

REDS READY FOR TRUCE IF POLES LAY DOWN ARMS

Willing to Conclude Peace With Poland Provided She Will Agree to Become a Military Impotent.

PLAN OFFENSIVE TO RECONSTITUTE EMPIRE

Want to Wipe Out All Buffer States and Attain Territory Held Before War.

NEGOTIATING FOR ARMISTICE

Warsaw, July 25.—(By the Associated Press.)—Armistice negotiations between representatives of Poland and Soviet Russia probably will be held at Brest-Litovsk, according to Diet circles late yesterday.

Negotiations to bring about the initial meeting of the military commanders to arrange for a conference between the deputations of both sides already are under way somewhere on the front lines.

Copyright, 1920, by Public Ledger Co. Geneva, July 24.—An extraordinary council of war, at which the future military plans of the Soviet republic were decided, was held in the Kremlin, July 10, according to information obtained by your correspondent from trustworthy sources. The council of war was presided over by Leon Trotsky.

Besides the Soviet chiefs, there were present as military advisers General Pavlovsky, minister under the czar, and General Kondrovsky, who was quartermaster general of the czar's army.

The following important decisions were adopted:

First. To conclude an armistice with the Poles, provided its terms be such as to reduce Poland to definite military impotence and render it impossible for Poland to act longer as a barrier between Russia and Germany.

Second. To launch an offensive against General Wrangel and immediately drive him out of the Crimea.

Third. To prepare for an invasion of Armenia and Georgia in order to effect a junction between Russia and Turkey.

Fourth. To reconquer Bessarabia by provoking a conflict with Rumania. This plan consists in advancing with Trotsky's full approval, was based on the assumption that an armistice with Poland would permit the utilization of the main forces of the Red army on other fronts. It pursues the double aim of reconstructing the Russian empire as it was in the czar's time and of extending the sphere of Red prestige and propaganda westward by advancing the political frontiers of Bolshevism and eliminating buffer states.

YOUTH CONFESSES TO KILLING MOTHER

Father Was Hanged for the Crime About Seven Years Ago—Result of Boyish Feud.

Toronto, Ont., July 25.—Continuing the story told by Arnel Love, that he had killed his mother, for which his father had been hanged seven years ago, Rev. G. M. Sharpe, of the Evangelist, on Saturday said:

"Arnel told me that his mother and he had been in a sort of boyish feud for some time. This morning he was anxious to get to school to have some fun. His mother told him to draw some wood and water. He threw down his school bag in a temper, got the wood and on entering with an armful saw his mother standing over him. Turning suddenly he struck her in a temper with one of the pieces of wood, never knowing the effect it would have. Then she fell, he scarcely knew what to do. He lifted the oil cloth from the trap door, grabbed a knife off the table on the way down and what followed he has scarcely a clear idea."

"As regards experiences before the trial," stated Mr. Sharpe, "he said that the detectives had questioned him in an alarming manner, shouting at him. They said to the boy, according to his story 'You know your father killed your mother? If you do not tell us what you know there is only one thing to do and that is put you in jail.' The boy answered that it was his father who did it, knowing that it was untrue, but never thinking that his father would hang for it. Then when the trial came he thought he must say the same."

THE GREEKS HAVE OCCUPIED ADRIANOPLE

London, July 25.—The Greeks have occupied Adrianople, according to an announcement made in the Athens newspapers Saturday and forwarded to the Exchange Telegraph Company. King Alexander will enter Adrianople Sunday.

MANY INJURED IN DEMONSTRATION AGAINST H. C. L.

Paris, July 24.—During demonstrations in protest against the high cost of living in Treves, 15 persons were wounded and several stores were pillaged, according to a despatch to the Matin today. The police arrested thirty persons after which the French occupational forces intervened and restored order.

U. S. CONGRESS URGED TO ACT QUICKLY

In Order to Secure Waterway Connecting Atlantic With the Great Lakes.

Detroit, Mich., July 25.—After passing a resolution urging the United States Congress to act quickly for a waterway connecting the Atlantic with the Great Lakes-St. Lawrence Tidewater Congress adjourned Saturday.

Call for the next Congress was left with the executive committee of the Tidewater Association, meeting in conjunction with the congress, today re-elected its officers.

A telegram from Herbert Hoover in which the former food administrator urged building of the proposed Great Lakes-St. Lawrence waterway under direction of a consolidation of the construction and engineering departments of the government into a single public works department, to replace the present department under the czar, said General Kondrovsky, who was quartermaster general of the czar's army.

BRITISH STEAMER SENDS OUT S. O. S.

Struck Uncharted Rock on Eastern Shore in Vicinity of Canso—Tore Big Hole in Bow.

Halifax, July 25.—(Canadian Press.)—The British steamer Willdomino, bound to Halifax, struck an uncharted rock on the eastern shore in the vicinity of Canso, N. S., on Sunday, and tore a big hole in her bow. The steamer's bow is full of water. She sent out a wireless call for assistance, and the Canadian Government steamer Lady Laurier has been dispatched to her aid. The freighter is anchored five miles off White Island, and is sixty-five miles from Halifax. According to a radio tonight, the steamer has twenty feet of water in her fore peak. It is expected the Lady Laurier will reach her tonight, and at once take her in tow for Halifax.

The steamer Scotia, from Canso, is now alongside the Willdomino. The Willdomino was formerly the War Convoy, and was built at Vancouver, B. C., in 1919, and registers 7,775 gross tons. She is bound from St. Michaels via Halifax for New York.

DIES AS RESULT OF INJURIES

Lad Falls Under Wheels of Freight Train, Having Both Legs Badly Mangled.

Halifax, N. S., July 25.—Albert Murphy, 16 years of age, died in hospital last night as the result of injuries he received by being run over by a freight train earlier in the evening. He was a cooper, employed at the Sugar Refinery, and after knocking off work he attempted to board a moving freight train bound to Dartmouth. He missed his hold and fell under the wheels, his limbs being badly mangled.

MUST KEEP NAVY UP TO STRENGTH

Now at Lowest Limits Consistent With Prudence.

London, July 25.—(By Canadian Associated Press.)—Earl Beatty, receiving the freedom of Sheffield, said that, with the disappearance of the German fleet, they were released from the intolerable burden of competitive building, but they must bear in mind the present financial conditions very little would cost a great deal. The navy, he said, was now reduced to the lowest limits consistent with prudence.

TURKISH PEACE TREATY TO BE SIGNED THURSDAY

Paris, July 25.—The Temps says today that the Turkish peace treaty probably will be signed on Thursday next in the De Severs property, just outside Paris.

GOVT REACHES PARTING OF WAY IN IRELAND

One Way Leads to Plans for Home Rule, While Other Means More Soldiers and Stricter Laws.

TWO EXTREME FACTIONS AT WORK

Orangemen Who Want Irish System as it is, and Sinn Feiners Demanding Independence.

London, July 25.—Sir Horace Plunkett, founder of the Irish Dominion League, and leader of the moderate Irish Nationalist opinion, told a Newcastle audience yesterday that the situation in Ireland is more grave than he has known in his life. A similar view is reflected by the newspapers of both England and Ireland of all shades of politics. It found expression in all the speeches of Thursday's discussions in the House of Commons, even Sir Edward Carson declaring he had never known anything like the state of anarchy prevailing, and that "in three-quarters of Ireland the British government has been entirely beaten."

Sir Hamar Greenwood, chief secretary for Ireland, warned the country to brace itself against a bitter period in Irish history.

The rioting in Belfast subsided yesterday, but there are plenty of signs that the lull is only temporary.

Both from Mr. Lloyd George's statement to the labor delegation Thursday, and from Sir Hamar's speech, it is considered apparent that the Government regards a parting of the ways as having been reached. One road leads toward negotiation with the Sinn Fein on the basis of a Dominion form of government, while the other apparently leads toward the bitter period which Sir Hamar foresees with more soldiers and stricter laws for repression, foremost among them, include ones for the trial of criminals by summary courts and the giving up of attempts to induce jurymen to answer to a summons.

Two Extreme Factions.

There are two extreme factions in Ireland now, the Orangemen of the North, who insist upon maintaining the Irish system as it is, and the Sinn Feiners, who demand independence. Between these policies lies the middle course of Dominion Government with Ulster excluded, which Mr. Lloyd George has declared he is willing to consider.

MEETING OF SIGNIFICANCE

Four Members of British Gov't Entertained by Nat'l Liberal Club at London.

London, July 25.—(By Canadian Associated Press.)—Four members of the government, Sir Hamar Greenwood, Dr. MacNamara, Food Controller McCurdy and Sir William Sutherland were entertained at the National Liberal Club Friday night to celebrate the retention of their seats and by-elections. The gathering at the club was the first since the outbreak of the hostility of the Liberals who dominate the Club's committee, towards the gathering, which they only permitted at the last moment.

Premier Lloyd George wrote: "In the face of bitter and baseless reproaches it is significant that these ministers should have received majorities varying from 1,800 to 3,400 in constituencies which have a strong radical history. Moreover, their return took place when the light was darkened by the arrows of the nigger. It was a real triumph for national steadiness."

ANOTHER BIG LIQUOR SEIZURE

Fredrikton, July 24.—One of the largest liquor seizures in this province has been made by Liquor Sub-inspector Daigle at Baker Lake, Madawaska county, on Thursday evening, according to information received over the long distance phone by Chief Inspector Wilson.

The sub-inspectors have increased their vigilance on the lookout for shipments of liquor bound from Montreal to the border. On Thursday evening, acting upon a "tip," Sub-inspector Daigle seized a carload of liquor consigned to several parties along the border. The shipment contained 42 barrels and nine cases of whiskey, valued at about \$9,000.

The shipment will arrive here next week and will be stored in the department buildings.

The Chief Inspector stated that on Tuesday evening Inspectors Demmings and Nevers had raided several of the houses long the border lines and secured quantities of liquor.

CANADIAN COAL TO EUROPE

Victoria, B. C., July 25.—The first shipment of British Columbia coal to Europe will be made on or about 28, when the Canadian Collieries (Dunsmuir's), Ltd., will ship 4,500 tons of coal to Sweden.

GERMANS PROHIBIT EXPORTATION OF ARMS TO POLAND

Berlin, July 25.—The German Government today proclaimed an ordinance prohibiting the exportation and transmitting of arms, munitions, explosives, or other war materials to Poland or Russia. The proclamation adds that Germany exercises the right she enjoys, in accordance with the law of nations, which remains untouched by the provisions of the Peace Treaty.

TWO TRAGIC DEATHS NEAR NEW GLASGOW

Young Man Killed by Train—Mystery Surrounds Death of Second Man.

New Glasgow, N. S., July 25.—(By Canadian Press.)—Two tragic deaths in this vicinity on Saturday night. Lester Harris, a young man belonging to South Stellarton, was killed in the Stellarton railway yard. He had been to New Glasgow and returned to Stellarton on the nine o'clock train. He started to walk to his home through the railway yard. His body was later found lying across the main line track with both legs cut off. He was unmarried and about 25 years of age.

Sunday morning in New Glasgow, the lifeless body of Daniel McInnis, a laboring man, was found in an alleyway off Victoria street. There was a bad gash in the back of his head, to which his death is attributed. Late on Saturday night he was seen lying on the sidewalk on South George street by a woman living near who heard him moaning. She called Police Officer Nicholson of the C. N. R. force. When he reached the place where the man was lying he found him dead. The officer asked them if they knew where he lived. They replied, "Yes, on Marsh street."

The officer saw them carry him away. An incident related is that the man's watch was hanging out and Officer Nicholson told them to put it in his pocket. This they did, but when the body was found the watch was not there. The officer's impression was that the man's watch had been taken by someone who had him in charge, out of kindness, taking him home. It is known that they gave the true residence address, for McInnis lived at Parkdale. The police believe that there was foul play in connection with McInnis' death and a thorough inquiry will be made into the circumstances surrounding it. Coroner Kennedy held an inquest. The deceased was a quiet, inoffensive man and is not thought to have had any enemies. He was about sixty years of age.

BRITAIN TO CONTINUE FOOD MINISTRY

Canadian Authorities Express Grave Opposition to the Measure, Believing it Will Hurt Canada's Trade.

London, July 25.—(By Canadian Associated Press.)—A bill to extend the duration of the ministry of food till September 1922, passed its second reading in the House of Commons Friday night. Food Controller McCurdy declared the ministry had effected hundreds of millions of savings upon the people's food bill.

The Canadian authorities here express grave opposition to the measure. Secretary Griffith, of the High Commissioners office, says the bill gives the ministry power to determine the quantity and price of all Canadian food imported here. In fact, it places the whole Canadian trade in food commodities under the power of the Ministry, which had decontrolled Irish and English bacon, but still maintained control of Canadian bacon, he said. Canadian business would be at the mercy of this department, Mr. Griffith contended.

Several hostile amendments have been tabled for the bill's third reading, it is understood.

IDENTIFY VICTIM OF TRUNK MYSTERY

Clothing Found in Trunk Identified as Having Been Property of Mrs. E. LeRoy of Detroit.

Detroit, Mich., July 26.—Clothing contained in the trunk in which the body of a young woman was shipped from Detroit to New York was positively identified tonight as having been the property of Mrs. E. LeRoy, according to detectives assigned to the case. Patrolman Leo Turnbull, a member of the Detroit police force and a close personal friend of the LeRois, was said to have made the identification. Turnbull also stated that Mrs. LeRoy was formerly Miss Katherine Jackson, a Southern girl, and that she and her husband lived at 405 Harper avenue, Detroit, the address given on the shipping bills for the trunk.

COMES RIGHT BACK AT THE FARM BUREAU

Railroad Employees Resent Charge That They Are Responsible for High Prices.

CLAIM RAILROAD WORKERS WERE LOYAL

While Farmers Took Advantage of War to Extort Exorbitant Prices.

Copyright, 1920, by Public Ledger Co. F. W. WILE.

Washington, July 24.—Charges made by the American Farm Bureau Federation, that the farmers and consumers, now suffering from the transportation breakdown, were paying the cost of inefficient railroad labor and railroad management, has brought a spirited counter charge from friends of the railroad workers.

In an open letter to Mr. Howard, signed by James B. McCarthy, a former inspector of the railroad administration secret service, railroad workers are vigorously defended and the farmers severely blamed for the share in the advance in the cost of living.

"You complain," wrote Mr. McCarthy, "that railroad workers are responsible for the high prices of farm products which have mounted to such a dizzy height that the farmers and consumers, who are miserably defended and the farmers severely blamed for the share in the advance in the cost of living."

"Who is responsible for the high prices of farm products which have mounted to such a dizzy height that the farmers and consumers, who are miserably defended and the farmers severely blamed for the share in the advance in the cost of living?"

"Did you and the members of your organization, feel that you were heaping burdens on the backs of the consumers when you forced the government to fix the prices of farm products at a point higher than ever before dreamed of in order to induce the farmers to remain at the plow and die for our allies and those who produced bread and meat for our soldier boys, our allies and those who remained at home during the world war?"

"It can be said to the everlasting glory of the American railroad workers that 85 per cent of their duty was maintained on duty during that mighty struggle for the cause of humanity and steadfastly supported their government, regardless of the fact that they were not allowed an increase in wages such as was granted employees in navy yards, munition plants, camps, shipping board and other branches of governmental activity."

"You complain," made by railroad workers, but you do not whimper about the enormous increase in farm wages, which in many instances have mounted to \$1 per hour, for an eight-hour day, far in excess of the pay of hundreds of thousands of railroad workers which the farmers are using as a basis for boosting the prices of their products."

MARYSVILLE TO HAVE NEW RESIDENT

Hon. B. Frank Smith, M. L. A., Purchases Valuable Property—To Move from Florenceville.

Special to The Standard. Fredrikton, July 25.—Hon. B. Frank Smith, M. L. A., has purchased the property of the late Alexander Gibson, Jr., former M. P. for York, at Marysville, and it is understood, will remove from East Florenceville, Carleton county, and take up his residence there about September 1st. The purchase price is said to have been \$10,000. The property consists of a modern residence and 80 acres of ground and is located near the Methodist church, in one of the best residential portions of Marysville. It is understood that Mr. Smith has business interests which made his change of residence convenient. The transfer of the property was completed by the Otis and Thomas Company.

MORMONS LIKE CITY OF MONCTON

Endeavoring to Establish a Permanent Organization There.

Special to The Standard. Moncton, July 26.—Elder Jensen, who is in charge of Mormon propaganda from Winnipeg to Halifax, is conducting a campaign in favor of Mormonism in Moncton by an open air meeting last night, and a further meeting in a theatre tonight. Two young assistants are to be located here to establish a permanent organization. A strong attack on the regular clergy characterized the Mormon elder's address tonight.

MRS. MATHEWS SENT UP FOR TRIAL

Special to The Standard. St. Stephen, N. B., July 24.—The hearing of Mrs. Mathews on the charge of murder was continued here this morning and afternoon the evidence was along the same lines as yesterday with no new developments. Mrs. Mathews was sent up for trial at the Supreme Court on October 23rd at St. Andrews.

TWO THOUSAND INDIAN CLOTH SHOPS BURNED

Bombay, July 25.—Two thousand cloth shops in the heart of Bombay, and the biggest cloth market in India, were destroyed by fire Friday night. The loss is estimated at thirty million rupees at least (about \$10,000,000.) No casualties are reported. The cause of the fire is not known.

CANADA FORGINGS TO HAVE MANN TOOL CO.

Plant Recently Destroyed at St. Stephen to be Rebuilt, Providing Municipality Grants Concessions.

Brookville, Ont., July 25.—At the special general meeting of the shareholders of Canada Foundries and Forgings Company, held here Saturday, approval was given to the recommendation of the board of directors of the enterprise involving the acquisition of the Mann Axle and Tool Company of St. Stephen, N. B., approximately 50 per cent of the outstanding stock of the Brookville concern being represented at the meeting either in person or by proxy.

If certain negotiations now being conducted with the municipality of St. Stephen are carried to a satisfactory conclusion, it is stated, the Mann plant at that town will be rebuilt without delay. The business will be conducted under the name of the Mann Axle Company, in which Canada Forgings will own a controlling interest.

The Forgings directors also held their quarterly meeting following which the usual preferred dividend of 1 1/2 per cent and the common one of 3 per cent were declared for the current three months. The earnings of the company it was stated, are well in excess of the requirements in this respect, the process of working the industry into a sound post-war basis being satisfactorily accomplished.

HALIFAX MAY HAVE SYMPATHY STRIKE

In Support of the Striking Marine Workers—Question to be Settled Today.

Halifax, N. S., July 25.—The feeling of organized labor in Halifax, on the question of a general strike in support of the striking marine workers at the shipyard, should be known by noon tomorrow, following a meeting of the executive of the Halifax Trades and Labor Council called for the morning to consider reports from the various local unions. The reports were received by the secretary tonight in response to a questionnaire sent out by the Trades Council. A meeting of the Federation of Marine Workers was held at the King Edward Theatre this afternoon, at which matters relative to the strike were discussed. Addresses were delivered by union leaders from outside points.

FRENCH TROOPS MARCH ON DAMASCUS

March Made as Result of Attack on French Detachment by Troops of Prince Feisal.

Beirut, Syria, July 25.—The French troops have resumed their march on Damascus, as a result of an attack on a French detachment between Homs and Tripoli by the troops of Prince Feisal, head of the Syrian state, after he had accepted the ultimatum of the General Gouraud.

To prevent further attacks the French cleared out Feisal's forces between El Bekaa and Damascus. The Damascus authorities later sent word that the French would not be opposed and they expected to enter Damascus this morning.

TO ANNOUNCE NEW STUMPAGE RATES

Royal Gazette Will Make Known "Slight Advances" This Week.

Special to The Standard. Fredrikton, N. B., July 25.—The new rates of stumpage on lumber out on the Crown Lands of New Brunswick for the year commencing on August 1st next, will be published in the Royal Gazette this week. Premier Foster was quoted on Saturday as saying the new rates would be "somewhat in advance of the present rates," but that was, all the advance information he gave, so the details will not be available until they appear in the Royal Gazette.

The proposed special meeting of the Provincial Government, that was to have been held this week to fix the new stumpage rates, will not take place, it is now said, the matter having been arranged by the members of the Cabinet, and the next meeting of the Government will open in this city on August 3rd.

DISTURBANCES RADIATE FROM BELFAST RIOTS

Military Being Reinforced to Cope With the Rival Factions in Various Districts.

QUITE AN EXODUS OF CATHOLICS

From Protestant Section, Which Might Be the Object of Attack—Lorries Help in Moving.

POLICE COURT CASES SATURDAY

Cork, July 26.—Police Sergeant Mulhern was shot dead as he was leaving church at Bandon, 20 miles South West of Cork, this morning.

Belfast, July 25.—(By The Associated Press.)—The military, which is being steadily reinforced not only by men but by armored cars, the latter for the present, being kept in barracks was the busiest day in Belfast today for, although a steady downpour of rain gave hope that the enthusiasm of the rioters would dampen, the authorities were taking no chances.

Barricades in all of the disturbed sections were strengthened with further sandbags, more wire was erected and more men were added to the pickets, including more seasoned soldiers. The precautions were not justified, for early this afternoon another saloon in the Falls Road district, was wrecked and the premises of certain hardware merchants met a similar fate. Police charges are ineffective, and soldiers have been brought out to restore order. Newtonards Road and neighboring streets, which have been so badly wrecked, presented a dismal appearance today. Bedraggled Union Jacks hung limply on their staffs and those saloons and pawnshops which have thus far escaped the looters are closely guarded.

Rival factions stood in groups ready at any signal for a renewal of strife, having apparently ignored the appeals made from the pulpits of all sects today to avoid a provocative attitude.

There was quite an exodus of Catholic families from the Protestant sections of Ballymacarret; drays were busy all day long moving furniture from residences which might be the object of an attack to the other side of the city, where Catholics predominate.

Soldiers guarded the drays and, in some cases, army lorries were used to facilitate the change in abodes and thus lessen the danger of renewed disturbance. But there are still many hundreds of Catholics in Protestant districts, and Protestants in Catholic districts who have no hope of making a change.

The authorities, however, are taking precautions against any attempt by each faction to march across the city and attack a rival district, with the possibility of leading to more serious events than have yet occurred.

Liburn Attack

At Liburn, six miles South west of Belfast, trouble was started by a crowd of youths singing an Orange song commemorating an encounter in County Down in 1849, in which unfavorable reference was made to the Pope. This brought a crowd, which when they were up of "Come boys, let us have it," proceeded to Hibernia street. There was attacked with stones. Thence the crowd went to the residence of Wm. Gilmore, said to be the first Sinn Fein elected to the Liburn Board of Guardians. The windows of the house were smashed and only the quick response of the fire brigade prevented it from being destroyed by fire. Numerous other residences and stores were visited in turn and similarly dealt with. The small force of police was powerless, and the rioting ceased only when the rioters exhausted themselves.

At Ballynahinch the scene of a battle in the 1798 rebellion, there was also an outbreak Saturday night, windows were smashed and attempts were made to burn the houses. These outbreaks are considered serious as they show that the trouble radiating out of Belfast may become general.

There was a deal of excitement in Derry, Saturday night and early Sunday, in the expectation that the disturbances in Belfast might cause a revival of the trouble there. The military, who were reinforced, were called upon to separate the rival factions which came into conflict at Bishop's Gate, the scene of fighting in the recent outbreak. Some soldiers were attacked and revolver shots were fired on one man being wounded, but the training of machine guns on the disturbed streets brought the situation back to normal.

"It is very quiet," was the report of the officers at various points in the city, where trouble might be expected. At nine o'clock tonight rain was still falling very heavily, driving the people indoors early. Vigilance was unrelaxed, however, the police and soldiers being at their posts in the downpour ready for emergencies.

SOVIETS WILLING TO TALK PEACE

Have Served Such a Notice Upon Great Britain.

London, July 26.—The Russian Soviet government has notified Great Britain that it is willing to meet the leading Allies for a peace conference in London, but a preliminary to such a conference, it demands the surrender of General Wrangel, the anti-Bolshevik commander in the South, us-

der a guarantee of personal safety according to the Daily Mail.

VARIETY OF BERRIES

At least one citizen had a variety of berries for supper last evening having picked a large dish of wild strawberries, raspberries and blueberries, within a couple of miles of the city yesterday afternoon. Blueberries and raspberries promise to be a very large crop.

LACROSSE RESULTS.

Montreal, July 25.—The Montreal Amateur Athletic Association lacrosse team on Saturday defeated Ottawa by a score of 8 to 3.

Farm Laborers For The West

Canadian National Railways Will Give Reduced Fares and Special Train Service on August 6th and 13th.

Harvesters are urgently needed in the West to garner in the wheat yield of Canada. Estimates are that over 800,000,000 bushels of wheat stand ready for reaping. This in addition to other grains. The call of the West is for 30,000 farm laborers to harvest its immense grain crop. Canada's prosperity depends on the response.

The Canadian National Railways is prepared for the transport of harvesters from all parts of the system. From Maritime Province points special arrangements have been made. Reduced fares to Winnipeg are to be granted on August 6th and 13th, and special trains will run from Quebec, Bridge, and from Quebec to Winnipeg via the Transcontinental Line as the best and quickest route from Maritime Province points. The trains will carry the best of new colonial cars, and special arrangements will be made for the supply of box lunches en route. Special provision will be made for women accompanying the party or desiring to take advantage of the excursion rate.

Impressive Service Held in Fairville

Memorial Service Held in Church of Good Shepherd Last Evening—Sand Stone Font Unveiled in Memory of Late Private Rudolph McKiel.

An impressive service took place at the Church of the Good Shepherd, Fairville, when in the presence of a large congregation and with the singing of appropriate hymns a memorial sandstone font in honor of the late Private F. H. Rudolph McKiel was unveiled and dedicated.

With the singing of the hymn "Now the laborer's task is o'er," the choir, followed by a guard of honor and lastly by the rector of the church, proceeded from the chancel to the rear of the church where the font is to stand. Here Nursing Sister T. McKiel, R. R. C. drew aside the draping and read the following inscription on the font: "In memory of Private F. H. Rudolph McKiel, who fell for his King and Country, April, 1918, at Polygon Woods, Second Battle of Ypres."

The procession returned to the sanctuary, where the rector, Rev. W. P. Dunham, dedicated the font. He also delivered a special sermon for the occasion, taking as his text St. Math. xxv. 13: "And that that this woman hath done, wherever the gospel shall be preached in the whole world, shall be known as a memorial of her."

Grand Circuit Races Saturday

Excitement on the Kalamazoo Track When Pluck Dillard and E. J. L. Got Mixed Up, Despite Breaking Through Fence, Pluck Came Out and Won Second and Third Heats.

Kalamazoo, Mich., July 25.—Pluck Dillard is not a stranger to the heat of the 213 pace Saturday he got into a mixup with E. J. L. throwing his driver Pluck, ran madly around the mile track and crashed through the fence when stable hands sought to catch him. Despite these happenings he came out and won the second and third heats and to race.

It was the wind-up of Kalamazoo's 1920 harness race meeting, and the twice around race ruled the track. Patrick Todd was an easy winner in the 216 trot, while Macderlinton took the 218 pace.

Summary of race results including 218 Pace (Three Heats) and 216 Trot (Three Heats).

Musquash Store Was Broken Into

Ex-Councillor Dean Returned After Automobile Drive to Find That His Premises Had Been Robbed of Money—Suspicion of Robber.

When ex-Councillor Dean, of Musquash, returned from a motor drive which he and his wife had been enjoying yesterday afternoon, he found that his store had been broken into during his absence and the till rifled of its contents, some thirty dollars in bills and silver.

Street Car Men Threatened Strike

Union Representatives Said If One-Man Car Was Run Again There Would Be a Strike—Sore on City Hall—What Mayor and Power Co. Manager Say.

That the already threatened strike of the employees of the street railway and of the power plant and gas works of the city would be immediately declared if the one man car again made its appearance, was the statement made by Fred A. Campbell, to members of the press at City Hall last Saturday. The President of the Trades and Labor Council as a member of the executive of the Street Railway Men's Union, in company with the President of the union, Ira Ferris, went to the City Hall to discuss with the City Council and representatives of the Power Company, the one man car.

Mayor's Statement

Mayor Schofield, when interviewed by The Standard yesterday stated that he did not think the Street Railway men would go on strike. They had already signed an agreement submitting their dispute with the N. B. Power Co. to a board of arbitration, and he had too much respect for their word to think they would violate it.

Manager McCauley

Thomas H. McCauley, manager of the Power Company when asked if the one man car demonstrations would be discontinued said he had not given the matter much consideration. The men had said nothing to him regarding the threatened strike but they had agreed to a board of arbitration to consider their dispute with the company and had signed an agreement to that effect. As to the one man car he thought that its merits should be decided upon by the mayor and city council and citizens as a whole. Certain improvements would have to be made on the cars and what few runs they had made could not be considered as a complete try-out. It seemed as though they were proving too satisfactory. As to the announcement which appeared in the press announcing the men's ultimatum he thought it rather drastic.

ELECTRIC STORM HITS NEW YORK

Thousands of Dollars Worth of Property Damaged—Many Injured.

New York, July 25.—Thousands of dollars worth of property was damaged in New York and vicinity early Saturday when one of the worst rain, wind and electrical storms in years swept across the district. Subways were flooded, trolley rails in suburban districts were washed away, cellars of many residences and public buildings inundated and scores of gardens were ruined by the rushing waters. While there was no loss of life the police report several persons injured during the storm.

Presentation to Rev. Fr. Carleton

At Mass in St. Joachim's Church Yesterday Beloved Priest Was Presented With Purse of Gold and An Address.

At the conclusion of Mass in St. Joachim's Church, Silver Falls, yesterday, Councillor J. M. Donovan, on behalf of the congregation, presented the pastor, Rev. Father Charles Carleton, with a purse of gold. He also read an address, in which he expressed the hope that Father Carleton would soon be restored to health and preserved to his flock for many years to come.

EASTERN CANNERIES PROPERTY SALES

Fredericton, July 24.—The Eastern Canneries' building and property on York street, which was formerly occupied by the Searies Provisionals, Limited, has been purchased by H. J. Moran, who recently sold the Pine Grove property at Douglas for the York Municipal Home as an investment.

WILD CAT AND HOUSE CAT FIGHT

Ferocious One Finally Drives Off House Pet and Devours Latter's Kittens.

Special to The Standard. Moncton, July 25.—Abram Steeves, of Berry's Mills, was awakened the other night by a terrifying noise in his woodshed. Upon investigation he found that the noise was due to a fight between a wild cat and the house cat. The house cat fought bravely to save her kittens. But she was driven off, and when Mr. Steeves arrived on the scene the kittens had been killed and were being devoured by the ferocious beast which made its escape to the nearby woods.

GRAND FALLS LOST TO EDMUNDSTON

The Grand Falls nine went down in defeat, for the second time this season, at the hands of the Edmundston team on their own grounds, on Wednesday evening last, the adding machine showing the score 9 to 3. St. Pierre, for the winners, pitched masterly ball and kept his opponents down to three scattered hits, while his team-mates got twelve bingles off Tuck and McCuskey, of the Grand Falls team. St. Pierre also had ten strike-outs. "Noisy Doc" Herbert, of the Edmundston team, played a good game at third base, and Guerrette's fielding was a feature. The games now stand 2 to 1 in favor of Edmundston.

ST. JOHN, N. B., MONDAY, JULY 26, 1920.

MR. MACKENZIE KING AS A MIS- SIONARY.

The Hon. Mackenzie King is about to start on a tour of the Western Provinces to look over the situation and try and get a line on his prospects of support in that part of the Dominion. At the outset he will set out in detail the programme upon which he proposes to make his appeal to the people. This will be looked forward to with some interest, in view of the fact that up to the present time Mr. King has never appeared to have any programme other than the creation of factious opposition to everything that has come before Parliament so far since he became leader of his party.

THE WHEAT CROP OUTLOOK.

From time to time reports have reached this part of the country regarding the crop prospects in the West, which have been so conflicting in their nature as to make it impossible for anyone to understand just what the real situation is. Some have said that "an excellent crop" was assured, others have reported practically "blue ruin." The truth appears to lie between these two extremes, and the conflicting nature of the various reports is explained by the fact that the western crop areas are so very large, and weather conditions and rainfall have varied rather more than usual, thereby creating a "spotted" crop, the actual yield of which it is difficult at present to estimate.

THE LAUGH LINE

One secret that is not common gossip is the secret of success. Letting a child have its own way all the time is a sure way of making it unhappy in the future. Although truth is stranger than fiction to many people, they don't seem to care for an introduction. "This is a novel proposition I have received from these publishers." "What is it?" "To write one." Baltimore American.

A BLOW FOR SEDITION MONGERS.

The judgment of the Privy Council, arrived at without calling upon counsel for the respondents, the Dominion of Canada, dismissing the petition for leave to appeal in behalf of R. B. Russell, one of the Winnipeg conspirators, closes one channel of escape against those who take it upon themselves to preach and practice sedition in this country. There remains now only the application which has been made to Ottawa for executive clemency, an application which, in view of what has taken place in the courts and of the very nature of the offence committed, ought not, in the opinion of the Montreal Gazette, to be entertained.

WHAT OTHERS SAY

China's Troubles (Hong Kong Times).

The world today needs increased production and the only way to ensure it is by the proper and economical utilization of the raw materials scattered all over the earth. The two things most essential for a reduction of the present high level of prices all over the world are good government and scientific knowledge. China needs both badly. We must continue to hope that the time will come when the Chinese will realize the great opportunities which lie before them, if only they will set their own house in order.

The Responsibility of the State.

Natal Advertiser. Health supervision of the population is essentially a state matter, and that supervision is needed is proved by the recent medical examination which has revealed to be a nation, and much more by the appalling high figure of infant mortality in many countries of the world. Sooner or later the day will come when the state will exercise a much greater supervision than is now the case in matters of health and hygiene; and public opinion is crystallizing in regard to the housewife who gives her those days the conscientious objector against steps taken for the protection of the public health will rank in the same category as the conscientious objector to military service.

The Cult of Vegetarianism.

The British Empire. (Buluwayo Chronicle.) The British Dominions, which did so much in the conflict, have played their share in the conclusion of peace. But the full effects of the treaties now being drawn up, together with the modifications of other ones and the carrying into effect of the various mandates for former enemy territories, must profoundly influence the coming agreements for the safety of the world. It is our attitude toward eating meat three times a day, that they possess in the establishment and maintenance of the League of Nations. Many points of interest in the Imperial policy will be ripe for decision by the time the next Imperial Conference meets a year hence. We already see the Dominion taking on the full status of independent nations, in their diplomatic and trade relationships with foreign powers; which does not mean a strengthening of the one really well-established League of Nations which the world already possessed without knowing it. There are directions where to Dominion any more than the Empire as a whole, can advance ahead of public opinion.

JOYOUSNESS.

"Glad that I live am I; That the sky is blue; Glad for the country lanes, And the fall of dew." "After the sun the rain; After the rain the sun; This is the way of life, 'Till the work be done."

FOR WOMEN

Secret of Becoming Successful Singer

Mrs. Clara Butt Tells How to Make a Success of Singing—Hard Work Chief Ingredient.

Copyright, 1920, by Cross-Atlantic By MRS. CLARA BUTT.

London, July 24.—To become a successful singer one must be a conscientious worker and a hard thinker. Singing is an intelligence that one puts into practice before the public. Without much thought no singer can ever become a real success.

Art for art's sake is one of the things in which I most believe. The only justification for adopting an artistic calling is because one has a deep-centred liking for it. The present moment is rich in opportunity in this country just now, and the field is growing wider. What more can the singer ask than opportunity? That alone often leads to achievement.

People sometimes speak to me of the fine singing they have occasionally heard in the streets. I have found from experience, however, that when those street singers are asked indoors, as they sometimes are, their singing is apt to prove disappointing.

There is a touch of romance about the idea of a fine voice echoing from the causeway which accounts for not a little of the enthusiasm of the passer-by.

Another mistaken notion is that owing to want of funds a considerable number of people are unable to have their voices properly trained.

A really great voice need never be lost; too many people would only be too ready to train it without remuneration of any kind.

I am very sensitive to an audience. One of the mysteries of our career is the different manner in which audiences receive the same songs. Between audiences only separated by half an hour's journey there some-

times exists a gulf of sentiment hardly credible. I have written a few songs myself and liked them immensely in the morning. But by eight I have generally found them intolerable!

On the other hand, I have frequently suggested ideas to song writers. My usual method is to find words and then send them into a composer. Words for songs are constantly being sent to me. All singers are continually searching for verses that will specially suit them.

One question I am always being asked is: "Do we owe any really great songs to the war?" I do not think we do. It is surprising how disappointing the song output was during the war. While the war was at its worst, I requested Rudyard Kipling to write me among and seeing his poem "Have You News of My Boy Jack?" I succeeded in inducing its author to let me use it as a song.

As soon as this was settled I got Edward German to put it to music. Since when many thousands of concert-goers have heard it. Another exception during the war was that wonderful work of Sir Edward Elgar, "The Spirit of England."

Don't Despond. At a well-known college a certain professor had been repeatedly interrupted in the course of his lecture by a group of students in one corner of the room, and at last felt constrained to administer a severe rebuke.

A deep offense followed, and the professor resumed before proceeding with the discourse, when there floated in through the open windows the loud and unmistakable sounds of a denker's bray. The situation was humorous, and the mischievous of the student found vent in an outburst of laughter.

The professor's face remained stern and set, and as soon as order was restored he raised his eyes and looked steadily at the unruly scholars in the corner, quietly remarked: "Don't respond, please, don't respond."

"Mother, I can never win the medal for good behavior," exclaimed a boy just in from school; "I've tried and tried, but come other boys always get it."

"But you must keep on trying," said his mother, encouragingly. "It's no use," replied the boy; "I shan't try any more. It's a clean waste of goodness."

RECIPES.

Strawberry Snow Pudding.

Two cups boiling water, two eggs, pineapple or orange sauce, half package gelatine, strawberries, half teaspoonful salt. Dissolve the gelatine in a little cold water and stir into the boiling water; when cold, fold in the stily whipped whites of eggs to which the salt has been added before beating up. If liked, a teaspoonful of pineapple or orange extract may be added. Beat up until thick and white, then pour into a ring mould. When ready to serve, turn out and fill the centre with halved strawberries well sprinkled with sugar. Garnish with whole strawberries. Serve with a pineapple or orange custard sauce made by placing a cupful of milk or water in a double boiler; thicken with the beaten egg yolks and one tablespoonful of cornstarch dissolved in a little cold milk or water. When smooth and thick, stir in about a cupful of shredded pineapple or orange, or the juice of either.

Strawberry Custard Pie.

One cupful good milk, half cupful sugar, quarter cupful shredded coconut, pinch of salt, two eggs, one pint strawberries, one tablespoonful cornstarch, orange or lemon extract. Line a deep pie pan with pastry and place the whole strawberries in the bottom and sprinkle with part of the sugar. Make a custard with the egg yolks, milk, cornstarch and the rest of the sugar and the salt, and pour over the berries and bake in a moderate oven. Beat up the whites of the eggs until stiff, stir in the coconut, a little sugar and a few whole strawberries, with a little orange or lemon flavoring if desired. Remove the pie from the oven and place this over the top of it. Place a moment in the oven to set the egg and serve cold.

Lots of Bread At The College Inn

No shortage—we're bringing it directly from the great Halifax bakers of Moir's, the famed confectioners. Sanitarily wrapped, and supplied fresh to The College Inn at 106 Charlotte street, it is a big feature to those who know GOOD BREAD—the bread that is almost cake.

Your desserts are also here, at easy prices. Pound cake that leads the way anywhere for goodness—fruit and sultana, cake, pies, doughnuts and other rare and wonderfully tempting items. Get the delicatessen habit.

"TIZ" FOR SORE, TIRED FEET—AH!

"Tiz" is grand for aching, swollen tender, calloused feet or corns.

Ah! what relief. No more tired feet, no more burning feet, no more swollen, aching, tender, sweaty feet. No more sores in corns, callouses, bunions.

No matter what ails your feet or what under the cut you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your feet trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for a few cents. Think of it.

Memorial Service Held Last Evening

Large Number Attended Seaman's Institute When Eloquent Tribute Was Paid Memory of Admiral Sir John Fisher—Number of Excellent Addresses.

A large number attended a memorial service held in the Seaman's Institute last evening where eloquent tributes were paid the memory of the late Admiral Sir John Fisher.

W. R. Brindle, port missionary, presided and addresses were delivered by the Rev. Canon Kühring, Rev. H. H. Bone and Rev. Ernest Styles. Miss Myrtle Fox played the accompaniment to the several hymns sung by the assembly. The meeting opened with a hymn after which the chairman read a letter from R. E. Armstrong, president of the N. B. Division of the Navy League, in which he regretted being unable to attend, and after citing the sterling qualities of the late sea lord, made an appeal that every support be given the Navy League so that it might be enabled to foster and perpetuate the ideals which have made for the greatness of the British navy.

Canon Kühring in his address stated that a decade before the great war Admiral Fisher said that the British nation floated on the British navy, and with this motto in his head he made the navy that efficient fighting force which held the supremacy of the seas throughout the entire war and received the surrender of the fleet of the German fleet at its close. Fisher in his office of first lord of the admiralty, he said, achieved four great reforms in the navy. He introduced a new system of mobilization in the fleet, introduced the large battle cruiser and dreadnought; scrapped all obsolete ships, and made sweeping reforms in the training and living conditions of all ranks under his command.

He entered the navy at the age of twelve and served for sixty-one years. On entering the navy he was appointed to the H. M. S. Victory, which was also the name of the last ship he commanded. In his desire to reform he broke down many time-honored traditions, so much so that he gained the reputation of a revolutionary. "Fisher it was who said: 'It is all rot to talk about civilized warfare, you might as well talk about heavenly hell.'" The saying was typical of the man's character as a fighter. Possessed as far back as 1905 that Germany would strike and the year he said would be 1914.

In closing Canon Kühring summed up the character of the great admiral by saying that he was a man of iron purpose and ruthless judgment, but despite this possessed of a tender knowledge of the Bible. The part the navy played in the war was briefly commented on by Rev. H. H. Bone of Central Baptist church. His address was the two greatest events in modern history, the defeat of the French and Spanish fleets at Trafalgar by Nelson, and the bottling up of the German fleet in Kiel by the British navy, directed by Fisher. Nelson destroyed the autocracy of Europe, Fisher the kultur of the Hun, both of which had threatened the life and liberties of Britain.

Rev. Ernest Styles said that while all desired to forget the war, its tragedies could never be forgotten, nor the great sacrifices which had been made. Its horrors and realities were such as never to be dismissed. And the passing of those who had taken part in it were constant reminders of the great conflict.

With no wish to belittle the brave deeds of the glorious armies who fought in the war, all realized that without the British navy, the war could never have been won. The efficiency of that force was due to the great admiral, Sir John Fisher, who, although he took no active part in the war, made the navy the splendid fighting force it was, and by his counsel served his country faithfully in her hour of need.

His deeds showed that he might fight be ranked with Drake and Froisher, Blake and Nelson. During the course of his remarks the speaker told a very interesting story of how prior to the war he had entertained all unawares a German spy, who even then was planning on laying London at the mercy of his imperial master by gaining control of her water supply.

Mr. Brindle made an urgent appeal that support be given the navy league and Seaman's Institute to carry on the work that had been done by Lord Fisher's ideal. The Rev. H. H. Bone pronounced the benediction and the service closed with the singing of the National Anthem.

The Rev. H. A. Goodwin and Rev. S. S. Poole were present at the service.

CONSTRUCTIVE IDEAS NEEDED

Vancouver, B. C., July 25.—That the functions of the Board of Commerce should be of a constructive rather than destructive nature was the contention of J. A. Banfield, the re-elected president of the Dominion Retail Merchants' Association, at the banquet which, Friday night, concluded the convention. Winnipeg was selected as the next convention city.

"What is Jimmy howling about now?" "He thought his grandmother had sent him a box of chocolate for his birthday, but it turned out to be a box of soap."

MOVIE NOTES.

Larry Semon, the Vitaphone comedian who writes, directs and stars in his own comedies, wasted no time on his recent visit to the East. While en route between the West Coast studio and New York he wrote a new comedy which will be produced early in the fall.

Earle Williams, Director Chester Bennett and Jack Mackenzie, their chief cameraman, have gone to Catalina Island, off Pacific Coast, for a needed rest. While there they will work out the details of Mr. Williams' next Vitaphone production, "The Romance Promoters," based on a story by L. H. Robbins and published in *Ainlee's Magazine*.

William Duncan is on an automobile tour through the Yosemite National Park seeking recreation after six months' strenuous work on his Vitaphone serial, "The Silent Avenger," recently completed. He will be seen work on another serial during July.

Corinne Griffith wears twenty-four different and beautiful gowns in "The Whisper Market," her forthcoming Vitaphone production. The opportunity is provided by the character she portrays, the wife of the American consul at Rio de Janeiro and the silent partner of a fashionable modiste.

Alice Joyce has completed her Vitaphone special production, "The Vice of Pools," at the Brooklyn studio. As

GERMANS WOULD REINFORCE TROOPS

Paris, July 23.—The German peace delegation here has asked the supreme Council for authorization to reinforce the troops in Eastern Prussia with volunteers and to occupy Marinwerder and Allenstein, where the recent plebiscites gave a large majority in favor of German sovereignty.

The Germans say that more troops are necessary to defend the frontier against eventual incursions by the Bolsheviks.

Rev. W. F. Grant of the Baptist Church, Milltown, Me., has returned

were made by President D. Roosevelt today on his return from the Democratic national committee meeting in Columbus yesterday. The Vice Presidential candidate on the Cox ticket intended that the Republican "barrel" might amass a total of more than ten million dollars.

"I know for a fact," said Mr. Roosevelt, "that in my home county, Ducess County in New York state, the Republicans have fixed upon a quota of \$22,000 to be raised. Ducess County's population is only about 100,000. On a per capita nation wide basis such a quota calls for something like thirty-three million dollars. If we eliminate the southern states and poorer districts in other parts of the country, we would get down to a figure of \$10,000,000 and more. That is a pretty husky 'barrel' even for the Republican party."

The vice presidential nominee said he did not know whether the Ducess county quota had been fixed by the Republican national organization or by the New York state central committee. But he said, "it was known that the entire United States had been distributed by the G. O. P. for money-raising purposes."

"In Ducess county," added Governor Cox's running mate, "no less a personage than Mrs. Vincent Astor has been put in charge of seeing that the quota is forthcoming." Sitting alongside the assistant secretary of the navy when he made these statements to newspaper men, Mr. Roosevelt said that the quota was not a personal matter, but a matter of public interest.

The vice presidential aspirant said he was not aware that the Democrats had any comprehensive plan to raise the financial wind for their own campaign. He added that if nothing had already been done in the direction of having the Kenyon senatorial sub-committee on campaign expenses continue their investigations during the interval between now and election day, "such an effort certainly would be done."

"Information gathered after November 2nd will have only academic interest and no practical use," he explained. Mr. Roosevelt intimated that Senator Alton A. Pomeroy of Ohio, a member of the Kenyon committee and a close personal associate of Governor Cox, would take the initiative, if Mr. Roosevelt were to do so.

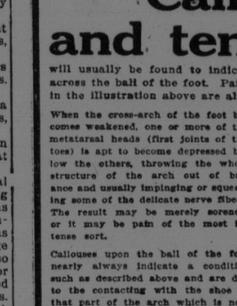

Mr. Roosevelt will be in Washington until Saturday, then go to Campobello Island off Eastern Point, for a rest and turn up at Dayton for the Democratic notification ceremonial on or about August 7th. If that date is fixed upon his own notification to the party, Mr. Roosevelt will have to leave by the noon train from New York to St. John, N. B., immediately afterwards. He will have in his resignation as assistant secretary of the navy.

will usually be found to indicate trouble with the arch which runs across the ball of the foot. Pains at the place where the finger points in the illustration above are also indicative of the same trouble.

When the cross-arch of the foot becomes weakened, one or more of the metatarsal heads (first joints of the toes) is apt to become depressed below the others, throwing the whole foot out of its normal position. The result may be merely soreness or it may be pain of the most intense sort.

Callouses upon the ball of the foot nearly always indicate a condition such as described above and are due to the contacting with the shoe of that part of the arch which is normally out of contact and is not designed to bear weight.

Dr. Scholl's Anterior Metatarsal Arch Supports

are scientifically designed to support the cross-arch naturally, and they are capable of such adjustment as will give extra support to any particular metatarsal head which may tend to depression. QUOTATIONS IN ST. JOHN MARKET

All new quotations in the St. John market this week were in the form of higher prices.

The advent of the preserving time made itself felt in the sugar market, and both Standard and Yellow sugar sold at an advance of three cents per pound on last week's prices.

Raisins both seeded and seedless, advanced the seeded four cents and the seedless a half cent a package.

Two changes were to be noted in oils, Royalite and gasoline taking a rise of two cents per gallon.

Hides hay and feed, and fish were firm at last week's prices.

In country produce market was lower by a few cents and eggs higher.

BOLSHEVISTS ORDER REIGN OF TERROR

Programme of Ruthlessness in Dealing With Poles After Invasion Outlined.

FULL PREPARATIONS MADE TO TERRORIZE

Poland Sending Untrained Men to Front in Effort to Stem Red Tide.

By S. B. CONGER.
Copyright, 1920, by Public Ledger Co.

Warsaw, July 24.—The Bolshevik attack checked for the moment on the centre, continues at full speed on the north against Warsaw. Hastily raised levies, lacking training and equipment of war, are being rushed from Warsaw to other points to stiffen the defense at threatened points. So fierce is the fighting that bodies of troops are being used as a dam against the Red wave of invasion.

Hotels and other centres in which officers and foreigners congregate are being shelled by wild rumors. Cities fall and are retaken, armies shift from one side to another of the map, battles rage and die away in a chaotic scene of the capricious whim of Dams Rumor.

Those who are acquainted with the facts manifest grave concern over the possible outcome, but Warsaw in general the untrained militia of the population—except for the passing companies of flower-decked young soldiers, maintaining its normal appearance as if the Red menace was thousands of miles away instead of almost at the gates and as if the proud capital of the old and the new Poland were even within the bounds of possibility.

American Fighting Disease.

But long lines of refugees trail in the outskirts of the city crowded with rich and poor and their pitiful belongings saved in flight, tell a different story of the advance of the Bolsheviks. These refugees from the devastated districts of the north and eastern fronts bring with them the menace of cholera and typhus for which the American army medical mission is endeavoring to make preliminary preparations.

With the encouragement of the Polish authorities the American officers are planning the establishment of military hospitals on the main routes of travel where every refugee will be bathed, deloused and examined before passing into the now healthy areas to the rear where a permanent refugee camp will be established at Thorn.

Colonel Giehrst, of the American medical corps, who arrived today hurriedly to study the refugee problem, brought the first reliable information from the front. He was able to enter Brest-Litovsk Monday, although the city had been captured repeatedly in numbers. He rode some miles beyond the city without encountering any Bolsheviks. The Polish Bolshevik lines in this vicinity are rather disconnected groups of soldiers scattered irregularly along the front and for the time being apparently are in a state of quiescence. A report from Brest-Litovsk, however, had it that a heavy concentration of Reds, principally well-mounted cavalry, was arrayed a short distance behind the actual front, gathered to act as a spear head in the thrust westward toward Warsaw.

The main Bolshevik treasure, however, is being exacted at present further north. Here the front is steady and quiet and will probably continue until the Polish power of resistance is stiffened.

The Programme of Terror Ordered.

The Bolsheviks apparently make every thorough preparation to take over and Bolshevize the occupied areas. I had an opportunity today to translate from Russian newspapers a recent order of the Bolshevik authorities in the Kiev district laying down the procedure of terror, expropriation of the land and settlement of non-Polish colonists to be followed as soon as the Reds had driven back the Poles. The order, attributed to the Bolsheviks' official newspaper, Ivaevsk, said that it was absolutely necessary to undertake the most ruthless measures against the entire Polish population. Soviet workers were therefore instructed:

"First. To inaugurate mass terror against the propertied peasants and root them out utterly and to under take ruthless mass terror against Poles who attempt direct or indirect part in the struggle against Soviet power.

"Second. Confiscate all grain and send it to appointed places, applying the same rule to all other agricultural products.

"Third. To undertake all measures

ATLANTIC SUGAR DROPS TWO POINTS

Most Issues Marked Time on Montreal Market Saturday — Selling Movement Evident.

Montreal, July 25.—Following a week of relative dullness, the local stock market marked time on Saturday following the notable rally in the paper group during the past few days. Atlantic Sugar contributed a large portion of the day's trading with 1,600 shares, but showed a greater desire to sell than to buy, the stock receding to representing a net loss of 2 1/2 points, closing bid held steady at 165 1/2. The preferred also was weak, selling down 2 points to 180, with stock offered at 180 at the close.

Some of the paper stocks were inclined to lose the advantage gained on Friday. In the case of Riordan, Spanish River, Brompton and Wayamack, however, additions were made to the preceding day's closing levels. Riordan was the most prominent in this respect the stock selling up 3 1/2 points to 216 1/2. Abitibi on the other hand lost 1 1/2 points at 85 and Laurentine one at 121 neither being particularly active.

The Cotton group was comparative ly neglected. Converters of Textile being the only stocks traded in the former with a loss of a large fraction at 77 1/2, and the latter a full point at 142.

Among the utilities Brazilian was active and fractionally lower at 41 1/2. Power was unchanged at 53 and Quebec lost a fraction at 23 1/2.

The Steel and merger stocks were more or less neglected. Dominion Steel not being traded in with a bid at 65, and offerings at 65 1/2. Steel of Canada lost a small fraction at 71 1/2. Ontario Steel was of a fraction at 85 1/2 and Steamship Common moved up to C. P. R. 121 1/2 to 121 1/2.

STANDARD SHARES HIGHER ON MARKET

Foreign Exchange Was Responsive to Better Outlook in Russo-Polish Relations.

New York, July 24.—Standard shares of the industrial and railway divisions tended to go higher during today's short trading period. Covering of contracts was accelerated by prospects of an early solution of the acute situation in Central Europe.

Speculative shares, particularly low priced automobile issues, denoted pressure which settled mainly upon Maxwell and Hupp Motors, the former making an extreme decline of almost five points. Oils of the better grade and equipments rallied with rails at the close steady. Sales amounted to 175,000 shares.

Foreign exchange was responsive to the better outlook respecting Russo-Polish relations. Sterling rising almost to three cents over yesterday's lowest quotation. Corresponding recoveries were made by rates on France, Belgium and Germany.

Dealings in bonds were nominal and without material alteration for leading domestic or foreign issue. Total sales (par value) aggregated \$3,125,000. Old United States bonds unchanged for the week.

The surprise of the day was furnished by the clearing house statement, issued for the close of the market. Actual loans and discounts showed only a trifling increase but a decrease of \$4,700,000 in reserves of members at the Federal Reserve Bank was accompanied by a contraction of about \$35,500,000 in actual reserves. (This not only wiped out the previous week's excess of slightly over \$29,000,000 but left a deficit below legal requirements of almost \$4,300,000.)

BELFAST MORE QUIET, LOOTING CONTINUES

Belfast, July 23.—Although comparative quiet has prevailed in Belfast today, looting was resumed on Newtownards Road, shortly after eight o'clock this evening, and riotous scenes were witnessed in the vicinity of Bee Street, where a heaving spolia and grocery store was ransacked. The police made five arrests. The St. Matthew's Catholic Church in Ballymacaree, a suburb, was occupied by the rioters, and the residence of the Vicar of Ballymacaree 200 former service men presented themselves tonight as special police.

Altogether it is estimated that four-tenths of a person had been killed since the rioting began. Order was restored in the disturbed area early this morning, but there was renewed shooting in the Newtownards Road area later. It was in this district and in Cross Street and in the Newtownards Road that the heaviest casualties occurred.

To facilitate colonization of the poor population, organizing this colonization wherever possible.

"Fourth. To place the other population of foreign race (the customary Russian phrase for Jews) on a footing of equality with the Poles in regard to land and other respects.

"Fifth. To effect complete disarmament, shooting every one found possessing even a single cartridge, and "Sixth. To leave armed detachments in Polish villages, and districts until complete order is established.

"Seventh. All commissioners among these populations are instructed to act with maximum vigor and to execute these orders undeviatingly.

"Eighth. The extraordinary terror commission working in the regions occupied by our troops should be increased to five times the normal strength and provided with credits on a corresponding scale. Experienced workmen, particularly from the centre of Russia, under all circumstances should be appointed commissioners. The central committee directs detailed regulations to be worked out in haste for the settling of Russian and Polish peasants on masses on Polish lands."

Wishing, Sure Enough Will Not Supply the Wants of a Greater St. John and a More Prosperous New Brunswick. Foremost Among These is Satisfactory Hotel Accommodation in the Principal Centres, Particularly in St. John.

"Tourist travel in New Brunswick is on the increase," says J. M. Robinson. "In driving the St. Stephen road, one cannot help but be impressed by the number of American cars bound towards St. John. The more of these cars and wealthy visitors the better it will be for the city and for the province as a whole. These people must be comfortably, if not luxuriously, housed and any proposition such as that of the Hotel Champlain, Ltd., which aims to take care of this influx of summer visitors must be regarded as a Business Man's investment with excellent prospects."

"I have just heard that several distinguished surgeons and medical men who attended the sessions of the N. B. Medical Society at Moncton this week, were delighted with our scenery, our climate and our people, but quite disappointed with our lack of adequate hotel accommodations, seeing in this fact a lost opportunity for New Brunswick."

American Legion to Appeal Direct to President Wilson in Their Behalf.

THOUSANDS NEED HOSPITAL TREATMENT

Over Half Those Under Treatment in Private or Municipal Institutions.

Copyright, 1920, by Public Ledger Co. F. W. WILE.

Washington, July 24.—The American Legion will appeal direct to President Wilson to come to the rescue of thousands of disabled veterans of the war who are suffering from the Government's failure to provide adequate hospital facilities for them. According to H. H. Raego, member of the National Legislative Committee of the American Legion, a committee is now working on a plan for consolidating and co-ordinating the three bureaus functioning for disabled discharged soldiers to be submitted soon to the President.

"The Overman Act allows the President at his discretion, to shift the different bureaus as he deems advisable," Mr. Raego said. "There is no hope of simplifying the vast and stupendous administration problems of these three bureaus unless their efforts are combined. At present a disabled man may particularly be directed to obtain proper hospital facilities for thousands of tubercular and neuro-psychiatric patients who are not being properly cared for. According to estimates made by Colonel W. C. Rucker, medical inspector of the bureau of war risk insurance and submitted to Congress, there are 36,000 potential neuro-psychiatric cases of the insane ex-service men. He also estimated that there were 12,000 cases of tuberculosis among veterans which needed attention now and that the number would gradually increase.

Colonel Rucker estimated that 30,000 beds were needed, but at present, according to reports reaching the American Legion, more than half of the insane cases under the Government's jurisdiction are still in state insane asylums and private institutions. In a telegram to the American Legion, Dr. Theo. W. Salmon, chief of the National Committee for Mental Hygiene and also associated with the Rockefeller foundation fund, contained the plea: "The present failure to treat disabled veterans."

"Believe most important hospital problem now affecting former service men is treatment of mental cases," he said. "June 30, 1919, mental and nervous cases in hospitals only 1,644 were in public health service hospitals, constituting the smaller part of the total. The remainder rest in public hospital asylum or private institutions run for profit—in fact any receptacle in which they can be placed. Through failure to give proper treatment many soldiers with curable diseases will become permanently insane.

"Personal observation in many states of inmates of public health service. If these men who need the most and can speak the least for themselves are thus abandoned less than two years after the armistice, what does the future hold for the insane soldier? Task of proper care not overwhelming numerical, but through special difficulties, but requires modern humane government of needs by public health service instead of incredibly complacent indifference."

"The American Legion recently called a conference of members of its special hospital committee and representatives of the bureau of war risk insurance, public health service, general staff, federal board for vocational education, surgeon general of the navy and national home for disabled volunteer soldiers. In its report on the conference which has just been completed, the Legion said:

"During the conference an effort was made by certain members of the committee to show that projects could be purchased by the Government and made immediately available for hospital use. In other words, certain officials of the Government have approved for purchase of projects which would be suitable for treatment of neuro-psychiatric cases because they

American Legion to Appeal Direct to President Wilson in Their Behalf.

THOUSANDS NEED HOSPITAL TREATMENT

Over Half Those Under Treatment in Private or Municipal Institutions.

Copyright, 1920, by Public Ledger Co. F. W. WILE.

Washington, July 24.—The American Legion will appeal direct to President Wilson to come to the rescue of thousands of disabled veterans of the war who are suffering from the Government's failure to provide adequate hospital facilities for them.

The Overman Act allows the President at his discretion to shift the different burdens as he deems advisable. Mr. Raeger said, "There is no hope of simplifying the vast and stupendous administration problems of these three bureaus unless their efforts are combined."

The efforts of the American Legion are now being more particularly directed to obtain proper hospital facilities for thousands of tubercular and neuro-psychiatric patients who are not being properly cared for.

Colonel Rucker estimated that 50,000 beds were needed, but reports arriving here from the American Legion, more than half of the insane cases under the Government's jurisdiction are still in state insane asylums and private institutions.

"Believe most important hospital problem now affecting former service men is treatment of mental cases," he said. "June 30th of 5,000 mental and nervous cases in hospitals only 1,644 were in public health service hospitals, constituting the smallest percentage of any special class."

"Personal observation in many states of insane soldiers by public health service. If these men who need the most and can speak the least for themselves are being abandoned less than two years after the armistice, what does the future hold for the insane soldiers? Task of proper care not overwhelming numerically or through special humane conception of needs by public health service instead of incredibly complacent indifference."

The American Legion recently called a conference of members of the official hospital committee and representatives of the bureau of war risk insurance, public health service, general staff, federal board for vocational education, surgeon general of the navy and national home for disabled volunteer soldiers. In its report on the conference which has just been completed the Legion said:

"During the conference an effort was made by certain members of the committee to show that projects could be purchased by the Government and made immediately available for hospital use."

"The officials of the public health service resented the attitude of the committee, but by their own action and their own speech admitted that political pressure prevented them from from acquiring projects which would be suitable for treatment of neuro-psychiatric cases because they

did not wish to incur the displeasure of some members of Congress. The disabled discharged men suffer for lack of proper facilities for their care, while expediency prevents the Government officials from carrying out a programme which would immediately improve his circumstances."

Col. R. G. Cholmley Jones, director of the Bureau of War Risk Insurance, has charge of the administration of the \$46,000,000 appropriated by the last Congress in the Sundry Civil bill for hospitalization. He has informed the Legion that his policy would be to treat as many cases as possible of general and surgical nature in hospitals now existing and operated by the army and navy departments.

At the same time Colonel Jones announced that he was attempting to remove as many cases as possible from contract hospitals to institutions operated by the army and navy departments. He said he was taking steps to lease or purchase projects which might be made immediately available for caring for disabled veterans.

Colonel Roger Brooks, of the general staff, said that the medical department of the army could place at the disposal of the bureau of war risk insurance 10,000 beds at once. According to the report of the American Legion, "he was not aware of the fact that the Sundry Civil bill carried an appropriation of \$46,000,000 for hospitalization to be distributed by the bureau of war risk insurance which would reimburse the war department for any discharged disabled soldiers which they might treat."

The navy department can care for 3,000 patients, according to information obtained from Admiral Wm. C. Braisted, surgeon general of the navy. General Geo. H. Wood president of the National Home for Disabled Soldiers said that two homes would be placed at the disposal of the bureau of war risk insurance for disabled ex-soldiers. He said that approximately 25 per cent of the space in old soldiers' home is now equipped for hospital service.

It is the intention of the public health service according to the report of the Legion to use their fourteen district supervisors in an administrative as well as medical capacity to assign the various patients to the hospital best suited for their treatment.

"The public health service," the report said, "has approximately 16,000 beds in use at present and is hopeful of increasing the number to 15,000 in the near future."

THE WEATHER

Tuesday, July 27.—A pronounced area of high pressure is centered over the Great Lakes and the weather is fair and cool from Ontario to the Maritime Provinces. Showers have occurred in some northern sections of Alberta and Saskatchewan, while in the South and in Manitoba the weather has been fine.

AROUND THE CITY

VICTORIA SQUARE TONIGHT. The St. Mary's Band will render a programme of music on Victoria Square, North End, this evening, weather permitting.

BROUGHT 250 PASSENGERS. S. S. Governor Dingley, Captain Ingalls, arrived at 11.45 o'clock Saturday morning, with 250 passengers, and a fair freight. She had a good trip.

LUXURY TAX. The Department of Customs and Inland Revenue has issued a notice of remittance of Luxury and Excise Taxes. See page 3.

BURIED SATURDAY. The funeral of George Major was held Saturday morning at 8.30 o'clock from Lancaster to the Church of the Assumption, where Requiem High Mass was celebrated by Rev. J. J. Ryan, Interment in Holy Cross.

GAME POSTPONED. The baseball game between the Alerts and the Fredericton team, which was to have been played on the East End Grounds Saturday afternoon, was postponed and will probably be played next Saturday.

PROBABLY TOTAL LOSS. According to a report from Captain Milne, of the Marine and Fisheries steamer Arleaux, it will be impossible for the Arleaux to haul the two-masted schooner American Eagle, which went ashore on Grand Manan, last week, off the rocks. It is thought that the bottom is out of the schooner.

POLICE COURT. Three drunks pleaded guilty Saturday and were remanded. None of them knew where they got their liquor from and all said they had not paid for it. They were all arrested on Brussels street. One drunk, allowed out on \$50 deposit, Friday night, failed to put in an appearance.

DREDGING BERTHS. The Government has finished dredging berths 15 and 16, and digger No. 1, which was used in this work, is now undergoing repairs at Lower Cove. Later No. 1 will dredge Sand Point slip, the head of No. 7 and the Long Wharf.

VISITOR FROM ENGLAND. Dr. Lewis Hunt, ex-Mayor of Richmond, Surrey, England, was a visitor at City Hall Saturday morning. He arrived Friday from Wolfville, N. S., where he was the guest of his sister, Mrs. Dr. Chute, after having spent several days in Halifax. He was the guest here of his cousin, Donaldson Hunt. Dr. Hunt left for Montreal on Saturday evening. He is having his second vacation in Canada in seven years.

TOOK AWAY ALL JOY. A certain resident of the city who was going to enjoy the sights at the Fair at the Exhibition Grounds decided that he would take a bottle of the prohibited fluid along to whet his appetite. Every thing looked rosy for a few minutes. Unfortunately Inspector Merryfield and Policeman Lebb had to step in and take the joy out of him. As a result the darling one will appear in court today to answer the charge of having liquor in his possession other than in his private dwelling.

NORTH END CONCERT TONIGHT. St. Mary's Band will play this evening on Victoria Square, North End, the following programme, weather permitting, under direction of Bandmaster Harold Williams: March, Favorite Banner (W. K. Kiefer). Overture, Odion (F. Zimmermann). Waltz, Bruise (Georges Krier). Fox trot, Peggy. Piccolo solo, Wren — Bandman Thorne. Spanish march, Jaurez. Selection, Bohemian Girl (Balfe). Waltz, Golden Gate. One-step, My Little Sunshine. March, Triumph (K. L. King).

Three drunks appeared before the police magistrate Saturday morning, after being arrested on Brussels street the night before. None of the men knew where they had obtained their liquor or who from. They were remanded to think it over. One drunk, allowed out on \$50 deposit, Friday night, failed to put in an appearance.

The case against Herbert and Geo. Taylor, charged with stealing furniture from James Lord, of the West Side, was resumed. Roy Davidson for the prosecution, and Francis Kerr for the defendants.

CARL EVANS WAS DROWNED OFF McLAREN'S BEACH LAST EVENING

Became Exhausted About 6.30 o'clock and Drowned in View of Friends—Edward O'Toole of Fairville Made Gallant Attempt at Rescue—Unfortunate Young Man Was Resident of Fredericton—For Three Months Was Assisting Purchasing Agent at Sugar Refinery.

The drowning of Carl Evans, and the thrilling attempt at rescue by Edward O'Toole of Fairville, off the McLaren's Beach on the Bay Shore last evening, about 6.30 o'clock will linger long in the memory of those who were on the shore to witness the lamentable occurrence. The victim, Carl Evans, was a young man of only twenty-three years of age, a former resident of Fredericton, a young man who was prevented from going overseas to fight for King and country. He was in the Halifax office under the command of Lieut. Col. B. R. Armstrong for a long time as a popular and trusted soldier, and his death last evening was indeed a very sad one; he fought hard for his life, and Edward O'Toole, of Fairville, who has saved lives before made a gallant attempt in this case, but without success.

The unfortunate victim of the seas boarded with Mrs. Frank Campbell, at 46 Sydney street. He was the assistant purchasing agent for the Atlantic Sugar Refinery.

Went For A Walk. Yesterday afternoon about three o'clock Carl Evans accompanied by Charles Campbell, aged thirteen and a son of the lady who conducts the boarding house on Sydney street, and William Darbison, a fellow boarder, left their home and started out for a walk. Evans who had only been in the city for about three weeks made the suggestion that the trio walk to Rockwood Park, but Mr. Darbison thought that the best place would be to Duck Cove and see the part of the country. This was agreed to and the trio proceeded, passed Duck Cove and went to the beach off the Sand Cove Road near Sheldon's Point, or Salt's Rest.

At the time, about six o'clock, there was quite a heavy swell and the heavy combers were breaking high on the beach. Carl Evans suggested that they go in for a swim. Darbison, who could not swim, would not go in and advised his fellow boarder that the heavy swell was too high and advised that he (Evans) should not try it. Evans would not listen to the advice as the heavy combers were breaking high on the beach, but went behind a rock and removed his clothing. Mr. Darbison then walked or climbed up a nearby cliff, while young Charles Campbell remained on the shore to guard Mr. Evans' clothing. Mr. Darbison had only got a short way up the cliff when he heard young Campbell shouting and turning round he saw Mr. Evans in the water waving his hands and apparently in great difficulty. Two other men who were in it also heard the cries of young Campbell and with Darbison rushed as quickly as possible to the shore. The three men hastened to the end of a hundred feet from the shore and at that time Evans was about twenty feet from the ledge and apparently in great difficulty. It is reported that the unfortunate man called out "God help me." Those on the extreme edge of the ledge of rock called for Evans to try and make the ledge, but they heard nothing from him. It was seen that he was going down and was fighting hard for his life.

Rescue Attempted. Edward O'Toole of Fairville discarded his outside clothing as quickly as possible and plunged into the sea, but when he got within about five feet Evans sank. Shortly after Evans came to the surface, only the top of his head showing, but he was then farther away and he again sank and did not reappear. O'Toole dove under the water with the hopes of finding the drowning man but did not see him and reported that there was quite an undertow. O'Toole swam around for a short time afterwards, but not seeing the unfortunate young fellow, returned to the ledge, not without considerable difficulty owing to the heavy swell.

Crowd Collects. The word that a young man had been drowned quickly spread and in a very short time a crowd of people gathered on the shore and a few boats were rowed about. Eager eyes watched every roller that dashed on the shore, hoping that one would wash the body up, but their hopes were in vain as there was no sign.

An Anxious Lookout. It was with anxious eyes that those who gathered on the shore watched for some reappearance of the unfortunate man but the last that had been seen of him before he sank to his death was the top of his head. Those on the shore were silent with sadness when they realized that nothing at that time could be done, for O'Toole had done all possible in plunging into the sea with his clothing just too late, to risk his own life in an attempt to save a drowning man. When seen struggling in the water the call had been made to Evans to try and make the ledge but he appeared exhausted and even if he did try it is thought that the undertow from the shore was too much for him and battle as hard as he did he sank to his death. In fact Edward O'Toole had a hard time in reaching the shore after his gallant attempt at rescue.

Word Sent to City. Clarence Tower resides in a summer home on the scene of the accident and only a few minutes after the drowning he telephoned to the city and asked that some person with grappling be sent for the purpose of making an attempt to recover the body of the unfortunate young man.

Mr. Darbison's Story. When seen by a Standard reporter last night Mr. Darbison related about the same story as noted above. He also said that after seeing his companion drown, and there was nothing else but that was done to try and save his life, he went to a room by telephone with the object of calling up the central police station in the city to get assistance. When he asked for the police station number he found that the line was being used by some other person. He then informed those on the line telephonic that it was an urgent call and that he wanted police assistance and that he would be waiting at the station until midnight so there was considerable delay in getting the police station in the city on the phone.

Police Are Summoned. Considerable time after the young man was drowned, through the efforts of Mr. Tower or others the police station on King street East, was notified and it was not long before the patrol wagon with Detectives Biddiscombe and Donahue with grappling irons left for the scene. On their arrival the tide was receding, but there was still quite a heavy sea breaking on the shore. There were many to say that there was too heavy a sea coming in on the beach, and others claimed that there was a great undertow, and finally pulling more than took on the water was done and the patrol wagon with the detectives returned to the city.

Will Watch For Body. This morning when the tide is out, or when it comes in again, the rest of the men in the vicinity of the drowning will watch the shore closely to see if the body is washed on to the shore. It is thought, however, that grappling irons been used last evening the body might have been recovered, as Edward O'Toole, who tried to rescue the drowning man, was still there having his clothing dried and explaining the exact location where he saw Evans sink. There is also a possibility that the body might be washed out to sea by this morning and that its recovery then will be hard.

Was Well Thought Of. Last night, Mrs. Campbell, with whom the unfortunate young man boarded, was interviewed by a Standard reporter and felt very sorrowful over the loss of the young man. She told about the three, including her young son, leaving the house in the afternoon, and how shocked she was on hearing of the sad death. She said that Mr. Evans was a fine young man and was beloved by every person in the house. He had said that he had been roaming around the country, but she understood that his father was in the West.

Came From Fredericton. Last night a Standard reporter got in touch with Lieut. Col. B. R. Armstrong who was very sorry when he learned of the death of Carl Evans. He said that Evans' home was in Fredericton and that for a long time during the war he had been a clerk under him (Col. Armstrong) in the District Headquarters at Halifax. Evans was unable to go over seas but while a clerk was most efficient. It was during the time that he was on military duty in Halifax that his mother died. After Evans got out of the army he returned to Fredericton where he went into business with his father. Through correspondence, Col. Armstrong learned from Evans that the business was not succeeding very well and Evans wrote the Colonel that he thought he would go west. Col. Armstrong knowing that Evans was a good man, wrote in reply that if he would come to St. John he would try and get him a position. Evans came here and Col. Armstrong obtained a position in the refinery.

It is believed that the young man's father went west and it is reported that he is in Alberta. It is further reported that the father has taken up a small ranch in the west and has written the son asking him to proceed to the west. A sister of the unfortunate young man is said to be Mrs. Spurgeon Maher of Millville, York County.

Two Important Liquor Seizures

Two Bags of Whisky, Rum and Gin Found in One Raid, Wine and Gin at Another.

Two important seizures of liquor, in all its forms and phases, were made on Saturday by Inspector Merryfield and Detectives Biddiscombe and Donahue. In one raid two bags of whisky, rum and gin were "grabbed" while in the other five one gallon jugs of wine were secured. As a result of information received the inspector, accompanied by the two detectives, proceeded early Saturday afternoon to the domicile of Frank Hoffman, a Hebrew junk dealer, residing at 645 Main street. They were armed with a search warrant and under its power searched the premises for the contraband that was supposed to be harbored within. After a diligent combing of the premises the aforesaid two bags of booze were found. As a result of the raid Mr. Hoffman received a notification to appear in court this morning and explain his reason for his having such an assortment of "wet stuff" in this arid city of St. John.

The second raid was pulled off late Saturday night when darkness had thrown its mantle on mother earth. The inspector and the detectives made a sudden visit to the dwelling of Louis Hurlwitz, 25 Long wharf, and a half-filled square face of gin, Mr. Hurlwitz also received a notification to appear before His Honor this morning. Many complaints have been received by the Chief Inspector, Inspector and the police in regard to the particular house, but until Saturday the inspectors had been unable to get the goods.
