**NOTICE**  
IMPORTANT TO THE  
Citizens of Newfoundland

THE CONTINENTAL.

**LIFE**  
**INSURANCE**  
**COMPANY**  
OF NEW YORK,

In order to complete their line of Agencies from London to San Francisco California and to extend universally the benefits and advantages offered by their Company and to place within reach of all the means of making provision for the Widow and the Orphan have decided on establishing Agencies in

St. John's and Harbor Grace, Newfoundland.

The CONTINENTAL beyond all comparison the most successful and most popular Company ever established in Europe or America. It has only been SEVEN YEARS in existence but at its organization men of enlarged views and great experience in Life Insurance, were placed in its management, who, having discarded all useless and annoying restrictions, and adopted all the improvements known in Life Insurance—many of them original with themselves, it at once received, and continues to receive a support unprecedented; and it now stands far ahead of many companies TEN YEARS older than itself. It has issued over FIFTY-NINE THOUSAND POLICIES, and has over \$6,750,000,000 assets, all securely invested, as required by law, in Bonds of the United States, Bonds of the State of New York, or in Real Estate. For that portion invested in Real Estate, it holds in all cases Double Security. So popular is its management and so great the public confidence that there are only Two Companies in the World that now approach it in the amount of business done.

By the Laws of the State of New York Life Insurance Companies are not allowed to do Fire Insurance or any other business, the importance of which law cannot be over-estimated by all who desire to protect their families by Life Insurance, and who do not wish to have their funds put in jeopardy by Fire Insurance. By the Laws of New York Life Insurance Policies are held sacred to the families of the insured, free from the claim of Creditors.

The CONTINENTAL issues all kinds of Policies, viz: Ordinary Life, Endowment, Joint, &c.

All losses in Newfoundland will be paid at the Agency here without subjecting claimants to the trouble and expense of going to New York.

All Policy holders can vote and are eligible to office.

**Directors.**  
L. W. FROST, President.  
HON. GEO. HILTON SCRIBNER, Secretary of State.  
HENRY C. FISH, D. D., Newark, N. J.  
M. B. WYNKOOP, of Wynkoop and Hallenbeck.  
JOSEPH T. SAWYER, Mer., Liberty Street.  
RICHARD W. BOGART, O. M. Bogart & Co., Bankers.  
CHANCY M. DEPEIN, New York.  
R. C. FROST, do do  
WILLIAM C. WHITNEY, Barrister-at-Law, New York.  
L. W. FROST, President.  
J. P. ROGERS, Secretary.  
JAS. McDONNELL, Gen'l. Agent.

**A. T. DRYSDALE**  
Agent for Northern District,  
Newfoundland  
Aug. 2 1873

**A CARD:**  
**Miss Alice Woolfrey,**

BEGS to acquaint the Ladies of Harbor Grace, that she is prepared to receive Pupils, in Wax Flower making.

This is a beautiful accomplishment and easy of acquirement. For particulars apply at No 6 Holbrook Street, Beach. July 23

**G F BARNES,**

BLACKSMITH & FARRIER

Begs respectfully to acquaint his numerous patrons and the public generally, that he is ready to give entire satisfaction in his line of business. All work executed in a substantial manner, and with despatch.

Off LeMerchant street, North of Gas House. Sept 17

**COMMERCIAL BANK OF NEWFOUNDLAND.**

A Dividend on the Capital Stock of this Company, at the rate of Ten per cent per annum for the half year ending 30th June, 1874 and a Bonus of one per cent, will be payable at the Banking House in Duckworth, on and after TUESDAY the 14th instant, during the usual hours of business.

By order of the Board.  
R. BROWN,  
Manager.  
St. John's, July 15

**FITS CURED FREE.**

Any person suffering from the above disease is requested to address Dr PRICE and a trial bottle of medicine will be forwarded by Express.

**FREE!**  
Dr. Price is a regular physician and has made the treatment of

**FITS AND EPILEPSY** a study for years, and he will warrant a cure by the use of his remedy.

Do not fail to send to him for trial bottle; it costs nothing, and he

**WILL CURE YOU,** no matter of how long standing your case may be, or how many other remedies may have failed.

Circulars and testimonials sent with **FREE TRIAL BOTTLE.**

Address  
Dr. Chs. T. PRICE,  
64 William Street, New York  
July 16.

**CONSUMPTION CURED.**

To the Editor of the H. G. Star. ESTEEMED FRIEND.—

Will you please inform readers that I have a positive

**CURE FOR CONSUMPTION** and all disorders of the Throat and Lungs and that by its use in my practice I have cured hundreds of cases, and will give \$1,000.00 for a case it will not benefit. Indeed, so strong is my faith, I will send a Sample Free, to any sufferer addressing me.

Please show this letter to any one you may know who is suffering from these diseases, and oblige.

Faithfully Yours,  
DR. T. F. BURT,  
69 William St., New York.  
July 16

**SAILMAKING.**

The Subscriber

BEG respectfully to acquaint the Ship-owners and public of Harbor Grace and the outports that he has taken the Workshop lately occupied by Mr. Robert Morris, No. 10 Victoria Street, where he is prepared to perform all work in the above line in a satisfactory manner, and hopes by strict attention to merit a fair share of public patronage.  
GEORGE CARSON.  
May 16.

**WILLS AND BEQUESTS.**

Mr John Hogan, who last week died in this city, devised a considerable amount to religious institutions in this city, Province, Newfoundland, and Ireland. The principal of these are:—

To the R. C. Archbishop of Waterford, Ireland, the interest to be devoted to the funds of the Catholic Orphan Home at that place, £1000.

To the Superior of the Abbey or Monastery of St. Melleray, near Cappoquin, Waterford, I., the interest to help support the institution. 1000.

To the children of his brother, Pierce Hogan, £600 the interest of it until they are 21, if none of them reach that age, to go to St. Vincent de Paul Society of this city.)

To the R. C. Episcopal Corporation of Halifax city and county, the interest to be devoted to the St. Vincent de Paul Society. £150

To the R. C. Orphan Asylum, Halifax. £200.

To the R. C. priest at Newton, Waterford, I., £125 £20 to be drawn annually).

To the R. C. Clergy of Halifax, to be equally divided among them, £200.

To the Superiress Sisters of Charity Carbonear, Nfld. £100.

To Rev. John O'Connor, of Carbonear. £60.

To Rev. Father Haskins, superior of the House of the Angel Guardian Boston. £100.

To Lay Sisters of Mercy, Dungarvan, Ireland, £125.

To St. Vincent de Paul Society, St. Johns, Nfld. £200.

To the Abbey or monastery at Traadie, N. S. £200.

To the Archbishop or Vicar General of Halifax, for religious purposes. £50.

A number of bequests to relatives and friends are also made, some of which show that the deceased was a kind-hearted man. He bequeaths the residue of his property, considerable in extent, to assist in founding in Halifax an Orphan Asylum or Reformatory for Roman Catholic children, provided within three years it is commenced; otherwise to go to the Roman Catholic Archbishop of Waterford, to be devoted to general charitable purposes. £50 is left to a lady of this city to be used for the relief of Roman Catholic poor.—[Halifax Acadian Recorder.

**BROWN'S CHALLENGES.**

A despatch was received this morning from Evan Morris, in reply to that from the Rowing Club, saying that he would row Brown at Pittsburgh, on the 15th September, and allow him \$400 for his expenses.—Nothing was received from Sadler by the English mail—probably the articles will arrive by way of New York in a day or two.—It cannot as yet be depended upon that either of the projected contests will come off. Brown's offer to Sadler was perfectly fair, and one which cannot admit of much modification; while Morris after challenging Brown, shows a disposition to cavil at the accommodating terms offered him and suggests others, which look as if a subterfuge was needed. It is alleged, too, that the Bann River, Ireland, is not by any means the best race-course available in the old country although it may be favourably known by Sadler. Meanwhile, the champion of this continent is quietly in training at the Four-mile house, and for all comers.—[Ibid.]

Mrs. Birt arrived yesterday in the "Hibernian" with 82 English children who are to find homes in this Province. There are 34 girls and 47 boys. They are a fine, healthy, and happy looking lot of children, and will immediately get places, there being 200 applications for them. Their ages are about from five to fourteen. A boy named Graves, aged 13 years, who was quite well during the passage, and was playing about the deck of the ship with the others on Saturday morning, complained of being unwell during the night, and died yesterday morning before the steamer arrived at this port. Heart disease is supposed to be the cause of his death. The children landed last evening at six o'clock and were conveyed to St. Paul's Alms House and the Industrial School for the present.

THE STAR

THURSDAY, SEPTEMBER 10, 1874

The Fishery in this neighborhood has been poor, but along the Northern part of the Bay the fishermen have done well.

We have received information about the working of the Road Board at Carbonear, and will attend to it in our next issue.

We understand a large Pic Nic under the patronage of our friend Ambo will take place shortly in the neighborhood of the "Powder House." It is stated that the "Frog" will also grace the gathering with his presence.

ONE of the finest horses ever imported to this Bay, arrived here in a vessel from Montreal on Sunday last. This beautiful animal is the property of John Rorke, Esq., Cartonear, and cost, we understand, about £70.

THE carrying out of the law with reference to licensed dogs, has been rigidly enforced this season, by our respected Judge. We would like the Law respecting Pigs and Goats carried out to the full letter.

Two cargoes of Cattle arrived here on Saturday last, consigned to Messrs. Geo. C. Rutherford & Co., and Pater-son & Foster. At the sales which took place on Tuesday and yesterday there were a large number of bidders, which brought the cattle up to high prices.

SHOOTING season commenced on Tuesday, 1st September. The day's sport was poor; five or six brace being the largest bag. A considerable number of old birds, without young were found. It is the opinion of sporting men that this circumstance is owing to the wet weather the past spring.

Our representative Ambo put in an appearance in Bay Roberts, a short time since, but not being well received, started on his backward march almost immediately. We understand he will pay Harbor Grace a visit shortly, to give an account of his stewardship. One would think that the people of Bear's Cove will hail his coming with joy and gladness, considering the amount of good he has done them, in roads and other public (?) improvements.

We beg to call the attention of the public to the advertisement on our fourth page of Messrs. J. Lindberg & Backstrom, proprietors of the Bavaria Brewery. These spirited gentlemen have met with wonderful success since the establishment of their brewery. The different beverages manufactured by them have been advocated by all the leading temperance men of Europe and the United States.

We have to apologize to subscribers and friends for the non-appearance of the "STAR" for a short time. As our half year number expired on 15th ult., subscribers would favour us by handing in the amount of their subscription, by doing so they will enable us to stand firm in the interests of the people. We have always upheld the rights of the working classes, and intend to continue so; at the same time we have to be upheld by them. For the future we are determined to keep an eye to the interests of the people, and expose any injustice done them.

It seems to us the editor of the St. John's "Times" is on the war path again. He calls us to order for not giving publicity to his defence of the so-called Royal Commission. We would inform that individual that we have laid out our course and are determined not to deviate therefrom. We published what we considered the true facts of the case. We would deal with this worthy at length, but as he is well known by the St. John's Press for his "rattling" propensities, we refrain doing so.

We have repeatedly called the attention of the proper authorities to the condition of the Public Landing, east of Messrs. John Munn's Co's premises, but we find that no action has been taken in the matter; surely such an outrage on the rights and privileges of our people should not be tolerated. If the above named firm have prior claim let them intimate so, if not, why are they allowed to block up its entrance. We hope at the next meeting of the Quarter Sessions, some of our Grand Jury will bring the matter forward.

The time is drawing near when our hardy fishermen will be returning to their homes, from the scene of past labors. The fishery this season seems to very good. But it matters not, good or bad, the poor fisherman reaps but small advantage. From their profits, back accounts, exorbitant charges, and petty tyranny, will be brought to bear

upon them. The system by which the trade of this community is carried on, has no precedent. Young men starting in business have a very poor opportunity to succeed, unless they become satellites to certain individuals. Alas! there are many in this town. The truck system is a curse to any community, when it is brought to such a climax as at present. Our people will have to make a bold stand to check its onward strides. Talk of slavery in South America, it is nothing to the state of bondage to which our fishermen and labourers are subjected. The latter toiling through the heat of the day for the paltry sum of Three Shillings and Six Pence, Cy.—TRUCK. How can a man with a large family sustain life on such an amount. The fishermen are on a similar footing. We hope yet to see men in the Assembly who will look after the interests of the working classes.

THE Cable steamship "Faraday" is shortly expected to arrive in our Bay with the new cable, where it will have to remain until the abolition of the present Monopoly enjoyed by the Anglo American Company. The present administration headed by political schemers, are doing their best to sustain the monopoly, to the great injury of the country. The people will shortly have it in their power to break that yoke, and enable the new cable to be landed on our shores. We understand the cable will be landed at Bay Roberts, and we are sure the people of that settlement will not be blind to their own interests, if the occasion offer, to see justice done. By the landing of the cable at Bay Roberts large amounts of money would be expended, and the people would reap a great benefit thereby. Land lines will be erected from Bay Roberts to St. Mary's, giving employment to hundreds of our working classes. Look, for instance, at Hearts Content, compare it to the Hearts Content of 1865, and at its present state! In a short space of time Bay Roberts would become one of leading towns in this Bay. People of Bay Roberts sink all petty differences, band together for your own interests, and not allow "certain monopolists" to foster on you men that will attend to "their" interests, not yours.

The Newfoundland must be hard-pressed for argument when he impudently says the "Chronicle" admits the truth of the charges preferred against the late government by Jim Dobbin's Commissioners. He knows right well we have not and could not make such an admission, because we have given positive proofs, which we are prepared to substantiate anywhere, that Jim Dobbin's Commissioners have published false evidence—that is, evidence which was never given before them. Indeed the Government party seems so cognizant themselves of this fact, that their Reports are distributed only amongst their own friends here, although scattered broadcast in the Outports. It is a fact that no one who is not a friend of the party now in power can procure a copy of the third and fourth reports, and the reason for their being kept so quietly is that the "Chronicle" and other Antis-Confederate prints may not have the opportunity of reading them and throwing their true character to the people of the country. If the reports were based on facts, and contained statements actually damaging to the late Government, nothing is clearer than that the utmost publicity would be given to them. But because the are cooked and unreliable, they are kept out of the hands of those who could prove them false. We have never admitted the truth of the Commission's charges, and do not admit them now. From a Commission of which J. O. Fraser is Secretary, and which does its work under the guidance of such men as E. D. Shea, W. V. Whiteway, and others of like political stamp, we expect nothing but what is untrue and dishonest.

The "Newfoundlander" quotes evidence said to have been given by Mr. Renouf, as follows:—  
When Mr. Renouf was before us he said that during the many years he had been in the Assembly, he had watched the Board of Works, that free access to the office, and had examined the vouchers, but could not bring home anything against their accounts.

We have authority for saying that Mr. Renouf made no such statement before the commission or elsewhere, as we believe he did not when we first saw it.

With its usual good taste the "Newfoundlander" flings about its epithets of "coal thieves," and such like trash. All this amounts to nothing. From such men as the Sheas and their crowd language like this falls harmless. The most respectable people are often bespattered with mud by the filthy street scavenger, and those who once reviled their own Bishop, the late Dr. Mullock will find little difficulty in reviling those who possessed Dr. Mullock's friendship. It is time the editor of the "Newfoundlander" dropped the dirty business in which he is engaged, and endeavoured to pen an editorial which may be read by people of ordinary refinement without disgust. To these coal is a dirty and disreputable business—to thieves parliamentary papers for private gain is not less dirty and disreputable. And as the first cannot be charged to us or to any friends of ours, we hope the last or even worse cannot be proved against the editor of the "Newfoundlander" or any of his friends.—Chronicle

IN THE VICE-ADMIRALTY COURT OF NEWFOUNDLAND.

THE SHIP "GANANOQUE"

Judgment by His Honor Sir Hugh W. Hoyles, Chief Justice.

This was a cause of Salvage, Civil and Maritime, prosecuted against the above named vessel and her cargo by the owners, Master, and crew of the Schr. "C. H. Prince" under the following circumstances:—

On the eleventh day of June last, the ship Gananoque of about seven hundred tons burden, timber laden and on a voyage from Quebec to the Clyde ran against an iceberg and sustained damage to such an extent that she speedily became water-logged and was abandoned by her master and crew upon the first opportunity offered by a passing vessel. On the sixteenth of the month she was fallen in with about thirty miles to the Southward of Cape Race by the C. H. Price.

The Gananoque was in a very wrecked condition; her bows very much shattered the water washed over her deck, and from the absence on board of a number of moveables said to have been left on board when first abandoned she appeared to have been boarded and plundered by other parties. With some little difficulty occasioned by a heavy sea running the master of the C. H. Price put a crew on board the Derelict and took her in tow, and after four or five days continuous labor succeeded partly by towing and partly by sailing her, in bringing her into St. John's.

For so doing the promoters seek compensation. The justice of their claim is not disputed by owners of the Gananoque and her cargo, and the sole questions for my determination are to what sum are the Salvors entitled and how is that sum to be distributed amongst them.

The principles by which judicial tribunals are governed in fixing the amount of Salvage compensation are well understood. The risk run the time and labour expended, the loss sustained, and the skill shown, by the the Salvors the value of the property saved and the interests of trade and navigation, have all to be considered; and the only difficulty is in determining, after a due regard to these circumstances, what award is required by the facts upon which each claim is based.

In the present case, as appears from the Affidavits on file, the salvors seem to me not to have run much personal risk.

The weather during the time their services were rendered, was, as might have been expected at that season, moderate; at no time do they appear to have been prevented from passing into and fro between their own vessel and the Derelict in an open boat, and the only danger they profess to have apprehended was that of the decks of the derelict bursting up, an event which could hardly have occurred except from the effects of a storm.

A certain degree of skill and labour was expended and to some extent hardship and privation were endured by the crew of the "C. H. Price," but nothing greatly beyond what they would be obliged at times to give and sustain in the management of their own vessel, and in the prosecution of their deep sea fishery.

On the other hand the use of the "C. H. Price," as a place of refuge for the Salvors in the event of rough weather, an aid absolutely essential to the success of the Salvors efforts; the valuable assistance in towing rendered by that vessel, not without risk to herself and her crew; the loss to all interested in the voyage of the "C. H. Price," of nearly a month of the most valuable part of their fishing season; the almost certainty of the entire loss of the "Gananoque" and her cargo but for the efforts of the Salvors, the interests of Commerce which require that encouragement should be given to those endeavoring to rescue life and property from peril; afford very sufficient reasons why a liberal reward should be given to the promoters in the case.

After a careful consideration of the circumstances I am of the opinion that of the appraised value of the ship one half, or four hundred pounds and of the appraised value of the cargo about two-fifths or twelve hundred pounds would be a fair compensation for the services of the Salvors; and I adjudge these sums to be paid to them, with such costs and other expenses as shall appear to have been reasonably incurred in bringing the ship into port and in the prosecution of this suit.

As regards the proportionment of these sums the Salvors being, when they fell in with the Gananoque, engaged in a joint undertaking upon shares, and having substituted the Salvaging of that vessel for their fishery, without any special agreement between themselves as to the proportions in which they should share the rewards of their new enterprise, it seems reasonable that the principle which governed the distribution of the proceeds of their fishing voyage should be applied to their substituted adventure; and I therefore

direct that the Salvage now awarded shall be divided amongst the Owners, Master and crew of the C. H. Price in proportion to the interest whether in wages or in shares they severally had in the voyage with this exception namely that the seaman Flinn should receive five pounds and the two men who with him first boarded the derelict should receive each three pounds before the whole amount of Salvage is divided.

I direct also that Messrs Little and Raftus shall have a lien on the shares of the men who retained them for their costs.

August 31, 1874.—[Gazette.

LAMENTABLE AFFAIR AT QUEBEC

On Sunday morning, a lamentable case of drowning occurred near Quebec by which a lady and gentleman well known and highly esteemed, lost their lives. It appears, according to the "Chronicle," that a pleasure party of some ten or twelve persons embarked on board the yacht "Wasp" for a pleasant trip down the river. A very enjoyable time was spent until the afternoon, when, off St. Patrick's Hole, on the south side of the island of Orleans, the yacht went ashore near the shore as her draught of water and the state of the tide permitted, when the party commenced to land with the aid of a canoe which they used to cross to the beach, a distance of about fifty yards. All but the captain and one lady, Miss Sophie Masse, and Mr. Francœur dit Leclair, baggage master of the steamship "Secret," had thus disembarked, when they took their turn to get into the frail craft which consisted only of a half canoe, a very unsteady thing in the tide, which was rolling heavier along the shore than when the debarkation commenced. They had hardly left the yacht when Mr. Francœur rose from his seat to use his paddle as a sounding pole, and caused the canoe to lean so far over one side that the helmsman felt it his duty to also rise and steady the boat by leaning in the opposite direction. The action was fatal for the water came over the gunwale and Miss Masse screamed "We are lost!" Too true! cried the captain, and in an instant the boat capsized, and were struggling for life in the water. The captain told the lady to hold on to him and he would take her ashore, when she seized him with a death grasp, holding his arms so tightly to his body that he could not extricate them to save himself or her. After struggling some minutes to free his arms and make for the shore, he found that Francœur who had gone down head first and for some time failed to rise, had seized the lady by the legs and was dragging them all to bottom while those on shore afraid to venture into the water, rendered them no assistance, and the captain, finding Miss Masse's hold upon him relaxing as he came to the surface, shook off Francœur but, seizing the lady by the shoulder and in terribly exhausted condition, Miss Masse was then dead, and the body of Francœur was not recovered for a long time.

The double death has cast a profound gloom over the circle of friend of the young lady who met with such an untimely death, and Mr. Francœur, who was very widely known and respected in the community. Miss Masse resided in Montreal. Her father at one time kept a large hotel just below St. John street, near the St. John Church. She was related to some prominent families in Quebec.

A special despatch to the Daily Commercial from Lancaster, Garrard county Ky says:—  
We are having a terrible war between the whites and blacks. Fighting has been going on at intervals since Wednesday, Friday morning the negroes shot Fred Yeakley. This so exasperated the whites that they took possession of the town this morning and fighting has been going on ever since. The negroes are fortified in the residence of the Hon Wm Sellers. It is thought two of them were killed. This evening the wounded whites set fire to the out house near Sellers's for the purpose of burning the blacks out. The whites have the negroes surrounded. United States troops marched into the town to quell the riot and were fired on by both parties. The firing was returned, and several were wounded on both sides.

LATER—Sellers's dwelling has been burned.

A Topeka, (Kansas) despatch states that there can no longer be any doubt that a large body of Indians are on the war path and are menacing the lives and property of the people on the south western border of Kansas. The raid was begun by the Kiowas and now comprises parties from that tribe the Cheyennes and Arapahoes, Long Wolf and Kicking bird are the leaders and the outbreak is being made on their part with unusual ferocity. The Quaker Indian agent Miles had to fly for his life from the Cheyenne agency,

Three men were killed and scalped near Mozer's ranch Indian territory, Monday, and one of them, Patrick Henessey, formerly Sheriff of Christian County, Illinois, was tied to his wagon and burned alive. Two men, herders, were killed and scalped within three miles of Sargent, Kansas, and two others on Bates Creek, Colorado, 12 miles from Grenada.

A party of hunters were surrounded by Indians on the Cimarron, 75 miles from Caldwell and have been fighting for their lives since last Sunday. Eight have been killed, and there is little chance of escape for the remainder. A panic prevails all along the border, and settlers are leaving their homes and hurrying into the towns and railroad stations.

A telegram was received this morning from the New York "Clipper," on behalf of Morris, reiterating that the time proposed by Brown for the race was too short, but that he would row Brown at Pittsburgh, on the 19th September, allowing him \$400 for expense. A meeting of the Managing Committee of the Rowing Club was held to-day; but it was thought advisable not to take the Morris match into consideration until after the articles had been received from sdrler, which are expected daily.

BEECHER CASE.

The disturbance made by Moulton is thus described in another paper:—

NEW YORK, Friday, August 28.

At the meeting of Plymouth Church to-night, the committee's report was read. There was an immense attendance and great excitement. The report was read by Professor R. W. Raymond, and was frequently applauded. Tilton's name was hissed. Mention of Mrs Tilton drew tears. Resolutions were adopted declaring that the evidence does not warrant placing Beecher on trial, but proves his entire innocence and declaring entire confidence in Beecher. The report was then formally accepted and adopted by the meeting. Moulton appeared at the meeting among the auditors and acted very strangely, and at one point interrupted the speaker. He was given a seat at the reporter's table. Mr Raymond then delivered an address supporting Beecher. He said Moulton had assisted in making charges against Beecher which were abominable, and Moulton, in fact worked with other men to strengthen them by falsehood. Moulton standing up, and cried:—  
You are a liar, sir!  
Several—Put him out! Put him out! Indescribable excitement followed.

Several persons rushed to put him out. Moulton said:—  
You dare not put me out.  
Voices—Put out the intruder!  
Mr. Halliday cried, Brethern, keep your seats.

Police men pushed through the crowd intending to eject Moulton. Their appearance quieted him. He continued however commenting in an undertone on the remarks of different speakers saying Hell was before them. Mr White called on all to keep their seats and if Moulton continued the disturbances he would be removed. Some one said:—  
We are all Democrats Free speech  
Mr Raymond then continued his interrupted remarks. A voice cried:—  
Who had the pistol? Put out the intruder!

Moulton winced. The resolutions were then put to the meeting for adoption and yeas and nays asked, whereupon Moulton and two others stood up and appealed to others to do the same but ineffectually. Several persons called on Moulton for a speech but he declined. The resolutions were then unanimously adopted. The chairman announced the result and Moulton cried No. He then cleared from the church surrounded by the Police and followed by cries 'put out the scoundrel. Go for him.

He then drove off in a carriage and the meeting very soon afterwards adjourned.

Marshal Bazaine arrived on the 14th at Basle at Mayence, and proceeded to Brussels by way of Cologne. The Marshal appeared in excellent health. His daughter by his first marriage accompanied him and also a young man.

The Duke and Duchess of Edinburgh are expected to visit the Queen at Balmoral next month. To-day the Earl and Countess of Derby will arrive at Aberfeldie Castle in close proximity to the Royal residence on the Aberdeenshire Dee.

Two fishermen named Merrit and Forest, says the North Sydney Herald engaged in the quiet and lawful pursuit of taking cod were surprised by the appearance of a dog fish on one of their lines which measured 15 feet from gill to tail and had to be raised on board by the fore and main throat blocks. The liver of this monster dog-fish filled a barrel.

Latest estimates in regard to extent and effects of famine show that 8,000,000 of natives are still dependent on charitable relief. Further distress is threatened in Tyhoot where the weather is excessively dry and unless rain falls soon the harvest will prove a failure.

# Anglo-Bavarian Brewery,

## J. LINDBERG & BACKSTROM'S

# BAVARIAN BEER,

### AN ESSENTIALLY TEMPERANCE DRINK.

THE VAST QUANTITY OF  
**BAVARIAN BEER**  
Which we now sell to be used in this Town as a drink, we respectfully offer to all the rest of mankind, and in earnest recommend it to all as a

**STRONG ALLIANCE OF TEMPERANCE AND MORALITY**  
in every district wherever unthinking people have not made it an unworthy drink. The most intellectual people in Germany for ages have drank

**BAVARIAN BEER,**  
and drink it now. Seventy-five millions of people—moral, healthy, strong, sensible and cultivated men and women—drink

**BAVARIAN BEER,**  
To-day, from Russia to the Rhine, and beyond it—yea, in Rome itself.

**J. Lindberg & Backstrom's**  
**BAVARIAN BEER,**  
is as good as can be made in Germany: So said our respected Spanish Consul, Don Jos Fronsky, at a festive board, who in the very height of enthusiasm invited

**BAVARIAN BEER,**  
He did two good things; he showed what people of the finest taste and the highest cultivation think of

**BAVARIAN BEER,**  
And he administered an honest slap in the face to hypocrisy and vulgarity. Since that memorable day the sale of

**BAVARIAN BEER,**  
Have enormously increased in this town. Now we offer it in any shape or quantity to the inhabitants of this Island, Cape Breton, Nova Scotia, and West Indies, &c., &c.,

**Hogsheads, Barrels, or Dozen of Bottles**  
**BAVARIAN BEER,**  
ALL IN ORIGINAL PACKAGES,  
Fit for any climate, age, sex or condition!

**J. Lindberg & Backstrom's**  
**BAVARIAN BEER,**  
Will be found an invaluable  
*"Temperance" Drink.*

We recommend it to every organized  
**TEMPERANCE ALLIANCE AS AN AID TO THE CAUSE OF**  
*Temperance, Morality, and Innocent Enjoyment.*

And points with pride to the good character and high standing as citizens of the German and German American people, who

**ALL DRINK IT CONSTANTLY**  
As part of their diet.  
We urge  
*All Leading Men in the Cause of Temperance.*

To not only allow, but to use and encourage such a pure and wholesome Beverage as *Bavarian Beer.*

**BAVARIAN BEER,**  
Has killed a great deal of Whisky, and Rum—drinking since introduced.

**BAVARIAN BEER,**  
Will civilize a Modock, from the error of his ways!

**WHY NOT?**  
Since it has converted hundreds of Whisky-drinking Modocks, and changed RUM-SHOPS and GROGGERIES into quite orderly

**BEER SALOONS,**  
Where every one can enjoy himself comfortably, learn good manners, and form correct social habits!

**IT IS UNWISE**  
To be prejudiced against  
**BAVARIAN BEER,**

When it does so much good.  
It is a shame to encourage **Drunkenness** by not using

**BAVARIAN BEER,**  
AS THE BEVERAGE.  
If good people are to hear talk against such a good thing, they ought to be willing to hear something in favor of it.

**BAVARIAN BEER,**  
*ALWAYS CROWDS OUT WHISKY.*  
Why! Because, 1st—People like it better than Whisky when they once try it. It is more agreeable. It is vastly more wholesome. It cannot be anything but pure WATER, pure HOPS and pure MALT, put together by a good BREWER as BACKSTROM claims that himself really is. It is impossible to POISON it, or DOCTOR IT. You can do nothing whatever to

**J. Lindberg & Backstrom's**  
**BAVARIAN BEER,**

After it leaves them, except to keep it, to waste it, or to drink it!

**J. Lindberg & Backstrom's**  
**BAVARIAN BEER**  
CANNOT BE DRUGGED

And 2nd—Independent of the many bad effects of Spirituous Liquors

**Lindberg & Backstrom's**  
**Pure, Wholesome Bavarian BEER,**

Can be sold much cheaper in consequence of the late tax on the former.

*This Climate is, by its Providential arrangement the very climate for*  
**BAVARIAN BEER.**

The climate is natural and uncommonly DRY. It is so dry, in comparison with that of Europe, that it makes a serious difference in various trades and occupations. For instance, in most parts of Europe the climate is so moist that housewives cannot dry their washed clothes except in fine weather, and often in the open fields. It takes them nearly a week to dry their clothes. Here, the clothes washed and hung out in the morning, are dry before night. So, a plastered house in Europe is not fit to live in for six months, because even with the help of fires, it takes so long to dry. Here one room is dry while they are plastering the next one. This perpetual drinking up of every fluid by the air about us acts on the blood of the people and would dry them up in a little while if they did not prevent it in some way.

In the early days they tried West India rum and brandied wines and distilled liquors. But some years ago they found that that remedy was worse than the disease. It was the universal drunkenness upon rum which called for the TEMPERANCE and lastly for the PROHIBITION movement. The last is the remedy of impatient ignorance, if it includes this wholesome and nutritious drink. A better, a surer or more complete remedy, founded on science and sense, is

**BAVARIAN BEER.**  
It arrests at once the dryness of the climate and of the fluids. It gives tone to the nerves and digestion to the stomach and strength to the muscles! Some foolish people say that

**BAVARIAN BEER**  
CONTAINS NO NOURISHMENT,  
And thing that they make a great argument by saying it. Backstrom never said that

**BAVARIAN BEER**  
Does not contain nourishment. He knows better. He drinks it himself, and sells it for others to drink, NOT TO EAT! It is not only

*Nourishing, but it is a Mild, Diffusible Stimulant and a medium of nutriment as well.*

Even a prohibitionist might know that Man could not live without nutritious drink. For this and other reasons the Medical Faculty recommend and use

**BAVARIAN BEER.**  
Doctors advise Dyspeptic people to drink

**BAVARIAN BEER.**  
N. B.—It will keep in bottles well corked, and in a cool place

**FOR A YEAR!**  
At the end of that time it is a fact that can be proved at the BREWERY, that

**Lindberg & Backstrom's**  
**BAVARIAN BEER**

Is better than the best Bass, Alsop's or Scotch Ale, which cost so much more money. Convalescent patients take

**BAVARIAN BEER**  
From the hands of the Doctor Mothers of Families, by the repeated directions of the Family Physician, make daily use at meals of

**BOTTLED BAVARIAN BEER,**  
Sold by Dealers for family use. Lawyers, Clerks, Mechanics, Preachers, Lecturers, Editors, Printers, Writers of works, Literary men of every class in this literary and intellectual community, all use

**BAVARIAN BEER.**  
Even the Legislators like it, and would undoubtedly have made it a beverage in their Refreshment Chamber in the House of Assembly, had not the late Anti Confederate Government come to an untimely end.

**BAVARIAN BEER**  
Will be made as usual for sale, and any

**Temperance Organization**  
Or anyone else may have a stock of

**LINDBERG & BACKSTROM'S**  
**Bavarian Beer**

AT THE FOLLOWING PRICES, VIZ:

In Bottles, quarts per dozen.....7s  
" pints " do.....4s  
In Casks, per gallon.....2s

Observe! Tare charged extra!  
We are sure that nine out of ten to whom

**BAVARIAN BEER**  
Is offered for sale know nothing about it, except from hearsay. Many of them think it is SMALL BEER, but

**BAVARIAN BEER**  
Is not SMALL BEER, by any means, and this should be understood.

We think it no more than right that the sincere but ignorant men who talk against

**BAVARIAN BEER**  
Without knowing anything about it should be enlightened. And we think that those who promote Temperance could not do better to further the good work than to recommend the

**BAVARIAN BEER**  
As they now do water—a clear and sparkling beverage.

And we think the Newfoundlanders deserve a better fate than to be the victims of Dyspepsia, Liver Complaint, Kidney Diseases, Marasmus and Consumption for want of a pure, wholesome, innocent and cheap drink like

**LINDBERG & BACKSTROM'S**  
**BAVARIAN BEER**  
Which now can be had "in any quantity from our Dealers, viz:

Mr. Moore, Mrs Leo, Messrs Connolly, Walsh, Lunerigan, Tobin, Maher, Loughlan, Chambers, Foran (Atlantic Hotel), Oldridge, Duggan, Spanshat, Shea, McCarthy, Leary, Whelan, Cox, Deady, Farrell, Elmsly, Baird, Moores, Leamey, McCourt, Rankin, O'Donnell, Lash, Olson, Power, McKay, (Arcade Saloon), Cullen, Mrs Farrell, Messrs Treigan, P Murphy, Devine, Mechan, R Murphy, McGrath, Torphy, Toppal Road.—Farrel, Dunn and Fitzpatrick. Kings Bridge.—Eagan Mrs Dooley and Joucelyn, Toppal—Deady and Mrs Squires. Local Steamers &c., &c.

The Proprietors only regret they did not introduce BAVARIAN BEER some years ago, as it would have saved the Colony the expense of adding a wing to the Lunatic Asylum, and the increased expense in the Pauper relief fund of which the Royal Commission so grievously complain.

**THE NEXT IS EVERYBODY'S QUESTION,**  
*"What must we Drink?"*

"We advocate Temperance to the reasonable extent it is advocated by the foremost temperance men in Europe, and without running the praiseworthy temperance movement in the ground by exaggerated requirements. This is also the case with many fanatics in this country, who make no distinction between fermented and distilled beverages. They condemn wine, a beverage made of grape juice, in which Christ himself indulged not alone, but even commanded its use at the Communion Table; they condemn also the use of

**FERMENTED BEVERAGES,**  
while statistics prove it to be a blessing to those nations for which it has become a national beverage, by their perfection in the art of preparing it. Any one who has ever visited Belgium or Bavaria, and witnessed the result of the national beverage, the

**BAVARIAN BEER and the LAGER,**  
on these two peoples, must be converted from any prejudice against

**THOSE BEVERAGES,**  
if ever he had any. It is not necessary to go to Europe to be convinced; we may visit the BEER-drinking German quarters in this country, notice the general health and industrious habits of that people, and compare it with those nationalities not blessed with the habit of being satisfied with BEER, but needing the unnatural stimulus of distilled spirits, whisky, brandy, or even alcohol.

It is indeed a common observation among physicians or medical students in our large charity hospitals that a **Post Mortem** reveals at once whether the subject under examination was a Beer-drinking German, by the better health of the interior organs and the presence of a liberal supply of adipose (fatty) tissue, or whether he was a whisky-drinker, as proved by the diseased condition of kidneys and liver, a general leanness, and a tendency to atrophy of the muscular system

Many persons are apposed to the **BAVARIAN BEER**  
Simply through prejudice; they will indulge in Ale and Porter at their dinners but decry the use of BEER. Now, the fact is that the

**BAVARIAN and LAGER BEER**  
Contains less alcohol than either Ale or Porter, and that experience proves that an excess in its use carries less injurious consequences with it than excess in the use of any other kind of this class of beverages. It has even been proved that some constitutions can consume *Four Five, or Six gallons* in a single day—a feat perhaps impossible with any other beverage, water perhaps excepted, and tending to prove that next to water

**BAVARIAN BEER**  
is the most harmless drink. Such a quantity of milk would surely produce severe indigestion, while the drinking of so much Ale, Porter, or wine would be out of the question.

We cannot of course find fault with those who simply dislike BEER from a natural aversion of the bitter principle of the hops, with which it is more abundantly provided than other BEERS. This may be the reason that many people prefer Ale; but we ought to suggest that in order to have the full benefit of the moderately stimulating and nutritious qualities of any kind of BEER, it must not be drunk at improper hours, as then really good BEER may be quite unpalatable. The best time is at dinner during the use of Beef, Mutton, Pork, etc., to which it is a very desirable addition.

It is a common observation that the desires in regard to food and drink are, in many individuals, undergoing a change in the course of years. This is simply caused by the modified wants of the system. A young, vigorous person does not need the stimulus of BEER or WINE at the table, which appears to become a necessity for others when they become older. The wisest plan is to follow simply the natural desires as they best indicate the wants of the system, provided these desires are not proffered by the unnatural habits of smoking or chewing tobacco, using an excess of condiments, especially pepper or the habit of distilled drinks, which not only should use, except largely diluted, as is the case with wine, the strongest qualities of which contain alcohol in as high a proportion as it ever should be introduced in a human stomach.

The inconsistency of temperance people in general is, among other things shown in the fact that they allow the use of fermented Cider, which contains about as much alcohol as Rhine wine. The latter is often dispensed in New York under the name of German Cider, many of whom we have heartily certify that the German Cider is much better than the American article. A curious observation has also been made by dealers in Soda Water; they find that the ginger Syrup, which is the most pungent and stimulating of all, and also contains some alcohol, of which the other syrups are free, is generally preferred by temperance people, who invariably ask for the hot ginger Syrup, up, while the wine and Beer drinkers take the refreshing syrup of lemon, or some other fruit.

As it thus appears that most people need some stimulus, it may be well to acknowledge this fact, and to allow them to indulge in one which is not only harmless but beneficial, instead of requiring a total abstinence and, in which many are unable to persist, who breaking their pledges, lose their self-respect in so far as to indulge in the most pernicious of all habits—the use of the intoxicating distilled liquors.

It is for reason of the above consideration that we have recommended to all who have a chance to obtain this good Beverage in their neighborhood, to do so instead of keeping a "Brandy bottle in the house."

**DIRECTIONS.**  
1.—The bottled Beer ought immediately after landing be unpacked from the barrels or boxes and if possible be placed in an erect position in a cool place.

2.—In receiving the casks with Beer, Ale or Porter, put them on good solid stand in a cellar, keep them 6 days on the stand before opened, and the bung or vent hole must be opened before the tap is put in, a sufficient quantity of clean good bottles is required when drawing of the Beer etc., and as quick as possible be corked with good corks.

3.—In returning the empty casks and bottles the name or initials of the person who sent them, ought to be marked on the head of the casks or barrels.

4.—The goods to be shipped at the debit and risk of the Purchasers, and any remarks against the article, etc., ought to be made immediately on receipt of goods if any notice will be taken of the same.

The Proprietors also manufacture all kinds of Aromatic waters, viz.

Temperance, Champagne.....16s per doz  
Ginger Ale.....6s 6d ..  
Lemonade.....6s ..  
Rose Water.....6s ..  
Seltzer Water.....6s ..  
Berliner Water.....6s ..  
Soda Water.....5s ..

## MARKED FOR LIFE.

CONCLUDED.

Good God! Lord Rivington! will you not listen? pleaded Edward. I have something with me that will prove I came here this day for no other reason than to do you a service. I entreat you to wait and hear me.

But Edward's entreaty was of no use—Lord Rivington's anger was roused.

Seizing one of the pistols he pointed it at Edward's head.

One of us shall die this day! he cried if you will not decide by fair play. I will put an end to this folly at once.

Alice cowered down in the corner of the room and hid her face in her hands. Edward folded his arms and confronted his adversary.

Lord Rivington took his aim. Edward raised his hand and pushed back the curls from his forehead.

The colour suddenly left Lord Rivington's face.

He bent forward, dropped his pistol, and clasped Edward's hand in both his own.

For, on the broad white brow that had been covered by waves of hair, was a deep red scar.

Do you not recognise me? asked Lord Rivington. I am Sir Guy. You knew me only by that name. I never knew yours. I am he whose life you saved at the risk of your own. Edward forgave me; Alice, my wife, forgive me!

Edward's only answer was a murmured—  
Thank God!

Alice threw her arms around her husband's neck and wept happy tears upon his breast.

Edward soon explained his reason for his visit to Lord Rivington's house.

I came, he said, to bring a small tin box which was once your only treasure worth possessing. It was picked up with me the night we both well remember; it has travelled with me since in search of its owner. Only a few days ago I learned that you could help me to find him, little thinking to whose house I came, or that I should see Alice here.

The three stood long gazing on each other's faces.

It was a strange meeting. Lord Rivington drew his wife to him and fondly kissed her, and she did not shrink from him now.

Turning to Edward, he passed his fingers across his forehead.

It was a cruel blow, Edward, he said, but you have forgiven me for it, and, thank God, it has saved your life, and me from being a murderer!

The talent of turning men into ridicule, and exposing to laughter those one converses with, is the gratification of little minds and ungenerous tempers. A young man with his cast of mind cuts himself off from all manner of improvement.
