"SAIL IN - HAVE COURAGE - HOLLON" - Sir George E. Foster to Canadian Industries

PROGRESS, DEVELOPMENT IN CANADIAN INDUSTRIES SHOWN IN FINE EXHIBITS

Exhibition Assumes Business-like Appearance - Novice and Expert Interested Alike - Sir George E. Foster Outlines Campaign For Wider Markets - Afternoon Rain Stops Crowd.

Canada's industrial activity is fast approaching that position to which she aspires. That those activities are many is evidenced by the variety of displays which have been arranged for the benefit of visitors at the Canadian National Exhibition.

Such instruction is time well spent as it gives the every day purchaser a better knowledge of the goods in use daily. Realizing this, large concerns have redoubled their efforts this year and have placed on exhibition many exceedingly interesting portions of their work.

There has been brought together, this year not only a wider scope of industry, but a more intricate display of the various details in connection with it. While Canadian industry is as yet only in its infancy, the observer is at once impressed with the magnitude to which it has already attained and is optimistic in regard to its future.

A more serious feeling prevailed yesterday than did the day previous, when everything had been given up to the children. There was real business evidenced. From all Canada, as from many parts of the world, spectators came. No doubt some of these represent large institutions already grasping a knowledge of late improvements and having upon them the responsibility of explaining them to their boards of directors.

Early sunshine and light breezes had made the grounds dry. The atmosphere was more comfortable. The morning was devoted principally to an inspection of the buildings, with the industrial exhibits to the fore. The afternoon brought the first crowds into the open and room was thereby made for later arrivals. Guests were impressed.

Two things have impressed this year's guests very forcibly. The cleanliness of the grounds and the assistance rendered by the police department, in caring for the masses and especially in regulating traffic on the street cars after the close of the grand stand performance. Every care is taken and the smallest child is as sure of getting his right car as are the older folks.

Brilliant Address. Sir George E. Foster, minister of trade and commerce, touched a responsive chord when he brought it to the attention of the representatives of industry who gathered as guests of the Exhibition directors at luncheon yesterday, that a great opportunity presents itself because of the European war.

"Do we quite sense the 'enormousness' of this great contest which is taking place throughout the world? I did not until I found that 800,000,000 people are today engaged in war with each other. Not only is the larger part involved, but what might be termed the better class—that which does most of the producing. Could it be possible that under such circumstances the world would not feel the slowing down of machinery, the inhibition of trade and commerce?"

"Could it be expected possible for the world to have such an experience without feeling adverse effects? Therefore this period is different from any other in the history of the world," he said. The speaker reviewed how previous to the war, the centre of London had held the threads of commerce and how it had been directed from there. These threads had been snapped suddenly and the world's commerce stopped.

"We must bear in mind that the period which follows is one of dislocation and is much different from that which prevails where war is being waged. Our dislocation is temporary. We must remember that we are passing thru a temporary period only (Applause). "When war was declared, business was shut off, but it is gradually being adjusted, and I am proud to say that today the ocean routes are nearly as safe as they were ten years, or ten months ago."

Today's Program

maintained that when war is over commercial conditions will be better than they ever were. "Well, thank God, that we are at war, we are not in the war zone. Turn your eyes to Belgium. Here home life was centred, here production was great, but now destruction has broken and disrupted the country. The finest thing left is the indomitable spirit of her people who are fighting for freedom and liberty. It is one thing to send father, brother or husband to the war, but it is an entirely different thing to see armies camped beyond your very door."

Why Be Despondent? The honorable minister became forceful as he opened a pathway of activity for the Canadian manufacturer to follow. He laid emphasis upon Canada's wonderful resources and primary products. During the past year she had exported \$432,000,000 worth of goods, chiefly primary products, and he prophesied nearly as much for this year. "Who then shall say that we are badly off? Why then be despondent? Over \$550,000,000 worth in field crops were exported last year. Canada, besides both from manufactured products as well as primary products, Canada stands to

gain. The result does not militate against the farmer. This is the farmer's day."

In regard to manufacturing concerns, Sir George said they should not be totally dislocated. "Hold on thru this period of dislocation. Keep your men employed. If you are true to your hold on, there will come a time when your business will be twice as big as it has ever been before."

German Industry Stagnant. He spoke of the past twenty years in Germany being the period of greatest development in the history of any nation. She exported last year \$2,420,000,000. "But what happens now?" he asked. "German industries cannot sell, and even were she able to sell she cannot deliver. The British fleet holds the mastery of the sea today. This has been the salvation of the British Empire and indeed of the world."

"There are two wars on," he said. "I hope the commercial soldiers will prove as good as the British have at Mons. Sail in and take the markets of the world," he advised. After telling in detail the amount of Germany's exports to other countries last year, the speaker said, "Do you want those markets? Then go after them. You are relieved of competition from your former greatest competitor."

Buy Canadian Goods. "Let us be of good courage. If there is falling in demand at home, there is a greater market abroad. Let us lay the foundations for a bigger market than we have ever dealt in. Let us organize." The value of co-operation was touched upon. The speaker reviewed the situation. The people of Canada should buy at home, the home-made article. Concluding, he said: "Let us be patriotic enough for a year at least to confine our purchases to Canadian goods. After that we will have the habit. The broad co-operation of human brotherhood must prevail. There never was such a war. I hope there never will be again. That can be only one termination and that will be against autocratic militarism."

(Prolonged applause.) W. G. Potts of Sydney, N.S.W., who is a visitor to Toronto, represents the Royal Agricultural Society. He will enquire into Canadian methods. He congratulated the Exhibition officials and extended greetings from the sister colony.

Airship Flights. Precisely at 8 o'clock every evening Theodore C. McCaulay flies over the grounds in the "Sunfish." There are not many who at this time and age have not seen an airship in flight, yet for those less fortunate the sight of the huge artificial bird is inspiring.

When it is remembered that airships have already played an important part in the great war in progress in other lands, the thought is impressive of the destruction which it is possible to make from one of these machines. The signal to look skyward was the humming noise of the engine. This is quite plain. Occasionally the escaping gases from the engine from the exhaust pipe are detected. The "bird" arrives from the island at about the same hour each day. Mr. McCaulay keeps above the water most of the time, but also takes excursions over land. These give everybody an opportunity of seeing and appreciating the sight.

Spectators are held spellbound right where they stand. With heads stretched back and necks strained they marvel at the graceful yet powerful appearing bird substitute. For the benefit of the spectators the driver lowers until the surface of the water is reached. Upon this he glides; then gradually rising again until a great altitude is reached. The demonstration ends when he is made for the Toronto harbor, and the big machine diminishes in size as it gathers speed, finally vanishing from sight.

Yesterday given up to judging Appreires and Holsteins, all classes of sheep in the live stock section. The small stand to the south of the judges' ring was packed by farmers and others interested in cattle. From time to time, as one of the champion animals came into the ring, approval on the part of the spectators was shown.

While the average layman present did not know much about the points which go to make up a champion, the judging of the cattle was apparently quite interesting to them. The animals seemed to know that something was at stake, and their behavior and carriage betted the occasion.

In the sheep section many different breeds were entered, and at some times arguments regarding their respective merits became quite hot between their admirers. All the well-known breeds were there: Hampshires, Southdowns, Leicesters, Cotswolds, Shropshires and Dorsets.

Butter Making Contest. A large number of interested visitors were on hand to witness the butter making competition in the dairy building yesterday afternoon, when six energetic competitors, clad in frocks, proceeded thru the various steps in the process of making sweet, appetizing butter. In judging the milk there were a number of interesting points which counted for much in the sum total. Even the smallest working out of the details had to be taken into consideration.

The ripening of the butter and coloring of cream, washing and salting and working of butter, were all taken into account, as were the neatness and cleanliness of the work, the time it took and the dexterity with which the churning process was handled.

J. N. Faget, the superintendent, announced that the demonstrations would be given again this morning, and afternoon, after which prizes will be awarded the successful contestants. As Indians are not recognized as amateurs in war canoe racing, it is expected that the Canadian Canoe Association will register a complaint against the Caughnawaga Indians competing with the seven best war canoe crews in Canada, of the Exhibition grounds on Labor Day.

Exhibition Visitors

Are invited to inspect the uncommonly attractive stocks shown at this well-known 'house of reliable values.' THE DINEEN COMPANY has reason to congratulate itself on being uniquely fortunate in having bought freely before the trade-demoralizing European war broke out. Notwithstanding these favorable purchases, we will absolutely refrain from priding articles above normal, thus ensuring patrons of values that cannot be duplicated in Canada.

Sir Wilfrid Laurier Coming

It was announced yesterday that Sir Wilfrid Laurier will visit the Exhibition a week from Saturday. He will be the chief speaker at the directors' luncheon. Altho strong efforts have been made to bring Sir Robert Borden for some day next week, so far the press of business has kept the premier from accepting the invitation.

Dark clouds gathered towards the close of yesterday afternoon. They brought rain. A storm of short duration forced visitors to seek shelter in the buildings. Exhibitors had a splendid opportunity of showing their goods. Thus were the crowds entertained. They were not obliged to stay very long. The force of the storm was soon spent. The first gleam of sunshine brought the people out again. They continued on their way of pleasure. The splendidly paved streets are doubly attractive after rain. They dry quickly. Rubbers are not considered necessary.

Music Enlivens. Until the storm, after, music was rendered by one or more of the several bands engaged for this occasion. The Weston band acquitted itself admirably and many comments of praise were as much as ever. Their program was very well given. It is proving a wonderful attraction. The afternoon performance before the building stand was not affected by the rain to any great extent. The majority of the events had been shown before the rain came. Just so, the crowds had entered and had already enjoyed the vaudeville and other attractions, before the cloud-burst made its appearance.

Thin People Can Increase Weight Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy, "stay-there" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends measure will tell their own story. It is a question of how many pounds you add from five to sixteen days by following this simple direction. And best of all, the new Sargol does not of itself make fat, but mixing with your food, it turns the fat, sugars and starches of what you have eaten into rich, ripe, fat-producing nourishment for the tissues and blood, which the blood can readily accept. This nourishment now comes from your body as waste. But Sargol stops the waste, and does it quickly, and makes the fat-producing contents of the body more plentiful. Sargol is made of twelve pounds and pounds of healthy fats, between your skin and bones. Sargol is the most pleasant, efficient and inexpensive weight-increase remedy. Druggists sell it in large boxes—each a package of a guarantee of weight increase or money back.

For Sallow, Blotchy, Rough or Greasy Skin Some skins require constant grooming to keep them from becoming oily, muddy, blotchy or rough, and if such condition persists, it is due to a new skin-clog, chronic case it is particularly inadvisable to keep piling on cosmetics which clog the pores, collect dust and dirt, making the complexion worse than ever. It's a lot more sensible to use ordinary mercol cream, before retiring; next morning, wash and wash off, you'll wash away fine, flour-like particles of the unsightly cuticle. Repeat for a week or two, and you'll have an entirely new skin—soft, satiny, spotless and beautiful as a child's. One ounce of mercolized wax, procurable at any druggist, is all you'll need. If the skin be wrinkled or flabby, here's the best possible remedy: Mix in pint of water and a ounce powdered saxe like and use as a face bath. It works like a miracle, yet is entirely harmless.

flickering shadow gives a most realistic effect of a moving train. The panoramic picture of Cape Breton is truly a work of art which vividly portrays the wonderful scenic beauty of the summer Paradise of Nova Scotia. This masterpiece of Gibson Catlett is on a canvas 13 feet wide and 5 feet deep, and the artist has given in marvelous detail the rare topographical features which give unique charm to this diversified region of land and water, showing the mountains and lordly hills and the wondrous inland sea which divides the island in twain.

The paintings of the Halifax Terminals show the magnitude of the work that is being carried on by the government to properly equip the port in order to provide for Canada's ever-growing export and import traffic. The attractions of Eastern Canada as a paradise for sportsmen are shown with simple effectiveness. There is a life-sized mounted moose, so lifelike that one would almost imagine the monarch of the forest had wandered from his native haunts to pay a visit to Canada's greatest fair. This moose was shot last season not far from Moncton, on the line of the Transcontinental, which is now being operated by the Intercolonial.

Some very interesting literature is being distributed concerning the various places in the maritime provinces, showing their richness in natural resources, and the growth and development of their industrial enterprises. The exhibit is in charge of A. H. Lindner, chief executive of the traffic department, Moncton.

Metal Garages. Auto owners' display of Metal Garages at Exhibition, erected just north of main entrance to grand stand. Pedlar, Limited.

Farmers Interested in Model Barn. The Model Steel Truss Barn, which is situated near the new poultry building, drew the farmers at the opening day of the Exhibition. This building was erected by the Metal Shingle and Siding Company, and is the last word in barn construction. Prof. Day of the O. A. C. Guelph, says that it is 95 per cent. efficient in lightning protection. It is built almost entirely of steel, with very little wood, and it is claimed by the builders to cost less than the old style timber frame. The buildings have been equipped with all the modern barn equipment, and visitors who are interested in farm buildings should certainly avail themselves of the opportunity of seeing this exhibit. Experts will be on hand each day to give any information desired.

The Canadian Tool Steel Company, Limited. The exhibit of this company will be seen in machinery hall, where samples of the new well-known Ductile Steel, manufactured by the above company, will be shown to interested persons. This company are also manufacturers of railway, contractors' and hardware supplies.

The chisels, punches, cold sets, mauls, hammers, sledges, etc., as seen in this exhibit, are made from Ductile Steel, and are unequalled on the market. Machinery manufacturers should be interested to know that a very fine hard-finished tool steel can be made from malleable iron, cast to shape. Wrench and small hardware supply houses should look carefully into the quality of the tool steel made from malleable iron. It is no longer necessary to forge your small parts; they can be cast to shape and treated, producing results equal to carbon steel, at from 10 cents to 12 cents per pound.

A feature of this exhibit which should be most interesting to plumbers, contractors and machinists, is the Dickson Automatic Wrench, manufactured by the Canadian Tool Steel Company. This wrench is very unique in its construction, which is strong and durable, instantaneous in its action, and insures perfect safety to the user, as it is impossible for the wrench to slip on the work. The demonstrator is constantly in attendance, showing the advantages of the Dickson automatic over other pipe and nut wrenches. The company extend an invitation to plumbers, contractors and all steel users, to visit this combined exhibit, and examine carefully into the merits of the Dickson Automatic Wrench, and also of the steel and tools made by the Canadian Tool Steel Company, Limited.

Meals at Worden's. Visitors to the Exhibition have been very well satisfied with the meals they obtain at Robert Worden's dining tent. Worden's meals are served at the same stand which they occupied last year and is just behind the dairy building.

A Durable Preservative Paint. Flexilac Paint is the only scientific preservative paint for iron structural work, bridges, ornamental fence and iron work of every description offered. Sold in black, dark red and dark green. Flexilac Paint is guaranteed to weather, heat, rust and water-proof, a sure preservative for iron and wood, both insulating and damp-proof, and will stand from three to five years. There is a big field in Canada for a

durable iron and wood preservative paint. Flexilac Paint will meet the requirements. Interested visitors should see the exhibit under the grand stand, or write to the Flexilac Paint Company, 596 Lumden Building, Toronto.

Elmira, N.Y., Has an Exhibit Worth Seeing. A very interesting exhibit is located in a tent just east of the gallery. A handsome sign reading: Field Force Pump Co., Elmira, N.Y., Spraying Machinery and Carter Pressure Pumps, attracts attention to a most attractive collection of gasoline engine and tractor operation, as well as special equipment of every conceivable kind for the safeguarding of fruits and vegetables from insect and fungus enemies. Mr. Fred D. Gordon and his wife will be glad to hand you a little book entitled "When the Tide Came In," and also a sanitary drinking cup. Mr. Gordon is an authority on spraying and sprayers, and whether you own a few trees or a large farm, it is well worth while to call at this tent. This company are the sole manufacturers of the famous Carter pressure, self-cleaning filter extensively used in laundries, hotels, schools and private homes. One of these filters is in use by T. Eaton & Co. in this city. 327125 model is shown in the tent.

Christie's Fine Example. Visiting manufacturers at the Exhibition yesterday had a lesson to learn from the Christie-Brown Company, Limited, Canada's largest biscuit manufacturers. Notwithstanding the greatly increased cost of raw materials the price of Christie's biscuits has not been raised one iota since the declaration of war. Flour, the chief commodity in biscuits, and in fact all other materials have made a very rapid advance during the last month. How long the Christie-Brown Company will be able to continue the present prices of their goods is a question, but at any rate they are giving the public the advantage during the present crisis.

Bird's Meats Good. Bird's private dining hall, which is just across from the west end of the grand stand, has been satisfying capacity crowds ever since opening day. Besides this private dining room they have a restaurant which serves a splendid meal.

Nasmith's Restaurant. After every meal time at the Exhibition people can be heard favorably commenting on Nasmith's grill room. It is immediately under the west end of the grand stand and the service and food served is of the very best quality.

Carey's Safes. Of great interest is the exhibit of Carey and Forthright's of Hamilton, in the main industrial building near the central dome. At a time when the country is stirred with the news of the great European war which causes people to make preparations for the

safekeeping of their valuable papers and their money, exhibiting of their small house safe is very opportune. Many of these small safes have been installed in private houses lately. A large range of larger safes are also shown at the exhibit and at the company's show rooms, 112 York street, a more complete line can be seen.

TALKS ON MUSKETRY

Varsity Men Arrange Series—Five Professors Drill With Students.

Employees of the public services of Toronto, urged by W. C. Shaw, are taking an advanced step in the matter of home defence by enrolling men in a rifle corps. In a few days the number is expected to reach between two and three thousand, and the response of the different bodies in the civil service betokens an enthusiasm which will result in the systematic drilling of a representative body of citizens. City hall, police department and fire-hall staffs have expressed a willingness to join, and approaches have been made to the Toronto Street Railway, the Consumers' Gas Company and other institutions with a large number of employees.

Dr. Hastings and Commissioner Harris have been seized with the idea, and are advocating it to their departments. It has been suggested that the city hall should have an organization of their own, but no conclusion has yet been reached. Col. H. M. Elliott will coach the association.

The Osgoode Hall and University corps bring out large bodies of men each day to drill, and lectures on rifle shooting are delivered by military experts. The Irish Rifle Club continues practicing at Long Branch and a movement is on foot to organize a corps of men to be known as the Toronto Guard. Members would be over 45 years of age, and claim service in some militia organization. The Arts and Science Rifle Association will hold a meeting on Tuesday evening at 98 King west to begin a series of lectures on musketry, and the executive of the Arts and Letters Club meets today to consider co-operation with them.

Five Professors Out. Five University professors turned out with the Varsity rifles at their drill at the armories on Wednesday night. These included Prof. G. H. Neudor of the German department, Prof. G. O. Smith, E. J. Kyle, S. A. Cudmore and Mr. McTaggart. There was a total strength of 52 at the drill. Two hours and a half was the time taken to perform the drill exercises which the Varsity men were put thru.

CANADIAN RESERVISTS TRAIN FOR ARTILLERY

Canadian Associated Press Cable. LONDON, Sept. 2.—(Delayed in transmission).—Nearly 250 reservists from Canada are undergoing special training in heavy gun-work at Woolwich arsenal, with a view to joining the new Royal Garrison Artillery brigades which are being formed. Most of these men hail from the ranches of the west.

Hydro users get easy terms of purchase.

\$1 off the regular "Hotpoint" prices. Something new!

If your home has so far done without the big comforts of an Electric Iron or an Electric Toaster you ought to change that condition this week, sure.

See what the Hydro Shop has done. The price of the "Hotpoint" Iron and the "Hotpoint" Toaster has always been strictly maintained at \$4.50. It's not an extravagant price. The value is there—the 10-year guarantee is there—the service is there. The Hydro Shop claimed, however, that here and now is the time to save the citizens money—it had to be done—and after days of dickering it was done. The price on either the Toaster or the Iron, for a while at least, is reduced to \$3.50; and, more than that, easy terms of purchase are extended to Hydro customers.

A clear cash saving of \$1 on either a "Hotpoint" Iron or a "Hotpoint" Toaster is too important to overlook. These goods are practically the standard of quality amongst all electrical appliances, and \$1 buys enough current to last either of them about 70 hours. Guaranteed for 10 years.

Come in today—avoid disappointment. Remember, we extend easy terms of payment, if desired, to Hydro current users.

Prices cut to \$3.50 each for the Irons and Toasters. Other "Hotpoint" appliances, too, at just as startling reductions.

Family of Army Reservist Baker is in Want—Case for Patriotic Fund.

The family of Isaac John Baker, a reservist of the imperial forces, and now at the front, is in immediate need of assistance from the patriotic fund. Unless his wife pays her rent right away the landlord has threatened to turn them out of the place. Bloom is his name and he operates a second-hand clothing store at 715 West Queen street.

The World sent a reporter to the Baker House, 11 Mitchell avenue, last night and found some of the neighbors indignant over the matter. They said Baker was a fine little worker and good to his wife and children; he even sent back to his wife the \$2 that the war office remitted for his transportation expenses by Quebec. His wife was short of money, but wanted no "charity."

Bloom, the landlord, promised The World reporter to take no action for two days, upon being assured that the patriotic fund would see that he got his rent.

Mrs. L. A. Hamilton, convener of the civic relief committee of the women's patriotic fund, late last night gave assurance to The World that the fund would be paid today.

The Toronto Zionists' Jewish Free School, under the direction of Mr. Edmund Scheuer, will reopen at the Zionists' new building, corner Beverley and Cecil streets, Sunday next, Sept. 6, at 10 o'clock.

A Scrap of Paper

At the very moment when the German imperial chancellor was expressing rapt astonishment to Sir Edward Goschen, the British ambassador in Berlin, that Britain should make war

among Germany, Austria and Italy. The contrast in the method of regarding the two pieces of paper illustrates the typical German point of view.

Countries that are actually at war are not and cannot be impartial judges in their own cause. It is not difficult to devise spurious arguments in support of policies adopted for very different reasons or in justification of actions taken for no other cause than that of self-interest.

Newspaper News.

Of supreme and transcendent interest is the great war now raging in Europe, not only to the belligerents but to all the nations of the world.

Thus columns and pages are devoted to "war news," more or less reliable and more or less to the point, and many news items of general interest are subordinated or crowded out altogether.

For example, the death of Pope Pius X. and the election of his successor, have attracted little attention and scarcely any comment.

Congress is in Washington, but that is about all the information the people of the United States have on the subject.

The first thing anyone looks for in picking up a paper is the news from the front. He may be satisfied with the announcement of a victory or the general result of an engagement, but his neighbor may demand details of every kind.

PLOW MORE THIS YEAR IS HON. JIM'S ADVICE

Farmers are Exhorted to Sow Pasture Land With Food-Producing Crops.

The provincial government is making a special appeal to Ontario farmers to enter upon the fall sowing season with the needs of the Dominion first in mind. In consideration of the fact that the predominant demand of the empire while engaged in the present international conflict is for food in abundance, Hon. James Duff is calling upon the Ontario farmer to place greater areas of land than ever before under crops that may be utilized as foodstuffs. The growing of fall wheat is especially urged, also of other cereals and standard vegetables. In view of the temptation now facing the farmer to sell their cattle across the border at fancy prices, they are exhorted to pay serious attention to conserving their live stock.

Mr. Duff said: "I recognize that the amount that can be sown this fall must be somewhat limited by the plans which have been made during the summer. At the same time I think special plans should be made to increase the acreage of the crops to be put in, in the spring as well. There will undoubtedly be need for foodstuffs along many lines in addition to wheat, such as potatoes, beans, oats, dairy products, live stock and poultry. I would like to point out that during the past season there were over 3,000,000 acres of land devoted to pasture. Now that there is every prospect of a good supply of labor, I think a great deal of this land could with advantage be broken up and put into crop."

ACCIDENTAL DEATH.
 A verdict of accidental death was brought in by the jury at the inquest into the death of John Irwin, last night. The accident occurred near London, when Irwin fell off a hand car and was injured so badly that he died after being brought to the Western Hospital.

GERMAN AIRSHIP FLEW OVER SWISS TERRITORY
 Canadian Press Despatch, BELFORT, France, Sept. 2, via Paris, 3:53 p.m. (Delayed).—A German aeroplane last night dropped several shells here. The missiles made much noise, but did no damage. The aviator, to avoid the fire of the Belfort forts made a detour over Swiss territory. Also he came from the south instead of coming directly from Alsace and it is declared here that this act apparently constitutes a violation of the neutrality of Switzerland.

TORONTO TAXES FOR 1914.
 Toronto taxpayers are reminded that Thursday, September 10th, will be the last day to make payment of the second instalment of general taxes without penalty. It would also be advisable, in order to enable the city to provide for the large expenditures necessary in providing work for the citizens during the coming months, if those citizens, who are in a position to do so, would make payment of the school rates instalment and all arrears of taxes, when making payment of the second instalment of this year's taxes.

TO REMODEL CLOTHES.
 At an executive meeting of the Ontario Women's Franchise Association it was decided to open a sewing circle for those requiring instruction and assistance in remodeling clothes. All having garments which can be converted into wearable clothes are requested to send them to the present headquarters, Mrs. Fotheringham, 49 Spencer avenue.

CHILD DROWNED IN CISTERN.
 NAPANEE, Ont., Sept. 3.—While playing in the Napanee firehall, the eighteen months old child of John Jennings, proprietor of the Market Hotel, was drowned as the result of falling into the cistern through a hole in the floor. Instead of diving for it by bystanders sent for the father who went down into the tank and recovered the body which had been in the water twenty minutes.

 Suburbanites Enter Heartily Into Patriotic and Red Cross Activities.

Those wishing to work with the Parkdale branch of the Patriotic League are invited to apply to the captain of the district, Mrs. Edward J. 102 Jameson avenue, phone Parkdale 2821, or Miss W. A. Cooke, 54 Spencer avenue, phone Parkdale 1925. Work is to be obtained from and material sent to Mrs. F. W. Hudson, 71 Beatty avenue, or Mrs. W. A. Cooke, 54 Spencer avenue.

The ladies of Thornhill will hold a patriotic concert in Victoria Hall on Saturday evening at 8 o'clock. Proceeds in aid of Red Cross fund.

An interesting account of the work of conducting the group of small apartment houses lately erected by the Toronto Housing Company for business girls and women was given by Mrs. Gurnett. These houses the council has promised to engineer for the next five years and there are still some vacancies. Applications may be made to Mrs. Irvine at the Byrnie building, corner Shuter and Yonge streets, where Mrs. Irvine will be held between 11 a.m. and 2 p.m. Accommodation may be had at from \$9.25 to \$13 a month.

The treasurer, Mrs. Runelman, gave the financial statement with a balance to the good of \$180.66 and that of the mothers' pension with a shortage of about \$23.

Two suggestions came from the Beaches Progressive Club. The first was that the meeting endorse a request to the National Council for an annual day upon which the various councils should bring their work before the public in the shape of literary exhibits and entertainments and sales at which specimens of educational and philanthropic paraphernalia should be sold. The second suggestion, that of black-listing employers known to have been guilty of any breach of moral propriety in regard to their women employees, was referred to the committee of which Dr. Margaret Patterson is convener. Miss Constance Boulton will be asked to prepare an account of the municipal work of the council for the purpose of publication.

Celebrate Birthday.
 Applications for affiliation by three societies were accepted. These were the Equity League, the Junior Circle of Jewish Women and the Girl Guides.

A suggestion to celebrate in a quiet way the coming of age of the Toronto Council on Nov. 2 was made by Mrs. Gurnett to take the shape of a tea and addresses by the Toronto delegates and others who had attended the international conference. The suggestion was adopted. Members of all affiliated societies will be invited.

LARGE INCREASE IN CANADA'S DEBT

Thirty-One Million Dollars Higher Than Year Ago—Customs Revenue Drops.

By a Staff Reporter.
 OTTAWA, Ont., Sept. 3.—The total net debt of Canada on Aug. 31 was \$232,061,633, according to the financial statement of the government, issued tonight. This is an increase of \$31,211,088 over the same date last year, and an increase of \$138,118 over July this year.

The Dominion's revenue for August, 1914, was \$14,196,104, and for the first five months of the present fiscal year, \$69,378,113. In August, 1913, the revenue was \$14,447,853, and for five months of 1913, \$71,628,657.

Customs is responsible for the entire decrease in Dominion revenue, but the decrease in August, 1914, is less than it has been for several months. Customs revenue in August, 1914, was \$8,245,148, and for five months, \$38,261,796. In August, 1913, it was \$9,345,721, and for five months, \$71,628,657. The funded debt payable in London is \$324,472,078.

MITFORD TO SING.
 Miss Agnes Adie proved a splendid attraction at the Playhouse Theatre yesterday afternoon. She sang, "Down the Vale," and "Land of Hope and Glory," in the magnificent style. Miss Adie has a rich soprano voice, which she makes full use of. In addition to the usual picture program at today's matinee, Geo. Mitford has consented to sing. The entire proceeds of these matinees will be devoted to the patriotic fund.

LABOR DAY OUTING, NIAGARA FALLS AND BUFFALO.
 The last holiday of the summer will no doubt attract many to a trip by the commodious steamers of the Canada Steamship Lines, Limited, to Niagara Falls and Buffalo. Low rates of \$2.00 Toronto to Niagara Falls and \$2.50 Toronto to Buffalo and return will be in effect, good going Sept. 5, 6 and 7, and good to return up to and including Sept. 8. Service of four trips daily, including Sunday, will be in effect. Tickets can be obtained at 46 Yonge street, corner of Wellington street, or Yonge street dock.

BOAT SERVICE TO ANTWERP.
 Canadian Press Despatch, HARWICH, Eng., Sept. 3.—The boat service between this port and Antwerp will be resumed tonight, after having been discontinued for a fortnight.

HAMILTON TO VOTE MONEY FOR RELIEF

Board of Control to Start Patriotic Fund With Twenty Thousand Dollars.

WILL PLAN CAMPAIGN Meeting Will Discuss Means to Raise Big Sum for Help.

By Staff Reporter.
 HAMILTON, Sept. 3.—Twenty thousand dollars was voted by the board of control this morning for a contribution to the Canadian Patriotic fund. The city council will be asked to endorse this amount, along with the \$5000 voted on Tuesday for temporary relief purposes at a special meeting this evening at 7.30.

Following the council meeting a conference will be held in the mayor's office to determine the scope of the relief work to be done among the unemployed this winter. It is expected that the city will make a grant of \$25,000 or more for this purpose, and it is anticipated that over \$100,000 will be spent in caring for those out of work.

Patriotic Fund Committee.
 A mass meeting of the patriotic fund committee will be held in the board of trade rooms on Friday evening to complete arrangements for a big rally next Tuesday evening. All who are interested in the work are invited to be present. Arrangements will be made to launch a drive to concentrate relief work.

To Concentrate Relief Work.
 Mayor Allan has called a special meeting of the representatives of the charitable societies Friday evening for the purpose of discussing the uniting of all the organizations into a central body so as to have a central relief fund. If the societies amalgamate the offer of the Alexander Roller Hink Company will be accepted for a central distribution point.

To Boycott Bakers.
 A meeting of the women of the east end will be held to consider the boycott of bakers. Rather than pay more than six cents a loaf they will make their own bread.

Fears German Reservists.
 The news of a home guard here was urged today by Charles W. Fleming, who is organizing a local guard. He said he had received word that in Buffalo alone there were over six thousand Germans, many of whom are reservists, who are equipped even better than the New York militia. He fears that there will be an attack on Canada by these men.

13th Royal Regiment is ready to go to the front as a unit, according to Lieut.-Col. Ross, commanding officer. The officers and men have decided to go as a unit should another call for men be sent out.

Bandmaster Retires.
 Lieut. George R. Robinson, the veteran bandmaster of the 13th Royal Regiment band, has retired after 46 years' continuous leadership. His place will be taken by his son, W. F. Robinson, who for some time has been acting bandmaster.

In regard to the offer of the McKittick Syndicate to install sewers and water mains on the 1000 Islands, the city council will be asked to accept the offer, conditional upon the city helping to finance the work, it was decided to invite W. J. Southern to appear before the board of control on Tuesday next when the question will be gone into.

1000 Islands and Return, \$10.50, including Meals and Berth.
 An exceptional opportunity for Exhibition visitors to see the 1000 Islands is offered by the Canada Steamship Lines, Limited, by their commodious steamers, leaving Toronto at 2 p.m. Sept. 5 and 6. Tickets at the above low rates include evening dinner and berth in each direction between Toronto and Alexandria Bay, also rambles trip among the islands. Full particulars and tickets can be obtained at 46 Yonge street, corner of Wellington street, or from purser of the steamer.

SERVANTS' GREAT VICTORY.
 Canadian Press Despatch, ROME, Sept. 3.—A telegram from Nish, Servia, says that in a battle at Jadar between 200,000 Austrians and 180,000 Servians, the latter put 140,000 Austrians hors de combat.

Syracuse Test Meet Opens Successfully

SYRACUSE, Sept. 3.—(Special).—Clear weather and a slow track greeted the crowd that gathered to witness the first day's racing of the State Fair Association. As some action on horse racing is expected to be the outcome of this meet, which will be over on Saturday, it is the intention of the association to make every card a success from every viewpoint by way of impressing the up-state section. The racing that began today in this city has for its prime object the furthering of interest in racing as a pure sport and to encourage the breeding of the thoroughbred through the land. The first day's racing was over on Saturday, it is expected to have had an auspicious start.

FIRST RACE—Two-year-olds, maidens, 5 furlongs:
 1. Luxury, 109 (Buxton), 1 to 5 and out.

SCHEDULE BRITISH RUGBY FOOTBALL

Season Opens in Two Weeks —To Play Exhibition Game for War Fund.

The British Rugby Football Union of Toronto has decided to have a grand match at the Motordrome on Saturday, September 12, to be played by two picked teams from the clubs in the Union, for the benefit of the Toronto and York War Relief Fund. The proprietors of the Motordrome have kindly consented to the use of the grounds free, and the Union will therefore give the whole of the profit to the above fund. After the match the winners of the cup tie matches, held in the spring (West of England) will be presented with medals donated by the Union.

It has been arranged to play the following fall games at the Motordrome, and should it be deemed expedient further games will be later arranged for November. Two games will be played each Saturday afternoon as follows: via:

Sept. 19—Overseas v. Welsh; Irish v. North.
 Sept. 26—North v. Welsh; West v. Scotch.
 Oct. 3—West v. Irish; Overseas v. Scotch.
 Oct. 10—Welsh v. Irish; North v. Overseas.
 Oct. 17—Scotch v. Welsh; North v. West.
 Oct. 24—West v. Overseas; Irish v. Scotch.

Don Rowing Club Elect Their Rugby Officers

The Don Rowing Club Junior O.R.F.U. Rugby team held a meeting in the club-house last night to discuss their plans for the coming season. The election of officers was attended by a large number of members and the following were elected: Chairman, J. Edmonds; secretary-treasurer, F. Carter; manager, Robt. Dibble; captain, W. F. Moran; assistant captain, J. Ingham.

An exceptionally large crowd was present and the prospects for the Rugby season of 1914 look very bright for the Dons. From the material already on hand and other players who have signified their intention of playing with the club they should put one of the strongest teams possible on the gridiron. The committee which was appointed some time ago to investigate procuring a suitable location for training, etc., reported that they had secured a very desirable place where shower baths and other conveniences are available. The location is situated on the east end of the disposal of the players, and also that they have a string on one of the best Rugby fields in the city. The first training camp will be held on next Wednesday night, when all players and any prospective players should be on hand at the clubhouse, foot of Morley avenue, at 6 p.m.

MANCHESTER, VI., Sept. 2.—Again today players of highest rank were the survivors in the match play for the United States Golf Association amateur championship over the links of the Elwank Country Club, completing the third round. Travers of Upper Montclair, present title holder, won by 6 up over W. P. Sealey of Brooklawn.

Francis Outmet was also an easy winner, defeating Robert A. Gardner of Hinsdale, a former amateur champion on the eleventh green of the afternoon round, 9 up.

The veteran Walter J. Travis of Garden City, another former amateur champion, and W. F. Fownes of Oakmont, title holder in 1910, survived their difficulties. Each was forced to an extra hole. Travis won from Roy D. Webb, Eastwood, and Fownes defeating R. R. Gordon of Brae Burn.

Travis and Fownes and Fownes and Outmet will meet in the semi-finals tomorrow.

Ontario Railway Board Grants Order Asked by Township.

The Colborne Municipal Telephone System occupied the attention of the Ontario Railway Board for a short time yesterday, and an application of this concern for an order to the township to collect certain debts from subscribers, was granted. The situation was held in detail, and being recognized that the sums had to be met, the order arranged that any funds not collectable would be made up out of the municipal treasury.

The application for the order was made because of certain deficiencies already appearing.

For the heat worn and the weary—REGAL

The Doctor ordered Regal Lager for me!

"I don't know how I look but I do feel splendid. Yes, I was all broken down, in the Spring---came near having nervous prostration. I could not sleep. My appetite was poor---my general health bad. So the doctor explained that I wanted a tonic and prescribed---what do you think? REGAL LAGER. Ever since, I've been drinking Regal daily, a glass with dinner, and one going to bed. Of course, as my husband says, it's a very mild brew---very pure, and it possesses valuable tonic properties. It certainly has benefited me. Why not have a case sent up to your house? Its taste will win you, and it's really very good for you."

REGAL is brewed by the Hamilton Brewing Association, Hamilton, primarily for temperate folks and the home

Decline in Value of Pears With Big Supply and Poor Demand.

CORN LITTLE WANTED

Melon Market Demoralized—Green Corn Plentiful and Cheap—Hard to Sell.

Table listing various agricultural products and their prices, including eggs, hogs, and poultry.

Melons again crowded the market yesterday, and were harder to sell than on Wednesday...

Pears are the best sellers on the market at the present time, chiefly because the supply does not equal the demand.

Green corn is plentiful and cheap, but it is hard to sell. Only the best grades of corn are wanted.

PRICE OF WHEAT STILL CLIMBING

Prospect of Turkey and Italy Entering War Caused Chicago Flurry.

CHICAGO, Sept. 3.—Darkening prospects that Turkey and Italy would enter the European war brought about a high price record today in the wheat market here.

Receipts continue to increase, 387 cars inspected Wednesday and 320 cars in sight today. Despite this fact, offerings in the cash department are light.

Wheat was on the jump from the very outset. For the first time the English trade was showing alarm over the breadstuff supply.

LIVE STOCK STEADY HOGS AGAIN LOWER

Bulk of Cattle Offered of Common and Medium Quality.

SUPPLIES SOLD EARLY Deliveries of Veal Calves Unequal to Demand and Prices Firm.

Receipts of live stock at the Union Stock Yards on Thursday were 84 cars, comprising 623 cattle, 1568 hogs, 458 sheep and lambs, and 55 calves.

There were one or two loads of cattle that were good enough to sell at \$5.50, but the rest of those on sale were generally of poor to medium quality.

Trade was active at unchanged values, the market being cleaned up before the noon hour. Buyers and feeders were in excellent demand for firm but unchanged prices.

Milkers and springers were scarce, not more than five or six fresh arrivals being on the market, and prices were quoted unchanged.

Veal calves were selling at firm quotations, as the supply was not equal to the demand.

Sheep and lambs sold at about the same values as on Wednesday, but hogs were again lower.

Good to choice steers sold at \$5.25 to \$5.50; loads of good, \$5 to \$5.25; medium, \$4.50 to \$4.75; inferior, \$4.25 to \$4.50.

During a hot engagement, when Grenfell fell wounded, at great personal risk, amid a falling fire, the Duke of Westminster rushed thru the battle zone and carried Grenfell to safety.

At Home to Visitors on Saturdays and Sundays. While Valcartier military camp has hung up the "no admission except on business" sign during the week, the militia department has authorized the reception of visitors on Saturdays and Sundays. In response to popular demand therefore the Canadian Northern Railway is running excursions on Saturdays and Sundays only to Quebec. Valcartier military camp is at Hotel Lake St. Joseph, when the round trip fare from Toronto will be \$10. Return limit until Sept. 3. Stop-over privileges will be granted at points east of Ottawa, and in addition to regular dining car service on trains, a dining and commissary car service will be maintained at the camp throughout the day.

The Canadian Northern Railway is the only line giving through service to the Valcartier military camp, and in order to make sure of getting through with out change or delay travelers should bear this fact in mind. For tickets and for parlor and sleeping car reservations apply to city ticket office, 52 King street east, Main 5175, or Union Station, Adel. 3488.
