Baptist Ladies Meet

On the afternoon of Tuesday June 29th, by invitation, the members of the Women's Home and Foreign Mission Circle of the Flamboro Centre Baptist church met at the beautiful home of Mrs. John Anderson, Waterdown, to hold the annual meeting of their society. The day was fine, and everything in nature at its best. At 3 o'clock, under the cool shade of a friendly maple, the ladies assembled, when the chair was taken by the president, Mrs. E. J. Haines, and the meeting called to order.

As the company looked out from their vantage ground over the ravine and beyond, the busy city, and still further on, lovely Lake Ontario, they could well imagine themselves seated by the Sea of Galilee, and the Bible study, "The Generous Picnic Boy" John 6:1-13, with which the meeting was opened, after singing the hymn "Jesus Saves", seemed quite in harmony with its surroundings.

The story of the feeding of the five thousand from the lad's lunch, was chosen owing to the fact that a goodly number of children, welcomed to the monthly meetings, and doubly welcomed to the annual one, were present. Miss Elvira Munnell read the story, after which a questionnaire was conducted, which called forth prompt replies from the children, who have formed the habit of paying attention to instructions given.

During the year a course of Bible study, "The Women Missionaries of the Bible" had been pursued, and a review of same was taken at this meeting. As consideration was given to the prompt response of "The Woman commissioned by the Angles and by Jesus" to tell the Resurrection story, of the haste of the Samaritan women to tell that she had found the Messiah, the devotion and faithfulness of Queen Esther, the consecration and courage of Deborah and Jael in opposing the enemies of Israel, the place given to the Women of Song, the necessity of a Dorcas, the Community worker, and the humble faithfulness of Hannah, the true Home Missionary, and of others, the study of whose lives was equally worthy of consideration, it became apparent that faith, prayer, and obedience on the part of the individual were the main factors in attempting and accomplishing great things for God.

"Grandma Hasselheldt" spoke briefly on prayer, showing the necessity for prayer and the blessed results accruing therefrom. "More things are wrought by prayer than this world dreams of". Mrs. C. Markle brought a message from the open Home Mission Board of Toronto which was edifying and with a request for aid in the shape of useful articles for the children of the Slavic Mission in Toronto. Those present gave a hearty response to the appeal, and decided to unitedly send an Xmas box.

Miss E. Wyatt, the treasurer, gave the annual report, which showed the receipts for the year were \$45.21, the said amount being devoted chiefly to work amongst the women and children of India, Bolivia, and foreigners in the home-land, also, the membership had increased from 15 to 31, which was very encouraging. A social hour followed, while a bountiful repast was partaken of after which a hearty vote of thanks was tendered the hostess, Mrs. J. Anderson, when "Praise God from Whom all Blessings Flow" was joyously sung, followed by the Benediction.

A Necessity

Until a more moderate condition in the news print market exists, the Review will hereafter be issued in four page form. The tremendous increase in the price of news print paper makes this change necessary if we wish to continue publication. No change will be made in the subscription price.

Featherston-Lay Wedding

Mr. Harry Featherston, son of Mr. and Mrs. W. S. Featherston, Waterdown, was married on Thursday July 1st at Erie, Pa. to Miss Vera Emma Lay, daughter of Albert L. and Mrs. Lay of that city. The wedding was a quiet one, only a few relatives and intimate friends witnessing the ceremony, which was performed at the Rectory.

Mr. Featherston is at present a resident of Erie, where he is employed in the Gent's Furnishing business. He has a host of friends here who extend to the young couple heartiest congratulations and best wishes.

Mr. and Mrs. Featherston are at present visiting relatives here, and will return shortly to Erie where their future home will be.

The Garden Party

That the Fifth Annual Garden Party to be held here on Wednesday July 14th will be a big success is now assured. The best possible talent has been secured, and with weather conditions favorable, a good attendance is expected. This will be the last opportunity of hearing that popular entertainer, Mr. Cowan of Toronto, as he is leaving for the West, where he has a two year contract with a Winnipeg Theatre company. The Hand Sisters of Hamilton, who spent three years in France entertaining our soldiers, will also be one of the leading attractions. Another opportunity will be given the people of this vicinity to hear J. C. Loughheed, Canada's whistling wonder. The music will be furnished by the 77th Regiment Band of Dundas. Gen. S. C. Mewburn, Ex-Minister of Militia, and Col. J. J. Grafton are the speakers of the evening. Come to Waterdown on the 14th and have a good time.

The Edison Re-Creation Concert will be held in the Rink under the auspices of the Women's Auxiliary of Grace church. An excellent program will be given consisting of recreations by celebrated opera singers, comedians and instrumentalists, including Madam Marie Rappold of the Metropolitan Opera House, New York, and Miss Annie Case, probably the greatest living soprano.

Greenville

Mr. James Slater of Toronto was visiting friends here last week.

Mr. and Mrs. Wm. Taylor and daughter Florence, and Mr. and Mrs. Harry Medwin spent Sunday in Tilsonburg.

Mrs. Alderlyce entertained the Women's Guild of Christ church at Rockton on Monday afternoon.

Mr. and Mrs. C. Aucheminahie and two children of Toronto are visiting with Mr. and Mrs. J. Surerus.

Base Ball

(By the Sporting Editor)

The Seniors by playing errorless ball and using their war clubs to good advantage defeated the Tungsten Lamp team on July 1st by the one-sided score of 28 to 3 before a crowd of over 3000 spectators, among which were a large following from Waterdown. Fisher pitching for the W. A. A. was in fine form, allowing only 5 hits, one being of the fluky order. Kirk leading off for Waterdown and getting four walks in six times up; good baseball Jack Metzger on first, Gordon at third and V. Willis in left field, putting up an A-1 article of ball. Catcher Torrance's heady work at the bat paved the way for a good many of the W. A. A. runs.

Again on Saturday July 3rd they demonstrated their ability to hold the position on top by defeating the much touted Colts by a score of 12 to 7. Newstead by his good work practically winning the game himself by airtight pitching. The infield playing a little loose allowing the Colts to secure their runs by the unearned path.

LEAGUE STANDING

	Won	Lost	p.c.
Waterdown	8	0	1000
Dominion Glass	4	3	571
Colts	3	4	428
Tungstan Lamp	1	7	125

The Waterdown Juniors and Flamboro Centre hooked up in one of those games that resembles a cricket match. Flamboro Centre winning by the score of 16 to 13. Waterdown leading at the end of the seventh by 10 to 4, when Flamboro Centre cut loose and scored eight runs. Dick Baker getting a homer. Lack of a good field makes good baseball impossible at Flamboro Centre, however by the looks of the score both teams will be able at the end of the season to turn out good runners.

LEAGUE STANDING

	Won	Lost	p.c.
Flamboro Centre	5	3	625
Carlisle	5	3	625
Waterdown	4	4	500
Millgrove	2	6	250

Carlisle defaulted to Millgrove on Saturday last, and at the present writing it is doubtful if they will continue in the league.

Flamboro Centre

Flamboro Centre Tigers took the Waterdown Juniors into their den last Saturday and beat them 16 to 13. Waterdown played a good tight game up until the seventh innings, when Capt. Featherston weakened and the Tigers batted him all over the field.

NOTES OF THE GAME

Harold Baker made a home run. H. Slater could not stand joshing by the fair sex and dropped some easy catches behind the bat.

Lloyd Harris made two spectacular catches in left field.

The game was called for a few minutes when W. O. Alderson and F. Thomas held hands, they being separated by their female supporters.

After the game Manager Payne was seen on the Centre Road chasing bats.

Mr. Stewart Wyatt spent Sunday with friends in Carlisle.

John Kerr and M. Williamson paid a flying visit to Waterdown last Saturday night.

THURSDAY, JULY 8, 1920

LOCAL MENTION

KNOX CHURCH SERVICES

Morning Services—The Tragedy of Success.

Evening Services—To Him Who Hath Shall Be Given.

The village streets are receiving their annual coat of oil.

Miss L. Davies is spending her holidays at her home here.

Mr. Stewart Simpson of Rochester is visiting relatives in the village.

Mrs. Geo. Greene, of Davenport, Iowa, is visiting at the home of her son, G. H. Greene.

Mrs. M. Hewitt, of Dundas, spent the week end in the village the guest of D. and Mrs. Davies.

The Epworth League of the Methodist church will hold their annual picnic at Toronto Island on Tuesday July 20th.

Mrs. Jas. Walker, Miss Evelyn Walker and Dr. Robert Walker, of Hamilton, were visitors in town on Wednesday last.

The Junior ball team will go to Oakville Friday afternoon where they will play an exhibition game with the Oakville Maroons.

Morden Bros. will run an hourly Bus service to the Grocers' picnic at Wabasso Park on July 14th from 1 to 7 p. m. Return fare 40c.

Mr. and Mrs. Wm. Langton and Mr. and Mrs. Albert Hemingway visited with Mr. and Mrs. Charles Fulton near Galt on July 1st.

The Waterdown factory of the Wentworth Orchard Co. commenced operations on Monday, and a large force is being employed in canning the strawberry crop of this district.

Miss Fraser, Miss Boyes, Miss Kirkpatrick, Mr. W. Boyes, H. H. Lister and W. Fraser, of Hamilton, were Sunday guests of Mr. and Mrs. L. J. Mullock.

Nelson Zimmerman, "Fine Watch Specialist" has settled permanently in Waterdown nearly opposite the Post Office. He guarantees perfect work and very reasonable charges.

Mrs. H. B. Edwards, Mrs. J. H. Rogers, Mr. and Mrs. Rodgers and family, and Mr. and Mrs. J. Featherston, spent the week end in the village the guests of Mrs. W. S. Featherston, Mill Street.

Miss Letta M. Corey of Atwood has been engaged as teacher in the Public school to succeed Miss Bristow, who has resigned her position. Miss Corey comes highly recommended and will no doubt prove a valuable addition to the staff.

Wilbert Johnson, aged 17 years, son of Mr. and Mrs. Walter Johnson and grandson of William Reid of Chicago, formerly of this village, and a nephew of Mrs. Peter Mitchell, was drowned while bathing at Bangs Lake near Wanocoda, Illinois, on July 4th. He, with his Sunday School class, was holidaying at Wanocoda.

The Community league will meet in the Bell House on Friday afternoon, July 9th, at 4 o'clock to complete all arrangements for the coming Garden Party on Wednesday July 14th. Everyone needed. The conveners of the various committees are requested to meet at the School grounds on Monday evening July 12th at 8 o'clock.

CAMPHOR.

Canada Imports This Drug From Formosa.

Many people are interested in the question, "Where does our camphor come from?" The camphor industry in Formosa is now owned by Japan. Formosa holds a practical monopoly in the world's market of this valuable drug. The life of a camphor worker is indeed an adventurous one. He is never safe from the Formosa head-hunters. Although a woodsman with an ax never moves except in the company of an armed guard, there is always danger of an ambush.

Tales of the camphor workers recall the days of our pioneer fathers in the times of the tomahawk, the poisoned arrow and the scalping knife. And yet if this menace had not existed, the camphor forests would have disappeared long ago. Thanks to the head-hunters, there are still large tracts of camphor forests in Formosa.

Camphor trees grow best on moderate, well-drained slopes, not over 4,000 feet in elevation where the sun's rays can reach them.

Nowhere else in the world have these trees attained such height and girth as in Formosa. In the past, trees with a basal circumference of from 35 to 40 feet have been noted, but these have inevitably fallen victims of the woodman's ax. Perhaps in the uncharted forests, where the savage still holds sway, more of these noble specimens still grow unscathed.

At present a camphor tree with a basal circumference of 20 feet is considered a very ample specimen. In point of view of value, few trees can rival the camphor. An average tree, say with a basal circumference of 12 feet, will yield about 50 piculs of camphor (approximately 6,660 pounds) which, at the present market price, is worth about \$5,000.

Strictly speaking, there are no camphor forests, as the camphor laurel is only one of a number of trees growing together. The camphor trees are unusually beautiful, with shapely trunks and wide-spreading branches profusely covered with graceful leaves of a soft green.

Native stills are scattered here and there throughout the districts where crude camphor is collected, packed in tins, and carried down precipitous mountain paths on coolies' backs to the nearest railway line, whence it goes to the refinery at Taihoku.

The stills are operated in a simple manner. Camphor chips are placed in a chip retort over boiling water, and as the camphor vaporizes it passes through pipes into submerged vats, which are so arranged that cool water from a mountain stream can run over them to accelerate crystallization. After the camphor has crystallized the vats are opened, and the product is placed on wooden troughs to allow whatever free oil there may be to drain off. This oil will yield 90 per cent. of crude camphor in the process of refining.

Strikes During 1919.

That there were more strikes, labor disputes and general industrial turmoil with consequent time lost in Canada during 1919 than in any other year in the country's history, is revealed in a report compiled by the Labor Department at Ottawa. Including eight carried over from 1918, there was a total of 298 strikes and lockouts in Canada during 1919. The number of employes involved was 138,988, and the number of employes, 1,913. The total number of working days lost was 3,942,189. The previous record in working days lost was in 1911, when the record stood at 2,046,650 days lost. Classified by causes, 223 of the 298 strikes recorded involved wages. Twelve strikes involved union recognition. Altogether there were 16 sympathetic strikes. The record shows that 157 strikes terminated in favor of the employes and 88 in favor of the employers; 23 were compromise settlements and 30 indefinite.

Test Batteries With Potato.

If you are away from home and have to deal with a storage battery of which the polarity markings are obliterated, here is a simple test that will instantly reveal to you which is the positive and which the negative pole. It is given by *Windsor Crowell* in the *Popular Science Monthly*.

Get a fresh potato; cut a slice off one side and stick the terminal wires into the cut section, about an inch apart. The potato in contact with one wire begins to turn green. This is the positive pole, therefore the other is the negative.

Suppose you have no potato handy to make the test, proceed as follows: Pour a little of the electrolytic solution from the battery into a glass, place both wires in it, well apart, and watch the bubbles rise from them. Many more will rise from the negative side than from the positive.

A Dual Opposition.

The problem of the dual leadership of the Opposition in the Ontario Legislature is still unsolved. Ruling that the Opposition is composed of two distinct parties, each with a leader of its own, Hon. Nelson Parliament, Speaker, has refused to recognize H. H. Dewart as sole leader of the Opposition and has given as his decision that Messrs. Dewart and Ferguson are equally leaders. Whether under the ruling now given by the Speaker the salary of \$5,000 payable to the Opposition leader should be divided between the Liberal and Conservative leaders, remains a matter of conjecture.

Nearly all Japanese pearl divers are women.

The Profit Tax.

The Business Profits War Tax expired on January 1, 1920. During the four years the tax has been in force, it has provided the major share of receipts from war taxes. Including 1918—returns for which are not yet available—the estimated yield of the tax since its inception is in the neighborhood of one hundred million dollars. For the four years, the revenue has been:

1916-17	\$12,506,000
1917-18	21,271,000
1918-19	32,970,000
1919-20 (estimated)	30,000,000
Total	\$96,747,000

The tax was imposed on a sliding scale and designed to strike at big profits. From a rate of 25 per cent. on business profits between 7 and 15 per cent., the tax reaches as high as 75 per cent. on profits in excess of 25 per cent. Although, in view of war conditions, objection to the tax has not hitherto been made, manufacturers held that it hinders expansion of industries. In fact, in his last budget speech, Sir Thomas White took up this point. "Our business profits taxation," he said, "unless repealed as soon as war conditions terminate, must have an adverse influence upon the investment of money in business enterprise in Canada."

The Government's policy in regard to continuance or discontinuance of the tax is not likely to be announced before the budget speech. Then, if considered advisable (as has been done before) the tax can be renewed. The suggestion is made that, instead of renewing the business profits tax, the Government might make provision under the income tax for further taxation of corporations. In any event, there is evident need for revenue. Before the war, the great debt of the Dominion stood at \$336,000,000. It now stands at \$1,800,000,000. Immediately before the war, interest charges on the national debt were under thirteen million dollars. For the present year, they are estimated at \$115,000,000.

Not at Athens.

There will be no exhibit by Canadian manufacturers at the Athens Fair this year. It has been decided the notice was too short for anything but a Canadian Government exhibit, but arrangements are being made between the Government and the Canadian Manufacturers' Association for future exhibits to be made at short notice in connection with the Dominion's bid for European trade.
