TURF. BUMPS BEATS THE RECORD. Louisville, Ky., Sept. 28.—Amid the enthusiastic plaudits of a big crowd at the fair grounds, yesterday, the little brown gelding Bumps, owned by W. K. Billings, of Chicago, broke the world's wagon pacing record of 2:04, held by Joe Patchen. The mile was paced in

Thirty seconds more took him to the half in one minute and he went to the three-quarters pole in 45 seconds. Then the grand stand, wildly excited, rose to its feet, and in 32 1/2 seconds Bumps had passed under the wire in 2:03 3/4 for the mile. The track was fast, but a light wind was blowing. But for this the mark set by Bumps would have been still lower. Bumps is a brown gelding by Baron Wilkes, out of Queen Ethel, she by Strathmore. His record to a sulky is 2:04 1/4. It is as Easy to Love Your neighbor as yourself when your neighbor is a pretty girl. It is just as easy to cure yourself of Catarrh, Bronchitis or Asthma, if you use Catarrhoxone, the new medicated air treatment for all diseases of the nasal and respiratory passages caused by germ life. Catarrhoxone cures by inhalation without danger or risk to the sufferer. It goes wherever air can go and never fails to reach the affected parts. This is why it exceeds treatments requiring the use of sprays, douches, powders, ointments, etc., which cannot reach the seat of the disease and are therefore useless. For sale at all druggists, or direct by mail, price \$1.00. Send 10c in stamps to N. C. POLSON & CO., Manufacturing Chemists, Kingston, Ont., for sample outfit.

There are about 80 distinct tribes among the natives of the Philippines. The Moros are the most bloodthirsty savages known to modern times. LIFE SAVED.—Mr. James Bryson Cameron writes: "I was confined to my bed with inflammation of the lungs and was given up by physicians. A neighbor advised me to try Dr. Thomas' Eclectic Oil, stating that his wife had used it for a throat trouble with the best results. Acting on this advice I procured the medicine, and less than half a box cured me. I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy."

There are millions of the inhabitants of the Philippine Islands who never knew the dominion of Spain and never saw a Spaniard.

Rheumatism Can't Exist When the kidneys are kept healthy and vigorous by the use of Dr. A. W. Chase's Kidney-Liver Pills. It is uric acid left in the blood by defective kidneys that causes rheumatism. Dr. A. W. Chase's Kidney-Liver Pills make the kidneys strong and active in their work, and alter the blood, and thus remove the cause of rheumatism. One pill a dose, 25 cents a box.

## LEADS THE WORLD OVER. THE PIANO HEINTZMAN &amp; CO.

Richard Burmeister, Famed Austrian Pianist.

"Your new scale Concert Grand Piano possesses unique musical characteristics that must give it a distinctive place among the great pianos of the world. I shall insist on having a Heintzman & Co. New Scale Grand Piano whenever I visit Canada."

Plunket Greene,

Great English Bass Cantante. "A piano capable in the highest degree of the most delicate inflections and of the widest range, alternating from fine pianissimo effects to the most powerful manifestations of dramatic force. I can assure you that it was to me, as an Englishman, the greatest pleasure to find so splendid a piano assisting in the musical prestige of her Majesty's foremost colony."

Lt. Dan Godfrey, R.A.M.

Bandmaster of Her Majesty's Grenadier Guards. "The pianos of Heintzman & Co. astonished me. The concert grand has a fine tone quality, being very full and powerful. The singing quality, especially in the treble part, is beautiful, and the instrument is well balanced throughout the whole scale. I am not surprised at the success these instruments have met with in England."

In all the great musical gatherings in the leading cities of Canada from the Atlantic to the Pacific the Heintzman & Co. Piano is ever in evidence. In the homes of Canada's leading citizens—those of widest culture—this piano is always found.

## TILLSON FOR QUALITY.

Tillson's "Molina" Rolled Wheat, "Pan-Dried" Rolled Oats, Flake Barley, "Gold Dust" Corn Meal and Graham Flour are Cereals of the highest quality there is or can be. They are the standards from which the quality of other Cereals are judged. "Just as good as Tillson's" is a phrase that some grocers use to induce people to buy weak imitations of the original Tillson quality.

DEAR SIR:—In reply to yours of the 23rd inst., I am as well as I was at nineteen years of age. Have not had any symptoms of Rheumatism since I have been using your Liniment. Further—While wheeling to Port Stanley I came into collision with another wheelman and injured my knee so that it swelled to twice its natural size. The doctor said it would have to be tapped. I said, though, that I had Doyle's Liniment. He wanted to know what the doctor said. I told him to call in a couple of days and I would show him. He called, and I showed him my knee, from which the swelling had all disappeared. He said: "Keep right on with what you are doing." I cannot speak too highly of it.

## THE SCOTSMAN'S PASSENGERS SAFE

Miss Edythe Hyman, of This City. Was Among Them.

Miss Edythe Hyman, daughter of Mr. C. S. Hyman, of this city, was a passenger on the Dominion Line steamer Scotsman, which was due at Montreal, Sunday, and about which so much anxiety has been felt for the past few days. A dispatch this morning says the Scotsman is ashore off Belle Isle, and that 200 of her passengers have been taken off by the steamer Montford. The Montford is now on her way up the gulf, having passed Heath Point signal station at 8 o'clock this morning.  
Miss Hyman was taken from a tour of several months in Europe, and her many friends will be greatly relieved to learn of the safety of the Scotsman's passengers. During her stay abroad, Miss Hyman contributed to The Advertiser several charming letters, descriptive of places and people of interest in various parts of Europe.

## SAW HOWARD APPLY A MATCH

Young Spicknell's Evidence in the Pottersburg Car Case.

Richard Howard, Thomas Barnes and Samuel Thornton, who are charged with maliciously damaging a street car at Pottersburg on Aug. 19, came up before Squire Smyth yesterday afternoon, and the evidence of another witness taken. Owing to the absence from the city of a lady witness, the case was adjourned until Oct. 11, the bail of the accused being renewed.

George Spicknell, the 12-year-old son of County Constable Spicknell, of Pottersburg, was the only witness called. He had seen Howard standing near the loop when the car was derailed. Witness was positive in identifying Howard as the man he saw apply a match to a piece of paper and throw it in the side door of the car, at the same time calling for some person to get some coal oil. Spicknell saw Thornton and Barnes, but they were sitting on a veranda near by.

## Matrimonial.

BARTLETT-SAINSBURY.

One of the prettiest weddings of the month took place yesterday morning at 10 o'clock in St. James' Church, South London, when Mr. Walter J. Bartlett, of Aylmer, and Miss Edith May Sainsbury, of London, were united in marriage by Ven. Archdeacon Davis, in the presence of a large company of friends and relatives of the contracting parties. The bride was given away by her brother, Mr. Arthur P. Sainsbury. She was handsomely attired in a traveling gown of green and castor broadcloth, with cream satin and hat to match. Her sister, Miss Aggie, was bridesmaid, and wore rose silk, with overdress of white organdie and hat to match. The groom was assisted by Mr. W. Milroy, Mr. Vivian Reeves, organist of the church, played the wedding march.

A reception was held subsequently at the residence of the bride's brother, Mr. George Sainsbury, 98 Bruce Street, where the wedding breakfast was served, and a number of congratulatory speeches delivered. Among those who spoke was Mr. Leopold Sainsbury. The young couple were the recipients of many valuable wedding gifts, including five checks. At 2:30 Mr. and Mrs. Bartlett left for their home at Aylmer, attended by the best wishes of their numerous friends. Mr. Bartlett is connected with the firm of Laidlaw, Watson & Co., Aylmer.

When a Philippine woman of better class gets married she sometimes wears a native manufacture that reaches in value up into four figures. It takes months to make a handkerchief or a sleeve, so microscopic and delicate is the fabric.

## THE LENGTH OF THEIR TETHER

No. 3 Committee's Appropriation Was Small and Their Expenses Large.

London's Bakers Give Full Weight—Satisfactory Report by Inspector Bell—Various Matters Before the Committee.

No. 3 committee is down to hard-pan. A financial statement was submitted at the meeting last night, showing that uncontrollable expenses for the balance of the year will leave less than \$100 to the committee's credit. The committee's appropriation this year was unusually small, and the cost of lighting the city during the strike has been unusually large. There have been 15 or 16 moonlight nights in the past four months that the lights were burned, at a cost of \$70 a night, making an outlay of \$1,000 that the committee did not count on. The chairman will interview the chief of police with regard to having the lights turned off on moonlight nights hereafter.

The report from Inspector Bell stated that he had inspected 23 bakeries this month, and was glad to inform the committee that he found all the loaves full weight.

Ald. McCallum complained of the bedlam raised on the market on Saturday and other nights by vendors of jewelry, patent medicines, etc.

The committee found that these vendors were acting contrary to the bylaw, and will recommend the council to have the bylaw enforced.

John E. Sutton, on behalf of the Retail Grocers' Association, asked for the grocers the privilege of tying their horses on the Market Square while purchasing. The committee did not see how they could distinguish between the grocers and the general public, and the request was filed.

A memo. from the council, ordering a fire alarm box to be put up at the Columbus building works was laid over owing to lack of funds. The box would cost \$85.

For licenses Inspector Bell has collected \$1,132 50 to date.

John Watson has refused permission to sell patent medicines on the Market Square.

George McNeill's relief work contract will be transferred to Robert J. Webster if the latter gives satisfactory securities.

It was six weeks since the previous meeting of the committee, yet a quorum did not turn out. Ald. Dreaney (chairman), John E. Sutton, Chief Roe, and Secretary Bell were present.

## Latest Styles in Ladies' Hats and Bonnets.

This is the season for the doffing of the straw and the donning of winter material in ladies' headwear. The store milliner (if she be an up-to-date one) has for months past been laying in a fund of artistic ideas, to augment those of her own originality—(for, you know, ideas of past seasons won't do). She reads, she studies, she works, she combines—and just in so far as she is capable of combining and executing the best ideas of the best artists, such as Mons. Heitz Boyer, Mons. Aljevin, Mangin, Maurice, Mons. Lewin, and others, she succeeds.

Our reporter was attracted to one of the downtown shop windows today, and, like most ladies (though of the male persuasion) he has a perfect mania for pretty hats and bonnets. "Opening day—everybody welcome. Millinery department on second floor." The announcement was irresistible.

On entering the handsome spacious showrooms he met the proprietor, Mr. C. H. Bayley. "Very busy today, Mr. Bayley?" Yes, one of our opening days, you know. Our millinery is always a drawing card, though this is a busy section of our store. Would you care to see some of the leading styles? You note, in passing, the endless variety of hats, gowns, and dresses, and quilts and wings, together with ostrich plumes, etc. All these are much in favor this season, and make real smart effect in trimming. Velvets, plain and mirrored, are the predominant piece material, with a great deal of taffeta silk, and chiffons and malins.

These are articles and materials that are ordinarily marked in millinery stores with a pretty stiff margin," remarked Mr. Bayley; "but popular prices are the order in this department, hence the large and increasing trade. The colors most popular at present are beaver, castor, petunia, dahlia, samarra, and cyrano, though the range of new colors includes many other very handsome shades. Here's a stylish hat, and as pretty as it appears on the stand, it is more delightful on the head. St. Honore, a sailor shape, of cyrano taffeta, and a dahlia trim, each tucked edged with chenille, side and crown with bands of ribbon velvet, fastened with

## BISHOP McEVAY IS DETERMINED

That Windsor Catholics Shall Support Separate Schools.

[From the Detroit News.]  
"I stated emphatically that I would have separate schools in Windsor, and will have them," said Bishop McEvay, of London, to the News this morning. "I have not the slightest intention of receding one iota from the position I have taken in this matter. Windsor Catholics are no better than those of other places, and they must obey the laws of the church. All this talk about separate schools meaning an excessive tax rate is nonsense. If the Catholics of Windsor will pay a reasonable tax I'll undertake to make up any deficit that may occur. St. Alphonsus and St. Francis schools are not Catholic schools at all. Why, we dare not even hang a crucifix on the walls. Those that were there were ordered removed by the trustees, and they had a perfect right to do it under the present arrangement. The selection of the teachers for the separate schools I shall leave altogether in the hands of the separate board that will be organized. The board may engage either secular or religious teachers; I'll not even offer a suggestion along this line. But I am determined to have separate schools. I also meant what I said about opening St. Mary's Academy as a separate school if steps are not taken to convert the so-called Catholic schools into regular separate schools."

**Questions Answered.**  
KOMOKA.—A and B are neighbors. A says the fence between their farms is his. B has lived on his farm eleven years. There are no stones or anything to show the fence has ever been moved. A has gone and moved his part of the fence over on B's State what steps B can take. Ans.—He can bring an action against him for trespass, and should recover substantial damages, as the act of A involves the title to the land in dispute. Consult a lawyer.

LUCAN.—I hired in March for eight months, to work on a farm, and lost three weeks through being sick. Can I make up this lost time at the expiration of the eight months? Ans.—Not unless your master and you agree upon it. Upon the facts stated, there is no legal necessity for you to do so, as no deduction can be made by him. You were not hired to work a certain number of days, but for a certain time, namely, eight calendar months, from a certain day. The involuntary illness would have justified the master in ending the contract of service, but apparently he did not do so. It is usual, however, to make up for lost time under such circumstances, but not as a matter of law.
