Toronto Real Estate and Houses to Rent

"What do you think of the house situation in Toronto?" asked 'The World' he can get them, in houses to rent.
"Conditions are very healthy, in fact, they are abnormally healthy," he answered, and that expresses the situation. In Toronto now it is safe to say that there are not more than five hundred houses vacant in the city. One real estate man claimed two hundred was nearer the number, and of these houses only a few are for rent.

The housing problem, for the man who must rent a house, is now more acute than it has been for twenty years. The builders are busy, but they are not keeping up with the demand for houses. They are not far behind the demand, but they are far enough behind to cause anxiety to those who are looking forward to next spring and who know that during the winter house building will fall off, but that the demand will not.

The builders are not putting up houses to rent. No one seems to be buying houses in Toronto for investment purposes. The World got the opinions of a dozen real estate men and builders, and although those opinions differed slightly, they were all agreed upon the fact that ninety per cent. of the houses erected are sold, sold to people who at once occupy them themselves, and who have the money to make the small payment down that is asked. The man who would rent a house, and there are thousands of men in this city who must rent their homes, seems to be entirely overlooked.

"Without exaggeration, we have a hundred people in here every day looking for houses to rent, and we haven't got more than two or three houses to offer them." This is what one of the smaller of the real estate men said. Every real estate man has about the same thing to say.

ALL KINDS SCARCE.
The houses most in demand are the \$20 a month kind. The general trend of demand is from \$15 a month to \$30, but every class of house, right up to the big mansions wanted by the rich, are scarce. And the average owner refuses to rent on a long lease—he wants the prospective tenant held down to a lease of six months or less.

And now, what is the reason for this scarcity of houses? It is just this—lack of vacant land.

There is practically no vacant land within the city, despite what any city hall official may say. What little land is left unbuild upon is so high priced that a builder cannot erect a house upon it and sell that house at a profit. That's what the builders say, and investigation proves that assertion to be just about correct. The reason why vacant land is so high priced hardly need be told. It is simply because there is more demand than there is supply.

It is fast getting impossible to buy land on which to erect working-men's homes, the kind of houses that rent around \$15, unless the builder goes out away beyond the city limits, and about twenty minutes from a car line. The average builder who operates around Toronto cannot afford to go very far out, and yet he cannot build on near-in land at the present rates. Consequently he entails his operations and consequently the people who want houses suffer. Tenement houses in close proximity to downtown would help remedy the situation, but it is one that requires bigger treatment than the erection of a few apartment or tenement flats offers.

MUST OPEN UP LAND.
More vacant land must be taken in and opened up at once by street car services and by railway suburban services. Toronto lags away behind every other city on the continent in this regard, and yet those who are responsible for the present uncomfortable position cannot be made to see it. The lack of houses, either for sale or to rent, is going to be a big question before the winter is over unless something is done to relieve the situation.

If Toronto is to expand industrially homes have got to be found for the workmen who will fill the factories that American money intends to build here. The extension of Canadian industries will mean more families here. We have to find houses for them. Why don't some of our big financial concerns, who have grown rich because Toronto is a great many manufacturing centres invest some of their money in building rows of six-roomed houses to rent to the artisans who are playing such a great part in making this city rich?

If Ashbridge's Marsh is some day to be a throbbing place of industry, where are the men who will work there going to be housed?

IMPERIAL TROOPS STILL HOLD TRENCHES

Fighting at Hankow Lasted All Day — Revolutionaries Fell Back to Wu-Chang—Victory is Important for Its Moral Effect.

LONDON, Oct. 18.—A special despatch from Hankow to-night says that the imperialists still hold the trenches, but they have lost several hundred men, killed and wounded. The fighting lasted all day. The revolutionaries after repeated but unavailing bayonet charges, fell back to Wu-chang. Trainloads of wounded were brought into Hankow.

Victory Exaggerated.

PEKIN, Oct. 18.—The Chinese Government claims to have won a great victory at Hankow, and it announces that the government troops hold the station, where troop trains are arriving rapidly. Although this appears to be an exaggeration of facts—the fight still continuing—the feeling prevails here that the government has really achieved an important moral victory.

The belief has been held in Peking that if the first encounter between the revolutionaries and the loyal troops proved decisive, the supremacy would be settled there and then. Only a few unimportant towns outside of Hankow, Wuchang and Hanyang have taken part in the rising. Nanjing, Changshu, Canton and other cities of known revolutionary tendencies, have not responded to the call of the insurgents, so far as can be learned. They are seemingly awaiting the result of the first encounter. Had the rebels overwhelmingly won the battle to-day, it was expected that the provinces below the Yangtze would be theirs.

With other important cities in rebellion, the government would have been unable to concentrate its strength against the three Hupoh provinces. **Victories Not Followed Up.**
The rebel leaders have shown the characteristic national weakness in not following up their early victories. During the past four days many miles of railway could have been taken under control by any really modern army. No news was received to-day from Sachuen province; even consular reports are lacking.

Acceptance of the office of viceroy of Hupoh makes Yuan Shi Kai's appointment a military one, his duty being to fight for possession of the provincial throne, and make it secure by restoring order in the two large provinces of Hupoh and Hunan. It is reliably stated that Yuan Shi Kai demanded permission to raise his own division of 10,000 troops, and also to cash a personal grant of 3,000,000 taels, (\$2,000,000). To this humiliation the regent agreed.

Many officials, previously dissatisfied with the progress of reform, are rallying to the support of the government, as they now believe that the chances for securing reforms are greater by aiding the dynasty than by supporting the present rebellion.

Acceptance in the presence of the regent, which confronts the government.

A Long Wait, But Worth It.
At the close of "The Pink Lady" performance at the Princess last night, when the general doorman, John Nolan, went to close the outside doors, he found an crowd of people in line to purchase seats for the Maude Adams engagement. This sale does not open till 9 o'clock this morning, but, as one man put it, "It's a long wait, but it's worth it."

CARRYING IT THRU.

MR. BULL: Got your 'ands full, 'aven't you, David?

HON. FRANK COCHRANE GETS NIPISSING SEAT

No Decision Yet As to Constituency for the New Minister of Finance.

OTTAWA, Oct. 18.—(Special.)—Geo. Gordon vacates the Nipissing seat and Hon. Frank Cochrane succeeds him. Mr. Gordon drops out because his seat, he believes, Nipissing, is a Northern Ontario riding which is represented in the cabinet, if possible. As in the case of Alexander Macgart of Winnipeg and Dr. Daniel G. McJohn, he will be given some nominal appointment, so that there need be no wait for the appointment of a speaker to whom to resign.

The seat for the minister of finance has not yet been selected, after there are not less than three in sight. East Middlesex is one, Halton another and there is talk to-day of a possible opening in the strong Conservative riding of South Simcoe.

Haughton Lennox, it is stated, may go to the high court bench in Ontario. There are no say-off arrangements in regard to the ministerial by-elections, and unless the Conservative temper changes, there will be none. An effort is being made by the Liberals to get an arrangement whereby Hon. George P. Graham can get an acclamation in South Renfrew or some other riding. The Conservatives cannot see it at present. Their disposition is to let Mr. Graham fight for his seat.

A Long Wait, But Worth It.
At the close of "The Pink Lady" performance at the Princess last night, when the general doorman, John Nolan, went to close the outside doors, he found an crowd of people in line to purchase seats for the Maude Adams engagement. RICHARD GREER IS NEW COUNTY CROWN ATTORNEY

Successor to James Baird, K.C., is 33 Years Old To-day—Known in Politics.

R. H. Greer, K.C., has been appointed crown attorney for the County of York, in succession to the late James Baird, K.C. Sir James Whitney made the official announcement yesterday afternoon.

"Dick" Greer was born in Toronto on Oct. 15, 1878, so that to-day is his 33rd birthday. His appointment, therefore, comes in the nature of a birthday present, though quite unintentionally, of course. Educated in the public and high schools of this city, Mr. Greer went to the university and graduated with the class of '98, receiving the B.A. degree with honors. He then went to the law school at Osgoode Hall, receiving scholarships in his first and second years, and gaining honors all the way thru and graduated in 1901.

On being called to the bar, Mr. Greer became a partner in the law firm of Smith, Hae & Greer, with which he has been practicing ever since.

During his college days the new county crown attorney was very active in athletics and played baseball on the Varsity team. Mr. Greer has always taken a keen interest in politics and is now concluding his second year as president of Ward One Conservative Association. Previous to that he was vice-president of the same association.

It is freely admitted by everybody that "Dick" Greer did more than any other man to heal the breaks and smooth over the disputes of the East Toronto Conservatives. Mr. Greer's appointment as crown attorney of the County of York is a very popular one, and a bright career is anticipated for him in his new office. He resides at 15 Bain-avenue.

SLAYER OF 14 PERSONS STILL SEEKS VICTIMS

Ex-Convict's Vengeance For His Imprisonment—Battle Expected When He is Found by Posse.

ELLSWORTH, Kansas, Oct. 18.—That Charles Marzyek, ex-convict, sought by the county authorities in connection with the murder of the five members of the William Showman family here Saturday night, had been in Colorado Springs, where the six members of the Wayne and Burnham families were slain, and was acquainted in Monmouth, Ill., where three persons were murdered recently, was the startling statement made to the authorities to-day by Mrs. Minnie Vopat, Marzyek's divorced wife. All these fourteen victims were killed with an ax.

Samuel Showman, brother of William Showman, head of the murdered family, to-day started at the head of a posse to search the county. Marzyek is believed to be hidden in the neighborhood. If he is found a battle is expected.

Marzyek not long ago served a term for stealing grain from James Vopat. Last night Vopat, who is the husband of Marzyek's former wife, saw the ex-convict in a field near his house. Vopat and his family, terror-stricken, locked their house and fled to the home of a Slav fellow-countryman, five miles distant.

All the members of the Slav community who had any connection with the conviction of Marzyek went armed to-day, for he is reported to have sworn vengeance on those responsible for his imprisonment.

Ira Lloyd, the attorney who defended Marzyek in the wheat stealing case, said to-day:

Will Complete His Vengeance.
"I believe Marzyek will remain in the neighborhood until he completes his vengeance. After his sentence he told me that when he was released he would come back and kill the people who were responsible for his conviction, and also their children. I will put them all in hell," he said.

Evidence furnished by Mr. and Mrs. William Showman is said to have been largely responsible for Marzyek's conviction.

Nine persons remain here who fear his vengeance. These persons, all of the Slav's own race, are:

James Vopat, Mrs. Minnie Vopat, who obtained a divorce from Marzyek immediately after his sentence, and married Vopat nine months later; their two children, one ten months old and the other three years; John Katke, father of the murdered Mrs. Showman, who testified against Marzyek; Mrs. John Katke and the three Katke children, Emilie, aged 17; Annie, aged 15, and Mary, aged 20.

As to a possible connection between the Ellsworth and other tragedies, Mrs. Vopat said her former husband was convicted of forgery in Colorado Springs a few months ago. She said it was not improbable that he had been in Monmouth lately. The same insane cruelty on the part of the slayer is evident in the Burnham and Wayne tragedies at Colorado Springs, the murders of William E. Dawson, his wife and daughter in Monmouth, and the killing of the Showmans.

CITY MUST ANNEX NORTH TORONTO SPEEDILY

Radial Railway Tangle Gives Fresh Impetus to Movement, and Majority in Council is Assured—W. K. McNaught Strongly Advocates Action by City.

It is more than probable that the annexation of North Toronto will be accomplished within a short time. The attitude of Chairman Letich of the Ontario Railway Board and his calm acceptance of the possibility of turning Yonge-street into a railway freight line, along with the evident desire of several corporations to seize franchises before the city extends its boundaries, has made it clear that Toronto council cannot afford to go to sleep on the matter.

The Evening Telegram requires legal advice to convince itself that the city will be in a better position to protect the franchises on its borders than the smaller municipality would. The Telegram has only to consult the legal opinions expressed before the Ontario Railway Board last spring when the board determined to adjourn the consideration of all the points involved until the city had an opportunity to annex the town. Contrary to the expectations of everybody, the city council did not take advantage of the railway board's delay, and the failure to do so is largely the cause of the present situation.

Controller Church and Ald. McCausland have agreed to have the proposal reconsidered, and it is understood that Ald. Sweeney, Ald. McCarthy and others will support them.

For City's Protection.

W. K. McNaught, M.L.A., has addressed a letter to Controller Church on the subject, which we append: "I am taking the liberty of writing to you regarding the annexation of North Toronto. As you are aware I have advocated this measure for a considerable time past, and as time goes on I am more and more convinced of its desirability. It seems to me imperative for the city's own protection that the Town of North Toronto and an area on each side of it should, if possible, be annexed to the city as speedily as possible in order that we may hold off the encroachments of railway, electric and other corporations to establish rights therein which will inevitably have to be dealt with by the city later on and at a very much greater cost than can be done now. The best way to deal with these encroachments is by the exercise of prevention, which in my opinion is more effective and very much cheaper than any attempt to cure the evils after they have once secured a foothold, and entrenched themselves by claiming and legal enactments which are bound to give them great advantages in litigation with the city.

"It would take it as a favor, therefore, if you would have this matter reopened in the board of control and the city council, as I think it would be very kind in the public interest to have it dealt with as speedily as possible and without further delay."

Council in Favor.

The World saw Controller Church, who made the following statement:

"Like all big questions, the first time they are presented to council, the matter was struck out and referred back to the council to consider it."

"I voted for a reference back for further information because I was not fully satisfied on the franchise features. All along, a majority of the council favored it, and I am not going to prevent the matter being again carefully considered because of a technicality. Mr. W. K. McNaught, M.L.A., and other well known defenders of public rights, have convinced me that several franchises will be affected by franchise grabbing corporations, and for that reason I am going to move, seconded by Ald. McCausland, that the matter be reconsidered."

"The recent court decision about the electric light matter and the action of"

MACKAY TO FIGHT CONFAB TO-DAY

Opposition Leader Will Meet Friends in Preparation for Coming Provincial Conflict—Criticizes Government.

Hon. A. G. MacKay is NOT going to quit the leadership of the Liberal party in Ontario.

In conversation with 'The World' last night, Mr. MacKay, who is staying at the Prince George, was very positive in his denials of the rumors circulated yesterday to the effect that his resignation was on its way to H. M. Mowat, K.C., president of the Ontario Liberal Association.

"It's all bosh," said Mr. MacKay. "I have no thought whatsoever of resigning. My only thought is to win this election and become premier of the Province of Ontario."

Hon. Mr. MacKay intimated that a meeting of the Liberal members in the legislature, the Liberal candidates and himself as leader of the party, will be held this afternoon in the general offices of the Ontario Reform Association. The general political situation will be discussed and preparations made for the coming campaign.

Mr. MacKay said: "The Liberal party is loyal to me and I am loyal to them. The numerically few, the prospects of the Liberals in the legislature were never brighter, and we hope to come back to power very soon."

Says Ontario Lags.
Referring to the census returns Mr. MacKay said that he too was disappointed in the figures for Ontario. "They clearly demonstrate," said he, "that the policy of our opponents is not one that conduces to the highest

Baseball No Game Rain

Note and Comment

Philadelphia leads New York in the world's series by 2 to 1, the margin being brought about by Baker's two home runs and a digest of the work will show that it is only in these extra bases that the Athletics lead the Giants in the three games played.

You can figure the teams earning bases as follows:
Philadelphia—19 hits, 11 b.b., 10 extra bases, 2 a.b., 3 sacrifice hits, 1 w.p., 2 p.b. Total 52.
New York—12 hits, 8 b.b., 2 h.p., 4 extra bases, 1 stolen base, 2 sacrifice hits and one double play. Total 27.

Thus we have a balance of six in favor of the Quakers, or the extra three bases Baker made twice by his home runs. Here is a case where figures tell the truth. The winners are only about two runs and neither team has been shut out. Still the sharp concede the series to the Athletics.

However, if McGraw can keep the Mackmen from making home runs he should have a chance. They are scheduled to play the fourth game to-day in Philadelphia.

There is one pitcher in the Giants' ranks who still has confidence: "All I want is one more crack at them," says Rube Marquard. "I am morally certain that I will not only beat them the next time but I will shut them out. A mistake took for us in Philadelphia, but I'll get them the next time out."

Cannie Mack smiled amidst when Baker made his second home run and actually grew talkative when victory was won. He said: "Well, Philadelphia put one over and every one on our side is happy. We had a lot of chances and should have made a lot of runs, but Mathewson is a great pitcher. It had to come, tho, and we beat him at last. Now that we have defeated the flower of McGraw's pitching staff I think that we will win the series. Baker was badly hurt when Snodgrass spiked him, but he is a game boy, and will be right there to beat them again."

A peculiar play occurred during a recent game between Toledo and Kansas City in Toledo. Catcher Carish, formerly of the Pirates, and the central figures in this play. With two strikes and no balls on Hyatt, who was batting, Carish signaled for a fast ball on the outside corner of the plate. The ball came just where Carish wanted it and Hyatt made a vicious lunge and just barely fouled it. It went whizzing against the mask with such terrific force that it lodged there. Altho it was the third strike Hyatt could not be called out as Carish had not legally caught the ball.

First game—Saturday, Oct. 14, at New York, won by the Giants, 2 to 1.
Second game—Monday, Oct. 15, at Philadelphia, won by Athletics, 3 to 1.
Third game—Tuesday, Oct. 17, at New York, won by the Athletics, 11 innings 8 to 2.
Fourth game—Wednesday, Oct. 18, at Philadelphia, rain.
Fifth game—Thursday, Oct. 19, Philadelphia.
Sixth game—Friday, Oct. 20, New York.
Seventh game—Saturday, Oct. 21, Philadelphia.
Eighth game—Sunday, Oct. 22, New York.
All games are to start at 2 o'clock.
If any game is postponed because of rain or wet grounds, it will be played on the first clear day, and the remaining dates will be changed accordingly.

MANY AMATEURS OF GOOD CLASS FOR CITY BOXING TOURNAMENT.

Enquiries for entry blanks at the Bell Piano Warehouse, 16 Yonge street, indicate that the number of contestants in the city amateur tournament, that opens on Friday of next week in the Repository, will be as large as any of the former shows. And, as all the large local clubs will have candidates, the class of boxers is also sure to be good. The no effort was made to secure entries from the outside, several of the nearby places will send men, as usual. Fred Williams of the Y. M. C. A., Brantford, asks for blank and information. He writes that, besides himself, four or five of his clubmates are going to enter. The prizes are, as usual, gold watches first, silver watches second and boxing gloves third. The T. Eaton Company will again furnish the gloves for the competition.

COBB EXPECTS MARQUARD TO PITCH AGAINST BENDER

McGraw Having Troubles About Selection of Pitcher—Giants Benefit by Rain.

By JY COBB, World's Champion Base-ball Player and Special to The World, Copy-right, 1911, The Press Company.

PHILADELPHIA, Oct. 18.—While to-day's rain, which prevented the fourth game of the 1911 world's series between the Athletics, American League Champions, and New York Giants, pennant winners in the National League, it rested McGraw's men, particularly the pitcher, and yet, whatever chance the Giants have of winning the title hinges upon the pitching selection of McGraw to-morrow.

First of all, he has Rube Marquard, the southpaw, who twirled a beautiful game against the Athletics last Monday, losing it thru Frank Baker's home run punch, which followed Ed Collins' double. Indeed, the writer would not be surprised if Marquard pitched to-morrow, for he has rested since Monday, three days, and might do better than an experiment.

Yet McGraw also has Red Ames, a pitcher who is reliable and who might be the one best bet. Then Grandy is said to have speed and curves and the Giants might see how the American League slugger liked his delivery. While, another left-hander, who is said to be a wonder when he is right, is the dual man that the New York leader will probably consider when he begins to make his selection. It is not likely, since there are at least four others who are not tired and would be in better physical condition to withstand nine innings against the hard-hitting Athletics.

Muggy McGraw's Problem.
Just think what a problem McGraw is trying to solve. If he pitches a certain man and he wins everybody will call him a wise manager, but if he picks the wrong man and the Giants lose, everybody will try to tell him why he should have used some other pitcher.

Every baseball player and many fans know just what a job McGraw faces. It is practically all up to him, too, and he may wait until a few minutes before the umpire calls play to make his final decision.

Just think what a problem McGraw is trying to solve. If he pitches a certain man and he wins everybody will call him a wise manager, but if he picks the wrong man and the Giants lose, everybody will try to tell him why he should have used some other pitcher.

McGraw is carrying upon his shoulders a heavy load. No New Yorker will pick Chief Bender to go back at all. The Indians twirled a beautiful game in New York last Saturday and has rested long enough to be able to repeat it. Marquard will go in, particularly if Marquard was McGraw's choice, but hardly think that likely. Bender seems the logical man for the job.

If Bender pitches to-morrow and wins, that will probably mean that Coombs and Masty will again be the opposing twirlers in a battle in which they will probably meet on Friday, which may bring to an end this series of pitching duels. And that would be some fight.

Athletics' Batting Prowess.
What is most pleasing to Philadelphia is that the batting prowess which the Athletics showed against Matty on Tuesday.
The New Yorkers were sneering at the American League—with the exception of Baker, of course—until they started to jammer Matty's curves. Then they realized that the prediction of the writer that the offensive power of the Athletics should win the 1911 world's series for them would probably come true.

The Athletics are going to step up to the plate with plenty of confidence to-morrow. And it is going to take some mighty fine pitching—as good, if not better, than has yet been seen—to stop them.

The rain to-day helped the Giants, of course, for it sort of gave them second wind. After that drubbing their one big card, Mathewson, received Tuesday, they were quarter-frightened. But a rest always does wonders for a ball team which is fast "slipping". McGraw's men did not have a margin on the rest made possible by a rainy day, however. The Athletics rested, too, and will start after the Giants to win two straight and finish the series, if they possibly can.

Senior Meds Win From Senior Arts In Mulock Cup

Senior Meds won from Senior Arts in the first game in Group A of the Mulock Cup games, by 7-6. The game was very close and interesting throughout, and was an excellent starter for the games to be decided in the series.

By JY COBB, World's Champion Base-ball Player and Special to The World, Copy-right, 1911, The Press Company.

PHILADELPHIA, Oct. 18.—While to-day's rain, which prevented the fourth game of the 1911 world's series between the Athletics, American League Champions, and New York Giants, pennant winners in the National League, it rested McGraw's men, particularly the pitcher, and yet, whatever chance the Giants have of winning the title hinges upon the pitching selection of McGraw to-morrow.

First of all, he has Rube Marquard, the southpaw, who twirled a beautiful game against the Athletics last Monday, losing it thru Frank Baker's home run punch, which followed Ed Collins' double. Indeed, the writer would not be surprised if Marquard pitched to-morrow, for he has rested since Monday, three days, and might do better than an experiment.

Yet McGraw also has Red Ames, a pitcher who is reliable and who might be the one best bet. Then Grandy is said to have speed and curves and the Giants might see how the American League slugger liked his delivery. While, another left-hander, who is said to be a wonder when he is right, is the dual man that the New York leader will probably consider when he begins to make his selection. It is not likely, since there are at least four others who are not tired and would be in better physical condition to withstand nine innings against the hard-hitting Athletics.

Muggy McGraw's Problem.
Just think what a problem McGraw is trying to solve. If he pitches a certain man and he wins everybody will call him a wise manager, but if he picks the wrong man and the Giants lose, everybody will try to tell him why he should have used some other pitcher.

Every baseball player and many fans know just what a job McGraw faces. It is practically all up to him, too, and he may wait until a few minutes before the umpire calls play to make his final decision.

Just think what a problem McGraw is trying to solve. If he pitches a certain man and he wins everybody will call him a wise manager, but if he picks the wrong man and the Giants lose, everybody will try to tell him why he should have used some other pitcher.

McGraw is carrying upon his shoulders a heavy load. No New Yorker will pick Chief Bender to go back at all. The Indians twirled a beautiful game in New York last Saturday and has rested long enough to be able to repeat it. Marquard will go in, particularly if Marquard was McGraw's choice, but hardly think that likely. Bender seems the logical man for the job.

If Bender pitches to-morrow and wins, that will probably mean that Coombs and Masty will again be the opposing twirlers in a battle in which they will probably meet on Friday, which may bring to an end this series of pitching duels. And that would be some fight.

Athletics' Batting Prowess.
What is most pleasing to Philadelphia is that the batting prowess which the Athletics showed against Matty on Tuesday.
The New Yorkers were sneering at the American League—with the exception of Baker, of course—until they started to jammer Matty's curves. Then they realized that the prediction of the writer that the offensive power of the Athletics should win the 1911 world's series for them would probably come true.

The Athletics are going to step up to the plate with plenty of confidence to-morrow. And it is going to take some mighty fine pitching—as good, if not better, than has yet been seen—to stop them.

The rain to-day helped the Giants, of course, for it sort of gave them second wind. After that drubbing their one big card, Mathewson, received Tuesday, they were quarter-frightened. But a rest always does wonders for a ball team which is fast "slipping". McGraw's men did not have a margin on the rest made possible by a rainy day, however. The Athletics rested, too, and will start after the Giants to win two straight and finish the series, if they possibly can.

Holiday Motor Races.
Buffalo, Detroit and Hamilton motor enthusiasts are coming in large numbers to the automobile races held in conjunction with the now famous Dunlop Trophy bicycle race, which will this year be a fifteen-mile track event, and will be held on the Exhibition Grounds on Thanksgiving Day, Monday, Oct. 23.

The Don Valley F.C. would like to arrange a game for Saturday next, at home preferred. Address W. Clay, 23 Westwood avenue, Todmorden.

Coamley—"I didn't know you were acquainted with Miss Lovitt. She asked me last night if I knew you."
Hoamley—"That was nice of her. What led her to ask you that, I wonder?"
Coamley—"Why—er—I had just asked her if she could imagine anything uglier than Bill Thompson."—Tit-Bits.

WILL LIKELY PLAY FOURTH GAME TO-DAY

An Inch of Rain Fell at Philadelphia Yesterday—Probabilities Say Clear To-day.

PHILADELPHIA, Oct. 18.—Almost an inch of rain fell during the day, but if the sun comes out again the grounds can be put in good condition for the fourth game of the world's series to-morrow. A drizzling rain began at 10 o'clock, however, and the wind shifted to the north.

To-night's forecast locally holds out encouragement for a game. Forecaster Bliss says that while the day may not be an ideal one for the national game, he does not believe that there will be any rainfall.

Both teams spent to-day at the theatre and to-night several of the players attended the bout between Lou Hoock and Frank Klaus at the American Athletic Club.

The players are in good condition, with the possible exception of Baker, who was splined by Snodgrass, and are anxious for the resumption of the series.

Neither Manager Mack nor Manager McGraw would announce definitely their selection for mound duty. It is well known here that Manager Mack is anxious to win the two remaining games and save Bender for the fifth game to be played in New York on Friday. Mack does not believe that Mathewson will be called upon to pitch a third game and he figures it out that Marquard will be sent in on Friday on the home grounds, where he would be less liable to become nervous than in facing a partisan crowd on the local grounds.

Manager Mack, always reticent, refused to discuss the Snodgrass incident. He simply said it was one of the "fortunes of war."

Will Make Changes.
OTTAWA, Oct. 18.—The Ottawa Football Club held an impromptu meeting at which several changes in the personnel of the present team. The disastrous affair at Hamilton on Saturday last formed the chief topic of discussion, and it was agreed that changes must be made to the team was to be factor in the championship race. Ottawa has a hard game Saturday, for if they do not beat the Argonauts, they will be down and out for another year, and the championship will rest between the Toronto and Hamilton clubs. A number of the executive officers met at 7 o'clock this afternoon and asked him to return for another season. Williams has not yet promised to do so, but it is probable that he will be in uniform to-morrow, replacing Stewart Robertson at centre half. George Church was player of the week and will move back to quarter. O'Neil has declined to play owing to illness. Jack Ryan did not return from Hamilton last. Sullivan wired that his condition was satisfactory. Nothing is known locally as to the move to have Martin Kilt suspended, or expelled, Ottawa magazines taking it for granted that the big wing man was greatly irritated during Saturday's match by the treatment from the crowd, which was prejudiced against him. Dimeo, McCann and several others were absent from Tuesday's practice because of injuries sustained in the game at Hamilton.

On Gladstone Alleys.
It was a busy night at the Gladstone alleys. Americans took three from the Parkdale in the A League. Ramblers and Blackhalls were the victors in the novice league. The scores:

MISS DOROTHY CAMPBELL SURVIVES AT PHILADELPHIA.
PHILADELPHIA, Oct. 18.—Miss Dorothy Campbell, the British, Canadian and former American woman golf champion, was the only out-of-town woman to survive the second round of the invitation golf tournament for the Berthelby Cup on the links of the Huntingdon Valley Country Club, at Noblet, today. She will meet Mrs. Ronald H. Barlow, the eastern champion, in the semi-final round tomorrow.
Today's matches were played in a driving rain over a water-soaked course. Miss Dorothy Campbell, Hamilton Golf Club, defeated Miss Nesbit, Boston, 3 up and 1 to play.
Mrs. Caled F. Fox, H.V.C.C., defeated Mrs. Harvey, Hamilton, 3 up and 1 to play.
OLYMPIC CLUB BOUTS.

The Canadian champion held the rugged Buffalo boy in poor esteem when he met him last spring, and as a consequence he will undoubtedly make Long step the entire ten rounds at a fast clip. Herma Smith, the Buffalo lightweight, who has been clearing up with ridiculous ease of late, will find Frank Carroll, whom he meets for ten rounds, a somewhat harder

TWO HILDRETH CRACKS IN FRONT AT PIMLICO

Hampton Court Gallops Home While Novelty Was Driven Out to Win From Bounder—Results.

BALTIMORE, Md., Oct. 18.—The racing at Pimlico this afternoon was marked by the appearance of two of the Hildreth cracks, Novelty and Hampton Court. Both won, but Novelty had to be driven out while Hampton Court simply galloped in in the Pimlico Selling Stakes, at 1 1/4 miles. The track was slow, and the talent were at a loss to locate the winners. Summary:
FIRST RACE—Maiden (two-year-olds, 5 1/2 furlongs):
1. Belle Nelson, 10 (McIntyre), 9 to 2, even and 1 to 1.
2. Fond, 10 (Estep), 20 to 1, 8 to 1 and 3 to 1.
3. Chilton Trance, 10 (Brown), 8 to 1, 2 to 1 and 4 to 5.
Time 1:10 2/5. Alroy, Red Jacket, Napier, Nottingham and Cliff Creek also ran.
SECOND RACE—Three-year-olds, six furlongs:
1. Novelty, 110 (Shilling), 1 to 4, out.
2. Lahore, 110 (Burns), 8 to 1, 6 to 5, out.
3. Naushon, 110 (Schuttiger), 4 to 1, 2 to 1 and 3 to 1.
Time 1:14 2/5. Royal Meteor also ran.
THIRD RACE—Pimlico Selling Stakes (three-year-olds, up, 1 1/4 miles):
1. Hampton Court, 117 (Shilling), 5 to 2, even and out.
2. Bounder, 105 (Burns), 5 to 1, 2 to 1 and 1 to 2.
3. Superstition, 114 (Schuttiger), 4 to 1 and out.
Time 2:02 2/5. Dull Care and Supervisor also ran.
FOURTH RACE—Maiden (two-year-olds, 5 1/2 furlongs):
1. Gartin, 108 (Burns), 2 to 1, 5 to 4 and out.
2. Vigorous, 110 (Ural), 15 to 1, 8 to 1 and 4 to 5.
Time 1:09 1/4. Himation, Orphan and Scholar also ran.
FIFTH RACE—Steeplechase, 3/4 miles:
1. Gun Cotton, 181 (Noes), 9 to 5, 3 to 2 and out.
2. Durfield, 145 (Williams), 7 to 1, 2 to 1 and out.
3. Vigorous, 110 (Ural), 15 to 1, 8 to 1 and 4 to 5.
Time 1:09 1/4. Himation, Orphan and Scholar also ran.
SIXTH RACE—Maryland Club Purse (three-year-olds and up, selling, 12 1/2 miles):
1. Beau coup, 110 (Shilling), 1 to 7, out.
2. Ursa Major, 105 (Schuttiger), 15 to 1, 3 to 1 and out.
3. Belfast, 90 (Davies), 8 to 1, 3 to 2, out.
Time 2:52 2/5. Three starters.
SEVENTH RACE—Three-year-olds and up, one mile and forty yards:
1. Maromara, 97 (Davies), 7 to 5, 2 to 5 and out.
2. Harvey F., 105 (Schuttiger), 9 to 5, 3 to 2 and out.
3. Cubon, 97 (Trail), 7 to 10, out.
Time 1:47. Hampton Pass and Goldwick also ran.
Starter Wins Feature.
LATONIA, Ky., Oct. 18.—Starter won the feature event at Latonia today from a good field of distance horses. Labord made the pace to the stretch, but quit badly, and Starter came on and won by a length from Moeckler, with Star third. Keep Moving ran away two miles before a driving finish. Morristown, favorite, landed the opening race, while George Oxnard took the second.
FIRST RACE—Two-year-old maiden (colts and geldings, 5/8 furlongs):
1. Morristown, 110 (Trail), straight \$4.80, place \$2.70, show \$1.90.
2. Creneau, 105 (Henry), place \$15.40, show \$8.50.
3. Seal Away, 105 (Martin), show \$7.
Time 1:11. Coropais, Incher, Observer, Steadfast and Bob Co also ran.
SECOND RACE—Two-year-old geldings, 5 1/2 furlongs:
1. George Oxnard, 112 (Kennedy), str't \$5.30, place \$3.70, show \$2.40.
2. Creme de Menthe, 108 (Koerner), place \$14, show \$7.
3. Manager Mack, 105 (Taplin), show \$3.80.
Time 1:11. Sunkis, Ganadore, Dabomey, Boy, Coney and Bob Co also ran.
THIRD RACE—Three-year-olds and up, six furlongs:
1. Jony Gaddes, 105 (Jackson), straight \$20.70, place \$13.80, show \$8.
2. Irish Kid, 105 (Taplin), place \$20.30, show \$11.
3. Imprudent, 110 (Lotus), show \$7.
Time 1:17 2/5. Keep Moving, Canoplan, Sylvester and Bob Co also ran.
FOURTH RACE—Three-year-olds, selling, one mile and seventy yards:
1. Starler, 105 (Koerner), straight \$9.50, place \$5.30, show \$3.20.
2. Moeckler, 105 (Koerner), place \$3.80, show \$2.30.
3. Star, 105 (Hoffman), show \$5.10.
Time 1:42 2/5. Mud Sill, Labord, Bouncer and Hakeman also ran.
FIFTH RACE—Two-year-olds, selling, six furlongs:
1. Jony Gaddes, 107 (Koerner), straight \$7.30, place \$4.20, show \$4.20.
2. Madam Phelps, 105 (Lotus), place \$18.50, show \$7.70.
3. Lucky Wisp, 107 (Davenport), show \$5.70.
Time 1:17 2/5. Gold Mine, Diamond Buckle, Mamita, Betty Fuller, Iglee and Moeckler also ran.
SIXTH RACE—Three-year-olds and up, selling, one mile and seventy yards:
1. Tom Barbo, 112 (Henry), straight \$4.40, place \$2.70, show \$2.40.
2. Long Hand, 109 (Taplin), place \$2.80, show \$2.40.
3. Wander, 112 (Lotus), show \$2.
Time 1:18. Explicit, Ide May and Carew also ran.
Results at Laurel.

Ben Loyal in the stake race at Laurel today. Summary:
FIRST RACE—For 2-year-olds, selling, 7 furlongs:
1. Reg, 95 (Diggins), 2 to 1, even and 1 to 1 and even.
2. Duke Daffy, 94 (Hopkins), 5 to 1, 2 to 1 and even.
3. Little Dip, 90 (Lonsberry), 3 to 1, 1 to 1 and 2 to 1.
Time 1:11. Lesboe, Senator Sparks and Lord Kemere also ran.
SECOND RACE—Three-year-olds and up, 6 furlongs:
1. Horsoon, 115 (Troxler), 7 to 2, 5 to 1 and 4 to 1.
2. May Amelia, 112 (Warrington), 5 to 1, 2 to 1 and even.
3. Little Dip, 90 (Lonsberry), 3 to 1, 1 to 1 and 2 to 1.
Time 1:11. Telson, Or, Rose Miller and Ben Loyal also ran.
THIRD RACE—Laurel Plate, for officers of the army and navy, 2 miles:
1. Kyrate, 107 (Capt. Otwell), 5 to 1, 2 to 1 and even.
2. O. K., 107 (Lieut. Lomans), 5 to 1, 2 to 1 and even.
3. Phoenicia Stag, 101 (Lieut. Mack), 13 to 1 and out.
Time 2:58. Miss Pynes, Knight Elmyr, Matamor and Lady Irma also ran.
FOURTH RACE—Purse, 2-year-olds and up, one mile and seventy yards:
1. Ben Loyal, 115 (Gordon), 5 to 5, 3 to 1 and 2 to 1.
2. Spellbound, 107 (Diggins), 5 to 1, 2 to 1 and even.
3. Edna Collins, 96 (Elizabeth), 10 to 1 and out.
Time 1:45. Lady Irma, Monty Fox, Aspirin, Besom, Grammer, Pennyroyal also ran.
FIFTH RACE—Purse, 2-year-olds and up, one mile:
1. Plate Glass, 110 (Peak), 2 to 1, 1 to 1 and out.
2. Loebl, 97 (Forchhand), 5 to 1, 2 to 1 and 1 to 2.
3. Kormak, 103 (Gould), 25 to 1, 5 to 1 and out.
Time 1:47 2/5. Donald, MacDonald and Guy Fisher also ran.
SIXTH RACE—Purse, 2-year-olds and up, one mile and seventy yards:
1. Font, 91 (Hopkins), 10 to 10, 11 to 20 and out, by a length.
2. Grania, 110 (Grand), 4 to 1, 2 to 1 and even.
3. The Golden Butterfly, 105 (Noian), 4 to 1, even and 1 to 2.
Time 1:48 1/2. Judge Monck, Golden Castle and Arndack also ran.
Chicago Americans Win.
CHICAGO, Oct. 18.—Winning four in a row the Chicago American League team won the city baseball championship from the Chicago Nationals today. The Americans out-hit their opponents, getting 11 hits off Brown in five innings. Cheney, who replaced him, also was hit freely. Batteries—Wish and Sullivan; Brown, Cheney and Archer.
Play at Philadelphia Today.
Rain prevented the Giants and the Athletics from playing yesterday, but the two teams will clash in the Quaker City this afternoon. There is talk of McGraw sending Mathewson right back at the Mack men, if he does it is sure to be a battle royal. Philadelphia will likely use the Paragon and the fans who attend the Paragon Board at the Star Theatre will be sure of seeing one of the best games of the series. The game will start at two o'clock.
Point-to-Point Races.
The Toronto Hunt point-to-point races take place on Saturday next at the Halfway House, Program:
The Master's Cup—For half-bred qualified hunters, about 2 1/2 miles, overweight allowed.
Farmers' Race—Farmers' flat race, for horses owned and ridden by farmers of farmers' sons and daughters.
Minto Cup Handicap—For a challenge cup presented by the staff of Earl Minto for hunters 4 years old and upwards.

A cigar dealer may hold back the

DAVIS "PERFECTION" 10c CIGAR

—in fact, some dealers have tried to hold it back, but, by virtue of the law of quality, "PERFECTION" has come to the front.
THE "PERFECTION" CIGAR—THREE FOR A QUARTER—leaves only a small profit to the dealer, but it represents the highest value to the smoker.
That is why it has succeeded in spite of all opposition.
The "PERFECTION" Cigar is a blend of the world's choicest tobaccos.
It Is Mild, Yet Exquisitely Fragrant.
S. DAVIS & SONS, LIMITED, MONTREAL.
Makers of the famous "NOBLEMAN" two-for-a-quarter Cigar.

DR. SOPER DR. WHITE

SPECIALISTS
In the following Diseases of Men:
Piles, Varicocele, Dropsy, Asthma, Epiphora, Rheumatism, Gout, Stricture, Skin Diseases, Diabetes, Emission, etc.
And Blood, Nerve and Bladder Diseases. Call on and history for free advice. Free Book on disease, and Question Blank. Medicine furnished in tablets form. Hours: 10 a.m. to 6 p.m. and 2 to 8 p.m. Sundays: 10 a.m. to 1 p.m. Consultation free. 437 DR. SOPER & WHITE 43 Toronto St., Toronto, Ont.

RICORD'S SPECIFIC
The only Remedy which will permanently cure Gonorrhoea, Syphilis, etc. No matter how long standing, two bottles cure the worst case. My signature on every bottle. Guaranteed. Those who have tried other remedies without avail will not be disappointed in this. 81 per bottle. Sole agent, pointed in this. Dr. J. Ricord, 100 St. Nicholas Street, Toronto, Ont.

BLOOD DISEASES
Affecting throat, mouth and skin throughly cured. Involuntary losses, impotence, unnatural discharges and all diseases of the nervous system. It makes no difference who has failed to cure, you can call or write. Consultation free. Hours: 10 a.m. to 6 p.m. and 2 to 8 p.m. Sundays: 10 a.m. to 1 p.m. Consultation free. 437 DR. SOPER & WHITE 43 Toronto St., Toronto, Ont.

SAMUEL MAY & CO
MANUFACTURERS OF BILLIARD & POOL TABLES, ALSO REGULATION BOWLING ALLEYS, 102 & 104 ADELAIDE ST. W. TORONTO. ESTABLISHED 50 YEARS.
Manufacturers of Bowling Alleys and Bowling Supplies. Sole agents in Canada for the celebrated

"TIFCO" BOWLING BALL
This ball is the best on the market, because it never slips, never loses its shape, always rolls true, hooks and curves easily, does not become greasy, is absolutely guaranteed, is cheaper than any other reputable patent ball, and complies with the rules and regulations of the A. B. C. All first-class alleys are putting these balls on. Try one on the alley where you roll, and you will roll any other ball.

HOFBRAU
LIQUID EXTRACT OF MALT.
The most invigorating preparation of its kind ever introduced to help and sustain the invalid or the athlete. W. H. LEE, Chemist, Toronto, Canadian Agent.
MANUFACTURED BY 345 The Reinhardt-Salvador Brewery, Limited, Toronto.

THE "DUTCH TREAT"
To formulate a plan which will do away with the treating habit and establish the "Dutch Treat" was the object of a resolution offered at the last session of the sixth biennial convention of the German-American Alliance by Philip Rappaport of Indianapolis. The proprietor of a popular "Dutch Treat" who is a member of the organization, said that there would be "treating" and "buying drinks" to get even with the other fellows just as long as there were bars at which the drinking was done. "In the strictly German places," he said, "where you get at tables, every man pays for what he drinks and never thinks of asking his neighbor to have his glass filled because his own happens to be empty. The nearest road to the 'no treat' system is the adoption of the law which is in force in some states, which provides that the saloonkeeper shall serve drinks only to those customers who eat at tables."—N.Y. Tribune.

What Killed It?
"Do you think his play is a success?" "I do."
"Is it original?"
"Has it a good lesson?"
"Splendid. It is a powerful play and one I am sure you will create a profound impression the country over."
"Then why are you withdrawing it?"
"New York doesn't like it!"—Detroit Free Press.

Scotch Curlers' Dates.
KINGSTON, Oct. 15.—The Royal Canadian Curling Club of Scotland will be in Kingston on Jan. 22 to meet the Kingston curlers in friendly games.

THURSDAY MORNING, OCT. 19, 1911

GREATER TORONTO.

The publication of the population of Toronto in the recent federal census, as 378,240, shows Toronto to be the most rapidly growing place in the Dominion, and we believe the growth of Toronto has only begun. We publish in another column this morning an article in regard to the real estate and housing problem of this city. Building land in the older portions of the city is not to be had, and therefore it is necessary to extend the area of the city and to take in North Toronto, and we believe that will be done in a very short time now, and also to take in Swansea and the Lambton district. If we are to take in these portions, and we are to find building land for those who want to build houses, it will be necessary also to construct the first portion of the tubes right away, to build municipal street car surface lines leading to the tubes, to build the Bloor street viaduct, and to provide what only the tubes and the municipal car lines can provide, a single fare from the Scarborough townline to the Humber, and there are two fares now; and to Lambton, and there are two fares there now; from any part of the city to North Toronto, and there are two fares there now.

Toronto must increase its bounds, and it must have single fares from any portion of the city to any other portion. Toronto's growth follows the development of Ontario, and especially of the Canadian West. Ontario ought to begin rapidly to increase, especially when the more progressive policy is adopted by the provincial government, and settlement is extended all along the line. We know the provinces in the west have grown in a marvelous degree and in the next ten years they will probably do three times the trade they are now doing with us and the rest of Ontario. Let everybody join in doing what they can for a greater Toronto.

TIRED OF THE JOB.

The New York Herald has announced that it has closed its rather sumptuous Ottawa bureau, opened a year ago. Its explanation is that it thought Canadians were people of good business sense, but it finds itself mistaken. We are sorry that The New York Herald has not a better opinion of Canadians, but The New York Herald thought that Canadians were ready to become Americans; finding this not the case, it has accepted the decision and withdrawn. Reciprocity was a frost.

We will not be surprised if The Boston Transcript, which has been doing splendid work in the same direction as The Herald, does not also quit its special Ottawa program, and that Mr. E. W. Thomson takes to the woods and pure poetry hereafter. There is also another American publication that does in Canada as Canada's National Weekly, and that is Collier's of New York. What it will do, we do not know. In the meantime, however, we extend our most hearty appreciation to these three most eminent newspapers and their three most eminent representatives in this country. Patrons of The Herald is a decent chap. One outstanding feature of all these eminent newspapers men was the worship of the Right Honourable Sir Wilfrid Laurier, the late prime minister of this country. We hope the loss will not be too severely felt by the old man with the shorn plume, but still with the young spirit. In fact, we always had a suspicion that Sir Wilfrid's personal press bureau was in touch with these papers from afar.

THE BOGIE OF MILITARISM.

The Toronto Star is exercised over the fact that Col. Hughes, the new minister of militia, will make an attempt to teach the youth of Canada how to defend their country in time of need. It is said that the colonel intends to introduce military drill into the public schools of Ontario. Why does the Star object to this? It has existed in the Toronto schools for some time, but we have failed to notice any vicious effects. That boys should learn the value of discipline and the efficiency of organized movement is surely a good thing. A training in rifle shooting makes for caution and a steady hand and eye. The charge that these things are brutalizing is absurd. One game of football appeals more to the brute than any amount of military training.

The summoning of the leaders of the boy scouts to a consultation with the militia department at Ottawa, The Star regards as a perversion of the scout movement. Why is this so? If the scouts may be better trained and organized by the co-operation of the de-

partment, what is the objection? It is not likely that they will turn at once into a body of bloodthirsty regulars.

If The Star wishes to read something instructive as to the deterioration of humanity in a presumably progressive country like England, let it read the article in this month's Pearson's Magazine (English edition) by Baden Powell, head of the boy scout movement. The article is headed "Shirkers and Work-ers." It shows that the one thing likely to help in the redemption of England is to train the boys to be boy scouts and the young men to be territorial in connection with the militia service of the country.

We believe a good deal in that here, and in a philosophic justification in which there are the conclusions of the late Professor James, the eminent thinker of the United States. His conclusion practically is that if men cannot be kept in good shape by fighting, they must be kept in shape by some kind of public service, and that every boy ought in some way to be brought up to a training, which means preparation in fighting—either individuals, or the problems in connection with life that exists for every one of us.

The doctrine that because a man receives some training in order to fit him for defence, he will at once become a wallower in gore, is old womanish. The people who howl loudest against military training are the very ones who would be under the bed shouting for the soldiers if a war ever did come.

The Telegram has looked itself all over so often and taken so many halves off the Mulock patch on its hind-quarters that it has formed a hair-ball in its ruminating department, which it cannot get rid of. Every time it chews its cud, the Mulock hair-ball causes trouble.

WEST TORONTO AND PROHIBITION.

Editor World: If it is true that the four men who were gasphyliated in West Toronto had been drinking in their rooms, it is not something of which we should be proud. The local option we have in West Toronto, where drinking is now done in houses from bottles and jugs, where it used to be done by men dropping into the saloons for one or two glasses at the most? I want to see the drinking habits of the people reduced, but I have never been in favor of total prohibition as a means to that end. On the contrary, I believe that prohibition promotes secret and inordinate drinking.

BLOOR-STREET VIADUCT.

Editor World: I have just been handed a clipping published in The News, Oct. 11, which has a heading, "A Bridge at Winchester-street. The natural trend of traffic is from the north of the city towards the south. Preserve natural beauty of the valley." I am sure that all the attention of any one who is interested in the City of Toronto, who would like to see Toronto the beautiful, carefully guarded from any act that would mar its beauty, go over to Rosedale, look at the Don flats, which is a storehouse for every kind of a car (freight and otherwise), look at the valley literally covered with lumber logs, sawmill, etc. All that is asked by the residents of Danforth-avenue and district is an outlet over the Don to connect Danforth-avenue with Castle Frank, when we can find our way how and which way we wish to go, west, south or north. The article states Winchester-street is the proper outlet. Let me tell those who wish to govern this city, it is not one or two bridges we want, but in ten years you will find not less than five more bridges crossing the Don from east to west. The people are just realising the importance of the northeast, and Toronto will go and grow that way from now on. The beautiful sandy soil, the natural drainage, high and dry, must and will appeal to all. We want Bloor-street bridge and will never be satisfied until it is built.

WHERE GOOD SPORT CAN BE OBTAINED.

In addition to the great game country north of Parry Sound there are other places accessible by the Canadian Northern Railway where splendid wild bird sport is assured. Ducks are found in large numbers near Brighton and at Weller's Bay and Concession. North of Mimico on the Central Ontario is one of the best districts to go for partridges. This year they are reported to be very plentiful, the season having been most favorable. This district has long been known as a good feeding ground for deer, but for the few years there have not been so many hunters going in and the deer have increased in numbers very rapidly. On the Iroquois, Bancroft and Ottawa Railway there is same enough to satisfy anyone. For both deer and partridge the district can be strongly recommended. Low fares are in effect to these points.

GALT'S GROWTH.

GALT, Oct. 18.—Galt's assessment, completed to-day, shows a population of 10,323, an increase of 615 during the year. The total assessable property is \$2,510,000, an increase of \$215,462 over last year; taxable income \$167,943, an increase of \$70,517. A by-law granting a franchise to the Galt, Pedron & Heppeler Street Railway, for extension to Riverview Place, a new outlying sub-division laid out for factory sites and home building, is about to be voted on and will likely be endorsed in the interest of a greater Galt. Now that the ten thousand mark has been reached, an active propaganda aiming at cityhood is promised by progressive spirits.

TAMPERING WITH SWITCH.

COBOURG, Oct. 18.—(Special.)—Two boys from Grafton, 9 and 10 years of age, appeared before Police Magistrate Boggs here to-day charged with tampering with the C.N.R. switch at Grafton. It will be remembered that the switch was opened and a special train on the C.N.R. ran into it on the day of the opening of the new route to Trenton. The boys were let go and the case dismissed.

AT OSGOODE HALL.

ANNOUNCEMENTS.

Oct. 18 1911. Motions set down for single court for Thursday, 18th inst., at 10 a.m.: 1. Pullan v. Jones. 2. Pullan v. Jones. 3. McMillan v. De Laplante. 4. Re Sawdon Estate. 5. McGarrity v. Thompson. 6. Ontario Accident Insurance Co. (Rolph and Clark case, and Laurence case).

Peremptory list for divisional court for Thursday, 18th inst., at 11 a.m.: 1. Wright v. Olmstead, (to be continued). 2. Keers v. Garfunkel. 3. Wilson v. Deacon. 4. McCrellan v. McCrellan.

Masters Chambers.

Before Cartwright, K.C., Master. Smith v. Nelson—A. R. Cochran for defendants. J. E. Jones for plaintiff. Motion for judgment for particulars of statement of claim before pleading. Motion enlarged until after delivery of statement of defence to be in an action for damages for loss of a horse. At the trial judgment was awarded the plaintiff. Appeal argued and allowed to the extent of possession. At the trial judgment was awarded the plaintiff. Appeal argued and allowed to the extent of possession. At the trial judgment was awarded the plaintiff. Appeal argued and allowed to the extent of possession.

divel from payment of costs of action or of this appeal. In the event of the defendant Elizabeth H. Linden not paying to the defendant Brown his costs of the action and of this appeal, which she is hereby directed to do, the defendant Brown is to be at liberty to add the amount of said costs to his mortgage debt. No costs of this appeal to any other party. Save as above the appeal is dismissed and judgment appealed from affirmed.

Ontario Bank v. Deruchie—C. H. Olive (Cornwall) for plaintiff; J. H. Spence for defendant. An appeal by plaintiffs from the judgment of the county court of Stormont, Dundas and Glengarry of June 10, 1911. The plaintiffs, judgment creditors of the American Motor Bearing Co., sued defendants shareholders and directors of said company for the amount of said debt; the execution against the company having been returned nulla bona, and plaintiffs alleging that defendants had not paid in full for their stock in the company. At the trial the action was dismissed with costs. Appeal argued and dismissed with costs.

Ryan v. Campbell—J. C. Elliott (Glengarry, K.C.) for defendant; D. L. McCarthy, K.C., for plaintiff. An appeal by defendant from the judgment of the county court of Lambton of June 14, 1911. An action for damages for loss of a horse. At the trial judgment was awarded the plaintiff. Appeal argued and allowed to the extent of possession. At the trial judgment was awarded the plaintiff. Appeal argued and allowed to the extent of possession.

Wright v. Olmstead—G. F. Henderson, K.C., for plaintiffs; J. A. Hutchison, K.C., for defendant. An appeal by plaintiffs from the judgment of the county court of Leeds and Grenville, of Aug. 3, 1911. An action for a declaration of plaintiffs' ownership and possession of a certain parcel of land, and for damages for the act of the defendant in depriving him of the possession. Plaintiff claimed title by length of possession. At the trial judgment was given in favor of defendants, with costs. Appeal partially argued, but not concluded.

CHRISTMAS PRESENTS FOR THE OLD COUNTRY.

An altogether new way of remembering the "old folks" at home this year. More and more people will take advantage of the opportunity of sending a distinctly Canadian Christmas present to the folks in England.

Many of our British settlers have searched every year for some appropriate gift to send home. Quite recently fruit has been sent, but not as often as many would have liked, on account of the risk of its arriving in poor condition in the old country. Notwithstanding any case could be taken, private shipments of this kind have often reached their destination in such condition that the enjoyment of the gift, after it was received, was nullified. With the advent this year of the system instituted by the National Land, Fruit and Packing Company of Toronto, people in Canada can send their friends in the old country a bushel box of the finest and best winter apples and be assured of having them reach their destination in perfect condition.

This system also takes away all bother of making-out customs declarations, of looking after shipping, wharfage dues and express charges. The National Land, Fruit and Packing Company of Toronto, people in Canada can send their friends in the old country a bushel box of the finest and best winter apples and be assured of having them reach their destination in perfect condition.

Another Deadlock? FERNIE, B.C., Oct. 17.—Negotiations between miners and operators seem to be a standstill again, neither the operators nor the miners having any news of progress being made and nothing can be learned as to whether the operators are covering upon the situation, and miners say that they have heard nothing from them. The situation seems discouraging to-day and looks like another deadlock just ahead.

Advertisement for O'Keefe's Gold Label Ale. Features a bottle of beer and text: "Gold Label" is just the kind of Ale that you would expect. The O'Keefe Brewery to brew—a rich, creamy, delicious old Ale—that is wonderfully wholesome and nutritious. No cork screws needed to open the bottles—they are sealed with Crown stoppers. "The Beer That is Always O.K."

HOMECOMING WAS TIMELY

Francis Rea Found His Wife Unconscious From Gas Fumes. When Francis Rea, 1427 West Bloor-street, returned to his home for breakfast yesterday morning he found the house filled with gas. He had left the house just before 7 o'clock and returned at 9. When he left, everything seemed all right, but when he searched for the source of the deadly fumes he found that a supply pipe to a gas stove had become disconnected. He rushed upstairs and found his wife and two children. His wife had evidently been overcome while in the act of dressing, for she was perfectly clothed. Medical aid was summoned and all were revived.

AN OLD FIRM REMOVES.

Messrs. C. J. Townsend & Co., who have been located on King-street for over 77 years, announce that they have removed to the northeast corner of Carlton and Church-streets, the gallery of fine arts, the palatial residence lately occupied by Mrs. Cameron, where they now have an exhibition perhaps the largest and most attractive collection of old mahogany furniture and pictures on the continent, all of which is offered for private sale, at prices marked in plain figures, which can not be equalled.

WANT FREE PAPER REPEALED.

NEW YORK, Oct. 18.—At a meeting to-day of the executive committee, officers and board of managers of the American Protective Tariff League, a resolution was adopted urging the industrial interests make common cause against the enemies of American business, and in the fulfillment of this action all members of the league should work for the defeat of the policy of the candidates of whatsoever party who are not protectionist and vote for all candidates who are protectionists.

Panic on Street Car.

Once again the blowing out of a fuse in a street car caused a panic yesterday morning. It was in a Queen-st. car at Queen and John-sts. No one was hurt. When the fuse blew out the flooring of the car caught fire. The blaze was easily smothered and the car was able to proceed on its way.

development of the province. The figures bear out my contention that Southern Ontario has not been developed as it should have been, all the increase in population, being in the urban districts and in the rural there has been no immigration to Northern Ontario, except to the silver and gold camps.

POLICE MAKE BIG HAUL OF CHINESE. Continued From Page 1.

Start-inspector Kennedy's busy-hours jumped for their prey. There were two lookouts on the job and one of these pulled upon a chain which was to drop a door and bar the same. But he counted without his host or something like that. With a howling grin, coupled with a deal of activity, Assistant Inspector McKinney murmured "Hold Polli!" or some other soothing word.

An irresistible charge. On with a mad rush and other attendant pomp and circumstance, including great speed of agility, to get together with some silence, a good deal of noise and an iron determination, with a complete outfit of grim faces, went the invading horde.

Members of the East. Upon the station platform stand the following names as principals: Chong How, 184 York-street, keeper of a common gaming house; Chung Bing, 184 York-street, keeper of a common gaming house; Koo, 60 Bell-street, keeper; Low Fong, 182 York-street, keeper; Howey Hing, 180 York, keeper; How Sich, 105 West Queen, keeper; Len Gee, 180 York, keeper; Jim Lee, 78 Galloway-ave, conducting a lottery; Ing Lung, 99 West Queen, conducting a lottery; Jim Hong, 180 York, selling opium.

THE CHATS FALLS SALE. OTTAWA, Oct. 18.—(Special).—Confirmation of the announcement that Hon. Wm. Fuglesby sold fourteen acres of Victoria Island to the City of Ottawa after the election is contained in the deed given to day at 11 a.m. The deed is signed by Thomas Mulvey, under secretary of state, and J. B. Hunter, deputy minister of public works. The tract area disposed of is 4.71 acres, and the price paid is \$1471.

Claim Conspiracy. NEW YORK, Oct. 18.—When court adjourned to-night 11 jurors had been chosen to try William J. Cummings, for grand larceny in connection with the collapse of the Carnegie Trust Co. The special charge alleges larceny of \$10,000 in connection with a note transaction. Questions put to witnesses to-day by counsel for Cummings continued to indicate that the defence will endeavor to prove that Cummings is the victim of a formidable conspiracy.

REMEMBER! HE WHO BUILDS HIS FORTUNE UPON THE FOUNDATION OF A CITY BUILDS SOLIDLY FOR AN EVER INCREASING INCOME PORT McNICOLL

THE NEW C.P.R. EASTERN TERMINAL ON GEORGIAN BAY, AT TORONTO'S BACK DOOR 117 MILES FROM TORONTO. Quietly and without the knowledge of Toronto people, the Canadian Pacific Railway have been building on the shores of Georgian Bay, at Port McNicoll, what one of their own officials has said will be the LARGEST TERMINAL on their system.

PORT McNICOLL IS NOW THE TERMINAL OF THE C.P.R., GEORGIAN BAY. All freight and tourist travel is via Port McNicoll. Port McNicoll will have low freight rates. It is the logical point for flour mills, factories and distributing warehouses, and is 134 miles nearer the seaboard than the former Georgian Bay Terminal.

SEWERS AND WATER. COMMISSION MEN—Port McNicoll will be the pocket book for the immense grain products of the Prairie—cutting off Duluth and Buffalo—the point of trans-shipment from water to rail and rail to water. MERCHANTS—Two thousand men are now employed in the immediate vicinity of Port McNicoll and Victoria Harbor. BUILDERS—Here is a field for builders. HOTEL KEEPERS—Port McNicoll cannot help but attract a large transient population, as well as a permanent one.

WE VENTURE TO SAY THAT PORT McNICOLL IN 1915 WILL HAVE 15,000 PEOPLE BUY YOUR LOT TO-DAY. OUR GUARANTEE. We guarantee the title to our lots in Port McNicoll to be perfect. We guarantee to furnish a good and valid deed to each purchaser of a lot or lots in Port McNicoll. We guarantee to pay all expenses, both for time and money expended if any person who upon investigation finds that we have stated anything in printed literature or written letter materially at variance with the facts in regard to Port McNicoll.

CENSUS GREETED WITH CHORUS OF UNBELIEF

Dissatisfaction is widespread— Many Towns Claim They Were Underestimated.

WINNIPEG, Oct. 18.—A feeling of disappointment is prevalent in the cities and towns of the west, arising from the low rate of population recorded them by the recent census. Regina alone is throwing bouquets at herself, her thirty thousand count boosting her percentage ahead of her provincial rivals. For many years the keenest rivalry has existed between Regina and Moosejaw, and when the latter learned that she had been altogether eclipsed, a sense of injustice was aroused.

Saskatoon also feels that she has been hardly dealt with, being placed lower in the list than Regina. Calgary and Edmonton are strong in their contention of the accuracy of the figures, while other towns in the west also discredit their respective enumerations. Practically all, however, feel that the census in their particular district was taken in an inefficient manner, and all credit themselves with a goodly number above the published figures. Vancouver, for instance, claims 20,000, while the smaller towns Saskatoon claims an increase of 50,000, Fort Arthur 200,000 and others in the manner affirm that the figures accredited to them should be swelled by an addition of 25-per-cent upwards.

Ottawa Disappointed. Ottawa, Oct. 18.—That the population of Ottawa as estimated by the Dominion census-taker is below the real population of the city is the contention of Assessment Commissioner Stewart.

BRANTFORD, Oct. 18.—The census enumeration as given out from Ottawa is 1000 short of the count made by the assessors. The population of the city was given at 22,000, and considering that the enumerators were not trained in the work, the result is favorably received.

WOODSTOCK, Oct. 18.—Woodstock is disappointed as the census given out in the official census report and the citizens are inclined to put more reliance in the figures of the city assessors than in those of the Dominion enumerators. The city assessor in his sworn report to the city council gives Woodstock a population of 10,000, whereas the census report places the total at 8221. That the assessor's figures are correct there is no reason to doubt.

INSPECTOR BOYD IS SILENT. After investigating the mysterious disappearance of Violet Smith, the Ontario coroner teacher, Inspector A. Boyd of the criminal investigation department in Toronto, he is absolutely uncommunicative regarding his trip up north, and appears to have come to the city for further instructions.

MISSIONARIES NOT STARVING Government Steamer Minto Returns From Hudson Bay.

HALIFAX, Oct. 18.—The government steamer Minto arrived this morning after a three month cruise in Hudson Bay. The Minto went to Port Churchill and Nelson River. The weather in Hudson Bay was more open than in three months in the Gulf of St. Lawrence. The trip was comfortable all the time the steamer was there. On the way home the Minto visited Baffin's Land, where missionaries are reported to have found the report to be incorrect. Sergeant Major Hayter of the Canadian Mounted Police, who has been at Port Churchill for the past two years, returned to the Minto. He served with distinction in the South African war and was promoted to the rank of captain. He was informed that he had been granted two months' leave of absence. Captain McPherson and all on board the Minto are in good health.

CITY COUNCIL SCORES ONE Asked Sir James Months Ago to Reorganize Railway Board.

Sir James Whitney has on several occasions spoken in their uncompromising terms of the aims and objects of the city council, but in one instance apparently he is following its advice. Probably he has forgotten the fact that Feb. 4 last the board of control, on motion of Controller T. L. Church, recommended that Sir James Whitney be reappointed to the Ontario Cabinet to reconstruct the Ontario Railway Board in the interest of public rights and the proper protection of the municipalities. The resolution asked the eight Toronto M.L.A.'s to assist. The council adopted the resolution unanimously and presented it to the government, but no action was taken.

OBITUARY. Kenneth Chisholm. Following a two weeks' illness, resulting from an operation, Kenneth Alexander Chisholm, accountant for the Ontario Department of Insurance, died Tuesday at the Cottage Hospital.

Mr. Chisholm was the eldest son of the late Kenneth Chisholm of Brantford. He had been connected with the department of insurance for twenty years and was a valued official.

HOW TO REMOVE WARTS BY A PAINLESS REMEDY Don't allow these unsightly excrescences to spoil the beauty of your hands or arms. Remove them painlessly and for all time by applying Putnam's Painless Corn and Wart Extractor. Failure impossible, results always sure with Putnam's Corn and Wart Extractor. Refuse any substitute for Putnam's. It does the trick in one night. Price 25c at druggists.

UNLIMITED—THE ADVANCED WHO MUST FIGHT FOR CHURCH

Congregationalists Consider Needs of the Church—New Site for Northern Church.

The layman is usually quite free and candid in giving his opinion of the pastor's activities and pecuniaries. Last night at the meeting of the District Congregational Association it was the turn of one of the pastorate to be equally candid, and some home truths were uttered by Rev. Byron H. Clark of Bond Street Church, and Rev. Albert Margaret of Olivet.

Before closing the meeting, announcements were made at a lot of what was the only large way he had of influencing people. This could not be done by any other means. He was of the opinion that if the non-church-goer was not reached the object of his ministry was partially achieved. So his preaching must be adapted, not only to the needs of the outside, but must be adjusted to the present ethical and spiritual status. He declared a modern pulpit lacked in respect, the pastor being called upon to preach a sermon that will win and hold souls in the short space of 20 minutes of a 30-minute service.

Weakness of the Church? The subject dealt with by Rev. Mr. Clark was the question of the church of today was not what it was in the past, but what is the church doing to make itself true? Men put their time in the work of the church as men do in their business. After all, it was simply a business proposition, and a pastor could not do justice to his work and at the same time neglect his business. He believed, the pastor was trying to do too much, that the church was a business and a successful business demanded that a man do one thing at a time.

He said there were 12 million members of lodges in the United States and Canada, 40 per cent of whom were regular attendants. The other 8 million gave three hours each week of their time, while of the thirty-five million church members only 10 per cent were regular workers. He said the lodge concentrated and educated its members.

Daughters of Empire Didn't Have Love Feast Rights of Regents and Outside Delegates Were Issues That Chased Dove of Peace.

Harmony was sadly lacking at times at the annual meeting of the Imperial Order of the Daughters of the Empire held yesterday in the ballroom of the King Edward Hotel. About 200 members were in attendance, representing chapters from all points in the Dominion.

The morning session evoked severe discord and Mrs. S. Nordheimer as president, had a difficult task to sustain order. The right of outside delegates to vote was questioned and Mrs. Crerar of Hamilton and Mrs. Collin Campbell of Toronto, who were attorneys-general, championed the cause of the visitors, which, after a rather warm discussion was allowed by an almost unanimous vote.

When Ladies Disagree. During the early part of the afternoon session there was evidence that the storm would be continued. Miss Boulton attempted to have the discussion regarding the charges laid against the executive continued, but Mrs. Nordheimer ruled otherwise.

Mrs. Burns of St. Thomas censured the meeting for the unusual amount of discussion which she thought that the ladies who were there for the first time would be very unfavorably impressed. When she set down her speech was greeted with mingled approval and hisses. The various reports were read full of which indicated the rapid growth and prosperity of the order. Mrs. Nordheimer then read her official address in which she announced her resignation from the presidency, which office she has held for the past eleven years.

The election resulted as follows: President, Mrs. A. E. Goodenough, acc.; vice-presidents, Mrs. Crerar, Lady Mackenzie and Mrs. W. K. George; honorary secretary, Mrs. Fetherston; honorary treasurer, Mrs. Bruce, acc.; organizing secretary, Mrs. Arnold; standard bearer, Mrs. James Scott.

HOTEL RUMORS ARE BUSY. It can be taken as almost certain that there will be one or two big hotels started in Toronto before six months are past. The subject of hotels is the big topic on the streets just now. The real estate agents are busy calling up owners of suitable sites, verifying formerly quoted prices, and preparing lists of good locations to present to hotel promoting syndicates. The north-east corner of York and Front-sts., the site suggested a couple of days ago, figures were up on these lists. It is a great place for a big hotel. Its close proximity to the new terminal station points is one of its many desirable points.

A Fine Excursion. Malvern Brass Band will hold their annual excursion Oct. 21, via C.N.R. Toronto to Trenton. A very cheap rate and a good musical program are the chief attractions.

DOES DYNAMITE THEORY DISQUALIFY JURYMEN?

No Hope of Securing Jury Till Point is Decided—Three Talesmen Examined.

LOS ANGELES, Oct. 18.—Three talesmen were examined and one was accepted in the murder trial of James B. McNamara to-day. What is considered one of the big issues of the trial—whether a man who believes truly that the Los Angeles Times building was destroyed by dynamite is thereby disqualified from serving on a jury—rested to-night in the hands of Judge Walter Bordwell, who presides over the trial. Judge Bordwell asked the three talesmen whether they believed James B. McNamara caused the death of James C. Haggerty, a machinist, who lost his life in The Times explosion and fire.

Opposing counsel see no hope of securing a jury until this point is decided. Attorney Charles Darrow and other counsel for the defence, holding that the Times explosion was caused by gas rather than dynamite, have brought it about for this reason, argued to-day in court that a fixed belief in the dynamite theory precluded the rights of the client and that talesmen having this belief should not be passed.

A Fair Juror. "Is this your idea of a fair juror?" asked Attorney Darrow of Mr. Frederick, after Otto Jensen had testified that he believed the Times building was dynamited by members or officers of trades unions and that he "thought" he had prejudice against unions, but had no prejudice towards McNamara himself.

STRUCK AGAINST FORK HANDLE Curious Fatality Follows Collision of Boys Riding Bicycles.

WYOMING, Oct. 18.—A peculiar and fatal accident occurred near Wamsutter Monday night. Willie Morningstar, the 12-year-old son of W. Morningstar, storekeeper and postmaster of Wamsutter, was riding east of the village on his bicycle about 8 o'clock at night, when he collided with Archie Wark, a boy of the same age, who was riding a bicycle in an opposite direction to that of the other. The two boys were riding against the wind, the handle of the fork projected some distance ahead of the wheel, the two being braced against the rear post. The fork handle thus impaled Morningstar's ribs, crushing the chest well in the region of the heart.

A GRACEFUL ACT French Delegates Deposit Wreath on Wolfe's Monument.

QUEBEC, Oct. 18.—This morning Messrs. Bozange and Bourquet, the French delegates to the ceremonies attending the unveiling of the Montcalm monument in company with Sir Louis Jetté, Hon. A. Tarsoun, Lieutenant-Colonel Wood, George Seliere and Lt. Raymond, French vice-consul at Montreal, deposited on the base of the monument to General Wolfe a beautiful crown of flowers. The crown bore the inscription: "Homage to the valiant and noble comite Francois du Montcalm, a la memoire du General Wolfe."

ANTARCTIC MAILS. OTTAWA, Oct. 18.—The postoffice department to-day issued the following bulletin: The postoffice department of the Dominion of New Zealand announces that a postoffice named "Victoria Land" has been established for the convenience of the members of the British Antarctic expedition, 1910, at Cape Evans, McMurdo Strait, Victoria Land, and that a mail will be despatched to that place early in December next.

SOUTH BRANT CONVENTION. BRANTFORD, Oct. 18.—The Liberal convention to nominate a candidate in South Brant to oppose W. S. Brewster, M.L.A., will be held on Saturday evening, Oct. 21, at the Grand Hotel, Brantford. The names of A. L. Morgan, Harris, brother of Lloyd Harris, former M.P., and Aid. Ruddy, are being mentioned as likely choices, although it is said Mr. Ruddy has no political aspirations. Aid. Harris is likely to secure the nomination.

SUGAR MAY TUMBLE. BRUSSELS, Oct. 18.—The International Sugar Conference has been summoned to meet at Brussels next week to consider a request made by Russia that she be permitted to denounce the agreement of 1907, whereby her sugar exports were limited until 1918, Russia's reason for this request is the crop-optional crop. Her stocks are overvalued, and she wishes to increase her exports. If the request is granted, the price of sugar will fall in all European markets.

Resumption of Buoyant Trend Shows in the Mining Markets

Successful Raid Against Shorts Boosts Foley Up In Short Order

Stock Reaches Highest Price Since Mid-September—Rally in General List on Improved Speculative Demand.

World Office, Wednesday Evening, Oct. 18.—A sharp upward swing in Foley-O'Brien, which carried the price up to a point not touched by the stock since the feature of the mining markets was a session somewhat devoid of interesting events.

The low prices established on the close of the week evidently proved attractive to outside speculators, for the opening today broke the large volume of orders for the usually active issue. This, as usual, resulted in an all-round improvement, the market showing sharp advances from last night in the final dealing.

Traders were somewhat non-plussed to explain the movement in Foley-O'Brien. The stock has suffered from a good deal of depression lately, and has gotten down as low as 100. This is the first week of the month. This rally is a decline of 25 points from the highest price ever paid for the stock, this being 125 during April. There have been some erratic rallies since that time, of course, but the slump has been a fairly steady one.

The probability is that today's rally of 17 points to 96 was due largely to short covering. If there was any new development at the property, the street was not apprised of it, and the general inclination was to set the advance down as a raid upon shorts.

The great deal of money has been made on the short side by specialists in the stock, and that they should burn their fingers once in a while is, of course, only to be expected.

The general list showed an all-round appearance of firmness, led by the big Porcupine. Of these the Hullinger was especially prominent, rising yesterday 20 points to 110. The stock was up 30 points to 110. In the cheaper stocks buoyancy was the watchword. The Lake came in as a sharp buyer, getting up 5 points to 47. Vepond was up 4 1/2 to 42, an advance of 3 1/2. United gained 1/2 to 44, but was off at 43. The market reached a new high point for the movement at 49 1/2, and was strong throughout. Imperial sold up 1/2 to 18 1/2, and Eldorado up 1/2 to 18 1/2, the latter being in excellent demand at the advance.

Dome Extension made a small advance from the recent figures, excellent buying of the stock carrying the price up over a point. Preston sold between 20 1/2 and 21 1/2, with close strong straggling at the high figures.

The market showed a good improvement from yesterday's recession, and trend and gave indications of being pushed into a further upward swing as a result of the increasing public demand.

GOLD ALREADY IN SIGHT AWAY UP IN MILLIONS

Estimates of Ore Blocked Out at Porcupine's Principal Mines—Guess at Production.

Porcupine, Oct. 18.—(From Our Man Up North.)—According to miners who are interested in making figures on the probable size of the ore bodies blocked out to date, it is conservatively estimated that four mines are sufficiently developed to permit of a stating up of values, with more than \$20,000,000 to their credit.

At the Dome, where two shafts connect up the first level at 200 feet and the vein is drifted on for 175 feet, they figure a milling body of \$30,000,000. The best of their figuring is not made public, but it is said to be on an average of 30 ore.

Hollinger, according to the management's figures of last spring, has 4,500,000 tons in the one big 700-foot level down to the first 100-foot level. While the second level has not been entirely completed, another \$4,000,000 was added to the estimate in the first level, from reports of work done, making a total of \$8,500,000.

At the Dome the company's figures on the first year's work, coupled with the additional sinking that has been done this year, work out somewhat as follows: Quarts deposit 280 feet wide and 800 feet long to the 700-foot depth as shown in drilling and tests, with allowances for irregular width in places at depth, \$10,000,000.

Whatever is shown in the "golden stairway" lead must be added to the report from which to figure this value are given out. If reports on the street are true to the effect that at 150 feet down the free gold still showed in the vein which had narrowed considerably with schist coming in, it is reckoned that another \$2,000,000 could be safely added to the \$10,000,000, making \$12,000,000 in all.

The Scottish-Ontario estimate last August by Engineers Dempster and Thomson was never made public, but with the 500 feet of underground work performed, on the basis of 30 ore, it is calculated in the estimate that the ore body runs about 1,000 feet.

The camp's total as blocked out then reaches the enormous sum of \$21,500,000.

Putting Up Stamp Mill.

The Dome mill will start with 40 stamps, putting three five tons to a stamp per day. The Hollinger expects to start with 20, while the McIntyre and the Vepond will run at the beginning perhaps 20 stamps each.

These 110 stamps should run out at the beginning of the year, 650 tons of rock a day, or a total output, not setting the high grade ore of nearly 300 tons a day, and the production of a dozen bricks a day.

Chas. Fox.

FREE GOLD AT APEX

Rich Strike in Blind Vein at Sixty-four Foot Depth.

Porcupine, Oct. 18.—(From Our Man Up North.)—Free gold in the core at the Apex was reported today. The find was made in a blind vein 64 feet down and comes as a surprise to the management who were not figuring on hitting the quartz till the big lead which is some 60 feet below the surface. This vein should be encountered in the work.

The values occur in quartz and dark colored schist mixed with a heavy bit of iron. The rock is heavily mineralized.

The Apex catches the same ferruginous return from the West Dome. The red and white colors glisten in the sun-light wherever openings have been made. The lead appears to be every bit as strong as where the West Dome has opened the ridge. Free gold was picked up in several leads during the trenching work.

Work setting up the big compressor plant is on. Manager Anderson expects that steam will be turned on within 20 days at the least, and soon if no difficulties arise.

Two shafts are under construction in the meantime. With aid in the trenching work, the shafts should be down to the 100-foot level within a very short period. Several thousand feet of trenching were accomplished during the week. The three-story assay buildings in addition to the office and assay house are built. Chas. Fox.

KENORA DISTRICT IN FRONT.

Kenora, Oct. 18.—(Special.)—A report has been completed from the C. P. R. main line between the Kenora and the Opikimik River, just a few miles east of this place. Supplies and equipment for the properties and for the section of the main line between the Kenora and the Opikimik River are being unloaded.

Ground has been cleared for the new shaft and compressor house, and several other buildings are being erected. The shaft is usually well above the water of the numerous small lakes that occur in the region. The area for the new shaft is not heavily drift-covered, but owing to the level nature of the ground the rocks are not exposed. The shaft is accepting the part of the jack that has been burned over. The forest growth is usually spruce, jack, oak, balsam, birch and small cedar.

Puzzling the Geologists.

The geology of the area is rather complex. Numerous samples of rock have been brought down, but have not yet been examined carefully. The rocks, where they are exposed, consist of granitic, gneiss, mica, quartz and schist. Associated with these are porphyry, and some of the rusty weathering rock, which I believe, corresponded to the red ironstone of the Kenora district. Very fresh looking diabase was found in several places, and may prove to be the same as that which was found in the Kenora district. Several degrees north of east, and are nearly vertical, but tipped slightly to the west. In some places, the granite lies to the south. Outcrops of the granite were observed along the township of Fawcett, and on the first small lake south of West Shining Tree Lake. Occasional outcrops of granite were observed along the route into the district as far south as the north end of West Lake.

Veins are Elusive.

The discoveries for the most part are located on zones of schist, and quartz that generally conform to the strike and dip of the schist. The strike is usually well above the water of the numerous small lakes that occur in the region. The area for the new shaft is not heavily drift-covered, but owing to the level nature of the ground the rocks are not exposed. The shaft is accepting the part of the jack that has been burned over. The forest growth is usually spruce, jack, oak, balsam, birch and small cedar.

Puzzling the Geologists.

BRISTOL AND TURNBULL

Townships West of Porcupine Proper Forging to Front.

Porcupine, Oct. 18.—(From Our Man Up North.)—Bristol and Turnbull townships, which are the centre of the next mining activities, according to reports coming in from the west.

Several companies are operating in and around the location of the McAuley lot in Bristol. Shafts are now down to the depth of 30 feet in hornblende schist and quartz, with free gold showing in the quartz, the said to be spotted in places. Mine men are sure that the body of quartz is not far from the surface. Values appear to be more consistent as depth is made.

In Turnbull the free gold finds were not made until a few weeks before July day. Only recently did work start. More than a dozen good finds of free gold have been announced and in every case the quartz has the appearance of being the producing kind.

Bristol and Turnbull are looked forward to as coming mine centres.

Chas. Fox.

Porcupine Notes

Porcupine, Oct. 18.—(From Our Man Up North.)—More good reports are coming from the shaft work at the Chiondore. The vein appears to be stronger at depth.

The free gold find in the ankerite outcropping on the one Armstrong-McGibbon lot, Delcor, is one of the best yet made in the camp. The values are enormous and the management are now searching for a body.

Announcement was made by Harold Kingsmill of the Rea Mines, who left for Peru last week has not made any announcement to the west.

Seventeen carloads of steel delivered at the Big Dome Mines will be followed shortly with 17 more carloads.

Speeders are used very freely by the mine men, who have to make the trip from Pearl Lake Mines to South Porcupine almost daily. It is a quick means of travel.

Considering all the new roads that have been made to various parts of the camp, travelling this winter will be easy. Hearings made by fire will aid the snow in piling up in the roads.

Capt. Stevenson of the American Goldfields is another of the western men who has been seen for gold.

The private stock wires are running regularly and trading in Porcupine is doing well on the increased activity of the four districts in the Porcupine being those where prospecting work is being rapidly pushed are as follows: Flying Fox, McIntyre, the west end of Turnbull Township, where so many favorably appearing free gold finds have been made in lots staked this summer; Bristol, where two big companies are at work, and Biers Township where it is said that the quartz veins are the most perfectly defined of any place in the camp.

Thomas and Langmuir Townships get hard cracks by the fire, but lot owners are now returning to work and before snow comes good reports from this section will be forthcoming.

Chas. Fox.

Porcupine in London.

R. R. Bondar's London cable yesterday advised that the 157 1/2 North-ern Exploration, 268 to 450.

VEN IS WIDENING

We received the following wire on Wednesday: Porcupine, Oct. 18, 1911. A. J. BARR & CO., Toronto.

Eldorado gold vein getting bigger with each shot.

This wire further confirms our impression of the value of the ELDERADO MINE. Our opinion is still favorable to CROWN CHARTERED, PRESTON and DOME EXTENSION.

We execute all buying or selling orders for mining securities on the Standard Stock Exchange.

GEOLOGICAL REPORT ON WEST SHINING TREE

Preliminary Survey Shows That Rock Formation, White Puzling, Exhibits Good Possibilities.

That the West Shining Tree district has good prospects as a gold-bearing area was shown by the report of R. Stewart, expert geologist, who furnished the Ontario Department of Mines. The report is as follows:

Chemistry and Mining Building, Toronto, Oct. 18, 1911.

Bureau of Mines.

"Dear Sir:—Prof. Miller requested that I should make a preliminary report on the West Shining Tree district, to submit to you a preliminary report on the area.

The region related includes the townships of Asquith, MacMurtry, Chiondore and Fawcett. West Shining Tree Lake, near which gold has been developed, is situated in the township of Asquith and Chiondore, and is about 15 miles north of Sudbury, twenty miles south of Porcupine, and twenty miles west of Gowganda.

The territory was reached by C.N. R. from Sudbury to Gowganda Junction on Blue Lake, and by canoe the rest of the way, thru Blue Lake, Chiondore and the Opikimik River. The route leaves the latter river about the centre of the west boundary of Asquith, passing thru two small lakes into West Shining Tree Lake.

The territory around West Shining Tree Lake is one of low relief. While level and with no prominent elevations, it is not called swampy, as the general level is well above the water of the numerous small lakes that occur in the region. The area for the new shaft is not heavily drift-covered, but owing to the level nature of the ground the rocks are not exposed. The shaft is accepting the part of the jack that has been burned over. The forest growth is usually spruce, jack, oak, balsam, birch and small cedar.

Puzzling the Geologists.

The geology of the area is rather complex. Numerous samples of rock have been brought down, but have not yet been examined carefully. The rocks, where they are exposed, consist of granitic, gneiss, mica, quartz and schist. LA ROSE PROSPECTS.

Montreal has a rumor that a special meeting of La Rose shareholders will be held next week, and that a disbursement amounting to \$500,000, or 30 cents a share, will be forthcoming. It is believed that Mr. McGibbon is opposed to cutting such a liberal slice off the very fine surplus, but he has expressed himself as willing to accept anything the shareholders require in reason.

On Oct. 1 the ready assets were \$1,400,000, and of this \$1,400,000, \$1,000,000 was cash, indicating a particularly strong financial condition.

Malvern Brass Found Excursion to Trenton Next Saturday, by Canadian Northern Morning Train No. 8, Leaving Malvern 10:15 a.m.

This excursion will be quite an event for Malvern and other towns along the Trenton-Trenton line. The train will stop at the 4th concession crossing between Malvern and Cherrywood to pick up passengers.

Tickets on sale at very low rates, which are being advertised by poster. From Malvern \$1.75. Tickets sold until the following Monday, except from points Bowmanville and east, which will be limited to return the same day. Tickets can be obtained from C. N. O. agents, or at flag station, from the conductor on the train.

GOVERNMENT WILL HELP COCH-RANE.

In order to help the Town of Cochran to recover from the terrible fire of last June, the Ontario Government has now decided to buy 4 per cent debentures of the town in the amount of \$38,500, payable in instalments spread over twenty years.

Civic Officials Begged.

Controller Hocken stood up yesterday for the contractors who, by a clerical error made in the bylaw providing for the erection of a police station on Clarence-street, started work on the wrong lot.

He did not see why the contractors should lose money because of the bungling of civic officials," said the controller in the board of control meeting. Fussell & Thomas, the contractors, asked the board to pay them \$500 for the work already done on the station and to absolve them from the contract. The board, however, the civic solicitor will report on the subject.

Stock Market Turns Weak on Revived Rumors of Trust-Baiting

Unrestrained Pressure on Steel Feature of New York Market

Downward Movement in Wall Street on Rumors of Government Investigation of Steel Corporation—Toronto Market Easier.

NEW YORK, Oct. 18.—Unrestrained pressure against United States Steel was the conspicuous feature of today's stock market. The stock was sold at every opportunity in such volume as to indicate that liquidation had been renewed, and the constant pressure carried it down nearly two points to 88. Selling of this stock apparently was due to some extent to the report which reached Wall-street that the United States Steel Corporation would probably advocate its lease of the Hill ore lands. Such a move, it was pointed out, would greatly improve the status of the corporation under the Sherman law, as it would make it impossible that no further charges of monopolization of ore lands could be made.

A significant feature of one summary of trade conditions was the statement that Western steel manufacturers are applying to railroads which haul their raw material for a readjustment of freight rates, to bring them more in line with existing prices for finished materials.

Downward Tendency.
The stock market in general betrayed a decided downward tendency, but fluctuations were narrow until near the close, except in the case of a few stocks which were subject to special influences. No close relation is apparent between the trend of recent developments, which on the whole has been to give the general situation a bright aspect, and the day to day movement of securities, which seem to be dominated by the influence of professional manipulation. The market remains in an unsettled state, owing largely to the manifest nervousness over political conditions, and shows no inclination to respond to evidences of improvement elsewhere.

Great Northern ore certificates were affected by the report of probable cancellation of the United States Steel lease, and fell three points on many transactions. The P-certificate stocks were actually weak, American Cotton Oil falling more than two points. The weakness of the latter stock was ascribed to the belief that it was not earning its dividends.

Canadians Developed Strength.
The coalers and Canadian stocks were almost the only issues to develop any degree of strength, and most of these gains were lost toward the close, when the heaviest selling of the day sent prices generally to lower points. Many of the standard stocks closed with a net loss of a point or more.

The September report of exports of domestic products was in line with recent favorable showings. Exports of every agricultural product were large, and the total value is much larger than in any previous September. The total for the nine months of the present year exceeds that of the corresponding period of 1916 by \$116,000,000.

LONDON MARKET FIRM

Restraint Early in Day Succeeded by Steadier Undertone.
LONDON, Oct. 18.—Money was plentiful and cheap today. Discount rates were firmer, owing to the purchase of \$1,500,000 of Monday's gold arrivals for Paris.

The stock market closed steadier, after hesitation and weakness early in the day. Sellers repurchased in the afternoon, and strengthened the market, with copper shares leading in firmness. Mexican Rails and Chinese securities were weak exceptions. American securities opened quiet and a fraction lower, but prices advanced during the first hour on light covering. A reaction followed, but New York market came to the rescue and a firm closing, with prices near the best. U. S. Steel shares closed heavy.

STILL CUTTING PRICES

Lower Figures for Steel Bring Increase in Volume of Trade.
NEW YORK, Oct. 18.—The iron age progressed well today. What planners show in the transactions of the past week is that mills do not hesitate to make fresh cuts from the low level of recent weeks where good-sized tonnage is involved. Plates and structural material have thus come in for sharper competition. The large number of vessels placed with eastern shipyards is in part due to low prices for steel. The two bridges let by the Central Railroad of New Jersey, 4700 tons, are among the largest orders of the week. Several railroads, including the Pennsylvania and the Baltimore and Ohio, are negotiating for rail roaders for 1912, which are now expected to be somewhat less than for this year. More railroad bridge work is projected and considerable steel business is being figured on under the inducement of very low prices. The chief feature of the day was the \$3.50 per bush reduction in wheat.

TORONTO STOCK MARKET

World Office.
Wednesday Evening, Oct. 18.—The expected increase in speculative interest in the Toronto stock market continued to show no signs of being abated. Trading was generally flat, particularly so for the usually active issues, where the demand was not sufficient weight even to bid prices steady.

Small declines were consequently the rule in these stocks, such liquidation as was evolved during the day catching the market in a vulnerable state, and resulting in a lower range of values for certain securities. Leases were generally restricted to small volume, however, and did not occasion any apprehension even among nervous holders.

There were some stocks which showed decided firmness in the face of the easier conditions prevailing elsewhere. These were the specialties, however, and their action was not taken as indicative of the general disposition of the market at large.

Tractions Run into Reaction.
It was the South American Traction issues which met the most liquidation, and here it was that the greatest loss was occasioned. Sao Paulo, which has been boosted up lately on talk of something for the shareholders, ran into a profit-taking movement, and dropped two points in short order, getting back to 178, and closing on offer there, with the best bids half a point lower.

Some of the enthusiastic buyers of Sao Paulo recently were talking of increased dividends, but these are not given any credence in well-informed circles, and it is not really surprising that, if there is anything for the stockholders, it will come in the form of a readjustment of the company's capital.

Rio was traded in to a moderate extent, and in common with its sister issue, turned weak, but here the loss was less pronounced. The price dropped down below 114, and closed bid at 113 1/2 with offers a quarter removed. Sentiment Favorable.

The strong feature of the list was Richelieu, which gained over a point

THE DOMINION BANK

Notice is hereby given that a dividend of Three Per Cent. has been declared upon the Capital Stock of this Institution for the quarter ending 30th September, 1917, being at the rate of Twelve Per Cent. Per Annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Monday, the 2nd day of October, 1917, to shareholders of record of 30th September, 1917.

By order of the Board,
C. A. BOGERT,
General Manager.

Dividend Notice

NOTICE IS HEREBY GIVEN that a dividend of two and three-quarters per cent. (eleven per cent. per annum) on the paid-up capital of the Bank for the quarter ending 30th November, has this day been declared, and that the same will be payable at the Bank and its Branches on 1st December next.

The Transfer Books will be closed from 23rd November to 30th November, both inclusive.

By order of the Board,
J. TURNBULL,
 General Manager.
 Hamilton, 16th October, 1911.

NEW LOW RECORDS

Another Sharp Break in Cotton, Followed by a Recovery.

Erickson Perkins & Co. (J. G. Beatty) wired the following:

Cotton prices again declined into new low ground, this time in response to a sharp decline in the Liverpool market, based on unsatisfactory conditions in India, which, it was feared, would result in a marked curtailment in the production of cotton abroad. Prices again showed a better resistance to the bearish pressure. In this bulk received afloat from Java, rains, might result in a freeze, similar to that of last year. Southern markets continue under pressure, and are especially secured by a first mortgage on the steamship Yorkton, which was built this year in England and has only been in operation about three months.

The Yorkton is one of the latest type of steel boats for freighting on the Great Lakes and is classed A1 at Lloyd's and is designed to carry the greatest carrying capacity of any steamer passing thru the St. Lawrence River Canal system. Her carrying capacity on the upper lake is 100,000 bushels. Steamers of the Yorkton type receive an A1 rating at Lloyd's for 20 years to begin with and if kept in good condition are usually re-rated for a second and often a third term of 20 years. The bonds, however, only run for 10 years.

The Mathews Company have shown annual net earnings of \$25,528.50 from 1906 to 1910 from their two boats, the Edmonton and Haddington, and will be a legal investment for the year ending 31st December, 1911, estimated net earnings for 1911 of over \$10,000.

The total of the first mortgage bonds on the Yorkton is \$150,000 and is insured for \$150,000. The insurance policies are held by a trustee to protect the bondholders.

Steel steamship bonds are more or less a novelty to investors in Canada, but have been a legal investment for some time in the United States for quite a few years.

Trend of Steel Trade.

NEW YORK, Oct. 18.—There has been an improvement in steel orders so far this month compared with the corresponding period of September. The Steel Corporation has been receiving the business at the rate of about 30,000 tons a day, which is about the normal production of the mills. In September, new business averaged between 30,000 and 32,000 tons. The improvement in buying is due to the low

Another Sharp Advance in Wheat Puts Prices Up to New Record

Strenuous Trading in Chicago Exchange—Situation in American West Discouraging—Corn and Oats Higher.

CHICAGO, Oct. 18.—Active buying here on the part of foreigners helped lift the price of wheat. There was also a lively demand from non-professional speculators in this country. The Argentine, Russia, Germany and Kansas all sent advices unfavorable to the bears. Close was set at an advance of 5 1/2 to 1 1/2.

Other leading staples also showed a unanimous gain, corn 5-8 to 1-3/4, oats 1-1/4 to 1-3/8 and provisions 12-1/2 to 1/2 to 4/8.

The rise in wheat, the gradual, was almost perpendicular. Unlike yesterday there were no dull periods. Aside from a continued good crop, the quantity of grain taken off the market was alone sufficient to prove a powerful stimulant. Notwithstanding considerable resistance that appeared in the leading lots, every offer to sell for future delivery was promptly taken up, and the market advanced steadily. In addition, the movement from farmers in the Argentine and also Kansas, delayed seedling in Germany, and lack of crop covering in Russia kept the market in a state of nervousness. Light receipts northwest and poor grading at Winnipeg gave further emphasis to the bullish aspect of the situation, so that the market advanced steadily. Light receipts in evidence just before the close.

The opening and the wind-up, December fluctuated from 41-1/2 to 43-1/2, with latest sales at 41-1/2 to 41-3/4, a net gain of 7-5/8.

European Stearns.

PARIS, Oct. 18.—Prices were firmer on the Bourse to-day.

BERLIN, Oct. 18.—Trading was quiet and prices closed lower on the Bourse to-day. The renewal of the transatlantic shipping pool caused an advance in shipping stocks.

Off to Nova Scotia.

Frederic Nicholls, the general vice-president and general manager of the Canadian General Electric Co., and J. H. Plummer, president of the company, left for Nova Scotia to-day.

Rio Earnings.

Gross earnings for week, as received by cable last night:

This year's	\$20,228
Last year's	21,233
Increase	\$1,005

Canadian Northern Earnings.

Week ending Oct. 14, 1911, \$439,000; July 1 date, \$416,000; Same period, 1910, \$381,800; July 1 to date, \$4,256,700.

Increase, \$128,100; July 1 to date, \$1,164,900.

Market Notes.

Wheat, fall bushel, 38 1/2 to 39 1/2; winter, 39 1/2 to 40 1/2; spring, 40 1/2 to 41 1/2.

Oats, bushel, 12 1/2 to 13 1/2; barley, 14 1/2 to 15 1/2; rye, 13 1/2 to 14 1/2; clover, 15 1/2 to 16 1/2; timothy, 16 1/2 to 17 1/2.

Butter Wholesale.

Mr. Marshall of the firm of Butterfield and Marshall, reports prices for butter and eggs as follows: Butter, creamery, pound, 23c to 24c; creamery, solids, 22c to 23c; separator dairy, 21c to 22c; eggs, 10c to 11c.

Butter Retail.

Butter, creamery, pound, 24c to 25c; separator dairy, 23c to 24c; eggs, 11c to 12c.

Market Notes.

Wheat, fall bushel, 38 1/2 to 39 1/2; winter, 39 1/2 to 40 1/2; spring, 40 1/2 to 41 1/2.

Oats, bushel, 12 1/2 to 13 1/2; barley, 14 1/2 to 15 1/2; rye, 13 1/2 to 14 1/2; clover, 15 1/2 to 16 1/2; timothy, 16 1/2 to 17 1/2.

WHEAT'S DECIDEDLY STRONG

Bullish Conditions in Spring Wheat States and Abroad—Brokers' Comment on Market.

J. P. Bickell & Co., from Logan and Denver.

Wheat—No one could put his finger on any one feature in the news of to-day, which caused the big bull market in wheat. There developed the largest volume of trade seen in this market for many months, the public taking a large share in the making of prices on the advance. The strength appears to be the result of bullish conditions, which have been accumulating for some time, and the present activity may be regarded as a wave of speculative strength, growing out of conditions in the cash wheat trade southwest, in the miserable condition of the spring wheat in the west, and the possibility of an accident of some kind to the Argentine crop before harvest is reached.

Pinley Barrett wired:

Wheat—Another very strong market, prices again making a new high record, close being as practically top figures of the year. The improvement in speculative interest to our mind explains the strength. Some of the large local shorts covered, but the majority of buying was for the appearance of being of new investment character. Reactions of course are to be anticipated from time to time as they are not entirely natural, but as both sentiment and the situation is strongly in favor of holders, all depressions should be taken advantage of to make purchases.

Erickson Perkins & Co. (J. G. Beatty) wired:

Wheat—The market opened with the greatest strength being in the May delivery, which would indicate new outside buying and a continuation of the bull market. The market has had an advance of over 2 cents per bushel from low point of yesterday, which may be regarded as the moment, but general speculative trade is increasing and favors the long side. We continue to feel very friendly to the market.

Corn—Opening prices were about on a par with the previous day, but were steadily absorbed. The result was a steady buy. Unsettled weather now will favor a large part of the crop into shipping condition, which makes the short side very uncomfortable. There is, undoubtedly, a large part of the crop, which the December delivery, which must either be satisfied in the open market or the actual grain, which is the strength in other grains to a moderate extent. The undernote was steady, cash prices being unchanged from those of yesterday with the demand rather slow. Any renewed speculative activity would mean higher prices.

TORONTO SUGAR MARKET.

Sugars are quoted in Toronto, in bags, as follows:

MONTREAL GRAIN PRICES

Sharp Advance in Oats the Feature—Export Trade Quiet.

MONTREAL, Oct. 18.—A feature of the grain trade was the much stronger feeling in the market for oats and prices advanced 1/2 to 1/4 per bushel. The local demand was good, including sales of 50,000 bushels of No. 2 Canadian western, at 48 1/2c ex-store. The foreign demand for Manitoba spring wheat was better and the prices bid in some cases were 1/4 to 1/2 higher and there were also bids in the market from New York buyers for No. 3 northern, which were the market at the close. A good local bid from abroad were again out of line for export account. A fair trade is passing in cheese, butter and eggs. Dressed hog, 20 lbs., 10 1/2c; pig, 10 lbs., 10 1/2c; dressed chicken, 10 lbs., 10 1/2c; dressed turkey, 10 lbs., 10 1/2c.

FARM PRODUCE WHOLESALE.

Hay, car lots, per 100, \$10.00 to \$12.00; straw, car lots, per 100, \$8.00 to \$10.00; butter, store lots, 22c to 24c; creamery, 24c to 26c; separator, 21c to 23c; rye, 13 1/2c to 14 1/2c; clover, 15 1/2c to 16 1/2c; timothy, 16 1/2c to 17 1/2c; eggs, case lots, 10c to 11c; chickens, 10c to 11c; turkeys, 10c to 11c.

HIDES AND SKINS.

Prices revised daily by E. T. Carter & Co., Montreal, Front Street, Dealers in Wool, Yarns, Hides, Calissons and Sheepskins, Raw Fur, Tallow, etc.

Wool, 10c to 11c; yarns, 12c to 13c; hides, 14c to 15c; calissons, 16c to 17c; sheepskins, 18c to 19c; raw fur, 20c to 21c; tallow, 22c to 23c.

MINNESOTA GRAIN MARKET.
