Supreme Overcoat Values

FINE WARM ULSTERS and ULSTERETTES

Everyone of them a coat that you'll be as proud to wear as we are to sell, and that's saying a great deal. You'll be glad to pay

\$25.50 to \$35.00

and you'd call it a good buy. Here are fine tweeds and fancy overcoat materials and with good fabrics, good tailoring is essential, and here is good tailoring. These are the kind of coats man "shop" for, the style of coats he will pick out if he is paying many times the low price. There are plaid backs, inverted pleats in the back, huge pockets, great big collars that would keep you warm even in the Arctic region, single and double breasted, Form-Fitters, semi-belters, everything! Sizes 38 to 44. Obey that impulse, act now.

RULES FOR BALLOTING

Ottawa, Oct. 29.—In a general election when there are a number of new voters, who have not before exercised their franchise, there is usually more or less doubt in their minds as to the procedure to be followed on their arrival at a polling place, in order that their ballots may not be wasted. For that reason, and in view of the fact that this year's general election will see, as voters, a great number of women voters who have never previously marked a ballot paper, it is perhaps fitting to describe what is necessary on the part of the voter who presents himself or herself at a polling station to vote for the candidate of his or her choice.

It is important to remember that in urban polling districts the only persons who may vote are those whose names are included in the list of voters on polling day. The procedure by which names may be placed on the list, or other names struck off, has already been explained. In rural districts names may be added to the list on polling day where the would-be voter must be sworn and must also be vouched for by someone whose name is on the list.

The wrong Christian name or the misspelling of a voter's surname, or the wrong designation or the wrong number of the voter's lot or property, are not sufficient to justify the returning officer in refusing that voter a ballot, as long as voter can swear that he or she is the person designated on the list. If a voter has been personated, that is, someone else has voted by claiming to

be the voter in question, that voter may still obtain a ballot on taking the oath that he is the person properly entitled to vote. If a voter spoils his ballot he is entitled to receive a new one, the spoiled ballot being destroyed and the deputy returning officer making a note of it. If a voter cannot understand English he is entitled to have an interpreter sworn to explain the oaths, etc. to him. If a voter, however, once refuses to take the oath, he cannot again be admitted to vote. In this case the deputy returning officer block the notation, "refused to be sworn."

Once a voter receives a ballot from the deputy returning officer he has a right to use it, whether he has been sworn or not and cannot be sworn once he has got the ballot. Once the ballot has been received it is important to remember that the following methods of marking ballots are good:

- (1) With a proper cross with a black lead pencil on any part within the white space containing the name of the candidate.
- (2) An irregular or awkward mark in the nature of a cross, so long as it does not lose the form of a cross, and the lines cross at any point.
- (3) With an ill-formed cross, or with small lines at the end of a cross or with two across centre of one of the lines of the cross, or with a curved line like the blades of an scythe.
- (4) An irregular mark in the nature of a cross, so long as it does not lose the form of a cross.
- (5) A cross with a line before it.
- (6) A cross rightly placed with two additional crosses, one across

OVER 1900 NAMES ON NEWCASTLE LIST

Registrar Ray Morrison has finished compiling the Newcastle Voter's Lists. Over 350 names have been added which brings the total, Newcastle vote up to 1920. These Lists are now posted at the Court House, Town Clerk's Office and Post Office for inspection. You are requested to see that your name is recorded and if not on the list, have Mr. C. E. Fish Revisor, put it on.

the candidate's name and the other to the left.

- (7) A double cross or two crosses.
 - (8) Ballot paper inadvertently torn.
 - (9) Inadvertent marks in addition to the cross.
- However, while all these markings are good, and will not result in the ballot being rejected, it is much safer and simpler to mark the ballot paper with an unmistakable cross, opposite the name of the candidate for whom the voter wishes to vote.

Ballots are bad which are marked as follows, it is pointed out by an authority on the Election Act:

- (1) A single stroke instead of a cross.
- (2) Two single strokes not crossing.
- (3) A ballot with the candidate's any writing or mark by which the cross.
- (4) Ballots marked with a number of lines.
- (5) Ballots with a cross for each candidate.
- (6) All ballots on which there is writing or mark by which the voter can be identified.

The procedure for the voter to follow on reaching the poll station is simple. At the door of the station his or her name will be checked on the list by one of the agents posted there. Then, on entering the voter must give his or her address to the deputy returning officer or poll clerk, who will run through the list and see that the voter is entitled to a ballot. That formality completed with, and everything being in order, the voter will be handed a ballot paper with the following instructions as to how it is to be marked by the returning officer. Then he or she will be shown to a room or compartment where the ballot can be marked with secrecy.

Then, having marked the ballot as he or she desires, the voter will return to the ballot properly folded to the deputy returning officer, who will tear off the counterfoil and place the ballot in the ballot box.

The voter, having thus exercised his or her franchise, is then required to leave the polling station.

Would Not Be Without Baby's Own Tablets

Mrs. W. Beesley, Mille Roche, Ont., writes: "I have used Baby's Own Tablets for the past eight months and would not be without them. I used them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Beesley says thousands of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THAT ALNWICK RAILWAY

The Chatham World has the following to say, in the issue of the 9th:—

An Alnwick subscriber wants to know if, remembering the fact that Mr. Morrissy got the bridge for Newcastle, at a cost of half a million dollars, it would not be wise to vote for him and see if he wouldn't get the Alnwick railway built.

Mr. Morrissy might have built the railway for Alnwick instead of the bridge for Newcastle, but chose the latter. He was Minister of Public Works and could incur any indebtedness for such purposes. The Newcastle-Tracadie railway was chartered, it was authorized by law, and the half million that was spent on the bridge, might have been spent on it.

Mr. Morrissy was Minister of Public Works and could build what he liked. He liked to build the bridge and did so.

But Mr. Morrissy will not be Minister of Public Works nor anything else in the Government of Canada if he should be elected, and will have no power to build either bridges or railways, nor will he have any influence with the Government. Mr. Meighen is Premier, and will be Premier for the next five years, and Mr. Baxter is his New Brunswick colleague, and Mr. Morrissy will have no influence whatever if he should be in parliament.

But Mr. McCurdy, if elected, will have much influence with the Government. Mr. Baxter will listen when he presses for the Alnwick railway, Mr. McCurdy's brother the Minister of Public

SO MANY PEOPLE ARE NERVOUS

"Fruit-a-tives" the Greatest of all Nerve Remedies

This Fruit Medicine Restores Health

The increase in the number of persons suffering from Nervousness is world-wide; due, in a measure, to the reaction following the war. Sleeplessness, Headaches, Mental Depression, Rheumatism, Nervous Dyspepsia, Bad Heart Action, are the results of a disturbed condition of the Nervous System.

The nerves and the blood are so intimately, so vitally, connected that the condition of one is bound to affect the condition of the other. If the blood is laden with impurities, it is impossible to have strong, steady nerves.

The first essential in treating nervous troubles is to purify and enrich the blood. This, "FRUIT-A-TIVES" will do.

"FRUIT-A-TIVES" stimulates the bowels, kidneys and skin and purifies the blood. "Fruit-a-tives" improves appetite and digestion and insures food being properly digested, thus enabling the blood to carry wholesome nourishment to build up the body, particularly the nerves.

Men and women who take "Fruit-a-tives" for some form of nervousness—because they cannot eat or sleep or work or enjoy life—say that this fruit medicine is simply marvellous in its action.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa Ont.

Works, will endeavor to secure Government approval of the expenditure necessary for the building of the road.

So if the politics of Alnwick is the railway, as our correspondent states, the parish will vote solid for McCurdy.

WHO IS THE FRIEND OF LABOR?

Mr. Calvin Lawrence, legislative representative of the Brotherhood of Railway Engineers, and one of the best known labor leaders in Canada has been appointed by the Government as a member of the Board of Railway Commissioners.

This is in line with the Government's policy, maintained from its inception, to give Labor its rightful share in the government of the country.

No other Ministry since Confederation has gone as far in this direction. In fifteen years, for example, the Government of Sir Wilfrid Laurier failed to appoint a single representative of Labor to any important administrative post in the country. Even at a time when Mr. Mackenzie King was in the Laurier Ministry, and despite that gentleman's professions of friendship for the working classes, Labor was completely ignored in the selection of administrative heads.

Sir Robert Borden effected a change. He was the first Canadian statesman to realize that Labor must have its share in the realm of government; and he carried his realization into effect by calling to his cabinet the Hon. Gideon Robertson the first leader of Labor to enter a Canadian Government. His policy has been maintained by Mr. Meighen.

Under the circumstances, which leader in this fight is Labor going to stand by?

Mr. Mackenzie King, who ignored Labor when in office, and whose strike-breaking activities for Rockefeller were denounced by Labor's representative on the

United States Board?
OR
Mr. T. A. Crerar, opposed to the eight hour day, to old age pensions and unemployment insurance?

OR
Rt. Hon. Arthur Meighen, who has always believed in Labor being given its legitimate share in the government of the country, and who once more gives practical demonstration of his belief by the appointment of Mr. Lawrence to one of the highest administrative posts in the country?

Have You SORE HANDS in Winter?

NEAL THEM WITH ZAM-BUK.

FOR chapped hands, chilblains, cold-sores and frost-bite, there is no treatment so beneficial as dressings with Zam-Buk. When the roughness, irritation and redness of the skin is followed by cracking and bleeding, dirt and disease germs may find their way into the raw places and cause inflammation, blood-poison or winter eczema. Zam-Buk stops this peril entirely. Simply smear a little herbal Zam-Buk on the sore parts and wrap up carefully. Letting the Zam-Buk soak into the tissues, soothes away smarting itching pain, and assures rapid healing with healthy new skin.

The striking success of Zam-Buk is due to its rare herbal origin. It contains none of the mineral salts or animal fats that form the basis of common salves and ointments. Prepared exclusively from rich herbal essences, Zam-Buk is a concentrated balm of the highest purity and of unvarying healing, soothing, and antiseptic efficiency.

Use Zam-Buk also for the speedy healing of cuts, burns and scalds, and for eczema, abscesses, ulcers, ringworm or other skin or scalp disease. 50c. box, 3 for \$1.25, all druggists and dealers.

HONESTY AND DECENCY IN PUBLIC LIFE

At this crisis in the country's history, it is pitiful to hear some men express the cynical view that, although Crerar and King talk Free Trade and lower Tariff, they would not put either in operation if they got into office. There could be no more dangerous talk than that. It strikes at the roots of honesty and decency in public life; it amounts to a denial of principle in politics; it is an acceptance of the detestable doctrine of bluff. The question we ask seriously is: if public men are not to be taken at their face value are not to be judged by their public utterances and the platforms solemnly adopted at representative conventions of the parties they lead how in the name of heaven can people arrive at proper conclusion?

Men who laugh and say politics is only a game and politicians do not mean what they say, are not worthy citizens. They would not take the same attitude in their business relationships. Why then do they laugh and sneer about politics, particularly when the issues at stake so greatly affect the whole business interests of the country? The sooner that sort of loose talk,—which we strongly suspect springs from inability, sloth or inertia—is frowned upon, the better for the country as a whole and for all political parties. There is only one true gauge by which to test political leaders, and that is by the mandate given to them by their parties. Their public utterances should clarify, but not qualify. It is not Mr. Crerar or Mr. King who is on trial; it is the Party and the Party principles of each as laid down in the Party Platforms, that are before the public for judgment.

When McCurdy takes hold, you can't shake him off. This is the kind of representative Northumberland wants a Ottawa.

The Meighen Government and the Returned Soldier

The Meighen Government has not been remiss in its duty to the gallant men who sacrificed so much for the cause of liberty. No other country has dealt so generously with its returned men and with the dependants of those who lost their lives on active service.

Problems of re-establishment were varied and complex. The Government had on the signing of the armistice the duty of returning from overseas nearly 275,000 men and previous to the fateful November 11, 1918, sixty-five thousand of all ranks had been returned. A total of 338,000 were repatriated. There were as well many thousands who had not yet gone overseas, but who were in the army and who were under the necessity of finding their way back into civilian employment.

What became of all these? A few figures are enlightening.

SOLDIER LAND SETTLEMENT	
(July 31, 1921)	
Number of applications from returned soldiers....	60,827
Number accepted as qualified to farm.....	43,765
Number settled on land.....	26,701
Amount of financial assistance granted.....	\$84,727,243

SOLDIERS' CIVIL RE-ESTABLISHMENT	
(December, 1920)	
Number of men treated in hospitals.....	108,061
Number of men passed for vocational training....	50,521
Number of men placed in employment.....	109,493
Cost of re-establishment services.....	\$102,000,000

PENSIONS	
(December, 1920)	
Number of pensions in force.....	73,620
Amount of pensions paid to end of 1920.....	\$81,659,636
Liability for current year.....	\$33,000,000
Number of individuals benefiting.....	127,997

WAR SERVICE GRATUITIES	
(December, 1920)	
Total amount paid.....	\$164,000,000
RETURNED SOLDIERS' INSURANCE	
(August 31, 1921)	
Amount in force.....	\$13,377,500

EMPLOYMENT SERVICE OF CANADA	
(December, 1920)	
Number of Placements Effected.....	600,000
Placements in Casual Employment (additional).....	100,000

These figures are convincing and must give pause to those who are quick to criticize any isolated instances of what appear to be neglect or injustice.

What reason have returned men to think that they will receive better treatment at the hands of MacKenzie King, enemy of conscription and leader of the Liberal Party, by virtue of that enmity? He can obtain power only by means of the same "solid Quebec bloc." Have the soldiers who looked to Meighen for their support during the war thought of that? Can they expect anything more of the Farmers' Party?

ILLEGAL DESTRUCTION OF GEESSE BY HEADLIGHTERS

Travellers from the North Shore report that residents in the vicinity of Tabusintac Beach are complaining about the continual shooting of geese along the shore by parties us-

A GOVERNMENT BASED ON JUSTICE

Lloyd George recently addressed the British parliament in the following remarkable words:

"Gentlemen: This world wide trouble is fast growing beyond human control; but I see before me a Government in which all religious prejudices and racial distinctions shall cease.

"I see growing up before me a Government in which the much-to-be desired condition shall be attained of the universal fatherhood of God and brotherhood of men.

"I see rising up before me a Government that is founded upon justice and whose workings are based upon love.

"This Government comes not from the hand of feeble man, but from the power of the Almighty God."

LIBERAL NOMINATION DAY

Well Done:

Capt. Goodwin, our energetic little Army Captain certainly makes the best of his opportunities. On Friday afternoon last he came down town with the express purpose of taking an offering at the Town Hall Door for the local work of the Salvation Army, but seeing the crowd gathered round he with open Bible in hand gave an eloquent address interspersed with cheery song. He also gave a vivid pen picture of the Army's work among the Outcast. His text was "Run Ye to and Fro through the streets of the city and see if you can find a man," (very appropriate) The Captain then made his appeal, whereupon a Prominent Citizen of the town went round with his hat and collected and handed over to the Captain the sum of \$26.20 to be devoted to local work.

The Local Corps of the Salvation Army is deserving of every help. Since Capt. and Mrs. Goodwin's arrival here. The army supplied bed and board to 18 men in need, in addition to 21 meals free. New and old clothing, boots, etc to most needy cases. Our readers help at all times is most thankfully received by the Editor or the Captain at their quarters at the Hall on Pleasant Street.

Send your old clothing to the Salvation Army Captain for Free Distribution to Needy People. THANK YOU!

FIFTY-SIX THOUSAND RE GAME LICENSES

The present season for big game hunting in New Brunswick is reported to be the best ever experienced as far as concerns the receipts paid into the provincial treasury from license fees paid by hunters. A great influx of non-resident hunters is the cause of the record total.

Col. T. G. Loggie, Deputy Minister of Lands and Mines, stated today that the receipts from the sale of game licenses had totalled \$56,000. The increase was about seven thousand dollars over the total of the preceding year.

Total Will be Increased

The total announced for the game season as the end of the financial year of the province comes on October 31st which is in the middle of the game season. November will provide a considerable number of game-license sales thus increasing the total!

Places of Sale

McAdam is looking large as a place of sale of game licenses as many of the parties from the United States purchase their licenses at that place immediately after entering the province. North Shore points also are reporting heavy sales of game-licenses. That is accounted for by the fact that an increasing number of parties from Middle Western States enter the province at those points, the ticket agents in the United States routing them over the C. N. R. via Montreal.

Revenue Gratifying

The revenue received by the province from the Crown Lands in spite of the depressed state of the lumber market, have reached a most gratifying total. Some payments have come in since October 31st but as the books of the province close on that day they will not be shown. The total from stumpage was about \$1,100,000.

The head of a great trading organization which unites its trading with its politics—a political theorist—has lost control of the political movement he started and is being driven into impossible positions by class rule extremists. He is under the domination of Wood, the political boss of Alberta. He would give effect to Free Trade, thus destroying Canada's industrial and economic structure.

A Vote for Crerar is a Vote for Chaos

So evasive that nobody knows where he actually stands on the great issues of the day. Fits his policy to suit his audiences. Talks Free Trade to the West and Protection to the East. Don't Neglect THAT COUGH!

Persistent coughs lead to chronic bronchitis, asthma and permanent chest weakness. Swallowing druggery mixtures into the stomach is useless in bronchial trouble. It needs Peps the breatheable remedy which goes direct to the root of your cough.

As Peps tablets dissolve in the mouth, they give off powerful medicinal fumes which soothe and heal the inflamed breathing tubes, and destroy all disease germs. Peps speedily end chest soreness, clear the bronchials of phlegm and mucus, stop the wheeziness and coughing, and make breathing easy.

Remember, it is far better to prevent pleurisy, pneumonia and other lung diseases arising from neglected coughs and colds, than to cure them. Therefore take Peps at the first sign of a cough, cold or chill.

ARMISTICE DAY

"If ye break faith with us who die,
We shall not sleep, tho' poppies grow
In Flanders Field"

And Canada, like every other part of the vast Empire of which we form a part, will not break faith in the midst of all Britains World, there was the hush of silent thought, deep contemplation, and solemn reverence, as for two minutes mind and heart looked away to the battle fields of Flanders, where the bodies of thousands of our loved ones rest in the blood stained soil of France. Three years ago, the Armistice was hailed with joy. National honor had been maintained, liberty and justice were conquerors, the world was free from the grasp of an unscrupulous foe, and Anthems of Thanksgiving sounded out in many a land, and many a tongue, to the God of Battles.

Memory lingers still, and will never die. We honor the noble sons of Canada—and daughters too—who rushed to the Standard from fields of peace, and happy homes, to fight the nations battles, as only men and heroes can. We honor the Noble women, who in the midst of it all, with loving heart, and gentle hands tended to the wounded and the dying.

And over there "The Padres of every Church, clasped hands together. The torn earth, and streams of sacrificial blood, wiped out the antagonisms of sectarian differences. There was only one altar, one cross, one eternal hope, a glorious death, and the march of immortal souls, to their Paradise of rest. They live and their name will live for ever. In our humanity, the silent tear may still be shed, and vacant chairs will make heart throbs sadder, but their spirits still on earth, can gaze away in faith to the spirits gone before of our brave boys from every part of our homeland, who made a glorious fight for a glorious cause and gained a glorious victory, assured and stamped by a glorious sacrifice. They died for us, gave themselves in our stead, their bodies to the grave, but "their souls go marching on" in that "spot where spirits blend, and friend holds fellowship with friend" We will not break faith with them and we shall honor the dead, by helping the living heroes who have returned to us. Newcastle did well on Poppy day.

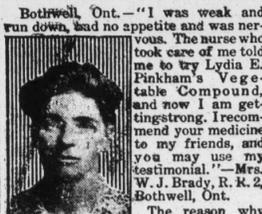

And here, and now, let us remember the eloquent words of our noble Premier, Mr. Meighen, when he stood in the cemetery at Vimy Ridge, (where Canadian heroes

OF INTEREST TO WOMEN

This is a Short Letter, But It Proves the Reliability of Lydia E. Pinkham's Vegetable Compound.

Bothwell, Ont.—"I was weak and run down, had no appetite and was nervous. The nurse who took care of me told me to try Lydia E. Pinkham's Vegetable Compound, and now I am getting strong. I recommend your medicine to my friends, and you may use my testimonial."—Mrs. W. J. Brady, R. R. 2, Bothwell, Ont.

The reason why Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, beneficial influence, and as it contains no narcotics or harmful drugs it is a safe medicine for women.

If you want special advice write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read, and answered by women only.

to fight in the thickest of the fight) on the 3rd of last July, and unveiled the Cross of Sacrifice, erected to their memory, and worthy of being ever remembered, and treasured in the hearts of our people:—

These are his words "Here in the heart of Europe we meet to unveil a memorial to our country's dead. In earth which has resounded to the drums and trampings of many conquests, they rest in the quiet of God's acre with the brave of all the world. At death they sheathed in their hearts the sword of devotion, and now from the oft stricken fields they hold aloft its cross of sacrifice, mutely beckoning those who would share their immortality. No words can add to their fame, nor so long as gratitude holds a place in men's hearts can our forgetfulness be suffered to detract from their renown.

For as the war dwarfed by its magnitude all contests of the past, so the wonder of human resource, the splendor of human heroism, reached a height never witnessed before.

France lives and France is free, and Canada is the nobler for her sacrifice to help free France to live. In many hundreds of plots throughout these hills and valleys, all the way from Flanders to Picardy, the fifty thousand of our dead. Their resting-places have been dedicated to their memory forever by the kindly grateful heart of France, and will be tended and cared for by us in the measure of the love we bear them. Above them are being planted the maples of Canada, in the thought that her sons will rest the better in the shade of trees they knew so well in life. Across the leagues of the Atlantic the heart-strings of our Canadian nation will reach through all time to these graves in France; we shall never let pass away the spirit bequeathed to us by those who fell; their name liveth for evermore."

Surely the wearing of the little red flower, and celebration of Armistice day, is not all that Canada will do to remember and honor "the boys." Surely local memorial memorials is not all that we can raise. Why not choose some hallowed spot, in which to place, some brave unknown soldier of our own nation, as England and America have done. Bury him in Canadian soil, over him a Canadian monument. Parliament Hill in Ottawa, so used, would then be crowned with Canada's grandest memorial, an honor to the dead, an honor to the living, and an honor to the land we live in.

Electors think over this matter seriously—Is it wise for Northumberland's politics to be controlled in both the Federal and Provincial Houses by Morrissy?

OFFICIAL

We really do not know whether the Esteemed Opposition Candidate is so officially, or not

We do know, however that Mr. E. A. McCurdy is the Official candidate of the Government, and has received his recognition from the highest quarters. He is the chosen Candidate of the County Convention, and is the accepted Candidate of the National Liberal Conservatives of Northumberland and not a few of "the staunch old Liberals" as well who are now supporting him, and will do so at the polls. We trust this explanation will be sufficient, and satisfactory as to the official standing of Mr. McCurdy in the present campaign. Those wishing any further explanation upon the matter, can obtain it from the National Liberal and Conservative Headquarters for New Brunswick at St. John.

SUCH BROTHERLY LOVE

There is such a diversity of opinion among the exponents of Liberalism, and so many policies have been enunciated, by Liberal Leaders and candidates, that "it would puzzle a Philadelphia lawyer" to know exactly where to place them. It is policy and policies, to suit the occasions, locality, and wherever they may be announced, different for every different constituency almost. It is by such management, that the principal aim of all the parties opposed to the Government, hope to hoodwink the Electors, and win the day—and their principle aim is "put Meighen out, put us in."

They cannot all win, and they do not seem to be very much governed by unity of spirit, or brotherly love. Some Liberals particularly in Quebec—fully believe in protection, and hold to what they call the Laurier tariff. Others like Fielding, have so far changed former views, as to admit that Free Trade would not suit Canada now, but just want to get as near to it as they can, while still others howl against a protective tariff like the present, it is too high etc, etc, and promise a return to the Laurier tariff, which was considerably higher, than the tariff now in force, and if any of these exponents of Liberalism go too far, in Kings opinion—there is hot haste to explain, that he is merely dabbling in his own private opinion, not speaking for the party. So many different policies have been advocated upon Liberal platforms, in this campaign, that like certain Devils, spoken of in the Good Book their name is legion.

While there is evidently a very good understanding between certain Liberals and the Grain Growers, and a most accommodating spirit displayed in candidatures, those same graingrowers, or "one crop farmers"—not true farmers, at all—are bitterly opposed by other Liberals. They have no use for these "farmers". Here is a sample—Mr. Lemieux, the Liberal Leader in Quebec holds that Mr. Crerar's policy "is a statement of adherence to a platform which is impossible of application in Canada without evil results to Canadian industry and to Canadian prosperity. Free trade sounds well in theory but we are not dealing with theories. Conditions are such that it is unthinkable that theories should replace sound experience. This, of all times, is no time for experiment and particularly an experiment in class governments." Mr. Lemieux could have truthfully added, that the "sound experience" he speaks of, was gained under the National Protective policy, of the Liberal (Conservative Party who brought it into existence under Sir John A. MacDonald.

Stronger still is the language of the important French Canadian journal, called "L'Evenement, in giving out the following:— The ultimate purpose of the new farmers' party is the annexation of Canada with the United States. This idea may appear to be noble

Keep Healthy During Winter

Colds and Diseases May be Avoided if the Blood is Kept Pure.

Do not let your blood get thin this winter. For people who have a tendency towards anaemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet; are among the many things that combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood, take a short course of treatment with Dr. Williams Pink Pills. Do not wait until the color has entirely left your eyes dull. It is so much easier to correct thinning of the blood in the earlier stages than later. This is well illustrated in the case of Mrs. E. Williams, Elk Lake, Ont., who says:—"I take great pleasure in letting you know the benefit I have found in the use of Dr. Williams Pink Pills. I was in an anaemic condition, and was very weak and run down. The least exertion would leave me breathless and it was with difficulty that I did household work. I was advised to try Dr. Williams Pink Pills, and after the use of four boxes I felt like a new person. In fact my system seemed filled with new energy and new life. I strongly recommend this medicine to all who feel weak or run down."

The purpose of Dr. Williams Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after-effects of the grip or fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

in the minds of those foreigners who conceived it; it may even be acceptable to certain Anglo-Canadian elements who believe they see in it some promise for material benefit; it may be a matter of indifference to whoever is Canadian by accident and unpatriotic through egotism. But it must seem abominable to the descendants of the Frenchmen who opened up this country to evangelization and civilization. Whether it be through spite or selfish interest, that such an idea is espoused, it appears to us to be a betrayal of those who know that he was right tradition, of our national future, of will not forget him when the time the French-Canadians' mission comes. We need some of the fight. That being the case, how can it being spirit of 1917 to hold aloft the explained that politicians who de-national banner of right.

WEDDINGS PERSONALS.

BEGGS—RYAN
At St. Andrew's church, Newcastle, on Thursday, November 10th Ernest Beggs of Chatham Head and Miss Annie Mary Ryan, eldest daughter of Mr. and Mrs. William Ryan of Nordin were united in marriage by the Rector, the Rev. W. J. Bate. The happy couple will take up their residence in Moncton.

COOK—STABLES
Newcastle, Nov. 10—A wedding of much local interest was solemnized at the home of Mr. and Mrs. George Stables, King Street, on Monday at high noon when their youngest daughter, Miss Helen McAllister was united in marriage to Mr. Joseph Cyril Cook, son of Mr. and Mrs. William Cook, New Mills, but now manager of the Royal Bank of Canada, at Fredericton Junction. The bride, who was attired in a travelling suit of midnight blue velvet, with fitch choker and hat of silver tissue, carried on her arm a bouquet of bridal roses and had as her attendant, her niece, Miss Katherine Stables. The ceremony was performed by Rev. L. H. MacLean, and the bridal couple stood beneath an arch of greens to make their vows. Miss Isabel Ferguson played the wedding march. The house was prettily decorated for the occasion with chrysanthemums and roses, the color scheme in the parlor being yellow and white in the dining room where luncheon was served to about 150 invited guests, green and white were prevailing colors. After the ceremony Mr. and Mrs. Cook left for a short honeymoon trip through the province before going to Fredericton Junction, to reside. Among the out of town guests were M. and Mrs. Thos. A. Belmore, Fredericton, Mrs. Cook, Messrs. William and Leslie Cook, and Mrs. Beaton, New Mills, Mrs. Elder, Millbank, and Miss Arbeau, Blackville.

Married at the Manse, Millerton by Rev. W. N. Matthews on November 8th 1921. Thomas F. Pleadwell of Upper Nelson and Mildred M. Astle of Quarryville. The young couple were attended by Mr. James Astle and Miss Hazel Astle, brother and sister of the bride.

FERTILIZER

is one of the things which there is no necessity of importing either on account of the price or quality. The latest report covering the year ending March 31st shows that during the preceding twelve months there was imported from the United States goods of all kinds of the amount of over \$800,000,000.00, or an averaged \$2,197,540.00 every day in the year. These figures of course do not cover importations from other countries, which add twenty-five per cent. to these totals.

There can be but three reasons for buying imported goods of a kind. The first of these is that the required goods are not made in Canada, the second is that the imported goods are of better quality and the third the price is more favorable.

Of the above three reasons, not one applies to fertilizer. Fertilizer is made in large quantities in Canada with the manufacturers ready to increase their capacity as the demands of the farmers require it or as the tendency develops to buy "Made in Canada" goods rather than those imported.

The quality of fertilizers made here is up to the highest standard. This is not only based on the claims of the manufacturers but by the official Government analysis of fertilizer collected and analyzed yearly, with the results of these tests published annually in the official reports.

The price of fertilizers, a most important consideration, is the last point and one in which the imported brands show no advantage. If Canadian farmers bought fertilizers on the price lists for 1922 quoted by U. S. Companies, paying exchange, sales tax and surtax, etc., which the Canadian fertilizer manufacturers must pay, the cost delivered would be higher than he can buy "Made in Canada" fertilizers.

The "Made at Windsor, N. S." fertilizers meet the requirements of farmers in supply, quality and price.

WEALTHIEST MAN IN NOVA SCOTIA

(Occasional in Halifax Recorder)

Dead Occasional: Who was the wealthiest man Nova Scotia ever produced? What amount did he accumulate and when did he pass away?

A Reader of Occasional

(As far as recorded, Hon. Enos Collins was the wealthiest. He was a man of great shrewdness, was the son of Hallet Collins, of Liverpool, and in early life followed the sea. He prided himself on having begun life as a cabin boy, which he often made a subject of boast. His education had been very limited, having been confined to the three R's, but what he wanted in book learning was more than compensated by great clearness of intellect, sound judgment and indomitable pluck. He certainly had what is known in the present day as the courage of his opinions, and when after careful scrutiny he was once satisfied of the correctness of his calculations he went into a business transaction, no matter of what extent, with an amount of boldness and unswerving confidence which nothing could restrain.

At the time he laid the foundation of his colossal fortune money was easily made. The wars then existing brought an immense amount of wealth to our shores. Privateering, then regarded as a legitimate business, was largely practiced by people of all classes, and was engaged in by Mr. Collins and numerous other merchants to a great extent, and resulted in great gains. Those who engaged in it were put to great expense in fitting out their falling into the hostile hands of the enemy, but Mr. Collins was one of fortune's favorites and but seldom met with disaster.

He and Joseph Allison for a long period carried on business as co-partners in the West India trade and after the dissolution of the firm, the supervision of his great wealth, together with his banking business, occupied his attention until the period of his death, which occurred at Gorsebrook, Tower Road, on the 18th November, 1871, at the great age of 97 years.

The Foundation of Health is Habit

"For every man who has lost his life by what he did in the last five minutes a hundred men have died because of what they had been doing in the last five years."

Life is made up of habits. There is the health habit. And also the habit of ill-health. It is surprising what a lot of people have developed the latter.

What hosts of women have bilious spells and bilious headaches about every so often, year in and year out, and never think of correcting the action of the liver, and thereby removing the cause of this oft-recurring trouble.

They have formed the habit of being bilious.

Many are the men, indoor workers as well as those who spend their time in the open, who frequently suffer from backache, and yet neglect to get the kidneys in healthful condition.

It is the backache habit which is robbing life of its pleasures for them.

These are dangerous habits.

Some people live for many years with their systems poisoned by impurities—they live and suffer.

Others soon develop Bright's disease, diabetes, high blood pressure or hardening of the arteries, and quickly have their lives snuffed out.

The greatest rule of health is "daily movement of the bowels."

This is also the most valuable of health habits.

To get back to this rule, to awaken the sluggish action of the liver and kidneys, to cleanse the system and

purify the blood, there is nothing like Dr. Chase's Kidney-Liver Pills.

By using one pill a dose at bedtime two or three times a week, just as often as is necessary to keep the bowels regular, you will in a few weeks restore the healthful action of these filtering and excretory organs

Bilious Headache

Mrs. John Ireland, R. R. No. 2, King, Ont., writes: "I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me, and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."

Rheumatism

Mr. George Weathers, Huntsville, Ont., writes: "I was troubled with rheumatism for eighteen years, and although I tried a number of different treatments nothing did me any good. Finally I tried Dr. Chase's Kidney-Liver Pills, and can truthfully say they completely relieved me."

and correct any derangements of the digestive system.

Dr. Chase's Kidney-Liver Pills will help you as nothing else can to get back to the habit of healthful living.

You will live a longer and a happier life by reason of their use

These letters will interest you, and a test of Dr. Chase's Kidney-Liver Pills will prove their exceptional merits in relieving the common, every-day ills and preventing the more serious ones. Edmanson, Bates & Co., Ltd., Toronto.

Kidney Trouble

Mr. George Stevenson, Routhwaite, Man., writes: "For seven months I suffered from kidney trouble, backache and dizzy turns, and could get no relief. My back ached so severely that I could not turn in bed, and finally I had to quit work. One day I received a copy of Dr. Chase's Almanac through the mail, and after reading how highly Dr. Chase's Kidney-Liver Pills were recommended, I gave them a trial. I had tried various other pills and remedies with no effect whatever, but immediately I started using Dr. Chase's Kidney-Liver Pills I got relief, and two boxes made me well."

"AND THOU CAPERNAUM"

Archaeologists and Explorers claim to have discovered the site of Old Capernaum, in the Holy Land. The finding of ancient documents in the ruins, seems to have settled the question. The remains of the synagogue, in which Christ taught and preached, are said to have been found, and it is the belief of the finders that the edifice can be reconstructed, though the destruction looks like the work of an earthquake

HON P G MAHONEY

All praise to Mr. Mahoney for the splendid address he gave at the late Liberal Conservative Convention in Moncton. He is a loyal hearted Irishman, loyal to his faith, and loyal to his party, Liberal Conservative, and truly Canadian. He was ready to give a reason for his political stand and warmly supports Mr. Meighen, for his well defined policy on the fiscal and Railway Affairs of the Dominion.

NORTH SHORE ASSIGNMENT

Robert J. Hubbard, of Nelson, Northumberland county, has assigned to the Canada Permanent Trust Company.

People in Canada who thought Mr. Meighen in the right in 1917,

when he so splendidly championed their cause, and the cause of liberty and the Empire, will not be likely to withdraw their support from him when the main attack directed again at him in certain quarters is in regard to his patriotic stand in those perilous and soul-stirring days.

MAGIC BAKING POWDER

PRODUCT OF CANADA

The reputation of Magic Baking Powder was not made in a day. Each succeeding year has entrenched it more securely in the homes of Canada's discriminating housewives. There is more Magic Baking Powder used in New Brunswick at the present time than ever before. It has been demonstrated that it is more economical and more satisfactory in every way than cream of tartar and soda.

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use, we recommend it as Canada's perfect baking powder.

THE ADVOCATE

HE COULDN'T ASK ANYTHING BETTER

"Didn't Take Me Long to See Tanlac was What I Needed Says Winnipeg Man."

"I'm one man that will always believe in Tanlac for it has certainly proved its worth in my case, said J. C. Erin, 688 Sargeant Ave., Winnipeg, Man.

"I was in a bad fix, in fact was in such a shape that every now and then I had to give up and lay off from work and rest. My stomach and kidneys were all out of order and I was all the time having headaches that nearly drove me frantic. I could hardly eat a thing but what it would sour and gas would form and cause such an awful pressure against my heart that I became alarmed for fear I had heart trouble. "My back ached and pained me a lot and my nerves were so shattered that many a time I would lie awake nearly all night long rolling and tossing. I went down in weight and got so weak it took all the nerve and will power I had to keep going.

"Well, it didn't take me long to see that Tanlac was just what I needed and by the time I finished my second bottle my appetite was so big I could hardly get enough to eat. I have taken five bottles now and I don't believe there was ever a day in my life when I felt better. I have picked up in weight, feel strong and healthy and couldn't ask for Tanlac to do any more for me than it has."

Tanlac is sold by leading druggists everywhere.

IN MEMORIAM

In loving memory of George A. Stewart, son of Mr. and Mrs. John Stewart, Boom Road, who died at his home November 2nd 1918.

There is another mound in the graveyard.

Where a blooming youth doth lay;
For God did send his angels
And beckon George away,
His tender voice is silent now,
We may call for him in vain,
Never more his voice will moan,
Or sob with earthly pain,

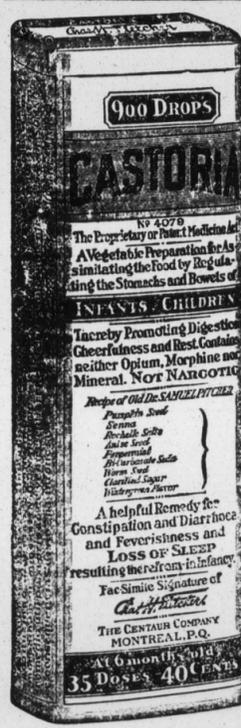

A vacant seat must ever
So lone and dreary stand
For our loving, youthful son
Has sought a fairer land.
Though he's gone we'll not forget
him
But will keep his memory green,
Treasured in our hearts' affection
Lies that sacred love unseen.

Oh! but we miss him sadly
Lying 'neath the cold damp sod;
But we know his ransomed spirit
Has gone to dwell with God.

He is well known throughout the Province and has a host of warm friends well pleased with the appointment, none more so than "his soldier boys." He served in the great war with distinction and is now the well liked Rector of St. Andrews, by the sea.

NEW TRAIN DES-

PATCHING SYSTEM
A change is being made in the train despatching system, between Moncton and Campbellton, and men are now busy extending the line from Newcastle to Campbellton, in continuation of the line between Moncton, and Newcastle. The despatching of trains by telephone is something new, and when the line is completed, will no doubt give good service. It will not be many days until the new system is put into operation. This will mean some changes in the staff of train despatchers, and a consequent change in positions. Some localities will have more, and some less in number, than at present.

SEIZED STILL AND OWNER IN HARDWICKE

Inspector Stewart and Inland Revenue Officer Dawes seized a still in Hardwicke on the Eel River Road while in full operation last Thursday night about midnight.

The owner, Hippolite Meulise was arrested and brought to Chatham to await trial for violation of the N.T. B. Prohibition Act and the Inland Revenue Act. The liquor and mash were destroyed and the still was also brought to Chatham.

A beer seizure was made at another house in the vicinity. Meulise was fined \$300 and \$31 costs in the Chatham Police Court Saturday morning.

A NEW WORD

The Moncton Times has coined a new word—"Loganism." It is not in Webster, and nary a dictionary spells it. All the Latin and Greek we know of, gives no idea of prefix and affix. It is home made, and must only be defined accordingly. Let us see. Let us syllabise it. Log-an-ism. Log means, well it means a lot of things, it can be found in the woods, a device for showing speed a liquor measure, a ships book, or another account book, with a lot more too numerous to mention, so it is vastly consequential away up in G.

"Is'm" is the tail end of the thing. It may mean any old thing, and compass any notion, idea, fact or fancy. It may be all right or it may be all wrong. It has become so numerous since its birth, "When Adam was a boy" and caused so much bother in the world, that the only people it don't hurt much, are the deaf, dumb and blind. There is a lot of harmful isms, and another lot not so harmful. As far as folks can see, what the Times calls Loganism is not much to either side. Its devotees, seem fond of hill climbing, star gazing, imagining things and building castles in the air, and go off their head, when they dabble in politics. It is an offshot of Liberalism, which has so many colors when dressed up, for platform or stage display, that "Joseph's coat" is no where else as of it, but strange to say, it has become fashionable in Kingslem, Crearism, and every ism opposed to the sound principles of true loyal Canadianism.

The connecting link, the syllable "an," must not be forgotten. It is stuck in the middle of the word, and loses much of its force, so let it remain only as a Hak. Had the Times given Loganism instead, there would be some fun in defining it. Because "Logan" means scattering, and as a consequence Loganism one who scatters—the dictionary says one who scatters money, all the difference is—Loganism must mean scattered politics, and generally results in the scatterer being scattered when the post mortem is held. The jury will render a verdict on Dec. the 6th.

Catarrhal Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on thus reducing the inflammation and restoring normal conditions.
