\$1.50, payable in advance.

## Ken-Wo Country Club Visited

### Finest Golf Course East of Montreal

Through the courtesy of Mr. J. E. Hales, a representative of THE ACADIAN motored to New Minas on Tuesday and had the pleasure of a trip over the Ken-Wo Country Club Golf Course. The club, which derives the name from Kentville and Wolfville jointly, has been organized to promote golf, tennis, and other sports. The property, situated on the main road midway between the two towns, was formerly the southern part of the late C. Henry Turner's property, and was purchased from Mrs. E. Le Roi Willis. It approximates 225 acres, comprising timber and pasture land. The ground is admirably adapted to the purpose, being of an undulating character and yet free from any steep or excessive climbs.

We were shown over the course by Mr. Arthur Boswell of England, who is superintending the work. Mr. Boswell is a competent golf architect, having been intensely interested in this work since he was ten years of age. He holds the record for the longest driver in the world, having won the world competition in golf three times: in 1908, 403 yards on the roll; in 1910, 397 1/2 yards on the roll; and in 1900, 282 yards on the carry. He has laid out courses in Canada, United States, Australia and South Africa, this being his 104th course. He is therefore competent to judge, and knows whereof he speaks when he says this is by far the best course east of Montreal. Mr. Boswell served in the Australian Army five years during the world war, being one of the prisoners who escaped from the Turks. The Ken-Wo Club is indeed fortunate in securing his expert services.

Walking down the fine winding driveway, we came to a lovely knoll, with a picturesque background of spruce and birch trees, and faced a panorama of beauty hard to excel. This we were in

house, just below and a little to the west is the tennis courts site—of which there will be four. We then proceeded back over the course from hole 9, visiting each green. The eighth hole is called 'Boswell's Special, which the architect says, with pardonable pride, is the finest in the Dominion. The seventh green will have two water hazards. The fifth green is noted for its loveliness, looking up a deep canyon. The start of the course is a picturesque hole to the players, and one which has received much attention. There will be five blind holes on the course. Green No. 1 and 2 have been seeded, and the work is progressing well.

Taking the course altogether, it is one of the loveliest bits of scenery imaginable, and the Ken-Wo Club has every reason to be enthusiastic over acquiring this fine and very valuable property. In 1923 it is proposed to have a Canadian Open, when visitors will be given a revelation of the wonderful scenery of the Valley, and a demonstration of what can be accomplished by united effort on the part of a live organization.

The officers of the club are as follows: Hon. President: Lady Townshend, Wolfville.

President: George E. Graham, Kentville.

Vice-President: W. C. B. Harris, Wolfville.

Treasurer: G. W. Munro, Wolfville.

Secretary: Mrs. H. D. Johnson.

Directors: J. R. Murphy, Capt. Holland, Geo. C. Roy, Kentville; J. E. Hales, P. Halsey, Wolfville.

A representative of THE ACADIAN paid a visit to the waterfront yesterday. One schooner only was in port and it was unloading coal at R. E. Harris & Sons' wharf. The above firm have spent a considerable sum in repairing their wharf which is now in splendid condition. The wharf has been greatly enlarged and built very strongly. The old part has been filled in with brush and rock so that it makes a solid mass, and the wharf is so built that it will be impossible for the tide to carry away any of this material. An up-to-date coal shed had been built on the wharf and unloading is done by means of a gasoline engine. It is the intention to install an electric motor in the near future. The coal is carried into the shed by means of a truck and dumped into the various bins. The shed has a storage capacity of upwards of one thousand tons.

Canada is as large as thirty-three Italy.

## Acadia Defeats Wanderers

### In Closely Contested Game of Football

The Acadia fifteen won from the Halifax Wanderers in Saturday's game by a score of 3 to 0. Neither the Acadians nor the Wanderers played their strongest combination, but the game was a very close and exciting one, and no score was made until late in the second half. Dr. DeWolfe refereed the game. The game opened when McLeod, for Acadia, kicked off in the face of a strong breeze. A well aimed punt by Johnson was returned by Edwards, and a long series of scrimmages ensued on the Acadia twenty-five yard line, in which the College men only slightly excelled but Corey eventually got the ball into the centre line, where the Wanderers resisted stubbornly. Pressure on the Wanderers goal line was eventually relieved by touching down. This was followed by good work on the part of the Red and Black forwards who forced the ball back into the home territory. Johnson improved Acadia's position with a corkscrew dash, but the Wanderers' tackling was wonderfully good and did not let them get away with much. Just before half-time one of the players was slightly injured, causing a brief stoppage. Half-time arrived with no score.

After the resumption of the play Acadia had the advantage of the wind and kept the Wanderers on the defensive practically throughout the rest of the game, the visitors hardly getting beyond centre more than two or three times. A penalty awarded against them on their own twenty-five yard line was almost converted into a goal for the home team by Beardsley. Shortly after this Johnson ploughed his way over the line, in the corner, making the first and only score. Beardsley again failed to convert. The remainder of the game was a continual scrimmage near the Wanderers' line, but their defense

struggle, Acadia one try, Wanderers nil.

The visiting halves and quarters tackled well, but had no chance to show their speed. The College band furnished lively music during the game.

The players were:

| WANDERERS. |          | ACADIA.   |           |
|------------|----------|-----------|-----------|
| Full Back. |          | Corey.    |           |
| Halves.    |          | Halves.   |           |
| McLeod     | Johnson  | Arthur    | Porter    |
| Lane       | Clark    | Sutcliffe | Beardsley |
| Quarters.  |          | Quarters. |           |
| McCoy      | Robinson | DeYoung   | Anthony   |
| Schwartz   | Grimmer  | Forwards. |           |
| Studd      | McDonald | Young     | Schwartz  |
| Wigmore    | Wetmore  | Simpson   | McLeod    |
| Monaghan   | Fleming  | Briggs    | Atkinson  |
| Schwartz   | Atkinson |           |           |

After the game the Acadia students, headed by the band, paraded down Main street and returned in funeral procession, bearing the corpse of the vanquished team.

Minard's Liniment for Burns, Etc.

## Nova Scotia's Vote

### Shows Overwhelming Majority in Favor of Keeping Out "Booze"

Monday was an ideal day for getting out a big vote and the result from all over the province shows that temperance people were active and that they had the support of the people generally in the effort to rid Nova Scotia of the liquor traffic.

Figures at hand indicate a majority against allowing the importation of intoxicants of upwards of 50,000, of which Kings county contributed over 5,000.

Wolfville did her share in the good work and our town has no reason to be ashamed of the result. Much good work was done and a large proportion of the votes were polled.

Unlike other elections there was no demonstrations when the result was announced. In Wolfville the day was a busy one and splendid assistance was given by citizens in the work of getting voters to the polls.

The vote in Kings Co. by polling districts was as follows:

| P.D.        | Place           | Yes   | No  |
|-------------|-----------------|-------|-----|
| 1           | Sheffield Mills | 194   | 31  |
| 2           | Canning         | 203   | 26  |
| 3           | Kingsport       | 117   | 18  |
| 4           | Scotts Bay      | 130   | 10  |
| 5           | Canard          | 186   | 10  |
| 6           | Port Williams   | 299   | 49  |
| 7           | Centerville     | —     | —   |
| 8           | Upper Dyke      | 404   | 86  |
| 9           | Lakeville       | —     | —   |
| 10          | Brooklyn St.    | 236   | 34  |
| 11          | Somerlet        | 298   | 15  |
| 12 & 12 1/2 | Kentville       | 460   | 183 |
| 13          | Canaan          | 118   | 32  |
| 14          | Gaspereau       | 225   | 12  |
| 15          | Grand Pre       | 217   | 37  |
| 16 & 16 1/2 | Wolfville       | 659   | 106 |
| 17          | Avonport        | 157   | 14  |
| 18          | Lockhartville   | 136   | 14  |
| 19          | Millville       | —     | —   |
| 20          | Greenwood       | 172   | 23  |
| 21          | Kingston        | —     | —   |
| 22          | Delaware        | —     | —   |
| 24          | North Kingston  | 129   | —   |
| 25          | Cambridge       | 234   | 65  |
| 26          | Berwick         | 456   | 29  |
| 27 & 28     | Harborville     | 132   | 23  |
|             |                 | 6,042 | 892 |

## THANKS!

To the Editor of THE ACADIAN:—

Dear Sir,—As secretary for the County Social Service Organization in Ward 8, I would like through the columns of your paper to thank all the willing workers who labored so earnestly and faithfully on Monday the 25th, thus materially assisting in securing the splendid majority of over five thousand for Kings County in the Referendum vote of Monday the 25th. I would specify those who acted as scrutineers in the polling booths and outside, also those who unflinchingly used their autos and teams, and all who in any way assisted in achieving such a magnificent victory for prohibition.

Yours truly,  
W. H. WATTS

King Alexander of Greece died on Monday evening. His death was due to wounds which he had received in an attack on him by a pet monkey early in October, the King being badly mutilated.

## Civic Club Lecture

### Hear Rev. Dr. MacDonald on Citizenship

On Friday evening of next week, Rev. Dr. MacDonald will deliver the first lecture in the course arranged by the Civic Club for the coming Winter. The lecture will be given in the Council Chamber and every citizen is urged to be present. Dr. MacDonald's subject will be "Some Fundamental Principles of Citizenship", and it is needless to predict that the lecture will be an interesting and valuable one. Every citizen should keep the date open and make a point of being present at the Council Chamber next Friday evening. The lecture was to have been delivered this evening but was postponed on account of the "faculty recital".

## FOOTBALL NOTES

A game of football was played on the College campus Wednesday afternoon between the Academy team and Kings Collegiate School. The Acadia boys easily outplayed the Windsor boys and won by the score of 13 to 0. Dr. DeWolfe acted as referee.

The Kings College football team went on a trip to New Brunswick last week. On Friday they played the Mt. Allison team and the game resulted in a draw, neither team being able to score. On Saturday the Kings men went down to defeat before the Moncton team by the score of 16 to 0. From there they went to Fredericton where they played the University of New Brunswick boys on Monday. This game resulted in a win for U.N.B. by the close score of 6 to 3.

The first game in the Eastern Inter-collegiate Football League was played at Halifax on Wednesday when Dalhousie defeated the St. Francis Xavier team by the score of 5 to 0.

The first game in the Western League will be played to-day at Sackville between Mt. Allison and U. N. B.

Since the Wanderers game the Acadia boys have been practicing and are doing all that is possible to get into the best of shape for the big game in Fredericton, Nov. 3. There are still a number of men on the "retired" list for the time being, but are rapidly getting into shape and will all be out for the last three practices. Parker is already back in his place at full.

## A WORD TO THE WISDOM

Considering the phenomenally dry summer, and in fact the whole season, it ought not to be necessary to caution citizens against the waste of town water and to ask that all reasonable means be taken to conserve the supply. Thanks to our excellent source of pure water Wolfville people have had plenty for every need at a time when in many sections a very decided shortage has existed. However, it is just as well for citizens to understand that with the possibility of a continuance of present conditions there is no water to waste, and it will be the sensible thing for every citizen to endeavor as far as possible to be reasonably economical. There has been practically no rain during the whole season and it will require a prolonged downfall to make any appreciable effect upon the water supply of the country. A word to the wise ought to be sufficient.

## An Interesting Report

### To the Executive of the Kings County Boys Work Association

Sirs:—At the last meeting of this Executive I reported the progress of the work up to the end of Dec. 1919. From that time up to July 1st, 1920 we may be said to have been marking time.

Regular monthly meetings were held in Kentville and Wolfville and a number of "hikes" and "excursions" were held throughout the winter and spring. The Kentville boys paid several visits to Wolfville and played games of hockey, basketball, etc. This has done much to keep up interest in the movement and stimulate a feeling of friendly rivalry; but more especially has it served to promote our slogan "Clean Speech, Clean Sport, Clean Habits."

The older boys of Kentville, Canning and Wolfville continued the baseball league and played an interesting series of games.

Early in July a field day was held at Wolfville in which boys events took an important place; due to insufficient time for organization the number of boys taking part was not large; but the interest was keen and showed what can be done next year. The Scout events were won by Wolfville and the Athletic events by Russel Whitman, a Hantsport Scout, who carried off the handsome cup presented last year by this association.

During the latter part of July visits were made to Berwick, Waterville and Canning with the object of having some of the boys from these places attend camp. The Scout organization in these places had been allowed to languish due to insufficient time on the part of the leaders to "carry on"; but the boys were found as keen as ever.

The first part of August was devoted to arranging for the County Camp at Sunken Lake. Three acres along the north shore of the lake have been purchased by the Wolfville Association. The money for this purpose was given by Dr. M. C. Smith, of Lynn, Mass. Boats and other equipment had to be moved from the

expeditiously and without expense. A large marquee and 3 bell tents were borrowed from Halifax and these together with the tents owned by the Wolfville boys furnished ample accommodation.

From Aug. 16th to 23rd we had a few of the Wolfville Scouts at work cleaning out places for the tents and otherwise getting things ready for the large camp which opened on Monday, Aug. 23rd. On that date 75 boys and leaders were in attendance. With the exception of Kentville, where a cadet camp was being held, the county was well represented. Without doubt this was by far the most successful camp that we have ever held. There were no accidents, sickness or trouble of any kind. The camp site is ideal and when properly cleared up and equipped will be equal to anything in Canada.

The cost to each boy for the week (Monday to Monday) was \$5.00 which left a total deficit of only \$5.06 as follows:—

|                |          |
|----------------|----------|
| Total Receipts | \$352 74 |
| Total Bills    | \$355 60 |
| Goods Returned | 9 20     |
|                | 346 40   |
| Prizes         | 11 40    |
|                | 357 80   |
| Debit Balance  | \$5 06   |

It is probable that next year the camp will be much larger and to accommodate such a number it will be absolutely necessary to erect a building and arrange for proper cooking facilities.

Features of this year's camp were the guide from Queens Co. and the handsome Chestnut canoe furnished by Mr. Ralph P. Bell, of Halifax. Mr. Bell has already engaged the guide for next year.

From Aug. 30th to Sept. 6th the newly organized Girl Guides of Wolfville attended camp and seemed to enjoy themselves as well as the boys.

We hope that this splendid organization may be extended throughout the county.

Since camp regular meetings have been held at Kentville, Wolfville, South Berwick, Waterville and Port Williams and the boys at Canning are now meeting under Principal Paul, who was himself a Scout at Springhill.

The great drawback thus far to the work has been the lack of men to act as leaders and some plan in which the boys can meet to carry on their Scout work and play group games, etc. This is now being largely overcome. The Scouts at Kentville under Rev. D. G. Ross have secured the use of the Armouries, those in Waterville with Mr. Earl Chute assisting Mr. Charlton have the use of the upper

from which to choose. All are Canadian made and are of high-class quality, and the prices are low.

Get your order in early as we have to send to Toronto for the Cards.

THE ACADIAN STORE.

### Notes and Comments

Canada spent \$19,000,000 on American magazines and periodicals in 1919.

Her Majesty, the Queen, has presented to the people of Canada the dress worn by her at the Coronation festivities and also that worn by her on Their Majesties' drive through London on the day after the Coronation and on the State entry into Delhi on December 7, 1911. These dresses are for the Royal Ontario Museum.

Captain H. A. Wilson, of Montreal, established an eastern Canadian air record on Saturday, when in company with Major L. S. Breadner, D. S. C., Inspector of the Certificate Branch of the Canadian Air Board, he piloted a hydroplane from Quebec via River Du Loop and Fredericton, to Halifax, and covered the last leg of the journey in two hours and twenty minutes. As hydroplanes usually take from two and a half to three hours to cover this leg of the Trans-Canada air route, the time made by Captain Wilson is considered a record. Captain Wilson passed over Wolfville en route and was seen by quite a number of the citizens.

#### GRAND PRE AND HORTONVILLE.

Mrs. R. W. Woodman and Miss Edith Hardacker were in Canning on Tuesday, the 19th, attending the Convention as delegates from the W. M. S. and Mission Circle. Others who attended the Convention were Mrs. Bishop, Mrs. Johnson, and Miss Edith Trenholm from Grand Pre, also Mrs. A. H. Patterson and Miss Annie Patterson from Hortonville.

Mrs. O. T. McNeil and little son Archie spent Thursday of last week in Grand Pre, guest of her parents, Mr. and Mrs. S. W. Rodgerston.

Mrs. A. Bishop has returned home after spending a few days in Canning visiting friends.

Mr. Wm. B. Morine, of Bear River, spent last week in Grand Pre, guest of his father-in-law, Mr. John Hardacker.

The W. M. S. took charge of the weekly Prayer Meeting, Oct. 20th, Rev. G. W. Whitman being absent.

Miss Pearl Sawler, Primary teacher here, spent the week end at her home in Somerset.

Miss Annie M. Stuart has returned home after an absence of a few days.

#### PAPER PRICES

A number of Canadian newspapers, some of them of long standing, have ceased, or are about to cease, publication, owing to the high price of paper. Yet Canada is one of the great paper-producing areas of the whole world with pulp for papermaking for many years to come. There are not, however, sufficient mills to meet the demand or sufficient pulp grinders to supply the raw material. At this moment newspapers are looking everywhere in the whole world for relief from the crushing price of the paper upon which they have to print, but the problem is less one of finding the trees from which is procured a suitable pulp than of providing machinery and transport. There will probably be no reduction in paper prices for two years to come, possibly for a much longer period ahead. Natural and certain consequences will be the death of a large number of journals and further increases in price upon those which remain.—Westminster Gazette.

### Rich, Red Blood The Greatest Need

Nearly All Ills Are Due to Poor, Watery Blood—How to Improve its Condition

To be in a healthy condition the human body requires a constant supply of rich blood. Nearly all the ill from which people suffer arise from one cause—poverty of the blood. If the blood is rich and red it absorbs nourishment from the food which passes into the stomach and distributes that nourishment to the brain, nerves, muscles and all the organs of the body. When the blood is weak and poor in quality it cannot do its natural work of feeding the brain and body, and the result is weakness and disease.

Headaches and backaches, loss of appetite, poor digestion, nervousness, pimples and unsightly blotches on the skin, all indicate that the blood has become impure—that it is not doing its appointed work. If this condition is not remedied it will grow worse and worse, and a complete breakdown will eventually occur. To bring about a healthy condition of the blood no medicine can equal Dr. Williams' Pink Pills. Their one mission is to make new, rich blood, which reaches every part of the body bringing with it new health and increased vitality. Thousands have testified to the benefit they have found in the use of Dr. Williams' Pink Pills when run down in health. Among these is Mrs. Bertha Kendall, Darling avenue, Toronto, who says—"In the summer of 1918 I was in poor health. My appetite was variable, and I was weak and unfit for work, and I suffered a great deal from nervous headache and palpitation of the heart. A lady friend recommended Dr. Williams' Pink Pills which I used with splendid results, as by the time I had taken six boxes I felt like a new woman. I think Dr. Williams' Pink Pills are worth their weight in gold to every nervous, sick woman, as they cure quickly and save big doctor bills."

Dr. Williams' Pink Pills may be had from any dealer in medicine, or by mail at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

#### HE BORROWED HIS NEIGHBOR'S PAPER

A woman who was too economical to subscribe for her home paper, sent her little boy to borrow the copy taken by her neighbor. In his haste the boy ran over a four dollar stand of bees and in ten minutes looked like a warty summer squab. His cries reached his father who ran to his aid, failing to notice a barb wire fence, ran into it, breaking it down, cutting a handful of flesh from his anatomy and ruining a ten dollar pair of pants. The old cow took advantage of the gap in the fence and got into the corn field and killed herself eating corn.

Hearing the racket the mother ran, upset a gallon churn of rich cream into a basket of kittens, drowning the whole litter. In her hurry she dropped and broke past all hope of mending, a twenty-five dollar set of false teeth. The baby left alone, crawled through the spilled cream and into the parlor, ruining a forty dollar carpet. During the excitement the eldest daughter ran away with the hired man, the dog broke up eleven setting hens, and the calf got out, and chewed the tails off of four fine shirts.

And all to save two dollars.

Moral.—Subscribe for THE ACADIAN and protect yourself from such calamities.

"Yes," said the junk man, who has just gathered in the salient features of three cars that had gone about of each other. "I surely have a bumper crop."

#### A NOBLE TRIBUTE

It has remained for Great Britain to pay what may well be the finest tribute to the memory of the men in the ranks who fell in the Great War. It is proposed to place the body of an unidentified British soldier alongside those of kings, statesmen, illustrious poets and warriors in their final resting-place in Westminster Abbey. The approval of King George and the Archbishop of Canterbury, according to report, has been obtained and the selection of a nameless hero and the burial site are being made. The grave will be indicated by the inscription:

"Here lies an unknown soldier who fell in the war of 1914-1918."

Simultaneously with the burial on November 11th, at the celebration of the Armistice anniversary, King George will unveil the Cenotaph Memorial to Britons who fell in the war which has been erected in Whitehall. The unveiling will take place shortly before the firing of cannon at eleven o'clock, when the Armistice began two years ago. Silence will be observed for two minutes throughout the British Isles.

The beautiful Cenotaph in Whitehall will, of course, be an ever-speaking memorial to the heroic dead, but the giving of an honored place in Westminster Abbey to the body of an unknown soldier of the ranks has a deeper and richer significance. Westminster Abbey is the shrine of the English-speaking world, and nothing could be more fitting than that it should so perpetuate the memory of that gallant host of men who gave their lives for freedom. Perchance this nameless hero may have been a Canadian, or an Australian, but what ever his origin, he fought the good fight as a soldier of freedom, and at his tomb, future generations of our race in their pilgrimages to that historic pile in Westminster will do homage to the memory of our glorious dead.

#### CANADIAN BORN

We first saw light in Canada, the land beloved of God; We are the pulse of Canada, its arrow and its blood. And, we the men of Canada, can free the world and brag That we were born in Canada beneath the British flag.

Few of us have the blood of kings, few are of courtly birth. But few are rogues or rogues of doubtful name and worth; And all have one credential that entitles us to brag— That we were born in Canada beneath the British flag.

We've yet to make our money, we have yet to make our fame. But we have gold and glory in our clean colonial name. And every man's a millionaire if only he can brag That he was born in Canada beneath the British flag.

No title and no coronet is half so proudly worn As that which we inherited as men Canadian-born; We count no man so noble as the one who makes the brag That he was born in Canada beneath the British flag.

—Pauline Johnson.

The average American farmer clears only \$9.61 a week, says a Department of Agriculture expert. He adds that the proportion of Americans engaged in agriculture dropped from 87.1 per cent. in 1830 to 32.9 per cent. in 1910, and might go to 30 per cent. in 1920.

### W. C. T. U. Notes. Don't Use Drugs For "Your Teeth" Constipation

Woman's Christian Temperance Union first organized in 1874.

ATM.—The protection of the home, the abolition of the liquor traffic and the triumph of Christ's Golden Rule in custom and in law.

Motto—For God and home and Native Land.

Badge—A knot of White Ribbon.

Watchword—Agitate, educate, organize.

Let us not therefore judge one another any more, but judge this rather, that no man put a stumbling block or an occasion to fall in his brother's way. Rm. 14:8, 11.

Business meeting of the W. C. T. U. the last Monday of every month.

OFFICERS OF WOLFVILLE UNION.

President—Mrs. B. O. Davidson.

1st Vice President—Mrs. G. W. Miller.

2nd Vice President—Mrs. J. G. Elderkin.

Recording Sec'y—Mrs. Ernest Redden.

Cor. Secretary—Mrs. W. O. Taylor.

Treasurer—Mrs. H. Pineo.

SUPERINTENDENTS.

Evangelistic—Mrs. J. G. Elderkin.

Parlor Meetings—Mrs. D. G. Widden.

Labrador Work—Mrs. J. W. Vaughan.

Fisherman and Lumbermen—Mrs. W. E. Fielding.

Loyal Temperance Legion—Mrs. W. O. Taylor.

Flower, Fruit and Delicacies—Mrs. A. W. Bleakney.

Press and Willard Hall—Mrs. M. P. Freeman.

White Ribbon Bulletin—Mrs. Hutchison.

Temperance in Sabbath-schools—Mr. C. A. Patriquin.

#### THE STRUGGLE FOR A DRY SCOTLAND

A country of greatest interest to all Social and Temperance Reformers at the present moment, is the land affectionately termed Bonnie Scotland.

On November 2nd, the country will have the opportunity by the Local Option method, to determine its future so far as the question of strong drink is concerned.

A National Citizens' Council was formed in September last, and it is in every respect a thoroughly representative body. Practically every section of the Church is represented. All the national temperance organizations are heartily co-operating. Members of the learned professions, employers of labour and Labour M. P.'s are to be found on the lists of officebearers.

On June 1st, 1920, the Temperance (Scotland) Act was brought into existence. This bill was passed, 1913, but was not to come into effect for seven years. This Act gave the Scots the right of Local Option.

A requisition signed by a certain number of qualified voters and lodged with the local authorities, provides again the opportunity for the Scottish people the chance of again asserting their independence by voting the bar-rooms out of existence.

Splendid work has been carried on for a number of years by the different National Temperance organizations of Scotland, such as

The Scottish Permission Bill Association  
The Scottish Temperance League  
The International Order of Good Templars  
The British Women's Temperance Association.

The Scottish Band of Hope Union, as also by the Rechabites, and the various church committees. For the purpose of the present campaign a National Citizens' Council has been formed, consisting of representatives from these different bodies together with others who in the past have not been actively identified with such movements.

Canadians are especially interested in Scotland's battle for Prohibition for several reasons.

One reason is obvious to all—If the first of the countries designated the United Kingdom takes this attitude the influence will be enormous in England and Ireland.

Another, so many of us owe to that glorious and beautiful land our birth, either as native-born or through parentage.

A third reason may be stated: Canada owes to Scotland much for the noble, brave army of pioneers who helped to lay foundations deep and strong in the Dominion. Too, their present campaign for righteousness is similar to the campaigns in progress through out the Canadian provinces.

Again, our Canadian speakers have participated in the preparatory work and will watch with much eagerness for the result of the Referend in November.

It is important for Canadians to understand that the results of Canada's campaigns in October will have an influence in Scotland, as across the seas they are depending upon the daughter Canada in this crisis to stand true to the highest and best in her national life.

Let prayer be made for November 2nd.—White Ribbon Bulletin.

Canada's estimated coal reserves is 1,360,535,000,000 tons.

Minard's Liniment Relieves Neuralgia

#### Bathe Internally—the One Natural Way.

Did you ever know of any person who was permanently cured of constipation by taking drugs of any kind? Drugs simply force Nature, and larger doses are required from time to time until the trouble becomes chronic.

Internal Bathing with the J. B. L. Cascade is the only permanent relief from Constipation. It keeps the Colon, or large lower intestine, free from all accumulation. Soon the system performs its regular functions, and there is no further trouble.

Mr. F. Babin, Proprietor Alexandria Hotel, Ottawa, writes: "The J. B. L. Cascade has made a new man of me. I would not sell it for all the money in this world if I could not get another. Through my recommendation I know of a number of my friends who have been using it with the same satisfaction. For people troubled with Constipation, I say it is a god-send, and can heartily recommend it."

The J. B. L. Cascade is the only perfect appliance for Internal Bathing ever devised. It is endorsed by over half a million enthusiastic users. Ask to have it explained to you at A. V. Raad, Druggist, Wolfville, or write for booklet to Tyrrell's Hygienic Institute, 163 College St., Toronto.

#### TO SUBSCRIBERS

Behold a certain man owed two hundred shekels.

And as the time of the payment drew nigh a friend came to him and said unto him, wilt thou have the two hundred shekels with which to pay thy debt? And he answered, I know not.

And the friend said; Hast thou not some debtor who owest to thee two hundred shekels? And he answered that alas he had not.

And the friend said; Hast thou perchance one hundred debtors who owe to thee two shekels apiece? And he answered yea, verily, and besides these others likewise. And then some also moreover.

And the friend said; Go to, get thee busy among thy small debtors and collect their debts, lest he to whom thou owest come upon thee and find thee lacking. For behold they that owe to thee should pay their debts and thou knowest that "Money mickles mak a muckle."

And behold the certain man was the publisher of a newspaper and the certain debtors were his subscribers.

What sayest thou to these things?

#### Baby's Own Tablets Always in The Home

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the first trial convinces her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion, colds and simple fevers and making teething easier. Concerning them, Mrs. Saluste Pelletier St. Dumas, Que., writes:—"I have used Baby's Own Tablets for the past ten years and am never without them in the house. They have always given the greatest satisfaction and I can gladly recommend them to all mothers of little ones." The Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

For a period at least the Board of Commerce on Canada as a court has ceased to exist. In consequence of the reversal of its judgement regulating sugar prices and the trade in that commodity, Captain W. J. White, F. A. Ackland, and Gerald Dillon, the Commissioners composing the Board have resigned. The Government, moreover, has accepted their resignations and has decided not to take steps to reconstitute the tribunal until the Judicial Committee of the Privy Council in England has given a decision in the stated case now before it, and so defined the extent of the Board's power to control profits.

#### DO IT IN TIME

If the ordinary processes of nature were never interfered with, it would not be necessary to extract the temporary teeth. They would extract themselves at the proper time. Normally the roots are absorbed as the time comes for the eruption of the permanent teeth and the crown, or business end of the tooth is left hanging to the gum. Some day a little extra pressure removes the baby tooth and in its place there is the tip of the cusp of the permanent tooth that follows. If this natural system was always followed, a great deal of trouble would be avoided. Unfortunately, many causes operate to interfere with nature's perfect plan.

If the permanent tooth does not come directly under the temporary tooth, the absorption of the root will be either incomplete or it will fail absorb at all. Sometimes long shivers of the temporary tooth roots are left and when the crown comes off or an attempt is made to extract, these root pieces are left to wedge in the process between the permanent teeth. This condition always results in inflammation, sometimes causes serious abscesses, and often interferes with the effect of the permanent tooth to take its proper place in the arch.

Pieces of the roots of temporary teeth

should never be left in the mouth. Temporary teeth that are abscesses should always be removed regardless of the age of the child. When these teeth are lost before the time for their permanent successor to take their place, a retaining appliance must be made to hold the space so that the permanent tooth will not come in the wrong place. In nearly every case it is safe to give nitrous-oxide-oxygen as an anaesthetic for children. Never allow a child to suffer any pain if you can avoid it. Either a local or a general anaesthetic should always be given.

#### A Constipation Cure

A druggist says: "For nearly thirty years I have commended the Extract of Roots, known as Mother Seigel's Curative Syrup, for the radical cure of constipation and indigestion. It is an old reliable remedy that never fails to do the work." 30 drops thrice daily. Get the Genuine, at druggists.

**APPLE PRICES IN LONDON**

LONDON, October 26—Present prices for Nova Scotia apples are: Gravensteins—No. 1, per barrel, 40 to 50 shillings; No. 2, 20 to 35 shillings. Ribstons—No. 1, 45 to 50 shillings. Blenheim—No. 1, 40 to 42 shillings; No. 2, 42 to 42 1-2 shillings. Kings—45 to 50 shillings.

For the first three months after marriage a man's wife may worship him. Then she often begins to have a feeling that idolatry is wrong.

**Editorial Notes**

Readers of THE ACADIAN will remember that last winter we published a series of musical articles by Prof. C. C. Laugher. We have now secured the right to print another series of articles by the same writer and the first one appears in this issue. All lovers of music, we are sure, will enjoy reading these articles.

Last spring an agitation for the engagement of a district nurse for Wolfville and vicinity seemed likely to be successful. Through some reason, however, a hitch occurred and the matter became sidetracked with the result that so far nothing has been done. Wolfville needs the services of a district nurse and the need will likely be more apparent during the coming winter than it is at present. There certainly is no good reason for further delay and if the committee appointed at the meeting last spring does its duty it will have a meeting called in the near future to receive its report.

The result of the referendum vote on Monday must have been most gratifying to those interested in the moral as well as the material interest of Nova Scotia. The handsome majority in favor of prohibiting the importation of intoxicating liquor into the province indicated a desire on the part of the people to do away entirely with the liquor business. When the provincial government recognises its responsibility for the proper enforcement of the law it will be a simple matter to bring about the desired end. Kings county did splendidly on Monday and the handsome majority given settles beyond question the sentiment of the people of this county towards the temperance question. To those who in past years have gladly given themselves and their means for the promotion of the temperance cause the victory of Monday is most gratifying.

Dr. and Mrs. Zwicker and family, of Belcher Street, were at home to their friends of the surrounding country on Tuesday evening. Quite a number were present including several from Canning. A most enjoyable time was had by all. The younger people indulged in dancing while the older ones had a pleasant chat in front of the open fire. Mrs. Zwicker's mother, Mrs. Mahon, of Halifax, was present and helped with the entertainment.

(Continued from Page 1.)

floor of Mr. Chute's warehouse and those in South Berwick with Mr. Clifford Butler as assistant to Rev. Mr. Johnson are meeting in the South Berwick hall.

The Canning boys, as already stated, are under the leadership of Principal Paul and are meeting in the Armouries.

The Post Williams Scouts are fortunate in having a splendid hall to meet in and Mr. Robie Murphy to act as Scoutmaster. Respectfully submitted.

E. PERCY BROWN.

Wolfville, Oct. 22nd, 1920.

**"LITTLE PIGEONS CARRY GREAT MESSAGES"**

Before the days of the telegraph, Carrier pigeons were often used both in war and peace; hence the proverb,

Little want ads are like the pigeons and often carry money making and money saving items. Read them carefully. There may be something you want that may be obtained most advantageously. If you have something to sell, try the pulling power of a little want ad, yourself.

Now is the time to arrange for having your automobile overhauled and painted this winter at the Wolfville Garage.

A Pupils' Recital will be given in the Acadia Seminary Chapel to-morrow evening at seven o'clock. All interested are cordially invited to attend.

Nearly every week brings a new pulp and paper enterprise, and the announcement that another newspaper has been forced out of business by rising costs of material.

The Presbyterian Witness will cease publication in Halifax and will be merged in the Presbyterian and Westminster of Toronto, the official Church Weekly of the Presbyterian Church.

The Toronto Globe takes the sound position that the whole sugar business must be thoroughly investigated, before a cent of the country's credit is pledged to the assistance of the refiners.

Terence MacSwiney, Lord Mayor of Cork, died at Brixton Prison, London, on Monday morning. His death followed a hunger strike of more than seventy-three days, eclipsing any in the annals of the medical world.

As evidence of the mild weather we have experienced this autumn, a ripe wild strawberry was brought to this office this week by the finder, Miss Thelma Keddy. She also brought us a strawberry blossom which was found by Master Lawrence Kelly.

An exchange says: Woodstock, N. B. is growing and prospering under the Town Manager beyond all expectations; and not a half dozen men in that town would go back to the regime of a Mayor and Council trying to run a big proposition like the management of a town.

A meeting of the Ken-Wo Country Club was held at the Town Hall on Wednesday evening. There was a good attendance and the reports from the various officers were most encouraging. The Club now has a membership of ninety, of whom fifty-five belong to Wolfville.

A bumper audience greeted the Majestic Players at the Opera House on Monday evening. The play presented was a comedy-drama, "Dawn o' the Mountains", the scene being laid in the Virginia Hills. All the parts were exceedingly well taken and the play was much enjoyed.

A Recital will be given by the Faculty of Acadia Conservatory of Music and Fine Arts in College Hall this (Friday) evening. All music lovers of Wolfville should avail themselves of this opportunity to hear these artists, some of whom make their first public appearance in this town.

At the Baptist church on Sunday morning last, the speaker was Rev. Dr. Spidle, who gave one of his characteristically able addresses which are always enjoyed. In the evening, Prof. Whitelaw was the preacher and after a brief but most effective reference to the referendum vote on Monday, delivered a most interesting and helpful sermon. Prof. Whitelaw is a very pleasing speaker and will be heard again with pleasure by a Wolfville audience.

On Friday afternoon of last week the Executive of the Kings County Boys Work Association held a meeting in the Scout club-room. Reports were presented by Scoutmaster E. Percy Brown and Organizer Paul Tingley. It was decided to hold a meeting in Kentville of all subscribers and all others who may be interested, at 1.30, Wednesday, Nov. 17th. The reports will be further considered and plans made for a more complete organization.

A sad accident occurred at Kentville on Wednesday whereby Ainslee Barkhouse, eldest son of Mr. and Mrs. Reuben Barkhouse, lost his life. He was returning home from school on his bicycle about 4.15, when at the intersection of School street and Main street he collided with a car driven by Wymon Porter. The boy was thrown against a tree with such force that he sustained a compound fracture of the skull, and lived only a short time. The deceased was but sixteen years of age. Witnesses of the accident state that neither party was to blame.

When a young man is in love, he doesn't care how many times the girl uses "I" when he is writing a letter to him.

Those who ride in automobiles might not look so superior sometimes if they were fully aware of those who have to dodge them think of these.

Coming Events

Notices under this heading are inserted at 2 cents a word. Each repeat, 1 cent a word; minimum charge, 30 cents. Contract rates on application.

A meeting of the Daughters of the Empire will be held in the Town Hall, Tuesday, Nov. 2nd, at 3.30 p.m.

The regular monthly meeting of the W. C. T. U. will be held on Monday afternoon at the home of the president, Mrs. B. O. Davidson.

The Annual Meeting of the Children's Aid Society of Kings County will be held in the Town Hall, Wolfville, on Tuesday, Nov. 2nd, at 7.30 o'clock.

The members of the Wolfville Tennis Club are requested to meet in the Town Hall, Monday afternoon, November 1st, at five o'clock, to discuss business matters of importance.

Methodist Church Services for Sunday, Oct. 31, 1920. Preaching services at 11 and 7. At the evening service Rev. B. C. Borden, D.D., President of Mount Allison University will speak in the interests of the Educational Society. Dr. Borden will also preach at Greenwich at 3 p.m.

"Music," remarked the long haired man, "is the language of the heart."

"In that case," returned the man who takes things literally, "the person who likes jazz music must have a terrible pulse."

### TWO DOLLAR WEEKLIES

While there are reports of reductions in the prices of a number of commodities paper continues to advance. There was another advance in newsprint the first of the month. It looks as if the other weekly papers would have to follow those that have gone up to \$2.00. We understand that a number have already decided to make the advance on January first. Subscribers will be wise to take advantage of present prices and pay up their subscriptions well in advance, before conditions compel publishers to raise to the \$2.00 rate.

### ADVICE TO MOTORISTS

These few words to automobilists by E. J. Nelson in the New York Globe are so good that they should be given the widest possible circulation: "When you are driving an automobile, always have some respect for the pedestrians. Don't cause the public to be belligerent. There are signs that the public is losing patience. Any one can find that out by taking notice of popular comment in regard to reckless driving. "Always drive in such a manner that the people on the sidewalk can notice that you are driving carefully; don't rush up to a crowd of people and blow your horn as if to say, 'Get out of my way, this is my street,' but slow down gradually and give them a chance and they will get out of your way much quicker. "Don't try to beat the car ahead of you. You are not in any great hurry as a rule. "Don't think it is a disgrace if you stop and give people a chance to cross the street. "Pedestrians should not relax their vigilance when crossing the streets. Don't put all the responsibility on the automobilists. When you live in a city or town you cannot expect to roam about half asleep, even if your streets were void of all vehicles."

### MOTING NOTES

An engineer recently conducted a series of experiments with lubricants for the gear case. He found that with grease in the gear box two horse-power out of the normal 15 were lost. It would require that amount of power to drive the gears through the stiff grease. The proper lubricant for the gear case is oil, heavier than engine oil, but still oil.

As a general thing the valve stems need no lubrication. If they stick because of carbon deposits they may be cleaned by kerosene injecting into the air valve of the carburetor while the engine is running. Some of the kerosene will pass down the valve stem and soften and wash off the carbon. A mixture of one-half kerosene and one-half lubricating oil may be squirted on the valve stems.

A performance point that is not generally known about the tires that equip racing cars is that the heating up of the tires is the result of external friction, caused by the rapid flexing of the tire, rather than the result of a temperature outside the tire. In the terrific running of the modern speedways tires heat up until a point of equilibrium is reached, when just as much heat is escaping from the tire as is being generated by its constant rolling. On a hot day this point of equilibrium may be 40 or 50 degrees higher than on a cool day, and an increase of air pressure of 10 to 20 pounds results. But this increase in pressure does no harm, for as soon as the car stops and the tire is left standing the temperature and the air pressure will return to normal.

Here is where a motorist often makes a mistake. For if he reduces his pressure after it has risen slightly because of the rapid flexing of the tire, in fact, driving when the tire has stood for a while the pressure will drop and the tire is quite liable to be run underinflated and will soon be put out of commission.

When the purchaser of a car gets a demonstration he usually does not ask for a brake test. It is taken for granted that the brakes are all right. A car going at 30 miles an hour should be able to be stopped in 30 feet if necessary. But the owner should not be content with simply knowing that there are brakes on his car. He should study them. He should learn why they act as they do. He should know what is the matter when they begin to slip and how to remedy the trouble.

Canada is as large as eighteen Germanys.

The British Columbia legislature was dissolved on Saturday. Nomination Day was set as Wednesday, Nov. 10th, with the elections on Wednesday, Dec. 1st. As constituted to-day the House consists of thirty-one Liberals, nine Conservatives, four soldiers, one socialist and Mrs. Ralph Smith, the only Woman member, who is an Independent.

Under the British Housing Act 10,042 houses have been constructed and 59,320 are now in course of construction.

**POOR DOG**

So often we call a man a dog when we want to reproach him. And yet, a dog  
Doesn't lie,  
Doesn't swear,  
Doesn't drink,  
Doesn't cheat,  
Doesn't swindle,  
Doesn't smoke,  
Doesn't flirt,  
Doesn't pretend,  
Doesn't borrow,  
And wouldn't even resent it if you called him a man.  
Remember! Many a dog is considered mad when he is only thirsty.

**A Series of Talks on Music**

By Prof. C. C. Laugher, Mus. Bac., Sar-  
nia.

**No. 1—MUSICAL IMPRESSIONS**  
A vocalist writes to a music editor wanting to know how long it is possible for a man to hold a note. The editor replies, we have one that we have held for six years and rather expect to hold it six years longer. It would be quite difficult to hold a musical note that long, particularly if playing on a bass instrument.

We are told that an English physician advises the playing of wind instruments, as a recent investigation has brought this summing up: That cornetist's life averages 69 years; clarinetist's life is 64 years, and because flutists do not require the full exercise of their lungs in playing, their average is but 61 years. He adds that to play some wind instruments lengthens life, for the steady and moderate use of the lungs somewhat in excess of breathing is the cause.

We sometimes pause in considering the drum as a musical instrument and we step up to the drummer and say to him (after the band had stopped playing), you don't make very good music with that instrument. No, admitted the pounder of the drum, I know I don't, but I drown a heap of bad music.

The Scotch have a proverb: "Where McGregor sits, there is the head of the table." This brings us to an incident in Sarah Bernhardt's career when touring the U. S. A. Her manager failed to secure a proper theatre for her in a certain Texas city in which she had promised to appear. With great reluctance and expecting a contemptuous refusal, he suggested that he might secure a circus tent, but supposed that she would only act in a first-class theatre. "Go ahead," said she, "wherever Sarah Bernhardt acts is a first-class theatre."

Speaking of singing, we realize that the singer's essentials are voice, ear and musical intellect. The voice must pre-exist, it cannot be created, but its errors can be corrected. Mere bigness of voice makes no musical appeal. History gives us that the record for a big voice belongs to Stentor, a herald of the Greeks in the Trojan war, whose voice is said to be as loud as that of fifty men shouting together. A bass singer, whose name is Cheran, of the Paris opera, who lived toward the end of the eighteenth century, who in early life had been a blacksmith, is said that, by his blowing into a drinking glass could crack it, and by singing into it in his mighty upper "D" could burst it. The biggest and noblest voice that this twentieth century has listened to was Edouard de Reszke's.

The musician of today is usually exceedingly versatile in their activities, but in former times it was only too common for them to be confined to an absurdly narrow and one-sided outlook on life, and to take little interest in anything outside of their own particular specialty.

An amusing example of this was with Poppo, an eccentric violinist, at one time fashionable teacher in Paris and London. Living in Paris at the time of the revolution, although perfectly inoffensive, he was denounced as a suspect and brought before the tribunal for trial. The following dialogue took place between him and the president of the tribunal. What is your name? Poppo, he answered. What do you do? I play violin. What were your activities during the reign of tyrant? I played the violin. And howadays? I play the violin. And if the republic have need of you what will you do? I will play the violin. Poppo was acquitted.

The impression or influence that musicians leave behind them is little realized by themselves and we certainly do not know to what extent of trouble, difficulty or short comings some of these musicians worked under. Think of the beautiful music of Greig, much of it written while he had the use of one lung only. Schubert, whose artistic career lasted but seven years, was the most miserably poor of all musicians, yet he is regarded as the greatest song writer, producing the most beautiful melodic phrasing.

**CHURCH ADVERTISING**

Wolffville churches have seldom, if ever used display space in the local press, but in many towns and cities it is quite the custom for all the churches to advertise. In Halifax for example, the newspapers on Saturday evening carry about a half page of church advertising.

Why not in Wolffville?  
Advertising will bring more people to the churches, create an interest in what the church has to offer, and is the modern way to do business. Those whose interests lie in worldly matters are not slow to take advantage of newspapers publicity to further their trade. Why, then, should the church fail to enlist the aid of this factor.

Mail a card to Box 136 and I will be pleased to call with a full range of samples.

**A New Character**

When, four years ago, KING COLE ORANGE PEKOE TEA first appeared, something more than a new tea had been produced—a new character in tea had been created. Only after most searching experiments in flavor-blending were we at last able to develop that peculiarly mellow richness of flavor so delightful to the taste, which has won for KING COLE ORANGE PEKOE the high place it holds. The total annual sale of KING COLE ORANGE PEKOE has doubled twice in the last two years.

We are confident that you will say that it is different to any tea you ever tasted.

**Brandram's Genuine B-B White Lead**

IT POSSESSED UNUSUAL QUALITY  
—THAT'S WHY IT HAS SURVIVED

As far back as 1729 this was the standard white lead in England—and when Canada was colonized by Englishmen, they brought with them this favorite brand. And we, their descendants, have been using it, in preference to all other kinds, ever since. It is made today by that same paint house which obtained the formula from the descendants of that Brandram who first discovered the process. The process is the

same as that used in the 18th century—and it is interesting to note that this is the only patented process of white lead manufacture that dates back to so early a period.

It is unrivalled for covering capacity and durability—the finest, whitest pigment you can use, either for white paint or as a white base for tinted paints. This is the white lead used in B-B "English" Paint and other B-H products.

**Personal Paragraphs**

Miss Gladys Vaughan is expected to arrive home to-day from New York.

Mr. and Mrs. W. O. Pulsifer arrived home from their wedding trip this week.

Miss Minta Hatfield, who has been spending the summer in Winnipeg, returned home last week.

Mrs. L. H. Moore represented the Sir Robert Borden Chapter, I. O. O. F., at the provincial convention in Halifax last week.

Mr. Robert W. G. Chase, who is attending the Presbyterian Boys' School at Pictou, spent Thanksgiving at his home in Church Street.

Mrs. C. P. Richmond was the guest of Mrs. Julia McIntyre-Burnaby, of Chicago, Thanksgiving week, at the home of Mrs. Burnaby's parents in Moncton, N. B.

Mr. H. Ollerhead and son, of the Maritime Motion Picture Co., of Sydney, are in Wolfville, representing their company. Mr. Ollerhead gave a lecture in the Opera House on Saturday, explaining the success of his company already obtained throughout Nova Scotia.

Mr. and Mrs. Begg, of Glasgow, Scotland, have been the guests of Mr. and Mrs. Oscar Chase, Church Street. This is their first visit to Nova Scotia and they are much pleased with the country. Mrs. Begg sails for Scotland on the 30th, while Mr. Begg will remain a while longer and try to secure a farming property here.

**ACADIA NOTES**

The annual reception given by the Y. M. C. A. and Y. W. C. A. was held in Assembly Hall on Friday evening, and was a most enjoyable affair. The Hall was prettily decorated for the occasion and a program of music was given during the evening. The chaperones were Mrs. Cutten, Mrs. Wilson, Mrs. Thompson, Miss K. Fitzpatrick, Pres. of the Y. W. C. A., and R. S. Longley, Pres. of the Y. M. C. A.

President Cutten returned Friday from a hunting trip, with a friend from the United States.

Miss Mary Kinley Ingraham, College Librarian, is at present directing the cataloging of the Seminary Library according to the Durcy Decimal System, employed in all large libraries.

A new weather vane is being installed at the Dominion Meteorological Station which is situated in the College Observatory.

The Seminary gymnasium classes have been doing much of their work out-doors to the joy of the members. This has been especially successful because of the remarkably open fall that has been enjoyed this year.

There will be no out-door rink this year as it was found that it was poorly patronized except during the best of winter weather. The big indoor rink will be run.

Enthusiastic followers of tennis are still making use of the courts which are in excellent condition.

**"MY SOLDIER GIRL"**

Moore and Murphy Coming With New Edition of "My Soldier Girl"

MOORE and MURPHY, who are partners in the theatrical world and popular favorites with the theatre-going public, are being featured again this season with the new edition of the musical novelty, "My Soldier Girl", coming to the Wolfville Opera House, Tuesday night, Nov. 9th, 1920.

The "Two Bills", as they are called by those who know them best, are a happy pair ever working on new material to entertain their admirers. Moore as a black-face comedian and Murphy favoring the eccentric type, are portraying characters so entirely different, that their partnership no doubt will gain them more fame, perhaps, than either could attain alone. Moore in black-face study is right at home portraying the "colored gentleman" from South of Mason-Dixon Line, while Murphy with his clever voice and remarkable dancing together with his eccentric type is a real entertainer.

These two young men have a host of friends in the B.P.O.E. of which they are both members and Mr. Moore is also a member of the Masonic Order.

The minister delivered a sermon of but 10 minutes' duration—a most unusual effort for him.

At the conclusion of his remarks he explained: "I regret to inform you, brethren, that my dog this morning playfully ate the portion of my sermon that I have not delivered. Let us pray."

After the service a man who was a member of another church shook the preacher's hand heartily and said:

"Doctor, I could like to know whether that dog of yours has any pups. If so, I want one to give to our minister."

PROGRESS BRAND CLOTHES

In the Spring a young man's fancy lightly turns to thoughts of clothes.

The same thing happens in the Fall, and when it comes to thoughts of clothes, we're all young.

Suppose you could buy clothes only at those two seasons.

It might be possible to reduce the price because such an arrangement would reduce the cost of doing business, but would you approve of a reduction gained in such a way?

No, you would not.

You want service; you "want what you want when you want it"; and we're here every working day in the year to supply you with the best of clothes and the best of service at the lowest possible prices.
