# NAVIGATION OF THE ST. LAWRENCE SAVED TO THE DOMINION

United States House of Representatives Throws Out Bill of the Long Sault Development Company—Canada Must Still Watch Last New York State Legislature Implement Powers Already Granted, Says Hon. Clifford Sifton.

## HON. ADAM BECK WELL PLEADED WITH RESULT

WASHINGTON, Feb. 7.—The house to-day defeated the bill introduced by Representative Young of Michigan, giving the Long Sault Development Co. the right to erect dams in the St. Lawrence River near the Long Sault, Barnhart and Sheek Islands, so as to utilize the water power of that stream.

It was asserted in debate that the so-called "aluminum trust" was back of the bill, and proposed to make an investment of \$40,000,000. The state of New York has granted a charter to the company, and waterfront rights. The only interest of the United States, it was declared, was to preserve navigation.

The opponents of the bill urged that the rights granted by the United States should be limited to 50 years. Amendments being out of order, they voted down the measure in its entirety.

### Still Lend for Vigilance.

When told by The World that the Long Sault power bill had been defeated in congress, Hon. Clifford Sifton, who is chairman of the conservation committee, said:

"I am much gratified that congress have taken this action, and I have no doubt that it was due to a desire to avoid any reasonable cause of offence to Canada. I have been in telegraphic communication with the Ottawa government to-day regarding this bill, and I have no doubt that the decision is due to representation made by the government to Washington, as a result of agitation carried on here."

"That is, that local agitation, has caused the government to take action by advising its representatives in Washington advise the throwing out of the bill."

"The company still retains its powers for New York State, and it is quite as necessary to be vigilant and on the defensive to prevent any further legislative powers being granted by the New York State Legislature, as the state legislature approved of this very bill which the congress has turned down."

### Mr. Beck Pleased.

Hon. Adam Beck, who was active in fighting the bill, was highly pleased with the result announced from Washington.

"I don't care to express myself fully on the subject, but we certainly objected and protested in every way," he said. "The water-power development would have been all on their side and from the standpoint of navigation, it would have been very serious for Canada, while we would have had no benefit from power development."

Controller Church last night received a wire from J. F. Allison, Morrisburg, who was prominent in opposing the bill. Mr. Allison's message said he had received more help in Toronto than in Ottawa in fighting the measure, and he was especially grateful to Premier Whitney.

### A Fine Thing for Canada.

OTTAWA, Feb. 7.—(Special.)—Andrew Broder of Dundas, one of the chief opponents of the proposal to dam the St. Lawrence River at the Long Sault, said to-night that the defeat of the bill was "a fine thing for Canada."

"It meant," he said, "if it had gone thru the loss of the St. Lawrence as a navigable waterway. This would have been a serious blow to the Dominion. These schemers were the same who tried last year to get the Canadian Parliament to give them power to dam the St. Lawrence and were defeated. Their case was in the hands of Mr. Pardee, the chief government whip. If this bill before congress had passed they would have taken Canadian power to develop American manufactures which are now starving for power. Our people would have suffered."

"The United States congress has been a blessing to Canada to-day. With the transmission line act on this side of the river and the United States bill effective, that was all that was required to dam the St. Lawrence and lose it to Canada for ever. The people of Canada should be thankful for the United States congress this day."

### EXTENSION OF T. & N. O.

The organizers of the delegation to meet the government next Wednesday, Victoria Hall for Feb. 14, for organization purposes. All the delegates—200—coming from the north country, and as many from Toronto—will assemble at the hall, where meetings will be held through the day, committees appointed and the work of organization completed. A number of M.P.'s and M.L.A.'s have promised to attend.

## A TRIUMPH FOR PUBLIC RIGHTS

The defeat of the Long Sault Power Co.'s bill by the house of representatives at Washington yesterday was a triumph for public rights and for the rights of navigation, as against the scheme of the great aluminum interests of the United States to grab 1,000,000 horsepower on the New York side of the St. Lawrence, at what is called the Long Sault Rapids.

The Canadian side of the attempt to capture this water power had been successful up to date, and had more or less enlisted the sympathy and support of the Dominion Government at Ottawa; in fact, the speech of the minister of justice, Hon. A. B. Aylesworth, last week, prepared the way for such an expedition. The Canadian bill, however, according to the minister of public works, reserved the right of Canada to approve all plans that touched the Canadian side of the river in the way of a dam. For some months now, the harbor commissioners of Montreal, and Hon. Clifford Sifton, as representing the conservation commission, have been fighting the proposal from the Canadian point of view, but with no great hope of success. The decisive action of the house of representatives yesterday, however, has removed all danger of this nature, and the installation of 1,000,000 horsepower, without protecting the public rights or ensuring, in case the power were developed, a fair share of the benefit for the benefit of Canadians.

### ATTACKED BY RUFFIANS

Kingston Business Man Picked Up Half Conscious and Bleeding.

KINGSTON, Feb. 7.—(Special.)—At 10 o'clock to-night, as John Hickey, senior partner of the wholesale firm of Rigney & Hickey, was returning home, he was held up by two ruffians near the Hotel Dieu. It was known that Mr. Hickey always carried a large sum of money home each night. The old gentleman was roughly handled. A lady passing saw the attack and hurried into a nearby house and phoned the police station. Meantime Mr. Rigney, his partner, was called out in haste and started in pursuit, catching one of the men who proved to be Patrick Burns, well known in police circles.

Mr. Hickey was covered with blood when picked up in a half-conscious condition. Medical aid was summoned. He will likely be confined to bed for a few days.

### TRAINS RUNNING WELL

After Storm Most of Them Kept to Schedule Yesterday.

The steam railways, which suffered the greatest inconvenience as a result of Monday's storm, returned to their normal condition yesterday. The trains were nearly all on time, and the G. T. R. Montreal local, due here at 10 o'clock, made a record last night. It arrived in Toronto at 45 minutes late and arrived in Ottawa at 10 o'clock.

### CONSERVATIVE RALLIES.

Several Conservative rallies are to be held on "Friday." At Woodstock, A. G. Boyce, M.P. for West Algona, and G. H. Barnard, M.P. for Victoria, B.C., will address the Liberal-Conservative Club. On Saturday, Feb. 11, the same two speakers will address a mass meeting at Drumbo.

### RECIPROCITY IN CRIMINALS.

(Canadian Associated Press Cable). LONDON, Feb. 7.—Justice Grantham sentenced at Liverpool Arthur Baker, accountant, to five years for forgery. The prisoner had been sentenced to three years in Toronto, having been deported after serving one year. The judge said: "That is the sort of reciprocity Canada has for England, sending her criminals over here to be punished, in other matters she seeks reciprocity with the United States."

### Rose Stahl Clever Actress.

The success of Rose Stahl in Charles Klein's new play, "Maggie Paper," now running at the Princess Theatre, is ample evidence that "The Chorus Lady" did not make Rose Stahl, but rather Rose Stahl made "The Chorus Lady." The huge success that play proved to be. A great artist can make almost any play a success.

# VERDI'S REQUIEM STIRS HEARERS TO DEPTHS

Mendelssohn Choir, With Perfect Quartet, and Thomas Orchestra, Gives Magnificent Rendering of Sacred Masterpiece — Dr. Vogt's Latest Triumph.

After ten years of unbroken success and a constant progression to higher levels of art, it has been thought by some that the perfection of the Mendelssohn Choir could no further go, and that even to move along a (the attitude of previous triumphs would be sufficient). This, however, is not the spirit in which past triumphs have been attained, nor could the transcendent quality of the work of the choir be sustained with no greater inspiration. Dr. Vogt knows "the glory of going on and not to die," and in that exaltation of purpose he achieved something last night in Massey Hall which crowns all former efforts of the choir. It was art consecrated to the supreme summit of human vision, and in the spirit of the Sanctus there was the dedication of all that the choir has done to the Highest.

### Prayers for the Dead.

Verdi's Requiem Mass perhaps meant nothing more to many who attended the performance than a sublime musical composition, but it was the solemn mass for the dead, and while cathedral aisles or abbey cloisters might have added to the effect, the music created its own atmosphere, and the applause, which could not be restrained, seemed like sacrifices in the presence of angels and archangels and the hosts of the departed. The whole world was impressed when the Emperor of Japan took part some time ago in a solemn service in memory of the late emperor, and one could not hear Verdi's great mass without being impressed with the living faith that rang thru its joy and its solemnity alike.

### In Honor of Manzoni

The mass was in memory of the greatest of modern Italian men of letters, Alessandro Manzoni. His great book, "I Promessi Sposi," known in English translations as "The Promised Lovers," or "The Betrothed Lovers," is the greatest novel of serious purpose that was ever written. To appreciate Verdi's effort one must know the great book of his friend, and the great part that Manzoni played in Italian literature, and his death, on May 22, 1873, at the age of 68. Verdi was profoundly moved by the loss of his friend, and the wonderful mass, performed last night for the first time in Toronto, was his tribute of affection.

Dr. Vogt has his choir in perfect voice, and under that control which has become the wonder of all who have heard it. To secure a perfect rendering of a perfect quartet and orchestra were necessary. Dr. Vogt had all these assembled and the magnitude and difficulty of the great composition were met with absolute executive competence and a sympathetic and devotional interpretation, which made it impossible to discover what grounds were supposed to exist for considering the mass to be theatrical in character.

### Reverential Music.

Impressive and striking many passages certainly are, but never inconspicuously so, and it is to be suggested its subject the score has not an inappropriate note.

"Grant them, O Lord, eternal peace, and light perpetual shine upon them," is the opening phrase, but in Latin, the ancient text being followed through the atmosphere is at once created by the descending phrases for the bellows, and then with an awe and solemnity, the male chorus in softest voice begins the prayer, repeated by the women in equal quiet.

"Gloria, O God, art praised," follows "Agnus Dei," and the conductor, Mr. Kyrie is opened by the tenor, followed by the bass, and the other soloists. The poignant appeals, "Christ have mercy," were especially effective. The theme is developed into a powerful ensemble, which subsides at the close into a whispered "Christe eleison."

Tremendous Choruses.

The truly marvelous conceptions which follow in the "Sequence" form nine sections. The "Dies Irae" is a tremendous outburst, a cry of anguish, which is heard again and again as the mass proceeds. Upon this follows the "Tuba mirum," when the trumpets of the orchestra in a dramatic peal give the increase in keeping with the text, "All before the Throne it bringeth." The bass solo, "Death is striking," is an impressive solo, and Herbert Wilberforce sang this with weird power. "Mors," is ejaculated in solemn descending separate tones after a dead silence as the presence of the judgment seat.

"Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. As her singing soared over the bass chorus, one of the finest effects of the evening was obtained. Then the choir, "Ebor Scriptura," the third section, introduced the exquisite mezzo-soprano, Miss Janet Spencer, the sweetest and fullest of whose voice were a perfect medium for the music of the part. **HAMILTON HAPPENINGS**

**WORKS COMMITTEE ASK FOR GRANT OF \$287,000**

Of This \$101,000 is For Good Roads—Cataract Power Was Off All Day.

HAMILTON, Feb. 7.—(Special.)—The works committee tonight decided to ask the board of control for an outlay of \$287,000. This includes \$54,880 for the waterworks department, \$101,000 for good roads, etc., \$43,000 for street lighting and \$88,000 for garbage collection. The application of garbage collectors for an increase from \$4.25 to \$5 a day was referred to the board of control, as was a request for an increase from the men at the Ferguson-avenue disposal works.

Alfred Fenton offered to sell some property near the Valley Inn for \$6000, and a committee was appointed to report on it. William Buscombe was appointed foreman of No. 1 district.

**The Power Was Off**

A fire broke out in the power house of the Dominion Power and Transmission Company—the Cataract Co.—at Dewey Falls this morning, and for several hours the plant of every factory in this district was at a standstill.

The power was turned on again about 6 o'clock to-night, after being off all day, and the city had electric lighting to-night, contrary to expectations. The city and suburban car services were also renewed.

The advocates of the hydro-electric are using the breakdown of the Cataract power this morning as a forcible argument of having an alternative system in the city.

Having in his pocket a loving message from his wife in England and a letter printed in childish characters by one of his children, saying how glad she was that he had not drunk anything this year and hoping he would never drink again, Edward Thomas went from the postoffice in Dundas to the Osborne Hotel bar and began drinking yesterday afternoon.

As he raised a glass to his lips, he fell backwards, Geo. Richardson, with whom he boarded, and another friend helped him home, but when they reached his place, they found that they were carrying a corpse.

The controllers to-day decided to advertise for an independent electrical expert to make a complete report on Hamilton on the establishment of a house lighting, street lighting and power distribution plant to be operated by hydro-power, and also to value the local plant of the Cataract Power Co., which the city is willing to purchase, if it can be had at a reasonable figure.

Magistrate Jelfs to-day placed an important construction on the statute

governing the covering of ice fields. Hugh O'Heir, manager of Dewey & O'Heir, ice dealers, who assumed responsibility at the enquiry into the deaths of Brock and Albert Smith, the two young men who were drowned a few weeks ago in Dewey & O'Heir's ice field, for the protection of skaters, was fined \$200. His worship declared that his interpretation of the statute was that the guard, and he did not consider trees guards, should be of sufficient strength to prevent a skater breaking thru and drowning.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Thos. Hanrahan, proprietor. Phone 1465.

**COMMISSION OF THREE ON TERMINAL ELEVATORS**

**Sir Richard Cartwright Introduces His Bill in the Senate—Will Have Wide Powers.**

OTTAWA, Feb. 7.—(Special.)—Sir Richard Cartwright, in the senate to-day, introduced the bill in respect to terminal elevators and the inspection of grain in general, which is based upon an agreement arrived at between the executives of the Western Farmers' Associations and the government. The chief provision of the bill is one for the appointment of an independent commission of three, a chairman and two associate commissioners, who will have the same extensive jurisdiction over the transportation inspection and storage of grain that the railway board has over the railways of the country. The measure is a bulky affair, as it includes all the provisions of the Manitoba Act, and the Inspection Act, which is proposed to be amended. It was given a first reading in the course of this explanation. Sir Richard Cartwright said that the grain commission would have power to investigate and control all questions relating to the transportation, inspection and storage of grain, and will have authority to weigh and examine grain whenever they desire to do so. They will also have power to declare which terminal elevators, and, in fact, may so designate any elevator. With the assent of the government, and an appropriation being made for the purpose by parliament, the commissioners will have authority to acquire by lease, purchase or expropriation any elevator, or they may construct new elevators. They are given authority to engage experts and the necessary staff, and are directed by the bill to create inspection divisions as they see fit. The board is given authority to make rules and regulations respecting grain without the counsel of the government being required.

Railways and transportation companies generally are required to give free transportation to the grain commission and the members of their staff. The commissioners will hold office for ten years, and will be required to live at Port Arthur or Fort William.

Drastic penalties are provided for offences against the act, such as mixing grain in terminal elevators, the minimum penalty in such case being a fine of \$5000. When corporations are found guilty their offences are made subject to penalties. Elevators where offences are committed are liable to have their licenses revoked for a year, in addition to other penalties.

**DE LA SALLE EXAMS**

**J. Power Winner of Essay Contest—Commercial Course Prizes.**

The results of the second quarterly examinations were announced at the De La Salle Institute yesterday. A short program of musicals and several scholastic contests was provided by the senior members of the commercial department. J. Power won the essay contest. Several valuable prizes presented by J. W. Madglin were awarded to the following pupils of each form:

Junior commercial class—1. A. Malone; 2. J. Gibson; 3. E. Kelly. Second year—1. E. Spellman; 2. W. Madglin; 3. J. McCool.

Senior commercial class—Jun.: 1. F. McNab; 2. L. Moran; 3. R. Durand. Second year—1. H. Doyle; 2. E. Murphy; 3. L. Maloney.

Varsity class—1. L. Markle; 2. H. Tracy; 3. L. O'Connor; 4. W. Rosar; 5. J. Cronin.

**Church Changes Name.**

At yesterday's presbytery meeting permission was finally granted the Chester Presbyterian Church to change that name to North Broadview Presbyterian Church. Owing to the fact that the name of the church is identical with that of another church of a fear of clashing with this matter was left over from last meeting, but yesterday St. John's congregation withdrew from their permission was given.

With the opening of spring building operations will be started on the site acquired by the congregation near Dearborn-avenue.

**G. T. R.'s Standard of Rules.**

The Grand Trunk have issued circulars to their employees, giving in full the new standard of rules. This follows the example set by the C.P.R. last July, when they sent out copies of the hands of the employees for a week or more they were required to write in examination, which was forwarded to the superintendent. The company then sent out men to instruct them in the proper interpretation of the rules.

**ASKED FOR ENQUIRY INTO HEYD CHARGES**

**But Controller Church Was Persecuted Otherwise by Colleagues.**

That the storm which broke out in the city council on Monday had the effect of clearing the municipal political atmosphere, was pretty generally agreed to by the aldermen who visited the city hall yesterday.

There was an echo of the controversy at the board of control meeting yesterday morning the Controller Church was absent from the council chamber when Ald. McBride hurled the bomb into the council crediting Ald. Heyd with statements derogatory to the characters of himself, Ald. Maguire, Controllers Ward and Church, and had received his first intimation of the reference to him in one of the morning papers.

"Mr. Mayor, I wish to call attention to this article," said the controller, flourishing the paper. "It is a malicious and vicious libel. I think it is a matter to be before the county judge."

"What is the use of being excited or worrying about a small matter like that?" queried the mayor. "There is nothing to take before the county judge."

"Ald. Heyd says he never mentioned all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Thos. Hanrahan, proprietor. Phone 1465."

"What if he had?" queried the mayor. "Who would believe it?"

"I have never talked myself with any interests but those of the people," continued Controller Church. "I have taken stands in the council which have displeased both the liquor interests and the temperance factor because I thought I was acting in the interests of the people. No interests have ever contributed one penny to a campaign fund for me."

Controller Ward serene.

"I can truthfully say the same," churred Controller Ward, "but I do not consider the assertions alleged to have been made sufficient importance to take the trouble to deny it. If I had received money to spend in a campaign, I would certainly spend it for that purpose. I have not done so."

After talking the matter over a little further, Controller Church decided that it would be just as well to let the matter rest.

Ald. Maguire, who happened along while the board was in session, expressed a willingness to let the matter rest where it now is.

Ald. Heyd informed the World that he had not intended to say on the controversy and was content to let it rest.

Mayor Geary expressed the opinion that most of the members of the council who had taken part in the controversy would seem to get down to business.

A deputization from the House of Industry was present at board meeting and requested a grant of \$30,000 for the year. They had already received an amount of \$6000, and expected they could get the matter over a little until the appropriations are made for the year. At the suggestion of Mayor Geary, however, it was decided that the board should consider the appropriation of \$30,000 until the estimates come up for consideration.

The management of the horse show put in a representation to request that \$1000 be granted to the organization. This is the amount granted by the council last year, and Mayor Geary remarked that the board had no reason to regret the money given to the horse show and promised to consider the request when the estimates came up for consideration.

Plans for improvements to the Exhibition Park division as they are called, and the city solicitor and park commissioner, and the city treasurer were appointed to bring in a report on a scheme of financing the work, which will cost \$25,000.

**SOCIETY NOTES**

Mrs. E. C. Perkins, Balmor-avenue, will receive to-day from a unit of the annual meeting of the Sir John A. Macdonald Chapter, I.O.D.E., will be held at the residence of Mrs. Perkins, 810 Waverley street, Birmingham, B. H. Board-street, at 8:30 p.m.

Mrs. C. Grant Anderson, 81 Dawson-st., will receive Thursday, 9th.

Effect of Immigration.

OTTAWA, Feb. 7.—W. J. White, chief Canadian immigration agent to the United States, says that the reciprocal trade agreement with the United States will result in a large increase in the American immigration into the Canadian west. At the beginning of the year it was estimated that during the immigration season 130,000 settlers would cross the international boundary line into Canada. Mr. White thinks that the estimate can now safely be increased to 150,000.

**PAINS THAT MAKE MISERY.**

A Talk With Our Lady Readers.

Have you ever noticed how miserable and unhappy the little pains and aches make one? A stinging cut, badly soaped hair, a nasty burn, a sore foot, a poisoned finger—none of these wounds or ailments ever likely to cause serious trouble, which come to every one—and man, too—and are just sufficient to take the life out of one's temper and give one a "grouch."

Zam-Buk is just the thing at such times. As soon as you put it on to a sore or a burn, or any skin injury, it stops the pain, soothes the disease, and starts up healing. Don't make the mistake that because Zam-Buk is so widely used by medical men, by nurses, by dentists, by all classes of people, and in all sorts of diseases and accidents, that it is only for serious cases. Keep it handy and use it immediately you get some trivial injury or have some little sore.

Mrs. Chas. A. Barrett, Harmony-Road, Truro, N.S., says: "I had an ingrowing toe nail, which caused me acute agony. Sometimes the pain was so severe I could not sleep. It became so bad that I nearly burnt my foot. I had set in. I was advised to try Zam-Buk and bound up the sore toe with it. In a few days it was much easier, and I continued to use it until the nail had fallen out. I have no more trouble with it. We always keep Zam-Buk in our house, and I would strongly recommend it to every household."

Zam-Buk is just the thing, too, for the little cuts in the composition, and herbal in nature, it is suitable for the most delicate skin. It also cures piles, venereal diseases, ulcers, cold sores, abscesses, blood poisoning, ring-worm, and all similar skin diseases. Sold everywhere at 50c a box, or post free from Zam-Buk Co., Toronto, upon receipt of price.

**ENQUIRY TO CLEAR AIR**

Rev. B. H. Spence Suggests This Means of Dispelling Rumors.

Speaking of the charges aired in the city council on Monday, Rev. B. H. Spence, secretary of the Ontario Temperance Alliance, said yesterday: "There have been a great many rumors flying around in regard to the resignation of the Controller Church by the liquor interest, and in the council statements were made by aldermen which would seem to indicate a state of affairs which might prove worthy of an investigation."

"Such an investigation would certainly either ease the minds of some people or clear it wouldn't. The bill board advertising some of the candidates was certainly somewhat profuse."

**NOT READY FOR CHURCH UNION.**

That the Presbytery of Toronto is in favor of a broad principle of church union was proven at yesterday's meeting, but as the question was sent down to the presbytery under the Barner Act, by the terms of which a straight vote of yeas or nays was necessary, no proposal of amendment to the basis was allowable at this stage. Many of the members were in favor of union, but not on the proposed basis.

The question of church union is likely to be before the churches for at least two years before a final vote in the General Assembly is taken.

**Paid Convention Bills.**

The committee of arrangements of the 37th International Convention of the Young Men's Christian Association, held in Toronto during the last three days of October, yesterday finally closed up the business of the convention. The total expenses of the convention, amounting to some \$3000, were paid in full from money obtained by subscription and the city's grant, leaving no deficit.

**DR. CAPPER'S CURE OF SKIN DISEASE**

**After 20 Years of Intense Suffering.**

"I have been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s, psoriasis, and others leprosy, covering about one half of my body. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a cupful of scales taken from the chest on my bed, some of them half as large as the circumference of my head. I tried every kind of winter skin medicine, including cod liver oil, but nothing would do me any good. All thought I had but a short time to live, and I was ready to give up. I was advised to try Dr. Capper's Cure. I bought a box of Ointment, and applied it on one hand and arm. I was relieved, and stopped the terrible itching. I immediately got Ointment, and applied it. I continued to use it for a day after meals; had a bath once a day, and used the Ointment on my face. My skin was as smooth as the sheet of paper. I am Dr. Capper's Ointment, Henderson, N. Y."

Dr. Capper's Ointment is recommended by the following named persons, and know its condition to have been stated in their statements to his cure of their particular cases:

L. B. Simmons & Son, Merchants; G. L. Thompson, Merchant; A. A. Williams, Merchant; J. H. Galt, Merchant; A. M. Johnson, Attorney and Counselor-at-Law, Toronto, Ont.

The above remarkable testimony was written January 10, 1910, and is republished because of the permanency of the cure. It is the best evidence of the efficacy of the cure. It is the best evidence of the efficacy of the cure. It is the best evidence of the efficacy of the cure.

Since this cure was made by the Cuticura Remedies, a 32-page booklet describing humors and affections of the skin, together with a full and complete information by the Cuticura Remedies, is sent free of charge to all who send for it. Write to the Cuticura Remedies, Boston, U.S.A.

**RESULTS OF EXAMS AT CONSERVATORY OF MUSIC**

**Many Pupils Pass Mid-Winter Test, Including Large Theory Class.**

The following is a list of the successful candidates at the recent mid-winter examinations of the Toronto Conservatory of Music, held on Jan. 24, 25, 26 and 27.

**Pianoforte.**

Senior grade—Pass, Evelyn M. Craig, Toronto; Daniela L. Foreman, Chatham; Edna M. Kennedy, Owen Sound (equal); Lilla G. Young, Sault Ste. Marie. Pass, subject to sight playing and transposition: E. A. Hurty, Owen Sound; Hazel F. Keith, Toronto.

Intermediate grade—Pass, Myrtle A. Horner, West Toronto; Margaret I. Clarke, Ontario Ladies' College, Whitby; Mildred A. Dingsman, Ontario Ladies' College, Whitby; Isabel Andrews, Berlin; Margaret R. Grove, Toronto; and Muriel Kennedy, Toronto (equal).

Junior grade—Honors, William Harold Orr, Olive Langton, Toronto and Wilfrid Reynolds, Paris (equal). Pass, Ruth E. Micklejohn, Haversham, Col.; Helen E. Taylor, Toronto; and Iola Daniel, Paris (equal); Marilla Isabel Langley, Toronto and Hazel Ruth Bell, Streetsville (equal); George Leigh, St. Michael's College; Ella M. Aitken, Beeton, and Luella Harrison, Madoc (equal); F. A. Dawson, Cambridge; Viola Brock, Toronto; May Florence Hicks, Toronto; Estelle M. Austin, Toronto; Jocelyn F. Clark, Toronto; Mary Curran, Toronto; Gwendolyn Henderson, Cambridge; Mary E. Hunter, Galt; Ruth E. Montgomery, Galt; Louise Paul, Newmarket (equal).

Primary grade—Honors, Dorothy Marian Ingram, Toronto, Effie Beechcroft, Dunbar, Ontario, Ella Beaton (equal), F. A. Dawson, Toronto (equal), Harry Walters, Toronto; Alex. Charles Gibb, Toronto; Gladys Westaway, Port Hope; Reta Banks, Pickering; Daisy Gore, Toronto; Annie E. Balmer, The Grange; Georgia I. Gordon, Preston; Annie Graham, Inglewood; Sadie Little, Camilla, Mildred Lye, Toronto, Louise Osborne, Courtice, Mabel A. Pickard, Galt, Wilhelmina R. Sanderson, Toronto (equal).

Elementary grade—Honors, Thille E. Bone, Galt, Toronto; Dorothy Curry, Toronto; Katie Elizabeth Falk, Scarborough; Vida Marie Alchesson, Toronto; Ella Little, Toronto; Geanieve Cora White, Toronto (equal); F. A. Dawson, Toronto; Eleanor Coppe, Geanieve, Toronto; Isabel Kathleen Coppe, Toronto; Vera W. Sawden, Toronto; Kathleen Temple, Toronto (equal); George Hazel Dickson, Campbellford; Edna M. McKee, Toronto; Lillian Danforth, Toronto; Jessie Buff, Toronto; Winnifred Hay, Campbellford; Janie M. H. Seager, Thornhill; Margaret Smith, Toronto (equal); Gladys Alloway, Pickering; Ethel M. Burns, Pickering; Hesper, Ethel M. Burns, Pickering; Susan K. Wilson, Toronto; Freda Lewars, Toronto; Hazel MacFadyen, Dunbarton; S. Ross Stewart, Toronto (equal).

**Singing.**

Senior grade—Pass, Amy Hughes Johnston, Toronto, Pass, subject to sight singing, Kate McLeod, Southampton.

Intermediate grade—First-class honors, Elizabeth Shortreed, Guelph; Honors, Vera A. L. Bowles, Toronto, Margaret Cunningham, Paris (qual). Pass, Jean Randall, Paris.

Junior grade—Honors, Evelyn May Baker, Sault Ste. Marie; Ethel G. Dunning, Toronto, Pass, Grace Johnston, Toronto, S. L. Isabel Ostrom, Bradford (equal).

Primary grade—Honors, Gladys Burt, Toronto; Nellie Drawley, Toronto; Irene Gilbert, West Toronto (equal). Pass, Violet Fuller, Brampton, Ethel McGregor, Toronto, May Pickering, Toronto (equal).

**Sight Singing.**

Intermediate grade—First-class honors, Juanita Moore, Owen Sound; E. A. Hurry, Owen Sound; Ethel S. Armour, Perth. Honors, Louise C. Adams, Toronto.

**Organ.**

Intermediate grade—Pass, Miss Nina Wilson, Walkerton.

Junior grade—Honors, Miss Isabel Sneath, Toronto.

**Violin.**

Junior grade—Pass, Miss Amy Elliott, Toronto.

**Theory.**

Intermediate grade—Harmony and counterpoint, honors, Alma Cockburn, Toronto; Musical form, first-class honors, Hazel E. Stratton, Orillia; Mabel Grace McFall, Toronto; Honors, Edna V. Bagge, Toronto; Catherine MacLeod, Wroter (equal); Delbert R. Pickett, Toronto; Pass, Gladys S. Young, Walkerton.

Junior grade—Harmony, history, counterpoint, honors, Sara E. Pierson, Scarborough; Pass, Sara L. Simson, Guelph; Harmonics, honors, Helen G. Small, North York; History, first-class honors, Lily Shaw, Kingston, Pass, Alma E. Allan, Toronto, Harmony alone, honors, Kate McLeod, Southampton, Pass, Nora E. Francis, Ottawa; Closely Cotter, Pickering College; M. Danvers, Thompson, Toronto; John C. Kemp, Toronto; Counterpoint alone, pass, S. Scott, Barrie; Gertrude M. Seldin, Toronto; Margaret Wright, Toronto (equal). History alone, first-class honors, Hazel E. Stratton, Orillia; E. Gertrude, Seldin, Toronto; Honors, Kathleen McFarren, Toronto; Ella M. Burns, Toronto, Pass, Albert E. David, Toronto; Francis E. Goodwin, Toronto.

Primary grade—Harmony and rudiments, first-class honors, Beatrice M. Preet, Toronto; A. Ethel Dodd, Toronto; Myrtle A. Horner, West Toronto; Alice M. Jackson, Downsview; Edna M. Joy, West Toronto; Kathleen C. Moore, Sault Ste. Marie (equal);

**HOT WATER FOR THE BATH**

The VULCAN Water Heater has proved itself to be a long-felt want. Gas water heaters are fast taking the place of the furnace coil and the old-style water backs. The VULCAN Water Heater is easy to operate. It is compact. It is serviceable. It is clean. Let us demonstrate it to you.

**The Consumers' Gas Company**

45 Adelaide St. East Telephone M. 1933.

OVER 67,200 GAS USERS ON OUR LISTS.

**Salvation Army Relief**

**THE Salvation Army are continuing their relief work right throughout the winter months, giving temporary assistance where the need exists.**

All contributions are to be addressed to

**20 Abert Street, City**

**HAMILTON BUSINESS DIRECTORY**

**HOTEL ROYAL**

Every room completely renovated and newly carpeted during the winter. \$2.50 and up per day. American Plan.

**STORING UP ENERGY**

There is more nourishment and sustaining power in

**EPPS'S COCOA**

than in any other beverage.

Epps's Cocoa is a perfect store-house of vitality, restoring and maintaining strength and energy. Fragrant, delicious and warming. "Epps's" contains the maximum of nourishment in Cocoa.

Children thrive on "EPPS'S."

**Dyeing and Cleaning**

Gents' Suits cleaned or dyed. Ladies' Suits, Gowns, etc., cleaned or dyed. Boys' Suits cleaned or dyed. Children's Frocks and Suits, cleaned or dyed.

**STOCKWELL, HENDERSON & CO.**

78 King St. West North Side

Phone and wagon will call. Express paid one way on out-of-town orders.

**TOMLIN'S PEERLESS HOME-MADE VIENNA BREADS**

are of standard quality, and at the popular price, 5 CENTS Per Loaf

Try a sample—it's the proof.

**THE CANADA METAL CO., Limited**

31 William St., Toronto 133

**THE DOMINION METAL COMPANY**

Specialists in the Manufacture of Babbitt Metals.

BECAUSE our goods are cheaper than other makes of equal merit, and are made from the best raw materials obtainable. We guarantee quality or no charge. Write for prices. State clearly for what purpose metal is required.

JOS. GANNON, 248 Yonge St., Western Representative, 612613.

**E. PULLAN**

King of the Waste Paper Business in the Dominion. Also buys ink and medicine bottles, glass, metals, etc. No quantity too small in the city. Carloads only from outside towns. Phone Main 4692-4693. Adelaide and Maud Sts.

**EXIT THE P. A. Y. E.**

The P.A.Y.E. system was abandoned on the Toronto Street Railway yesterday and the old familiar cry of "Fares, please," and the merry jingle of the coins in the coffee pot fare boxes again penetrated the stuffy atmosphere of the crowded cars. Somehow the crowd seemed rather to enjoy it and the faces of the conductors showed that they were more pleased than otherwise with the reversion to the old system.

**M. H. O.'s Female Inspectors.**

Four female inspectors started out yesterday morning under direction of Dr. C. J. O. Harding, medical health officer, to make an investigation of conditions in the slums of the city.

Among the things they will get information and report on are: The kind of house, the number of inmates, bedrooms, bedrooms without windows, beds, number living in cellars, plumbing nuisances, cases of illness, garbage cans required, inmates with coughs or with tuberculosis, milk supply and lighting.

**DR. A. W. CHASE'S 25c CATARRH POWDER**

is sent direct to the diseased parts by the improved Blower. Heals the inflamed, clears the air passages, loosens the mucus, and is permanent cures Catarrh, Hay Fever, etc. Never free, except to subscribers. Sold by Dr. Chase, 25c, Toronto.

**Bad BLOOD**

"Before I began using Cascarets I had a bad complexion, pimples on my face, and my food was not digested as it should have been. Now I am entirely well, and the pimples have all disappeared from my face. I can truthfully say that Cascarets are just as advertised; I have taken only two boxes of them."

Clarence R. Griffin, Sheridan, Ind.

Present: Palatable, Pleasant Taste Good. Do Good. Never Sickens, Weakens or Grips. No. 25. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back.

Curling Palmerston or Peterboro

Hockey League Scores

Baseball Canadian Circuit

Note and Comment

There is curling for cups and trophies and tankards, but after all you must take off your hat to the Winnipeg bonspiel that starts to-day. There are no less than 166 rinks entered, including the following Toronto and other places outside of Winnipeg:

PETERBORO-PALMERSTON IN DISTRICT CUP FINAL

Hamilton Thistles Retire Lakeview in the First Round — Bonspiel Scores.

Lakeview retired from the Ontario District Cup finals, losing to Hamilton Thistles in the first round. The seven clubs entered according to program, leaving Peterboro and Palmerston to curl the final this morning at Queen City. In the semi-final, Hamilton Thistles, an extra end was required, the Palmerston rinks scoring five between them. Following are the rinks and scores:

GRANITE-FIRST ROUND

Table with 2 columns: Team Name and Score. Includes Hamilton Thistles, Lakeview, etc.

VICTORIA-FIRST ROUND

Table with 2 columns: Team Name and Score. Includes Galt Granite, etc.

SEMI-FINAL

Table with 2 columns: Team Name and Score. Includes Peterboro, Galt Granite, etc.

Final between Peterboro and Palmerston

Final between Peterboro and Palmerston at 9:30 a.m. to-day at Queen City Rink.

North Bay Bonspiel

The fifteenth annual bonspiel of the Northern Ontario Curling Association began this morning under promising auspices. The rinks were divided into two groups, and the first round was completed by 11 o'clock.

Rinks at Penetang

PENETANG, Feb. 7.—The big annual bonspiel which started here to-day has been every bit as successful as a huge success. In all there are twenty-one rinks, which is not as large a number as was expected, but because several top rinks are back out at the last moment, the results of the primaries are as follows:

Earl Grey's Rink Wins

ST. JOHN'S, P.Q., Feb. 7.—The Governor-General of Ottawa, who is to depart for the St. John's Curling Club in a district medal match by 12 to 8. The match was the first big competition of the reorganized St. John's Club, and this combined with the fact that his excellency was one of the players, drew a large crowd of spectators to the rink. The teams were:

HOCKEY RESULTS

Table of hockey results from various leagues including T.C.C., Northern League, and others.

Hockey Games To-night

Table listing hockey games to be played tonight, including T.C.C., Northern League, and others.

T.C.C. WIN SECOND ROUND THE MUTUAL-STREET WITH COLLINGWOOD

Fast Junior Game at Mutual-Street With Full Time Score Four All-Hockey Scores.

The Toronto Canoe Club juniors just managed to land the second round when they played with Collingwood at the Mutual-Street rink last night. The paddlers had a head for one goal from the game in Collingwood, and in the last few minutes of play last night the northerners looked as if they would tie it up.

The game was a corker at all stages, and the boys of both teams played for all they were worth. The checking was a feature, and the 300-odd fans were treated to a fine exhibition.

Canadians Wanderers

MONTREAL, Feb. 7.—Canadians had an easy victory over the Wanderers to-night, winning by a score of 2 to 1. The Wanderers were outplayed in every stage of the game, and the Canadians were in complete control.

HACKENSCHMIDT AND ROLLER EXHIBITION WRESTLING BOUTS

Quite a number of wrestling enthusiasts journeyed to Riverdale Rink last night to witness the exhibition of Hackenschmidt and Dr. Roller. The preliminary bout, best two out of three falls, between Osborne and Young Olesan, was won by Osborne.

Boys' Union Skating Meet

The skating event of the season for boys will be run off at the Broadview Rink on Saturday afternoon. Any boy under 18 years of age can enter in the boys' union skating championships.

St. Peter's Rink Wins

ST. PETER'S, P.Q., Feb. 7.—The Governor-General of Ottawa, who is to depart for the St. John's Curling Club in a district medal match by 12 to 8. The match was the first big competition of the reorganized St. John's Club, and this combined with the fact that his excellency was one of the players, drew a large crowd of spectators to the rink.

Advertisement for O'Keefe's Pilsener Lager, featuring a bottle illustration and text: 'The best example of the perfection of modern brewing, is O'Keefe's PILSENER LAGER. The Light Beer in the Light Bottle.'

Post-Season Series For Eastern League Pennant Winners

BALTIMORE, Feb. 7.—The Eastern League baseball pennant winners will, at the end of the coming season, play a post-season series of five games with all-star team managed by the leader of the club that finishes second.

Canadian Baseball League Has Circuit Of Six Good Centres

Knotty Lee, the well-known local baseball man, with valuable experience as a manager and player, has about completed the formation of the Canadian Baseball League, a six-city circuit.

Central Y.M.C.A. Basketball Team Defeat Hamilton

A great basketball game was the result of the meeting of the Central five and the fast team from Hamilton last night at Central. It was a battle royal from start to finish with Hamilton, often in the lead. The half time score was Central 20, Hamilton 17, and the full time Central 40, Hamilton 29.

Winnipeg Bonspiel 166 Rinks Entered Play Starts To-day

WINNIPEG, Feb. 7.—The opening draw for the first open competition of the bonspiel was made to-night. The big curling carnival starts to-morrow morning, and will last about ten days. One hundred and sixty-six rinks have entered for the first competition, and the best of the way from outside points, being defeated by snow blockades throughout the country, to the west.

Harrison Bonspiel

HARRISTON, Feb. 7.—The bonspiel started this afternoon with a record attendance. Forty-one rinks went into the draw. The following is the result of the play so far:

Preliminary Round

Table of preliminary round results for the Harrison Bonspiel.

Technical High School Exams

The following have been granted diplomas for the term ending Jan. 31: In preliminary training for nurses: Mildred Bates, Mrs. Ethel Currie, Grace Hanlan, Louise Lancy, Mary McIntyre, Marjory McWilliams, Mary S. Wells, in housekeepers' course: A. May Lawson, C. Von Steinberg.

WEDNESDAY, FEBRUARY 8, 1911.

THE PEOPLE AND THE TARIFF.

When we make a tariff in parliament it is introduced, discussed, amended, rediscussed, amended, discussed again, another deputation heard, and so on. It is threshed out and everybody is heard, then more or less compromised. And it is a different thing when it is signed by the governor from what it was when it came into the house.

But here in this Knox-Fielding deal, the most momentous tariff change ever introduced in Canada, there is to be discussion, but discussion to no advantage, there is to be no amendment, no compromise. It is to be jammed thru.

The Canadian people for the first time in their history have no freedom to make their tariff. The people of the United States are to make it for them. What do you think of it?

LACK OF BACKBONE.

There is much need of backbone these days. Half the world is lying down before abuses and aggressions that they ought to fight. And many of those who are thus timid are the ones who can afford to fight. Things are going on in our midst that call for outspoken protest, but the protest is not spoken. But there's a lot of thinking under way all the same.

THE NEW NATIONAL PARTY.

A new political party is springing into life out of the reciprocity proposals. It will be a national party, for the first plank will be to uphold and maintain Canadian nationality on this continent, the very basic idea of which is complete tariff and fiscal independence of the United States. The Canadian system of government is better than the American system and therefore must be maintained. That's the first plank.

The second plank turns on public franchises, that the main consideration in all things is service to the people, to the nation, and that national regulation is, in some cases national ownership may be essential.

A new party starting with these two planks will meet with widespread approval.

RAILWAY EXTENSION IN NEW ONTARIO.

Attention will be directed in an emphatic way to the needs of Northern Ontario by the big delegation which is to wait on the government next Wednesday. The direct object of the deputation is to ask for the extension of the T. and N. O. Railway from the end of the present Charlton branch thru Elk Lake to Gowganda. The purpose is to open up the Montreal River country, and it is mentioned as an illustration both of the necessity of the railway, and the undoubted profitability of the enterprise, that the amount paid in the last two years to carry freight in from the T. and N. O. terminus would have built the line from Charlton to Elk Lake and Gowganda; would have equipped it with rolling stock, and built handsome stone stations at all station points.

At the present time, when business is not over brisk, more than a hundred teams of horses are engaged in hauling in passengers and freights, and there is considerable outgoing traffic also, which would increase with proper facilities.

THE CITY BILL.

Citizens do not hear much about what is contemplated in the city bill, which is to come before the legislature. It is understood to be in a forward state of preparation. There could be no harm done if the authorities allowed the citizens to have some idea of what is being dealt with, before it is too late to make suggestions.

We hope the city is asking for power to appoint a public utilities commission to look after the electric installation and the street car system which is to develop the suburbs. It might very well look after the waterworks also, with the electric pumps, which are to be installed.

The city ought to have power to reform the tax conditions. It is not fair that Toronto should be built up in the path of progress along which cities like Vancouver are hastening to outstrip us on account of this immense advantage.

LACK OF EQUIPMENT.

What makes railway accidents in bad or severe weather? Lack of equipment, lack of slings, lack of telegraph operators, lack of men. Our roads are fair weather organizations. When severe weather comes trains begin to go late, and get later; a little breakdown here, another there; still later grows the train.

AT OSGOODE HALL ANNOUNCEMENTS.

Feb. 7, 1911. Motions down for single court for Wednesday, 8th inst., at 10 a.m.: 1—Van Every v. White. 2—Marsden v. Sieber. 3—Lindsay v. Currie. 4—Clarkson v. Robins. 5—McDermott v. McKinnin. 6—Dent v. Porter. 7—Re Janet McLaurin Estate.

MR. ELLIS BARKER ON FREE TRADE.

Mr. J. Ellis Barker's indictment of free trade at the Empire Club created a profound impression on those who heard it, and his calm and orderly statement made it easy to understand how, in spite of his German nativity, Mr. Barker has been recognized as a foremost exponent of tariff reform in England. A debate between Mr. Barker and Sir Alfred Mond would possess fervent interest.

Mr. Barker's argument was chiefly based on the belief that Great Britain was living on her capital, with the indubitable inference that such a state of things could not last. The British Empire being essentially maritime and naval in character its life depended on its naval strength and defence. A navy was a luxury to an inland empire, but essential to Britain, and it was the vital link between her and her colonies.

Canada at present might be satisfied that the United States was not aggressive, and that Japan was unlikely to make an attack, but such views were very short-sighted. A man built his front door and his window shutters, not in accordance with the character of his neighbors, but with regard to the value of his possessions. Britain was potentially the richest empire in the world, and Canada was an enormously wealthy country. They should measure their defences not by their possible enemies, but by the magnitude of their wealth.

The longest purse provided the strongest fleet. Great Britain was finding it harder from year to year to defend the empire single-handed. While the colonies were merely trading stations, England had to carry the burden alone. Now that the colonies had become nations, the case was different. England had a population of forty-five millions; Germany of sixty millions, the United States of nearly one hundred millions. England had to provide her defence from a much smaller number of people than other great powers, and the taxation fell even more and more heavily on her population.

England's wealth was shrinking or stationary on account of free trade. British agricultural statistics were only available from 1873, and since then the wheat acreage had diminished from 3,670,000 acres in 1873 to 2,100,000 acres in 1908. The total shrinkage in that time in wheat, barley, oats, potatoes, turnips, beans, etc., was 4,238,000 acres, and in fruit and hops the shrinkage was enormous.

The effect on employment was similar. From 1859 till 1901 there were 300,000 fewer laborers employed. In Scotland the reduction was 70,000. In Ireland it had fallen from 850,000 to 212,000.

For Canada Mr. Barker thought the parallels of Ireland would be more exact. Ireland in 1805 exported 296,000 quarters of wheat, and in 1845 2,353,000, or enough to feed three or four millions of people. Ireland had 3,000,000 of a population then, so that she produced enough wheat to feed 12,000,000. When free trade was introduced agriculture declined, and in 1809 Ireland only produced 48,000 quarters, or one-twentieth of her former crop. Oats had sunk by half. The population had gone down from nine million to 4,300,000. But for the manufacturing industries developed around Belfast the decrease in population would have been greater.

The net result in Britain was that agriculture had lost since 1873 two thousand millions of pounds sterling, or ten thousand million dollars, an amount three times as great as the British national debt.

But a greater loss than that of capital was the driving of ten millions of the best of the people out of the country bringing about the destruction and deterioration of the national physique. The deterioration, he declared, was evident to every visitor to England. When nine-tenths of the people were crowded into the towns and unable to go to the country the physique must decay.

Canada was interested in the problem quite as much as Britain, for if not protected Canada would fall into the hands of one of those powers which desired to extend their territory. In Europe there were at present strained relations existing, but at any moment some bold and farseeing statesman might arise who would unite the diverse interests. The nations then might ask why they should be crowded in their close quarters, and why burden themselves keeping up an armed camp while the Anglo-Saxons were concerning the whole earth.

Mr. Barker considered the formation of a great central state in Europe on the reconstitution of the ancient German empire might occur sooner than was thought possible. Against such a state with a population of 150,000,000 Great Britain would be unable to hold her own. China also in ten or twenty years would be as powerful as or more so than Japan.

The interests of Great Britain and Canada were inextricably interwoven. Canada, concluded Mr. Barker, should defend England, not only as the banker, but as the citadel and the naval base of the British Empire.

GRIPPLE FROM RHEUMATISM

Now in Perfect Health Thanks to Fruit-a-Tives! The fruit-a-tives is a natural, non-toxic, and non-habit-forming remedy for rheumatism, neuralgia, and other forms of nerve pain.

Mr. E. E. Mills (assistant postmaster at Knowlton, Que.) also writes: "I honestly believe that 'Fruit-a-tives' is the greatest Rheumatism cure in the world." Try it yourself.

At all dealers, or from Fruit-a-Tives, Limited, Ottawa.

Peremptory list for divisional court for Wednesday, 8th inst., at 11 a.m.: 1—Nuttall v. Toronto and York Radial Railway. 2—Curlette v. Vermilyea. 3—Fitzgibbon v. Scott. 4—Northern Crown Bank v. International. 5—Caron v. Ottawa. 6—Fox v. London.

Non-Jury Assizes. Peremptory list for non-jury assizes to-day at 10.30 a.m.: 47—Hegworth v. Sinclair. 48—Purvis v. Sinclair. 49—Johnston v. Levy.

Master's Chambers. Before Cartwright, K.C. Master. Natural Resources v. Saturday Night. G. A. H. Clark for defendants. Order for plaintiffs. Motion by defendants to have certain parts of paragraphs 5, 9 and 10, and all of paragraphs 6 and 7 struck out as irrelevant and surplusage.

Johnston v. Levy—W. A. Lamport, for defendant. J. E. Jones, for plaintiff. Motion for an order for a commission to take evidence of defendant at Berlin, Ontario, and at Hamilton, Ontario. Victor Schneider as commissioner. Commission to be returned not later than April 7, next. Trial not to be proceeded with before May 1st, 1911.

Canada Sand Lime Pressed Brick Co. v. Corin—Frost (Wherry & B), for a defendant. Motion by a defendant for an order dismissing action without costs, on consent of certificate of his pendens. Order made.

JURY RETURNS VERDICT AGAINST MRS. DEVANEY

No Damages For Alleged Conspiracy, But Slander Charge May Be Brought. The trial suit by Mrs. Devaney against Rev. G. R. Flaxen, ex-Mayor of Toronto, and James Keogh, closed yesterday with a verdict from the special jury against the plaintiff, Mrs. Devaney, former proprietress of the St. Albans Hotel, at Bloor and Bathurst-streets.

Witnesses were called by the defence to prove that the meals were unsatisfactory and the dining-room ill-kept, but matters were evaded up on that score by witnesses for the plaintiff, who swore to the exact opposite.

Mr. McKay, K.C., counsel for Keogh, H. H. Dewar, K.C., for Mr. Urquhart, and Thomas Cowen, K.C., for Rev. Flaxen, all made addresses on the various legal viewpoints of libel and conspiracy for slander, one of the original. The statutes of the province were struck out as an embarrassment to the other charges by Justice Riddell. George Lynch-Staunton, K.C., for Mrs. Devaney, made such an able address to the jury that he was complimented by the lordship.

In his summing up, Justice Riddell enlarged, as had the counsel, on the various legal ways from which the verdict must be approached. In the first place, he ordered the jury to treat the case as if the plaintiff were not a woman, but an ordinary individual. The statutes of the province (let the newspaper out of the case because nothing had been proved against them, but it would still leave the defendants open to conviction, because it often happens that two parties were guilty and only one case could be proved." He declared that the temperance people had a perfect right to induce the inspectors to close the houses, as long as they adhered strictly to the truth.

Mr. Staunton called them temperance cranks," said the justice, "but I don't know if we should call them that. The benches are now gone to the factory, they are constantly making revolutions."

Agreed With Jury. The jury were given seven questions on which to enter their finding, all relating to libel and conspiracy, and all of which were returned in favor of the defence. No suggestions of libel or conspiracy were found. Justice Riddell, when the verdict was read, "It is a matter of regret that the lady has felt herself to be injured by what was said at the meeting of the commissioners. However, he reserved the right to the plaintiff of bringing separate charges of slander. The costs, except those occasioned by the dropping of the slander charges, must be assumed by Mrs. Devaney."

Why the Grand Trunk Continue to Be the Popular Route to Montreal. This line offers every feature pertaining to the most comfortable and convenient travel; moreover, it is the only "double-track route" laid with 100-lb steel rails, also the only line operating the world-renowned Pullman sleepers between Toronto and Montreal. An additional advantage of traveling via this route is that tickets purchased in Toronto are valid returning from Montreal on the International Limited, Canada's fastest and finest train (only seven and one-half hours Montreal to Toronto). Four trains leave Toronto daily, 7:15 a.m., 8:30 a.m., 10:30 p.m. The 7:15 a.m. train carries parlor-library car and dining car to Montreal, also Pullman sleepers to Montreal and Boston. The 10:30 p.m. train carries five or more modern Pullman sleepers to Montreal, also through Ottawa sleeper. Tickets, berth reservations and full information at Grand Trunk City Ticket Office, northwest corner King and Yonge-sts. Phone Main 4209.

THE TRUTH ABOUT ULSTER.

Editor World: In my letter published today I set out the relations that had a majority in Ulster of over 1000, while I should have said: "The Nationalists had a popular majority of over 1000 (omitting Belfast) at the recent election." The case is made by the popular majority in Ulster (outside Belfast) was 1238. This is the truth about grand old Ulster. Irishmen will appreciate The World's fairness on matters dear to them. GARRITT O'CONNOR, Bridgeburg, Ont.

Accused of Forgery. KINGSTON, Feb. 7. (Special.)—Sergeant Harrison, Canadian Permanent Army Service Corps, without leave, is also accused of forging the name of Lieut. E. Russell Hale to a cheque for \$20. He was arrested in New York City, and his wife and two children are here without means.

New York Excursion. \$10.00 round trip, from Suspension Bridge, via Lehigh Valley R.R., Tuesday, Feb. 15. Tickets good ten days. Particulars 8 King St. East, Toronto. 459445134

ASKS \$34,000 FOR ISLAND

Estimates for Maintenance and Permanent Improvements Show Increase. The estimated cost of Island Park to the city for the present year as furnished by Park Commissioner Wilson yesterday is: Maintenance, \$14,716, as compared with \$13,627.50 last year; \$17,580 for permanent improvements, as compared with \$13,187.97 last year, and \$1900 for liabilities carried over from 1910, making the total required for this park's purposes of \$34,000.

Senator Brings Libel Suit. MONTREAL, Feb. 7.—Hon. Senator Dandurand, thru his lawyers, Belque and Belque, has entered a suit for \$10,000 against La Publicite, publishers of Le Devoir, and Mr. Tancred Marcell, one of the editors of Le Devoir. The suit is for damages resulting from an article which appeared in Le Devoir of yesterday under the heading of "Defendez-Vous," and signed by Mr. Tancred Marcell. The article insinuates that Mr. Dandurand had misappropriated goods belonging to the government of Canada.

YORK PIONEERS. An exceptionally well attended meeting of the York Pioneers was held yesterday afternoon, with the president, Daniel Lamb, in the chair. Arrangements were made for the annual social, to be held in St. George's Hall on March 8.

Against Dual Exams. Z. A. Lash, K.C., has drafted a bill for the legislature on behalf of the governors of the University of Toronto, which is designed to do away with the examinations the medical graduates are forced to take before the medical council in securing a practitioner's license. It is contended that there is no need of two examinations and that the council is not in a position to secure men of sufficient scientific standing to conduct its examinations.

An Old Traveler's Opinion. At full tariff rates, taking the Canadian Pacific passenger equipment into consideration, every day is a bargain day.

THE NORTH TORONTO ROUTE IS THE MOST CONVENIENT TO OTTAWA AND MONTREAL

The new C. P. train via the North Toronto route leaves North Parkdale at 9:15 p.m., West Toronto 8:30 p.m., and North Toronto Station at 8 p.m. daily, except Sunday, has proven that it is the most convenient route from Toronto. Baggage can always be checked without hurry and confusion; the waiting and retiring rooms are the most modern in Toronto, and the dining car is always in attendance in ladies' rooms. The North Toronto route avoids an hour's hill climb out of Toronto by the train—unavoidable any other way out of Toronto. City Ticket Office now located at 16 King east.

Controller Church Not Satisfied to Let Serious Charges Drop. Unless someone does some retrating, it is every possibility that the end of the controversy has not yet been heard. "I am much annoyed at currency being given to such a libel, and am going to bring the matter to the attention of the council at the next meeting," declared the controller.

"Ald. Heyd tells me he has never mentioned my name at all. Ald. McBride said he was told that Ald. Heyd had made mention of my name in this connection. "If both Ald. Heyd and Ald. McBride do not make a public denial of this statement at the next meeting of the council, I will proceed against them."

Rev. Mr. Rochester Back. Rev. Mr. Rochester of the Lord's Day Alliance has returned to the city after a visit to the west. Mr. Rochester has been attending the annual conference in Regina and Winnipeg.

"Pneumonia" Pneumonia is nothing more or less than "Lung Fever," or as it is used to be called, "Inflammation of the Lungs," and the results come entirely from a local source; such as taking a violent cold.

There is more or less difficulty in breathing; a cough, at first dry, but soon accompanied by raising a thick, sticky, rusty-colored matter, composed of a mixture of phlegm and blood.

There is only one way to prevent Pneumonia, and that is to cure the cold just as soon as it appears. Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mrs. G. W. Bowman, Pattullo, Ont., writes: "Three years ago I caught a cold which ended in a severe attack of Pneumonia. Since that time, at the beginning of each winter, I seem to catch cold very easily. I have been so hoarse that I was unable to speak loud enough to be heard across the room. Last winter, however, a friend advised me to try Dr. Wood's Norway Pine Syrup, saying it had helped her. I bought a bottle and before it was half used, I was completely cured. I also find it a good medicine for the children when they have colds."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; the price 25 cents. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

The Famous Rayo Gives the Best Light at Any Price. When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil light has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflattering light of the low-priced Rayo. Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of solid brass, nickel-plated, and easily polished. Once a Rayo User, Always One. Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of The Queen City Oil Company Limited.

Most Men Use Coffee For Breakfast and are interested in the kind of coffee they get. Michie's finest blend of Java and Mocha coffee is in a class by itself—money cannot buy better. Day's Doings in YORK COUNTY

WHEN WILL B. OF CONTROL LOOK OVER THE TOWN?

May Make the Trip To-day—West Toronto News—County Happenings Generally.

Church, and given to-night, was carried out, and afforded untold happiness to the little ones.

WEST TORONTO, Feb. 7.—(Special.)—The first meeting of the Board of Control of the City of Toronto, which was held at the residence of the members, to-day, was a most interesting one.

At the last meeting of the Ontario Railway Board, when the question of the double-tracking of Yonge-street was under the limelight, Chairman Letch was especially emphatic and dogmatic relative to the next meeting of the board, at which the matter would be considered.

At last night's meeting of the North Toronto Council, T. W. Banton was elected as a member of the Toronto Library Board.

TARIFF DISCUSSION HAS BEEN POSTPONED

House Spent Yesterday at Public Works Estimates—May Sell Rideau Hall.

OTTAWA, Feb. 7.—(Special.)—It was a disappointed crowd that filled the galleries of the house of commons to-day.

North Toronto ought to have a snow-cleaning by-law, and the need of it was never more clearly demonstrated to-day.

When the vote of \$35,000 for repairs, etc., to Rideau Hall was under consideration, Dr. Reid (Greenville) asked there was any truth in the report that the government had decided to erect a new residence for the government.

Mr. Pugsley replied that Rideau Hall was not creditable to this great country.

Mr. Crosby of Halifax asked what had been done regarding the overpayment of \$45,000 made for the lighting of the Woods and Canadian Buildings at Ottawa.

Mr. Pugsley said the papers in the case had been handed over to the department of justice, but no report as to the action to be taken had been received.

Hallo! Girls' Grievance.

Kenneth J. Dunstan, local manager of the Bell Telephone Company, when seen yesterday, emphatically discredited the rumor that the employees of the Toronto branch were considering a strike owing to the delay in receiving their pay.

On every bottle of the genuine will be found the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

You know what you can expect from the use of Dr. Chase's Syrup of Linseed and Turpentine, but you cannot put much faith in an imitation which sells on the reputation of the article it imitates.

What to give the children for croup and colds is the problem which mothers now have to solve.

So generally is this great medicine used that several imitations have been put on the market.

WASHINGTON, Feb. 7.—The house enacted into law to-day the senate bill providing for a commission to secure plans and designs for a suitable monument or memorial to Abraham Lincoln in this city.

A Real Lung Tonic

There are many preparations that will relieve a cough—few that will cure it.

"Father Morrissey's No. 10"

does not contain a trace of these dangerous drugs, but is an absolutely safe and scientific preparation of Nature's own remedies—Herbs, Roots and Balsams.

It entirely removes the irritation that caused the cough, by cleaning out the mucus, stopping the inflammation and healing the delicate membrane of throat and lungs.

Moreover, it tones up and strengthens the whole system, particularly the lungs, and protects against future coughs and colds.

Trial size 25c. per bottle. Regular size 50c.

At your dealer's.

Wheat Markets Are Depressed And Values Begin To Decline

May Wheat Option Drops 1-4 Cents at Chicago When Bears Hammer Values—World's Visible Shows Decrease.

CHICAGO, Feb. 7.—Democratic caucus approval of reciprocity was a reason, according to some, why all grain and provisions fell off in price here today. There was an unusually large trade in wheat, but the market was weak almost from start to finish. Closing figures showed a net loss of 3/4 to 1 1/4 c. Corn and oats both finished 1/4 to 1/2 c. under last night, with provisions down 7/16 to 10 to 25 c.

In wheat, the constantly increasing volume of sales same chiefly from unloading by long. A number of wealthy operators are going considerably into the market at a heavy loss. There was also much putting out of short wheat. Northwestern exchanges this side of the international border were on the down grade, despite the fact that receipts were only 40 per cent. as large as a year ago.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, were as follows: To-day. Week Year.

Winnipeg Inspection. Winnipeg receipts of wheat graded as follows: No. 1 northern, 6 cars; No. 2 northern, 25; No. 3 northern, 28; No. 4 northern, 18; No. 5 northern, 11; No. 6 northern, 2; rejected, 4; winter wheat, 4. Oats receipts were 1 car, against 11 a year ago. Barley 6 cars, against 13, 4 against 8.

European Wheat Markets. Wheat futures at Liverpool closed 1/4 lower than yesterday; corn was unchanged. The Paris wheat market closed lower. Berlin, Antwerp and Buda Pest were unchanged.

World's Visible Supply. Bradstreet's estimates that during the past week the world's visible wheat supply increased 1,000,000 bushels. The wheat crop of Canada, decreased 48,000 bushels; U. S. and Canada, increased 1,000,000 bushels; Europe, increased 2,000,000 bushels; Asia, decreased 175,000 bushels.

Brookhills' Cable. LIVERPOOL, Feb. 7.—The market opened with an undertone of steadiness with March unchanged and May 1/4 c. lower. This decline was attributed to the lower American cables. Foreign crop conditions are generally favorable, reports from Russia, however, are unfavorable. The country offering freely, cargoes offered at 1/4 to 3/4 c. decline, cheaper Argentine and Australian offers.

Will Take Holiday. There will be no session of Chicago Board of Trade on Monday next, the 13th, legal holiday, Lincoln's birthday.

Foreign Crop Summary. Brookhills has issued the following weekly crop summary: United Kingdom.—The latest sowing of the crop is progressing under favorable weather conditions. The wheat already sown shows a good condition.

ST. LAWRENCE MARKET. Receipts of farm produce were 3 loads of hay and one load of grain. Wheat—One load sold at 87c. Hay—Three loads sold at 14 to 16.

was thrown overboard. After the recent decline we are inclined to look for some reaction, but do not believe any permanent advance can be sustained while the market is so dull, and favor sales on all rallies, as the heavy sell-off in the absence of serious crop damage, that prices will go materially lower later on.

Corn.—The corn market after ruling steady during the early part of the session, later broke on liquidation by long and in sympathy with the heavy fall in wheat. Weather generally favorable for the movement to market, and country crop is fairly good. Cash demand shows no improvement, and the seaboard exporters report their limits from abroad still below a working basis. We can see nothing in the situation to change our opinion and believe prices will go lower.

Liverpool Grain and Produce. LIVERPOOL, Feb. 7.—Closing: Wheat—Spot, low, 2 red winter, 100s 10d; 2 red winter, 100s 10d; 2 red winter, 100s 10d; 2 red winter, 100s 10d.

FARM PRODUCE WHOLESALE. Hay, car lots, per ton, \$12.50 to \$13.50. Hay, car lots, No. 1, \$8.00 to \$9.00. Hay, car lots, No. 2, \$7.00 to \$8.00.

GRAIN AND PRODUCE. Local grain dealers' quotations are as follows: Oats—Canadian western oats, No. 2, 32c; No. 3, 31c; No. 4, 30c; No. 5, 29c; No. 6, 28c.

CATTLE MARKETS. Record of Prices and Sales on Leading Exchanges. CHICAGO, Feb. 7.—Cattle.—Receipts, 4500; market steady; heaves, \$4.00 to \$6.00; Texas steers, \$1.10 to \$1.35; western steers, \$1.40 to \$1.60; hogs and hifers, \$2.60 to \$3.00; calves, \$3.50 to \$4.00.

MONTREAL GRAIN AND PRODUCE. MONTREAL, Feb. 7.—There was an improved demand for northern buyers for Manitoba spring wheat, and the sales in some cases were unchanged, sales of several loads were made for March shipment. The demand for spring wheat flour was fair and several sales were made for export account.

Chicago Markets. J. P. Bickel & Co., Manufacturers' Life Building, report the following fluctuations on the Chicago Board of Trade:

Close Open High Low Close. Wheat—No. 1, 95 1/2, 95 1/2, 95 1/2, 94 1/2, 94 1/2. Corn—No. 2, 32 1/2, 32 1/2, 32 1/2, 32 1/2, 32 1/2.

ST. ALBAN'S CATHEDRAL. R. A. Cram of the firm of Cram, Goodhue & Ferguson, architects, of Boston and New York, will this week spend a couple of days in the city at the guest house of the Bishop of Toronto at the See House.

Scattered Coals Over Floor. KINGSTON, Feb. 7.—(Special).—While Edward Draper and family of Point-road, Pittsburgh Township, were away, someone entered and stole a number of coals. Before departing they scattered live coals from the coal stove over the floor. Had not the family returned in time their home would have been destroyed.

The mark of English Limited has the same relation to Sterling Properties as the Sterling mark has to English Currency. PRINCE ALBERT SASKATCHEWAN WE want you to know about this thriving western city and the money making opportunity offered in home lots at City View.

English's Limited 418-50-52 VICTORIA ST. TORONTO. A LIGHT CATTLE RUN MET GOOD RECEPTION Storm Helps Cattle Prices, The Whole Trade Was Healthy—Hogs \$7.15 F. O. B. Cars.

Receipts of live stock at the City Markets were reported by the railways to be 53 carloads, consisting of 897 cattle, 509 hogs, 902 sheep and lambs and 51 calves.

Butchers. Choice loads of butchers sold at from \$5.00 to \$6.15; loads of good, \$5.00 to \$6.20; medium, \$4.25 to \$5.50; commons to \$3.50; cows, \$3 to \$4; butler, \$1.75 to \$2.15; canners, \$2.50 to \$3.

UNION STOCK YARDS. Receipts of live stock at the Union Yards were four carloads, consisting of 11 cattle, 13 sheep and lambs and 1 calf.

PROVINCES CAN APPEAL. Rights to Grant Charters Will Be Fought Out in Privy Council. Hon. J. J. Foy received word yesterday that the privy council had granted the provinces leave to appeal in the litigation respecting the rights of provinces to grant charters to companies to operate outside of their own boundaries.

# "PORCUPINE GOLD MINES"

## WILDCATTING UNKNOWN TIP IN THE PORCUPINE

### Snow Blanketing of Properties Precludes Trading by Small Owners.

PORCUPINE CITY, Feb. 6.—(From Our Man Up North.)—Those who were considerably perturbed early in the season over the fact that wild-cattling might be attempted in the Porcupine camp during the winter months have nothing to fear from the reline monster of the speculative kind, for four feet of snow are the blankets that completely smothered out the life of this species of commercial life.

Nothing but deals of a high calibre have been effected here during the month of January all to the great benefit of the camp, for while the little owner has not had a "look in" with the moneyed chap, his time is coming next spring.

A round-up of sentiment on this score was made this week and the final results boiled down reveal a condition about as follows: Only men who have the money can make showings on claims now. They can afford to pay for shovelling and driving dynamite, and extra wages for outdoor work. In several instances free gold showings were made. Dykes of an interesting nature have been opened up. Sales of the \$50,000, \$100,000 and the \$300,000 size followed.

The poor lot owner cannot do this, and consequently must wait till the elements remove the snow. If he has so many heavy sales being made in good parts of the district, so that an enormous territory is affected, the undeveloped claims will all move up in price, and by the time showings can be made with a dozen big companies pouring around them, men who are fortunate in holding claims in any part of the working district will be in a position to reap handsome profits of their claims. Everything in this line points to a sane boom here in the spring.

One of those who have studied the conditions well and believe they have a good idea of the situation is Arthur L. Smith of Buffalo, who said to The World to-day: "There are so many big deals going on here now that by the time the snow leaves the ground this camp will be alive with a sane, healthy boom spirit that will sweep the district from end to end. There will be no wild, reckless scramble in which values will be cast to the winds, and purely speculative prices set up, but with big mines opening up on free gold dykes, there will be every incentive for greater work and the result must be that small lot owners are the ones who will profit by it."

"I am satisfied that the outside public is waiting for spring to start the rush here. Work was done on a thousand or more claims here last fall, which are being held till the snow goes off, for men who means are unable to pay for shovelling snow in the winter time with storms re-covering the cleared spots every night. I have spent much time in mining camps, and there is nothing in the horizon that I can see except a most excellent summer for Porcupine in which the small gold claim owners must largely participate."

Chas. Fox.

## GOLD IN KIEFER TOWNSHIP

### Country West and South of Porcupine is Reported Rich.

PORCUPINE CITY, Feb. 6.—(From Our Man Up North.)—E. H. Douglas of Halleybury returned yesterday from the Township of Kiefer, 45 miles to the west and south of here, where he staked seven claims next to the Hughes bunch, on what he says are quartz and diabase leads. The district looks so good to Mr. Douglas that he expects to return almost immediately to start work on his claims, altho he says the snow is a terrible handicap. Fully 50 per cent. of the work done here in the winter months is waste, but as the time limit in which the first year's work must be done is short, Mr. Douglas is not wishing to take a day's chance.

The top of the vein located shows a decomposed quartz, and with iron rusts, with the black bands appearing thru the rock.

Mr. Douglas is the man who staked the Marvel placer property for A. J. Murphy and H. S. Hennessy, in the Elk Lake district, beating out another who had been sent in to re-stake the claims after the inspector had thrown the property over to a technicality. John J. McNeal of Toronto was anxious to get the property and started a man north to beat out Douglas, who, like Napoleon, with forced night marches, reached the spot and conquered ahead of his adversary.

It is this kind of stuff in the Canadian prospector that has been the sole means of opening up the north country, and it will be a while before it is again handicapped in his development work by being forced to work in four feet of snow.

Chas. Fox.

## FORTUNE IN FOUR YEARS

### Watson of Porcupine Goes into Business After Successful Prospecting.

PORCUPINE CITY, Feb. 6.—After filling his pockets with the wealth of the northern district, practically making a present of his last two claims to buyers who liked the short, Mr. Douglas is not wishing to take a day's chance.

It is this kind of stuff in the Canadian prospector that has been the sole means of opening up the north country, and it will be a while before it is again handicapped in his development work by being forced to work in four feet of snow.

Chas. Fox.

## EDWARDS OF CHICAGO BACK IN PORCUPINE

### Former Owner of Dome Extending His Interests in the Gold Camp.

PORCUPINE CITY, Feb. 6.—(From Our Man Up North.)—"A. W. Edwards," the man who owned the Dome, and who also had a hand in the pie when the crusts were rolled out for the incorporation of the Dome Extension, is the name that appears conspicuously on the register at the Shushab.

"I hardly expected to run into a newspaper man as soon as I stepped off the stage," said Mr. Edwards, "but I confess I am glad to see The Toronto World getting in on the ground early. I want to compliment The World for following up the progress of mining camps as they have done in the past. The public are vitally interested in Porcupine and will more so when the winter breaks. You cannot have big gold deals as they are going thru here without creating interest and demands."

Conferences are on to-night between P. A. Day, barrister of Halleybury, and Mr. Edwards, relative to the J. Smith veteran claim, and it is said that Mr. Edwards is endeavoring to tie up the property on behalf of the Bewick-Moreing syndicate in advance of their coming to the district.

## Porcupine Notes

PORCUPINE CITY, Feb. 4.—(From Our Man Up North.)—Mail facilities are greatly improved and the benefits therefrom are many.

Only six buyers of note reached the fields this week, but there are several on the way whose notability in the mining world is sufficient to make up for the small attendances.

Lot-hunters who are mining men continue to complain that prospectors hold prices and terms too high. There is no question but the progress of the camp is being retarded because of the entirely different standard set here over that of other mining camps.

Jewsey Bros. of Halleybury have a large number of claims in Cripple Creek, but not until the snow is gone and more work done will they venture an opinion of the finds, and they are generally enthusiastic on mining conditions.

Archie McCall, former chief of police of Halleybury, is in the game here, and in addition to holding several claims in good districts, he has a good contract on assessment work and sinking on claims.

The failure of the Hudson Bay Company to take up their second payment on their option on the Foster-Ellis property in the northern part of Shaw has no bearing on the standing of the district. It is understood that the company did not take up the second payment merely because they had not the time under their option to thoroughly grove up the claims under bad weather conditions. The snow is very deep and work was retarded. Then, too, the next dividend on the Hudson Bay will soon be due, all of which would take an immense amount of money.

Prospectors who are asking from \$100,000 to \$500,000 for their claims on which free gold has been found on the surface with two weeks' writing, and on the property started, should remember that the great Chapin was sold to a German baron on a two-year option, and the owners then thought they were getting the deal thru rather quick.

The Matheson-road is open and stages are traveling that way, altho the distance is several miles farther than Kiefer, and the stages are only half-way home and in this way horses are given a better chance to make the trip. All Kiefer stages arrive here at 3 o'clock in the afternoon, which is considered a very timely trip for the distance and the character of the roads.

## RESPONSIBLE BUYING.

The principal feature in the Cobalt market recently has been the buying of Beaver. Recent strikes at depth and it is stated by brokers, show much of the buying is coming from people who do not look for immediate dividends, but are purchasing the shares because they believe the mine will ultimately become one of the big producers of the Cobalt camp.

## BLUE QUARTZ AND GOLD.

### Vein on Claim in North Tisdale is a Rich One.

PORCUPINE CITY, Feb. 6.—(From Our Man Up North.)—Workmen under the direction of Engineer Flynn are sending every effort to get the vein on the Hughes-Bush claims, recently taken over for \$300,000, in shape for an intelligent inspection before the arrival of the Bewick-Moreing party. This is one of the big things which are on their itinerary for inspection.

## LITTLE PHIL A MASCOT IN PORCUPINE CAMP

### Perseverance of Russian Youth Stands Him in Good Stead—Comes in For \$50,000.

PORCUPINE CITY, Feb. 4.—(From Our Man Up North.)—Another Porcupiner who shares in a very large slice of a Porcupine "melon" this week is "Little Phil," known to nearly every man who has visited the camp the last year, and who was employed at the Dome mine as a checker of accounts.

When the Dome Extension passed from the hands of the original owners, of whom "Little Phil" was one, a good sum of the purchase price paid down passed into his hands, for he was one who helped drive the stakes and swing the tape when the property was taken up a year ago last October.

"Little Phil" was missed the day he left the camp, for one of the happy rights to see him with his dog team in the capacity of mail carrier for the Dome. Daily he drove to the postoffice with four mastiffs as his carriers.

The story of "Little Phil" is an interesting one to the old salt of the mining circle, for the boy is a living example of perseverance under difficulties, with a glorious winning in the end. Six years ago, or thereabouts, he came to Canada from his Russian home, and at once set to work as a messenger in the employ of the contracting firms that were building the T. and N. O. into Englishair. He continued in this capacity until some time later, when the spare dollars saved from this work were put into an investment in a merchandise undertaking at Cochrane.

Later, when John Wilson was outfitting and gathering his crew for a trip into the wilds of an unknown territory, "Little Phil" was not then on the map, he took "Little Phil" with him as mascot. After the Dome properties were staked, "Little Phil" was permitted to participate in the staking of the four claims known as the Dome Extension.

Hardships were unlimited, but "Little Phil" was never known to make a wry face at hard work, with the result that when the Dome mine was organized and the Wilson-Edwards properties taken over, the boy secured a good berth with the company. And now that the Dome Extension property is sold, "Little Phil" goes out to enjoy a part of the large sum that comes to him as a result of the transaction, and this amount is not less than \$50,000.

Both old and young in the prospecting game take their hats off to "Little Phil."

Chas. Fox.

## SCOTTISH ONTARIO MAY LET PUBLIC COME IN

### Possibility That Company Will Make Public Offering of Stock—Another Shaft Being Sunk.

PORCUPINE CITY, Feb. 4.—(From Our Man Up North.)—Decision to the effect that a shaft should be put down on the big vein to the north of the one on which the 100-foot shaft stands on the Scotch Ontario was made yesterday by Engineer McLennan, and already men are at work preparing to shove the steel down with all rapidity.

This vein is one which the company prospected and left till the main shaft has been driven to a point where drifting for the main vein could be done, and now that the drift is finished and a big body of ore caught up, work will be rushed to get a shaft down on the Scotch Ontario.

With another 100-foot shaft down and another large body of ore located, the Scotch Ontario will be a glittering mark for stock buyers, should the syndicate decide, after their visit, to make a public offering.

It is understood from official circles that in anticipation of the Scotch Ontario being incorporated, with a reasonable amount of the stock going on the market to the public, already the syndicate is overwhelmed with letters asking for a show in the game, till now the amount that probably would be put out is over subscribed by \$800,000.

Chas. Fox.

## WANTS TRANSFER BOOKS WITH TRUST COMPANY

Editor World: I thoroughly appreciate and endorse your editorial in to-day's World, calling upon the government to compel all incorporated companies to place the issue of their stock in the hands of some trust corporation, or other institution equally reliable and responsible.

I am a shareholder in several mining companies and would appreciate very much if you would give a list of those Cobalt companies who have not got their books in the hands of trust companies. I am sure that this would be acceptable to all other shareholders, as well as myself, after the experience of the Little Nipissing Co. I am doubtful whether any shareholder would keep his stock if he knew what the transfer books were in the hands of the company's officials.

## BEAVER RETURNS STRONG OTHER COBOLTS FIRMER

### Mining Market Maintains Its Good Undertone, and Small Advances Are General.

World Office, Tuesday Evening, Feb. 7. There was a resumption of bullish trading in Beaver on the mining exchange to-day, and the stock being only on offer at advances, the shares recorded another gain. Favorable reports concerning the way the mine is showing up at the lower levels have inspired a good demand for the stock, and the buying power has been considerably augmented by purchases from points outside the city, and especially from New York. The directors hold their annual meeting on Saturday, and while no dividend declaration is looked for, the finances are expected to make a favorable showing.

The stock sold as high as 25 1/2 to-day. There was a better undertone to the whole market in to-day's session, and advances were recorded in various instances by the issues most prominent in the dealing. Right of Way sold up to 15 1/2, a gain of a point; Peterson Lake made a fractional advance to 14, and small appreciations in value were recorded in other copper stocks, though these were not carried very far.

There was a better call for Little Nipissing, on the grounds that the stock had more than doubled since the unauthorized issue of a portion of the company's capital. The price rallied a full point to 6 1/2, and at the close held around that figure. McKinnon's shares were carried up to \$1.50, but the advance did not hold in the late dealings when liquidation brought the shares back four points.

It is rumored that the pool which has been working in this security will be dissolved in a week or so, as the insiders think that the shares can now take care of themselves, since the company has been shown to be in such good condition. Another dividend is due on April 1, when the usual 3 and 1/2 per cent. is expected.

Hollinger continued its upward progress, gaining three additional points at \$4.25.

## C. N. R.'S WESTERN SURVEY.

Five hundred bushmen have been despatched to the new Canadian Northern Pacific line from Edmonton thru the Yellowhead Pass to Fort Mann to work as an advance party clearing the way for the railway's survey party.

The laying out of the streets in the Fort Mann township depends upon the completion of the first survey of the Edmonton line. The railway corporation are making surveys along the projected road, C. N. R. officials have decided to rush their work thru to get control of the survey of the town-site.

## Blood Poison 30-Day Treatment FREE

Remarkable Results Produced By New Vegetable Treatment Without Use Of Mercury Or Potash. The terrible results of mercury and potash on blood poison are well known. The most drastic drugs are used to drive the poison back into the system and another if for several months. Then you begin to lose your hair, your teeth, your eyes, your skin, your nerves, your glands, your brain and your organs show the terrible effects of mercury and potash. Locomotor Ataxia, Paralysis, Impediment and Tremor of the Limbs are almost inevitable. Medical men say that the only way to cure blood poison is by a new vegetable, called "Blood Purifier," which purifies the blood, removes the mercury and potash, and restores the system to its normal condition. It is a pure vegetable, containing no mercury, potash or any other poisonous substance. It is a new discovery, and has produced remarkable changes in only six days. It is a pure vegetable, containing no mercury, potash or any other poisonous substance. It is a new discovery, and has produced remarkable changes in only six days. It is a pure vegetable, containing no mercury, potash or any other poisonous substance. It is a new discovery, and has produced remarkable changes in only six days.

# Detroit United Railway resumes Dividend Payments

**PROVINCE OF ONTARIO**  
**4% Debentures**  
 DUE 1st JUNE, 1930  
 Payable at  
**Toronto, Montreal and New York**  
 Particulars on request  
**Wood, Gundy & Co.**  
 LONDON, ENG. TORONTO

**FIRST C. N. R. HOTEL**  
 Will be Opened at Port Arthur About March 1.

The first hotel of the Canadian Northern hotel system to be known as the Prince Arthur Hotel will be formally opened at Port Arthur on March 1. It will have over 400 rooms, and is being erected at a cost of one million dollars. Only the main part of this building, however, will be ready for occupancy at the date of the opening, the policy of Sir William Mackenzie having always been to commence business operations at the completion of the first unit of a new enterprise. Before the end of the year the company expect that the additional wings on either side will be finished. In front of the main portion of the hotel and between the two wings it is intended to have a small park. The hotel, as it shall be opened next month, will contain 140 rooms.

The C. N. R. will erect large hotels in Winnipeg, Calgary and Edmonton. The name of the hotel at Port Arthur has been decided upon for some time, and it is rather coincidental that the opening should take place in the year of the appointment of Prince Arthur of Connaught to the governor-generalship of Canada.

**REVENUE FROM RAILWAY**  
 City's Percentage for January Shows Goodly Increase

The report issued yesterday of the earnings of the Toronto Railway Company shows that the revenue for January, 1911, was \$1,122,525.50 over January, 1910, and an increase in the city's percentage of \$19,853.28 over January, 1910. The city's share for January last was equivalent to \$149,414.

The receipts and the city's percentage for the months of January from 1910 to 1911 are as follows:

Year	Receipts	Percentage
1911	\$1,122,525.50	43.45%
1910	923,672.22	37.70%
1909	289,972.28	30.17%
1908	271,772.55	27.17%
1907	253,459.26	25.94%
1906	239,552.87	25.92%

**CARE OF INFANTS.**  
 Hon. W. J. Hanna yesterday received a report of the annual meeting of the American School Hygiene Association in New York last week, and the Child Welfare Exhibition.

Infant mortality, on which the department of the provincial secretary has issued a special report, is one of the main subjects dealt with in the Child Welfare Exhibition. Preparations for this event have been going on for over a year and the exhibition is expected to show with the care of the baby and the mother, employment for married women, home-making, housing, playgrounds, juvenile courts, etc.

**CALLS IT A LIE.**  
 WINNIPEG, Feb. 7.—Officials of the Manitoba Grain Growers' Association vigorously deny and resent the charges contained in the address of Hon. Price Ellison at Victoria yesterday. They say the statement regarding an alleged "bribe" of J. J. Hilt is a lie, base and ridiculous. "When a minister of the crown," they say, "attempts to make such improbable statements, the situation becomes alarming."

**Bargains in Upright Pianos.**  
 Several upright pianos of well known manufacturers are being offered by the old firm of Heintzman & Co., Ltd., 132-134 York street. It is very exceptional prices for a few days. The price run at \$175, \$185, \$195, \$225, \$250 and \$275—in every case a large discount from the manufacturers' regular prices. Each piano has been overhauled by our own workmen and guaranteed in good condition. Terms of payment are a small sum down, and a small amount each month.

**Cleaning Snow From Streets.**  
 The storm of Monday was a boon to those who are glad to get an opportunity to work for there has been much snow to shovel as a result, and the city had its share to look after. There were no less than 2305 snow-scoopers at work for the city yesterday. Distributed among the various departments as follows: Street department, 1300; works department, 955; parks department, 150.

**No More Toll Gates.**  
 KINGSTON, Feb. 7.—(Special.)—Reeve A. M. Rankin, Kingston Township, sold two old toll houses on Kingston-Storington road, by auction. The houses will be removed as soon as possible and then there will be no toll gates remaining in Frontenac Co.

## MARKETS COMPARATIVELY DULL.

**World Office.**  
 Tuesday Evening, Feb. 7.  
 The Toronto Stock Market lost none of its torpidity in yesterday's dealings, there being only three issues which showed any life. Montreal and New York markets were comparatively dull. It would seem that a period of settlement and absorption is necessary after the market's movements for the past month. Only one speculative issue distinguished itself to-day, Sao Paulo, which made a new high record on this movement. Supporting bids in the market remained fairly good, and it must therefore be accepted that the condition of the market is still responsible.

## Lukewarm Trading in Wall St. But Market Has a Strong Tone

### New York Securities Begin to Climb in Last Hour—Toronto Market Quiet, With Occasional Firm Spots.

**World Office.**  
 Tuesday Evening, Feb. 7.  
 While there was no loss to the general undertone of the Toronto market to-day, trading was pared down and transactions were only conspicuous in three issues. A gradual hardening of prices more than sharp upward movements, is evidently the plan of the present market. Supporting interests are willing to sell stocks on every actual demand, and as will be seen they back on fractional reactions.

Speculation is not courted, and unless the market should make a spontaneous outburst, due to indeterminate buying, no rapid changes in prices are promised.

Sao Paulo and Northern Navigation have evidences of strength to-day, the former selling at the highest price for many months.

The buying of Northern Navigation was aggressive, but as the proposed deal had been thrown down, nothing was forthcoming to account for the strength of the holding.

The only happening of importance was the announcement of a renewal of dividends on Detroit United. The dividend declared was 1 1/2 per cent, or at the rate of 5 per cent for the year. Dividends on Detroit were cut off in the latter part of 1907, and it need scarcely be said that their resumption was highly satisfactory to shareholders. The stock made no particular advance to-day, and it is therefore assumed that the matter was pretty well ventilated ahead of time, and that much of the earlier buying was of a speculative nature.

Mackay, Twin City and most of the other semi-speculative shares were held in a measure heavy.

The investment section of the list evinced a continued good demand, although transactions were small. One of the strongest bond issues was Mexican Light and Power, bids for which were raised to 9 1/2 here and 92 in Montreal, without enticing sales.

## British Trade Increases.

**LONDON, Feb. 7.**—The January statement of the board of trade shows an increase of \$33,225,000 in imports and \$14,822,000 in exports. The imports of foodstuffs decreased \$5,910,000, but cotton from the United States increased \$27,250,000, and from other points \$6,500,000. The increase in exports was chiefly in cotton textiles.

**Dividends Resumed.**  
 A quarterly dividend of 1-4 per cent was declared on Detroit United yesterday. This is the first dividend since 1907, when a total of 2-3-4 per cent was paid. In 1906 the dividend was 1-2 per cent, and in 1904 and 1903 4 per cent.

## Trading Quiet in London.

**LONDON, Feb. 7.**—Money was in good demand, but the supply was ample to-day. Discount rates were easy in anticipation of an early reduction in the bank rate.

The mining carry-over occupied most of the attention of the traders on the stock exchange. The market was dull and uninteresting, except for a sharp rise in oil shares and a decline in copper stocks.

American securities opened quiet and about unchanged from yesterday's New York closing.

Trading was quiet and featureless, and prices moved irregularly within narrow limits during the entire session. The closing was undecided.

## ON WALL STREET.

Erickson Perkins & Co. had the following: Reading touched a new record and other coalers were strong. Union Pacific Steel and other standard shares participated in the rally, but appeared to be pressed for sale near the close. This was a natural rebound, so far as speculative movements go, but did not signify any fresh absorptive power in the market. The market is in a more treacherous position and it will quickly respond to bad news if any occurs. Nearly everybody is waiting for the Steel report of unfilled orders. We think it wise to take profits on the bulges and wait for more setbacks. The day's operations were largely professional.

Chas. Head & Co. to R. R. Bondard: The opening market was flat and unsatisfactory. London gave no clue and there was apparently no feeling on a decided nature either on the bull or bear side. A reaction of a point or two was looked for generally, but as brokers' accounts are not extended and no pressure exists to sell, a material recession need not be apprehended. Dulness has been the principal feature to-day. In the last hour the market strengthened, closing very strong at best prices. The reaction was short-lived and small at best. We still retain our bullish opinion as to ultimate values.

## Railway Earnings.

**Mo., Kansas & Texas, 4th week**

## New York Stocks

**NEW YORK, Feb. 7.**—At the close of a varied and uncertain day on the stock exchange, prices as a whole showed few important changes from the final quotations of the day before. An accession of strength in the last hour forced up quotations to a point which compensated for earlier losses. The closing was active and strong.

During most of the day a reactionary trend was evident, although the support received prevented any extensive losses, and gave the impression that substantial backing was being offered to maintain the present improved level. Such heaviness as developed was attributed for want of a better reason to Wall-street's fear that the proposed extra session of congress in case of failure of the present congress to take final action on Canadian reciprocity, might open the way for further adjustment of the tariff. It is more likely, however, that the temporary setback was due to the action of those who loaded up with long stock during the recent advance, and that the press of liquidation, which is still under way, is making itself felt more plainly with the diminishing absorptive power of the market.

From the River came reports of steady curtailment in the output of cloth mills, and from North Carolina news that the cotton manufacturers at a meeting to-morrow would consider the advisability of reducing their output.

## AMENDMENT TO THE ADDRESS

Will be Introduced by Austen Chamberlain Dealing With Preference.  
 (Canadian Associated Press Cable.)  
 LONDON, Feb. 7.—In the commons notice was given to-night of the official opposition amendment to the address on the fiscal question, which Austen Chamberlain moves to-morrow in the following terms: "This house expresses regret that the persistent refusal of his majesty's government to modify the fiscal system of this country, imperiling the advantages at present derived by British commerce from the preference granted by the dominions overseas, and the consequent commercial union of the empire and deprived the country of the most effective method of inducing foreign countries to grant fair terms to British manufacturers." The debate has been arranged to extend over two nights and a division will be taken Thursday.

## The Sterling Bank of Canada

Notice is hereby given that a dividend of one and one-quarter per cent (1 1/4 per cent) for the quarter ending 31st January instant (being at the rate of five per cent (5 per cent) per annum) on the paid-up capital stock of this bank has been declared, and that the same will be payable at the Head Office and Branches of the bank on and after the 15th day of February next.

The transfer books will be closed from the 17th January, both days inclusive.

By order of the Board,  
 F. W. BROUGHALL,  
 General Manager.  
 Toronto, Jan. 10, 1911.

Only the Premiers.  
 LONDON, Feb. 7.—The Canadian Associated Press has high authority for stating that the only persons in the Dominion who will receive official invitations to the coronation will be the premier of the Dominion and the premiers of the several provinces.
