OBITUARY.

Miss Bessie Beattie.

The death took place on Wednesday morning at the Cottage Hospital, of Miss Bessie Beattie, after an illness of over three months, borne with cheerfulness and unflinching spirit. During the first few weeks of her illness she rallied a number of times but with no hope of ultimate recovery. During the past week she sank gradually till death came quietly and peacefully to her relief.

She was the last member of her family, her sister, Mary, having predeceased her three years ago last November.

Of near relatives left to mourn their loss are one nephew, Frank H. Beattie, editor of the Bridgetown Monitor, two nieces, Miss Norma and Miss Edna Beattie, of Boston, and in town, Mrs. Edward McLaren, and her mother Mrs. Effie Christie, the latter of whom is a first cousin.

Miss Beattie resided her entire life on the family property on Falkland Street, and during the years of her young womanhood was an efficient teacher in the Public Schools of the town, and afterwards for a long period was associated with her brother, J. McK. Beattie, in conducting a book store.

She was a devoted member of the old Prince Street congregation and enjoyed the esteem and respect of a very large circle of friends here and abroad. She had the happy faculty of making many friends and the yet happier and rarer faculty of retaining them. A woman of strong convictions, cheerful disposition and well ordered life, the news of her passing was received with much regret.

She never emphasized better her many excellent qualities of head and heart than during the long and trying illness which preceded her decease. The funeral took place on Friday afternoon from her late residence, Falkland Street. The service was conducted by the Rev. W. B. Rosborough, pastor of the First Presbyterian Church and was largely attended. Many handsome floral tributes and messages of sympathy were received. Her remains were laid to rest beside those of father, mother and other members of the family in the lot in Laurel Hill Cemetery in the blessed hope of a glorious resurrection.—Picton Advocate.

V. A. LLOYD IS NOW POSTMASTER

He Entered Upon His Official Duties on Tuesday, July 1st.

Mr. Vinton Lloyd entered upon his duties as Postmaster at Bridgetown, succeeding Dr. M. E. Armstrong, who held the position for the interim period of seven or eight months, between the retirement of Mr. A. D. Brown and the appointment by the Civil Service Commission of Mr. Lloyd. Dr. Armstrong filled the position very efficiently during the period mentioned above and his successor Mr. Lloyd will doubtless also attend to the duties of the office in a thoroughly efficient manner.

HAMPTON.

Mr. and Mrs. Francis Benson, Miss Zella Foster and Mr. Herman Coolbirth, who have been visiting at the home of Mr. and Mrs. Curtis D. Foster, have returned to their homes in Kennebunk, Me.

Mr. and Mrs. Harry Tomlinson of Kennebunk, Me., are visiting Mrs. Tomlinson parents, Mr. and Mrs. Curtis Foster.

Mr. and Mrs. Frank Jones and two children of Lynn, Mass., are visiting Mrs. Jones parents, Mr. and Mrs. Herbert Foster, who has returned to her home in Waltham, Mass.

Mrs. Joseph Slocote, who has been visiting her mother Mrs. Annie Parnsworth, returned to her home in Waltham, Mass., accompanied by her brother, Howard.

Mr. and Mrs. Melvin Loker and son Walter, also Mr. Earle Loker, have returned to their home in Holliston, Mass.

Mr. Andrew Bogart and mother Mrs. Jennina Bogart of Cal. are visiting Mrs. Bogart's brother, Mr. John B. Templeman. Miss Adeline Templeman of Clefield, Mass., is a visitor at the same home.

Death has again passed over our community, when on Tuesday, June 24th, Mr. Alonzo Foster, after an illness of several months passed peacefully away, the community extends their deepest sympathy to the bereaved ones.

Mrs. Dorothy Weir of Clarence, is spending a few days with her aunt, Miss Arena Foster.

Mr. and Mrs. Edwin Risteen of Port Lorne, spent Wednesday, June 25th at the home of Mr. and Mrs. Ralph O'Neill.

Sunset Cottage, owned by Inspector Foster, is now completed. This summer cottage is in an ideal location and is fitted up so as to give recreation and comforts to the vacation seeker. The cottage is a double one. Down stairs are large living rooms provided with fire places. A kitchen and dining room is on each side. Upstairs are large airy bedrooms. One side is Mr. Foster's own use. The other side is rented furnished.

Hampton is an ideal place to spend a summer vacation and there is no doubt that Sunset Cottage will be filled during the summer months.

The Baptist Sunday school held their annual picnic on Tuesday at Hampton and had an enjoyable day.

Mr. Edward Messenger of Centrelea has the thanks of the editor for some very finely flavored northern spy apples. Notwithstanding the time of year the fruit has retained full flavor.

ANNUAL MEETING OF UNITED FRUIT CO.

300 Delegates and Members Attend—Fine Review of Fruit Situation by Pres. F. W. Bishop.

Three hundred delegates and members representing the forty-two branches of the United Fruit Companies of Nova Scotia, attended the 12th annual meeting held at Kentville, Tuesday, President F. W. Bishop of Paradise, presided.

The company has had a very successful year, and is also of great benefit to the farmers, is shown by the reports presented. The morning session opened at 9.30. Following the roll call and routine business, President Bishop gave his address covering the work of the year. The report in part says:

"We do not hesitate in expressing our belief that the United Fruit Companies have never been of greater value to its members than in the year just closed.

"The crop in England, our chief market, was very small, British Columbia had a record crop and the United States a large surplus for export, so we were assured of plenty of competition, particularly on the English markets. With our nearness to the British markets and in close touch with special ocean service we were able to place our fruit on the English market at optimum time and in proper quantities and thus make a much better return than our competitors.

"I think we should record our appreciation of the adequate supply of refrigerator cars provided by the Dominion Atlantic Railway for our fruit in cold weather, it being, I believe, the first season when all of our apples and potatoes have had the benefit of this equipment during the entire winter season and I think we should congratulate the management not only on account of the equipment provided but also for the quick despatch and efficiency which has marked the handling of the fruit during the whole season.

"The shippers have also had an excellent ocean service and the class of boats offered for the fruit carrying trade have been the very best available.

"We have completed the third year in operating our canning and vinegar plant at Aylesford, with which we may connect the evaporator at Kings-ton. Largely on account of the strong demand for canned and dried fruit and our increased connections we are cleaned up in these lines and only have sufficient cider and vinegar on hand for our season's customers. This has been the best year in the history of our Aylesford plant, and when staled by your directors, has been authorized to turn out these products at the minimum cost.

"We have every promise now of another good crop, which to date is one to two weeks earlier than last year.

"The annual report of the management showed that they had emerged from the previous year with lower prices for the fruit than it actually cost to produce it, and had approached the past season with a great deal of trepidation for the season's operations, brought about by reports that indicated one of the heaviest crops of apples ever grown in the United States. The only encouraging outlook was the report of a light crop in England. The English crop today is one of the most, if not the most important factor in regulating prices of our fruit up to the beginning of the year. It being practically all cooking varieties compels their grower to market it in the early part of the season.

"Possibly one of the greatest reasons for the success during the past season was the accurate information which was received practically daily regarding shipments from other countries and arrivals on the markets.

"For a short summer holiday, St. Pierre, Miquelon, in the Gulf of St. Lawrence, is a good place to go. The visitors finds himself in a little bit of old France among a most interesting and hospitable people. And one of the things that will surprise him down there is the small consumption of alcoholic beverages, considering the ease with which they are obtained. Instead he will find that there is a large consumption of good tea; in fact, a large consumption of MORSE'S Tea, which has been the favorite tea in St. Pierre, Miquelon, for over forty years.

OBITUARY.

Alonzo E. Foster.

The death occurred at his home in Hampton, on Tuesday, June 24th of Mr. Alonzo E. Foster in the 75th year of his age. He leaves to mourn their loss, wife, one son David, of Hampton, six daughter, Mrs. Will H. Foster, Mrs. Bernard Mitchell, Mrs. Avar Risteen, Mrs. George O'Neil of Hampton, Mrs. Cassie C. Pluck and Mrs. Dora Upham of Lynn, and Mrs. Belle McLean of Exeter, N. H.

The funeral took place on Friday, and was largely attended. Services were conducted by Rev. D. W. Dixon and interment was in Hampton cemetery.

He deceased was highly respected and an active member of the Baptist church, always making his influence felt for good and enjoyed the general esteem of the community.

DR. CUTTEN'S CASE

His Attorney Secures Transfer to Grand Jury For Fair Trial.

Utica, N. Y.—As sequel to the recent arrest of Dr. George B. Cutten, President of Colgate University for speeding in Utica, his attorney today secured an order from Supreme Court Justice Louis M. Martin transferring the case from the city court to the Grand Jury.

It was asserted that Dr. Cutten could not get a fair trial before a police magistrate. At the time of his arrest Dr. Cutten said he was hurrying to enable his companion Raymond B. Fosdick, to catch a train. Dr. Cutten was formerly President of Acadia University and attended the closing exercises there this month.

Miss Leta Troop who has been spending the past year with her sister Mrs. Wm. Cook, has returned home for a visit.

Miss Vera Graves, of staff of Jensen & Mills, Halifax, is spending her holidays with her mother, Mrs. John Graves, Port Lorne.

NOTES AND NEWS OF LAWRENCETOWN

Social and Personal Items—Mrs. J. B. Hall Gives "At Home"—Community Concert Great Success.

Lawrencetown—Mr. Wilfred Prince is spending his vacation at his home. Mrs. J. Daniels is not at all well. Rev. L. and Mrs. Wallace are in town, making good progress towards health and strength.

Mrs. Avard Beals is spending a few days with friends in Berwick. Rev. H. Jones, Mrs. Jones, Rev. Mr. Boice and Mrs. Boice, were visitors at the home of Mrs. F. Palfrey.

Mrs. J. B. Hall gave an "at home" to the young married ladies and also to the young ladies, who hope to be madames at some day.

Mr. and Mrs. Forman Bishop have been in Halifax for some days. Mrs. Milledge Banks, of Clarence, spent Saturday with her sister, Mrs. Josephine Rumsey.

Mrs. Chas. Warwick and family, motored to Yarmouth, Saturday, returning Sunday.

Mr. Anon Rumsey attended the annual meeting of the United Fruit Companies in Kentville, on Tuesday.

Mr. Harry Feltus spent Sunday at home returning to Berwick Monday. Mrs. John Bishop and baby, of Berwick, are visiting her parents, Mr. and Mrs. E. A. Phipps, also her sister, Mrs. Bert Jefferson.

Community Concert did well on Thursday night. A good amount of cash was taken at the door.

The young people of the Baptist church were treated in a very handsome manner by the elders. Refreshments for the mind, also for the body were generously furnished.

Mrs. W. P. Morse has been in Bridgetown, attending meetings of the Methodist Conference.

Mr. W. McLeod, son of Mr. Campbell McLeod, is visiting his former home. Mr. McLeod comes from B. C. He spent some time in California, at Pasadena he found Mr. and Mrs. C. Peters busy, well and contented. A visit was made to a sister, formerly Miss Jessie McLeod.

Mr. and Mrs. D. B. Chase are at "Kodge", Great place for a honeymoon trip.

The old railway station, has been moved away. Will be made into an apple warehouse.

The concert, on account of a heavy rain storm, was postponed from Wednesday evening to Thursday.

Schools closed on Friday. Teachers and pupils can rest from their work for a time.

The auction at Mr. C. Whitman was well attended.

Mrs. L. Balcom has taken the house formerly occupied by Mr. C. Whitman. Rev. Mr. and Mrs. Gullison, formerly Miss I. Newcome, are to be in Lawrence town on Thursday next.

Several sales of property have been made.

For some reason, unknown, a meeting announced for Monday did not take place.

On Sunday there was a real church union in the morning at the Methodist church, there were three ministers present, Rev. A. Whitman, Baptist, Rev. Mr. Milson, Rev. Mr. Wright, the fine choir of the Baptist church furnished the music, while a young lady from Scotland, a good Presbyterian, acted as organist.

In the evening a meeting was held in the Baptist church, Rev. H. Jones, Methodist minister, who had spent some years in town, a man respected and liked by all, gave a noble sermon, the church was well filled with the good friends. Mrs. L. Wallace and Mrs. Landers gave a sacred song that will not be forgotten by those who heard it.

There are some splendid fathers in our town. Boys are spending along our streets on "brand new bikes". Strange looking packages arrived by the midnight train, and oh joy they were the machines. Piles of wood that had towered towards the sky disappeared in record time. Weak backs were not mentioned as grateful boys manfully attacked and vanquished the formidable wood piles.

Mrs. F. (Dr.) Primrose, Miss Primrose, are guests at the home of Mrs. S. Primrose. Dr. V. Primrose will join the party next week, when all will go on a motor trip through the Province.

MISCHIEF IN THE SENATE.

A handful of Senators says the Toronto Globe, "are doing all in their power to injure the National Railways and embarrass Sir Henry Thornton and his associates. This is the service they give to the people of Canada in return for a handsome indemnity of \$4,000 a year, rooms in a palace and various other privileges. Ordinarily, they are satisfied to do little or nothing, and they are tolerated by a patient and long-suffering public. Now, instead of doing nothing, they are doing mischief—trying to derail and wreck the train. The calling in of C. P. R. officials to pass judgment on the National Railways can be accurately described only as sheer impudence.

But the case is one of pin-pricking rather than wrecking. The obstructionists can cause delay and inconvenience—but they cannot destroy a great National property. Opposed to them are Sir Henry Thornton, and a staff which he has filled with an enthusiasm and a loyalty which are powerful factors in success. In addition to that, the people of Canada are vitally interested in the undertaking, and the obstruction, instead of discouraging them, will make them more determined and zealous in defending their own property and promoting their own interests.

The question of reforming or abolishing the Senate has hitherto been regarded as somewhat academic, and so nothing has been done. But the Senators who are responsible for this outrageous attack upon the national interests are doing their utmost to make it practical. It was not intended by the framers of the Constitution that the Senate should deliberately endeavor to destroy a policy which is that, not of one party, but of all the parties in Canada. The nationalization of the railways was begun by the Unionist Government, carried on by the Conservative Government, which followed it, and completed by a Liberal Government. It is warmly supported by the Progressive Party. It is opposed by a small body of Senators, nominally Liberals and Conservatives, but who represent nobody, who are merely pensioners appointed by Governments that have been defeated at the polls.

The success of this attempt at obstruction would mean the substitution of oligarchy for responsible and representative government. One might compare the usurpation with that of Lenin or Mussolini, but the comparison would be rather flattering to the feeble imitators of these despots. They are merely presuming on the good nature of the people of Canada, and they would speedily come down from their precarious perch if the people asserted themselves. Between the Senate and the great property they are seeking to injure the people will not be slow in making a choice."

The Recorder has for many years advocated the abolishing or reform-

ing of the Senate. Up to a comparatively recent date the pay of the Senators was \$1,500 per session, now it is \$4,000, with free transportation, etc. Some of the Senators on both sides of politics may be worth the pay they receive, but there are others—well, what do our readers think about it. As we stated on a previous occasion, the present Government would do much in the way of economy if they seriously considered and acted upon the advisability of reforming or abolishing the Senate. If the sole duty of some Senators—we do not care what side of politics they are on—is to embarrass the Government which is in power, then the country should not be providing them with a princely salary for that purpose.

At the annual dinner of the members of the Press Gallery at Ottawa this year, among the songs sung was one which was in keeping with the above, being a skit on the life of the average Senator, and which to the air of "I hate to get up in the morning," was sung as follows:

Oh, how I'd like to move up to the Senate,
Oh, how I envy those guys their home,
Meeting on its first trip of the season
Members never need to speak;
I want to move up; want to move up;
Want to move up to the Senate.
Some day I'm going to sit in a red chair,
Some day when some oldtimer is dead
I'll just attend the opening, the closing
and the banquettings,
And spend the rest of my time in bed.
—Acadian Recorder.

TOURIST TRADE STARTS WITH A RUSH.

Eastern Steamship Lines Put On Additional Boats.

To accommodate the enormous tide of travel expected from the United States this summer the Eastern Steamship Lines will start two additional weekly sailings on July 2nd. The S. S. "Prince Arthur" will be placed in commission on the Boston, St. John Route, sailing from Boston Wednesdays and Sundays at 12 o'clock noon (daylight saving time) due in St. John about eight o'clock next morning. Returning will leave St. John Fridays and Mondays at 7 p.m. These sailings will be direct from Boston to St. John and return, not stopping at Eastport or Lunenburg, which additional service will be much appreciated by the throngs of tourists who wish to go to the Maritime Provinces during the summer season.

On the Rhine.—Influence of the Allies' occupation of Rhine territory. Heard in a back street of Cologne. Small German urchin, dragging smaller brother home at bedtime. "Komm, my Mister Fritz, ally conchy."

It will pay our readers to scan closely the Tuesday special ads. There are many real bargains among them.

"CROSS CROSSINGS CAUTIOUSLY."

The increasing number of automobiles moving through the Annapolis Valley has prompted the Management of the Dominion Atlantic Railway to make every effort possible to prevent accidents at public crossings.

A similar movement was started in the United States recently by the American Railway Association, who have prepared attractive posters attracting the attention of motorists to the necessity of "Crossing Crossings Cautiously."

While there is not the same amount of danger of this nature in Nova Scotia, motorists will admit that with the increasing number of cars travelling throughout the country there must be greater necessity for driving cautiously when approaching level crossings. We are therefore attracting the attention of motorists to this matter, emphasizing at the same time the fact that moving trains cannot be stopped within a few feet, while an automobile can. It is therefore suggested that in approaching railroad crossings cars be always kept under perfect control.

If the public will do its part in this respect, and by good example assist in reducing the large annual yet needless loss of life and injury to occupants of automobiles at railroad-highway crossings, they will do a patriotic work.

The following suggestions have been made to us, and we pass them on to parties interested:

- 1st—Slowing down when approaching any railroad-highway crossing.
- 2nd—By looking both ways and listening to ascertain if a train is approaching.
- 3rd—By being particularly careful where there are two or more tracks, because of trains in opposite directions.
- 4th—By exercising good, conservative judgment at crossings.
- 5th—In case of doubt take the safe course and stop before reaching track, thereby possibly saving your life and the lives of your loved ones.
- 6th—If there be any danger from approaching trains.

CROSS CROSSINGS CAUTIOUSLY. Wait! You May Lose.

The number of accidents in this Province due to reckless driving, speeding etc., is increasing every year and it might interest readers to know that in the United States during the past six years 11,397 persons were killed and 39,522 were injured, at railroad-highway crossings. Eighty percent of the accidents at such crossings involved occupants of automobiles. The co-operation of parties interested will assist very materially in eliminating the large proportion of accidents of this nature.

Crimean Veteran Praises "Fruit-a-tives"

MAJOR GEO. WALKER
Major George Walker, now a familiar figure in Chatham, Ontario, is one of the men who went through the terrible Indian Mutiny. As he says: "I am a veteran of the Crimean War and the Indian Mutiny, serving under Lord Roberts. Fierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I was in terrible shape until I began to use 'Fruit-a-tives.' They relieved me both of the Rheumatism and the Constipation. Today, I enjoy perfect health—no more Rheumatism or Constipation."

And in another letter, written December 1st, 1923 (seven years after), Major Walker says: "Fruit-a-tives are keeping me in the best of health and I shall never be without them."

"Fruit-a-tives" are the famous Fruit Treatment—intensified fruit juices combined with tonics—that make you well and keep you well. 25c and 50c—at all dealers or from Fruit-a-tives, Limited, Ottawa, Ont.

S. S. NORTHLAND DOCKS WITH 220 PASSENGERS

Yarmouth—The steamer Northland, in charge of Captain Frank K. Crosby, formerly of the Boston-Yarmouth liner Prince Arthur, arrived in Yarmouth on its first trip of the season and docked at 5:20 Wednesday morning with 220 passengers. This ship, one of the finest in the United States coastwise fleet, is to run for the summer alternately with the Prince George on the Yarmouth-Boston route, and the combination promises the patrons on that route the best passenger service in the history of the line.

The Northland only a few weeks ago was fresh from the shipyards in Hoboken, N. J., where the ship was largely reconditioned and refitted at a cost of over \$200,000, particularly to meet the demands of the patrons, and the tourist travel to and from Nova Scotia and Boston. The steamer has also excellent accommodations for the auto tourist and between decks can easily take care at one time of at least twenty large touring cars.

Pleasure and action make the hours seem short.

Here and There

Shipments of grain from the Grand Prairie and Peace River districts over the Edmonton, Dunvegan and British Columbia Railway during the past season have totalled 2,471,000 bushels of wheat and 1,700,500 bushels of other grains.

The longest solid train of red cedar edge grain shingles ever hauled across the continent left Vancouver, B.C., recently for Chicago and the Eastern States. Several other long trains of this product will be shipped in the near future by the Hunting Merritt Lumber Company, by whom the consignment was forwarded.

A despatch recently sent from London states that Professor Carlyle, of the E. P. ranch, is sailing for Canada shortly, taking back with him a number of brood mares and other stock for the ranch. The Prince of Wales continues to evince the deepest interest in all the doings of the ranch and keeps in close touch with things there.

Approximately the same acreage as produced the West's bumper crop last year will be under cultivation this season. The outlook now is that over 14,000,000 acres of land will be ready for seed under generally favorable conditions. The estimated acreage to be seeded this year, by provinces, is as follows: Manitoba, 4,450,400; Saskatchewan, 3,354,190; Alberta, 3,472,315.

The value of boots and shoes exported by Canada during the year ended March, 1924, more than doubled the value of Canadian boots and shoes bought by other countries during the preceding year. Last year the exportations were valued at \$304,913, and for the preceding year at \$130,034. The United States was the chief buyer, taking 2,227 pairs, with Japan second, taking 1,658 pairs.

Concluding her round-the-world cruise, the palatial Canadian Pacific steamship "Empress of Canada," docks at Vancouver on May 24th. Reports indicate that this four-month pleasure voyage under the genial care of Captain Robinson, hero of the Japanese disaster, has been a splendid success, the passengers being pleased in their declarations of satisfaction.

During the fiscal year ending March 31, 1924, Canada imported goods to the value of \$893,335,491, an increase of \$91,000,000 compared with the previous similar twelve months, while the exports totalled \$421,056,000, an increase of about \$110,000,000. The total trade increased in that twelve-month period by about \$210,000,000, compared with the corresponding period a year ago.

It is expected that negotiations between the British Government and the Province of British Columbia will lead to the settlement of several "hundreds of immigrants from the Hebrides in the province this summer. Each Government proposes to grant \$300, or \$600 in all, to each family and shelters will be provided them close to the sea, where they can engage profitably in their accustomed pursuit, fishing.

The itinerary of the personally conducted tour of the Canadian Teachers' Federation, en route to their annual convention to be held at Victoria, B. C., August 12th to 16th, has just been announced. Starting from Toronto, a special train for the teachers will proceed west by Canadian Pacific Railway, halts being made at Western Canada's chief points of beauty and interest. It is expected that about 150 will make the trip.

Sweden is capable of sending 25,000 men to Canada as immigrants yearly, says the statement of Otto Elander, prominent Swedish editor, when in Montreal recently. Mr. Elander is touring Canada with the object of studying conditions as they exist in Swedish settlements here and reporting upon them to his fellow-countrymen desirous of immigrating to this country.

THREE LITTLE GIRLS DROWNED IN RIVER

Two Lose Lives While Trying to Rescue Their Playmate.

Springfield, Mass.—Three little girls were drowned in the Agawan river in West Springfield Wednesday evening, one when she walked into a hole while bathing, and the other two when they attempted to save her. They are Victoria Yushkulis, 13, and her sister, Helen, 11, daughters of Anthony and Lottie Yushkulis, of 41 York Street, West Springfield, and their playmate, Felecia Bismont, 13, daughter of Mr. and Mrs. Anthony Bismont, of 23 York Street.

After playing near their homes a few yards away, to bathe, the Bismont girl appeared unaware of the depth of the river at this point, which is between 25 and 30 feet. She walked in and suddenly fell beneath the surface. When she came up, Victoria, the older of the Yushkulis girls, went to her aid and was dragged under the surface by the struggles of the Bismont girl. Helen Yushkulis, seeing the two struggling helplessly, went to their aid, and she, too, was dragged down.

The three were said to be able to swim a little, but did not know how to handle swimmers in distress.

For a short summer holiday, St. Pierre, Miquelon, in the Gulf of St. Lawrence, is a good place to go. The visitors find himself in a little bit of old France among a most interesting and hospitable people. And one of the things that will surprise him down there is the small consumption of alcoholic beverages, considering the ease with which they are obtained. Instead he will find that there is a large consumption of good tea; in fact, a large consumption of MORSE'S Tea, which has been the favorite tea in St. Pierre, Miquelon, for over forty years.

Information Bureau Established on Boundary Line Between N. S. and N. B.

For the purpose of welcoming visitors to Nova Scotia, and to direct them to the various routes best for motoring, the Provincial Highways Board have established an information bureau on the boundary line between Nova Scotia and New Brunswick. The duties of this bureau will be to meet all visiting cars entering the province obtain their home address, their destination in Nova Scotia, and other information, which will be tabulated in a census. Principally the bureau is established for the guidance and use of people motoring to Nova Scotia who may want information regarding the routes to various points, the advantages of visiting various places, and other aids which a useful bureau of that nature may be able to give.

The Provincial Highways Board has notified all the Publicity Committees, Boards of Trade and other bodies, as well as towns and cities of the Province, that if they so desire they may send information and descriptive matter of their communities to this information bureau and have it distributed there.

The agent for the bureau has a house directly on the boundary line, and is instructed to keep it in the condition that will be attractive and indicative of the neatness and general appearance of the Province.

The Newspaper Has the Greatest Advertising Influence

The Women's Advertising Club of Los Angeles, working through the Women's Clubs of that city, conducted a questionnaire on advertising media and their influence which should be very interesting to the retail advertiser. The computation was made that 90 per cent. of the buying is done by women and that millions of dollars are squandered every year in an effort to gain their attention. All walks of life was covered and the results figured on the basis of one thousand returns.

"Which of the advertising media influence you most?" was the question. The answer was announced as follows:

PUBLIC HEALTH SERIES NO. 8.

Do you remember that in our third letter we called Public Clinic (or Examination Centres) "Outposts of Defence" in the war against sickness? How many of you, readers of this paper, have been able to have your children go to one of these clinics and have themselves examined? Now that roads are clearing up, and the haying season not yet on, we urge you to make a determined effort to secure this valuable service at the very first opportunity. Nothing could be more foolish than the dread some people have of examination; nothing could be more wrong and selfish than the neglect of your own or your family's health to the point where actual illness brings hardship and unhappiness especially when it spoils the future of young people "with all the world before them."

As we have reminded you, the treatment of the sick, even when life can be saved, is far more expensive than prevention of sickness. If you have the beginnings of the threat of disease, it is worth a great deal to you to have it discovered now. If you are perfectly sound, it is surely worth while to know that, and to learn how to keep the supreme blessing of good health. If you have a disease, well developed, your worst dread should be lest you ignorantly or carelessly spread it and cause misery and death among your dear ones, or your neighbors.

In any case, once more we urge you to write upon your heart that "Knowledge is Power." And the way to get some knowledge of your own body and how to use it is from a doctor's examination. In a number of the counties of Nova Scotia, there are now Public Health Nurses for the necessary work of bringing in cases to the clinics for examination, for following up these patients with guidance and instruction in their homes, examining the school children, and keeping an eye on the health of the county in general. Even the most skilled medical examiners cannot accomplish their best work, and the clinics cannot get the best possible results for the people, without this follow-up work in connection. But we must do what we can with the means at our disposal, and hope for the municipalities to wake up to ideas of "goodness" in the health line before long, and to get wholeheartedly into co-operation with the Public Health work.

Where, however, there is a Clinic established, let the entire neighborhood rally around it, support the good work and see that no child is allowed to continue, handicapped by defective or diseased conditions that can be discovered and removed by early examination and treatment. In centres where clinics are not yet established, let every public spirited citizen use his influence to make sure that one will be established, and that every

person may have a chance to safeguard his health. Your physician will inform you how to take advantage of this clinic service.

MARRIED.

Chase—Baneroff.

Lawrencetown.—The wedding took place at noon on Tuesday, June 17th, at the home of Dr. and Mrs. J. B. Hall, Lawrencetown, of Marguerite Alice Baneroff, eldest daughter of Mr. Joseph Baneroff, to Donald Bedford Chase, of Port Williams. The ceremony was performed by Rev. J. H. MacDonald, D.D., of Wolfville.

The wedding march, the "Bridal Chorus from Ruth," was played by Miss Miriam Baneroff, pianist, and Miss Kathleen Baneroff violinist, both sisters of the bride.

The bride, unattended, took her place under an arch of ferns backed with pure white lilies. Her gown was of white satin, embroidered with opalescent pearls, and she carried a large bouquet of Ophelia roses. The veil was the work of the native women of India, and a gift of the bride's uncle, Dr. Willard Leitch, of Vancouver, B. C. Her travelling dress was of sand satin crepe with hat to match.

Just before the ceremony began two unexpected guests arrived, Levi Picton, of Lequille, Annapolis Co., Chief of the Miqmac Indians, and Daniel Francis, head councillor of the tribe. They brought beautiful gifts of Indian workmanship to the bride. Then, after telling how the grandfathers of both bride and groom had befriended the red men in times of great need, they stated that they themselves had come to express the gratitude of their people for the kindness done them so many years ago.

The out-of-town guests were: Mr. and Mrs. Bedford Chase, Port Williams; Mr. and Mrs. Hibbert and Mrs. Mosher, Halifax; Mr. and Mrs. Geo. Chase, and Mrs. J. W. Harvey, Port Williams; Mr. and Mrs. T. A. Lydiard, Kentville; Mr. and Mrs. Ralph Donaldson, Bridgetown; Mr. and Mrs. G. B. McGill, Middleton; Miss Davis, Yarmouth and Miss Inez MacCallum, Campbellton, N. B.

The gifts were numerous and costly. After a motor trip around the South Shore of Nova Scotia, Mr. and Mrs. Chase will reside at Port Williams.

Try Anything Once.—A married couple had engaged a cook. She was pretty as a picture, but her cooking was terrible, and one morning the bacon was burned to such a crisp as to be wholly inedible.

"Dear," said the wife to her husband, "I'm afraid the cook has burned the bacon. You'll have to be satisfied with a kiss for breakfast this morning."

"All right," responded the husband gruffly. "Call her in."

THE CHEEREUL WOMAN

Is One Who Has The Rich, Red Blood of Good Health.

The fact that one woman is bright-eyed, rosy-cheeked, strong and cheerful, while another is pale, weak and depressed is due more often than otherwise to the condition of the blood. The way to remedy this depressed state is to build up the blood, and for this purpose there is no other tonic so equal Dr. Williams' Pink Pills. A case in point is that of Mrs. Melvin Abra, Grayley street, Vancouver, B. C., who says: "About two years ago I was a very sick woman. I seemed to be wasting away and getting thinner all the time. I grew so weak that the doctor sent me to the hospital, but the treatment there did not help me and I returned home. Then I tried a number of tonics with no better results. At this stage my mother came to me and as she is a firm believer in Dr. Williams' Pink Pills, she started me on this medicine. I can only say that they did wonders for me. I began to get new health and strength after I had taken a few boxes, and day by day this improvement continued until I was again well and able to do all my housework, and I have not had a sick day since. I cannot recommend your pills to highly and urge those who are looking for health and happiness to give them a trial." You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

After teaching successfully one year in this section, Miss Nora Thurber returns to her home in Freeport, the 28th. Mrs. Joseph Hall will be at her home here after one year's successful teaching in Port Lorne.

SEVENTEEN GATHERED AT FAMILY REUNION

Annapolis Royal.—A reunion of the children of the late Colonel Shippy Spurr and Mrs. Spurr and their families, was held on Sunday at the old homestead at Melvern Square, now owned and occupied by W. C. Spurr and family. The party numbered seventeen and consisted of Mr. and Mrs. W. C. Spurr and three daughters; Mrs. George Armstrong, of Sydney, and daughter; Mr. and Mrs. Fred Burgess, of Sheffield Mills, and two children; Mr. and Mrs. F. C. Gilliat, of Annapolis Royal and two children, and Miss Harriet Rice, of Boston. One grandson Campbell Armstrong, who is completing his McGill Matriculations at Rothsay, was unable to be present. Mrs. J. T. Muir, daughter of the late J. C. Spurr, who leaves shortly to join her husband in Dundee, Scotland, was a guest of her cousins at the reunion. The trust is endeavoring to raise \$45,000; already \$30,000 has been raised in Truro, and the county of Colchester is being canvassed for the remaining \$15,000.

MARRIED. MacPhee—Banks. A very pretty wedding took place at the home of Mr. and Mrs. Joshua D. Banks, Outram, on June 18th, 1924, at 10 o'clock a.m., when their only daughter, Lena Mildred, was united in marriage to Mr. Albert W. MacPhee of Bass River, Colchester County. The ceremony was performed on the lawn under an arch of maple leaves and apple blossoms by Rev. M. W. Brown, D.D., assisted by Rev. D. W. Dixon in the presence of about fifty guests. The bride looked lovely in a gown of white silk trimmed with beads, veil and white lilies, and carried a bouquet of white lilies, and fern. She was given away by her father, Miss Doris E. Healy acting as bridesmaid, was dressed in white mull and carried a bouquet of apple blossoms. Mr. Percy Lockhart, cousin of the groom, ably filled the place of best man. Little Grace Healy very prettily performed the services of flower girl. The wedding march was played by Mr. Kenneth Banks, brother of the bride. After the ceremony and congratulations, they repaired to the house, the rooms being prettily decorated in apple blossoms in honor of the occasion. A dainty luncheon was then served. The bride was the recipient of many pretty and useful gifts, including linen, silver, china, aluminium and money. Mr. and Mrs. MacPhee immediately left by auto for Dartmouth where they will be the guests of the groom's sister, Mrs. Ainsley for a short time, later going to Bass River for an indefinite period. They will reside in Truro. The bride's travelling suit was of navy blue serge with hat to correspond. Homekeeping Hints.—"Your husband must enjoy his home!" "He does, especially when I want him to take me out."

Ferry, Dartmouth, Middleton, Truro, Brookfield and Bridgetown. The bride will be greatly missed in this community where she has always lived as she took an active part in all church work. We wish Mr. and Mrs. MacPhee many years of happiness and prosperity. FALKLAND RIDGE. Willie Whynter spent the week-end at New Germany, returning June 23rd. A number from here attended the Masonic parade at New Germany June 22nd. Mr. and Mrs. E. A. Gardner of West Somerville, Mass., U. S. A., and Mr. and Mrs. Alfred Layte, of North Springfield, guests at the home of Mr. and Mrs. Robert Swallow, June 22nd. Harold Mason and E. H. Marshall went to Middleton, June 23rd. Mr. and Mrs. Sumner Brown and son and Mrs. Dodge of Melvern Square went by auto as guests of Mr. Brown's sister, Mrs. Harold Mason, on Tuesday, returning the next day. Bernard Swallow of Port George, made a business trip here on Wednesday the 25th. Miss Davison of Amherst is guest at the home of Mrs. Hartley Marshall. John McMullin is improving his house with a fresh coat of paint. James Sanford is doing the painting. Kathleen Sproule, Viola Stoddart, Marie Sproule, Christina Swallow who were writing the exams at Middleton, returned home June 26th. Isaac Allan of Lake Pleasant, was a caller at his brother-in-law's, Harry Whynter's on Thursday the 27th. Our school closed here on Friday, June 27th.

ENTERPRISE SHOW IN TRADE JUBILEE

Kentville Merchants End Successful Contest With Big Prize Drawing And Band Concert.

Kentville—Four thousand people packed Court House Square tonight for the drawing of three prize winners in Kentville mammoth trade jubilee which has been on for the past two weeks. The winners were: 1st prize, \$400 plane, Edward Kelly, of Brooklyn street, Kings County; 2nd prize, \$150 range, Bruce Carroll, of the D. A. R., Kentville; 3rd prize, electric piano lamp, Miss Blanche Fullerton, of Parrsboro, who is attending school in Kentville.

The sale was the most successful ever put on in this town, 48,500 tickets being given away for cash purchases, representing the same amount in money taken in. Thirty-seven merchants took part in the sale, all contributing towards the prizes. To Tom Weaver, Kentville merchant, goes the credit for staging the sale.

The contest ended with a concert by the Kentville Citizens Band, which entertained the biggest crowd that has ever been in Kentville. Combining delegates to the big convention of the United Fruit Growers Companies and the Baptist Convention, and those present for the contest. The judges of the contest were Hon. John A. McDonald, M.P.P., Upper Dyke Village; Caleb Bill, of Billtown; and Deputy Mayor J. W. Dewolf, of Kentville. J. Roy Hills, of Kentville, was announcer. Only one drawing for each prize was necessary, all present winners being present.

TRAINED, BUT UNTAMED LIONS WITH SPARKS CIRCUS.

Two things there are in which the Sparks Circus excels—in its trained lions and in its trained elephants. In no circus in the world are there such lions and elephants as there are with this great tented enterprise. Every trick known to the trainer's art is taught to them as easily as though their minds were human instead of animal. Many times have new acts been rehearsed in the morning for the first time and then shown in the performance that afternoon. But trained—with the lions at least—does not mean tamed. Pierce with the jungle instinct still strong in them, it is only through the marvelous power of the Sparks trainers that they are handled with the wonderful ease with which they are performed. And so it is, that with its performing animals, Sparks Circus has adopted the slogan "trained but untamed" for every one of them represents the fiercest of jungle bred beasts, simply held in obedience through the superior art of the Sparks trainers and these animals include not only the lions and elephants, but tigers, leopards, polar bears, Russian grizzlies and scores of other wild beasts of genuine jungle nativity, and all of whom will take part in the performance in Kentville and incidentally will be seen in the glittering street parade at 10.30 o'clock on circus day. Coming to Kentville, Friday July 11th. Seats can be secured Circus day at up town ticket office. Same price as at show grounds. Sparks Circus prices, children under 9 years of age 30 cents, adults 75 cents.

Four Reasons Why YOU Should Purchase A Farm in the Annapolis Valley.

- 1.—Because the Annapolis Valley is the best and most dependable Country in which to farm.
- 2.—Because the basic source of Man's subsistence is the farm. It is the most honorable business on earth. It means health, wealth, happiness and contentment.
- 3.—Because milk from your cows and eggs from your poultry, will give you a daily cash income the year round. Apples, small fruits, berries, garden truck, grains, hogs and sheep will build you a big bank account.
- 4.—Because Lloyd's Service will find the farm you want, where you want it, at the price you want to pay.

TOURISTS NOT CROWDING LONDON AND PARIS.

Because of the exceptionally great volume of travel to Europe this summer, promising record breaking figures in ocean travel, the impression that there might not be sufficient hotel accommodation in London and Paris was spread among prospective travelers. Such fears have been expressed to The Jules Home Travel Agencies by prospective travelers. The company cabled to both its London and Paris representatives to get the facts, and the replies show that London at no time expects to be unable to house all its visitors. Paris says that the situation this year is easier than last year.

The London reply is as follows:— "A. J. Davidson, Secretary of the Incorporated Association of Hotels and Restaurants, states that there will be ample room for visitors in London hotels right through the season. All reservations made will be safe. Those who do not make reservations in advance will find little or no trouble in being accommodated. There will be no increase in hotel rates this season."

This is the Paris reply:— "The Haut, president of the hotel keepers' association, says that the situation in Paris is easier than last year."

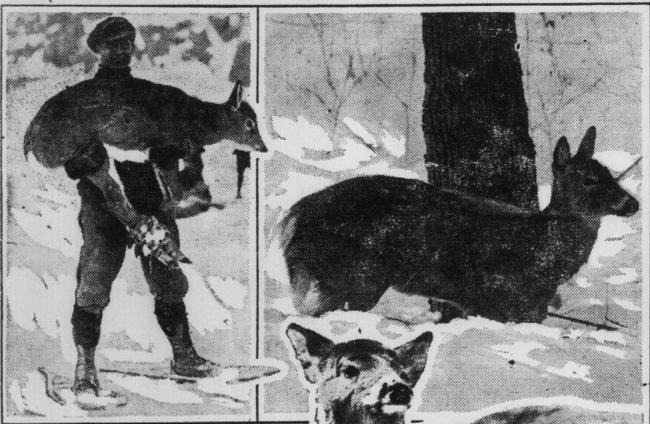

should experience no difficulty in obtaining hotel accommodation upon arrival here. During the "pleine saison," which is June and July, it is expected the hotels will be severely taxed for space, and for this reason reservations are being accepted in advance for this period. Nevertheless, the present hotel situation is generally easier than during the previous years, and tourists visiting Paris this summer will be accommodated.

The Jules Home Travel Agencies, at their offices in Montreal or Quebec continue to arrange proper reservations protecting the Canadian and American travelers in London and Paris or any other European city.

KENTVILLE MAN IS KILLED IN ALBERTA

Kentville—Henry Holland, received a telegram Tuesday morning from Bassano, Alberta, containing the sad information that his son Harry was accidentally killed last evening. Harry Holland, Jr., was a member of The Lord Strathcona Horse, stationed at Bassano; he was well known locally, having been employed at the Sanatorium a few years ago, and was also prominent in local athletic circles. He was 22 years of age and married. Mrs. Holland is being notified at Bassano and will be notified at Kentville.

Saving Snow-bound Deer from Starvation.

WHEN winter comes and with it the deepest snows of the season the dwellers in the north country often have opportunities to perform humanitarian acts towards the animals that roam the woods. It is only now and then that the winter proves too severe for the furry folk. Cold weather they can pretty well stand and when the snow is heaviest there are always spots in the depths of the forest where it is not too deep to move and places where energetic and resourceful deer can dig down to the food that lies underneath.

But sometimes the deer are caught in the open by a heavy fall that makes the going hard and if the way to safety is long the deer become exhausted and likely victims of starvation. That was the case when these photographs were taken near St. Jovite, a pleasant little summer and

winter resort that lies among the Laurentian hills on the Canadian Pacific Railway north of Montreal. During the stay of a party of visitors there for the winter sports, word was brought in by a guide that two deer were stranded four or five miles away on the shore of Lake Ouimet. A rescue party at once set out with snow-shoes and toboggans and when they arrived on the scene they found the deer too exhausted to make any serious attempt to escape. Gently, but firmly their feet were tied with strips of sackcloth to prevent injury through struggling. They were laid on the toboggans and hauled back to the hotel where their introduction to a big hay stack and a shed to sleep in quite reconciled them to their troubles. In an astonishingly short time they became used to being with human beings and they apparently find their new home has many advantages over their older and wilder state.

VICTORY.

Miss Edna Darres and brother Louis have arrived home from the school for the blind at Halifax. Mrs. George Rosenbergs has returned from Charlottown, Mass., where she has been visiting relatives. Mrs. Sarah Wagner has returned from the U. S. A. Miss Thelma and Frances Campbell of Charlottown, Mass., are spending a few weeks with their grandmother, Mrs. George Rosenbergs. Mr. and Mrs. George Darres entertained a number of friends from Annapolis, Sunday evening, June 15th. Miss Eleanor Darres has been visiting at Bear River. Mrs. William Oickle is spending a few days with relatives at Greenwood. Mr. Arnold Simpson has been spending a few days with his sister, Mrs. Ralph Pierce, Clementsville.

INDUCTION OF REV. I. D. LITTLE.

Parrsboro, N.S.—One of the interesting events of the week was the Induction Service in the Baptist Church on Monday evening, when Rev. Ira Dwight Little was formally recognized as pastor of the Parrsboro Baptist Church. A large congregation was present, and listened with much pleasure and profit to a splendid address on Religion as applied to every day life, by Rev. A. M. MacNatch of Springhill. The speaker made a plea for the old Gospel clothed in language of modern conditions. In closing he paid a fine tribute to the new pastor, whom he had known for years, congratulating the Parrsboro Church on securing a minister who knows men, and whose messages have a verity that appeals to those who are looking for sincerity.

Rev. H. M. Manzer of Southampton, Secretary of the Cumberland Co. Quarterly Conference, gave the charge to the church, and Rev. R. S. Meadows of River Hebert, the charge to the pastor. Rev. Mr. Wright, pastor of the Methodist Church, welcomed Rev. and Mrs. Little on behalf of his Church and people, and a letter was read from Rev. Fr. Walsh of the Catholic Church, expressing regret at not being able to attend, having been called to Halifax on Sunday.

An interesting feature of the evening was the singing, the congregation being favored with a solo by Miss Canning, and also a duet by Miss Canning and her sister, Mrs. Walsh. Mrs. Gordon Hatfield presided at the organ. The floral decorations were beautiful and seasonal consisting of apple blossoms, and potted plants. After the service there was an informal reception in the vestry, light lunch being served by the ladies. Many kind words of appreciation were spoken during the evening, and the new pastor enters upon his duties in beautiful Parrsboro, with bright prospects for the future.

at the time of his death. No information has been received as to the nature of the accident which proved fatal. Henry Holland, Sr., is at present taking treatment at the Sanatorium, being on D. S. C. R. strength there. Mrs. Holland and the rest of the family are resident in Kentville.

BEFORE MY BABY CAME

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will help others take it."—Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

PORT WADE.

Quite a large number of delegates and representatives of the U. Baptist here attended the Baptist Association at Centre Clarence last week.

Harry Keans after a vacation here of two weeks returned on the 21st to New Haven, Conn., to resume his duties there.

Mr. R. E. Felton of Lawrenceport, is calling on his many friends in this place.

Mrs. John Flemming of Bear River, visited her parents here last week.

Percy G. Kendall and wife arrived from St. John, N. B., Friday 29th to spend a few days of their honeymoon with the former's parents, at Chestnut Cottage. Saturday evening the happy couple were tendered a reception and shower by the groom's many friends here, many useful articles and a number of cash envelopes were received. Games and music were a feature of the evening.

Capt. J. W. Snow purchased a nice up-to-date Ford sedan car last week.

LAWRENCETOWN SWINE CLUB

The Boys' and Girls' Club movement is well established over the United States and in many parts of Canada, but until 1922, practically nothing was done in Nova Scotia. We now have ten Boys' and Girls' Swine Clubs and the one at Lawrenceport, is the first for Annapolis County. Considerable credit for the organization of this club is due to many of the students who attended the four weeks short course in Lawrenceport last March. Among others, we might mention Ernest Marshall, Clarence; Will Hilsley, North Williamston; Harris Sarsfield, Paradise; Robert Longley, Paradise, as well as many of the local farmers.

Edwin Keith, President, Williamston.

Philip White, Secretary-Treasurer, Clarence.

Harris Sarsfield, Vice-President, Paradise.

Charles Foster, Clarence; Seymour Ritchie, Paradise, C. J. Warwick, Lawrenceport, C. A. Goode, Williamston, Advisory Committee of Adults.

Donald Foster, Clarence. Gerald F. Johnston, Clarence. Ralph Foster, Clarence. Harlan Bent, North Williamston. Fred T. Garber, North Williamston. Theon T. Hodges, Lawrenceport. Arthur Mordant, North Williamston. Hugh C. Hamilton, Lawrenceport.

David Clyde Foster, Lawrenceport. Chas. J. Warwick, Lawrenceport. Malcolm Corbett, Lawrenceport. Geo. C. Bishop, Lawrenceport. Gladys Sarsfield, Paradise.

MOUNT ROSE.

Mrs. Naomi Banks of St. Croix, is spending a few weeks at the home of Mr. Silas Banks, during the absence of his daughter, Mrs. Hattie Witham, who left on Friday for a visit among friends and relatives in Mass.

Visitors at Mrs. Albert Marshall's during the week were Mrs. Charles Banks of Brooklyn and Mrs. J. W. Slocumb of Middleton.

Mrs. Ida Witham of Clarence spent a few days last week with Mrs. Hattie Witham.

Morton Messinger arrived from Halifax, on Wednesday. Nine new members were received into the church on Sunday evening, following the baptismal service at Port Lorne on Sunday afternoon.

THE INCEPTION OF THE ASSOCIATED PRESS.

The Pony Express That in 1849 Forwarded European News From Halifax to Digby, to be Conveyed by Vessel to St. John, And Thence Telegraphed to New York.

By JOHN W. REGAN, Halifax, N. S. (Read 5th January, 1912).

(Continued From Last Week's Issue.)

The scenes about the office of the "Journal of Commerce" was memorable, and before long the proprietors enjoyed a national reputation. Then they established a "pony express" from Philadelphia with eight relays of horses, and were able to publish southern news twenty-four hours ahead of their competitors. This system worked so well that the federal government took it over; but Hale and Hall extended their express to Washington, and thus maintained their supremacy. They frequently published official news from the capital before it had been received at the government office in New York.

With the advent of James Gordon Bennett and the New York "Herald" fresh zeal was imparted to the struggle between the newspapers. Besides a system of pony express to report the progress of the war with Mexico, Bennett had a carrier-pigeon service between New York and Albany for the annual message of the governor which he printed ahead of everyone.

In July 1849 the Cunard line of mail steamships was instituted between Liverpool, Halifax and Boston; and Bennett with characteristic energy established a "pony express" for hurrying the English news from Boston to New York.

Topfitt and Blake had been succeeded at Boston by D. H. Craig, a newspaper of extraordinary alertness. As the Cunard boats approached Boston harbor, Craig met them with a schooner and received a budget of news. Then by carrier-pigeon he communicated a synopsis of the news to his Boston office, frequently releasing the birds 40 or 50 miles from port.

The importance of promptly securing the European news developed tremendous competition between the newspapers in which speculators joined. Great business interests depended upon the state of the markets, and the course of foreign trade and politics. It is recorded, though not authenticated, that a steamer was jointly chartered by the news collectors of Boston to meet the mail-steamer at Halifax and hurry the European news to the United States. On the very first trip Craig was one of the correspondents, and he had managed to secrete two carrier-pigeons in a basket, and he released these from his cabin window fifty miles outside Boston with the most important foreign intelligence, which was published before the press-boat reached the city.

Meanwhile Prof. Morse was struggling with his invention of the magnetic telegraph. In 1843 congress voted \$30,000 to build an experimental line from Washington to Baltimore, which occupied a year to construct. The line was subsequently extended to Philadelphia and New York. In October, 1848, under the heading "Telegraphic Wonders," the New York "Herald" reported it had received "interesting intelligence last night by electric telegraph from eight cities comprehending an aggregate distance of 3,000 miles." When the wires were extended to Boston and through the state of Maine and on across the border to St. John, it was at once seen that it would be easy to receive news brought to Halifax thirty-six hours earlier than it would reach Boston or New York by the steamer. It was certain of course, that some one would take steps to secure the news, and private speculators would find it to their interest to do this and the commercial community would be victimized.

To prevent this six New York newspapers formed an organization known as the Associated Press, to establish a "permanent express run by horses from Halifax to Digby on the Bay of Fundy, and by steamboats from that place to St. John." Such was the opening wording of the announcement in the New York "Courier" in May, 1849, in regard to the express to Digby. At the same time the newspapers made a deal with the parties controlling the telegraph which caused it to be publicly alleged in New York that a monopoly was created. This report, no doubt, had something to do with the issue of the announcement by the "Courier" already referred to.

It declared that arrangements had also been made to "transmit the news by telegraph from St. John to New York without interruption and with the least possible delay. The enterprise was undertaken solely for the benefit of the subscribers and readers of the six papers concerned. The management of the telegraph line aided it in every way possible and cooperated with the press in all measures necessary to bring the news before the public before it could be used by private speculators, to the general detriment. The experiment thus far, as our readers are aware, has proved perfectly successful. It will be seen from this statement that the Halifax Express and telegraph arrangement belongs solely and exclu-

sively to the New York press—that is established. They have the entire control of it. The gentleman, by whom Halifax end, Mr. D. H. Craig, is the agent. The expense of it, amounting to about \$1,000, for each steamer, is paid by them, and the despatch received is in every respect their private property, subject to their disposal in any way they see fit, so that the public is not injured and their subscribers are served thereby. If the news arrived in the day time, the New York papers, in justice to the commercial community and greatly to their own injury, issue it in extras or put it upon their bulletins. If it comes at night, they take all possible precaution to prevent its being appropriated by parties who have no right to it, and lay it before their subscribers in the regular morning editions.

"At an early day, or as soon indeed as it was understood that a Halifax express was to be run, the Boston press applied to the proprietors of the Halifax Express for a share in its benefits. An arrangement was promptly effected by which a copy of each despatch is delivered in Boston for the use of the parties to it, and it is generally issued simultaneously with its publication here. For this the nine Boston papers interested pay regularly to the New York press about one-sixth of the whole expenses. The arrangement is mutually advantageous and satisfactory to the public, and the press of both cities.

"The enterprise has been styled 'a monopoly' by papers who are not parties to it. It is monopolized by its owners, and so long as the law protects private property it will continue to be, but we have no doubt that any New York morning paper can become a party to it by paying its share of the costs. Those are the simple facts in regard to the Halifax Express. We state them on behalf of the six New York papers by whom that express is owned and managed at an expense of over \$30,000 per annum, as well as of the Boston press who receive and pay for a share of the advantages. The Halifax Express is permanent and will be made as regular and efficient as money and the utmost care and attention can make it. We regard it as highly important to the commercial community of New York that it should be maintained, because in its absence the great mass of our business men will be at the mercy of private speculators. At present the utmost care is taken to protect the public and it is only just to say that in his endeavor the press is thoroughly and generously aided by Mr. Smith, the president of the telegraph company between New York, and by all the operators and others attached to the lines. We look to the public alone for that appreciation which is of itself a sufficient reward for our expense and labor."

On Wednesday, Jan. 3rd, 1849, the Halifax "Nova Scotian" stated that the telegraph was working between St. John and Calais. The issue of the same paper of February 26th, 1849, reprinted an item from the St. John "Observer" to the effect that it was intended to run a news express from Halifax to St. John, via Annapolis, on the arrival of every English mail steamer. The news to be telegraphed from St. John to New York on account of the Associated Press of that city.

The first express left Halifax on February 21st, 1849, on the arrival of the Cunard Royal Mail steamship "Europa," eleven days from Liverpool England. Concerning this first express, the Halifax newspapers contain no information, but we can confidently infer that it was dispatched on February 21st, as the newspaper referring to the express of March 8th, stated that the latter reached Digby Gut in "three hours less than it was done before." The "Europa" was the English mail steamer which arrived at Halifax a trip before that of the "America" to which reference will soon be made. The first run of the express to Digby Gut must have been performed in about eleven and a half hours, a record which was next to be

reduced by three hours. It is recorded that the express was continued for nine months with remarkable regularity, only one trip being missed, and that the distance of 144 miles to Victoria Beach, Digby Gut, was covered in the average time of eight hours. The journey was performed by two riders who changed at Kentville, and was divided into twelve stages with a fresh horse about every twelve miles. The fortnightly mail steamers were liable to arrive at Halifax at any time and the despatch rider had to be always on the alert, ready to start at any hour, night or day, and the same alertness was requisite in furnishing fresh horses at the relay posts.

Regarding the second trip, on the arrival of the steamship "America" on Thursday, March 8th, the "Express" newspaper of Halifax on the following Monday, March 12th, printed a short item as follows:—"The news from England by the 'America' was expressed from hence to Digby Gut in the extraordinary short time of eight hours and 27½ minutes—three hours less than it was done before. Mr. Barnaby's express came in, we understand, 2½ minutes in advance of Mr. Hyde's." A serious accident, which severely injured Mr. Hyde's courier occurred at Windsor bridge and delayed the latter half an hour."

*Hiram Hyde, of provincial stage-coach fame, died at Truro, N. S., on 14th December, 1907. Hyde had the contract for running the dispatch express on behalf of D. H. Craig; while Barnaby served the rival corporation.

EXPLOSION FATAL

Five of Crew Missing After Oil-laden British Steamer Burns.

New York.—Five men were reported missing and eight others were seriously injured late Tuesday by an explosion of naphtha on board the British freighter Egremont Castle, at her Brooklyn dock. Seven men badly burned were rushed to hospitals, and two, unaccounted for, were believed to have been trapped in the vessel's hold. It was reported that there were 10,000 cases of naphtha aboard.

Two tugs towed the blazing freighter into the East River to save shipping from the danger of other possible explosions. As the tugs caught hold of the vessel the hatches were ordered battened down ending the last slim chance for life of the men trapped in the hold.

The blaze spread so rapidly that firemen feared other explosions and the freighter was towed into the East River and ordered sunk.

PROPOSE TO RAISE ABOUT \$90,000.

Money Will be Used For the Maritime Colonization and Development Scheme.

A. F. MacMahon, President of the Maritime Colonization and Development Association, accompanied by Rev. Father MacPherson, of Antigonish, and F. G. J. Comeau, General Freight and Passenger Agent of the D. A. R., both directors of the Association, waited upon the Government yesterday and with Premier Armstrong and Hon. D. A. Cameron, Provincial Secretary, discussed many phases of the work of the Association. They want co-operation of the three Maritime Province Governments in aid of the work they propose to do, and in practical financial assistance. They suggest "capitalization" of \$90,000, of which amount \$30,000 would be contributed by the Federal Government, probably chargeable to the Departments of Immigration and Trade and Commerce; \$30,000 they propose to raise among themselves, as members of the association, and \$30,000 among the three Provinces, which would be divided as follows: Nova Scotia, \$15,000; New Brunswick, \$10,000; and Prince Edward Island \$5,000.

The conference with the Government lasted over two hours. Premier Armstrong giving a most sympathetic hearing to the broad and very varied agenda of the Association. While naturally nothing of a definite nature could be given or was expected on the part of the Government Premier Armstrong said that he would take the matter up directly with the Federal Government to learn from them their views and to what extent they were prepared to assist this Maritime Province movement.

The objects of the Association are very wide, they propose among other things to utilize the surveyed knowledge of the Maritime Provinces to attract a selected type of immigrant; to establish representation of the three Provinces on a co-operative basis in London and other British centres and to develop foreign trade of the three Provinces, especially in West Indies and South America.—Chronicle.

A Slam at Dad.—The daughter of a certain strict-principled old deacon had attended a dance the previous night, much against her father's wishes. When she appeared for breakfast the next morning, he greeted her with the words:

ADVERTISING DOES NOT INCREASE COST.

President Harvey S. Firestone, of the Firestone Tire & Rubber Co., issued a statement during the past month that advertising cannot be considered as increasing costs of tires or other merchandise.

After pointing out that if small factories attempted to make tires without any stimulated demand the price would be prohibitive, Mr. Firestone said:

"If on the other hand we create a demand that enables us to manufacture more than we are able to produce in direct ratio to the quantity. The only way to increase production and decrease costs is to increase the market for goods, and the only economical way to do this is through advertising.

CORRESPONDENCE.

Dear Sir,—In compliance with a resolution passed by the Laymen's Association it is my pleasurable duty to present through the medium of your valuable paper our hearty thanks for, and our sincere appreciation of the many kindnesses shown us by the Laymen of all the churches and by the citizens in general during our Conference session in Bridgetown. May the blessing of our common Master be upon you all during the coming year in your common efforts to carry on this work in your community.

Faithfully yours,
A. H. PATTERSON,
Secretary.

Local Happenings

An interesting anniversary celebration was that of last Sunday evening at St. Thomas' Church, Annapolis, when representative Micmac Indians commemorated the first baptism in Canada, that of Memberton, then chief of the Micmac tribe, on St. John the Baptist Day in 1610. The church was tastefully decorated, the altar aglow with lighted candles and massed with flowers, while the baptismal font, which had been moved to the central aisle, was also wreathed with flowers. Coming slowly from the vestry the Indians encircled the font and marched in solemn procession around the church, each carrying a lighted candle. Several of the children carried banners, and as the aged chief of the tribe, Ben Pictou, could not be present, the procession was headed by his oldest son, Silvi Pictou. On coming to the altar rail all knelt while the benediction of the Blessed Sacrament was given by the Rev. Monsignor Grace.

Visitors to the ancient town of Annapolis Royal, during the week-end included Mr. and Mrs. Edward J. Carter, of Montreal, where Mr. Carter is Chief of Police. Mrs. Carter is the elder sister of Mrs. Joseph Cummings, of this town, and on this occasion meets her sister for the first time after 40 years. The meeting was very affecting and on the evening of arrival a happy re-union took place at the house of Joe Cummings. Mr. and Mrs. Carter are on vacation for two weeks and during their stay are visiting all the interesting places in the vicinity, the old Garrison Fort being one of the chief items of interest. Mr. and Mrs. Cummings and family are making the holiday of their visitors as pleasant and instructive as possible and the programme includes some social and other items for every day of their stay.—Spectator.

Annapolis and Bridgetown Juniors played a very close baseball game here on Monday evening, the local boys winning 2 to 1.

W. A. Chute, the old commodore building mover has just finished a large moving job at Middleton for Charley Dodge. A barn 80 ft by 40 moved it a quarter of a mile and placed it on a cellar ten ft. high, in first class shape.

The Provincial Education Association will be held in the Normal College, Truro, on July 3rd, 4th, and 5th. A schoolmaster wrote the following criticism on the edge of a boy's report card: "A good worker, but talks too much." When the father signed the report and sent it back the card bore in addition to his signature this report: "You should hear his mother."

The "Flying Bluenose" train on the D. A. R. which has been laid off for several years, will resume operations this summer, beginning on Monday, July 7th.

The contract for building an extension 100 x 40 feet to the eastern end of the Grafton Fruit Co's warehouse, has been awarded to Messrs. J. H. Hicks & Sons. This extension will double the size of the warehouse.

Mr. S. N. Wear's car was somewhat damaged on Sunday at Middleton, when a colored gentleman, named Johnson, driving a Ford, became excited and dashed to the wrong side of the road. Mr. Wear and party were proceeding very slowly at the time, thus lessening the impact considerably. The driver of the Ford acknowledged the mistake made through excitement and promised financial amends.

On Wednesday afternoon last the merchants of this town, accompanied by the Bank managers, Messrs Little and Arnold, Mr. M. W. Graves and Messrs J. A. Myers and A. F. Hiltz, proceeded to Port Wade, for an outing. The party numbered thirty-one and all had a most enjoyable afternoon. Supper was provided by Mrs. Angers and the menu included clams in all approved styles, Pies and cakes ad libitum. Among the amusements was a baseball match.

TERRIFIC TORNADO SWEEPS BELFAST.

Belfast—A terrific tornado, unprecedented in the history of Belfast, struck the city this evening, resulting in extensive damage. Many buildings were wrecked and a number of people injured.

The tornado swept over the heart of the city with great intensity. Roofs were torn from houses like paper, the slate shingles flying in all directions. Hundreds of people had to cling to lamp posts and railings for safety.

Numerous houses were wrecked and others heavily damaged. Enormous damage was caused to telephone and telegraph wires. The sides of the railway stores here were smashed in by the violence of the storm. The tornado lasted five minutes.

UNITED CHURCH NOTES.

All workers are cordially invited to meet with Rev. Mr. Milligan Wednesday afternoon at three o'clock in the United Church Sunday School room. In the evening at 8 o'clock Mr. Milligan will address a united meeting in the Baptist church to which the public is heartily welcome.

DIES OF SHOCK.

Nova Scotia Who Leaps From Window of St. John House Succumbs.

St. John, N. B.—Mildred Marsh, a colored man dropped dead in front of his home 48 Bond Street a little after last midnight. It was learned from the police that Marsh had been spending the evening or in front of his home 48 Bond Street the proprietor of which appeared in the police court this morning charged with keeping a bawdy house. Three women and a white man were found in the house.

The police said Marsh leaped from a window as they approached. It is thought he died of shock following excitement. The others were fined this morning but will be held as witnesses pending decision as to an inquest. Marsh is married. He came here from Annapolis County, N. S., 15 years ago.

Words of Praise For Baby's Own Tablets

No medicine receives such great praise from thankful mothers as do Baby's Own Tablets. Once a mother has used them for her little ones she will use nothing else. The Tablets are a mild but thorough laxative. They regulate the bowels and stomach; drive out constipation and indigestion; relieve colds and simple fevers; promote healthful sleep and make teaching easy. Concerning them Mrs. Omer Leblou, Madawaska Falls, Quebec, writes:—"I am well satisfied with Baby's Own Tablets and will always use them for my little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TENNIS IS BOO

Play Commenced in Local Section Saturday.—Western Section Open July 16th.—An interesting Season Expected.

The tennis season in the part of the Annapolis Valley commenced auspiciously, the game being played at Middleton between Bridgetown and Middleton, Bridgetown winning out of the eight events, which appear elsewhere in this issue.

The Annapolis Valley Western players have formed two in their league. The Eastern section of Middleton, Lawrencetown, and Bridgetown, the Western section, Bear River and Digby, winners in each section will play the winners of the Valley League for the championship.

The Annapolis Bear River section commence play 18th.

The Bridgetown, Lawrencetown section schedule follows, games on grounds of local team.

July 5—Bridgetown vs Middleton
July 12—Lawrencetown vs town.
July 19—Lawrencetown vs town.
July 26—Bridgetown vs Lawrencetown.
Aug. 2—Middleton vs Bridgetown.
Aug. 9—Middleton vs Lawrencetown.

There is a good deal of excitement locally in tennis and with a new court this season the sport got away to a splendid start.

When Bridgetown was celebrating its centennial a move was made by the Church of England in Bridgetown redeemed from the town which was falling into a gradual decline was called a small but energetic committee to take the matter in hand.

The task before them was a formidable one, as a very small sum of money was available of those buried there, had any relatives remaining should, however, like our revisits this acre of God, and has been accomplished in a very serious handicap. We to say that in few places has been as wisely of more economy. A very great deal of has been necessary and much had to be done in the way of erecting monuments and headstones. The result is most striking. A few seasons ago a splendid square will appear and another should necessary funds be found. It is proposed to arrange of flower beds. Meanwhile, further funds are urgently needed. The work already may be carried to completion. We will be glad to receive knowledge by either the wardens of the church or Mr. Pratt.
