Notice of Dissolution

NOTICE is hereby given that the partnership heretofore subsisting between us, the undersigned, as grocers, under the firm name of C. H. Gilham & Co., in the city of Brantford, has been this day dissolved by mutual consent. All debts owing to the said partnership are to be paid to C. H. Gilham at Brantford aforesaid, and all claims against the said partnership are to be presented to the said C. H. Gilham, by whom the same will be settled.

DEVELOPMENTS THICK AND FAST REGARDING THE L.E.&N. RAILWAY ARE NOW REPORTED

Job of Raising Lorne Bridge Said to be Entirely Too Dangerous--City Will be Relieved of Purchase of Second Mortgage Bonds.

That the Lake Erie & Northern Railway is up against a terribly risky venture, almost impossible one, in raising Lorne bridge, and that the railway doesn't propose to go at the job in this way.

That the city of Brantford will never be called upon to make payment for the purchase of \$119,000 worth of second mortgage bonds, which purchase was approved by vote of the ratepayers in June, 1911.

That civic authorities declare, having, it is intimated, good grounds for so doing, that the Lake Erie & Northern Railway is in control of the C.P.R., as a result of which there will be renewed activity in construction all along the line.

The above developed a conference between a number of aldermen, following the meeting of the city council last night, when Chief Engineer Kellett and Mr. W. S. Brewster, Engineer and Solicitor respectively for the Lake Erie and Northern Railway waited upon the council asking that Water street be temporarily closed, so that the construction of a retaining wall could be proceeded with.

According to the opinions expressed in aldermanic circles, the raising of Lorne Bridge might mean a complete collapse and the construction of a new bridge would have to be borne by the railway company.

That the city will not be called upon to subscribe \$119,000 for second mortgage bonds has also developed

Politics Change When Titles Are Given Away

Sensational Charges in the Old Land Crop Up Again.

[By Special Wire to The Courier] MONTREAL, Feb. 3.—A London cable to the Montreal Daily Mail says: The sensational statements made by Sir George Kekewick on October 30, to the effect that there was a regular system by which honors were sold by tariff to political and other favorites, have been corroborated by Mr. D. A. Thomas, ex-M. P., for Merthyr and for Cardiff, and one of the largest coal operators in South Wales.

Speaking in London, Mr. Thomas said that of ten men who had changed their politics since 1906 he was the only one who had not received either office honor or title. One recipient had agreed to pay for his knighthood in three instalments, but unfortunately for the party fund, he died after he had paid only one instalment. He instances the case of a whole family in which the father, mother, brother, sisters, even the dog and cat had changed their politics. Two peerages went to that family.

MOUSSEAU IS SICK, STATEMENT NOW WANTED

Otherwise There Will be Only One Side to Graft Charges That Are Made.

[By Special Wire to The Courier] QUEBEC, Feb. 3.—Although J. O. Mousseau, who has resigned his seat in the Legislature, with Achille Bergevin and L. P. Berard, the members of the Upper House, in the face of alleged graft exposures in the Montreal Daily Mail, will be unable, through nervous breakdown, to attend the session of the legislative committee inquiring into the charges, it is altogether likely that a small sub-committee will be formed to visit the patient at his home in Montreal and take a statement from him when he is well enough to give it. The feeling among members of the committee to-day seemed to be that Mr. Mousseau should make some kind of statement or other, as otherwise there would be only one side to the charges.

With J. A. Mousseau, the principal witness in the legislative inquiry into the graft charges lodged against him, by the Montreal Daily Mail, unable to be present through sickness and with the whole affair resembling the production of the play of Hamlet without the melancholy Dane, the session of the committee this morning, while no further evidence was taken, was a bit exciting by aspired exchange of arguments by Hon. A. L. Taschereau, the chairman of the committee and L. T. Marchal, K. C., Montreal, counsel, for the Mail Publishers.

Directly the committee was called to order, Mr. Marchal rose and explained that the Burns detectives, who framed up the plot against the legislators had not yet arrived in town, but were, he was informed, in Montreal, and could not possibly reach Quebec before to-night.

Mr. Taschereau, obviously annoyed, yet speaking with restraint, voiced his regrets.

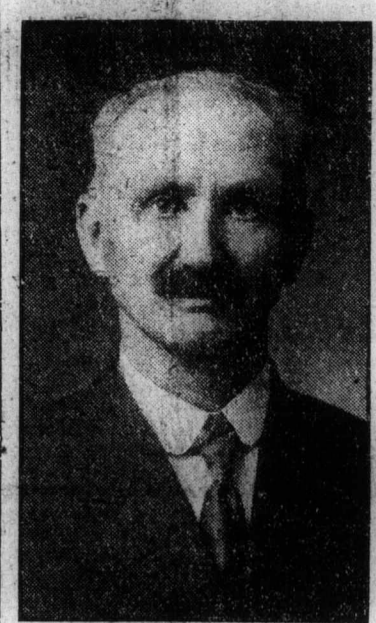

Mr. Marchal said that there had been a delay in the delivery to the detectives of the passports guaranteeing them immunity from the bill in connection with the decoy Montreal fair association bill, which the Act, is under the Dunkin Act and the latter is not superseded by the Canada Temperance Act, therefore he contends Pelham had no right to vote with the county.

Coulthurst Arrested.—The outcome was that Coulthurst was arrested shortly after 11 o'clock last evening at his home in Bridgeburg by Provincial Constable John R. Dowd on a warrant issued by Police Magistrate M. Home, charging him with having issued a false election return for his poll. The warrant was issued on information sworn out by William Christian, scrutineer at the poll on the day of the voting.

Coulthurst's Story.—BRIDGEBURG, Ont., Feb. 3.—Edwin Coulthurst, deputy returning officer for Bridgeburg's South Ward at the recent election on the Canada Temperance Act, was arrested yesterday on a charge of making false returns by Provincial Police Officer John R. Dowd, acting on a warrant issued by Magistrate M. Home. The three deputy returning officers for Bridgeburg were summoned to Welland yesterday, and there was found

Warden-Elect

WILLIAM MILMINE Who has been chosen Warden of Brant County for 1914.

BY-LAW FOR \$100,000 FOR WATERWORKS

Further Extensions Are Being Worked Out by Engineer.

Ratepayers Will be Called Upon to Vote Sum This Year.

Brantford ratepayers will this year be called upon to approve a by-law to raise \$100,000 for further improvements to the waterworks plant. This announcement was made by Mayor Spence at the City Council meeting last night. It is a case where the ratepayers must approve of the expenditure, as under the Municipal Act the outlay comes under the head of capital and is not for extensions, from which revenue can be derived wherewith to meet interest and sinking fund.

As yet, however, it is only estimated approximately that the sum of \$100,000 will have to be raised. Secretary Frank of the Water Commission said this morning that the report of Engineer Chipman and his conclusions would have to be received first and gone over by the board very carefully. Mr. Frank said he did not care to make any announcement as to what would be done until it was definitely settled upon. For this reason the by-law had not been presented last January.

The revenue from the waterworks department to the city has grown greatly in recent years and a hand some surplus is declared every year. The waterworks plant, however, has not been extended to meet demands upon it, and it is planned to have further extensions, so that the maximum of efficiency will be secured for many years to come, and the demands of the insurance underwriters met in every respect.

PEEL COUNTY DRY WAVE MAKES GOLFERS WEEP

"Nineteenth Hole" Goes Out of Business When Scott Act Comes In.

TORONTO, Feb. 3.—Because the Scott act has passed in Peel County, three of Toronto's most popular golf clubs will be doing without the "nineteenth hole" when the law is brought into operation.

The three clubs affected are, the Lakeview, Mississauga and Toronto, addition to that, there is the cartoon at the rifle ranges and the Caledon Mountain Trout Club, which will be compelled to abandon the dispensation of soothing draughts of stimulating character to its members. The provisions of the act, itself, will not become operative until May 1, 1915.

HON CODERRE'S FATHER.

MONTREAL, Feb. 3.—Alfred Coderre, father of Hon. Louis Coderre, the Secretary of State, died this morning at St. Ours, Quebec, where he had been stationed as superintendent of the St. Ours canal under two Conservative governments. Mr. Coderre was born in 1843. During his life he had been known as the chief of the Conservative party in Richelieu.

Special Theatre at Windsor Castle Held Last Night

Their Majesties Were Greatly Pleased With the Performance.

[By Special Wire to The Courier] MONTREAL, Feb. 3.—A London cable to the Daily Mail says: Windsor Castle was last night, after an interval of something like four years, the scene of a royal command theatrical performance. "Diplomacy," a play presented before Queen Victoria at Balmoral Castle by Sir Squire Bancroft in 1888, being transferred from Windham Theatre to the Waterloo chamber of the castle, which forms a dainty and comfortable home for private theatricals. The only difference between last night's performance and those in town, was in regard to stage sets of smaller size having been prepared for the traffic of the smaller stage. The performers arrived at Windsor at 6.30, were entertained at dinner, and the performance, which commenced at 8.45, ended at midnight. Princess Mary, the Princess royal and Princess Maud were in company with their majesties. At the conclusion of the performance the King complimented the players.

MR. KELLETT WINS OVER ADVERSARY TO-DAY

Ald. Ryerson Satisfied That Bridge Problem Can be Settled.

This morning Chief Engineer Kellett of the Lake Erie and Northern Railway, adopted a Missouri attitude towards Ald. E. Ryerson whose criticism of L. E. and N. matters at the City Council last night, was one of the features of the session. In other words, Ald. Ryerson was taken over the ground at the bridge and "shown" by Mr. Kellett. When seen at noon to-day Ald. Ryerson expressed himself as satisfied with what he had seen, and said that he believed if Mr. Kellett took the Board of Works or even the city council with the press over the ground then submit in writing what he wanted to do to the streets, there would be little difficulty in arriving at a proper solution of the difficulty. "The statement that Lorne Bridge will not be raised as originally planned, as far as I can see things is wrong," said Ald. Ryerson. "The bridge will certainly have to be lined at the eastern end."

Last night after the council meeting I was almost the unanimous opinion of the aldermen that the railway would not touch the bridge.

NEW YORK HAS OVER 330,000 OUT OF WORK.

Conditions Unequalled Since the Depression of 1907-8.

[By Special Wire to The Courier] NEW YORK, Feb. 3.—Statistics gathered by the employment bureau of the society for improving the condition of the poor, showing that 331,000 men in New York city were out of work, furnished an interesting study to-day for employers, philanthropists and social economists. As a result of a canvass of manufacturers, contractors and merchants, the bureau reported that conditions were abnormal and the worst since the winter of 1907-1908. "Most of the employers felt, however," says the report, "that business relief was in sight and that a very few months would see the return of normal business conditions."

Of the total unemployed, 140,000 were unskilled laborers, the building trades workers came next 70,000, then followed longshoremen, 18,000; cloak and suit makers 18,000; waiters, 6,500; tailors and pressers 6,000; clerks, bookkeepers and accountants, 5,000; mechanics, 4,500; boatmen, 4,000; and 3,000 drivers, 3,000 engineers, and 3,000 other trades in smaller proportion.

The bureau acknowledged that these figures are only approximate, but said that in every case, the most conservative information was followed.

The late Lord Strathcona, by his will, gave \$7,350,000 to various educational institutions in Europe and America.

THE SUM OF \$70,000 PASSED FOR HYDRO EXTENSIONS TO BE MADE IN CITY OF BRANTFORD

Engineer Declares That Business is Opening Up in Great Shape--253 Customers Already Secured--Statement Made as to By-Law.

The city council last night passed a by-law which authorizes the raising of \$70,000 by debentures for Hydro Electric purposes, thus making Brantford's capital expenditure \$185,000 in the Hydro power enterprise. The \$20,000 is required for necessary extensions to the local plant, and it was explained last night that the money could not be secured unless the Ontario Railway and Municipal Commission, who declared that Brantford was opening up for what looked like remarkable business in Hydro. Already 253 contracts were signed by domestic users, and several by power users. It was thought that in a short time 1700 customers would be secured.

The council raised no objection to the by-law, and it was carried without amendment. Engineer's Letter.—In connection with the by-law Engineer Ireland read the following letter to the City Council: To the Mayor and Aldermen of the City of Brantford: Gentlemen,—With reference to the request of the Brantford Hydro-Electric Commission for an additional debenture issue of sixty-eight thousand dollars, I beg leave to report as follows:—

The original estimate provided for a street lighting system such as has been installed in the residential sections of the city, i.e., a 100 watt tungsten lamp on every pole and a substation and distributing system capable of serving 600 lighting customers. No provision was made for power service to the Waterworks pumping station or to private consumers. The substation equipment provided for consisted of transformers of 1000 h.p. capacity and five feeder panels. Service transformers of a total capacity of 400 k.w. were provided for. It was found quite early in the construction of the system that the substation equipment provided would not be sufficient to properly take care of the needs of the city, and with the approval of the council substation transformers double the estimated capacity were purchased, and also a switchboard consisting of ten panels with space for the addition of others in the future. The decision to purchase larger transformers was reached largely as a result of the probability that the Water Commission would decide to make use of electric power for pumping, as the pumping load and street lighting load would total nearly 800 h.p., leaving only a very small margin for the supply of lighting customers and none whatever for power.

When the original estimate was prepared the price of copper was very low and had advanced two cents per pound at the time that our main requirements were purchased. Between the time at which the estimate was prepared and the commencement of construction, a large number of new streets had been opened up and a number of old streets built upon and this necessitated street lighting and domestic lighting service to approximately five additional miles of streets. As noted above the number of services to lighting customers provided for was 600. This in my opinion is entirely too low. Not much more than ten per cent. of the residences of the city are at present making use

(Continued on Page Three)

PARKS BOARD GETS DOWN TO BUSINESS FOR THIS YEAR

Prepared to Meet Lake Erie and Northern Officials This Week Re Land For Station—Railway is Anxious to Start Work on Building as Soon as Possible—Other Business Transacted.

The inaugural meeting of the Parks Board was held last night in the city hall, when Mr. E. L. Goold was again elected chairman. The board took up and discussed several matters.

Secretary Hawkins reported that Mr. Franklin Grobb and himself had been re-appointed members of the board by the city council.

Election of Chairman.—The first business before the meeting was the appointment of a chairman. Mr. Goold suggested that Mr. Cocksbutt be chairman for the year. Mr. Cocksbutt was actively associated with civic beautification.

Mr. Cocksbutt expressed a desire to be chairman of the grounds committee in preference to being the chairman of the board.

Mr. Glover stated that as Mr. Cocksbutt had numerous matters calling for his attention, he believed that Mr. Goold might accept the chairman ship.

It was moved by Mr. Cocksbutt, seconded by Mr. Glover, that Mr. Goold be chairman for the year. He was thereupon re-elected chairman.

Committees.—The following will compose the committees for the year: Finance—Messrs. Goold, Hawkins and Mayor Spence. Secretary—Messrs. Hawkins and Duffrein. Agricultural Park during the coming season, and from the Sons of England club for the use of Tutela Park.

THE NORTHWAY COMPANY, Limited 124 - 126 Colborne Street

EPWORTH LEAGUES HOLD FINE RALLY LAST NIGHT

An Address by Rev. Bartlett—Other Pleasing Features.

The big rally of the Epworth Leagues of the city held in Wellington St. church last evening was a splendid success in every particular. The gathering was a very large one and the enthusiasm very marked. The chair was taken by the District League President, Mr. J. W. Shepperson, and he made an ideal chairman. The speaker of the evening was Rev. S. T. Bartlett of Toronto, general secretary of Epworth Leagues and Sunday Schools for Canada, and an ideal speaker to young people is he. A noticeable feature of the gathering was the number of juniors present, and Mr. Bartlett proved to be a good "mixer" making his remarks of such a nature as the boys and girls could understand and appreciate.

One of the features of the evening was the roll call of Leagues to which each league president gave a brief report of the work of the league and the members of his local responded with a hymn original or otherwise. This proved to be an interesting part of the programme. The response of the Sydenham St. League made the "hit" of the evening and they were given an ovation. The musical part of the session was excellent. Duets were rendered by Misses Gaudet and Little of Wesley League, and the Misses Ariel and Hazel Huffman of Sydenham St. League, while Brant Avenue supplied a double male quartette. The church had been allotted to the different societies, and the new Marlboro St. and Elm Avenue sections received a hearty welcome.

The chairman of the district, Rev. A. E. Lavell, introduced the speaker of the evening in a brief eulogistic address. Rev. Mr. Bartlett said that gathering was the most ideal young people's meeting he had been at in many a long day and naturally he was very much pleased. His address centered around how a league couple be made to do the best work. It was brimming over with bright, practical suggestions, and he had a fund of splendid illustrations and stories, which tended to impress his points and make the address quite interesting and well worth listening to.

During the evening Mr. Shepperson called the presidents of the different societies to the platform, as he said to let those present see who were running the leagues and that they might become better acquainted. They were: Wellington, Mrs. (Dr.) Norris; Brant Avenue, Mr. Hart; Colborne St., Mr. Bassett; Sydenham, Mr. I. D. Scarton; Wesley, Mr. R. Collins; Oxford St., Mr. McMillan; Marlborough St., Mr. A. Lamb; Elm Ave., Mr. J. L. Barnes.

A motion was made to have the next rally on the first Monday in May in Colborne St. church.

A GOOD GUESSER

Missed Only Three Out of Twenty one Old Country Games.

Percy Williams of Darling St. was the winner of the Courier Soccer competition of last week. He had every answer with the exception of three correct; two errors in the cuppies and one in the Scottish league. Three mistakes in a total of twenty-one decisions is a meritorious effort and shows the winner to know something of Old Country Football. He is very closely followed by I. Scanton of 80 Brock street. There were many competitors, who secured sixteen correct solutions, whilst a large number of the hundreds of football followers gave an average of three-fourths correct. The great interest shown in the competition is increasing and fully justifies the action of The Courier in promoting an event of this kind.

HEADACHY, COSTIVE, BILIOUS—"CASCARETS"

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; decayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out by the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food, and foul gases, take the excess bile from the liver—and carry out all the constipated waste matter and poisons in the bowels. A Cascaret 10-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Social and Personal

The Courier is always pleased to use items of personal interest. Phone 1783

Mrs. M. Mintern is spending a few days with friends in Toronto.

Mr. and Mrs. Frank Bishop are leaving shortly on a tour of Europe.

Mrs. Cavendish of Toronto, is visiting her sister, Mrs. G. Duncan, 58 Lorne Crescent.

H. P. Kennedy and family of Toronto, are visiting in the city, guests at the Kerby House.

The Ladies Bridge club was most enjoyably entertained last evening by Mrs. George Watt, St. Paul's Ave.

Sheriff Ross is reported to be very critically ill, following a fall he sustained last week in his own home.

Mr. and Mrs. James Muir announce the engagement of their only daughter, Ada Evelyn to Mr. Charles A. Howey, of Barford, the marriage to take place in February.

Mrs. Dave Gibson, who is visiting her sister, Mrs. (Dr.) Williams, Toronto, is reported ill with double pneumonia. Her many friends will wish her a speedy and safe recovery.

Miss Ida Mattingly and Mr. Herbert Locke, both well known people of this city were quietly united in matrimony on Saturday last by Rev. J. J. Liddy, pastor of Wesley Methodist church.

A pleasant evening was spent at the home of Mrs. A. Sutherland, 283 Darling street, in honor of Mr. and Mrs. J. Brewer, of Vernon, B.C., and Miss Shavelear, Selkirk, as they are about to return to their homes. Miss Shavelear carried off the honor.

Mr. and Mrs. Gordon Harris have arrived home from Japan, where Mr. Harris has been Canadian Trade Commissioner for some time. They are the guests of Mr. and Mrs. M. E. Harris, Mr. Pleasant, and Mr. Harris may not return to the Flowery Kingdom.

Many Brantford friends will be sorry to learn of the removal of Mr. Wm. Ellsworth from this city to London. Mrs. Ellsworth has been popular socially and will be much missed. They will take up their residence in London about the middle of February.

The many friends of Mr. J. H. Fisher, M. P., will regret to hear that he is confined to his house, owing to sickness. While in Ottawa, attending to his duties, he contracted a very heavy cold, which ordered to his bed then, but stuck to his post in characteristic style. Upon returning to Paris, he became worse, but is now resting easily.

STAR ATTRACTIONS

Grand Opera House Policy One of High Commendation.

With reference to an item which appeared some weeks ago in these columns, that Brantford had been shabbily treated with regard to stage attractions as compared with other cities, and that when stellar productions did come stellar prices were charged, it is only fair to say that such statements were too sweeping. Manager Johnson of the Brantford Grand Opera House has had such companies here this winter as the famous Stratford-on-Avon Players, Margaret Anglin, and so on—people who usually play only the larger centres. In the matter of prices, these, of course, are fixed by the headquarter and producers, and cannot be made lower than the schedule. In short, the record of Brantford's Grand Opera House is one for hearty commendation.

Paris News

PARIS, Feb. 3.—Bright won the Western Tankard Primary played here yesterday. Drumbo, Plattville and Brantford defaulted their games, leaving only Paris, Ayr and Bright to fight it out. Ayr drew the bye, and in the morning game Bright defeated Paris by 38 shots to 22. The boys from Bright played an equally good game in the afternoon, and won from Ayr by a score of 40-27. The skips were: Bright, B. Cutbertson, J. Bristow, Ayr, J. Reid and J. Reid; Paris, C. Tate and C. Cavan.

ONE DOSE RELIEVES A COLD—NO QUININE

"Pape's Cold Compound" Ends Bad Colds or Grippe in a few Hours. Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up. Quit blowing and sniffing. Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

J. M. YOUNG & CO'Y Dress Making - Ladies' Tailoring

Seen in the Shops of Paris

Jet continues to be much liked. The plain net guimpe continues in good style. The black velvet costume is also very correct. It is a great season for colored handkerchiefs. Chinese ideas are prevalent even in shoe buckles. Brocade moire silk handbags are in good style. Satin or silk cut bias should be chosen for girdles. Straight round belts for coats are coming back again. There is no diminution in the favor shown to tassels. Jacquard crepe, white, is seen in new frocks for the south. All the fancy materials seem just now to be in great request. The new lingerie dresses are often entirely of shadow lace. The Japanese giraffe bow is losing nothing of its present favor. The best veils show small designs on hairline and craquele meshes. Full godet basques are noted on coats, producing a flaring effect. There seems to be no end to the use of black and white net frills. Gloves are used chiefly in pale tints—white, pearl, gray or beige. Supple moire and lace is one of the new evening dress combinations. There seems to be no end to the variety of rhinestone hair ornaments.

DOLLAR DAY IS PAST BUT OUR ANNUAL SALE is going on better than ever!

The people are buying the goods, and are saving lots of money by doing so.

"Go and Do Likewise!"

J. L. SUTHERLAND

A LECTURE ON SCIENCE

Audience at Y.M.C.A. Last Night Received Splendid Demonstration.

Science is ever interesting, but when it is demonstrated by such a master as Reno B. Welbourn, it is marvellous. His exposition of scientific experiments was a revelation from beginning to end. A large audience which packed the spacious auditorium of the Y. M. C. A., was wrapped in the spell of Welbourn's magic during the whole time he occupied the stage. Experiment after experiment followed in bewildering succession, and all the while the scientist was explaining everything in a finely modulated voice. It was at once the ideal entertainment. Imagine if you can, a man lighting a fire with a piece of ice, a fire so hot that nails melted like butter in it. A tower of wooden blocks fell over as a shadow fell upon them, whilst a fire was built from the sound of a tuning fork, twenty feet away. A light falling upon an instrument, called by Mr. Welbourn the "Mechanical Eye," caused it to work telegraph signals, and to register a sound during the time light fell upon it. His first experiment dealt with the monorial, a running example of which is established in Kent, England, and also in Wales. The stability of the little piece of mechanism on a single wire was singular. The gyroscopic action is the basis of the feat. The mechanical eye was then unshelved, and contained in the device are many sensational eventualities. For instance, if this instrument had been used on the ill-fated Titanic, it would have caught the glistering reflection of the iceberg and caused a warning noise to resound through the ship. A beam of light was shown to be powerful enough to stop an engine. A trap which scorching motorists could not deceive, was embodied in another experiment on the same basis. As a shadow passed, a beam of light on an instrument responded and registered the time of the shadow. Thus if scorches passed a beam of light which was working upon such an apparatus, their speed would be denoted by the time it took them to pass the ray of light. An invention which might be of incalculable value in war, showed how a beam of light could cause an explosion. A fire of 6000 degrees Fahrenheit was generated on contact of an icicle with certain chemicals, the process being, chemical reaction

several times repeating. If you could strike the correct tone and render it strong enough vibration would cause the building to collapse, such was clearly demonstrated by the action of one tuning fork upon another, both being in harmony.

Throughout the entire proceedings Mr. Welbourn instructively addressed the audience, and flashes of American humor ran through his discourse, never allowing it to become at all monotonous or "dry." All who witnessed the performance of the feat of science, and Mr. G. L. Goodwin, general secretary of the Y. M. C. A., is deserving of no little praise for his efforts which resulted in the appearance of the famous entertainer.

A VEGETABLE CONSTIPATION CURE

Because they contain mercury and mineral salts, many pills are harsh. The easiest and safest laxative is Dr. Hamilton's Pills of Mandrake and Butternut. They clean the stomach, intestines and bowels—drive out waste matter, tone the kidneys and forever cure constipation. As a general tonic and system cleanser nothing is so mild and efficient as Dr. Hamilton's Pills of Mandrake and Butternut. Sold everywhere in 25-cent boxes.

The Hilliard House in Kenora was destroyed by fire with its contents.

es' Tailoring

Large heads of m... among the rarest and prettiest in the market.

The craze for dancing has resulted in afternoon and evening gowns of remarkable shortness.

The brilliant colored vest of some rich texture is one of the prettiest points of winter suits.

People possessed of lace flounces are lucky, for they can be used to make a fashionable skirt.

There seems to be no doubt that the fashionable figure of the future will have much larger hips.

Practically all of the new corsets are of flexible boneless character. Some are even made minus the bust.

Some of the soft, shapeless Rembrandt hats edged with skunk fur are picturesque enough for a painter.

Low necked styles, soft and simple dominate in women's neckwear, although high stocks are promised.

Blue probably will be the greatest favorite among spring colors, unless yellow proves too strong a rival.

The fashionable woman has her boot tops the same color as her costume.

It is said the graceful low coiffures are to be changed for high and merciless methods of hairdressing.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agency for the District. Entry by proxy may be made at any agency on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.
Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.
In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to extra homesteaded portion), and cultivate 30 acres extra.
A homesteader who has exhausted his homestead right, and cannot obtain a pre-emption, may enter for a purchased homestead in certain districts, price \$5.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$200.00.
W. W. COBY, Deputy of Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

You Needn't keep on feeling distressed after eating, nor belching, nor experiencing nausea between meals. Hood's Sarsaparilla cures dyspepsia—it strengthens the stomach and other digestive organs for the proper performance of their functions. Take Hood's.
Many friends will be very glad to learn that Turkey Hogan of the County jail, who has been seriously ill, is now improving.

\$70,000 PASSED FOR HYDRO

(Continued from Page 1)
of electric current, so that it is quite evident that there is a very large field in the domestic lighting class. The success that our solicitors are meeting with has also demonstrated that we must make provision to serve a very much larger number of lighting customers than was originally contemplated. The estate for additional funds provided for lighting service to 1,700 customers. Contracts have already been signed by several power customers and enquiries received from a number of others and there is no doubt that the sale of power will be large. The additional funds for which we are asking include provision for the supply of a total of 1,000 h.p. to power customers, including the Waterworks pumping.

The additional sum of \$68,000 is made up as follows:
Additional primary and secondary lines and street lighting equipment \$15,000 00
Additional services and meters for lighting customers \$16,500 00
Additional lines, wire, meters, services, etc., for Waterworks and private power customers 14,500 00
Switchboard panels and additional service transformers for lighting and power customers 20,000 00
Engineering and consulting agencies 3,000 00
Total \$69,000 00
To offset this revenue will be obtained as below:
Revenue from additional street lighting \$2,000 00
Waterworks pumping \$8,400 00
Total \$10,400 00
It is thus clear that not only will the interest and sinking fund be met but also that the revenues from the extensions will be more than sufficient to provide a 5 per cent. depreciation fund.

Engineer Yates of the Ontario Hydro Commission also addressed the Council. He stated that Brantford had made a wonderful start in securing contracts. Business was just falling in here. It was not desirable to sign up too many at the start as connections could not be made. Early estimates did not begin to cover the business of which Brantford is capable. The system in other places was new some years ago, but had worked out so well, that in London, for instance, they started out to get 4,500 users and got 6,600. In Hamilton in a year they got 7,000 customers. The connection in Brantford had been done cheaply and yet would compare favorably with that in any other place. Item by item had been compared and Brantford had been most economical. The amount of construction had been inadequate, however. If the business was to be secured, why not get it? There was a change here in the gas situation and provision had to be made for the change. Mr. Yates thought the business in Brantford would grow far beyond the 1,700 users being figured on.

Mayor Spence said he was present when the Engineer figured \$85,000 extra, but after opening the tenders received for the original \$150,000 debentures, it was felt that some provision ought to be made for a 2 per cent. basis in the sale of debentures. Every contingency of expense was thus taken care of under the by-law. The money would only be spent as the city needed it. The Hydro Board would only spend its as the Water Commissioners did. The \$150,000 used up to that board would be used up this year and the Water Board would have to come back for more. That did not mean, however one mill raise in taxation as under both Hydro and Water systems taxes were more than met.

Ald. Ryerson wanted to know the cost of an ornamental system on State avenue. The painting would not be done until spring. The color will be a dark green.

soon be a commercial proposition which would cost 15 cents per foot per year on a 20 year debenture. The magnetic arc was too expensive, he said, for residential purposes.
Ald. Pitcher asked the engineer if the amount of \$70,000 would put Hydro on such a basis so as to avoid coming back to the council for more money.
Engineer Ireland said that if the business did not increase beyond 1,000 h.p. and 1,700 domestic users, there would be no necessity for coming back. If it did, he would be happy to come back for more money.
Mayor Spence said it was really hoped they would have to come back for more money. If they did come back, they would show that they had revenue to cover interest and sinking fund. The Ontario board required a lowering of rates. Ald. Charlton wanted to know if the Ontario Board had to be shown interest and sinking fund on \$70,000 or \$185,000.
Ald. Hollinrake said the people had voted \$115,000 and it was not necessary for the board to approve of that.
Ald. Charlton congratulated Engineer Ireland on the excellent way in which construction had been carried out. He had watched it carefully and was more than pleased.
The council thereupon went into committee of the whole and the by-law was carried.

For Ornamental Lights.
The by-law which Ald. Ryerson introduced, made provision for the payment for construction of the ornamental lighting system as it is, today completed. The by-law was not put through last year to include all the work, and, therefore, had to be carried last night.
Those present were Mayor Spence, Ald. Hollinrake, Robinson, Wood, Sigman, Charlton, Pitcher, Woolams, Ryerson, Bragg, Calbeck, Ward, English, Broadbent, Sutcliff.

Annual Banquet
The annual banquet of the Grace Church A. Y. P. A. will be held this evening in the school rooms at here given: Sam Burnley, Herbert McIntyre, M. E. Mitchell and W. Campbell, skip; S. Crumback, Art Burnley, W. Cleator, and Bert Inglis, skip.

Dufferin Officers' Beaten.
The officers of the 91st regiment, Hamilton, won from the officers of the Dufferin Rifles in indoor baseball on Saturday evening at the armories. The score was 22 to 12. The battery for the local officers was Secord, Newman and Jones.

Hauling Snow
Surplus snow on the corners of the streets and along the street railway tracks in the central section of the city is being hauled away by the city. Some of the snow is being put on the streets in place where the snow is almost gone.

Building Permits
Building permits have been issued at the city engineer's office to Chas. Down, McLure Avenue, for the erection of a pressed brick cottage to cost \$800, and to Hugh Adams, West Mill street, for the erection of a frame barn to cost \$100.

Sports at the Armories.
The sports at the Dufferin Rifle armories got away to a good start last night when H. Company won from G company in football, 4 to 0. In the second game, the Buglers beat

Encourage House-Owning!

From time to time there have appeared articles in the daily papers advocating the organization of a company for the construction of houses for working men. So far as Brantford is concerned, the S. G. Read agency has supplied 73 houses within the last few years to working men from their own capital, and hundreds of other houses have been sold through the same agency, and the agreements of purchase carried by private friends and clients of this agency. About 8 years ago this agency became a limited liability company, principally for the purpose of furnishing homes, to those who required to purchase on the easy-payment plan, and our business has grown year by year, until we now have so many applications for homes that we find it necessary to offer some thirty or forty thousand dollars' worth of our Preferred Shares to the general public. These shares are \$100 each, par value, and pay 6 per cent. per annum, regularly, dividends payable half-yearly. The present shareholders, who have been in our Company since its inception, would not sell their shares for \$100, because of the splendid security they offer. The Company desires to continue to be able to sell their properties on payments to bear interest at no greater rate to the purchaser than the interest on the easy-payment plan, and we can appeal to all classes of people who have money to invest who desire to see our working men with comfortable homes without being oppressed by high rates of interest, to assist us in this good work by securing some of our shares with a guaranteed dividend of six per cent. per annum, payable half-yearly.

We also offer first-class Industrial stocks, good dividend payers.
For further information regarding the above securities, call at our office.
MILK ROUTE WANTED—We want to buy immediately a good milk route.
Hundreds of houses and garden properties and farms for sale.

HOW TO TREAT ALL SKIN TROUBLE
GREASY OINTMENTS NO USE—MUST BE CURED THROUGH THE BLOOD.
It is not a good thing for people with a tendency to have pimples and a blotchy complexion to smear themselves with greasy ointments. In fact, they couldn't do anything worse, because the greasy ointments clog the pores of the skin, making the disease worse. When there is an irritating rash a soothing boracic wash may help allay the pain or itching, but of course, it doesn't cure the trouble. Skin complaints arise from an impure condition of the blood, and will persist until the blood is purified. Dr. Williams' Pink Pills have cured many cases of eczema and skin diseases because they make new, rich blood that drives out the impurities, clears the skin and imparts a glow of health. The following proof is offered: "Mrs. Fred Tremble, Ginter, Ont., says: 'For more than a year I was dreadfully afflicted with salt rheum or eczema. My hands were so sore that I could not put them in water without the skin cracking open. I tried all sorts of ointments recommended for the trouble, but they did not do me a particle of good.' She told Dr. Williams' Pink Pills would cure the trouble. This was several years ago and I have never been bothered with it since."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CITY LOCAL NEWS ITEMS

Directors Meet. The directors of the Brantford Gas Company are meeting this afternoon.

Fire and Light. The fire and light committee is meeting this afternoon.

Leader of Opposition. The leader of the Opposition, Ald. Quinn, was not present at the City Council proceedings last night.

Transfers. Property transfers during January numbered 66, as compared with 68 for the same month last year.

Signed the Petition. The members of the City Council last night signed a petition asking for further legal restrictions to prevent the slaughter of wild duck for the purpose of sale in the open market.

Hand Hurt. Friends of Mr. Holmer Byrne, of that Mich. formerly of Brantford, will be sorry to hear that he recently smashed his hand and fears of blood poisoning were at first entertained.

Is Terrible. East Ward residents are up in arms owing to the sulphur smell which hangs through the atmosphere from the purifying plant.

Brantford's Standing. The splendid financial position of Brantford will be better appreciated perhaps when it is considered that yesterday in London a loan of \$1,000,000 at 5 per cent was placed at 92, whereas Brantford, this week, got 101 1/4 for the 5 per cent loan placed by City Treasurer Bunnell—some difference, in favor of this city.

No Radiators. Janitor Geo. Smith at the City Hall takes exception to the statement made in a local paper to the effect that it was so cold at the City Hall on Sunday, that it was necessary to have the thermometer out by placing it on the radiator.

Evangelistic Services. The preaching of Rev. W. Aird at the Calvary Baptist Church last night was characterized by clearness of thought and earnestness of delivery.

Meets To-morrow Night. The regular meeting of the Trades and Labor Council takes place to-morrow night in their hall.

Sanitary Sewer By-laws. At the meeting of the City Council last night Ald. Ward had by-laws put through for the construction of a number of sanitary sewers throughout the city.

Recovered Bank Roll. On Saturday, Fred Ginn, 164 Dufferin avenue, advertised the loss of a small roll of bills—\$24. He dropped the money the previous evening.

Football at Armouries. The following players will represent 'B' Co. in their game against 'A' Co. on Wednesday night, 4th inst., kick off 9 p.m.

Offers for Railway. The Courier understands from Toronto this morning that the committee of bondholders appointed to consider the Kaillet and one other offer for the Brantford Street Railway, have not yet met to go into details of the offers.

Colborne S. Won. At the meeting of Zion Presbyterian church guild last night a debate took place between members of the guild and members of the Colborne St. Church debating society.

Found in Barn. Steve Samoda, a Hungarian, was found by Mr. Wair, a farmer of Mt. Pleasant lying half frozen in his barn this morning.

TOWNSHIP COUNCIL DOWN TO BUSINESS

Local Improvement By-Laws Passed - Many New Sidewalks.

At the afternoon session of the Township Council yesterday a number of local improvement by-laws were disposed of, and much other business transacted.

The solicitor was instructed to take steps to have James St. opened through for the Grand Trunk Railway right of way.

The clerk was instructed to give notice that all petitions for local improvement must be filed with the clerk before May 1 for the work to be completed in 1914.

Tenders will be called for, for the construction of the concrete abutments and for the superstructure required for the White Bridge.

The Salvation Army were given a grant of \$15. Fifty dollars will be expended in spreading cinders on the road in front of Mr. Turnbull's place.

Mr. J. McIntyre will be authorized to haul 50 yards of gravel to be placed on such highways that are under his inspection.

In future all accounts against the township must be placed in the hands of the clerk before 12 o'clock on the Saturday previous to the council meeting.

The clerk will call for tenders for cement and printing for the current year.

The communication from J. T. Hewitt asking for rebate of taxes was filed.

The Council filed the communication from the Municipal Franchise Referendum committee asking the council to approve of married women being granted the franchise.

Petitions. The following sidewalks have been petitioned for under the local improvement plan.

Wallace street, south side from Brighton Row to Cockshutt Road.

Wallace street, south side, from Gordon road to Lida Street.

Ontario street, west side from Aberdeen avenue to Gladstone avenue, and westerly on the north side of Gladstone avenue a distance of 193 feet.

Nelson street, north side, from Park Road to Stanley Street.

Chatham street, north side, from Park Road to Stanley Street.

First avenue, east and west side, from Hamilton Road to Wellington Street.

Second Avenue, east side from Hamilton road to Chatham street.

Wellington street, north side, from Park Road to Stanley Street.

Fourth avenue, west side from Hamilton Road to Wellington Street. The contracts for the above work will be awarded.

BRANT THEATRE CASE ENDS—VAN DUSEN WON

The litigation which has delayed the opening of Brantford's newest theatre was finished at the Supreme Court sittings in Hamilton yesterday.

The trial commenced on Wednesday last and was then adjourned until yesterday when Mr. Justice Lennox in the action of O'Reilly v. Van Dusen decided that the agreement entered into on December 3rd by J. O'Reilly, C. VanDuse, J. P. Coakson, H. S. Young and S. J. Kearns was valid and made an order that it should be specifically performed by the parties named.

This agreement provides that a joint stock company be formed and that the theatre property and lease be transferred to it and that fully paid stock in the company be issued to each of the five parties named according to his interest in the property.

This agreement will now go into effect at once, and it is expected that the Brant Theatre will be opened in a short time. It will be a decided acquisition to the pleasure resorts of the city, as it is undoubtedly one of the coziest theatres of its size in Ontario.

In the cases just decided, Mr. I. O'Reilly was represented by M. J. O'Reilly, K. C., of Hamilton, and the other parties by E. R. Read, with G. Lynch-Staunton as counsel.

at 27 Market street, pleaded not guilty. For the defence it was stated that the proceedings were the result of spivework on the part of I. Schulinski, a former tenant of Valian's, who eventually had to evict the witness, who would not pay his rent and owed defendant \$36 for his house and had cost him \$24 to get him out of the premises.

Schulinski testified to receiving liquor from Valian during December, and his little daughter also stated she had been sent to defendant's house for liquor. She was refused a ter her money had been taken and refunded, when it was recollected that it was a Sunday.

Mike O'Neil and another witness both testified to obtaining liquor from Valian. O'Neil knew the house as a place in which to quench a thirst. Both, however, had got the drink out-

side of the limit of thirty days, and in this respect the evidence, as far as this prosecution was concerned, was discounted. A witness, who was in a position to testify within the time limit, was not present, and the case was adjourned until Friday.

A number of drunks completed the list, and they were soon disposed of.

THE BIGGEST BARGAINS IN LITTLE THINGS THAT EVER CAME YOUR WAY!

Scan These Items Carefully--Then Come and Save Money

We want to cause some commotion in our Notion Department—to stir things up, and put life in them. So Tuesday we start a sale of Notions that offers some of the most wonderful values in these needfuls you've seen for many days.

A large purchase fortunately made at a reduction of nearly half the wholesale prices places us in a position to offer you these unheard-of values. The quantity is large, much too large to handle in the ordinary way, if we did not know that we could quickly clear the lot out.

So to make quite sure we've cut prices deeply we haven't gone at them half-heartedly, but we have energetically cut deep down to the marrow—sacrificing profits and thereby providing these wonderful bargains.

These are Specimens of the Bargains Offered

DEATH OF MRS. WILKES

Well-known and Highly-esteemed Resident Passes Away.

The death occurred this morning of Mrs. Wilkes, widow of the late James Wilkes, for many years City Treasurer of Brantford. Deceased, who was in her 80th year, had only failed lately, and slept peacefully away. She was a native of Oxford County—a daughter of the late John Carroll, and was married to Mr. Wilkes over 60 years ago. Since then she had resided in Brantford and had a large circle of friends, to whom she greatly endeared herself. Deceased had been an earnest member of the Congregational, and prominent in good deeds. She leaves to mourn her loss one son, Major Wilkes of Winnipeg, who has been in attendance at her bedside, one step-daughter, Miss Annie Wilkes, George H. Wilkes, and Col Wilkes of this city, and James Wilkes of Mt. Forest.

CEMENT MILLS BEING CLOSED

It is announced by the Canada Cement Company that, owing to the dullness of business, they have decided to close down four of their plants for the balance of the year 1914, or until further notice. The plants effected are those at Marlbank, Ont., Lakefield, Ont., Shallow Lake, Ont., and Calgary Alta.

Serious charges were made by a Congressman at Washington against navy yard experts.

Children Cry FOR FLETCHER'S CASTORIA Children Cry FOR FLETCHER'S CASTORIA Children Cry FOR FLETCHER'S CASTORIA

THE SCOTT ACT IS DEFEATED

(Continued from Page 1)

a discrepancy between the first report of the vote in the South Ward and the certificate as sent out by Coulthurst. At the time of the closing of the polls, the report was 54 against the Act, 20 in favor of it and one ballot unmarked. Yesterday Coulthurst's certificate was found to read 63 against the Act and 12 in favor of it. Coulthurst was allowed to return to his home here, but last evening a warrant was issued for him on information laid by local temperance workers.

It is thought that he will get bail, when asked by friends to explain the difference in his two statements, Coulthurst said that he had recounted the ballots in the polling place after the scrutineers had left, and found the difference. The scrutineers had left the hall before the ballot box was sealed. He alleges he sent after them, but they did not return to the hall. After he had waited sometime he made out his certificate and sealed the ballot box. The other deputies' statements were found to be correct. There were found to be two more votes against the petition in Pelham Township and one in Thorold, and this, with the seven votes difference here, makes the 'wet' majority now six.

A large delegation from Bridgeburg and Fort Erie will hold a temperance meeting at Welland to-day, when it is expected that a decision will be made in regard to the fight which it is proposed to wage in the courts.

HIS BLADDER WAS TERRIBLY INFLAMED

GIN PILLS Brought Relief

Larder Lake, Ont., March 26th. "I had been suffering for some time with my Kidneys and Urine. I was constantly passing water, which was very scanty, sometimes as many as thirty times a day. Each time the pain was something awful, and no rest at night.

I heard of your GIN PILLS and decided to give them a trial at once. I sent my chum 60 miles to get them and I am pleased to inform you that in less than six hours, I felt relief.

In two days, the pain had left me entirely. I took about half a box and today I feel as well as ever and my kidneys are acting quite natural again."

SID CASTLEMAN, GIN PILLS soothe the irritated bladder—help the sick, weak, painful kidneys—and strengthen both these vital organs. Money back if they fail. Soc. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co., of Canada, Limited, Toronto. 179

BREWSTER & HEYD—Barristers and Solicitors for the Royal Loan and Savings Co., the Bank of Hamilton, etc. Money to loan at lowest rates. W. S. Brewster, K.C., Geo. D. Heyd.

Local News

The Echo Place Improvement Association meets Thursday night.
The annual convention of the Ontario branch of the Dominion Alliance has been called for Massey Hall Toronto, February 25-27.
Division Court.
The annual meeting of the officers and teachers of the Park Baptist Sunday school will take place to-night in the schoolroom. Reports will be received and other business dealt with.
Will be Before Council.
The by-law providing for the establishing of an electric wiring inspection department will likely be before the Council at the meeting on Monday night. It is not known who will likely be appointed to the inspectorship.
Seri-Asly Ill.
As the result of exposure when the summer house adjacent to his residence burned last week, Mr. George Hebden, 14 Terrace Hill street, is now lying critically ill at his residence, suffering from pneumonia. Mr. Hebden is an elderly gentleman and the exposure proved serious.
All Victorious.
The swimming team from the local Y. M. C. A. which visited Hamilton in a return engagement, was entirely successful and were victorious in the whole of the events. The water polo was won by three goals to one and Geo. Moseley, the instructor is highly elated with the results.
Want Mayor Across the Pond.
Mayor Spence and others whom the city might wish to send have received an invitation to cross the pond. The Victoria League Imperial Health Conference and Exhibition will be held in London, England, May 18 to 21. The Mayor has been invited and civic representatives asked to be in attendance.
At St. Jude's.
The regular meeting of St. Jude's A. Z. P. A. was held last night in the School Room. The Biblical convenor, Mr. C. F. House, had charge of the programme, and the rector Rev. Mr. Jenkins gave a talk on "The Origin of the New Testament," which was most interesting and instructive. At the conclusion of the talk, Mr. Neil McLeod sang in a most pleasing manner. "The Way of Peace."

Mr. Williman is After Recompense

Because the City Backed Out of Deal for Smallpox Hospital.
Troubles seldom come singly. The establishing of the new smallpox hospital is providing all kinds of troubles. The latest involves civic finances, in that Mr. H. S. Hewitt, acting for Mr. J. H. Williman, from whom last year's council purchased his residence opposite Mt. Hope cemetery, later notified him that the deal was off, has addressed the council in part as follows: "On January 27 he was notified by the Clerk that the city did not intend carrying out its contract with him. Under the circumstances, do you not think Mr. Williman is entitled to some compensation for the expense and trouble he has been put to by the city."
In December, the Board of Health asked Mr. Williman to put a price on his property, and later the city council made the purchase by resolution. It is said, however, that Mr. Williman, not having the corporate seal of the city on his agreement can secure no redress.

Spence Surprised

A Recount Will be Demanded in Welland County.
TORONTO, Feb. 3.—The result of the recount in Welland, showing a defeat of the Canada temperance act by six votes, was a surprise to the Dominion Alliance. "It is funny that a returning officer should count his ballots, mark his results, sign his name and then come along and change them so that the majority goes against us in the county," said Mr. F. S. Spence. He added: "The matter will come before the county judge who will count the ballots. The alliance has applied for a scrutiny and the whole thing will be investigated."

Imperiled by A Runaway

The lives of hundreds of people were in peril yesterday afternoon about three o'clock, when a runaway horse having separated from its mate which kept to the road, ran for almost the distance of two blocks on the sidewalk on the north side of Colborne street. At this time there were hundreds of people on the street, mostly women and children. Had anyone emerged from a store with knowledge of their danger, serious injury and probably death might have resulted.
The team which belonged to a farmer left the wagon to which they were hitched in front of Hill's marble and granite works and continued down Colborne street. When near Caudwell and Beckett's store the team ran into a post and broke the harness, thus separating them, the one horse continuing the mad dash along the sidewalk, the other along the street. The horse which kept to the road was caught, but the other horse was not caught until it had ran many blocks.

MOUSSEAU IS SICK

(Continued from Page 1)
cided to do so yet. He was anxious not to close the inquiry without their testimony, and without the testimony of Mr. Mousseau, which he would suggest could be secured by a committee visiting him at his home.
Armand Lavergne, the Nationalist member of the probing committee then suggested that Messrs Bergevin and Berard could be called right away and their evidence disposed of. Mr. Marchal said he would have to have time to consider the matter.
Mr. Taschereau then announced that the separate committee of the legislative council was about to proceed.
Mr. Marchal at once shouted out: "I am sorry that notification should have come from you. I have received no notification from the council of its decision to go on at once. I like fair play, and I mean to see that I get it. That won't go. I can't have my witnesses here until to night. I can assure you, though, that if the council insists on doing what they will get all they want."
Mr. Taschereau (sarcastically): "If you make that speech before the council it will no doubt convince them."
Hon. Peter MacKenzie, Provincial Treasurer and a member of the committee: "Don't be so vehement, Mr. Marchal."
Mr. Taschereau: "I may say that I don't like that speech."
Mr. Marchal: "It was not intended for you."
Mr. Taschereau: "To say that it was not meant for us is useless."
Mr. Marchal: "I haven't made any speech yet, but I will."
Mr. Lavergne again interposed to suggest that Berard and Bergevin be called. Mr. Marchal repeated that he was not ready, and the committee then adjourned until this evening.

Baptist Young People Rally

Very Happy and Profitable Event in First Baptist Church.
The rally and banquet of the Baptist young people of the city took place last evening at 7:15 in the school room of the First Baptist church. There was a large attendance estimated at 300. This included the Baptist pastors of the city and their wives, Rev. R. D. Nobles, pastor of the Christie Street Baptist church of Toronto, Rev. Mr. Waters of Innerkip, and Rev. Mr. Reid of Paris. The tables were tastily laid and were laden with the good things that young people like. A splendid menu was provided and a thoroughly enjoyable banquet was partaken of before the speeches of the evening were called for.
The pastor, Rev. Llewellyn Brown invoked the divine blessing. Mr. Will Lemon, the city president, occupied the chair and made a splendid presiding officer. His address was brief but timely and showed careful preparation. He exhorted the young people to get under their burden and lift. The chief address of the evening was delivered by Rev. H. R. Nobles of Toronto, and was a clarion call to the young Baptists of Brantford to measure up to the call of the hour. He believed the young people were called to the greatest task of the ages, namely the Christianizing of society, that they had the best machinery for this work and there stood before them the greatest of all rewards. Mr. Nobles, is a rapid speaker, a sort of a whirlwind with words. He gesticulates freely and is somewhat of a born actor. His address abounded in humor of the best sort, and the gay and the grave of it were well blended to make his message effective.
Rev. Mr. Waters of Innerkip, the other out of town speaker dwelt upon the coming of the summer Assembly at Geneva Park in August next and urged a large delegation to attend the conference from Brantford. Mr. G. H. Cartwright and his orchestra from the First Baptist Sunday school provided excellent music during the evening.
Solo's were rendered by Miss F. Markle, Mr. H. Pettit; piano solo, by Miss B. Bingham; vocal duet by Mrs. Wood and Miss McCombe; readings by Miss P. File and Miss Nellie Bery.

Auction Sale

Of Farm Property—The undersigned has received instructions to sell by public auction on the premises, subject to a reserve bid on Thursday, Feb. 5th, at 2.30 o'clock the valuable farm known as "The Arrowsmith Farm," containing 100 acres of clay loam, being composed of the south half of Lot No. 42, in the 3rd Concession of the Township of Brantford in the County of Brant, two miles northeast of the city limits, 1-2 miles north of Cainsville. On the above farm is a 1-1/2 storey red brick house, containing eight rooms, cellar under all of house, cement floor, verandah, good well and cistern; large barn with stone stable-cement floors, 2 other large frame barns. This is a No. 1 dairy or grain farm and very close to the city. Ten acres in fall wheat and 20 acres of fall plowing has been done.
Terms: 10 p.c. at time of sale, balance within thirty days.
S. P. PITCHER & SON, Auctioneers.
PARLIAMENTARY NOTICE!
Monday, the second day of March next, will be the last day for presenting Petitions for Private Bills.
Monday, the ninth day of March next, will be the last day for introducing Private Bills.
Friday, the twentieth day of March next, will be the last day for receiving Report of Committees on Private Bills.

PARIS WON OUT IN GAME

Score was 4-0—Hickory was Applied a Little Too Often.

Brantford Juniors played and lost the last O. H. A. fixture to the Paris green shirts last night by the score of 4 to 0. The game could not be called a good exhibition of Canada's winter pastime, especially the first half, it being slow very slow at times. Occasionally both teams would open up with a burst of speed, but which would only last for a short time being terminated by unnecessary roughness on the part of both teams. There were numerous penalties; in fact almost continuously the fence was decorated by a red and also a green sweater. As the score indicates Paris were on the attack most of the time, but the good work of the local defence kept the play well out. The penalties were handed out right from the first ring of the bell, when Summers and Sinclair got one minute each for roughing it. The fun was really started when Cassidy and

OHIO TOWN TURNS DOWN CANADIAN

Proposition to Transfer the St. Thomas Franchise. Not Warmly Welcomed.

YOUNGSTOWN, O., Feb. 3.—The feeling at the present time here in baseball circles is that the Canadian League has little chance to secure rights in this territory. White Youngstown will not be represented in organized ball this year there is a movement on foot to provide this city with class "A" ball next year, and for that reason baseball men and fans locally are satisfied to remain dormant for the present season, although a franchise in the Canadian League could be secured from Secretary Killingsworth, who is in the city negotiating on behalf of the St. Thomas Club of the above organization.

It is thought that with Paul Powers, the local baseball magnate, out of this city at present, that the Canadian representative's visit will be in vain. It is believed that if Powers were in the city that he would refuse to go into details with the St. Thomas Club directors because hopes run high that a deal whereby a league of higher classification is within grasp of the Youngstown club in 1915.

WOLGAST MAY OPPOSE PATSY DROUILLARD NEXT

Negotiations Under Way to Bring the Former Lightweight Champion to Windsor on Feb. 18.

WINDSOR, Feb. 3.—Ad Wolgast, former lightweight champion, whose recent victories over Charlie White and Joe Rivers showed him to possess much of the ability he had as champion until a surgeon's knife stopped him, may fight Patsy Drouillard here on February 18.

Promoter Glasco, yesterday afternoon agreed to pay Ad the same amount of money he paid Patsy Drouillard, which is more money than any fighter ever pulled down in the local arena.

Glasco recently wrote Wolgast, making him the offer to fight Drouillard at the Windsor Club. This morning Wolgast wired Glasco asking what the decision was regarding a match with Drouillard. Glasco's answer raised his previous figure and this new offer has been submitted to the Cadillac boy and is expected to clinch the battle.

DRAW FOR THIRD ROUND.

Lancashire Teams Clash in English Football.

LONDON, Eng., Feb. 3.—The draw for the third round of the English cup competition was made here yesterday. The cup finalists should have an easy time disposing of Preston North End at Sunderland; while the "Villans" entertain West Bromwich Albion at Birmingham. Four of the Lancashire teams are drawn against each other, and a battle royal can be expected at Blackburn when the Rovers and Manchester City clash. Burnley are down to entertain Bolton Wanderers. The games are to be played on the 21st, and the following in the complete draw: Aston Villa vs. West Brom. Albion. Millwall vs. Sheffield United. Wolverhampton W. or Sheffield Wed. vs. Brighton and Hove. Sunderland vs. Preston North End. Birmingham R. vs. Manchester City. West Ham United vs. Liverpool. Burnley vs. Bolton Wanderers.

The High Cost of Living Commission opened its inquiry in Toronto.

INGERSOLL WINS DISTRICT BY TROUNCING LONDON

Contest, Though One-sided, Was Extremely Fast, Especially in First Period, Score Being 6-3, But Final Half Found Tecumseh's Outclassed—Hagerman Hurt—The Creamery Town Now Meets Woodstock.

W. L. For. Agst. all that was in them and made every rush count. London worked heroically to stem the tide of defeat, but without success. It was a game in which combination and rushes were brilliant features. The homesters cancelled in combination. About the middle of the last half Hagerman was injured.

In body checking McDougal into the boards it was claimed that a spectator interfered. Hagerman's injury necessitated his retirement and a search was made for the person who it was alleged struck him. A man was found but no one could identify him as having done the act, and the supposition with Ingersoll people is that he crashed into the boards. Ingersoll won the game on their merits and will now meet the Woodstock city team in the final games of the group championship.

PLAYED A TIE IN FIRST GAME

Preston and Berlin Intermediate Battle for Honors in Group Five.

PRESTON, Feb. 3.—In a game featured by continuous fast play, the first of the home and home contests to decide the winners of group five intermediate O. H. A., Berlin and Preston battled last night to a tie, 4 to 4.

The game was witnessed by 3,000 fans, and stirred up more excitement than has been known even in Preston for a long time. Berlin scored first, but Preston evened up. The visitors then secured another count, to be followed by two in succession for Preston, making the half time tally 3 to 2 for the home team. Both teams made a point early in the second half, Preston retaining the lead, but two minutes before time, Berlin evened up. Etherington, for Preston, was the most brilliant man on the ice and he was ably seconded by Bowman, while Short showed his best form in the net. All the Berlin players worked hard, but Truchinsky was outstanding in effective play.

NAMELESS DEFENDER YET

BRISTOL, R. I., Feb. 3.—No name has been chosen for the yacht being built here as a candidate for the defence of the Americas Cup, according to Robt W. Emmons, manager of the boat and representative of the so-called flag officers' syndicate. Various names are under consideration, but no decision has been reached and the name Half Moon, which was reported to have been selected has not been discussed by the syndicate, Mr. Emmons said.

"BILLY" LAKE LAND DEAD.

NEW YORK, Feb. 3.—William Lakeland, well known as a jockey, owner and trainer of race horses, died in Brooklyn hospital from a complication of diseases. Mr. Lakeland was born 61 years ago in Manchester, England. Lakeland trained Domino for the late James R. Keene, the year when the colt won \$268,000 in purses.

A WONDERFUL COLD CURE.

Just think of it, a cold cured in ten minutes—that's what happens when you use "Catarrhzone." You inhale its soothing balsams and out goes the cold—sniffles are cured—headache is cured—symptoms of catarrh and grippe disappear at once. It's the healing pine essence and powerful antiseptics in Catarrhzone that enable it to act so quickly. In disease of the nose, for irritable throat, bronchitis, coughs and catarrh it's a marvel. Safe even for children. 25c and \$1.00 sizes at all dealers.

Expert Naughton is Not Enamored of the \$35,000 Purse in Johnson Bout

There is certainly no sign of decadence about the French nation. It is quick to originate and quick to learn, and in many fields of endeavor it is quick to take the lead. For proof of this reflect on what France has added to the sum of the world's knowledge in connection with automobilism and air navigation. And without wishing to drop too suddenly from the sublime to the common place, think of how France has developed in the pugilistic line. It is comparatively a few years since boxing became a fad in Paris, and few thought the sport would gain a foot hold there.

Fewer still dreamed that France would develop any boxers. It was felt that the native Gaul was too merciful to suffer and wait and learn to recognize the opportune moment in a bruising battle which might prove a path to success.

But the French have done nobly as ring men. As yet they have not produced any out-and-out world-beaters, but they are heading that way. To hint five years ago that a Frenchman would be found some day to beat the best man in England would be regarded as heresy in any place where the Union Jack waves, but such a thing has come to pass.

SEE IF THE CHILD'S TONGUE IS COATED

If cross, feverish, constipated, give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sore, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the food, constipated waste, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50c. bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Sporting Comment

Gero is coming back. He looked like a good one last year, no doubt about that.

Boxing bouts are billed for this month. The Colonial has a program and another one is being arranged. It is a manly sport, properly conducted, and Brantford fans should have their share of it during the winter.

The matter of an old boys reunion will be settled at a meeting to-night. Ask any sporting young man in Brantford and he will say, Bring it on. It will save him car fare to Hamilton or some other place this year.

How They Stand In British Leagues

The following is the standing of the British football leagues after Saturday's contests:

English League, Division I.

Club	P.	W.	L.	D.	Pts.
Blackburn R.	25	12	5	8	30
Sheff. Wed.	24	13	5	6	32

Charlie Ebbets, Dodger Owner, Like Mark Twain's Tom Sawyer

Charlie Ebbets, president of the Brooklyn club, is a pretty good fellow at heart, but an awful talker. Chief owner of a National league team that has finished close to last place every year, Ebbets gets his name in the newspapers a surprising number of times. Two years ago Ebbets, Murphy and Horace Fogel did all the talking for the National league. Fogel was eliminated so Ebbets and Murphy now share the talking privilege fifty-fifty.

It was Mark Twain's Tom Sawyer,

KEPHALDOL BIDS PAIN DEFIANCE

This remedy, new to Canada though well known in Great Britain and on the continent, brings to all who are "tost" on the thorny bed of pain a means of speedy and grateful relief.

Kephaldol offers the sufferer from Lumbago, Sciatica or Rheumatism quick and certain cure, even where the case is of long standing.

No more is it necessary to endure the agony, enforced immobility, back-racking and exhaustion of Lumbago attacks, the torture of Sciatica-ridden limbs, the cramping grip of Rheumatism. Kephaldol is not only a sure, safe and natural remedy, but an exceptionally prompt-acting cure.

Kephaldol may be taken without fear, There is nothing in it to give rise to bad after-effects—nothing to injure the heart or other organs.

Thousands of letters from medical men testify to the wonderful power of Kephaldol to dispel pain and banish agonizing disease. Get a 50c. package of Kephaldol tablets yourself and experience these benefits. Kephaldol Limited, 31 Latour St., Montreal.

Pleasant Work For The Idle Fingers

THE IDEA FOR THIS NOVEL & PRACTICAL DESIGN WAS ORIGINATED BY "WINIFRED WORTH"

EDGE WITH LACE AS SUGGESTED IN CORNER

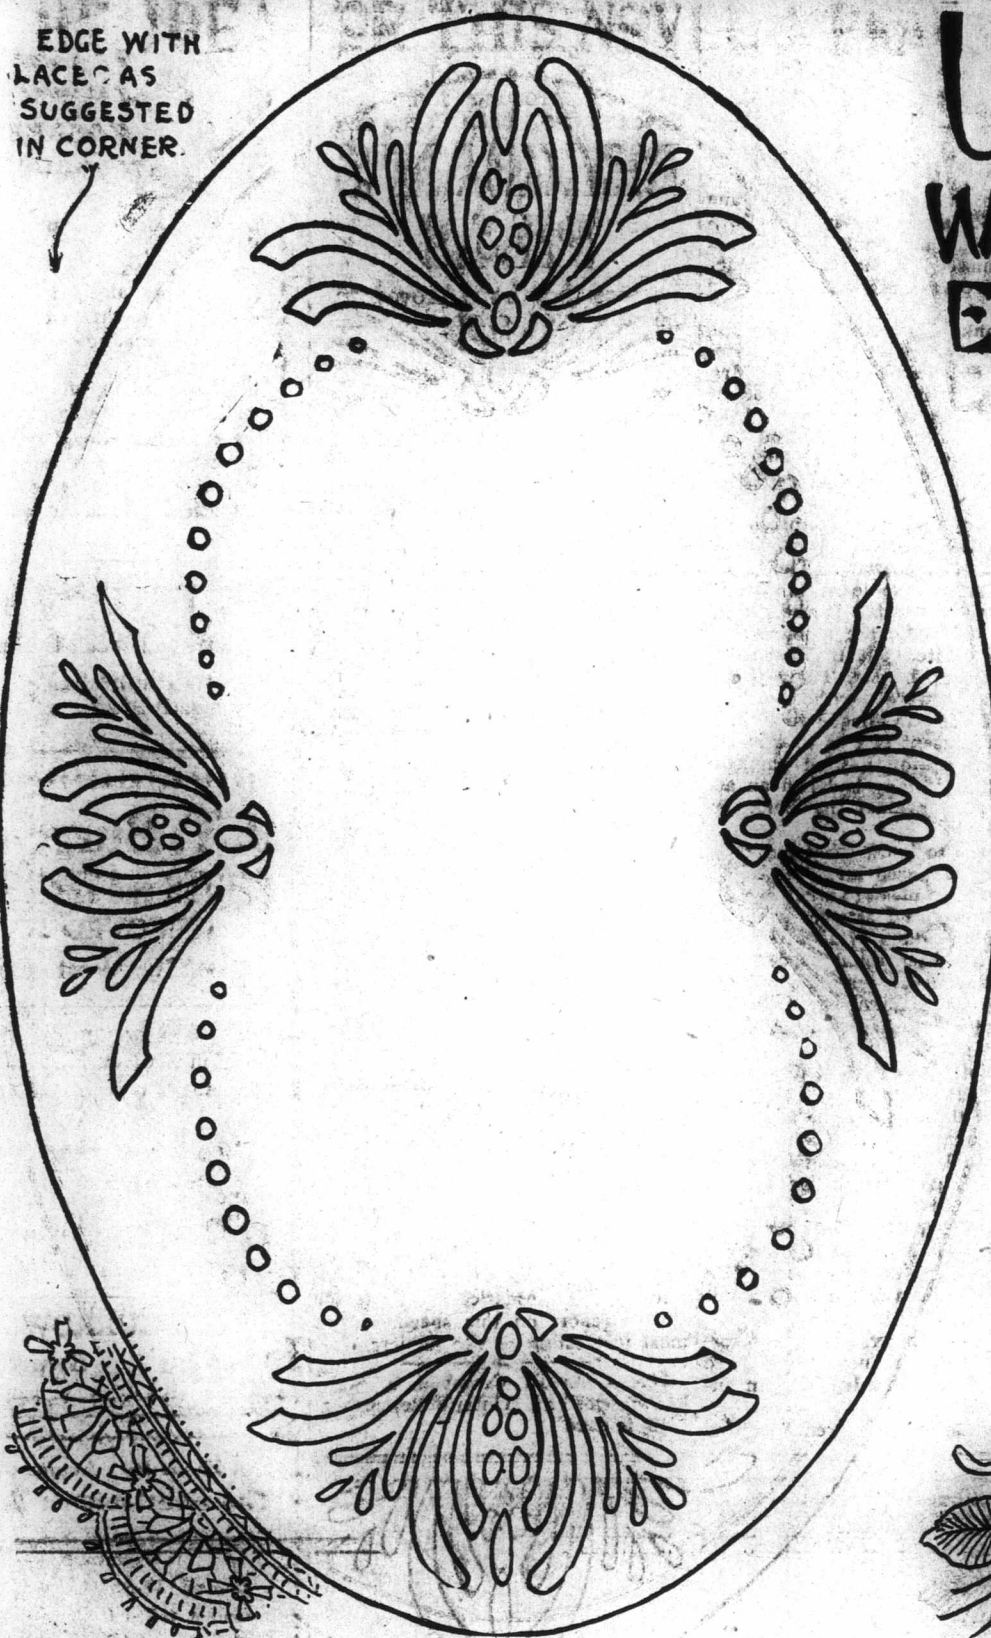

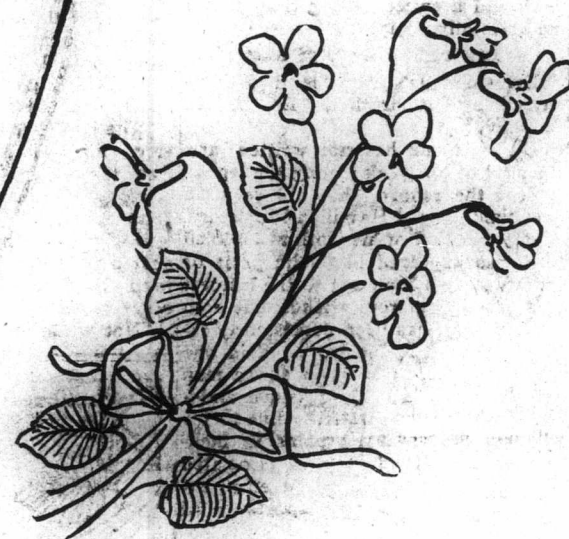

USEFUL ARTICLES WITH DECORATIONS FOR EMBROIDERY WORK

IN TWO of these patterns I have furnished designs which can be presented in colors. Useful crash, which seldom fades, and wash-floss, can be used in the construction of the oval dolly, to which lace rightfully belongs and adds a decided touch as a border. Use ecru lace with tan crash, pale golden-yellow flowers, and ecru eyelets, matching the lace. My second or round design is made in much the same style—crash, colorful silks or flosses, the pattern to be used ornamentally where it best suits an ornamental purpose.

The stitches in all three patterns are plain, simple, easily constructed. Use single thread if floss is medium heavy, and double if silk is used. White linen with soft white floss and lace will present its usual good style in the oval design, but this pattern develops best in colors, and is rich-looking in these darker and handsomer tints. Sincerely yours,
Winifred Worth

TO TRANSFER THIS DESIGN.
Put some soap in a pint of hot water, stir and remove soap. Saturate Design with mixture, then remove excess moisture by partially drying Design. Place material on a hard flat surface and lay the Design, face down, upon the material. Cover with two folds of newspaper, and with a table-spoon rub, pressing hard, until the Design is entirely transferred. **PATENT PENDING.**

OLD COUNTRY FOOTBALL

Can You Forecast the Winners?

THE DUFFERIN RIFLES TEAM

The Brantford Courier

—OFFERS—

\$100.00

IN CASH PRIZES This Week

A fascinating and profitable pastime for the thousands upon thousands of new Canadian citizens of English, Irish and Scotch extraction who closely follow the football struggles in the Old Land week by week.

Realizing that the Old Countrymen in Canada, sportsmen all of them, while greatly interested in all branches of Canadian sport, cannot be weaned away from their interest in the most popular of all public sports in Britain, Association Football, the Courier has decided to give more particulars of these games in the future than it has in the past.

And to enhance the interest of these reports, the Courier offers prizes for those who make the best forecast of the winners in these Old Country competitions, each week.

The Courier Sporting Editor has selected the five most important matches from the following four leagues:

ENGLISH FIRST LEAGUE, ENGLISH SECOND LEAGUE, SOUTHERN LEAGUE, SCOTTISH LEAGUE.

LEAVE YOUR ORDER WITH YOUR DEALER OR TELEPHONE 139 AT ONCE

\$90.00 IN GOLD

To any subscriber to the Brantford Courier who has a paid-up three months' subscription, who sends in the correct result of the twenty matches in the four leagues mentioned, the sum of \$90.00 in gold will be given.

To any reader of the Courier who sends in the correct result of the twenty matches in the four leagues mentioned the sum of \$8.00 in cash will be given.

If there is more than one correct answer, the prize money will be divided amongst those who send them in.

CONSOLATION PRIZE

In the event of no one making such a correct forecast, a consolation prize of \$2 will be awarded to whoever comes the nearest to the correct answer.

In the event of two or more matches not being played the money will not be awarded.

The Courier will accept no responsibility in regard to the loss or non-delivery of any attempt submitted, and proof of posting will not be accepted as proof of receipt.

The Courier does not assume any responsibility for any alterations that may be made in the fixtures given in the entry form.

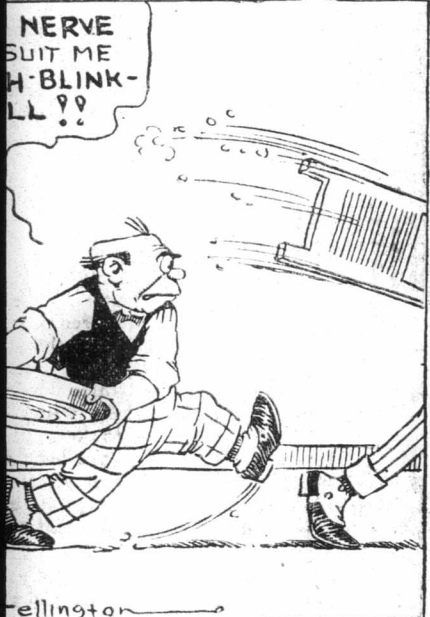

No correspondence will be entered into in connection with the competition, and telegrams will be ignored.

The published decision is final, and competitors may enter on this understanding only.

There will be found on the Sporting Page each day, while these matches last, a coupon, which must be filled out as directed—only one coupon from each day's issue will be allowed any competitor, and they must reach the Courier office for each Saturday's competition not later than 10 o'clock on Saturday morning.

No employee or relative of employees will be allowed to enter this contest.

See Other Page For Coupon!

CLOSING THE RENO DIVORCE MILL

Mill Where the Wheels of Justice Ground Quick to be Shut

On the first of the year the famous Reno divorce colony became a thing of the past, for upon that date the Nevada divorce law was amended. Until January 1 it was only necessary that anyone suing for divorce should have resided in the state for six months previous to bringing action. From now on one year's residence is required, and this automatically is expected to put an end to the scandal that has been associated with the town of Reno for some years past. The colony has not disappeared as yet, for there remains some hundreds of persons who had arrived in the state after July 1, and had filed notice of their application for citizenship, and who will be able to make their application after six months' residence, but as soon as these survivors are disposed of gloom will descend upon Reno.

It will be able to offer no more advantages than probably a thousand other cities in the United States for those who seek freedom from infelicitous marriages.

Lovers Put Reno on the Map

Nevada's first law, which was enacted 52 years ago, required a two years' residence rule for all divorce actions except those arising from non-support or desertion. About 1900 this law was repealed, and a six months' residence law was established. It ought to be understood, however, that the law was not chiefly or primarily intended to expedite divorce action.

It was desired to encourage citizenship, Nevada felt that she was not attracting settlers as fast as some other States, and as a further inducement to newcomers she was willing to

admit them to the full rights of citizenship after only six months' residence. The law was in effect for some years before it was discovered by an enterprising lawyer that there was a great opportunity for wealthy Easterners who desired divorces.

So he advertised in some Eastern papers and thus started the stream that has irrigated Reno ever since. For some time this lawyer had almost a monopoly of the divorce cases, but other lawyers flocked on his heels, until competition grew so keen that the lawyers had scouts to meet the incoming trains like porters of the local hotels and solicit patronage.

Few Applications Failed

For the past three or four years Reno has been a scandal. Protests from hundreds of organizations were received at Washington, but Washington could give no relief, and the Nevada legislators were influenced by the demands of the Reno business men, who found the divorce colony, a very profitable one.

Probably hundreds, if not thousands of citizens of Nevada have gotten rich on the Easterners who have established residences in order to become separated, and for a long time the agitation seemed hopeless. However, it was the issue of the last State elections and a majority of the voters favorably to changing the law were elected. One feature of the Reno divorces that made the scandal still more notorious was the fact that few applications were ever refused.

Nine out of ten actions succeeded: Of course in the great majority of cases those brought by wealthy Easterners, the separation was by mutual consent. Man and wife would agree to separate, decide upon the financial arrangements, and one of them would then go to Reno to establish a legal residence.

Few Had Children

Statistics of the Reno divorce court show that about 120 successful petitioners for divorce remarried immediately in the city. Many of them had never met their future helpmates until they arrived in Reno, but the great majority went there accompanied by their "affinities."

Three thousand two hundred and eighty-eight actions, civil and criminal combined, represented the total cases of all character which had been filed in this district from January 1, 1910, the beginning of the divorce colony activity, and ending Wednesday December 31, four years. Of this total number 2,216 are divorce cases, or 68 per cent. of the entire court register of actions during the past four years. About 70 per cent. of the applicants have had no children, according to their pleadings.

Only about 5 per cent. have asked any alimony for themselves. Only about 10 per cent. (those having children. In several ways the courts during the past few months have been much more stringent as to demanding better service if a possibility, and alert to any evidence of fraud or tricky practice, as

Insuring Thumbs, Hands and Toes Perhaps

Fingers, thumbs, and hands, are insured, and it is not too much to expect that some day toes will be insured against accident, especially in the case of professional dancers, and other day they may be incapacitated. The famous conjuror and illusionist A. de Biere, has insured his thumbs, on which he relies for his cleverest tricks, for \$12,500. He is but following the example of some well known musicians. Paderewski's hands are insured for 2,500,000 francs, as also is Kubelik's right hand. This big sum is payable in event of total incapacity, proportional amounts being guaranteed in the case of temporary disablement. In the case of Kubelik the premium is said to be 7,500 franc a year. Cavalieri's larynx is insured for \$500,000. When a year or so ago an injury to the first finger of Paderewski's right hand prevented his playing at Philadelphia, he received \$5,000 under the terms of his policy.

Reduced Rainfall Will Change Nations

It appears to be a certain thing as Professor Meyers says that the various invasions of Egypt were similar to the result of droughts in Arabia and Libya, and the moral and intellectual decay of the Greeks, as well as the later decadence of Italy, have become epidemic, owing to the rivers being reduced to mosquito breeding pools. If this desiccation of the earth is still in progress, it must lead to further great political changes, for in time the populations of the world will be forced out of the centres of the continents and crowded into the continental margins. In recent years many scientists have asserted that a great climatic change was carrying the earth slowly and irresistibly towards world-wide drought.

Lepers' Doctor At Molokai a Canadian

We learn from the Literary Digest that the leper colony on the Island of Molokai, Hawaii, with its six or seven hundred population, is said to be the best-equipped institution of its kind in the world. The "homes" are hospitals, churches, stores, schools and administration buildings. The treatment which most of the patients receive is surgical, and there is an ideal surgical operating hospital for the work done at the clinics, which are held bi-weekly. These modern improvements have been provided largely through the efforts of Dr. William Goodhue, who has worked for the lepers for more than ten years. Dr. Robert Koch, the famous bacteriologist, visited the settlement a few years ago and called it "one of the greatest clinics in the world."

Born in Quebec Province

Dr. Goodhue was born at Arthabaska, Province of Quebec, Canada, October 8, 1869, his parents being James Goodhue and Mariam Emerson, both of New England families. He received his elementary education at home and in the public schools of Rochester, N. Y. Going with his parents, in 1884, to Riverside, California, he took a law course in Los Angeles; later, a business course in Los Angeles; and was persuaded by his brother, then a medical practitioner in the city, to begin the study of medicine. This he finally did with some misgivings, and graduated from Rush Medical College in 1897.

Just previous to entering college, he became engaged to a young woman whom he idolized, and when later she gave him up to marry an old man of assured position and wealth, he felt "life is dark before me." But he turned to his work with redoubled assiduity and mastered his weakness, thankful at last that he had not become married to a woman so unworthy of him. Perhaps because of this disappointment his heart is more tender with love and pity for those who suffer. He now is happy in the companionship of a lovely, devoted wife and a sweet little girl in whom he is totally wrapped up.

Insured by Love of Men

Dr. Goodhue's work is thus described by his brother, Dr. E. S. Goodhue:

Dr. Goodhue has not written any account of his work among the lepers, the reports that are required biennially by the Hawaiian legislature. Every mention of his work at Molokai that has appeared in public print or otherwise has been due to the interest felt by his numerous friends, but even to whom he has been consistently reticent regarding his work. Said one traveller of him: "I never saw a man so absolutely devoid of selfish ambition and love of praise." But in his reports he has taken pains to mention others who have been associated with him in his work, and even to exaggerate, perhaps, the importance of their help.

With the Roman Catholic fathers he is on terms of deep friendship, although a Unitarian himself; and like Lincoln, he has worked, not for religion's sake, but for the love of the brotherhood of man.

He has devoted his spare time to his laboratory, where in 1905 he discovered the bacillus of leprosy in the mosquito and other insects, and at the time, a report of the bearing of this discovery upon the spread of leprosy in Hawaii. In this report he speaks of the assistance of Father James, now in Paris, while he also has been often referred in a kindly way to "Father" Dutton, whose picturesque attitude toward lepers and Molokai has been widely advertised.

The doctor makes no fuss about his work done for lepers in his self-exile to the leper colony, nor does he ever worry about the ever present danger of infection. Though comparatively unknown, he deserves the respect of humanity for his immensely important sacrifice of himself for the sake of the lepers, fully as greatly as any of the more widely advertised workers on their behalf.

NATIONAL ARMAMENT CAMPAIGN PLANNED

LONDON, Feb. 2.—Both sides to the controversy over national armaments are planning platform campaigns for the exposition of their views. The National Peace Council, which includes many Liberal members of parliament, and is opposing any increase in the naval estimates, has already held several meetings. A great demonstration organized by the committee for the Reduction of Armaments is planned at Queen's Hall on Feb. 3rd, and from then on the "little navies" will hold meetings throughout the country.

This is not the first time that Liberal economists have threatened revolt against the Government over the naval estimates. In 1909 a committee, consisting of 144 Liberal and Labor members of Parliament started an agitation against the estimates of that year. On that occasion Premier Asquith took a firm stand, and the agitation soon died down. This committee has been revived in the Reduction of Armaments Committee which already claims a membership of 100 Liberal members of Parliament. The movement has been given an impetus from the declaration of Lloyd George against the heavy burden of armaments.

MRS. JANE STUART HAS LAW-SUIT

Application of Bank of Hamilton Was Dismissed at Osgoode Hall.

TORONTO, Feb. 2.—An application by W. N. Tilley, K.C., for particulars of the claim of Mrs. Jane Stewart in her suit for \$227,126.05 against the Bank of Hamilton was dismissed by Master-in-Chambers Cameron at Osgoode Hall this morning.

The bank, it is stated, will appeal. W. J. Elliott appeared for Mrs. Stewart. It is stated on behalf of Mrs. Stewart that she inherited \$250,000 under the will of her father, John Jacques, who died in 1886 and that prior to August 1, 1905 her husband, the late John Stewart had deposited the sum of \$227,126.05 in the Bank of Hamilton, of which he was president, in a trust account to the credit of John and Jane Stewart. The plaintiff alleges that some of the trust moneys were invested in the capital stock of the bank, the amount having been debited out the same day it was deposited. Mr. Tilley pointed out that it was alleged that there Stewart's consent and as to this the Bank of Hamilton desired particulars. The same lady had had an action, he said, against the Bank of Montreal.

"We want to know what her trust estate was" declared Mr. Tilley.

"We want to plead to what she did with it. Suppose I say her property went into the Bank of Montreal and that she has been reimbursed?" Mr. Tilley asked who the officers were who knew about the trust account, and what shares in the bank were her shares.

Mr. Elliott declared that it was not a case for particulars, as first the bank must show that it would be unable to plead without them. It was not, he said, of trust between Mrs. and Mrs. Stuart, but between Mrs. Stuart and the bank.

"The bank has \$227,000 of our property," declared Mr. Elliott, "and we want the bank to deliver it to us. The Bank of Hamilton is the trustee, not John Stuart."

Master-in-Chambers Cameron suggested that the money might have been withdrawn and deposited in another bank.

"Not without her consent," replied

The World's Confidence in BEECHAM'S PILLS

any article intended to relieve the sufferings of humanity is not lightly won. There must be continued proof of value. But for three generations, and throughout the world, enduring and growing fame and favor have been accorded

BEECHAM'S PILLS

because they have proved to be the best corrective and preventive of disordered conditions of stomach, liver, kidneys and bowels. The first dose gives quick relief and permanent improvement follows their systematic use. A trial will show why, in all homes, the use of Beecham's Pills

Continues To Increase

Sold everywhere. In boxes, 25 cents. The largest sale of any medicine. No one should neglect to read the directions with every box.

Mr. Elliott. "She trusted her husband, and he invested her money on her behalf."

NEW SPECIES OF TROUT

For some years several very interesting specimens of trout have been taken in the lakes that are found in the boundaries of Algonquin Provincial (Ontario) Park, situated in the "Highlands of Ontario" 200 miles north of Toronto, 70 miles west of Ottawa and 280 miles west of Montreal. During the year 1913 specimens were brought in from Delano Lake, within a few miles of the "Highland Inn," situated at Algonquin Park station on the line of the Grand Trunk Railway. "These specimens resembled trout, so much so that the Superintendent of the Park sent one of the specimens to Professor Prince of the Fisheries Department, Ottawa, who is probably the best authority on Fish Culture in America. Professor Prince's report on this specimen is a most interesting one to anglers.

Mr. Colin F. Campbell, a well-known western Ontario newspaper man, is dead.

A Kick About Coal Quality

is by no means a rare thing these times, but it is a rarity with us, because we take care to buy only the best grades of coal, as we know our customers would not buy from us any inferior qualities—not twice anyway. At it our policy to keep our customers, we could not afford to give them any but the best coal, full weight, without dirt or rubbish and at a reasonable price.
