PREFACE.

The Publishers of this work have used every effort this year to place before the public as reliable information as could possibly be obtained in the short period of time available, and it is hardly possible to take more pains to make the work more reliable. There are quite a number of persons who evade giving their names, for fear of being taxed, and in place give the agents fictitious names. Some of these fictitious names will appear in every Directory published, the publishers not being able to detect them however carefully they may try to do so.

In the Business Directory will be found the names of those only who advertise or subscribe to this work.

To the supporters of this work the publishers return their sincere thanks.

Actual Business from the Start.

No Text Books on Bookkeeping
ARE USED.

No Copying Courses.

The only Commercial Institute in the Maritime
Provinces giving

A Purely Actual Business Course.

During the students whole course, from the day he enters school until he graduates, he is actually engaged in real business.

Every transaction which is recorded, actually takes place between the students, each of whom represents a separate business. There are positively no fictitious names or dates used, nor transactions recorded.

In no case are there any two sets of the students books alike, hence there is no possibility of a student's copying entries or deriving any information from his neighbor's books; but on the contrary, he is required to check up his work from such records and vouchers as he may have and in no case does he depend on the finished work of other students.

for Men and Boys.

Here is how we do—everything marked in plain figures and strictly one price to all alike, unlimited exchange of goods, last, but not least, your money back if you want it.

If we sold other than good quality of clothing, we'd have to stop giving money back. We do give money back sometimes, when a man buys anything and it doesn't suit, when he buys anything that don't fit, when he buys anything that isn't good (not often this happens, about twice in the last two years).

Now, isn't this a good place to buy everything you or your boy wears?
