

Germans Making Tremendous Drive at Verdun

BROWN PRINCE AGAIN DRIVES ARMY INTO VERDUN SHAMBLES IN FOURTH MAJOR OFFENSIVE; GAINS LITTLE AT HEAVY COST

Hopes To Retrieve Impending Disaster On the British Front By Success Along French Line.

BY PERRY ARNOLD.
[Special Cable to The Advertiser.]
New York, June 30.—Germany is striving desperately today to retrieve on the French front an impending disaster on the British front.

With the fall of Lens apparently now only a matter of days, the crown prince has once more been intrusted with picked troops and prodigious supplies of ammunition to direct a drive on Verdun.

A Tremendous Stroke.
Official statements reveal that this stroke is of tremendous power. Despite the concentrated fury of the attack, the German gain—a little ground on the west slope of Dead Man's Hill—has been disproportionate to the losses in men and expenditure of munitions. This is at least the fourth major offensive operation which has been undertaken against Verdun—and the fourth time the initiative smashes were checked.

U. S. TRANSPORTS HAD EXCITING TRIP THROUGH SUB ZONE

Alertness and Speed Too Much For Waiting U-Boats.

Paris, Wednesday, June 27.—Delayed by censor.—The first expeditionary unit of American troops in command of Major-General William L. Sibert, arrived safely at a French port. Rear Admiral Gleaves has cabled Secretary of the Navy Daniels saying the expedition has arrived safely.

A dispatch received in New York Wednesday afternoon from France announced that the second contingent of troops from the United States had arrived and disembarked during the morning. The arriving troops were taken transferred to a camp not far from the front.

The various units of the American expeditionary force having reached France safely, the censor has released dispatches describing the week descriptive of the arrival of the different contingents. No previous word had been received with the exception of one dispatch on Wednesday announcing that the second contingent had disembarked and gone to camp.

PICKED FORCES OF HUNS WIPED OUT BY FRENCH

Germans Attack With Violence at Verdun—Secure Slight Footing.

Paris, June 30.—The Germans resumed their violent attack on Verdun from west of Dead Man Hill last night, the war office announced. Picked German troops advanced on a sector of one and three-quarters miles, and were almost annihilated by the French.

The Germans penetrated the first French line over the entire front, excepting on the western slope of Dead Man Hill.

By the Alsace front the Germans attacked northeast of Cerny, employing burning liquid. They occupied a salient after the defence had been levelled by shell fire, but were repulsed elsewhere.

BERLIN'S REPORT.
Berlin, June 30.—Via London.—German troops yesterday captured several enemy lines south of La Hovelle Farm on the Alsace front, army headquarters announced today.

A line 500 metres in length on the eastern slope of Hill 304, northwest of Verdun, was also captured, the official statement reports.

INGERSOLL WOMAN DIES FROM DRINKING LARGE DOSE OF CARBOLIC ACID

[Special to The Advertiser.]
Ingersoll, June 30.—Mrs. Pierce, a young woman about 30 years of age, took her life this morning at her home, King Hiram street, by swallowing a large dose of carbolic acid.

Her mother-in-law, who resided with her, admitted taking the poison. An effort was made to save the woman's life, but she died in her husband's arms within an hour. Coroner Dr. Williams investigated the case and deemed an inquest unnecessary.

Mrs. Pierce was apparently in her usual health at an early hour this morning. She prepared her husband's breakfast and washed the dishes. The presence of the carbolic acid in the house was not known to other members of the family. It is believed she swallowed about an ounce of the poison, and she was terribly burned about the mouth. She leaves the husband and two small children.

LONDON OF FIFTY YEARS AGO WOULD REGARD CITY OF TODAY AS A PLACE MADE BY FAIRIES

Brief Sketch of Early Days Shows Something of Men and Institutions Who Placed Foundation Stones of Present Community—Why the Troops Left the City.

Extending its Dominion Day greetings on the occasion of the jubilee, the London Advertiser turns back the pages of time to give its readers a glimpse of the London of fifty years ago today, a London of less than a third of the present population, a city in which pavements, electric street lights and shop signs, motor trolleys, cars, motor trucks and automobiles were still fairy tales and fantastic dreams.

But it was a London in which soldiers were encamped, even as today, if of a more picturesque order. The khaki service uniform was unknown at the birth of Confederation, and it was a resident company which paraded along the streets of the city. The site of the present Dominion Day celebrations, there was the 3rd Regiment of regulars, and London's own volunteers, the 7th Regiment Fusiliers, and the famous battery, organized some time before by Col. Stanley, the battery which in the gallant conduct of recent years in Flanders of its members of immediate pre-jubilee.

Park Was Barracks Site.

Situated on Central avenue, overlooking parade grounds that are now Victoria Park, the barracks in the good old days of Confederation were on the extreme northern limit of the city, clustered a very great distance from the heart of the town at Richmond and Dundas streets.

But London had its outstanding features which closely link the days of Confederation with the days of the jubilee. Scores of residents recall the first Dominion Day, though in many cases the celebration didn't make a very vivid impression, as evidenced by difficulty in recalling special features.

Mrs. May Weston, 655 Bathurst street, was instantly killed about 9:45 o'clock today when she was crushed by a shunted freight car on a G. T. R. siding near Rectory street.

Mrs. Weston, whose husband, John Weston, is serving at the front with the 15th Battalion, lived in the last house on Bathurst street, right among the freight cars, so to speak, and she was in the habit of crossing the tracks from behind the last of the long line of freight cars, and out down a number of rails.

MAKING GERMAN EAT HUMBLE PIE GOOD FOR WORLD

Pounding Sense of Inferiority Into Them, Says Lloyd George.

WITH RELENTLESS LASH

British Premier Sees Beginning of End—Denounces Profiteering.

Dundee, June 30.—"We have driven the great army of Germany underground," said Premier Lloyd George in a speech here today. "When a great army is driven to these tactics, it is the beginning of the end; it means that we are pounding a sense of inferiority into every pore of the German military mind."

It is good for the war, he even better for after the war. As long as the Prussians have the idea of superiority in their minds, Europe will not be a decent place for people to live in peace.

Applying the Lash.
The Prussian, said Mr. Lloyd George, has many virtues, but a sense of inferiority has never been among them. The premier added that the Prussian is now being taught the virtue of humility with a fierce and relentless lash.

Stocking of the sacrifices the people had been called on to make in the war, Mr. Lloyd George said there had been no privations in this country thus far, and that while there were privations in Germany and Austria, those countries were still fighting. Men rested in their luxuries should not give themselves the airs of men who were on campaign.

MORE STRONG WORKS OF GERMAN TAKEN BY MARSHAL HAIG; LENS TAKING NEAR

Enemy Position On Both Sides of the Souchez River and Covering Lens Carried By British—British Reported Within City Limits of French Coal Metropolis.

[Special Cable to The Advertiser.]
London, June 30.—Field Marshal Haig has been very chary of details of the British operations around Lens. It appears certain, however, that the British troops have by now reached the city limits of the French coal metropolis.

Of secondary interest is a continuation of the German drive along the Chemin-des-Dames. It is manifestly designed to relieve the increasing French pressure around Laon, base city of the Hindenburg line. The French statement records a failure of the general attack.

STRONG WORKS CAPTURED.

London, June 30.—A series of strongly organized defensive systems on both banks of the Souchez, covering Lens, has been captured by the British, it is announced officially.

In their recent operations the British have advanced more than a mile on a front of four miles about Lens.

The announcement follows: "Additional information now available confirms the success of our recent operations in the neighborhood of Lens. Besides the capture of prisoners and machine guns already reported, an important advance has been made on a total front of about four miles in a depth of over a mile. As a result of our attacks a series of strongly organized defensive systems on both banks of the Souchez, covering the town of Lens, has been captured. Our troops have gained the whole of their objectives on each occasion with slight loss, while inflicting considerable casualties on the enemy. Positions of great strength and tactical and strategic importance thus passed into our hands."

More Contestants Join In the Race

Interest in the Popularity Votes Continue to Grow Throughout District.

Yesterday's mails brought in additional candidates for the Advertiser's popularity contest. Others were added from District No. 1, and they are all eager to show that the campaign has not yet settled down to a normal stride, and that it will be a few days yet before the standing can be published.

Those candidates who are now in the field value the importance of getting over the ground as rapidly as possible. The Advertiser's popularity contest is a series of articles at the Advertiser's office, and the Advertiser's popularity contest is a series of articles at the Advertiser's office.

Has Closed American, English, French and Russian Schools.

THE HAGUE, Netherlands, June 29.—Djemal Pasha, Turkish commander in Syria, one of the most influential leaders of the Young Turks, stated recently in an interview called "German policy" that all American, English, French and Russian schools in Syria and Palestine already had been closed, and that he would never allow them to reopen after the war. He regarded this as an indispensable step toward the rooting out of Entente influence in the post-bellum period. Jewish colonization, he declared, was equally injurious and he would do his utmost to oppose it.

Rowe, aged 72, wife Mary, and their six children, ranging in age from 1 to 13 years, were burned to death early today in a fire which broke out at the home of the family at Anson, near here. None of the occupants of the house escaped. Investigation failed to elude the cause of the fire, and the county medical examiner decided an inquest was not necessary.

TWO U-BOATS ROUTED IN RUNNING FIGHT

An Atlantic Port, June 30.—A running fight between a British steamship and two German submarines, which place June 8, about 30 miles off the Italian coast, near Genoa, in which the steamship succeeded in routing the two boats by superior speed, was described by officers of the ship on arrival here today.

STRIKE MAY HANDICAP SHIPMENTS TO ALBIES

New York, June 30.—Captains, engineers and crew of the American ship harbor today demanded an increase in wages, and threatened to strike Monday. The shipowners refused to grant the demands, and the strike would place the shipping industry in a very awkward position. The strike would also interfere with the dispatch of foodstuffs and munitions to the Entente Allies.

BRITISH AVIATORS DO DAMAGE IN MACEDONIA

STRENUOUS WORK SOON TELLS ON YOU

Businessmen and Breadwinners the Victims of Nervous Exhaustion.

When worry is added to overwork men soon become victims of nervous exhaustion—neurasthenia—the doctor calls it. Some have no reserve strength in their systems to bear the strain; others overtax their strength, and if you find that you are nervous and not sure of yourself, that you sleep badly, and wake up tired and aching, your nerve are of course, and other signs are inability to take proper interest in your work; your appetite is flakey; your back feels weak, and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they thrive on, and that is Dr. Williams' Pink Pills. These pills have cured thousands of cases of nervous disorders, including nervous prostration, neurasthenia, St. Vitus dance and partial paralysis. Here is an example. Mr. P. H. Cullen, a well-known businessman in Coleman, P. E. I., says: "I owe my present health, if not life itself, to Dr. Williams' Pink Pills. I had always been an active man, and when I began to run down in health paid little attention to it, as I thought it only a temporary weakness. As time passed, however, I found myself growing worse, and consulted a doctor, who said that I was not only badly run down, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, I slept badly and notwithstanding the doctor's treatment grew so weak that I had to leave my business and was confined to the house. Time went on, and my friends were all greatly alarmed for my condition. In this condition I was strongly recommended to try Dr. Williams' Pink Pills, and as the doctor's medicine was not helping me, I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me out. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever I did, and was being congratulated by all my friends on my full restoration to health. I feel now that if I had used Dr. Williams' Pink Pills at the outset I would not only have saved much money spent in doctor's bills, but would have renewed health sooner. I cannot speak too highly of this medicine, and would recommend it to every man who feels weak, nervous or run down."

WIFE OF SOLDIER KILLED TODAY

Prisoner Thought Capt. De Willoughby Not the Man.

MAY BE CHARLES KELLER

Two Adventurers Apparently Using Famous Englishman's Name.

HAMILTON, June 29.—The police this afternoon made the surprising announcement that the man arrested here and who was supposed to be "Capt. Percy Seymour De Willoughby," for whom the English authorities are seeking, is not De Willoughby, but probably Charles D. Keller, another old countryman, wanted for a long time. Whatley said the police had evidence to show that another man, supposed to be De Willoughby, is still at large. A telegram from Toledo, Ohio, announces that De Willoughby is wanted there, but that the man held here is not the one the Toledo police are after. Pictures received from England gave the police the first intimation that the man under arrest here might be Keller. The chief thinks that the Hamilton prisoner and De Willoughby may have been patients in the same hospital in England, and that De Willoughby's passport came into the possession of the man who is now believed to be Keller.

Recieves Warrant. The chief today received from Boston a warrant for his prisoner, who is charged by a Boston citizen with obtaining \$250 by fraud. An officer is said to be on his way from Boston, and it would not be surprising if the prisoner is deported tomorrow.

Great interest was expressed at the police station tonight over the fact that there must have been two adventures calling themselves De Willoughby. From evidence secured it appears that neither of the men is really named De Willoughby. The Englishman at present held here is a charge of vagrancy from the first assisted that he had not deserted from the British army and had not been cashiered out of the army for passing worthless checks. Evidence secured seems to point to the truth of these allegations.

May Be Deserter. It may be possible, according to the police, that the other De Willoughby who deserted from the British army, and taken part in a tour as a wounded army officer through the States and had married a millionaire's daughter, Chief of Police Whatley would not state whether the warrant for the man's arrest is issued by the States or not, but merely said that it is official and signed by the British Consul.

POLICE PUZZLED OVER IDENTITY OF MAN UNDER ARREST

Prisoner Thought Capt. De Willoughby Not the Man.

MAY BE CHARLES KELLER

Two Adventurers Apparently Using Famous Englishman's Name.

HAMILTON, June 29.—The police this afternoon made the surprising announcement that the man arrested here and who was supposed to be "Capt. Percy Seymour De Willoughby," for whom the English authorities are seeking, is not De Willoughby, but probably Charles D. Keller, another old countryman, wanted for a long time. Whatley said the police had evidence to show that another man, supposed to be De Willoughby, is still at large. A telegram from Toledo, Ohio, announces that De Willoughby is wanted there, but that the man held here is not the one the Toledo police are after. Pictures received from England gave the police the first intimation that the man under arrest here might be Keller. The chief thinks that the Hamilton prisoner and De Willoughby may have been patients in the same hospital in England, and that De Willoughby's passport came into the possession of the man who is now believed to be Keller.

Recieves Warrant. The chief today received from Boston a warrant for his prisoner, who is charged by a Boston citizen with obtaining \$250 by fraud. An officer is said to be on his way from Boston, and it would not be surprising if the prisoner is deported tomorrow.

Great interest was expressed at the police station tonight over the fact that there must have been two adventures calling themselves De Willoughby. From evidence secured it appears that neither of the men is really named De Willoughby. The Englishman at present held here is a charge of vagrancy from the first assisted that he had not deserted from the British army and had not been cashiered out of the army for passing worthless checks. Evidence secured seems to point to the truth of these allegations.

HIGH-CLASS STARS FOR THE PATRICIA

"TWO MEN AND A WOMAN" AT
THE PATRICIA.

It's hard to believe that a man would sacrifice his entire life, his heart's joy, his one substantial ambition, just because of a promise, but life itself is far stranger than fiction.

In the screen drama, "Two Men and a Woman," which comes to the Patricia Theatre on Monday, Tuesday and Wednesday, the Ivan Film Productions, Inc., has transferred to the screen, just that sort of a story, and from the words of the author, Willard Mack, the facts were taken right from an actual occurrence in life.

A man promises a dying companion that he will care for his son. But the guardian becomes a father to the boy. The boy later becomes involved in a questionable love affair. His opposite, of the "specie" type, tries blackmail. The boy is engaged to the girl the guardian has always loved. The coming of the

"female of the specie" to demand her toll of gold is psychological. The guardian attempts to safeguard the boy leads to his own happiness and through that strange fate we know so little about.

The story is rugged. It is a Willard Mack tale, done in his own red-blooded way. It shows the virility of "Kick-In" and the peculiar human touches that have made Mr. Mack one of the foremost figures in American stage literature.

The Ivan Film Productions is responsible for the play, with a strong cast including James Morrison, and Christine Mayo.

WASHBURN IN NEW "SKINNER" TO REPEAT HIS GREAT SUCCESS.

The beloved "Skinner" has come to life again. This delightful character is fiction, conceived by Henry Irving Dodge, the noted author, and immortalized on the screen by Bryant Washburn in Essanay's recent picture, "Skinner's Dress Suit," is given to us once more. This time he appears in

another Essanay feature, entitled "Skinner's Bubble," which will be at the Patricia on Thursday.

"Skinner's Bubble" might well be called a sequel to "Skinner's Dress Suit." It simply adds another chapter to the life of Skinner and his adoring wife, Honey, which was so admirably launched in the first production. Yet you who were so unfortunate as to miss the dress suit episode—it was without doubt one of the most entertaining bits of screen work projected this season—will not be confused in viewing "Skinner's Bubble." There is no serial link between the two. Each is a separate, distinct comedy drama, and it is hard to say which one is the best.

The same cast as before appears in "Skinner's Bubble." Bryant Washburn is seen as the inimitable Skinner, who rushes into the maelstrom of industrial enterprise, where angels as it were, fear to tread, and comes out victorious despite himself. Mr. Washburn has never been screened to better advantage. The plaudits showered upon him for his delightful portrayal in "Skinner's Dress Suit" have been more than doubled for his work in "Skinner's Bubble."

The story of "Skinner's Bubble," briefly, is this: "Young Mr. Skinner, having won for himself a junior partnership in a big commercial firm, aspires to greater conquests. He believes he can do for himself what he has done for his firm. He resigns and sets up in business for himself. But Skinner had neglected to figure that his success was due largely to the prestige of his old established firm. He rapidly approaches the rocks of ruin. Yet Skinner puts up a brave front before his little wife, Honey, who adores him, and makes her believe he is fast becoming the Napoleon of the industrial world. Honey triumphantly tells the world, Skinner's former employer, and she, in turn, tells her husband. Thus it is that just as Skinner decides to go into bankruptcy, his former employer makes him a bewilderingly flattering offer to come back into the firm. Thus Skinner triumphs despite himself.

Hazel Daly, who created the screen role of Honey, again appears in this capacity. Harry Beaumont wrote the story, by Essanay's special intermission from Henry Irving Dodge. Mr. Beaumont, the director of "Skinner's Dress Suit," also directed the second production.

AT THE PRINCESS

"The Little Orphan."

"The Little Orphan," to be shown at the Princess on Monday and Tuesday, reflects new possibilities as the outcome of the world war. Ella Hall will be the star, impersonating a little Belgian, orphaned as a result of the conflict, who is brought to America to be installed in the home of one charitably inclined citizen. An old bachelor adopts her, under misapprehension—he believes he has selected a boy when he picks the name of Rene Lesclerc from a list representing 50 homeless little foreigners. When he finds there is a girl—and a mighty pretty little girl, at that—he decides to stick to his agreement, and rears the child through early youth, past the "sweet sixteen" period, and on to maturity. Then he finds that in all the preceding years his little orphan has so entwined herself around his heart that happiness for him can only come if she shall marry him. But there is a young man, nearer Rene's own years, who loves the girl—and the bachelor is confronted by a great problem. Just how a happy solution was reached forms an interesting climax to a thoroughly enjoyable entertainment.

was well known on the legitimate stage of her own country, where she made a reputation as an exponent of the character of "Camille" at the tender age of 16. Almost two years ago she left her native land, where the war was making great inroads in the theatrical receipts, and came to Canada, where she tried vaudeville. Something, a good angel probably, took her to Universal City, where her beauty won for her a part in the five-reel feature, "Father and the Boys."

When Miss Lovely arrived in this country she was called by her own name, Louise Carbase. She is of French descent, and had played under this name in Australia. But she soon found that American tongues were unable to pronounce it. Mr. Lesclerc

MOVIE ACTORS MUST GIVE UP GOLD TEETH

Camera Photographs Golden Molars a Dead Black.

If you have gold teeth and want to play in moving pictures you must either give up your ambition or be prepared to meet a dentist's bill. Actors with beautiful features and marvelous pantomimic ability are no longer to play for moving pictures if they possess teeth of gold.

Moving picture cameras sometimes work freakish tricks. A gown of gorgeous orange shade will photograph a dead black and shiny white material will produce an effect known as "halation," creating a ghostly double which seems to follow the wearer about the room. The camera photographs gold like a dead black, and if an actor smiles his gold teeth make his jaw appear quite toothless.

Consequently, which new actors are engaged there are asked to open their mouths very wide much as a horse breeder might do when trying to ascertain the age of a new pony. You may have a shining row of expensive molars, but for the moving pictures all white is preferred.

ADMISSION PRICE TO MOVIES WILL ADVANCE

Now it is the prospective high cost of pictures that arrests attention in these perilous times. In other countries where people are at war there has been an advance in the price of admission, usually just sufficient to cover the war tax levied by the Government. That a general and decided increase in ad-

"The French Patrol," by Lucius Homer, and it will probably be one of the leading features of the bill. Not only as a concert orchestra is the Majestic orchestra accomplished, but every man has had long experience playing for moving pictures, and the plots are followed closely and with intelligent appreciation of the musical requirements. Long experience has made the organization competent, and it is a harmonious organization in more ways than one, with the burden of being a picture specialist falling on no one member, but equally upon all.

"The Scarlet Oath." Twenty years away from Russia finds Pavloff the American leader of the nihilists and famous for his writings on nihilism. His daughter Olga assists him in the extension of the cause which has become his life work. Her twin sister, Nina, is living in ease and luxury as the adopted daughter of a rich Russian-American. Yet Fate ordains that these two girls be brought together under strange circumstances, and almost at the cost of the wrecking of the happiness of the one.

Undoubtedly, this photoplay, "The Scarlet Oath," with Gail Kane playing both the sisters, will be little less than a sensation when it is shown at the Majestic Theatre on Wednesday. It is one of the very best pieces turned out under the banner of World Pictures Brady-Made.

HENRY B. WALTHALL AT THE MAJESTIC TODAY.

Was Mr. Walthall really a high brow? That is precisely what most folks think of the great Scandinavian dramatist, and a good many would run a mile to get out of sitting through one of his plays as a consequence. But the great Illing has been put to the newest and surest test for high-browism—if you know what that is. He has at last been put on the screen.

The play chosen is "Pillars of Society," to be shown at the Majestic today, with that extraordinarily able actor, Henry Walthall, in the leading role, supported by a picked Fine Arts company.

MME. PETROVA AT MAJESTIC ON MONDAY AND TUESDAY.

Mme. Petrova, the Russian actress, who is starring in "The Undying Flame" at the Majestic Theatre on Monday and Tuesday, is one of the most talented actresses on the screen and has an enviable international reputation on both screen and stage. The fact that she is appearing in pictures produced by the Jesse L. Lasky Company for Paramount recalls the fact that it was Mr. Lasky who first introduced this great actress to America. A few years ago, while Mr. Lasky was making his customary trip to Europe in search of new talent for his "Folies Bergeres," he heard of a remarkable young girl at the Tivoli in London who had created a sensation by her singing. He attended the performance, was greatly impressed, and proceeded to negotiate for a contract with her to make her American debut under his management. Mme. Petrova proved to be a phenomenal success in the "Folies," and later went into vaudeville and also appeared in the serious drama.

MARGARET ILLINGTON, THE FAMOUS CANADIAN ACTRESS, IN "THE INNER SHRINE." At the Majestic on Thursday and Friday of Next Week.

Margaret Illington, the famous Canadian dramatic star, who will be remembered for her sparkling successes on the speaking stage in "Within the Law" and "Kindling," will be seen at the Majestic on Friday and Saturday in the Lasky-Paramount production of Basil King, the Canadian author's famous story, "The Inner Shrine," which was prepared for the screen by Beatrice C. DeMille and Leighton Osmun.

The announcement that Miss Illington had decided to appear in photo drama caused the greatest interest in motion picture circles since the announcement that Geraldine Farrar was to appear on the screen, as Miss Illington has always been considered one of America's most distinguished and popular actresses.

Her first stage work which firmly established her as one of the leading stars of the country was as the wife in Henry Bernstein's drama, "The Thief." Miss Illington appeared in this for over a year in New York City and later on tour.

Following "The Thief," Miss Illington appeared in Charles Kenyon's play, "Kindling," with even greater success; then she appeared in "Within the Law," and a number of other dramas.

The story of "The Inner Shrine" is said to be exactly suited to Miss Illington's personality and gives her ample opportunity to display her wonderful versatility in running the gamut of emotions.

adian dramatic star, who will be remembered for her sparkling successes on the speaking stage in "Within the Law" and "Kindling," will be seen at the Majestic on Friday and Saturday in the Lasky-Paramount production of Basil King, the Canadian author's famous story, "The Inner Shrine," which was prepared for the screen by Beatrice C. DeMille and Leighton Osmun.

The announcement that Miss Illington had decided to appear in photo drama caused the greatest interest in motion picture circles since the announcement that Geraldine Farrar was to appear on the screen, as Miss Illington has always been considered one of America's most distinguished and popular actresses.

Her first stage work which firmly established her as one of the leading stars of the country was as the wife in Henry Bernstein's drama, "The Thief." Miss Illington appeared in this for over a year in New York City and later on tour.

Following "The Thief," Miss Illington appeared in Charles Kenyon's play, "Kindling," with even greater success; then she appeared in "Within the Law," and a number of other dramas.

The story of "The Inner Shrine" is said to be exactly suited to Miss Illington's personality and gives her ample opportunity to display her wonderful versatility in running the gamut of emotions.

LEADING SHERIFF OF TEXAS COMES OUT FOR TANLAC

Money Could Not Buy the Good
It Has Done Me," Says
Prominent Official.

"Money could not buy the good Tanlac has done for me, and I gladly recommend it for what it has done in my life," said Hon. Archie R. Anderson of Texas, ex-sheriff of Harris County, a prominent official.

Anderson needs no introduction to the people of Texas, as he is unquestionably one of the best-known of the most popular men that the state has ever produced. He has held the public office in the "Lone Star" state for twelve years, and during that time he has been one of the city of Houston. He has this office only a short time, but he has already done much for the people of Harris County and for the state.

Anderson's friends then persuaded him to make the race for unexpired term of sheriff, to which he was easily elected. He was honored with re-election seven different times, and served the people in this important office for fifteen consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He has since then been a large property owner and foremost citizen of this interesting and prosperous city.

"I was in a rundown condition," continued Mr. Anderson, "and had no appetite at all. I could hardly get up at night, and never felt like getting up in the mornings. I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach, and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar I would just belch for hours. I would float and swell up like I was poisoned, and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years, and up to the time I began taking Tanlac, a few weeks ago. When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't wait to begin taking Tanlac. I had even more for me than I had expected. I began to feel better after taking my first bottle, and have just now started on my third, and I am a different man already. I sleep like a log now, and eat just anything I want without the slightest discomfort afterwards. I am able to do my work, and I am telling all my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish benefit by my experience with this great medicine."

Tanlac is sold in London by the Standard Drug Stores.

SOLDIERS AND MACHINE GUNS AT COUNTY CLARE

On Hand for Duty During Election.

LONDON, June 29.—The Central News correspondent at Ennis, County Clare, Ireland, says that 500 infantrymen, with machine guns, have arrived for duty during the Clare election. Count Plunkett arrived today.

The correspondent adds that some excitement was caused during the day by the discovery that a wreath placed on the O'Connell monument had been removed by Sinn Féiners and the republican colors substituted for it.

BITTER GUN DUEL ON ITALIAN FRONT

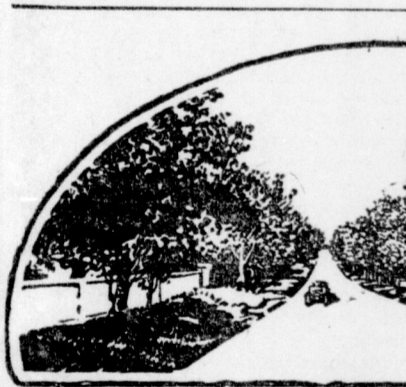

ROME, June 29.—The artillery struggle was fairly active yesterday on the whole front," says today's official announcement. "In answer to the fire directed by the enemy against Ala, we repeatedly shelled the railway station at Galliano."

On the Asolo plateau the enemy concentrated a violent fire on Agnello pass. Near Santa Lucia in the Tolmino region traffic was interrupted repeatedly by our fire.

Enemy airplanes displayed great activity in the evening. Our anti-aircraft guns engaged effectively by our anti-aircraft guns.

DR. CONDON GUILTY.

New Brunswick, June 29.—Dr. William J. Condon, an officer in the United States Medical Reserve Corps, was indicted by the Middlesex County grand jury here today for the murder of John V. Furey, a graduate student at Rutgers College, whose body was found beside a road near Spotswood on June 8, after he had been missing since February. Dr. Condon has been lodged in prison at Trenton, N. J.

Creates New Traffic

LAST October a count was taken of the number of horse-drawn commercial vehicles using the Toronto-Hamilton highway (at the Western end). It was found that in one year there was more such traffic than in the whole year of 1915. Since the concrete road was built, the highway is carrying a large amount of the traffic that formerly used parallel roads.

This is a striking illustration of an important fact, that "good roads concentrate traffic on a few of them, and makes it easier for a community to build a connected system."

Permanent Highway of Concrete

It is estimated that 17% of Canada's highways carry 80% of Canada's traffic. A relatively small mileage will serve the mileage should be built of the most durable material—CONCRETE.

FOUR LARGE BRITISH CARGO-CARRIERS ARE SUBMARINE VICTIMS

BOSTON, June 29.—The torpedoing and sinking of four large British cargo-carrying steamers was announced in London today. The ships were the Utonia, of the Cunard Line, 5,593 tons; Haverford, of the American Line, 7,493 tons; Buffalo, Wilson liner, 2,583 tons; and the Manistee, another Cunard vessel. No details of the losses were given and no mention was made of the fate of the crews.

It was believed by steamship agents here that some or all of the ships may have been included in the list of sinkings announced from London Wednesday night.

The Utonia and Manistee, it was said, were bound with cargoes of grain and other food supplies from New York, for English ports, and the Buffalo was returning from Hull for New York. The Haverford has been engaged in the Philadelphia-Liverpool service, but there was no information at hand tonight to show where she was bound when torpedoed.

NO PASSENGERS OR TROOPS. NEW YORK, June 29.—Neither the ship Utonia, nor the Manistee, reported torpedoed and sunk, carried either passengers or troops, according to representatives of the Cunard Line, which had not been officially informed tonight of the loss of the two vessels.

SUNDAY MEETING TO MARK CONFEDERATION

Ingersoll Will Celebrate Semi-Centennial on Central School Grounds.

INGERSOLL, June 29.—A meeting to commemorate the 50th anniversary of confederation will be held on the central school grounds on Sunday afternoon at 3 o'clock. Mayor Buchanan has taken an active part in arranging a fitting manner, and he has been supported in an encouraging manner. The mayor will preside at the meeting, and addresses will be given by a number of speakers. There will be an excellent musical program, and if favorable weather prevails a very large attendance is expected.

The death of Mrs. William Slater occurred Thursday night at her home, Duke street. She had been ailing for some time, but had only been confined to her bed for about six weeks.

She had been a resident here for about six years, coming here from England. She was a lifelong member of the Anglican Church, and a regular attendant so long as her health permitted. She is survived by two sons and four daughters, namely: Robert and C. W. Ingersoll; and Mrs. Harold Chisholm, Misses Ruth and Leah, all of Ingersoll.

MARE DROPS DEAD AT MT. ROYAL RACES

MONTREAL, June 29.—In the third race at the meeting of the Back River Jockey Club at Mount Royal today, the mare, Anna Krutier, owned by J. S. Hayes, dropped dead as the horses jockeyed into the finish.

Jockey Smith, who had the mount on her, slid off as she fell, and escaped unhurt.

ANTI-MEETING FORBIDDEN.

TORONTO, June 29.—Chief of Police Grasett has decided that as the proposed anti-conscription meeting tomorrow would be likely to lead to a breach of the peace, he will not permit it. There is no appeal on the grounds from a police decision, so the matter is closed.

Favors Referendum.

J. A. C. Ehlrich, Liberal of Two Mountains, opposed conscription, favored referendum and read a large number of extracts published in the Ontario press which he declared insulting to the French, and explaining why the province of Quebec had not provided the number of men expected.

Mr. Roche Lanctot, Liberal of La Prairie, arose to speak, but Mr. Ehlrich said: "Mr. Speaker, the member for La Prairie is such a fine orator that the House has heard at least a quorum of the House."

ROWELL AND BORDEN HOLD CONFERENCE AT THE FEDERAL HOUSE

Talk of a Union Government
Persists at Ottawa.

DEBATE IS NEAR AN END

Leaders Agree on Two-Days
Limit for Conscription
Discussion.

(Special to The Advertiser.) WINNIPEG, June 29.—Attorney-General Hudson has gone to Ottawa.

Hon. J. A. Calder of Regina went through to the capital tonight.

(Special to The Advertiser.) OTTAWA, June 29.—Talk of cabinet changes and union government was started again tonight, when it became known that N. W. Rowell, provincial Liberal leader for Ontario, had been summoned from Toronto, and had a two-hours' conference with Premier Borden at the latter's home.

It is understood that cabinet reorganization will be deferred until a report is made by the commission that is investigating the finding of Judge Gault against the Hon. Robert Rogers. This is expected within a few days.

Speeches Playing Out.

The second week of the budget debate has been finished, and has been described in Ottawa as "going strong, but growing weak."

The speeches are numerous, and the House sits late, but it is all the same speech, or rather there are two speeches. There is one for the compulsion bill and against referendum; there is one for referendum and against the bill. Each of these speeches has been made by a new man with a few different words, but with the old facts, arguments and conclusions, and made until they are getting shabby and the House is growing weary.

For a debate upon a great question, this has been most commonplace. There has not been a pregnant sentence uttered, not an expression by any man on either side of the question remains in the memory of Parliament for even the short fourteen days the measure has been under review.

Only Two More Days.

There was a sigh of relief today when the prime minister announced that he had conferred with Sir Wilfrid Laurier, and that the debate would last only two days more. This should mean division on Wednesday or Thursday. Then with the principle confirmed, details of the bill will be considered in committee for another week, while waiting will follow, and the Senate should begin its work upon the measure by the middle of July.

As an indication of the manner in which the Commons is wearying, it may be stated that tonight the House was forced to adjourn before 11 for lack of a quorum.

Plaster For Liberals.

The other matter of interest in the House tonight was the announcement by Henri Achim, Nationalist of Labelle, that he was for the six months' hiatus; that he would not run as Conservative candidate in the next election; that in the coming election he would support Liberal candidates.

George P. Bovin, Liberal of Sherbrooke, said that he would oppose conscription; that two-thirds of his riding was French and one-third English speaking; that most of the French were against and most of the English were for conscription. It had been asked in Parliament what would be the result if referendum were taken and the result was against conscription.

"The answer is simple," he said. "There will be no conscription and the will of the people will prevail without bloodshed." This was taken on the Government side to mean that Mr. Bovin held there might be bloodshed if Parliament put the conscription bill through and applied it, and there were cries of "Shame!"

Servant or Master.

Mr. Bovin preferred an election to referendum. In conclusion he said he would ask the prime minister "are you the servant or the master of the people? If you are the servant, why do you refuse to consult the people? If you are their master, pray tell us what is the difference between the Canadian Parliament and the Kaiser's Reichstag?"

Claude MacDonnell, Conservative of Toronto, declared that the call from the front for reinforcements was imperative and that the conscription measure was the only proper answer to the call.

Conscription Unpopular.

W. F. Carroll, Liberal of Cape Breton, who enlisted as a private, was promoted and went to the trenches as lieutenant, urged the Government to make a last effort to have volunteers by conscription. Conscription was unpopular in many parts of the country. Volunteering had been and would continue to be a success in Nova Scotia. In Quebec it had not proved a success. He suggested that each province should be asked to provide reinforcements for the units it had sent to the front. As Quebec had sent so few this could be done, he thought, on the voluntary plan.

W. A. Clark, Conservative of North Wellington, held that volunteering after doing splendidly had reached a point of exhaustion and only a measure of conscription would now provide reinforcements.

Favors Referendum.

J. A. C. Ehlrich, Liberal of Two Mountains, opposed conscription, favored referendum and read a large number of extracts published in the Ontario press which he declared insulting to the French, and explaining why the province of Quebec had not provided the number of men expected.

Mr. Roche Lanctot, Liberal of La Prairie, arose to speak, but Mr. Ehlrich said: "Mr. Speaker, the member for La Prairie is such a fine orator that the House has heard at least a quorum of the House."

BIG NEW BATH HOUSE FORMALLY OPENED AT PORT LAST EVENING

Many Improvements Have
Been Made at Lakeside.

FINEST ACCOMMODATION

Steady Increase in Attendance
at City's Popular Summer Resort.

With the opening of the new \$30,000 bathhouse on Friday, Port Stanley took its place as London's best-equipped and most popular summer resort. Indications point to the best season in years.

Without the numerous improvements which have been made this year, Port Stanley has attracted thousands of Londoners every season, more particularly since the electrification of the city road. With the added attractions of the new bathing house and improved hotel and cafeteria accommodation, the crowds promise to be record ones throughout the summer.

Steady increase.

There has been a steady increase in the attendance since the advent of warm weather. In reaching the resort experienced in previous seasons have now been almost eliminated. Additional rolling stock has been furnished by the railway, and it will be possible to operate a better service and have each train comfortable and uncrowded.

At Port Stanley, in addition to numerous improvements made by private property-owners, there has been a general renovating of the whole picnic grounds. Every detail has been taken into consideration. Drainage has been improved and unsodden portions of the ground which last year formed a bog, on the beauty of the landscape have been seeded and protected from damage.

A Pretty Spot.

On the heights of the electric "housecleaning" is also visible. Never before have the paths so well laid, trimmed nor the paths so well laid. Leading to every portion of the grounds they make the numerous chairs and benches which have been provided for the picnickers seem more inviting than ever. Even the old changing room has been transformed. Under the management of the railway board it has become a bright, inviting place.

The beach, where much of the interest centres, can be reached in a number of ways. You can ride up the incline railway five times for 25c, or in other words ten tickets are now sold for 25c. If you are tired with the joy of living and seek mechanical means of transportation, you can reach the lake shore by the gravel path which has been built up the side of the cliff. It is fairly to provide sufficient exercise, there remains the new stairway, which offers a climb sufficient for the most ardent mountaineer.

Fine Accommodation.

The Invererie Hotel, which opened on Sunday under the management of J. R. Menhemick, is providing excellent accommodation for visitors, a feature which has been lacking in other years. The dining-room, in charge of Lem Wong, proprietor of Wong's Cafe here, is providing service equal to the best in the country. More than 400 people were served on the opening day.

Opportunities for amusement are plentiful, but undoubtedly the foremost among these is the lake bathing. This was the chief attraction at Port Stanley before the new bathhouse was erected. It has become an added attraction because of the excellent accommodation. A thousand individual rooms are provided.

The fisherman will find plenty of scope for his art, as even on the busiest days there are hundreds of quiet pools from which the elusive "finny ones" can be snared. The boating is another feature which appeals to many. Among the numerous other advantages which the grounds possess is an excellent baseball diamond.

Work has been commenced on the new \$135,000 pier on the west side of the harbor, and is attracting much attention from the numerous visitors. The full plan is not being carried out because of the war. It was intended at first to have a breakwater at the east side of the harbor. This would provide a protected harbor large enough to provide shelter for several lake boats at once and to provide room for them to turn within the breakwater.

Plans for a \$10,000 grain elevator have been drawn up, but the work has been halted for a time because it will be necessary to secure the consent of the village of closing of an unused street, which it will be necessary to do before work can be started. If the work is rushed, grain ships may be accommodated next year.

ANTI-CONSCRIPTIONISTS DETERMINED TO MEET

WINNIPEG, June 29.—Anti-conscriptionists will hold a meeting on the market square at 3 o'clock next Sunday afternoon, according to "dodgers" circulated throughout the city late Thursday night.

Residents of Winnipeg in various parts of the city on their way to work this morning found these "dodgers" scattered about. They announced the meeting "on behalf of the dodgers" and for free speech," and calling on everybody to attend. The reading matter concluded with these words:

"This meeting will not be cancelled." Deputy Police Chief Newton, when he learned of the proposed meeting, said under the defence of the realm act there would be no conscription. There was a legal way of preventing meetings on public thoroughfares, he intimated.

RHONDA HAS POWER TO REQUISITION FOODS

LONDON, June 29.—The Official Gazette tonight published an order-in-council conferring upon Baron Rhonda, the food controller, identical powers under the defence of the realm act with those already possessed by the admiralty and army council and the ministry of munitions for requisitioning supplies and controlling prices.

Baron Rhonda will now be able to requisition the whole or part of the output of any factory, paying prices therefore based on the cost of production, with the addition of a reasonable pre-war rate of profit, regardless of the prices ruling in the open market.

NOMINATIONS ARE STILL COMING IN

ONE YOUNG MAN DOES NOT EXPECT TO START WORK UNTIL AFTER JULY 5TH.

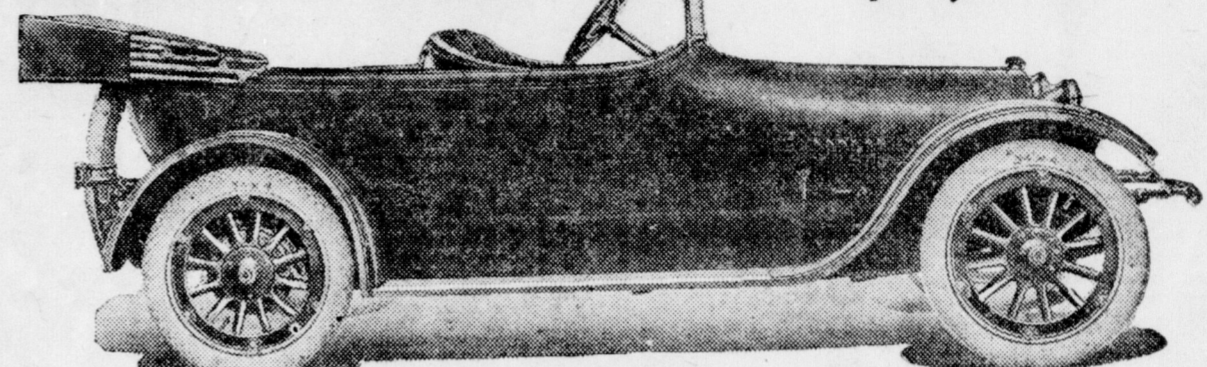

Prize Contest Manager, Advertiser, London, Ont.

Kitchener, Ont., June 28, 1917.

Dear Sir,—I want to enter your contest, if it is not too late. I won't be able to start work until after July 5th. By the number of entries you now have I will be at the bottom of the list, but I am game enough to take my chances, if you accept my nomination. Please find inclosed stamped envelope for reply. Yours truly,

The attention of the Contest Manager was drawn to the above letter by his assistant, with the remark, "Is this going to be a parallel case to what happened in Alberta?" The winner of the Grand Prize in the contest entered three weeks after the contest started.

Grand Prize \$1,600

McLaughlin Special D-45-6 Cylinder—Now on exhibition at the McLaughlin Garage, Richmond Street, London. This costly touring car will be given to the candidate receiving the greatest number of votes, irrespective of districts. The winner of the Grand Prize will be given \$1,000, to be donated to some patriotic organization in his or her district.

CANDIDATES TAKE NOTICE

During the past week a number of people paid their subscriptions to The Advertiser at The Advertiser Office, and did not ask for contest ballots. Since paying their subscriptions they have been approached by different candidates soliciting their support, and a request has come to the office of the Contest Manager asking for these votes to be credited. As this is against the rules of the contest the manager has had to refuse these several requests.

Candidates should advise all their friends to ask for contest ballots when paying their subscription, and have the name of the candidate marked on the ballot at the time.

An instrument with a reputation unsullied, and of a worthiness never questioned.

THESE EIGHT SPLENDID PIANOS ARE NOW ON EXHIBITION AT THE MASON & RISCH STORE, 248 DUNDAS STREET.

ONE OF THESE FOR EACH OF THE EIGHT DISTRICTS.

Second Prize in Each District

A \$400
Mason & Risch Piano

POINTERS FOR CANDIDATES

The little list of pointers which follows is set forth for the guidance and welfare of the candidates who really are in earnest in their efforts for one of The Advertiser's nine automobiles or other prizes. We would advise you to clip out the list and paste it up where you can read it every night and morning and follow it to the "T."

A new subscriber to The Advertiser at \$5.00 a year, will count 7,000 votes. A new subscriber to The Advertiser who pays two years in advance at \$9.00 a year will count 15,000 votes. A new subscriber to The Advertiser who pays three years in advance at \$13.00 a year will count 25,000 votes. A new subscriber to The Advertiser who pays four years in advance at \$17.00 a year will count 35,000 votes. A new subscriber to The Advertiser who pays five years in advance at \$21.00 a year, will count 50,000 votes.

Note.—All daily papers in Canada are being forced to increase the price of subscription owing to the rapidly increasing cost of paper, therefore we ask our candidates not to solicit subscriptions to The Advertiser longer than three years.

One of the oldest daily papers in Canada raised its subscription price from the 1st of May this year to \$5.00. This will be its subscription price for 1917.

Candidates should advise their friends when paying their subscription to The Advertiser to be sure and ask for the ballot.

The contest will close at midnight, Saturday, August 25.

Pay no attention to the other candidates. The time you spend thinking about others might lose you a new subscriber.

The 15,000 extra vote ballot is given (only) for the first new daily subscriber to The Advertiser for a year or more in length turned in.

Don't sit idly by and watch someone else walk off with a prize that could just as well have been yours, if you had made the proper effort to secure it.

Don't let a day pass by without securing some subscriptions and votes. Remember, it will take votes to win the prizes.

People who pay back subscriptions will be allowed votes just the same as those who pay in advance.

Should you get a new six months' subscription to The Advertiser today it will count 2,500 votes, and some time before the contest closes if you turn in another six months' subscription, you will be counted as a new subscriber.

A subscriber who pays for a year in advance, and who turns in a new six months' subscription, will be counted as a new subscriber.

Money may be sent to The Advertiser by check, postoffice order or money order. Make all orders for money payable to The London Advertiser Company.

What a Life Insurance Policy May Do:
It may provide a life income. Instead of paying in the sum of the face of the policy, we will arrange to pay a certain sum each year for a term of years, or as long as the beneficiary shall live. The sum of all the payments is bound to be equal to the face of the policy with interest on the deferred part. Under these provisions no matter what may become of the rest of a man's estate, the wife, daughter or other dependent is thus assured during life, an income which cannot be lost.
Unquestionably this is the ideal way to provide an estate. It cannot be stolen by a dishonest executor, nor lost by a reckless and inefficient one. Nor can it be frittered away nor squandered by the beneficiary herself.

Montreal, June 29.—Owing to the further decline of five cents per bushel in prices for cash wheat, the market for flour today was quiet. The tone of the flour market was easy at the recent decline, and lower prices may be looked for in the near future. Business was very quiet. The trade in millfeed was quiet, but the undertone to the market is firmer. Demand for rolled oats is fair.

A Violin Recreation on the New Edison Records exactly like the richest Violin—the Cello in turn is heard with its full, rich, lower tones. The Talking Machine makes a violin record sound like a Chinese Fiddle, while it is impossible to distinguish the difference between the Violin and the Cello on any Talking Machine. Hear the Edison, then you'll know. W. McPhillips, 189 Dundas street, London.

YOUR EYES
In hyperopia (farsightedness) the eyeball is not sufficiently deep for rays of light to focus correctly on the retina.

While distant vision may be nearly normal, an unusual strain of the focusing muscles is necessary for reading. In fact, in hyperopia, certain muscles are practically under constant strain, which if unrelied will result in permanent injury.

Relief can only be obtained by glasses which bring the rays of light to a correct focus. If you have symptoms of hyperopia, let us examine and relieve your eyes.

PHONE MONOPOLY IS FAST DYING OUT, SAYS ONE OFFICER

At the afternoon session of the Western Ontario Counties Telephone Association yesterday, H. R. Polson, Toronto, gave an interesting account of the operation of the workmen's compensation act, as applied to telephone companies.

F. D. McKay, Toronto, treasurer of the Canadian Independent Telephone Association, stated that the organization had won two important battles with the Bell monopoly in the Legislature the last session. One was the compulsory connection for long-distance work with rural lines, and the other was long-distance connection without compensation. All agreements in future would be standard, and the telephone company the right to do business with the Bell Company. The monopoly was fast dying.

Col. T. R. Mayberry, ex-M.P.P., Ingersoll, paid a tribute to the work done by the Independent Telephone Association, and said that the conditions were improving so far as rural lines were concerned.

F. D. McKay, Toronto, telephone expert on the Ontario Railway and Municipal Board, discussed legislation enacted during the last session of the Legislature. The most important was the right given to municipalities to take over a telephone system and operate it.

E. G. Hoover, Selkirk, dealt with telephone accounting, and explained a standard system of calling for the books of these companies.

The convention adjourned in the afternoon, and was one of the best yet held. The secretary, Dr. W. Doan, Harrisville, to whom much credit must be given for the success of the meetings, was re-elected to his former position.

SEVEN FROM STATES, ONLY TWO CANADIANS
The lads from the United States outnumbered the Canadians nearly four to one in retreating at the armory on Friday, when seven men came in from Chicago and only two from this vicinity. All were found fit for service of the service. The men from across the border went to the 7th Overseas Company and to the Canadian Trenching Company, and the others to the Army Medical Corps and the Army Service Corps.

Today two men reported from St. Louis, where another recruiting depot of the British Recruiting Mission has been established.

The following are the names of those who offered themselves, together with the units to which they went: W. McBurn, Construction Company; J. Rankin, 7th Overseas Company; J. Russell, Construction Company; H. Russell, 7th Overseas Company; all from Chicago; and L. G. Harrison, A. M. C., and C. Grieve, A. S. C., London.

SUMMER COLONY IS FLOCKING TO PORT
Improvements Expected To Make Season a Most Notable One.

[Special to The Advertiser.]
Port Stanley, June 30.—Despite the rainy weather of the past few weeks, the summer colony is not daunted, and with the advent of the 1st of July, people are hastening to the port as in previous years. The season will be in full swing by Monday.

There are many noticeable improvements at Port Stanley this year. As usual, several new cottages have been built. Chief among these is the beautiful residence of Mr. J. C. Duffield, East Orchard Beach.

The new bathing-house is one that compares favorably with those of large American watering places. Atlantic City and Ashbury Park can boast of no finer. Every convenience for bathers is to be found here. There are electric hair driers and curlers. There is also a cafeteria lunch in connection, and a dance hall.

On the picnic hill, the place has been cleaned and beautified. Tables and benches have been set out under the shady trees. The dance hall has been freshened and painted, affording an ideal place for picnics.

A great change is to be seen on Orchard Beach. So much of the land has been washed away that several cottages have been forced to move their houses back.

There are many other innovations. A new playground has been started. All, however, are not so pleasant. The dealers of the village have decreed that the summer colony is not to be seen, but there is no doubt that it will be a great success.

PERSONALS.
Mrs. John Campbell and daughter, of Toronto, are occupying their cottage on East Orchard Beach.

Mrs. Muir and family are in their cottage on East Orchard Beach.

Mrs. George Morley of Chicago have taken one of Mr. Smith's cottages on Orchard Beach.

Mr. and Mrs. Howard of London are spending the summer at their cottage on Orchard Beach.

Mrs. W. J. Phillips has been settled in Mrs. Oakes' cottage, near the Heights, for the season.

Today Is "Interest Day"

June 30 is one day, December 31 is the other.

Why not create for yourself a reserve fund in the shape of a savings account, and have "interest days" of your own. You may start with any sum from one dollar up, and the sooner you begin the better.
