SHOUTED "GAS DEVILS"

War Cry of Western Ontario Battalion in Gallant Advance.

Canadian Associated Press Cable. LONDON, June 25 .- Further particulars of the gallant work done by the western Ontario battalion last week is to hand tonight. The battalion was subjected to a heavy fire on its left when it went forward and captured for the time being three trenches. The charge was led by Major Smith, the battalion having been reinforced by men from the 101st Edmonton Fusi-liers.

A number of Edmonton men are among the wounded. Lieut. Campbell's Bravery.

A thriling story is narrated concerning the hereism of Lieut. Campbell's bell of the machine gun section.

After reaching one of the enemy's trenches he was unable to get a Lafler, Night Watchman at Hundred and Thirty Thousand gun. It was when the Germans were pouring a heavy fire, not only from the front, but on the left of the Canadians. Lieut. Campbell, desirous of meeting the attack on the left, knelt down in the trench and supported the sun on his back while a corporal fired it Campbell was severely wounded.
The men of the battalion speak in

high terms of his brilliant example and courage at all times.

A number of wounded has just arrived in England, many being treated at the Canadian hospital at Cliveden.

BERLIN, June 25 .- (Via London, June 26, 1.05 a.m.) -- With reference to the statement in today's official communication regarding Gen. Linsingen's partial retirement to the south bank of the Dniester River, special despatches received from Czernowitz, Bukowina, describe the desperate exertions of the Russians for several days to regain their lost ground on the Dniester line and in Bessarabia. The fighting, according to these despatches, has been uninterrupted for four days and nights, and the Russians wasted the lives of their troops by recklessly marching them in mass-es into the Austrian fire. Large heaps of Russian dead, it is asserted, lie before the Austrian trenches.

The fighting is declared to be particularly desperate eastward of Zalesczyki. The Russians are said to be charging repeatedly along the river. At a few places they have succeeded in fighting their way to near the Austrian positions, but suffered frightful osses, and were compelled to retire before the determined Austrian re-

Right in the city-fresh verdant foliage-fine large oak trees- beautiful and luxuriant green grass-running streams and small lakes fed by fresh spring water.

Imagine the joy of possessing a home in such surroundings. The children can play in the park right outside your door, enjoying absolute safety and fresh air, yet you are within a minute's walk of the street cars with a service every minute and a half-splendid shopping district right at your door and ready means of transportation to all parts of the city.

Close to the famous beaches, where you can get good boating or bathing—the improvements are paid for, and sewers, water, and gas are installed—every convenience.

TORONTO WAS BESIEGED WITH LONDON VISITORS

London sent a large contingent to Toronto yesterday, when the Grand Trunk Railway ran an excursion for its shop employes. Five train were necessary to carry the crowd, and in all there was about 5000 people. Coy young maidens, with their boy friends, anxious mothers with their care, all helped to make up the enthusiastic crowd that surged thru the stores and thronged the streets. The jitney and observation cars received their share, and one stout person was heard to remark: "They ain't got anything like these in London."

THE DAWN OF YOUNG WOMANHOOD

Girls upon the threshold of woman-hood often drift into a decline in spite of all care and attention. Even strong and lively girls become weak, depressed, irritable and listless. It the dawn of womanhood—a crisis in the life of every girl—and prompt measures should be taken to keep the of health. If the body is not in a bealthy condition at this critical stage, grave disorders may result, and future sife become a burden. Deadly consumption often follows this crisis in the lives of young women. Dr. Williams. Pink Pills have saved thousands of young girls from what might have been life-long invalidism or early death. They are a blood-builder of unequalled merit, strengthening weak nerves and producing a liberal supply of rich, red blood, which every needs to sustain her strength. Over and over again Dr. Williams' rink Pills have proved their value to women and girls whose health was failing. Miss Jennie Gereau, St. Jercme Que, says: "At the age of eighteen try health was completely shattered: I was suffering from anaemia with all its attendant evils. The aemia with all its attendant evils. The trouble forced me to leave school suffered from headaches, was tired and breathless at the least exertion. I had no appetite and my face and lips were literally bloodless. A good friend advised the use of Dr. Williams' Pink Pills, and, thanks to this great medicine, I am again enjoying good health, with a good appetite, good health, with a good appetite, good color and a spirit of energy."

Every anaemic girl can be made well and strong thru the use of Dr. Williams' Pink Pills. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brock-wille, Ont.

WOMAN"-WOMAN AGAINST

The Phillips-Shaw Company will revive "Woman Against Woman" at the Grand Opera House next week This is possibly the most powerfu HELP A WAR HOSPITAL human play ever written, and since a quarter of a century ago, its popularity has never waned, and it was then as it has proved to be ever since one of the greatest dramatic triumphs the stage has ever known. The title of the play alone aptly describes the story, for it is, in fact, an affair of woman against woman, one of whom is most happily married to a worthy man and the other woman in the case is madly infatuated with the husband. For the revival a complete scenic equipment has been secured, and the members of the company have been well cast, assuring theatregoers a Besides the regular bargain matinees on Wednesday and Saturday a special holiday matinee will be given on Thursday (Dominion Day).

SATURDAY MORNING, JUNE 26.

Blazing the Trail

Mr. Baifour in addressing a meeting a year ago confessed that representative government, as interpreted by the party system, had proved something of a disappointment: he said it was pathetic to recall the high hopes which attended its inauguration. The underlying principle is sound, but we must admit that in Canada representative government has not achieved the highest efficiency. The breakdown in Manitoba, for example, calls for surgery

Might not that province experiment along the lines of the commission plan which worked so well in the case of many cities that a strong demand has arisen for its adoption by the state governments.

The commission plan, as we understand it, puts all the executive and much of the legislative power in the hands of three or five men to be elected by the people. The ideal commission would be composed of high-class greatest possible efficiency. Politics That war had been long prepared for could certainly be kept out of the by Bismarck, to whom, more than to commissioners, and that would be a great initial advantage.

With the initiative and referendum cluding the incorporating of companies and many other matters now dealt with by the provincial parlia-

In trying to work out the commission plan for states the Progressives sian militarist party has steadily ineeal with the legislature in a somethe year round. It is proposed in country were organized and placed untrict, i.e., each member would repre- in 1888, had begun to dream of Eurosent 160,000 people.

Possibly some progressive reforms tem. We might do away with the better results from a smaller house of commons? If we gave Quebec 25 instead of 65 members, our unit of representation would be raised from about 32,000 to 80,000, and the house of commons would then consist of 90 members.

Just now we have this difficulty; the house is so unwieldy that all the business is practically predigested for it by the cabinet. But the cabinet sits in secret; the discussions of the house, therefore, are perfunctory because the decision of the government has already been arrived at, and the decision of the government goes. With the senate abolished and the house reduced in numbers we could afford to pay our parliamentarians better and have them work every day. Moreover we could then make the cabinet in fact what it is now in theory, a committee of the house, and much of the secrecy which now envelops, as with a mist, the administration of public effairs could be done away

Fair and Just Assessments

Mayor Church is to be commended for his frank expression of opinion about the assessment of real estate in the city at arbitrary values instead, as the Assessment Act requires, at the full value of the property. A week ago, speaking on this subject, he declared that if the assessors do not do better, by which he meant more in the intention of the publishers to have conformity with the provisions of the act, they would not be reappointed next year. Yesterday he pointed out the inequalities of assessment by which Earlscourt and other outlying and less valuable districts suffer severely in their taxation.

"If all were assessed at 100 cents on the dollar," the mayor is quoted as saying, "it would be fairer for all, instead of having the poor man assessed will have no difficulty in understand-

The Toronto World at ninety per cent, and the rich man at 15 per cent, of the value of his property." We cannot say that any assessments have been made as low as 15 per cent., but some have certainly been made as low as 35 per cent., while others have been made as high as 135 per cent. or over one-third above actual values.

The average is declared by the assessment department to be about 70 per cent. The act does not call for 70 per cent., but for 100 per cent., and the citizens certainly do not want to be unjustly dealt with in this manner. It sunts the rich man to escape paying. his taxes on his full values, owing to the favored treatment he receives from the assessors, but the result bears heavily on the less wealthy class of property holders.

With a proper assessment the total valuation of the city would be considerably higher than it is rated at present and the tax rate would be proportionately lower. The difference could not be exactly figured out, as no doubt the values of buildings would not be changed to the same degree as the values of land. Buildings are to be valued, according to the act, at the value they add to the land on which they stand.

We do not understand why the local tax reform association, which is at present conducting a campaign in the city, does not turn its attention to this phase of the tax law and do what it can to have the existing law carried out. A great many people are under the impression that tax reform means single tax. What the agitators in Toronto mean by single tax is not single tax at all, but land tax. Single tax would mean the abelition of all other taxes, tariff, etc. The first step towards land tax would be to have the present assessment law fairly administered, instead of, as at present, having an unfair discrimination in favor of the wealthy made by the assessors. Nothing but assessment at actual values in all cases will effect this. If it be possible to assess at 70 per cent. of the value, it is possible to assess at 100 per cent. No difficulty exists in carrying out the act if the assessors know their business. If they do not know it Mayor Church has stated the

Canadian Municipal Bonds

In view of the increasing attention given by intending investors to Canadian municipal securities, Brent, Noxon & Company, investment bankers of this city, have just issued synopsis of the laws in force in the various provinces in so far as they affect these securities. The text of the handbook has been compiled by E. G. Long of Toronto, a member of the Ontario Bar, in consultation with Messrs. Brown, Montgomery and McMichael of Montreal on points of Quebec law. The work includes amendments to May 1 last and it is revised and reprinted whenever furher amendments warrant this. Z. A. Lash, president of the Great Northwestern Telegraph Company, has issued a signed statement in which he sets forth the reasons for the company's action in destroying the telegrams that were to have been held as exhibits at the Manitoba graft scandal investigation now sitting in Winnipeg under a royal commission

The statement is as follows:
The duty of the Great Northwestern Telegraph Company to keep inviolate the confidence entrusted to it by those who use its telegraphs, has always been regarded by the company as a gacred duty, and it has been the proud beast of the company that the public may confidently rely upon this duty being performed. The principle inperformed. The principle in-lies at the very foundation of the elegraph business, and is embodied the statute, a breach of which would entail criminal responsibility upon the person breaking it, whether that person be high or low in the ser-

What Law Says. The clause is as follows: "Any operator of the said telegraph line, or person employed by the telegraph company, divulging the contents of a private despatch shall be deemed guilty of a mis-demeanor, and on conviction shall be liable to a fine not exceeding

\$100 or to imprisonment not exceeding three months, or both, in the discretion of the court before which the conviction shall Similar or more drastic provision

ire contained in the Postoffice Act with respect to the sanctity of letters.
There is no difference in principle in this respect between communications by telegraph and by letter. The way of carrying on the two businesses differs, but this difference makes it more incumbent upon a telegraph company to protect actively the con fidence of those who use its facilities A letter or communication entrusted to the postoffice is actually delivered to the recipient and the duty of the postoffice ends there; but a telegram or communication entrusted to a tele graph company is not itself delivered, it remains in possession of the com pany, its words only are transmitted over the wires, and the duty to pre serve the sender's and receiver's con fidence continues. They are power in the hands of the company, and must rely on it for protection. The MICHIE & CO., LIMITED duty of the postoffice regarding dead letters is similar in this respect to the luty of a telegraph company regard-

ing telegrams. Confidence is Preserved. Dead letters are returned to the ender without being opened if that e possible: when they are opened they are either returned to the sender or sent to the recipient or are detroyed-the confidence of both is in this way preserved. It is not practicable to return to the sendor send to the receiver the paper containing a telegraph message. If its contents are to be kept private and safe from inspection by others, it should be destroyed. The most effective mode of destruction is by burning—the postoffice adopts this

mode and so does the telegraph com-So long as the messages are retained a telegraph company may be called upon to produce them under the sub-roena or order of a competent legal tribunal, but up to the service of the subpoena the company is free to perform its duty to the senders and receivers, and to see that it is not itself made the means thru which the confidence it is bound to protect may be

Care Is Imperative. In times of political excitement and when party feeling runs high, and when the private affairs of prominent men are apt to be made the subject of newspaper attacks or comment, and when even confidential information belonging only to the rulers of the country is eagerly sought after and sometimes made public, by accident or design, or in breach of solemn promise of secrecy—it behooves a tele-graph company to be more than usually careful that the messages in its possession do not remain at the risk of public exposure, and the greater the responsibility of the company be-

The Winnipeg Commission.
There is now sitting in Winnipeg an inquisitorial tribunal, or commission, without right or justification to try or decide any question individuals. Its furisdiction is inquisitorial only. It is bound by no rules of evidence. Any question which may arise as to the extent of its powers is ruled upon by itself. It summonses witnesses, compels the production of papers, reads them—whether private and confidential or otherwise, notwithstanding objections by those interested-decides for itself what terested—decides for itself what to make part of the public record and what to return. The commission is assisted in its enquiries by coursel ap-pointed by one of the political parties, and the procedure is lo allow counsel to examine the documents and papers and express opinions as to their usefulness for the pur-

poses in hand, or contemplated. Company Chose Course.
The G. N. W. Telegraph Co. believed that this tribunal would seek to examine at its discretion telegrams in the company's possessions. These would to which the inspection might go, and it feels confident that the independent the company had to decide upon its course. The responsibility was upon it, and could not be shirked. The question was where its duty lay; was the company whatsoever.

Leafs Beat the Hustlers Again -Gus Williams Breaks in -The Details.

The Leafs made it two straight over the Hustlers yesterday by making every hit tell to score four runs, while Manning held the Ganzelites to two counters Manning should have got away with a shutout. He kept the Hustlers well in hand until the fifth. Wares and Gus Williams let a ball fall between them in this round that should have made the third out. The Hustlers then shoved over

this round that should have made the third out. The Hustlers then shoved over their two runs.

The Leafs were handed their first run. Rath opened the Leafs' batting with a single, advanced to third on Wares' sacrifice and Graham's infield out. Huencke supplied a wild pitch to score him.

The third was a carnival for the locals. Manning rolled out, but Rath lived when Kores tossed his roller to the stand, Morris pulling up at the half-way stop. Wares was an infield out, but Graham got on free. Rath and Graham pulled the double steal successfully, Rath scoring. Demmitt doubled to send Graham home. Gus Williams drove to centre to make the third run possible.

Rochester should never have had a run, Manning was bowling them over nicely until the fifth. He disposed of Kores and Stevenson, and then Williams singled. Huencke raised a high foul back of first and Wares raced out into right field, cut over in front of Williams and then falled to take the catch. The ball dropped between the two players for a hit. Priest singled to score the first run and two walks forced in the Hustlers' other tally.

LEAFS IN FIRST FLIGHT.

For the first time this season the Leafs are this morning fifty-fifty in the percentage column, and if they get away with both games of the double-header with both games of the double-header club, will advance still further. Outside of the Skeeters the race is very close in the International, as can be seen from the standing, the Leafs jumping from seventh position to fourth in the last two days.

This afternoon's double-header with the Hustlers, which begins at 2 o'clock, will wind up the series at the stadium until July 1. YALE SWEPT CARD AT NEW LONDON

Trimmed Harvard in All Events at Inter-College Meet-Rough Water.

NEW LONDON, Conn., June 25 .- For the first time in many years Yale University crews swept the river in the annual dual regatta with Harvard, and tonight Eli Alumni and under-graduates are cheering their three crews and Coach Guy Nickalls until the din is deafening. Notwithstanding delays, due to rough water and accidents, the English coached eights of the blue, with characteristic bull dog determination fought for victory from early forenoon until dark, defeating in turn the junior, Varsity and freshman eights of the crimson.

Victory was exceedingly sweet to the Elis for the inter-Varsity regatta records have to be searched for many years to find a Yale triple victory, aitho similar Harvard successes are of more frequent and recent occurrence. To add to the joy of the blue the Varsity eight established a new up-stream course record in winning the big race, which is likely to stand for years.

Fully 10,000 spectators witnessed the contests from the observance cars which followed each race, along the banks of the Thames, while the river shores were populated by throngs ranging from hundreds to thousands at every point of vantage.

Chief interest centred in the outcome are cheering their three crews and Coach

dreds to thousands at every point of vantage.

Chief interest centred in the outcome of the four-mile. Varsity race, when the Yale oarsmen demonstrated that the eight-inch vicery of last year's English-coached crew was not a fluke by winning today's contest by almost six lengths. The time of the race was: Yale 20.52, Harvard 21.13½.

The freshman race, rowed in semi-darkness over a mile and a half course, was won by the Yale first year crew by approximately one length, the times being: Yale 8 minutes, 6 seconds: Harvard, 8 minutes 10 seconds.

The junior Varsity two-mile race, rowed this forenoon, was won by Yale, by three-quarters of a length. The times was: Yale 10.40, Harvard 16.433.

GRAND OPERA MADE MORE NEW RECORDS

Stepped Fast at Tillsonburg--Three Good Races on Closing Day.

TILLSONBURG, Ont., June 25 .- The get-away day of the Aylmer Driving Club aces, held at Tillsonburg, was the banner day of the meeting. The attendance was the largest of the meeting, and the club were more than delighted. The attendance for the three Gays' harness racing has been one of the greatest known in this town, and it looks as if there was a revival of the interest manifested heretofore. Three races were carded, the feature being the free-for-all. Six were entered, but four came to the wire for the word. Grand Opera was the legitimate favorite and sold for \$20, and the field \$8. He won handily in straight heats, with Yedno, br.m., owned by Jas. Nesbitt of Toronto, one of the most popular men in harness racing, being second, and winning second money. Grand Opera broke all existing records for the track, stepping the first mile in 2.10 flat, and coming right back in 2.10%.

The second race was the 2.24 trot, with six starters. Maggle Bond was made the favorite over the field, at \$20 to \$10.

With very little delay, they got the word. Maggle Bond was first to show in front going down the back stretch. She went to a break, and could not seem to recover. Wood Point won the heat, after Maggle had settled. She trotted very fast, but could not quite reach. Time 2.20%.

In the second heat, Maggle won handily, Wood Point doing all the breaking in the heat, but Maggle had to step right to her mark to win. Time 2.17%.

The third race was the 2.22 pace, with seven starters. Toneko, b.g., by Toneko, owned by W. Collins, London, opened as favorite, and looked as if he should win in straight heats. Willow Hal, b.h., by Star Hal, an outsider, won the first heat quite handly, and Toneko second. Time 2.15%.

The racing was conducted under the rules of the Canadian National Trotting and Pacing Harness Horse Association, of which the Aylmer Club is a member. This club has done a great deal to popularize harness racing, and would have raced in Aylmer this year, but, owing to was the largest of the meeting, and the club were more than delighted. The at-

THE FINN CAPTURES HAMILTON DERBY

Big Crowd on Opening Day-Pan Zareta Again Shows Her Class.

HAMILTON, June 25.—This was Derby Day at the Hamilton Jockey Club track, and ideal weather and a big crowd were all that could be desired for the opening

Altho only five started in the Derby. was a select and classy lot. H. C. Hallen beck's crack colt, The Finn, was a not favorite at 1 to 2, and the English-bred horse, Royal II., owned by Jefferson Livingston, was the second choice in the betting. In the race, Starter Dade got them away to a good break, but The Finn was pinched off and lost a lot of ground. He was nursed along by Jockey Byrne and closed up the groung up Finn was pinched off and lost a lot of ground. He was nursed along by Jockey Byrne, and closed up the gap going up the back stretch, where he raced with the pacemaker, Commonada, to the top turn, when he went to the front, and was never headed. Geo. M. Hendrie's Rancher closed with a rush turning for home, but he could not get near the son of Ogden. Commonada was a good third and Fair Montague a close fourth, five lengths in front of Koyal II. The latter raff a poor race and was never in the running. Charlie Millar's horse ran a good race for a mile, but was outinn in the stretch.

The second event of interest to the talent was the Salisbury Handicap, which brought out a good field of sprinters, including Pan Zareta, Iron Mask and Kewessa. The Kentucky crowd went to Iron Mask strong, making him a 6-to-favorite over Pan Zareta. The latter was as good as 11 to 5. In the race, Iron Mask was first to show, and set a hot pace to the head of the stretch, where he chucked it, and the ever-reliable Pan Zareta just romped away to win easily by half a length from Carbide, who was two lengths in front of Kewessa. Jockey Cooper, on the winner, rode a well-judged race, and saved ground all the way.

Five favorites finished in front, and the public had the better of the bookmakers on the day's play. The only long shot to win was Commensia, in the fourth race, at 30 to 1.

The attendance was large. Fourseen coaches filled brought the Toronto crowd up over the Grand Trunk Railway, making a good run both ways.

Another good card of seven races is down for Saturday, including a steeple-chase.

Maple Leaf F.C. play Street Railway at the stadium, kick-off at 4.45 p.m. The following will line up for the Leafs: H. Williams, G. Burdett, J. Bannister, H. Pollard, D. Foxton, C. Field (captain), J. Paton, J. Duff, E. Nash, A. Bradley, L. Smith: reserves, F. Bannister, P. Gent, W. Finlay.

City Dairy F.C. visit Bracondale Park, where they will meet Beil Telephone in a Third Division League game. The Dairy team will be selected from the fol-lowing: Hedley Laidlaw, Smith Bar-row, Mear, Mace, Ness, Macdowell, Wear, score: Long Branch-

Woodruff, Bishop, Pilkington, Bursey. Kick-off at 4 o'clock.

The game between City Dairy and British Imperial at Bracondale on Thursday night resulted in a two-goal draw. The game was well contested thruout, and the result was a fair indication of the run of play.

Mr. J. Anderson, referee, appointed to take charge of the Eaton versus Sunderland game on Saturday, June 26, will please note this game will be played at Bathurst street hill ground, and has been called for 4 o'clock.

Eaton's grounds on Saturday will be scene of two very interesting battles in the first division. At 2.15 Overseas will have Old Country as visitors, and at 4 o'clock Eatons entertain Sunderland. The foregoing double event should amply repay those who intend visiting the Bathurst street enclosure on Saturday afternoon. Eaton's team will be as follows: McCracken, Muir, Gilchrist, McAdam, Baldwin, McCulley, Phair, Dunham, Patterson, McNeilly, Kingan,

Dunlop juniors play Parkviews in a league game at Lappin avenue on Saturday next at 2.30 p.m. Players meet at Broadview and Gerrard at 1.20 sharp. Line-up: Andrews, Pickett, Walton, Briggs, Lowen, Laurie, Gledhill, Freeman, Champ, Glen, Corr. Reserves: McLaughlin, Jackson and Leach.

Overseas play Old Country at Eaton's field on Saturday, kick-off at 2.15. The following players are asked to turn up at 2 o'clock: Collins, Frame, Johnston, McCorkery, Sim, Robinson, McCrone, Armstrong, Richardson, Phillips, Moffatt, Alkens, Townley, Cowan and Rutherford (capt.)

Lancashire meet Baracas at Varsity Stadium in the final for the Ontario Cup Saturday, kick-off 3 o'clock. This should be a great game, as both teams are confident. The following are selected to pull the Red Rose thru: Laycock, Conway, Rigby, Arden, Sam Jones, Knowles, Art Jones, Woodward, Bowman, Taylor, Hammett. Reserves: Abram, Gaskell and Thompson.

A double-header will be played on Sunderland ground Saturday when the Davenports meet Devonians at 2.15 and Manchester U. meet Caledonians at 4.15. The following Davenport Albion players are asked to be on the ground not later than 2 o'clock: Enfield, Gray, Miles, Brooks, Croucher, Mead, Hargraves, Worral, Hunter, Fidler, Ryding, Leach, Childs and Apps.

CHICKEN RAISING COMPETITIONS New Features of School Life That Would Startle Old-Timers.

School boys and school girls of twenty-five years ago (or less) would be surprisingly startled if they walked into the old schoolhouse some afternoon when an agricultural session was on, and still more so if they dropped in on the occasion of a school fair. roday the school and the farm (or the home) are not regions with a great gulf fixed between as in the "twenty-

years-ago" time. We hear of school children being given seed for plots of grain and vege-tables, some cared for at their own nomes, some in the school garden Settings of eggs are distributed, and prizes given at the school fair for the best results. Cooking and sewing exnibits also have a place. These fairs and gardens are not confined to rural districts but also found in towns and cities engaging the activities of school children with profit and advantage to

Perhaps your boy or girl would be crested in gardening, flower grow ing, poultry raising, domestic pets, etc. If so you cannot do better than present him with a copy of the great garden form poultry and the great persent him with a copy of the great garden, farm, poultry and live stock book, "Making Money From The Soil," for which you will find special purchase certificates in another part of this paper. And you'll enjoy the book yourself. Look up the certificate and get the book today.

Belief Grows That German Good Demand at Wrolesale Note Will Be Conciliatory in Tone.

SOME IRREGULARITY

Southwestern Group of Rail-Strawberries Still Scarceways Developed Weakness on Alarming Rumors.

NEW YORK, June 25 .- Stocks were less reactionary today, traders extracting some comfort from foreign advices to the effect that the forthcoming German note will go a long way toward meeting the American Government's wishes regarding Ger-many's conduct of submarine warfare. Nevertheless, there was more European selling of American securities and further private offerings of our shortclared, originated in Paris.

Coincidentally, foreign, exchange continued to move against the French capital cheques on Parts making the new record of 5.50, mainly as a result of an utter lack of inquiry for these remittances. This situation was the more puzzling, inasmuch as the new French loan made by our bankers was expected to effect at least a temporary readjustment of rates on Paris. Sterling Exchange Hardens.

On the other hand, sterling exchange entinued to harden, demand bills rising to 4.77.8-8, against yesterday's low of 4.76 5-8, while cables advanced a penny on the pound to 4.781-8. The advance reflected increased buying of London bills, commercial and financial, to meet recent British sales of our

Steel. The closing was easy. HAS IMPERIAL MADE STRIKE?

H. B. Wills, in his weekly circular says of Porcupine Imperial:
"The main vein at this property proving up well as development work on the 100-foot level, and m the old workings a length of over 65 feet has been broken down in the showing an average width practically as wide as the drive and values \$12 to the ton. Two diamonirills have been set up, and within the next few weeks the mine-making potentialities of Porcupine Imperial will be more clearly defined. The management will start flat and perpendicular drilling within the next few days, so that spectacular results may be re-corded shortly. As I go to press the heavy buying in this stock coming from Percupine leads me to believe something of importance has occurred. "Managing Director Taylor, while in this city recently; declared that he was positive as to Imperial proving-up as a producing gold mine within a reasonable time, as the formation and lay of the country is identical with that of follinger and the surrounding mines of that section. I was impressed dur-ing my recent visit to this property with what I saw especially as surface outcroppings, which appear in the big vein, contain heavy sulphides associated with free gold showings. In the vein, contain heavy test pitting and trenching work so far are exceptionally rich, and should underground development prove this to go to depth Imperial will quickly enter

the mine class.

WHY THE SPECULATION? In connection with the recent rise in Lake Superior Corporation stock, an official of the company has been approached, but apparently very little is being done in war orders. The plant itself is operating at half-time. The official in question frankly stated that he was unable to account for the rise.
