,017,403 in 1912. Notable increases occurred in steel rails, which advanced from \$745,535 to \$3,369,894; structural iron and steel from \$1,585,137 to \$1,150,353; agricultural implements from \$2,219,556 to \$6,347,082, the chief growth under this head occurring in exports of plows, which increased from \$79,829 in 1909 to \$1,700,045 in 1912.

Of automobiles the growth in exports to Canada has been especially marked, their value, including parts, in 1912, \$9,363,247, against \$1,687,438. It is just a question whether a young country like Canada can become a highly developed nation if it allows an aggressive trade competitor like the United States to exploit its home market in lines which can advantageously be made in Canada. That policy is the right one which would cause this million dollars a day to be spent in Canada among Canadian workmen.

The Trade returns of Canada up to 1911 show that Canada imported in textile goods 66 per cent. of its total consumption. This means that the textile factories of Canada are making only enough goods of that class to supply our needs for four months of the year. In woollen goods we imported 75 per cent. of our total consumption which shows that the woollen factories of our own land made just enough woollens to supply our needs for three months in the year. This condition of the textile industry suggests a thorough investigation before there is any change in existing duties.

AN ANECDOTE ON THE COST OF LIVING

The high prices secured by the farmer at present for his produce are brought prominently to the front by the following anecdote from an American exchange: "A Kansas farmer, so the story goes, came into town to buy a new wagon. The dealer made a price of \$70, to which the farmer objected, saying that he had purchased the same style and make of wagon many years before for \$20. The dealer explained that the advance in the price was due to higher cost of materials, etc., but the farmer was not convinced. After a lengthy argument it developed that the farmer ten years before had paid for the \$20 wagon with 600 bushels of corn; corn at that time bringing ten cents per bushel. 'I will tell you what I will do,' said the dealer. 'You give me 600 bushels of corn for this \$70 wagon and I will make you a present of the best reaper in my stock, your choice of surveys, and you can bring your wife down and I will make her a present of the best kitchen range I have in the place, and will be her kitchen up complete with new dishes and cooking utensils. Is it a bargain?' 'It is,' said the farmer."

For a sprain you will find Chamberlain's Liniment excellent. It allays the pain, removes the swelling, and restores to a healthy condition. 25 and 50 cent bottles for sale by all dealers.

MARRIED IN TORONTO; DIVORCED IN LONDON

London, Feb. 11.—A decree of divorce was granted yesterday to Edith Gordon Hart, who is well known in Canada, on the grounds of cruelty, desertion and misconduct. He did not defend the action, but was present in court, and when called to the box by the Judge, admitted his misconduct.

I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all desire for it has left me. I cannot speak too highly of your wonderful remedy. You may use my name in any way you wish in public. 'H. Lilywhite, Brighams, Ont.' Samaria Prescription is as effective and reliable, and dissolves instantly in tea or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving or drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous. Drink is disease, not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by scientific treatment like Samaria Prescription. If you have a husband, father or friend that is drifting into drink, help him save himself. Write to-day."

NAVAL GUNNERY

How Style to be Adopted by British as Result of Tests

To settle the question of the superiority of Sir Percy Scott's system of naval fire control over that hitherto in use, trials were carried out with 13.5 guns by the battleships Thunderer and Orion, the former being fitted with the new system and the latter with the old, at a range of 10,000 yards. The Thunderer made five times as many hits as the Orion, thus definitely establishing the superiority of Sir Percy Scott's system. The vessels are sister ships, with the same sea characteristics, the same equipment, and the same types of guns. The firing was delayed until the seas were rough, and then the two vessels were directed by signal to discharge broadsides at two target. The accuracy of the firing of the Thunderer in the unfavorable conditions which prevailed was phenomenal. It is understood the new system will be fitted to all armoured ships with the least possible delay.

OLD SOLDIER'S VOW

Since Crimean War he Adhered to Pledge Made to His Conscience

Many weird vows have at one time or another been made by persons on finding themselves in great danger or in desperation of ever securing some desired object but one of the most peculiar was made by a French soldier who served in the Crimean war. When he was in the trenches before Sebastopol suffering from the bitter frosts, while his comrades were being decimated by disease, Michel Goets swore that if he returned safe and sound to his native village he would never marry and never accept a pension or any help from anybody. When he returned to Alsace he kept his vow, refusing to marry, no matter how much his family pressed him to, and rejecting all pecuniary assistance even when old age came upon him and restricted his powers of working. As an old Crimean soldier he was entitled to a pension of \$120 a year, but he would not take it, nor would he accept of the annuity granted to old French soldiers. However great the sufferings he had to endure as a consequence of this rigid fulfillment of his vow, he was never heard to complain. He attended without fail to his daily work, and now found him lying on his pallet covered with the death shroud. "Recently he fell ill, and when his neighbors visited his cottage, they found him lying on his pallet covered with the death shroud. For years past had done duty in hot and cold weather alike. Once more he went over his memories of the Crimean war; once more he recalled the praises of his colonel, the idol of his life, and then went to join him."

DALHOUSIE

Dalhousie, Feb. 13th.—The people of Campbellton and Dalhousie have always taken a great interest in Bonaventure Co., affairs and it is quite natural that we should wish our neighbours success because, apart for many other reasons we derive considerable of our trade from the upper reaches situated opposite us. Citizens of both sides of politics will applaud the speech delivered in the House of Commons on Jan. 20th last by Mr. Charles Marcell, M. P., when he advocated the taking over of the railway from Matapedia to Gaspe by the I. C. R. He said among other things, that the Gaspe Peninsula contained 10,000 square miles, the surface of an ordinary Kingdom in Europe and a population of nearly 60,000 inhabitants and there is room for three or four times more. There is enough pulp wood he said to supply the pulp mills of Canada for years to come. We have in the B. de Chateaux the finest fishing privileges imaginable. Can one believe said the speaker, M. P. for Bonaventure that in a distance of 200 miles of railway running along those great fishing grounds that there is not a refrigerator car for the transportation of fish, etc. If, he said, the Gaspe Railway were made a part of the I. C. R., in ten years you would see an extraordinary transformation.
