Thursday Morning Stantoard.

Stantoard and adapted and suitable in all respects, for that purpose, by their moderate height and approach to the island. A dam at the head of this island would leave abundance of reom for mills from the Dam to the lower end of it, besides producing a backwater several miles up the river; and by means of a flood gate, which it would be easy to place at the Brook, any proportion of the river from a part to the whole may be turned in that direction and carried into the swamp, a place situated as low as the bed of the river, and sufficiently capacious to hold a vast supply of logs any season of the year. The water inight here be confined and let out as required, by placing a dam at the upper end of the rivulet which runs into the Basin. The ravine down which this rivulet passes is an excellent and sale situation for Mills. Sluice-wavsmay be cerried from the Island along the intervale in various directions, to Mills at the Falls or Basin and continued at a high elevation to the mouth of the River. The same may be done on the Mills and a space aid open for a slunce and road in that direction. The middle may be divided by means in all its branches, at the OLD GOAL St. Andrews.
He has on Hand,
Carts, Wheels, Wheel-barrows.

and a space and open for a slunce and road in the direction. The middle may be divided by means of a dyke ar wall passing up the river of it, from a pier at the head of the inland to another at the Boundary Line; and the river being so divided A L S.O. & All kinds of Paints, Oil, Glass, Commissioner next week D. Morrison.

We have been tavored with Barbados paper supposed the first place, it is impossible to suggest the number of the 11th ult. and Antigna dates to the 20th, just as we went to press; there is nothing particularly interesting in those papers, but we shall give some items of intelligence from them have undertaking understaking would speedity induce and force upon another. The transport of supplies and all travelling by water is always suspended at the falls and consequently that part of the river between the islands, is the place where the navigation of this river one way ends; or where it recommences the other way. The land along this part of the giver is of an excellent quality for cultivation; but as other more important inquirity for cultivation; but as other more important inprovements went on this would soon give place to building lots and trading establishments. Many ather valuable peculiarities distinguish these falls, but the great advantage of their local situation is of the utmost importance to all who have any interest in the vast resources of this river.

The River Santa Tohn is remarkable for the contraction of so large a river at its mouth; and the first place which any undertaking would speedity induce and force upon another. The transport of supplies and all the falls and consequently that part of the river being so divided at the falls and consequently that part of the river being so divided at the falls and consequently that part of the river being so divided at the falls.

The standard provements which are the falls place, it is impossible to suggest the number of public works and it the falls and the falls place, it is impossible to suggest the number of public works and it this place, it is impossible to suggest the number of public works and it the falls and consequently the falls.

The standard provements which are the falls place where the nead of the falls place where it recumences the other way. The land along this part of the river being so divided any Turpentine, Putty, &c. Painting, Glazing, and Paperhanging done On Moderate Terms,

TREATISE ON AGRICULTURE, ADAPTED TO THE CLIMATE AND CIRCUMSTANCES

CATADA. BOUNTIEUL Providence has furnished Ca

A nada with inexhaustible sources of wealth, in her most fertile soil and climate, which is by no means unfavourable to Agriculture. The due inprovement of these, and other natural advantages, is capable of giving riches and every reasonable enjoyment to her present, and a vastly increasing population. The importance of Agriculture to Canada, mu

ed by Peter Clinch Esquire, deceased, and by him conveyed by Will to Charles Reid, said Lot containing half an acre, more or less. Also that piece or parcel of Land lying on the Northern side of the Road Leading into the village at the Lower Falls, situate between the hours of William Garenton in said road and the Intervale; bounded westerly by a lot owned by Thomas Murray, and St. David, containing the latter of Northern side of the Road Leading into the village at the Lower Falls, situate between said road and the Intervale; bounded westerly by a lot owned by Thomas Murray, and St. David, containing two hundred to a certain Lot of Land in the Parish of the less trace of Agriculture to Canada, must be obvious to every one capable of forming a sound in direct supply of all ner greates, wants. It must in this, and in every other country the the prent of Manufactures and Commerce, and the best recans of promoting civilization; and population; consequently it ever will be the most universal and useful of arts. In almost all nations, the most powerful individuals derive their wealth and

wers and the second and the second and codesquence from their property in land, cultivated and managed by the husbandman.

Agriculture, therefore, and agriculture alone can support us without the help of others, in certain plenty and real dignity. While our ground is coverience, and agriculture are the second agriculture and real dignity. Exectly by Land owned by High at Calling and Switz Asserts contact of an expectation is seen on the small person of the Supreme Court of the Supreme Court of the small person of the Supreme Court of the small person of the same having been taken in December 150 and the small person of the same having been taken in December 150 and the small person of the same having been taken in December 150 and the small person of the small person of the same having been taken in December 150 and the small person of the small person of

heirs of the said Aaron Linton.

A certain Lot of Land 50 leet square situate on the West side of the said river purchased by the said John Linton and one Edward Reynolds from Daniel Hall.

A certain Lot or parcel of Land situate at the Upper Mills and purchased by the said John Linton from John Dowdall with a new dwelling House, Barn and other improve ments.

A certain lot of Land containing 200 acres of monly called the Meadows, situate on the eastern side of the staiders of Agriculture is the only riches that the produce of Agriculture is the only riches tha Just received per Brig "St Mungo" from the standard of themse with the means by which trade and commerce furnish the means by which trade and commerce can be carried on successfully in Canada, can be carried on successfully in Canada.

A certain lot or tract of Land containing 100 acres more or less, bounded as follows: beginning at a marked pine tree standing on the Eastern bank or shore of the River Magaguadavic at the South Eastern angle of the grant to Asron Linton, thence running by Schr. Royal Oak from Yarmouth.

As a work of this description cannot be published in English and French without incurring considera-ble expense, it would be necessary for me to have as many subscribers as would insure my expenses. as many subscribers as would insure my expenses. Subscription lists will be left at the several Book Stores in Montreal. The work, I expect, will not exceed four parts, at 1s 3d, each part. The first part to be published when there are a sufficient number of Subscribers. I expect the whole might be published before the first of May next.

The four parts will contain from 250 to 300 pages.

Cete St. Paul, Dec. 18, 1834.

Of a weekly Journal, which is intended to be published in FREDERICTON, and called,

Mr. R. T. Edghill, sole Proprietor and Editor

The principles of "The Conservative" are sufficiently declared by the name, which seems to have acquired a fixed and determinate meaning. It scarcely need be said, that a "Conservative" means one, whose principle and determination is to defend the timehonored British. Constitution, and maintain the valuable Institutions of the Empire in their integrity—but who is not exerced to the correction of abuses that is not averse to the correction of abuses that may have crept into any of them by length time, or to real improvement wherever it may be practicable.—This, at least, is the meaning which we attach to the term; and in this sense of it we shall endeavour to justify the title as-

The Columns of "The Conservative" shall be always open to Communications in which subjects of local interest are temperately and fairly discussed; and adorned by the most valuable literary materials that can be procured.
The RIGHTS of ALL PARTIES shall be invari-

AUCTION & COMMISSION BUSINESS ably respected and maintained.

The subscriber grateful for the many favors.

The subscriber grateful for the many favors.

An engraving, of original design, will surmount the title; and "The Conservative" will be issued on fine paper, with new type.

No money will be looked for until the expiration of the first six months, when the whole of the annual subscription would be required, to enable the Proprietor to meet the heavy engageenable the Proprietor to meet the heavy engagements which must be contracted before "The Conservative" can commence. At the same time, it shall be optional with subscribers to decline the paper at any moment, on paying the amount of subscription due.

Terms "Twenty Shillings per annum.

"The Conservative" it is intended, will open with a review of the proceedings of our Legislature during the Sesson which has just closed; and the publication will begin as soon as possi-
