NO DANGER OF FUEL FAMINE IN WEST
Outlook for Coming Winter Is Good
Dealers Send in Their Orders Before the Movement of the Crop Begins.

WINNIPEG, Aug. 22.—There is no danger of a fuel famine in the west next winter according to advice being received from dealers throughout the country, they having taken the precaution to order before the crop movement begins. Wholesalers here believe the stocks are ample for all. Harvesting is progressing very rapidly, according to advice gathered for the Ogilvie Milling Company by their agents. The yield in many cases far exceeds the estimates made before threshing, especially on light lands in Southern Manitoba. Around Plum Coulee where a yield of ten bushels had been expected nineteen was returned from the thrasher and graded good No. 1. Many other points are reporting similar conditions. Mgr. Black of the Ogilvie Company referring to the harvest reports received by him, said: "It is safe to say that 50 per cent. of the wheat has been successfully garnered and the entire balance is free from danger of frost, which may now come. Threshing will be started at principal points in the province on Monday."

MANY TIES UNITE THE TWO PEOPLE
Admiral Sperry on International Relations.
Brilliant State Banquet at Sydney—Striking Address by Premier Deakin.

SYDNEY, Aug. 21.—The state banquet given by Sir Harry Rawson in the town hall was a brilliant function. There were upwards of 1,000 guests, and the balconies were thronged with ladies. The hall was beautifully decorated for the occasion with American, Australian and British flags inter-twined. Charles G. Wade, the Premier of New South Wales, presided. Alfred Deakin, the Prime Minister of the Commonwealth made a striking address of welcome. When Admiral Sperry arose and reiterated his former statement of the indebtedness of the United States navy to the example with America, he was given an ovation. He said he knew no better training for a naval officer than the study of the American navy. Something more than sentiment underlay the message that Deakin had been accorded them at Sydney. Ties of blood, community of interest and inter-marriage unite the American and the British people, and these bonds would be drawn closer with the completion of the Panama Canal.

SYDNEY, N. S. W., Aug. 22.—The city today was in fête in honor of the visit of the American Atlantic battle-ship fleet. The entertainments of the morning and afternoon were designed principally for the enlisted men, many of whom were given shore leave. Five hundred of the men started early this morning as guests of the government in special trains for Newcastle and the blue mountains, returning to Sydney this evening. The majority of the men preferred to witness the football and baseball matches, the aquatic sports and an exhibition in the Domain by the friends of the city. For the latter event 20,000 spectators gathered and the American jockeys applauded the fine display made by the fire fighters. While there were no official functions scheduled for the day, numerous officers visited the city and were guests at various luncheons and other social functions. The event of the day will be a banquet this evening.

WINS AN AUTO FOR THE TAKING
SPRINGFIELD, Aug. 21.—Alfred Gard of 94 Adams street, is the happy possessor of a touring car automobile, given away on Main street this afternoon, and he has it now at home. The car broke down on Main street, and as usual a crowd gathered. The owner of the car, a prominent physician, tried in vain to make the car go. Then he grew indignant and to the astonished crowd said he would give it away to anybody who would take it. Gard said he would and took it.

DOZING, FALLS FROM WINDOW
South Boston Man Will Probably Die.
Roberts Unconscious When Found in Back Yard—Leg and Ribs Broken.

BOSTON, Aug. 22.—Benjamin Roberts, aged 29, married, of 783 East Third St., South Boston, fell from the third story window of his home shortly after nine o'clock last evening and suffered probably fatal injuries. His left leg and several ribs were broken and he sustained internal injuries. Roberts returned from work shortly after 5 o'clock in the afternoon, and said he was going to retire early. Shortly after 8 he was ready for bed. Mrs. Roberts went down stairs and was sitting in the doorway, talking with neighbors, when she heard screams in the back yard. Mr. Roberts was found in the yard with only his right eye open. Neighbors said they had seen Mr. Roberts sitting in the window, apparently dozing, with his head out of the window. No one saw him after he was unconscious and unable to give an account of the fall. The distance was about 40 feet. The police ambulance took him to the Carney hospital where it was stated at midnight that he had little chance to live.

INTERESTING QUESTIONS FOR RAILWAY COMMISSION
Many Applications for Railings—Sabbath Observance, Classification of Shells, Smoke Nuisance, &c.

OTTAWA, Aug. 22.—A number of interesting applications for railings have been made to the railway commission. The Grand Trunk Railway Company wants the commission to define what are "works of necessity" for railroads under the Lord's Day Act. The application refers chiefly to the handling of trains and cars in the yards on Sunday. There is another Sabbath Day decision to be given for the railroads, and the commission is expected to run its international car ferry from Port Stanley on Sunday. The Canadian Association of Amateur Golfers of Canada is applying for a ruling under the Canadian freight classification, on racing shells. At present shells have to be transported by special contract and are not taken by railroads as an ordinary commodity. James Grier, of Toronto, has complained to the board that the Bell Telephone Company is over-charging him for his telephone. His daughter, who lives with him is a nurse and the company charges business rates for her telephone.

S. H. Jones has made a complaint that neither the Dominion nor the Montreal Express give a complete and proper express service to Sablebois, Que. He says that they are ordered to give good service. The board of Ottawa is applying to the board for an order compelling the railroads to abate the smoke nuisance in the shunting yards of the city. It is proposed that any anthracite coal shall be burned in shunting engines. The board of Ottawa will be heard the next sitting of the board which will be held in Ottawa beginning September first.

LONDON PAPER MAKES A DISCOVERY
LONDON, Aug. 22.—The Daily Mail says it has discovered Izzet Pasha, former Secretary of the Sultan of Turkey and father of Mehmed Ali Bey, ex-Turkish Minister at Washington, retreating in London. At the beginning of the recent reform movement Izzet Pasha fled from Constantinople and took refuge aboard the steamer Maria, which, despite the protests of the Young Turks party, to the British Ambassador, sailed for the Mediterranean. The Sultan's former secretary was the pleasure view of the revolution in Turkey. In an interview printed in the Daily Mail Izzet Pasha gives the following account of his flight from Constantinople, according to interview, was that the Sultan himself counselled him to go to Europe. He shipped aboard a British vessel, he said, in order to insure protection against the Young Turks. Arriving at Genoa, Izzet sent his family to a place of safety and himself proceeded to Paris and thence to London. He intended to make England his home.

OCEAN LIMITED JUMPED THE TRACK
Entire Train Left Rails Early This Morning
No One Was Injured—St. John Soldiers on Board but all Escaped Injury.

MONCTON, N. B., Aug. 22.—It is reported here this morning that No. 209, Ocean Limited, from Montreal to Halifax, left the rails at Riverview, Loup Station about five thirty o'clock this morning. The entire train of engines and six cars went off. The cause of the accident is supposed to be on account of the rails spreading. No one was hurt. About ten o'clock today the following telegram was received by Dr. A. D. Smith, of Charlotte street, from his son, Dr. Stanley B. Smith, in charge of No. 2 Company, St. John Artillery, returning from camp at Petewawa: River du Loup. Dr. A. D. Smith: In wreck Company O. K. Lt. Col. Baxter has so far received no direct word from the company.

GIRL BRIDE TAKEN AWAY
Back to the Care of the State Board of Charity
Ethel Packard, 16, Married to Young French in May—Both Were Employed on Farm.

MIDDLEBORO, Aug. 22.—Edgar French, aged 28, and Ethel Packard, 16, were married last May at Taunton and have since been a fond and devoted couple. But today their life of peace and contentment was rudely interrupted by a visitor of the state board of charity, whose action resulted in their separation and the return of the girl bride to the custody of the state board. About six months ago the couple met at Reading, where both were employed. Their friendship progressed and in May they decided upon marriage. A license was procured and they started out to find a clergyman who would perform the ceremony. They were just comfortably located in one place and another, till at last at Taunton, where French formerly lived, they secured Rev. Mr. White of the Methodist church to marry them. The bride's youth made it difficult to secure a clergyman to conduct the marriage ceremony. In the intervening months they were employed together on a farm in this section, and on Wednesday they arrived at Andrew W. Miller's big country estate at Fall Brook, where they had secured positions. The young woman in the household, while her husband was to care for the cattle. They were just comfortably located when a strange woman came to the house today and after questioning the girl requested her to accompany her to Boston, and back to the state board's charge. Demonstrations were made by the husband, but it was to no avail, and the girl went along, weeping bitterly. Young French says he will at once start to get his wife back. He says a great injustice has been done them both by the state board, and that he will do all in his power to get her back and their life was very happy. French is well spoken of by people at Fall Brook, where he was employed on the Miller farm about a year ago.

CHARLIE WAS LONESOME TOOK A LITTLE BIT OF ALE
Was Let off This Time—Girl Arrested for Wandering Around the Streets at Night.

In the police court this morning there were three prisoners. May Jamieson, a street walker, Charles Diggs, colored peddler, and Wm. Campbell, a tramp, with a very bad reputation. The Jamieson girl was arrested about 11:30 o'clock last night by Detective Marshall, who found her on Charlotte street. She informed the court that she was discharged from the hospital at 8:30 o'clock and had been talking to a man on Charlotte street just before she was arrested. She had no particular place to go last night. The prisoner was remanded to jail to give the officials time to inquire about her. Charles Diggs informed the court that he had partaken of a little bit of ale because he was lonesome and he was sorry. He was discharged. Campbell was fined \$16 or four months jail for being drunk and assaulting a small boy.

ANNUAL BAPTIST CONVENTION OPENED
The Sixty Third Maritime Meeting.
About 200 Delegates Present—List of Visiting Clergymen Who Will Occupy City Pulpits Tomorrow.

The annual convention of the United Baptists of the Maritime Provinces opened at ten o'clock this morning in German Street Church with a large number of delegates in attendance. The register was not complete this morning but it was estimated that over two hundred delegates would be present which is about the usual number. The convention opened with devotional exercises. The rules of order were then read followed by the first report of committee of arrangements which included the list of clergymen who would occupy city pulpits tomorrow. Some correspondence was read and disposed of and nomination committee was appointed. The report of the Foreign Mission Board was read by Dr. Manning and the discussion on the report opened. The following is the programme for this afternoon: First report of nominating committee, nominating officers and naming committees on resolutions, correspondence, estimates, etc. Election of officers. Installation of president. Address of retiring president. Report of Foreign Mission Board resumed. Report on temperance. Report on Ministry Annuity Board with report of committee on amalgamation of boards.

PULPIT SUPPLY.
Many of the city pulpits will be filled tomorrow with delegates to the United Baptist convention of the Maritime Provinces now meeting in the city. The following is the list as completed today, subject to correction. The preacher for the morning service is given first followed by the clergyman who will preach at the evening service.

HAD LOANED MUCH MONEY.
LOUDBOROUGH, Ohio, Aug. 22.—The authorities yesterday found papers in a secret drawer in the Porter home, where Miss Hester and Miss M. B. Stein, of Des Moines, were found dead last Friday, which indicates that Miss Porter had loaned considerable money to relatives in Iowa. It also developed today that Andrew Humphrey was mysteriously shot and killed in the Porter house here twenty years ago.

REFERRED TO HIS PEER.
One of the secretaries of our Embassy at London relates how a question arose as to the cost of heating one of the Irish law courts. A consequential treasury official was detailed to London to look into the matter. When he introduced himself to the judge within whose jurisdiction the matter lay, the judge, who, by the way frequently evinced a great scorn of red tape, smiled with suspicious blandness. "Certainly," said his honor, "I will put you in communication with the person immediately in charge of the department." Whereupon he scribbled a few words on a piece of paper and gave it to a messenger. In a short time an aged chorwom entered. The judge then arose and as he left the room, said: "Hose, here is the young man to see about the coal."—Harris's Weekly.

MANY CONCERNED IN HORRIBLE CRIME
Thirty Two U. S. Soldiers Implicated.
Dastardly Outrage on Girl Whom They Tore From Her Escort Guarded to Prevent Lynching.

DENVER, Colo., Aug. 21.—A News despatch from Larimer, Wyo., tonight says that while every effort has been made by the authorities at Camp Emmett Crawford, the military manoeuvre ground to keep the fact secret, it transpired today that on last Sunday that members of an artillery battery, assaulted a young woman, leaving her bruised and unconscious on the ground. According to the story, a non-commissioned officer of the 21st regiment was escorting the young woman, when the pair were attacked by thirty-two men of the artillery battery. The officer was beaten into insensibility with a gun, and the unfortunate young woman was dragged to an isolated spot and assaulted. After lying half dead for hours, the victim of the outrage revived, crawled to a house some distance away and told her story. Twenty-six men alleged to have been implicated in the outrage are under arrest, and the camp is strong against them, six of the alleged assailants escaped, but three of them were apprehended at Rawlins today. The other three are still at large.

POOR WOMAN LOSES \$1,500
Mrs. Cook, of Mansfield, is the Victim
Believes Pickpockets Robbed Her—Ballroad Had Partly Paid for Her Son's Death.

MANSFIELD, Aug. 22.—Pickpockets operating either in the terminal station, Boston, or on a late afternoon train from Boston to Mansfield, today relieved Mrs. Samuel Cook, a woman of 156 in money and two bank books. The money was part payment of an award by the S. Y. N. H. & H. R. E. Company for the death of Edward Cook, son of Mr. and Mrs. Samuel Cook, who was killed four years ago on the railroad. He was a fireman. Mrs. Cook, her husband and their son Grever went to Boston today and in the large sum at the office of a lawyer named Fuller. The family returned directly to the station, and while in the waiting room before the departure of the train Mrs. Cook says she took the 150 dollar bills from her bag, which she had covered them with a silk cloth, and then placed the package back in the bag. She thought the money was safe, but when she arrived home she discovered that she carried an empty satchel. Mrs. Cook says she has no means for nearly the entire trip to Mansfield. "My husband and son were in the smoker. No one was near me in the car," she said. The disappearance of the money is considered mysterious by the family. They have no idea when the robbery was committed. The police and railway authorities upon being notified began a search of the train and for suspicious characters, but had rounded up no one at work on the case. The Post caused Mrs. Cook great grief, and it was today and yesterday that friends pacified her. Her husband was also made ill by the affair. One bank book was from a Newport, N. H., bank, and had deposits to the amount of \$60. The other was from the Boston First Savings Bank, and showed deposits of about \$100.

WILL FOUND INSTITUTE OF GREAT IMPORTANCE
FRIDRICHSHAFEN, Aug. 22.—Count Zeppelin, inventor of the famous airship, that was recently destroyed has announced that he intends to found an institute for the investigation and solution of the problems of air navigation in the interest of German industry, commerce and science. The contributions made by the public, he says are now far beyond the sum necessary to replace the destroyed airship, and beyond the sum he intends to accept towards the recuperation of his private fortune which was spent in warship airship experiments. All further contributions will be added to the endowment of the institute.

The Bank of Straits, which is receiving the subscriptions has \$500,000 deposited to Count Zeppelin's credit and this amount is probably \$25,000 less than the amount subscribed and which will be available later. Word has been received by the count that Ben-in-y-cum-hi has given the name of Zeppelin to a public square in that city.

ATTRACTIONS WHICH WILL HELP MAKE EXHIBITION A SUCCESS

Expo. Directors in Session Yesterday Afternoon Hear Suggestions for Special Features—A Road Race is Talked of—Football Match and Yacht Race.

A meeting of the Exhibition Association was held yesterday afternoon, with A. O. Skinner in the chair. At the meeting communications were received from different parties who are desirous of seeing extra attractions during the week of the big show.

Frank White, representative for N. B. of the A. A. F. O. C., wrote the manager suggesting that a road race should be held. He speaks of the March road and returns would be suitable. The executive decided to leave the matter over until the next meeting for consideration.

The president of the Cornwall and York football team, in a communication, stated that his team would play a match with McAvity's if the executive were desirous of having it. The opinion prevailed that this would be very exciting, but as there would not be sufficient room the idea had to be dropped.

Regarding the proposition to hold yacht races, the executive decided to drop the scheme financially. If the idea had to be dropped because of lack of funds.

In the different horse classes \$3,000 in prize money has been offered. City horse fanciers should remember that their animals have a fine chance of winning some of this gold. St. John certainly has exceptionally fine horses and doubtless they will be seen on exhibit.

The Intercolonial Railway has decided to make an exhibit in the main buildings. The T. W. Hand Firework Co. of Hamilton will have charge of the pyrotechnic display at the coming show, and something really novel in this line will be given.

The program will contain fifty-three different events, with four main features. These are the walking elephant, electric storm, railway disaster and the eruption of Mount Vesuvius.

The walking elephant is an ingenious mechanical device. The elephant is clearly seen moving its feet, trunk and tail. The railway disaster represents a bad train wreck and approaching from opposite directions. The smoke pours from the funnels. The whistles blow, but it is too late, and the trains meet in head-on collision.

The eruption of Mount Vesuvius will be the greatest feature of the exhibition. At the beginning of the eruption the mountain top is shrouded in a ruddy glow as cast over the scene. Molten lava is thrown out. Clouds of sparks ascend high in the air, while great masses of liquid fire descend from the sky. At the end the air is filled with burning material of many kinds. This act is accompanied by tremendous reports. The whole makes one of the most successful of the wonderful series of fireworks invented in late years.

Experts will be here from upper Canada to see to the carrying out of the programme and no hitch or wobble will occur. The fireworks will start each evening at sharp 8:30 o'clock.

Gorman's high diving horses will perform in the afternoon at 3:30 and in the evening at 9 o'clock. Both the amusement hall will run above in the afternoon at 3:45 o'clock and in the evening at 7:30 and 9:15 o'clock.

The machinery hall will be in full motion both afternoon, and evening. The arrangements for the judging in the different classes will be such that will provide for a good display of driving horses each afternoon. On Friday

F. W. SUMNER CHARGES THAT BOARD OF TRADE MEETING WAS "PACKED"

HALIFAX, Aug. 21.—Amid scenes of confusion never before seen at a meeting of the Maritime Board of Trade, in which the charge was made that the meeting had been "packed," a resolution introduced by the Halifax board to grant running rights over the I. C. R. to the C. P. R. was adopted today. The motion that the vote be recorded was then put and lost, whereupon F. W. Sumner, a delegate from Moncton, arose and charged that fifteen or twenty men not accredited delegates had voted against the Halifax board to grant running rights over the I. C. R. to the C. P. R. He was met by a hail of abuse and was ejected from the hall.

Excitement ran high for a time, calls for a proper vote being mingled with demands for a resumption of business. The chairman, raised that as a majority of the delegates had voted against having the names recorded it could not be done. This brought applause from one side and sarcastic remarks about "persons who were afraid to stand by their votes" on the other.

For three hours the discussion was held, and but for the five minute rule for speeches it would have been prolonged indefinitely. Hon. H. R. Emmerson, H. J. Logan, M. P., Hon. C. W. Robinson, ex-provost of New Brunswick; J. A. Johnson, Halifax; Prof. Andrews, Sackville, and G. E. Faulkner, president of the Halifax board, were among those who participated. Two amendments were voted down and when the vote was finally taken it stood 22 for, 24 against. It was then that Mr. Sumner made his charge.

Divided on One Point. The board divided absolutely on one point. The Nova Scotia delegates as a whole, many Prince Edward Island delegates, and a number of men wanted the C. P. R. and urged a revival of trade and an injection of new contentment into the province. New Brunswick men contended that if the C. P. R. once got running rights over the I. C. R. before the I. C. R. was to be run and ruin that road. This was strenuously denied, the pro-C. P. R. delegates contending that they trusted the federal government enough to leave the securing of the Intercolonial's local traffic with them. They asked that the C. P. R. be given the right to run traffic originating on its own line to the sea via the Intercolonial. At the beginning of the session an effort was made to adjourn the discussion, and in order to expedite business the I. C. R. delegates withdrew the question of allowing mail steamers to land their mails at whatever points they desire. The Nova Scotia delegates contended that the I. C. R. should be given the right to run traffic originating on its own line to the sea via the Intercolonial. At the beginning of the session an effort was made to adjourn the discussion, and in order to expedite business the I. C. R. delegates withdrew the question of allowing mail steamers to land their mails at whatever points they desire.

When the session of the board began, W. B. Snowball of Chatham resumed the debate on the question of granting running rights to the C. P. R. over the Intercolonial. After suggesting that the subject be withdrawn, he characterized this resolution as one of the most dangerous ever introduced in the Maritime Board meeting. If the C. P. R. were allowed to get any control of the I. C. R. the people's road would soon become an inclosed and people of the northern shore of New Brunswick, who were dependent on the I. C. R., were strongly opposed to anything that might injure that road.

"Why doesn't the C. P. R. build a line into Nova Scotia?" asked Mr. Snowball. Regret was expressed by J. E. Dewolfe that anyone should oppose this resolution. Nova Scotia needed rail way competition which the C. P. R. would give. He showed what benefit it would mean the erection of a large summer hotel in the province. That road is a promoter of business and although the I. C. R. might suffer a little for the first year or two, they would eventually share in the benefit brought to the province by the C. P. R.

MR. DEWOLFE'S QUESTIONS. What better position would the Intercolonial be in if C. P. R. did build? asked Mr. Dewolfe. The I. C. R. would lose as much traffic as if the C. P. R. had running rights and that road would lose the rental from the C. P. R.

Mr. Logan, Moncton, placed the conditions of that city before the board. If the C. P. R. was given running rights the people of Moncton feared that the shops built there by the government would lose all their business train crews who now make that city their headquarters would have to leave. The Intercolonial exists for the benefit of the Maritime Provinces. Freight everywhere is carried at loss. How soon would P. E. I. get the tunnel if the C. P. R. got control of the I. C. R.?" asked Mr. Lodge.

WITHIN TWO YEARS. "Within two years," retorted J. E. Dewolfe. After referring to conditions prevailing on the I. C. R. before 1898, Mr. Lodge prophesied that such conditions would return if the C. P. R. got it.

S. Campbell said that Nova Scotia wanted competition. They had suffered somewhat from a monopoly of the I. C. R., although the rates on that road were on a whole favorable. The Grand Trunk Pacific had running rights over the I. C. R. The main question today was whether the I. C. R. should be run by the I. C. R. or the C. P. R. The only justification there could be for compelling the C. P. R. to handle traffic, and at this time the I. C. R. could handle twice as much freight as it is now doing.

W. E. Foster, St. John, said that the business men of the Maritime Provinces would suffer if the C. P. R. got into control and quoted rates to show that the C. P. R. charged more than the I. C. R. "If that is so, why should the I. C. R. fear competition?" asked H. J. Logan, M. P.

Much of the discussion would be obvious to the people knew what running rights are, said P. E. Ennis, and he cited the D. A. R. as an example of running rights over the I. C. R. It was not contemplated that the C. P. R. should compete for local traffic. They would only bring freight through in bulk to Halifax.

"It was all contemplated by the resolution there would not be any objection, but this resolution is open to misunderstanding," said Hon. H. R. Emmerson. "You don't trust the government?" retorted Mr. Ennis.

Hon. C. W. Robinson of Moncton told of what happened before when the C. P. R. had running rights over the I. C. R., and prophesied that the same unsatisfactory conditions would result. If Halifax had been wise in their generation they would have had the C. P. R. in heretofore. Mr. G. Dewolfe said that the greatest mistake Halifax ever made for it would have meant the world would be lost. If we haven't got brainy, able men, competent to make a fair bargain with the C. P. R., we are in a bad way. Mr. Dewolfe characterized the proposition that the C. P. R. should have running rights over the I. C. R. as a bogey. Mr. Dewolfe said that what benefited Halifax would be the building up of New Brunswick.

A return of conditions that existed on the I. C. R. before Blair got it into the C. P. R. was prophesied by Jas. Pender of St. John. When we have got the I. C. R. to its feet, we should be in a position to do anything to hurt that road," asked W. H. Edgett of Moncton, who contended that the road to the Standard Oil Company. They were not coming here for their health or any athletic benefit to Nova Scotia.

DON'T KILL I. C. R. "Let all the transcontinental roads build in here but don't kill the I. C. R.," said Mr. Dewolfe. "This board cannot deal with contentious matters what is the use of having the Maritime board?" asked Dr. Andrews of Sackville. Anyway, whatever happened to the resolution the world would be lost. There was no question of the C. P. R. controlling the I. C. R. to his mind. The government would still control the I. C. R. and if necessary the C. P. R. could be put out again as they were before. If this is a question between local interests of Moncton and the whole interests of Nova Scotia what are you going to do?" asked Dr. Andrews. Dr. Andrews said that what was really feared here was bribery and corruption which the C. P. R. used when in former days they had running rights over the Intercolonial.

CAPT. W. E. FORBES'S BEST ALL ROUND SHOT OF THE YEAR

SUSSEX, N. B., Aug. 21.—Today was the final day of the P. R. A. meeting for 1908. The conditions for shooting were perhaps a little improved, but the high westerly wind continued to spoil many scores. This morning the Fowler match was shot, seven shots at 500 and 900 yards. The prize for this match is a silver cup, presented by G. W. Fowler, M. P. for Kings County. It was won this year by Major O. W. Wetmore, with the score of 60.

In the afternoon the Pugsley cup was competed for. This is a silver cup presented by the Honorable William Pugsley. The match is shot over the 900 yard range and ten shots are fired. The cup was won by H. A. Chandler, of Moncton, with a total of 60 points. The grand aggregate is made up of the scores made in the Donville, Prince of Wales, association, McLean, Ladies' and Fowler matches. First place in grand aggregate represents the best all-round shot of year's meeting. It was won this year by last year's winner, Capt. W. E. Forbes. The first prize includes the D. B. A. silver medal, badge and \$10.

The second prize, P. R. A. silver medal and \$5, was won by Sergt. J. G. Sullivan. Third prize, D. R. A. bronze medal and \$7, was won by H. A. Chandler of Moncton. The twenty highest marksmen in the grand aggregate shoot for the governor's general's medals. This match is shot at 300 yards and ten shots are fired. In conjunction with this match and under the same conditions the second stage of the Robertson championship is fired.

The highest twenty in the grand aggregate were: Capt. W. E. Forbes, Sergt. J. G. Sullivan, H. A. Chandler, Major O. W. Wetmore, Capt. H. E. Golding, H. R. Jardine, F. Price, Lieut. D. R. Chandler, Sergt. J. L. White, Capt. J. S. Frost, Major G. S. Kinnear, Capt. E. A. Smith, Sergt. J. T. Downey, Sergt. H. H. Bartlett. In addition to these, the following also competed for the Robertson championship: P. S. Preece, Capt. H. Pery, Capt. Jas. Manning, Pte. F. Tomkins and H. Sullivan.

The Governor-General's silver medal was won by Lieut. D. R. Chandler, with the score of 45 points. A. J. Jardine and Sergt. J. F. Archibald led for the bronze medal, which carries with it \$25 in money, was also won by Lieut. D. R. Chandler. Lieut. Chandler's scores were: First stage, 87; second stage, 46. Second place and \$25 was won by Sergt. E. P. Glewlin. Mr. Glewlin's score in the first stage was 86, in the second 28.

A large crowd was present to see the shooting of prize medals. The cups and medals were displayed on a stand in front of the banglow. Col. McLean, the president of the association, presided at the distribution. The various winners were complimented and congratulated on their successes, and vigorously applauded. This ended the official programme of this year's meeting.

DOUBLE BILL AT NICKEL TODAY. A great bill for Saturday had holiday-makers and evening crowds at the Nickel. In the first place the Human Comedy Company will play "The Cowboy and the Schoonman" and the comedy "The Pretty Typist" at alternate shows—in reality a double bill. Then the graphs will be varied enough to suit all tastes, three roaring farces and a mystery, "The House of Puppets".

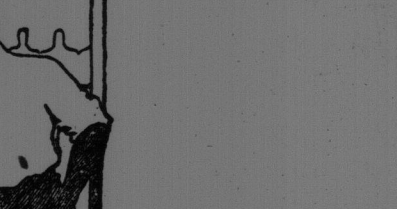

THE PRINCESS. The large audiences that have been attending this popular amusement will be pleased to see and hear one of the best entertainments offered in the city. Madame Demby, the high-class comedian; Morris Smith, the comedian, and Harry Newcombe, the all-time favorite illustrated song artist, will be heard in the very latest sketch, "The Klefse Optical Company," who handle the best moving picture films in the world, are supplying the Princess with an excellent programme. One picture that is extremely funny is entitled "Half Saturday".

EVERYBODY LAUGHED YESTERDAY AT THE BLOU. The children laughing in the afternoon and the older folks in the evening. "Twas a great day for picture-lovers and it has been many a day since such a mirth provoking picture has been shown in this city. "Peck's Bad Boy" that has made them laugh and the Blou is the first and only picture in which it has been shown. It is a rare afternoon's amusement, really a rare afternoon's amusement. THE ALCOHOL in beer is a trifle—only 3 1/2 per cent. The effective ingredients are barley and hops—a food and a tonic. Pure beer is both good and good for you. In Germany, Holland, Sweden, Denmark and Austria beer is the national beverage. Nearly all people, of all ages, drink it. And all the world envies their sturdy strength. Every doctor knows how beer benefits. If you need more strength or vitality he will prescribe it. But be careful to choose a pure beer, else you get harm with the good. And select a beer well aged to avoid biliousness. The way to be sure is to order Schlitz. We go to extremes in cleanliness. We even filter the air that cools it. We age it for months. We sterilize every bottle. Schlitz has no after effects.

PARTRIAN INQUIRIES.

It is unfortunate that an intelligent public must helplessly watch the people's money being spent in a vain but determined attempt to fasten the stigma of dishonesty and graft upon the characters of prominent public men who happen to be opposed to the Harbord and his colleagues elected in trust by the cloak of political purity, Mr. Harbord and his colleagues elected in trust by Liberals and Conservatives alike, have almost from the day they assumed the reins of office displayed a vicious desire to unseat something that would discredit the acts of some of their predecessors. How miserably they have failed is shown by the evidence given yesterday at the Central Railway Inquiry. For weeks in what is left of the Conservative Press in New Brunswick there has been a constant wail about wrong doing in connection with the affairs of this road. The inquiry was adjourned for this purpose. No opportunity was offered for the explanation of important and complicated documents. These explanations, however, had to be received by the commission some time and that time came yesterday. We venture to intimate that they will prove satisfactory to the people.

The past year has been one of investigations, provincial and federal, brought on as the result of the instigating and petty talk of a hopeless Conservative party. And in every case the investigation has resulted most disastrously for the accusers. Such things as the Hodgins charges and the Central Railway Inquiry furnish interesting reading. But it is expensive and the electors will not forget that they must pay the bill.

IMPERIAL PRESS CONFERENCE.

It now seems certain that an Imperial Press Conference will be held in England next year. It is to be hoped that the idea will not be abandoned. There can be no doubt that the results of such a conference would be highly beneficial to the exposure of public opinion in this country. Just what the nature of the conference would be has not yet been worked out, but the knowledge desired by Canadian editors from their association with the writers of the Mother Country would have a lasting and beneficial effect upon Canadian journalism. There is much for us to learn about Imperial affairs; such that could be ascertained in no better way than through a congress such as the one proposed. Real Britishers seldom do things by halves, and it is safe to assume that from the meeting a party of Canadian editors set foot upon the shores of England until the time comes for them to depart no gains will be spared; no stone left unturned, to make their visit one of profit, enlightenment and pleasure.

While we, of course, would needs be solicited by the British editors and their teaching would learn from us. It ventures to the leaders of public opinion in Great Britain to learn just how we look at Imperial questions.

The promoter of the conference, Mr. E. B. Britain, points out that there have been a good many Imperial conferences but none of the representatives of the organs of public opinion. Great Britain, he says, has also had visits from representatives of foreign newspapers and British journalists have been received with great hospitality and good has resulted. With Mr. Britain the leading English newspapers agree. The London Standard thinks that by the changes of climate and variation in the outlying parts of the Empire, but it believes that under these differences there are fundamental attributes, which have not essentially altered, and upon this basis it thinks an Imperial sentiment may be safely built. Differences of opinion are to be expected. It is impossible that the present of England, whose ancestors have never lived outside of the United Kingdom, can look at things from the same point of view as the man whose family for half a dozen generations has lived in one of the Dominions beyond the sea, but there are enough points of similarity to afford a meeting ground upon which none of the British will feel themselves strangers.

Count Zeppelin is evidently not of the kind who allow mere accidents to discourage them. He has had misfortunes mislaid with his successes but he is undeterred. In fact his mishaps seem to make him take fresh hold of his work. It is safe to assume that German industry, commerce and science will derive material profit from the

investigation of and solution of the problems of aerial navigation.

SATURDAY SERMONETTE

There are no class of unfortunates I pity and sympathize with so much as I do with the Ex's.

Ex-Presidents must have an uncomfortable time when they get out of a job. How can they with any grace and ease take up the spade and hoe when they have been bossing the job?

Ex-Presidents of France, of the United States, or colleges or corporations must feel out of place and long to get in to the graveyard to be out of the way.

Ex-politicians are always in the way. They are sour and disgruntled sorcerers who do more harm to their party than the enemy does. They are always finding fault with the way things are done, when they are not finding fault because things are not done the way they and their old colleagues would soon make a change. Leaders are no good these days, they don't know how to lead and they have no one to lead who amounts to anything, and so the old fossil goes on his blundering way doing more harm to his party than he ever did good in his strongest days. Oh, yes, he ought to be chloroformed all right.

The ex-business man, the silent sleeping partner, is very apt to be a nuisance. He gets tired of doing nothing and gets allusive at the same time, and when he comes down to the store he comes to find fault and vent his ill-humor on the clerks. "Business is going to the dogs," he tells them. Until his partners have had work to keep from wishing he was a sleeping partner—out in Fernhill.

Speaking of the ex-business man reminds me of pugilists. The ex-pugilist fighting his battles over again—with his mouth. Younger men, stronger men have taken away his crown and his belt, and he has only the dim memory of his victories and the worst one of his defeats. Poor old pugilist, it would have been almost better if he had not been going to so hot a place, if he had slept out more than his ten seconds.

Speaking of pugilists reminds me of ministers. For they are pugilists—the best of them—and like the ring pugilists, they fight with their mouth, and splendid fighters many of them are. But when he gets old and those who knew him in his prime have gone and left him, and he is now only known as a "has been," he is to be pitied, and sometimes he is a nuisance, too. I think if I were a pastor I would rather have a legion of sinners in my congregation than one ex-pugilist—or the wrong kind. One who would tell his wife and children and the "stranger" within his gates that the "division" was all wrong and the text was not to say, but I have my suspicions that he is not "round nor orthodox." From old ex-pugilists they never charged him with not being sound, indeed they said he was all sound.

Speaking of ministers reminds me of doctors. I suppose because I have seen them working together. One of them sometimes buries the work of the other and as they both make skeletons—but my lawyer will not let me say any more. The ex-doctor, the one who advertises "that he will send formula, 'absolutely free' to poor sufferers who have given up all hope." He is moved to do this by his love for suffering humanity, and he has passed his four score limit and will soon go to that bourne from which etc. he has no desire for "riches" any more. Poor old doctor, he will likely get a good fat living out of the crop that never fails, the crop of fools.

Speaking of fools reminds me of flirts. An flirt is an object of pity, even though she does not deserve it. As she never had a heart, we need not worry over this last rose of summer left pining alone. As she never made a friend, she has never lost one, although she has lost everything but her vanity, and that is in rags and tatters. Yes, she has some scales hanging by the door of her lodge, and she weeps over them at times, and weeps that there are no more scales to compare.

Let Us Have a Good Horse Show

Are you going to exhibit your horse at the St. John Exhibition?

This question is asked generally and the answer as usual, is quite general. Make up your mind today if you own a good horse or a good team, a good turnout of any kind, To Show It At The Exhibition.

Everybody loves a good horse and there are so many of them in St. John that it will reflect on the men who own them if the Horse Show at the Exhibition is not above the average.

The advantage is not all with the public. The Prizes Are Many and they are not to be despised.

The cash inducements are generous and should be taken advantage of by every merchant, who owns a good team—every driver Who Takes A Pride in his Horses—everybody in fact, who delights in owning and driving a good team.

Think what a show you could make—you who drive express teams—you who are so proud of your draught teams—you who every fine day are the envy of the masses as you guide your shining, beautiful horses along the streets.

In these advertisements, the Exhibition management have often pointed out how the people can assist the Exhibition.

Here is a chance for horse owners to do their part.

Will they do it?
R. H. ARNOLD,
Manager.

AT THE OPERA HOUSE.

The dramatic event of the season promises to be an engagement here of Joseph Selman Company in a series of successes of New York and London. "When We Were Twenty-One," will be the opening play. Much interest has been manifested by our players in this beautiful play. The sale of seats has been most encouraging, and several theatre parties have been arranged. The role of "Dick Carruth" suits Mr. Selman, and Miss DuBois as Phyllis is most charming. Wm. Townsend, Robert Robson and Frank Smith will be the "Twenty-One." All give an exceptionally brilliant performance. High class specialties between acts. Secure seats now for the opening Monday, August 24.

STORMED A HOSPITAL TO MURDER PATIENTS

Throw Bombs into a House and Then Fired on Those Who Escaped—Followed the Injured to the Hospital.

ST. PETERSBURG, Aug. 21.—News has reached this city of a terrible vengeance taken by the revolutionists of Yurievka in Yekaterinavsk province upon a Jewish family named Eidelstein, who were accused of giving information to the authorities regarding the movements of the revolutionists. They visited the house at night and threw bombs through the windows. They then opened fire on the members of the family with revolvers, and shot to death the father, a daughter, a woman guest and her child. The mother, a son, son-in-law and two grandsons were severely wounded. After this murderous onslaught the revolutionists temporarily retired and help for the wounded was summoned. In the course of a couple of hours the victims who were still alive had been conveyed to a hospital. Not satisfied with their vengeance, the revolutionists now a well armed band of about 60 or 60 men descended upon the hospital, overpowered the nurses and guards, and shot the mother and son to death, after which they made their escape.

Another despatch from the provinces received here says that the prisoners in the jail at Saratov upon discovering that two of their comrades were traitors, fell upon them and beat them to death.

Coalport Man Arrested Following Woman's Story of Alleged Crime.

CLAREFIELD, Pa., Aug. 18.—H. B. Fant, an installment house salesman, disappeared on March 31, 1907, after registering at a hotel in Coalport, Clearfield county, and no trace of him was ever found. At the instance of Mrs. Mary Kephart, of Coalport, Joe Heverly, a relative of the missing man, was arrested through a threat of Heverly's she declares, but finally decided to tell story.

Heverly was arrested at Flinton and brought to jail. He says he is innocent and places the blame for the crime on a relative of the missing man, who he declares, was seen by him on the night of the disappearance. Heverly's trial will be held in September.

WRIGHT PREPARING FOR OFFICIAL TESTS

WASHINGTON, D. C., Aug. 21.—Orville Wright was at Fort Myer today where he will make official flights before a board of army officers to determine whether the Wright Brothers' aeroplane fulfills government requirements. With the exception of the motor, all parts of the machine are at Fort Myer.

The work of putting the aeroplane in readiness will begin tomorrow and within ten days a preliminary flight will be made, but it probably will be two or three weeks before the official trials of the flights are made.

The Baldwin airplane was again taken out by the officers for a few flights this evening and its performance was witnessed by Mr. Wright.

"I have seen all the big airships in Europe," he said, "and the dirigible compares favorably with any of them."

OFFICIAL RECEPTION TO M. HERBETTE, OF FRANCE

LADIES WILL TRY FOR BALLOON RECORD

MONTREAL, Aug. 21.—Mayor Poirer tendered an official reception this afternoon to M. Louis Herbet, the official representative of France at the Quebec Representative celebration. A large number of representative citizens attended. In replying to the address of welcome, M. Herbet stated that before leaving France he had told President Fallieres that he would be attacked, but the president had insisted that he was the proper man. He might not be called a good Catholic, but he was at least a good enough Catholic to refuse to hate his enemies. He had been attacked by some of the French-Canadian newspapers, but he had kept quiet, listened to the salutes, and returned them when courtesy required. He concluded by saying that he regarded Quebec as a city of interesting memories, but Montreal was the city of the future.

"W. P. \$5,000" SHOWN TO BE CHECK FOR REAL ESTATE U. P. PAYMENT FOR LOAN

The result of yesterday's sessions of the Central Railway inquiry were extremely favorable to the late provincial government and the former commissioners of the road. From the standpoint of public interest the most important proceeding was the explanation of "W. P." bubble, which has been the cause of so much political talk. It was shown conclusively that the amount (\$5,000) to which these initials were affixed in the cash book was a check made to the N. B. Real Estate and Loan Company, which is controlled by Dr. Pugsley, the same being the requirement of a loan made to the N. B. Coal & Railway Company.

At the morning session the evidence of Lieut. Gov. Tweedie, who was the only witness, showed the extreme care that had been taken by the former government to ensure the proper conduct of the affairs of the road and to safeguard the interests of the province.

In the afternoon Mr. McAvity produced the complete statement of the road while he was connected with the road and gave full explanations of all transactions that had passed the commissioners.

A feature of the day's proceedings was the poor showing made by Mr. Powell when confronted by men who were intimately acquainted with the affairs of the road. On more than one occasion his statements were shown to be incorrect. He laid himself open to severe rebuke for the partisan spirit he displayed. At different times the method of conducting the inquiry was characterized as "playing politics," and he had to be requested by the members of the inquiry to cease making political capital out of the inquiry and get down to business.

The commissioners were obliged to admit that they had been in error in delving into the ancient history of the road and admitted that the scope of the investigation was limited to events happening after 1901.

AFTERNOON SESSION.

The afternoon session opened at 2:45 with George McAvity on the stand as the first witness.

Mr. McAvity submitted full statements of the business of the N. B. C. and R. Co. during the period he was president of the company and also during the period while he was serving as commissioner.

He was asked what statements were in the first statement that did not appear in the cash book already in evidence. He could only recollect one entry, for \$2,500.

The witness was asked for the explanation of amounts received from the Bank of New Brunswick. He said these were the proceeds of notes.

When Mr. Sharp opened the books he showed a balance of \$2,500. This was paid in cash at that date, but was paid in afterwards as the proceeds of these notes.

The "W. P." Bubble Burst

The witness was then questioned regarding an entry of \$5,000 paid to the New Brunswick Real Estate and Loan Company, which was the item pencilled in the cash book "W. P. \$5,000."

of which so much political capital has been made. He explained that this company was represented by Wm. Pugsley and the late A. I. Trueman. This item was the repayment of a loan. He knew of the company and afterwards the commissioners borrowing money from the same concern. Mr. Powell asked if the commissioners had an account in any of their books with this company. Witness replied, "No, it was not necessary." He said they had evidence of this in the form of checks.

Mr. McAvity explained that when he took charge on June 30, 1904, this loan was outstanding and he signed the check for it. His knowledge of this loan was merely the information given him when he took charge the same as about all other matters of the road. Mr. Pugsley, who represented the government and knew the previous business of the road, instructed him to make the payment. The examination of the debit entries was proceeded with.

Reference was made to a payment and Mr. McAvity said "It was paid by check to J. D. Hazen, so it should be correct." (Laughter.)

Mr. McDougall—"We cannot take it that way on this side of the table."

Mr. Carvell—"I quite agree with Mr. McDougall."

At this point Lieut. Gov. Tweedie entered and submitted information regarding the disposal of the proceeds of the \$50,000 of bonds for which he had negotiated the sale. He had discovered that the proceeds had been devoted by the Bank of New Brunswick to meeting a note of the N. B. C. and R. Co. held by the bank.

Resuming, Mr. McAvity said that an acceptance in favor of Wm. Pugsley for \$42,25 was outstanding and he had paid it.

The next item was an acceptance of T. McAvity & Sons for \$1,353.71, the proceeds of which were for the settlement of The Barnes Construction Co.'s old claims.

Mr. Powell wanted to know on what information he had based these claims.

Mr. McAvity said he acted on the instructions of Mr. Pugsley and Mr. Allen. The settlement with Mr. Barnes was made at Fredericton and the witness did not take part in the negotiations.

A payment to Geo. W. Allen for services and interest was questioned. The check was produced but no voucher. Witness could not say how much was for services and how much for interest.

Mr. Powell started to remark at length on the irregularity of this and was asked by Mr. Carvell to reserve his lecture and proceed with the examination.

Proceeding, Mr. McAvity said that he paid the outstanding bills of The Barnes Construction Co. and the N. B. C. and R. Co. after convincing himself that they were correct.

Mr. Barnhill suggested that in order to save time the commission should go over the accounts and then examine the witness on entries about which there was any question.

Mr. Ewing proceeded to pick out some items he wanted explained. \$1,966.26 paid to the King Lumber Co. was for supplies received before Mr. McAvity took charge.

A payment to Mr. McAvity for salary elicited the information that his salary was president was \$5,000 per annum. He drew for the year rather less than \$5,000. As commissioner he averaged about \$2,000 per annum.

A payment to T. McAvity & Sons of \$5,000 was explained by the fact that as the company was short of funds when he wished to draw part of his salary he gave the check in favor of his firm and then got the cash from T. McAvity & Sons, who held the check for a few days to accommodate the railway company.

The sum of \$2,500.19 was received from J. M. Robinson & Son for accrued interest on bonds and was also used by him on account of his own salary.

Another payment on Nov. 30, 1906, of \$2,500 appeared on the books as payment of the president's salary for year ending July 1, 1906.

Mr. McAvity explained that this entry was in error as this amount was applied to his salary as commissioner. He had an understanding with the government that he should have a salary of \$5,000 per annum as commissioner if he wished to draw it. He did not continue to draw the full amount as the condition of the road improved.

Mr. Powell said that by April 17, 1906, at the rate of \$5,000 per annum, his salary due was about \$2,500. Yet he had drawn \$4,888. Mr. McAvity said that he had \$5,000 due on June 30 and he admitted that he had drawn part of this amount in advance.

The amount of salary was fixed with the Attorney-General and, he thought, the late Mr. Trueman and Mr. Wislaev at the rate of \$5,000 before he took office. He thought the amount was too great after the company's affairs had been straightened out and did not draw the full amount.

Proceeding, Mr. Powell asked if Mr. McAvity had not a credit with the government after he assumed office as commissioner. Witness said he had.

Mr. Powell asked about an old bill of about \$20,000 paid to Rhodes, Curry & Co. Witness said a similar receipt but as the debt was contracted before he took office he sent it to Fredericton. He supposed it was paid, but did not know.

Witness knew of a claim of the Dominion government for rails supplied before he took office. He had no recollection of purchasing any rails while in office. He knew that spurs had been constructed after he took office. He thought the mine owners did the grading and the railway furnished the rails.

He remembered being notified last March that the company was not complying with the terms of its coal leases. He did not remember a similar notice which Mr. Powell produced, dated 1906.

Mr. Powell read from earlier evidence that Mr. McAvity had received \$2,000 towards the first payment on Elkin & Evans' option in 1901. Mr. McAvity had remembered that he had made this loan or that he even knew of the option at the time.

This concluded Mr. McAvity's evidence.

Judge Landry announced that, owing to the expected death of a relative, he would not be convenient for him to attend. It was decided to adjourn and meet at the call of the chair, probably not before the first or second week of September.

WANTON MURDER BY ANOTHER ITALIAN

NORTH SMITHFIELD, R. I., Aug. 21.—Menasal Paris, an Italian, was shot and killed tonight, while sitting on the steps of his house. Louis Carlo, 20 years old, a fellow countryman, of Paris, is being sought by the police for the murder of Paris. Paris gave Carlo \$48 to be taken to Providence where Carlo was to send it to Paris' relatives in Italy. When Carlo returned tonight an altercation ensued during which Carlo pulled a revolver and shot Paris through the head. Paris is 23 years old and leaves a wife and two children who are in Italy. Carlo's wife and four children are in this country.

C.P.R. CLAIMS IT IS GETTING ALONG FINE

MONTREAL, Q., Aug. 21.—From the moves made in the strike situation today it is still more evident that the Canadian Pacific considers that it is in a position to ignore the strike and treat the men still out as dismissed workmen.

A small number of strikers returned to work today, and a hundred more mechanics were secured here. These were sent west, as the Angus shops are already well enough supplied to keep the work going in fact. It is told today that at the shops all repair work that has come in since the strike started has been handled, and that the men are now working on jobs that arrived prior to the trouble. It was stated that the shops had enough car men, but needed a number more metal workers, and were securing a lot every day.

Officials of the company state that they really sympathize with the men, whom they regard as misled, and regret having to permanently fill their places from outside, but that they are compelled to do so to keep the railway running, which will mean suffering for the strikers out of a job this winter. As to the strike interfering with the running of trains, the company points out that since it started they have been able to keep twenty-four special trains to the West, an average of 1,500 miles each with 23,000 harvesters, to send cars west to handle the grain, and still to keep up their ordinary passenger and freight business in such a manner that there have been practically no complaints. The union, however, instructed the men not to do so, and most of them obeyed the order. This was done apparently with an idea that as long as the men did not draw their last pay they would still maintain their status as strikers instead of ex-employees.

In pursuance with its policy of treating the strikers as dismissed employees, the company today issued orders to the men to call and draw their pay for the few days they worked this month. The union, however, instructed the men not to do so, and most of them obeyed the order. This was done apparently with an idea that as long as the men did not draw their last pay they would still maintain their status as strikers instead of ex-employees.

Fearing the banks were unsafe, Mr. Earl buried his savings in an old pill box in 1904. Recently he dug up his treasure only to find that the bills were so decayed that he could not discern their numbers.

MAN'S CHECKS PLORED BY FLYING SILVER—WOMAN'S SKULL FRACTURED.

WASHINGTON, Pa., Aug. 18.—During a storm this morning, lightning struck a tree some distance from the Meak's home and splintered it.

One of the flying splinters, about an inch thick passed on through one of Meak's checks and out the other side, knocking out all his teeth and leaving a jagged wound on both sides of his face. A larger piece struck Mrs. Meak on the forehead, fracturing the skull.

Mrs. Meak was knocked unconscious and her condition is considered critical. The injuries to her husband and his condition is also very dangerous.

ANOTHER DOES NOT

MACON, Ga., Aug. 21.—Neal Ryals, colored, under sentence to be hanged today at Baxley, Ga. for rape, and held in Bibb county jail for safety, was apprehended today to September 12, while awaiting for the train to take him to Baxley. Sheriff Branch, who brought the report here, left a note for Ryals at Baxley and he took the negro to Bibb County jail.

BIRMINGHAM, Ala., Aug. 21.—Albany Davis, a negro non-union miner, whose house at Pratt City was dynamited Wednesday night, was fired upon from ambush near his home at Pratt City tonight and fatally injured. A number of shots were fired into his body. Davis has been working steadily since the declaration of the strike and immediately after the house was dynamited claimed that he had seen and recognized the men who committed the deed.

Governor Comer has not yet decided what action to take in the matter of throwing the troops into the district, although great pressure has been brought to bear upon him today to augment the force. Apprehension of further trouble continues keen all over the district.

AGED MAN DIED FROM EXPOSURE

Went for Walk With His Wife, Got Lost and Was Not Found for Two Days—Died Shortly Afterwards.

OLD ORCHARD, Me., Aug. 21.—Joseph Hellen, of Melrose Highlands, Massachusetts, who was found in the woods by a searching party today after he had been missing for two days, died tonight from weakness due to exposure.

Mr. Hellen was 78 years old. When he left the cottage of his daughter on the camp ground last Wednesday with his wife who is his junior by only fifteen months, he intended to take a stroll through Fern Park, the entrance gate of which is nearly opposite the cottage. The aged pair wandered farther than they realized, however, and entering a wide stretch of dense woods, adjoining the park, lost their way.

Mr. Hellen left his husband late in the afternoon to seek assistance, but was unable to find her way out of the woods for three hours and could not tell definitely where Mr. Hellen was before he took office. He had no recollection of purchasing any rails while in office. He knew that spurs had been constructed after he took office. He thought the mine owners did the grading and the railway furnished the rails.

He remembered being notified last March that the company was not complying with the terms of its coal leases. He did not remember a similar notice which Mr. Powell produced, dated 1906.

A QUICK TOUCH.

She Needed Money and Sent a Message That Would Fetch It.

A day or two ago a woman entered a suburban telegraph office and said to the receiver of messages that she desired to telegraph her husband, who was away in the country, to ask him for money. He pointed her to the counter supplied with blanks and to her the rate for a dozen words. She struggled away for a quarter of an hour and then handed in the following:

"Won't you please send me \$5 by next post?"

"I don't know whether that will do or not," she said as she felt for her purse. "If you were to receive such a telegram from your wife, would you forward the money?"

"Well—well, I might," he replied in doubtful tones.

"Now, you wait. I don't like the telegram at all, because I tried to keep it within three minutes. I'll write another."

"She tore it up, walked over to the counter and in three minutes handed in a new one reading:

"Am out of food and fuel and was \$5 as soon as you can get it here. I can't spare it till I pawn the parrot."

"That would bring the money from me," said the counter clerk as he read the lines and marked the number of words.

"Then it will from him. Send it quick."—London Tit-Bits.

"Dead, Miss Marjorie, I don't like these neat flats..."

"We don't find it quite as roomy as the old place in Virginia, do we, Aunt Debbie?"

"I'm going to take you a powder that will stop all the misery, auntie. You must stay in bed tomorrow and I'll come in and see how things are going with you."

"It's just lovely," she said, "everything is lovely—don't believe there's a single disagreeable thing in the world."

"I see him look at Miss Lesley, anyhow, when we passed him in the hall, Huh! It's enough to make any one sick to live in an old bandbox of a flat."

"I'm sure I don't know," said Mrs. Blair helplessly, "I was asleep when she called me—and she grumbled several times then became absolutely unconscious."

"Has she been drinking?" the doctor sniffed the atmosphere suspiciously. "No—indeed," said the girl indignantly. "Mamma never was intoxicated in her life—I spilled that on her trying to force some down her throat."

The doctor after several minutes work held some strong ammoniac to his nostrils and she opened her eyes.

DEATH OR RENO, WHICH IS IT FOR YOU?

Always Danger of Fatal End by Allowing Fat to Accumulate—How to Prevent the "Terrible End"

As a rule the victim of fat grows fatter. There is no stopping the growing of fat save by death. This is true, and sad because it is true.

"If you are a victim of this terrifying ever-growing disease, you can have yourself from the day you begin to use Renzo."

How long, for instance, will it take you to lose 50 pounds? As a rule only 60 days. In most cases there is a safe loss of a pound a day.

There is nothing "just as good" as Renzo. For sale by all druggists at \$1.00 per full sized box, up by mail prepaid, by The Renzo Co., 3388 Renzo Bldg., Detroit, Mich.

PUZZLES MRS. BROWN SOLVES

REDEEMING DAMAGED MONEY

It is She Who Decides Whether Little Shreds and Patches That Have Passed Through Fire and Other Accidents Were Money.

If you are a foolish woman you are probably already put your surplus cash for the summer storage. It's a habit to which foolish women succumb in the spring.

In the spring a young man's fancy gets busy with thoughts of love, but the mind of the foolish woman of mature age begins to wonder about what she shall and what she shall not secrete in the stove for summer storage.

She immediately took the pieces with her to consult the records and see whether fragments bearing the same number had already been reported.

"When we receive a package of bills which has suffered from dampness or fire, it sometimes comes so affected by mold that the notes stick together in a damp mass."

"When taken out into the light and air this mass becomes hard and brittle. The only way in which we can separate it is to dampen it again and work so carefully that instead of saving which I might say has a breadth by half an inch or more."

"You see ever receive money from wrecked vessels?" "We do not have to handle such bills. They are generally taken up by the bank and can be spread out to dry."

"The nourishment you derive from food is absorbed into your system through the walls of the intestines, but when the bowels are not acting freely, naturally, poisons are generated from the obstructed, undigested mass and these poisons, instead of Nature's nourishment, are carried into the blood and carried through every part of your body."

WIFE'S FATHER IS BITTER TOWARD HIM

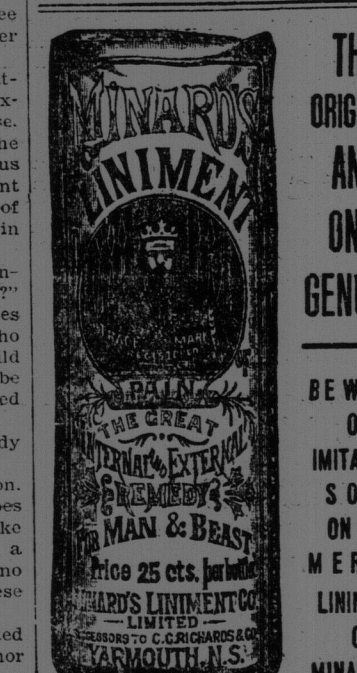

BOSTON, Aug. 21.—Exhausted mentally and physically by the excitement of the last few days, Mrs. Claude Lubbey Hains, the wife of Captain Peter C. Hains, returned to her home, on Winthrop Street, late last night from New York. Today she is too ill to see any but immediate members of her family.

For her Frederick L. Norton, an attorney in the Tremont building, explained the status of the divorce case. Contrary to published statements the answer filed makes no scandalous charges in itself, though the document is so drawn that almost any species of cruelty or abuse may be admitted in evidence under it.

"There has been some talk of a reconciliation. Is there any chance of that?" "Never in the world," said Charles H. Libbey, father of Mrs. Hains, who was present. "No decent woman would go back to him, words cannot describe the fellow or the way he has treated this girl."

"What will you do about the custody of the children?" "I don't know," replied Mr. Norton. "A few days one way or the other does not matter, and we are going to take our time and do things right; as a matter of law, General Hains has no more right to the custody of these children than you have."

"Mrs. Hains has not yet presented her side of the case to anybody, not talked to any reporter."

REACHED THE LIMIT.

It is supposed by travellers that the tipping system is universal. A Toronto man who visited England last summer appears to think that equity is the champion tip-saker, and he relates some of his experiences.

"Well, I had tipped every man, from the awful gent who seemed to own the House of Commons down to the little fellow who gummed the wrong labels on my luggage, and I went into the waiting-rooms on the landing-stage at Liverpool to wash my hands of everything English, and what do you think stared me in the face when I had finished? A placard saying, 'Please tip the train!'"

BAPTISTS HEAR ABLE SPEAKERS Men's Societies Subject Discussed

The Laymen's Missionary Movement, Church Brotherhoods and Men's Church Societies in general were the subjects discussed last evening at a largely attended meeting held in the vestry of the Germain street Baptist church. Rev. G. A. Lawson occupied the chair. The audience was largely composed of delegates to the United Baptist Convention, which opens this morning. Several addresses of great interest were delivered. That of Dr. DeBiols of Chicago was particularly good one, its author on account of his experience being eminently qualified to speak on the organization of men's societies in the church.

At the close of the regular meeting a special aftermeeting was held, at which many of the gentlemen interested in men's work in the church exchanged views on the matter. The result was the appointment of a committee of six to look into the matter of organizing a general association which would embrace the various brotherhoods and men's societies in the United Baptist churches of the Maritime Provinces.

Among those who addressed the public meeting were Dr. A. K. DeBiols of Chicago, Dr. J. G. Brown of Toronto, Rev. W. V. Higgins, Rev. W. T. Macdonald and Rev. S. W. Cummings. In the meeting following the public meeting Rev. W. Dockrill was the first speaker. He referred to the great success which had attended the organization of the brotherhood in the First Baptist church of Moncton. He advocated that body undertaking missionary work among the five or six hundred foreigners centered in railway construction near Moncton.

On motion the following committee was elected to see what could be done to effect a general organization of men's churches. Rev. G. A. Lawson, N. B. Smith, T. S. Simms, Rev. C. W. Rose, Rev. S. W. Cummings.

Dr. DeBiols then gave a brief address, in which he gave an account of the successful steps taken in the district in which he lived and worked to bring about a general organization of men's societies.

ACADIA SELECTS PROFESSOR COIT Harvard Man for Vacant Chair

Dr. Hutchinson, president of Acadia University, who is in attendance at the United Baptist Convention, says that the exterior Acadia's new science building will be completed by the time the college year begins. Dr. Hutchinson also declares that the new building when entirely complete will be the finest science building in the Maritime Provinces. The report on education, which will deal with matters connected with Acadia, will be presented to the convention on Monday.

Concerning changes in the university faculty, Dr. Hutchinson informed The Sun that W. A. Coit, M. A., a graduate of both Boston and Harvard universities, had been appointed to the chair of mathematics. Dr. Coit comes to Acadia most highly recommended. For seven years he has been assistant professor in the University of Vermont. In the department of theology, which is to be considerably strengthened, Principal DeWolfe of the Seminary is to give instruction.

In Horton Collegiate Academy, which is one of the Wolfville institutions, there will be an entirely new teaching staff. Ernest Robinson will be the head. Mr. Robinson has been for some time the principal of a school in Dartmouth. N. S. Joseph Howe of Sussex is to be house master of the Academy. Mr. Howe has been principal of the Sussex High School, and is well known throughout New Brunswick as a teacher. Arthur Foster of Falmouth, N. B., is to be a new member of the teaching staff.

In the Seminary there will be few changes in staff. A larger attendance of students is looked for. Concerning the finances of Acadia, Dr. Hutchinson said the last year was excellent. The deficit had been practically nothing and \$100,000 had been added to the endowment fund. The interest from this amount will be available next year.

ANGUS AND STEWART LAND CHAMPIONSHIP

The New Brunswick Tennis Association resumed play in the annual tournament at Rousesay yesterday. A good many of the matches are down to the finals and it is hoped to complete the tournament today. The final round in the men's doubles was played yesterday, when Angus and Stewart landed the championship by defeating Wood and Landry. These gentlemen will receive two handsome cups awarded by the association. In the ladies' final Mrs. Babbitt and Miss Babbitt will play the Misses Madge and Muriel Robertson in the semi-finals and the winners will meet the Misses K. and F. Hazen for the championship. In the men's singles McAvilly and W. Wood will play in the semi-finals, and the winners will play Peters in the finals.

The presentation of all the prizes will take place this afternoon. Cups will be awarded to the champions in each event and other suitable prizes for second place. Yesterday's play was very exciting. The match between Mrs. Babbitt and Miss Muriel Robertson in the ladies' singles proved most exciting. Following is a summary of the play: Mixed Doubles—Third Round. Mrs. Thomson and McAvilly defeated Miss Schofield and inches, 6-2, 6-2. Mrs. Babbitt and Landry defeated Miss Hazen and Stewart, 6-3, 6-4. Semi-Finals. Mrs. Thomson and McAvilly defeated Miss Madge Robertson and H. Wood, 6-4, 2-6, 6-3. Mrs. Babbitt and Landry defeated Miss Muriel Robertson and Scott, 6-2, 1-6, 6-4.

Ladies' Doubles—Semi-Finals. Misses K. and F. Hazen defeated Miss Schofield and Miss Barnaby, 6-3. Ladies' Singles—Semi-Finals. Mrs. Babbitt defeated Miss Muriel Robertson, 2-6, 6-2, 6-4. Men's Doubles—Semi-Finals. W. Wood and Landry defeated Tilley and Danvers, 6-2, 6-1. Men's Singles—Third Round. McAvilly defeated Stewart, 6-3, 6-4. Semi-Finals. Peters defeated Rogers, 6-3, 6-2. The present tournament has been a most successful one.

The association held its annual meeting last evening. The following officers were elected for the ensuing year: Frank R. Fairweather, president; R. Triggs, secretary; vice-president; Cyrus F. Inches, secretary. Next year's tournament will take place in this city.

A quiet but pretty event took place on Thursday evening in the Portland Methodist parsonage, when Rev. Mr. McLaughlin united in marriage Fred Wilson to Miss Timmie G. Little, daughter of Mr. and Mrs. Joshua Little. Miss Annie May Homan was the bridesmaid, while Charles Logue was best man. The happy couple will reside in this city for the present at least.

The work of removing the Johnson house from Spring to Summer street is being rushed along. Men are working both night and day and much progress is being made. A newspaper stated recently that the building was blocking traffic, but this is not true. The building is now near Summer street. It is moved about a yard in a quarter of an hour. The building was moved to permit the erection of the Winter street annex. The excavation is now going on.

WOULD YOU KNOW YOUR FUTURE?

Do You Want to Know About Your Business, Health, Speculation, Marriage, Love Affairs, or How to Improve Your Condition Financially and Socially? EVERY READER OF THIS PAPER WHO WRITES AT ONCE WILL RECEIVE A FREE READING FROM AMERICA'S RELIABLE ASTROLOGER

For many years I have been advertising in American and foreign newspapers and magazines; perhaps you next door neighbor knows me or has consulted me for advice. I have built up a reputation by giving honest, accurate and conscientious service to my patrons. They will tell you I am America's reliable Astrologer. I do not ask you to take my word for any statement made here, but I do ask for an opportunity to demonstrate my ability. Read what three of my patrons say about their horoscopes.

Newark, N.J. "My marriage took place as you predicted, and from the happiest moments. I feel that you are the greatest Astrologer I have ever consulted. I would get an astrologer as accurate as this man."—Mrs. A. J. Jones, very truly, A. Jones, Real Estate Agent.

Brandon, Can. "I have been in the scope of the Astrologer's guidance that put in my mind. I would not take a kind word unless I was guided. I would get an astrologer as accurate as this man."—Mrs. A. J. Jones, very truly, A. Jones, Real Estate Agent.

Mountain Park, Okla. "By your advice I have been successful in my business. I would get an astrologer as accurate as this man."—Mrs. A. J. Jones, very truly, A. Jones, Real Estate Agent.

I have stacks of letters similar to the above. Many write that they cannot find words to express their thanks for the benefits derived from my advice. Many have followed my advice and gained wealth, happiness, love and popularity. I believe I can be of help to you. It costs you nothing to test my ability. I will send you a reading in which I will tell facts about yourself and your life that will cause you to marvel at the wonders of Astrology. My system has stood the test of time. People who consulted me years ago acknowledge that no other Astrologer is so accurate. If you wish a free reading, simply send me your name (whether Mr., Mrs. or Miss), the date of your birth (state hour if possible), and I will send you the reading at once, and will also send you a copy of my interesting booklet, "Your Destiny Foretold," if you wish you can enclose 10 cents (silver or stamps) to pay postage, etc. Address: Albert H. MADE A SECOND ATTEMPT TO TAKE HER OWN LIFE

CHICAGO, Aug. 21.—Mrs. Mary Cassidy, who last Monday shot and killed her husband, John Cassidy, and then shot and wounded herself, made another attempt to end her life today by jumping from a second story window of the Passavant Hospital. She suffered internal injuries in the fall which may prove fatal. The woman is believed to be mentally deranged.

DISTINGUISHED ARMY HEAD COMING HERE

Commissioner Codman Due on 30th WILL SPEAK HERE Colonel and Mrs. Turner to Conduct Meetings Tomorrow

St. John will shortly have a visit from Commissioner Codman, one of the distinguished heads of the Salvation Army. Commissioner Codman bears the distinction of being the first officer of the Salvation Army designated captain. He was appointed to this position at the time of the Russo-Turkish war.

He is one of the ablest and oldest members of the army and has been in command of many departments as well as having travelled as a commissioner. The commissioner is coming to Newfoundland and Canada on a six months' tour. He will be here on the 29th and 31st of this month. On Monday he will deliver his famous lecture on My Life and Travels. The commissioner started out in life as a chimney sweep and his experiences through life are most interesting.

From here the commissioner goes to Nova Scotia. He will be joined at North Sydney by Commissioner Combs. From there he goes to Newfoundland, returning to Canada about Christmas.

Colonel and Mrs. Turner with a number of headquarters will conduct services this evening and tomorrow at the Charlotte street barracks. The meeting this evening will be at 8 o'clock and tomorrow meetings will be held at 7 a. m., 11 a. m., 3 p. m. and 7.30 p. m. The colonel is a most interesting speaker and the local corps is looking forward with pleasure to the meetings.

Major and Mrs. Phillips, accompanied by Adjutant Cornish, manager of the Metropole, and Capt. Robinson will conduct meetings at the No. 5 barracks, Mill street, tomorrow.

The soldiers and friends of the army will be pleased to learn of the appointment of Major McCallivray to the position of divisional officer for the St. John division. The major was stationed at No. 1 corps some years ago. He will be joined at North Sydney by Commissioner Combs. From there he goes to Newfoundland, returning to Canada about Christmas.

WILL ASSIST IN REPUBLICAN FIGHT

Senator Burrows Hopes However to Get Along With His Tariff Work.

WASHINGTON, Aug. 22.—Senator Burrows, who has come to Washington for the purpose of putting into operation the machinery for the preparation of the Tariff Bill promised for the Sixty First Congress, will not be permitted to go forward uninterruptedly with that work even in the immediate future. He has promised Chairman Hitchcock to assist in the Republican campaign and will begin by doing what he can to promote that cause in Vermont and Maine. Counting confidently upon carrying both of these states, Mr. Hitchcock is still desirous of obtaining as big majorities in both as possible for the effect upon the general result in November, and is bending every effort to that end. The Vermont campaign will take place Sept. 7, and Mr. Burrows has promised to make at least two speeches in that state before that date, and he probably will spend the greater part of the time between the first and fifth of the month in these two eastern states. He hopes to conclude the preliminary tariff work in time to permit him to follow this course without delaying that labor.

PUBLIC MEETINGS IN INTERESTS OF MISSIONS

Many Interesting Speakers Tonight—Laymen's Missionary Movement Will be Presented Tomorrow.

This evening in Germain St. Baptist Church at eight o'clock there will be a mass meeting in the interests of foreign missions. The speakers will be Dr. A. K. deBlots, of Chicago, Rev. H. S. La Plante, of Winnipeg, and a returned missionary from India, and Miss Beale Churchill and Miss Nettie Sanford. The last mentioned young ladies are sailing in a few weeks for India, where they will engage in missionary work.

Tomorrow afternoon at four o'clock in the vestry of Germain Street Baptist Church there will be a meeting for the discussion of the Laymen's Missionary Movement. The meeting will be in charge of Rev. W. P. Stackhouse of Winnipeg. Men of all denominations are cordially invited to be present.

On Sunday evening at seven o'clock in the Germain Street Baptist Church there will be a mass meeting in the interests of the Laymen's Missionary Movement to which a general invitation is extended. Rev. W. P. Stackhouse, of Winnipeg, and others will speak. The meeting will be in charge of T. S. Simms.

A TIMELY AND SENSIBLE SUGGESTION

How Crowds Would Hear Band Concerts to Better Advantage—Chief Clark Refers to Matter.

Chief Clark in talking to the Star this morning made a very timely and sensible suggestion in regard to the crowds at the band concerts in King Square. The chief pointed out that if the people instead of crowding close to the band stand, would promenade around the walks at the outside of the square they would hear the music much better and at the same time do away with any congestion in the avenues leading through the square. Last evening thousands of people were packed closely around the fountain, while the outer walks were almost deserted. Had they done exactly the reverse the concert would have been more enjoyable in every way.

SALMON BOAT RACING AT WESTFIELD TODAY PROMISES TO BE GOOD

Westfield (as usual) has the big attraction of the half holiday.

This afternoon (Saturday, Aug. 22nd) the race between "Salmon Boats" (so-called), owned by members of the W. O. A. and R. K. Y. C. for the Carter's Point Trophy, will take place. Start from Belyea's Point at 3.15 p. m. course between Carter's Point and Westfield wharf.

This, without doubt, will be the best race of the season among this popular class of boats, and a great interest is being taken in the result. A partial list of entries is given below.

No. 1. "Mona"—John Frodsham.
No. 2. "Promo"—J. Harry Doody.

No. 8. "Wabeno"—McDonald and Blizard.
No. 9. "Now Then"—W. W. Belyea.
No. 10. "ARMSTRONG-MURPHY."

An interesting event took place this morning at the Douglas Avenue Christian Church, when Miss M. Louise Murphy was united in marriage to Chas. E. Armstrong. Thomas Murphy gave her away. The wedding march was rendered by Mrs. Fred. The bride was attired in a suit of cream serge, with hat to match; her bouquet was of cream roses. The young couple were unattended.

During the ceremony, which was performed by J. Chas. P. Appel, the bride and groom stood under a large white bell, which was suspended from an arch, of evergreen, daisies, and sweet peas. The church was very prettily decorated by friends of the young couple. The bride received many useful and beautiful presents. The happy couple left by steamer Governor Cobb for a short wedding trip. On their return they will reside at 491 Main street.
