Rain and Mist Interfering With Allied Operations on the Somme Sector

TRIUMPHANT PROOF THAT AN UNMILITARY NATION CAN MAKE OF ITSELF A RACE OF SOLDIERS

The Bearing of the British Army Shows That the Men Under Sir Douglas Haig are Fit and Able to Measure Themselves Against the Best Troops in the World

By Special Wire to the Courier. Paris, July 18.—(New York Times cable)—The recent British successes arouse the greatest enthusiasm here, less for the intrinsic value of the ground gained, than as indicating the satisfactory condition of the British army.

British Army as Good as Any equals our most optimistic hopes. I need not explain to Americans that the new British army has been an unknown factor heretofore. We realize the thoroughness of their training, the adequacy of their equipment and munitions, but it seemed difficult to believe that masses of civilians, without a scrap of military training, could in so short a time become able to meet the best continental troops on equal terms.

Had Tremendous Obstacles. Without depreciating the task of the French, I say that the British had certainly the hardest share of the Somme offensive. What they have accomplished has astounded military experts. Above all, it has given the French enormous encouragement. Hitherto they knew the English had the quantity, now we are sure they have the quality as well, and our hope and confidence have become certainly greater.

FINANCIAL OBLIGATIONS MOUNTING But Vast Sums Involved do Not Mean, Necessarily a Total Loss.

By Special Wire to the Courier. New York, July 18.—A cable to the World from London this morning says: Commenting upon Chancellor of the Exchequer McKenna's statement in parliament yesterday, that the daily cost of the war to Great Britain has increased from \$25,000,000 to \$30,000,000, the financial editor of the Morning Post predicts that if the war continues to the end of the year, at the new estimate, Great Britain will have to raise in loans the enormous sum of \$5,180,000,000, adding:

"These are stupendous figures, but—and while by no means overlooking the serious position they represent—they must not be regarded as so much capital as they are lost, because, to quote a phrase from the extent to which the figures are affected by advances of some hundreds of millions to our allies, much of the expenditure may be said to simply represent the circulation of the country. It is in fact, to the possibilities of inflation created by this rapidly accumulating debt, to say nothing of the more difficult problem represented by payments to neutral countries that we should give special heed. "So vast are the ramifications of all the problems incidental to financing this greatest continental to finance that only the appointment of a war finance council composed of the best financial and business experts in the country, can only encourage the military and organized to the fullest possible advantage, both during and after the war."

Toronto Man is Head of a Big U. S. University

Thos. F. Holgate Appointed Interim President of Northwestern Chicago, July 18.—Thomas F. Holgate, dean of the College of Liberal Arts, was chosen president ad interim of Northwestern University last night, to succeed Abram W. Harris, resigned. It was announced that the resignation of Mr. Harris had not been accepted, and that a permanent president probably will not be chosen for another year. Mr. Holgate studied at Toronto.

BELGIAN TROOPS GAIN SUCCESS IN EAST AFRICA

Have Reached the Shores of Lake Victoria and Have Beaten Enemy.

By Special Wire to the Courier. Havre, France, July 18.—Belgian troops operating in German East Africa, have reached the shores of Lake Victoria, and in a seven hour engagement fought on July 7, they dispersed the Germans opposing their advance, taking the German commandant prisoner and inflicting a number of losses on the Germans, according to an official statement issued by the Belgian war office today.

The review covers the operations of General Tombeur's army during a period beginning June 25. Briefly the statement says these operations were as follows: "After defeating the enemy on June 25, one day's march east of Baramulo, Colonel Molitor's brigade continued to advance eastward with the object of occupying the southwestern shore of Lake Victoria and cutting the retreat southward of the last of the enemy's forces still holding out in the region between the upper Kagera River and Lake Victoria."

No Trouble Has Occurred at Borden

Gen. Logie Wires Courier Rumors of Riot False

The following telegram was sent this morning from The Courier to Brig. General Logie: Brantford, July 18, 1916. Brig. Gen. Logie, Camp Borden, Ont.:

City in ferment over persistent story Brantford men killed in riot at camp Sunday. Will you give us statement to-day? Camp Borden, July 18. The Courier.

The following reply was received from Gen. Logie at 2 o'clock this afternoon: Brantford Courier:

Absolutely no truth in story that Brantford men killed in riot on Sunday. There was no riot and no one has ever been killed in this camp. One man was accidentally drowned but he was not a Brantford man. W. A. Logie.

Ever since Sunday the wildest stories have been circulating about the city regarding further trouble at Camp Borden. The most persistent rumor was that a further riot had occurred on Sunday evening and that (Continued on Page 6.)

ENEMY GAINED SOME GROUND IN THE VICINITY OF BAICHES

Heavy Counter-Attack Made by Germans Against French South of the Somme, but all Failed Except in One Small Portion - Thanks to Defenders of Verdun

By Special Wire to the Courier. Paris, July 18.—The Germans made an attack last night on the French line south of the Somme and gained ground in the vicinity of Baiches, the war office announced today.

The German attack was delivered against the French positions from Baiches to La Maisonette. Several attempts to take La Maisonette failed with heavy loss to the Germans, the statement says, but groups of the attacking forces, spread along the canal on the east side of Baiches, where the fighting continues.

A German raid on Hill 304, on the Verdun front, west of the Meuse was broken up by French infantry fire. East of the river there was fighting with grenades, in which the advantage rested with the French. The artillery was active about La Lauffe and Chenois.

Institute of Social Reforms to Settle Matters

Spanish Government Will Allow It to Pass on Railway Strike Madrid, July 18.—The Northern Railway Company having failed to reply to the Government's proposals that the road's differences with its striking employees be submitted to arbitration, the cabinet today resolved to submit the whole question of the strike to the Institute of Social Reforms, whose decision it is announced, will immediately be accepted by the Government.

NICKEL PLANT MAY ESTABLISH IN HAMILTON

Many Officials of International Concern Visited Ambitious City.

By Special Wire to the Courier. Hamilton, Ont., July 18.—H. H. Marsh, city industrial commissioner, announced this morning that there was a strong probability of the International Nickel Company establishing a plant in Hamilton. Frank Ludan, general purchasing agent of the company, W. J. Wetherspoon, consulting engineer, R. C. Stanley, general superintendent and Clifford Brantford, chief engineer of the Ford Works, were here yesterday in connection with the matter.

Ludan announced that the visit was one of investigation as to the advisability of Hamilton for a suitable location, and that a report would be made to the New York office in a few days.

He said that the prospect of a gas coke plant being built here and the fact that Hamilton has the Grasseville Chemical Company, might be deciding factors when it came to making a choice.

CHANCELLOR OF GERMANY IN CONFERENCE WITH PARTY MEN

It is Thought Result Will be Some Agreement Between Various Views of Different Parties in Reichstag—Great Peace Propaganda Starts in Germany August 1st

By Special Wire to the Courier. New York, July 18.—A New York Times' cable from Berlin last night says: The result of the Chancellor's conference with the party leaders in the Reichstag to-night is being awaited in political circles with even keener interest than the news from Verdun.

While it is said that the conference will deal with the general military, foreign and political situation, it is believed Dr. Bethmann-Hollweg will take the leaders into his concrete confidence regarding his flexible peace program. Signs have not been wanting recently to indicate that the powerful moderate, conservative, national-liberal, and Catholic elements are striving to bring about a rapprochement between the chancellor and the pro-Germans, not without some prospects of success, particularly as the chancellor's principle that the longer Germany's enemies prolong the war, the heavier will be the price of peace, leaves the door open for reconciliation with the annexationists.

End in Love Feast. The impression in political circles is that in view of Germany's continued heavy sacrifices in blood and treasure, Von Bethmann-Hollweg's peace conditions to-day are decidedly less moderate than at the time of his last Reichstag speech. While press politics over Germany's war aims continues the inner political quarter has so moderated, that it would not be surprising if the chancellor's conference ended in a love feast unless undue emphasis should be placed by his political opponents on the submarine question. Think Drive Will Fail. The theory that the present general offensive is the Entente allies' pressure effort, that after its failure peace should come in sight, has gained some hold on German public opinion, which continues to view the French and English offensives with uncanary equanimity, as something foredoomed to failure and frightful losses on both sides.

Fifty Peace Lectures. As it is necessary to prepare the ground for peace thoughts, the public sees additional reassurance for regarding the general military situation hopefully in the fact that a systematic public propaganda for unity regarding peace conditions or war aims begins August 1 when under the auspices of the German national committee, fifty prominent personages simultaneously are to deliver an identical lecture on war aims in fifty German cities. As this lecture will have had the approval of the political censorship, it may be considered as reflecting the chancellor's peace views. Hence it is being awaited with the liveliest interest by friends and foes alike.

IN SPITE OF RAIN AND MIST BRITISH FORCES NORTH OF OUVILLERS MADE A FINE GAIN

On Front of 1000 Yards Enemy Driven Out of Several Strongly Defended Points - Raids Made Further North

Bulletin, London, July 18, 2.45 p.m.—Substantial progress by the British on a front of 1,000 yards north of Ovillers was announced to-day by the War Office. The statement follows: "Thick mist and incessant rain still are interfering with our operations in the neighborhood of the Somme, but to the north of Ovillers we made substantial progress last night on a front of 1,000 yards. The enemy were driven out of several strongly defended points, and we captured some prisoners and six machine guns. "Near Wittschaete (Belgium) we made a successful raid into German trenches. Opposite Cunchey (northern France) a similar attempt by the enemy was frustrated by our fire."

Berlin's Version. By Special Wire to the Courier. (Bulletin) Berlin, July 18, via London, 5.50 p.m.—The official German statement of to-day says that the Franco-British forces on both sides of the Somme forced yesterday to artillery preparation. The text of to-day's army headquarters statement is as follows: "Western front: At numerous points along the northern front enemy patrols were repulsed by our defense. In a British trench, east of Verdun, a German patrol captured one officer, four non-commissioned officers and 11 men. "On both sides of the Somme artillery preparation was in progress during the day."

In the East. Berlin, July 18, via wireless to Sayville. The operations on the Russian front in Volhynia, which resulted in a withdrawal of the enemy southwest of Lutsk behind the lower Lipa, together with military activities on other sectors of this front, are recorded in the Austro-Hungarian headquarters statement of July 17, received here from Vienna. (A portion of this statement was received last night by cable by way of London.) The statement says: "Renewed advances by the Russians in Bukovina against our positions south and southwest of the Moldava were without success and cost the enemy heavy losses. "On both sides of the forest district, north of the Prislop ridge, there was fighting between reconnoitering detachments and scouting parties. "Advances by the Russians near Zabih and Tatarov were repulsed. "Our sentries northwest of Burkanow (on the Stripa in Eastern Galicia) frustrated an enemy attempt to advance from his trenches. "Southwest of Lutsk, the Russians (Continued on Page Five.)

# "GOLD FOR IRON" SLOGAN OF HUNS

Are Entreated to Make All Sacrifices for the Fatherland.

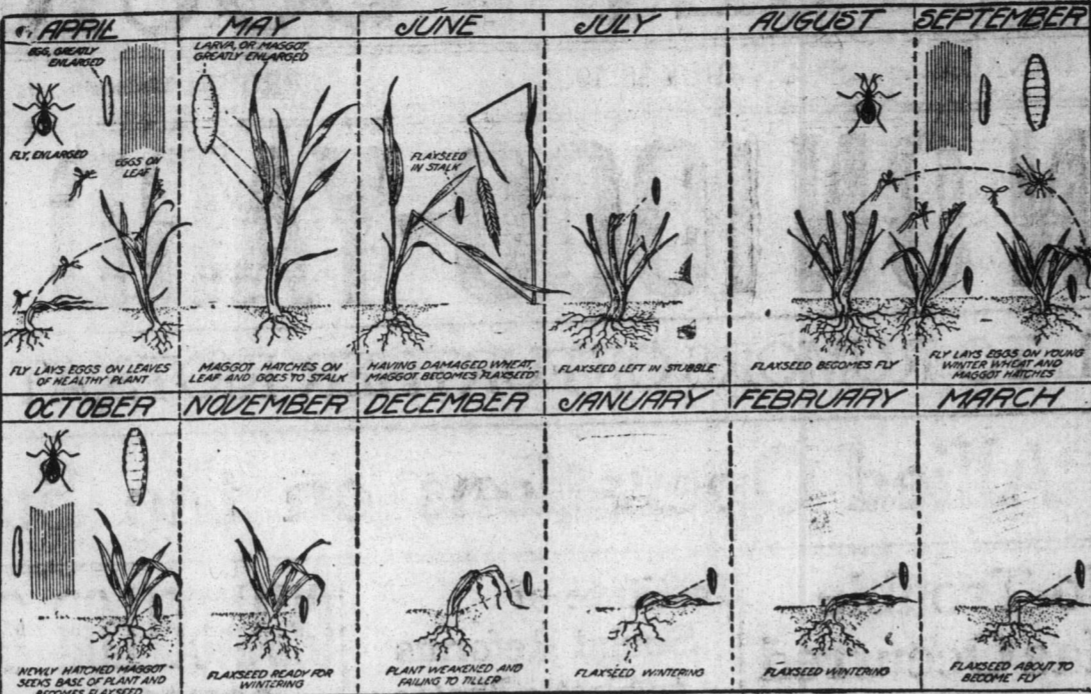

By Special Wire to the Courier.  
New York, July 18.—The World publishes the following dispatch from Karl H. Von Wegend, staff correspondent at Berlin:  
"Gold for iron," is the new slogan of the patriotic and self-sacrificing spirit of Germany. More and more the spirit of the German people, their self-sacrifice and the conditions they have confronted tend to recall the days and spirit of the time of Frederick the Great.  
A century ago, during the great struggle with Napoleon, the German people gave their plate and jewelry to the state to be melted. To-day highly patriotic Germans are beginning to do what their forefathers did.  
As in many other places, a gold purchasing office has been opened at Potsdam, the Kaiser's home town. Gold watches, rings, chains, bracelets and other jewelry and ornaments are brought there. Specialists appraise their value and pay for the articles in paper or silver money.  
Those who deliver gold articles are given, aside from their intrinsic value in currency, a beautiful memorial. Others receive an artistically wrought chain of iron. Iron rings also may be had.  
The chief burgomaster of Vossburg, chairman of the honorary executive committee of the "Gold for Iron" movement, has issued an appeal, which says:  
"The economic strength of the nation is founded in its first line upon the amount of gold in the imperial bank. Therefore, to maintain and increase this amount of gold is an urgent duty to the fatherland. Not alone in giving up and delivering coined gold can we help, but everything of gold that may be in our possession can contribute to this end."

Millions of bushels of wheat can be saved from the ravages of the Hessian fly if farmers follow the method of fighting this pest now being advocated by advanced agricultural scientists and practical farmers, in the opinion of the Soil Improvement Committee of the National Fertilizer Association, which in session at Hot Springs, Va., voted to wage a great campaign to combat the pest.  
The key to the situation is knowing the fly's life history. This brings a better understanding of the simple method used to fight it, and minimizes the chances of your fields being ravaged. Literally it is a vampire sucking the life-blood from your wheat.  
These are two broods of the fly—the fall and spring broods. With the fall brood the flies come out of the pupae or "flax-seed" stage. They live about two weeks and then die, or most of them are killed by the first frost. But during their lifetime they migrate extensively, going to other fields from where they hatched. Here they lay their eggs and the maggots soon hatch to begin work in the stems at the base of the plant. When thus affected the plant soon does not "fill" or "stay" and the early winter finds it dead.  
As colder weather comes on this

NOTICE TO FARMERS IN BURFORD DISTRICT  
Now that you have seen our building operations going on at Burford, you know that we are going to have a Milk Powder Plant, for which we will require all the milk we can get.  
In order that you may have full information and ask any questions about this business, there will be a general meeting held in the Barnea Hall, Burford, Ont., at 8 p.m., Wednesday evening, July 19th. Our Mr. S. E. Trainer, who is in charge of the manufacturing end of our business, will address the meeting. Mr. E. Agar, General Superintendent of our plants, will also be at the meeting. Mr. Robert McArthur, who will be our Local Superintendent of the Burford plant, will be there to get acquainted with you.  
Tell your friends about this meeting and be sure to come, as there is nothing that has happened in the district for a long time that means so much to the farmers of the district as this new Milk Powder Plant. We want you to know what we are going to do, and we want to get acquainted with you. Do not be late at the meeting, as there will be a lot to talk about.  
Yours truly,

Hopes Women Will Adopt This Habit As Well As Men  
Glass of hot water each morning helps us look and feel clean, sweet, fresh.  
Happy, bright, alert—vigorous and virginal—a good clear skin, a rosy, ruddy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.  
Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.  
An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and refreshing the entire alimentary canal before putting more food into the stomach.  
Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quart of pure limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of

same time in a given locality. They live generally not longer than two weeks, hence co-operation among wheat growers by late seeding means a partial eradication of this pest in a community.  
Good, strong, healthy plants receive less injury from the fly than the sickly ones. Insure a good start to the late sown wheat by giving it plenty of quickly available plant-food. A fertilizer containing 2 to 3 per cent ammonia is the best "crop insurance" that can be bought. This makes for quick-growing hardier stems to which the pest does less injury as well as overcomes any handicap due to late seeding.

Captured Documents Showing How Much British are Punishing Germans.

London, July 17.—5.30 p.m.—The following captured documents are of interest as showing the very heavy casualties which the enemy has suffered in recent fighting: "From a company of the sixteenth Bavarian infantry regiment to the third battalion, sixteen Bavarian infantry: "Severe enemy artillery fire all calibres up to 25 centimetre on company sector. Company strength, one officer, 12 men. Beg urgently speedy relief for company. What remains of company so exhausted that in case of attack by the enemy the few totally exhausted men cannot fight on." "From another company of the same regiment to the third battalion, sixteenth Bavarian infantry regiment: "Very heavy and intense enemy fire on company sector. Completely lost its fighting value. Men left so exhausted they can no longer be employed in fighting if heavy artillery fire continues. Company will soon be entirely exterminated. Relief for company urgently requested." "From the second battalion to the third battalion, sixteenth Bavarian infantry regiment: "Battalion has just received orders from Lieut.-Colonel Kummer that it is placed under orders of the Third Battalion, sixteenth Bavarian regiment, as a section of the reserves. Battalion consists at present time of three officers, two non-commissioned officers and 19 men."

Mr. F. B. McCurdy Appointed Parliamentary Secretary of Militia

Ottawa, July 18.—The appointment of Mr. F. B. McCurdy member for Shelburne and Queens, N.S., as Parliamentary Secretary for the purpose of facilitating the work of the Militia Department was announced yesterday by the Prime Minister. This is the first instance of the use of the well known Old Country office of Parliamentary Secretary, in the administration system of Canada. Hon. F. B. McCurdy is the Halifax banker who defeated the Liberal Finance Minister, Hon. W. S. Fielding, in the last general election. Although one of the younger members of the House of Commons, Mr. McCurdy's business efficiency, untiring energy and systematic and thorough attention to public matters have long been recognized by fellow-members on both sides of the House. With the increase of the Canadian forces there has been a corresponding heavy increase in the demands on both the time and energies of the Minister of Militia. His devotion to the interests of the force and its members has always impelled him to know at first hand the conditions surrounding the various units and thus it is frequently necessary that he should be absent from Ottawa. The presence of a Parliamentary Secretary will secure the advantage of continuity of service and ensure that the business and policy of the department may be carried along without interruption in the absence of the minister by some one constantly in touch with the operations of the department. The Secretary will be a member of the Militia Council and in the absence of the Minister will be its chairman. In that capacity he will preside over and administer that department during the absence of the Minister from Ottawa. The office has been created for the continuance of the present war and under the Order-in-Council which has been passed it may be filled by a member of either House. With a Parliamentary Secretary administering the department in the absence of the Minister it will not be necessary to appoint as heretofore an Acting Minister from among the members of the Government. The Secretary will act as administrator, but is not empowered to make any alterations in the policy of the department without the authority of the Governor-in-Council, to whom he reports through the Prime Minister. Mr. McCurdy is giving his services without salary or emolument of any kind. General Sir Sam Hughes left the Capital yesterday afternoon for Montreal, and it is not improbable that he will return at once to England to complete the work begun by him in the Spring and interrupted by the Kite charges and their investigation. The American Field Ambulance, which now has a 50 cars in service, has been made an independent unit and separated from the ambulance organization at Neuilly, France.

Gas to Help Grow GIANT TOMATOES

THE value of carbonic acid gas as a plant nutrient has been the subject of considerable recent literature, including an interesting paper by H. Fischer, describing experiments in Germany. The author found that the development of both foliage and flowers was stimulated by an excess of carbonic acid in the air, while the yield of tomatoes was doubled and that of cucumbers increased 12.5 per cent. by carbonic acid treatment. It has generally been held that 0.5 per cent. of carbon dioxide in the air is sufficient for plant growth, but Mr. Fischer thinks that more than this can be utilized, provided there is ample light, and that experiments in this direction might give valuable results. On the other hand, Mr. I. F. Kidd, an English investigator, finds that an excess of carbon dioxide in the atmosphere retards or inhibits the germination of seeds, but without injuring them. He suggests that the production of carbon dioxide in nature by the decay of vegetable matter may play a part analogous to that noted in his experiments.

Why LINOLEUM IS SANITARY

IT has been observed by chemists that disease germs die quickly on certain building materials, and it is shown that very resistant germs perish within one day on the surface of linoleum. This is due to the large quantity of linseed oil used with cork as an essential constituent of linoleum and which gives unusual disinfecting capacity. Prof. Jacobowitz proved that the germ-killing effect of disinfecting wall papers was due to the chemical effect of linseed oil used as a binding medium. As the oil in the paint dries the sterilizing power wears off, while in linoleum it is lasting. Hence this material has the property of killing the majority of micro-organisms brought in on shoes. The effect of this property is accelerated by frequent mopping and cleaning and by the fact that it does not absorb spores quickly due to a linoleum covering which is wiped off daily with a damp cloth. According to Prof. F. Fritz this bactericidal power comes from certain chemical groups in the oil.

GREEK MACHINIST BARRED

Cannot Work in Canada Until He Complies With Law. Windsor, July 18.—Paul Coufos, a Greek, who has been living in Detroit and working at a Walkerville munitions factory, where he received \$70 a week, was barred from working in Canada until he complies with the law. Coufos was stopped at the border this morning by an expert machinist, who was without having come direct from his native country to a Canadian seaport. He was allowed to go for \$70 due him at the factory, but he cannot continue to work on this side of the line until he is naturalized as an American citizen, or else returns to Greece, and then comes back to this country, landing at a Canadian port.

THE SITUATION

The British continue to steadily extend their gains and to drive still deeper into the German front. They are now fronting the third line of Hun defences, and their heavy guns, brought up with immense difficulty, under stormy weather conditions, have commenced a tremendous fire preparatory to an infantry advance.

The British advance, in particular, has occasioned surprise. The population had for so long been led to believe that John Bull had nothing but a paper army that the spectacle of Kitchener's men driving some of the Kaiser's best before them, notwithstanding their supposedly impregnable trench positions, has come with the force of a considerable jolt.

The German-Austria-Turko front now find themselves kept busy on all fronts, and the strain is commencing to tell. It is officially admitted from Berlin that it has been found expedient to shorten the battle line on the Eastern front, and the enemy will be forced to more and more of this kind of thing now that the Allies are assuming the upper hand.

Reports from Petrograd continue to be most satisfactory. There is well maintained progress on the part of the troops of the Czar in every direction, and from Volhynia there comes the report of the capture of thirteen thousand more prisoners and a quantity of materials of war.

It is officially announced that hostilities are now costing Great Britain \$26,000,000 a day.

GERMANY THE CHAMPION LIAR.

The following editorial is taken from the Chicago Evening Post: "After the naval fight off Jutland the British navy at once gave out a full list of its losses in ships and men. The Germans, on the other hand, admitted but a microscopic share of their losses and hurried to the neutral wireless stations to announce to the world a great German victory. Therefore, in the eyes of the world, the battle, no matter what its physical result, was a gain in prestige for Germany.

"It is just in instances such as these that the soul of civilization is most revolted at the pragmatical militaristic philosophy which rules the German ruling class. To this class Honesty is not the best Policy; it is not a Policy at all. To them Truth is merely a Weapon. It is something to be used or abused, to be sharpened or dulled, to be drawn forward or back, simply as the military policy of Berlin dictates.

"Our losses were suppressed for military reasons," says the staff at last, after these losses have leaked out, anyway. We learned to expect this first from Japan in her war with China. We did not like it, but we set it down as the logic of the subtle heathen mind. When a Christian nation adopts it our feelings are different.

"It is probably wise military strategy for the moment. It certainly succeeded in winning Germany world credit for a victory she did not get.

"But what about the effect of it on that civilized opinion which must in the long run determine the future of Germany and of the world? We have Germany at the first of the battle claiming a victory and demanding that the neutral accept her estimate of the loss as the truth, just as the neutral accepts England's words as the truth. Yet England's words were true and Germany's by her own later admission, were not.

"In the same way we had Germany demanding from us unquestioning belief in her words as to the arming of the Lusitania. The hypocrisies in this country punctiliously demanded that even in this matter of our own honor Americans disbelieve Washington and credit Berlin,

as they credited London or Paris. Yet Germany later admitted her untruth.

"And two other cases where she has been compelled to admit to us that she spoke untruths to America are the tragic episodes of the Arabic and the Sussex.

"No other nation with whom we have dealt has made direct false statements to us. No other nation in the world has so consciously and continually suppressed the truth or misused it.

"This, to our mind, is the form of German material brutality against which Americans most seriously revolt. They resent the assumption demanded that Germany is speaking on the same plane of moral honor as other nations, when they know by their country's experience with the submarine promises that she is in fact using that high plane as a military expedient.

"It is the bitter revolt of the soul against a formless, unmanageable oppression which makes Americans so deeply resent the entrance of organized German-Americans into American politics. These people deny that they are introducing a foreign influence into American Government. They say that they are thoroughly American as any other Americans. And the very hyphenation of their official names belies them.

"It is this assault upon truth and plain dealing which makes the German-American support the most dangerous boomerang that our presidential candidate can have offered him."

CAMP BORDEN.

Petty Grit politicians have made such an effort to discredit Camp Borden that the following extracts from an interview which the St. Catharines Standard had with a Sergeant of the 17th Battalion will prove of interest:

"A comparatively few weeks ago Camp Borden wasn't on the map. To-day the C.P.R. and G.T.R. have the depots there with miles of siding capable of handling an immense tonnage of freight. Acres and acres of land have been cleared of trees and scrubs. A splendid water-works system has been installed, the water being obtained from artesian wells. It is cold and refreshing at all times. The horrible old time latrines find no place in Camp Borden; the sanitary arrangements are as good as can be found in the average city house. There are big wash-cabinets for the men and there are one of the discredited old tin wash-bowls. The men wash in running water. There are shower baths for everybody."

"How about the food?" asked the Standard.

"If you were the orderly officer I'd answer 'No complaints.' The food is good, plentiful and well cooked. At least that is the way we have found it. We may possibly be blest with exceptionally good cooks and a Quartermaster who is everlastingly looking after the interest of his men, but anyway, you'll have hard work finding anything to kick about the food served to our boys. The sergeants of the 17th are eating the same food exactly as the men get, so I know what I'm talking about."

"What about the sand up there? Doesn't that bother you a lot?" "Camp Borden is all sand. But you must remember that there is sod over the sand, so that the parade ground is all right. Just at the present time the main roadway is a mighty dusty proposition, but just as fast as human ingenuity can accomplish it, new roads are being laid, and in a very short time this part of the dust nuisance will be entirely abated. The sand in one way is a great advantage. Five minutes after a heavy rainstorm the water has all soaked away, and the ground is dry again."

"Camp Borden stands to-day as an example of Canadian energy, a tribute to the organizing ability of Canada's Minister of Militia, and a credit to the officers and men who planned and worked to turn a wilderness into a city in a few weeks' time."

NOTES AND COMMENTS

"Gold for iron" is the latest patriotic dodge in Germany to keep the treasury going. A gold brick for nothing is what they will finally discover they have been handed by the Kaiser.

Galt is boasting that not a death has been recorded in that place so far this month. This is certainly remarkable considering all the allurements of that burgh.

It is to be hoped that the Grit sheets which are trying to foment trouble in Camp Borden for political reasons are proud of their patriotic job.

Anyone who gives credence to street rumors these war times deserves to get stung.

HONOR ROLL IN PARIS UNVEILED

Captain Andrews Officially at Function Sunday Morning.

Paris, July 17.—An interesting and impressive service was held in the Congregational Church on Sunday morning, when an honor roll, bearing the names of 27 members and adherents of the congregation, who are at the front, and others who are training, was unveiled. There was a very large attendance.

Patriotic addresses were delivered by Mr. J. H. Fisher, M.P., and Mr. L. Scott Davidson, M.P.P. The choir rendered special music. While Mrs. Charles Broomfield, by request, rendered "God shall wipe away all tears," and Mr. William Hurst sang "Land of Hope and Glory." The choir closed. Mr. Armstrong read a letter received from Mrs. Bolton, in response to a resolution of condolence sent the family by the church, in the death of her son Ernest, who was killed in action. Rev. Mr. Bolton was at one time pastor of the Congregational Church, and one of the boys studied in the church school here. The roll is framed in rich birds-eye maple, and the names enclosed by a broad gold band, being surmounted by the entire flags of the Empire and Canada.

The List of Names. The names are:—Lieut. Lester Broomfield, Sergt. W. Wallace, Lance Corp. P. Wallace, Corp. Alfred Allworth, Ptes. John Prowl, Arthur Soles, Chas. Wooden, Gordon Rose, Henry Rose, Geo. Walker, Walter Perry, Walter Pearce, Frank Bolton, Geo. Cann, Ernest Bolton, (killed in action), E. P. Barber, T. H. Brown, Alfred Barber, Albert Baker, W. H. Carroll, Alfred Evans, Edward Hutchins, William S. Matthias, Melville Richardson, Henry Holmes.

Had Accident. Many friends in town will regret to hear that Mr. Charles Luck, Brantford Township, had the misfortune to fall off a load of hay, and so hard to obtain, it makes the accident more regrettable to Mr. Luck. Some of his former friends helped him to get his hay in after the accident.

Quiet wedding took place at the Presbyterian manse, when the Rev. Mr. Nicholson united in marriage Miss Myrtle Hauselman, daughter of Mr. and Mrs. Oscar Hauselman of Simcoe, to Pte. Charles A. Witherspoon, also of Simcoe.

Bright and helpful services were held in the Baptist church yesterday, when Rev. Dr. Torrey, the noted evangelist, conducted special services. The choir also rendered special music in keeping for the occasion.

Last Friday morning, Mrs. David Murray, Walnut street, received word that her son, Pte. Fergus McLaughlin had been wounded in action. The wind whistled a further despatch was received saying that he had been killed in action. Pte. McLaughlin was born at Woodstock, and 10 years ago came to Paris, being educated at the schools here. The young soldier was only 18 years old at the time of his death, but from the first outbreak of hostilities had been eager "to do his bit," and has now paid the supreme sacrifice for the empire.

A Motor Mishap. Ira Wooden met with a serious accident on Friday afternoon while driving on the Governor's Road with his automobile. He apparently lost control of his machine, which went into the ditch and struck a stump. The wind shields were half open, the lower one pointing inward; against the edge of the glass Wooden's head struck tearing off about four inches of the scalp. He was found in a semi-conscious condition by Mr. Lovett, who rendered what aid he could, and then telephoned for medical assistance. The unfortunate man brought into town and his injury attended to, after which he was taken to his home in Burford.

The Union Sunday school at Paris Station held their annual picnic at Cahill's flat on the River Nith on Saturday afternoon.

Mr. Thomas Gettley, Brantford Township, one of the pioneer farmers, while assisting his son, fell from a load of hay Saturday afternoon, breaking his leg.

Italians Attacked Town of Parenzo

No Particular Damage Done, Says Vienna of the Incident.

By Special Wire to the Courier. Berlin, July 18.—(By wire to Sayville)—The town of Parenzo, in Istria, was bombarded by Italian destroyers on July 11. The only damage of note occurred when the tower of a public building was struck, says an Austro-Hungarian naval air craft, which returned safely.

"Three Italian destroyers," reads the statement, "shell the town of Parenzo for a short time on the morning of July 14. Two private houses and the tower of the parliament building were damaged. There was no other damage and no casualties occurred. The destroyers, struck by the fire of defensive batteries, left immediately. In the afternoon, Austro-Hungarian naval aircraft bombed Ravenna and the batteries of Corsini and returned safely in spite of violent defensive fire."

TURKISH SOLDIERS TO FIGHT IN EUROPE

Rome, July 18.—Neutral travellers from Syria state that Germany has organized eight new divisions of Turkish soldiers under German officers. The eight divisions, it was declared by the tourists, are to be sent soon to one of the European fronts.

GERMANY MAKING ALL EFFORT TO RETAIN KOVEL

Calm There Now Only Prelude to Heavy and Important Fighting.

RUSSIANS HAVE LOTS OF SHELLS

"Don't Spare Bullets—Don't Spare Courage," Is Advice Issued.

New York, July 18.—A news agency dispatch from Petrograd published here yesterday says: "Profundly impressed by the steady Russian advance which seesaws first at this point and then at that, the Germans are massing enormous forces before Kovle. They are bringing up every available reserve in the hope of stalling the new Russian mowing machine.

The present comparative calm is deemed here to be a mere prelude to a resumption of heavy and important fighting. The fall of Kovle now would be a staggering blow to the central powers completely disrupting their plans. Lemberg would be menaced more than ever, the road to the great fortress of Brest-Litovsk opened and the rear of the Pinsk region threatened, necessitating the Germans' withdrawal.

The Russians apparently do not lack ammunition. Printed on the cartridge cases are the phrases: "Don't spare bullets—don't spare courage. There's enough, plenty for all."

Cossacks from the Don, Urals, fresh young giants from Siberia and elsewhere are fighting like game cocks, striving to outdo each other in dare devil charges. The quarrel with the Germans is now personal, owing to the Germans use of liquid fire and gas. Consequently fewer German prisoners are taken in proportion to the number of dead on the field.

Russian officers appear satisfied not only with the situation on the Russian front, but with the spirit of the troops, which they declare was never higher.

DIED OF INJURIES

Chatham Car Repairer Was Run Over in Pere Marquette Yards. Chatham, July 18.—John Birky died in the hospital yesterday morning from injuries received last Wednesday while working under a Pere Marquette freight car. Without warning an engine shunted the car which passed over his right leg, badly crushing it. Physicians at first believed the leg could be saved, but complications developed and it was found necessary to amputate the leg. He is a member of the local lodge and was recovering from the effects of the operation and he died at 5 o'clock yesterday morning. An inquest was opened before Coroner Bray this morning and an adjournment was taken until Tuesday of next week. He is survived by his wife and one son, a lad of six years, three brothers and four sisters.

OPEN TO-NIGHT. On account of the big excursion to-morrow, the grocers and butchers of the city will keep their places of business open to-night. To-morrow, most of them will be closed all day.

UNDERWRITERS MEET. The Dominion Life Underwriters' convention is to be held at the Royal Connaught Hotel, Hamilton, commencing to-morrow and running for the remainder of the week. A preliminary session of the executive meets to-night, of which body Messrs T. Hendry, vice-president, and Burbank and F. Reed are members.

84TH BROKEN UP. The 84th battalion is no more, according to information received yesterday by Mr. G. Caswell, 102 Marlboro street. The battalion, like so many others, has been broken up on its arrival in England, and its men drafted to several other units at Brantford. None have gone to the front as yet, all remaining at the military camp. A number of local 84th men are now in the 75th battalion, of which former County Constable Fred Kerr of Brantford is sergeant-major.

THE CAUSE OF RAIN. The following extract from the St. Thomas Times has reference to Major George Stacey, a brother-in-law of Capt. W. N. Andrews, of this city: "A citizen recalls the record that Major George Stacey, now with the 91st Battalion, made while lessee of the amusement privileges at Pinafore Park. Every time he announced some attraction it rained, until he became known as the 'rain-maker.'" Now the citizen points out that for two or three months before the 91st left St. Thomas there was rain about every day, and since Major Stacey and the 91st have gone overseas not a drop of rain has fallen in St. Thomas. At the same time, it is claimed, there has been heavy rain

BACK ON DUTY
Major P. A. Shultis, of the 125th, has returned to duty, his many friends will be pleased to hear. Though not very seriously hurt, Major Shultis had an extremely narrow escape. A stump which was being dynamited out of the ground, struck him on the head, but only a slight blow. An inch or so either way, undoubtedly the accident would have resulted fatally.

BOWLERS ALONG, TOO
Several rinks of the Pastime bowlers will go to Niagara Falls with the Grocers' and Butchers' picnic to-morrow, and will play a match with Niagara bowlers.

GOLF NOTES.
Mr. F. C. Towers has kindly presented a cup for competition, the qualifying round to be played Wednesday afternoon. Entries accepted up to arrival of 5 o'clock. Eight lowest scores to qualify.

POLICE COURT
Harley Sheppard appeared in the police court this morning, charged with the theft of a camera from H. E. Perrott. After paying \$7.85 costs, he was allowed to go on suspended sentence. A charge of assaulting Geo. Bragg, preferred against Geo. Usco, was dismissed.

SUNDAY SCHOOL BASEBALL
The city Sunday school baseball leagues have now been reorganized into one league, comprising the following teams: Colborne Street, Methodists, Riverdale Baptists, Marlborough Methodists, Brant Ave. Methodists, and Calvary Baptists. The games to-night are: Colborne vs. Brant Ave., at O. I. B.; Riverdale vs. Elms, at Mohawk; Marlboro vs. Calvary, at Recreation Park.

APPEAL ISSUED FOR THE BELGIAN RELIEF

The House Committee of the Children's Shelter are giving a pound party the afternoon of August 4th, at the Shelter, 66 Chatham St. in aid of the much wronged and brave Belgians. Flour, groceries and canned goods wanted. We are asking food to help them to live through the anxious expectation of deliverance. You who have been spared the horrors of invasion, will you once more, as you so generously did last year, give a compassionate thought to the martyr-people, to the nation which deliberately sacrificed itself in the defence of the noble principles at stake, in the gigantic struggle in which we are all involved. It is to the credit of Ontario that half the relief sent to the Belgians last year, came from this Province. When we realize that three and a half million people are utterly destitute, that hands are reaching out for one meal a day or even in two days, that mothers and children may be fed."

The above statement was made to me at the Central Council rooms in Montreal a few months ago. If we allow our giving to fall off, or even fail to increase it, Belgium mothers and children must go hungry, and a family a month. If you cannot attend, your grocer will deliver your donation. Everyone among which was discovered a bundle of documents dealing with the conspiracy to murder the heir to the Austrian throne, and giving the names of Serbian officers concerned in the plot. These names were transmitted to all prison camps of the Central powers and Bulgaria, where Serb prisoners are housed, and the result, according to a Munich report, is that Colonel Redovoz, another person in the plot, has been identified in a camp near Salzburg. The Serbian officer was immediately arrested and will be brought before a military court at Serajevo as an accessory to the murder of Archduke Franz Ferdinand and his wife.

attacked by numerically superior forces. The front section near Esklin withdrew into the district east of Gorochoff. Covered on the west flank by a German counter-attack, the allied troops fighting south of Lutsk thereupon were withdrawn. "A Russian night attack of Torchyn (on the road from Lutsk to Vladimir-Volynsk) was repulsed. Austrian Statement Berlin, July 18.—Via wireless to Sayville)—The official Austrian statement of July 17 on the Italian campaign follows: "There were artillery engagements along our Barcola positions in the adjoining sector as far as the Astach valley; also in the Dolomites, north of the Pel de Grino valley, in the Marolmaka district and on the Carinthian front in the Seebach and Raibler areas. "An attack by Italian infantry on our positions in the Seebach valley was repulsed. The Italian Statement. Rome, July 18.—Via London, 2.55 p.m.—In the face of vigorous opposition, the Italians are making further advances, the war office announced to-day in the following statement: "Artillery engagements occurred in the regions of St. Elmo and the Tonale. In the Arsa valley we defeated attacks of the enemy on our positions at Foppiano. "Notwithstanding vigorous resistance on the part of the enemy, our infantry has resumed the advance on the northern slopes of the Pasubio. Lively fighting continues in the Posina valley and in the Asolo area, where the enemy attempted to check our progress by repeated but fruitless counter-attacks. Small encounters took place near Mesole in the Sugana valley, resulting in our favor. The enemy shelled villages, causing fires in a villa south of Strizeno. Along the remainder of the front there were artillery actions, which were particularly intense in Carnia and in the Upper Fella valley. "Hostile air craft dropped bombs on Ospedaletto without causing any damage. Our aerobars bombarded the railway station at Andrea, south of Gorizia."

## 215TH GOT TWO MORE RECRUITS

Spent Day at Mohawk Park To-morrow — Garden Party at Tranquility.

Two recruits were secured as the result of the 215th's efforts yesterday, which brings the total strength of the battalion to 559 this morning. In a short time another recruiting campaign will be commenced, when it is expected that the ranks of the battalion will fill rapidly.

To-morrow the entire battalion will journey to Mohawk Park for the day, engaging in the routine drill till 2 o'clock, after which time all will be free for the remainder of the afternoon. The brass band will be in attendance from 3 to 4.30, and all friends of the battalion are invited to visit the park and enjoy the music.

For the purpose of raising funds for the purchase of a field kitchen for the 215th battalion, a garden party is being given on Friday evening at Tranquility, under the auspices of the Moyle-Tranquility Women's Institute. Music will be furnished by the 215th brass band, vocal numbers rendered by Sergt. Alderson and Mrs. Savage, and Miss Marion Potruff will give a number of readings. Mr. W. G. Raymond will address the gathering, as will also Lt.-Col. Harry Cockshutt, who will occupy the chair. To all, a hearty invitation is extended to attend.

Capt. Ferguson, quartermaster of the 215th battalion, is out of town upon regimental business to-day. Road Nichols of Bath, Me., aged 94, had green peas for his dinner a few days ago, picked from his garden which he has cared for himself. Mme. Henri Petellier, who was Miss Margaret Gillespie, of Pittsburg, died in Paris, Friday night. While on her deathbed she married Mr. Letellier.

## THREE RECRUITS FOR BATTERY

One Man Came from Ohio to Join the 71st Here—Last Call for Artillerymen.

From Ohio there came yesterday a former Brantford man desirous of enlisting, preferably in an artillery unit. Hearing of the activity of the 71st battery, which has now opened a recruiting office here, he had lost no time in journeying to Brantford, where he at once signed on. That his coming from afar was a good omen, was evidenced before night, when two more men were signed for the 71st, making a total of three men in the first day.

Many other good prospects are also in sight for the artillerymen as well as for the infantry. The latter have not the same objections to the other branch of the service. This is the last call for artillery men which will be made in this district, and all should make haste to avail themselves of the opportunity offered during the week or so which the local office will remain open. The office is at the Bantam quarters, 108 Colborne street, and all are urged to step in and talk the matter over. Lieut. Bertram Waterous is in charge.

Drafts of 50 men are sent overseas from the 71st every six or eight weeks, the greater part of the training being done in England with the actual guns used at the front. A draft leaves very shortly for overseas, under the command of Lieut. Malcolmson of St. Catharines. The opportunity thus afforded is an excellent one, and will undoubtedly meet with as fine a response in the city as the call of King and country has ever done here. A vigorous and energetic recruiting campaign will be carried on during the next week, when the work will be carried on thoroughly and systematically.

M. W. BRO. SYDNEY A. LUKE Of Ottawa, Grand Master of the Masonic Grand Lodge of Canada, who will preside at the 61st Annual Communication at London, Ont. He will be re-elected.

## APPEAL OF SIR ROGER DISMISSED

Judges Did Not Need to Hear Answer to Appellant's Plea.

MAY GO NOW TO THE LORDS.

Reprieve May be Granted, Many Influences Working For It.

London, July 18.—1.30 p.m.—Without hearing the attorneys for the crown, the court of criminal appeal to-day dismissed Sir Roger Casement's appeal from the verdict of the lower court, which found him guilty of treason for which Viscount Reading, the lord chief justice, sentenced him to death.

Argued a Day and a Half For a day and a half, Alexander Sullivan, Sir Roger's counsel, argued before the court, quoting many authorities in favor of his contention that the offense of treason depended upon whether the accused dwelt under the protection of the king and that the crime could not be committed without the real. He abandoned his other points in regard to the lord chief justice's definition of the offense.

Crown Not Even Heard. As soon as Mr. Sullivan had concluded his argument, the court retired to consider whether the attorney for the crown would be called on to reply. In the event, decided to the contrary, which indicated that the appeal had gone against Sir Roger who was present during the argument and when judgment was given. Another appeal to the House of Lords is possible only if the attorney general gives a certificate that the decision of the court of criminal appeal involves a point of law so exceptionally important that it is desirable in the public interest that still a higher court should deal with it. This has been done only twice since the court of criminal appeal was established eight years ago.

Case Well Argued Justice Darling, in delivering the judgment, expressed the indebtedness of their court to Mr. Sullivan for his well considered and well delivered arguments, as the justice characterized them, adding that they were worthy of the best traditions of the king's courts, but he declared that they had been answered by the attorneys of the Crown at the first trial.

May Be a Reprieve Attorney Doyle, of counsel for Casement, expressed the opinion to-day that it was improbable the attorney-general would certify the case for appeal to the House of Lords, as the appeal court did not consider it necessary to hear argument for the government.

Powerful influences are working for a reprieve, said the attorney, and there were strong hopes of one being granted.

Poincare Pays Visit to Meuse and Somme Front

By special wire to the Courier. Paris, July 18.—President Poincare, accompanied by General Pierre Roques, minister of war, has spent the last two days in visits to the Meuse and Somme fronts. The trip included a brief stop at Verdun and a meeting on the Somme front with Generals Joffre, Foch and Fayolle.

In the course of the trip, President Poincare inspected the former German lines and sections of the ground scarred by traces of the recent battles and bombardments. Before leaving he heartily congratulated the troops and their commanders.

## TWO LONG YEARS HE SUFFERED

"Fruit-a-lives" Made Him Feel As If Walking On Air

ORILLIA, Ont., Nov. 28th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-lives make you feel like walking on air.'" This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

## Music and Drama

The most pleasing part of the program presented for the first of the week at the Brant Theatre is undoubtedly the vaudeville numbers, which are of exceptional merit, and should be missed by no lovers of the beautiful. The most aesthetic and charming act seen here in some time is that presented by Mademoiselle Lotta and Company, entitled "Twenty Minutes with the Masters," and introducing posing of the most perfect kind. The tableaux given are varied widely in nature and theme, but are as charming and artistic in the extreme, perhaps the best being "Rock of Ages," "The Flower Girl" and "Cast Up by the Sea." The tableaux are brilliantly illuminated in the most striking manner, bringing out the natural color settings to perfection, and the act is one such as none may afford to miss.

A really good comedy and musical offering is that presented by Ingalls and Duffield, whose singing and dialogue is of the highest quality, and is very snappy. The bill comprises a truly funny cartoon comedy, an episode of "The Mishaps of Musty Suffer" which is rather better than usual, and the celebrated emotional actress Pauline Frederick in a five-reel dramatization of Israel Zanewill's powerful novel "The Moment Before." The picture is of the sturdiest and most realistic nature, and a wonderful production, though of necessity slightly morbid in keeping with the book.

## NO TROUBLE HAS OCCURED AT BORDEN

(Continued from Page One.) one or more Brantford men had been killed. The Courier made every effort yesterday to trace these stories to their source. The names of the soldiers killed were mentioned, and The Courier promptly inquired at the homes of these soldiers, and in every case the story was found untrue. This morning a soldier of the 125th just returned from camp told The Courier that all the rumors of trouble at camp were utterly false. But new stories kept cropping up; inquiries were made at this office by many people, and throughout the whole city there was genuine anxiety.

This morning The Courier sent a wire to Brig. Gen. Logie and at 2 o'clock this afternoon received his reply as printed above. In it he states absolutely that there was no riot, that no Brantford man or man from any other place had ever been killed at Camp Borden. One man was accidentally drowned, but he was not from Brantford.

## In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged. Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

## ARGUMENT OVER ON BILINGUALISM

### Judgment in School Dispute Expected About the End of Month.

London, July 18.—Argument of counsel in the Ottawa school case came to a conclusion yesterday, and judgment by the Privy Council may be expected about the end of the month. From those concerned in the French-Canadian side of the dispute, it is learned that they believe there is a fair prospect of success for their cause.

The argument which was spread over several days, was too complicated to attract any audience; in fact, this case of vital and historic import to Canada was thrashed out before a score of men, comprising the judges and the advocates. The bench was composed of Lord Chancellor Buckmaster and Lords Haldane, Shaw, Atkinson and Parnoor. The Lord Chancellor laid stress upon the point as to whether the Ontario law was ultra vires. Lord Haldane expressed the opinion that the appellants, by their defiance of the law had put themselves in danger of forfeiting the rights and privileges which they claimed were disregarded.

Sir John Simon, appearing with Senator Belcourt for the appellants, the board of trustees of the Catholic schools of Ottawa, did not dissect the evidence, but confined himself to the point as to whether the British North America Act granted rights and privileges, now contravened, to a certain section of the community, which included the appellants. He contended that section 93 extended to the schools, and not merely to religious instruction.

Senator Belcourt traversed the evidence to some extent and pleaded that regulation 17 was ultra vires.

On the respondents' side, W. N. Tilley, K. C., appeared for the Ottawa Separate schools, Sir Robert Finlay for the Ontario Government and Malcolm McNaughton for the Quebec Bank and the city of Ottawa.

**COOP AND LENT'S CIRCUIS.**  
Circus, "Horse Show Beautiful." In the long list of scenic innovations with Coop and Lent's Circus to appear for the first time in Brantford, July 25th, none will, perhaps, attain to greater local favor than those several novel displays wherein the numerous equine actors are featured.

With this circus, horseflesh has ever maintained its own. The originality of their presentation together with their unusually high excellence of breed has approximately sub-

**BATTERED HIGHLANDERS BEAT THE TIGERS TWICE**

New York, July 18.—Playing with a team consisting largely of utility men, New York increased its lead in the pennant race yesterday by twice defeating Detroit. The scores being 2 to 0 and 3 to 2. In the first game, Shawkey outpitched Coveleskie, permitting only one Detroit player to reach third base.

In the second game, Love, a New York youngster, started his first game of the season, and gave a fine exhibition until the eighth inning, when Donnovan took him out after he had allowed two hits, Russell replacing him.

J. Franklin Baker, the hard-hitting third baseman of the Highlanders, will be out of the game indefinitely. An X-ray photograph of the injuries received last Friday revealed that two ribs were broken. Boone will replace Baker at third base until the latter is able to resume play.

## CAMP BORDEN OPENS WITH GREAT REVIEW OF TROOPS

The upper picture shows Sir Sam. Hughes, Minister of Militia and Defence, attended by his staff, addressing the officers immediately before the great march past of troops which marked the official opening of Camp Borden on Tuesday, July 11th. The lower picture shows one of the Highland Battalions passing the saluting base. The "Camp Borden Special" over the lines of the Grand Trunk carried representatives from all the large centers of eastern Canada for the event, and the railway is maintaining fast and frequent service between the principal cities and this large mobilization center.

**TRIPLES AND DOUBLES: BIG CROP AT CINCINNATI**

Cincinnati, July 17.—The game to-day was a slugfest, Cincinnati winning from Boston, 9 to 6. The local team made six doubles and three triples off Nehf and Reulbach in the seven innings they worked.

**1916 FARM LABORERS EXCURSIONS**

Via Canada Pacific Railway

According to present indications the demand for farm laborers in the West this year will greatly exceed the supply. The Canadian Pacific are perfecting arrangements for these excursions, the first of which will be run early in August. Date will be announced later. Full particulars from Canadian Ticket Agents, or W. B. Howard, District Passenger Agent, Toronto.

**COOP AND LENT'S CIRCUIS.**  
Circus, "Horse Show Beautiful." In the long list of scenic innovations with Coop and Lent's Circus to appear for the first time in Brantford, July 25th, none will, perhaps, attain to greater local favor than those several novel displays wherein the numerous equine actors are featured.

With this circus, horseflesh has ever maintained its own. The originality of their presentation together with their unusually high excellence of breed has approximately sub-

stituted this, the "Horse Show Beautiful."

Famous among the thoroughbred groups are the "High Hedge Jumpers," "Rhoda Royals Eight Statue Horses," "The Equine Military Generals," and Coup and Lent's "Equine Celebrities," the latter feature filling all three rings simultaneously with fifty-five beautiful specimens under one control, and in action, a single unit.

Hay fever report estimates there are 25,000 sneezers in New York every year. This is a day for 42 days each year—a grand total of 76,650,000 sneezes a year.

## HOLLAND CENTRE OF SPY TRADE

### Many of the Natives Have Been Enticed Into Thrilling Business.

Rotterdam, Netherlands, July 18.—Besides being the medium through which the war news of the belligerents, and much else, is exchanged, Holland is apparently the principal center whence the respective espionage organizations send out their agents into the enemy's country and, moreover, an important spy recruiting ground. Many Dutch citizens, even members of the nobility, have, according to a contributor to the Nieuwe Rotterdam Courant, entered this dangerous but lucrative service, and a few are now being the day in foreign captivity, not to mention those who have paid the penalty of their lives. There are, it appears, two known espionage quarters in Rotterdam, directed by men commanding extensive staffs. Even an innocent visit to such offices may have serious consequences, for the eyes and the cameras of the opposing party are ever on the watch and several hotderden men have long been incarcerated in foreign prisons merely on such a ground.

Significant in this connection is the recent dismissal from the police service of two detectives on the staff of the chief Police Bureau of Amsterdam, for having entered into the well-paid clandestine relations with the German secret service. Their "side line" included, among other jobs, the watching of persons of different nationalities who had applied for passports to enter Germany, but concerning whom the German authorities entertained misgivings. Investigations are now afoot to ascertain whether other police officials in the chief cities of Holland may not have yielded to German temptations.

## FORTY-THREE INNINGS TO SCORE ON LEAF

Toronto, July 18.—For forty-three innings preceding the first inning of the second game at the Island Stadium yesterday the Toronto team had blanked its opponents. Yesterday's double-header with Newark resulted in an even break, Toronto winning the first game by 1 to 0 in 16 innings, and losing the second by 3 to 0. Toronto shut out Providence on Friday, twice on Saturday, and the Grays in the sixteen-inning struggle yesterday. Surely that is good enough defensive baseball for anybody.

The Newark team presented a galaxy of left-handed batsmen. Six of the Indians bat from the first base side of the platter. That was playing right into the hands of "Lefty" McTigue, who furnished the best pitching performance of any of the Toronto twirlers this season.

McTigue held the Indians to six hits in what amounted to almost two games of ball, and did not allow an opponent to get as far as third base several reached second, when the clamps went on. The long south-paw issued two walks, but they were both intentional and both to the same man, Catcher Ben Egan, who was walked to enable McTigue to get at Pitcher Wilkinson. The latter is a former Canadian Leaguer, formerly with St. Thomas. He gave McTigue enough before he was beaten.

McTigue was in a great measure responsible for the run which beat the Indians. He opened the sixteenth with a good right-field single. Truesdale followed to second. Smith sent Truesdale down to second with a sacrifice hit, and Murray ripped a scorching single under Third Base. Ritter is the third baseman who appeared here last week with the Baltimore team. He was traded to Newark for Ed. Zimmermann, the veteran, who has been with Newark for many seasons.

Walter Manning, who showed a two-hit performance on his last appearance, was sent against that flock of left-hand hitters in the second game. It was a tough assignment for any curve ball pitcher. A spitballer might have wriggled through, which did not break as it usually does, and the Indians collected nine hits. The Leafs got five only. Johnny Enzmann was an enigma in the pinch. Two smart double plays cut off Newark rallies.

Right Fielder Witter, whose real name is Witterstaetter, gathered four of the nine Newark hits. He drove in two of the three runs. Leo Callahan, the little Indian centre fielder, opened the scoring in the first inning with a home run to right field, and his double to centre in the fourth turned into a run when Witter singled him home.

Callahan is a former Toronto player. He was sent against that flock of left-hand hitters in the first game in a game at Rochester.

**RED SOX GIVE \$1,000 TO RELIEF FUND OF UNITED STATES ARMY**

Boston, July 18.—(Special)—Before the Boston Red Sox and St. Louis Browns played here yesterday afternoon, the Massachusetts National Guard, which was mobilized when war was threatened with Mexico, drilled on the ball field. President Tamman of the Red Sox gave his personal check for \$572.63, and the club's share of the box office receipts, to the Soldiers' Relief Fund, making a total of \$1,000.

Boston beat the Browns in the first inning, when they scored three runs on a single, two sacrifice hits, a double and three errors. The veteran Eddie Plank was forced from the box. Leonard was hit hard, but kept the safeties well scattered, and the Sox won by 3 to 2.

August Requist is still a harvester at 60 years. Although he owns a 160-acre Missouri farm, he is working in the wheat fields at Salina, Kan., for \$4 a day.

## YACHT TRAVELED 100,000 MILES

### Went on Scientific Expedition to Easter Island, South Pacific.

#### LEFT FRISCO FIVE MONTHS AGO.

London, July 18.—(Correspondence of the Associated Press)—The little 23-ton yacht "Mana" has arrived safely in an English port after a voyage of a hundred thousand miles. Belonging to Mr. and Mrs. Scoresby Routledge, the vessel left England over two years ago on a scientific mission to Easter Island, in the South Pacific.

The last stage of the little vessel's voyage was from San Francisco, which she left five months ago. Altogether there were eleven persons on board, including two men from Pitcairn Island. Mr. Routledge had some interesting details to tell.

"After leaving San Francisco," he said, "we came down the Mexican coast. Two hundred miles from land we came upon three islands marked as uninhabited, and I decided to land to try to get some meat. But our landing was delayed as the mouth of the cove was occupied by two whales who were feeding and who refused to move until the following day. On landing we found a rough shanty, together with a derelict boat alongside a rough cross, evidently marking a grave. In a rift in a cliff we found a scroll, and in a hole in the ground, nearby was a piece of wood bearing the name Annie Larsen, which I learnt from a shipwrecked sailor who was on the yacht, was the name of a vessel engaged in blockade running of contraband. There is no doubt that the remote island had been a dumping-ground for Mexican revolutionists.

"There were so many turtles that we got tired of feeding-on them. It was curious to see these creatures being regarded by the birds as a kind of floating island, and to see turtles preening themselves on the turtles' backs.

"The 'Mana' visited one small island in the Gulf of Panama where elephants was rampant among the people. The currents in this region were very difficult, and there was one sailing ship that had been drifting in circles for thirteen months, and had been unable to get out. The Panama Canal was closed to traffic, but the American Government kindly allowed the 'Mana,' as the vessel of a scientific expedition, to go through.

"Some fifty miles from Jamaica we saw what appeared to be the wreck of a burning ship and afterwards looked like smoke from a naval action. We found it to be a submarine volcano blowing off. The sea flow had been broken and we saw in the chart showed no land. Under the circumstances no investigation was possible."

## "If YOU Don't Wear Good Glasses It is Time You Did"

An Old Man's Advice is generally worth taking, because it is reasonable to suppose that he has had experience. Old people who use Glasses will tell you that they have always had the best satisfaction here, because we study each case separately and adjust the right lenses to give better vision while resting the eyes.

Our charges are moderate too. Call and see us.

## Just Waiting For Real Dark Night

Deutschland Will Slip Out to Sea Very Soon Now.

By Special Wire to the Courier.

Washington, July 18.—There will be no patrol of American warships off the Virginia coast to see that allied cruisers awaiting the reappearance of the German merchant submarine Deutschland, stay outside of the three mile limit. Secretary of the Navy Daniels said that its territories would not be violated by allied men of war and had no fear that the underwater merchantman would be attacked before she reached the high seas. So far as can be learned, the Washington Government has not been notified of the Deutschland's probable sailing date. It is believed that she will drop down from Baltimore to some Cove in the Chesapeake Bay and from there slip to sea on the first favourable dark night.

**CASE WAS ADJOURNED.**

**Dealer Appears in Court for Selling "Invalid Port Wine."**

Toronto, July 18.—Ernest J. Morrow appeared in the police court yesterday charged with selling "Dr. Kilbourn's Invalid Port Wine," which the prosecuting attorney representing the Ontario License Commission, contended was sufficiently rich in alcohol to permit of its being used as a beverage. License Inspector Richard Greer testified that the wine contained 18.36 per cent. proof spirit. He also declared that he had detected no medication, but had not tested it for drugs. The case was adjourned until a week from yesterday.

Any man who is reminded of a drink will want one, Secretary Daniels believes. That's why there are to be no more cut glass wine services in the United States navy.

## BRITISH TRADE STATE TRENCHES BY MEANS

By Special Wire to the Courier.

London, July 19.—Eduard minister, had the following read at the conference of the day:

"At this moment we are at the height of our fighting here. It is our duty to fight on until all our resources are exhausted. We must not allow ourselves to be deceived by the promises of the enemy. We must hold our ground and fight on until we have secured a final and decisive victory."

Mr. Montagu pointed out that the situation was most serious. He said that the enemy had been successful in capturing a number of our troops, and that our lines were being pushed back. He said that we must not allow ourselves to be deceived by the promises of the enemy. We must hold our ground and fight on until we have secured a final and decisive victory.

**ANOTHER SUBMARINE DUE SUNDAY**

Baltimore Hears That the Men Is Expected to Arrive in Few Days.

By Special Wire to the Courier.

Baltimore, Md., July 19.— were persistent rumors early morning that the arrival of a merchant submarine, presumed the Bremen, was expected. While officials of the Eastern Department of Commerce, American representatives of the Ocean Navigation Company of Bremen, have openly that another submarine on the way here, none would exact date for her arrival.

Stored on barges off the pier of the Baltimore Copper and Rolling Company, not far from the German pier, is a quantity of copper which it is said will form the bulk of the cargo of the Bremen if she should appear here.

At Curtis Bay a chemical works in tanks on a railroad, thousands of tons of sulphuric acid, an essential requirement in the manufacture of nitric acid, is intended for export to Germany.

**Power Company Climbs Down**

Dominion Government Protects Hydro Interest

By Special Wire to the Courier.

Toronto, July 19.—Sudder sure applied to the Canadian gas Power Company by the Dominion Government has succeeded weeks of reasoning and negotiating, failed and the Hydro System is to get the actual power which it is badly frightened by the federal government's threat to turn the big gas them and prohibit the export of the Canadian Niagara Company has receded from it and an agreement is being negotiated between the provincial government and the company, which is a horsepower at \$12 per hour. An announcement to this effect expected from Premier Hearst time during the day.
