ILLINOIS MANUFACTURERS EMPLOY THE BOYCOTT AGAINST STRIKING MINERS

Fuel Administrator Reports Increase in Coal Production—Further Orders for Train Curtailment—New York Now in Restricted Area—Soldiers Ordered to Coal Fields.

Chicago, Dec. 5.—Virtually the entire country was struggling tonight to make the best of more abnormal conditions than prevailed during the war as a result of the drastic measures being prescribed daily to partially counter-act the prolonged strike of miners in the bituminous coal fields. Tonight the situation could be summarized as follows:

Federal Fuel Administrator Garfield indicated that coal production was increasing over last week. Orders for further curtailment in train service were ordered with suspension for the first time in its history of the famous 20th Century Limited between New York and Chicago. Approximately 15 other trains in the eastern region also will be affected, beginning next Wednesday.

Members of the Illinois Manufacturers Association have begun a boycott of clothing, food, fuel and other necessities against the striking miners of the state. With the towns and cities in Southern Illinois affected today by the restrictions issued by the public utilities commission, operators say miners announced they could see no immediate end to the strike.

New York city was included in the restricted area today when coal was turned off in subway, elevated and surface cars during rush hours, and in cabins on some of the ferry boats. Electric signs also were darkened but for one hour during the evening. Reports from the Pittsburgh, Pa., district indicated that many miners there

EXCHANGE SITUATION RETARDING TRADE

Canada to Britain Lumber Business is Seriously Affected.

Special to The Toronto World. Ottawa, Dec. 5.—The exchange situation between Canada and Britain is seriously affecting the Canadian lumber trade. A credit of \$50,000,000 for purchases of Canadian lumber was arranged, but the question has arisen regarding payment whether in British or Canadian currency. In all \$25,000,000 has been expended. Part of this was in exchange for contracts with fixed exchange, but on the remainder, with the drop in exchange, Canadian shippers are faced with this sum with \$500,000 loss. The subject is engaging the attention of the government and it is possible further credits will be refused until there is a guarantee to Canadian shippers against loss from exchange contracts yet uncompleted and those to be arranged.

REDATE REVISED SALARIES. Ottawa, Dec. 5.—An order-in-council relating the salary provision of the civil service reclassification to April 1 last has been passed. This action was taken on a report by Hon. C. J. Doherty, minister of justice, giving reasons for pursuing this course.

SELF-GOVERNMENT ACCORDED TO INDIA

London, Dec. 5.—The house of commons tonight passed the third reading of the India bill, giving India a measure of self-government. William Adamson, Laborite, and Sir Donald MacLean, Liberal, who complimenting the government on what they declared was a long step forward, expressed regret that self-government in a larger measure had not been given India. Edwin S. Montague, Liberal, the sponsor of the bill, said the proudest moment of his life had arrived. The passage of the bill, he declared, ended the old era and started a new one.

HARROWING STORY BY SOLE SURVIVOR

German Seaman Tells of Shooting of Sailors During Spartan Rising in Berlin.

Berlin, Dec. 5.—The evidence adduced today at the trial of First Lieutenant Marloch, who is accused of having executed 23 sailors during the Spartan uprising in March, showed that efforts had been made to put Marloch in a lunatic asylum in order to procure secrecy concerning the execution. Seaman Lewin, the sole survivor of the execution, gave gruesome details of the shooting. He said there were some fearful screams and that he himself fell wounded. He heard soldiers coming into the court yard to shoot some of the sailors still living. When an officer with a revolver approached him Lewin begged for mercy and the officer had him taken to the Moabit prison. Arriving there Lewin said Major-General Reinhardt, former Prussian minister of war, declared this man must be shot, but that another officer interceded and saved him.

GRAY NOT REINSTATING. Winnipeg, Dec. 5.—Chances of ex-civil servant who was fired out of strike last May being reinstated are very slender, it was stated at city hall today. Mayor Charles F. Gray has reaffirmed his statement that he would oppose reinstatement, saying that he may have to give the casting vote.

NATIONAL RAILWAYS' BIG JOB IN OVERCOMING DEFICITS

Legacy of Private Exploitation Demands Increased Earnings of \$3000 Per Mile, and Higher Efficiency and Greater Economy in Operation—New Toronto-Ottawa Service Necessary Over Grand Trunk to Napance.

Sir Alfred Smithers, president of the Grand Trunk, will reach London within two or three days, with the agreement between the Dominion government and his company, which when the Grand Trunk shareholders have ratified it, probably some time next week, will nationalize the senior Canadian railway system. As soon as the government will appoint the management committee of five and the co-ordination of the C.N.R. and G.T.R. lines and of a thousand dollars a mile to rest. It will be the most important operation ever undertaken by a combination of public ownership and private business. Its objective is the conversion of a deficit of over twenty million dollars a year on twenty thousand miles of railway, into a surplus. That is some job. It means an addition of a thousand dollars a mile to net earnings over the whole system. Under the most favorable before-the-war conditions the net earnings of the best systems scarcely averaged more than one-third of the gross earnings. Three Thousand Dollars a Mile. If that ratio is to be restored, the

SAY R. B. RUSSELL LED THE WINNIPEG RADICAL MOVEMENT

Testimony by Witnesses at the Trial of Strike Leaders in West.

Canadian Press Despatch. Winnipeg, Man., Dec. 5.—That there were two factions in the Trades and Labor Council previous to the strike—the radical and conservative—and that the radical element, led by R. B. Russell and R. J. Johns, two of the accused, gained control in the fall of 1918 and continued in control until the general strike in May was the evidence given by John Lovast, a former police constable, at the trial of R. B. Russell today.

Lovast was a representative of the Policemen's Union on the Trades and Labor Council. In evidence he also stated that Sam Bumschberg, since departed, was forced upon the council as a delegate from the building trades from the radical faction in spite of opposition from conservative members.

William Percy, another witness, who was chairman of the finance committee of the general strike, swore that there were no Bolshevik funds used in financing the strike. In answer to a direct question by Mr. Cassidy as to whether he would attribute the strike or any of its unfortunate results to Mr. Russell, this witness said he would not.

Used by Red Elements. He said that the strike committee was responsible for the actions of the accused Russell and the other men of his calibre for misleading labor unions as a whole. This witness said that looking back he could see that the labor unions were used by the red elements for their (red) own purposes. The evidence of the mine-owners from the Drumheller district was taken. Their statements were to the effect that the Drumheller strike was in sympathy with the Winnipeg strike.

The trial was featured by exchanges between counsel and the repeated (Continued on Page 16, Column 2).

MUST BUY MORE IN GREAT BRITAIN

Advice of Lloyd Harris to Right Canadian Exchange Situation.

Special to The Toronto World. Ottawa, Dec. 5.—The only immediate practical remedy to right the British-Canadian exchange situation, according to Lloyd Harris, is for Canada to buy more goods in Great Britain. While an advocate of closer imperial trade relations, he could not see where an increase in the British preference would produce an immediate result in bettering the exchange situation. An imperial currency with fixed exchange rights within the empire would have a beneficial effect on Canada's export trade. "I am thru overseas," declared Mr. Harris, "and am glad to get back home."

"Are you going into the government?" he was asked. "I have not been invited, nor am I seeking an invitation," he replied. Mr. Harris is in Ottawa discussing European trade conditions. He is an ardent advocate of closer imperial trade relations, and if he enters public life it will be in advocacy of this policy.

RADIAL VOTE TODAY IN BORDER CITIES

Expect Municipalities to Endorse Sale of Hydro Commission.

Special to The Toronto World. Windsor, Ont., Dec. 5.—Final meetings in the campaign for the radial purchase plan were held in several of the border municipalities tonight, and representatives of the Ontario Hydro Electric Commission tonight expressed confidence that at the polls tomorrow the electors of the municipalities concerned will ratify the arrangement by which the Sandwich and Grand Amherburg Street Railway Company's lines will be taken over and operated by the provincial hydro-electric commission. The plan is to add for the system is \$2,100,000, in four per cent bonds, guaranteed by the Ontario commission.

In this city thirty polling booths will be opened from 3 a.m. until 5 p.m. Outlying districts, however, will keep ballot boxes in commission until seven o'clock. At meeting held in town hall in Sandwich west township tonight, Reeve C. C. Chauvin spoke strongly in favor of the plan. He said that the Ontario Radial Railway Association, told the electors that at any time a municipality had the right to opt out of the plan if it considered its apportionment too excessive.

WIDOW AND MOTHER BOTH GET THE CROSS

Two Crosses to Be Issued in Memorial of Man Survived by Both.

Ottawa, Dec. 5.—The department of military and defence announced, with reference to draft regulations respecting the issue of the memorial cross to mothers and wives of deceased soldiers, which were lately published in the press, that the regulations in their final form provide for the issue of two crosses in the case of each soldier or soldier who was survived by both a widow and a mother. In such instances, one cross will be issued to the widow and one to the mother.

GAS EXPLOSION SCARES BROADWAY

Theatre-goers in Panic When Flames Leaped From Score of Manholes.

New York, Dec. 5.—Hundreds of theatre goers were thrown into a panic tonight by an explosion of sewer gas in the "white light" district, which blew the tops off a score of manholes, sending blue flames leaping above the pavement. The explosion occurred as the theatres were opening for evening performances, and police reserves were summoned to control the frightened crowds. Hundreds of persons in adjoining buildings rushed into the streets, and windows were shattered for blocks, and electric lights thruout the region were extinguished. The ringing of private burglar alarms added to the confusion. At Broadway and Twenty-seventh street, a wide crack appeared in the sidewalk. Several persons were severely injured by flying glass and had to be treated at a hospital. A building occupied by the war camp community service in West Twenty-seventh street was badly shaken by the blast and practically all of the windows were broken. An exhibition window containing bats was blown into the street. The cornice of three floors of a building nearby was ripped off and hurled to the pavement. The heavy plate glass windows in the New York Telephone Company building in Broadway were completely shattered. The explosions continued for nearly an hour in the district and new blasts were occasionally sent several more manhole covers into the air.

EXPECTS ALLIANCE WILL BREAK DOWN Liverpool, Dec. 5.—Lord Robert Cecil in speech tonight said he did not think the suggested alliance between the United States, France and Great Britain, guaranteeing assistance for France in case of future aggression by Germany, would materialize. Such alliances, Lord Robert declared, always broke down just when they were wanted.

CANADIAN NURSE GIVEN 48 HOURS TO LEAVE U. S.

Superintendent of Vermont Hospital Given the Alternative of Apology.

Special to The Toronto World. Montpelier, Vt., Dec. 5.—Federal agents from the department of justice from Portland, Maine, and this city put a sudden end to the aldermanic investigation over the alleged insults to the American flag at the Rutland Hospital, when they served notice upon Attorney W. C. Stickley, vice-president of the board of directors of that institution, and the investigating committee at Rutland, that they assume the responsibility of further investigation and action.

Agents from the department of justice appeared at the hospital following the complaint made by the city officials and citizens. During the investigation the agents placed a silk American flag on the dining-room table. As Miss Aitken entered the room it is alleged she made the remark, "the table cloth would look better unsoiled," removing the flag as she spoke. She was then advised that she herself would have ample time to apologize.

Following the testimony given by Miss Josephine Niles, an American nurse, this afternoon, Miss Aitken, who is sister to Baron Beaverbrook, tendered her resignation, as superintendent of the institution. She was immediately advised by the federal authorities that she had her choice of either making a public apology or leaving the country within forty-eight hours, and in case she neglected to do either she would be immediately arrested at the end of that time.

Advices received this morning that Miss McLane was preparing to leave Woodstock, N.B., for Rutland to see the superintendent, Superintendent Aitken. In reference to this it was asserted that Miss Aitken that she notified her husband that she was returning to the border, would cause her arrest and trial.

PLENTY OF SEATS FOR MINISTERS

South Renfrew for Doherty, North Victoria for Attorney-General.

The time for election protests having expired, the following is the layout of the three parties as to by-elections. John Carty will offer his seat in South Renfrew to Hon. Manning Doherty, Rev. Watson is ready to resign in favor of Hon. W. E. Rancey in North Victoria. Several seats await Premier Drury. Gordon Waldron says the Tory protests of two Simcoes and Dufferin are in retaliation for the Greenback protest of G. Howard Ferguson's seat. Premier Drury will consider resignations only in a caucus of his party. He will possibly be a resignation in favor of Sir Adam Beck by Brig-Gen. Don McDonald Hogarth.

PRESIDENT DISCUSSING THE MEXICAN SITUATION

HEARS JENKINS IS FREED

Washington, Dec. 5.—Mexico has 24 war type airplanes mobilized at Chihuahua City alone, and is obtaining additional planes from Germany, according to a report given to the house military committee today by Brig-Gen. Mitchell, chief of operations of the army air service. The department also has information, Gen. Mitchell said, that former pilots in the German army are arriving in Mexico for service in the army air forces there.

MEXICO GATHERING WAR TYPE PLANES

Washington, Dec. 5.—Two senators, delegated by the foreign relations committee to confer with President Wilson on the Mexican crisis, and report whether in their opinion the president by reason of his illness was unable to exercise his functions, left the White House after a conference of three-quarters of an hour with him today, agreeing that he was in touch with recent developments and was mentally keen enough to form judgments on the questions confronting the nation.

In the midst of the conference, while Senator Fall, Republican, of New Mexico, was outlining the evidence on which he is urging a break of diplomatic relations, the president and his callers were informed that William O. Jenkins, the American consular agent, had been released. The advice left some doubt as to the circumstances, but the development was accepted generally as relieving somewhat relations between the two governments. The discussion with the president produced no definite conclusion as to Mexican relations, but it was regarded everywhere as bearing on a subject of endless speculation in congressional circles. The president's long illness of the chief executive has rendered him physically incapable of the duties of the presidency.

CARRANZA CLOSES MEXICAN OIL WELLS

All Companies Refusing to Take Permits Under Recent Decree Shut Out.

Houston, Texas, Dec. 5.—President Carranza's threat to close all producing oil wells in Mexico brought in since the decree nationalizing petroleum lands went into effect, was made good during the past week, according to advices received from Tampico by The Oil Weekly, published here. All wells brought in by companies refusing to apply for permits under the decree, and which were completed since the decree was made effective several months ago, "it was said, were closed and guards placed around them. Carranza last week shut down all drilling wells belonging to companies refusing to take out permits. It was asserted that the Mexican government cuts Mexico's production nearly four hundred thousand barrels a day.

HUNGARIAN TREATY READY FOR SIGNING Paris, Dec. 5.—The peace treaty between the allied and associated powers and Hungary is ready for signing, the supreme council having adopted economic, financial and reparations clauses today. The supreme council also approved treaty provisions regarding the frontier between Poland and Czechoslovakia, which places western Galicia within the boundaries of Poland. Plenipotentiaries, including Albert Apponyi, the premier, recently were appointed by the Hungarian government to sign the treaty when completed by the council.

Tension Between Governments Somewhat Relieved—Wilson, Tho Weak and Nervous, Promises Senators to Advise Congress in a Few Days—Deprecates Too Hasty Action.

Washington, Dec. 5.—The president, after a conference of three-quarters of an hour with him today, agreeing that he was in touch with recent developments and was mentally keen enough to form judgments on the questions confronting the nation.

ARMENIAN FORCE DEFEATS TARTARS

Latter, Under Turkish Officers, Were Invading Neutral Zone.

New York, Dec. 5.—A decisive defeat has been inflicted by Armenian troops upon a Tartar force commanded by Turkish officers, which invaded the neutral zone, established in the southern Caucasus, on the borderland between Europe and Asia, according to a cablegram received today by the American committee for the independence of Armenia. The message, which was sent from Erivan, the Armenian capital, said: "A Tartar force, commanded by Turkish officers, attacked the Armenian circle at Zangazur, which was divided into a neutral zone by Col. Haskell, the American high commissioner to the Armenian republic. They were decisively defeated after a day's battle, leaving over 500 dead and wounded on the field of battle and several hundred prisoners, fourteen machine guns and considerable ammunition and provisions."

NORTHERNERS WILL MEET.

North Bay, Dec. 5.—On January 15 next a convention of the mayors and representatives of boards of trade of northern Ontario towns will be held here to discuss the future development of the north country. The meeting has been called by the mayors of North Bay, Cobalt and Timiskaming, and its purpose is to draw the attention of the provincial government and people of Ontario to north Ontario needs.

YORK COUNTY AND SUBURBS

I. S. P. DECIDES TO CHANGE NAME

Independent Soldier Party Now Known as Soldier Citizen Party.

An enthusiastic meeting of the Independent Soldier Party was held in Broadview Hall, Broadview avenue, last night. George Moore, vice-president, in the chair, when the constitution of the organization was read clause by clause by J. Drummond and adopted. The name of the association after some discussion, was changed to "The Soldier Citizen Party" by a unanimous vote of the members.

The following committee were also elected: Political committee, D. Forgie; finance committee, A. G. Condie and J. Sutherland; organizing committee, J. W. Wallace; the association secretary, T. W. Leighton. T. A. Joyce and Mrs. Sutherland; entertainment committee, Jack Campbell.

Sergeant-Major McNamara, D.C.M., M.L.A., congratulated the new political party, which he felt assured would become in the not distant future a great political body.

He pointed out that the Farmers' party a few short years ago started out with a smaller membership than the Soldier Citizen Party, whose platform was upon broad democratic lines. The speaker said he was the only independent member in the new parliament and was in favor of a free trade policy. He recognized that capital had its rights as well as labor and both would have a square deal.

The selection of candidates for municipal honors was briefly discussed, but no action taken.

Regarding the majority candidacy the meeting was in favor of the Church for re-election, providing no soldier candidate was in the field.

Riverdale Collegiate Holds Commencement Exercises

Riverdale Collegiate Institute twelfth annual commencement was held in the institute last evening when a large gathering of students with their parents and friends were present, together with a number of local clergymen and members of the board of education.

The program consisted of the presentation of diplomas and prizes won by the students in the various classes.

Rev. (Capt.) W. A. Cameron, B.A., the speaker of the evening, congratulated the students for their good work during the preceding year and paid a glowing tribute to Major Wm. Mitchell, M.P., who was in the audience staff. A short musical program was rendered during the proceedings.

The C. A. B. Brown award for scholarships, games, character and leadership, was won by Helen McAlpine.

The Dr. Steele award was won by Nelson Marr. The Eldridge Stanton memorial cup for an essay on heroism was awarded to A. R. Kent.

The prize for English essays, presented by Rev. J. McP. Scott, open to girls, was won by Kathleen Waring, and the junior essay was awarded to Jennie Gemmill.

TRAFFIC CHANGES IN RIVERDALE.

To relieve the traffic congestion at the corner of Broadview avenue and East Queen street, Deputy Chief Dickson announced yesterday that on Monday next, the east-bound traffic during rush hours will be diverted south at the bridge by Conboy's factory, over the Don roadway, to Eastern avenue, and thence east.

The east-bound traffic only will be diverted at first, to find out how the congestion is relieved.

MARTIN MCKEE, J.P., DIES.

One of the earliest settlers and best-known business men in the Riverdale district, Martin McKee, J.P., died at his late residence, 450 Queen street, on Thursday, in his 79th year, and is survived by his widow, one son (married), and four daughters.

The late Mr. McKee was born in Belfast, Ireland, and came to Canada in 1852. He purchased a site in Leestville and engaged in business as a general storekeeper. Later he established a planing mill and lumber yard on his property, which he carried on for 25 years.

Funeral will take place this afternoon at the Necropolis.

PREFER SMALL MEMORIALS.

The large majority of local ratepayers' associations are in favor of the proposed York County soldiers' memorial Bond Lake, according to the statement of a prominent official. The memorial on a smaller scale are said to be what the people want.

LIBERTY LEAGUE DELEGATES.

A business meeting of the Central Branch Liberty League was held at headquarters, Foresters' Hall, College street, last night, when delegates were appointed to the forthcoming convention.

T. L. Carruthers occupied the chair. Ward Two Branch, Citizens' Liberty League, held an enjoyable euchre and social in O'Neill's Hall, corner East Queen and Parliament streets, last night. C. S. Townsend presided. Refreshments were served, and there was a good attendance.

REFORMERS PREPARE SLATE.

The Educational Reform Association campaign committee are preparing a slate of candidates for the forthcoming board of education elections, which will be announced at their next meeting. Several prominent citizens have promised to be candidates under the association's auspices. T. L. Howard is chairman.

WOULD REVIVE HUMBER CREST.

In connection with the approaching municipal elections, the central council of York township ratepayers' campaign committee will endeavor to revive the Humber Crest Ratepayers' Association, which was formerly an active body, but had been dormant for the past two years.

T. H. DUNN WINS SUIT.

Judge Denton awarded T. H. Dunn of New Toronto damages in his suit against Samuel E. Sculthorpe of Port Hope. The action arose out of a motor car collision in Newtonville on May 25 last, and Mr. Dunn asked for damages to repair his car.

FOOT WAS AMPUTATED.

Albert Curtis, aged 28, of 78 Wellesley street, had his left foot badly crushed by a truck at the C.N.R. yards yesterday, and it was necessary to amputate. Curtis was admitted to the General Hospital.

FAIRBANK FORMS VOLUNTEER BRIGADE

Strong Organization Formed to Fight Fire in the District.

A special meeting of Fairbank ratepayers was held at the clubhouse, Harvie avenue, for the purpose of discussing the formation of a volunteer fire brigade for the district. A. E. Camp was in the chair. It was moved by A. Leonard that a volunteer fire brigade for the district be formed. The motion carried unanimously.

Mr. Whites gave details of the equipment, supplied to Mount Dennis station.

It was decided that the district be from St. James street west to Centenary, and the Belt Line south to city limits, and that the location of the firehall be left over for the chief and officers to decide.

The following offered their services as volunteers: V. Lewis, A. Leonard, A. Harman, W. Young, A. Cairns, R. Harris, A. Riley, A. Camp, H. Swabey and H. Hamlin.

Mr. A. Leonard was elected for the position of chief officer; Mr. Lewis, deputy chief, and Mr. Cairns, first lieutenant.

Fire Chief Leonard was asked to interview the members of the G.W.V.A. (Fairbank Branch), at their next meeting and ask their assistance, and also to interview the York Township Council at their next meeting re the purchase of equipment and report to the next regular meeting of the ratepayers to be held on Dec. 18 at the clubhouse.

W. H. MATON IN HOSPITAL.

W. H. Maton, Dufferin street, a well-known resident of the St. Clair district, is a patient in the Western Hospital. From latest reports he is progressing favorably.

EARLSCOURT CONGRATULATES MACGREGOR.

One hundred and one telephone calls in one day to congratulate Ald. Donald MacGregor, ward six, for his stand on retaining the name of Earlscourt instead of changing it to Albany, and all coming from Earlscourt residents, is said to be a record.

At the city council meeting Ald. MacGregor secured a majority of 15 votes to 4 against any change, although 102 owners out of 143 residing outside and inside the district wanted it changed to Albany. Such a large number of calls shows the keen interest in the retention of the name of Earlscourt, which has always been jealously guarded by residents. It is said that not even Controller McBride has ever had so many telephone calls in one day over any matter of such urgent publicity.

POULTRY MEN SEEK MEMBERS.

The Earlscourt Poultry and Pet Stock Association held a meeting last night at 1228 St. Clair avenue. President R. R. Harris being in the chair. Secretary W. G. Sanderson reported on the members, and a discussion took place on the various breeds of chickens suitable for show purposes. The objective is a membership of 500, and special efforts are to be made to exceed this number.

BANKING ON BALLANTYNE

The Labor party in the northwest district is banking on Ballantyne running for mayor this year. His effort in 1919 to secure a seat in the city hall was considered very satisfactory for an unknown man, and those who disagreed with his views gave him credit for a carefully-thought-out Labor platform. A well-known local veteran, who gained some credit in the war, is another candidate for the mayor's chair. At present he is looked upon as the "dark horse" of the municipal campaign.

WARD SIX POLITICS BOOMING

Ward six politics are booming, and many local names are coming forward for both alderman and controller. To the World, O. Earl Hodgson is the name that is being mentioned. I look after its varied interests, and I intend to make a big fight for a seat in the aldermanic council. I was born and raised in Earlscourt, and have been in business there for ten years," he added.

RUNNYMEDE CLUB ACTIVE.

The work of the Runnymede Community Club is progressing very favorably in the district, and the president of the club is certainly making itself felt. Many improvements are now under way, and it is evident that more work will be done in the district.

D. Brunton, J.P., president of the club, is supported by a good working executive, who have been instrumental in having a largely-signed petition against the smoke emanating from the C.P.R. roundhouse at St. Clair avenue and Runnymede road, and which is now ready for presentation to the railway board.

Mayor T. L. Church of Toronto has promised to address the Community Club at its next meeting on Thursday evening, Dec. 11, when a number of other subjects will also be taken up.

Smallpox Case in Kitchener; Put Blame on Toronto Firm

Kitchener, Dec. 5.—(Special).—A second case of smallpox is reported here. The patient, when questioned by Sanitary Inspector Rau, said that he believed he contracted the disease from blankets which he recently received from a Toronto firm doing a mail order business with Kitchener. The man's case is said to be severe. The victim is Alfred Cardozo, secretary of the local lodge of the Sons of England.

HAMILTON

Hamilton, Dec. 5.—Hariton Serpovitch was committed for trial on a charge of murdering John Rapchinski, by Magistrate Jelis in the police court today.

A complete list of candidates for the various municipal offices was nominated by the Independent Labor Party at its nominating convention on Thursday night.

Members of the Women Teachers' Association, at an indignation meeting this afternoon, held in the library building, went on record as declining to accept the \$60 increase for 1920, passed by the internal management committee on Thursday night.

In an attempt to get at a solution of the problems in the way of an exchange of Binkley Farm for Westlawn Cemetery, controllers conferred with Ald. T. B. McQueen of the town planning commission, and K. Hamilton, secretary of the McKittick Syndicate.

Judge Snider this afternoon closed the case of Elliott v. Amsbury by awarding the plaintiff judgment for \$377.50. It was an action brought by Mrs. Annie Elliott against her sister-in-law, Mrs. Clara Amsbury, for a share in the insurance policy of \$1,000 on the life of Eli Elliott.

The small towns and rural parishes of the diocese of Niagara are being favored with a visit by Bishop Clark.

Two political candidates were discussing the coming local elections.

"What did the audience say when you told them you had never paid a dollar for a vote?" queried one.

"A few cheered, but the majority seemed to lose interest," returned the other.

HOPING TO REOPEN COAL MINES IN OHIO

Columbus, O., Dec. 5.—Efforts of Governor Cox, thru conferences today with operators and officials of the miners' union, to reopen the mines in Ohio, were declared by the governor to hold encouraging prospects this evening, when all negotiations were postponed until 11 o'clock next Monday morning.

A conference with a committee of operators, the governor announced, and stated that personally he considered the prospects for settlement good.

The all conferences were held behind closed doors and no statements as to the proposals for a compromise were made public. It is believed that the governor proposed an increase to the miners of approximately 25 per cent. This is about 6 per cent over Secretary of Labor Wilson's proposal which the miners indicated they would accept and 11 per cent more than the federal government's proposal which the miners rejected.

MONARCHICAL CAMPAIGN POSSIBLE IN GERMANY

London, Dec. 5.—A German despatch received here tonight says the German government agrees with the recent statement of Phillip Scheidemann, former foreign secretary, that a successful monarchial campaign against the government is possible, and that the activity of the monarchists is due to the severity of the entente in handling German questions.

"An understanding on disputed points and a speedy ratification of the peace treaty would, however, take the wind out of the sails of the reactionists," says the despatch, "and also paralyze the agitation of the Independent socialists against an understanding with the entente."

The wireless says that the government has decided to preserve the Kaiser's tomb as a monument to art and convert it into a museum.

SOLDIER FEDERATION ESTABLISHED FACT

All Veterans' Associations in Hamilton in New Organization.

Hamilton, Dec. 5.—The discharged soldiers' and sailors' federation, representing all veterans' associations in Hamilton and district, is an established fact. A good start last night was made when officers were elected and a constitution decided upon. About sixty delegates attended the meeting, at which the organization was completed in the Knights of Columbus Hotel and they represented the United Veterans' League, Honorably Discharged Soldiers' Association, Originals' Club, Veterans of France, Central, East Hamilton, Airmail, Dundas and Mount Hamilton branches of the G. W. V. A., H. M. Army and Navy Veterans' Society, Naval Veterans' Association and the 15th, 49th, 88th, 129th and 20th Battalion Associations.

Elect J. Anderson President.

After accepting the constitution as recommended by the constitutional committee, the following officers were elected: Comrade John Anderson, president; Comrade W. C. Stevenson, first vice-president; Comrade E. Stradwick, second vice-president; Comrade W. Horrocks, recording secretary; Comrade S. L. Heaton, corresponding secretary; Comrade A. F. Smees, treasurer; Comrades Kelly and Steer, marshals; Comrade W. Hamang, Reid and G. R. McNichol, auditors; Comrades Geo. Kennet and Hyland, trustees.

The harmony and enthusiasm which reigned supreme at the new body's first regular meeting augured well for its future success. An executive committee was named as follows: Comrades M. M. Robinson, W. Horrocks, Brown, Bates, Hope, F. Stradwick, Cook, W. C. Stevenson, J. Newton, Cochrane Baldwin, S. Heaton, Smith, A. E. Carver and A. E. Smees.

DRIVER CLAIMS TO HAVE ALIBI

Inquest Into Death of John C. Lawson Brings Perplexing Evidence.

Evidence given by the various witnesses at the inquest last night on the death of John C. Lawson, a returned soldier, who was struck and killed by a motor car at the corner of York and Adelaide streets on the night of Nov. 27, was of a very baffling nature.

According to the evidence submitted Lawson was walking down York street with three friends to catch a King street car. At the corner of Adelaide he stepped off the curb with one of the party and was struck by the motor, which threw him to the ground and ran over his body. No warning had been given from the car and only one member of the party saw the auto clearly, which he said was going at a good speed. The car did not stop, but put on more speed and continued along Adelaide street west.

Police Give Chase.

P.C. Greenies happened to be at the corner of Adelaide and York streets at the time of the accident, and jumped on the running board of a car driven by Thos. Chadwick, 883 Bathurst street, and having pursued the car, which he alleged had struck Lawson, along Adelaide street, he was lost sight of.

Applications of those entitled, under these regulations, must be submitted before the 1st of July, 1920.

Forms of application and full information may be obtained from the paymaster-general, Canadian building, Ottawa; the assistant directors of pay services in the military district, and the various branches of the imperial veterans in the Great War Veterans' Associations.

IMPERIAL BONUSES MAY BE DELAYED

Ottawa Announces It Will Be Necessary to Get Over-Sea Reports.

Ottawa, Dec. 5.—That the payment of the imperial bonus to former members of the imperial forces, as provided for by an order-in-council recently passed, may take some time, is indicated by a telegram handed out this evening through the militia department. The statement points out that in order to determine the gratuity to which applicants may be entitled, it will be necessary to obtain certain information from the imperial authorities. In the most favorable cases this investigation may take sixty days, and in the difficult cases, six months. The statement follows:

An order-in-council has been passed authorizing the payment of war service gratuity to former members of the imperial forces, who were bona fide domiciled in Canada at the outbreak of the war, who returned to Canada after discharge from such forces and who are bona fide domiciled and resident in Canada at the date of application for gratuity.

The expression "who returned to Canada after discharge" is extended to and includes officers, and other ranks, who hereafter return to Canada, who did not leave Canada, or who returned to Canada before discharge.

Place All On Equal.

The main purpose of the regulation is to place all on an equal footing. The imperial forces in the service were provided for as their service had been in the Canadian forces. Applications of those entitled, under these regulations, must be submitted before the 1st of July, 1920.

Forms of application and full information may be obtained from the paymaster-general, Canadian building, Ottawa; the assistant directors of pay services in the military district, and the various branches of the imperial veterans in the Great War Veterans' Associations.

FRENCH VESSEL SUNK OFF NOVA SCOTIA COAST

Sydney, N. S., Dec. 5.—The French steamer Colmar, Capt. Simon, was reported sunk in latitude 44.33 north and 69.56 longitude west, according to a wireless message received by Vincent Mullins, local agent of the marine department, at midnight to-night. The steamer, Missisquoi, was standing by and had succeeded in rescuing fifteen members of the crew, but twelve other members of the crew were adrift in an open boat and had not been picked up when the wireless message was received from the Missisquoi.

The scene of the foundering is on the Nova Scotia coast, somewhere between Canso and Sable Island. No details beyond those above mentioned were given.

DISCUSS ABOLISHING POLICE COMMISSION

Declare This Was Advocated at Secret Conference of Kitchener Aldermen.

Kitchener, Dec. 5.—(Special).—The special council meeting called to meet in the city hall this afternoon at two o'clock for the purpose of reviewing the incidents which occurred on Monday night, and resulted in an abrupt end to the proceedings, failed to materialize, as there were not sufficient aldermen present to make a quorum. Mayor Gross called the meeting to order at three o'clock, after waiting an hour. He stated that while there was no quorum he wished to state that the purpose of the meeting was to talk over the incidents of Monday night last, and he regretted that the aldermen had not responded to the call for the meeting. The meeting promptly adjourned. There were about six war veterans on hand to watch the proceedings.

Hold Secret Conference.

As soon as the aldermen left the council chamber they went into a secret conference behind closed doors. From what can be learned they discussed the question of abolishing the police commission as a protest in a manner in which the police handled the mob on Monday night. It was indicated following the conference by one of the aldermen that the police commission would be one of the principal issues before the new city council to be elected in January. The same alderman also stated that the police commissioner would be one of the principal issues before the new city council to be elected in January. The same alderman also stated that the police commissioner would be one of the principal issues before the new city council to be elected in January. ITALIAN SENATE CHEERS FOR KING

Tittoni Says Italy is Genuine Democracy Without Touch of Plutocracy.

Rome, Dec. 5.—"A union of all the best citizens in an imperative duty," said Tommaso Tittoni in a speech delivered on his assumption of the presidency of the senate today. "Concord in the senate would be setting an example for the country, thereby inducing the latter to consider the irreparable losses caused by suicidal abstention from voting." He continued, after alluding to the small number of constitutional electors who went to the polls in the last general election.

"The work of the peace conference was slow and uncertain, not always coherent and not always considerate of the war or of their legitimate enormous sacrifices," Signor Tittoni added. "This attitude of the peace conference produced discontent and unrest, which has been especially felt in Italy, whose war aims found the greatest opposition."

Signor Tittoni was interrupted by cheers for the King when he said: "Let me express the deep loyalty of the senate to our august sovereign."

Italy, a true and genuine democracy, without the least touch of plutocracy, is animated only by ideals of equality and justice. Viva the King! Viva Italy!"

The entire senate arose and joined in the applause.

The socialist deputy Misiano, who before his election to the senate, was condemned by an Italian military court to be shot for desertion, and who for a time had been imprisoned in Germany on a charge of participating in revolutionary movements, made his first appearance in the chamber today. When asked to take the oath he said:

"I swear, wishing for a social revolution soon."

Some socialist deputies applauded this utterance, but the remainder of the chamber booed.

THE BRUTE.

The other day a woman entered the office of Lou Guernsey and asked him to be her lawyer in a divorce case. She said she had been married only a day.

"Married only a day, and you want a divorce?" gasped Guernsey incredulously.

"Yes," insisted the woman, and explained:

"When my husband came home from the office I was crying. He asked me why and I said, 'Oh, John, I baked a lovely cake and put it out on the porch for the frosting to dry, and the dog ate it.'"

"And John said, 'Don't cry, dear, I know a man who will give us another dog.'"

TWO THINGS TO DO TODAY

See The Demonstration Of the Ohio Electric Suction Cleaner

Weather Strip

And Decide That It's the Ideal Gift for Her Who Looks After the House

Because it will save her time and energy, doing in 20 minutes the cleaning and sweeping that perhaps would take two hours in the usual way.

Furthermore it lengthens the life of rugs, carpets, draperies, and other furnishings.

It makes pleasant that which is perhaps the most disagreeable of house work.

And it works without dust, thereby guarding one's health.

Here Are Eight of the "Ohio-Tuec" Improved Features

1. Greater suction power by reason of scientific design; high speed motor.
2. Nozzle instantly and easily raised for long nap rugs or lowered for cleaning bare wood floors by turning a convenient thumb screw.
3. Double, dust-tight bag opens at bottom only for emptying; large neck permits full free expansion of air passing through the fan.
4. No current in handle—automatic switch; to start motor simply pull handle back into position for pushing machine. No bending or stooping to turn or push a button.
5. Pistol grip handle.
6. Vertical motor; no elbow in throat of machine to constrict flow of air.
7. Complete set of attachments for every cleaning need.
8. Soft rubber tires vulcanized on fibre wheels; will not injure the finest finished floor.

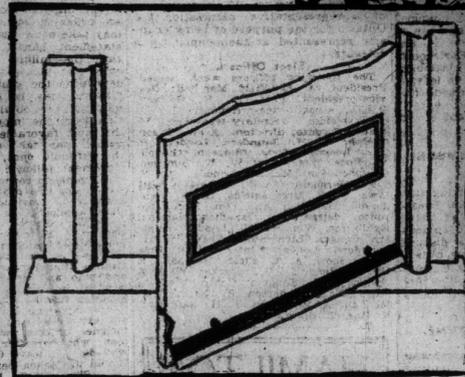

The Price is \$49.00
Set of Extra Attachments, \$12.00.

Every Crack Where the Slightest Draught Gets in and the Precious Heat Gets Out

If You Have Any Doors That Don't Fit Tight Around the Bottoms

Ask about the Automatic Door Weather Strip which is illustrated below

As you see it is screwed on the bottom of the door, and has a small attachment or arm, which when the door is closed, presses tight against the jamb and forces the weather strip tightly against the door and floor.

When the door is opened the arm releases the weather strip, thus affording an automatic protection against draughts.

It is simple in operation and effective, furthermore, it's a splendid value at 55c.

Sizes are 2 ft. 6 in., 2 ft. 8 in., 2 ft. 10 in., and 3 feet.

When ordering mention size of door and if opens on the right or left. The price complete is 55c.

Felt-covered, Storm-proof Weather Stripping, with solid rubber core, for doors, windows, etc.; 24 feet in a box. Is priced at 60c.

Dunlop Weather Stripping, consisting of felt covered rubber tubing. Price 5c per foot.

At 2 1-2c a foot is wooden Weather Stripping, with felt core.

At 2 1-2c is a 3-4 inch wooden Weather Stripping with felt core.

At 5c a foot is a 1 1-2 inch wooden Weather Stripping with felt core.

If desired, you may arrange with the Drapery Department to have a man come and put on any of this Weather Stripping for—up to 100 feet, 4c a foot; over, 3 1-2c a foot.

LABOR NEWS

LETTER CARRIERS RECEIVE INCREASE

Strike Ballot Will Now Likely Be Returned in the Negative.

That letter-carriers were very largely affected by the report of the reclassification committee of the civil service commission granting increases totaling \$2,000,000, and that the projected strike ballot now in process of completion would result in "no strike" was forewarned in the confirmation of the news in a letter received yesterday from the postmaster-general by officials of the association briefly outlining the increases noted. His letter was in response to a letter sent by the association to Hon. Dr. Roche, president of the civil service commission, asking for a salary of a salary and bonus equivalent to \$1,744 a year.

In his communication the postmaster-general points out that the minimum salary has been increased from \$600 to \$780, and the maximum from \$839 to \$1,260, the bonuses to be on the previous basis, that is to say \$420 for those receiving less than \$1,000 a year, and \$24 less for every man receiving \$1,000 and up to \$1,600. This means that a man drawing the minimum salary of \$780 would receive \$1,260, counting the \$420 bonus; a man drawing the maximum of \$1,260 would receive \$1,655 a year, counting the bonus of \$395.

It is understood that the strike ballot will be in by December 12. It is understood to be a foregone conclusion that no action of any sort will be taken until the Ottawa bonus controversy. The present increases are retroactive to April 1, 1919.

STRIKE OF CHINESE NOT MADE PUBLIC

"No Chow-Chow, No Work," Said Laborers, Who Went Breakfastless.

In the aftermath of stories of the war comes the tale of a strike of which at the time the public heard nothing. The scene was a wood yard in Flinders where an imported company of Chinese laborers, marching in what one close inspector was recognizable as a Chinese laborer idea of a column of fours, arrived each morning, worked all day, and marched off again in their column of fours at night. But one morning the column of fours came along the road in no order whatever, flowed into the yard, and promptly refused to go to work. Something had disordered the routine of the camp; the Chinese laborers had had no breakfast, and also a British corporal had got them to the wood yard, they refused to go further with the day's proceedings. Orders, threats, or promises of future reward were useless. The yard became a babel of Chinese speech with a smattering of lately acquired English; the defiant words, "No chow-chow, no work" were plain enough to serve as an ultimatum. Eventually they quieted down and sat on their haunches, but any effort to persuade them to toil stirred the hubbub afresh and made "No chow-chow, no work" rise again like a chorus. The strike lasted two hours and was ended by the arrival of a wagon load of bread. The loaves were cut into quarters, and a quarter given to each laborer. He ate it to the crumb, and then, chow-chow having been provided, he went to work.

"Of course not. But how does that show selfishness?"
"Why, it was his hand, wasn't it?"

INITIATION FEES HIGH

Union Rates for Painters and Decorators May Be Increased.

John Hopkins, business agent of the Painters and Decorators' Union, stated yesterday afternoon that the union rate in various cities in Canada and the United States was as follows: Toronto, 65c; Buffalo, 70c; Detroit, 85c; San Francisco, Seattle and Portland, all 90 cents; Minneapolis, 75c; Boston, 90c; New York and Chicago, \$1 an hour with a five-day week. Boston, he stated, was about to increase the rate to \$1 an hour. There were altogether 199,000 members in the international, initiation fees differed in different cities. In Chicago the member paid \$100, in New York he paid \$50, as he did in Mexico and Minneapolis, and other United States cities. The fee in Toronto was \$5, but this would possibly be increased. An expert in the trade expressed the opinion that unless fees differed in different cities, a non-union man could pay \$5 to get onto a job employing only union men. High rates would be paid here. He would like this job in time and at the same time would drop out of the union which had served his purpose of gaining high wages.

Charles O'Donnell of the Theatrical Workers' Union stated that his association charged \$50, and still had a large waiting list, thus ensuring the best type of worker. The New York local of his union charged an initiation fee of \$150. As the minimum wage for men traveling on the road was \$5 a week, the members could afford to pay up.

No General Wage Increase To Canadian Railway Workers

Montreal, Dec. 5.—There is to be no general wage increase to employees of Canadian railways, according to a statement issued from the office of the Railway Association of Canada (the Canadian Railway War Board) today. "Some people have apparently been misled," said an official of the Railway Association, "by recent dispatches from Winnipeg, announcing that an agreement had been reached between the Canadian Pacific and its train service employees, whereby these men were to receive an increase in wages. The particular agreement is merely a local application of the rates of pay and working conditions for trainmen and conductors as provided for in the recent supplement to the MacAdoo award."

Minto Coal Company Expects Miners to Strike This Morning

Frederickton, N.B., Dec. 5.—While the miners were all working as usual in the Minto Coal Company's mine at Minto today, William Hayes, board member, who has been in charge of the situation for the United Mine Workers of America, returned to Minto this afternoon from Cape Breton, and a meeting of the U.M.W. branch at Minto has been called for tonight. The miners will take another strike vote this evening, and it is expected they will vote to walk out tomorrow. It was further learned that the Minto Coal Company expects the strike to start in the morning.

INFORMED JENKINS RELEASED.

Announcement of Jenkins' release, it was said by those present, gave the conference its only dramatic turn. The news was telephoned to the White House and the two senators had arrived, and was communicated to Dr. Grayson by Secretary Tumulty. Returning to the sick room while Senator Fall was on the floor, the president of the administration made policy toward Mexico, was in the midst of his argument for a diplomatic break. Dr. Grayson informed the president that Jenkins had been released.

Deputy Minister Tells of Progress Made Fighting the Disease.

Ottawa, Dec. 5.—Dr. J. A. Amyot, deputy minister of the department of health, who has just returned from Winnipeg, where he has been investigating the epidemic of so-called sleeping sickness, today issued the following statement in regard to the matter: "The department of health, as a result of its own observation and information furnished by the provinces, reports, in reference to the present cases of 'sleeping sickness' occurring in Canada, that the disease is at present largely confined to the province of Manitoba, having appeared there about six weeks ago. Since its appearance at this time, only 40 cases have been reported in the province. It would therefore seem that no such sweeping epidemic as happened in the case of influenza is likely to occur."

It is fortunate that at the present time the province of Manitoba has as its medical officer of health, Dr. Gordon Bell, a well-trained physician, a skilled bacteriologist and pathologist, and most careful and critical observer. He is carefully tabulating all results determined, and taking every precaution that the best possible care and treatment is given in all cases.

The disease is not a new one, having been observed in Vienna several years ago; in England in 1918, when 300 cases were observed, and during the same time it had made its appearance in the United States. There is as yet no specific remedy either for prevention or treatment of the disease, but under careful individual treatment, recovery results in a large majority of cases affected.

The usual weekly parade of the 10th Irish Regiment was held at the St. Lawrence Armories on Thursday evening, and preliminary drill and rifle practice were indulged in. A number of recruits are joining up, and the recent authorization by the government of payment for drill attendance is expected to attract enough men to bring the regiment up to full strength in the near future.

K. OF C. MAY HELP HOSPITALS.

Military headquarters in all probability will permit the Knights of Columbus to carry on their hospital work in St. Andrew's Military Hospital. Hitherto comforts for soldiers in that hospital have been supplied by the Red Cross, but as a result of representations to the authorities by the K. of C. and the soldiers themselves this order may be changed.

Y.M.C.A. BENEFIT

Primary Object of Concert to Raise Funds for New Building.

A benefit concert in aid of a new Y.M.C.A. for the northwest district was held in the Oakwood Collegiate School last night. Mr. Peter McMichael in the chair. To raise sufficient money to buy the site for the proposed Y.M.C.A. building, said the chairman, or at least to secure a portion of it, so that the purchase could be completed by Jan. 1, was the primary object of the gathering. On the platform in support of the effort were: Alex. MacGregor, K.C., president of the Executive Council; Controller Cameron, Ald. Blackburn, John Henderson, A. H. Cuttle and others. Controller Cameron, in a brief speech, endorsed the work of the Y.M.C.A. and said the best that was the men now who, as young men, were members of the Y.M.C.A. in their early days. St. Clair district, said the controller, needs a Y.M.C.A. and deserves public support. Only yesterday, he added, the parks commissioners had stated that no less than 350 hockey clubs of this city had made application for spaces on which to play. Physically and mentally the Y.M.C.A. were doing a great work.

New Parties Must Not Be Sectional.

Success for the farmers' government depends on the breadth of spirit it displays in dealing with public problems. Any sectionalism or class tendencies in legislation will alienate public sympathy and especially independent public sympathy. With a broad-gauge, favor-to-none policy the farmers' government may count on support.

There is a lesson in this for the labor party. In Great Britain the last general election is now generally attributed to class tendencies in the labor policies. This is what destroyed Mr. James Simpson's career when he started as controller some years ago. If the labor party in the civic election can demonstrate their single-mindedness and determination to hold the interests of the whole citizenship equally in consideration their success will parallel that of the farmers in the province. The people are looking for a change, but they will not change unless they can feel confidence and trust.

Public Ownership for Windsor Street Railway.

Today's vote in Windsor and the other border cities on the question of bringing the street railway system there under the Hydro-Electric Commission is another step in binding the municipalities of Western Ontario in advantageous co-operation.

Windsor and the other border towns have suffered from the propinquity of Detroit, but it has suffered more from the failure to get adequate service from the privately operated street car service, and after much consideration and many consultations the people of the Border Cities have come to the conclusion, as they appear also to have done in Guelph, that better and more profitable service on the street car lines can be had when they are an integral part of the Hydro Commission's service.

The praise that some critics lavish on private ownership cannot be extended to such systems as that at Windsor, and no one now doubts that the only remedy is that upon which the people are to express their opinion at the ballot today. The bylaw to be submitted covers the purchase of the S. W. and A., the transaction to be effected by the exchange of Hydro bonds for the property, the revenue from which will cover all charges in twenty years.

No doubt it fell in Windsor that the bylaw will carry by a large majority.

Montreal's Way.

How sleepless the vigilance of the friends of railway nationalization must become clearer with every perusal of the corporational press. In The Montreal Star, The Montreal Herald, and elsewhere, notice is frequently given that the defeated privateers (no naval allusion here) mean to fight long and bitterly to recover control of our greatest national utility.

Toronto, The Herald gravely asserts, with relentless iteration, is only a wayside station. For this city to be retained as the headquarters of national railways "would be to put the stamp of the parish pump on our national railway system, and play right into the hands of competitive systems." To make Toronto the railway capital of Canada is to "fight against nature"—a sort of unparadiseable sin.

An Ottawa despatch in The Star says that when the Grand Trunk is acquired a new directorate of the National Railways will be appointed or the present board reorganized. With regard to the headquarters location, "it is stated that this will be a matter for determination by the directors, rather than by the government." It is asserted, too, that "railway experts all agree that Montreal is the only logical headquarters."

It cannot be said that when the Canadian National, all railway experts agreed that the head offices should be located in Montreal. They were retained in Toronto because it was the best business policy so to do. There is no reason to think wise directors would make a change, merely because the National's mileage has increased. The C.N.R. today has four times the mileage of the Grand Trunk. Toronto, creates more railway business than Montreal, and is closer to more cities that require immense transportation services than Montreal can ever be. Opponents of nationalization profess to fear that as most of the Grand Trunk thru freight traffic is derived from Chicago that end of the railway will be neglected as a result of nationalization. Toronto is a day nearer Chicago than Montreal is. You can't get direct to Chicago from

Montreal without losing a working day. You can go from Toronto over night.

The cry is insistently raised in Montreal that politics and not efficiency in transportation will govern all C.N.R. affairs without a scrap of evidence against their present management. As a subtle example of how this pernicious influence may be eliminated it is proposed to transfer the majority administrative interests in the C.N.R. to the minority interest. If such a transfer happened there could be no more striking example of the power of pull over the logic of tonnage and wisdom of common sense? "We did all we could to prevent nationalization, but when it comes we want it all," is a fair summary of the attitude of oppositionist Montreal. It is entertaining, but it is not business.

Silver Soaring High.

William Jennings Bryan made merry the other day at the expense of the New York bankers, when he inquired whether they intended to pay their debts in silver or in the "debased" gold dollar. When Mr. Bryan was running for president on his free silver platform of 1896, silver was worth something over 50¢ an ounce, and the Mexican dollar passed everywhere for 50¢. Today silver is worth more than \$1.30 an ounce, which means that the silver dollar—whether American or Mexican—is intrinsically worth more than a dollar in gold. The silver producer would, therefore, not benefit by the free and unlimited coinage of silver at the ratio of 16 to 1.

Various reasons are given for the sensational rise in the price of silver during the past few years. There has been, for one thing, a falling off in production; there has also been an almost insatiable demand for silver from the Oriental nations, especially China. With the general inflation of currency everywhere throughout the world, and the consequent expansion of trade, has come a general demand for more silver to be coined into fractional currency. Finally the disappearance of gold and the depreciation of paper money in nearly every country has revived the agitation for the double standard, or the use of both gold and silver as legal tender.

Countries on a silver basis must be having the time of their lives. Our dollars have been turned into 50¢ pieces, while their 50¢ pieces have been turned into dollars. Would it not, therefore, be desirable on this continent, at least, to have both the precious metals coined as legal tender currency by the governments? It would certainly hasten the return to specie payments and normal times.

The financial experts will tell us that a "double standard" is an absurdity, and as crazy an undertaking as to have two yardsticks of different length in use in the same store. They told us all this, however, in 1896, and they told us a good many other things which seem, in the light of events, very actually came to pass, very amusing indeed.

THE WOMEN IN THE POSTOFFICE

Editor World: In reply to a letter in your edition of Dec. 5, I would like to state my case. I have been employed in the Toronto postoffice for nearly three years and have reason to believe my work has been satisfactory. I beg to state I am the widow and invalid, I did not lose my father at the war as he was over age for enlisting, but my mother has to be cared for just the same as a soldier's widow. While realizing that every respect she should be given for a widowed man, yet why should I have to give up my position under the circumstances? I would also like to state there are many such cases in Toronto postoffice and think should receive consideration. In justice to myself and others I would like this letter published.

HER FIRST VOYAGE UNDER BRITISH FLAG

New York, Dec. 5.—Sailing of the former German liner Imperator on her first voyage under the British flag, scheduled for next Wednesday, will not be interfered with by the bunker coal restrictions, it was announced here today by the Cunard Line. Sufficient coal for the voyage to England was stowed in the ship's bunkers in advance of the restriction order, it was explained, and she will depart as scheduled.

Quarter Million for War Work Raised by Wellington Council

Guelph, Ont., Dec. 5.—(Special)—The provincial report presented today at the county council was that of the war fund committee. This committee has done an immense amount of splendid work during the past five years for patriotic purposes. The amount raised for all purposes was \$245,644.59, which is a good showing. The committee's patriotic leagues throughout the country for the purpose of purchasing material for the manufacture of Red Cross and hospital supplies for the soldiers.

C.P.R. MUST SHARE IN SALE PROCEEDS

Privy Council Reverses Judgment in Case of Storstad and Empress.

London, Dec. 5.—The judicial committee of the privy council has reversed the decision of the Canadian supreme court in the suit involving the sinking of the steamer Empress of Ireland in the St. Lawrence river.

The court gave the passengers of the sunken vessel the preference in the distribution of the proceeds from the sale of the Storstad, the collier which rammed the liner. In its decision, the privy council decides that the Canadian Pacific Company shall share in the proceeds of the sale.

The Empress of Ireland, bound from Montreal to Liverpool, with a passenger list and crew totalling 1200, collided with the Storstad at 3:30 o'clock on the morning of May 29, 1914. A total of 1024 persons, among them many notables, lost their lives when the vessel went down. The catastrophe occurred off Father Point in the St. Lawrence river, near the mouth of the Rivoult.

No Concrete Baseball Stands At Brantford for Another Year

Brantford, Ont., Dec. 5.—(Special)—The erection of a modern concrete grand stand at the ball park here will not be carried on next year. The parks board has decided that there are enough bylaws to go to the people in January next and will postpone its presentation. The board has handed over to the city council the use of the playgrounds as skating rinks this winter.

Corpl. C. Thompson, Woodstock, Is Awarded the Military Medal

Woodstock, Ont., Dec. 5.—(Special)—Corpl. Charles Thompson, son of Mr. and Mrs. A. Thompson, has been notified that he has been awarded the military medal for gallantry and conspicuous bravery in action. He was twice recommended for this decoration, once at Amiens, in 1918, and again the following month at Cambrai, when he carried a wounded comrade out of the range of fire, at great risk to his own life. The next month he was wounded and returned to Woodstock last February.

JAPAN REPLIES TO CHINA ON FUCHOW INCIDENT

Tokio, Dec. 5.—The recent disturbances at Fuchow, in which seven Chinese students were alleged to have been killed and three wounded by Japanese, have led to an exchange of notes between the Chinese and Japanese governments. Japan, in reply to the note on the incident, presented to the Japanese legation at Peking by the Chinese foreign ministry, asserted that Japanese reports on the disturbances indicated that the causes of them were not the same as claimed by China.

QUALITIES THAT COUNT

Among the qualities that count in every person's life are the following: Concentration; initiative; retentiveness; judgment; organizing power; efficiency; originality; creative imagination; tactfulness; salesmanship; directive ability; self control; will power; in addition to other faculties. (Citing latent or only semi-developed in the minds of too many people) which, when brought out by a short course of scientific mind training, make up a strong, forceful, efficient and successful personality. Are all these qualities yours? You can make them yours if you will.

You will find them invaluable to you in your work in the world. Begin to develop them this week. Don't let it go again. The new year will soon be here. What are you going to accomplish before it closes? Set a definite goal of progress for yourself now. Pelmanism will help you attain it. Send the coupon appearing on another page in this issue today. NO ACTION IN LONDON.

London, Ont., Dec. 5.—No action has been taken in London towards restricting any Torontonians who have not been vaccinated within the last seven years from visiting this city. It is likely that anything like this will be done.

LEAVE IT TO THE CITIZENS.

Brantford, Ont., Dec. 5.—No steps have been taken in this city to Torontonians who have been unvaccinated. It is believed that three cases of mild smallpox found here and isolated were brought from Toronto.

RENNER TO VISIT PARIS TO APPEAL FOR AID

Vienna, Dec. 5.—Dr. Karl Renner, the Austrian chancellor, is going to Paris next week to make a direct appeal to the supreme council for aid to Austria in the existing fuel and food crisis. He will be accompanied by several members of the cabinet. This announcement was made this afternoon.

MONTREAL BANNING TORONTO TRAVELERS

Must Show Vaccination Certificate to Enter Quebec Metropolis.

Canadian Press Despatch. Montreal, Dec. 5.—Persons traveling from Toronto to Montreal will be required upon arrival to show a certificate of successful vaccination made within seven years, otherwise they will be detained at the railway station until vaccinated or in default will be sent back to Toronto. This decision was taken by the city board of health after a special meeting this morning.

As an indication that there was no diminution in the cases in Toronto Dr. Boucher quoted the figures for the four weeks of the past month, showing that in the first week there were 115 cases, second week 232, third week 269, and fourth week 245, and in the first three days of December there were 144 cases. Inquiries made by the city doctors showed that between 20 and 30 per cent of the school children were not vaccinated and that bylaws making vaccination compulsory had been passed and repealed and passed again and it was anticipated that next week it would be repealed again, as there was organized opposition to vaccination in Toronto.

ACT RUTHLESSLY, GERMAN GENERAL'S ORDER

Berlin, Dec. 5.—Testifying at the trial of First Lieut. Marlow, who is accused of shooting 29 sailors on March 11 last, during the Spartacist uprising, Major-General Reinhardt, former Prussian war minister, admitted he ordered Lieut. Marlow to act unmercifully and ruthlessly. Witnesses denied that he ordered 150 men shot, as was alleged in testimony given earlier in the trial. He said, however, he entirely justified, and alluded to the critical situation in Berlin at that time.

WINDSOR NOT TO FELLOW.

Windsor, Ont., Dec. 5.—The action taken by Montreal health authorities to compel Torontonians to be vaccinated before entering the city will not be followed by the border cities' health board, according to Medical Officer Fred Adams. So far there has not been a single case of smallpox in the border cities, due, perhaps, to the fact that vaccination has practically been general here since the United States order compelling all crossing the border at this point to submit to the treatment.

Passing of Isabella McKay; Sister of Pioneer Missionary

Seaford, Ont., Dec. 5.—The passing of Isabella McKay at the age of 81 at her home in Seaford today marks the departure of another of the few remaining early settlers of McKillop Township. The cause of death was pneumonia. She was a native of Zorra and was a sister of the late famous pioneer missionary, Dr. C. L. McKay, of Formosa. The family retired into Seaford from the farm a few years ago, the aged husband dying shortly afterwards.

MOONLIGHT AND MONEY

GOSSIP

CHAPTER 54.

One afternoon a few days later, Louise was sitting by the fire in the library, sometimes reading lazily from a magazine, sometimes looking out the window where snow was falling in huge west-looking flakes. The cheer of the big library, the warmth and coziness, the long hours of sleep, the good food and medicine, were already having their effect. Louise was looking and feeling much better. She was young, and in spite of her worries had the glorious power to "come back" physically.

The door opened, and she turned at the sound of a man's step. Harry was far from her thoughts; she did not expect him to come, after the letters she had sent, but being feminine she never ceased hoping he would. But it was her father who came over to the couch and set down by her. "I don't often see you week days," Louise smiled at him in greeting. "I keep you for a sort of Sunday parent, I suppose."

"I don't think I've been much of a parent at all," the man replied. "Otherwise I should not have let you marry the first young chap you fell in love with, or if I had, I would have provided for you better than I did."

"Please, father, you're not going to talk unkindly about Harry, like mother does, are you?" Louise asked, pleadingly. The man turned and looked directly at her. It was a strange experience for Louise, for her father rarely looked directly at either herself or her mother. His absent-minded gaze seemed to go beyond them. He was rather handsome, she thought. His eyes were a really fine blue and his white hair was thick and distinguished looking.

"Just why did you leave Harry?" he asked. "Because he wasn't making enough money to support a family and because every day I stayed we went deeper in debt."

"Is that the only reason?" Mr. Driscoll asked. "Yes," Louise answered. "There wasn't any other woman?" "No," Louise said. "Why do you ask?" "No reason," her father said evasively. "Yes, there must be," Louise insisted. "You look guilty, father."

The door opened again and a servant announced a visitor. Turning to the door, Louise saw a young man standing there. "Come in," she called. "This is Mr. Driscoll's son, Harry. He's a friend of yours, isn't he?"

"Yes," Louise answered. "He's a very nice young man. He's a friend of yours, isn't he?" "Yes," Louise answered. "He's a very nice young man. He's a friend of yours, isn't he?"

LOOK FOR RECORDS AT WINTER FAIR

Entries Will Tax Buildings to Utmost—Expect Big Attendance. Guelph, Dec. 5.—(Special)—The thirty-sixth annual Ontario provincial winter fair will be opened to the public in this city on Saturday morning. The live stock will not all be in its place by that time, as some is on the way from the big Chicago show. But the exhibits of all kinds of farm products were in fair shape. The entries are so numerous this year that the buildings will be taxed to the utmost.

MEXICAN BANDITS LOOT AMERICAN STORE

Zapata, Texas, Dec. 5.—Mexican bandits last night raided the Clarence ranch, on the American side of the Rio Grande, eleven miles southeast of Brownsville. The store on the ranch was looted, and the bandits escaped with a large amount of property. The number of bandits in the raiding party was not determined, but they were reported heavily armed. The only person molested was the storekeeper, whom they bound and gagged before looting the store.

Speculate on the Outcome of U. F. Convention, Woodstock

Woodstock, N. B., Nov. 5.—There is much speculation as to the outcome of the convention of United Farmers, which is to be held at Woodstock on December 15, for the purpose of selecting candidates for the local house in the next provincial election. Hon. Mr. Crerar, recognized as the leader of the Farmers' movement through Canada, who is due to arrive here on Tuesday next, to address a farmers' gathering, and also a public meeting, has expressed his opposition to farmers' organizations taking part in provincial elections at this particular stage, as his program calls for concentration in the federal arena.

Louise was surprised to see Carol coming in. "But how did you know I was here?" she gasped, from the depths of an enthusiastic embrace in which Carol had almost buried her. "Little bird told me," Carol answered, laughing, and released her. Louise looked around. Her father had fled, however, at the approach of a visitor, so the two young women were alone. "I'm so glad you've come to town for this bitter weather," Carol said, as she pulled off her big fur coat. "Do tell me when the great event is to happen?"

"Not until late in the spring," Louise answered, self-conscious as she always felt when anyone outside her family mentioned her approaching marriage. "But how did you know I was here?" "Guessed it," Carol answered, and laughed a little. "But you know both mother and father and Harry," Louise was puzzled. "Harry must have told you, for I know you've not seen mother or father. He did tell you didn't he?" "Well, yes, he did, if you must know," Carol confessed. "He said you had decided to spend the cold winter here with your family in town and I told him that was the most sensible thing you could do."

"Where did you see him?" Louise asked. "Oh, I don't remember. I just met him somewhere." "Come, Carol, you're keeping something back. It's perfectly natural that you should have run into him, but the way you tell it makes it seem mysterious. You never could tell a good fib, you know."

"Very well," Carol said in a resigned tone. "I met him with a party of people in a restaurant last night." "Your party?" asked Louise. "No, Brock, and I were dining alone, like a loving new married couple, and he had a table next to ours." "They?" questioned Louise. "Mrs. Shattsbury, if you must know, and another man and woman and Harry." "My dear, there's no harm in them dining together. Mrs. Shattsbury is straight as a string; I'll swear to that, and I thought you knew about the dinner anyway. Have I told things I shouldn't?"

"Of course I knew all about it," Louise answered with a brave attempt to say it naturally. Monday—The Broken Idol.

Those who are contemplating paying a visit to the winter fair this year need have no fear that they will be without accommodation. The local hotels are making special efforts to take care of the visitors. It is not expected that the train service will affect the attendance to any great extent. It is estimated that not less than 1500 animals will be on exhibition. It is certain that the quality will be above that ever seen at the Guelph winter fair in other years.

ARE YOU TAKING THE PELMAN PATH TO PROSPERITY?

Since September 1st, Thousands of Canadian Newspaper Readers Have Taken the First Step to Prosperity by Sending for "MIND AND MEMORY"—a Book Which Tells Everything You Want to Know About Pelmanism

SINCE the beginning of September thousands of readers have set their feet on the broad highway that leads to Prosperity.

They have become Pelmanists. As surely as night follows day, in less than three months' time, a steady stream of reports will begin to arrive at the Pelman Institute from these new students, giving concrete examples of material and moral benefits derived from the Course.

Just as today there are students reporting astonishing increases in income amounting to 50 per cent., 100 per cent., 200 per cent., 300 per cent., and even 600 per cent., directly attributable to the study of Pelmanism, so in a month or two those who have just enrolled and are now enrolling will report like results.

The Pelman path is the direct route to prosperity. That fact is undeniable. The evidence is so definite and great in volume as to be overwhelming, and it comes from absolutely every class of the community.

The clerk writes telling of his promotion to the management of a department at a much larger salary. The sales manager tells how Pelmanism enabled him to break previous records. The manager tells of a directorship gained as a result of his study of Pelman principles. The manufacturer enlarges upon the manner in which Pelmanism enabled him to increase his output and profits.

Among the professional classes—the doctor, the lawyer, the artist and writer, tell also of a greater efficiency, and consequently a greater return for their services, gained as a direct result of Pelmanizing.

So much for the material results of studying the Course. If such prosperity were its only result, it would still be a movement of the greatest national and individual importance.

But happily the benefits of Pelmanism are not confined to mere money-making. There are other phases which place it upon a much higher basis.

Educationally, intellectually and socially it is a factor whose power must be felt to be fully appreciated. To thousands Pelmanism has meant intellectual re-birth. To thousands it has been the means of discovery of latent mental power and unsuspected talents. Thousands who were wont to go through life inarticulate have learnt the joy of self-expression. Tens of thousands, after only studying the first lesson, have hastened to write in glowing terms of the stimulus, sane optimism, encouragement and courage imparted to their minds by its study. "You have opened my eyes"—"I now know myself—I never did before"—"I have found happiness in self-knowledge and self-confidence"—these are phrases that occur over and over again in the steady and ever-widening stream of reports which reach the Pelman Institute.

Prosperity is defined as "a flourishing state." Whether you measure prosperity in terms of hard cash, intellectual vigor, moral strength or everyday happiness, Pelmanism is the surest path by which you can reach it.

Pelmanize and prosper! Take the first step now by writing to the Canadian Branch of the Pelman Institute, 717 Temple Building, Toronto.

By return mail you will receive a copy of "Mind and Memory," together with a reprint of "Truth's" famous Report on Pelmanism, and a form which will enable you to enroll for the complete Course on special terms.

"How I Made \$5000"

PELMANIST'S SENSATIONAL SUCCESS

FULL DETAILS

THE extraordinary practical value of Pelmanism to all who conscientiously practice this remarkable system of scientific mind training is strikingly illustrated by a letter which has recently reached the Pelman Institute. This letter is from one who has gone through the Course, and who now writes as follows:

"I have cleared over \$5,000.00 from an idea which materialized by the Pelman method. This will quadruple itself during the remaining months of this year, so you will understand better than I can write it the gratitude I feel towards the Pelman Institute."

This particular Pelmanist enrolled for the Course—which is not, it should be remembered, merely a set of books, but is a definite system of instruction and training directed through the post by expert psychologists and instructors—in the autumn of 1917, and immediately proceeded to go through the lessons and practice the exercises.

The training he thus acquired he soon began to put to practical use.

At the beginning of the present year he wrote to the Pelman Institute, giving a detailed and most interesting description of one of the uses to which he has put Pelmanism in the important professional work in which he is engaged, and showing, amongst other advantages, the great increase in accuracy and the immense saving in labor and in cost which have resulted from the introduction of Pelman methods in his work.

"NEVER MET ANYTHING HALF SO INTERESTING."

In March last, in sending in his final work-sheet for correction, this Pelmanist gave the following account of the benefits he has derived from the Course, which shows incidentally how interesting, as well as profitable, he found it:

"I am a better man," he says, "mentally, morally and physically. I view people and questions more kindly, having a deeper perception and sympathy for 'the other side.' I never now have any empty days, and glad I was born into such an interesting world, and have never met anything in it half so interesting as your Course. You have not allowed me sufficient room to detail the benefits I have actually received, and my pen would not do justice to it."

And now, a few months later, comes his letter quoted at the opening of this article, in which he states that the Pelman training he has received has already brought him in over \$5,000, with the prospect—he speaks of it as a certainty—of securing \$20,000 more before the end of the year, a gratifying return indeed for the small sum expended in enrolling for the Course.

RICH OPPORTUNITIES AND PROSPECTS.

It is not suggested that every reader who signs an enrollment form and takes the Course will immediately secure such a large return. At the same time there are undoubtedly very rich opportunities today for men and women with trained and efficient minds in every field of business, professional, and industrial work, and there is certainly no reason why you personally—should you accept the practical help now offered to you by Pelmanism, and thus develop to the fullest extent those mental qualities which make for success—should not profit from these opportunities to the extent of far more than \$5,000.

At the very least you should win your way to a doubled income and a higher position in your particular Business, Profession, or Industry. You will find in the "little grey books" and in the instruction given by correspondence the information which will enable you to raise yourself to a higher level of intellectual efficiency and income-earning power. All you will have to do will be to apply that information to the particular circumstances of your life.

FIRMS ENROLLING ENTIRE STAFFS.

So great are the business advantages which follow from Pelman training that many leading firms are enrolling their entire staffs for the Course, knowing that the initial cost of the fees will be repaid over and over again in the increased efficiency of their employees. As many as 165 members of a single business have been enrolled in this way simultaneously. And everywhere Pelmanism is bringing to those who practise it increased efficiency, swift promotion, widened opportunities, and higher incomes and profits.

FULL PARTICULARS—FREE.

Those readers who would like to learn further particulars of this wonderful Course before deciding to enroll should call at the Pelman Institute today for a private interview. No obligation is involved, and no one is pressed to enroll. Or, if you cannot call, fill up the coupon printed on this page and post it (or a post-card) today to the Pelman Institute, Canadian Branch, Suite 717, Temple Building, Toronto. Then by return you will receive gratis and post free: (1) A copy of "Mind and Memory," which contains a full description of the Pelman System; (2) A reprint of "Truth's" special Report on the work of the Pelman Institute; (3) A form enabling you to enroll for the complete Course on special terms.

Facts and Figures

REMARKABLE EVIDENCE

OVER 500,000 men and women have taken the Pelman path to success.

This great army of success-winners contains men and women of practically every known profession, business and occupation in the world.

Members of the Imperial House of Lords and of the House of Commons, Admirals and Generals, Soldiers and Sailors, Civil Servants, Judges, Barristers, Doctors, Clergymen, Accountants, Artists, Authors, Directors, Managers, Clerks, Storekeepers, Shop Assistants, Engineers, Miners, Artisans, men and women of every age and type are taking the Pelman Course, and by this means are increasing their incomes—gaining promotion—doubling their efficiency—widening their intellectual powers.

DURING THE WAR OVER 100,000 SOLDIERS AND SAILORS (INCLUDING 150 ADMIRALS AND GENERALS) ENROLLED FOR THE PELMAN COURSE.

One of the most distinguished Admirals on the Active List is a Pelmanist.

Now the war is over Pelmanism is becoming equally popular amongst the members of Canada's Business Army as well as Britain's.

Many of the most distinguished men and women of the day are enthusiastic Pelmanists.

Amongst those who, after fully investigating the work of the Pelman Institute, have written strongly in its favor, are:

- Sir Arthur Guiller-Couch.
- Sir H. Rider Haggard.
- Max Pemberton.
- E. F. Benson.
- Sir James Yoxall.
- Sir Harry Johnston.
- George A. Birmingham.
- T. P. O'Connell, M.P.
- G. R. Sims.
- Wm. Lillias MacCarthy.
- Maj.-Gen. Sir F. Maurice.
- Sir William Robertson Nichol.
- Sir Theodora Cook.
- Lieut.-Col. Malone, M.P.

and many others, among whom are Canadian Business Men, School Teachers, Bank Clerks, and people of all ages really desiring to progress.

The well known English journal "Truth," after an exhaustive and searching inquiry, has published several special reports on the wonderful work now being accomplished by Pelmanism.

"The Pelman System," says this famous journal, "places the means of progress within the reach of everyone. It does not provide a brain for the brainless, but it does provide everyone with the means of making the best use of the faculties with which nature has endowed him, and bringing them to full fruition." A reprint of the latest Report issued by Truth can be obtained free by every reader who applies for it today (either by calling or by writing) to the Pelman Institute, Canadian Branch, Suite 717, Temple Building, Toronto.

BUSINESS BENEFITS SECURED.

The remarkable business advantages of course there are many other advantages, intellectual, social, and so on—secured by those who practise Pelmanism, are described in the immense number of letters constantly reaching the Pelman Institute from men and women who have

DOUBLED, TREBLED, AND EVEN QUADRUPLED THEIR INCOMES.

as the result of taking the Course. In the following letters a number of men and women report the great business benefits they have secured after a short course of Pelmanism:

SALARY DOUBLED.

After taking up Pelmanism for about three months I was offered a very high position in the firm in which I am employed. This advancement, which incidentally doubled my salary (which was not inconsiderable before), I attribute entirely to Pelmanism. DEPARTMENTAL MANAGER.

\$250 INCREASE.

It may interest you to know that as the direct result of the Course I have received \$250 increase in salary since sending in my last lesson. MANAGER.

BUSINESS DOUBLED.

Since my Course of Pelman training I have doubled my business, and I have not finished yet. STOREKEEPER.

DOUBLED PAY.

Since completing the Course I have obtained a position with a salary exactly double that which I was previously in receipt of, and I am still cheerfully advancing with more confidence in myself than I ever dreamed of possessing. CLERK.

LARGER BUSINESS RETURNS.

I can report an "all-round" improvement since taking the Pelman Course. I have more confidence in myself, more interest in my work, larger business returns, an increased remuneration, system in my leisure, a better memory, and a stronger will-power. The benefits derived from the system cannot be over-estimated. MANAGER.

What is Your Opinion of Pelmanism?

WHAT is your opinion of Pelmanism, or rather, have you yet formed an opinion of Pelmanism?

You cannot arrive at an unbiased and just judgment on Pelmanism until you have investigated it.

You will assuredly admit that this assertion is fair.

Despite the fact that the evidence on behalf of Pelmanism has been enthusiastically subscribed to by the most eminent authorities and the great mass of the general public, the Directors of the Pelman Institute feel that each individual is entitled to his or her own private judgment. That is why the case for Pelmanism, as contained in "Mind and Memory" and the literature which accompanies it, is opened freely to your individual consideration.

Your judgment is final—you are never pressed to enroll. Your enrollment for the Course is the expression of your own free will.

The year 1920 will soon be upon you. Before it comes to a close, see that you have made a big leap toward success. Set a definite goal ahead of you, now. Let nothing deter you from reaching it. Pelmanism will be of immeasurable assistance to you—will help you to achieve a degree of prosperity, greater than you have ever enjoyed in any previous period of your life-time.

One man confessed that he hesitated long before "risking" his enrolment. Three months later he wrote: "I am more than delighted with the result. I would never have thought it possible."

His case is typical of many. Many students place upon record their regret for delaying enrolment, but never a one regrets the step after it is taken. The results are so definite, so far-reaching and so certain—whatever sphere of life the student may be in—that the sequel is always the same—a glowingly-written letter of thanks to the Pelman Institute.

It will cost you only the price of a postage stamp to satisfy yourself as to whether there "is anything in Pelmanism," and you will be agreeably surprised at the modesty of the fee for enrolment (it can be paid in instalments if you wish). Write a postcard or fill in and post the coupon today. If you are near the Pelman Institute call for a private interview. Your only regret will be that you did not do so sooner.

DE VALERA ISSUES A COULTEBLAST TO ULSTER MISSION

Suggests a Joint Commission of Americans to Investigate and Report.

New York, Dec. 5.—As a counterblast to the mission of the Ulster delegation, which arrived in New York yesterday to campaign against Sinn Fein propaganda in this country, De Valera, "the president of the Irish republic," has issued a statement stating that the party he represents stands as much for truth and justice as the Unionist delegation. He points out that many distinguished leaders in the light for Irish independence were not of the Roman Catholic faith; that Ireland is suffering from the evils of military occupation, comparing the country with Belgium during the German invasion, and stating that whenever people fought for freedom there was always a minority to side with the invader, referring to Ulster in this connection. He suggests a commission of investigation to be composed of two clergymen nominated by Sinn Fein, two by the Ulster delegation, and a chairman accepted by both parties, all to be Americans and Protestants. They could, he states, report to American people without authority.

"We trust the delegation will debate this question," he adds, "and debate it freely and frankly before the American public. We are ready to meet them anywhere on any common platform."

Frank P. Walsh, chairman of the American commission on Irish independence, has written William Cooze, M.P., a member of the delegation, warning him that any repetition of the charge that he (Walsh) made false statements regarding British atrocities in Ireland would be regarded as being malicious and therefore actionable after the issuance of the warning and stating that he had sent a cablegram to the lord lieutenant and Ian MacPherson, chief secretary for Ireland, accepting personal responsibility for the statements made in his report and offering to enter an appearance in any court in Dublin, New York or London to defend any libel suit it was thought desirable to necessary to bring, he being permitted personally or by counsel to take the testimony of the witnesses so that the charges might be proven or disproven.

CONSTANTINE PRIVY TO ASSASSINATION PLOT?

Geneva, Dec. 5.—M. Alexandri, the Greek minister in Bern, is quoted in The Gazette Lausanne as asserting that two Greek officers, arrested in Athens in connection with the recent plot to assassinate the premier, confessed before a they were shot that they had received their instructions in Zurich, where their former King Constantine is in exile, from a Greek officer, whose identity is known.

BEAT FOUR RED REGIMENTS.

London, Dec. 5.—An official communication received from General Denikin, the anti-Bolshevik commander in southern Russia, says that on November 27 his cavalry defeated four Red regiments eastward of Dzurilingka, and that four thousand prisoners were taken.

Religious Services.

UNITARIANISM. It is the religion of reason and the human heart. It is the religion of the Lord's Prayer, the Golden Rule, and the two Great Commandments of Love to God and Love to Man. It stands for no dogmas, for hope and trust and worship, for freedom of thought and progress, not for bondage to the past; for earnest and united effort to build up the Kingdom of Heaven on earth. It teaches that the truest service of God is service of Humanity. First Unitarian Church, Jarvis St., near Dundas. Morning service, 11. Rev. James G. Hodgins, Minister.

BUSINESS BEFORE PLEASURE

A NEW COMEDY BY MONTAGUE GLASS AND JULES ECKERT GOODMAN

Never in all their varied and industrious career as cloak and suit partners and unscrupulous philosophers, did Abe Potash and Mawruss Potash meet a vampire face to face. Then the authors of "Business Before Pleasure" put their heads together and decided it was time the partners should meet a "vampire" What happens is told in nearly three hours of continuous laughter. Abe and Mawruss as motion picture characters have the time of their lives in the "filmm" industry; they learn that a vampire has no place in the home—the screen is good enough for her. A characteristic Woods' cast will present the comedy. Don't delay securing seats, as the advance sale has been very large.

EXPERT EXPLAINS THRUST BEARINGS

Electric Club Hears T. W. Gordon of General Electric Co., Schenectady.

T. W. Gordon, who has made a special study of "Thrust Bearings" thru many years with the General Electric Co. of Schenectady, gave an illustrated talk on the subject yesterday to the Electric Club.

Supporting the weight of the rotating parts in steamer propellers had been a great problem, but weights up to 500,000 pounds have now been carried, and contracts for much larger weights have been let.

The Niagara bearings, designed by Coleman Sellers, were illustrated, but these are being superseded by high pressure oil bearings. These are giving excellent results, but require high pressure oil, which is not always easily supplied.

A combined roller and oil bearing was illustrated, with a pressure of 130 lbs. to the square inch, the roller to be used only when the oil pressure failed.

A generator at Keokuk, with the thrust bearing, the Kingsbury segmental bearing, with babitted black; Prof. Reynolds' journal bearing, the Kingsbury thrust bearing at Cedar Rapids, with a weight of 550,000; the S. Morgan Smith bearing, which aims at a wedge-shaped oil film, three of small size bearings, 320,000 lbs; an Allis Chalmers bearing, providing a spherical seat; marine types, with collars to the shaft; the Cedar Rapids development, 30 miles east of Montreal, one of the largest in the world, and a cross section of the bearings used, were shown.

Damage Rare. Damage to bearings was very rare from failure of the oil film. A pressure of 5000 lbs. per square inch for two hours was successfully carried without injury, and in the absence of sand or grit no injury need be feared.

The distinctive feature of the spring-supported bearing is its ability to adjust itself to changing pressures. Illustration of this bearing, with methods of oil circulation, were shown. A thrust bearing, carrying 513,000 lbs. at Cedar Rapids, was shown with the copper water-cooling coils provided. A bath of cool, clean oil is all that is required, said Mr. Gordon, to enable the heavy pumps to be dispensed with.

Examples of marine bearings, showing the thrust bearings adjusted to the shaft, were also exhibited. As there is a constant bearing loss on the larger turbines of 500 horse-power, any saving that can be effected means a decided economy in coal.

A vote of thanks was conveyed to Mr. Gordon for his lucid and interesting address.

GRANT ACTING PREMIER.

FAN-TAN IS GAMBLING

Magistrate Kingsford Makes Decision in Case Involving Three Chinese — Are Fined.

After many adjournments and delays Magistrate Kingsford yesterday delivered his judgment in the cases of Lee Dick, Chin Yee and Pong Sing, who some months ago were charged with keeping a common gaming house on Elizabeth street. His worship had to decide whether or not fan tan as played by the Chinese of this city is a gambling game, and he decided that it was. After much wrangling with J. Walter Curry, K.C., M.L.A., and Inspector McKinney of the morality office, the magistrate fined the keepers of the house \$50 and costs or three months, while 46 men found in were assessed \$5 and costs on 30 days.

SEEK INFORMATION ON COMMON SCHOOL

School Inspectors of Ontario for Conference With Education Minister.

Hon. R. H. Grant, minister of education, stated yesterday that he was arranging for a conference of all school inspectors in Ontario and others interested in public school common education, to be held at parliament buildings early in January.

The minister himself is anxious to obtain information as to the actual educational conditions in the province, while Premier Drury and the other members of the cabinet are in the same position. Mr. Drury has not yet been able, owing to pressure of other duties, to see even Dr. Colquhoun, the deputy minister of education; Dr. Waugh, or any of the other leading lights in this important department.

Premier Drury's Desires. Premier Drury has mentioned in his recent speeches a desire to largely concentrate his efforts on the common school, believing with Mr. Grant that the rudiments of education are being somewhat neglected. Sufficient attention to the three R's, including spelling, one of the last circulars sent out by Dr. Cody before he left the department was to emphasize the necessity on the part of teachers to specialize in these elementary branches, and a perusal of that document might be of some interest to the cabinet in formulating an education policy upon which the ministers will soon embark.

The consolidated school system has also made some progress, one curiously enough having been established in the neighborhood of Crown Hill, the home of the premier. The new minister of education has already expressed himself as favorable to the further extension of the system, and is now only awaiting applications from districts desiring to take advantage of it.

Higher Cost of Books. The question of the increased cost of books is one also to which Mr. Grant and the cabinet must devote early attention. They will, so to speak, be up

DAME PETER LAMARRE

Pointe St. Pierre, P. Q. "I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-lives' and my hands are now clear. The pain is gone and there has been no return. I think it a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-lives'.

'Fruit-a-lives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

COMMERCE BOARD HEARS PRODUCERS

Sympathize With Milkless Poor, But Cannot Fix Price at a Loss.

The board of commerce, with Commissioner Murdoch presiding, heard evidence yesterday bearing on the cost of milk production and assured officers of the Milk Producers' Association at the close that a ruling on their demand for a winter price of \$3.35 per eight-gallon can to the distributors would be announced in a few days.

The producers are at present being paid \$3.10 a can. This was the price agreed upon by the fair price committee representative of both the producers and distributors two months ago, and according to the evidence of Mr. C. B. McNaught, manager of the City Dairy, this was to be the maximum price for the winter. The distributors a few days ago were advised that the price would be raised to \$3.35 within 48 hours, but action has been delayed.

E. Stonehouse, president of the Milk Producers' Association, informed the board that about 300 producers were present at a meeting last week when it was unanimously agreed that milk should not be delivered thru the winter at the present price. Some of the farmers present had threatened to cut off their supply if the price was not raised.

Several individual farmers were heard on the issue and testified that all kinds of feed had advanced in the last two months, including barley, 15 to 20 cents, oats 10 cents, and hay \$3 a ton.

No Milk at All. F. M. Stoddard, speaking for the Neighborhood Workers' Association, and also members of the city public health department, stated that hundreds of families were getting no milk at all and many families of eight children getting only one pint.

Commissioner Murdoch pointed out that while he sympathized fully with the serious situation confronting the poor people, it was not within the power of the board to fix a price for milk that would mean a loss to the farmer. The board could only regulate profits.

Mr. McNaught of the City Dairy, replying to Major Duncan, said that he could greatly increase his supply of milk by going further afield.

Capitalizing. During the milk probe Commissioner Murdoch addressed for a while to deliver a warning to the coal dealers that the board of commerce would not consent to any business man doing anything to capitalize the misfortune of Canada and the United States at the present time.

Fred A. Fish, president of the Fish Coal Co., was called and questioned as to prices charged by his company. Mr. Fish stated that they were selling their fuel at \$12.50 to \$13 a ton. The commissioner said he had information saying that this company had raised their prices \$1 per ton during the past few days. Mr. Fish admitted that

Last Saturday's Storm!

A partial survey of the damage to our lines from last week's storm will account for any unusual inconvenience subscribers have suffered this week.

Falling trees and flying wreckage of every sort caused innumerable wire breaks. These were the minor troubles.

From Beamsville and Grimsby west and north to Galt, Guelph and Waterloo 140 poles were brought down. Line breaks and interference added to the destruction.

Within the irregular triangle from Toronto to Owen Sound, thence south-east via Orillia to Bowmanville and Newcastle 444 poles were down and many lines broken.

From Ingersoll west to Wallaceburg and Chatham 200 poles were down and a high percentage of wires broken.

In Eastern Ontario and Quebec the storm was less violent, although in many sections pole breaks and line troubles were general.

The better protection of lines in towns and cities resulted in lessened damage, although interruption of service was widespread.

Our entire emergency resources were employed to effect quick temporary repairs. Permanent restoration of our damaged lines and equipment is now being rushed.

THREE YEARS FOR FALSE PRETENCES

Karl O'Connor and Thomas Finley received sentences of three years in Kingston from Judge Coatsworth in the county court yesterday, after they had been found guilty of false pretences. O'Connor and Finley falsified books of the G.T.R. and obtained \$8,176 by adding names to the pay roll. Restitution has been made.

THIEVES GET TWO YEARS

Harry Stepp and Harry Rybak were yesterday sentenced to two years in Kingston Penitentiary by Judge Coatsworth in the county criminal court after he had found them guilty of theft and receiving. The men were alleged to have stolen a quantity of cloth from the G.T.R. Stefan Chomyszyn, an alleged accomplice, was found not guilty and discharged.

GIVE REFERENDUM FIGURES.

The official figures of the voting throughout the province at the recent referendum are published as a supplement with this week's Ontario Gazette.

ELECTION ACCOUNTS DELAY

Hon. W. E. Raney, attorney-general, has received numerous complaints of the delay in payment of election accounts. He explains that considerable congestion has been caused consequent upon the new law, which has thrown upon the auditors of the accounts the passing of all bills of enumerators, voters' registration and appeal boards, and returning officers both for the election and the referendum.

SOCIALIST ATTACK ON PREMIER NITTI

Says if Military Cannot Be Controlled, Let Proletariat Do It.

Rome, Dec. 5.—Speaking in the chamber of deputies on Thursday, Deputy Daragone, a Socialist, said Monday's "shameful events" and happenings at Fiume gave the impression the government was unable to control the situation, otherwise it would not have allowed militarism to crush a "popular demonstration."

BIG POULTRY SHOW OPENS AT GUELPH

Largest of Its Kind in America—Show Seven Thousand and Some Birds.

Guelph, Ont., Dec. 5.—(Special)—The Ontario Poultry Association show which opened this morning, is the largest and best of its kind in North America, with about seven thousand birds on exhibition. The poultrymen are the most enthusiastic exhibitors of the whole show and they take great pride in having their birds in the folds for this show. They are not in favor of moving to Toronto, even tho a big national stock show is put on there, especially if the two shows are held at the same time.

TO TAKE ACTION IF GERMANY REFUSES

French Newspapers Draw Inference From Foch Being Called in Conference.

Paris, Dec. 5.—Participation by Marshal Foch in the secret meeting of the supreme council of the peace conference yesterday clearly indicated that the council considers military action in case Germany should commit any new infraction of the treaty terms, according to newspapers here. During the meeting, says The Echo de Paris, Premier Clemenceau and Marshal Foch stated the unexpected departure of the German delegates from Versailles and the complicated points raised by the enemy leave no doubt whatever about the necessity of taking action.

BRITAIN GRATIFIED AT SPAIN'S DECISION

Madrid, Thursday, Dec. 4.—Sir Esme William Howard, British ambassador to Spain, presented his credentials to King Alfonso at the palace at noon today, the usual ceremonies for such an occasion being observed. The new ambassador expressed to the king the great pleasure felt in England because of Spain's decision to become a member of the league of nations. In replying, King Alfonso said Spain's decision to join the league was a spontaneous one, and that nothing could disturb the friendly relations between this country and Great Britain.

NOT JUST CAUSE FOR CAR STRIKE

Ruling of Judge Barron Regarding Action of Toronto Car Electricians.

Ottawa, Dec. 5.—The report of Judge John L. Barron to the effect of labor in the matter of the investigation into the cause of and responsibility for the strike of the electrical workers of the Toronto Railway Company, which took place in Toronto on Sept. 3, 1919, and resulted in a total stoppage of the street car service, made public here today, finds that the time, and under the circumstances, the cause for which the men struck was not a just cause. The commissioner finds that there is no reasonable ground for the complaint of Mr. R. J. Fleming had avoided the representatives of the electrical workers, thereby precipitating the strike. On the other hand, the commissioner finds that James T. Gunn, the representative of the workers, knew of the gravity of the situation, and, being unable to locate the manager of the street railway, should have notified him by letter or telegram of the unanimous vote of his union in favor of a strike.

Canada May Spend Millions Improving Vancouver Harbor

Ottawa, Dec. 5.—A number of recommendations for the improvement of Vancouver harbor by the board of harbor commissioners, in an interview with Hon. C. C. Ballantyne, minister of marine, this morning. They include the construction of a modern 1,200-foot wharf on Burrard Inlet, the institution of a car ferry service to connect North Vancouver with Vancouver, and the construction of a terminal railway system. The improvements will probably cost several millions. It is understood that the minister of marine regards the proposals of the commissioners favorably.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

Meat forms uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

N. S. Train Ferry Aground; Take Off Passengers in a Tug

Point Tupper, N. S., Dec. 5.—The Canadian National Railway's train ferry Scotia, running between Mulgrave and Point Tupper, grounded at five o'clock this morning while taking the night express for Sydney across the straits of Canso. The 45 passengers aboard were taken off in a tug. The Scotia is high and dry with eight cars afloat.

Are The Coal Operators Profiteering?

The amazing statement of Ex-Secretary of the Treasury McAdoo that the profits of bituminous coal operators ran as high as 2,000 per cent. in 1917, and his implied charge that they still are profiteering at the expense of both the public and miners, has started a pretty rumpus in the editorial columns of the nation's press. The United Mine Workers' Journal thinks that Mr. McAdoo's statement is vindication for the miners in their claim that the operators "could grant a substantial wage increase out of their profits without increasing the price of coal to the consumer." Mr. McAdoo's implications are false, reply the operators, and his "misleading statements and insinuations are the kind of stuff which Bolshevism breeds upon," while the Philadelphia Public Ledger, recalling a clause of the Revenue Act which makes it unlawful for a Treasury official or agent to divulge confidential information which comes to him in his official capacity, asks significantly, "Will William Gibbs McAdoo be able to run for the Presidency if he is in jail?"

The leading article in THE LITERARY DIGEST for December 6th discusses the question as to whether the coal operators have been taking undue profits from the public, and presents opinions from all quarters bearing upon the subject.

PARIS RAG PICKER MADE A MILLION

Paris, Dec. 4.—Among those who have risen from a comparatively humble position to considerable wealth during the recent past in this city is a rag and bone dealer, who formerly gained a meagre livelihood by picking over garbage boxes before doors along the streets during the early morning. He bought a large number of water-proof coats for 2,000 francs at a liquidation sale of American army stocks and made a profit on the resale of 160,000 francs. This sum he invested in further purchases from the liquidated stocks, buying boots, shoes and blankets. As a result of his business acumen he now has a bank account of over 1,000,000 francs.

Denial by Sir Douglas Hazen That He Will Enter Cabinet

Ottawa, Dec. 5.—The old rumor that Sir Douglas Hazen was about to leave the New Brunswick supreme court bench in order to take a cabinet position has again been downed, this time by the person chiefly interested. Questioned as to the report before his departure he denied that there was any truth in it. He absolutely denied that he was resigning the chief justiceship of New Brunswick, and entering the cabinet.

CHILD BURNS TO DEATH

Montreal, Dec. 5.—One woman was severely burnt while she claimed that her four-year-old child had been burned to death in a fire which occurred on Cadillac street, Longue Pointe, last night, as the result of the explosion of an oil lamp. The woman, Mrs. E. Schneider, 38 years of age, of 137 Cadillac street, suffered severe burns about the body.

A Woman's Trouble

Stratford, Ont.—"I do think Dr. Pierce's Favorite Prescription one of the best medicines I have ever seen for the ailments of women. I had for quite a long time been suffering from a woman's trouble which caused me to become all run-down, weak and nervous. I doctored but nothing seemed to give me relief until I began taking 'Favorite Prescription.' This medicine gave me such wonderful relief that I am glad to recommend it to others."—MRS. A. A friend who was being helped by Dr. Pierce's Golden Medical Discovery advised me to try it, too. It helped me from the very start and eventually restored me to perfect health. I feel in a position to praise the Golden Medical Discovery very highly and take pleasure in recommending it to all those who are at all nervous, weak or run-down."—MRS. ESTHER PEATSON.

KIPLING'S APPEAL FOR REVERENCE

Says Visitors to France and Flanders Fronts Must Remember It is Holy Ground.

London, Dec. 5.—Rudyard Kipling, on behalf of the imperial war graves commission, has written an earnest appeal to those visiting, or intending to visit the French and Flanders fronts, to observe reverence for the dead. In part, he writes: "It should be remembered that this is holy ground consecrated in every part by the lives of men, and for that reason not to be run over with levity. It is inevitable that the handling of such multitudes of dead men, as expected next year must be managed along ordinary tourist lines, so it rests with the individual tourist to have respect for the spirit that lies upon that land of desolation and to walk thru it with reverence.

HUNGARY TO SEND DELEGATES TO PARIS

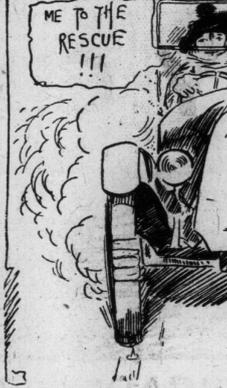

Basle, Dec. 5.—The Hungarian cabinet last night considered the invitation sent Hungary by President Clemenceau of the peace conference, inviting Hungary to send plenipotentiaries to Neuilly to arrange a treaty of peace. The letter stated that it was the desire of the council that the delegates should be sent as quickly as possible.

SELINA'S FRIEND REFUSES TO BE VAX-AN-AIDED

"I'll sure have to see some 'fren' with lots o' pull an' push an' everything. Here's what I grab from Hildegard: 'Come and get me, kid; I'm held up at the border. I joined the Gay Life Dramatic Company, and we've been packin' 'em in here at Niagara Falls. I'm just about fed up with troupin', so maybe the fella's that we're booked for Toronto didn't make me some fad; but, Goe! I'm panicked out o' Canada 'cause I won't be vax-an-aided. Ain't that tough? 'The show ain't nothin' without me, so my manager sent a gazebo round to my dressing room. He was a half-baked physis, and I wouldn't let 'im in, so he beat it back to the management and spilled a yam about my temperament. Then the big cheese banded back to me: 'Say, what's the big idea?' he whoops, lammit! In."

SOCIALISTS PLAN TO CREATE DISORDER

Chief Purpose in Italy to Prevent Parliamentary Progress, Says Their Organ.

Rome, Dec. 5.—Socialists personally, and through their organ, *Avanti*, declare it to be their chief purpose to discredit parliament and create all the disorder possible to prevent parliamentary progress. This threat, it is believed in circles opposed to the Socialists, may result in the organization of all the constitutional groups or parties that otherwise the cabinet will be compelled to resign and again appeal to the country through a general election.

Premier Nitti is still hopeful of persuading the Socialists to cooperate with the other parties with a view to obtaining peacefully a portion, at least, of the reforms expected by the proletariat.

Political attention is centred in the chamber of deputies, where it is expected that the government soon will seek a vote of confidence from the new deputies on the occasion of the discussion of the reply to the speech from the throne.

While it is certain that the Socialists will oppose this it seems that the Catholics are favorable to the cabinet. The greatest efforts are being made to form a bloc with the remainder of the constitutional elements, but the difficulties being encountered are enormous, owing to past differences and political hatreds, and it appears impossible to bring about a coalition with Signor Giolitti, former premier, who was opposed to the war and favored the Radicals, and Signor Salandra, who was at the head of the government at the time of Italy's entrance into the war, and who is favorable to the Conservatives.

LOOKING FOR UNION OF WESTERN EUROPE

London, Dec. 5.—A Madrid despatch to the central news says political and diplomatic circles forebode an approaching union of the nations of western Europe, comprising Great Britain, France, Spain, Belgium and Portugal, which is regarded as a positive guarantee for the future.

The correspondent says his opinion was gathered from the speeches made at the reception in the palace to Sir Esme Howard, the new British minister.

ACCUSED OF COMPLICITY IN MURDER OF TISZA

Vienna, Dec. 5.—Captain Csernyak, a former Hungarian officer in the employ of the sub-commission for reparations, has been arrested in connection with the assassination of former premier, Count Tisza. (Continued From Page 1.)

occasions upon which Mr. Justice Metcalf was forced to tell the jury that they must take any notice of statements made by the counsel under the guise of objections.

These remarks had particular reference to Robert Cassidy, K. C., senior counsel for the defence.

Says Russell Was Radical.

The afternoon session of the trial opened with Mr. Lovatt on the witness stand. He continued his evidence by telling of the general strike. In describing the meetings of the Trades Labor Council, he reiterated his statement, made at the morning session, that the leaders of the radical element were the accused, Russell, Heaps, the witness said, attended several of the meetings.

The witness told of the efforts of Senator Robertson to have the postal employees retained to work as a condition of the action taken by the strike committee to see that the men remained out.

Why Police Struck.

The witness gave evidence to the ultimatum issued by the police commission to the strike. He declared that they at first refused to sign it and attempt to 'strut'. He declared if the police had not ordered them to strike at the beginning of the trouble they would have come out. When the ultimatum was again presented, with the option of signing it or being discharged, the Police Union, the witness said, went on strike.

The next witness called by the crown was Corp. F. W. Zaneth, R.N.W.M.F., an Italian who acted as a house-keeper during the period following Sept. 12, 1918. He was, he said, sent to Drumheller district, Alberta, where he worked for some time at the mines. He then, he said, came into Calgary, where (smiling) I got mixed up with socialists.

The witness said that he was introduced to the accused Russell by Joe Knight of Edmonton in the convention room at the labor conference in Calgary in March, 1919.

APPEALING FOR AID TO TROOPS IN BALTIC

(Continued From Page 1.)

Berlin, Dec. 5.—An appeal is published by the Pap-German newspapers for funds, clothes, and positions for returning Baltic troops, who, they say, "sacrificed everything for the big ideal of the fatherland and who now stand without positions and without bread, with the future before them."

The appeal is signed by 20 privy councillors, government councillors, and many persons prominent during the imperial regime.

WILL SEND DELEGATES TO SIGN PEACE PACT

Budapest, Dec. 5.—Premier Huszar, in answer to the invitation of the supreme council to send delegates to arrange for signing the peace treaty, has telegraphed Premier Clemenceau that he will send a delegation of 100 men and women to be encouraged to come, he said, and he pledged hearty support to all measures having for their object the development of the mining industry and the happiness of the people.

Legislation for Workers.

A bill for legislation for the worker was made by Hon. Montgomery on behalf of the L. L. P. and U. F. O. His program included collective bargaining, disability, old age and unemployment benefits, and a provision for the children of the poor and mothers' pensions. Legislation to prevent discrimination against members of the labor union was also introduced, and he favored the extension of the T. & N. O. to James Bay, Gowanda and Kirkland Lake and the electrification of the Ontario railways.

Bowman and Mills Speeches.

Hon. Beniah Bowman and Hon. Henry Mills spoke briefly, the latter would not spend so much time in his office as he would like to obtain first-hand information from all sections of the industry. It would be hardly right on his part to commit himself to a decision at this time, and he said they must go slowly in making changes. The minister of lands and forests promised to see to it that the welfare of the north and the development of the north would be possible to operate narrow gauge railways very successfully in the district where these had been suggested.

Holland Will Tax Wilhelm and His Son.

Amsterdam, Dec. 5.—Answering a question in parliament today, a representative of the government said that if former Emperor William of Germany had purchased the house of Doorn for a residence, he undoubtedly would have been permitted to remain in the Netherlands.

Mr. Neilly asked for more power for the chief inspector and intimated his association would soon ask for a re-survey of the geological conditions of the camp. He wanted lower freight rates and more help and encouragement for the prospectors. Capital and men were wanted in the country and must be encouraged to come, he said, and he pledged hearty support to all measures having for their object the development of the mining industry and the happiness of the people.

20th CENTURY RENT COLLECTORS

Uplift Work as Well as Money-Getting BY JOHN PARR.

London, Dec. 4.—Both in America and England, the problem of housing reform is being earnestly considered by social experts. All who have studied the subject understand that the tenants of houses must be considered as much as the houses themselves. It is no use building with a variety of conveniences, if the future inhabitants of the dwellings have no knowledge of the proper care of the new houses.

The ministry of health in London fully recognizes that not only the new national housing act, but the provision made to guard against the social evils which future tenants may bring in their train. The birth of an idea. It is the same idea, the only way to avoid these evils is to secure good management. They keynote of the proposed new house property management was supplied by the Octavia Hill, whose work had influenced housing and house management, both in Europe and America.

At that time Octavia was only 13, but she was put in charge of a workroom, in which girls of about her own age were making toys. Thus she learned the life of a housewife, and the life of the poor, and did all in her power to make them happy. John Ruskin was one of the first to see beneath the drawing, and also inspired her with ideas of social service. At the end of 1860, just before the death of her father, she went to 14 Nottingham Place, in London. There a woman who came each week to help with the family sewing, faded Miss Hill then, and the eleven children, together with the widow, moved to London, where Mrs. Hill became manager of a guild of the employment of women.

CLAIM OF VIOLATION OF NATIONAL RIGHTS. Federated States of Germany. Object to Finance Minister's Tax Measures. Berlin, Dec. 5.—That encroachments by the central German government on the prerogatives and integrity of the federated states are provoking increasing impatience and mistrust among the delegates to the national council. The delegates say it is a national duty to resist the measures drawn up by Matthias Erzberger, minister of finance. Representatives of the six federated states who are taking part in the council, made known to Herr Erzberger their disapproval of the manner in which he is attempting to force the national council to accept the measures which they say are attempting to force the national council to accept. The delegates say it is a national duty to resist the measures drawn up by Matthias Erzberger, minister of finance.

System Extended. Octavia Hill, not only the most eminent British independent citizens, is being considerably extended at the present time. In Great Britain, various public utility societies have appointed Octavia Hill women to collect all rents. They not only enter each dwelling, obtain the money for the rent and take notes on the repairs needed, but they set the obligations of landlord and tenant on a human and friendly basis. It has been found that women are far more successful in this work than men, for they are most accustomed to household needs and arrangements. Generally speaking, a woman is more careful of details than a man. The wife, too, is the person who pays the rent, and is more disposed to speak frankly and freely to a woman rent collector. By showing sympathy with the tenants, and maintaining a close contact with their daily lives, it is possible to help to make the houses better. Tenants who decline to pay rent regularly, or who live clearly immoral lives, are rejected, and the rooms so vacated are immediately cleaned and repainted.

Preventive Conception. The appointed rent collectors also take care that houses are not let to more persons than would be allowed under public health acts. No satellite is permitted, and thus overcrowding is prevented. It was found by Miss Hill that by such careful management parties could be made to pay a very rate 4 per cent. dividend on the capital invested in the houses.

Investments in houses, where the management of the property is carried on by sympathetic and properly-trained women, who understand accounts and the laws relating to weekly tenancies and public health acts, are more profitable than investments in bricks and mortar. They are, in short, investments of human lives. This system is not the dream of dreamy enthusiasts, and certainly not the multiplication of superfluous officials, but a definite attempt to improve the life of the people, and with their own view of life, and each house as a home in which a family may be properly brought up. The modern rent collector can be a social benefactor.

AT REEVES DOBIE. Elk Lake, Dec. 5.—The mill at the Reeves Dobie in Gowganda is now in full operation, and for the time being is stated to be producing at the rate of close to 1,000 every 24 hours. The mill is equipped with modern machinery, and the process being a part of it. The Reeves Dobie has confirmed its mining operations to operate this summer, and has not gone below the 100-foot level.

NO LA ROSE DEAL. Cobalt, Dec. 5.—Regarding recently reported negotiations between the Northern Ontario Consolidator and the La Rose Consolidated it is learned that the offer made by the former for the purchase of the original 37 acres of the La Rose was considered unsatisfactory, with the result that nothing was accomplished.

MAY REOPEN COLONIAL. Cobalt, Dec. 5.—According to current reports there would appear to be some likelihood of the old Colonial property being opened up shortly. The Colonial is situated adjacent to the Violet property of the La Rose Consolidated on the south, and lies directly between the O'Brien mine and the Silver Cliff. It is looked upon as one of the most attractive of the undeveloped properties remaining in Cobalt.

ADVANCES CONTINUE IN MINING STOCKS

Trethewey, Crown Reserve and McIntyre Are Among Leading Features.

Trethewey and Crown Reserve took the leadership among the silver stocks yesterday, each scoring a sharp advance to the accompaniment of heavy trading. In the gold section McIntyre was the main feature with a three-point rise to \$2.17, a high-record level, while Kirkland Lake and Moneta were also conspicuously strong. The day's transactions amounted to nearly 240,000 shares.

There was a strong demand for Crown Reserve in the afternoon session, the price rising from 37 to 44, profitmaking causing a reaction to 41 at the close. The price of McIntyre was further advanced by 15c to 20c, while Crown Reserve advanced 15c to 20c. McIntyre-Darragh, ex-dividend three per cent., was firm at 70. Mining Corporation eased five points to \$1.65. McIntyre's persistent strength has given rise to reports that a sensational upturn is in near prospect. The price advanced yesterday from \$2.14 to \$2.17, equal to 22 1/2 points. McIntyre's price advanced yesterday from \$2.14 to \$2.17, equal to 22 1/2 points. McIntyre's price advanced yesterday from \$2.14 to \$2.17, equal to 22 1/2 points.

WASAPIKA GAINS GREAT ADVANTAGES

Access to Water Secured With Property of High Speculative Value.

The successful development of the Ribble vein on the Wasapika Gold Mines property of West Shilling Tree has naturally directed attention to the property north and south of it, says The Canadian Mining Journal in a recent issue. "For the Ribble vein is known to cross the northern boundary and outcrops of similar ore and rocks have been found on several localities to the south. Owing to the heavy soil cover, the vein is not easily followed on the properties south of the Ribble vein. The development of this northern property is provided for in a consolidation scheme recently approved by the directors.

Under the terms of the merger the Wasapika Company will acquire three valuable claims. The owners of these claims will receive one-sixth of the shares of the consolidated company, while the Wasapika owners will receive one-half of the shares, and the remaining third will remain in the treasury until required for development work and plant. "In addition to acquiring property of great speculative value, the Wasapika company will gain access to the water, as the northern claim borders Lake Michicawakenda. There are several good buildings on one claim, providing the necessary housing for all the present employees of the Wasapika company. The northern claim fortunately escaped the disastrous forest fires of last summer, and will provide necessary mine timber, lumber and firewood for years.

Development work at the Wasapika property is steadily proceeding, attention for the present being directed to the deepening of the shaft. Manager Reeves wants to obtain as soon as possible some idea of the nature of the ore deposit at the 200 and 300 feet. It is probable that the 300-foot level will be chosen for extensive lateral exploration work.

The company has under consideration the building of a 150-ton mill. It is probable that the cost of the necessary buildings and installation of the machinery will not long be delayed.

Keora Facts Worth Considering

Property is close to railway and contains 200 acres. \$70,000 has already been spent in its development. Work now under way should make the mine a producer within 60 days. Keora is listed on the Standard Stock Exchange. This means there is a public market for the shares. Many other facts worth the purchase of Keora NOW.

CASTLE SOON TO BE AT PRODUCING STAGE

Hamilton B. Wills, in his weekly market letter, says: "The amount is being added to practically every day now. The ore being bagged and made ready for shipment ranges from 2000 to 7000 ounces to the ton, so that it can be seen the Castle will very soon reach the producing mine stage. If the Castle does 50 per cent. as well as did the Trethewey, every shareholder will have good reason to pat himself on the back. It may be possible the Castle will produce a great deal more silver than the Trethewey, and the latter mine is by no means at the end as yet. Its acreage is considerably larger, and geological conditions favor successful mining for the precious and very scarce white metal.
