

RECORD ATTENDANCE LIKELY AT ODDFELLOWS MEETING HERE

First Session of Grand Lodge Opens This Morning—Preliminary Meetings of Grand Encampment Held Yesterday—Election of Officers and Much Business Transacted—List of Official Representatives From Each Lodge.

What is expected to be the most important session of the Odd Fellows Grand Lodge of the Maritime Provinces will open this morning at 10:30 o'clock in Keith's Assembly rooms. The grand officers say that the number of delegates who have arrived in the city is unusually large and a most successful meeting is anticipated. The preliminary work in the shape of sessions of the Grand Encampment and Rebekah assembly was finished yesterday and all is in readiness for the opening this morning.

Hotel Accommodations Taxed.
The number of visiting delegates is so great as to tax the hotel accommodations of the city to the utmost. The leading hotels turned many guests away yesterday afternoon and the smaller hotels were soon filled

trich from visiting as many of the Encampments as he desired, but was able to visit a considerable number during his term of office, and found the work very satisfactorily carried on. Attached to this report are district reports from the deputies, all speaking favorably of the condition of the order.

Grand Scribe's Report.

The Grand Scribe, Melville McKean, of Antigonish, in his report shows the number of Encampments to be 27, with a membership of 1085, which is an increase of 53 over last year. Ninety-two were initiated during the year, eight admitted by card, and six withdrawn, while seven died, six with drew and forty-three were suspended. Fifty-five were afforded thirty-six members, involving an expenditure of \$257.

JOHN JOHNSTON, Grand Master, Sydney Mines.

J. J. MacKINNON, Charlottetown, Grand Secretary.

W. S. HOOPER, FREDERICTON, Deputy Grand Master.

DR. A. D. SMITH, ST. JOHN, Grand Warden.

up. The location committee of the local lodges worked hard to secure suitable lodging places, and private parties have generally opened their houses to visitors.

The storm last evening made matters rather disagreeable for the strangers who were obliged to go about looking for places to spend the night. A large party came in on the delayed P. and N. train, which was one hour and thirty minutes late, owing to the storm and heavy traffic. The Prince Rupert brought another large contingent from Nova Scotia and delegates from New Brunswick were arriving on nearly every train.

Chief Topics of Interest.

Chief among the topics discussed by the delegates among themselves last evening was the proposition to divide the jurisdiction of the Grand Lodge, giving New Brunswick a separate organization. This matter was referred to, it is understood, at the Rebekah Assembly yesterday afternoon and proved a most interesting discussion. The election of the grand officers is also the subject of much talk, and as the time draws near it is regarded as a certainty that there will be a contest for the more important offices.

Grand Encampment in Session.

On the opening of the Grand Encampment yesterday morning the reports of credentials and other committees were received. Twenty new members were given the Grand Encampment degree. Various other reports were adopted.

Among the reports presented at the Grand Encampment were the following:

Grand Patriarch's Report.

The report of the Grand Patriarch, Alex. S. Stalker, in which substantial progress in the state of the order in this jurisdiction was reported. While in some districts, owing to the general depression, the encampment has not made much progress. In other sections the gain in membership has been very bright for its ensuing year. During the past year the new rituals were distributed and are considered a great improvement on the old.

No appeals to the Grand Patriarch have come up during the year. Reference is made to the death of the Grand Scribe, J. J. Nelson, and to the less order has sustained through his passing. P. G. J. MacKean, of Fort La Jole Encampment, No. 1, a prominent member of the order, died at his home in Charlottetown during the year.

while \$115.00 was paid out for funeral expenses. The receipts from all sources amounted to \$2,556.71 and were, dues, \$1,457.82, admissions and donations, \$592.00, other sources \$506.89. Subordinate Encampments paid during the year \$1,457.82, and the Grand Encampment received \$274.04. The invested funds of subordinate Encampments amount to \$4,371.20 and of the Grand Encampment \$668.51. This information was to December 31, 1908. The Prince Rupert made to the Sovereign Grand Lodge.

Number of Encampments.

Dealing with the year ending June 30, 1909, it is shown that on that date the number of Encampments was 26, and the total membership had increased to 1114, the additions being 177 and the loss 25. The number of members relieved during the year was 77, with an outlay of \$235, and \$109 was paid in funeral benefits, a total of \$344. The receipts of subordinate Encampments from all sources amounted to \$2,556.71, and the amounts being, admissions and donations, \$592.00, other sources \$506.89, and expenses were \$1,457.82. The invested funds of subordinate Encampments now amounts to \$4,371.20. All Encampments are howing the new rituals, the old ones have been destroyed.

Deaths During the Year.

The Grand Scribe reported nine deaths during the year. The deceased members were:—W. E. Crowe, of Halifax; Jas. R. McKie, of Charlottetown; David Blake, of Charlottetown; Robert P. Norton, of Charlottetown; Jas. W. Sharpe and Warren Colby, of Windsor; A. J. McDonald, of New Glasgow; W. A. Sutherland, of Goldboro, N. S.; and Rev. Geo. A. Leck, of Economy, N. S. The Grand Encampment's financial statement shows receipts of \$436.40 from subordinate Encampments and an expenditure of \$511.15. The deficit for the year with interest added to the invested funds, amounts to \$74.19. The balance on hand is now \$647.32, added to the treasury account.

Election of Officers.

The election of officers was then proceeded with and resulted as follows:—Grand Patriarch, F. G. Crockett, of Hopewell, N. S.

Grand High Priest, J. M. Ross of Moncton.
Grand Senior Warden, Philip Bridges, of Charlottetown.
Grand Scribe, Melville McKean, of Antigonish.

Grand Marshal, Robert Guidic, Yarmouth.
Grand Sentinel, A. F. Cox, Truro.
Deputy Grand Sentinel, Chas. Watson, Dartmouth.
Sovereign, Mrs. W. S. Fraser, Fredericton, and the Encampment adjourned until the afternoon.

Afternoon Session.

The closing session of the grand encampment yesterday afternoon was devoted largely to the reception of committee reports and the installation of officers. The correspondence, obituary and dispensation of charters committees all submitted exhaustive reports.

The committee on the state of the order reported progress as outlined in the Grand Scribe's report. The most important feature of the financial report was the recommendation to increase the per capita tax for each member from 40 cents to 44 cents a year.

The officers who had been duly elected were installed by Daniel retaining the Grand Patriarch Stalker and all the incumbents made appropriate addresses.

THE LATE MR. HURD PETERS, C. E. (From a Recent Photograph.)

AN APPRECIATION by Mr. Clarence Ward.

A few appreciative words regarding the personal life and character of the late Mr. Hurd Peters, coming to St. John from Fredericton, his birthplace, while quite a young man, on the death of his father, the Hon. Charles J. Peters, Attorney General in 1848, he commenced the study of the law at the office of the late Sir William Ritchie. Of a frank and social disposition, he soon became a favorite associate with the young men of the city, who were then preparing for the stern realities of life in professional and commercial study.

In all matters that concerned the active life of young men Mr. Peters was most earnest. He was one of the founders of the Volunteer Fire Department, and during its early years was one of its leading members. When the old militia system which had fallen into a rut, was revived, he joined in the religious life of the city, in discipline and drill, and was at the head of the organization of the volunteer military companies, which succeeded.

Although he graduated from the office of Mr. Ritchie, and was called to the bar, the practice of the law was distasteful to him. Having taken honors in mathematics at Kings College, he turned to the study of engineering, and he was of the party engaged in laying out the route of the E. and N. A. Railway to Shediac, and also in the religious life of the city. Mr. Peters was sincere though unobtrusive. An attached member of the Church of England, he faithfully served his church in such duties as a layman could perform, teaching the Scriptures in the Sunday school and performing the duties of a lay-reader when clerical assistance was wanting, and all this done in sincerity, without ostentation, putting himself in no professional partnership with the late Mr. Edward Boyd, C. E., in 1854, and carried on the business until 1861, Mr. Boyd having retired some time previously. In 1861 Mr. Peters' connection with the city commenced as city surveyor, having charge of the lands, drawing of streets and other work of supervision. W. M. Crockett, an engineer and from that time forward very important work, cutting down rocks, opening new thoroughfares, wharf building, in fact everything that required engineering skill and knowledge, was practically initiated and carried out under his sole control.

It would be difficult in the confines of these few remarks to enumerate even a limited list of the public works and improvements in the city that owe their development to the painstaking assiduity, proficiency and competence of Mr. Peters in the performance of his professional duties, and not even to the last day, when he laid down his office, was there any falling discovered in his conscientious performance of his official obligations. And now that he has left us, he leaves behind a record that any one might be proud of. Faithful and energetic in his official performances, true to the requirements of his religious duties, charitable in all his dealings, and a true and faithful friend, all who knew him, and more especially those intimate friends, will find it difficult to fill the place he had in their affection and esteem.

GEORGE GANO MAKES NEW PACING MARK

Cleveland, Ohio, Aug. 10.—George Gano, winner of the Chamber of Commerce stake at Detroit, and a \$5,000 purse winner at Kalamazoo, paced a quarter mile in 2:28, the fastest that has been made in a match race this year, and which equalled the world's record of 2:28.34 for trotting a second heat at the opening of the Grand Circuit races at North Royalton, today.
Ed. Geers drove for the first time since his injury at Kalamazoo last week. He piloted Frazee, a tame horse and an outsider in the betting to victory in the 2:15 pace, and landed Sterling McIntyre, who made the money in the 2:07 trot by a remarkable drive.
George Gano's record quarter was made in the first heat of the 2:11 pace, which was hotly contested, although Gano won in straight heats. Bland S led for the first heat within a hundred yards of the wire when he handed George Gano won by a head. The second heat was trotted in 2:05, Bland S losing by a length.

Coroner Roberts Decided Last Evening Inquest on John Cunningham Was Unnecessary and Died from Natural Causes.
About 10 o'clock yesterday morning John Cunningham was found dead in a field off Douglas avenue by a young boy named Walsh. Dr. W. F. He was married and is survived by two sisters, Mrs. J. Robinson of Main street and Mrs. J. Cunningham, with whom he resided. That there is no place for yesterday's news in today's paper, is the policy of St. John's newest daily. It is the policy that has already placed THE STANDARD in the first ranks, and it is destined for a circulation second to none in the Maritime Provinces.

CANADIAN BOYS DOING OLD LAND HAVE TIME OF LIVES

The eleven successful Canadian students in the "Standard of Empire" competition for a three weeks' free tour in the Mother Country are spending a very happy time. The voyage from Montreal to Liverpool in the Empress of Britain was marked by the magnificent vessel breaking her eastward record for one day's run, and for the sweeping victory secured by the Canadian boys in the ship's sports. The Hon. Mr. Justice Teetzel, of the Supreme Court of Ontario, who presided at the ship's concert, took occasion to remark that the boys were splendidly representative of the great Dominion, and to comment upon the excellent Imperial work which is being accomplished by the Standard of Empire in Canada. In the United Kingdom, and throughout Greater Britain. After landing at Liverpool the boys took train to Rowley, in Derbyshire, where they landed, afterwards driving to the Tower, Emsworths drive, and an inspection of the beautiful private grounds. After driving to Bakewell, the visitors entrained for London. Another day's engagement opened with an attendance at a service in Westminster Abbey, after which the students journeyed down to Swindon in a special saloon placed at their disposal by the Western Railway Company. At Swindon they were met by motor cars, in which they were whisked through the delightful country to Sir Alexander Henderson's charming residence at Buscot, thirteen miles away. The visitors were hospitably entertained by Sir Alexander's sister, Mrs. Crossland, and her husband, Captain and Lady Violet Henderson and Mr. Harold Henderson. The boys were delighted with their view of the stud farm, the famous silver horses, the pedigree stock, the Italian garden, and Sir Alexander's rich collection of Burne-Jones's pictures.

"Doing London." The sights of London the visitors thoroughly enjoyed. They inspected the ancient tombs in the historic abbey, they drove round Hyde Park and the Royal Albert Memorial, paid a visit to the Tower, Emsworths drive, Chapside, St. Paul's Cathedral, Lambeth Palace, Brompton Oratory, the National Gallery, the Tate Gallery, the National Portrait Gallery, Madame Tussaud's home, the British Museum, the Wallace Art Collection, Buckingham Palace, the National History Museum, Chelsea Hospital, etc. Mr. Hamar Greenwood, M. P., for York and Parliamentary Secretary to the Board of Trade, and brother of the managing director of the "Toronto World," escorted the boys round the Houses of Parliament, and for a little while they listened to the Colonial Office debate. In charge of Mr. Frederick Litchfield, F.R.G.S., they motored to Hampton and inspected the estate of the Co-partnership Tenants (Limited). This visit was included in the itinerary at the special request of Earl Grey, the Governor-General of Canada. A visit to the Mansion House, where the students were received by the Lord Mayor of London, was greatly enjoyed. His Lordship, wearing his robes of office, welcomed the lads in the saloon, and shook hands with each one as he was introduced. The Lord Mayor, in a short speech, expressed the pleasure it gave him to welcome the party to the City of London. He thought the proprietors of the Standard of Empire deserved London's gratitude for bringing them over to see the old City. "I believe you still talk of the Old Country as Home," he said, "even those of you who have never been here. We all ways take that as a great compliment. We in London greatly value our Empire, and are glad to see that you who form part of that Empire have come over to learn more about it by studying it at the source. I think it was from the City of London that the Empire sprang, and we rejoice today that so much interest is taken in Imperial concerns. I thank you for having paid me a visit here." The reception concluded, the boys were conducted over the Mansion House, and inspected the famous service of gold plate and other treasures of the City. At a luncheon which subsequently took place at the Hotel Cecil (the London headquarters of the visitors) presided over by Mr. E. H. Johnston, a director of the Standard of Empire, there were present, among others, Sir Frederick Borden, Canadian Minister of Militia and Defence; the Hon. Frank Oliver, Canadian Minister of the Interior; the Hon. George Graham, Canadian Minister of Railways; and the editor of the Standard of Empire, and the editor of The Standardist. Lord Charles Beresford sent the following message:—"Very sorry. Must be in Sheffield, or would have been delighted. Wish Canadian boys good luck in their future careers. Hope they will be able to acquire themselves to defend the Empire if called upon."

Lord Strathcona, High Commissioner for Canada, and Mr. L. P. Brodeur, Canadian Minister of Marine, also sent letters of regret at their inability to attend. The Chairman, after a few words of cordial welcome to the Canadian students, introduced the Canadian Ministers. By the special invitation of Lord Strathcona, the High Commissioner of Canada, the boys visited the Dominion office in Victoria street, London, where a room was placed at their disposal. They were received by Lord Strathcona, who was accompanied by Hon. W. G. Hanna, Provincial Secretary of Ontario. The High Commissioner cordially shook hands with each of the boys. It was a striking meeting—the old and the young, the makers of the future and the master of the past. "That little place," said Lord Strathcona, almost smilingly, as he shook hands with the boy from Winnipeg, which has grown from a village into a great city since Lord Strathcona went to work in Western Canada. In a few words the High Commissioner said he was glad to see the boys, and hoped that English boys before long would return the compliment by visiting Canada. The value of such interchange of thought and experience could not be over-estimated, and the great work in bringing typical representatives of young Canada to see the mother country. Another very interesting item of the itinerary was a visit to Portsmouth, where the boys were met by the Hon. W. G. Hanna, Provincial Secretary of Ontario. An excellent opportunity was afforded the young visitors of viewing the "Standard of Empire" in the presence of the Hon. W. G. Hanna, Provincial Secretary of Ontario. The Hon. W. G. FUTURE OF HORSE RACING IS AFFECTED

Ogdensburg, N. Y., Aug. 9.—Customs officers here are awaiting instructions from the treasury department on a clause in the new tariff bill, which involves the future of horse racing in Canada. The Canadian tracks depend largely on American-owned thoroughbreds for their sport and hitherto interests owned in the U. S. passed free across the border and back again. Collector Daniels, however, finds no provision in the new law for the re-entry free of duty of American horses entering Canada for exhibition or racing. His interpretation is that all returning live stock must pay full duties. Pending the arrival of advices from Washington several horses consigned to the Montreal race track are held here.

CORONATION ANNIVERSARY CELEBRATED

Rome, Aug. 9.—The sixth anniversary of the coronation of Pope Pius was celebrated with great pomp today. High mass was celebrated in the Sixtine Chapel with Cardinal Merry del Val, the papal secretary of state, pontificating. A large number of the cardinals, members of the diplomatic corps and the aristocracy of the pope's relatives were present. This afternoon a grand concert in honor of the occasion was given at the Vatican. British soldiers, not at a public function, but in the privacy of his own house, in the beautiful countryside, was a memorable privilege which no single member of the party is ever likely to forget.

CORN HILL.

Corn Hill, Kings county, Aug. 7.—Haying is well advanced in this place; the crop is not up to the average. Rain is much needed now. The Petticoat and Corn Hill boys played a fast game of ball at Annapolis on August 4, the game standing in a 2 in favor of Corn Hill. Mr. Leak umpired the game. It is hard to beat Corn Hill. Mr. Joseph Lewis of Salisbury is boring a well for the Corn Hill Cheese and Butter Company. There are over twenty subscribers on the one line. The rings are many.

MRS. ROBERT W. CHAMBERS REPORTED MISSING.

Gloversville, N. Y., August 10.—Reports that Mrs. Robert W. Chambers, wife of the author, is missing from the Chambers' summer home at Broad Albin. It is said that Mrs. Chambers, who is devoted to horseracing riding went out early last evening on a spirited horse, about an hour or an hour and a half later the mounted horse appeared at the Chambers stable, and at 11 o'clock last night no trace of Mrs. Chambers had been found, although it was stated that several parties were searching every possible place where she might have been thrown and injured.

TWO NUNS MET TRAGIC DEATH IN QUEBEC

Montreal, Que., Aug. 10.—Two nuns of the Convent of the Good Shepherd at Bordeaux on the other side of the island, were crossing the C. P. Railway bridge, when the mountain train caught up to them. They stood back against the railing to let the train pass, but wearing the long robes of their order, the suction of the train as they rear end passed threw them to the track, rolled them over and over and finally off into the river fifty feet below. The bodies have not been recovered yet. Milk supplied by a milkman at Lachine is the cause of an epidemic of scarlet fever. There are forty cases. The milkman's daughter was ill with the fever and was sent to the isolation hospital. She was discharged before the infection was over and the doctors on investigation ordered the closing of the milkman's place.

BASEBALL

Since Arthur Hofman, one time being the utility man of the country, has come into the position of a regular on the Chicago National team, George Howard, or "Del," as he is known to his friends, has succeeded him in the office of filler-in, and has proved a most acceptable substitute.

Speaking of the work of the utility man, Howard says: "It is very much harder to sit on the bench ready at all times to jump in to take the place of some other player than it is to be in the game every day.

"All of a sudden, some day when you least expect it, the manager calls on you to go in and play. Your fellow players are rather chary of you, and the people in the stand look upon you with eye-askance. It is up to you to get out and fill the other fellow's shoes; yes, even do better; otherwise the wrath of the enraged multitude will descend on your underserving head.

"In my day I have filled in almost every position and have had a fair measure of success in each one of them. But jumping from one position to another is very wearying, and I try to shorten considerably my come-back to fill in for the Champion Cubs.

"I will be a whole lot happier if I can finally land a steady job playing at one position."

SAVED FROM WATERY GRAVE IN STORM SWEEP KENNEBECCASIS

F. A. Dykeman and Gallant Crew Rescued Miss Brydone Jack and Marion Millidge Clinging Exhausted to Uprturned Boat -- Drifted Two Miles Exposed to Wind and Waves -- A Miraculous Escape.

Clinging with desperation to the bottom of an overturned pleasure boat, Miss Gladys Brydone-Jack, aged 17, of Vancouver, and Miss Mary Millidge, aged 19, of this city, battled yesterday afternoon for upwards of an hour with the storm swept waters of the Kennebecasis.

Several efforts were indeed made to rescue the two girls from their perilous position, but there were no boats found that could live in the stormy sea, and it was only when Mr. F. A. Dykeman in his powerful motor boat put out to the scene that the residents of the summer colonies who swarmed the shores, were able to breathe more easily.

Out For A Sail. Miss Brydone-Jack and Miss Millidge were summering on Long Island, yesterday afternoon about three o'clock they started out for a sail.

At a point just opposite Rothesay, near the middle of the river, a squall was encountered, and the small boat being unable to stand up against it, capsized.

Both the girls are accomplished swimmers, but were it not for the presence of mind exhibited by Miss Millidge, a fatality would certainly have occurred.

In the meantime the boat was drifting toward the mouth of the river. Several attempts were made to effect a rescue without success, and two miles were covered before the girls were taken off.

Both the girls are accomplished swimmers, but were it not for the presence of mind exhibited by Miss Millidge, a fatality would certainly have occurred.

The rescue was effected by Mr. F. A. Dykeman in his yacht the Oglitah. On receiving a telephone message from Mr. George Ketchum informing him of the accident, and accompanied by Mr. Gay Taylor and Mr. Frank Harrison, two willing volunteers, he at once set out to do what he could to assist the girls in peril.

The Oglitah was soon fighting her way through the worst storm experienced on the river in years. The seas broke over her repeatedly, and although the yacht had a five foot free-board, her bow went under with every wave.

The upturned boat was approached with difficulty owing to the pitching of the sea. As Miss Jack appeared near, and a great shout went up when the motor boat, mounting a great billow, was seen to contain two additional passengers and it became apparent that a rescue had been effected.

MUCH DAMAGE FEARED FROM FIERCE GALE

Terrific Storm of Wind and Rain Experienced Last Night -- Boats Suffer Heavily on the River.

The delightful weather of the past two weeks was almost forgotten last evening in the terrific storm which raged from 6 o'clock until nearly midnight.

At 10 o'clock, during this time the wind blew a gale approaching forty miles an hour and rain fell in torrents.

On the Kennebecasis. The greatest damage by the storm seems to have been wrought at points along the river shore where many small boats and yachts were anchored.

At Rothesay the Defender, owned by Mr. Harry Morton and the Burnham brothers, was driven ashore and late with every indication of being a total wreck before morning.

At Point Lepreau. At Point Lepreau at 9.30 o'clock the wind was blowing at the rate of thirty-six miles an hour and rain had been falling since 6 o'clock.

HURRICANE STRIKES LAKE UTOPIA CAMPERS

Tents Blown Down—Trees Uprooted and Boat Carried 140 Feet Through Air—All Escaped Uninjured.
