## ALARMING RAILWAY RUMORS ARE FLATLY DENIED

### Inauguration Of Steam-Ship Service On Bay Chaleur Is Considered

#### C. N. R. CHANGES EFFECTING CAMPBELLTON OFFICES ARE DENUONCED AS PIPE-DREAM

Letters From Pius Michaud and Mathew Lodge Declare Recent Rumors To Be Absolutely Groundless—No Changes Considered At Canadian National Railway Headquarters.

The investigation of Mr. H. J. Currie, liberal candidate for Restigouche County, into the recent alarming railway rumors, has produced information which proves them totally unfounded. In the light of this information, which can be relied upon, it is evident that the recent rumors were nothing more or less than insidious political propaganda circulated for the possible benefit of a party which feels itself out in the cold.

The letters follow:

Jan. 13, 1925  
Edmonton, N. B.

Dear Mr. Currie:

On Sunday last I wired Sir Henry Wheatley in reference to the rumors circulated in your town that the Eastern C. N. R. division would be extended to St. John's, and many families would leave Campbellton. I received a reply last evening stating that there was absolutely no foundation for the rumors.

Pius Michaud.

Mr. H. J. Currie,

Campbellton, N. B.

My dear Sir:

Referring to your phone conversation this morning regarding certain rumors of removals of the Official Staff from Campbellton to some point in Quebec, I assure you it is absolutely unfounded. There has been no discussion whatever of anything of the sort with the Railway Board, nor with the Management either in Montreal or Moncton, and you can give a positive denial to any such reports.

Last week they were circulating the same kind of stories in Moncton, and Mr. Appleton and other officials were to be removed to Montreal but no one in authority has heard anything about it. Someone is allowing his or her imagination to work overtime; they are evidently having what is commonly known as pipe dreams.

I may say to you, Mr. Currie, that the Railway shops at Moncton have been put on full time, that the President of the Road is very optimistic in regard to the business for the coming year, and that he has no say in the representatives on the Board from the Maritime Provinces are devoting a lot of time to the betterment of conditions throughout the Maritimes, and I hope may succeed.

Should your Board of Trade or City Fathers at any time think they have a grievance, or there is anything they would like to take up with the Board, I shall be very glad to present their case.

Thanking you for your message this morning,

I beg to remain,

Yours faithfully,

M. LODGE

PRESENTATION TO

REV. MR. GODFREY

X. P. S. Members Make Fastest Birthday A Most Pleasant Occasion

The Methodist Church Hall was the scene of a most pleasant social affair on Monday evening when about twenty-five members of the Young Peoples Society of Wesley Methodist Church entertained their pastor, Rev. W. S. Godfrey and Mrs. Godfrey at a skating party, the occasion being Mr. Godfrey's birthday.

The first part of the evening was spent in skating at the rink, after which the guests repaired to the church hall where a delicious supper was served and a birthday cake centered the appetizing spread. Supper was followed by a program of vocal and instrumental music, Messrs. Bury and Cuthbertson officiating at the piano.

A feature of the evening was the presentation of a gift to Mr. Godfrey by the members of the Y. P. S., made in the presence of a fitting address, in which the members of the church, young and old, mentioned the high esteem in which they held him.

Mr. Godfrey was obviously surprised by this demonstration of appreciation and thanked the members of the Society for their generosity and kindness. The guests departed expressing their regret that they could not have been happy birthdays.

#### LOCAL INSPECTOR HAS A REPLY

Says He is Endeavoring to Do His Full Duty—Is Not Assisted

Mr. Chas. B. Gray, the chief inspector for this County writes as follows:

Jan. 13, 1925  
Campbellton, N. B.

To the Editor of the Graphic.

Dear Sir:

I notice in your paper of Jan. 8th, the cause of not having the Liquor Act enforced is laid to the inspectors and some statements I would like corrected.

First, parties making reports in newspapers should look up the records at the police Court. There has been only seven arrests in Campbellton in two months. There were fourteen hundred men came from the woods, all came through Campbellton and one thousand returning back, in the two weeks of holidays and only one arrest made. I think this should be a record for the inspectors and Police force of Campbellton. On making inquiries of the officials of the Railway they said it was the best it ever was in history.

In regard to the report about the Government wanting more liquor sold for revenue, this was thrust out by the Chief Inspector early last spring. But it seems it just struck lately in Campbellton.

The summer there are vessels distributing liquor along both sides of the River. This River forms the boundary line between this Province and Quebec. On the Quebec side they keep the smuggled stuff stored and parties just crossing the river can get a case some fifteen or twenty dollars cheaper than they can get the liquor in Campbellton. When people get drunk on this stuff it is laid at the feet of the vendors, inspectors and police force of Campbellton.

If a party goes into the vendor and gets turned down, the party watching outside will say he has got a bottle or a drink whether he gets it or not. I like to deal fairly with every body and he dealt fair with, but I hope of people will get the run and then holler the louder, "Why don't the inspectors do their duty?"

In conclusion, I say that all the information we get is from the man that handles the run or thinks it. We get nothing but lies and knocks from the other parties.

Thanking you Mr. Editor for the valuable space.

I remain,

Yours respectfully,

C. B. GRAY

Mr. Gray may be right, but it is a well known fact that too much liquor is sold in this County. The Commission sold 240,000 worth of the stuff here in one year. Does any person dare to state that this was all sold under prescription for strictly medical purposes. We do not wish in any way to intimate that conditions are not better in Campbellton than under license. We know and openly state without fear of contradiction that there is certainly a vast improvement here, but there are yet some loopholes which should be closed.

That for March: "Carelessness often means the hospital or the cemetery."

He had to win! For her, for himself and for his team. See Hot Gibson in "Hit and Run" at the Opera House Friday and Saturday.

CHATHAM HERE

MONDAY NIGHT

Coming Game Will Be One of Fastest Here During The Season

On Monday night the Chatham team, Campbellton's old rivals, will cross sticks with the locals. The visitors have recently been in heavy training and are regarded as much faster than at the opening of the season. Will the local victory behind them they are out to push Campbellton into the background so the encounter is certain to be a whirlwind from beginning to end. This planing on seeing this game should come early or be prepared to perch on the rafters in order to get a look in. The band will be in attendance and there will be six bands for skating after the game.

#### "SHORE ACRES" IS SOLD FOR \$5000

H. A. Carr Bid In New Mills Property For U. S. Parties Will Develop Property

The former J. T. Windsor property at New Mills, which has recently become known as "Shore Acres" was bought in for the sum of \$5,000 here yesterday by H. A. Carr, who, it is understood is acting for certain American interests. Several prospective purchasers were interested in the transaction. One of these however, a local party, was advised against acquiring the property, the argument being advanced that it was more advisable to have outside capital attracted to this part of the County.

To Form Company

It is understood that the American parties concerned in the sale of the property will form a company during the winter and formulate definite plans for the development of Shore Acres.

The purpose of the purchasers is to continue and develop Camp Chaleur as a summer vacation-ground for boys. This camp was started last spring and got away to a fair start and these interested in the proposition believe it is a promising one. With the arrival of spring, this proposed summer camp site may be the scene of renewed activity.

"THE MAN WHO CAME BACK"

Big Fox Screen Triumph By John Flemming Wilson Coming To Opera House Next Week.

William Fox has produced another picture from a notably successful novel and stage play in "The Man Who Came Back" which will be shown at the Opera House on Wednesday and Thursday next. Directed by Emmett Flynn, the picture was made by a talented cast of well known screen performers and it is said to be one of the best pieces of work ever done by the versatile director.

Originally a novel by John Fleming Wilson, "The Man Who Came Back" was dramatized by Jules Eckert Goodman and produced by William A. Brady, in 1917. Mary Nash and Henry Hull had the leading roles and the play ran on Broadway for 467 days. In Chicago it played for twenty-one weeks. In another production Conrad Nagel had the title role and his success was equally as phenomenal.

In the Fox picture George O'Brien and Dorothy Mackall have the principal parts and are supported by a capable cast including Cyril Chadwick, Louis Lewis, Emily Foy, Harvey Clark, and others well known to the American theatre-going public.

The story deals with the never-died son of a New York millionaire who eventually becomes a derelict in Shanghai. His fall and rise, the latter influenced by a woman, make a narrative which offers a wealth of romance and all of the action necessary to a first rate picture.

UNIQUE CALENDAR

The Maritime Safety League, which is a branch of the Canadian National Safety League, is distributing a unique calendar. Each month is illustrated by a scene calculated to drive home the principles of the League.

For instance, January is adorned with a group of workers and underneath is the following: "To work safely is of the utmost importance to us all. Let us co-operate to make 1925 free from lost time accidents."

That for March: "Carelessness often means the hospital or the cemetery."

He had to win! For her, for himself and for his team. See Hot Gibson in "Hit and Run" at the Opera House Friday and Saturday.

#### TWO TRAINS CRASH AT BELLEDUNE

Driver J. McDermott Killed Tuesday When Head-on Collision Occurred In Snow-Storm

In one of the worst wrecks which has occurred on the Northern division of the Atlantic Region of the C. N. R. in some years, Joseph McDermott, locomotive engineer, was killed and his fireman, Stanley Murphy, had a leg badly injured when two freight trains crashed in a head-on collision at Belledune Station, about forty-five miles south of Campbellton, Tuesday afternoon about 2 o'clock.

The collision occurred between the third section of freight No. 82, in charge of Conductor J. C. Cormier and Engineer Joseph McDermott, southbound, and an extra freight train, in charge of Con. Walter McGinn and Engineer Edward Legere. These trains were to meet at Belledune.

Storm Responsible

The blinding snow-storm of Tuesday apparently accounts for the wreck. The northbound train arrived at Belledune and was standing on the main line when the southbound freight crashed into her. The board was derailed by the impact of the crash and the engine and cars were hurled into the snow, the engines failed to see it in time.

Jumped From Cab

Engineer McDermott and Fireman Murphy of the southbound train, seeing a collision inevitable, jumped just before the crash. Seven cars were derailed by the impact of the crash and Driver McDermott was crushed to death beneath a carload of horses. His body was recovered being found face down in the snow under the wreckage. Murphy, in jumping, suffered a badly injured leg. In addition to both engines being badly smashed, some seven cars were derailed and more or less broken up. The car containing the horses was completely turned over and 14 of the animals were killed.

Engine on Rails

Both engines remained on the rails which leaves the impression that the engineers remained in the cab until the collision with slight injury. Engineer McDermott was a native of Kent County but for some time had been running out of Moncton, where he was employed by the Dalhousie branch line. He was about 40 years of age and unmarried.

Train was blocked at Belledune until about 9:30 Tuesday night as a result of the wreck.

MORNING BLAZE CAUSES DAMAGE

Residence of David Nelson Damaged By Fire In Floor and Walls

Fire broke out at 2:30 o'clock yesterday morning, did considerable damage to a residence on George Street, occupied by David Nelson. It is thought that the blaze originated from defective wiring. The loss, which has not been definitely estimated, is covered by insurance.

The fire brigade responded to the alarm and worked hard to contain the blaze. The fire was extinguished by the heavy rains, due to yesterday's heavy snowfall, the blaze had made considerable progress before their arrival on the scene. The fire was mostly between the walls and floors and considerable chopping was necessary in order to reach the flames. A high wind was blowing and the night was cold, making the experience for the firemen a very disagreeable one as well as diminishing their chances for effective work.

The loss by fire will not be great but when the damage from water and smoke is added to this the total may reach a fairly large figure.

#### HYDRO TURNED ON LAST FRIDAY

Town Now Has Ample Electric Power For Domestic and Commercial Use.

New possibilities for the growth and advancement of Campbellton were brought home to its citizens last Friday when at exactly five o'clock in the afternoon, Mayor N. C. McKay pulled the control lever and switched on the hydro which now supplies Campbellton with electric power.

That the occasion was an epochal event in the life of this town was evident from the number who gathered at the electric light station and the air of suppressed excitement which prevailed. Members of the town council, which was instrumental in bringing hydro to Campbellton, were present and a large number of citizens were also on hand. At five o'clock the fire alarm horn broadcasted the good news with a series of triumphant shrieks and a moment later Manager Farrer turned off the power from the old engine and the town was flooded with hydro electric light.

Except for the burning out of a few fuses, everything came off without a hitch.

New Opportunities

With the coming of hydro Campbellton is presented with new opportunities for expansion and a new period of progress should follow.

The power is secured from the Lower St. Lawrence Power Co., which is under contract to deliver 1,100 H. P. per year at a cost of \$40,000 and to further supply any amount up to 3000 H. P. upon demand for a flat rate of \$25 per horse-power.

The rates for domestic purposes will eventually prove cheaper, at least a minimum rate of \$1.00 per month is charged. A schedule of rates follows:

Domestic rate: First 30 k. w. h., 8 cents; next 50 k. w. h., 5 cents; all over 80 k. w. h., 3 cents.

Commercial rate: First 100 k. w. h., 10 cents; all additional 5 cents. Power service charge, \$1 per horse-power, per month; either demand or contract load at option of consumer, 3 cents per k. v. a. per h. p.; the first 50 k. v. a. used, 1-2 cent per k. v. a.; for all excess, 1-2 cent per k. v. a.; charge \$2.25 per h. p. per month of demand.

These rates are believed here to be the lowest rates in the province.

A Personal Triumph

While the Mayor and present Town Council must rightfully feel a deep sense of satisfaction in the success of their efforts to solve the electric power problem for Campbellton, Mr. Hiram Farrar, Manager of the local electric light plant, must be conscious of that satisfaction which follows the completion of a difficult task well done. With him it is something of a personal triumph. Most people, unacquainted with the magnitude of the work of bringing hydro here, take it for granted that it was all in his hands. But when it is remembered that Mr. Farrar is a self-informed man in electricity and that the major part of his education in electricity was secured by burning the midnight oil after a fifteen hour day of strenuous work, something of the colossal task of constructing thirteen miles of transmission line and making all the other necessary arrangements may be realized. If there is one man who ought to feel a little more elated over the success of Campbellton's hydro project than any other it is Mr. Hiram Farrar; and if there is one man whom citizens ought to feel more grateful to in view of the success of the merger, that man is the manager of the Campbellton Electric Light Department.

At 10 Downing Street

There is a story going the rounds in London of a party of American sight-seers who were viewing the outside of the Prime Minister's house in Downing Street.

Its plain, unpretentious exterior obviously did not impress them, and they were at no pains to hide their disappointment.

"What a home for a prime minister!" one of them exclaimed.

"Yes," said another, "and look at that car, 'pointing to an unpretentious two-seater standing outside the door. 'Why in ill of New York a second-hand store clerk would be ashamed to own a flivver like that."

At this moment a well-dressed man emerged from No. 10, entered the car and drove off.

"Say, who was that guy?" asked a third American of a humorous-looking man who was standing by.

Answered the other promptly: "The American ambassador!"

Measuring For Safety

Day after day this big trout, native of the American West, is being measured and weighed by the men of the American Fisheries Service.

After a while, at least let me measure him, so that I can say truthfully how big the trout was that got away from me.

#### STEAM BOAT SERVICE A MAY BE

THE GASPE MAY BE ESTABLISHED NEXT SEASON

Enquiry In Regard To Matter Arouses Hope That Passenger Service On The Bay Chaleur May Be Arranged For Between Campbellton and Gaspé.

According to information received this morning it is possible that a steamship service may be inaugurated on the Bay Chaleur between Campbellton and Gaspé during the next summer season.

A Mr. H. A. Ellis, formerly connected with the Funderberg Lumber interests, but recently engaged in the shipping business, has made enquiry as to the possibilities for a steam ship service over the old route along the Gaspé Coast. While this communication deals particularly with the matter of a freight service, it is thought that a regular passenger service between here and Gaspé may be possible.

It is understood that all necessary information is being supplied the inquirer and that the inauguration of a passenger service will be urged. If this could be arranged its value to the promotion of tourist traffic through Campbellton and the Gaspé Peninsula is evident. An excursion to points along the Bay Chaleur is a pleasure trip that thousands would take advantage of.

CAMPBELLTON WON FROM MONCTON

Heady Combination Work and Fast Playing Win Decisive Victory For The Locals

In one of the fastest and most engaging contests in the Northern section of the Maritime Hockey League series this season, Campbellton handed the fast Moncton squad a 6-3 triumph here on Tuesday night in a match that was fast and clean and interesting from start to finish.

Combination play that was a pleasure to witness was a feature of the match and one toward which both teams contributed. A good crowd of fans lined the spacious rink building and the dash and verve of the game kept them on tip-toe throughout the encounter.

The visitors notched the first tally; and with that the locals got down to business in earnest. Campbellton tied this score with a successful shot a few minutes later and slipped in two more before the close of the period. Moncton ret the rubber by LeBlanc once more before the gang sounded and the period ended 3-2 in favor of the locals.

In the second stanza the local squad exhibited even greater speed than in the opening period. The visitors, being on the defensive were solely pressed but only once did Wilson let the disk get by. In the closing section the visitors set out to even up the score and put up a splendid fight for honors of the evening. But the locals were fast checking and with much that swept all opposition aside drove the rubber home twice in succession. The visitors saved the Campbellton net once but the home squad again bombarded Wilson.

In the visitors goal and closed the scoring with another successful shot.

The locals were all in splendid form and showed a marked improvement over their work in any of their previous games. They had the best of the territory play throughout the major part of the game.

Owing to the wreck at Belledune, Joe Currie was delayed and Hugh O'Keefe of this town was agreed upon as referee for the match.

The line-ups follow:

FIRE DESTROYED FISHING PLANTS

Costly Blaze at St. John's, Newfoundland

St. John's, Nfld., Jan. 10.—Fire which raged from midnight last night until six o'clock this morning, destroyed a large fishing plant and a residence on the south side of St. John's harbor. The firemen, who reached the scene of the fire with great difficulty, were unable to do more than prevent the flames from spreading to the Imperial Oil Stores which is in the immediate vicinity.

There was \$5,000 insurance on one of the fish plants; the other plant and the residence were uninsured.

EXPORTS TO U. S. SHOW INCREASE

Exportation of Newsprint From Bathurst Responsible For Bulk of Difference

According to the comparative statement of exports to the United States from the Campbellton Consular District for the years 1923 and 1924, just issued by the Canadian Consular Bureau, the increase in exports of newsprint from Bathurst accounts for \$1,044,842 of this difference. Pulpwood, wood pulp and cedar also show a substantial increase but the export of newsprint reveals a decrease of 1923 of \$875,480. Potatoes show a decrease of \$1,000,000. A substantial increase is shown in the export of fish, Coal and Salmon leading.

### BATHURST WON ON OWN ICE

Local Played Brilliant Game—  
LeBlanc Did Fine Work In  
The Nets

Although resulting in a 5-0 victory for the Bathurst team, last Friday's game in the Arena tended to prove, more forcibly than ever, the skill of the local players in practically holding a team of picked hockeyists whose opportunities for development in every way so far eclipse those of the Campbellton squad.

Despite the one-sided score a fine and of hockey was exhibited throughout the match. The local boys did some of their best work in this season in stickhandling and in defensive work repeatedly frustrating and forcing the Bathurst team to be not by the fast Bathurst forward line.

Charlie LeBlanc in goal for the locals for the first time this season, gave a remarkable exhibition and kept many shots that looked like sure tallies. The Campbellton team, however, handed out a single penalty.

The line-ups follow:

Bathurst	Goal	Campbellton
Finnegan	LeBlanc	Finnegan
Defence	McLean	Defence
Cripps	Sharp	Cripps
Forward	LaViolette	Forward
Carroll	Wilkins	Carroll
Lawlor	Thomas	Lawlor
Spare	Howard	Spare
DeWolfe	Ferguson	DeWolfe
Squire	Mann	Squire

Chatham	1	1	7	5
Moncton	1	2	8	12
Newcastle	1	2	7	12

### NEWCASTLE AND CHATHAM TIED

Newcastle, N. B., Jan. 10.—The first game of hockey in the local rink this season, which was played Wednesday night between Newcastle and Chatham, ended in a tie 5-5. The game was a hard fought battle, the teams being evenly matched.

There was a fairly large crowd in attendance and eight hands were played for skating after the game.

### BROOKLYN PITCHER GOES TO PORTLAND

Decatur is sent to Pacific Coast League Club by Dodgers.

New York, Jan. 12.—Arthur Decatur, right-handed pitcher of the Brooklyn Nationals, was released today under optional agreement to the Portland, Ore., club of the Pacific Coast League.

Decatur has been with Brooklyn for the past three seasons. He won 10 and lost nine games in 1924.

### MATAPEDIA WINS FROM SAYABEC—SCORE 2-1

On January the 11th the Matapedia hockey team crossed sticks with the Sayabec Stars, on the latter's ice. The game was fast and very contested, but ended in a victory for the Matapedia boys, despite the strenuous efforts of the opposing team.

The line-up was as follows:

Matapedia	Goal	Sayabec
W. Pratt	G. Chamberland	W. Pratt
T. W. Clark	Centre	L. Gieson
A. Bouchard	R. Wing	Frs. Legallais
Dr. McLean	L. Wing	R. Ringuette
J. M. Adams	Defence	J. Gagne

### PROVINCIAL BANK OF CANADA Appointment of a New Commissioner

The nomination is announced today of Honourable Paul Tourigny, M. L. C., of Victoria, as a member of the Board of Control of the Bank for the Savings Department, following the vacancy created by the recent death of Mr. J. A. Richard.

Honourable Mr. Tourigny is a well-known personality in financial and industrial circles. He is among the original shareholders of the Provincial Bank of Canada, and has been, also, deeply interested in the development and progress of local industries in his own town of Victoria. He represented the Constituency in Arthabaska in the Local House from 1900 to 1915, and has been appointed to the Legislative Council of the Province of Quebec in 1921.

### A DENTAL DISCOVERY COMES FROM ONTARIO

Toronto, Jan. 10.—Elimination of the danger of abscesses at the roots of the teeth, which is responsible for a variety of ill ranging from rheumatism to eye trouble, is expected to be the result of research work which has been carried out for five years at the University of Toronto, and which is only now revealed. The new discovery consists of using copper amalgam as a permanent filling for the root canals of the tooth. This has been used before as a filling for teeth, but, until the research work at the University, it was not known to have permanent germicidal effect.

### BATHURST BEATS MONCTON 4-3

Bathurst, Jan. 12.—Bathurst handed Moncton a 4 to 3 trimming in the game here tonight in the northern section of the M. P. A. H. A. The game was spectacular, fast and fairly clean. A crowd of 600 were present.

The line-up:

Bathurst	Goal	Moncton
Finnegan	C. Wilson	Finnegan
Crooby	Defence	L. Wilson
R. Cripps	Defence	Kervin
Lawlor	Forwards	Gould
Carroll	Forwards	Cole
White	Spares	Dobson
Dewolfe	Spares	Dobson
Schryer	Spares	Dobson

Referee—Buzz McLeod.

The summary:

First period: Moncton, Cole, 1:45; Cole, 5:00; Bathurst, Lawlor, 15:00. Second period: Bathurst, Carroll, 8:00; Bathurst, R. Cripps, 9:00; Bathurst, Lawlor, 13:00.

Third period: Bathurst, Lawlor, 6:00; Moncton, Lane, 6:30; Bathurst, Lawlor, 10:00.

Penalties: First period—Lane 2 min., Crooby 2 min. Second period—L. Wilson 2 min. Third period—Lawlor 2 min., and R. Cripps 2 min.

### NEW CHAMPION OF WRESTLING WORLD

Kansas, Mo., Jan. 10.—Wayne "Big" Munn, former University of Nebraska athlete, won the heavy weight wrestling championship of the world here last night by defeating Ed Strangler Lewis in two falls out of three.

Munn won the first fall in 21 minutes with the same hold, after losing the second on a foul when he lifted Lewis over the ropes and threw him out of the ring.

Lewis to-day is in a local hospital suffering injuries to his back, a new experience for the "Strangler" who in his long mat career has seriously hurt many opponents with his famous headlock.

The championship clash, witnessed by 17,000 howling fans, all of whom seemed to be partisans of the challenger, developed the most tumultuous scene in the turbulent history of wrestling here.

Quick  
"If he proposes shall I consider him  
mother?"  
"No—take him."

### HIGH SCHOOL WON FROM BATHURST

Local Boys Scored Victory In  
Closely Contested Match  
Last Week

The opening game in the North Shore Interscholastic League between the local High School and the Bathurst High School team on Thursday night of last week in the local rink resulted in a victory for the Campbellton squad. The match was an exhibition of good fast clean hockey. The locals appeared to be a slightly heavier squad but the visiting players put up a game fight throughout and their speed and clever stickhandling added much to an interesting game. The game was closely contested throughout and the final score was 6 to 5.

The Campbellton boys took the lead in the opening stanza, that period ending with the score sheet showing them a 3 to 1 lead. In the second period the visitors scored but once again and the local players slipped over two more. The third section of the game developed a new burst of speed when the Bathurst boys, after some very neat work, sagged the net twice in succession. The local players tallied another breaking the tie, and the visitors were unable to even the score.

The local boys were in good form for the encounter and by their heady combination work and natty stickhandling gave splendid promise of even more spectacular work this season. Earl Wilkins in the nets gave a fine exhibition, stopping many difficult shots. Duff and Ferguson on the defense played a spirited game and frustrated many heavy bombardments of the Campbellton goal.

Howard J. Miller B. Martin R. McKenzie K. Soverby R. Ferguson W. Wings Gammes Aubrey Fornier Doucet Tingley O'Neil Aubrey

Referee—Ray Matthews, referee.

### Chatham Hockey League Formed

Chatham, N. B., Jan. 9.—A town hockey league was formed at a largely attended meeting of hockey fans held in the Town Hall here last night. P. M. Gallivan was elected honorary president; Percy Walker, president, and Harold Nowlan, secretary. Four teams were entered. Young Men's Club, St. Thomas' College, Huston and East End. The executive of the league will consist of the officers together with the captains of the teams. A schedule will be drawn up immediately and it is expected that the league will be underway by the middle of next week. It is thought that the league will be very successful as interest in hockey is very keen here this year. The teams are composed of young players all of whom are fast and well worth watching.

**FREE**

**TRY YOUR SKILL**

To the persons sending in the nearest correct solution of the "TWENTY-SEVEN PROBLEM" we will give these awards absolutely and unconditionally FREE. There is positively no lot-casting or chance connected with the distribution of these prizes. Neither is there any charge for the privilege of being a contestant. It is a contest of skill. The nearest correct solution will be awarded the Piano FREE, and the other prizes will be distributed in the order of merit.

**FIRST PRIZE**  
Schubert Piano, Louis XV, Mahogany, as illustrated above.  
Value . . . . . \$465

**SECOND PRIZE**  
A \$465 Schubert, Louis XV Piano, for . . . \$125

**THIRD PRIZE**  
A \$465 Schubert, Louis XV Piano, for . . . \$150

**FOURTH PRIZE**  
A Son-o-phone "Console" Phonograph.  
Value . . . . . \$135

**FIFTH PRIZE**  
A Son-o-phone Phonograph, style "D".  
Value . . . . . \$110

**64 ADDITIONAL**  
Awards to the next 64 nearest correct solutions.

**DON'T DELAY!**  
SEND YOUR SOLUTION QUICK. YOU MAY WIN FIRST PRIZE.

The names of the Gentlemen who have consented to act as Judges are a guarantee that the prizes will be distributed among those meriting them.

In case of a tie, the Judges being unable to decide between any two solutions, each contestant will receive equal awards.

ALL SOLUTIONS MUST BE IN OUR STORES OR BEFORE WEDNESDAY, JANUARY 22nd, 1925.

## LOCAL WINNERS IN LIGHTING CONTEST

Eight Campbellton Boys and  
Girls Write Prize-Win-  
ning Essays.

The names of the local prize winners in the "Home Lighting Contest" have been announced by Dr. Murray. The list of prizes for Campbellton pupils was limited to eight, to be awarded as follows: \$75.00, \$50.00 and \$25.00, respectively for the First, Second and Third Essays, and \$10.00 each for the next five Essays and Primers. The prize winners, in order of merit in the Campbellton Schools are as follows:

Rhoda Allison, Christina Taylor, Mae Allen, Myrtle E. McKay, Christina Adams, Walter F. Ferguson, Olive Sullivan, Mary Ryan.

The local contest committee was as follows: Dr. Murray, chairman, Rev. W. W. McNair, Rev. W. S. Godfrey and J. T. Hebert. They declare that the fact that so many wrote essays showed that as an educational feature the contest was a success. Many of the essays submitted, although not prize-winners, deserve honorable mention.

This contest was arranged by the "Lighting Educational Committee" of New York, under the direction of the "Electrical Industry of the United States and Canada" and open to school children, 10 years of age and upwards in the United States and Canada. In this contest there were 60 Essays and Primers submitted by pupils in the Campbellton Schools.

## Flatlands

Miss Christine Downie is visiting friends in town.

Mr. N. B. McDavid was visiting in town on Friday.

Friends of Mr. Geo. Mahoney are sorry to hear of his recent illness.

Mr. Grayton Raynor was the guest of Mr. and Mrs. W. G. Cooling on Sunday.

Mrs. Geo. Mahoney was the guest of Mrs. D. F. Graham on Saturday.

Miss L. Myles spent the week-end in town the guest of her parents.

The Misses Lola Mann and Mabel Irvine are the guests of Mrs. J. Hanson.

Mrs. Stephen Downie was visiting her son Ransford at Cross Point.

Miss Florence Firth spent Saturday in town.

Many of the young people are enjoying the skating here.

Miss Muriel MacLeod is visiting friends in town.

Mr. Wilfrid spent Sunday here the guest of Mrs. G. Bulmer.

## BRIDGEVILLE QUE.

The weather for the past few weeks has been extremely cold, but this has not prevented the young people of our town from enjoying the holidays.

A very enjoyable evening was spent at the home of Mr. and Mrs. George Robertson on Xmas Eve, a Xmas tree was held for the children with Santa Claus present. Card-playing and dancing was the order of the evening for the grown-ups. At mid-night supper was served and the party broke up in the wee, small hours of the morning. Each and all pronouncing the party a grand success.

Mr. and Mrs. Alex Robertson entertained on Xmas Day. Among those present were—Mr. and Mrs. George Robertson, and family, and Mr. and Mrs. Norman McCallum, and son Irving. While the host and hostess were busy with the older guests, the young people were pleasantly entertained by the three Miss Robertson's.

Miss Dollie Robertson returned home recently after three months stay in Pasadena.

Miss Jessie Delaney is at present the guest of Mrs. and Mr. G. A. Robertson.

The time for winter sports is at hand, and an enjoyable time is being planned by the Misses Robertson, McCallum, Delaney and Buckley. The young men will take an active part.

Miss Jennie Leggo has returned to her home in L'Anse-au-Loup accompanied by her fiancé Mr. William D. Buckley.

We are pleased to see our popular teacher Miss Daisy Buckley, has resumed her duties in the home school.

The Messrs. Sandy Robertson, and Leslie McCallum spent the holidays at their homes here. We regret they were unable to remain for New Years.

Our young students Miss Lola Ross, Irving McCallum, and Guy Buckley have returned to school in Port Daniel and Gaspe.

After a snow-shoe tramp which is being planned for Friday 23rd, by Miss Dollie Robertson, and Miss Jessie Delaney, a reception will be held at Mrs. Alex Robertson's for the young people of the town. This will be aided by Miss Lessee and Jessie Robertson. We are contemplating a wonderful time.

Mr. George Robertson returns to New Port Monday morning after spending the holidays at his home here.

## Novel Industry Is Proving Successful On Maine Coast

Americans Eliminate Economic Waste  
In Utilizing Crabmeat--Several  
Factories Established

Every year in the Bay Chaleur district great quantities of crabs are caught by lobster fishermen and either tossed back into the water or used as fertilizer. Apparently no one in this part of the country has ever thought of this as an economic waste or endeavored to evolve a plan through which these members of the Crustacea family might be put to some profitable use.

The way this has been done in Maine is so practical and so simple that it makes a very entertaining story and one that should interest readers in this part of the country where some similar scheme might be put into effect.

The following article appeared in a recent issue of the Fishing Gazette under the caption of "The Crabmeat Industry of Maine."

Motorists through Maine last summer could hardly fail to be impressed by the number of little roadside restaurants that featured Crabmeat Sandwiches or Fresh Crabmeat in bulk. Particularly on the main highway from Portsmouth, N. H., all along the shore routes and through central Maine as far as Waterville. The little village of South Freeport in Lower Casco Bay is where a prosperous industry originated and is also the center of the business today. And the great demand for fresh crabmeat has been created during a very short span of years.

## Economic Waste.

It was in 1916 that W. D. Moody, a resident of South Freeport, was out one day with a lobsterman watching him haul his traps. Out of every trap he would take from 25 to 100 big green crabs. And these the lobstermen threw overboard with muttered imprecations that they should cause him so much work. "Three or four hundred and a hundred crabs," was about the way he sized up his average haul per trap. And all over Casco Bay other lobstermen were catching and tossing back into the sea crabs in the same proportion.

Mr. Moody realized that here was an immense economic waste. He knew crabs were good to eat. Almost as good as lobsters. Only it was the dickens own job to pick the meat out of the big claws. Occasionally some fisherman's boy would cook up a mess of meat and peddle that around among the summer folk for 10 cents a dozen. Except for this the crab was not regarded as of much more use than the despised dogfish. Mr. Moody saw a great light and he went to work.

It was no trouble to get crabs. He contacted a few traps with the slats a little closer together than those of the ordinary lobster trap, baited them with old fish heads and dropped them overboard in the Harraseeket River, near by his own dooryard, so to speak. At that time this was a wonderful crab ground; is today in fact although of course constant fishing has made the catches smaller. Then a trap frequently came up almost full of crabs; there were only occasional lobsters in these shallow waters.

## Birth of an Idea.

So Mr. Moody began to boil crabs in a little shed adjoining his home. After considerable experimenting Mr. Moody found that no instrument he could find or devise was the equal of an ordinary good-sized jackknife for opening the shells and extracting the meat. And to this day this is the only implement used in the factories!

## Crabmeat Popular.

Only the meat in the large claws is taken. These are cracked with the handle of the knife and the small blade is used to pick the meat out. At first the crabmeat was confined to South Freeport, Freeports and the near-by country. It did not take people long, however, to find that it made splendid salads, excellent soups, and, cooked, in butter with French fried potatoes was nearly the equal of a broiled live lobster. The little home industry spread so rapidly that Mr. Moody was obliged the following spring to put up a little crabmeat factory on a point of land near his home, where the fishermen could find their boats. And thus a fine industry started. Upon Mr. Moody's death four years ago the business was taken over by his two sons.

Almost within a stone's throw a little farther up the river the Hiltons, has where the brothers started a factory. While here and there about Casco Bay two factories have an absolute monopoly of the market. The business has grown to such proportions that from 15 to 20 girls are employed at each factory while both concerns employ considerable fleets of delivery crabs, meat to regular stores and individual customers as far as and including Portland in Western Maine and as far west as Waterville in the central part of the state.

## Good Money Made.

At Hilton Brothers' place one of the firm collects his own crabs in a Hampton motorboat with a 6 horse power engine. He operates a big string of traps of his own and also buys from the fishermen. At Moody's the crabs are delivered at the door by a regular line of fishermen. The lobstermen now save the crabs in specially constructed cars. The factories pay them one cent apiece for marketable sized crabs. Hilton Brothers paid one man from \$30 to \$40 a week all last summer for the crabs he saved out of his lobster pots. Pretty good little side line! To earn \$40 meant saving 4,000 crabs but a lobsterman operating a chain of from 50 to 100 pots gets a good many crabs in a day's haul.

Both factories are scrupulously clean. In order to keep a supply of fresh crabmeat constantly on hand there are three or four cookings a day. The big steam box at Hilton's will hold as high as 1,200 crabs at one cooking although the average cooking is around 500 crabs. Live steam is turned and the crabs are cooked half an hour.

They are then removed to fly-screened picking rooms, where the work is done on well-soured zinc-covered tables. As the meat is picked out by the girls it is immediately placed in big ice chests.

These pickers are mostly the daughters of citizens living in the immediate vicinity. They average from 12 to 20 pounds of crabmeat daily and are paid 15 cents a pound for it. There are conflicting stories about the greatest amount of crabmeat picked out in a day by a single individual. Mrs. Hilton stated that she had seen one woman in their factory pick out 30 pounds of meat in a day. This was when she was a girl. There were no loafing periods, and orders ahead made a long day necessary. It is conceded that Mrs. Earl Moody at Moody's factory holds the record. She picked out 45 pounds of crabmeat in a single day!

Between the two factories it is estimated that at least 50 Casco Bay lobstermen are enabled to keep their families and themselves comfortably by materially to their incomes by selling for a cent apiece all the crabs they formerly threw away.

## Crabmeat Sandwiches

The crabmeat sandwiches are sold by the roadhouses at from 15 to 25 cents each according to the amount of meat used and the pretentiousness of the establishment of the establishment. In bulk the meat retails at 70 to 75 cents a pound.

Many of the western Maine hotels and restaurants where a great deal of sea food is used in season, frequently proceed considering the fine flavor and general excellence of crabmeat, and particularly during the summer months when vacationists find lobsters high and scarce.

## CARLETON

Christmas this year has been fested at the Roman Catholic Church with great lustre. The best congratulations and to be presented to the organist Miss Evelyn Bernard, for her great success she has obtained. The best compliments also to the young voices who sang so well the Christmas hymns. Here is the program executed:

## GIVES FACTORY TO EMPLOYEES

(Italian Immigrant Who Made  
Millions to take Trip  
Around World.

New York, Jan. 13.—Almarindo Portfolio, 46 years old, and a millionaire, is travelling southward on the Florida Limited, rid of business cares for the first time since he began his career as an immigrant errand boy at the age of 10.

His \$7,000,000 cloak business, built up painstakingly through twenty years, he gave away yesterday to six of his employees in the offices of A. Portfolio & Co., Inc., on Broadway. The former manufacturer has now undertaken his long cherished dream of a trip around the world.

Portfolio, the son of poor Italian parents, came to America in 1888. He went to work immediately as an errand boy. He emerged after 12 years of rugged toil, the manager of a shop. Four years later, with two machines in a Fourteenth street attic, he founded his own shop. The miniature factory, in twenty years, has changed into a \$7,000,000 business.

BURNING UP OF MUCH TOBACCO  
St. John, N. B.—The herculean task of burning about 30,000 pounds of tobacco, with a duty-paid value of \$33,250 is being carried out at the post office building, where workmen under the supervision of customs officials have been casting the smoking material into an incinerator for a week past. The tobacco was originally sent overseas from the United States for the use of soldiers during the war. After cessation of hostilities it was bought by a private concern and reshipped to this port to be placed on the Canadian market. It was stored here in warehouses, but one was willing to buy it and pay the duty. One offer was made to the Customs department which was refused. The result is that the tobacco is being destroyed on the order of the department.

There were originally 173 cases in the shipment and on Saturday afternoon after working a week, workmen had been able to burn only 68 cases. The fumes from the burning tobacco weed has a sickening effect on those despoiling and altogether their task is a heavy and unbecoming one.

The lucky winners for the tea and the five was Mr. Peter Thibault and Mr. Emile Gagne winning the two and half dollar prize.

This concert certainly was a great success and the organizers are to be congratulated for their excellent work. The proceeds raised for the magnificent sum of \$726.70.

## Simple Mixture Best For Constipation

Simple buckhorn bark, magnesia and glycerine, as mixed in Adlerika, is excellent for constipation. It often works in one hour or less, never grips, and is pleasant and QUICK action of this efficient medicinal evacuant will surprise you. Adlerika helps any case gas on the stomach, unless due to deep-seated causes. Often removes matter you never thought was in your system. (A. McG. McDonald).

## A SUCCESSFUL ENTER- TAINMENT AT KIDGIEWICK

On January 6th a concert was organized for the benefit of the R. C. Church at Kidgiewick. A beautiful musical program was furnished by Miss Annie Savoie at the piano, Mr. J. B. Raymond reading beautiful violin solos. Singing and recitations by Messrs. A. Rivard and R. Forbes and Mrs. E. Thibault and Miss E. Bernier.

Simple buckhorn bark, magnesia and glycerine, as mixed in Adlerika, is excellent for constipation. It often works in one hour or less, never grips, and is pleasant and QUICK action of this efficient medicinal evacuant will surprise you. Adlerika helps any case gas on the stomach, unless due to deep-seated causes. Often removes matter you never thought was in your system. (A. McG. McDonald).

On January 6th a concert was organized for the benefit of the R. C. Church at Kidgiewick. A beautiful musical program was furnished by Miss Annie Savoie at the piano, Mr. J. B. Raymond reading beautiful violin solos. Singing and recitations by Messrs. A. Rivard and R. Forbes and Mrs. E. Thibault and Miss E. Bernier.

### THE JURY SYSTEM

Reference was made in the Special from the Throne delivered by the Hon. Justice Gauthier, Lieutenant Governor of the Province, last week that it was the intention of the Quebec Government to amend the law governing the jury system. This announcement should be received cordially, not only by the legal profession, but also by the public at large. Within recent years it has been apparent that the system devised to overcome difficulties of another age, had become encumbered with abuses resulting from the development of society. There have been arguments in favor of the abolition of the system altogether. These were based upon popular conceptions of what were believed to be misadventures of justice. Without entering upon a discussion of the merits of that argument it would appear that the wisest course is the one suggested in the Speech that the law can be so amended as to eliminate the abuses that now hamper its effectiveness. It will be much better than scrapping a law that is, after all, merely part and parcel of the constitution, but represents, within its limits, the legal rights of every man. By extending the classes for the selection of jurymen and the elimination of unfair exemptions, much can be done. The measure to be introduced by the government in this respect should command the widest approval and respect of all citizens.

### THE NEXT MOVE

In last week's issue of the Graphic there appeared an article dealing with the much-discussed interprovincial bridge project. It was stated in that article that a fresh move would shortly be made to bring this long-debated matter to a head and that the next most necessary step was to ascertain the attitude of the Quebec government in regard to this issue.

So far as we know, no definite plans for a fresh campaign on behalf of this undertaking, have been formulated in the past week. We would like to suggest that a strong delegation be appointed to go before the provincial house in Quebec during its present sessions and find out definitely what the Quebec government is prepared to do in regard to this important project.

Were the proposed bridge across the Restigouche not an enterprise of such tremendous potential benefit to the undeveloped Gaspé Peninsula and did it not have as much to recommend it as far as both provinces are concerned, the seeming indifference of the Quebec government might be excused. But in the light of facts as they are known, unnecessary delay and side-stepping should not be tolerated.

It is quite unnecessary to reiterate the advantages that this part of the country would enjoy through the success of the long-debated bridge project. It is equally unnecessary to enumerate the many feeble and unavailing attempts that have been made on behalf of its promotion. Now is an opportune time to make a fresh start; and it is evidently up to our influential business men to co-operate and take a decisive step in the matter. Success may not be far away but nothing further will be accomplished with co-operative effort. Let us see what can be done within the next week.

Here is a team of players for you, and all in the same picture: Irene Rich, Louisa Farnham, Ricardo Cortez. The picture is Warner Bros. Classic of the Screen. The name "This Woman" from Howard Roark's novel. At the Opera House next Monday and Tuesday.

### Jacquet River

The Carnival which was held on Goodin's Open Air Rink on Wednesday night, January 7th was a splendid success. Many skaters appeared in costume, and presented a striking and picturesque appearance to the large number of spectators present. Considering the uncertainty of weather conditions the recent extreme cold and the great distances that people must drive to attend such a function, it was really wonderful to see the Carnival, such a success. Many people came a distance of ten miles.

Gorgeous, exquisite, original and pretty were the costumes worn, so that it was a difficult matter for the judges to decide who really merited the prizes offered. After much deliberation however they decided in favor of Miss Frances Devereaux among the ladies who as Gypsy Queen, was very beautiful indeed, while Mr. J. J. Jones of New Mills, as Red Indian Chief, was declared the winner among the gents. Special mention is due Miss Bess Ellis as Gypsy Girl, Miss Adeline Daly as Safety First, Miss Kathleen Killoran of Bellefleur as Queen, Ward, Puzzle and Miss Mary LaPointe as Snow Shoe Girl, all of whom were graceful, original and pretty.

Among the young men, Mr. Pete Purvis our popular School Mascot, a chief of the Ku Klux Klan, Mr. Alton Underhill as Miss Dust Maid, Master Paul Boudreau as Clown and master Odell Frotte as Indian Boy were very good indeed.

Much credit is due Mr. Alfred Goodin, the genial and energetic proprietor of the rink for his ambition, and also for his interest in wholesome outdoor sports. It is indeed gratifying to have such a place in a rural community, where young people may enjoy healthful open-air exercise, and Alfred should be encouraged in every way to continue his good work during all the winter months.

## A Richness of Flavor

recommends

# "SALADA"

TEA  
 to every discriminating tea drinker. Its freshness and purity are a constant delight. Try it.

Already many are preparing for a second Carnival which will be held at an early date, and of which notice will appear later.

Those who acted as judges were Mrs. Paul Doyle, Mrs. B. W. Gavey, and Miss Lou Davidson for the ladies, and Reverend J. Trudelle, R. L. Ellis, M. D. and Mr. Leandre Arsenault for the gentlemen.

### SUCCESSFUL EXAMINATIONS IN THE COMMERCIAL CLASS

A few days before Christmas a Short-hand examination was given to the Commercial Class of the High School under the supervision of Mrs. D. A. Harquail. The class was composed of nine pupils. The papers being very good were sent to the Isaac Pitman's School of Shorthand to be marked and seven out of the nine passed successfully. Six of these pupils have been taught under Mr. Vallis for the last year or so, but special mention should be made of Miss Hayes' pupil, Miss Marjory McBeath who although only taking Shorthand for three months was among the successful seven.

**PHONE GIRL HEARS DYING WOMAN'S CRY**  
 New Jersey Operator Summons Police, Who Call a Physician Just in Time to Aid Heart Attack Victim

New York, Jan. 7.—"Listening in" to supervise telephone lines in her care, Miss Jennie Boylan, a supervisor in the Union Hill, N. J. Company, Saturday afternoon heard a woman cry, "I'm dying." The call was from the home of Mrs. Olga Ashe, of 416 Liberty Street, Union Hill. Miss Boylan called Police Headquarters and under instructions flashed a call for help to the patrolman on the beat nearest Mrs. Ashe's home.

Patrolman John Boxberger caught the flash and answered the telephone. Getting the address from Miss Boylan he hurried to the house and found Mrs. Ashe unconscious from a heart attack. He called a physician who administered a stimulant and ordered the patient to the North Hudson Hospital, where it was said she probably would recover, but that failure to get help when Mrs. Ashe called would have resulted in her death.

 AUDITORS' CERTIFICATE  
 TO THE SHAREHOLDERS, THE ROYAL BANK OF CANADA:  
 We have examined the above statement of Liabilities and Assets, at 29th November, 1924 with the books and accounts of the Royal Bank of Canada at Head Office and with the certified returns from the branches. We have verified the cash and securities at Head Office at the close of the Bank's fiscal year, and during the year we counted the cash and examined the securities of several of the important branches that we have required, and in our opinion we have obtained all the information and explanations that we have been within the power of the Bank. The above statement is in our opinion properly drawn up and it is as shown by the books of the Bank.

Newsy Notes of Town Happenings Gathered by

**MISSORS NEARLY FISHED**  
 Mr. Belger, who fishes the town of Belger and accounts has been busy at work for some time and expects to catch this week.

**DEATH OF BABY BOY**  
 The death of Joseph Rogers, the new born son of Mr. and Mrs. J. H. Rogers, occurred at the Hotel Elgin Monday early Sunday morning.

**HOTEL BURNED**  
 The Campsden House at New Richmond owned by Mrs. Robinson was completely destroyed by fire one day last week. A commercial traveller lost the samples, a loss of about three hundred dollars.

**HARL SPICER IN LONDON**  
 Harl Spicer, a Canadian baritone from Nova Scotia, will give "An Hour of Music" under the patronage of H. E. H. Princess Louise Duchess of Argyll at Norfolk, on House, December 11. London Correspondence.

**MUNICIPAL COUNCIL**  
 The annual session of the Restigouche Municipal Council will be held at Dalhousie next Tuesday, Jan. 20th. This is the second annual session of councillors will request the different of the present council, so the same parties.

**MONEY ORDER CHANGES**  
 Acting Postmaster Alex. Thompson of St. John announced the last order rates taking effect on January 1, 1925. The change is in the section dealing with \$5 up to \$10 and with \$10 up to \$20. In the first case the previous charge was 7 cents, but commencing New Year's Day, the charge has been increased in the latter instance, the new rate will be 10 cents where formerly it was 12 cents.

**HOCKEY CLUB DANCE**  
 An open invitation dance for the benefit of the hockey club will take place at the Linmac tomorrow night. The management of the Linmac have very generously placed the use of their hall and the services of their orchestra at the disposal of the club for this occasion and the affair gives every promise of being a thoroughly enjoyable one. To further enhance this possibility the ladies will bring refreshments. A large attendance and a real good time are expected.

**STARTED SOMETHING**  
 Not only have prohibition inspectors for Restigouche been advised to strictly enforce the law, but strict orders have been issued to all inspectors throughout the province to check up vendor's stocks and see that the M. B. Liquor Law is strictly enforced. It is now up to the inspector, backed up by the moral support of our citizens to enforce the law. The article in last week's Graphic certainly started things moving.

The story of "This Woman," the screen version of Howard Roark's novel, at the Opera House, Monday and Tuesday deals with a beautiful and talented girl, alone and broke in New York, rising from the depths of despair to the heights of luxury and music fame.  
 Irene Rich, Ricardo Cortez and Louisa Farnham head the cast in this Warner Bros. Classic of the Screen.

HOOT GIBSON in one of the happy, snappiest roles of his career is at the Opera House Friday and Saturday.

ROOT GIBSON in one of the happiest, snappiest roles of his career is at the Opera House Friday and Saturday.

**CARD OF THANKS.**  
Mrs. Thomas Craig and family wish to thank their many friends for the kindness and sympathy shown them in their recent bereavement.

**COLD WEATHER**  
The weather this morning was the coldest of the season. The thermometer hovered around 26 with a heavy west wind blowing.

**ON IMPORTANT COMMITTEE**  
Dr. Gustave Lamoignon, representative for Gaspé has been named chairman of the Private Bills Committee of the Quebec local Legislature.

**CARD OF THANKS**  
Mr. Robert J. Hamilton and family wish to thank their many friends for the kindness shown them in their recent bereavement.

**OFFICE DESTROYED**  
Early Sunday morning fire was discovered in Fraser Cos. Ltd., office at Athol and before anything could be done, the entire building and contents were destroyed. The loss is estimated at about \$2000.

**CONVENTION JAN. 21**  
A convention of friends and supporters of the Veniot Government is called for Jan. 21 at Carleton Place for the purpose of naming a successor to Justice Byrne. Rumor says Hon. L. C. Rand, Attorney-General, who was defeated in the Moncton by-election, will be the candidate and that the convention will endorse him.

**BORN**  
At Campbellton on Sunday January 11th, to Mr. and Mrs. Walter Sunderland a son.

At Broadlands, Que., to Mr. and Mrs. Hilton E. McKinley, December 7th, a son, Edgar Stewart.

At the Soldiers' Memorial Hospital on Friday, January 9th, to Mr. and Mrs. James H. Moore, a son.

**C. N. FREIGHT TRAIN**  
RAN INTO STATION  
Moncton, N. B., Jan. 12.—Five cars on No. 412 fast freight left the track at Bloomfield Station about 11 o'clock last night. The St. John main line was blocked for several hours as a result. The station platform was badly torn up.

**DEVON FIRM AWARDED**  
RAILWAY CONTRACT IN N. S.  
The Burpee Construction Company, of Devon, have been awarded the contract for construction of the so-called Lockport spur, a line 4½ miles in length to be built this year in Nova Scotia for the Canadian National Railways.

J. Ray Burpee, of Devon, president of the Burpee Construction Company, has received notification that the contract has been awarded to his company.

Listening to It.  
"You're married, ain't you?"  
"Yes."  
"Well, what do you do when the wife says she has nothing more to say?"

"I place myself in a comfortable position in the easiest chair in the house and prepare to spend an hour listening to her say it."

**LIKE A BOXFUL OF BABIES**  
(Kirkcaldy Record)  
There was some commotion at the C. N. R. depot last week when a case of mamma dolls was overturned and they all began to cry at once.

## OBITUARY

In the passing of Daniel Thompson which occurred on Dec. 13th, 1924, New Carlisle has lost of its oldest and most respected citizens. The late Mr. Thompson was in his ninety-seventh year being born in June 1828. He is survived by one son John of New Carlisle and five grand daughters Mrs. D. J. Yarns of New Haven, Conn. Mrs. Andrew Ross A. E. Whyte, Campbellton, Mrs. G. W. Collins Boston Mass. and Mrs. R. W. McNeill Vancouver. The funeral services were conducted on Dec. 16th by Rev. Rural Dean DeGruchy interment taking place in the old cemetery.

William L. Carter, a highly respected citizen, in the person of Mr. W. L. Carter, passed away after a few days illness at his home on Hamilton Avenue, Dalhousie, N. B. on January 12th, age 69.

He was a native of Tignish, P. E. I. and left there about 36 years ago, to work at the construction of the Bay Chaleur Railway. During the last ten years he resided in Dalhousie.

Besides his wife, formerly Miss Caroline LeNigue, sister of the late John LeNigue, of Dalhousie, he is survived by seven sons; John, William, Joseph, Melvin, Charles, Allan, and Augustus and three daughters; Alice of Regina, Mabel, of St. John, and Dolly at home.

One son Harry, was killed in the Great War.

## N. B. FARMERS AND DAIRYMEN MEETING

Annual Convention Opened at Sussex This Morning—Many Delegates.

Sussex, N. B., Jan. 13.—Over one hundred delegates from all sections of the province registered this morning for the opening session of the annual meeting of the New Brunswick Farmers and Dairymen's Association which is meeting here in the assembly hall of the High School.

This morning's registration is one of the best in the history of the annual meetings and the convention got away to a busy start, taking up first for consideration the proposed organizing a full description of conditions there pertaining both to State and Church. The number of seats is limited to one hundred and tickets will be sold at 50 cents a piece. Jan. 14-2w.

Organization proposals which would unite the various egg circles of the province for the co-operative selling, grading and marketing of their products together with the Poultry Producers' Association were advanced this morning by G. R. Wilson, of Moncton, federal poultry promoter, and Leslie Wood, Poultry Superintendent of the Provincial Department of Agriculture, following a conference in Fredericton. These proposals were favorably received and taken into consideration.

The convention was presided over by F. W. Atkinson, of Fredericton, president of the New Brunswick Farmers and Dairymen's Association, to-day. To-morrow evening the visiting delegates will be the guests of the Town of Sussex when the formal welcome of the town will be extended to the association at an informal gathering. Among the officials of the Department of Agriculture in attendance to-day are: M. A. McLeod, Superintendent of Agricultural Societies; James Bremner, Jr., Livestock Superintendent; O. C. Hicks, Superintendent of Crops and Soils and H. G. Miller, Provincial Apiarist. Harvey Mitchell, Deputy Minister of Agriculture, was prevented from attending through illness.

## Announcement

The Central Bookstore will, in the near future, be

run as two separate and independent stores, each under

its own management. This announcement is there-

fore to inform our patrons of this change in order to

prevent any confusion in accounts, etc. We would

therefore request that all outstanding accounts be set-

tled for at once.

In regard to Picture Framing, we would ask that all

customers having this work done by us would take

delivery without delay otherwise we will not be res-

pensible for same.

## The Secret of Successful Baking

consists very largely of  
choosing a baking pow-  
der whose leavening  
qualities are uniformly  
reliable.  
Magic Baking Powder  
is the powder that never  
fails you. This is the  
reason why it is by far  
the most popular baking  
powder in Canada.

## MAGIC BAKING POWDER

OIL PROMOTER IS

## ACCUSED OF FRAUD

Calgary, Jan. 8.—William Living-  
stone, well-known oil promoter of this  
city and former President of the  
Southern Alberta Oil Company, was  
arrested here last night on six charges  
of embezzlement, the sums totaling  
\$60,000. The defalcations are al-  
leged to have been spread over a number  
of years.

A large number of Chicago business  
men interested in the company and  
their representative here is alleged to  
have started the investigation which  
led to Livingstone's arrest. He has  
been a resident of Calgary for the  
past 27 years.

ction, and Miss Mina Palmer of Tabu-  
tanc, N. B., who is teaching at Dal-  
housie Junction, were the guests of  
the Misses Campbell in Dalhousie on  
Saturday.

## LOCAL NEWS

ENTERTAINED LADIES' AID  
The Ladies' Aid of St. John's Pres-  
byterian Church was entertained at  
the home of Mrs. A. H. MacKenzie  
Jan. 2nd Friday evening. Following  
the usual business meeting a very  
enjoyable evening was spent by a  
number of friends of the Aid who  
"dropped in," and dainty refresh-  
ments were served. The following  
were present:—Mr. and Mrs. J. C.  
Miller, Mrs. Jones, Miss Jennie Mc-  
Lean, Charlo, Mrs. Shirley, Miss Be-  
atrice Tasset, Misses Mabel, Elsie,  
Myrie, Isabel MacNeill, Miss Ellen  
McEvoy, Mrs. Albert Murchie, Mrs.  
Walker, and Messrs. Rev. Robt. Scott,  
William Francis, D. C. Stewart,  
Chas. Jones and A. B. McKinnon.BANQUET AT MONTREAL  
The Montreal Star, dated January  
5th, published the following under  
the heading of "New Salada Re-  
cords": "Another year-end gathering  
of commercial men took place on Sat-  
urday night at the Windsor Hotel,  
when the representatives of the Sala-  
da Tea Company in Quebec and the  
Maritime Provinces met to enjoy their  
annual banquet. No little pleasure  
was added to the event by the knowl-  
edge that new sales records had been  
broken again in the year past, and  
that bonuses would be distributed  
during January to ninety percent of  
the men. The arrangements for the  
banquet were made by travelling  
sales manager, Albert C. LaBille, of  
the late Theo. Kenn, Ex. M. P. P.,  
for the County of Restigouche.Miss Flora Melanson, Bathurst,  
spent the week-end in Dalhousie, the  
guest of Mr. and Mrs. J. Melanson.Mrs. Ivan Dawson, Dalhousie Jun-  
ction, and Miss Mina Palmer of Tabu-  
tanc, N. B., who is teaching at Dal-  
housie Junction, were the guests of  
the Misses Campbell in Dalhousie on  
Saturday.

## BOY DROWNED IN

FATHER'S ARMS  
Ten Year-Old Lad Meets Tragic Fate  
When Water Rushed Into Hole  
The Two Had Been Digging  
On Farm.Melville Sask. Jan. 5.—Carl the  
ten-year-old son of Fred. Grabe, who  
farms a few miles east of Melville,  
was drowned in his father's arms  
Thursday, when water rushed into a  
hole the two had been digging.The boy had been helping his father to  
sink a well. A depth of twelve  
feet had been when water rushed into  
the hole and the boy fell in. The  
well immediately commenced to fill  
with water. Grabe was out of the  
hole at the time, but hearing his son's  
cry, he jumped down. The little fellow  
had been trapped by falling earth, and  
the father was unable to extricate him  
before he was submerged. The water  
continued to rise, and was up to Grabe's  
chest when rescuers arrived.

## Naming the Baby.

"I suppose, old man, you're going to  
name the baby 'John' after yourself!"  
"No, we've decided to name him  
Thomas after a prolonged family  
row."WHAT'S THE HURRY?  
At a meeting to discuss the safety  
of postmen, a witness remarked:  
"In the old days if anybody missed a  
stage coach, he was contented to wait  
two or three days for the next. Now  
they wait out a week if he misses one  
train—and die fast. What's the hurry?"  
We are in such a hurry that we  
don't take the time to pick up our  
own waste paper in the middle  
of a block rather than spend thirty  
seconds in reaching a street crossing.  
Men go from Toronto to Vancouver  
and write back and say that they  
made the trip in three hours less than  
last time. We eat fast, talk fast,  
ride fast, walk fast, drive fast, sleep  
fast—and die fast. What's the hurry?  
There are still twenty-four hours in a  
day, even with daylight saving time.  
A straight line is the shortest distance  
between two points, according to Eu-  
clidean geometry, but why confuse life  
with geometry. Wait a minute! Ex-  
change.The table showed the south led all  
over the region in seizures. Tennessee  
led in seizures, with 1,734,136 wine gallons of  
malt liquor. In Virginia 630 still  
ware were confiscated and in Louisi-  
ana 29,689 wine gallons of pomace.  
Missouri led in spirits seized, with  
39,582 wine gallons. New Jersey was  
first in cider seizures, with 15,311 wine  
gallons, and California first in wine  
confiscated, with 61,084 gallons.CORRECTION  
In the obituary notice of the late  
Mrs. Robert J. Hamilton an error  
was made by The Graphic. The fun-  
eral service was conducted by Rev. A.  
Brock Hume and assisted by  
Rev. W. W. McNair.Vibratory  
"How was the sermon this morn-  
ing?"  
"Full of static."The Best

## LOCAL NEWS

ENTERTAINED LADIES' AID  
The Ladies' Aid of St. John's Pres-  
byterian Church was entertained at  
the home of Mrs. A. H. MacKenzie  
Jan. 2nd Friday evening. Following  
the usual business meeting a very  
enjoyable evening was spent by a  
number of friends of the Aid who  
"dropped in," and dainty refresh-  
ments were served. The following  
were present:—Mr. and Mrs. J. C.  
Miller, Mrs. Jones, Miss Jennie Mc-  
Lean, Charlo, Mrs. Shirley, Miss Be-  
atrice Tasset, Misses Mabel, Elsie,  
Myrie, Isabel MacNeill, Miss Ellen  
McEvoy, Mrs. Albert Murchie, Mrs.  
Walker, and Messrs. Rev. Robt. Scott,  
William Francis, D. C. Stewart,  
Chas. Jones and A. B. McKinnon.BANQUET AT MONTREAL  
The Montreal Star, dated January  
5th, published the following under  
the heading of "New Salada Re-  
cords": "Another year-end gathering  
of commercial men took place on Sat-  
urday night at the Windsor Hotel,  
when the representatives of the Sala-  
da Tea Company in Quebec and the  
Maritime Provinces met to enjoy their  
annual banquet. No little pleasure  
was added to the event by the knowl-  
edge that new sales records had been  
broken again in the year past, and  
that bonuses would be distributed  
during January to ninety percent of  
the men. The arrangements for the  
banquet were made by travelling  
sales manager, Albert C. LaBille, of  
the late Theo. Kenn, Ex. M. P. P.,  
for the County of Restigouche.Miss Flora Melanson, Bathurst,  
spent the week-end in Dalhousie, the  
guest of Mr. and Mrs. J. Melanson.Mrs. Ivan Dawson, Dalhousie Jun-  
ction, and Miss Mina Palmer of Tabu-  
tanc, N. B., who is teaching at Dal-  
housie Junction, were the guests of  
the Misses Campbell in Dalhousie on  
Saturday.BOY DROWNED IN  
FATHER'S ARMS  
Ten Year-Old Lad Meets Tragic Fate  
When Water Rushed Into Hole  
The Two Had Been Digging  
On Farm.Melville Sask. Jan. 5.—Carl the  
ten-year-old son of Fred. Grabe, who  
farms a few miles east of Melville,  
was drowned in his father's arms  
Thursday, when water rushed into a  
hole the two had been digging.The boy had been helping his father to  
sink a well. A depth of twelve  
feet had been when water rushed into  
the hole and the boy fell in. The  
well immediately commenced to fill  
with water. Grabe was out of the  
hole at the time, but hearing his son's  
cry, he jumped down. The little fellow  
had been trapped by falling earth, and  
the father was unable to extricate him  
before he was submerged. The water  
continued to rise, and was up to Grabe's  
chest when rescuers arrived.WHAT'S THE HURRY?  
At a meeting to discuss the safety  
of postmen, a witness remarked:  
"In the old days if anybody missed a  
stage coach, he was contented to wait  
two or three days for the next. Now  
they wait out a week if he misses one  
train—and die fast. What's the hurry?"  
We are in such a hurry that we  
don't take the time to pick up our  
own waste paper in the middle  
of a block rather than spend thirty  
seconds in reaching a street crossing.  
Men go from Toronto to Vancouver  
and write back and say that they  
made the trip in three hours less than  
last time. We eat fast, talk fast,  
ride fast, walk fast, drive fast, sleep  
fast—and die fast. What's the hurry?  
There are still twenty-four hours in a  
day, even with daylight saving time.  
A straight line is the shortest distance  
between two points, according to Eu-  
clidean geometry, but why confuse life  
with geometry. Wait a minute! Ex-  
change.The table showed the south led all  
over the region in seizures. Tennessee  
led in seizures, with 1,734,136 wine gallons of  
malt liquor. In Virginia 630 still  
ware were confiscated and in Louisi-  
ana 29,689 wine gallons of pomace.  
Missouri led in spirits seized, with  
39,582 wine gallons. New Jersey was  
first in cider seizures, with 15,311 wine  
gallons, and California first in wine  
confiscated, with 61,084 gallons.CORRECTION  
In the obituary notice of the late  
Mrs. Robert J. Hamilton an error  
was made by The Graphic. The fun-  
eral service was conducted by Rev. A.  
Brock Hume and assisted by
