NEW CALENDARS

W. F. Sarsfield Grocer, has issued a very artistic one, being a pretty engraving on a photo mount. It is an interior scene with a little child gazing through the open door at the swinging pendulum of the old Grandfather's clock.

Messrs. Wickwire & Cogswell Bar-risters, have the calendar of the Standard Life Association Co. of which they are local agents. It is a very neat and handy one, having a beautiful picture of the Queen on the cover and a vacant place opposite every date in the month for making notes of engagements, notes due etc.

A large calendar which makes a fine ornament for any room is issued by the Confederation Life Association one of the most progressive of the Canadian companies. Mr. T. R. Robertson of Kentville is the local agent. The calendar is in handsome colors with two flags partly unfurled one on each side of the Canadian shield, which is surmounted by a Beaver. All the shields of the various provinces are shown separately with our true emblem the maple leaf conspicuous.

The Royal Fire Insurance Co. have a record for handsome patriotic calendars. The one issued this year is up to the standard. It shows Britannia on her throne surrounded by flags and at her feet is the lioness Great Britain and her cubs, Canada, Australia and South Africa. H. G. Harris is local agent.

Messrs. Webster & Tufts have a very pretty calendar issued by the Norwich Union Fire Ins. Co., for which they are local agents. The calendar is small and made to stand on the desk where it will always be at hand.

The Commercial Union is another attractive calendar handed us by Messrs. Roscoe & Dunlop local agents for this well known and reliable company.

ENGLISH APPLE MARKET

J. O. Sims of London, writes as follows Dec. 12th:
During the past week the market has been practically bare, with the result that prices have advanced considerably, the better lots of all favored varieties being 3s to 5s per barrel dearer than they were last week.
The S. S. Dabome is expected to dock tonight. Her apples will be quickly marketed during the early part of next week, in fact, I have already sold many parcels consigned to me on this boat, at much advanced rates, which I am certain will give senders the best of satisfaction.
The Annapolis boat is not due until the end of next week, this is a great pity. She will arrive, I am much afraid, too late for her fruit to catch the Christmas trade. Buyers operations will be on a very small scale for fully a week to 10 days after the holidays, and that fact is not at all encouraging. However, it is my firm impression that owing to recent limited supplies, there will be a satisfactory outlet for fruit ex this steamer, if landed in sound condition. This remains to be seen.
My advice to all friends is to ship steadily by each steamer. Do not hold your Rossets back too late; they should be shipped during January 1901. Do not ship Nonparels before the latter part of February. Hold back any good Ben Davis or other hard coloured apples until March. Be very careful however that the varieties you hold are sound and good when you are shipping. I learn from a good authority that Nova Scotia apples have not got their usual keeping quality this season. This was also the case with our fruit this season as I told you in my last circular. Let all ordinary kinds come forward steadily by each steamer as above advised.

AVONPORT

Miss Effie Huntly is home for a few weeks vacation.
The skating has been very good here, and many were enjoying it.

Miss Ethel Terry and Winnie Walsh are spending a few days at Kentville.
Miss Edith Brison was a guest over Christmas at Mr. Henry Davidson's.
Mr. George N. Borden is spending a few weeks at Sackville, N. B.
The twentieth century will open on Tuesday and close on Sunday. It will have the greatest number of leap years possible—twenty-four. The year 1904 will be the first one, then every fourth year after that, to and including the year 2000. February will have five Sundays three times, in 1920, 1948 and 1976.

PRESENTATION

Of the many Christmas presents going the rounds, the best one that has been our privilege to see is that presented to Miss Mary Davison. The gift, or present, is from the members of the Baptist Church as a token of their appreciation of Miss Davison's services in manipulating the Pipe Organ in their church. It is a Piano Lamp on stand, all brass, a beauty, and must have cost near twenty dollars. Miss Davison appreciates the present, and is very thankful to her church friends for the kind remembrance.

A few years ago a Protestant dropped into a Catholic church not a hundred miles from Antigonish, during the Christmas Mass. He was secretly a professing Christian at all, but he heard the preacher say: "The man who gets drunk on Christmas Day is a pagan, not a Christian." He went out, and to the great surprise of his friends with every opportunity of indulging in his besetting sin, he was sober on Christmas Day for the first time in many years. Now what sort of stuff are some Catholics made of, when on appeal which left such an impression on that stranger to the faith makes so little impression on them?—Antigonish Casket.

America was discovered by the Chinese first, then by the Norsemen, finally by Columbus. As "Phil" Welch says in his history of America: "Columbus was the first person with business sagacity to make anything out of the discovery."

Didn't that song fairly carry you away? said Mrs. Cumso to her husband as the soloist resumed her seat. Indeed it didn't, was Mr. Cumso's reply. If it had I would not have come back again.

Consumption

is destruction of lung by a growing germ, precisely as mouldy cheese is destruction of cheese by a growing germ.
If you kill the germ, you stop the consumption. You can or can't, according to when you begin.
Take Scott's Emulsion of Cod Liver Oil: take a little at first.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you. When you are strong again, have recovered your strength—the germs are dead; you have killed them.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

Will "go" until she drops, and think she's doing rather a fine thing. Very often the future shows her that she was laying the foundation for years of unhappiness. The city will provide a Christmas dinner for a couple of youths who have been pelting ladies and gentlemen on the street with snowballs.

Two-dollar counterfeit Dominion bills are in the city.

From 75 to 100 cases of measles are reported in Fairville.

The Coldbrook rolling mill was destroyed by fire last Wednesday night and 80 men are out of employment. Loss about \$50,000; insurance \$25,000.

Grip is again prevalent in Boston and a few cases have been reported in this city. It is a disease that is guarded against by ordinary prudence.

Last Saturday your correspondent read in a morning paper that "a fire broke out in a house about a mile from the city and totally destroyed it." Then he got into his chariot and started out to inspect his property. He travelled "about a mile" on every road leading out of the city and all of his buildings unscathed. Then he learned that there had not been any fire at all.

Robert Roberts a well known wharf builder of the North End, died last Saturday, aged 67 years.

"Uncle Jim Thompson" of Golden Grove, died last Wednesday aged 87 years. He was a colored man of the Uncle Tom type.

Two marriages, 23 births and 7 deaths were reported in the city last week.

Capt. W. E. Dixon of this city, who was lately wrecked on the schooner Carleton, has been wrecked again. Arriving home a week ago he found his wife had eloped with Hedley Barbour, a young married man of this city. He traced them to Grand Falls where he caused Barbour to be arrested and relieved his wife. Mrs. Dixon has returned home with the captain and Barbour is at liberty.

Each of the fifty or sixty employees of the Gazette who had ovens in which to cook them were remembered by Proprietor Bowers with a turkey on Christmas eve: the others got an equivalent.

The inmates of the almshouse, the hospital and the lunatic asylum were generously remembered on Christmas day.

Two men and two women were arrested last Wednesday night for fighting in a house on Brussels street. Every article in the house, including the stove and lamps had been demolished.

Two disorderly women were sentenced last Friday to 12 months in jail. The magistrate's fun is rather expensive to the tax payers.

Nine marriages, twenty-seven births and twelve deaths were recorded in the city last week.

There have been very few changes in the markets during the last week. The tea markets abroad are firm for good goods while common teas are in large supply and prices are 1 to 1 1/2 cent per pound lower, and are in active demand. Staple groceries are quoted to-day as follows:

He's Guessing Yet

Ye! Poet—Would that my me might soar aloft and, cleaving the empyrean blue, fine words to sing the glorious glory of your hair of burnished gold!

Ye Maiden (Titan haired, but prosaic)—That sounds very pretty. Mr. Scribbler, but do you know the difference between your poems and my hair?

Ye Poet—Ah, a conundrum! I give it up. What is the difference, oh, fairest of your sex?

Ye Maiden—Well, my hair's read.

Constipated Bowels.

Constipation, or inactivity of the bowels, is probably the cause of more distress and suffering than any other organic derangement. Once the bowels are constipated, the kidneys become clogged, the liver torpid, and the stomach and whole digestive system completely interfered with.

The head aches, there is dizziness, weakness and dimness of vision, pains in the back, sides and limbs, the accumulation of wind and gas on the stomach, pains and fullness in the region of the stomach, and depression and despondency of spirits.

Constipation can never be cured by the use of salts and similar weakening and debilitating purgatives. Dr. Chase's Kidney-Liver Pills not only cause the natural action of the bowels, but so strengthen and invigorate them as to enable them to regularly perform their functions without the aid of medicines. One pill a dose, 25 cents a box, at all dealers.

A German Club

In Elberfeld a friendly society has been started among the old and worn-out soldiers and prisoners, entitled the Distelbeck Club. The first paragraph of its printed rules is as follows:

Object of the association: The burial of its members.

We don't seem as if we cared to read any more.—Damen Journal.

Duncan is a golf enthusiast, isn't he?

I think so; he declares he can't play a game of checkers without his golf clothes on.—Chicago Record.

Enormous Sale. Many Imitations.

Dr. A. W. Chase's Nerve Food has come into popularity by leaps and bounds, until now the sales are enormous, far surpassing those of any nerve restorative or blood-builder. As a consequence of this phenomenal success there have sprung up many imitations that relieve by deadening the nerves, but which can never really cure and are positively harmful and dangerous to the system. As you value your life and health beware of these worthless imitations, and refuse all substitutes which are said to be "just as good."

Imitators do not dare to reproduce the portrait and signature of Dr. A. W. Chase, which are found on every box of his genuine remedies.

SCHOOL CONCERT

The Concert, given in Churchill's Hall on Friday evening Dec. 21st, by the pupils of the Hantsport schools was well attended and the sum of forty dollars was realized, which after the deduction of expenses will go toward the purchase of a school building. The teachers desire through the medium of The Advance to express their warmest thanks to all those who assisted in making the concert a success. To Mrs. Andrew Davison who is always ready to lend her valuable services for the good of the school. To Mrs. Melcom for the use of her piano. To E. Churchill & Sons for their gift of five dollars. And to all others who by their gifts and good will lightened the burden of the teachers on this occasion.

The teachers also desire to express their very high appreciation of the beautiful gifts bestowed upon them at the Christmas season by their pupils. These kind remembrances are treasured by the teachers much more highly than can be imagined by the pupil. We take this opportunity of thanking the pupils because the natural confusion caused by so many children clustered around the Christmas tree at the late hour of that evening prevented a proper expression on that occasion.

In another month the town will be called upon to elect a Mayor and three Councillors. As yet no one has been suggested for the different offices. Mayor Yould has carried through the work of the year in a business way. The Councillors who retire are all good men, viz. P. E. Lloyd, John Redden and E. B. Cogswell. Let the citizens consider now who shall be elected to office.

The Rosalyn Castle with our brave Canadian troops is nesting the shores of Nova Scotia and is expected by Sunday or Monday. But a few days are left to make preparations for a celebration to our Kings County boys. As yet we do not know who are on board but we hope the steamer will contain Lieut. Ryan, Corporal Hubbard, Trooper McCaffery and Pawsey, Rev. W. Cox etc.

The Pastime Club are arranging for a grand reception on their part and the citizens of Kentville should do all possible to assist. Let us have a brilliant display of flags and colors on the day of their arrival and a good half holiday also. Let us do our share by showing how we love them for their loyalty and brave deeds.

TOWN COUNCIL

The monthly meeting of the Kentville Town Council was held on Wednesday night. Present the Mayor, Recorder and Councillors Harrington, Yould, Redden, McDougall, Lloyd, Cogswell.

Minutes of regular and a special meeting were adopted.

Councillor McDougall moved, seconded by Councillor Redden that motion passed at last regular meeting in respect to proposed plan for change in maintenance of streets and water system be now reconsidered.

Councillor Cogswell asked for the views of those who were asking for reconsideration and the mover gave his reasons. The motion was put and carried.

A discussion then arose on the original motion in which about all participated. Councillor Redden suggested that this radical change be left for the consideration of the new council. Councillor Yould supported this and Councillor Cogswell could not see any force in such a contention.

An amendment was made and carried that the matter be submitted to the street committee to make report of cost and report at special meeting, 16 inst. The following bills were read and ordered paid.

J. D. Moore,	\$14.50
E. M. Davis,	1.25
deWolfe & Lamont,	1.03
Township of Horton,	29.58
Howard Ward,	3.00
G. E. Calkin,	7.00
J. W. Margeson,	2.00
Horton Poor Farm,	29.00

Balance of Margeson's bill was referred back to committee.

Tenders read for Mayor's report and notice assessment roll were read. On motion resolved that lowest tender of "Advertiser" be accepted.

Councillor Yould was chosen presiding officer and town clerk the poll clerk for ensuing election and resolved that each receive \$2 for the above duties.

Council then adjourned.

Good Prices for Apples

Mr. Robert Harrington of this town sent ten barrels of Kings to J. O. Sims, London, on steamer Dabome which sold for 19 shillings. The ten barrels cleared £6-14-3, which gave Mr. Harrington \$3.25 per barrel over all expenses. This is the best returns we have yet heard of.

In a recent despatch from Dundee, Natal we learn that the 2nd Battalion Kings Own Royal Lancaster Regiment met with a severe attack from the Boers on Christmas day at Vryheid. The British outposts were fired upon and driven back. Lieut. Gawne who was in command was mortally wounded and died the next day. After hard fighting the Boers were driven back. Lieut. Beverley Webster son of Mr. Barclay Webster of this town is with the above regiment and by the reports is seeing some sharp fighting.

KINGS COUNTY BOARD OF TRADE

The annual meeting of this Board will be held in the Court House, Kentville on Wednesday afternoon Jan. 9, at 2 o'clock, immediately after the session of the County Council. All the councillors are particularly requested to be present. Subjects of special interest to them, and the county at large, are to be brought up.

The address of the president, P. Innis Esq., always contains good material for consideration and discussion. Mr. John Woodworth, Editor of the Berwick Register will give a paper on Taxation Reform. He has given much attention to this subject and a very able presentation of it will be anticipated. Other reforms are very necessary. A resolution will be submitted endorsing the resolution of the Maritime Board of Trade to the effect that it is desirable for roads in large districts, such as Wards or Counties to be under the supervision of competent engineers.

The railway and steamboat transportation of our fruit will be another subject which will command the earnest attention of our farmers. This subject was the most prominent one before the recent Fruit Growers' Association of Ontario. If the fruit growers of this county are to get fair dealings in this matter they must speak as an interested and united body and they will get it. It is fitting that the banner county of the province should take the initiative in these reforms.

Kings has the only County Board of Trade, except one recently formed in Ontario, that there is in Canada. This organization is just the one to handle these questions. It has already made its influence felt in a marked way. Let every farmer and business man who takes a part of interest in the improvement of this county be present on Wednesday next.

S. E. Whiston, who during the past twenty-five years conducted various schools of business and stenography in the city of Halifax, has retired from business having on Dec. 31st sold to Messrs. Knulback & Schurman his entire interest in the institution conducted by him. Messrs. Knulback & Schurman will continue classes in both colleges until such a time as they can amalgamate the work of the two institutions. We feel assured that success will follow the efforts of these hustling young men as it has in their own institution, the Maritime Business College, and wish Mr. Whiston many years of health to enjoy his well earned rest after a long and useful career in educational work.

British Army Stallions for Canada

The first consignment of stallions selected and purchased in England for the purpose of breeding the proper class of cavalry horses for the British army from native Canadian mares will sail from Liverpool on January 8, and will probably arrive in Canada about the 17th or 18th. The stallions have been selected by Major H. F. Dent, remount department of the British war office. It is understood that the horses were purchased chiefly in the county of Norfolk and that they will be offered for sale.

Troopers E. R. Miller and E. A. Sanford of the Canadian Mounted Rifles were guests of Mrs. Andrews Berwick last week. They had come to see their old comrade Trooper Snyder who returned from Africa last week. Miss Innis of Dartmouth was also a guest of Mrs. Andrews at the same time.

A new tailoring establishment is soon to be opened in the T. L. Dodge store.

A FAMOUS OLD STORE

From Canadian Grocer

Situated at one of the corners of two of the principal streets in the pretty little town of Kentville, N. S., is a quaint and old-fashioned building that is known in that part of the country as the Red Store.

The building was erected and occupied as a general store away back in 1828, by Mr. J. E. deWolfe, who therein carried on business for about 50 years, during several of the latter years having his son, Mr. M. G. deWolfe associated with him. Mr. M. G. deWolfe is well known to the readers of the Canadian Grocer as last year's president of the Board of Trade of the Maritime Provinces. After the death of the founder the business was carried on by Mr. M. G. deWolfe.

In 1895 Mr. R. H. Lamont bought the business, and Mr. M. G. deWolfe, retaining the book debts of the old firm, moved his office to the Town Hall building. After one year, M. G. deWolfe bought both a half interest in the business and formed a co-partnership with Mr. Lamont, with the agreement that Mr. Lamont was to take full management. At the end of 1900 Mr. Lamont takes over the whole business and Mr. deWolfe retires from active business life.

The history of the Red Store from the inception to the present would read like a romance. At the date of building only one other store was in the village. Now, the town of Kentville can boast of a number of up-to-date business houses.

The Red Store remains to-day as when built in 1828. A large warehouse was attached some years ago to accommodate the heavy floor and feed business.

Over 70 years is a good record for a firm, and the old Red Store is a monument to the founders of this business.

It was laid down by the founder that commercial men, "Knights of the Gripe," should always be received in the most kindly spirit. And this is the rule of the house to-day.

they have been catering to, their
show, has met with the approval of
the public. Mr. J. C. Campbell,
Canada's favorite comedian is with
them while introducing his Irish,
Blackface, Rube, Silly, Kid, Dutch
and Eccentric specialties in a whole
show in itself. Tressa Smith (Mrs.
Campbell) author of a number of
recognized dramas and sketches is
assisted by the balance of the com-
pany in introducing some of them.
Prof. Hermann entertains by intro-
ducing some of his World Famed
Uncle's high class conjuring. Master
Edison a child 38 months old, is a
feature with the show. His graceful
cake walking and safety rag time
songs create a wonderful sensation.

The Christmas concert given by
the scholars of the Kentville Baptist
church last Sunday evening was well
attended and everything went off
smoothly. The pulpit was tastefully
decorated. Running from the chan-
delier over the choir to the side
walls were two strings of evergreens
with the motto "Herald Angels,"
suspended. The scholars entered
the church by the side doors leading
to the choir. Marching down the
side aisles in single file they met at
the centre aisle where a double
column was formed and marched to
their seats. The marching was well
done and the singing of the scholars
was good. Each one performed their
respective parts with much skill
which reflected credit on those who
had the patience to drill them. The
solo singing by the Misses Toye and
Publicover was excellent. The rec-
itation of Miss Walsh was perfect and
would have brought an encore had it
been another night but Sunday. The
whole was carried out in a very
creditable manner.

Yarmouth Tragedy

Yarmouth, December 26—Five young men—John Higby, George Gaudet, Frank Ryan, Charles Sherman and Charles Purdy, rowed across to Bayview park on the opposite side of the harbor early Christmas morning for a day's duck shooting. Along in the afternoon about 3 o'clock the first three named took up their position behind what is known as the "Northern Peak" the ridge of which forms a natural blind and the other two rowed across to the opposite side of the inlet. One of the latter finally got a shot at some ducks and the other three got ready to fire when those birds, scared up by the shots, should pass over them. They were crouching close together in a row when Gaudet, whose hands were cold went to rock his piece, the hammer wasn't drawn far enough back and exploded the charge which passed beneath Ryan's arm and struck Higby, who was only four paces away, in the right side tearing a deep hole in his liver six inches in diameter. He turned and said "Boys, I'm dying," and fell ever against the ledge. His body was emptied of blood almost instantly through the gaping wound. The men had been drinking but declare they were all sober. An inquest was held by Coroner Perrin this afternoon and the jury returned a verdict of accidental shooting. The deceased was 27 years of age and leaves a widow and one child.

Queen Wilhelmina never touches any alcoholic liquor, differing therein from her father and her predecessor on the throne, who was one of the greatest drunkards of his day. The most costly wines figure on the tables at all dinners and state banquets but neither Queen Wilhelmina nor her mother, Queen Emma, ever partake. The ladies and gentlemen of the Dutch court have discovered that the surest road to the favor of the young sovereign is to follow her example. Many of them have become converted to her views on the subject of drink, which is only right to confess is one of the curses of Holland.

The Queen has succeeded in bringing her future husband to share her ideas about the matter, and the news has created something much akin to a sensation at Berlin and Potsdam, among his former regimental comrades drinkers of the corps of young officers.

People there seem to differ as to whether it is policy, love or principle that has brought about this conversion to the cause of temperance.

Wars Are Unsightly

That is the reason no one is clamoring for a few more wars—make them fashionable and a remedy to grow wars would quickly be made a financial success. Yes, Putnam's Corn and Wart Extractor removes them, works quickly and without pain—any druggist will tell you more about this remedy.

WORLD WIDE

A Weekly Reprint of Articles from Leading Journals and Reviews Reflecting the Current Thought of Both Hemispheres.

As many of the ablest writers are now engaged in journalism, much writing of the highest quality in matter and style is fugitive, seen only by the readers of each particular newspaper, and by them often lost before it is read. Much of such writing is only of local and very transient import, but much of more permanent and world wide interest. It is proposed to fill the pages of World Wide with articles and extracts of this latter class, with occasional selections from notable books and scenes from striking stories. An effort will be made to select the articles each week so that due proportion will be given to the various fields of human interest—to the shifting scenes of the world's great drama, to letters and science and beautiful things.

It was at first intended to publish World Wide upon fine paper at a higher cost, but recalling the long list of elegant publications which in the past have been started in Canada, only to fail, and reflecting that good taste in literature does not always imply the means to pay for costly journals, and the people of taste can be relied upon to appreciate literary excellence on the plainest sheet, it has been decided to offer World Wide at the lowest possible price, in order to give all who desire good reading an equal opportunity.

Published weekly. Sixteen pages. Two cents.

BOSTON MARKET REPORT

Potatoes are steady and firm with fairly liberal receipts. Aroostook Green Mountains, extra at 78 to 75 cents, fair to good 68 to 70 cents. Hebrons extra 70 cents and fair to good 65 to 68 cents. Dakota Red 55 to 60 cents. York State white 60 to 63 cents for round and 58 to 60 cents for long. Sweets in small demand at \$1.50 to \$2 for Jersey double head barrels, but must be extra to bring over \$1.75. Virginia yellow \$1 to \$1.25 a barrel.

The hay market is very firm, and some fancy hay is bringing \$19 a ton here, but prime to choice is generally held at \$18 to \$18.50. No. 1 at \$17 to \$18, No. 2 at \$16 to \$17, and No. 3 at \$14 to \$15, with fine choice and clover mixed the same. Clover steady at \$14, and swale dull at \$8 to \$9. Rye straw is in good demand, and prime to fancy brings \$16 to \$17, tangled rye \$11 to \$12, and oats \$9 to \$9.50. Receipts last week were 336 cars of hay and 30 cars of straw, being a little more than last week, but not more than enough to keep up with the increased demand, or not enough to relieve the fears that some have of a short supply if there should be a snow storm to block the railroads.

Maynard & Child received the following cable from the Liverpool apple market, Dec. 17: "Steamer Norseman, Corinthia and New England selling; 22,000 barrels sold; demand not so active and prices have declined 1s. to 1s. 6d. all round; many arrived in poor condition through fruit being too ripe; fancy Baldwins, \$3.36 to \$4.08; No. 1 Baldwins, \$2.88 to \$3.26; No. 2 Baldwins, \$2.16 to \$2.76."

Chester R. Lawrence, Fanenil Hall Market has the following dispatch from Liverpool, Dec. 19: "The apple market continues active, Baldwins \$2.64 to \$4.20." Shipments may be resumed with confidence after Christmas.

A letter received by C. R. Lawrence, Fanenil Hall Market, from Liverpool, under date of Dec. 8, says prices not as firm as on Dec. 5. Maine fruit hardly up to the mark, and Canadian generally disappointing. Kings and Greenings very much off, the former tender, and the latter badly scalded or discolored. Newtowns doing better, but limited demand for California Pippins. The receipts from Aug. 12 to Dec. 1 at Liverpool were 424,203 barrels, 26,855 boxes. The same date last year 368,972 barrels.

There is intense interest among many as to the merits of the horse "Fred Slipp" owned by "Mort" Thomas and others and "Belnut" owned by S. W. Bligh. The latter is willing it is said to pull off a race at a suitable time. As there is considerable local jealousy the Kentville track owners would find it a drawing card for the early spring races.

There has been for some time, in existence in the Upper Provinces, an association which had for its purpose the preventing, if possible, the spread of the disease contagion which is now considered contagious. The members also wished to find the most healthy spot so as to have a sanitarium for those so afflicted. Three places were talked of Berwick, N. S., Woodstock, N. Xmas day has passed, the New Century has begun. The grim old winter will soon be over—the days are slowly lengthening and the two most trying months in the year are gone. This makes us cheerful even though each month gone means that much less time for us to live.

Canning means to organize a brass band. Bravo Canning! We wish you every success. We understand that all the members of the band are to adhere to temperance at least when performing in the band. That's right boys—and is a step in the right direction. We would not wish the boys of our town to merit the name which so many of our Provincial town band boys merit. Start out with staunch resolutions and a determination to make the band a success and you'll win boys. There is no town the size of Canning which holds more musical talent. We believe our good hearted citizens have already contributed a large sum to help along in the enterprise.
