CONDITIONS BECOMING MORE NORMAL IN RIGA SINCE THE BOMBARDMENT

British Warships Have Been Involved in Fighting, Having Been Fired Upon by Russo-German Forces—An Unconfirmed Report Declares British Forces Have Been Landed in or Near the City—German Report Declares Letts Are Bolsheviki and the Russo-German Forces is Working to Down Them.

Helsingfors, Oct. 14.—Conditions are becoming more normal in Riga, following the German-Russian attempt to capture the city, it is stated in advices received here. Most of the newspapers are again appearing. Supplies are short, however, and prices of commodities are rising.

The State Bank and the headquarters of the general staff were among the buildings damaged by the bombardment.

Another view, which has been captured by one British despatcher, is that the British mission at Helsingfors, dated October 10, which says that at that time all Lettish troops in Riga had been withdrawn to the east bank of the Duna river, the bridges having been blown up. When the despatch was filed the Letts and Germano-Russians were exchanging rifle fire across the river and the section of the city still in the hands of the former was being bombarded with gas shells and also bombarded by airplanes.

Bathonian armoured trains had arrived over the Riga-Pskov railway to support the Lettish forces and were replying to the German fire. The British mission denies assertions made by Col. Avaloff-Bermondot to the effect that Letts and Bathonians commenced hostilities on the line of demarcation west of Riga. The latter despatch, filed at Helsingfors on October 12 by the British mission confirms press reports that the Lettish government, which fled from Riga at the approach of the Germano-Russian forces, had returned to the city.

Copenhagen, Oct. 15.—Savage fighting is still going on in the city of Riga between Lettish and Lithuanian troops and the Germano-Russian forces, which entered the western part of the city last week.

British warships have been involved in the fighting, having been fired upon by the Germano-Russian forces, and an unconfirmed report declares a British force has been landed in or near the city.

Blockade measures are being rigidly enforced in the Baltic, and German merchant ships having

SOME COMEDY IN REPORTS FROM INVESTIGATIONS

A Few Typical Examples of the Decisions of the Profiteering Com. in London.

London, Oct. 15.—Following are typical examples of the decisions of the profiteering committee this week. At Manchester the committee held that twenty per cent. too much profit was charged for suits for his sons' twenty-five per cent. too much profit was also charged on a pair of trousers. A firm of military tailors was ordered to refund sixteen per cent. on a purchaser of a medal bar bought at two shillings. Many complaints have been postponed for further inquiries. One alleged flaw in the profiteering act is that the basis of complaint is laid upon the purchaser, who, obviously, involves considerable trouble in the recovery of overcharges in individual payment. A church bazaar notice at Wembleydown significantly states that no article will be sold above shop prices.

SHOE BUSINESS SHOWING UP MORE FRAUDULENT WORK

Profits of \$10,000 on a Capitalization of \$30,000 Cause Investigators to Make Caustic Remarks.

Calgary, Alta., Oct. 15.—Frankly admitting that he was out to make as much as possible, "with decency," J. B. Douglas, of the Douglas Amore Shoe Store, gave evidence as to his method of carrying on business, at the boot enquiry which is being held here by the local representatives of the Board of Commerce. Douglas took the stand after the evidence of his wife had been completed. She gave information relating to the financial end of the business and stated that she was not in a partnership, but simply lent the money to start the present business, retaining as security a mortgage on the stock.

The statement showed that the profits for the last year on a capital of about thirty thousand dollars were \$18,561. The commissioner, however, insisted that an item of about two thousand dollars, which was charged as an interest, should be included in the net profits in order to place the statement on the same basis as other stores which have been investigated.

MASS. GOVERNOR TO ASSIST IN VICTORY LOAN

Issues a Statement to All Canadian Residents of the Commonwealth to Do Their Duty.

Special to The Standard.

Boston, Oct. 15.—Governor Calvin Coolidge of Massachusetts in a statement from his home, where he is confined by illness, issued today, acknowledged receipt of the appeal received from Lieutenant Governor MacCallum Grant of Nova Scotia, via airplane, and called upon all Canadian residents to answer the call of the Canadian Victory Loan, and all citizens of the state to accept this wonderful opportunity to show the spirit we feel and always have felt toward our northern sister. The governor will inaugurate the Massachusetts Canadian Victory Loan Campaign on October 27th, arranging that subscriptions will be credited to the quota of the province pro-rated.

TRAIN ROBBERS ARE HAVING HARD ROW

Preliminaries in Hearing Against Perpetrators of the Ocean Limited Hold-up Finished Yesterday.

Quebec, Que., Oct. 15.—The preliminary investigation against the hold-up of the Ocean Limited was concluded this afternoon in the court of sessions before Judge Langelle, and hearing began of the evidence against the accused trio, the last of the accused trio. The evidence was the same as that already brought out in the case of Topping and preliminary proceedings will be concluded tomorrow afternoon.

WERNER HORN WILL BE BROUGHT BACK TO CANADA

Canadian Officers Now in New York to Conduct the Prisoner Here.

New York, Oct. 15.—Werner Horn, self-confessed German agent, who boasted that he blew up a bridge across the St. Croix river on the New Brunswick side in February, 1915, was brought here from Jersey City today by two Canadian officers, who will take him to Canada for trial.

After serving a term of eighteen months on the federal penitentiary at Atlanta, Ga., for carrying explosives out of the country, Horn was re-arrested in Hoboken on September 27 and held for extradition.

Under the Canadian law he is liable to imprisonment for life.

BELGIAN ROYAL FAMILY VISIT THE YOSEMITE

Will Spend Thirty-Six Hours at America's Natural Beauty Spot.

El Portal, Calif., Oct. 15.—After a reception at San Francisco yesterday which equalled in warmth any given them in the United States, the rulers of Belgium came today to the Yosemite to spend thirty-six hours in sight-seeing. Warmly dressed and refreshed by a good night's sleep, they anticipated and enjoyed to the full some of the most magnificent scenery in the country. They will spend the night at the Glacier Point Hotel.

FLYING PARSON EXPECTED IN NEW YORK TOMORROW

Cheyenne, Wyo., Oct. 15.—Lieut. Maynard, leader in the transcontinental air derby, arrived here at 4.35 p.m. after flying from Salt Lake City, Utah, in four minutes less than four hours, breaking all records. He made the trip from Rawlins, Wyo., to Cheyenne, a distance of 186 miles in 66 minutes. He reported encountering several snowstorms.

Lieut. Maynard said he expected to make New York City by Friday. He was in the best of spirits and was still accompanied by his German pilot, who left for the east at 5 o'clock.

GERMAN MISSION MOVE INTO AN APARTMENT

Paris, Oct. 15. (Havas)—Bazon Von Leranger and the members of the German peace mission left Versailles today and went to live temporarily in an apartment on the Avenue La Bourdonnais. They will reside here until the German embassy quarters are ready for occupancy.

KING MURDER CASE IN TRIAL AT AMHERST

King is Alleged to Have Caused the Death of a Neighbor Inflicting Fatal Injuries in a Fight.

Direct Evidence Against Prisoner Testimony So Far Reveals Very Brutal Kicks and Blows Administered by the Respondent.

Special to The Standard.

Amherst, N. S., Oct. 15.—The Supreme Court was very busy today, the King murder case occupying the attention of the court all day, and it will probably not be finished until Thursday afternoon or Friday morning.

Mr. C. E. Hamilton was the first witness called for the crown. He testified to having drawn plans of the location of the tragedy, and the plans were exhibited to the judge and jury. David Crossman, son of the man alleged to have murdered, was the next called. He testified that his father was killed by blows and kicks administered by Lloyd King, and that his father did not hit King, and that as far as he could hear there were no words spoken when the first blow was struck. He said that after King had hit his father, his father and King King being on top, King got up and hit and kicked his father several times. After King had started away his father attempted to get up and was again hit. "Oh, dear," and fell back apparently dead. The story was practically the same in rigid cross-examination.

Dr. Ross Miller was the next witness called. He said Dr. E. P. Atkinson, of Northport, performed the autopsy, Dr. Miller doing the surgical work and Dr. Atkinson taking notes and checking up the work done by Dr. Miller. The examination and cross-examination lasted for some time. Dr. Miller testified that in his opinion death was caused by surgical shock caused by a severe blow in the region of the temple, Dr. Atkinson, who was next called corroborated Dr. Miller's evidence.

Mr. Keeley, of Tish, next called, testified he was working in his barnyard near the scene of the tragedy and saw what happened. His evidence was corroborated by the evidence of David Crossman. He testified that after the fracas he went to King's house and told him that he had killed that man and that he had better keep his horse home and harnesses on. King said that he had not killed him, or had not hurt him, and harnessed up his horse and drove the opposite way from where the deceased was lying.

The next witness called was Mr. King in defence, but court closed before her evidence was taken, which will be completed tomorrow.

BRAND NEW STRIKE HIT BERLIN WED.

15,000 Clerical Workers in the Municipal Offices Walked Out, Demanding Higher Pay.

Berlin, Tuesday, Oct. 14. (By The A. P.) Berlin experienced a brand new strike this afternoon when 15,000 clerical workers in the municipal offices walked out, demanding higher pay. Among the departments directly affected is the bread card distribution bureau, with branches; also the coal, milk, butter, fat and meat control departments as well as the municipal savings banks. The movement is said to have originated in the ranks of the auxiliary workers who are dominated by the radical element. The city council held an emergency session today to devise means for keeping the city's food and fuel organization in operation.

EXCAVATION BLAST CAUSES INJURY TO HALIFAX WOMAN

Workmen Engaged on the Job Arrested on Charge of Negligence in Disregarding Public Safety.

Halifax, N. S., Oct. 15.—Mrs. Pace, of 189 Grafton street, was seriously injured today when a blast laid by workmen in Market street was fired. A large stone struck Mrs. Pace, who was walking along Grafton street when the blasting occurred. The injured woman was taken to the hospital. Two Italians, Camel Rosati, foreman of the excavation gang, and James Tull, who laid the blast, were arrested by city detectives, and taken to the Police Court, where they were charged with negligence in not taking precautions for the public safety.

THROTTLING SOVIETISM AND THE I. W. W.'S MARKED AUSTRALIA'S INDUSTRIAL PROSPERITY

Commissioner to the United States Points With Pride to the Present Situation in His Country as An Example of Progress in Handling Labor Troubles—The Arbitration System Has Been Given a Fair Test and Proven Capable

New York, Oct. 15.—Wiping the labor slate clean of I. W. W.—ism and Sovietism had marked industrial Australia's prosperity before the world, Mark Sheldon, Australia Commissioner to the United States, declared in a statement tonight. He arrived here to assume his new duties yesterday.

Speaking of the post war labor unrest, Mr. Sheldon pointed to the present situation in his country as an example of progress in handling the situations similar to those now existing in the United States.

"In view of the general industrial unrest throughout the world," he said, "it will be interesting to examine the status of the labor movement in Australia. The arbitration system has been tested probably more thoroughly in Australia than anywhere else. It is largely the work of labor government, and has been particularly evident in settling disputes which otherwise would have culminated in strikes.

"While the Australian system has not always proved a preventative of strikes, it has been entirely satisfactory in settling them when both parties have agreed to submit their disputes to the arbitration court. The recent seaman's strike was only a question of arbitration. The government demanded that the courts should decide the matter in dispute and won.

"The 'One Big Union' movement which has been before Australian labor for months has collapsed completely. The greatest individual union in Australia—the Australian Workers' Union—has turned it down and virtually every craft looks askew at it. This is due to the fact that the rank and file of Australian working men looks upon his union as an instrument to better his conditions in his relations with his employer, and not as a means for political power—the avowed purpose of the 'One Big Union,' whose lines of procedure are similar to those of the Russian Soviet.

"Nor has the I. W. W. movement been allowed to gain ground. A year and a half ago a law was passed making it illegal for any such organization to exist. Avoiced members of the I. W. W. are subject to imprisonment and fine, and if not Australian born, may be deported. I consider the I. W. W. as an utterly defeated organization.

"A wholesome corrective against any extremist tendency is the fact that the skilled labor usually has his own house and grounds obtained from the government under liberal arrangements. This gives the worker a selfish interest in the maintenance of order and stability.

"To give you an idea of the extent of Australia's natural resources I need merely to tell you that we are immediately ready for 10,000,000 more population. This is twice the population we have today."

DISPOSAL OF THE ROSS RIFLE FACTORY PRESENTS A PROBLEM WHICH CAUSES FEDERAL GOVERNMENT SOME CONCERN

A Commission Headed by St. John Men is in Charge of the Property to Liquidate the Business—Every Effort Has Been Made to Convert the Factory at a Profit But Without Success—Probably Be Demolished and Material Removed to Make Room for National Battlefields Park

Quebec, Oct. 15.—According to confidential information obtained here this afternoon the disposal of the Ross Rifle factory is a problem that is now being studied by the Federal Government with a likelihood that it will be demolished and the material removed to make room for the extension of the National Battlefields Park.

Ever since the closing down of the factory in March, 1917, the government is reported to have sought to lease the premises for the manufacture of war material, but without success, until the North American Arms Company acquired the same to manufacture automatic revolvers for the United States war department.

The signing of the armistice in November, 1918, caused the cancellation of this contract, and ever since both building and the special machinery installed have been a white elephant on the government's hands. A commission was formed to take over the premises and Mr. Fisher of St. John, N. B., with his son, Major Fisher, were placed in charge to liquidate the business. These gentlemen have been very busy during the past eighteen months, making every effort to convert the factory at a profit, without success, and it was finally decided to sell the stock and machinery.

A great part has now been disposed of, but there still remains a considerable amount of machinery unsold, including that for the manufacture of the Ross rifle that can not be used for any other purpose and is now said to be valueless.

During the past week the demolition of certain administrative buildings was ordered and is now being carried on under the supervision of Major Fisher. The water tower and the fencing around the building are also to be removed, and it is most probable that the factory itself will be pulled down next summer and the property turned over to the National Battlefields Park commission.

"SCALES" DO NOT AFFECT QUALITY OF POTATOES

So Rules Montreal Court in Suit to Recover for Value of Carlot of Spuds.

Montreal, Oct. 15.—Hobart H. Hatfield, of Hartland, N. B., and another under the name of Hatfield and Scott, bought a car of potatoes from Jules Cases, of Ste Placide in Rimouski County, which they claimed were "scaly" and therefore not as ordered. The judge in Superior Court this morning found that the potatoes were in fact "first class cookers and good size" and that their only defect was in their "scaly" quality, which did not affect their wholesomeness, but made them harder to sell owing to the condition of the public mind. The potatoes turned out simply because of their contact with the warm air in the car, after probably being kept in a cellar.

JUROR'S ILLNESS AGAIN INTERRUPTS MURDER TRIAL

The Net Being Drawn More Closely About the New Brunswick Man Accused of the Crime.

Montpelier, Vt., Oct. 15.—The trial of Geo. A. Long for the murder of Mrs. Lucia C. Broadwell was again interrupted yesterday by the illness of a juror. After the morning session, Thomas J. Ferris, a juror, 60

OPPOSITION UP AGAINST TOUGH PROPOSITION

Caused Yesterday Forenoon on C. T. Proposals But Came Into the House Poorly Prepared to Fight.

LOUDLY VOICE DISHONEST MOTIVES

Gov't Accuses Opposition of Being Intent Upon Running the Whole National Railway System.

Ottawa, Oct. 14.—Although opposition caucused in the morning and determined to war upon the government's measure acquiescing the Grand Trunk Railway it came down to the house in the afternoon but poorly prepared to fight. Its spokesman, instead of making a frontal attack, contented themselves with a series of light advances in an apparent effort to find a weak spot in the government's line and, taken as a whole, the "show" which they put on was not overly impressive.

At the outset of the discussion the Minister of Railways read a statement which summarized the case for the government. Briefly, its main point was that the government's action was compelled to duplicate the system of the Grand Trunk had reached a point where it either had to be taken over as it was being taken over, or go under the hammer and be gobbled up by the Canadian Pacific, and that if the government failed to take over the railway now it would later on be compelled to duplicate the system at tremendous cost, or see the whole Canadian National Railway system go into bankruptcy and ruin.

At the outset of the discussion the Minister of Railways read a statement which summarized the case for the government. Briefly, its main point was that the government's action was compelled to duplicate the system of the Grand Trunk had reached a point where it either had to be taken over as it was being taken over, or go under the hammer and be gobbled up by the Canadian Pacific, and that if the government failed to take over the railway now it would later on be compelled to duplicate the system at tremendous cost, or see the whole Canadian National Railway system go into bankruptcy and ruin.

The opposition, lacking either the capacity or the inclination, or both, to see the point of the minister's statement, promptly professed to discern dishonest motives as the basis of the entire transaction. Mr. Cahill, for example, could not understand why it was that the four per cent. guaranteed stock which the government, under the agreement, guarantees was not being arbitrated as well as the preference and common stock. Mr. Wilson, in his opinion, will mean that the backing this up with the instrument that it was because some of the stock might be held by the government's friends. It was all in vain that Mr. Melghan explained that even under arbitration, this guaranteed stock would have had a prior claim anyway and challenged the member for Leblanc to back up his inuendo with facts. The question and the insinuation were repeated again and again.

Working for C. P. R. The government did not hesitate to express its opinion as to the main spring behind the opposition's attitude. "There are two classes of people in this country opposed to the measure," declared Mr. Rowell. "The first is the great transport system in Canada, the C. P. R., and the second those who do not believe in the principle of public ownership." The president of the committee added that in his opinion three-fourths of the Canadian people outside the city of Montreal were in favor of what the government proposed.

Dr. Reid was even more pointed in his opposition to the measure. He expressed his opinion as to the main spring behind the opposition's attitude. "There are two classes of people in this country opposed to the measure," declared Mr. Rowell. "The first is the great transport system in Canada, the C. P. R., and the second those who do not believe in the principle of public ownership." The president of the committee added that in his opinion three-fourths of the Canadian people outside the city of Montreal were in favor of what the government proposed.

ALBANIA PROTESTS STATEMENT OF ITALIAN MINISTER

Take Exception to Claim of Italy for Mandate Over Its People.

Paris, Oct. 15. (Havas)—The Albanian delegation, sent to represent that country before the peace conference, has addressed to Premier Clemenceau a letter protesting against a declaration made by Italian Foreign Minister Tittoni, that the mandate for Albania should have been entrusted to Italy. Such a decision, the note states, carries with it an attack on the integrity, independence and sovereignty of the Albanian people, and is contrary to the rights of small nations.

DEATH OF VISCOUNT GOUGH ANNOUNCED

Dublin, Oct. 15.—The death is announced of Viscount Gough (Hugh Gough), secretary of the British Embassy in Washington from 1894 to 1896, and later secretary of the British Embassy in Berlin. He was seventy years of age.

PHARMACY, NEW YORK CITY.

TO DEVELOP POWER ON THE NEPISQUIT

Angus McLean, general manager of the Bathurst Lumber Company and Major V. J. Hughes, of Montreal, manager of the Canada Iron Corporation, have waited on Premier Foster, and asked that the government take steps to replace the rails taken from the Northern N. B. and Seaboard Railway for use on the Valley Railway.

It was explained that the Bathurst Lumber Company is ready to proceed with the development of hydro-electric power on the Nepisquit river, but that they could not start until the railway was ready to carry supplies.

It is intended to build a dam at Grand Falls in the Nepisquit river from which can be developed 10,000 horse power.

The power will be transmitted to Bathurst, where it will be used for the operation of the sawmills, pulp mills and other industries controlled by the Bathurst Lumber Company.

Two generators will be installed immediately and provision will be made for the installation of a third unit should it become advisable.

The Premier gave the assurance that the request would be complied with as soon as possible.

ANOTHER FATAL ACCIDENT TO AIR DERBY FLYER

Lieut. Kirby on His Return Trip from New York Falls With Machine.

Salt Lake City, Utah, Oct. 15.—Lieut. F. Kirby was instantly killed and his observer, Lieut. S. C. Miller, injured, when their airplane, Number Forty Four in the transcontinental air derby, fell late today near Evanston, Wyoming, according to advice reaching here tonight.

The machine fell near the Ripley Ranch between Evanston and Castle Rock, Utah, according to information received from two separate sources. The plane was west-bound.

Timber Scarcity in U. S. and in Canada. Need of Lumber and Pulpwood in U. S. Makes Increasing Demands for Canadian Supplies.

The progressive diminution of timber supplies in the United States, as reflected in the constantly increasing demands for the importation of foreign products from Canada. For example, the United States in 1918 imported a total of 1,379,927 cords of pulpwood, valued at \$13,962,596.

Practically all of this came from Canada, and represents an increase of 47 per cent. over the number of cords imported in 1916, and an increase of 119 per cent. in the value of the material.

The imports of wood-pulp, from Canada and other countries, have also been very heavy, aggregating in 1918 some 145,258 tons, valued at \$31,477,175.

Chief Forester Graves, of the United States Forest Service, impressed by the seriousness of the approaching timber shortage, particularly in the eastern and southern states, has issued an appeal for the adoption of an adequate national forestry policy, involving drastic action by the federal government and by the several states.

The need for action with reference to privately-owned timber lands is particularly emphasized.—Conservation.

BRITISH NAVAL LOSSES IN WAR

A return showing the losses of ships of the Royal Navy during the period August 4th, 1914, to November 11th, 1918, was issued on Saturday as a White Paper. The total number of warships lost was 254, including 13 battleships, 3 battle cruisers, 13 cruisers, 12 light cruisers, 6 of which were sunk as blockships at Zebruge and Ostend, 54 torpedo boat destroyers, and 54 minesweepers, including 7 destroyed at Heligoland to avoid capture.

815 Auxiliary Vessels Lost. The total number of auxiliary vessels lost during the war was 815. These included 244 colliers, 246 hired trawlers, and 180 hired drifters.

Mr. Barnes's Concern. "Were you concerned in the actors' strike?" "No," replied Mr. Barnum.

"What I want is some binding arrangement that will prevent the audiences from quitting on me."

STOPS BACKACHE IN FEW MINUTES

Rub lumbago, pain, soreness, stiffness right out with "St. Jacobs Liniment."

When your back is sore and lame or lumbago, sciatica or neuritis has you stiffened up, don't suffer! Get a small trial bottle of the honest "St. Jacobs Liniment" at any drug store.

Don't stay crippled! This soothing, penetrating liniment takes the acute pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn or discolor the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly and surely. It never disappoints.

MAY CALL HALT TO STEEL STRIKE ON COMPROMISE

Substitute for Gompers' Resolution to be Submitted to Conference.

PROSPECTS IMPROVING. Nature of Compromise a Secret, But Capital and Labor Said to be in Union.

Washington, Oct. 14.—The committee of fifteen plans today to present to the industrial conference a proposal by which it hoped the steel strike may be ended. The plan, however, will not be the resolution introduced by Samuel Gompers, president of the American Federation of Labor, offering to suspend the strike, pending arbitration by the conference and with the proviso that the Steel Corporation must take back to work the striking workers.

Instead, another resolution embodying certain compromises will be introduced into the conference by a delegate and then referred to the committee of fifteen, which will later report it out. It was learned tonight that members of the committee of fifteen believe this substitute resolution will be satisfactory to the body of 175 conference.

The committee of fifteen held two lengthy sessions behind closed doors today, and did not stop work until nearly six o'clock this evening. At that time, although it was evident that the committee had had a strenuous day, Thos. L. Chadbourne, of New York, the chairman, announced that no statement whatever as to the proceedings would be made. He said the committee had decided that it would be "discourteous" to the conference to make known in advance what had transpired.

Other members of the committee were equally reticent. They would not even say whether or not any conclusion had been reached.

Gompers' Resolution Dead. It was learned, however, from an authoritative source, that the substitute resolution would be introduced, and that the Gompers' resolution was already considered as good as dead.

While the labor group will support the Gompers' resolution, the capital group will oppose it. Even if the public group should vote with the labor group in favor of the resolution this would be of no value, for, under the rules adopted by the conference, the votes of the three groups must be unanimous before any result can be achieved. No two to one vote would mean anything.

Because the committee of fifteen will report the Gompers' resolution to the floor of the conference does not signify that the committee sanctions the resolution. No recommendation of the committee or the chair will be made in reporting out the resolution. In other words, the central committee will allow the conference to decide the issue.

It could not be learned tonight what will be the nature of the compromise or concession implied or indicated in the substitute resolution to be offered. It was said, however, that certain of its features would appeal both to labor and to capital. As both of these factions have been so determined in their stand, there is much curiosity as to these features. It was learned that the representatives of the employers, or capital group, have made strong objections to the clause in the Gompers' resolution which would make it conditional that if the strikers will return to work the Steel Corporation must re-employ all of them.

Ninety Days' Truce Urged. There were predictions, tonight, that in addition to the Gompers' resolution the committee of fifteen would also report out tomorrow for the so-called conference the resolution of A. A. Landon, of Buffalo, putting into effect a ninety days' industrial truce, and the resolution by John D. Rockefeller, Jr., allowing employers and employees to make their own agreements in each instance. If these are reported out, the course of the committee of fifteen will follow that which it has taken in the case of the Gompers' resolution—to allow the conference to make its own determination upon them.

In addition to these resolutions, the platform of the labor group, including eleven Democrats, is presented. A lively debate will probably ensue. One of the prominent figures in the industrial work of the Administration during the war said tonight that he had learned collective bargaining, equal pay for women and the eight-hour day would all be discussed tomorrow when the resolutions are presented. Whether any or all of the resolutions are adopted or rejected, there will be opportunity for an expression of views.

The substitute resolution touching the steel strike will probably not come up tomorrow upon the floor except in the shape of an introduction. By the rules of the conference, such a resolution must be introduced by a delegate and its presentation to the conference then assigned to the group to which he belongs. The resolution would then be referred to the committee of fifteen, which decide whether to report it out. This usually takes at least a day, for the committee of fifteen does not meet except when the conference is in session. In view of the set plans, it is possible that the central committee may hold a short session at the lunch hour tomorrow and decide to report out the substitute, although this was not the plan tonight.

Mr. Chadbourne would not say tonight what had been accomplished, but it was learned that several resolutions, perhaps four or five, had been discussed at today's two meetings.

The conference will re-assemble tomorrow morning at 10:30 o'clock.

Suspicious. She—Id like to ask you a question. He—Ask it dear. She—Am I the only girl whose money you ever loved?

WEDDINGS

Reid-Ganning. A very pretty wedding was solemnized in Douglas avenue Christian church at 9 o'clock yesterday morning, when Miss Olive Ganning, daughter of Mr. and Mrs. Ernest Ganning of 39 Paradise Row, was united in marriage to William J. Reid of Advocate Harbor, N. B. The ceremony was performed by Rev. J. C. Appel in the presence of immediate relatives and friends.

The bride, who was given away by her father, looked charming in a navy blue tailored suit with picture hat to match and carrying a bouquet of cream roses. She was attended by her sister Mrs. Fred Miller, who wore a becoming costume of blue duchess satin, with hat to match, and carried a bouquet of red roses. Mr. Miller supported the groom.

Following the ceremony Mr. and Mrs. Reid left on a honeymoon trip through Nova Scotia and while there will visit their groom's relatives. Returning, they will reside in Paradise Row.

They were the recipients of a large number of presents, including silver furniture and cut glass. The groom's present to the bride was a beautiful silver service, to the bridesmaid a camera ring and to the best man a silk scarf.

Vaughan-Burley. The wedding of James Stanley Vaughan to Miss Myrtle Olive Burley, only daughter of Mr. and Mrs. John H. Burley, took place at 8 o'clock yesterday morning in the Episcopalian church, the ceremony being performed by Rev. H. A. Goodwin. The bride, who was given in marriage by her father, wore a brown broadcloth with blue serge and picture hat with tulle and corsage bouquet of pink roses. The popularity of both bride and groom was evidenced by the number of wedding gifts received, among the number being a set of pyrex ware from the associates of the bridegroom on the staff of the dominion public works department.

Mr. and Mrs. Vaughan left on the morning train for a trip through the province and on their return will reside in this city.

McCrossin-Fitzgerald. A quiet wedding was solemnized at seven o'clock yesterday morning in St. Joachim's church, Silver Falls, by Rev. P. C. Carlson, when Harold McCrossin and Sarah E. Fitzgerald, daughter of Mr. and Mrs. Clara Fitzgerald, both of this city, were united in marriage. The bride was becomingly gowned in a suit of black and white, with a hat to match and carried a bouquet of pink roses. The popularity of the young couple was shown by the number of presents received, including cut glass, silver and china, among the number being a chest of silver from the staff of the Dominion Express Company, with whom the groom is employed.

Mr. and Mrs. McCrossin left on the Boston boat for a short trip and on their return will reside in East St. John.

McKinnon-O'Neill. In St. Peter's church, North End, yesterday morning, an interesting wedding ceremony was performed by Rev. Edward Scully, C. S. R., when he united in marriage Miss Helen Gertrude O'Neill, daughter of Thomas O'Neill of North End, and Duncan McKinnon, formerly of Sussex, but lately a resident here. The bride wore a pretty navy blue broadcloth with hat of Copenhagen blue, and milk fur. She was attended by Miss Gertrude McNamara, dressed in a suit of burgundy, with black picture hat, while the groom was supported by Dr. P. P. Fleming.

Following the ceremony, breakfast was served at the Clifton House, after which Mr. and Mrs. McKinnon left by steamer for Boston where they will reside and where the best wishes of numerous friends for future happiness will follow.

Remembrances of a costly and valuable nature were received. The groom's present to the bride was a set of milk rings, to the bridesmaid a ring, and to the groomsmen a tie pin.

McLeod-McLeese. A wedding of interest took place yesterday afternoon at 4:30 at the home of Mr. and Mrs. D. L. McLeod, 233 Pitt street, when Mary Celeste McLeese, daughter of Mr. and Mrs. James McLeese, of Back Bay, Charlotte county, N. B., was united in marriage to Robert A. McLeod, of Emerson, Kent county. The marriage took place in the parlor and the ceremony was performed by Rev. F. M. Appleman. After the ceremony daily refreshments were served and the bride and groom motored to the station where they left on the Maritime Express for a short wedding tour through the province. They will reside in Moncton. Many beautiful presents were received including cut glass, silver and linen. Many friends wish Mr. and Mrs. McLeod all happiness.

Ross-Whelpley. One of the prettiest weddings of the season was solemnized in the Presbyterian church on Tuesday, September 16, when Miss Fanny Whelpley was married to Mr. William Arthur Ross, Rev. W. G. Brown officiating. The bride, who was given away by her brother, Dr. J. R. MacCrois, entered the church to the strains of a wedding march played by Mrs. W. G. Brown. The bride looked charming in a gown of white silk Georgeanne, with veil and orange blossoms, and carried a bouquet of cream roses. Following the ceremony, there was a reception at the home of Dr. and Mrs. MacCrois, where a delightful wedding breakfast was served. Mr. and Mrs. Ross were the recipients of many beautiful gifts, among them being a cabinet of silver from the groom's parents, a ring from Mrs. Ross, and a camera from the bride's mother. The bride's traveling gown was of navy blue tulle, with hat to black, having shell pink mounts. Mr.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-tives" The Fruit Medicine.

R. R. No. 1, Lorne, Ont. "For over three years I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit.

"Finally, I tried 'Fruit-a-tives'. Before I had used half a box I saw improvement, the pain was easier and the swelling started to go down.

"I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

ALEXANDER MUNRO. 56c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Wells-Fenwick. A quiet though very interesting wedding took place at the home of the bride on Tuesday evening, at 8 o'clock, when Mrs. Lonia Fenwick became the wife of Mr. Albert L. Wells of Bals Verté, Westmorland county. The bride was becomingly gowned in a costume of black silk, and as the strains of the wedding march played by Miss Lena Fenwick sounded forth, the bridal party entered the drawing room, where the impressive nuptials were performed by Rev. G. Saunders Young. The guests included just a few relatives and intimate friends, who, at the conclusion of the ceremony, showered the bride and groom with hearty congratulations and kind wishes, after which the party was ushered to the dining room where from the prettily appointed table the wedding supper was served. The rooms were tastefully decorated with blooming bouquets of carnations, and in the drawing room and dining room beautiful bouquets of carnations were placed.

The bride is one of the most estimable and popular ladies of the village and her many friends are pleased to know that her marriage will not necessitate her removal from the community, since Mr. Wells has retired from business in his native county and will take up his residence here.

PROSPECTS FOR HOME RULE

Expectancy in Ireland — Dominion Scheme Finds Favor

Dublin, Wednesday.—Moderate thinking people in Ireland have at large looked upon conferences on the Irish question between the Cabinet and the Irish Executive at Downing street with suspicion, so far as arriving at a settlement is concerned. They say the question has been down for settlement so many times that they have almost given up the idea of a satisfactory understanding ever being reached. Recent events have, however, given them renewed hopes and encouragement.

The suggestion of Dominion Home Rule meets with their favor. It is regarded as the best method of gradually sweeping away the ugly undercurrents of anarchy and rebellion at present disturbing the otherwise prosperous life of the people. A great many of the rank and file in the Sinn Fein fold would welcome rule as enjoyed by Canada, Australia and other colonies. It is, however, resented by Sinn Fein leaders, who claim that Ireland should be completely severed from England. Their far-reaching or radicalism is based on the principle. Whatever plans or schemes for settlement of unrest in Ireland are brought into force there is bound to be a state of affairs, and there is a chance of their succeeding.

The Blow to Sinn Fein Press. The Sinn Fein Press has received a severe blow in Dublin. It is a fact that printers are not inclined to print news journals presenting Sinn Fein views. The Irish Transport and General Workers' Union, however, experienced the same difficulty, but have overcome it by getting their new paper, "Watchword of Labour," printed in Manchester.

From the results in my own Dublin today, and a speech by De Valera at a Labour conference in New York occupies a prominent position. The party, however, in support of all members of the union, and its circulation is stated to be double that of its predecessor, "The Voice of Labour," which was suppressed last week.

DON'T NEGLECT A RHEUMATIC PAIN

Buy and keep handy a bottle of pain-relieving Sloan's Liniment.

You need it when the unexpected rheumatic twinge starts—the pains and aches following exposure—sciatica, lumbago, sore muscles, stiff joints, neuralgia. Forget about buying another bottle and keeping it handy, didn't you? Get it today—play safe—you may need it tonight.

This Sloan's Liniment penetrates without rubbing and scatters the congestion. The pain or ache is soon relieved, leaving no plaster or positive marks, no stained skin. Thousands of regular users keep it handy for emergency—they don't suffer needlessly. Three sizes at all drugists—5c, 70c, \$1.40. Made in Canada.

Sloan's Liniment. Keep it handy.

FOOD—AT A PRICE

Increased Production to Avert Famine.

(Daily Express Correspondent.) Brussels, Monday, Sept. 22.—There is no danger of a world food shortage. This is the judgment of statesmen and experts who participated in the Allied Supreme Economic Council, at which the question was discussed in all its various phases.

"The high cost of living is mainly a matter of production. The fact of millions having been engaged for five years in creating machinery of destruction has created a state of stringency. Moreover, each of the countries which have been at war has not yet transferred its industries from war to peace standards. Therefore, there is no apparent scarcity.

"The fact that America is the only country near at hand with surplus to export renders it very desirable that she should be brought into close contact with respect to the means of distribution, and the means to be taken for the feeding of Europe. One lesson resulting from the war is the interdependence of the eastern and western hemispheres.

Mr. Roberts, the food controller, tells me that with sufficient care and proper distribution the food problem could be satisfactorily met in the coming winter. "Transport in countries which have been at war has, in some cases, entirely broken down," he said. "Naturally, this hinders distribution, provided it is possible to reorganize the means of distribution, and the countries are able to pay for food, there is no apparent scarcity.

Will Nuxated Iron Help Men Of Today Gain Strength And Endurance Like Athletes of Old?

Physician Says "Yes"—Cites Case of Jack Dempsey, Heavyweight Champion of the World. SUPERMAN OF THE AGE

Who Used Nuxated Iron as a Part of the Training Which Gave Him Such Marvellous Physical Development That He Was Able To Whip The Mighty Jess Willard.

To every man who lacks physical strength and energy there comes a longing at times to possess the power and endurance of an athlete, yet they go on struggling through life weak, nervous and rundown, when in reality their trouble may be nothing more than lack of sufficient iron in the blood.

Had they not kept their blood rich with the athletes of old might never have achieved such fame, is the opinion of Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, New York, and Westchester County Hospital, who believes that modern men who are lagged out by worry, work and other causes must either live more as did the athletes of old or else supply the increasing supply of iron in their blood.

As an example of the superb physical condition that may be obtained by a man of today who follows proper methods of living and who keeps his blood filled with strengthening iron, Dr. Sullivan cites the case of Jack Dempsey, who used Nuxated Iron as a part of the training which gave him such marvelous development that he is now recognized as the Superman of the Age and perhaps the superior of any famous athlete of ancient times. In connection with the results in my own case, where the possession of super endurance is necessary, I feel that iron deficiency in their blood by taking with his use of Nuxated Iron—Nux—which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists. Unlike the old-fashioned iron products it is easily assimilated, does not inflame the stomach, the manufacturers guarantee successful and entirely satisfactory results to every purchaser or summed for his foresight, for they will refund your money. It is a man without plenty of rich, red blood or how far you can walk without becoming tired. Next take two five-Drug Store and all other druggists.

If you could not tell a man every-thing in your past life—would you marry him?

Should one youthful mistake overshadow a woman's whole life?

Will the salaried man sit by and see the uneducated day-laborer earn twice as much as he?

Will the architect be forced to work as a carpenter? Must the journalist go back to the print shop? Our bank clerks, salesmen, buyers, actors, public officials, clergymen and college professors—what thanks do they get for their services? With prices of necessities "skied" high, how are their wives to manage? And, meanwhile, the uneducated, foreign-born day-laborer earns and spends as much in a day as the salaried man does in a week or so!

Samuel Hopkins Adams thrashes out thoroughly the problems that confront the man and woman of formerly comfortable means today.

How to build your own house without going broke

BUILDING a home is usually the most heart-breaking thing in the world. You start out with a fixed budget of expenditure. You think everything is provided for, and then you find you need all kinds of things you didn't dream of. Do you know that by a new way of planning your space, you can save all this trouble and expense? In Pictorial Review for November, N. M. Woods begins a new series on Economy in House Designing. His idea is entirely new and has already met with extraordinary response. Experts declare that no magazine has ever published anything so helpful and practical.

SPECIAL SUBSCRIPTION OFFER

If you live in the country or in any town where there is no news-dealer, we will enter your name on our list to receive Pictorial Review for twelve months for Two Dollars, or for six months—a special "getting acquainted" opportunity—for only One Dollar. Send \$2.00 for one year's subscription or \$1.00 for six months' subscription. The Pictorial Review Company, 201 West 194th St., New York City. Price per single issue still the same. In the United States, 20c—in Canada, 26c—no more.

WAS one youthful mistake to cast its shadow over Harriet Field's whole life? Beautiful, adored, her story utterly unsuspected, was she to risk telling the man who loved her now, of that terrible secret of her youth?

Read this extraordinary story of a supreme struggle in a young and ambitious woman's heart. *Should* she have told? And given up wealth, position, luxury, a good man's love—all that she longed for?

Or should she have married the proud, honest man, in the fullness of his success, without giving him a hint of the risk he ran?

"If you dance, you must pay the piper," the old saying has it. Did Harriet Field have to pay?

Skillfully, with sustained interest, Kathleen Norris develops this absorbing situation. It is one which must stir every woman's heart. As you turn page after page eagerly, will you be moved with profound pity for the beautiful young woman overshadowed by the dark reality that sprang out of her youth and inexperience? Or will you denounce her?—Don't miss a line of

HARRIET AND THE PIPER by Kathleen Norris

(Author of "The Heart of Rachel"; "Josselyn's Wife," etc., etc.)

The first stirring instalment—a big, generous one—appears in Pictorial Review for November. The remainder follows swiftly, powerfully, with intense feeling in three succeeding issues. It is the most absorbing love-story Pictorial Review has ever published.

Pattern 5290 25 cents

Winter patterns of distinction

ABSOLUTELY correct styles and perfection of fit explain the tremendous success which has swept Pictorial Review Patterns into the foremost position in the style world.

In the November issue of Pictorial Review—the Big Winter Fashion Number—fifteen pages of exquisite styles of bewitching grace for women, misses and children are displayed. These include several pages of authoritative

winter designs in new and fascinating colors.

- The New Silhouette Showing Hip Fullness
- The New Snugly Fitted Sash Bodices
- The New Choker and Scarf Collars
- The New Chic Redingotes
- The New Long Jackets
- The New Looped-Under Panels

For each of these there is a perfect-fitting Pictorial Review Pattern enabling you to make any garment look exactly like the design.

MONTREALERS IN DRIVE AGAINST G. T. R. ACQUISITION

Bankers, Business Men and Labor Organizations Are Opposed to the Gov't Scheme.

Special to The Standard.

Montreal, Oct. 14.—The proposed acquisition of the Grand Trunk Railway by the Government has stirred up a hornet's nest in this city, and the agitation against the project is confined to no particular circle. An open letter, published in a local morning paper, by a private citizen on his own initiative, calling for expression by other citizens in regard to the matter, resulted in avalanche of response from citizens of all degrees of business prominence, anxious to join in a campaign against the project. Within twenty-four hours after the publication of the letter about 1,400 names had been secured as the nucleus of an "Anti" force. From the leader of one of the largest labor unions came word that his organization would support the protest. From leading bankers, from prominent manufacturers responses have poured in signifying the intention of the writers to back any movement against the carrying out of the project by the Government.

With over a thousand to give the movement an impetus, it is now proposed to launch a campaign of protest to the Government. Petitions in French and English are to be circulated throughout the City. Moreover, it is not intended to restrict the campaign to Quebec, but the support of opponents in Ontario will be enlisted. As evidence that the feeling against the proposed acquisition of the G. T. R. is not confined to any particular circle or class, a letter received by the writer of the original open letter to the press in which a prominent financial firm declares that it is willing to back a campaign against the projected acquisition of the railway. Apart from this more or less individual opposition, it is considered likely that the Board of Trade will voice its opposition to the plan to take over the railway. Already this body has placed itself more than once on record as opposed in principle to Government ownership. Prominent members of the Board who voted their opinion on the G. T. R. matter are unanimously and unequivocally against Government acquisition. A meeting of the Board, as a whole, has been called for Thursday morning to go into the matter, and while no preconceived plan of opposition will be submitted to the meeting, which will be left to discuss the whole issue individually, there seems little doubt that the meeting will result in the board formulating a definite resolution of protest to take more concrete form as a factor in a campaign against the project.

Some Canadian Political Topics

Weakness of Liberal Party in Ontario—No German Education for Canada—Mr. MacKenzie's Pork and Beans Mess—Appearance of Groups in Parliament.

Ontario Politics.

(Montreal Gazette.)

The Ontario electoral campaign seems to have developed the weakness of the Liberal party. The issues are not of great importance. The government of Sir William Hearst has responded in its actions to the war more importantly than party. The legislation designed to further the social and material welfare of the province, and has kept its attention free from scandal. It has been a good government, judged by customary standards, and has no fear of its fate from the opposition party. By in the opinion of the Farmers' party, a new force come from discontent without profound knowledge in leadership and policy. Mr. Dewar has failed to rally the forces that over a long period of years gave to his party control of provincial government. He lacks journalistic support, and has antagonized so prominent a person as Mr. Proudfoot, his predecessor in the leadership of the party. Mr. Proudfoot, a man reputed to be able and of good parts, has even been discarded by the constituents he has long represented because he deemed the winning of the war more important than party success. Mr. Dewar, the now leader, must bear the onus of Mr. Proudfoot's defeat in the Liberal convention of Centre Hill, and must assume responsibility for the craven spirit that appears to have led to Mr. Proudfoot's ousting. It is a mixed fight in Ontario, but out of the melee, it seems certain that the Government will issue with an adequate majority, and that the Liberal party will emerge not numerically stronger than in the Legislature recently dissolved.

German Education is No Model To Be Copied Nor Foo to Be Dreaded.

(Toronto Telegram.)

Where is the substance in Sir Robert Falconer's fear of German education? German education was a possession that Germany had and other nations did not have. The great characteristic of German education was in no real sense education at all. The power to assimilate a few facts is a larger element of true education than is the power to acquire many facts. German education trained the

If hard work is sapping your strength—reinforce with

On sale at all Druggists and Stores.

hands and feet of the German people for purposes of physical exertion. German education left the hearts, minds and souls of the German people untrained for purposes of mental and spiritual exertion.

German education turned 80,000,000 people into a nation of lunatics, thieves, murderers and torturers.

If the teaching that emptied Germany's soul of honor, Germany's head of wisdom and Germany's heart of pity be education, then the less education Canada has the better.

Canadians will not agree with President Falconer that German education is the foe this country has to fear. Not German education but Canadian lack of education is this nation's enemy.

Canada has special reason to dread the learned shallowness that thinks in phrases and platitudes rather than in principles. Canada has equal reason to dread continued subjugation to the assumption that the voice of every university professor is an oracle of eternal wisdom.

Pork and Beans.

(London Free Press.)

Mr. D. D. McKensie, federal Liberal leader in the House of Commons, has laid on the table certain charges that pork and beans furnished from Canada to the soldiers in France were of inferior quality. Mr. Frank Lalor is said to have charged Mr. McKensie to make his charges outside the House, the idea being that he would be compelled personally to substantiate them. Mr. Lalor is a member of the Dominion Farmers' Company, and he doubtless felt hurt that such a charge should have been made against the honor and patriotism of the company, the more so because he is doubtless convinced that there is no justification for the complaint. We are unable to agree with the doctrine that members of the House should be required to accept responsibility outside the House for their statements. It would not be fair to ask Mr. McKensie to enter into a fight single-handed with the millionaire canner. At the same time some better safeguards should be provided against the often ill-considered charges that are brought forward in the House for political purposes. As for Mr. McKensie's allegation, the canners submit the fact that their goods were eloquently inspected in both Britain and France, and we rather imagine that this is true. Governments in this war were especially careful touching food supplies.

Political Uncertainty.

(Montreal Herald.)

The predicted formation of a number of groups in the Canadian House of Commons is under way. It is not to judge by small caucuses and the holding yesterday of a general caucus of the ministerial party, with the prime minister in attendance. There is evidently a crisis in the Unionist party, precipitated by the illness of Sir Robert Borden. In his illness, Borden as it must to some extent be by his accident at the Hall tax club, the prime minister will have the very sincere sympathy of the Conservative people of Canada. Any one but a Superman might well have cracked under the tremendous strain of the past five years, during which Sir Robert gave without stint of the best that was in him. Undoubtedly there have been intrigues to oust him from the leadership first by a Quebec group just prior to the general election of 1911, and in October, 1916, by a Toronto group. Sir Sam Hughes, in statements made from his place on the floor of the House last Monday, termed the latter movement a conspiracy to unseat the premier, the Empire club being the headquarters.

Which?

(Statesman.)

Is the Toronto Globe with the Liberal party or against it?

Mora Home Ownership.

(Community Builder.)

All the hydro-electric power Winnipeg has at her doors; all the benefits derived from her unique geographical situation; all her abundant supply of raw materials; her transportation facilities, or her soft water, will not make her a great manufacturing centre, says the Community Builder, official organ of the Winnipeg Board of Trade.

The city of Winnipeg will never become a great industrial centre, nor gain greater prestige in the world of commerce, until such time as she provides for her workers homes in which to live. No city on earth can attract industrial workers of the highest type unless adequate provisions are made for their accommodation.

Our city must not lag in this respect. Other cities are rushing ahead with their housing plans. Other cities have such faith in the future that they are not afraid to invest. These cities realize the value of home ownership. If we are to keep pace with other cities, we must make Winnipeg a city of homes and home-loving families.

PROVINCIAL OPPOSITION CONVENTION IS TO BE HELD IN ST. JOHN, NOVEMBER 6TH

Those Qualified To Attend Will Be Two Elected Delegates from Each Parish, Two from Each Ward of Cities and Towns, Together With Parish Chairmen and Ward Chairmen—Convention to Discuss Organization and Policy.

A convention, in the interests of the Provincial Opposition Party in New Brunswick, will be held in the hall of the Seaman's Institute, Prince William street, St. John, N. B., on Thursday, November sixth, commencing at ten o'clock in the forenoon. Three sessions will be held, forenoon, afternoon and evening, the two latter at two thirty o'clock and eight o'clock p.m. respectively.

Representation at this convention will consist of two elected delegates from each parish, together with the parish chairman—qualified ex-officio—and from the towns and cities two elected delegates from each ward, together with the ward chairman, along with such other persons as may be qualified to be present.

This gathering has been arranged by the Convention Committee of the Opposition party and is called for the purpose of discussing matters of organization and policy. County and parish organizations are requested to make note of the date and conditions of this convention, and to take such steps as may be necessary in preparing for the election of delegates and substitutes.

DUCHESS TO VISIT

L. O. D. E. CANTEEN.

According to plans made, the Duchess of Devonshire will visit the canteen operated by the Daughters of the Empire at the University of British Columbia at Vancouver, where returned soldiers taking vocational classes are served meals at minimum expense. The Coronation Chapter, with Mrs. Clara Fitz-Gibbon, will be in charge. The Duchess will make an informal visit to the Florence Nightingale Home of the Victorian Order of Nurses before attending the reception at the Hotel Vancouver, where she will be the guest of the Women's Canadian Club.

Backache only a Symptom

"It Seems as Though my Back Would Break."

This is a common expression among women, yet they toil on day after day heedless of the significance of this distressing symptom. Backache is often a warning of some inward trouble that requires attention, and which unless relieved will sooner or later declare itself in more serious ailments. If it is caused by female derangement Lydia E. Pinkham's Vegetable Compound is what you need. It quickly asserts its curative powers in all those peculiar ailments of women. For more than thirty years this good old fashioned root and herb medicine has been restoring women to health.

The Splendid Recovery of Mrs. Fleet
Branford, Ont.—"I have been a user of Lydia E. Pinkham's Vegetable Compound and find there is nothing better for female troubles. I was taken sick with sharp pains in my right side and up over the hip to the back and the doctor said I would have to be operated on. I was in the hospital three weeks and did not get any better so I went home and took the Vegetable Compound. I stayed in bed three weeks more, then I was able to get up. Now I am all right and I have recommended your medicine to several friends and my daughter is taking it and all are pleased with the results from its use."
MRS. FRANK FLEET, Branford, Ontario.

Mrs. Hunt tells how it helped her
Detroit, Mich.—"I was in a general run-down condition, was very nervous and tired, had backache and other troubles. I suffered for several years, was not able to work at times and tried doctor's medicine with no results. I saw Lydia E. Pinkham's Vegetable Compound advertised, and after taking it a short time I was much better. I am still taking it myself and giving it to my daughter, and am glad to recommend Vegetable Compound at any time."
—Mrs. M.E. Hunt, 171 Davison Ave.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Flu, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over ninety years. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoaceticanilide of Salicylic Acid. While it is well known that Aspirin marks have been used by other manufacturers, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

There are five simple ways to tell good tea.

- First, by the bright copper color of the tea when steeped.
 - Second, by the exquisite aroma.
 - Third, by the delightful, refreshing flavor.
 - Fourth, by the satisfying richness.
 - Fifth, by the economical strength.
- Make a brewing and you will find all these qualities combined in Red Rose.

Red Rose Coffee is as generously good as Red Rose Tea

ST. JOHN, N. B., THURSDAY, OCTOBER 16, 1919.

BOSTON A RIVAL

Since the war Boston has leaped into a position of unusual importance as an exporting point, and the character of that export trade shows that it is becoming a rival of St. John. Boston is now exporting grain from the Middle Western States to Liverpool, London, Glasgow and ports on the east coast of Britain like Lethbridge and Sharpness, which are coming into prominence as cereal markets. During recent months the shipments of wheat through Boston have been nearly three times as great as during the corresponding period of last year. In August 1,400,000 bushels of oats were exported as compared with 450,000 bushels for the corresponding month a year ago. Barley is now moving through Boston in great volume, the exports last month being 1,200,000 bushels as compared with 40,000 bushels in the same period last year. Large quantities of tanned and cured leather were shipped through Boston last month, the figures for the former commodity being 9,000,000 pounds as compared with 4,000,000 last year, and for the latter commodity 50,000 boxes as compared with 1,300 last year. Leather shipments for the month were nearly three times as great as last year.

Boston has for some years been engaged in improving its harbor facilities and it is evidently now rapidly developing its traffic, though that may perhaps be attributed to the possession by Americans of a new merchant marine, as much as to improved harbor facilities. St. John may regard the traffic developments at Boston with more complacency than it might view similar developments at Portland, which port has from time to time announced its intention of challenging the position of the Canadian Winterport. Boston's extraordinary progress may perhaps mean that Portland has lost its opportunity and that its halfhearted ambition will not now be realized, for the Maine port placed its hopes on capturing the traffic of the middle Western States via the Canadian railways. If Boston secures, as it now appears to be doing, an increasing proportion of the meat export business, St. John's interest will be affected to some extent, for before the war the movement of Chicago meat products through St. John contributed about one-third of the value of the export trade during the winter season. The expansion of this business in future was an item generally reckoned with in estimating the possibilities of the port of St. John and it would be unfortunate if it should be lost to Boston. At the same time there is little doubt that any loss in this connection will be more than made up by the development of the Canadian packing industry, which has expanded with amazing rapidity during the war, and is still capable of immense development. And in other respects the competition of Boston is probably less dangerous than the competition of an enterprising Portland might be, for Boston has not equal facilities with the Maine port for reaching into Canadian territory.

It is worth noting that the conditions laid down by the United States government to regulate the movement of the grain crops this winter are of a nature to compel Canadians to realize in a way they have perhaps never done before, the importance, the absolute need, of maintaining the proper development of their own Winterport. Washington has decided to prohibit the movement of Canadian grain through American ports until, at any rate, the American crop has been marketed. As in the past about three-quarters of the Canadian export grain has been shipped through American channels, the movement of grain through St. John this winter will probably throw such a strain upon the resources of this port that the need of improving facilities here will be brought home to the country in a manner compelling action.

GERMANY'S GUILT

The Austrian government has published a book entitled "The Vienna Cabinet and the Origin of the War," which should convince Americans as to the culpability of their former rulers, if they had any lingering doubts. Based on documents from the Austrian and German foreign offices, it deals with the period from the assassination of the Archduke to the declaration of war on Russia. It shows that at a meeting of the Austro-Hungarian cabinet on July 7, 1914, all present, except Count Tisza, agreed that such far-reaching demands should be made on Serbia that their rejection was to be anticipated and the way paved for military intervention. The book avers that the German government had no knowledge of the text of the note to Serbia or any share in its drafting, and that the Serbian reply was not communicated to Berlin. But it is made plain enough that if the Kaiser was not aware of the precise form of the note he knew its purpose and approved it. In fact, on July 1, the Kaiser authorized the Austrian Ambassador to tell Emperor Francis

AN INTERESTING RUMOR

It is rather singular that the rumor should persist that Sir Lomer Gouin is going to retire from the premiership of Quebec. At first it was said that he would go to Ottawa; later, he was to go to France, as the Dominion Commissioner. Sir Lomer might possibly go to Ottawa as the leader of the French wing of the Liberal party, and there exert concurrent power with Mr. King. That would seem congruous enough. The Liberals from Quebec would form a solid block; the position as leader would gratify ambition; the arena is large and increasingly influential; and such an arrangement would have important and possibly, beneficial effects all over the Dominion.

Now's Your Chance

Here's a bit of timely advice from a Montreal paper: "Have you struck yet? If not, organize yourself immediately and quit work at once. In these days with an approaching militantism apparent on all sides, no man really ought to have less than \$50,000 a year, four automobiles, a summer abroad each year and winter vacation thrown in. An hour a day at \$100 an hour, with time and half for overtime, is all any citizen ought to work under the new order. Walk out, anyhow. If everybody can be induced to quit work, things will prosper marvelously, and you with them."

The Same—With a Difference

There is no longer a ruling monarch in Europe. Take the King of England, for instance. He is merely the titular head of the British Empire, just as the President of France is the titular head of the French Republic. King George is the focal point for British patriotism. The Britisher speaks of "The King" just as we speak of "Old Glory." The national anthems illustrate the point beautifully. One nation sings "God Save the King" and the other "Oh, say, does the star spangled banner yet wave" and mean precisely the same.

A BIT OF VERSE

Between the day and night there fits an hour
 With draperies of dream about the hour
 The afterglow turns back to kiss a star
 And far off bells, within the sudden hush,
 Distill the sweetness of my reverie
 As tears that splash their love on baby hands.
 And now Christ lifts His slim rebuking hands
 To say, "Couldst thou not watch with me one hour?"
 And lo! I see within my reverie
 The sheaf of a cross against the blue;
 And there comes a cry I fain would hush,
 And silence, and the falling of a star.
 Ah, what aloofness in the silent star
 As which we children seek to warm our hands!
 Would its possession in the cradle hush
 The plaintive fretting of the slumber hour,
 Or does its dying streak across the blue
 Arouse its fellows from their reverie?
 Come, earth-born love, to share my reverie!
 I yearn for something closer than a star.
 Reach across the night, so calm, so blue,
 And touch my burning face with spirit hands.
 Dream on, O Night! it is our wonder hour!
 My love is speaking, bid thy voices hush!
 What awes thee in the night's so solemn hush?
 What sombre thought disturbs thy reverie?
 That when our love has lived its little hour
 The paler fides of yonder trembling star
 Shall shine down on our poor, encircling hands,
 Shall mock the dimming of thine eyes
 Dear love, are not the far horizons blue?
 Relentless Time our passing breath may hush
 Yet in the flutter of thy sweet, fair hands,
 Yet in thine eyes, thine azure reverie
 Shall live, when Time shall pluck you sunset star,
 And sigh, and sink, and fall to burn the hour!

THE HOSPITAL

It is intimated that now members of the staff of the General Public Hospital are urging the appointment of a royal commission to inquire into the present system of management of that hospital and to make such recommendations as may lead to improvement in both administration and equipment. The idea upon which the present plan of administration is based may be an excellent one, but in operation in St. John at least it has led to dissatisfaction among the staff and among the public, because of a feeling that the spirit which pervades the commission is not sufficiently progressive. In the staff of the hospital are a number of the younger physicians and surgeons who by reason of present-day competition are compelled to keep strictly up to date in their methods of practice, and who are disposed to demand for the benefit of patients better accommodation, better facilities for treatment and more extensive equipment than might have satisfied their fellows in the profession a generation ago. Quite naturally a divergence of views appears when this staff runs up against the conservatism of last century. In view, therefore, of the fact that the hospital staff has no authority to inaugurate improvements and that the Board of Commissioners is evidently not disposed to act of its own accord, and keeping in mind the circumstances that hospital accommodation and equipment is at the present time in adequate, the request from many quarters for a commission to look into the system of management, and upkeep, of this institution does not appear to be an unreasonable one.

WHAT THEY SAY

He Will Regret It.
 (Hamilton Herald, Ill.)
 "Shouldn't wonder if the Ontario Liberals are beginning to regret that they jettisoned Proudfoot and took on Dewar as the party leader."
 Not Much Posted.
 (Edmonton Journal.)
 "D. D. McKenzie voiced the opinion lately that there was no longer any need for the R.N.W.M.P. since the Indian uprisings and western rebellions had all been subdued. The honorable member does not apparently find time to read western newspapers, which do sometimes contain readable and interesting material."
 Something to Remember.
 (Galt Reporter.)
 "Let the public not forget in these days of high prices that cheap school-books stands to the credit of the Provincial Government. But for

 He wouldn't be settin' there for nothin', lets set down alongside of him and Puds.
 Wich we did, me saying, Hello, Joe, wat you settin' heer for? and Puds jest saying, Hello, Joe.
 Wat are you 2 going to do, are you going to set heer jest because I am? sed Joe.
 Wy, do you own the steps? I sed sarcastic, and Puds sed, Wat's the matter, you dont own the steps, do you?
 No, only sometimes when I set down some place I awfen set there for 3 or four hours without gettin' up, so I thaw I better wat you in case you mite not feel like settin' that long, sed Joe.
 O, thats all rite, I sed, and Puds sed, Dont mention it. And we kupp on settin' there a while, and all of a sudden Joe got up and started to wawk away, saying, Thats all the longer I want to set there, you 2 can keep on settin' there if you want.
 Wich we didnt, jumpin' up and starting to wawk with him, we saying, Waww you going now, Joe? and Puds saying, Are you going to set some place els, Joe?
 I dont know yet, sed Joe, And wen we got up to the corner he sed O G, I forgot sumthin'. And he quick turned around and ran back agen like lightning, and jest wen he got to the house some lady opened the front door and handed him 2 apples, and he took them and kupp on runnin', me saying to Puds, Gosh, thats wat he was settin' there for, he must of ran a errand for her, and Puds saying to me, He must of.
 Wich he must of.

SCANDINAVIANS HESITATE TO JOIN RUSSIA BLOCKADE

Stockholm, Tuesday, Oct. 14.—The Scandinavian nations are preparing a joint note in reply to the note of the Entente regarding the declaration of a blockade against Soviet Russia. The Swedish newspapers say that the new blockade declaration is of no practical importance to Scandinavia as there has been no trading with the Soviet sections of Russia since the Bolshevik revolution. The only exception, it is said, was in the case of some small vessels with Swedish hardware which sailed for Russia, Sweden receiving in exchange for this merchandise a few cargoes of hemp and flax.

RATIFICATION OF THE PEACE TREATY NOT TO BE IMMEDIATELY

Paris, Oct. 15.—The decision not to complete the formal ratification of the treaty this week was due chiefly to the inability of the three ratifying powers upon the entente side to make the necessary preparations to carry out the provisions of the treaty which must be attended to within a brief time after the actual ratification. The creation of various commissions, which, according to the treaty, must inaugurate their work immediately, or within fifteen days after the treaty comes into effect, the dispatch of troops into the zones which blockade cities will be held, the delimitation of the Sarre Valley state and the assembling of the council of the League of Nations all a great amount of work. This the powers will be unable to accomplish without delaying the date of ratification.
 In view of these provisions of the treaty which must be carried out immediately after it goes into effect, French papers are saying what will happen if the United States delays ratification of the treaty, which they consider a necessary preliminary to the organization of the League of Nations.

WOMEN CAUSE HIGH PRICES ON FOOTWEAR

Those Who Follow Prevailing Fashions and Buy Fancy Shoes Keep Prices up on Staple Goods.
 Regina, Sask., Oct. 15.—Because women persist in following the dictates of prevailing fashions and buying fancy boots and shoes, the retail prices of the staple grades of footwear are boosted. The fashionable women upon the fancy boots at a correspondingly lower price than the ordinary man can purchase his average grade boots, in fact the price of the staple styles are raised in order that the prices of the fancy boots may be kept lower. These facts were elicited at its resumed sittings of the board of commerce, which opened yesterday morning in the City Hall. Commissioner Rankin and Counsel W. F. Dunn have just returned from holding sittings at Saskatoon and Moose Jaw, and all a great amount of work. The articles placed upon the dissecting table.

OBITUARY

Ronald Tibbets.

The death of little Ronald Tibbets, son of Theodore and Bertha Tibbets, of Ward's Brook, N. B., occurred October 6. Deceased was two years and four months old. The funeral was held Tuesday afternoon at 2 o'clock from his home, the Rev. Mr. Townsend conducting the funeral services, interment being made in the Baptist cemetery.

Archie Sherwood.

The death occurred at his home, Hilldale, on Sunday morning, October 5, of Archie Sherwood, aged 85 years. He was in his usual health and had

Don't Pay More for Syrup

when Mapleine Syrup is so good on hot griddle cakes and waffles, and by making it yourself you save one-half on syrup bills.

It's no trouble to make—granulated sugar dissolved in hot water and Mapleine added. As for the taste—that tells for itself.

You'll like Mapleine-flavored desserts too—it gives them the maple taste.

4 cents in stamps and carton top will bring the Mapleine Cook Book of 200 recipes.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIANS' ADVICE.

Frederick S. Kelle, M. D., Editor of New York Physicians' "Who's Who," says that weak nervous people who want increased weight, strength and nerve-force should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well, if you tire easily, do not sleep well, or are too thin, go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Each meal; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you do now, if your nerves are not steadier, if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

TIPS TO HOUSEWIVES.

Orange peeling gives an excellent flavor to peach jam.

Swiss chard and onions is a good mixture, so is cabbage and potatoes.

When you put the ferns and other house plants, put an iron nail in with the soil. It will keep the leaves a brilliant green.

Jam will be air tight if you cut discs of tissue paper a little larger than the top of the glass. Draw these through a saucer of milk or white of egg and place them over the glasses while they are still wet. Press the edges securely down over the outside of the glass.

Some Evidences Of Industrial Progress Shown

Considerable Work Being Carried on in the City and Other Parts of the Province Giving Employment to Large Number of Men.

(Contributed by Board of Trade.)

Very tangible evidences of industrial progress are to be noted in St. John and in other parts of the province.

The stupendous works being carried on at Courtenay Bay, which include a dry dock 1,150 feet long and 125 feet wide; a breakwater 7,070 feet long; the dredging of the interior basin; the reclamation of a large area for a ship repair plant; the establishment of a pier system and the construction of a spur line of track from the Canadian National Railway, are furnishing employment to over five hundred men.

Rapid progress is being made on the dry dock excavation, the contractors being within three or four feet at one point of the ultimate depth of the dock. Ballast trains are being kept constantly busy removing the material from the immense excavation. A. R. Dufresne is the engineer in charge of this important enterprise.

The plant near Brookville of the Provincial Lumber Company, Ltd., which was burned down a few months ago, is being rapidly restored, and the Company is again carrying on its production. The capacity of this plant will be about 25,000 tons annually. There are in all seven lime kilns in operation in and around this city, including those of Randolph & Baker, Stetson, Currier & Co., Purdy & Green, C. H. Peters' Sons, Ltd. and the Provincial Lumber Company's plant. These plants have a daily capacity of about 500 casks.

The Corona Company, Ltd., have added another story to their chocolate plant on Union street and are planning further additions, with a view to doubling the capacity of their plant.

The Atlantic Sugar Refineries, Ltd., have been making some necessary additions to their busy plant and anticipate further enlargements later on.

In anticipation of increased business on the harbor front this winter, the C. N. R. are constructing a siding 1,700 feet long on the west side of Courtenay Bay.

The Crosby Molasses Co., Ltd., have made appreciable progress on their new molasses tank plant along the Pettingill wharf. The concrete foundations for the same are being rapidly pushed by Grant & Horns, contractors. There will be no large steel tanks, 42 feet in diameter, and 29 feet high, with a capacity of 280,000 gallons each.

Orders are being asked for the construction of further grain conveyors on the West Side. The new conveyors will run down to piers 14 and 15.

Residential construction, which has been in a state of almost complete suspension during the war, is again becoming active. George McArthur is making good progress with his large brick apartment house on Germain street. Herbert Fleming has a three-story concrete apartment house well advanced on Wright street. Two very handsome dwelling houses are being constructed by Kenneth Haley on Mount Pleasant avenue. Douglas avenue. Henry Garson has several dwellings under construction. J. M. Queen is operating a line of housing supply on Sheriff street. Messrs. Armstrong & Bruce are also developing a comprehensive building scheme in the North End. The city housing committee are busy on their West Side plan, and many others in various parts of the city are engaged in construction work. The Country Golf Club's new clubhouse at Renforth is well advanced and will be ready for next season.

The new St. David's Presbyterian Church is about complete, and will be opened for public worship later on, as the new organ is installed, about the end of the month.

A new hardwood hat factory, the first in the province, will soon be operating at Mullin's Brook, on the Canadian National Railway, not far from McDevine Junction. It is owned by an English firm, R. T. Bald being the New Brunswick manager. A mill plant at Napadogan is being moved to Mullin's Brook to carry on the manufacturing operations. The plant will be in the centre of an area filled with the best quality of hardwood timber suitable for hat construction.

From 100 to 200 hands will find employment in the new enterprise.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relieves completely.

It's just time. Don't stay stuffed up with a cold or nasty catarrh.

Fern Hal Took The Free For All In Overcoat Meet

Two Horses from New Brunswick and Three for Were Entered—Four Thousand People Present.

Special to The Standard.
Woodstock, N. B., Oct. 15.—The happiest man in town tonight is Dr. D. H. McAllister, of Sussex, whose mare, Fern Hal, 2:05 1/4, won the free-for-all race this afternoon in the last day of the "overcoat" meeting, which should have been called a "shirley sleeve" meeting, as the weather was warm and the races attended by 4,000 people. Before starting the free-for-all, R. J. McKee, of Fort Fairfield, addressed the drivers, saying: "This will be the best race ever trotted in the Maritime Provinces. There are two New Brunswick and three Maine horses entered. They all look alike to me. May the best horse win."

The contenders were supposed to be Fern Hal, and Peter Farron, with the other three horses as fillies. In the first heat, Peter Farron drove Fern Hal a close finish, the other horses right behind. In the second heat, Fern Hal finished neck and neck with Zom Q, the others a length behind. Peter Farron was a close second in the third heat, and the others were bunched close up. Yesterday Fern Hal lowered the track record to 2:13 and today she again lowered it to 2:11 1/4. In the 2:14 class, Roy Volo won in straight heats, Jennie Penn being the runner up, although in the second heat, by a hard drive, Little Peter won out at the wire, and the fact that he was not given first position called upon the heads of the judges the most severe condemnation from the grand stand. The 2:16 trot was won by Hayward Wilkes, although Peter Setzer and Jeffrey gave Wilkes much trouble every heat.

Fine Racing In Grand Circuit

Two Neck to Neck Finishes at Atlanta Yesterday—Good Races in 2:03 Pace.

Atlanta, Ga., Oct. 15.—Two neck and neck finishes featured the Grand Circuit races here today. One was the free-for-all trot which was won in two straight heats by Lu Princeton, driven by Cox against Mable Trask, piloted by Murphy. In the other a 2:12 trot, Murphy driving Mollie Knight won over Geets piloting Wily Wilk. Only two heats were necessary also in this event which was confined to three year olds.

The best time of the meeting so far was made today in the first heat of the 2:03 pace, when Frank Dewey driven by Cox made the mile in 2:01 1/4. It finally took four heats for this horse to be declared the winner.

Summary—
2:30 Pace, Purses \$1,000.
Frank Dewey, b. h., by John Dewey, (Cox), 2:01 1/4
Direct C. Burnett, b. s., (Murphy), 2:17
John R. Braden, b. h., (Thomson), 2:23
South Bend Girl, b. m., (Beck) 4:4 2/4
Time—2:01 1/4, 2:08 1/4, 2:04 1/4, 2:06 1/4.
12 Trot, Purses \$1,410, Sweepstake.
Mollie Knight, b. m., by General Watts, (Murphy), 1:11
Wily Wilk, br. g., by Anvil, (Geets), 1:11
Time—2:12 1/4, 2:13
Free for All, Trot, (Special), Purses \$1,200.
Lu Princeton, b. h., by San Francisco, (Cox), 2:11 1/4
Mabel Trask, ch. m., by Peter The Great, (Murphy), 2:13 1/4
Time—2:05 1/4, 2:07

Two Fast Games At Y. M. C. A. Last Night

Old Time Seniors Were No Match for Younger Players in Physical Condition—Good Basketball.

It looked like old times on the Y. M. C. A. basketball court last night to see so many of the old guard out in action, and the spectators had an opportunity of judging the fine prospects there are for the Intermediates and Seniors this year.

The opening game brought together the Junior Employed Boys' five and the Intermediate "B" team and the latter won by a good margin; the play was keen and the checking very close. Teams and score: "B" forwards, Potter and Olford; centre, Hollis; defence, Robertson and Wilson. Junior Employed (4), forwards, Angel and Inis; centre, Frost; defence, McBeath and Lawson.

Seniors vs. Intermediates. The game started out with a rush, some of the fellows forgetting it was their first game of the season. Play went from end to end till finally Seniors of the Intermediate squad rolled in the first two points. Both sides missed on fouls, and Copp broke the strain getting a goal. Willett of the Seniors finally started their scoring netting the ball after the team had missed many close ones.

Willet and Malcolm increased the score netting goals in rapid succession. Close checking at this part of the game kept teams from scoring however the Intermediates pushed farther ahead by Seelye and Copp's good shooting.

Kerrigan replaced Willets and Margetts took Peadleton's place at this stage, as there were numerous subs on the side to relieve. Copp and Seelye held in two more such in rapid succession, the Intermediates playing a fast passing game. Malcolm ended the score for the half. Score at this time: Intermediates, 25. Old Guard, 4.

The second half saw several changes in the lineup. The game continued fast with hard checking. Seelye for Intermediates and Willett for Seniors started the scoring. Thorne followed with a nice shot from under the basket. Willett and Thorne helped to pull the score up, and the Seniors were now playing a better combination game. The Intermediates were in better condition and never let up, taking every advantage to score. Seelye proved a very hard check netting three more in a row.

The final score ended with the Intermediates well ahead, 53-22. Old Seniors (22), forwards, Willett, Thorne, Peadleton and Margetts; centre, Frost; defence, Brown, Turner, Ryan and Burton. New Squad (53), forwards, Seelye, Copp, Shaw, Centre, Malcolm, Brown; defence, Nixon, Willets, Kerrigan, Robinson.

SCHOOL FOR BRIDE

Cincinnati has another claim to fame apart from its well known ball team. A school has recently been opened in that city which gives girls contemplating matrimony are given a course of instruction in the art of housekeeping. The curriculum ranges from boiling eggs to caring for babies. The graduates are said to be snappers up before the ink on their diplomas is hardly dry.

NEW BRUNSWICK APPLES GAINING IN MARKET FAVOR

Montreal Absorbing All the Apples That Can Be Sent to That City at Favorable Prices.

Special to The Standard.
Fredericton, Oct. 15.—The present season for apple-growing in the Province of New Brunswick has been a pronounced success, particularly in the St. John Valley which is the chief fruit-growing district. The chief market for the apples is Montreal, and the members of the New Brunswick Fruit Growers' Association have marketed these co-operatively.

A. G. Turney, Provincial Horticulturist, has superintended the shipments. There appears to be room for a tremendous development in the apple growing industry in this province. The local market was taking the New Brunswick apples on the Montreal market are competing with the fruit of Ontario, Quebec, Nova Scotia and the New England States, and the competition is successful. Reports from Montreal are that the apples from this province have brought prices one to two dollars better than the ordinary Nova Scotia pack. The Nova Scotia fruit still leads, but New Brunswick has hardly begun to develop the apple industry.

The local market was taking the New Brunswick apples on the Montreal market are competing with the fruit of Ontario, Quebec, Nova Scotia and the New England States, and the competition is successful. Reports from Montreal are that the apples from this province have brought prices one to two dollars better than the ordinary Nova Scotia pack. The Nova Scotia fruit still leads, but New Brunswick has hardly begun to develop the apple industry.

BOXING AT HALIFAX

Halifax, Oct. 15.—The boxing bout tonight between Harry Jones of Halifax and Curley Hume, of England and also of Montreal, went to Jones on a decision at the end of the fifteenth round, the bout going the limit.

MEN PROUD OF WOMEN'S READY RESPONSE

Life is to be one campaign after another this year for women, according to the programme which Toronto women see before them for the next few months.

MISS MARTIN HARVEY'S CLOTHES

Just at the moment when we are talking of Mr. Martin Harvey's return to London in the near future, says The London Daily Express, his clever and pretty daughter, Miss Muriel Martin Harvey, sails away to New York, leaving on Saturday on the steamship New Amsterdam with Mr. Percy Hutchinson.

TIME TO BALK AT TWELFTH CLUB

(Cordella in The Toronto Telegram.) She had a hunted look. "What can a woman do when six women insist that she join her twelfth club after both the doctor and her husband say she should resign from those twelve," wailed she.

Two Points Each For Y. M. C. I. Teams

Autos and Hawks Bowled to a Tie—Last Evening—Another Match Will Be Rolled Tonight.

The bowling at the Y. M. C. I. last night was between the Autos and Hawks; the result being two points for each team.

Individual scores follow:
Autos:
Logan 101 99 90 290 86 2-3
Hennessy 68 77 86 231 77
McShane 86 69 85 238 79 1-3
Fosha 78 80 85 243 87 2-3
Brown 69 84 84 237 79
402 409 448 1259
Hawks:
Power 80 83 85 248 82 2-3
Bridges 69 103 73 245 81 2-3
McLaughlin 71 83 96 250 83 1-3
Downing 72 80 82 250 83 1-3
Jarvis 86 82 94 272 80 2-3
358 447 430 1263
Games tonight will be between Robins and Falcons.

MRS. HUMPHREY WARD.

Mrs. Humphrey Ward has been at work the past summer at her country place at "Baring" near London, where she now spends most of her time, on a new novel, Helena, which Dodd, Mead and Co. will publish in November. During the coming year she expects to write a book on Dorothy Wordsworth and also the final volume of her "Memoirs." Although she is now about 70 years of age she is as actively engaged in literary labors as she has been at any time during the nearly 40 years since she wrote Robert Elsmere.

ALICE VERLET is Coming!

The wonderful coloratura soprano will appear in person at an invitation concert—in the Imperial Theatre

WEDNESDAY AFTERNOON OCTOBER 22

She will be assisted by "The Phonograph with a Soul."

This appearance of the great operatic star in St. John is the event of the season for lovers of good music.

Semi-ready Tailoring:

"A trade mark—a name designating the product of one manufacturer—must have some significance beyond a parrot cry."
"A trade mark that deserves to live will live."
"For over twenty-one years the Semi-ready Company have been making Semi-ready clothes. They are the originators of and the only makers of Semi-ready Tailored Clothes."
"Every Semi-ready suit we sell has the maker's name and the price in the pocket."
"The same West and East."
The Semi-ready Store, King and Gormain.

PASSENGERS AND CREW OF VENEZIA REPORTED SAFE

Taken from the Burning Steamer by the Majara of the French Line.

New York, Oct. 15.—All on board the Fabre Line steamer Venezia, reported on fire in mid-ocean, have been rescued by the Niagara, of the French line, and are on their way to Bordeaux, France. News of the rescue has been received here in a despatch from Halifax, which stated a relayed wireless message had told of the safety of those on board the vessel.

WESTERN FLIERS ON RETURN TRIP

Minneapolis, N. Y., Oct. 15.—Major Carl Spatz, flying a De Havilland "Bluebird" airplane, started on the return trip to San Francisco at 2:30 o'clock this afternoon. Captain L. H. Smith, in the same kind of a machine, started on the return trip a few minutes later.

Mrs. E. L. Perry, Cody's, Mrs. D. Fowler, with Mr. and Mrs. James Wiggins motored from Cambridge to this city recently on a visit to the inspector and Mrs. Merryfield, Elliott Row.

NEUTRAL POWERS WILL BE INVITED TO JOIN LEAGUE

Supreme Council Approved Text of a Notification to be Addressed to Them.

Paris, Oct. 15. (Havas)—The Supreme Council today approved the text of a notification to be addressed to the neutral powers, which will be asked to join the League of Nations, setting forth the conditions under which they may adhere to the covenant of the league.

The council also approved the draft of a note to be sent to Germany demanding the surrender to the Allied and Associated Powers of German ships which were turned over during the war to companies in New York and which are at present in German ports.

The note declares that the sales are void, because of their irregularity. Another draft note to Germany, regarding German representations on the subject of the territory of Memel, which Germany renounced its rights over the territory by the treaty of Versailles. The solution of this question, it is said, concerns only the associated and allied powers.

Mr. and Mrs. George C. Peebles and children, spent the holiday with relatives in St. John—Moncton Times.

STRAIGHT TALK BY HERR NOSKE

"Mad Fools Must be Sacrificed" to Save a Nation of 60,000,000.

Berlin, Monday.—Yesterday's conference of the Social Democratic Party officials of Greater Berlin opened with a unanimous vote of confidence in Herr Noske after Herr Noske had in a speech lasting two hours set forth the principles on which he had acted.

The Reichstag affair, he said, settled so far as he was concerned. For hundreds and thousands the revolution had only been an opportunity to steal. That drove respectable people to the old regime again. Men who had never opened their mouths so long as the trenches threatened them had, after the revolution, a thousand times outdone the worst sins of the old rulers in the shape of terrorism, villany, and violence.

"If we are to get through," he proceeded, "we must have the courage to be severe and rather sacrifice a couple of thousand mad fools than a nation of sixty millions." The men who had fought for the party in January had remained. Germany would on January 1 have a body of poverty-stricken officers which would be dependent for its existence on the security of the country and the stability of the Government. He had given orders to fire at any man who tried to cross from East Prussia into the Baltic provinces, but there, too, the difficult knots could not be cut by brutal force, but only by quiet strength.—Reuter.

IMPERIAL

Back To Our Screen After Long Absence

PAULINE FREDERICK

The Emotional Bernhardt of The Screen

IN ISOLA FORRESTER'S DRAMA

"The Fear Woman"

PAULINE FREDERICK'S FINEST CINEMA ACHIEVEMENT

In today's trenchant story of an "Hereditary Talent" in the way of intemperance—a story which ends happily, however, Miss Frederick gives a superb exhibition of her famous dramatic talents. Admirers of this beautiful art will doubtless gladly welcome her back to the Imperial's programme.

BIG AMATEUR CONTEST FRIDAY

Large Attendance Despite T

Many Visitors from the try—Exhibits of Exception List of Prize Winners.

The Simonds and Loch Lomond Agricultural Society annual fair was held at Loch Lomond yesterday and was largely attended. The rain in the morning kept many from attending but the crowd present was large and a high grade of exhibits shown by the county farmers. The judges state that the horses, cattle, produce, etc. exhibited yesterday rank equal with any shown in much larger exhibitions and are far superior to many exhibited in some of the best fairs in the province. The general secretary-treasurer, Squire Alexander Johnston, with Mr. Boyle and other members of the society were kept on the jump all day greeting old friends and looking after the fair in such a manner that everything went off without a hitch, and the members were pleased to hear the complimentary remarks that were passed on such a successful show.

One visitor which Squire Johnston and the other members were most happy to meet was William Shaw, of St. John, and honorary president of the society, and one of the first to start the society on its many years of success.

The judges in the different departments had a hard task to perform as all the exhibits were of such a high grade, and when it came to judging the exhibits of butter, every exhibit was so excellent that they were forced to give a first prize to each exhibitor.

The exhibits in the women's department, viz. fancy work, mats, quilts, etc. proved the best ever shown at a monster. William R. McPate, John McPate, Austin T. Baker, Wm. T. Boyle, James McFarlane, Ernest Graham, Ed. Young, Fred B. Waters, Frank B. Boyd, Miss E. H. Johnstone, and the other members were most happy to meet the principal winners. In fact every year shows a decided improvement over previous ones in the exhibits.

Among the visitors to the fair yesterday were Premier Foster and Mrs. Foster, Hon. J. B. M. Baxter, Judge Armstrong, Wm. Shaw, H. V. MacKinnon, Mr. and Mrs. R. T. Warden, Mrs. C. H. Jackson, Mr. and Mrs. William Johnston, Councillor Shillington, LeBaron Jordan, Mrs. George H. Waring, Mrs. Harry Ervin, C. H. Simpson, Joseph Noble, Heber Keith, Harry Tippet, J. McMurray, J. O'Brien, Leon Keith, Martin McGuire, Mr. and Mrs. Wm. Boyle, Miss E. H. Johnstone, H. P. Dickson, M. L. A., John Lipsett, J. P. Mosher, Thos. B. Carson, W. S. Harding, Mrs. Roy Crawford, Miss Nellie Shaw, Mrs. John S. Addy and others.

The Ben Lomond House was headquarters for the majority of the visitors where all were given a hearty welcome by the proprietress Mrs. Barker.

The following is a complete list of prize winners in the different departments:

Women's Department.
Best patched bed quilt—Wm. R. McPate, 1st; John McPate, 2nd; Wm. T. Boyle, 3rd.
Best two pair socks—T. Fred Stephenson, 1st; Wm. R. McPate, 2nd; John McPate, 3rd.
Best two pair mittens—Wm. R. McPate, 1st; Wm. T. Boyle, 2nd; John McPate, 3rd.
Best hooked rag mat—Wm. R. McPate, 1st; T. Fred Stephenson, 2nd; Wm. T. Boyle, 3rd.
Best hooked yarn mat—Wm. T.

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches. The kidneys, liver and bowels must be removed to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

One pill a dose, 25 cents a box, all dealers, or Edmunds, Bates & Co., Ltd., Toronto.

Dr. Chase's Kidney Liver Pills

BRINGING UP FATHER

10 BETTER LEAVE THIS CORNED BEEF OUT HERE UNTIL I GO IN TO SEE MARGIE—ALL-GO IT WHEN SHE SENDS ME TO THE STORE.

I WANNA TAKE IT OVER TO DUGAN'S HOUSE AN' HAVE HIM COOK IT FOR ME.

WELL, MARGIE DO YOU WANT ME TO GO TO THE STORE.

YES AND BE QUICK ABOUT IT.

NOW FOR THE CORNED BEEF.

O-W!

SIMONDS AND LOCH LOMOND AGRICULTURAL SOCIETY FAIR

Large Attendance Despite Threatening Weather Yesterday—Many Visitors from the City and Surrounding Country—Exhibits of Exceptionally High Class—Complete List of Prize Winners.

The Simonds and Loch Lomond Agricultural Society annual fair was held at Loch Lomond yesterday and was largely attended. The rain in the morning kept many from attending but the crowd present was large and all was high in their praise of the high grade of exhibits shown by the country farmers. The judges state that the horses, cattle, produce, etc. exhibited yesterday rank equal with any shown in much larger exhibitions and were far superior to many exhibited in some of the best fairs in the province. The general secretary-treasurer, Squire Alexander Johnston, with Mr. Boyle and other members of the society were kept on the jump all day greeting old friends and looking after the fair in such a manner that everything went off without a hitch, and the members were pleased to hear the complimentary remarks that were passed on such a successful show. One visitor which Squire Johnston and the other members were most happy to meet was William Shaw, of St. John, and honorary president of the society, and one of the first to start the society on its many years of success.

The judges in the different departments had a hard task to perform as all the exhibits were of such a high grade, and when it came to judging the exhibits of butter, every exhibit was so excellent that they were forced to give a first prize to each exhibitor. The exhibits in the women's department, viz. fancy work, mats, quilts, etc. proved the best ever shown at the Simonds and Loch Lomond fair, and came in for the highest praise from the visitors. In the produce exhibits the potatoes shown by Guy Johnstone were extremely large, while a squash grown in the vicinity of seventy-two pounds was a monster. William R. McPate, John McPate, Austin T. Baker, Wm. T. Boyle, James McFarlane, Ernest Graham, Ed. Young, Fred B. Waters, Frank Boyle, Miss E. H. Johnstone were among the principal winners. In fact every year shows a decided improvement over previous ones in the exhibits. Among the visitors to the fair yesterday were Premier Foster and Mrs. Foster, Hon. J. B. M. Baxter, Judge Armstrong, Wm. Shaw, H. V. MacKinnon, Mr. and Mrs. R. T. Worden, Mrs. C. H. Jackson, Mr. and Mrs. William Johnston, Counsellor Shillington, LeBaron Jordan, Mrs. George H. Waring, Mrs. Harry Ervin, C. H. Smyth, Joseph Noble, Hober Kettl, Harry Tippet, J. McMurray, J. O'Brien, Leon Keith, Martin McGuire, Mr. and Mrs. Wm. Mullin, Counsellor Donohov, H. Dickson, M. L. A., John Lapeet, J. P. Mosher, Thos. B. Carson, W. S. Harding, Mrs. Roy Crawford, Miss Nellie Shaw, Mrs. John S. Addy and others.

The Ben Lomond House was headquarters for the majority of the visitors where all were given a hearty welcome by the proprietress Mrs. Barker.

The following is a complete list of prize winners in the different departments.

Women's Department.
Best patched bed quilt—Wm. R. McPate, 1st; John McPate, 2nd; Wm. T. Boyle, 3rd.
Best two pair socks—T. Fred Stephenson, 1st; Wm. R. McPate, 2nd; John McPate, 3rd.
Best two pair mittens—Wm. R. McPate, 1st; Wm. T. Boyle, 2nd; John McPate, 3rd.
Best hooked rag mat—Wm. R. McPate, 1st; T. Fred Stephenson, 2nd; Wm. T. Boyle, 3rd.
Best hooked yarn mat—Wm. T. Boyle, 1st.

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches. The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney-Liver Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

One pill a dose, 25 cents a box, all dealers, or Edmussen, Bates & Co., Ltd., Toronto.

Dr. Chase's Kidney-Liver Pills

Austin T. Baker, 1st; John McPate, 2nd and 3rd.
Best Bushel Potatoes, Maricao—John McPate, 1st; Wm. R. McPate, 2nd; Austin T. Baker, 3rd.
Best Bushel Potatoes, Snowflake—T. Fred Stephenson, 1st; Wm. R. McPate, 2nd; Wm. T. Boyle, 3rd.
Best Assortment, Six Potatoes to Bushel—Austin T. Baker, 1st; Wm. R. McPate, 2nd; John McPate, 3rd.
Best Bushel Green Mountain—Guy P. Johnstone, 1st; Wm. R. McPate, 2nd; Austin T. Baker, 3rd.
Best Assortment of Apples, six varieties and six to each—John McPate, 1st; Austin T. Baker, 2nd.
Best Half Bushel Apples—James McFarlane, 1st; John McPate, 2nd and 3rd.
Best Peck Onions—Wm. McPate, 1st, 2nd and 3rd.
Best Three Pumpkins—T. Fred Stephenson, 1st; Austin T. Baker, 2nd; Wm. T. Boyle, 3rd.
Best Three Squash—Austin T. Baker, 1st, 2nd and 3rd.
Best Six Cauliflowers—Fred B. Waters, 1st; Ed. Young, 2nd and 3rd.
Best Six Cabbages, white—Ernest Graham, 1st; Fred B. Waters, 2nd and 3rd.
Best Six Cabbages, red—Austin T. Baker, 1st and 2nd; John McPate, 3rd.
Best Tub of Butter—in this exhibit the judges found that all were so good and equal that a first prize was awarded all the exhibitors, among whom were W. R. McPate, James McFarlane, John McPate, Miss E. H. Johnstone and W. T. Boyle.
The judges were J. A. Lapeet, H. V. Dickson, M. L. A., and J. P. Mosher.

OBITUARY

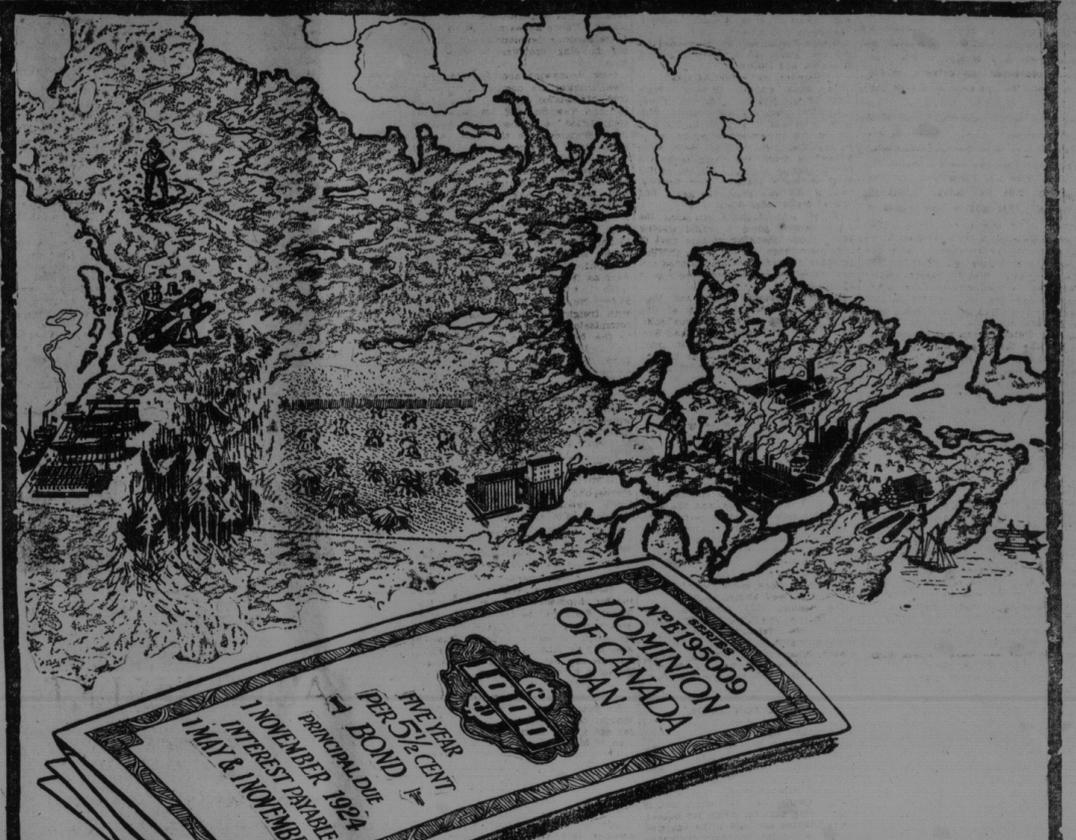

Mrs. Emeline Lloyd.
The death of Mrs. Emeline Lloyd took place early Friday morning at the home of her son, Robert E. Gilchrist, McDonald's Corner, Queens Co.

Thursday, however, she became worse and her death resulted. She is survived by five sons, Robert E. Gilchrist, McDonald's Corner; Dr. M. R. and Dr. H. A. Gilchrist of Calgary; J. M. Gilchrist of the British Navy and Dr. Wallace Lloyd of Calgary and two daughters, Mrs. George Reed and Mrs. Colwell, both of Vancouver. The funeral will take place on Friday. Interment will be at McDonald's Corner. D. McD. Campbell.

Wretchedness OF Constipation

Can Be Quickly Overcome by CARTER'S LITTLE LIVER PILLS. Purely vegetable—act sure and gently on the liver. Correct biliousness, headache, indigestion. They do their duty.

Small Pill—Small Dose—Small Price. DR. CARTER'S LITTLE LIVER PILLS, Nature's great nerve and blood tonic for Anemia, Rheumatism, Nervousness, Sleeplessness and Female Weakness.

Back of Canada's Victory Bonds

WHEN you loan money you make sure the borrower is able to repay the loan and that he will pay you the interest regularly as it falls due.

When you loan money to Canada you know your money is absolutely safe.

Back of Canada's Victory Bonds is the entire wealth that Canada possesses—all her industries and all her resources in minerals, fisheries, forests and lands.

Canada has one-third of the area of the whole British Empire; she is larger than thirty United Kingdoms; twice the size of India; eighteen times as large as France. She is practically as large as all of the European countries put together.

Canada is larger than the United States including Alaska (Canada, 3,729,665 square miles; United States and Alaska, 3,617,673 square miles).

Canada has over 440,000,000 acres of farm lands—and only one-eighth of it is yet under cultivation.

Canada has the most extensive and best stocked fisheries in the world—232,000 square miles of fishing waters.

Canada has over 225,000,000 acres of commercial timber—she is the great forest resource of the Empire.

Canada's mineral deposits have scarcely been scratched—yet her mines yielded \$20,204,970 last year.

Canada's field crops have doubled in five years—from \$52,771,500 to \$1,367,909,970.

Canada's people have increased their cash balances in Banks and Post Offices nearly seventy per cent. in five years—from \$1,086,013,704 to \$2,740,462,509.

Canada's trade has more than doubled in five years—from \$1,085,175,572 to \$2,564,462,215. Canada emerges from the war one of the world's greatest and strongest nations—her natural wealth equals \$2,000 for each man, woman and child of her population.

Canada's Victory Bonds are the finest possible investment where safety is the chief consideration.

Moreover, when you loan your money to Canada you know that the interest will be paid every six months—all you have to do is to go to the nearest Bank and get it.

Canadians will soon be given another opportunity to buy Victory Bonds.

This will probably be the last time you will be able to purchase Canada's bonds on such favorable terms.

Prepare to buy—All Canada is Your Security.

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee, in co-operation with the Minister of Finance of the Dominion of Canada.

Canada's Victory Loan 1919

HESITATION TO THE FRONT IN STOCK TRANSACTIONS

Monetary Conditions and the Industrial Outlook Seemed to Offer Sufficient Explanation for the Situation.

New York, Oct. 15.-Monetary conditions and the industrial situation seemed to offer explanation for the further hesitation shown by the stock market today, intermittent pressure from the shorts adding to the irregularity. Call loans, which closed at fourteen and fifteen per cent, yesterday opened at nine, soon rising to twelve with fourteen per cent. quoted in the final hour, another advance to fifteen per cent. being made at the end. Industrial developments were somewhat confusing, settlement of local labor differences being offset by the strike call of the United Mine Workers, and less optimistic views of steel trade authorities. Dealings failed by a considerable margin to approach yesterday's large and more varied turnover. It was regarded as a day of trading again centered largely in Oils, Motors and Equipments, although Shippings and food shares were included in the operations of bull pockets. Tobacco, Leathers, metal and unclassified specialties were less prominent at mixed gains and losses and rails. Southern Pacific (excepted) were scarcely a factor.

CLOSING STOCK LETTER

(McDougall and Cowans.) New York, Oct. 15.-Call money went to 15 per cent in the afternoon, but the market apparently paid little attention to this fact at the time, and closed strong and active. The Washington industrial conference adopted the resolution postponing consideration of the steel strike until after general principles of arbitration had been adopted, and in order to expedite the work of drawing up such a set of principles adjourned its full session until Thursday afternoon. The Iron Age says today that pressure is needed to keep prices of steel products from rising, a development which would check new enterprises. It is intimated that normal conditions in the steel industry are not likely to be restored for some months to come. Sales, 1,383,000.

PROPERTY TRANSFERS

The following real estate transfers have been reported: Saint John. Anglo-Can. Trust Co. Ltd. to W. E. Anderson, property Union street. W. E. Anderson to G. E. Barbour Co. Robt. Chestnut and others to James Anderson, property, St. John. United States Steel failed to hold its recent steady rise at 100.45. The quotation on the dollar was 5 francs, 77 1/2 centimes.

PROSPERITY OF OUR FISHERIES

Depends Upon Loan - Canada Has Best Stocked Commercial Fishing Waters in World.

Canada has the most extensive and best stocked commercial fishing waters in the world, including 6,000 miles of Atlantic and 7,000 miles of Pacific coast, and 220,000 square miles of fresh water. Her territorial fishing grounds extend from the Bay of Fundy to the Strait of Belle Isle on the Atlantic Coast, and from the Fraser River to Prince Rupert on the Pacific, besides the Great Lakes and her other interior waters. The fishery equipment is worth \$37,100,000. The fleet is comprised of 3,065 vessels and 42,236 small boats manned by 71,046 men, in addition to 23,908 employed on shore and 744 fishing without boats. There are 50 fish hatcheries. In one year 1,499,483, 660 fry were distributed. The fishery value in 1917-18 was estimated at over a billion dollars. Fish to the value of \$32,602,151 was exported in 1917-18. To this Canada advanced credits to Great Britain amounting to \$4,000,000, the money being secured through the Victory Loan 1919. And there is every indication that the exports will continue to increase. This, however, is entirely dependent upon Canada's retaining the markets she has secured abroad by extending credits. To enable her to do this she is asking the people of Canada to support the Victory Loan 1919. If Canadians wish to see their fishing industry alone with all the other industries of the Dominion prosper they must make the Victory Loan 1919 a success.

Aroostook Jct.

Aroostook Jct., Oct. 14.-A fatal accident occurred yesterday at Osgood, Me., on the Penikese Island Branch of the C. P. Railway, when Archy T. Hodgson fell from a scaffold while working inside the water tank ereciting pipe. He had only been working a short time when he fell off the staging headfirst to the ground a distance of 18 feet and was picked up in an unconscious condition, was brought to Aroostook Jct. on train No. 186, by Conductor Taylor, transferred to the down express and taken to Woodstock, but no hope was entertained of his recovery and he died last evening, deeply regretted by all his fellow employees, and all who knew him. Archibald T. Hodgson was born February 18th, 1861, and entered the service of the C. P. R. April 21st, 1889. On April 21st, 1911 he was appointed Pump Repairer, Mechanical Department at Madam, N. B., and on Nov. 1st, 1911, was transferred to the B. and N. Department at Woodstock, N. B., where he has worked until his death yesterday. It is a coincidence that Hodgson was very badly hurt by falling inside the water tank at Upper Kent on January 29th, 1914, but he recovered after a long illness. He was a quiet and inoffensive workman, retiring in manner, but was very trustworthy, and has always been looked upon as a most faithful servant of the C. P. R. He was also a Charter Member of Wat's Lodge No. 95 of Madam Jct., I. O. O. F. Miss McKain of Fredericton, held a meeting at Aroostook Jct. yesterday for the purpose of organizing a "Women's Institute," and the result was very encouraging, about 25 ladies became members, and the following officers were elected: President-Mrs. G. A. Hoosier. Vice President-Mrs. J. T. Smith. Sec. Treasurer-Miss A. McIver. Mrs. Orwig and family have returned from a visit to Arthurette. Mrs. L. Rivers has left on a visit to Portland, Me.

TRADE STRONGER ON PARIS BOURSE

Paris, Oct. 15.-Trading on the Bourse today was sustained. Three per cent. rentes were quoted at 61 francs 5 centimes for cash. Exchange on London at 96 francs, 75 centimes. tons a day! McClary's

When making the 100,000 McClary stoves in 1919, vast quantities of iron and steel must be handled every working day. Yet every casting is even more rigidly inspected to-day than in the early days when only a few small stoves went out from the plant to create a name for McClary's. Not an operation in the whole plant is allowed to be hurriedly or carelessly handled. This rigid principle of manufacturing has made McClary's the greatest stove and furnace works under the British Flag. To-day, if you are thinking of buying a heating or cooking device of any nature, you should consult McClary's. Any of this list of Booklets on heating or cooking will be sent, if you mention this paper.

"Horses from the Michon" - about the Kentucky Stud Range. "Might of the Pander" - about the Pander Cent-iron Range. "Comfort in the Home" - on heating with the Franklin Furnace. "Satisfaction" - dealing with McClary's Gas Range. "McClary's Electrical Appliances" - on cooking with electricity. "Healthful Heating" - McClary's Electric Range. "The Story of a Range" - McClary's Simple Construction Coal and Gas Range.

London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Hamilton, Calgary, Saskatoon, Edmonton. See your local paper for names of McClary's dealer.

THE WEATHER

Toronto, Oct. 15.—The weather has been mostly fair and moderately warm today from Ontario eastward, and fair and cool in the West.

Prince Rupert	34	46
Victoria	44	55
Vancouver	44	55
Calgary	28	33
Edmonton	12	24
Montreal	40	52
Winnipeg	18	33
Port Arthur	30	42
Soo	30	44
Parry Sound	42	50
London	42	54
Toronto	47	70
Ottawa	46	64
Montreal	50	62
Quebec	46	62
St. John	48	58
Halifax	45	58

Forecast:—

Maritime—Moderate southwest winds; mostly fair; not much change in temperature.

Northern New England—Partly cloudy Thursday and Friday; cooler Friday; moderate south and southwest winds.

AROUND THE CITY

FUND RAPIDLY GROWING.
Only a couple of hundred dollars remain to be secured by the Rotary Club to realize the fund of \$5,000 which is being collected for the sufferers from the Oromocto fire.

NEW SCHOOL OPENED.
To relieve the overcrowding of St. Joseph School, a new school room was opened in the Temperance Hall on St. James' street yesterday morning. Grades one and two, both boys and girls, are in the classes, with Miss Maude Kelly in charge.

CITY MAKES REPAIRS.
Commissioner Bullock and the city engineer visited the West Side bridge yesterday and recommended the repairing of the runway in number 5 shed. The work of replanking the approach to number 5 shed has been finished, practically.

SIDEWALK IMPROVEMENT.
The public works department is preparing to start sidewalk work on Gormin street, between King and Union. New walks of asphalt will be laid on both sides of the street. Next week, asphalt will be spread on walks in West St. John.

A MOTOR PARTY.
A motor party, consisting of S. M. Skelton, George R. Cross, P. H. Gillespie and H. S. Manshan, arrived in the city last night from Stamford, Connecticut, and will spend several days touring this and the neighboring province of Nova Scotia.

TAKEN TO HOSPITAL.
Eltin Trisler, aged 30, had his right shoulder and right leg badly bruised yesterday afternoon when the horse that draws his bakery wagon ran away, throwing him from the vehicle. He is reported on the mend at the General Public Hospital and will be able to resume his duties within a few days.

WAS THEIR MOVE.
That the "new woman" is rapidly learning the benefits bestowed on her by taxation and the power of the ballot was evidenced last night when a group of three young ladies and two men who were standing talking on Charlotte street were ordered to "move on" by a blue-coated guardian of the peace. And they moved.

UNCLAIMED FREIGHT SALE.
The annual sale of unclaimed express parcels, collected by the Canadian Express Company from the various offices and branches throughout the Maritime Provinces, was held yesterday morning at F. J. Potts' auction rooms. There was a good attendance of bargain hunters and some high prices were realized.

NURSES' EXAMINATIONS.
Qualifying examinations for registered nurses are being conducted today at the rooms of the Natural History Society, Union street. Sixteen candidates are taking the exams. The examiners are Dr. W. W. White, Miss Retallick, Dr. G. C. VanWar, Miss Arthretia Branscombe, St. Stephen and Miss Elizabeth Sanson, Fredricton.

AUTOMOBILES COLLIDE.
An auto driven by Dr. F. C. Bonnell, coming down the south side of King Square toward Charlotte, collided with another car driven by R. E. Ritchie, who was driving along Charlotte, headed south. The prompt application of brakes by Dr. Bonnell prevented what could easily have been a very serious accident. As it was, Mr. Ritchie's car received very light damage to the running board, while Dr. Bonnell's car had a headlight broken.

WOMEN'S HOSPITAL AID.
Regular meeting Thursday afternoon, 5.30, Board of Trade.

PRESENTATION TO MRS. CUDLIP
Members of St. Paul's Needlework Society Meet to Say Farewell to Former President—Leaving for Montreal.

A number of the members of the St. Paul's congregation assembled at the residence of Mrs. John K. Schofield, Hazen street, yesterday afternoon, in honor of Mrs. J. Bright Cudlip, who is shortly to leave for Montreal.

During the afternoon Archdeacon Crofton on behalf of the members of the St. Paul's Needlework Society presented Mrs. Cudlip with a very beautiful travelling clock in a leather case, bearing Mrs. Cudlip's name and the date. Archdeacon Crofton spoke of the regret felt by all at the removal from St. John of J. B. Cudlip and his family and referred to Mrs. Cudlip's many terms as president of the Needlework Society and the good work accomplished by her. Mrs. Cudlip made a fitting reply.

Interesting Case Is Closely Watched

Property Located at Salmon Creek, Sunbury County, is Dispute—Important Evidence Taken by Commissioner on Saturday.

An interesting land suit case, in which Moncton parties are concerned, is due for hearing before Judge Crofton in the next sitting of the Sunbury County Supreme Court. The case is that of Lister vs. Wm. Hargrove and wife, of Salmon Creek, Sunbury Co., the plaintiff being a well known photographer of Moncton city.

In connection with the forthcoming hearing of the case, a commissioner was recently appointed by the Supreme Court, to hear the evidence of Mr. and Mrs. David Humphrey, of Salmon Creek, the former aged 50 years and the latter 37.

Commissioner Guy Peasey, of Fredericton, accordingly appointed Saturday of last week for the hearing of the aforesaid evidence at Salmon Creek. E. A. Kelly, K. C., of Moncton was present in behalf of the plaintiff and P. J. Hughes, of Moncton and Hughes, Fredericton, for the defendant. The hearing of both witnesses occupied considerable time, concluding late Saturday night.

The suit in question is for the title to a lot of land, partly cultivated and partly timber, located at or near Salmon Creek, which was purchased by the plaintiff from David Humphrey, who owned the same through right of property, fencing the same and therefor claims title, disputing the claim of Humphrey, whose rights were purchased by the plaintiff, J. W. Lister. The case, which will be tried shortly, is being closely watched by the legal fraternity as well as many others.

Deep Interest In Forward Movement

First of a Series of Mid-Week Services Held in St. Andrew's Church Last Evening—Members Pledged to the Work.

The first of a series of mid-week meetings to forward the interest in the Forward Movement in St. Andrew's Presbyterian Church was held last evening and attended by a large and representative gathering. The minister, Rev. F. S. Dowling presided and was assisted by members of session. The subject under discussion was the need of intercessory prayer. The Forward Movement Committee of the Presbyterian Church in Canada is making each congregation to enroll its members in a comradeship of intercession.

The minister spoke of prayer as a channel through which God could and would do for the world what he could not do if he has a prayerless church and a prayerless people. God has wonderfully blessed the human race through the endorsement of the capacity to think. Through the powers to think man has achieved remarkable progress. So too through a pair of hands, dedicated to tell God has been able to pour out upon the race, what he could not if hands were idle. Similarly giving man the instinct to pray, God has an additional means by which to bless the race with a heritage that can not come through the brain or the hands but only through the exercise of the instinct to pray. A prayerless church is a fruitless life in Christ. The Christian church can only move forward through prayer.

In a Christian Endeavor Society in Toronto some years ago so keen was the interest in foreign missions that the society pledged its membership to pray God to choose from its members at least one each year to go into the foreign field. In nine years eleven men and women went out for missionaries.

When the whole church waits upon God in this spirit of intercession what an invasion of unoccupied territory there will be by Christian missionaries.

The meeting deeply impressed, was impelled by all standing to pledge themselves to engage in intercessory prayer each day for at least the following things:

- 1.—Quickening of the church through the realized pressure of the Holy Ghost.
- 2.—For the Salvation of souls.
- 3.—For all pastors, teachers, missionaries and church leaders, that they may be on hand with power from on high.
- 4.—For the Christianization of our social, industrial, National and international relationships.
- 5.—For recruits for the ministry and other workers.
- 6.—For the coming of Christ to the whole world.

Each Wednesday evening meeting is to be devoted to a subject relating to the movement and those present at this first meeting were greatly pleased as the interest manifested and anticipated the meetings will steadily grow in numbers and spiritual benefit.

The subject for the meeting next Wednesday evening will be "Religion and the Home."

First of a Series of Mid-Week Services Held in St. Andrew's Church Last Evening—Members Pledged to the Work.

The first of a series of mid-week meetings to forward the interest in the Forward Movement in St. Andrew's Presbyterian Church was held last evening and attended by a large and representative gathering. The minister, Rev. F. S. Dowling presided and was assisted by members of session. The subject under discussion was the need of intercessory prayer. The Forward Movement Committee of the Presbyterian Church in Canada is making each congregation to enroll its members in a comradeship of intercession.

Sardine Factories Expected To Close

In Normal Years Canning Season Usually Extends to First of December—Thyre Eastport Factories Closed Last Week.

Many of the sardine factories in Eastport and Lubec are expected to close down shortly, though in normal years the canning season usually extends to the first of December. The Thyre factories ceased operation in Eastport last week, throwing about 250 people out of work, according to a visitor from the firm who arrived here yesterday. Most of the Maine factories started late in the season and with an early closing, the people who have depended on this industry for their summer's earnings have been badly disappointed. At the Maine ports there are thousands of people who have depended on this industry for their summer's earnings, and the wet fishermen along the coast have made very little this summer, especially when compared with their wartime earnings.

At the beginning of the year it was reported that the Maine packers had on their hands 600,000 cases of 100 tins each, and even yet they are said to be carrying considerable stocks of last year's pack. As they had to pay the fishermen about \$25 per hoghead last year for their catch, the packers claimed that to sell last year's pack at less than \$5 a case meant a loss. At present some brands of sardines are being quoted at \$4 per case, but the finer brands put up with greater care are selling at from \$6 to \$10 per case.

During the short season this summer great quantities of sardines at \$5 a hoghead, a big drop for the fishermen who during 1917 and 1918 were allowed by the government a price of \$25. There has also been an abundance of labor at wages of about 30 cents an hour. Some threatened strikes for higher rates not materializing. But the high rates and the ban against high prices of oil, a conserved oil having advanced from 7 per barrel some years before the war to \$125 a barrel last season. Now in the history of the sardine industry has a better quality of herrin been caught in the waters of Passamaquoddy Bay and along the coast of Maine and Charlotte County, and it is unfortunate that this desirable product could not have been packed in larger quantities.

Rally Week At The Queen Square

Programme of Meetings Prepared Beginning Sunday, October 19th—Morial Tablet to be Unveiled.

A rally week is to be held at the Queen Square Methodist Church opening on Sunday next with special services. The sermons at the morning and evening services will be preached by Rev. Hammond Johnson, a former pastor of the church who was transferred to a church in Moncton. In the afternoon there will be a session of the Sunday school, and at 2.30 a memorial tablet to the men of the church who gave their lives in the great war will be unveiled. Rev. M. E. Connor, B. A., giving the address.

Monday at eight o'clock the Epworth League will have a rally and social evening, and Tuesday evening the members of the congregation will gather for their social on Wednesday evening a prayer and social service will be held. Rev. George Morley is the present pastor of Queen Square Methodist church.

Closing of Red Triangle Club

Ladies' Committee Regret the Decision Arrived at by Central Committee—Furnishings Will be Offered to V. A. D.

Great regret was expressed by the ladies of the Canteen Committee of the Red Triangle Club that it had been decided to close the rooms. The committee met yesterday to talk matters over but came to no decision as to the carrying on of the work. The furnishings of the canteen will be offered to the V. A. D. and other furnishings will be returned to the Y. M. C. A.

It is a question whether it is necessary to keep the rooms open for the twelve or eighteen men who make use of the place in the evenings as the expense is very great. It is stated that the decision to close was made by the central committee of the Y. M. C. A., and that many of the ladies are in favor of maintaining the Red Triangle, feeling that the soldiers have learned to regard it as home. The service given by the ladies has, of course, been entirely voluntary and they have faithfully looked after all canteen arrangements since the opening of the Club.

Common Council Meeting Yesterday

Affirmed Principle of Leasing or Selling Land on Rodney and Ludlow Streets Bordering Mill Pond—Other Business Transacted.

The City Council met yesterday afternoon, and affirmed the principle that the land on Rodney and Ludlow streets bordering on the mill-pond should only be leased or sold for industrial sites, and Com. Bullock suggested they should start filling in and reclaiming factory sites there. Other matters dealt with were of a routine nature.

Com. Bullock submitted the final estimate of the City Engineer on the contract with the Engineers and Contractors, Ltd., for the restoration of the North Rodney Wharf, showing a balance due to the said contractors of \$7,741.00; \$44,153 of which is for extras, chargeable as follows: \$27,324 to the Bond Issue and the balance to Wharf Account.

The Commissioner recommended that the amount be paid and the deposit in the hands of the Chamberlain returned, and that the estimate be increased from \$35,400 to \$38,000. Adopted.

A letter was received suggesting that the Council assist the Dominion government by taking a page or so in the newspapers to help advertise the Victory Loan.

Com. Thornton—Why a whole page?

The Mayor—I wonder if the newspapers are giving any space on their own account to advertise the loan.

Some of the commissioners thought the newspapers had done something in the past to boost the war loan, and that the suggestion that the city should do something was worth considering.

The Mayor said the Dominion government was not remarkable for extending a helping hand to St. John. He agreed that when the Dominion had a check against the city the bill arrived promptly. He had just had to hand over \$50 of the city's money to the government, and he did not like to see the Dominion government's hand against the city.

The Chairman of Assessors asked at Miss Nixon, who has been employed in the assessors' office as a clerk for six months, be engaged permanently. The matter was referred to the committee of the whole.

The application of the Imperial Motor Co. for permission to erect a sign at 298 Union street was granted. A Green sign was granted permission to erect a gasolene tank in the rear of 64 Charlotte street.

The Commissioner of Safety was granted authority to pool the unexpended balances in the police and fire departments.

Com. Jones reported that he had asked various city firms to tender for supplies to the department, and asked authority to make the following purchases: From T. McAvity & Sons, 50 stop-cock valves for manholes, at \$20 each, and 50 sewer manhole covers, at \$14 each, at the Union Foundry, 35 catch-basin caps, at \$9.00 each; 25 catch-basin frames, at \$8.00 each; 25 catch-basin gratings, at \$4.00; and 300 service stop-cock boxes, at \$4.00 each. The total expenditure would be \$3,375. Where tenders were the same, the purchases were divided between the two firms. Authority to purchase was granted.

Walter H. Lord applied for a lease on lot 225, corner of Ludlow and Rodney streets, West side.

Com. Bullock said the land in that vicinity should be reserved for factory sites. It was the only area near the waterfront and the railroads, and they should do a lot of filling in there to make industrial sites. If a lease was granted, it should only be for a short time.

Com. Bullock moved that in the opinion of the Council the area thereabout should only be leased for factory uses. This was adopted.

The Chairman of Assessors reported that James O'Leary, district tax commissioner for Stanley Bay, had come to St. John for the year, and an order was passed that he be paid the usual indemnity.

The Davis Portable Electric Sewing Machine

Nine Reasons Why You Should Own a DAVIS Portable Electric

1. Relief from drudgery.
2. Convenience.
3. Portability.
4. Perfect Control.
5. Promotes Health.
6. Wide range of work.
7. Attachments included free.
8. Economy of operation.
9. Remarkably low price.

Why pedal a sewing machine when electricity can do it better?

Every woman who has operated a sewing machine knows that the tiresome part of machine sewing is the pedaling. The constant treadle movement wears the muscles and brings on nervousness. With the Davis Portable Electric, the operator's mind is centered on the sewing to be done. The little motor does all the drudgery; relieves you of all the pedaling. You simply guide the materials as they slide under the needle.
