BRANKLEY POWELL ARRESTED HERE

Broke into Black Cape Post Office and Stole Over \$100.00.

James Brankley Powell, who for some time has been a notorious resident of the district at Black Capes, was arrested here last Saturday morning charged with breaking into the post office at Black Cape on June 26th and stealing therefrom over \$100.00. The break was made in broad daylight and Powell left on the train going west.

He got on at Oak Bay Mills and hired a man and two boys to row him over to Campbellton in a boat, paying the man \$5.00 and each of the boys \$2.00.

Here he endeavored to ship on a vessel going to sea, but failed. He then deposited \$100.00 with a local bank under the name of James Powell, and got employment from the J. & D. A. Harquail Co.

Word was sent to Chief of Police Mann here and he soon spotted the suspect, whom he kept in touch with until the department was communicated with.

On Saturday Detective Charron of the Dominion Police arrived here and he, and Chief Mann arrested Powell, who admitted he was the party required, and also admitted he was responsible for many other petty burglaries in the vicinity of Black Cape.

The prisoner was taken to New Carlisle Monday for preliminary examination.

Powell has a bad reputation and the residents of Black Cape are glad to know that he is now placed where he can do no further mischief.

ANOTHER RESTIGOUCHE BOY IS DEAD

Private John Gendron of Eel River Crossing Makes Supreme Sacrifice

Word has been received at Eel River Crossing by Mrs. Frank Gendron that her oldest son John Gendron, age 19 years, was wounded on June 7th and died three days later. Mr. Gendron enlisted in Campbellton last summer. He leaves to mourn his loss, a widowed mother, one sister and three brothers. A menorial service was held in the Charlo Roman Catholic Church on Tuesday last at 7 o'clock in the morning, a large number of friends and relatives from Eel River and Charlo being present.

LETTER OF SYMPATHY
Office of the Minister of Marine and Fisheries of Canada,
Ottawa,
23rd June, 1916.

Dear Mr. Gendron:
It was with feelings of very great regret that I learned today of the death of your son, from wounds received, of 7th June, Private John Gendron.

I am writing this letter for the purpose of extending my very sincere sympathy to you in your sad bereavement. Nothing, of course, can lessen the effect of the blow and of the sorrow caused to you and his family and intimate friends, but at the same time it is a satisfaction to know that he died serving his country, fighting in defence of those who are left at home,

AMQUI BALL PLAYERS WIN FROM CAMPBELLTON

Close Game at Quebec Town When Campbellton Team Goes Down to Defeat.—Score 8-7

The game of ball is not yet dead in this vicinity. Last Sunday a team of swat artists visited Amqui and a good and exciting game was put up. The result was in doubt up to the last innings, though the Campbellton boys should have been victors. At the end of the eighth inning, they were ahead by one run.

Battling first in the ninth, they stood 2 men out with bases full, when Rene Gaudet came to bat. The Mail Clerk has quite a reputation as a "slugger" throughout the North Shore, but on this occasion he was a sad disappointment, failing to connect with the sphere for the third time during the game. He redeemed his reputation somewhat by his blow in left field, a brilliant one hand catch, being a spectacular feature of the game. The Amqui boys in their last innings scored 2 runs winning the game with the score at 8-7.

NEW MANAGER OF QUEBEC-ORIENTAL RY.

A Man of Proved Ability, Respected by all and One Who Came From Banks

James Stewart Gordon, who has been appointed General Manager of the Atlantic, Quebec & Western and Quebec Oriental Railways, was born in Aberdeenshire, Scotland, in the year 1880, and commenced his railway training in the service of one of the leading North of Scotland railways. His first position was that of clerk at a small station, but his ability was soon recognized by the officials of the Railway, and after various transfers to more important stations, he was, within a few years, made chief clerk of one of the largest stations on the line. From station work he was transferred to the Head Office of the Company, and placed in their Audit Office, where after a short time he was put in charge of one of the departments.

Coming to Canada in the year 1907, he obtained a position in the Head Office of the Grand Trunk Railway. In May 1908 he was appointed Chief Accountant for the Atlantic, Quebec & Western Railway, and latterly in 1911, when the Quebec Oriental Railway came under the same management, Chief Accountant for both Companies.

During last fall and winter, when the failing health of the late Mr. Scoles, would not allow him to prosecute, with his usual vigor, the management of these Companies, Mr. Gordon was practically left in full charge, and in recognition of the successful manner in which he looked after the management, the Directors of the two Companies, appointed him Asst. General Manager in May of the present year, and on the death of Mr. Scoles, he was made General Manager in June.

The patrons of the two railways, as well as the employees, have in Mr. Gordon a man on whom they can depend to look after the welfare of their interests, and all matters placed in his hands for attention and consideration, will, we are sure, be dealt with in a just and unprejudiced manner.

Mr. Gordon has the best wishes of his many friends for his further success.

SERIOUS ACCIDENT TO H. G. V. FARRER

Thrown From Carriage and Leg Seriously Broken—Now In Hospital

H. G. V. Farrer, manager of Campbellton Electric Light system met with a very serious accident on Tuesday when he was thrown from his carriage near W. T. Cook's store, and his leg badly broken above the ankle.

Mr. Farrer was driving along Roseberry street when one of the bolts which hold the shafts to the axle dropped out allowing the shaft to drop down on the horses feet. This alarmed the spirited horses and they went along at a rapid rate. As only one shaft was fastened to the carriage, it was impossible for the driver to guide it and it dashed into a telegraph pole, throwing Mr. Farrer heavily to the ground with the results as stated above.

Kind hands ministered to him, and he was rushed to the Hotel Dieu Hospital, where he is receiving every attention.

The fracture is a very bad one, the bone protruding through the flesh, and it is feared the foot may have to be amputated.

Mr. Farrer will be laid up for some weeks.

RECOMMENDED AS CENTRAL METHODIST ORGANIST

Playing of Mr. J. MacCall, of Campbellton, Won Much Appreciation

Mr. J. MacCall of Campbellton, N.B., who for many years past has been organist of the Presbyterian Church there, was in the city on Saturday. During his stay, through the courtesy of Rev. T. P. Drumm, pastor and Mr. Ross, organist of St. John's Presbyterian Church, a short recital on the organ in that church was given on Saturday evening to a sub-committee of the Central Methodist Church, and a few other friends of both congregations who heard of the incident. Mr. MacCall's playing was very much appreciated by those present and at the close of the recital, the sub-committee of the Central Methodist Church, met in the Presbyterian church, Sunday school and it was decided to recommend that Mr. MacCall be appointed organist of the Central Methodist Church, the appointment to take place immediately on the installation of the new organ. This recommendation is of course, subject to the approval of the Music Committee, and the Quarterly Official Board.

Mr. MacCall is a musician of rare ability, and a Bachelor of Music.—Transcript.

OFFICER PERRY CATCHES ROBBER

Surprised Frank Veniot Who Had Entered Geo. Dunn's Barn and Killed Hens

At an early hour Friday morning, Officer Perry while on his rounds, heard suspicious noises about George Dunn's property, Gerrard street, and upon investigating caught Frank Veniot in the act of walking away with a number of Mr. Dunn's hens, which he had killed, and an overcoat.

The chicken thief was very indignant at being disturbed at his work, but it availed him naught as he was taken, with his booty, to the police station and locked up.

He appeared Saturday and was remanded until Monday, when he was sent up for trial.

For some time there have been mysterious disappearances of chickens, and it is hoped that the individual with a taste for chicken is the only operator here.

A. McG. McDONALD NOW MILK INSPECTOR

Meeting of Board of Health Held Last Friday.—Must Connect With Sewers

A meeting of the Board of Health was held in the Secretary's office Friday afternoon.

At this meeting A. McG. McDonald was appointed Milk Inspector for the town for one year.

It was also resolved to notify all householders on streets through which sewers run to have their promises connected with said sewers on or before August 1st, 1916 or action would be taken.

ROAD IMPROVEMENTS

The roads in general are receiving a much needed going over and in some districts in the county are in excellent condition. From the Gloucester county line to Charlo River the roads are in excellent condition, and through Colborne some work is now being done. However, within ten miles of Campbellton in both directions, the roads are very poor and should receive more attention. If the drag had been used on the roads after the recent wet weather, much improvement would have resulted. Campbellton citizens should insist upon a better road to Morrissy Rock and Dalhousie.

SIXTH ANNIVERSARY

Tuesday, July 11th, was the 6th anniversary of the destruction of Campbellton by fire.

GENERAL HUGHES RE-VIEWS 12,000 MEN AT VALCARTIER

Bronzed, Smart-looking Battalions Win Praise of the Minister of Militia

Quebec, July 6.—Nearly twelve thousand soldiers swung past Major-General Sir Sam Hughes this morning on the broad plateau above Valcartier camp. It was almost a surprise visit as General Wilson, the camp commandant, had only been given a few hours' notice to prepare for the review. "The old Valcartier swing" said the minister, with pride, as the bronzed, healthy, smart-looking battalions marched past the saluting point like veterans to the spirited music of the massed bands and under a perfect sky, with the bright sun gleaming on their orderly bayonets. It was almost unbelievable that the men had made such rapid progress in so short a time. Rather would one have thought that they had already been five or six months in camp. It was plain that Sir Sam was more than pleased and he did not hesitate to let Gen. Wilson and his staff know it. Battalion after battalion came in for a few encouraging and complimentary words from him and more than one was singled out for special congratulation.

The brigades which were reviewed were as follows: No. 1, brigadier, Col. McLean, composed of battalions 115, 132, 140, 145 and 165.

No. 2, brigadier, Lieut.-Col. Renouf, composed of battalions 105, 117, 148, 171 and 199.

No. 3, brigadier, Lieut.-Col. Stewart, composed of battalions 130, 136, 139 and 146.

No. 4, brigadier, Lieut.-Col. Leduc, composed of battalions 167, 150, 178, 189 and 206.

The following was the parade strength: Engineers' depot, 220; first brigade, 3,142; second brigade, 2,883; third brigade, 2,771; fourth brigade, 2,264. Col. Fages, O.C. 5th Military District, was present with General Hughes at the saluting base. It was about eight o'clock when the minister, who was accompanied by his staff officer, Major John Bassett, reached the saluting station. There he was met by Brigadier-General Wilson, Lieut.-Col. O'Meara. The party then proceeded to the plateau overlooking the camp where the four brigades were drawn up in review order over more than a mile of front. It was evident at a glance that good results had already been accomplished by General Wilson and his officers in the way of training, for the different brigades kept a splendid formation and moved like veterans. It was an inspiring swing by the saluting base, almost every company keeping a high perfect line.

General Hughes did not disguise his satisfaction at the appearance and frequently complimented the battalion commanders on the smartness of their commands. Especially was he pleased with the 105th Prince Edward Regiment, under Col. Ings, which impressed him even more than the 148th, of Montreal, under Col. Magee.

With General Wilson were Col. Rogers, Lieut.-Col. Powell, Lieut.-Col. O'Keefe, Lieut.-Col. Mersereau, Lieut.-Col. Dodge, Major Webb, Captain Poston and Lieut. Leon Garneau.

\$1,000,000 FOR PERMANENT ROADS

F. B. Carvell, M. P., and E. S. Carter Outline Opposition's Policy.—Of Much Importance to Farmers

St. John, N. B., July 8.—A million dollars for permanent roads. A million dollars to be spent by a competent board of engineers and business men upon the trunk highways of New Brunswick. A million dollars to be borrowed by the province of New Brunswick, and the interest and sinking fund paid every year out of the motor vehicle license fees paid into the general revenue. These were the substance of an important declaration made by F. B. Carvell, M.P., to the opposition conference held in St. Stephen this week.

He told the prominent men present that while he thought New Brunswick had far too great a debt and a tremendous liability at the present time, yet the province was intolerable and the present system of road making must be abandoned in a great measure. "We must," he said, "follow the example of other provinces and build roads of a permanent character. We can start first upon the roads connecting the larger market centres, and follow it up as our revenues from motor vehicles increase. Last year that revenue amounted to nearly \$30,000; this year it will increase probably to \$40,000. Automobiles have decreased in price, and many people who could not afford them years ago, now find them more adaptable for their use than horses."

The platform the opposition adopted last January in St. John forecasted a policy, and he saw plainly that it could not come into effect too soon. The great benefit of good roads, Mr. Carvell said, would be felt more by the farmer than the automobile operator, and yet the interest upon the borrow-

THE TONIC THAT BRINGS HEALTH

"Fruit-a-lives" Builds Up The Whole System

Those who take "Fruit-a-lives" for the first time, are often astonished at the way it builds them up and makes them feel better all over. They may be taking "Fruit-a-lives" for some specific disease, as Constipation, Indigestion, Chronic Headaches or Neuralgia, Rheumatism or Pain in the Back. And they find when "Fruit-a-lives" has cured the disease, that they feel better and stronger in every way. This is due to the wonderful tonic properties of these famous tablets, made from fruit-juices. 50c a box, 6 for \$2.50, trial size, 25c. ed money necessary to so improve the roads would be paid out of the motor vehicle license fund.

Mr. Carvell said it would only be fair, in his opinion, that automobile owners should be represented upon the board that would spend this money. A million dollars could be borrowed at first, and as the revenues from the constantly increasing motor vehicles increase the amount of borrowings could increase. "But we must have better roads if we want a prosperous and contented people."

A NECESSITY. E. S. Carter also pointed out that the platform of the opposition provided that the people should control the roads and that the appointment of supervisors should be taken out of the hands of the government. In other words: "The roads must be taken out of politics."

At the present time many of the supervisors were better political workers than they were roadmakers. Men were not always appointed for their skill at road-making. The opposition also promised that every man who paid a dollar of road taxes should know how and where that money is spent; that the supervisor would be selected by the people; would have to publish his accounts and let every man know where the money was spent; and that if at the next meeting they approved of his work they could select him again. If not, they would select some other man for the job. The government would not be a five cent piece stolen from the road money if the man who spent the money knew that his neighbors would audit his accounts.

"THE QUESTION OF THE HOUR." These explanations of the opposition road policy were highly commended by those present, many of whom said the necessity for good roads was the question of the hour.

Catarrahal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrahal deafness, and that is by a constitutional remedy. Catarrahal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrahal deafness, and that is by a constitutional remedy. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrahal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists 75c.

Riches Man in the World, It is Believed

John D. Rockefeller, who is popularly supposed to have accumulated a few more millions than any other man in the world has ever succeeded in piling up, is seventy-seven years old, having been born in the village of Richford, N. Y., July 8, 1839. Mr. Rockefeller is as keen mentally as ever, while evidence of his physical vigor is afforded by his daily appearances on the golf links—Quincy, Ill.—Chicago, Ill.

He was the recipient of congratulations from the members of his family and from many friends, who wrote or telephoned.

It is true--the Ford car is best adapted to Quebec roads

Over the rough roads, through the sandy country highways, up the steep Quebec hills past the laboring heavier cars, the Ford goes easily, speedily, without fear or hesitation.

It is so strong—so light! The Ford engine has more power per pound weight of car than any other automobile engine made.

More Fords are being bought in Quebec this year than all other makes of cars put together—unquestionable proof that the Ford has given the greatest satisfaction for service over Quebec roads.

The demand for Fords is so great that production capacity has been strained to the utmost. If you want a Ford this season you should get your order in immediately—a day's delay may bring disappointment.

WOOD ON STREETS

Despite the fact that the Town By-laws distinctly say that teamsters shall properly protect their loads so that parts will not fall to the streets, our streets in some districts are littered with pieces of fire wood, which are very trying to carriage and auto drivers. MADE A RAID

Chief of Police Mann has been for some time endeavoring to convict Alf Coutange of selling liquor contrary to the Liquor License Act, but although he was almost positive liquor was being sold, it was hard to procure the necessary evidence. Saturday night he quietly went to Richardsville and raided the establishment, catching the offender red handed. A quantity of liquor was taken. While papers were being prepared Coutange skipped for a cooler clime.

OBITUARY

The funeral of John Hottot, son of Mr. and Mrs. Edward Hottot, took place at his late residence, Port Daniel West on Tuesday, July 4th. He deceased was eighteen years and four months. He took sick about six months ago, and since that time had suffered greatly. Everything that kind family and many friends could do, was done for him. The funeral service was conducted by the Parish priest, at Port Daniel East Catholic cemetery. The pall bearers were Thomas Roussie, Pat Hottot, Harvey Hottot, Andrew Dae, Daniel Hottot and Cluney Fitzgerald. He leaves to mother, his father, and mother, two brothers and four sisters. Mr. Philip Hottot of Shigawake; Mr. Frederick Hottot of Port Daniel West; Mrs. Andrew Dae of Port Daniel West; Mrs. James Dae of Drummondville; Jennie of Montreal and Julia at home. He was a very quiet and respectful young man and was beloved by all who knew him.

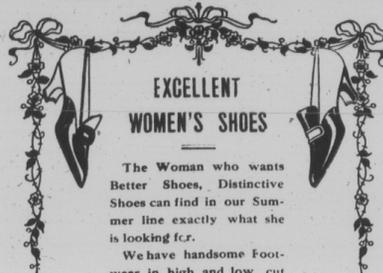

The sudden death of Mrs. Timothy Robinson of the 22nd of June, was heard with sincere sorrow, by her many friends throughout Restigouche County. Mrs. Robinson, although of a modest, retiring nature, had during her life endeared herself to all who knew her by her amiable disposition and her unswerving adherence to all that was pure and elevating in public and domestic life. Mrs. Robinson was a faithful member of the Presbyterian Church and a sincere Christian, whose gentle, quiet ways will be sorely missed in the Church and neighborhood in which she lived for so many years.

The sympathy of his many friends are extended to Mr. Robinson in his sore bereavement.

MIRAMICHI PRESBYTERIAL MEETS IN BATHURST

Most Encouraging Reports of the Year's Activities Presented—Officers Elected for Coming Year.

The twentieth annual meeting of the Miramichi Presbyterial of the Women's Missionary Society, convened in St. Luke's Hall, Bathurst, on Tuesday. About fifty delegates were in attendance, besides officers and visitors. These delegates represent the constituency covered by the Miramichi Presbyterial extending from New Carlisle, P. Q., to Harcourt, N. B.

Among the visitors were Mrs. R. C. Cruikshank of St. John, the Society's Secretary of Young people's Work, Rev. F. L. Jobb of New Mills, and Dr. Kate McMillan, a Korean medical missionary, who is now spending a furlough at her old home in Jacquet River.

The delegates were hospitably entertained by the ladies of St. Luke's and their friends. An address of welcome was presented by Mrs. R. Dunn of West Bathurst, the President of the Local Auxiliary, and responded to in a pleasing manner by Mrs. O. Nicholson of Newcastle.

The business sessions were presided over by Mrs. F. L. Jobb of New Mills, the President of the Presbyterial. A visit to one of the meetings would convince one that women are just as capable in the transaction of business as men.

The weather throughout the day was in an extremely torrential mood and the problem of navigation on some of the village streets was a rather acute one, but the visitors made the best of it and some eyes seemed to enjoy it, and once within the comfortable hall, the ladies went ahead with their meetings as if bad weather were never thought of.

The reports of the year's operations were on the whole decidedly optimistic and encouraging. The Secretary reported 28 auxiliaries with 678 members and 95 scattered helpers, 50 members were added during the year and five life members. 21 of the 28 auxiliaries spoke of increase in funds and this notwithstanding the many other activities—especially war activities—in which the women are engaged. The various auxiliaries connected with the Presbyterial raised a total of \$2,066.63 for foreign missions; \$584.27 for Home Missions; and \$91.75 for the Hospital Fund; making a grand total of \$2,742.65, which is a very creditable showing and represents an increase over last year.

The way in which the H. M. funds were allocated is instructive in that it shows the various Canadian activities in which the Presbyterial is particularly interested. The allocation was as follows:—

- \$240.00 towards support of a Home Missionary in the Northwest.
- \$60.00 Kindergarten work among foreign children in Sydney.
- \$90.00 Scotsown School.
- \$60.00 Student Bursary Fund.
- \$27.00 Maritime Home for Girls, Truro.
- \$25.00 Sydney Rescue Home.
- \$34.00 manse at Harrington Harbor, Labrador.
- \$60.00 Work among foreigners at Miramichi.

Among the interesting papers read at the meeting was one on "Fishing" by Mrs. Bruce of Campbellton and one on "Home Missions" by Mrs. G. A. Grant of Black River. (In Mrs. Grant's absence the paper was read by Mrs. Nicholson.)

Among the other good things on the program were a "Conference on Young People's Work" led by Mrs. Cruikshank of St. John and a "Round Table Conference on Best Methods of Using the Study Book" by Mrs. Rattee of New Richmond.

The Treasurer's report showed totals to date for:

Foreign Missions	\$2,066.63
Home Missions	584.27
Hospital Fund	91.75
Total	\$2,742.65

The officers for next years are:—
Honorary President—Mrs. John Ferguson, Bathurst Village.
President—Mrs. F. L. Jobb, New Mills.

- 1st Vice President—Mrs. Hugh Miller, Campbellton.
- 2nd Vice President—Mrs. Alex. Firth, Douglastown.
- 3rd Vice President—Mrs. A. B. Carson, Rexton.
- 4th Vice President—Mrs. Rattee, New Richmond.

The evening meeting was of a public nature and was presided over by Rev. W. McN. Matthews, Minister of St.

She—How did they ever come to marry?
He—Oh, it's the same old story. Started out to be good friends, you know, and later on changed their minds.

A sergeant was entering a new enlistee into his book. "And where do you hail from, Angus Macdonald—England, Scotland or Ireland?" he asked with a sarcastic smile at the six-foot braveny giant. "Name o' them," was the ready answer. "De ye ken whaur Aberdeen is? Weel, I come frae Aberdeen."

Buy a Ford, not because it is cheaper, but a better car

Mark well the sterling construction of the Ford car.

The testing department of the Conservatoire National des Arts et Metiers of the French Republic made a highly scientific comparison between Ford constructive material and the material used in another very noted and expensive car. In every test the Ford material proved superior.

The service given by Ford cars in Quebec has fully substantiated the results obtained by these French scientists.

Buy a Ford, not only because its first cost is less, not alone because its maintenance cost is less, but because its quality of service is greater,—because it gives more mileage per dollar invested than any other make of car you can buy.

And if you want your Ford this summer, buy it today to ensure prompt delivery.

A GOODLY HERITAGE—FOR WHOM?

By G. B. H. Brooke.
Analogies.
(Continued)

Here are some interesting analogies if nothing more. Manasseh was the 13th tribe in Israel, and in the American Standard the number thirteen comes out wonderfully. The stars and stripes (originally thirteen, the feathers in the eagle's tail and wings thirteen, the letters in the motto, "E pluribus unum", thirteen.

Ephraim and Manasseh were both west in Canaan—Manasseh furthest west—and west in the encampment round the Tabernacle. Manasseh and Ephraim are west now, Manasseh furthest west. Manasseh's portion now has almost a whole continent to play in, while Ephraim has been crammed into two little islands, so that he has to break forth on the right hand and on the left. He clung to his "right little, tight little island" as long as he could, but he had to go, fulfilling the prediction, "Ephraim is an unwise son, he should not stay long in the place of the breaking forth of children," Hosea xlii. 13. "The children thou shalt have after thou hast lost the other," Isaiah xlix. 20. What other if not America? After losing America, England gained numerous colonies.

The question of Woman's Rights was first agitated in America in modern times, but that question had been debated in the tribe of Manasseh long before, when Zelophehad's five daughters argued their right to an inheritance among their brothers, and obtained a Divine decision, which must have had great effect on the status of women in Israel ever after.

The Past and the Future
Apart from England, America has no ancient history. But go back 150 years and our past is here. She shares in all the glories of Cressy, Poitiers, Agincourt, and the Armada. She may take pride in Alfred Bede, Chaucer, Shakespeare, and all the rest of our great Temple of Fame, and she does.

We on our side are proud of Longfellow, Whitier, Emerson, Wendell Holmes, of Washington, Lincoln, Garfield, and other great names of America's separate history. We admire and benefit by her inventive genius, her manufacturing skill, and general good-head energy, and appreciate the great part she has played in the evangelization of the world. American Missions are a notable proof of her part in Israel. In this war, too, individual Americans have come out nobly in help for our sick and wounded.

Present Wilson, in his official attitude, is rightly interpreting his country's feelings remains to be seen. And apart from England, we are bold to say America has no future; if she ever had such a vision, it has been blured by this war. But if she is Manasseh, her future is to rule the world in conjunction with England. We hazard no prophecy as to how a closer union between the two countries is to be brought about, shall not even attempt to conjecture, but that it will come, we are certain.

If she is not Manasseh, then what is her destiny? There are three countries whose destiny is plainly foretold in Scripture—Israel, Assyria, and Egypt—Israel, God's inheritance, is to rule the world. Assyria is to be destroyed by Israel, and so is Egypt. Now, America cannot be Assyria nor yet Egypt, if she is not Manasseh and a part of Israel, her destiny is that of the rest of the nations to serve Israel or perish. "The nation and kingdom that will not serve thee shall perish."

She must choose between these destinies. She cannot stand apart on her continent hugging her Monroe doctrine, and unaffected by the struggles of the Old World. Either we go down before Germany, as Rudyard Kipling has told her, she stands next, and the Power that has smashed the British Empire and its company of nations will make short work of her and her Monroe doctrine.

This war, if it ousts England from world-power, puts Germany in her place. A Germanized America is a dream of the Kaiser's, and thirty millions of Germans and semi-Germans already in the States are a menace of fulfillment. Anglo-Saxondom must unite if it is not to be realized. Would such a future be a free country's choice?

But is it not a glorious heritage that is offered America? Is it to go begging? Somebody must have it. Attempts have been made to fit it on to Germany and to Scotland. To see Germany as Manasseh, in the light of recent events, must need a peculiar kind of vision, and as for Scotland it is only necessary to say that no one could call a people numbering less than three million a great people. Jacob had quantity as well as quality in his mind when he spoke of a great people—"they shall grow into a multitude."

But with America everything fits. Much more might be said as to this goodly heritage which America can claim if she will. Why should she reject it? Let her declare for the glorious role that is assigned her as Manasseh, to share with Ephraim in the Kingdom of the Saints, the dominion which is to be given to the people of the same of the Most High, which is the same as the Kingdom of Christ,

POTATO GROWERS; ATTENTION! ANNUAL PARADE OF GLOUCESTER COUNTY ORANGEMEN

The potato crop may be greatly damaged, or perhaps a complete failure during the present season, unless farmers immediately adopt measures to prevent late Blight or Rust, which is usually favoured by wet, cloudy weather.

The shortage in the potato crop last year, throughout America, was due largely to Late Blight. This disease was more general than usual, on account of the wet season. The possible potato crop in New Brunswick for 1915 was reduced approximately 25% or 3,000,000 bushels owing to these conditions, and unless potato growers practise thorough spraying, a still greater loss is likely to occur during 1916 if the present heavy rainfall continues. Undoubtedly the heavy rains of June will also encourage the disease, even though fine weather should prevail from now on.

Late Blight is an infectious disease, caused by a fungus which attacks and destroys the foliage, and also causes a very destructive rot of the tubers. The spread and development of this organism may be held in check by spraying with Bordeaux mixture, five or six times during the growing season.

Last season, demonstration spraying experiments were conducted on farms in different sections of the Province, which showed that the yield could be more than doubled by spraying to prevent foliage diseases.

Now is the time to adopt preventive measures if the best results are to be obtained; indeed, if the potato crop is to be benefited to any great extent, growers should start spraying immediately, when the plants are from six to eight inches high. Good results can be obtained by spraying later, but "The early bird gets the worm." Spraying should be continued at intervals of ten days or two weeks, until five or six applications have been made.

Several strengths of the solution have been recommended, but either of the following have given good results:

- 4 lbs. of Copper Sulphate,
- 4 lbs. of Lime, (freshly slaked)
- 40 gallons Water.

or the same formula, using six pounds of Copper Sulphate, has been recommended by some experimenters.

Separate stock solutions of the Lime and Copper Sulphate will keep indefinitely and may be made up at the beginning of the season, but the Bordeaux resulting from the mixture of the Lime and Copper Sulphate, will not keep and should be made up only as needed.

Stock Solutions:—(A) Dissolve considerable Copper Sulphate, (sufficient for the season) at the rate of one pound in a gallon of water.

(B) Slake the lime and add water to make a Milk of Lime, equal to one pound in a gallon of water.

To make the required mixture, dilute four gallons of the Copper Sulphate solution up to twenty gallons, and four gallons of the milk of Lime (after stirring up) to twenty gallons, and mix these two diluted solutions in the spray tank. Apply at the rate of one to two barrels per acre, depending on the fineness of the spray and the size of the tops.

More detailed information may be obtained by writing to G. C. Cunningham, Dominion Plant Pathological Laboratory, Fredericton, or by writing to the Department of Agriculture, Ottawa, for Circular No. 10 "Late Blight and Rot of Potatoes."

of whom it was foretold, "The Lord God shall give unto Him the throne of his father David, he shall reign over his kingdom for ever, and of his kingdom there shall be no end." Judges i. 32. (Reprinted from "Young Israel's Standard").

ANNUAL PARADE OF GLOUCESTER COUNTY ORANGEMEN

The annual parade of the Gloucester County Orangemen, took place Sunday afternoon at 2.30 p. m., with Divine service in the Opera House, Bathurst.

The following prominent members were on the platform:—Past Grand Master Rev. H. P. Thomas of Dorchester, N. B.; Rev. Mr. Matthews and Rev. F. A. Wightman.

Rev. Mr. Matthews occupied the chair. The service opened with singing the Doxology, followed by a scripture reading and a hymn. Rev. F. A. Wightman offered prayer.

A very interesting address on the Objects, Aims and Qualifications of a true Orangeman was ably delivered by Rev. H. P. Thomas, P. G. M. A silver collection was taken up to defray expenses, the balance to go to Canadian prisoners in Germany.

The remainder of the service consisted of a hymn, "Onward Christian Soldiers", and a duet by a mixed choir. The service was brought to a close by singing "God Save the King."

FUSION OF CREEDS IN CANADA CAUSES INTEREST OVERSEAS

Daily Chronicle Welcomes Decision of Presbyterian General Assembly

London, July 8—Military events have eclipsed the news from Canada in regard to church union, but the decision of the Presbyterian General Assembly has created great interest here. The Daily Chronicle welcomes the Canadian union of sects as a hopeful admission of imperfections and shortcomings in the existing order of things and says that the Christianity which is to help pull the world together after the awful orgy of the war must be different from what men have known it in the past. There is the pathos of history about the stand of the minority, says the Chronicle, but practical sense in the decision of the majority and it is significant that the latter is supported by returned soldiers.

The Lord Mayor recently made a strong appeal for fusion of creeds here, but clerical opposition is strong, even against a union of the various divisions of the Methodists.

Rev. E. Griffith Jones, principal of the Yorkshire United Independent College, has accepted the invitation of Montreal Theological College to give a series of lectures on homiletics next October.

STOLE THE MAIL, IS SENT TO JAIL

Quebec, July 7—A young man, Louis Poirier, engaged in driving the mails between Chloordome and Fox River, who had been stealing from the mails he was driving along the coast, was convicted before Judge Couillard at Perce, the "Chef Lieu" of the County of Gaspé, and sentenced to three years in the penitentiary.

It seems that his practice was to break the seals of the bags committed to his care, in an abandoned hut used by the couriers as a meeting point in the Grand Etang portage, and burned the letters from which he had taken the money contents. It was only a few days before the Post Office Inspector got on his trail with the above result, which shows that even in the remotest districts it is not a healthy pastime to tamper with His Majesty's mails.
