One of The Bitterest Days of Fighting Flanders Has Seen

Nothing Less Than Disastrous Defeat For German Forces

Result of First Phase Of Attempt to Capture Hills

Successful Defence Made Day One of
Bloodiest yet Experienced by Enemy;
Attack After Attack Smashed by Ar-
tillery and Rifle Fire; Temporary Los-
ses by Allies Followed by Recapture
of Contested Territory

London, April 30—(Via Reuter's Ottawa Agency)—The correspondents agree that the enemy has suffered nothing less than a disastrous defeat in first phase of the battle consequent on their desperate attempt to capture the line of hills held by the Allies, which endanger their possession of Mont Kemmel. They have probably used thirteen divisions from the east Ypres southward on the line of battle, with two more northward, and the violence of the gun-fire was never greater or more unceasing at any period of the war.

Our successful defence made the day the bloodiest yet experienced by the enemy, as attack after attack was smashed by our artillery and rifle fire. The Germans had already suffered heavily on Sunday, when their concentrations of troops were caught and shattered by gun-fire. Their waves yesterday were mowed down and the British wings and French centre neither bent nor broke.

ENEMY ATTEMPT IS DOUBLE THRUST.
With the British Army in France, April 29—(By the Associated Press)—This has been one of the bitterest days of fighting that the Flanders battle ground has seen since the present offensive began.

Since early morning Von Arnim has been flinging great numbers of German troops against the Allied lines between Zillebeke Lake and Baillied, with the hills east of Mont Kemmel as his ultimate objective.

At the same time a secondary thrust has been made at the Belgians in the region of the Yser, north of Ypres.

When the correspondent left the battlefield shortly after 1 o'clock in the afternoon, the German commander had nothing to show for his pretentious drive but a long list of dead and wounded.

Along the major portion of the front his troops have been held, but where they succeeded by superior weight of numbers in pushing forward they were soon ejected by counter drives. The Allied line was intact throughout at that hour.

The Germans pushed on between Scherpenberg and Mont Rouge. A counter-attack by the French, however, gradually pushed the dogged Germans back until Loree had been regained and the whole line re-established. Meantime, the British were holding with traditional valor and not an inch did they allow the hard hitting enemy, in spite of the fact that the defenders were greatly outnumbered.

One regiment which was holding a position astride the Kemmel-Laclytte road had repulsed four fierce attacks up to the time that the correspondent left the front. In and out, the fighting continued at Voormezele at latest reports.

The Germans made strenuous efforts to capture the place, but the British clung tenaciously to their points and the best the enemy could claim was a footing in the hamlet.

On the Belgian front fortune was also with the defenders, for the Belgians in a spirited counter-attack drove the enemy back after the latter had pushed in and secured a few advanced posts.

The hills were being continuously bombed and Ypres was smothered with gas. The German casualties were exceedingly heavy. The fighting was still continuing with great fury at latest reports.

FINNISH FORCES KILL SIX THOUSAND OF RED GUARDS

London, April 30—The White Guards, or Finnish government forces, have captured Viborg, 75 miles northwest of Petrograd, after killing nearly the entire force of 6,000 Red Guards, according to an official announcement issued at Vaasa and transmitted from Copenhagen by the Exchange Telegraph Company. The rebels made a last desperate attempt to break through in the direction of Fredrikshamn.

GOMPERS NOT SICK, BUT OVER TIRIED

Montreal, April 30—That he was not sick, but over tired, following a strenuous whirlwind speaking tour, was the statement made by Samuel Gompers, president of the American Federation of Labor, who was compelled to leave the platform at the Monument Nationale here last night in the middle of a speech to labor men. Mr. Gompers had spoken four times since Friday, making a particularly arduous speech yesterday afternoon at the Canadian Club.

TORONTO STOCK YARDS.

Toronto, April 30—The market at the Union Stock Yards this morning was steady in all lines. Trade was very slow. Receipts 25 cars; 458 cattle, 74 calves, 600 hogs and five sheep.

THREE KILLED IN U. S. STEAMER'S FIGHT WITH SUBMARINE

Washington, April 30—Three members of the American steamer *Chincha's* crew were killed, the navy department announced today, in the ship's fight with a submarine on March 21. Previous reports had said several men were injured, but made no mention of any having been killed.

BULGARIA YIELDS TO TURKISH DEMANDS

Washington, April 30—Bulgaria has agreed to let Turkey have the Adriatic station on the Karaguch railway, as well as the left bank of the Maritza river up to Kulebi Luszas, according to a despatch today from France. These territories were claimed by Turkey in compensation for the *Bodrudje*.

UNITED STATES CASUALTIES

Washington, April 30—The casualty list today contained fifty-eight names, divided as follows: Killed in action, two; died of wounds, none; died of accident, two; died of disease, six; wounded severely, five; wounded slightly, forty-two; missing in action, one.

AUSTRALIA'S LATEST RECRUITING CAMPAIGN

Melbourne, Australia, April 30—(via Reuter's Ottawa Agency)—The new recruiting campaign will be inaugurated on May 6, with public meetings in all state capitals of Australia.
The governor of the Commonwealth Bank, referring to the success of the war loan, says that hitherto Australia has loaned £147,000,000 for war purposes.

"WE ARE GOING TO CARRY OUT OUR MANDATE"

Government Will Obey Wish of
Majority That Canada Should
Prosecute War Vigorously, Says
Hon. N. W. Rowell

Bowmanville, Ont., April 29—You have placed this government in power to prosecute this war, and see that Canada does her duty, and we are going to carry out our mandate. We are going to throw Canada's power into the struggle to help preserve our homes and liberty and secure a just and lasting peace.

Speaking to a large audience, chiefly made up of farmers, Hon. N. W. Rowell, president of the privy council, tonight made it evident that the government is determined to go ahead with its main power proposals, no matter what opposition may develop. Mr. Rowell came to the meeting from a conference with farmers from all parts of the county of Durham, which gathering was strongly opposed to the wiping out of exemptions to young farmers. The minister promised to lay the views of the meeting before the prime minister, but he made no promises, and in his address later he made declaration that, important as food production is today, it is not as important as man-power, and that farmers' sons must join the colors. No other interpretation could be placed on Mr. Rowell's statement. The only concession the farming community is to receive, apparently, is that young fellows of 20, 21 and 22, in the title will be called first. Hon. Mr. Rowell expressed the belief that the young farmers subject to the call will not be ordered to report until seeding is over.

WHAT HUNS WANT FROM HOLLAND

Demand Right To Send War
Material Through Country And
Ship Foodstuffs From Antwerp
—No Agreement Yet

Amsterdam, April 30—Germany demands from Holland, says the *Vossische Zeitung*, of Berlin, the right to send war material over the Limberg railway to Antwerp, the right to send foodstuffs for shipment from Antwerp, and the renewal of treaties relating to the importation of sand and gravel.

"As Holland," the newspaper adds, "recently yielded to Anglo-American pressure, she must grant these conditions to redress the balance."

From the above despatch it is apparent that Holland and Germany have not yet reached an agreement concerning the transport through Holland of sand and gravel. It was added that it was understood that the amount of sand and gravel would be limited and would be for non-military purposes only. There has been no official confirmation of the reported agreement.

The Hague, April 30—A bill has been introduced in the second chamber of the Dutch parliament to regulate commerce with foreign countries. It provides for the centralization of imports in order to obtain from abroad in exchange for home products such articles as are necessary to Holland. All credits opened to foreign countries must have the approval of the Dutch Export Company.

WOULD LAY IRISH CASE BEFORE U. S. GOVERNMENT

Dublin, April 30—The Lord Mayor of Dublin at the resumed conference of Nationalists and Sinn Feiners last night, announced that he had received a reply from the British foreign office to his request that he be given passports to enable himself and his secretaries to go to Washington to lay the case of the Irish organizations opposing conscription before the American government. He was directed to make his application through the office of the secretary for Ireland, where it would receive attention.
The situation regarding conscription was reported as unchanged. Local committees were instructed to continue their organization work. A standing committee of the conference was appointed.

COAL SUPPLY FOR NEXT WINTER SHOULD BE LAID IN EARLY

Montreal, April 30—Warning to the general public to get their next winter's supply of coal in as speedily as possible, and to companies to unload cars with all due speed, was issued by the railway war board this morning.

The board announced that the railways are most anxious to move the maximum quantity of fuel during the summer months, as they feel that when the fall comes around, with a record volume of grain and other foodstuffs to be moved for overseas, which must take precedence, they will be unable to transport the usual quantity of coal.

The local fuel committee this morning set the price of coal for the year at \$10.25 a ton.

CONSCRIPTION IN NEWFOUNDLAND

St. John's, Nfld., April 30—The government announced yesterday the intention to issue a proclamation under the military service act, immediately the bill receives the governor's assent, calling in the colors men in class one which comprises those between 19 and 24 years of age.

The proclamation will provide that those who offer themselves before Empire Day, May 24, will be regarded as volunteers, after which date men will pass under the operation of draft law. This is regarded as a satisfactory arrangement in view of the fact that large sections of the northern and western coast still are ice blockaded and delays will be met in circulation of the proclamation.

COKE REGULATIONS.

Washington, April 30—Fuel Administrator Garfield placed coke under license for export to foreign countries. Operators are permitted to add sixty cents to the government price for a short ton of coke for export to foreign countries, and also the cost of transportation from the ovens to the port of loading.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.
Synopsis—The disturbance which was over Wisconsin yesterday has moved to Quebec with diminishing energy, showers have occurred in Ontario, Quebec and New Brunswick, while in other provinces the weather has been fine.
Lower Lakes and Georgian Bay, Ottawa Valley and Upper St. Lawrence—Fresh northwest winds, showers in a few localities, but mostly fair and a little cooler; Wednesday, fair and cool; Lower St. Lawrence, Gulf and North Shore—Southerly winds, mild and showery; Wednesday, westerly winds, fair.

FAIR AND MILD.

Maritime—Fresh southerly winds, some local showers, but mostly fair and mild today and Wednesday.
Superior—Fresh northwest winds, fair and cooler; Wednesday, moderate winds, fine and milder.
Manitoba—Fine and a little warmer.
Saskatchewan and Alberta—Fine and moderately warm.
New England—Generally fair tonight and Wednesday; slightly cooler in Connecticut, moderate west winds.

WAS A SUB. ATTACK ON HOSPITAL SHIP

London, April 29—The admiralty announces that it is now considered to be proved conclusively that the British hospital ship *Guldford* was attacked by a German submarine in Bristol Channel on the afternoon of March 10. The vessel was struck by a torpedo and subsequently had a narrow escape from being sunk.

London, April 30—It was the British steamer *Orona*, which was torpedoed with the party of fifty-seven American army Y. M. C. A. workers. The first public announcement here of the torpedoing of the *Orona*, which occurred early Sunday morning, was made in this morning's newspapers.

The steamer *Orona* was owned by the Pacific Steam Navigation Company. She displaced 8,075 tons.

SAYS RESERVE FORCE READY FOR SURPRISE

New York, April 30—The loss of Mont Kemmel, according to Major M. P. Chabelle, of the 22nd Canadian battalion, who arrived today at an Atlantic port by a French steamer, does not mean disaster to the Allies. Major Chabelle, who has been three years on the French battle front and has been several times stationed at Mont Kemmel, said it was indisputably an important hill, commanding the heights around Ypres, but that the Allies could lose it and even Amiens without endangering victory. An immense reserve force, the major said, was waiting to give a big surprise to the Huns.

FOOD RIOTS IN CRAGOV

London, April 30—Serious food riots have broken out in Cragov, Galicia, the Berlin *Vodwerts* reports, according to an Exchange Telegraph despatch from Copenhagen. No new shipments of food have arrived in Cragov in several weeks.

STOCK MARKET REFLECTS REPULSE OF GERMANS

New York, April 30—(Wall Street)—The repulse of the German forces on the western front, was reflected in the strong and broad opening of today's stock market. United States Steel changed hands in lots of 1,000 to 7,000 shares at an advance of one point. Bethlehem Steel, Republic Iron, Baldwin Locomotive, Marine common and preferred, and various specialties made similar gains. Motors, oils, Distillers, Alcohol and American Gas also were strong, but rails held within fractional limits. Liberty bonds were irregular.

Austrian Bid For Separate Peace?

Stockholm, April 30—The Catholic International Press Agency announces a despatch from Bazel says that Emperor Charles of Austria is making a fresh peace offer, appealing to Italy to consider it in her own interest.

Although it has been predicted frequently that if the present German campaign should fail, a "peace offensive" would be inaugurated by the Central Powers, there has been no previous intimation that a new move of this nature was being made. Unless confirmatory advices are received through the usual channels of news from Switzerland, the despatch may be accepted with reserve. Ordinarily news originating in Switzerland is forwarded to this country by way of Paris.

MILLION FRANCS FOR NEWSPAPER STAFF

Paris, April 29—At the trial of Bonnet Rouge editors today M. Duval, director of the Socialist Germanophile paper, was questioned about a million francs brought from Switzerland and distributed among his staff. M. Duval argued the money came from Marx, a Mannheim banker, but was a pre-war deal. It had been left with the proprietress of a Geneva hotel. This woman, in a deposition produced, declared the receipt for the money though dated 1914, should have read 1918, as she had not met Duval before that time.

CANADIAN SOLDIERS REACH HOME SAFELY

Canadian Atlantic Port, April 30—A large steamer having on board 707 returned officers and men of the C. E. F., and 588 civilian passengers, arrived here early this morning from overseas and docked at eight o'clock. Among the military party are twenty-four "original firsts" bound to their homes on furlough.

KING OF THE TONGA ISLANDS IS DEAD

Melbourne, Australia, April 30—George II, King of the Tonga Islands, is dead.

The Tonga or Friendly Islands in the South Pacific ocean, have been under a British protectorate since 1900, although still possessing a native king. George II was forty-three years old.

TEN YEARS FOR REFLECTIONS ON BRITISH TROOPS OF 1876.

Los Angeles, April 30—Robert Goldstein, convicted of violating the espionage act by exhibiting a film "The Spirit of '76," containing scenes derogatory to the British troops of the revolutionary period, was sentenced to ten years in federal penitentiary and fined \$5,000 by Federal Judge Bledsoe today. A sentence of two years on a second charge will run concurrently.

CHICAGO MARKETS.

Chicago, April 30—Forecasts of warmer weather likely to facilitate planting, gave some advantage to bears in the corn market. Continued rains, however, tended to keep prices unsettled. The fact that old corn in cribs was certain to be further damaged by excess moisture was also a disturbing influence. Opening quotations, which ranged from the same as yesterday's finish to 1/2 cent lower, with May 12 1/2% and July 14 1/2%, were followed by a moderate upturn and then a sag lower than before.

Oats weakened with corn. Absence of any urgent shipping call was a handicap on the bulls. After opening unchanged to 1/2 cent lower with May 7 1/2% to 7 3/4%, the market fluctuated rapidly, but for the most part under yesterday's finish.

WALL STREET AT NOON.

New York, April 30—(Wall Street, noon)—Early gains failed to hold, leaders soon cancelling the greater part of their advance on extensive profit-taking. Later there was a more general reaction which left most popular issues one to two points under yesterday's final quotations. The additional reversal was concurrent with reports that the government contemplates further curtailment of trading in cotton and other commodities. There were rumors of a probable cut in the United States Steel dividends. Steel not only yielded its early gain but became heavy at noon at an extreme reaction of two points.

BIG ADVANCE IN COTTON.

New York, April 30—A big advance in the cotton market this morning, due to excessive rains in the cotton belt, was checked toward noon by reports from Washington, published by a financial news agency, that a movement was being agitated to close the cotton exchanges for the period of the war. Prices which had advanced over 84 1/2 bale above the previous closing, not only lost all this rise, but sold three to five points under last night's figures.

ALLIED LINE HAS BEEN ADVANCED

Progress Made Between La Clytte
And Kemmel And To The
South Of That Region

British Headquarters in France, April 30—(via Reuter's Ottawa Agency)—The Allied line has been advanced between La Clytte and Kemmel. There has also been some progress south of that region.

With the British Army in France, April 30—(By the Associated Press)—This morning the Allied lines in Flanders were to all intents the same as when the Germans surged forward yesterday. In front of the defending positions grappled men lay in great numbers, representing the awful price paid by the Germans.

At one time yesterday the Germans appeared to have had some men on the lower slopes of both Mont Rouge and the Scherpenberg after they had succeeded in driving a small wedge into the French lines between these two elevations.

Things looked critical, but the French counter-attacked determinedly and re-established virtually all the old positions. The artillery was increasingly busy this morning from Vimy northward.

Thus far the German capture of Kemmel Hill has done them little good, for the Entente Allied artillery has kept the crest so smothered in shell fire that it has been impossible for the enemy to occupy it in force.

DAMP OUTLOOK FOR MAY MOVING DAY

That moving day is to be an exceptional busy one this year and also that it is to be a day of showers and dampness are the probabilities. Several of the prominent express companies in the city expressed opinions this morning that May 1, 1918, would see more moving than ever in years before and this is borne out by the fact that nearly all have been booked up to the limit of their equipment for the last two weeks, and will find themselves swamped with work in the city until Saturday, even then being forced to leave a great deal of orders aside through lack of teams. For the next week or so they are booked heavily also for outside moving for summer residents and others on the outskirts of the city.

The local meteorological observatory predicted that the local showers will at the worst be no heavier than they were today and the authorities there are of the opinion that there will be nothing more than a light mist.

FUNERALS

The funeral of Frederick Doyle took place this morning from his late residence, Broad street, to St. John the Baptist church, where high mass of requiem was celebrated by Rev. F. J. McMurphy. Interment was made in the new Catholic cemetery. Relatives acted as pall-bearers.

The funeral of Miss Margaret Mary Hamilton took place this afternoon from her late residence, Frederick street. Services were conducted by Rev. Mr. Tedford. Interment was made in the Church of England burying grounds.

The body of Mrs. Amelia Pattison was taken to Sussex this morning for burial. Services will be held in the Trinity church in Sussex this afternoon.

JOHN MCHERRY.

John McSherry, one of North End's most respected citizens, died this morning at his residence, 446 Main street. Mr. McSherry has successfully conducted a meat and grocery business in Main street for many years. He leaves three sons, George of the C. G. R. employ, James, a grocer of the city, and John of Boston three daughters, Misses Mary and Elizabeth at home and Mrs. James McCarthy of this city.

BOY SCOUTS FIGHT FIRE

A party of boy scouts were called out last night to put out a dangerous brush fire back of Portland Place. They belonged to Coburg street, Portland Methodist and the Mission church troops.

HELP!

Might we ask the advertisers in the Times-Star to let us have their ad. copy not later than 6 o'clock the night before the day on which insertion is desired?

The crush of advertising, which The Times has been carrying the last few months, makes a call for HELP on the part of the business office an urgent necessity.

It's hardly necessary to state the value to YOU of this feature, as the earlier the paper is out, the larger the sale—hence, an increased market for you.

It also means that your advertisement will receive the best of attention as regards typographic treatment; will be dressed in the way your PUBLIC SALESMAN should be dressed. Best work, of course, can't be done in a rush, and neither you nor THE TIMES is satisfied with a poorly dressed ad.

The unfortunate fact that quite frequently advertisements have to be omitted from The Times on account of late copy, prompts this S. O. S. call, and really your own best interests would demand that it be heeded.

London, April 30—British casualties reported in April reached a total of 52,475, divided as follows: Killed—1,621; Wounded or missing—Officers, 7,447; men, 33,654.

Although the complete reports of casualties sustained in the recent heavy fighting in France and Belgium apparently have not yet been made, a marked increase is shown in the April figures. The total in March was 14,000, the smallest in several months.

W. A. A. C. S. AND W. R. E. N. S. Great work! State work!—willingly done and well. For the men who are doing so much for us—Ay—more than words can tell!

Right work! White work! faithfully, skilfully done. But the whole of the soul of it will not be known. Till the war is properly won. They mend the men; they tend the men; They drop a little veil upon. The woes they've undergone.

They feed the men; they speed the men; They make their daily bread; They mend them while they're living. And they tend them when they're dead. There's many a lonely man out there. They're saved from black despair; There's made a lowly grave out there. Made gracious by their care.

They toil for them; they moll for them; Help lame dogs over stiles. And do their best to buck them up. With cheery words and smiles. They're just a little bit of home. Come out to lend a hand. They're gleams of warm bright sunshine In a dreary, weedy and pink.

They are sweet as pinks and daisies. Just the sight of them is good. When you've lived for eighteen months or so In a sink of Flanders mud. New work, true work, gallantly, patiently it's done! For the men who are giving their all for you. Your brother, your lover, your son.

High work! Thy work, if truly to Thee it's done. But we never shall know all the debt we owe. Till the war is really won. In the lines quoted, John Oxenham, expresses his country's appreciation of the women who have enlisted to serve their country in all kinds of war work. Every girl who goes out releases a man for more active service, and every man is needed. They leave their homes and friends to face new and trying conditions. That they have so far done such excellent service, and with so few casualties, speaks highly both for them and for those in whose charge they are.

Associated Press correspondents, referring to the recent retreat on the western front, mention incidentally that eighty Y. M. C. A. huts were abandoned at a loss of \$500,000. While all the men of the Y. M. C. A. go away safely, this indicates that these self-sacrificing helpful fellows do not hesitate to go anywhere they can assist.

The fact also that the above amount was immediately at hand to replace the destroyed huts is an indication of how the work is appreciated in England, notwithstanding the many calls which are being made on the British at home. The work of the Red Triangle Club cannot be too greatly appreciated, and only lack of knowledge of the real work being done will prevent the amount of \$500,000—St. John's share of the \$2,250,000 which Canada is sending—from being raised quickly when the appeal is made, beginning Tuesday next.

A DOUBLE MURDER IN SASKATCHEWAN Regina, Sask., April 30—According to information which has reached the provincial police, a double murder was committed yesterday near Kipling. Peter Gouloux, a Frenchman, walked out to the farm of John Boris, and it is alleged, deliberately shot Boris, the father of the young man previously shot. Both men were instantly killed. Gouloux was arrested a few hours later by the provincial police, who now have his signed confession. He claims he received a dirty deal over the renting of the farm by the elder Boris.

MRS. RUFUS BELYEA. The death of Mrs. Emma Alberta Belyea, wife of Captain Rufus Belyea of the Canadian government service, occurred this morning at the home of Mr. and Mrs. A. E. McGinley, 303 Main street, where she had been suffering for several months. Her death was due to pneumonia from which she had suffered only since Thursday last. Her husband had been in Charlottetown and was summoned to St. John on account of her serious illness. Mrs. Belyea, whose home is at Purdy's Point, was a daughter of the late Captain W. H. Waters, who was well known along the river. She was active in church work and was highly esteemed by all who knew her. Besides her husband she is survived by two brothers, Frank Waters of British Columbia and Wesley Waters of Day's Landing, and one sister, Mrs. Joseph Carter, of Public Landing. Arrangements for the funeral have not yet been completed.

VERY MANY AT PRIEST'S FUNERAL

Church of Assumption Thronged; Hundreds in Funeral Procession

Eloquent Eulogy of Father O'Donovan Pronounced by Rev. A. J. O'Neill—Bishop Le Blanc Speaks of the Accident Which Was Beginning of Priest's Illness

At the height of a severe rainstorm, the people of Carleton and the city paid a remarkable tribute to Rev. J. J. O'Donovan today as they attended in great numbers at his funeral, held from the magnificent Church of the Assumption which he had erected. The body of the beloved pastor had lain in state in the church all night. During the evening hours hundreds had passed in solemn procession past the casket to look for a last time upon his face. The body was robed in priestly garb. At the casket stood four young men of the congregation as guard of honor. At half-past seven o'clock the rosary was recited for the repose of the dead priest's soul.

This morning a congregation which taxed the capacity of the church assembled at ten o'clock for solemn high requiem mass. It was not made up of his parishioners alone or of the adherents of his faith alone, for many people from the city and not a few Protestants were among the congregation. His Lordship Bishop LeBlanc was celebrant of the mass with Very Rev. Benjamin LeCavalier, C. S. C., president of St. Joseph's University, dean; Rev. J. J. Ryan of Woodstock, sub-deacon; Rev. P. Costello, C. S. R., St. Peter's, high priest; Rev. Henry Cormier, Moncton, master of ceremonies. Other priests in the sanctuary were Very Rev. Mgr. Belliveau of Grand Digue; Fathers Cormier, Aboujagne, Robichaud, Fox Creek; Napoleon Landry, Sackville; Roi, Memramcook; Savage, Moncton; J. J. McDermott, Sussex; M. O'Brien, Norton; C. Carleton, Peterville; R. J. Coughlan, Johnville; F. L. Carney, Fredericton; M. T. Murray, St. Mary's; J. J. Ryan, Woodstock; Dr. A. W. Meahan, Milltown; M. P. Howland, Kingsclear; O'Flaherty, St. Stephen; D. S. O'Keefe, St. Andrews; A. J. O'Neill, Silver Falls; P. J. Murray, St. John the Baptist; Hamilton, Farsboro, N. S.; Rev. E. Weigel, and Father Healy, C. S. R.; Fathers Duke, Moore and Allen, Cathedral parish.

An augmented men's choir sang the mass effectively, with Professor Delahais of St. Peter's presiding at the organ.

Father O'Neill's Tribute. Rev. A. J. O'Neill of Silver Falls spoke from the text "I am the Resurrection and the Life," etc. He said it was no ordinary occasion that had brought them together. They had assembled to pay last tribute of love and respect to the memory of Father O'Donovan, a man of health, today he lay cold in death. How mysterious were the ways of God. The requiem mass was over and the voice of supplication and intercessory prayer was for the moment stilled. The hour for the final parting had come. The people had lost a common father and a true friend but they must not languish in fruitless grief or sorrow as those who have no hope. They must see God's gracious purposes in the trials He sends to those in this life. All must some day die, only the time and place and circumstances were hidden. Today we lived, we might be dead tomorrow. The issue was in the hands of God who had issued the warning "Be ye always ready."

Father O'Neill then spoke of the dignity and responsibilities of the priestly office, the offering of sacrifice, the obligations of the priest. He said that the father of his people, their guide, their counsellor, the physician of their souls. He proclaimed the scriptural texts in which were given the powers of consecration and of absolution. Once a priest, a priest forever, the sacerdotal character impressed upon the soul at ordination could never be effaced in this life.

After enlarging upon the powers conferred upon the priest, the speaker went on to review the life of Rev. J. J. O'Donovan, born in Ireland, educated in the classics there, he had come to America and applied to the late Bishop Sweeney to be adopted into the diocese. Then came his theological studies at Memramcook and his ordination.

Father O'Neill then spoke of the twenty-nine years spent by Father O'Donovan as pastor of the Carleton church. The people, he said, knew with what devotion he carried out his duties. They knew his daily life, his generosity of character, his unflinching courage, his piety and zeal. With what resolute heart and soul had he not faced the disaster when his church was destroyed by fire; what a magnificent one he had built to replace it, one of the finest of its size in Canada. Tribute in this connection was paid to the generosity of the people. The altar could hardly be surpassed or equalled but Father O'Donovan felt that there could be nothing too grand for the purpose for which it was erected. His was the spirit of the psalmist who wrote "I have loved the beauty of Thy house, O Lord, and the place where Thy glory dwelleth."

Father O'Donovan was eulogized as an excellent administrator in the temporalities of the church, always active and planning for the good of the parish. In spiritual matters he was exemplary to a degree. His exhortations were given in the light of his own good example.

Then the sorrowful journey to Holy Cross cemetery was begun. The band led a long line of the boys and girls of the parish, their arms circled by black bands, following. After this came the priests in coaches, then the directors of the Y. M. C. A., the altar boys and the general public. At Tilton's corner the boys and girls formed two lines, through which the procession passed on to the last stage of the journey to the cemetery. Many eyes were moist with tears as the body of the beloved priest was borne to its last earthly resting place.

ONE OF THE BARRETT DAYS OF FIGHTING FLANDERS HAS BEEN (Continued from page 1.) French Hold Loree. London, April 30—The French now hold the entire village of Loree west of Kemmel, says the official statement from the war office today.

During the night the British advanced their line east of Villers-Bretonneux, on the front before the Germans. In the vicinity of Loree the French by counter-attacks yesterday afternoon and evening drove the Germans from the remainder of the ground they had gained in the morning. The Germans having been heavily repulsed all along the northern battle front. The night passed in comparative quiet.

The text of the statement reads: "Successful counter-attacks carried out by French troops yesterday afternoon and evening drove the enemy from the remainder of the ground gained by him during the morning in the neighborhood of Loree, and captured a number of prisoners. The whole of the village is in the hands of our Allies."

"After the heavy repulse inflicted on the enemy yesterday the night passed comparatively quietly on the northern battlefield.

"We advanced our line slightly during the night east of Villers-Bretonneux. "On the remainder of the British front there is nothing to report, beyond artillery activity on both sides on certain sectors."

Paris, April 30—The long range bombardment of the region of Paris was resumed this morning.

Paris, April 30—Heavy artillery fighting occurred last night north and south of the Aisne, in the sector of Noyon and also the Oise, the war office reports.

The statement follows: "The artillery battle was waged with considerable violence north and south of the Aisne, in the sector of Noyon and on the south bank of the Oise. French patrols were active along all this front, and brought back fifteen prisoners.

"Verden the night bank of the Meuse (Verden the night bank of the Meuse) German detachments were repulsed by our fire, leaving prisoners in our hands without obtaining any result.

"There is nothing to report on the remainder of the front."

It's the Flavour of

That makes it quite unique. You can taste the delicious oriental fruits and spices, so perfectly blended.

His private life was beyond reproach. To the sick and the dying he was a dear friend and he never left the house of sorrow without leaving consolation behind.

He had carried on his work silently and perhaps unnoticed, so far as the world was concerned, but his deeds were recorded on the books of God and in the hearts of his people. His work now was over, his toil ended, the message had come from the Master to rest from his labor.

When he knew he could not recover, Father O'Donovan was perfectly reconciled to the will of God. He had expressed his desire that he be laid at rest among the people he loved. Eloquenty picturing the death of the good priest, and quoting Cardinal Newman, Father O'Neill said Father O'Donovan's life had been one of heavy responsibilities and he must give a strict account of God to all. No soul could enter the presence of God stained by even slight venial sin. The priest was but human, though protected by many graces and yet for that reason the greater things would be required of him. "Prayer for your deceased father and friend," he said in your conclusion, "now he can no longer pray for himself. He loved you in this life; do not forget him in death. Pie Jesu, Domine, dona ei requiem."

His Lordship Bishop LeBlanc also spoke briefly. He said that during the building of his church Father O'Donovan met with an accident in a fall from scaffolding in which he sustained injuries which had ever since caused him suffering. He had to go abroad many times for treatment, and practically no one knew of his sufferings though at the end they had become unbearable and necessitated his last visit to Boston. There an operation was performed and he was able to be up and walk about the hospital. He wrote his bishop that he was, he wished to be buried here. Days later, however, he contracted pneumonia and the moment he realized this he felt he was to die. Sending for his priest, he asked to be buried here among his people. His death was most edifying."

Bishop LeBlanc spoke of the great work Father O'Donovan had done both in the material work in the parish and in the spiritual. He particularly emphasized upon the fact that Father O'Donovan upheld the dignity of the priesthood. He asked all to continue to pray for their deceased pastor.

After his Litania the priests filed past the casket, looking for the last time on the face of their confere. Then the body was conveyed to the hearse as the City Band played "Nearer My God to Thee."

The Y.M.C.A. At the Front

How the "Big Brother" to the Soldier is Helping Canadian Men Abroad

NEVER in all history has there been such an assemblage of the manhood of the world as that met on the plains of France to-day.

The Y.M.C.A. at Work

Y.M.C.A. service for soldiers extends from Vancouver to the firing line, and then back again to the patients in hospital until the men are discharged.

In England there are 79 places in operation.

In France there are 96 places in operation: 38 huts and buildings.

During February 732 concerts and 343 religious meetings were held in England and France. Total attendance—642,000 men.

One piano is bought every second day. There are 10,000 gramophone records in the Y.M.C.A. exchange.

How "Morale" is Maintained

Last year Concerts cost \$40,000; Cinemas, \$55,000; Athletics, \$70,000; This year Athletics will cost \$133,000.

75,000 books have been distributed free of charge; 25,000 new magazines are distributed every week in France.

Every week 500,000 sheets of writing paper are given away free.

In the forward areas 23 dugouts are in operation at the present time. Within the past few months the Germans have destroyed 8 "Y" dugouts.

Many Y.M.C.A. centres are placed close to the forward dressing stations for the relief of the "walking wounded."

During February, "Y" men conveyed hot tea and biscuits to advance working parties engaged in tunnelling, wiring and digging trenches. A trip was made every 8 hours, and 80 to 100 men were provided with free refreshments each trip.

Some Sidelights on Work

\$125,000 was absorbed in building of "huts" in France during 1917.

The work of the Y.M.C.A. in London and Paris, advising, guiding, and warning all men, rescuing them from human sharks, men and women, is worth thousands of dollars to the fathers and mothers of the boys.

In England and France the attendance at religious services, free concerts and cinemas was, during February, 559,115.

Free hot food and drinks last year cost \$100,000 in France.

Y.M.C.A. sells many needful things to soldiers, giving best value possible, but the whole of the profits are spent for the soldiers' direct benefit.

THE CHAPLAIN'S SERVICE AND THE Y.M.C.A. WORK WITH THE SOLDIERS OVERSEAS

The social, educational and religious work among the overseas troops is carried on under the two establishments of the chaplains' service and the Y. M. C. A.

In the chaplains' service there are 275 of whom 140 are in France. Of these, seventeen have received the Military Cross, one the D. S. O., and several have been made companions of the Order of St. Michael and St. George.

The other establishment, the Y. M. C. A., is under the efficient control of Col. Birks, and has huts in all the training camps in England, and tents in France, right up near to the support lines.

These two establishments dovetail into one another in the carrying on of all their work. Most of the religious training, naturally, is done by the chaplains.

The work of education which is being organized in the khaki is being done very largely by the chaplains and directed by college professors in the chaplains' service. On the other hand, the Y. M. C. A. supplies the entertainment for the men to a large extent.

Everywhere the chaplain and the Y. M. C. A. secretary work hand in hand. As, therefore, their objects are in common, it has been agreed that there should not be two appeals to the people of Canada, but that all the social, religious and educational demands of the army should be merged in the campaign carried on under the auspices of the Y. M. C. A.

Y.M.C.A. DRIVE FOR RED TRIANGLE WORK

With the opening of the grand drive for the Red Triangle fund of \$100,000 which is now being conducted in the dominion wide campaign for \$2,500,000, now only a week away, headquarters in Prince William street is beginning to take on a busy appearance.

The city canvass for \$80,000 promises favorably. The local workers, returned yesterday from a trip in connection with the work and in the evening attended an important meeting of a committee at which arrangements were made for a special canvass for contributions from the companies and other concerns entailing the consent of two or more persons.

While no effort has been made so far to secure contributions the provincial director feels gratified at the interest shown, one evidence being the fact that \$250 from the Commercial Travellers' Patriotic Club at Saturday's meeting.

One gentleman came into the office recently and left a check for \$50. W. J. Ambrose, manager of the bank of Montreal is acting as honorary chairman to whom the county chairman should report.

Many Y.M.C.A. centres are placed close to the forward dressing stations for the relief of the "walking wounded."

THE SPLIT-LOG DRAG

A dry, sound red cedar log is the best material for a drag, the hard woods being usually too heavy for this purpose.

The log should be from seven to eight feet in length and from ten to twelve inches in diameter, and carefully sawn down the middle.

In working a clay or gumbo road it is advisable to put iron on the lower edge of both flat sides.

There are two stages when roads will freeze and one when you cannot do a job satisfactorily.

When the road is in a very sloppy condition in spring or in other seasons after a heavy snow, the road may then be shaped up wonderfully well, and after the surface has a chance to dry a little, before it is cut up with traffic, it will make a smooth, fine road.

When the surface approaches a crumby texture, the drag may be used very successfully.

GEORGE ADAM, THE FRIEND OF LLOYD-GEORGE, IS COMING TO ST. JOHN.

This gifted lecturer recently returned from New York, is coming to Saint John to tell the people of this city how he and Harry Lauder cheered up our brave soldier boys "over there".

WHY RYE BREAD SOARS. Only Three Million and a Half Bushels Grown in Dominion.

(Toronto Telegram) At present one of the gravest problems facing restaurant and hotel-keepers is what they are going to give the people to eat when the rye flour runs out.

At present they are forced to serve only one ounce of wheat bread to any one individual at any morning or noon-day meal, along with two ounces of rye bread.

Rye bread is exceedingly hard to get and has increased two cents per one pound and a half loaf, and is bound to increase further, so long as the demand exists.

It is said that the cause of this increase in substitute flour is that when the Canadian government fixed the price of wheat it did not fix the price of other grains.

As a result of the high price of barley many farmers are grinding their own wheat and others are actually mixing a percentage of wheat flour with bran and shorts to feed to their hogs.

In the whole of Ontario there are not more than 3,000,000 bushels of rye grown, while the western provinces produce not more than five or six hundred thousand bushels, making a total of three and one-half million bushels for the whole dominion.

There are only two or three firms milling rye flour in Toronto, and these in very small quantities. It sells at \$16.50 per barrel as against \$10.95 for wheat flour.

When asked the reason for the increase a miller said: "We can't get the rye and the demand is great. A large percentage of Canada's rye went to the United States long before our food controller's orders about rye bread came out."

The only other substitutes would be corn, barley and rice, but there is no corn to speak of in Canada and the United States have used for some time and are still using as much corn bread as possible, while the milling of barley would involve considerable changes in the plants.

PRICE SOFT DRINKS WILL BE INCREASED

Manufacturers Say Raw Materials Very Expensive.

(Ottawa Journal Press.) Those who don't drink anything stronger than the "soft goods," such as ginger ale, cream soda, lemon sour, iron brew, etc., will pay higher for these beverages this summer.

An advance of 20 per cent. wholesale in the near future is predicted by J. E. Kealey, head of Kealey's Aerated Waters Co. The Ottawa branch of Coca-Cola Co. has already boosted the price of their product here from 60 cents a case to 80 cents wholesale.

In explanation of the increase which is bound to come in their soft drinks, Mr. Kealey stated that the cost of crowns for the bottles, sugar, and other things entering into the production of soft drinks has risen enormously.

THE WAR SITUATION.

After one of the bitterest days of fighting since the great drive began, the British lines in Flanders last night were as firm as a rock, and the enemy had sustained very heavy losses.

The night passed in comparative quiet. Today's news brings a great sense of relief. For the moment the enemy has been checked, and while renewed and continued attacks may be expected there will be a more confident feeling in regard to the safety of the Channel ports.

IN OTTAWA ALSO.

It is now the turn of the city of Ottawa to fight a grasping gas company. The story is thus told by the Journal-Press:

"The Ottawa Gas Company is asking parliament to give it authority to increase its capital to five million dollars, from \$2,000,000. No good argument for this is apparent. The company in 1913 was authorized by parliament to increase its capital stock to two millions from \$500,000."

"The Journal-Press asks some pertinent questions as follows: 'What has the company done with the proceeds from the million and a half of additional stock issued since 1913? The claim is made that half of it was used to pay debt. What about the balance? And why was there debt? The company had been paying good dividends. If it was losing money and accumulating debt, why was it paying good dividends? It has been paying good dividends since, yet claims to have accumulated more debt. How long is this sort of thing to go on, handsome dividends paid while debt accumulates, and the company keeps reappearing before parliament to be allowed to issue more stock while the constituency it serves remains practically the same?'"

"Dealing with the whole question of increased capitalization of a public utility the Journal-Press further says: 'Now, the point of this thing is firstly, that every dollar of capitalization allowed to any public service corporation becomes sooner or later an excuse for sticking high rates on the public, on the plea that the shareholders ought to get a fair dividend, and so every dollar of capitalization tolerated except with the clearest need is a public wrong; and secondly, that inasmuch as sooner or later all these local public-service corporations are certain to be bought or expropriated by the municipalities concerned, every dollar of unnecessary capitalization is certain to be paid for by the public through the nose. For if such companies get money or stock which they do not absolutely need to carry on their business, the leading splits in the companies are sure to juggle it into their own pockets without letting it give full value to the public. The city of Ottawa has therefore powerful reasons for opposing the present extraordinary proposition put forward by the Ottawa Gas Company, of a vast increase of capital stock without a shadow of excuse existing for it except possibly that the company wants to keep on paying dividends out of borrowed money.'"

Mayor Fisher of Ottawa describes the gas company's move as a stock-jobbing operation. It seems that in Ottawa as in St. John there are those who would exploit a public utility to get dividends on watered stock.

This week is devoted to the Soldiers of the Soil movement. Boys are signing up to work on the farms. They should be encouraged to do so. The experience will do them a world of good, even if the work is unusual and more exacting than any they have hitherto experienced; and their labors will aid very materially in swelling the food supply so sorely needed. Encourage the boys to do their part for Canada and the Empire. The consciousness that they are serving their country will be helpful to their growth as good citizens.

THE BIG BROTHERS.

It was a fine thing to see the large number of men, members of the Rotary Club, Knights of Columbus and other citizens at lunch at Bond's last evening, each with a soldier's boy to whom he is a Big Brother. The spirit of fraternity prevailed, and there was an enjoyable programme. Fitting tributes were paid to the men overseas, and to the boys who can say with pride that they are the sons of men who proved true to their country in their country's hour of need. Protestant and Catholic were there, as was eminently fitting, and the example set by these Big Brothers is worthy of being followed by very many more men. A wide acceptance of the Big Brother idea would relieve the police court of a good deal of unpleasant business, and the boys are worth it. To gain a boy's confidence and make him feel there is someone outside his family circle interested in having him do his best is to get a response that is at once helpful and inspiring to the man himself. Let us have more Big Brothers, and the problems of better school training, better playgrounds and a greater incentive to boys to do their best will be brought much nearer solution. Last night's getting together was in the nature of an experiment. It will not be the last, and each successive meeting should be more and more interesting and fraternal.

Mr. E. A. Schofield told the Big Brothers last evening that New Brunswick will perhaps be the first province to feel keenly the food shortage next year. Let us get the fact fixed in our minds that the shortage is coming. Then we will save more food and help to produce more. Because of past and present abundance we have been far too skeptical, indifferent and careless. The war will be brought home to us much more pointedly before another year passes. Let us be ready to meet the situation.

Hon. N. W. Rowell told the farmers of Ontario yesterday that important as food-production is today it is not as important as man-power. The government, he added, would do its full duty in prosecuting the war. What answer can the farmers make other than that they will cheerfully back up the government? Their duty is as plain as that of Mr. Rowell and his colleagues. The needed men must be found.

New Brunswick is asked to contribute \$100,000 to the Red Triangle Fund for Y. M. C. A. work overseas. The people will respond cheerfully, for they know the great value of the work. Every returned soldier testifies to the splendid service rendered. To give to the fund is to make the lives of the men in England and at the front more cheerful under all circumstances. It is a universal obligation.

The ploughing and digging of the war gardens has already begun. Have you secured a garden plot? The War Gardens Association will provide fertilizer and tested seed at cost to its members to as large an extent as possible, and the superintendent will advise as to soils and seeds and methods of cultivation.

All men and women in Canada between sixteen and sixty are to be registered as soon as possible. This is preliminary to a more complete mobilization of the man-power and woman-power of the country for war work, and it should have been done early in the war.

British supremacy in air-fighting is much more marked than it was a year ago. Three and a half times as many German machines were brought down in April as were destroyed in the corresponding month last year.

The gains made by the Germans on the western front are of no real value unless they are followed by such further advance as will open the road to Paris or the Channel ports.

The Canada Food Board is tightening the strings. That is necessary, and every citizen should co-operate to save food and produce more food. It is a vital necessity, and we must all realize the fact.

Rev. F. S. Dowling is congratulated on the large addition to his congregation as a result of the union of Calvin with St. Andrew's church, consummated last evening.

The Standard devotes the whole of its editorial space today to local party politics. Its grief over the defeat and exposure of the profiteers is inconsolable.

The rigid rules of the food board relating to candy, sweet cakes and other food luxuries are another reminder of the seriousness of the food situation.

More flour seems to have been used in the principal cities of Canada in February than in January. This is food control headed the wrong way.

When Germany doesn't care how many German lives it wastes, why should we be so solicitous of the lives of the German spies over here?—Detroit Free Press.

SOLDIERS' PENSIONS.

(Toronto Star.)

Mr. Knight, representing the G. W. V. A., put forward a sound argument in regard to pensions when giving evidence before the committee at Ottawa. He urged that when a man had been medically accepted in Canada and in England and had been sent to the front, it should not be permissible for doctors in Canada, after his return here, to set up the contention that before entering the country's service he had some disease which made him unfit and which reduces the amount of pension to which he is entitled. If the country accepts a man as physically fit and sends him to a fit man's job at the front, surely that ought to settle the question on the day his pension comes to be considered.

CHINA IS FIGHTING.

Military Counselor to President Says 40,000 Men Being Sent to France.

An Atlantic Port, April 29—Captain Ting Chia Chen, military counselor to the president of China, and also to the Chinese minister of war, arrived here today on a French steamship. He said that China now is sending troops to France to fight for the Allies.

Captain Ting, who is a graduate of West Point, United States military academy, for some time has been in Europe as a military observer in the war theatre for his government.

"China is preparing to do her part in making the world safe for democracy," he said. "It is true that China has troops on the way to the battlefield and it is the calculation of the Peking government to have no fewer than 40,000 fighting men with the French by early summer. I have just left France and there remained behind me ten other Chinese officers whose duty it will be to select training camps in France for Chinese troops. The captain added that there is a spirit among the Chinese people that good of mankind and the advance of Prussianism must be suppressed, for the civilization."

Every City Man's Share is 4 Acres of Land in Crop

OUR Allies are counting on Canada to get 6,000,000 acres more under cultivated crops this year than in 1917. This represents an average increase of 4 acres for every able-bodied man left in this country.

How are you going to fulfil this obligation—an obligation resulting from the great emergency besetting those who are bearing the brunt of the fighting and the suffering?

But, if you can do nothing more, you can help to feed your own family

The War Garden is a War Duty

Every pound of food produced by city people is gain—because grown by labor which otherwise would not be employed in food production

It leaves the farmer free to grow more grain. It frees the market gardener's help for farm work.

It saves transportation.

It provides the household with an abundant supply of fresh vegetables. It helps to reduce the high cost of living. Above all—it means more food.

There is a sufficient supply of vegetable garden seeds, and all the tools you really need are a spade, a hoe and a rake.

An Open Letter To Our Customers

We regret that the war has depleted our staff of young men, which has been very much felt in our King street store. This has necessitated our engaging quite a number of young ladies. We, however, were fortunate in securing young ladies who are very anxious to please, therefore, we think you will be perfectly satisfied with our service, which will improve as our sales ladies become acquainted with both our customers and our stock. We bespeak for them your kind consideration during this unavoidable situation. We can assure you we are doing our very best to secure for you the best attention possible, and hope you will appreciate it, our slogan being, as you know, "Service and Quality."

Thanking you in advance for your assistance at this time, we are,

THE NEED.

Europe is short about 500,000,000 bushels of wheat. The United States and Canada are 34,000,000 bushels behind in their schedule of shipments from this continent to relieve the shortage. The surplus was used up long ago. Every bushel that we now use is snatched directly from people who are infinitely more needy than we.

This year we must substitute vegetables for bread. We can do it. Canada's war gardens last year added to the wealth of the state upwards of \$90,000,000. American gardens are credited with producing food last year worth in the aggregate \$350,000,000. There were nearly three million gardens in yards and vacant lots. This year it is expected that there will be five million. How is it that Germany's food supplies have hung out? Because of her millions of war gardens during the last two years. It has been the same in Great Britain where the women and the boys and girls have all had their plots, and in France and in Italy. Even the soldiers have their war gardens! The British Army has ordered that every available bit of ground, even under shell fire, be put under cultivation. It will mean literally a million small gardens. If they can do it, the people of the Dominion can surely do their share. Every pound of potatoes, beans, peas, cabbage, parsnips and other vegetables grown in a home garden this year will release exportable foods needed for the people of Europe.

The second anniversary of the taking over by the members of the Y. W. P. A. the ushering in the Imperial was celebrated last evening when more than 200 members assembled at the Imperial to have their photographs taken, at the request of an upper Canadian paper.

THE S. O. S. OBLIGATION

The boys of this province are being asked this week by their teachers in the schools, by scout masters, and by the voluntary S.O.S. committee in the towns working under the direction of the Canadian food board, to enlist in "Canada's Youngest Army" and serve their country on the farms during the summer months. The enrollment card declares the willingness of the boy to "serve my country by entering farm service as a Soldier of the Soil at a fair wage to be agreed upon between myself and my employer. I will be ready when called upon, subject to school regulations and consent of parents or guardian, to render faithful service to the best of my ability."

The card also has blanks to fill in giving the name and address of the volunteer, his age and weight, name of school which he attends, his grade or form, and spaces for the filling in of the following questions: Will you enlist for farm service for four months? Will you enlist for farm service for three months? When will you be available? Do you wish the New Brunswick department of agriculture to assist you in finding a place on a farm? Can you arrange your own employment? If so, give name and address of farmer with whom you will work. Have you ever worked for wages? What kind of work? Have you ever worked on a farm? For how long? Have you handled horses? Have you ploughed? Religious denomination; name of club or organization to which you belong.

The mark set for the campaign is the enlistment of 25,000 boys in Canada for farm service of whom 1,000 are expected from this province. A special bronze badge will be given to all the boys who put in three months of satisfactory work on the farm. All the boys who are intending to work on their fathers' farms are asked to enroll under this movement and receive the badge given to all volunteers.

THE CASUALTY LIST

Bathurst, N. B., April 29—Bathurst is called to add to its honor roll the name of another soldier who will not come back, for official information has come to hand of the death in action of Flight Lieutenant W. Morley Kent, on or about Feb. 21, somewhere in enemy territory on the French front. The brave young officer evidently found his end as has many another under circumstances which may prevent the details of his fate from ever being fully known.

W. J. Kent, of Bathurst, whose son has thus nobly ended his career, is well known throughout the province. Sisters of the deceased officer are Mrs. George Schryer and the Misses Adelaide and Elizabeth Kent. His brothers are George, associated with his father in the Kent department store; Harper, at school, and Harold, with the siege battery overseas. The names of three New Brunswick men appear in the midnight casualty list: Wounded, G. F. Dunlop, St. John; Cadet E. F. LeBlanc of the 514th squadron, R. A. D., crashed while flying just outside Camp Mohawk in Deseronto.

Ont., yesterday afternoon. LeBlanc is the son of Mrs. P. B. LeBlanc, Moncton.

An alarm was sent in from box 132 last evening for a chimney fire in the house owned by John Sealy, 256 Cheyney street. The fire was extinguished before any damage was done.

TWILIGHT OF TITLEDOM.
(Grain Growers' Guide).
On the whole the most of the Canadian titles have been given to men who have succeeded in building up large fortunes either by fair means or foul, or to politicians. Titles have been looked upon in Canada as a sort of political blunder. The whole system in Canada has brought titles into disrepute among the rank and file of the citizens. No man is entitled to public honor simply because he is a politician. As a matter of fact these titles have no place in a democratic country, and the sooner they are abolished the better it will be for our relations with Great Britain. Canadian support to Great Britain does not need to be purchased by any such trumpery. We are no longer children seeking gaudy playthings.

WHERE THE TANKS ARE MADE
Birmingham, England, April 2—(Correspondence of The Associated Press)—A little village in the Birmingham district has the distinction of being the birthplace of the tank, that terrible engine of war which has done such effective work in British offensives and which is to be found in every theatre of war where British troops are fighting.
A wagon manufacturing company with many factories scattered throughout England was entrusted with the construction of the first tank and they chose their factory in this Midland village to do the work, well out of sight of prying eyes. The factory, which before the war, was engaged in the manufacture of rail-prints and other machinery, is now greatly enlarged and still growing and is engaged in manufacturing tanks, which are turned out much as are standardized automobiles in America. With the exception of the engines, every part needed in the construction of a tank is manufactured by this company, and thousands of workmen and women are engaged on the work.
Joy-riding in a British tank means hanging on for dear life in a defensing seat of machinery while the machine lurches up and down the grades, alternately tossing its passengers first one way and then the other. A trial trip is thus described:
"We accepted, with some trepidation, an invitation to make a journey in the machine. About half a dozen of us entered by the narrow door and were crammed up on the little platform which runs on each side of the machinery. We held on like grim death with our hands. For a few moments everything went well. Then there was an upward movement of the fore part of the tank and in a trice we found ourselves without a foothold and were suspended by our hands from the 'hold-fasts' which are affixed to the roof of the tank and in the car. We knew we were mounting the steep gradient and were not sorry when we reached the top.
"The vessel jerked violently as she started on her downward course. In the twinkling of an eye we were thrown into the same position as before—only more so—with our legs dangling and our hands gripped in the effort to hold on and prevent being thrown all of a heap. We eventually emerged none the worse for the trip, but with a vivid impression of what must be the life of the gallant crews to whom our experience was a trifle less compared with theirs in the midst of shot and shell and with their own guns blazing away.
"The roar of the machinery in the confined space was terrific. The man with the strongest lungs, shouting in the ear of a man of the scout's hearing could not make a syllable heard."

JOHN S. SMITH.
The death of John S. Smith occurred at his home at Lakeside, K. C., on April 15, after a lingering illness, in the eighty-fifth year of his age. He was born at Smithtown, Kings county, where he resided until about seven years ago, when he removed to Lakeside. Mr. Smith was a man of sterling qualities and was noted for his hospitality and love for children, and always took a keen interest in the affairs of the community. His first wife was the late E. Lavina DeForest, by whom he had nine children, eight of whom survive him, four sons, Horatio A. of Calgary, Alta.; Walter C. of Milton, Mass.; Harry E. of Jamaica Plain, Mass.; Fred DeForest, who resides on Miss Nettie of Buffalo, N. Y. He is also survived by one brother, Horatio V., and two sisters, Sarah and Joanne, all of Smithtown. His second wife was Mrs. Adela Wetmore, of St. John, who died in February, 1917. The funeral took place from his late residence to the Baptist church at Titusville, K. C., where interment took place. Rev. O. N. Chipman of Hampton conducted the services.

COMMITTED SUICIDE RATHER THAN RETURN TO HOME IN GERMANY
Douglas, Isle of Man, April 29—Frederick Brandauer, a wealthy pen manufacturer, has committed suicide in a German detention camp rather than return to Germany. Brandauer had lived in England for thirty years, but his naturalization had lapsed. In a letter to the camp commander he said that the agonies of death would be nothing to what he would suffer if he submitted to repatriation, which the government proposed.

Had Bronchitis FOR THREE YEARS COULD GET NO RELIEF
The Imperial's splendid bill was further enhanced in merit by some charming French songs—sung in the Gaudet's French opera, bathing and resorts. In a further exposition of analytical photography—the analysis of motion—some children were shown in the classic dances of Greece. This was also a raising of plagues from the lungs, especially in the morning. This is at first white, but later becomes of a greenish or yellowish color, and is occasionally streaked with blood.

WOLGAST PLAYS IN HARD LUCK
Career of Michigan Boxer Has Been Chapter of Accidents
Ad Wolgast has certainly had more than his just share of hard luck. Soon after he won the lightweight title from Battling Nelson in 1910, the Michigan boy broke an arm in a battle with Jack Redmond in Milwaukee. The following year he was stricken with appendicitis on the eve of his contest with Freddie Welsh at Vernon. The operation probably permanently weakened Wolgast, for it is a rule that athletes who have undergone an operation for the removal of their appendix are seldom good afterwards. Ad had scarcely recovered from his experience with the surgeons when he was stricken with pneumonia. In 1914 Wolgast broke his right arm in a bout with Freddie Welsh in New York. He also had a couple of ribs fractured in a battle with Battling Nelson in Milwaukee, and broke two small bones in his left paw while preparing for a fight with Joe Rivers. This is not a complete record of Ad's accidents, but sufficient instances have been cited to show why the former "beast" on the 30th birthday is a has-been as far as the ring is concerned.

GERMAN LOSSES OF AIRCRAFT MUCH GREATER THAN THE BRITISH
London, April 29—During the course of a debate on the air service in the House of Commons today, Major John Baird, parliamentary secretary to the board, said that whereas the English losses in the present offensive were practically the same as those of April, 1917, the time of similar activity when England was engaged in gaining the supremacy of the air, the German losses in machines actually seem to crash were about three and a half times as many as last year.

Career of Michigan Boxer Has Been Chapter of Accidents
Ad Wolgast has certainly had more than his just share of hard luck. Soon after he won the lightweight title from Battling Nelson in 1910, the Michigan boy broke an arm in a battle with Jack Redmond in Milwaukee. The following year he was stricken with appendicitis on the eve of his contest with Freddie Welsh at Vernon. The operation probably permanently weakened Wolgast, for it is a rule that athletes who have undergone an operation for the removal of their appendix are seldom good afterwards. Ad had scarcely recovered from his experience with the surgeons when he was stricken with pneumonia. In 1914 Wolgast broke his right arm in a bout with Freddie Welsh in New York. He also had a couple of ribs fractured in a battle with Battling Nelson in Milwaukee, and broke two small bones in his left paw while preparing for a fight with Joe Rivers. This is not a complete record of Ad's accidents, but sufficient instances have been cited to show why the former "beast" on the 30th birthday is a has-been as far as the ring is concerned.

LOSS TO SHIPYARD.
J. Willard Smith has received word that a saw mill used at his shipbuilding plant in Hillsborne, Annapolis county, N. S., was burned to the ground Saturday. The loss will be keenly felt at the present time as it will greatly retard building operations. Arrangements have been made to have it rebuilt immediately so that work can be continued on a large schooner at present under construction.

SENATORS SHOW EXCITEMENT OVER VOTES FOR WOMEN

Lively Clash in Upper Chamber in Debate on Bill to Extend the Franchise - Federal Election Vote the Cause

Ottawa, April 29—At its evening sitting the senate took up the governments measure to extend the franchise to women, Sir James Loughheed leading off for the bill in a brief introduction.

Senator Power opposed the bill on the ground that it constituted an interference with provincial rights, and moved an amendment to the effect that the matter of preparation of voters' lists be left to the provinces.

Senator Cloran said the legislation proposed by the government was not calculated to advance the interests of either women or the nation. Incidentally, he remarked that at the last election, women, "with no more capacity than children to vote intelligently," were led to vote for Union government by promises of furloughs for their soldier husbands and relatives, and of increased separation allowances. This accusation brought a sharp rejoinder from Senator McMeans, who declared that Senator Cloran had offered gratuitous insult to the noble women who had given their all to the empire in this mighty struggle.

Senator Cloran, jumping to his feet, indignantly declared that Senator McMeans' charge was untrue.

There were shouts of "order," "order," and for a moment the chamber was in tumult. Finally, making himself heard, Senator Cloran said that Senator McMeans had better withdraw, "or take what was coming to him."

This drew from Senator McMeans the retort that, if Senator Cloran was as ready as he (McMeans) was, that what was coming to him, they could be easily satisfied.

Senator Cloran added that what he had wished to emphasize was that what Cloran had said was untrue.

Senator Cloran observed that this expression was more parliamentary, and the matter was over.

Senator Poirier did not favor women getting the franchise.

Senator Dandurand favored the franchise for women, because he believed them just as qualified to vote as men.

The debate will be resumed tomorrow.

BUILDING OPERATIONS

Building permits issued during the month of April amounted to \$35,375 as compared with \$24,500 issued during the corresponding month last year. The number of permits issued was five, as compared with thirteen last year. The total amount issued to date this year is \$79,475 as compared with \$88,000 for the corresponding months last year. Since April thirteen permits were issued for repairs and alterations to buildings.

Permits issued during the month were to the following: Booth Canning Company, wooden factory in West St. John, \$20,000; J. Fred Belyea, wooden buildings for smoking and salting fish, in Middle street, West St. John, \$10,000; T. McAvity & Sons, wooden and concrete building in Water street, \$2,500; H. H. Lawrence, Coburg street, alterations to self-contained tenement, \$2,500; P. Nase & Sons, warehouse at Indian town, \$375; total, \$35,375.

COLD WEATHER IN ITALY WILL DELAY AUSTRIAN OFFENSIVE.

Washington, April 30—An unexpected return of cold weather in the mountain regions of northern Italy will delay, in the opinion of Italian officials, the expected Austrian offensive. Despatches from Rome to the Italian embassy here say that blizzards had left a snowfall in some places six feet deep.

SHERIFFS TO BE REGISTRARS IN N. B.

Amon A. Wilson in Charge of Recording Man and Woman Power in St. John and Albert Counties

Ottawa, April 30—The following registrars have been appointed for the maritime provinces to record the man and woman power of all persons between the ages of 16 and 60 years:

Kings county, P. E. I., William Cain, New Perth; Prince, P. E. I., F. J. Wright, Summerside, Queens, P. E. I.; H. Smith, Charlottetown.

Digby and Annapolis, N. S., W. R. Vanblorquin, Digby; Yarmouth and Clare, N. S., W. A. Godfrey, Yarmouth; Millville, Kings county, N. S., A. McNeil, Millville.

Charlotte, N. B., Sheriff R. A. Stuart, St. Andrews, N. B.; Gloucester, N. B., Sheriff A. J. Meehan, Bathurst, N. B.; Kent, N. B., Sheriff C. Boudreau, Richibucto; Northumberland, N. B., Sheriff W. F. Cassidy, Chatham; Restigouche and Madawaska, N. B., Sheriff T. Robinson, Dalhousie; Royal, N. B., Sheriff S. A. McLeod, Sussex; St. John city and counties St. John and Albert, N. B., Sheriff A. A. Wilson, St. John; Victoria and Carleton, N. B., Sheriff A. R. Foster, Woodstock; Westmorland, Sheriff L. N. Killam, Dorchester; York and Sunbury, J. R. Hawthorne, Fredericton.

The registration board states that it is desirable that all persons who are able to offer voluntary assistance to assistant deputy registrars on the day of registration should offer their services to the registrar for their electoral district. As registration day will probably be on a Saturday, it is hoped that school boards will offer to the registrars use of school buildings in which to take the registration.

Correspondence Between Federal and Provincial Governments on Limitation of Sale of Securities

Ottawa, April 29—A government return tabled in the commons today at the request of Hon. Rodolphe Lemieux covers all the correspondence between the dominion and provincial governments in regard to the order-in-council passed at Ottawa in December last, limiting the sale of securities by provinces and municipalities to those approved by the minister of finance.

The matter has already been debated in the commons this session, when the position of the dominion government was explained and emphasized by Hon. A. K. Maclean and Sir Robert Borden.

The correspondence tabled today reveals more in detail the attitude of the dominion government in this matter than has hitherto been explained.

Premier G. H. Murray of Nova Scotia, in his communication to the government in regard to the matter, said that, while he was averse to embarrassing the dominion government at such a time, the dominion government in connection with war activities.

TRADE RESTRICTIONS INCREASE THE VALUE

Washington, April 30—The effect of trade and shipping restrictions imposed to release tonnage for trans-Atlantic use by lessening the long haul of exports and imports, is beginning to show in the foreign commerce of the United States. Trade with Asia, Africa, and South America decreased in March, compared with the preceding month, but the total volume of commerce was larger, due to increased shipments to Europe.

New Zealand Has Surplus.
