THURSDAY MORNING NOVEMBER 4 1920

40TH YEAR—ISSUE NO. 14,603

TWO CENTS

ARREST IN TORONTO FOLLOWS WOODBRIDGE BANK ROBBERY

MAJ. BELL BLAMES HYDRO FOR SHORTAGE OF POWER

REPUBLICAN PARTY MAKES MANY ADDITIONAL GAINS

SPRACKLIN ON DEFENSIVE AT A SEARCHING INQUIRY

SHORTAGE OF POWER MUST BE RELIEVED, SAY MANUFACTURERS

They Urge Government to Bring Pressure on Private Companies.

POSITION OF T. S. R.

The Canadian Manufacturers' Association have taken a hand in the power situation and yesterday a deputation waited on the government and urged:

1. That the 25,000 h.p. which the Toronto and Niagara Power Company are believed to be capable of developing shall be generated and made available to the Hydro-Electric Power Commission of Ontario for the use and benefit, in particular, of the industries of this province.
2. That any other available power be generated and supplied in the way that will give the greatest possible relief and benefit to users of Hydro power.

The premier told the deputation of the negotiations that were now going on with the Mackenzie interests with the probability of a settlement, or rather material relief within a week. Sir William Mackenzie's reply to the government's proposition made at Tuesday's conference would be received almost immediately. It was expected it would contain an outline of what he was prepared to do.

The position of the Toronto Railway Company to the other Mackenzie companies was explained yesterday by Attorney-General Raney in the following statement:

"The Toronto Railway Company is the holder in its own name or the names of its nominees of the whole of"

HYDRO SHOULD END EXPORT OF POWER, ADVICE OF OTTAWA

Major Bell Flatly Refuses Sir Adam Beck's Request That Toronto Power Company's Export Rights Be Curbed, and Blames New Hydro Contracts in Ontario for the Acute Power Shortage.

Ottawa, Nov. 3.—(By Canadian Press)—The government today made public the correspondence with the Ontario Hydro-Electric Commission with regard to the export of Niagara power from Ontario.

On October 6 Sir Adam Beck wrote to Sir George Foster, complaining that the Toronto Power Company would not renew a contract with the commission for the supply of 13,000 h.p., and asking that the license of the company to export power be canceled unless this block of power and a block of 18,000 h.p. presently under export on a contract about to expire were both made available for use in Canada.

Sir George Foster sent Major Graham Bell, C.M.G., deputy minister of railways and canals, to Toronto to go into the matter personally with the Toronto Power Company and the Hydro-Electric Commission. As a result, Major Bell reported that the block of 13,000 h.p. referred to by the chairman of the Hydro-Electric Commission was required by the Toronto Power Company for the use of its own customers in Canada, and that the Hydro-Electric Commission had been notified in 1917 that the contract could not be renewed on expiration. It was true that the Toronto Power Company was exporting 15,000 h.p. out of a total development of 125,000, but the Hydro-Electric Commission itself was exporting 50,000 h.p. out of a development of 200,000.

He pointed out that the cancellation of power under export to the United States, at this time, would probably bring up the question of the export of coal from the States to Canada, which might lead to very serious difficulties, and suggested instead that the Toronto Power Company should be permitted by the Ontario government to again develop the 25,000 h.p.

PRINCESS MARY, Only daughter of King George and Queen Mary, who may be an Exhibition visitor next year.

IDEA IS FAVORED OF PRINCESS MARY VISITING TORONTO

Prominent Canadians in England Urging Importance of Royalty Coming.

BRITISH PRESS HELPS

No stone is being left unturned by the Canadian National Exhibition to bring about the visit of Princess Mary and the Duke of York in 1921, which is now practically assured will be designated "Women's Year."

President Fleming and General Manager Doherty, Dr. Creelman and other prominent Canadians are urging the importance of such a visit, and their efforts are being supplemented by a number of others prominent in British court circles.

Royal Ambassadors, Splendid support, too, is being given the suggestion by the British press. In this connection an article

(Continued on Page 5, Column 1.)

OBJECT TO PAYING FINES OF SPEEDERS TO LAW'S MINIONS

Motor League Deputation Strongly Protests to Public Service Commission.

LIGHT ON SINECURES

A deputation from the Ontario Motor League appeared yesterday afternoon before the Provincial Public Service Commission, and made a strong protest against the system of paying magistrates and police constables out of the costs of conviction in motor cases.

W. G. Robertson, who was accompanied by Dr. Doolittle, said: "As the result of years of experience with the system of paying constables and magistrates out of the costs of convictions in motor cases, which have exposed the very grave abuses in which this method of payment actually results, the Ontario Motor League would urge that in the public interest this system should be abandoned throughout the province of Ontario."

In support of this contention Mr. Robertson cited the experience with the fee system in York county, and the reasons which led to its complete abolition there, and instanced a case where three magistrates and five or six constables had raked in for themselves over \$10,000 as commission on motor speeding convictions.

Further, he declared that when a constable with the aid of a stop-watch would collect in four months over \$1,000 in personal fees from motorists, it was time to call a halt, as there was always the lurking suspicion that the chief interest of the court was not the rigid enforcement of the law, but the

BANK CLERK HELD IN TORONTO AFTER \$13,000 IS MISSED

James Fleming Stoutly Denies Implication in Robbery of Royal Bank Branch in Woodbridge—His Successor as Accountant Found Bills Gone When He Opened Safe.

James Fleming, who gives his address as Woodbridge, was arrested last night in the city, by Detective-Sergets Elliott and McMahon, on a warrant charging him with the theft of \$13,000 from the Royal Bank branch in Woodbridge, where he was employed as accountant and teller. The warrant was sworn out by John Hallitt, manager of the branch. When arrested Fleming had but 85c on his person and stoutly asserted his innocence of the charge on which he is held, altho he admitted having been in the bank on Tuesday night.

The robbery was discovered by D. L. Leggett, an employe of the bank, at 9 o'clock yesterday morning, when he opened the safe. There were no signs of violence having been done to the safe, indicating that someone familiar with the combination had committed the robbery.

The robber left a quantity of silver and other coins, taking only the \$13,000 in bills of various denominations.

Detective headquarters here were informed that Fleming had come to Toronto early yesterday morning and that he was visiting friends in the west end of the city. They were also supplied with a description of Fleming and from this the arrest was made.

Fleming, it was learned, had been promoted to the post of manager of a branch at Bolton, Ont., and had been given two weeks' vacation before taking up his new duties. D. L. Leggett, who discovered the theft, is his successor.

It is said that Fleming and the bank manager were the only two in possession of the combination of the safe, which circumstance at once threw suspicion on the former as the job was plainly an inside one.

An unsuccessful attempt was made to rob the bank about two months ago. A citizen notified the police on this occasion, but the burglars had left before the police arrived.

REV. J. O. SPRACKLIN TESTIFIES BEFORE O.T.A. COMMITTEE

Tells of His Work Chasing Rum-Runners Along Border.

OFFICERS NOT UNITED

Declaring that he did not want the "miserable job" even at \$10,000 a year, unless he had absolute confidence of everybody, Rev. J. O. Spracklin, special license officer at Windsor, appeared yesterday before the legislative committee which is investigating the O.T.A. Mr. Spracklin told how he carried his life in his hands and how his home life had been broken up and the work of his church seriously interfered with. He told also of efforts that were being made to "frame" or discredit him and courted of the individual investigation into his affairs. The use of blank search warrants he justified on the ground that they were under certain circumstances justified and further, had been used by the license inspector of the district.

The committee also heard Chief License Inspector Mousseau, who insisted that the divided authority which existed in his area was inimical to the best interests of the district and should be ended at once, otherwise he would be forced to resign. Inspector Rogers, superintendent of provincial police, was also heard. He spoke of the difficulties his men experienced in enforcing the law along the border.

REPUBLICAN SWEEP IS GROWING WIDER MORE STATES WON

Harding Sure of 346 Electoral Votes—Senate Will Have Republican Majority of About Ten, and House of Congressional Delegation From Texas Broken.

New York, Nov. 3.—The crest of the Republican wave, both presidential and congressional, continued rising tonight as combined returns filtered in.

Among new Democratic casualties were defeats of Representative Champ Clark, of Missouri, former speaker and present Democratic leader in the house; election of a Republican congressman from Texas; re-election of a Republican senator from Missouri; and a sudden jump of Senator Harding into the lead in Oklahoma. Another border state, Tennessee, hung by a narrow margin, but with the Democrats leading.

A Republican Senate majority of about ten, as compared with but 2 at present, and a house majority of around 100, as against forty odd, were other forecasts of the overwhelming majorities.

With about 8 states still in the doubtful list in presidential and senatorial contests, the huge majorities assured Senator Harding and Governor Coolidge of at least 346 electoral votes, with Governor Cox certain only of 127 and all from the "solid south," including Kentucky. The Republicans today added Idaho, Maryland and South Dakota to their string, in the

(Continued on Page 2, Column 8.)

GIRL DIES AFTER MOTOR ACCIDENT

Gertrude Lacey, Aged Thirteen, Struck Down in North Toronto.

Gertrude Lacey, aged 13, of 31 Marlboro avenue, died in the Hospital for Sick Children at 1:10 a.m. today, from injuries received when she was struck by a motor car at Rochampton avenue and Yonge street yesterday morning. The body was removed to the morgue and it is probable that an inquest will be held.

John Siris, 210 Sheildrake avenue, was the driver of the auto which struck the girl. He reported the accident to the police and was not held. The auto, driven by Siris, according to the police, was proceeding south on Rochampton street, when it struck the girl. She was thrown from a street car but a few seconds before Siris, it is said, swerved into the ditch to avoid the accident, but in passing her the rear mud guard caught her, 20 feet along the pavement.

She was carried into the office of Dr. H. H. Lacey, who had her removed to the hospital.

Bar Chinamen From Hiring White Women

The legislature in 1914 passed an amendment to the factories act, prohibiting the employment of white women in any laundry, restaurant or factory owned by Chinamen.

Up to the present, this prohibition has not been enforced, but yesterday an order in council was passed bringing it into effect on December 1.

SELECTING CABINET HARDING'S NEXT JOB

President-Elect Relieved at Working Majority in the Legislative Branch.

OFFICE SEEKERS BUSY

Marion, Ohio, Nov. 3.—Warren G. Harding spent his first day as president-elect resting from the tension of the election night and reviewing late returns with particular attention to the make-up of the sixty-seventh congress.

He expressed keen pleasure as the growing figures confirmed a Republican gain in both senate and house, for he had told his friends that his greatest apprehension over the outcome had been that as president his hands might be tied by lack of a working party majority in the legislative branch. It was to assist in the election of Republican senators that he deserted the "front porch" for his final swing around the circle.

The avalanche of congratulatory messages addressed to the president-elect and Mrs. Harding increased in proportion today. The defeated Democratic candidate, Governor Cox, sent a brief telegram accepting the result, and Mr. Harding in a still briefer message, thanked him.

With the result of the election (Continued on Page 2, Column 5.)

FEAR SUBMARINES IN THE BLACK SEA

Vague Soviet Note Gives Good Reason, Says Earl Curzon.

London, Nov. 3.—Replying to the Russian Soviet government's recent note concerning the operation of submarines by the Soviet navy Earl Curzon of Kedleston, secretary for foreign affairs, says the British belief in the proposed aggressive action of the submarine was based on a Soviet statement's statement, when the submarines were launched in the Black Sea, that he hoped they would sink enemy vessels.

The British government, Earl Curzon added, did not feel justified in running any risk and now had found its fears confirmed by the vague statement of the Soviet note, which would permit the Soviet submarines torpedoing a British ship under the excuse of mistaken identity.

The note asserts that the Soviet forces in the Black Sea are still engaged in acts of open hostility against British interests and has the Soviet government's statement and this situation by giving the assurances called for in the British note of October 9.

ZAYAS HAS BEEN ELECTED PRESIDENT OF CUBA

Havana, Cuba, Nov. 3.—Dr. Alfredo Zayas has been elected president of Cuba. This is based on returns received by the government from three-fourths of the voting precincts.

TREND IN SCOTLAND TO LICENSE SYSTEM

Few Places of Those in Which Polling Took Place Voted Dry.

Glasgow, Nov. 3.—Official results in Glasgow of the liquor option poll today shows a comparative victory for the "dry" wards. Whiteinch, Cathcart, Pollokshields and Campbellton. In Dennistoun, prohibition was defeated by four votes. Practically all the working class areas remain "wet," and also the central city districts.

Aberdeen voted "wet" by two to one.

Other towns voting "no change" were: Hawick, Dalkeith, Auchtermuchie, Falkland, Arbroath, Montrose, Lupton, Kirriemuir, St. Andrew's, Alloa, Girvan and Stonehaven.

Up to midnight last night three areas in Scotland in which voting took place yesterday on local option had voted dry, namely, Sanguhar, a rural constituency, and Kilsyth and Kirkintilloch, mining centres. Fourteen other sections voted for no change, they included Grangemouth, Bridge of Allan, Dunoon, Lanark, Helensburgh, Barmbrack, Bonnybrigg, Loanhead and Strirling.

HEAD OF IRISH POLICE HAS RESIGNED OFFICE

London, Nov. 3.—Sir Thomas James Smith, inspector-general of the Irish constabulary, has resigned, says a despatch to The Daily Mail from Dublin. His resignation is attributed to "disapproval of undisciplined action and destruction of property by armed forces of the crown, which are now virtually all controlled by the military."

Sir Thomas, who was only recently knighted, was commissioner of police in Belfast. He was transferred to Dublin when General Byrne was removed from the inspector-generalship of the constabulary.

Yellow and White in a Canadian City

The First of a Series of Articles Containing a Truthful Report of Conditions in Toronto and Canada, Resulting From Over-Tolerance.

(These articles are not published with the idea of fomenting racial strife or of inciting public feeling against any section of the community. They are intended to awaken the public mind to a menacing evil that is rearing its head in the heart of this city. The police courts have frequently furnished incidents, such as have proved the danger that lies behind these conditions. The police admit the conditions, but the law appears powerless. Thus it is that it must be strengthened by public opinion.)

I HADN'T been in Toronto for ten years. But I had been in some of the wildest places of civilization—the gambling halls of Mexico, the mining camps of Nevada, the colorful South West, the passionate beaches of the Pacific Isles, and Prisco with the cocktail cherry at its lips, a city like the false mistress of Bonaparte and with more suicides to its credit yearly than any other approximate population in the world.

I did not expect to find openly in "Toronto, the Good," what I had not found openly in these places. And yet I did—it was extraordinary, astounding.

Elizabeth is the second street west from the city hall. It begins at Queen and contains Toronto Chinatown. Farther up it expresses itself in Yiddish—by the first few blocks are as yellow as Peking. The heaping squalor of Chinese life reveals itself—born by the screaming abandonment of the Oriental fiddle while the quacking ducks can be heard as an aftertone. Also well up hill midnight the street is frequently agitated with staccato-voiced Celestial gamins. They play as long as they please, unheeded by the police—a privilege which would not be accorded white children in the next street.

In the dinginess of this slatternly thoro fare burn two strong saffron signs. These announce cafes—both of them upstairs. There is one opposite without a sign but where much may be seen at times thru the windows.

The farthest sign is at the end of the first block. If you are at all familiar with the block you have already seen white girls of all ages and various types disappear in the doorway.

The cafe on the second floor is spacious. It serves Chinese dishes and beer to Chinese and negro patrons. Only an occasional white person is seen there—except the girls, some of them still in their teens.

It is a dirty place with a drab floor and round tables covered with soiled oilcloth and served with apparently greasy chairs. It has two wings separated by the central stairs and a low partition with ochre curtains, but still very much in sight of each other.

(Continued on Page 6, Column 3.)

MEIGHEN IN TORONTO SOON

Grand Forks, B.C., Nov. 3.—(Special.)—Hon. Arthur Meighen has accepted an invitation of the Conservative and Liberal supporters of his government to speak at Massey Hall, Toronto, in about three weeks' time.

MURDER OF POLICE STILL CONTINUES

Four Were Killed at Different Places and One Was Kidnapped.

Dublin, Nov. 3.—The anti-police vendetta continues. Four more policemen were murdered today at different places under daring circumstances. One was kidnapped and several were wounded.

As indicating the terror prevailing, the body of one murdered policeman lay 24 hours on the road and was passed by many persons before the authorities were informed.

The Athlone Printing Works, where The Westmeath Independent was published, were burned early this morning by men in a military lorry with incendiary bombs and petrol. The damage is estimated at 100,000 pounds. By the destruction of this establishment three hundred employes are made idle.

The town of Tralee, which was taken over by the military yesterday, was quiet this morning, and the townspeople who fled in fear of reprisals by the "black and tans" were returning to their homes. The troops, upon taking charge, patrolled the town in lorries. The "black and tans" were confined to barracks and the night passed uneventfully. A policeman, who was kidnapped, is still missing.

Many Attacks On Police.

London, Nov. 3.—Attacks on police were reported last night from several points in Ireland. Following the burning of the police barracks at Ardmore, a military relief party motoring to Ardmore was called from his residence. One soldier was killed and two wounded. An officer and seven soldiers were disarmed and captured.

Another fight occurred between soldiers and civilians at Killeenule, county Tipperary. One civilian was killed and several injured on both sides.

A party of police traveling by lorry from Carrick-on-Shannon to Athlone was ambushed, and one policeman killed and three others wounded.

There were wholesale raids and searches for arms and documents in Dublin. Beginning at the Duke of Leinster's residence, the buildings raided included University College, whose president was called from his residence by soldiers and compelled to give up the keys of the college rooms.

WOMEN PAY B.O.T.A. FINES.

Brockville, Ont., Nov. 3.—Convicted of selling liquor, Mrs. James Young was fined \$300 and costs in the police court here. Mrs. A. Bershaw, also charged with selling liquor, was fined \$200 and costs.

MANY HAPPY RETURNS.

Many happy returns of the day—John Macdonald, president of John Macdonald & Co., Limited, born at "Oaklands," Toronto, November, 4th, 1863.

His many friends offer their congratulations at this time and hope for his speedy recovery.

MEIGHEN SHOWING NO QUARTER TO KING

Tour of Premier, Especially in Yale, Is Triumphant—Scores Opponents.

Penticton, B.C., Nov. 3.—(Special)—To the leader of an election fight the prime minister is hitting with his parliamentary vigor and is showing no quarter to Hon. W. L. Mackenzie King and his supporters. At Grand Forks, Summerland and Penticton he did not hesitate to refer to the opposition leader's war record when he asked the soldiers if they wished to place their future in the hands of a leader "who left his country in his hour of trial to a foreign country from the world's greatest cooperation."

Again, at Summerland, he referred to the leader and opponents of the government as those "whose idea of liberty was to let other people fight for them."

The triumph of Meighen's tour thru Yale has been a great triumph. This constituency was endangered by a lack of attention by the previous representative and by an attempt to consolidate against the government the Farmers, Liberals, Soldiers and Labor. Happily this attempt has failed, and the greatest organizations have repudiated the coalition and the leading soldiers are supporting the government candidate. Labor is of dramatic life of the community. It is a former is supporting Hon. W. Mackenzie King's choice, while the same trade unions will rally to the government. Liberals are also divided. Many of them who supported the government in 1917 are taking no part in the campaign or supporting J. A. Mackenzie, the choice of the national Liberal and Conservative party. There are some disgruntled Conservatives on the patronage issue, but they will not assist in giving a supporter to the opposition.

Opens a Theatre.

At Naramata, on the east side of Lake Okanagan, was an interesting ceremony today when the prime minister opened a new theatre. It is unique in its design and object. Over Colby Alkens has built a theatre for the development of the "literary and dramatic life of the community." He is a nephew of Sir James Alkens, lieutenant-governor of Manitoba, and a grandson of the late Hon. C. C. Colby, of the eastern townships, and one time a member of Sir John A. Macdonald's cabinet.

Soldier Problems.

The prime minister declared that "the government recognizes the fact that there is no objection taken to this statement." Protection for the soldier's fiscal policy is "protection for fruit," while both the leaders, Messrs. King and Meighen, are pledged to the opposite position. The prime minister is ridiculing the position of a candidate who has both on the main issue. Today he dealt with soldiers' problems in an unusually emphatic way on the fiscal issue. "For further gratitudes the door is closed," he declared. "The schemes of soldiers' establishment we are open to suggestions for their betterment."

Definitive Counts.

The chief features of the prime minister's tour in contrast with that of the opposition leader, are the open affiliation with his party of former political opponents. Wherever the prime minister has gone the most prominent Liberals have rallied to him. In Manitoba Isaac Campbell, K.C., and in Ontario Peter Westminister, Peter Whitehides, M.P.A., and in Vancouver Harry Senkler, K.C., Liberal candidate in 1911.

Gains Thousands of Votes.

Harry Senkler alone means thousands of votes in British Columbia, and in Manitoba would underestimate the great influence of Isaac Pitblado and Isaac Campbell.

Hon. W. L. Mackenzie King, while losing these thousands of Liberals, cannot point to a single convert from Fort William to Victoria.

Edgett is independent.

Colonel Edgett, a Liberal candidate, was accorded time at tonight's meeting, but after taking his place on the platform refused to speak beyond repudiating Hon. T. A. Cramer's leadership and not acknowledging that of Hon. W. L. Mackenzie King. For the first time during the tour the freight rates increase was raised, and the prime minister defended the independence of the board from its inception until the present.

To Cure a Cold in One Day

Take Grove's LAXATIVE BROMO QUININE tablets. The genuine bears the signature Dr. W. W. Grove.

CALIFORNIA ENDORSES ANTI-JAP LAND LAW

San Francisco, Nov. 3.—The alien land law, relating to Japanese land tenure, was endorsed by the electors of California yesterday by a big majority.

DISTINGUISHED AVIATOR ARRIVES FROM ENGLAND

Quebec, Nov. 3.—Among the passengers who arrived here today on board the Empress of Britain from Liverpool was Sir A. Whitten Brown, who flew across the Atlantic with the late Sir John A. Leeck. Other passengers on board were: Major J. E. M. Fetherstonhaugh, Toronto, and Col. S. C. Osborne, Toronto. This is the last trip the Britain will make to Quebec this season.

HAMILTON

Hamilton, Nov. 3.—Members of the local fire, police and jail committee divided this evening to support the city council's motion to support the city council in petitioning the provincial government to dispense with the legislation granting all firemen one day off in seven, which was passed last spring and is to become effective on January 1 of next year.

The meeting of the purchasing agents was held here this evening at the Royal Connaught Hotel, attended by 15 members of the Toronto Association, who were invited by President J. I. Nicholson, Walter P. Dodd, vice-president, George P. Beswick, secretary, and R. M. Sedgewick, treasurer.

Arrangements have been completed by Controller Ashton and Treasurer Bower for the presentation before the municipal railway board tomorrow morning of the petition in connection with the city's opposition to the proposed increased telephone rates.

Civ. officials spoken to this morning regarding the proposed scheme of widening James street from King to York, expressed themselves as being very strongly in favor of it.

It is estimated that the scheme would cost slightly over half a million dollars.

BRITISH POETESS DEAD.

London, Nov. 3.—Louise Imogen Eglar, well known as a poet and essayist, died yesterday at Chipping Campden. She published several volumes of poems and other works, including "Goosequill Papers," "Robert Emmet, His Rebellion and His Romance," "A Little English Gallery." She edited various publications and had contributed to many magazines since 1885.

TO PROBE CHARGES OF DISCRIMINATION

Interstate Commission Will Hear Statements Regarding Coal Shipments.

Washington, Nov. 3.—An investigation to determine whether there has been any violation of the law of unjust discrimination in the distribution of coal cars for interstate and foreign commerce was ordered today by the Interstate Commerce Commission.

A hearing will be held later, the commission announced. Meanwhile inquiry will be instituted in order that the commission may be satisfied that no action may be considered "necessary, proper or appropriate."

It has been reported, the commission stated, that certain persons and corporations have given money to the railroads and obtained unjust and unreasonable preferences in shipments of coal, subjecting other shippers to undue disadvantages.

Fuel Shortage in New York.

New York, Nov. 3.—Shortage of fuel for apartment houses and office buildings has become so acute that the real estate board of New York announced tonight that it will ask the Interstate Commerce Commission to investigate the effect of the shipment of anthracite coal to New York for two weeks.

Edward P. Doyle, representing 1700 members of the board, is scheduled tonight for Washington, where tomorrow he will appear before the commission. Before leaving he stated that the coal situation here is "very grave" and that the board members consider that only a priority order can improve coal shipments, which have decreased heavily during the last few days.

WANT MORE TRADE WITH WEST INDIES

Brantford Chamber of Commerce Believes Canada Should Have Agent.

Brantford, Ont., Nov. 3.—(Special)—The chamber of commerce board of directors, today discussing the extension of Canadian trade with the West Indies, urged that Canada appoint a trade agent in Jamaica, where there is no Canadian representative at present, though there are eight from the United States. The board also endorsed the appeal of the postal clerks to adequate remuneration. W. F. Cocksbutt was appointed as representative to the annual convention at Belleville. The board of education will be asked to make provision for the use of all schools here as community centres, building them with this purpose in view.

FEARED RIOTING IF DUBLIN FUNERAL

Greenwood Explains to Commons Why Obsequies Were Interdicted.

London, Nov. 3.—Sir Hamar Greenwood, chief secretary for Ireland, in explaining to the house of commons today why the body of the late Lord Mayor MacSwiney of Cork was not taken to Dublin for a funeral, said that the government late on the day of the departure of the body from London had decided to interdict a funeral in Dublin. This decision was reached, he declared, owing to reports from Dublin that a funeral there would result in rioting and the loss of innocent lives.

Questioned regarding a story from a staff correspondent in Ireland of the correspondent's life was in danger from "black and tan" because he wrote the "truth," Sir Hamar told the commons that the government had been informed that the correspondent had been threatened. He said he had instructed the district inspector at Cork to make provision for the safety of the correspondent and to give all newspaper correspondents protection and every facility to move about.

PILES CURED IN 6 TO 14 DAYS

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding piles in three to seven days. It is the only medicine you can rest assured will cure your piles in 6 to 14 days.

SOVIET FREE BRITISH, WIRES TORONTO OFFICER

St. Catharines, Ont., Nov. 3.—(By Canadian Press).—That the ultimatum of the British government for the immediate release of the British officers who have been prisoners of the soviet authorities in Russia, has been effective, is indicated by a cablegram received in St. Catharines today by A. D. McMillan from his brother, Captain Emerson McMillan, a Canadian engineer, who, with other British officers, were on Admiral Kolchak's staff when the anti-Bolshevik leader was taken prisoner and afterwards executed. The cablegram was dated from Terjoki, and bore the one word "released." Captain McMillan's parents reside in Toronto.

TORONTO CHINA MAN BROUGHT RICE WINE

Had 23 Bottles and Revolver Charges—Said to Be Noted Bootlegger.

Hamilton, Nov. 3.—Plainclothesmen McNair and Curtis this evening made a splendid haul when they arrested Sam Mar, a Chinaman, who gave his address as Toronto when apprehended in the Oriental Cafe, Gore street. Mar was in possession of a suitcase containing twenty-three bottles of rice wine, and was just about to do a land office business among the other celebrities. A clip of automatic revolver cartridges was also found on him. He will face a charge of a breach of the O.T.A., and in his apprehension the police believe they have found one of the leading bootleggers of this district.

REPUBLICANS MAKE MANY MORE GAINS

Face of Large Majorities and of the Remaining States the Republicans Were Reported Leading in Oklahoma, Missouri, Montana, Nevada and North Dakota.

Democratic margins in New Mexico and Tennessee were reported.

Among Republican senators elected in hard contests were, Lenroot, of Wisconsin, who was opposed vigorously by Senator LaFollette; Spencer, of Missouri, who defeated the Democratic former assistant secretary of state, and Jones, of Washington, senate commerce committee chairman; Senator Phelan, Democrat, California, since defeated by Senator Shortridge, Republican, and Senator Smith, Democrat, Maryland, a veteran, lost to O. E. Weller, Republican; Senator Nugent, Democrat, Idaho, was defeated by former Governor Gooding, Republican.

With majorities piling up in what Democratic leaders said was a "so-called referendum," upon the League of Nations, President Wilson withdrew his support of Senator Blair, secretary of state, expressed disappointment. Senator Johnson of California, leading "irreconcilable," stated that the Republican party had no chance of succeeding as minority leader by Representative Kitchin, Democrat, North Carolina.

The Republicans broke into the solid Democratic congressional delegation from Texas thru the defeat of Representative Beal, No. Prohibitionist, or Socialist.

BISHOP O'LEARY IS NEW ARCHBISHOP OF EDMONTON

Edmonton, Nov. 3.—Rev. Father Pilon, in charge of the Edmonton Roman Catholic parish since the death of Archbishop Legat, received the appointment to his holiness Pope Benedict at Rome that Bishop O'Leary of Charlotte has been named Archbishop of Edmonton.

SHORTAGE OF POWER MUST BE RELIEVED

(Continued From Page 1).

The Toronto Power Company Limited. Power Company Limited owns all the voting shares of the Electrical Development Company of Ontario Limited. This latter company owns the transmission line and right-of-way from Niagara to Toronto and other places. It is the intention of the Electrical Development Company to export power to other parts of the province and to give the Dominion government, and has the right to use the streets of all municipalities without consent.

The Toronto Power Company Limited has the right to use the streets of all municipalities without consent.

SELECTING CABINET HARDING'S NEXT JOB

(Continued From Page 1).

known, besides about cabinet selections is reviving and enough names to fill a dozen cabinets are mentioned, all purely in a speculative way as yet. Names most often heard are those of Elihu Root, Senator Knox, Lodge, Charles E. Hughes, Herbert Hoover, Major General Leonard Wood, Governor Lowden, of Illinois, former Secretary of the Interior, and Harry M. Daugherty.

Office Seekers Busy.

Besides cabinet officials Mr. Harding will have an army of other federal appointees to select, a fact which was brought to his attention today as petitions from office seekers began to pile into his office. It is partially to avoid such annoyances during his period of rest that he will leave Saturday for his month's trip to Point Isabel, Texas, and the Panama canal zone.

Today Mr. Harding formally parted with his privileges as a private citizen when the advance guard of a secret service detail that will go with him everywhere until the end of his presidency, arrived at Marion.

In exchange of telegrams today between Senator Harding and Governor Cox, no words were wasted on either side or the issues of the campaign.

"In the spirit of my country," telegraphed the Governor, "I accept the decision of the majority, tender as the defeated candidate my congratulations and pledge as a citizen my support to the executive authority in whatever emergency might arise."

To which Senator Harding replied: "The successful candidate I thank you for your messages of congratulation and pledge of support."

Congratulatory messages were also received from W. H. Taft, Charles E. Kerns, Hughes, the vice-president, and a number of prominent Democrats.

HOW TO KEEP THE FACE YOUNG AND ATTRACTIVE

The way to ward off old age is not to fear it, but to allow one's self to be oppressed by the advancing years. Use only legitimate preparations that try experiments with preparations that are not tried the test of time. An entirely safe and very effective way to keep the complexion young-looking and beautiful is to apply a mercurized wash at bedtime, using it like cold cream, washing it off in the morning. This mercurized wash is replaced by a youthful, pink-tinted under skin. One ounce of this wash, tested by any drug store, is enough to completely rejuvenate a worn-out complexion.

Crow's feet and wrinkles, the first signs of advancing age, may be removed by a simple, harmless preparation made by dissolving an ounce of powdered ascorbic acid in a half pint of which has been used as a face bath.

DETROIT MICH. NOV. 3

Michigan has given Governor Cox, rolled up a majority of 33,413 for Alex J. Groves, Republican candidate for governor, and elected Republicans to all the state's seats in congress on the face of returns tonight. Substantial majorities were also given Republicans candidates for state offices and the legislature.

Returns from 1,841 precincts gave a vote of more than 50 per cent to Groves, in effect, abolish parochial and private schools.

FIND LOST RADIUM IN A SEWER PIPE

Utica, N.Y., Nov. 3.—The \$13,000 worth of radium belonging to a Utica physician, which was lost in hospital sewer last Sunday, was found this afternoon in the sewer pipe not far from the hospital.

The radium was thrown into a toilet bowl by a patient who felt annoyed by its heat. Twenty men have been uprooted and examining the sewer since its loss was discovered. The radium itself was in a special-made for it, and it is in three particles, each about the size of a small birdshot.

TO PROBE CHARGES OF DISCRIMINATION

Interstate Commission Will Hear Statements Regarding Coal Shipments.

Washington, Nov. 3.—An investigation to determine whether there has been any violation of the law of unjust discrimination in the distribution of coal cars for interstate and foreign commerce was ordered today by the Interstate Commerce Commission.

Interstate Commission Will Hear Statements Regarding Coal Shipments.

Washington, Nov. 3.—An investigation to determine whether there has been any violation of the law of unjust discrimination in the distribution of coal cars for interstate and foreign commerce was ordered today by the Interstate Commerce Commission.

A hearing will be held later, the commission announced. Meanwhile inquiry will be instituted in order that the commission may be satisfied that no action may be considered "necessary, proper or appropriate."

It has been reported, the commission stated, that certain persons and corporations have given money to the railroads and obtained unjust and unreasonable preferences in shipments of coal, subjecting other shippers to undue disadvantages.

Fuel Shortage in New York.

New York, Nov. 3.—Shortage of fuel for apartment houses and office buildings has become so acute that the real estate board of New York announced tonight that it will ask the Interstate Commerce Commission to investigate the effect of the shipment of anthracite coal to New York for two weeks.

Edward P. Doyle, representing 1700 members of the board, is scheduled tonight for Washington, where tomorrow he will appear before the commission. Before leaving he stated that the coal situation here is "very grave" and that the board members consider that only a priority order can improve coal shipments, which have decreased heavily during the last few days.

REPUBLICANS MAKE MANY MORE GAINS

Face of Large Majorities and of the Remaining States the Republicans Were Reported Leading in Oklahoma, Missouri, Montana, Nevada and North Dakota.

Democratic margins in New Mexico and Tennessee were reported.

Among Republican senators elected in hard contests were, Lenroot, of Wisconsin, who was opposed vigorously by Senator LaFollette; Spencer, of Missouri, who defeated the Democratic former assistant secretary of state, and Jones, of Washington, senate commerce committee chairman; Senator Phelan, Democrat, California, since defeated by Senator Shortridge, Republican, and Senator Smith, Democrat, Maryland, a veteran, lost to O. E. Weller, Republican; Senator Nugent, Democrat, Idaho, was defeated by former Governor Gooding, Republican.

With majorities piling up in what Democratic leaders said was a "so-called referendum," upon the League of Nations, President Wilson withdrew his support of Senator Blair, secretary of state, expressed disappointment. Senator Johnson of California, leading "irreconcilable," stated that the Republican party had no chance of succeeding as minority leader by Representative Kitchin, Democrat, North Carolina.

The Republicans broke into the solid Democratic congressional delegation from Texas thru the defeat of Representative Beal, No. Prohibitionist, or Socialist.

NEW ATTRACTIONS AT LOCAL THEATRES

"Jack O' Lantern" for Princess Next Week—"Ruined Lady" at Royal.

Seats are on sale today at the Royal Alexandra Theatre for Grace George, who visits Toronto next week, commencing Monday evening, in her latest comedy, which is described as being one of the most novel and delightful humorous plays seen locally in some time.
Written by Frances Nordstrom, "The Ruined Lady" is said to be essentially a comedy about people you know. The story revolves around Ann Mortimer, a charming and brilliant bit of femininity, who, in her search for matrimony, is misled by a series of situations as ingeniously as they are laughable. Ann's romance is in a fair way of being blighted, until she takes matters into her own hands with results that are extremely amusing. Supporting Miss George are: Jean Oliver, Françoise Rotoli, Violt de Blancy, Alice Endres, Ralph Glover, Neil Hamilton and John Gray. The usual matinees will be given on Wednesday and Saturday.

"Jack O' Lantern," a well-known comedy and dancers, will be seen at the Princess Theatre next week in the musical extravaganza "Jack O' Lantern." The production is Charles Dillingham's, who is sending it here intact, the same as it was presented last season with Fred Stone. The extravaganza is based on a fairy tale, and its scenes of fairyland are most picturesque. It is a bright, clean, swift-moving entertainment, being in two acts and eight scenes. The music, of which there are eighteen numbers, is very tuneful. The sale of seats opened this morning.
Madge Kennedy, the popular film star who has returned to the speaking stage, is to appear at the Princess Theatre this week of November 15. Miss Kennedy comes here under the direction of Henry W. Savage, who is presenting his star in a new play called "Comered." Toronto is one of the few cities to have the opportunity of seeing Miss Kennedy in the near future, as she is going to New York for an engagement.

The great success attending the production of "The Maid of the Mountains" in England, bids fair to be eclipsed by its success on this side of the water.

and the return visit at the Royal Alexandra Theatre on Monday, November 15, will be welcomed by many who witnessed it during its previous engagement, as well as by numbers who were unable to secure seats during its previous run. Mail orders are being received.
"Extravaganza" at Star.
At the Star Theatre next week, Joe Wilton's "Hurly Burly" presents the largest assembly of versatile artists ever offered to patrons of high class extravaganza. A scenic equipment worthy of Broadway, and a chorus of clever young ladies who sing and dance second to none in this particular line of work. The cast includes Joe Wilton, Jim Bennett, Bob Bennett, Phil Walsh, Phil Fletcher, Charles Tave, Nellie Nice, Arlene Johnson, Glen Walsh and Miss Dulane. Each one is capable of offering some individual surprise that will leave a lasting impression.
"Earthbound" at Massey Hall.
In the quiet of a college room three chums were talking over their pipes, of life and its problems, discussing creeds, and debating the thousand and one questions that absorb the fascinated youth about to go forth into the world. Two of the three finally put upon paper the creed upon which they were agreed, a creed which was to regulate their future conduct. The third man refused to subscribe. "No God, no sin, no future life; nothing but the survival of the fittest, and every man for himself." This creed was signed by Nicholas Desborough and James Rittenstam. Under their signatures the third man of the trio wrote his opinion of it: "All tommyrot," and signed his name, Harvey Breck. How the soul of a man wins, thru agony and tears, to a wonderful redemption, is the theme of the Goldenway Picture, "Earthbound," which is now playing at Massey Hall.

"Bringing Up Father."
A genuine laugh-getter, "Bringing Up Father" at the Seashore, is announced as the attraction at the Grand next week. This organization is a combination of laughter and melody, and is based on the famous cartoons of George McManus. Gus Hill, who originally brought the cartoons from the confines of the dailies to the stage, is said to have provided a cast of well-known musical comedy players, with the result that a performance unusual and diverting may be expected. The plot of the new comedy tells the experiences of the Mahoney clan at the seashore. Fully twenty catchy song hits and hitting numbers punctuate the offering, which is said to be the most amusing of the "Bringing Up Father" series offered so far.
Klein Brothers at Pantages.
Headlining the vaudeville portion of the program to be offered at the Pantages Theatre next week will be the Klein Brothers, who have won success in "The Gaicetics of 1919" at the New York Winter Garden. They are recognized leaders in the realm of vaudeville entertainment. Indeed, patrons of the Pantages next week will be given value far in excess of the admission charged, for there are five other acts, as well as the picture presentation, Anita Stewart, in her latest production, "Harriet and the Piper," that will fairly scintillate with brilliant coloring and musical merriment, as well as comedy numbers. A ten-piece musical review comes under the title, "Broadway Echoes," while others to keep interest at high pitch are the Temple Comedy Quartet, then Gaudsmitz, Leroy and Hart, and Junier and Mars, the latter being a posing act in which a pure white pony and dog display remarkable intelligence.

snappy satirists and the Shea's News review completes a well balanced bill. Loew's Yonge Street Theatre.
The ever-increasing number of motion picture fans to whom May Allison's every appearance is an event, will have the opportunity next week to see this golden-haired star enact a part unusual even in the long list of her successes, when she appears at Loew's Yonge Street Theatre in the role of Stephanie, "Steve," as she is known, the girl who typifies the desire of the modern woman to do everything, to experience every emotion. The lively romance and elaborately artistic backdrops make the production unusually pleasing. Next week Nazimova, the supreme, is coming to the Regent Theatre in "Madame Peacock," the picture which she herself has declared to be her greatest since "Revelation." In "Madame Peacock" she revealed two characters—a woman of fascinating, gorgeous personality, and a young girl, eager, aspiring, ambitious—both roles played by Mme. Nazimova, both personalities interpreted by the Famous Regent Orchestra, directed by John Arthur and Lloyd Collins.
At the Family Theatre.
Mitchell Lewis, in Jack London's story, "Burning Daylight," and "Hairpins" on Friday and Saturday.
Shea's Theatre.
Ten of America's foremost song writers have combined and entered the vaudeville field, and will next week be the headline attraction at Shea's Theatre, when they will offer a selection of modern popular song successes in the musical melange which they call "A Trip to Hitland." Walter Fisher, supported by a clever cast, has a very amusing little sketch entitled "Go Into the Kitchen." Val and Ernie Stanton are well remembered here for their clever, clean-cut comedy act. They tell amusing stories, sing droll songs and dance acceptably. MacIntosh's musical maids in Scotch songs and dances, with the accompaniment of the baskies are always welcome here. Harry Brennan composes songs just as rapidly as he desires. Marion Weeks and Henri Barron, known as "The Dainty Soprano and the Operatic Tenor," will offer a musical treat to lovers of classical music, while Walter Manthey & Co. present a varied offering introducing many of the new dance creations of the coming season. Muler and Corelli are

established by its predecessors. The orchestra of Shea's Hippodrome, under the direction of Leonard Richer, contributes much to the enjoyment of the entertainment provided.
Loew's Uptown Theatre.
"Betoid My Wife," with a cast of stars, is the feature photoplay at Loew's Uptown Theatre the first half of next week. This picture has the reputation of being a winner, and there is no doubt but that crowded houses will be in order at every performance. The last half of the week Bestie Bariscale will be the star in "Life's Twist." Can a man substitute another woman for the one he truly loves? That is the question asked in this picture. And, in giving the answer, Miss Bariscale shows her full bag of tricks as one of the leading dramatic actresses of the silver screen. In it she achieves the greatest work of her career by her mastery presentation of a dual role, when she portrays the woman of wealth and refinement and the woman of the tenement, at one and the same time. Accompanying each of these features will be a sparkling comedy and Loew's Big Weekly, the Uptown Symphony Orchestra being on hand at all times during the week.
"Round-Up" at the Oakwood.
Looming as big as the west, Roscoe (Fatty) Arbuckle is at the Oakwood Theatre today, tomorrow and on Saturday in "The Round-Up," the greatest western stage success. It is Mr. Arbuckle's first appearance in a picture of a more pretentious nature, but he has lost none of his delightful faculty for humor. An added feature is Van's Troupe of Dogs and Ponies. During the first three days of next week, Thomas Melghan is coming in an excellent picturization of the popular stage success, "Civilian Clothes."
"Burning Daylight" at Alhambra.
In the literary history of the past twenty-five years no novelist has appeared on the outdoor stands out so prominently as Jack London, the author of "Burning Daylight," which is being shown at the Alhambra Theatre today, tomorrow and Saturday, with Mitchell Lewis in the leading role. The tenth episode of "The Vanishing Dagger" will be shown at the matinee on Saturday. Cecil B. De

Mille's master production, "Something to Tell About," with an all-star cast, is coming to the theatre with the concert orchestra during the first half of next week.
"Girls-de-Looks" at Gayety.
An attraction that is finding great favor with patrons of the Columbia Circuit this season is Barney Gerard's "Girls-de-Looks," which was a big hit here last season, and comes to the Gayety Theatre, next. It brings those two funny fellows, Joseph K. Watson and Will H. Cothan Slotkin. "Slitkin and Slotkin" bankers and brokers, is the title of the book originating with Aaron Hoffman, author of "Friendly Enemies," and revised by that past master of burlesque, Barney Gerard, and Joseph K. Watson. In the present show the two funny Hebrews acquire an interest in a firm of bankers and brokers, and their ignorance results in many funny complications, causing almost incessant laughter. All goes well with them, however, until they start to trace a supposedly highly valuable stock, which it develops they gave away for nothing. The laughter runs riotous from here until the finish of the show.
Miss Jeffers at Hart House.
Miss Nella Jeffers, a player of remarkable distinction, has joined the Hart House Theatre forces, and will have an important part in the production next Tuesday and following days of the great Japanese classic, "Matzo, the Pine Tree." Sir Edmund Walker will lecture in the theatre on Friday afternoon next, Nov. 5, on "Japanese Art and Drama." The time for receiving season subscriptions has been extended until Monday, Nov. 8. Excellent subscription seats for Tuesday and Wednesday throughout the season are still available.
At the Garden Theatre.
Today, Thomas Melghan appears in "Civilian Clothes," and Mitchell Lewis in "Burning Daylight," by Jack London, at the Garden Theatre on Friday and Saturday.
At the Teck Theatre.
"Sand" is the fascinating picture at the Teck Theatre today, Thomas Melghan in "Civilian Clothes" on Friday and Saturday.

THE GUMPS—OLD ANDY—NOT GOOD—NOT BAD

WELL—I NEVER OWNED A BANK—AND YOU NEVER SAW ME SITTING ON A CORNER SELLING LEAD PENCILS EITHER— I NEVER CLIMBED THE PEAK OF FAME BUT I WAS ALWAYS OUT WHERE THEY COULD SEE ME—I WAS NEVER IN THE SHADOW—

I NEVER GAVE ANY LIBRARIES OR ENDOWED A COLLEGE—I NEVER PASSED A TRAMP EITHER— ONE OF THOSE SWEET GOOD NATURED OLD BIRDS THAT NEVER LET HIS RIGHT HAND KNOW WHAT HIS LEFT HAND DID

NEVER DISSIPATED MUCH— TOOK A LITTLE PEEP AROUND OCCASIONALLY— DIDN'T HAVE ANY COLLEGE EDUCATION BUT STILL I CAN READ AND WRITE— FIGURE AND EVERYTHING— I'M NOT ENVOUS OF ANYBODY LIVING

I'VE GOT GOOD HEALTH— SWELL FAMILY— SIX AND 3/8 MOTHER-IN-LAW— MIND MY OWN BUSINESS— I'LL ONLY MAKE THIS TRIP ONCE AND I CAN SAY TRUTHFULLY I WOULDN'T GO BACK AND CHANGE ANY PART OF IT— AND WHEN I PASS OUT THEY WON'T HAVE ANY TROUBLE FINDING MY TRACKS— I LET A WIDE PATH— LIKE FOLLOWING IN THE WAKE OF A TORNADO

D. B. HANNA TALKS POLITICS AND RATES

Head of C. N. R. Tells Reasons for Action Over Higgins.

"You will agree that if ever a property should be free from political organization, that property should be ours," said D. B. Hanna at the Canadian Traffic League dinner held last night in the board of trade rooms.

STUCK BY AUTO.

When he was knocked down by an auto on the Hamilton-Highway opposite the Ontario Asylum last night, Mr. Abraham DeLaware, U.S., received slight head injuries.

NORTH BAY WANTS POWER.

North Bay is badly in need of electric power, a deputation told the Ontario Commission yesterday.

IDEA IS FAVORED OF PRINCESS' VISIT

Under the heading, "Princess Mary, Ambassador," and written by Mary Macleod Moore, a prominent writer on Canadian subjects and a former Canadian, appeared in The London Daily Graphic, and is in part as follows:

The Crown of Womanhood

is motherhood. But many women face the ordeal of maternity without sufficient preparation. At such times and later—the mother should take a vegetable tonic, sold by druggists and known in almost every home as Doctor Pierce's Favorite Prescription.

TILLSONBURG, ONT.—"I found Doctor Pierce's Favorite Prescription very beneficial during expectancy. I felt quite poorly, was nauseated and sick, could not eat anything and I was extremely nervous and weak. I took 'Favorite Prescription' and it soon stopped the nausea, my appetite returned, also my strength, and I was soon feeling fine and strong. My baby was strong and healthy, and has always been so. I consider 'Favorite Prescription' a great help to the expectant mother, and am glad to recommend it."—Mrs. AMOS MILLS, Box 238.

"BEST IN WORLD," STATES VAN WIE

Three Bottles of Tanlac Freed Him of Ten Years' Troubles, Says Toronto Man.

"After my experience with Tanlac, I don't hesitate to pronounce it the best medicine in the world," said John A. Van Wie, of 101 Coady avenue, Toronto.

Solemn High Requiem Mass Sung for Late Lord Mayor

People from many parts of the city assisted at the solemn high mass of requiem, sung at St. Patrick's Church yesterday for the repose of the soul of the late Terence MacSwiney, lord mayor of Cork.

KNIGHTS OF COLUMBUS DENY BEING IN POLITICS

The Knights of Columbus are not in politics, and are taking no part in any political activities, is the gist of a statement signed by Guy R. Roach, D.D. K. of C.

ANNOUNCEMENTS

Notice of future events, not intended to raise money, to be held for the purpose of raising money for the benefit of the St. Vincent de Paul Society, at the home, Friday morning, Nov. 5th, at 11 o'clock.

SOCIAL EVENTS

Items intended for This Column Should Be Addressed to The World City Editor.

At a general meeting of the ladies' auxiliary of the Army and Navy Veterans in Canada, and yesterday afternoon at the work rooms, St. Clair avenue, the following officers were unanimously elected: honorary president, Mrs. H. C. Bickford; president, Mrs. R. H. Greer; first vice-president, Mrs. Robert C. Smith; second vice-president, Mrs. A. J. McCausland; secretary, Mrs. J. E. Hunnissett; treasurer, Mrs. R. Nordstrom; convener, Mrs. J. E. Sheppard; Mrs. R. McCausland, W. H. Welch and Mrs. M. Bunklin.

A reading of the poetry of Louise Moreau Bontemps was given by Mrs. W. H. Greaves in the chapel of Victoria College, on Monday afternoon, Nov. 15, at 4:15 o'clock.

The Women's Art Association held the opening musicale of the season at their galleries, 22 Prince Arthur avenue, on Wednesday afternoon. The ever increasing popularity of these fortnightly events was well shown by the attendance through which filled the lower gallery, every corner of the great hall and stairway being taken.

"What's in a Name?"

Facts about your name; its history; its meaning; how it was derived; its significance; your lucky day and lucky jewel.

AUGUSTA

Augusta is a regal name. It figures prominently in early history and has named empresses, queens, and other ruling potentates. In the beginning it was employed merely as the feminine of the masculine title of power, Augustus.

CHARGED WITH FRAUD

Walter Persall, who gives his address as 153 Berkeley street, was arrested last night by Detective-Sergets Archibald and Strohm on a charge of fraud involving a sum of \$240.

CHARGED WITH RECEIVING

Louis Bender, who gives his address as 227 Bickham street, was arrested last night by Detective Waterhouse on a charge of receiving stolen goods.

HEAT and Get Thin

This is turning an old saying face about, but modern methods of reducing fat have made it possible.

CAN'T KID PEOPLE TO BE PATRIOTS

Harry Whitehorn of Brotherhood Fame Has Views on Future.

Following a private session of the Amputations Club, in which a very high standard of comradeship and conduct was strongly evidenced, Harry Whitehorn, before a large gathering of the club, held at the Central Y, delivered an address upon brotherhood in which he urged the men to think of themselves not as comrades of the great war, but comrades of the great world.

SONS OF SCOTLAND HAVE BIG CONCERT

Massey Hall Crammed by Four Thousand Sons and Daughters of Scotland.

Sons and daughters of Scotland, some four thousand in number, gathered in Massey Hall last night to enjoy the twenty-sixth annual concert given under the auspices of the Toronto camps of the Sons of Scotland and Benevolent Association.

LAUGHLIN-CAMERON.

At a quiet wedding on Wednesday afternoon at St. Giles' Presbyterian Church, Miss Jean Cameron was married to Mr. W. F. Laughlin, both of Toronto.

RAVAGES OF COMMON COLDS ARE APPALLING

Is Most Prevalent of All Diseases and Causes More Death, Suffering and Decreased Efficiency Than All Wars and Epidemics.

COLDS ARE CURABLE AND PREVENTABLE

Instead of Being Treated as Trivial Affections, Colds Must Be Recognized as a Serious Menace to Health.

The common "cold" is the most prevalent of all present day diseases and although vital statistics do not record the sum total of its ravages, leading authorities now state that the common, every-day "cold" is responsible for more deaths, suffering, inconvenience, loss from work and decreased efficiency than all wars and other epidemics.

Wives of Pussfoot Cannot Stop the "Wee Drappie."

The point to be made clear is that, no matter how the voting goes, Scotland will not become "dry" even if the "drys" win on this issue, as the voting has been on a percentage basis.

THURSDAY MORNING, NOVEMBER 4.

The Passing of President Wilson.

The issue in Tuesday's election was Woodrow Wilson. If the result means anything it means that the president and his administration are condemned by an overwhelming majority of the American people. Many causes contributed for which Mr. Wilson himself is not responsible, yet he cannot but interpret the result as a most humiliating defeat. His candidate in many of the most populous and progressive states was snuffed under by an avalanche, yet Mr. Wilson has been twice elected president of the United States, and we believe his countrymen are proud of his high purposes and great ability. He looked forward confidently to their benediction. Why did he so misjudge them, and why are they so out of touch with their president?

Mr. Wilson, we fancy, fell in the two points where he considered himself impregnable. He never ceased to preach the gospel of democracy, and he always thought of himself as reflecting the spirit of the American people. Yet the democracy he worshipped was not every day American democracy, and no man was ever less seized of what, for want of a better word, we may term "Americanism."

A majority of the delegates to the Baltimore convention voted for Champ Clark, but Mr. Wilson accepted the nomination wrung from an unwilling convention by Bryan's use of the two-third rule. He was elected president in 1912 by the electoral college, but he was not the choice of the majority of the people. Pledged by his party platform to a single term, he used all the powers of his great office to obtain a second term, and would probably have run for a third term had his physical condition permitted. Professing himself to be an exponent of the British parliamentary system, he remained in office after the people had recorded a want-of-confidence vote against his administration at the congressional elections of 1918. In all these things Mr. Wilson kept within the letter of the law, but he acquired thereby no peculiar privilege to preach democracy.

Mr. Wilson was a democrat in an academic way, but he was not a democrat of the type of Sir John Macdonald and Abraham Lincoln. We can never imagine Mr. Wilson saying with Sir John Macdonald, "This country belongs to the people to govern as they please, and they have a perfect right to govern it wrong if they want to." Mr. Wilson could never get over the idea that elections are won by making speeches, and never grasped the idea which Macdonald and Lincoln never lost sight of, that a successful statesman must be a practical politician.

Sir John was busy creating a nation, but he never got so absorbed in his task as to overlook the necessity of carrying a by-election. Mr. Lincoln was bent on winning the war, but he knew that losing a battle was often less important than losing a state election. Sir John knew the mentality of the farmer on the side lines and the back concessions, and tried to keep in touch with him. Lincoln as a country boy and village lawyer had loafed around the general store enough to know what influence might be wielded by the lonely sitting on the cracker barrel chewing tobacco. He was always keen to find out what that man was talking about, hence Macdonald and Lincoln alike apparently wasted time swapping stories and holding a familiar conversation with men unknown outside of their own districts. Both knew that you do not carry a country by talking at large, but by carefully organizing so many districts.

Mr. Wilson happened to be born on American soil, and he would be better off today if he had never left American soil. But his parents were not native born and had not the American tradition. They no doubt became and no doubt taught their son to be loyal to American institutions, but he never got that ingrained national prejudice which after all is the sentiment that rules the nation. He could see no reason intellectually why he should not go to Europe if he wanted to while he was president. Mr. Harding would have known in the back of his head that it would not do even though he could not tell the reason why. Mr. Wilson's intellect could discover no reason why the Monroe doctrine should not be discussed, and even to some extent defined by a League of Nations: Mr. Harding could probably see no reason intellectually, but he would know instinctively that it could not be done. We could imagine Mr. Wilson in all sincerity praying that his country might always do right; we are quite sure that Mr. Harding would know without any praying at all that she could never do wrong.

It was because he did not understand inbred American sentiment that Mr. Wilson failed so miserably with

his League of Nations. He should not have gone to Paris, but have sent a commission which should have included such outstanding Republicans as William Howard Taft and Elihu Root. Then he should have kept in constant touch with the senate committee on foreign relations, with Republicans and Democrats alike, because no treaty he might negotiate would be worth a pin unless ratified by the senate. Having failed in all these respects, he should have met the senate upon his return in a spirit of accommodation instead of daring the Republican senators to throw out his treaty, and we may say in passing, that Mr. Wilson should have explained to the peace committee that he had no power to conclude any treaty on behalf of the United States, but could only negotiate a treaty for submission to the senate.

Remarked in Passing.

Turn off that unnecessary light you burn in working hours. It may be helping to keep some good man out of a job.
New Ontario reports a "plague" of partridges. If anybody up there wants to get rid of a brace or so we know where they can send 'em.
Now that Messrs. Harding and Cox have cleaned up their little battle, we can begin to talk about the coming contest between Carpenter and Dempsey.
Sam McBride is once again out for the mayoralty. After a year of comparative silence he ought to be able to do some real talking during the coming campaign.
Montreal's police have got a new set of uniforms with high collars and waist lines. Our own Col. Denison must have been talking to some of the police commissioners down there.

The Northeast Toronto election campaign has been running some time now, but as yet not one of the candidates has had anything to say about the fuel situation in Ontario. In a few weeks there will be many fuelless homes in this province. Has the government any definite policy in view?

FARMER PLEADS GUILTY TO WATERING HIS MILK.

In the police court yesterday, H. W. West, a Pickering township farmer, pleaded guilty and was fined \$50 and costs on a charge of shipping watered milk to Toronto. He has been permanently blacklisted by the dairy. Evidence produced by Inspector Robert Wilson, Chief Milk Inspector Francis of the western division, and Dr. Jenkins of the public health laboratories, showed an average dilution of 2½ gallons of water in each 8-gallon can of seized "milk."

NEW AUTO INDUSTRY LIKELY FOR OAKVILLE.

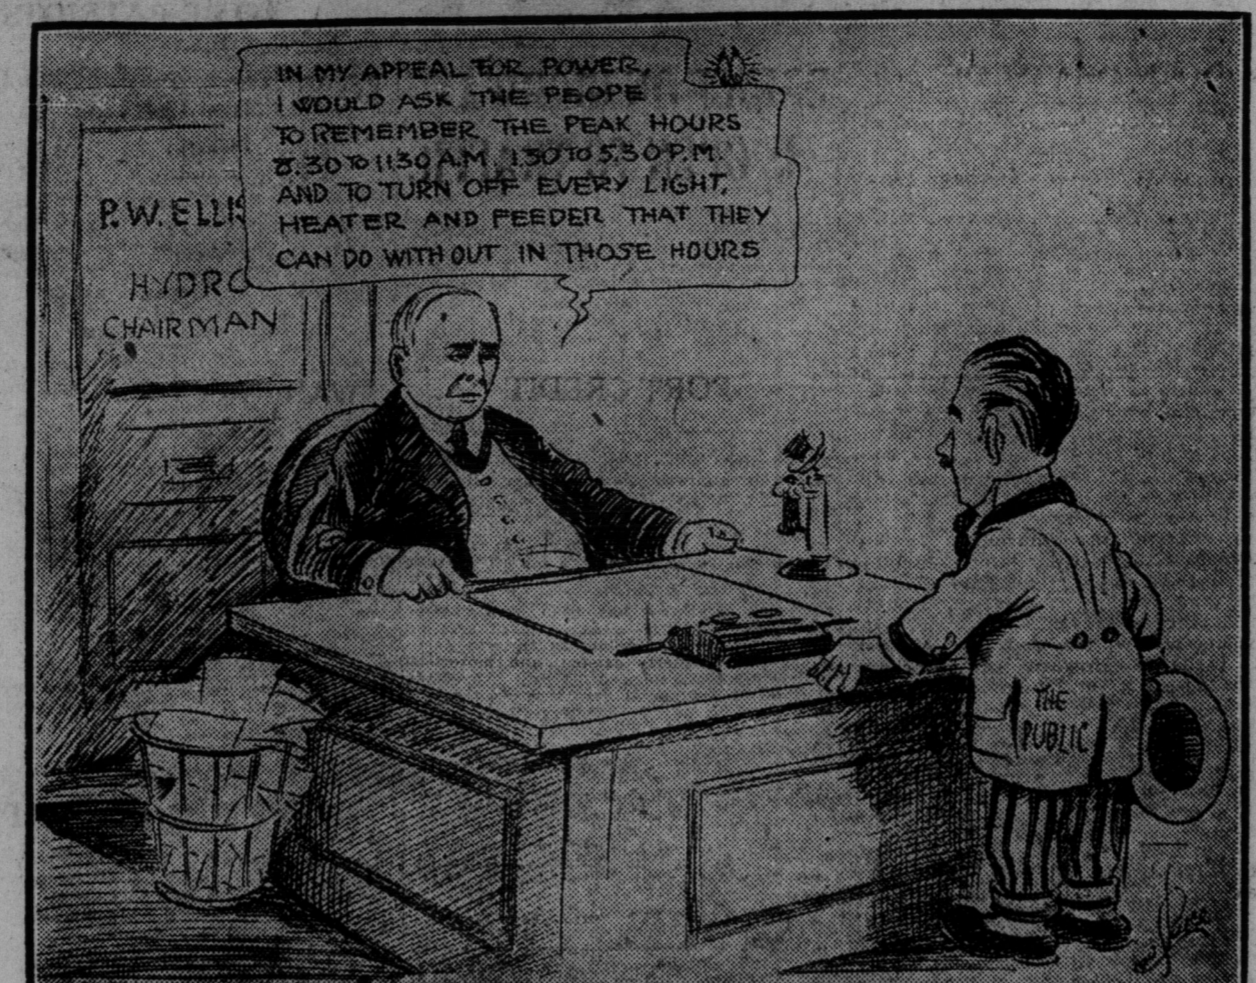

The World learned yesterday that there is a possibility of a large plant for the manufacture of a newly patented auto and truck wheel, made from steel, locating in Oakville early in the new year.
The head of the company formed to turn out the new wheel is an old Oakville citizen, Edward Kemp, and he was in town this week on the lookout for a suitable site for a factory, which, when completed, will employ several hundred hands.

WILL EXAMINE BOOKS OF GAS COMPANY.

Mayor Church has instructed the city treasurer and auditor to examine the books of the Consumers' Gas Company and report as to whether the 15 per cent. increase of rates announced by the company is justified. The report will be ready in a few days.

WILL CONSIDER HOUSING.

The board of control will meet again today to take up the housing question and other matters. Two of the five commissioners recently appointed have declined to act and if the housing scheme is to be carried out others will have to be appointed.

Yellow and White in a Canadian City

The First of a Series of Articles Containing a Truthful Report of Conditions in Toronto and Canada, Resulting From Over-Tolerance.

By BILLEE GLYNN.

(Continued From Page 1).
The prices are high—higher than some of the best places of Yonge street. There is no menu—you take a chance and pay what is being asked you going out. If it makes you feel like a Chinese. If you are a Canadian, however, it is not what you eat but what you see in here that makes you sick to your stomach.
For the purpose of these articles I have visited the place various times. Let me sketch for you truthfully just a little of what it offered. And if, gentle reader, you are a lady who teaches a Chinese class at Sunday school, a matron who invites them to prayer-meeting with Canadian girls, or a Chinese, whose brow lights up, she is well versed in color for a girl of twenty-two. And isn't it a gay, wicked, wonderful life, if one is a Chinaman in Toronto?
None of the girls I have so far described are visibly rough types. Two might be any mother's daughter. One of them had the severity of the silver part of an organ. But all were as easy in the environment as if they had grown there.
So much for tolerance and our Christian effort to make the Chinaman happy.
If a white man is caught flirting with a girl on Yonge street he is reprimanded by the police or arrested. But the Chinese, who regard the former darker as a matter of fact, the negro as a matter of fact, the negro is more humanly intelligent than the white.
I have ordered some chop suey, for which I shall be robbed. At a table to my left, near the street window, two Chinamen are sitting with three white girls. They are laughing and enjoying themselves without constraint. The glance of a white man toward them brings no embarrassment.
One of the girls is buxomly built—rough, but not unwholesome aspect. Her hair, a burnt yellow, is combed straight back from an unpainted face. Another is a "suey creature in a green sweater. She is athletic and pleasing, modestly dressed and without rouge—not more than a "suey creature in a green sweater. The other is probably twenty-four. The third is a girl of Amazon proportions, with Irish-blue eyes and black hair. Every

THE HOUSE 'ROUND THE CORNER

By GORDON HOLMES

CHAPTER XIV. (Continued).

"I am coming to that. I believe, somehow, that your mother will relieve your mind in that respect. Remember, I have always held, since the main features of this extraordinary affair became clear, that your father has acted through with his wife's cognizance, if not with her complete approval. Now, if that is so, she is the one person who can decide whether you return with her to Elmdale or hasten thru the night to Warleigh. Again basing a guess, I don't think you could reach your father tonight, even though you caught the first available train from York. Cornwall is a long way from Yorkville. By starting this minute, you might be in York by one o'clock. Allowing eleven hours for the journey, an estimate I am doubtful about, you would arrive at Tavistock at midnight, or thereabouts, and you would have to get on a train, nor one so rapid. By the way, why do you think, did Mrs. Ogilvie telegraph from Tavistock?"

"She would drive there—some twelve miles. No telegram could be despatched from Warleigh before the post-office opened at eight."
"She may have had an even more powerful reason. The message is sent to 'Garth,' not to 'Ogilvie,' and it is quite rational to suppose that she hopes no one in Elmdale knows about the change of name?"

"Yes," said Meg, "trying to look calmly judicial. 'That sounds reasonable.'"
"Then every consideration points to the wisdom of awaiting your mother at York."
"But, Bob dear, have you thought of the awful result if Percy carries out his threat?"

"Percy will not do anything dramatic today, I promise you. I have soared him badly already, and I'm going back now with the full intent that he shall cause no more mischief until I hear from, or see, Mrs. Ogilvie and yourself, or one of you. Perhaps, to relieve my anxiety, you will send a message from York announcing your decision."
"Yes, I'll do that. You are really convinced that I ought to meet her?"

"I'm sure of it."
"Then you can trust me, I'll do as you say. You needn't have any fear that between here and York I'll change my mind. Bob, you believe me, don't you, when I tell you that I ran away this morning because I dared not take you into my confidence? I could not bring myself to explain the true meaning of Percy's horrid insinuations."
"Please, forget Percy. I'll deal with him."

"But you won't be too angry with him? It is hard to endure, I know, that he should play on his defenceless state, but if he were quite well and uninjured, he could offer you no resistance."
He laughed. The notion of Percy Whitaker and himself engaging in a desperate conflict for physical supremacy was intensely amusing.

"If you mean that I am not to assault him, I promise that with all my heart," he said. "I gripped him rather strenuously an hour ago, I admit, but then I was angry with him. Now I feel that I owe him a deep debt of gratitude, because he has brought to pass something which I hardly dared dream of. Don't you see, dearest, that if Percy had behaved meanly to me, I shouldn't now be calling you dearest, and wishing that our sharp-eyed chauffeur were anywhere else in the wide world but where he is. Now, now, now, what does it mean? Off you go to York! What money have you?"

"Plenty."
"What do you call plenty?"
"Dad gave me fifteen pounds when I left home, and I've spent less than five."
"Well, then, sweetheart, it is good-bye till this evening."

Continued Tomorrow Morning.

BRITISH PRESS WAS APATHETIC
Election Results in U. S. Excited Little Interest Among Public.
London, Nov. 3.—The intense interest of former years in the presidential election in the United States was absent this time. No betting on the result was reported and the election was little discussed in public places. Some of the newspapers ignore the returns editorially, although displaying them freely in the news columns.
Those journals commenting plead lack of information concerning President-elect Harding in giving their views of what his election means to the world.
The Standard says: "From the point of view of world politics the choice of the new president does not foreshadow earth-shaking changes."
The Daily News says: "It is a positive asset for Mr. Harding that he is chiefly negative."
Referring to the League of Nations, The Westminster Gazette says: "One can only wonder whether, if President Wilson were well and strong, he would be able to stem the tide and carry the policy for which he stood."
The Globe says the Republican victory is a blow to supporters of the League of Nations.
The Daily News in an editorial expresses the opinion that the position of President Harding's cabinet will be more important for Englishmen than Mr. Harding's election.
The appointment of Herbert Hoover and Elihu Root, whose names are mentioned, says the paper, "would be viewed here with unqualified satisfaction."

An Invitation!
From November 2nd to 8th, inclusive (Sunday excepted), between the hours of eight and ten in the evening, subscribers are invited to visit any of our Exchanges, except Main and Adelaide.
You will be welcomed by our employes and shown something of the world that lies behind your telephone. We would suggest that you visit the Exchange nearest your home.

ENGINEERING MARVEL CONSTRUCTED IN WEST
Bridge Over Two Hundred Feet High Built Over Deep Creek, British Columbia.

Vancouver, B.C., Nov. 3.—Twelve hundred feet long and 239 feet high, the bridge over Deep Creek, on the Pacific Great Eastern Railway, is finished, according to word brought to the city by Major J. R. Grant, government engineer in charge of construction of the bridge, which is regarded as one of the largest bridges in the world and one of the engineering marvels of the continent. Not a single accident occurred during its construction.

INDIAN PROFESSOR TALKS TO CHILDREN
Declares Christianity Is One Thing to Make the Natives Loyal.

EARLSCOURT
Regal road claims the honor of being the first Canadian school visited by Gopalakrishna Mahatmaya, late professor of the Ceylon Technical College, and at present of the Central Y.M.C.A., Toronto. The teachers, parents and as many pupils for whom there was accommodation assembled in large numbers to hear his interesting lecture on the subject of the Natives and Christianity. The professor, in speaking of the orient, touched on the language, history and religious beliefs of the people of the British Empire, and the fact that all were under the same flag.

Mr. Mahatmaya, who was himself a Buddhist, was converted to Christianity in a mission school, which he attended for the purpose of learning English. In closing his address, he remarked that Christianity was one thing that would make all the people of the world to the British Empire.

After the lecture the professor sang a song of India in the Indian language, making the afternoon one of great pleasure and interest.

A vote of thanks was given by J. F. Martenson, the principal.

A large deputation of Earlscourt ratepayers will appear at the city hall tomorrow to support the case of the citizens against the Bell Telephone Company's reduction of rates.

At the Earlscourt Methodist Church a most enjoyable evening as usual, when the Altapeta girls entertained E.Y.M.C.B. and advanced boys class. Beautiful decorations and a very fine hall look unusually attractive. After games and music refreshments were served by the girls, under direction of Miss Elsie Taylor, the president.

A juvenile play, entitled "Sinbad the Sailor," will be staged in St. Clair Theatre tomorrow afternoon at 8 o'clock. The play is in their coming season. The play consists of eight acts, and refreshments, and the whole affair is under direction of H. James.

A well attended euchre party was held in the parlour of St. Clare's Church last night in aid of the St. Clare's Fall Bazaar. After the cards many valuable refreshments were served, and refreshments served by the ladies of the parish.

LAMBTON PARK STILL WAITS STREET LIGHTING
Lambton Park district has received postal delivery, garbage collection, water supply and sidewalks during the past year. Street lighting is a common need, is on the "wanted" list.

West Toronto firm yesterday expanded their first "power-of" son with Canadian P.M. Last week the Swift Canadian Company were three times for one and a half hours without power at irregular times.

Lambton Park caret had a membership of 45. The boys are all in uniform and have \$100 in the bank. A grand parade is planned on Saturday, to assist with the memorial day campaign.

Lambton Star, L.O.L., No. 1272, held their election of officers in St. James' Hall last night. The following were elected: Master, Bro. J. O'Reilly, deputy, W. C. Lewis, secretary, H. V. Blackburn, Theobald and Grand Worthy, W. H. Brown, with W. O. Bro. J. Davis as acting master.

LEASING IMPROVEMENTS.
Improvements are being made at Leaside race track, fence fixed, apartment enlarged, and roads graded. A number of new houses are being built.

WESTON ROAD REPAIR.
York County Highway Commission has completed dressing Weston road from Buttonville avenue to Eagle avenue.

OBJECT TO PAYING FINES OF SPEEDERS
The Ontario Motorists' Association has petitioned the Ontario Motorists' Association to object to the payment of fines and fees for speeding. The association has petitioned the Ontario Motorists' Association to object to the payment of fines and fees for speeding. The association has petitioned the Ontario Motorists' Association to object to the payment of fines and fees for speeding.

SUDDEN DEATH OF NOTED BUSINESS MAN
Thomas B. Reive Passes Away During Night—Well-Known and Highly Esteemed.

Thomas B. Reive, one of the best known business men in Markham township and practically a life-long resident of Markham village, died at the family residence on Main street some time during the night on Tuesday. When Mr. Reive was called on Wednesday morning the family were shocked at the discovery of his lifeless body. He had been in failing health for some time.

A native of Churchill, Innisfil township, the late Mr. Reive early in life entered into commercial life and for years conducted a general store in Markham village. He is survived by his widow, one son, Dr. Wilfred, of Welland, Howard of Markham, and Mrs. Gordon Fraser of Medicine Hat; two granddaughters, Mrs. Churchill, and William of Toronto, and two sisters, Mrs. Allan of Churchill and Miss Isabella Reive of Toronto. A favorite daughter, Kathleen, predeceased him about two years.

A man of unimpeachable honor and executive ability, T. B. Reive was held in the highest esteem. He was a member of the Presbyterian Church and took a lively interest in the game of bowling.

BRIDGE ON HIGHWAY IS SPOKE IN TRAFFIC
Contractor Repudiates Blame for Any Delay in Completing the Work.

St. Barnabas A.Y.P.E., held an enjoyable meeting of the parish hall, Danforth avenue, last evening, when a large number were present. J. Parker, president, and an entertainment committee superintended the arrangements.

Arrangements were made by the ladies of First Avenue Baptist Church for their regular meeting to be held in the school room this afternoon in connection with Washington Hall.

Rev. Dr. Graham, pastor First Avenue Baptist Church, addressed the students at the University last evening, taking for his subject, "The Presence of Christ." There was a good attendance.

DELAY IN OPENING LONG BRANCH SCHOOL
There has been an unexpected delay in the installation of the radiators in Bedford Park School, the contractors having experienced difficulty in getting the radiators fitted in the new rooms and the portable school will continue to be used until the delay is over.

The annual meeting of the local ratepayers' association has been fixed for November 19, when the question of incorporating the district and installing a local water works will be considered.

POTATO SALE TO AID WYCHWOOD CAMP FUND
A most unique manner of raising funds is the selling of a carload of potatoes in the triangle Bible class of St. Columba's Presbyterian Church, which are working hard to dispose of the 500 bags, and intend to devote the proceeds to the Wychwood Camp, which is the project of George H. Gooderham, chairman of the Toronto-Hamilton Highway Commission. He has been appearing in the case against Mr. Blackwell.

BRIDGE ON HIGHWAY IS SPOKE IN TRAFFIC
Contractor Repudiates Blame for Any Delay in Completing the Work.

Interviewed by The World yesterday with regard to the action being taken against the contractor for the delay in completing the work, Mr. Blackwell said that it was not his intention to hold the contractor responsible for any delay in completing the work. He said that the contractor had been engaged in other work and that the delay was due to the contractor's failure to complete the work on time.

TO VOICE VIEWS AT TELEPHONE PROBE
Ward Ratepayers' Association Will Be Represented at Toronto Hearing.

M. Crobie, president, and the executive committee of Ward Two Ratepayers' Association will represent their district at the hearing of the Bell Telephone Company's appeal for higher rates before the Ontario Railway Board tomorrow of the city hall.

Under the auspices of the Royal United Canadian Lodge, Antedivian Order of Buffaloes, Grand Lodge of England, a concert and dance was held last night in Dion Hall, Danforth avenue, when a large number of members and friends were present. A musical program was contributed by local artists, after which dancing was enjoyed.

Ex-Controller Sam McBride, speaking at the regular meeting of the Riverside Ratepayers' Association in Lepple Street School, announced his intention of again contesting the mayoral seat at the next election. He declared, if elected, that the "penny wise and pound foolish" policy of the council of control with regard to the treatment of the board of education should be altered, and would be the first matter he would try to remedy.

St. Barnabas A.Y.P.E., held an enjoyable meeting of the parish hall, Danforth avenue, last evening, when a large number were present. J. Parker, president, and an entertainment committee superintended the arrangements.

Arrangements were made by the ladies of First Avenue Baptist Church for their regular meeting to be held in the school room this afternoon in connection with Washington Hall.

Rev. Dr. Graham, pastor First Avenue Baptist Church, addressed the students at the University last evening, taking for his subject, "The Presence of Christ." There was a good attendance.

PORT CREDIT
It will be good news to the legion of automobilists who make use of the Toronto-Hamilton highway that no longer will their week-end outing be marred by the usual hold-up at the Port Credit bridge. Work on the filling and grading of the roadway on both sides of the bridge has been speeded up this week to such good effect that today the bridge is to be thrown open for traffic. The highway has been raised four feet from the river bank on each side of the bridge, thus eliminating the steep inclines that formerly existed, and motorists will no longer be subjected to the usual hold-up at the bridge. Many tons of crushed stone were used in the raising of the roadway yesterday, and last evening quite a number of light cars passed over the bridge instead of the usual heavy trucks, therefore that has done duty for so many months past.

SPRACKLIN IN TESTIES BEFORE COMMITTEE
Blame for the delay in completing the work on the highway was placed on the contractor, Mr. Spracklin, by the committee. Mr. Spracklin, however, repudiated the blame, stating that the delay was due to the contractor's failure to complete the work on time. He stated that the contractor had been engaged in other work and that the delay was due to the contractor's failure to complete the work on time.

MIMICO BYLAW TO SECURE SCHOOL SITE
Ratepayers Decide to Put Up Ticker in the Local Municipal Campaign.

A bylaw for the purchase of a school site north of the G.T.R. tracks is to be submitted to the voters of Mimico at the January elections, and a first reading of the new measure will be given at a forthcoming council meeting.

Mimico Ratepayers' Association (north section) have decided to put up a ticker in the local municipal campaign this year, and will meet on Monday night next to make final arrangements. Candidates will be put forward for the mayoralty, reeve and two councilors.

Father Doherty, St. Leo's Church, gave out the statement yesterday that no public notice would be held for the late lord mayor of Mimico.

URGES VETERANS TO RETAIN CONFIDENCE
Only Way to Make Further Progress, Speaker Tells the Returned Men.

Returned soldiers of the district were out in force last night, when interesting addresses were given at the regular meeting of the North Toronto branch of the G.W.A. in the town hall by B. D. Maxwell, Dominion president, and C. F. MacNeil, Dominion secretary-treasurer. Mr. MacNeil outlined the aims of the association and what had been undertaken. He explained that the achievements with regard to the pension law had been largely the result of post-war benefit to the returned men. Speaking on re-establishment, the speaker said there was no intention on the part of the Dominion command to evade the pension law, nor did he confess failure. He declared that it was not the intention of the Dominion command to evade the pension law, nor did he confess failure. He declared that it was not the intention of the Dominion command to evade the pension law, nor did he confess failure.

URGES VETERANS TO RETAIN CONFIDENCE
Only Way to Make Further Progress, Speaker Tells the Returned Men.

Returned soldiers of the district were out in force last night, when interesting addresses were given at the regular meeting of the North Toronto branch of the G.W.A. in the town hall by B. D. Maxwell, Dominion president, and C. F. MacNeil, Dominion secretary-treasurer. Mr. MacNeil outlined the aims of the association and what had been undertaken. He explained that the achievements with regard to the pension law had been largely the result of post-war benefit to the returned men. Speaking on re-establishment, the speaker said there was no intention on the part of the Dominion command to evade the pension law, nor did he confess failure. He declared that it was not the intention of the Dominion command to evade the pension law, nor did he confess failure.

PARKDALE QUALIFY FOR SENIOR FINAL

Defeat Oakwood Eleven to One in Play-Off— Rugby News.

Parkdale C. I. sprung a big surprise and qualified for the High School senior rugby final by defeating Oakwood yesterday, 11 to 1. This was Oakwood's first defeat of the year and put them out of the running. Parkdale won a protest over Oakwood and this left them and yesterday's game was necessary to decide the group. Parkdale will now meet Technical in the final on Friday.

Parkdale played wonderful ball yesterday and McVicar was a lower of strength to his team. An outside wing fumbled a pass in the first few minutes. Parkdale grasped the opportunity and galloped over for a try, which was converted. This gave them the needed confidence. A field goal and two rousers made up their total of 11. Oakwood's lone point was a rouse in the last quarter. The half-time score was 7 to 0.

Oakwood failed to take advantage of the wind in the second quarter, but battled bravely to the end and outside of the opening period there was not much to choose between the teams. Three Oakwood players were injured, in Abbey, Saunders and Dismore. Oakwood are taking the beating in good spirit and are now thru for the season.

Argonauts put in a hard drill last night in preparation for their game with Ottawa here on Saturday. Jack O'Connor returned to work and while he favored his sore ankle, he was busy thruout the practice. Dad Garrett was a spectator on the sidelines, but it is doubtful if he will get into Saturday's fray. Beverly Garrett, a younger brother of the half back, and who with U.T.S. and Ridley teams of former years, was a newcomer at last night's workout. He is a half back, but was worked at outside wing last night.

Cochran Rodden will not pick his team until after Friday's workout, but it will be the best the Southerners can line-up, for they must win this game if they want to clinch the Big Four title. A defeat means a three-cornered tie and two more games to play before getting into the Dominion finals.

Ottawa Citizen: "Silver" Quilty believes that he has finally rounded out a first-class back division, but it is Smith, Eimer Tubman and Roger Smith will be able to hold their own with the brilliant rearguard of the Toronto scullers. This may be so, but in addition, the Ottawa line must do its part. On the occasion of the Aronson invasion of Ottawa two weeks ago, their line got thru repeatedly, blocking the kicks of Willis Couhey and giving the foot-looted Charlie Connel no opportunity to get away. On the other hand they succeeded in giving Batstone, Munroe and O'Connor such good protection that they were able to do great execution. Hence, in a nutshell, it would appear that the Ottawa line must give their backs better protection, and that they must break thru themselves to offset the play of Batstone, O'Connor and Garrett, who will be in action in all probability, this week. Both offensively and defensively, in fact, the Ottawa must improve.

Warren Corry is coaching the Don R.C. intermediate group champions for their game a couple of weeks hence with the winners of the Hamilton-Sarnia play-off. The Don's practice Thursday and Friday at Scarborough Beach. An Ottawa despatch says: The Ottawa Football Club will invade Toronto on Saturday for the critical game against Argonauts with the strongest team that has represented the capital in the Inter-provincial Amateur Football Union this season. A meeting of the Ottawa Club executive took place tonight at the Russell House, and it is announced that Martin Kilt would figure on the Ottawa line in the match against Argos; also that Charlie Connel would likewise go with the Ottawa when they trot out at the Varsity Stadium.

Glen Smith and Bill Marsden, both of Toronto, have been appointed by the O.R.F.U. to handle the Tiger-Sarnia intermediate game.

CONDUCT BASEBALL IN PROPER MANNER

Object of Meeting Called for Next Monday in Chicago.

New York, Nov. 3.—Invitations to attend the baseball meeting in Chicago, Nov. 8, were sent today to President Ben Johnson of the American League and to the heads of the National and American Clubs by President John Heydier of the National League.

Mr. Heydier was temporary chairman of the previous meeting, which approved the plan to place control of baseball in the hands of men not connected with the sport. At this meeting only three American clubs, New York, Chicago and Boston were represented.

The purpose of the meeting, Mr. Heydier stated, is to appoint a drafting committee to meet with a committee selected by the National Association of minor leagues. This joint committee is to prepare an agreement embodying such new organic provisions for the maintenance of the national game and to see that it is a proper manner.

RIDLEY WINS THREE GAMES

St. Catharines, Nov. 3.—Ridley team won three matches today. Ridley Third defeated Appleby First at Cayuga, 10 to 0. Ridley Dean's House defeated Appleby Second by 7 to 4. Ridley Lower School defeated Appleby Third 21 to 8. The last two games were played on Ridley College grounds.

Kilt, who started with the Ottawas early this season, but who was obliged to withdraw when he accepted a new business proposition, rejoined the red, white and black squad today. He is in good shape and will be ready to jump into action on the wing line against his old opponents, the Argos.

In view of the fact that St. Brigid's boys' basketball team, champions of the Ottawa section of the Quebec Rugby Football Union, there is nothing further at stake, so Charlie Connel, one of the best running halves in the city, has promised the Ottawas that he will go to Toronto, so that he will be ready to play.

Hamilton Spectator: President Bob Janket believes that the interprovincial rules in force this season are good enough if properly interpreted. But there's where the shoe pinches. The rules are not being properly interpreted, and illegal interference and holding are being used oftener than ever. Running interference places a premium on weight and strength, gives the opposition small chance to get the ball carrier and insures more casualties.

Varsity again held a practice behind locked doors last night. It was a long and hard drill, and while the coach and the manager refused to give anything out, it was learned that considerable time was spent on a system to break up some of the new Shag tricks that Casals and Breen noticed at Montreal on Saturday when McGill played Queen's. The tackling also came in for special attention, and the Varsity squad will be better perfect in all the lines of defence to stop McGill breaks thru the line. Capt. Joe Breen will have a few tricks up his sleeves to pull on the Shagmen. He is showing great speed at ball-carrying, and the blue and white squad are learning new stunts to make holes to let him thru. Varsity will be at full strength Saturday in Montreal. Westman was able to take light exercise yesterday, and will be on the job at Montreal. Harry Hobbs is fit and ready, and the rest of the squad are in the best of condition.

Toronto Hunt Holds Longest and Fastest Run of the Season

The Toronto Hunt held its largest and fastest run of the season from Upper Canada College.

There were a dozen or so in the saddle, including Max Timmins acting master, on Dellinger, Mr. Brodie on Glen-garry, Mr. McColl on Jim O., Dr. Temple, Col. Walker-Bell and Mr. Gooderham.

There will be another run this afternoon, meeting at Fairbank at 2.30.

THE AGGIES WIN WESTERN FINAL

Defeating Varsity Thirds in Junior Intercollegiate League.

Guelph, Nov. 3.—O.A.C. won the championship of the western division of the Junior intercollegiate league this afternoon when the Aggies triumphed over Varsity, 12 to 1. The game was more keenly contested than the score would indicate, and the light Varsity line held their heavy opponents on several occasions after the ball had been brought close to their line. Winner the O.A.C. right half, kicked to the dead line for seven of his team's points, while McGill's line was unable to break thru the line.

The winners will play off for final Junior honors with R.M.C. of Kingston. The line-up: O.A.C. (13)—F. wing, Lindala; r. half, Dawson; c. half, Wildman; l. half, McGill; quarter, Edwards; outside, Whitehead and Howarth; middle, Chase and Ross; inside, Snyder and Nicolai; scrum, Coon, Nutrie and Clark.

Varsity (11)—F. wing, Burton; r. half, Henderson; c. half, Price; l. half, Parker; quarter, Oatso; outside, Devitt and Brown; middle, Smith and Jackson; inside, Whaley and Pritchard; scrum, Clark, Wright and McNamara. Referee, MacLennan. Varsity, Umpire—McLennan.

U. OF T. ANNUAL CROSS COUNTRY

Over Hundred Starters With Angus Winning Senior Honors.

The annual cross-country race of the University Schools was held yesterday afternoon in cool and bracing weather. There were 102 starters, ranging from nine years old and up. Many parents and the teachers saw the start, and the finish, which was at Bloor street and Quebec avenue. There were four different races and a raft of prizes. The 25 seniors ran in three divisions—senior, intermediate and junior—and the 77 juniors in one scramble, wherein there were prizes for all ages and the real race for third place between J. Rogerson and E. Dewart, the champion 14-year-old, both boys being all in at the wire. The U. of T. athletic directorate lunched winners and losers after the race, at Bulmer's. Results: Senior seniors, 3 miles—1, L. R. Angus, 18 minutes; won easily, second same.

Intermediate seniors, 3 miles—B. Sparks; 2, A. S. Baker; 3, G. R. Sparrow. Time, 22 minutes. Junior seniors, two and a half miles—1, R. A. Harris; 2, A. A. Woods; 3, K. E. Deacon. Time, 16 minutes. Junior school, two and a half miles, 17 starters—1, F. Beggs; 2, J. Keith; 3, J. Rogerson. Time, 14 minutes. Age winners—14 years, E. Dewart; 12 years, D. Muskett; 10 years, J. Papali; 9 years, William Oile.

MOTORCYCLE CLUB TO HOLD A HILL CLIMB

The Toronto Motorcycle Club have planned a number of hill-climbing events for their members, to be held Saturday, starting at 2.00 p.m. The hill is located on Bathurst street about a mile north of St. Clair avenue. The events are as follows: 1. For middleweights (under forty cubic inches displacement). 2. For private owners (solo), machines must be strictly stock. 3. Solo (open). 4. For side car machines.

Machines in all events must be fully equipped for the road. All interested are advised to enter without delay, with any dealer or member of competition committee.

TORONTO AMATEUR HOCKEY ASSOCIATION LOOKING FORWARD

The Toronto Amateur Hockey Association, formed last fall for the purpose of promoting a higher standard of amateur hockey in the city and for the purpose of conducting city championships, is looking forward to making 1926-27 a banner season.

The association consists of four leagues, namely, Holy Name, Western City, Inter-Church and City Play-grounds, which had a total of 313 teams and over 3,900 registered players during the past season.

Six sections were organized, senior, intermediate, junior, juvenile, street and pentam, and city championships declared in each series.

COACH AND CAPT. ARE SATISFIED

At Least Shag and Ross Said So After McGill Workout Yesterday.

Montreal, Nov. 3.—Practicing behind closed doors last night, the players of the McGill rugby squad this afternoon for over two hours at top speed, playing the senior first against the Argonauts and then against the intermediate players.

The workout was one of the most satisfactory held this season. The players went at their work with more snap and dash than in any previous practice, and the seniors had a frequent opportunity to test their mettle on frequent occasions.

This practice was the first held in so-called "1912" style, and was very easy in preparing the team for the play-off with the Western City, and with it went the Star Trophy, presented by The Daily Star. The Brigadier-General Gun Cup, emblematic of the intermediate championship, was won by the St. Anthony C.O.F. team of the Western City. The championship of the City Playgrounds League won the junior championship and with it went the John Wanless Cup.

The championship of this juvenile series was followed by Little, Flanagan and Carroll, Anderson being played at flying wing almost all thru the workout, and dropping back for the kicks at that position.

Three-quarters were worked out. Gordon Ross was the first to start. He was replaced by Wallace, who was replaced by Den. Baillie. There is little to choose between Ross and Baillie, who the latter has had more experience in a captain's role like the one against Toronto-Varsity promises to be. Baillie might be the more useful man.

Cope was played at middle wing and should add strength to the line should he be chosen for the team on Saturday. He has speed and can play either at middle or flying wing, which will enable Shag to shift his position during the game. Notman and Ross showed to good advantage in breaking thru for gains, doing the heavy part of the line-plunging during the practice. Hamilton and Nicholson were excellent at outside wing, while Wallace was also tried at that position.

Altho it is not definitely known what players will wear the red and white on Saturday, it is an assured fact that there will be several changes from the team in the game at Toronto. McGregor, who has been making good at practice, showed up well today, and is a useful man on the secondary defence.

The players showed better knowledge of their positions last night, and their plays in machine-like fashion, something that they have not done previously this autumn. With the exception of Wallace and line and a changed back field, McGill will no doubt be more formidable rivals for Varsity this week than when they played at the Toronto stadium.

Shaughnessy has planned another scrum practice for tomorrow afternoon, after which the players will be rested up, holding a signal drill in the gymnasium on Friday afternoon, after which the team will be chosen. The players realize that to remain in the race for the championship they must win on Saturday, and each one is showing greater determination in his work than heretofore.

After the workout Shaughnessy and Dad Ross, captain of the team, expressed themselves as well satisfied with the improvement shown by the players, but both were of the opinion that another scrum practice would be necessary to keep the players on edge.

BROADVIEW ATHLETICS

The Broadview Y.M.C.A. Saturday afternoon basketball league, which gets under way on Saturday, promises strong rivalry as all teams boast of good line-ups and three good games should be the order each week-end.

The captains are wanted to have their teams out on scheduled time, first game at 2 p.m., second at 2.50, and the third at 4.45.

A meeting of team representatives is called for on Friday at 7 p.m. sharp to discuss rules, etc.

ED. MACK'S MONEY RAISING SALE

The Biggest Clothes Event Ever Unleashed in Toronto NOW IN FULL SWING

A Sale That Marks an Epoch in The Clothing Trade of Toronto. A great event for all men, which the logic of circumstances has forced upon us. A sale that is "gripping" hard. That is the first sale at this time of the year in our long history of business. What wonderful opportunities it offers. Think of it, men! A store brimful of the Finer Grades of Ready-for-Service Clothes. The correct styles—the all wool weaves—famous wools from the world's famous mills. All are here—none are missing. Truly a wonderful range of fabrics, cut, designed and fashioned by the master minds of Tailorism. Think of it, men, and realize that these Finer Grades of Clothes are being offered to you at REDUCTIONS OF FROM THIRTEEN TO THIRTY DOLLARS LESS ON Suits and Overcoats. Yes! We will go farther and say, that the FINEST TAILORED O'COATS are here at THIRTY DOLLARS LESS THAN REGULAR PRICE. We have always been frank and candid in our dealings with the public, so that when Ed. MACK says "You can get these Finer Grades of Clothes at these reductions" YOU CAN DEPEND UPON EVERY WORD BEING TRUE! So Come.

Hundreds of Men Are Nabbing These Splendid Suits and O'Coats at the Prices Given Here

- All \$50 Suits and O'Coats, Now \$36.75
All \$50 to \$65 Suits and O'Coats, Now \$44.75
All \$65 to \$85 Suits and O'Coats, Now \$54.75

100 Only, O'Coats, Reg. \$90, Now \$60

Special emphasis is placed upon these lines. They comprise the famous O'Brien and Ballantyne weaves—the finest fabrics that come from the looms—eagerly sought for by all good dressers. A wonderful investment at \$60.00. Don't miss it.

WALL STREET IS NOT EXCITED OVER ELECTION

Apart From Spurts in Southern Pacific and Reading Market Is Rather Tame Affair—Tone of the Money Market Continues to Be Dominant Factor.

New York, Nov. 3.—Any doubt that Wall Street and the financial community as a whole had fully forecast the results of the presidential election was dispelled by the seemingly indifferent course of today's stock market.

Instead of the frenzied trading and wild fluctuations that attended the outcome of other national campaigns of the past two decades and the McKinley boom of 1896, dealings were comparatively light and changes in all save a few issues were relatively unimportant.

SHOULD THANK HIS BANKER

One man in Toronto is no doubt thankful to his banker for refusing him accommodation, although probably he felt so at the time. When Atlantic Sugar was selling about \$145 a share this individual, who holds \$100,000 in Victory bonds, got the tip, like many others, to buy Sugar. He decided to do so, and tried two Toronto brokers. His order was to buy 1000 shares of Sugar, and he wanted to put up the Victory bonds as margin.

DOMESTIC AND HOLLINGER MAKE HIGHER PRICES

The mining market was dull again yesterday but the undertone to the prices of some shares was decidedly bullish. There was competition in this regard and Dome Extension followed in due course. There is a scarcity of bids for real stock and few, if any, sellers within what is considered a trading range.

PAPERS AND SUGAR HAVE ANOTHER DROP

The Republican victory so desired by Wall Street was not received with any acclaim by the market yesterday and this reflected itself upon the Canadian exchanges. It was argued that the result of the election was so satisfactory and prices declined there must be something still agitating the market.

NEW YORK STOCKS

A. L. Hudson & Co. report fluctuations on the New York Stock Exchange yesterday, with total sales as follows: Open High Low Cl. Sales.

WHEAT AGAIN DOWN AT WINNIPEG CLOSE

But Slight Improvement in Cash Grain Market—Offerings Exceed Demand.

Winnipeg, Nov. 3.—There was little improvement in the cash wheat market today. The offerings were heavy and larger than the demand could absorb, and premiums continued to weaken.

WHEAT—NOVEMBER

Table listing wheat prices for November with columns for No. 1, No. 2, No. 3, etc.

AMERICAN EXCHANGE RATES WILL STAY HIGH

The November letter of the Royal Bank of Canada has the following on the past and future of American exchange in Canadian funds: The value of Canadian funds, noted in our September letter, has continued, beginning in September, to be very heavy, but our purchases of Montreal showed a steady decline from 11 per cent. to the low rate of 8 1/2 per cent. reached on Oct. 7.

THE MONEY MARKET

Paris, Nov. 3.—Prices were steady on the money market today. Three per cent. rentes, 55 francs, 65 centimes. Exchange on London, 55 francs, 8 centimes, 87 1/2 per cent. loan, 55 francs, 20 centimes.

PRICE OF BAR SILVER

London, Nov. 3.—Bar silver, 53 1/2 pence. New York, Nov. 3.—Bar silver, 52 1/2 pence.

THE EXCHANGE RATE

VI.—What Controls It?

WE have already dealt with the principal Trade factors governing the Exchange Rate, and we now come to the influence of the Inflation of the Currency.

Before the great war, it was universally accepted that a paper currency should have behind it a very substantial gold (or silver) reserve. The purpose of this reserve was to admit of the redemption of paper currency on demand.

One method of war financing adopted by the belligerents was to increase their note issues without a corresponding increase in the reserves of gold. Redemption in full of the paper currency, therefore, became impossible.

Canada made less use of this method than most of the belligerent countries, but the percentage of notes issued against the amount of the gold reserve held has risen considerably.

In the United States, the proportion of notes issued to reserve held did not rise to the same extent, and the comparison is one of the factors in the world valuation of our respective currencies.

Next week in article No. VII. we will deal with a second war measure which has had an important effect on the Exchange Rate, namely, the Restriction on the Export of Gold.

THE CANADIAN BANK OF COMMERCE

Capital Paid Up \$15,000,000. Reserve Fund \$15,000,000. This series, when completed, will be published in pamphlet form. If you desire a copy, write to our Head Office, Toronto.

Watch!

With Warren G. Harding as President and a complete change of government in the U. S., it is expected CURB STOCKS WILL ADVANCE.

OUR Market Dispatch points out the best purchases in this market, and you should obtain this week's issue.

ASK FINANCIAL AID FOR BUILDING HOUSES

Toronto Company Approaches Board of Control—Question of Carrying Lights on Front and Rear of Vehicles Causes Warm Discussion—Both Sides to Confer—Colored People Want Community Centre.

The Toronto Housing Company is asking the city to finance them in the construction of more apartments for renting. Some time before the war this concern's bonds were guaranteed by the city up to a million dollars, and cottage apartments were erected on Bain and other streets which rented at the start at an average of \$18 a month but are now renting for an average of \$38. They house 800 people. The company still has a number of building lots and wants the city to supply the money for a new building program. A. M. Ivey presented the case to the board of control yesterday for the company.

Without any discussion the board voted, on motion of Mayor Church, to pay the minimum scale of \$28.80 a week for all returned soldiers in the employ of the city. There were soldiers in the city's employ, said the mayor, who are getting only \$20 a week.

Mayor Church asked Mr. Ivey whether he would consent to serve on the Toronto Housing Commission, but Mr. Ivey replied that he had troubles enough of his own.

Controller Gibson said the talk about a city commission going to build houses had stopped private building. The whole housing mess had been created by the city government itself. He was prepared to support the program of the housing company. The board promised a decision very shortly.

Large deputations for and against Ald. F. M. Johnston's motion to force the carrying of lights on front and rear of all vehicles, were present before the board. The large teaming concerns formed the bulk of the opposition.

Mr. Johnston said that from a safety standpoint the carrying of lights by all vehicles was necessary. Several accidents were cited in which rigs had been struck by motor cars, due, it was said, to the absence of lights. Speaking for the teaming firms, Theo. Symington said he represented 1,700 horse-drawn vehicles, 99 per cent of which were in the barn yards before 6.15 p.m. It would therefore be a hardship to force them to equip 1,700 vehicles with lights when only about 17 would require them. Furthermore, it was impossible to get a dependable light for lorries. It was usual, he said, for rigs to carry lights on country roads, and any man who failed to do so was a fool; also any motorist who could not see the back of a wagon on Toronto's well lighted streets was blind.

Controller Cameron said that was a wild statement, and the mayor was encouraging the making of such statements.

"He has as much right to his opinion as you have," replied the mayor. "He has not," replied the controller. "I won't listen to such statements."

Mr. Hodgson of the Motor League replied that it was for the benefit of 30,000 motorists in Toronto as well as hundreds of thousands of pedestrians that the light regulation was desired.

Geo. Lewis of the provincial department suggested that the regulation be made effective from 7 to 7 o'clock. Ald. Johnston said that would be satisfactory to him and the people who under the British flag are trying to forget that we ever held animosity towards Britain."

Route Nearing Completion. Mr. Weinthal, who was a personal friend of the late Cecil Rhodes, the famous South African railway magnate, is himself an authority on railroads and developments on "the dark continent." He told The World that the great project conceived and started by Cecil Rhodes, namely, the Cape to Cairo railway, is now practically an accomplished fact. This greatest engineering feat of modern times is now rapidly approaching completion, despite the almost insurmountable obstacles which barred its way. This railway runs from Cairo, thru Uganda across the Anglo-Egyptian Sudan, along the Lower Nile Valley, and thence to the Cape. This project was started thirty years ago and there is now 5,000 miles of railroad completed. He also said that up-to-date steamers with every conceivable convenience and luxury plied their way up and down the Nile, attracting tourists from all over the world.

"Africa holds an unmeasured of resources and potentialities," he said. "It is also progressing in leaps and bounds along commercial and agricultural lines. Conditions today are a tremendous contrast to what they were ten years ago. In 1910 Africa exported about ten million dollars worth of manufactured articles. Last year more than seventy-five millions of goods were exported, and with the completion of this trans-continental railway we expect almost as great a contrast ten years hence."

Mr. Weinthal is a real Africaner born in Cape Colony and entered the government service in the Transvaal in 1889. His journalistic career has been a varied one; he has held the editorship of The Pretoria Press, has acted as Reuter's chief agent for the Transvaal, has represented the Pretoria Times and Daily Telegraph, and latterly has held the editorship of The African World in London, England, where he has made his home since 1900. Before the war he was decorated for his work in Africa by Belgium, Liberia and Denmark, and for his war work by Great Britain and Belgium. In all he holds seven decorations.

CANDIDATES INITIATED. A successful joint initiation was held under the auspices of the Toronto district committee, A.O.U.W., in the lodge room of Queen City, No. 225, Western District, Orange Hall, last evening. About one hundred and fifty members of the district were present, among them were Past Grand Master Wilson and Grand Recorder Treasurer Inwood. Seventeen candidates were initiated. After the initiation ceremonies a large number remained to an enjoyable game of progressive euchre.

MR. ED. WORTH, of the Cecilian Piano Company, Yonge street. He was born in Toronto and was educated in Ryerson School. He was in business for himself as proprietor of a music store in Midland, before entering the Cecilian firm. His favorite sport is hockey.

CIVIC LINES TRAFFIC CONTINUES TO GROW

Traffic on the civic lines continues to grow by leaps. Figures for October, given out yesterday, show that 477,613 more passengers were carried than in October of last year.

Following are the figures: October, 1920, revenue, passengers carried, 2,934,704, revenue, \$48,518.48; October, 1919, revenue, passengers, 2,457,091, revenue, \$41,373.79; increase, \$7,144.69. The traffic shows an increase of seventeen per cent. The Toronto Street Railway figures were October, 1920, receipts, \$671,294.05, city's percentage, \$69,840; 1919, receipts, \$650,912, city's percentage, \$67,919. The percentages now due the city total about \$475,000. The company is in arrears for several months.

DECISION OF COURT FINAL UNDER O. T. A.

Rich Breaker of Law Appeals—Poor Man Goes to Prison.

A case under the O.T.A. brought before Colonel Denison recently raised the question of how much knowledge of the provisions of the act is possessed by magistrates and by lawyers in general.

A case, which on the surface looked very simple, came in for hearing. The facts shortly, were that a man named Henderson was charged with selling or conveying 30 cases of whiskey, and a carter, one Wayman, was charged with conveying the same by motor. There was practically no defence in Henderson's case, but Wayman pleaded that he was employed by Henderson to transport some cases, was not informed of the contents of the cases, and all he did was in the ordinary way of business.

In the end each defendant was fined \$1,500 and three months imprisonment and three months more if the fine was not paid. Wayman was but a poor man and was compelled to go to prison for six months. The rich whiskey vendor, not appreciating either his fine or imprisonment, immediately on hearing the sentence gave notice of appeal and the Colonel let him out on \$2,000 bail.

Was Colonel Mistaken. It is in accepting of bail and allowing an appeal that lawyers say the Colonel made his big mistake. The O.T.A. is clear on the point. It says under section 92, (1), "In any prosecution for any offence against any provision of this act for which any penalty or punishment is prescribed, a conviction or order of the magistrate except on hearing mentioned, shall be final and conclusive."

In the face of "shall be final and conclusive," Colonel Denison released on bail a rich breaker of the O.T.A. and the carter, a poor man, and who declared he had no knowledge of the nature of the goods he was transporting, remains in prison.

How many similar appeals have been permitted it would be difficult to estimate, but it is nearly time that one law for the rich and one for the poor under the O.T.A. should be being taken to have this matter adjusted.

MORE PASS OBJECTIVE IN NAVY LEAGUE DRIVE

Interviews with representatives of the different ex-service men's organizations respecting the various funds at the disposal of the G.W.V.A., the Toronto and York patriotic fund and others indicate the general belief that the quicker the obstacle to the proper administration of these funds are thrown aside the better will be the lot of the ex-service man and his family in the coming winter.

H. L. Howe, president of Central G.W.V.A., has been elected to the board of the Ex-Service Men's Association, replacing the late E. Wilson, resigned. Officials of the branch state that so far as they are concerned the branch is not governed by red tape methods and desire speedy action with respect to the administration of this fund. They also state that they believe the other associations are working on an equal distribution of these funds.

How many similar appeals have been permitted it would be difficult to estimate, but it is nearly time that one law for the rich and one for the poor under the O.T.A. should be being taken to have this matter adjusted.

INDIGNANT AT SENTENCE ON ITALIAN WOMAN

A meeting of prominent Italians was held yesterday afternoon to consider the severe sentence passed on an Italian woman for selling liquor, it being her first offence. Great indignation was expressed at the sentence, considering the unfortunate condition of the woman, who has five children and expecting another. The crowd attorney was willing to take what steps they may deem necessary in the case.

WITH THE VETERANS 'RED TAPE' TIES UP PATRIOTIC FUND?

Ex-Service Men Demand a Change in Method of Distribution.

Interviewed by The Toronto World upon the amount of money administered by the Toronto and York Patriotic Association Fund last winter on behalf of distress cases among ex-service men, Mr. McElroy, general secretary for the association, stated that as far as he knew the amount spent during the four months of last season totalled \$750,000.

The secretary of the Central G.W.V.A. stated to The World that considerable dissatisfaction was manifested among ex-service men relative to the administration of the fund which, they claimed, had been doled out under "red tape" methods.

Practically six hundred members make up the muster-roll of the Amputations Club with its fine quarters at 7 College street. Members include ex-service amputees, cases from battalions as far west as Vancouver as well as a large number from the 3rd and 15th Battalions. The officials of the club are arranging a fine series of euchres and dances for the winter, and meetings will be held every month, the meetings and the socials alternating, each being held every other fortnight. The president of the club is Captain Rev. Sydney Lambert, now at Speedwell Hospital. A. Sutcliffe, formerly of the 3rd Battalion, is the secretary, and Leo Melvan is the treasurer, while the vice-presidents are, C. J. Brown and Richard Myers.

Armistice Day, November 11, will be commemorated twice by members of the Originals' this year, at eleven o'clock all members, wherever they may be, will uncover their heads in prayer; at night the S.O.E. Hall will be resplendent with bunting and em-bowered Chinese lanterns, and a dance will be held.

A very popular ex-service man in the person of Henry Rawlinson, the blind veteran, formerly president of Central G.W.V.A., has just returned from a trip to England. He says that the C.E.F. men over there are much dissatisfied with the rates of exchange adopted in payment of moneys owing to them and that steps are being taken to have this matter adjusted.

METHODIST FUND TO HELP STUDENTS

Will Aid Returned Men Who Were Unable to Finish Ministerial Course.

Confirmation of a fund of \$25,000 for the assistance of returned men who are unable to finance the completion of their ministerial courses was secured in the budget of \$104,000 which the board of evangelism and social service of the Methodist Church passed at its last session yesterday. The appropriation, which applies for the balance of 1920 and the year of 1921, has already been exhausted, it is stated, to the extent of \$17,000.

Discussion of the brotherhood movement, which finally resolved itself into a review of all aspects of inter-church relations, occupied the board during the greater part of yesterday's session. The board states as its objective in this matter the evolving of a scheme of co-operation and federation with existing brother agencies in a manner preventing to the greatest extent possible, overlapping or duplication of effort.

Further incidents of the meeting were the presentation by Rev. Dr. J. G. Shearer, of the work of the Dominion Social Service Council and the appointment of Rev. G. I. Campbell to the position of field secretary of the Montreal conference.

Dr. Shearer, in the course of his address, elaborated upon the facilities and organization of the Dominion council and appealed for greater support for it from the Methodist denomination.

EARLY CLOSING BYLAW ELECTION ISSUE AGAIN

Deputations From Both Sides Crowd Meeting of Board of Control—Complain of Employment of Stool Pigeons—Insurgents Demand Right to Keep Open Nights—Fight to Be Renewed Before City Council.

The early closing bylaw again looms up as an election issue and this year may easily eclipse its importance in the last civic fight. Deputations made up of grocers on both sides of the question crowded the meeting of the board of control yesterday, one side demanding enforcement of the act and the other demanding its repeal.

As usual, J. H. Street was the leader of the insurgents and he put up a vigorous fight for the grocers who demand the right to keep their shops open evenings.

Quite a little storm was raised by the statements of two or three of the Street deputation, that the other grocers were employing stool pigeons to catch those who were selling after 7 o'clock.

Mr. Dawson, president of the grocers' section of the Retail Merchants' Association, denied that any such action had been authorized by the association.

The question came before the board of control yesterday as a result of a statement made by J. H. Street to the effect that he had allowed foreigners to get control of the fruit business of the city and that drug stores were handling many lines ordinarily belonging to the grocery business.

Mayor Church at that time said that in his opinion the Curry amendment to the act permitting fruit stores to remain open had made a farce of the law and that he believed in its present state the act was unfair to a large number of tradesmen. With a view to seeking amendments to the act, it was decided to ask both sides to appear and state their views.

The argument yesterday lasted about two hours without getting anywhere, and the deputations were then told to appear before the city council next Monday and thresh it out again.

Vote of People Suggested. When the bylaw was passed yesterday, Mayor Church said the complaint was that drug stores and grocers had cornered a large share of the grocers' business.

Controller Gibson said the question to be decided was whether the act in its present form was a hardship or unfair to a group.

"When the bylaw was passed," asked Controller Cameron, "was it not the intention that fruit stores should close also?"

"It was," replied Mr. Street, "but the act was amended to benefit the farmers."

"To benefit the Italian fruit dealers" put in Controller Maguire.

Mr. McDonald, representing the grocers' association, said the petition asking for the bylaw had been signed by over 75 per cent of the grocers of the city.

Mr. Street questioned this statement. Nobody had defined a grocer and there was, therefore, no means

CAPE TO CAIRO LINE NOW ASSURED FACT

South African Journalist in Toronto Resents Being Designated as Boer.

"I'm not a Boer, I'm a Britisher. We South Africans called ourselves Boers at one time, but that is a thing of the past. We are all good British subjects now, holding unwavering allegiance to our sovereign. I don't like being announced in that manner."

So spoke Leo Weinthal, O.B.E., F.R.G.S., the noted journalist, who is to address the Empire Club here today on "The Cape to Cairo Railway and River Route."

Mr. Weinthal arrived in Toronto last night and registered at the King Edward Hotel. The announcement which Mr. Weinthal took exception to, was the wording on the notice board of the Empire Club in the hotel lobby, wherein he was designated as "a Boer."

On going to view this complaint the offending part of the announcement was removed.

"It may seem rather a trivial thing to you," the lecturer told The World, "but there is a big principle underlying it. That principle is our status as British subjects, a thing we Africaners do not desire to lose under the false impression that we are in any way ashamed of our ancestry."

I am of Dutch origin and fought as a Boer during the South African War, holding the rank of general. I am proud of my ancestry, but at the same time I am also proud of being a British subject. We are now all Britishers under the British flag and are trying to forget that we ever held animosity towards Britain."

Route Nearing Completion. Mr. Weinthal, who was a personal friend of the late Cecil Rhodes, the famous South African railway magnate, is himself an authority on railroads and developments on "the dark continent." He told The World that the great project conceived and started by Cecil Rhodes, namely, the Cape to Cairo railway, is now practically an accomplished fact.

This greatest engineering feat of modern times is now rapidly approaching completion, despite the almost insurmountable obstacles which barred its way. This railway runs from Cairo, thru Uganda across the Anglo-Egyptian Sudan, along the Lower Nile Valley, and thence to the Cape. This project was started thirty years ago and there is now 5,000 miles of railroad completed.

He also said that up-to-date steamers with every conceivable convenience and luxury plied their way up and down the Nile, attracting tourists from all over the world.

"Africa holds an unmeasured of resources and potentialities," he said. "It is also progressing in leaps and bounds along commercial and agricultural lines. Conditions today are a tremendous contrast to what they were ten years ago. In 1910 Africa exported about ten million dollars worth of manufactured articles. Last year more than seventy-five millions of goods were exported, and with the completion of this trans-continental railway we expect almost as great a contrast ten years hence."

Mr. Weinthal is a real Africaner born in Cape Colony and entered the government service in the Transvaal in 1889. His journalistic career has been a varied one; he has held the editorship of The Pretoria Press, has acted as Reuter's chief agent for the Transvaal, has represented the Pretoria Times and Daily Telegraph, and latterly has held the editorship of The African World in London, England, where he has made his home since 1900. Before the war he was decorated for his work in Africa by Belgium, Liberia and Denmark, and for his war work by Great Britain and Belgium. In all he holds seven decorations.

COOKE'S CHURCH QUEEN AND MUTUAL STREETS

Tonight, Nov. 4th—Mass Meeting at 8 p.m.

"FACTS ABOUT IRELAND" Stirring Messages Speakers—Rev. W. J. Dempster, D.D., Pittsburgh, Pa., who was in Belfast during the riots. Rev. David Dempster, B.A., Pittsburgh, Pa., several years minister from the General Assembly of the Presbyterian Church in Ireland to Rev. E. M. McFadden, D.D., Secretary of International Protestant League and President of the Ulster Society, Pittsburgh, Pa.

MAYOR CHURCH, CHAIRMAN. In case of overflow, Victoria Hall will be used.

CLAIM DISCRIMINATION

Complaints have been made to the government that discrimination was used in the matter of cancelling license claims for arrears of taxes. It is claimed that the small processors lost their claims, while the larger ones received special consideration from the government.

Mr. Street suggested calling off the stool pigeons in the meantime.

Controller Cameron also thought stool pigeon business should be stopped.

Mayor Church replied that he would instruct the auditor to see that no city money was used to pay stool pigeons.

After some further discussion the deputations were advised to appear next Monday and present their case again to the full council.

Mr. McDonald: "That is the argument of a man who wants to upset the bylaw."

"There is going to be additional legislation next term," said the mayor, "and why not have a vote of the citizens on the question in the meantime?"

Mr. Street suggested calling off the stool pigeons in the meantime.

Controller Cameron also thought stool pigeon business should be stopped.

Mayor Church replied that he would instruct the auditor to see that no city money was used to pay stool pigeons.

After some further discussion the deputations were advised to appear next Monday and present their case again to the full council.

Mr. McDonald: "That is the argument of a man who wants to upset the bylaw."

"There is going to be additional legislation next term," said the mayor, "and why not have a vote of the citizens on the question in the meantime?"

Mr. Street suggested calling off the stool pigeons in the meantime.

Controller Cameron also thought stool pigeon business should be stopped.

Mayor Church replied that he would instruct the auditor to see that no city money was used to pay stool pigeons.

After some further discussion the deputations were advised to appear next Monday and present their case again to the full council.
