# "KIPPER KAPERS" THURSDAY

Shown here are several of the hundreds of Haligonians who flocked to the Dal Gym to see the WUSC Treasure Van last week. Spokesmen termed the visit of the Treasure Van as most successful. (Photo by Thomas.)

## Haligonians Flock To Gym Treasure Van Great Success

The WUSC Indian Sale, held at the gym last week, turned out to be a great success. The sale has become an annual affair at Dal, but this year it was held under the joint sponsorship of Dal and Saint Mary's University.

Pat Walsh, the Dal WUSC Chairman, was in charge of arrangements on this campus, while Harold Kane was the chairman for Saint Mary's. Miss Patricia Paris and Claude Michelson were in charge of the Treasure Van.

Among the many attractions at the well-attended sale, were the lovely Mexican handicrafts. Each year, WUSC adds the goods of a different country to the Van and this year Mexico was chosen.

The proceeds are sent to the WUS International Relief Society which provides scholarships and aid to student hostels and medical centers.

## Large Crowd At Jamboree

More than two hundred and fifty students turned out last Friday night for the annual Engineers' Hayloft Jamboree.

Under the able leadership of Dave Bewley, the Dance Committee decorated the gym with balloons, and Alf Johnson called the sets while Hughie McCabe and his "Eastern Five" supplied the western swing.

During the intermission, the crowd was entertained by the newly formed Engineers' Orchestra emceed by Doug Lennox. The orchestra included Forbes Thompson and George Godson on guitar, Bill Evelyn on drums, and Bob Weld on accordion. The chaperones for the evening were Mr. and Mrs. Marshall.

## Conservatives Hear Donald Fleming

The Arts Building was the scene last week of an enthusiastic meeting of the Dalhousie Progressive Conservative Club. Many students assembled to hear Donald Fleming, M.P., for Toronto Eglinton, who has been in the Maritimes this past week.

## Pop Machine In Residence?

In the closing meetings of last year the Students' Council proposed to University officials and to Mr. Atwood that a soft drink machine be placed in the men's residence.

The location suggested for the machine was the East Common Room where it would be of great benefit in helping to reduce the line-ups at the canteen counter. It appears that both the University officials and Mr. Atwood agreed to the proposal and that Mr. Atwood would make the necessary arrangements to have the machine so located for a trial period of two weeks.

The Pepsi-Cola Company officials last year expressed their willingness to install this machine, but at that time they did not have the specific type of machine required. It was hoped that they soon would install it. The type of machine referred to, it is believed, would be a cup dispensing one, allowing the buyer a choice of orange, lime or pepsi-cola soft drinks.

The Pepsi-Cola Company, we presume, is still waiting to hear from Dalhousie University and Mr. Atwood has been given the green light to go ahead with the project.

It is hoped, therefore, that the machine will soon come rumbolling up to the residence and find a new home among Dalhousians. This new home, however, is only for a trial period of two weeks, during which, if paper cups are scattered everywhere and the machine is tampered with in any way whatsoever, the University officials will deem it necessary to have the machine removed and again the line-ups will form at the canteen door. So if our machine comes, let's try to keep it.

## Blood Flows Next Tuesday

The Dal Blood Drive Committee, headed by Patty MacLeod, has been hard at work for the past month in preparation for the Blood Drive which will be held starting next Tuesday, November 20.

These trophies will be available for competition between faculties, and between fraternities. Students under eighteen years of age will

## DGDS Revue Has Limey Flavour

By ALAN FLEMMING

This Thursday, Friday and Saturday will find the Dal gym a centre of activity as the Dalhousie Glee and Dramatic Society presents its Annual Revue.

During past years, each revue has been based on a definite theme. This year's show will have a British flavour and has been accordingly named "Kipper Kapers."

The Glee Club has been hard at work on the show since classes began. The services of Dale Jackson, a Mount A grad in music, were obtained as chorus director, and he has shaped the group into fine form.

Soloists appearing alone and with choral accompaniment will be Neva Eisner, Jane Griffen and John Phillips. Novelty numbers will be done by Julia Gosling, Marty Fransworth and John Keyston.

Several skits have been written by Simon Gray and Graeme Nicholson. These skits will satirize the typical Englishman and his way of life. A topical reference to the situation in the Middle East will also be made.

Humorous bits will be done at different intervals during the revue by Carl Perry.

A cultural approach is being made by a small string ensemble. They will play some of the better known classics of the day.

A dancing chorus has also been arranged. Soloists with this group will be Carol Ann Egan and Janice Merritt.

Don Lawrence is acting as the stage manager for the DGDS this year.

"Kipper Kapers" promises to be a fine evening of entertainment. Be sure to attend. Curtain time for each performance will be at 8:30.

## Graduate Editors Seek Co-operation

Due to lateness in the plans of the "Pharos Year Book" the graduate editors request your full co-operation this term. All graduates having their photos taken in Halifax must take their sitting before the Christmas holidays.

To make your appointment with the photographer, please contact the graduate editor in charge of your faculty at the following phone numbers:

Pam Campbell: 2-6716, Law, Engineering, Education.

Janet MacLachlan: 2-2114, Arts and Science, Commerce and Graduate Studies.

Anna Cooke: 3-8801, Medicine, Pharmacy, Dentistry, Public Health, Teaching and Supervision.

There will be no appointment desk in the respective buildings because of the lack of time for arrangements.

Take with you \$5.00 for your sitting.

Do not forget your write-up, which must be in by February 1, 1957. Your full co-operation will be appreciated.

The Graduate Editors.

not be considered when the percentages are calculated. However, all students who are not able to donate their blood for medical reasons or because they are under age are urged to go to the clinic and be rejected.

More details of the Blood Drive will be carried in this Friday's issue of the Gazette.

## Plan Dent Ball Frat Mooted

Dental student activities have started off with a large measure of enthusiasm being shown in every phase of the Society's activities. Socially, plans are being made for the annual Dent Ball, to be held at the Lord Nelson Hotel on December 7. Dancing will be to Don Warner's Orchestra.

A topic which has been attracting much attention for the past few years, that is the establishment of a Dental fraternity, came up again at the last Society meeting. Such a fraternity would be local in character rather than a member of a national group. A full-scale investigation into the financial aspect was presented and, after a lively discussion, the matter was tabled for the moment.

Also at the meeting, a design and form were chosen for a new Dental ring. The design which was accepted consists of a gold Dental insignia against a background of black enamel of rectangular form.

## Acadia Students' Vote Favours Rejoining NFCUS

Students at Acadia University in Wolfville voted last Wednesday to rejoin the National Federation of Canadian University Students. The valley university withdrew from NFCUS following the 1954 national conference.

The vote, 319 in favour and 240 against, was the climax to two weeks of intensive discussion of the Federation. Don MacPherson, president of the Acadia Students'

Union, lent his support to the efforts to re-enter NFCUS.

Dave Peel, the Atlantic Regional President of the Federation, and Lew Matheson, another Dal student who is an Acadia graduate, spoke to the student body last week. Many council members worked to educate the campus about the Federation following their visit, and a great deal of enthusiasm was aroused.

NFCUS used a new approach at Acadia, one of explaining its

purposes and functions to the students as a whole without offering them a series of material benefits. A pamphlet, prepared at Dalhousie, was used to tell the Acadia students of the Federation.

Mel Campbell was chairman of the committee appointed to tell Acadia about NFCUS, and the vote was largely due to his efforts. The Acadia student council is expected to formally apply for membership for the university's 735 students in the near future.

## Language Lab New Feature At Dalhousie

Of interest to all Dalhousie students, and especially those specializing in modern languages, is the new Language Laboratory which is situated in the Arts Building. Since its opening at the beginning of the fall term, the Laboratory, a novelty in this area, has been in constant use.

On November 6, Professor Paul Chavy and twenty of his students gave a special demonstration for the benefit of newswriters and broadcasters. A portion of the demonstration was televised and one of the students, Moira Kerr, was interviewed.

The Laboratory consists of a room equipped with four tape recorders and approximately twenty-five sets of headphones by which students may hear a foreign language pronounced by a qualified speaker or may hear their own efforts played back for correction. The laboratory, on a trial basis this year, is equipped for instruction in French 1, 2, 3 and 12, as well as in German and Spanish.

The students, who are asked to attend the sessions twice weekly, find that the scheme is of great value in complimenting classroom work. The recording technique, which was devised in World War II as a method for teaching languages to service men, has been adopted by many schools and universities worth of the experiment.

## Lesaux Letter

Dear Mr. Mounce,  
On behalf of the Students' Union here at St. F.X., I would like to congratulate the Dalhousie football team and the students that accompanied them on their very sportsmanlike showing and gentlemanly conduct, as exhibited during your week-end visit to our campus. It was appreciated by all students and university officials alike, and is all to your credit. Thanking you again for everything.

Sincerely yours,  
Pete Lesaux,  
Students' Union President.

## Private Eyes Seek Poster Pinchers

Spies in disguise are prowling around campus looking for the latest public enemies. Have you seen or heard of these insidious creatures??? They are the notorious fiends who have made off with those beautiful football posters which were displayed not long ago. Alas, said posters lived a short-termed existence. They have long since been skirted off to dens of iniquity to provide atmosphere. Please, if you have one of these posters, be kind enough to return it to Ann Rayworth or some member of the publicity committee.

Publicity Committee plans to use these posters in future years, thus minimizing both the expense and labor involved in poster-making. Student cooperation in this respect would be greatly appreciated.

## Law Students Are Debaters

Dalhousie will be host to the King's College debating team on November 16, in the Moot Court Room of the Law Building, for the first Intercollegiate debate this year.

Representing Dal in this debate will be Alade Akesode, a first year law student from Nigeria and Dennis Madden a third year lawyer from Liverpool, N. S.

For this debate Dal will hold the affirmative on:

"Resolved that Nato countries should render aid to Communist satellites seeking autonomous Communism."

Later in the month Dalhousie debaters will visit Acadia University. Representing Dal on this occasion will be Ed Harris and Roy Wellman.

## Bulletin Board

TUESDAY, NOV. 13:

Hillel meeting, Room 213, noon  
Dal Com meeting, Room 44, noon  
Foreign Affairs Discussion Group, Room 218, noon  
Glee Club Rehearsal in West Common Room, evening  
Shirreff Hall Formal, Shirreff Hall, 9-1

WEDNESDAY, NOV. 14:

Glee Club Dress Rehearsal in gym, evening

THURSDAY, NOV. 15:

Arts and Science meeting, Room 234, noon  
Dal revue "Kippers Kapers," gym 8:30 p.m.

FRIDAY, NOV. 16:

MIDL Debate, Moot Court Room, 7:30 (Dal vs. Kings)  
"Kipper Kapers," gym 8:30

SATURDAY, NOV. 17:

"Kippers Kapers," gym 8:30

MONDAY, NOV. 19:

Workshop evening: Theatre in the 3/4, Haliburton Room, Kings.

Med exams begin.

CORRECTION:

The Delta Gamma Open House will not be held on Nov. 24, as previously scheduled, but on January 9th.

## Foreign Students Plan Activities

The first meeting of the Foreign Students' Association was held in the Haliburton Room of King's College on Sunday, November 4th.

This union was founded to create unity among foreign students. Ideals of the association include furthering acquaintances among foreign students, knowing each others customs, and respecting them. FSA also hopes to act as a representative for the individual foreign member in any way possible, such as immigration.

A constitution of the association is in the process of development. A meeting will be held in connection with this during the Christmas holidays and a ratification meeting is scheduled for the first week of January.

The Association plans to sponsor social events and intellectual evenings at which speakers will be present to address the students. Main business of the first meeting was the election of the Executive. In addition to Dal students, students from N.S. Tech, Pine Hill, King's College, Mount Saint Vincent and St. Mary's University are also members of the Association.

Members of the constitution committee are Cuthbert Sebastian, Moses Saiphoo, Ted Reagh, Stephen Wong, Elizabeth Mayall and Bredu Pabi, who is also the President of the Association.

## News Briefs

A party for all the Freshettes on the Campus was given by Dalhousie Panhellenic on Tuesday, October 30 in the midst of the excitement of the election it was deemed a success.

A student has lost a grey topcoat with a Stephen label on the inside. The finder is asked to leave the coat at the Council Office in the Men's Residence.

The Council Office has received a letter addressed to the President of the West Indian Society. Would he please come and pick it up?

## Acadia Sends U.N. Telegram

A telegram has been sent by the students of Acadia University to the Secretary-General of the United Nations Dag Hammarskjold.

Following is the text of the telegram: "We the student body of Acadia University urge that the U.N. take prompt and definite action on behalf of the Hungarian people."

Following last week's Foreign Affairs episode, Dalhousie's well-known Nero gently laid aside his violin and paintbrush, and, peering timidly from the Council Office, uttered the words closest to the heart of all true politicians, "No

## Prominent Physicist Visits Campus

Recently, a series of five lectures was given by Dr. Gerhard Herzberg, F.R.S., to the staff and students of the Department of Physics and other physicists from the locality. Dr. Herzberg, an internationally prominent physicist and Director of the Division of Pure Physics with the National Research Council of Canada, was appointed as the first Dr. A. C. Fales Visiting Professor of Physics at Dalhousie University, a position made possible by funds donated by the late Dr. Alonzo Carleton Fales of Wolfville.

The lectures, based on work now being done in the field of spectroscopy and molecular structure by Dr. Herzberg and his colleagues at N.R.C., gave those attending not only a further understanding of this field, but also an idea of the important research contributions being made by Canadian physicists.

## Dawson Club Hears Dr. Dufresne

Geologists and others interested in geology heard Dr. C. Dufresne speak at the Dawson Club meeting on November 7. His topic was "The Iron Ore Company of Canada at Knob Lake".

Chairman of the meeting was Nick Gass, the President of the Dawson Club. Refreshments were served. Following Christmas, the Dawson Club will continue its programs with meetings in the Geology Department.

## Cercle Francais Holds Meeting

The first meeting of the "Cercle Francais" took place November 6 in the Engineering Building. Officers were elected for the coming year.

President is Pierre Robert, with Jane Oland as Vice-President and Ken Hennessey as Secretary-Treasurer.

The group enjoyed a sing song in French, games and a parliamentary-type discussion. Films were shown and refreshments were served.

Membership in the "Cercle" is open to all students interested in speaking French and in learning more about France and her people and customs. It was decided to hold monthly meetings.

## Art Committee Plans Exhibits

Seven exhibitions to be held during the Fall and Winter season have been announced by the Art Committee of Dalhousie University. The exhibitions, which will be open to the general public, will be hung in the art gallery of the Arts Building.

The first of these exhibitions, which is now hanging in and will continue until November 16, consists of prints and drawings recently purchased for the collection of the National Gallery of Canada.

Enjoy a pipe with

## UNIVERSITY OF KING'S COLLEGE

### NEW CHANCELLOR INSTALLED

Lionel A. Forsyth, Q.C., D.C.L., president of Dominion Steel and Coal Corporation was installed Chancellor of King's last Wednesday afternoon at All Saints Cathedral. Dr. Forsyth, a graduate of King's himself, said in his inaugural address that he had always advocated the college to resist the current tendency to increase the size of institutions of learning.

"It must, of course expand to meet essential needs but the maintenance of high standards in the service of a few will, in the long run, be more useful to both state and church, than lowered standards make available to many."

"A degree from King's must continue to be the hallmark of education, and a certificate of manhood, learning and gentleness. This is a world that calls for positive people. Positive attitudes are not taken by people who live in ivory towers or take shelter behind an intellectual curtain which shuts out the world of reality," he said.

One of the first duties as Chancellor was to confer a Doctorate

of Civil Laws on His Excellency Charles Stewart Almon Ritchie, a native of Halifax and Canadian Ambassador to Germany.

### DRAMATIC REHEARSALS START

Two one-act plays are now in rehearsal for King's annual workshop evening. This increasingly popular event of "Theatre in the Three-Quarter" will be played in the Haliburton Room on Monday evening, Nov. 19th.

This year the well known melodrama *Dark Brown* by Philip Johnson will be presented in contrast to the light comedy *Country Slicker*. Both plays are directed by co-eds. Molly Puxley and Linda Cruikshank are co-directing *Dark Brown*. Gail Nobuary and Sandra Blakeney are collaborating on the *Country Slicker*.

*Dark Brown* is a suspense drama with a well worked out plot built on circumstantial evidence and is gripping to the very end. *Country Slicker* is a comedy in which Pa Witherby outwits the state commissioners.

The policy of the King's Choral and Dramatic Society in this annual event is to introduce new dramatic talent in preparation for the more ambitious performances, the three-act play and the Connolly Shield competition, both of which follow in the Lenten term.

### OFF THE CUFF

A highlight of last week's activities was the official opening of the Haliburton Room for daily social activities. The opening sparked by an address by the Commander-in-Chief, saw a large number of students scrutinize the new facilities. Prof. Maxwell received the first cup of coffee from the new coffee dispenser. This, and another cup for the Dean of Women was skillfully poured by Charlie Piercy. Faculty and students alike, sat down and enjoyed cards, checkers and records. One of the divinity students, playing with the Commander-in-Chief, claims he won two hundred and fifty dollars at poker. What an imagination! Frankie Marsh upheld his honour in the checker field by losing only one game during the entire evening. However, when things got hot, he decided it was time to go to a show. The cheerful atmosphere that prevails in the Haliburton Room should make this a place where students can gather for enjoyment and relaxation.

After a one year trial period, NFCUS has come into its own on the campus. Under the chairmanship of Jeff Steele, it has recently erected a new bulletin board to publicize its activities. Upon hearing of the Springhill Mining disaster, Jeff acted quickly and

with the help of Hugh Byrne, set up a NFCUS Disaster Fund. It is expected that a contribution, based on one dollar per student, of one hundred dollars will be realized for this most worthy cause. This is indeed a worthy project for

### NFCUS.

After much heated discussion, the student body have decided on a new college jacket. It is made of washable nylon and is a solid blue colour. There will be two main crests, one a chenille crest with the letters UKC, to be worn on the front of the jacket. The other is of felt, a blue background with the words, "University of King's College" in white superimposed upon it. This jacket may be more expensive than the ordinary jacket but it will certainly stand up to heavier wear, especially during the winter and it should last longer. Nearly half the student body have already ordered these jackets.

Last week's informal dance in the Haliburton Room proved to be very successful. Saturday nights' fun was sparked by the re-organized King's orchestra. George Phils proved to be a very popular soloist. It is understood that these informal dances will be a bi-weekly feature of our college life this year.

The Student Council has approved a more active plan for the Haliburton Room. This matter came up at last week's council meeting and it was decided to obtain games and card tables so as to make this room the center for social activities.

A new point-system for college letter awards has been suggested by a council committee and will be presented to the Student Body for approval at their next meeting.

### CHAPEL TAKES DEBATE WIN

Resolved that going steady is a social hindrance was the topic of discussion for Sunday night's debate. Jim How and Frankie Marsh, upholding the solution defeated two new comers, Barbara Weary and Mary Archibald, from Alexandra Hall. The judges for the evening were Mrs. Desborough, Prof. Granter, and Dave Walker. Following the debate a "Open House" was held at the Hall.

### NORTH POLE, CHAPEL TAKE SOFTBALL WINS

The two interbay softball games played last Sunday saw North Pole, "Home of Champions", pitted against Middle Bay in the first

game, and Radical Bay playing Chapel in the second. The first game developed into a slugfest in which North Pole out-hit Middle 21 to 11, and out-scored them 22-16. Unfortunately the play was a bit rugged at times, and many of the runs scored as the result of errors. Fred Nicholson, with two long triples, and two singles, and Mel Deacon, who came up with a home run, a triple and a double led the way for North Pole. Everyone in the Middle Bay lineup hit safely, with Peter Grayston and John Hodgson each pounding a triple, while Ed Veino contributed a double and a single.

In the second game Chapel Bay quickly piled up thirteen runs, and then hung on for a 13-8 win. George Phils had the "Fighting Parsons" handcuffed for five innings, until they finally broke through for six runs in the sixth. Bob Murray with three hits in four trips, including a double, led the way for the "Hoods". Cal McMillan showed up well for the losers with two hits in three trips, one of which was an all important double.

As a result of Sunday's games Chapel Bay and North Pole are tied for first place, with three wins and a loss; tied for last place, with one win and three losses are Middle and Radical.

### KING'S WIN SOCCER TITLE

Last week saw King's drown St. F.X. 8-1 and smash Acadia 6-2 in Nova Scotia soccer championship play. By virtue of these two wins, King's regained the Nova Scotia title which they lost to St. F.X. last year.

The 6-2 win over Acadia, played at Wolfville, once more demonstrated the effectiveness of the King's short passing attack. After a scoreless first quarter, Charles Kemp opened the scoring and minutes later Captain Art Tucker scored the first of his four goals. Noel Andrews closed out the scoring for the half when he made good a penalty kick.

The second half opened with Acadia making a determined bid. However on the first King's attack Tucker tallied his second goal. Acadia countered with a pair of quick goals by Keith Gogan. However, the game and title were assured when Tucker tallied his third and fourth goals.

Congratulations are being extended to freshman coach, FO Dennis Kempson, on his first Nova Scotia intercollegiate championship. King's now play the winner of the New Brunswick Intercollegiate Soccer league for the Maritime championship on Nov. 3.

# BENGALS DIE IN MUD

## Fog Shrouds Play — Defensive Squad In Tremendous Stand — Dal Out

Playing on a fog shrouded field, the Dalhousie Tigers bowed out of the Nova Scotia Intermediate Football League for 1956 when they lost to the Shearwater Flyers 7-0. This was the second game of a Two game Total Point series and the Flyers had taken the first game 19-15 thus giving them an over all margin of 11 points, 26-15.

Bruce Walker scored the only touchdown of the day and Pete Smith made the convert. There were several other opportunities to score, but Dal lost the ball on a fumble and an interception, while Shearwater were held by a very strong and tight defensive line.

In the first quarter Dal took the kick-off on our 30 yd. line. They marched down the field to the Shearwater 20, when they were thrown for a 6 yd. loss. Don Tomes tried a field goal but it was short and wide. The Flyers took over. They were awarded a no yards penalty. Taylor and Walker picked up first down and then a Lilly to Main pass clicked for 40 yards. Another Taylor 1st down put the Flyers on the 2, and Walker crashed through left Tackle for the major. Smith had three tries at the convert before he made it. Dal had been offside and roughing on the other attempts.

On the second last play of the quarter Lilly passed to Taylor from the 15. Taylor was almost stopped by Mike MacCulloch but he slipped out of Mike's arms. He then had a clear field ahead of him but Don Nicholson finally caught him on the Dal 6 and pulled him down on the 4. The play had covered 91 yards.

Then started the first of four goal line stands which the Dal defensive unit was called upon to meet. The Flyers made it to the ends as the last quarter ended. Shearwater were then thrown for a 4 yd. loss and on third down they were stopped on the half yard line. Dal took over and on second down they tried the same thing but the kick was blocked. This time the Dal line held the Flyers on the 3 yd. line.

Dal picked up a first, and then fumbled on our 15. This time Shearwater tried a pitch out around right end but fumbled. Dal recovered on the 2.

In the third quarter Dal pulled two pass interceptions, one by Gordie Rankin, and the other by Don Nicholson. The only bright spot was Dalhousie's first deep penetration into Shearwater territory.

Shearwater then took over and kicked. Dal tried a lateral which went astray and Shearwater recovered. Dal tried a running play but fumbled. One again Shearwater recovered and were stopped. Time was running out so Dal had to run it on a third down and did not make it. A pass to Main put Shearwater on the 8. On the last play of the game the Shearwater player went over but he had been

stopped on the 1 long enough for the whistle to be blown and the game was over.

### Footnotes:

The Dal defensive unit played an inspired brand of ball and if they had gotten an equivalent brand of ball from the offensive, Dal would have won. Young, Rankin, Tomes, Conrad, Marshall, MacDonald, MacCulloch, Nicholson, all were standouts on defense.

As they say in Brooklyn: "Wait till next year."

Starry Don Nicholson and Mike McCulloch, key players in the last two Tiger games were two among five Med students that played with this year's Varsity Squad.

## Money Men Roll Along

Commerce showed their prolific scoring power last week as two first half touchdowns were enough to give them a 14-0 verdict over the Dents. The Money men were most impressive in the opening half as they controlled the play at will. The lightning like running of Dave Matheson led to their first TD as two of his long runs followed by a Schurman pass to Nickerson ended in Commerce first 6 points. The convert was no good.

The second TD was the reverse as a long pass to Ernie Nickerson set the play up for a pitch-out to Matheson who streaked around the end for a score. A pass to Bill White was good for the convert and the score stood at 13-0.

The only scoring in the second came on a single by Ernie Nickerson of the winners. Dents showed a little more offensive power late in the second, but the Dalcome defense held them away from scoring territory.

## Meds and Law Fail To Score

Those two old foes, Med and Law have hooked up in regularly scheduled games of the Interfac Touch Football League with a scoreless tie resulting. At times it appeared that they were trying to bring rigger back as they threw hard tackles and there were quite a few pileups. Law had the best chance to score at the beginning when they recovered a blocked kick on the Med one yard line. A penalty pushed them back and they never recovered.

The game was marked by numerous penalties which thwarted almost any attack either team got going. Meds showed their usual lack of scoring power but their defense was a Law stumbling block. Their unorthodox line plays gained much yardage late in the first half but time ran out on them.

It is interesting to note that in their games so far this year Meds have won one game and tied two, yet they have scored only one point that against the luckless Arts and Science squad.

## Curling

At the initial meeting of the Dalhousie curling fraternity the other day, Dave Shaw was named prexy of the group for the coming year, while Dave Moon was re-elected to his post of Secretary, Pete Outhit has the post of Treasurer and John Curtis is the Rink Representative.

This year here will be an official Interfac league under the DAAC with all the faculties participating in the league. Curling will be on Wednesday and Thursday from 12-2 if the hours are suitable to Meds and Dents and if they put up teams.
