SENATE P.O.

GENERAL TO DAY PORT RYAN CEMETERY

Body of the Late Judge Mabey
Will Be Taken on Special
Train to Lakeport Town, His
Birthplace, For Burial
and Es. Lawyers, Railway
Officials Will Attend.

A special train will leave the Union
Station at 11:35 this morning, carrying
the remains of the late Hon. J. P.
Mabey to the little town of his birth-
place on the north shore of
Lake Huron, where the beloved jurist
and statesman of the Dominion Rail-
way Board passed his boyhood and
early manhood days. The body will be
carried in the railway commissioner's
private car, attached to a special train.
There will be a great number of
passengers, including judges, railway
officials, lawyers and many friends in
general. Life, who will go to the
Lakeport, where the casket will be
interred in the cemetery on the edge
of the town, to rest alongside those of
his father and wife of Judge
Mabey.

Cabinet Ministers
The cabinet ministers from Ottawa,
including the Dominion and provin-
cial cabinet ministers and different organi-
zations, will attend the funeral. Mayor
Duggan, Controller Church and Harry
Wiseburg, city corporation counsel, will
attend the funeral and twelve mem-
bers of the board of trade, name-
ly: Messrs. D. Somers, the presi-
dent, and C. D. Allan, J. W. Wood,
C. S. W. Jones, J. F. Ellis, Hugh Blain,
W. Wood, D. W. Band, John Melady,
and A. F. G. Morley.

Funeral Arrangements
Hon. Mr. Mabey's body rested in the
rooms of W. J. Humphrey, Senate un-
der-takers, Church and Maitland-sts.,
since the death of St. Michael's Hospi-
tal, in a heavy oak casket, richly lined,
and surrounded by the family and
R. Richardson, the late jurist's
private secretary, which in most particu-
lar follows the arrangements made by

THE BANK MERGER

R. Wilson-Smith's Chronicle, Mont-
real: Attention has been centred large-
ly on the matter of the bank merger.
Definite announcements have accepted the
offer of purchase made by the Royal
Bank seems to have caused some un-
pleasantness in business circles over the
concentrating tendency. Approval of
amalgamation in the banking world of
Canada is something that can serve an
exceedingly useful purpose. The trans-
ference of the other banks in general
should be perfectly at liberty to take
over or absorb the crippled institution.
And it is conceivable that various other
circumstances might arise to make it
impossible in the public interest to
absorb another. It seems a pity that
a course which seems likely to result
in a consolidation of the banks, the
of which might be a great advantage
for a rapid expansion, should be
a course which seems likely to result
in a consolidation of the banks, the
of which might be a great advantage

Toronto Globe: The negotiations be-
tween the Bank of Montreal and the
Bank of Canada, which culminated in
the purchase of the Bank of Montreal
by the Royal Bank, were conducted by
two members of the younger element
in the local financial community, Mr.
Douglas K. Ridout and Mr. Albert E.
Dyment. The deal, which meant the
creation of a joint institution having
assets amounting to \$187,000,000, re-
sults in a consolidation of the banks in
the most complete sense. It was not until
the negotiations were practically closed that
the papers disclosed the truth, and still
later developed the important part per-
formed by Messrs. Ridout and Dyment.
Mr. Dyment is a member of the stock
exchange house of Dyment, Cassels &
Co., and Mr. Ridout is of the insurance
firm of Ridout & Strickland.

No one blames Mr. Ridout and his
assistant, Mr. Dyment, in making
\$300,000 out of the deal for themselves
and their clients. Only other "members"
of the younger element in local finance
will be trying the same adventure, both
here and in Montreal, in order to get
not only the ducaats, but their picture
in the paper? But why should a bank
official be credited with profiting \$150,000
out of the deal?

The news from Montreal of a much
bigger consolidation is again confir-
med. The Globe has blessed the process.
The News says it is so good that it
swallows the result of its own logic:
that one bank would be best of all.
The Telegram is for this merger—and
any other merger—until the law is
changed. As for The Globe's talk of
secrecy, the brokers were all on the
job for days and days.

There will be about three banks left
when parliament comes to meet. It is
such a splendid thing that the more
we have of it the better.

Extensive Frauds Charged Against Brantford Couple

**Harry Mishkin and His Wife
Charged With Obtaining
Goods Valued at \$15,000
From Toronto Wholesale
Houses.**

On a warrant charging him with con-
spiracy to defraud several local wholesa-
le houses to the amount of \$15,000,
Harry Mishkin, alias Harry Lever, and
Mrs. Juan Mishkin, alias Juan Lever,
were arrested last night by Detectives
Tipton and Archibald. The man was
arrested at 14 Maud-st. and the wo-
man at 22 Maud-st., at the home of a
sister-in-law, Mrs. Black. The con-
spiracy is alleged to have been com-
mitted with some relatives in Brantford,
and two of the complainants are the S.
P. McKinnon Company and John Mac-
donald Company, wholesale clothing
warehouses, Toronto.

The arrests followed the placing of
the Mishkin merchandise store in
Brantford, into the hands of N. L.
Martin & Co. of Toronto, assignees. A
brother of Mishkin, and husband of the
woman, who ran the store, is wanted
on a charge of conspiracy. He has left
Brantford, and the police are looking
for him.

A Mrs. Wiseburg, another relative,
who was interested in the Brantford
concern, is now standing trial in the
Telephone City on a charge of fraud in
connection with the same offence.

All Gave Notes.
According to the police, Mrs. Wise-
burg and Mishkin's man now at large,
purchased goods to the amount of \$15,000
from the local warehouses to stock
their store, and gave notes for pay-
ment, all of which fell due on May 4.
Before this date Mrs. Wiseburg was
arrested on a complaint by a company,
who believed that they had been de-
frauded. She was bailed out and then
assigned the business. Mishkin, mean-
time, had vanished. Mrs. Wiseburg
was rearrested and the ball doubled.
Yesterday she was before a magistrate
in Brantford.

Carload of Clothing
It is alleged that a carload of cloth-
ing was shipped from Toronto to
Brantford by a local company, per in-
struction from Mrs. Wiseburg and
Mishkin and that it was sent
back to Toronto, addressed to the two
people who were arrested—Juan Mish-
kin and Harry Mishkin—the women's
brother-in-law. It is said that the con-
tents of the car were placed in storage
and from time to time some of it was
taken out and sold to different people
in this city. In one storage a consider-
able amount of clothing was found, and
in another a lot of furniture. It is fur-
ther believed that another car of fur-
niture was shipped to the Brantford
store and immediately re-shipped to a
city in the west. The person it is ad-
dressed to is unidentified and the car
is stalled in the yards awaiting to be
claimed.

Sold \$900 Worth
When arrested Mishkin had \$900 worth
of clothing in his room at 14 Maud-
street, and Juan Mishkin had about
\$200 worth at the other house. All the
articles in the storage houses was there
under fictitious names, and the man
and woman had sold about \$900 worth
of it. Two trunks and a large basket
filled with clothing, and a bundle of
costly wearing apparel valued at about
\$1000, were recovered by the police.
The prisoners will appear in the police
court this morning.

SAY ASSESSMENT IS VERY HIGH

**Summer Residents of Lake
Simcoe District Complain
of Action of Township
Officials.**

A number of summer residents of
Roche's Point, Eastbourne and Or-
chard Beach, Lake Simcoe, held a
meeting at the office of Walter Wade,
Toronto, yesterday to decide upon what
action they would take in regard to
their assessments in the Township of
North Grenville. This year the as-
sessment of the non-resident summer
visitors has been enormously in-
creased, more than doubled in some
instances, while the local farmers and
other permanent residents have been
more favorably dealt with.

This was regarded as an unfair dis-
crimination, and consequently there
will be many appeals to the court of
revision, and, if necessary, to the
county judge.

HAMILTON'S RESPECTS

HAMILTON May 7.—(Special.)
—As a mark of respect to the
late Judge Mabey, Mayor Lees,
several of the aldermen and
other officials will be present at
the Grand Trunk Railway sta-
tion to-morrow morning, when
the body of the late chairman of
the railway commission passes
thru the city, en route to Fort
Rowan.
Controller Baily, A. Dr. Dr.
Davy and Ald. Dr. Hopkins will
join the funeral party at the sta-
tion here and will represent the
city at the obsequies at Fort
Rowan. Mayor Lees will be un-
able to attend the funeral, be-
cause of important engagements
which he cannot cancel.

TORONTO WOMEN INJURED IN RUNAWAY

**Mrs. McKean and Miss Arnoldi
Thrown From Buggy When
Horse Became Frightened
at an Engine and Mrs. Mc-
Kean Is in a Critical Con-
dition at Private Hospital.**

Mrs. Isabella McKean, aged 84 years,
sister of Frank Arnoldi, K.C., was
probably fatally injured and Miss Arnoldi,
aged 25 years, was seriously hurt when
their horse became frightened at a
shunting engine yesterday and ran
away. Both women were thrown from
the buggy and sustained lacerations on
the head and face and were badly bruised.
It is probable that Mrs. McKean sus-
tained a fractured skull. Since the
accident she has been lying unconscious
in the Victoria Memorial Hospital, 56
Isabella-street. Miss Arnoldi will re-
cover.

Balked at Engine.
Mrs. Arnoldi was driving the horse,
which she had been accustomed to do
once or twice a week for nearly four
years. Also it was spirited animal. It
was usually easily kept under control.
The two women went down Peter-
street, and at the corner of Front-
street, near the railway siding, the
horse balked at an engine and then
broke for liberty. It had gone a short
distance when the buggy was jerked to
one side and the two occupants were
thrown to the roadway. The horse was
caught a block or two away. The
vehicle was somewhat battered up.

Taken to Hospital.
A passing motor car took Mrs. Mc-
Kean and Miss Arnoldi to the private
hospital. The elderly woman when
picked up was unconscious, but Miss
Arnoldi had not lost consciousness,
altho she sustained severe injuries.

Mrs. Arnoldi lives with her father,
Frank Arnoldi, K.C., at 27 North-
street, and Mrs. McKean's home is on
Bellevue-avenue.

A Quiet Animal.
There was considerable surprise
manifested at the 41st street in-
quiry. East Bloor-street, when the news of
the runaway was learned. Mr. Maher
said the horse had been stalled in his
stable for four years and was a quiet
animal and thoroughly accustomed to
street cars and engines. Miss Arnoldi
was a very efficient horsewoman, but
she very rarely used a curb chain on
the animal, believing it to be trust-
worthy, which was the case when the
accident happened.

At an early hour this morning Mrs.
McKean was in an unconscious condi-
tion in the hospital. Dr. Albert Mac-
donald of 17 Bedford-road is attending
both.

NIAGARA FALLS BACTERIOLO- GIST DEAD

NIAGARA FALLS, Ont., May 7.—
(Special.)—The city council has adopt-
ed a by-law to raise \$15,000 for the
erection of a new college grammar-
school, Dr. E. B. Norton, city bacteriologist
on the American side, and a native of
St. Thomas, Ont., died following an
operation. He was 29 years old. The
burial will take place in St. Thomas.

LORD MAYOR OF BERLIN TO RESIGN

BERLIN, May 7.—(Can. Press.)—The
Berlin morning papers announce that
the lord mayor of Berlin, K. S. Martin
Kirchener, intends to resign shortly,
and that Adolph Wormuth, the former
imperial secretary of the treasury, will
succeed him.

GEORGE REGINALD: Aw, what's the use?

SAFETY SWITCH AT LANSDOWNE

**Ontario Railway Board Orders
Installation of New Device
to Prevent Acci-
dents.**

That a safety switch, the same as the
one lately installed at St. Lawrence
and Kingsstreet, be placed at the Dun-
das and Lansdowne intersection, was
the recommendation embodied in the
report of Engineer Wyse, which was
discussed yesterday afternoon by the
Ontario Railway and Municipal Board.
Since the big accident on Dundas-
street some weeks ago, when one car
took the wrong switch and crashed into
another trolley, injuring many people,
Engineer Wyse has been engaged in
inspecting all the other switches used
on the street car lines. The Lans-
downe-avenue switch is the only one
which Mr. Wyse advises to be changed
and he says that the safety device now
in use at St. Lawrence-st. would sur-
vice.

To Attend Brotherhood Convention

QUEBEC, May 7.—One hundred
and fifty delegates of the Federa-
tion of Brotherhoods of England
will arrive in Quebec to-morrow
morning by the Royal Edward.
The delegates is on its way to
Quebec, where it will attend the
convention of the Brotherhood of
Protestant Churches of Canada,
from the 10th to the 14th. The
object is to organize a brother-
hood federation for Canada,
similar to that of Great Britain,
which now numbers 1,000,000
members.

PARTIES LINE UP IN QUEBEC TO-DAY

Conservatives Hope For Vic-
tory With Aid of Powers
at Ottawa—Gouin Con-
fident of Success.

MONTREAL, May 7.—(Special.)
Nominations for the 18th legislature
since confederation will take place all
over the Province of Quebec to-morrow
except the Magellan Island division,
where the polling takes place later.
Gouin nominates also to-morrow, but
the voting is not on the same day. Un-
less some accident occurs there will be
no acclamations; as both parties are in
line and up to the present no quarter
is asked and none given by either side.
Sir Lomer Gouin, prime minister,
will contest both Port Neuf and St.
John's, while one of his ministers, Hon.
Charles Devlin, will run in Nicolet and
Témiscamingué, the latter being one
of the new constituencies which came
out of the late redistribution.

OWN SOUND PASTOR RESIGNS

OWEN SOUND, May 7.—(Special.)—
Rev. H. A. Fish, pastor of the big new
Westside Methodist Church, last even-
ing handed in his resignation to the
quarterly board, after three years as
incumbent. His health is assumed by
Mr. Fish as the reason for his resigna-
tion. He is popular in Owen Sound,
and it was largely due to his efforts
that the new Westside Church was
built and left free of debt.
"A large addition will be made this
summer to the plant of the Curbit
Furniture and Machine Co. The new ad-
dition will be devoted entirely to bridge
building and structural steel work."

PRESIDENTIAL TO C. H. RUST

A farewell dinner was tendered last
night at the National Club to C. H.
Rust, former city engineer, who is
about to leave for Victoria, B.C. J. S.
Willison proposed a toast to Mr. Rust,
the latter replying with feeling. W.
P. Gundy, on behalf of the members
of the club, presented Mr. Rust with
a beautiful loving cup.

CABINET MAKERS WANT INCREASE

Will Ask For 40 Cents an Hour
and Are Confident That
Request Will Be
Granted.

The cabinetmakers of Toronto have
decided to ask the employers for an
increase in wages from \$7.1-cents and 35c
per hour to 40 cents. A mass meeting
will be held at the end of the month to
arrange the details of the concessions
demanded. In the meantime a
special organizer will be put in the
field for the purpose of filling the ranks
of the union. At the Labor Temple
last night a very enthusiastic meeting
was held and the men are confident of
a substantial increase in wages.

GOT NO GRANT FOR MEMORIAL

**Dominion and Provincial Gov-
ernments Failed to Con-
tribute to Fund For
1812 Heroes.**

At a meeting to the memorial to the
Heroes of 1812 Association, held at
the King Edward Hotel yesterday
afternoon, Lieut.-Col. William Hamilton
Merritt, the president, stated that the
executive of the association had been
unable to persuade either the Ontario
or the Dominion Government to make
any grant towards the erection of a
suitable memorial. Great disappoint-
ment was expressed by the members
present at the failure to get govern-
ment aid for the project, as it had con-
fidently been expected that such aid
would have been given. In view of
this it was decided to hold another
meeting in the near future to consider
the matter. A special committee was
appointed to outline what future action
should be taken.

Inspector's Death Not Thru Foul Play

PETERBORO, May 7.—(Special.)
Rumors that an investigation would be
made in the case of the drowning of
James Peters, assistant fishery inspec-
tor, last Friday night, are unfounded.
Peters, with Richard Thornbeck, was
sailing in Baxter's Creek, about eight
miles from the city, when the canoe
upset and Peters, after holding to the
craft for some time, sank. The cries
of Thornbeck attracted farmers and
they rescued him.
The body of Peters was found in
three feet of water. Coroner Greer
declined an inquest was unnecessary.

The Play is More Interesting

While John Fox, jr.'s book, "The Trail
of the Lonesome Pine," is intensely in-
teresting, the play, as dramatized by
Eugene Walter, and which is at the
Pincesis this week, is even more so.
There will be a matinee to-day at half-
price.

The Christy Trade Mark

The Christy trade mark
is something of historical
value besides being the
guarantee of quality and
style in English hats.
Christy label came with
the introduction of the
stuff felt and silk to Eng-
lish society in 1751, and it
is still the great hat it was
in those good old days. The Dignam
Company, 140 Yonge-st., announced
yesterday that it has received a special
importation of splendid Christy hats
in the latest blocks, and offered at \$2.00
each.

FEVERISH HASTE IN NORTH TORONTO

**Council Travels Hand-in-hand
With Metropolitan Railway
Company and Wants Vote
Taken in July—No Word
Concerning Joint Action on
Part of City.**

NORTH TORONTO, May 7.—(Spe-
cial.)—Practically with a unanimous
vote, Councillor Ball alone objecting,
the North Toronto town council to-
night voted, after discussing the Metropoli-
tan agreement, to double tracks,
to call a special meeting, probably on
Tuesday evening next, when the matter
will be further considered.

The feverish haste manifested by the
mayor and a majority of the council
to hand away the additional franchise
on Yonge-street was adversely com-
mented upon by the town people pres-
ent, one going so far as to say that
the proposed terms would be buried
three to one. But to return to the
agreement.

Every member of the council, with
the exception of Councillor Baker,
were present, with Councillor Ball as
chairman of committee of the whole.
The terms have been pretty well an-
ticipated and vary little from the con-
cessions made. Following the ordi-
nary construction of the roadway the
company agrees to build and maintain
the roadbed proper and to construct
from end to end of the town another
line to be laid in the middle of Yonge-
street.

C. L. Wilson, traffic manager, rep-
resented the Metropolitan and proposed
the scheme pretty well on to a finish
as far as the council were concerned.
In the outset Mr. Wilson offered \$600
a mile single trackage, but later raised
it up to \$800 a mile, making about
\$2400 a year for the privilege of
double-tracking Yonge-street from end
to end of the town.

Councillor Ball pointed out that this
will incur a heavy liability to be borne
by the town and quoted city figures to
bear out his contention. The con-
tract was accepted by a 10-1 vote.

CHILD KILLED BY MOTOR CAR

**Tried to Cross Street in Front
of Her Home and Was
Crushed to
Death.**

Six-year-old May Taylor, living with
her parents, Mr. and Mrs. John A.
Taylor, at 21 Burnfield-ave., near Van
Hornest, was killed opposite her home
about 7 o'clock last night, by a motor
car. Accompanied by her mother, the
little girl was walking along Burn-
side-ave. Just opposite her home, she
broke away from her mother's hand
and started to run across the street,
evidently with a desire to get there
first. A motor car, driven by Fred
Waterman, 189 Western-ave., and
owned by R. J. Kleiser of 45 Crescent-
rd., traveling at a comparatively slow rate
of speed, ran into the child. The driver
brought the machine to a standstill
within a few feet.

Mr. Hyland of 253 Christie-st., was
summoned, and said that the child had
been killed instantly.

After the fatality, Waterman, the
chauffeur, gave himself up to the po-
lice at Ossington-ave. station, but he
was allowed to go on the evidence that
it was purely an accident. Coroner Dr.
R. R. Hopkins has called an inquest at
the morgue for 5 o'clock this afternoon.

The Play is More Interesting

While John Fox, jr.'s book, "The Trail
of the Lonesome Pine," is intensely in-
teresting, the play, as dramatized by
Eugene Walter, and which is at the
Pincesis this week, is even more so.
There will be a matinee to-day at half-
price.

The Christy Trade Mark

The Christy trade mark
is something of historical
value besides being the

WORK COUNTY West Toronto North Toronto East Toronto

WEEKLY HASTE IN NORTH TORONTO

Continued From Page 1. The first proposal was to give Bedford Park only a ten-minute service during the rush hours of the morning and evening, but later it was amended to give Bedford Park a five-minute service in the limited hours and the same service as all other parts of the area the balance of the day.

IMPOSSIBLE TO HELP MY KIDNEYS'

Until I Used "Fruit-a-tives," the World's Greatest Kidney Cure

Practically everybody in Toronto knows Prof. J. F. Davis. For years the elite of that city has taken lessons from Prof. Davis in the art of dancing and deportment.

"I want to say that 'Fruit-a-tives' is my only medicine, and has been for the past five years. Previous to that I had been troubled with rheumatism and kidney disease, and had taken many remedies without satisfactory results.

"I was told that 'Fruit-a-tives' is my only medicine, and has been for the past five years. Previous to that I had been troubled with rheumatism and kidney disease, and had taken many remedies without satisfactory results.

800,000 of these Tires Sold to date Not one wrecked by Rim-Cutting

Buyers of tires are shrewd men. The merits of the tires alone influence them.

They have made good our claims that they save 48% in tire maintenance.

How do they do it? FIRST—By preventing rim-cutting.

SECOND—By providing for overloading. No-Rim-Cut Tires are 10% oversize—carry 10% more weight—save blowouts.

THIRD—The extra size of No-Rim-Cut Tires gives them more resiliency—saves the mechanical parts of the car from excessive jolting.

Investigate No-Rim-Cut Tires. You will buy them too.

Note and Comment

Some unsportsmanlike fans are inclined to roast the Leafs for their failure to hit the ball and win a game after two trials...

However, there are some veterans who never strike their stride. George Stone, who in 1906 headed the American League...

Why does everybody pity the poor umpire? Tom Lynch, an ex-umpire, is running the National League at a fancy salary...

New York Sun: Jack Curley of Chicago, who is promoting the so-called fight between Jack Johnson and Fireman Jim Firus...

Sporting Editor World: I see by one of your papers that everything is ready for the opening at the Woodbine.

Work on a new racetrack at Havre de Grace, Md., has begun. It will be located about one mile from the old track.

A Lifelong Patron

The Havre de Grace track will be the fourth to be operated in Maryland. After five years of operation, the race track at Marlboro and in the fall Curley Brown will reopen his Laurel plant...

McConnell started off the eighth with a single, but he was left on by Andy Pfeiffer, who threw out the ball to the first baseman...

Buffalo got early lead but held it tight in this time. Buffalo again secured the lead on the Newark and held it...

Table with columns: Name, A.B.R.H.O.A.E. Lists statistics for players like DeLoach, Murray, McCabe, Bies, McCallister, Stroud, etc.

St. Barnabas Cricket Club. The St. Barnabas Cricket Club would be glad to arrange games with any club...

BEATEN TO DEATH. Brown confesses he did it in self-defence. Brown says he stopped at the Gladstone Hotel and was forced to admit...

O.B.C. Annual Tournament. At a special meeting of the executive committee of the Ontario Bowling Association...

BASEBALL RECORDS

Maxwell Walked Wheeler in Ninth to Get Purleri, But Latter Singled, Scoring Two Runs—Scores.

It was Ladies' Day and even with Maxwell, the latest addition to the hurling staff, on the mound, the Leafs could not win.

Maxwell was called on again to deliver a pinch hit, and he came across with the needed, Bachman was sent up on a line for a safety.

It was the second when the swarms of demerger opened for their first counter-swing to centre, Wheeler's intent was to swing to the outfield.

Wheeler was out on a line for a safety. Lester hit one on a line for a safety.

Maxwell started the rally by dropping a slow sacrifice. Barrows and after laid down the McConnell-Jordan route.

McConnell started off the eighth with a single, but he was left on by Andy Pfeiffer, who threw out the ball to the first baseman...

BOXING DATES

The Canadian boxing championships under the auspices of the Amateur Athletic Union of Canada...

It is hardly likely that Ivan will be allowed to compete in the latter part of the year, and once again Mr. Ryan will have to stay in the back-

The Canadian Canoe Association looks kindly on the A.A.U.'s proposition to affiliate with the union, and the C.C.A. will likely get into line before their annual regatta.

The Dominion Day Regatta committee was out for the first time last night and had a big turnout.

The Island Aquatic war canoe crew were out for the first time last night and had a big turnout.

Beach Canoe Club war canoe were out for their initial work on Monday night, and are slated to turn up to-night.

Montreal Herald: Twenty years ago the world and Montreal went crazy over a story entitled the Mystery of a Hansom Driver.

Following players of the I. C. B. U. are requested to turn out for practice on the Don Pits at 7:30 p.m. on Monday night.

Amateur Baseball. All players of No. 40, O.T.B., Baseball Club are requested to be on hand for practice to-night at the big rink of the Exhibition grounds.

EXCURSION. The excursion to Niagara Falls will leave on Saturday, May 11, 1912.

\$2.00 and SATURDAY May 11, 1912. Grand Trunk Ry. System. Tickets good to return on regular trains Sunday or Monday.

BASEBALL TO-DAY. Toronto vs Jersey City. At Island Stadium, N.Y. Plan at 117 Bay Street.

LOOK FOR THE WINGED WHEEL stamp & the name "Cashier" or "Fortune" and be sure of a gold-filled watch case of first-class workmanship and of correct artistic design.

MANAGER KELLY will send Dick Randolph against the Leafs this afternoon, and hope to take a full out of Larry Schafelberger to go down with the Leafs.

WHY ARE SO MANY MEN AFRAID TO WEAR A SERGE SUIT?

For Years We've Offered to Give a New Suit For Any of Our Suits That Fade—And We've Never Been Called Upon to Do It.

We "Shrink" Every Yard of Serge by Scientific Process—We Test Every Bale of Serge by "Acid Test" to Guarantee the Color.

Fifty per cent. of our customers buy Serge Suits here—because they never go wrong. There's a difference in serges. We sell you the kind that positively WILL NOT TURN COLOR—THAT WILL NOT "PUCKER" or play "pranks."

We need not remind you that a blue serge is indispensable. Good for all kinds of wear. Can be worn at any time—and at any place. For the next TWO DAYS we are specializing on a Serge Suiting at \$20. The lines are the CORONATION, UNIVERSITY, and KILLARNEY Serges.

Good Sale of Horses
At the Repository

The Repository held a big sale yesterday, which was largely attended. There were many special features. W. D. Beardon sold out his stable, which included a fine pair—Derry King and Derby Prince. All his broodmares, victorias, etc., were disposed of. Messrs. J. & T. Lloyd Jones of Burford sold a consignment of Welsh and Hackney head ponies. Mr. Thomas McNerney of the Stanley Livestock sold out his complete stable of horses and conveyances. A few extra fine standard bred horses were offered and sold. A pair of Royal Flycatcher was disposed of. One of the Repository shippers sent down a load of good carriage and saddle horses and they were all sold. The Repository management had a very busy day at the Auctioneer Club. A. Burns opened the sale and handled it in splendid style. Auctioneers Watson and Brothers also deserve creditable mention, as they worked hard and their efforts bore good fruit. John Shepard, Barrie, got a bill-gate for \$2,200. S. Conn, Ottawa, bought a pair load; J. L. Cowan, Galt, got a pair of horses; Kehor, Yorkman's, corners, bought a pair of horses; W. J. Gilka, Alton, got a pair of horses; A. White, Guelph, got a pair of horses; G. A. Schreiner, Weston, bought a pair of horses; R. Munns, Georgetown, bought a pair of horses; R. T. Lake, Lakeside, Ont., got a pair of horses; Geo. Casterton, Esq., Berlin, bought a pair of horses; C. C. Bender, Berlin, bought a pair of horses; W. Brown, Winoos, got a pair of horses; W. A. Brown, Clinton, got a pair of horses; D. N. Pike, Richmond Hill, got a pair of horses; F. R. Hayes, purchased a pair of horses; Robert Newell, Iversman, purchased a pair of horses; A. McKay, North York, sold out two horses; A. Webb got a pair of horses.

Park Civil Service Club.
The annual meeting of the Park Civil Service Tennis Club was held on the 6th inst. The following officers were elected: Hon. president, Hon. Dr. Reaume; president, H. F. McNaughten; vice-president, Miss McArthur; secretary, Miss Garvie; treasurer, Miss E. O'Neil; executive, Messrs. Garvie and Robertson; and Messrs. Gilles, Trivett and Cain.

Northern Navigation Lake Vessels Fitted With Wireless.
All steamers of the Northern Navigation Company which are their connecting line between Sarnia and Port Arthur, are being equipped with the Marconi wireless. The entire installation is of the most approved and up-to-date pattern, and when complete the Northern Navigation Co.'s fleet of vessels will be as well equipped in this respect as any of the modern ocean liners.

St. Alban's Cricket Club.
St. Alban's address a game for July 1st out of town. Address W. H. Garrett, secretary, 397 Christie-street.

R. DAVIES WINS TWO AT PIMLICO

Plate Glass Lands the Handicap and First Sight the Two-year-old Race—Lexington Results.

BALTIMORE, May 7.—It was medlar day more decidedly than ever, and there was considerable scratching of early entries. As usual, whenever R. Davies has an entry in the two-year-old division, a large following immediately put down their money on the post and won. First Sight came to the post and won after a gruelling drive. Plate Glass, a recent acquisition, also won for Mr. Davies.

Summary:
FIRST RACE—Maiden two-year-olds, 6 furlongs.
1. Plate Glass, 110 (Horn), 11 to 1, even and 1 to 1.
2. Hooky, 110 (Hopkins), 11 to 1, even and 1 to 1.
3. Union Song, 110 (Alex), 10 to 1, 4 to 1 and 2 to 1.
Time 1:14. Dr. Nett, Willis, Lawault, Turkey in the straw, Skibbereen, Verile, Goodnight also ran.

SECOND RACE—Three-year-olds and up, six furlongs.
1. Dr. Barkley, 120 (McTaggart), 4 to 1, 2 to 1 and even.
2. Argus, 115 (Turner), 4 to 1, 3 to 1 and 4 to 1.
3. Staircase, 110 (Pickens), 15 to 1, 6 to 1 and 3 to 1.
Time 1:14. Naper, Aviator, Tasteless, Catala, Louisa, Tackle, Belle Chen and Anna L. Daley also ran.

THIRD RACE—Handicap, three-year-olds, six furlongs.
1. Plate Glass, 128 (Martin), 3 to 1, 2 to 1 and 1 to 1.
2. Bob R., 106 (Turner), 5 to 1, 2 to 1 and 1 to 1.
3. Spellbound, 95 (Hopkins), 6 to 1, 2 to 1 and 1 to 1.
Time 1:14. Springboard, Cherryseed, Jim Pippin and Monty Fox also ran.

FOURTH RACE—Glenmore Steeplechase handicap, hunters, two miles.
1. J. W. Frye, 112 (Bowyer), 11 to 1, 1 to 1 and 1 to 1.
2. Hooky, 110 (Hopkins), 11 to 1, 6 to 1 and 3 to 1.
3. Jiu Jitsu, 123 (Kernath), 3 to 1, 1 to 1 and 1 to 1.
Time 4:20. Supplement fell.

FIFTH RACE—Two-year-olds, 4 1/2 furlongs.
1. First Sight, 110 (Martin), 7 to 1, 3 to 1 and 2 to 1.
2. Monocacy, 95 (Burns), 2 to 1, 1 to 1 and 1 to 1.
3. Monocacy, 95 (Burns), 2 to 1, 1 to 1 and 1 to 1.
Time 0:28.4. Amherst, Promoter, Continental, Church Bell and Loan Shark also ran.

THAT FOOT

Broken down arch causes trouble in the foot, heel and ankle. School's Foot-Binders give instant relief. You can walk all day without cramp or pain. Calluses, corns and bunions soon disappear. School's Foot-Binders make walking a pleasure instead of a torture. Try them today. The School Binding Co., Ltd., 472 King Street, W., Toronto.

The World's Selections
By J. M. H. ...
FIRST RACE—Pimlico, Bee, Lattin, Elliott.

3. Old Taylor, 105 Gowell, 102.
4. Sarnia, 108 Sarnia, 102.
5. Uncle Abe, 105 Auto, Run, 102.
6. L. H. Adair, 108.

FAST TIME BY KING'S PLATER

R. Davies' Gold Bud Covers the Distance at Woodbine in 2.16 2-5—Best Trial Performance of the Year.

A correspondent writes to me personally and wants to know why I don't say this and that about the Ontario Jockey Club, and why I had something to say about the Dufferin track and "news"—that's the way he puts it—the Woodbine. When there has been anything that could be substantiated about the Woodbine, I have not hesitated to say so. If it has come to my knowledge, or if it has been handed to me by some other person, successful, it appears to me that it has been so, if not unselfishly, at least by legitimate means. There are a lot of foolish notions that the only sportsmen who are to be found among the leisure class are those of the name of "sporting," the Earl of Derby, and the remainder of the aristocracy of England, have no idea of the word "sporting." While the late King Edward was by no means an expert sportsman, he was a sportsman in the true sense of the word, and he was a sportsman in the true sense of the word, and he was a sportsman in the true sense of the word.

By H. B. Martin

A man has 600 muscles, one billion cells, 200 different bones, 4 gallons of blood, several hundred feet of arteries and veins, over 25 feet of intestines and millions of pores. His heart weighs from 8 to 12 ounces, its capacity is from 4 to 6 ounces in each ventricle, and its size is 2 1/2 by 2 1/2 inches. It is a hollow muscular organ and pumps 22 1/2 pounds of blood every minute. In 24 hours it pumps 18 tons. It beats about 72 times a minute. In one year an average man's heart pumps 11,880,000 pounds of blood.

The average weight of a man's brain is 3 pounds and 8 ounces while that of a woman is 2 pounds 11 ounces.

WEDNESDAY MORNING, MAY 8, 1912.

WHAT WOULD MAKE THE CITY JUMP AHEAD?

One of the main problems of Toronto turns on Upper Yonge-street—Yonge-street immediately north of the city. Toronto has less than three miles of Yonge-street—she has ten miles of Queen-street and ten miles of Bloor-street. The city averages a depth of hardly two miles.

And yet Yonge-street is our oldest and most central thoroughfare.

Toronto has not grown to the north primarily because of bad roads, because of petty separate municipalities putting fetters about our northern portal.

Old Yorkville held Toronto at a dead stop at Bloor-street for years by its single village policeman and his sand and mud road. THE DAY THIS PETER WAS BROKEN THE CITY SPRANG UP TO THE HILL: BY YONGE-STREET, BY AVENUE-ROAD, BY ROSDALE.

Then came the fetter of the Township of York, with its bad roads and its antique municipal methods.

THIS PETER WAS BROKEN AND DEER PARK AND THE UPPER CANADA COLLEGE SECTION SPRANG INTO RAPID EXISTENCE—PERHAPS THE VERY FINEST PORTION OF THE CITY.

Now one other fetter remains and that is North Toronto and its bad roads, its village ways.

TAKE AWAY THIS PETER AND TORONTO WILL GO UP YONGE-STREET TO YORK MILLS IN A FLASH, JUST AS IT DID IN THE CASE OF DEER PARK AND YORKVILLE.

For some unaccountable reason, a section of the city has opposed this most natural growth of the city to the north. It must have been because of ignorance or because of a desire to see to it that people who live or want to live on Yonge-street to two streets car fares for a five-mile journey, whereas you can go in any other direction across the city for ten miles for one fare!

North Toronto for its three miles of Yonge-street should be in the city at once. Then the last fetter has been broken. The city will be able to commute the single-track double-fare franchise for a double-track single-fare service in quick order.

And the people who live on the street in North Toronto, now that their sewer and water piping is all down, would immediately tax themselves for an asphalt pavement right up to York Mills where the good roads are now being laid. And so will nearly every one of the streets lateral of Yonge!

There will be the most surprising expansion ever known to Toronto. IT WILL BE THE BIGGEST AND BEST EXTENSION, GREATER THAN PARKDALE, GERRARD, DEER PARK, EAST TORONTO, WEST TORONTO, ETC.

It will give Toronto a great backbone with a high-class pavement for the first time. The new territory will be a source of revenue, not a drag.

Why the newspapers of Toronto that have seen the jump-forward that came with the annexation of Yorkville and Deer Park should hesitate at North Toronto, we cannot say. We can understand Mr. R. J. Fleming's opposition because of his position in the traction and electric companies; we cannot, however, understand the venerable Telegram and the ancient Globe, other than that they still love to think of the Village of Yorkville and its sand and mud. But let the two municipalities get together in spite of these papers. Mayor Geary has yet a chance to do something. So has Mayor Brown up in North Toronto.

In the meantime let the people of North Toronto hold their determination to make no further concessions to a professed perpetual monopoly. Bear the ill they have for a time longer. It will not be for long.

ROOSEVELT AND BRYAN

Events are moving rapidly in the United States and the point to a great presidential contest, with Theodore Roosevelt as the nominee of the Republican party and William J. Bryan as the candidate of the Democratic party. Mr. Roosevelt this week has carried Maryland, Texas and Washington states, while Mr. Taft is feverishly campaigning in Ohio. Mr. Taft left the White House on Sunday apparently as the result of a sudden determination and appeared early next morning at Nelsonville, a small town on the outskirts of the Hocking Valley. There accompanied by his physician he crossed the state to Cincinnati speaking in all ten times to small

crowds in most inclement weather. He is to devote all of his time between now and the 1st of his own state, except for a day or two in New Jersey. He remains one of a great while fatally wounded, yet causing great emotion and even terror, for his friends fear to tell him the truth. Perhaps he is unwilling to hear it.

In the Democratic contest we find the candidacy of Woodrow Wilson shrivelled up. The adroit maker of phrases, with his facile adoption of all principles which seem to be popular, is not trusted by the mass of the people, who prefer the open-faced, perhaps too often the open-mouthed, Champ Clark. With Harmon they will have nothing to do, and the spat which prevails in the Democratic party respecting the results of the various primaries and conventions can only be explained by their belief that Roosevelt is unbeatable, or by their conviction that Bryan will be nominated after Clark, Wilson, Harmon, Underwood, Marshall and all the rest have ridden around the ring a couple of times in the grand equestrian dress parade which precedes the real performance.

The fact is that the two great political organizations, as represented on the one hand by the Republican president, and on the other by the Democratic house of representatives, are utterly discredited. Mr. Taft came to the White House with the best wishes of the American people. He came of honorable ancestry, was himself of stainless reputation and had been trained to a wider outlook upon the world than any of his predecessors since John Quincy Adams. He was pledged to reform the tariff and to carry forward the progressive policies of Theodore Roosevelt. He found it easier at Washington, however, to join the standpatners and to forget alike his pledges and the people.

The Democratic landslide in 1910 was meant as a warning to the president. It might also have been interpreted as a promise of future rewards to the Democratic party for good behavior. That the Democratic party to-day has little or no hope of electing the next president is due to the ineptitude of the Democratic majority in the house and to the corruption which may be fairly ascribed to some members of that majority. The house has been timid, irresolute and of no service to the country. It has not reduced the cost of living. It has not lightened the burdens of taxation. It has not brought about the parcel post and other great reforms. The Democratic members of the house cut a poor figure and Champ Clark must stand or fall by their record, hence his impossibilities as a candidate.

Roosevelt's success is due to the fact that against all odds he will appeal to the people. His primary system, which not fully established, in his working order, gave him the opportunity. The system means a revolution in the political affairs of this continent, extending, as it is bound to extend, through the Union and, with some modifications, to this country.

Mr. Roosevelt's election as president changes the need not affirm that the voice of the people is the voice of God; suffice it to say that the voice of the people is being heard.

FINANCING, NOT OPERATING, A RAILWAY COUNTS

Grand Trunk and Canadian Pacific draw more revenue from Toronto than any other place either in freights or fares, and yet their accommodations in this city for business are absolutely inefficient and unblockaded as a consequence business has been and the growth of the city held back.

The chief executives of both these systems in Montreal regard Toronto as a way station, that is, it gives them more money than any other place in Canada. They would not spend a day here if it would save them from going to jail. The most they will do is to stop at Toronto for ten minutes, or long enough to take a snack at a club; then disappear on a special train. They don't care whether Toronto business is accommodated or not, nor will they send an envoy with executive powers, nor will they build shops in Toronto for the construction of engines, cars and coaches. They don't like Toronto; they don't like Toronto's progressive ways, and they don't like Toronto's views in regard to railway regulation. So they treat Toronto as away out on their system and leave it to work out its own salvation.

There is hardly a newspaper in Toronto that has spoken out against this treatment of the city. The Globe approves of it and The Globe is preparing a way for another melon to be cut by the directors of the Canadian Pacific. The main object in life of the directors—and two of them live here—is finance and the distribution of immense dividends to shareholders.

The operation of a railway is another and quite inferior consideration; they leave that to deputies. The directors and executive are not in the service department; they are on the financial side, and so they sit as directors on the various financial institutions, and when on their own boards they talk finance and the most they do as regards operating a railway and the service given is to call in the operating department to their office for a few minutes. They are not worried about the service—they are thinking about dividends and melons.

The one department in the railways of Canada that is audited and over-audited is the operating and service department. If a station master asks for a broom, he is put on the carpet, and the man who received the most recognition in the last few years in

BONDS

Our Bonds offer the small investor an opportunity to invest his money profitably and safely.

We issue them in sums of one hundred dollars and upwards.

The Corporation was established in 1885, and the accumulated experience of considerably more than half a century is brought to bear upon the selection of the securities in which the Bondholders' and Shareholders' money is invested.

These Bonds are by law an AUTHORIZED TRUST INVESTMENT.

We shall be glad to send you a copy of our Annual Report and all particulars.

Canada Permanent Mortgage Corporation

Toronto Street, 135, Toronto.

connection with maintenance of way is the gentleman who found out that fence posts along the right-of-way could be put twenty feet apart instead of as formerly eighteen feet. He was given a medal.

We would like to ask Sir Thomas Shaughnessy, who is head of his operating department and what authority he has to incur a dollar's worth of expense in serving the just demands of the trade of Toronto? There is nobody here with any authority in that respect. But let some gentleman in Toronto call up Sir Thomas on the line and suggest what a melon can be cut and see what attention he will get from the chief executive. He will be invited down to Montreal and taken to the St. James' Club and then to the Grand Opera and will be treated altogether as one of the saviors of the country.

Do you, O, you do you get it into your heads what the difference is between the operating department of a railway and the financial side of it, and then you will see what little authority and what inferior ranking the men in charge of the operating and service departments hold as compared with the real chiefs who are in the financial line. It is they who are the magnates of the system, and the legal magnates, they, too, travel in magnates' cars and participate in club life. But you see the operating man and his little car, sometimes rigged up like a road foreman's car or a cheap pig car. There is nothing of the magnate rank about the operating department of a railway. And the only attention Toronto ever gets is from an irresponsible operating department. The financial chiefs laugh when you mention Toronto to them and so do the high council of the corporation.

Who Goes to Toronto?

John Bull, under the caption "Canada a Four Letter Word," writes in the "British people who are about to allow themselves to be fooled into emigrating to Canada may be interested in the question of the 'Toronto Globe.' Can any community of 400,000 people, possessed of vast wealth, call itself civilized that permits men and women to live on the streets in a condition of poverty? It asks because in one day's issue was reported three cases—one of an old man of 70 found dying of starvation on the streets, and another of a food being a crust of bread; another asphyxiated because he was unable to obtain work; and a third, aged 66, dead in night in his bed, and the cause mentioned by the medical professional mentioned feeds fat. It says, 'and the needy die like neglected dogs in their kennels. Who goes to Toronto?'

JAMES SIMPSON BACK

Well-Known Eskimo Man Spoke to Fairlie Miners.

James Simpson, the well-known labor man of this city, has just returned to the city to his home at 270 St. Patrick street, where he has delivered an address at the big May Day celebration held by the miners. Mr. Simpson says that the men have been discriminated against since the strike and also that the majority have been left out of the new mining company, called 'agitators' who are being supported by the union yet. The unions in that part of the country are very strong, he reports.

WEST HASTINGS LICENSES

COBourg, May 7—(Special.)—At their annual meeting West Hastings license commissioners granted licenses to the Gibson Hotel, Cobourg, to sell wine and beer, reserving the decision with regard to the Quinte and St. Lawrence until such that certain improvements have been made. Shot Licenses were granted to D. S. Hooley and A. W. Hawley.

NEW POSTOFFICE

LAKELAND, May 7—(Special.)—C. H. Hill, public works agent of the Dominion Government, and Mr. J. A. Saxe, M.P., were in the village recently soliciting a site for a new postoffice to be erected here.

Situated in Georgian Bay, it has all the advantages required for this purpose, and upwards of \$5,000,000 has been expended in the improvement of the harbor, terminals and elevators. A further sum of \$10,000,000 has been appropriated and Port McNicoll is undoubtedly destined to become one of the most important ports on the upper lakes. The new city has been laid out with all the equipment necessary for the protection of the public health, and with cheap electric power and factory and residential sites, the development of Port McNicoll is certain to be phenomenal. The exceptional opportunity offered to investors is detailed in an attractively illustrated booklet, just issued by the Pacific Realty Company, 154 Bay-st., and can be had on application.

ROOSEVELT VS. TAFT

The present contest between the two great leaders of the Republican party in the United States is rather a sorry exhibition. It was expected that when Col. Roosevelt started out to secure the reference herein from Mr. McAndrew would be some plainness of speech, and vigorous, even bitter, criticism of each other's policy. But it was not expected that the publication of any private letters from his opponent, and the spectacle is not very creditable to either of the parties concerned. We imagine that most men will regret exceedingly the personal element which has been introduced. Which of the two is the more to blame, we do not wish to say, but the present campaign has injured both of them. At present out of 1078 delegates 405 have been elected, and of these Taft has 429 and Roosevelt 579. At La Follette, and 10 for Cummins. It is freely charged that back of President Taft stand some of the great money corporations of the country, the Col. Roosevelt's backers compel a suspicion that the corporations, some of them at least, are not wholly hostile to the man they are supposed to be their enemy. The bitterness of the campaign is so great that if either of the two men is chosen it seems almost impossible to have a commission of railway commissioners who will be able to do the duty of a Democratic president—Christian Guardian.

At Osgoode Hall

ANNOUNCEMENTS.

May 7, 1912.
 Motions set down for single court for Wednesday, 8th inst., at 11 a.m.:

Why Sniffle and Sneeze With Catarrhal Cold?

By Breathing the Healing Vapor of Catarrhoseon You Get Relief in Ten Minutes.

Every second person that you meet seems to have a sneeze and stuffed feeling in the forehead and nostrils. To cure promptly, say, in half an hour, there is nothing but Catarrhoseon. Catarrhoseon. You inhale its balsamic vapor and feel as if you were among the Norway pines. This is because Catarrhoseon contains a healing medicine that straight into the lungs and bronchial tubes. Away goes the cold, sneezing and catarrhal cough ceases. Catarrhoseon stops in short, you are cured of catarrh by a pleasant, simple remedy. Free from opiates and irritants.

Catarrhoseon is a swift, certain means of destroying colds and catarrh is proved by the following statement of one of our best and most reliable dealers:

"I was called on May 10th, 1912, by a man who was suffering from a cold, which was living in a very severe cold, which was treated with four different physicians, who offered me no relief. On consulting me I was advised by a friend to use Catarrhoseon. I inhaled the vapors in ten minutes. I was completely cured by Catarrhoseon. I have used it since then to check a cold with unfailing results. It is the grandest medicine in existence, and I sincerely hope every man, woman and child will use it to other fellow-sufferers."

(Signed) George Pulso.

An ideal protection for the chest, lungs, nose and throat is the frequent use of Catarrhoseon. The most effective treatment (the large size) costs \$1.00, medium size 50c; at all dealers or the wholesale prices: Buffalo, N.Y., and Kingston, Canada.

Single Court.

Before Middleton, J.
 Broom v. Toronto Junction—Plaintiff in person. W. McMaster for Anderson. An appeal by plaintiff from the order of the master in chambers refusing to add Mr. A. J. Anderson as party defendant. Judgment: I think the master's judgment is correct and ought to be affirmed. I find it impossible to understand the supposed cause of action, but it is clear that it differs altogether from the cause of action alleged against the other defendants, and in doing so I do not think that to add Anderson would result in an improper joinder of parties. Appeal dismissed with costs.
 Faves, Gibson & Co. v. Hawas.—H. R. Maclellan for defendant. H. D. Gamble, K.C., for plaintiff. An appeal by defendant from the judgment of the master in chambers directing a commission to issue. Judgment: I have considered the references made by the parties and by the bar to the great case of the receiver of the property of Hon. J. P. Maher, chief commissioner of the board of railway commissioners of Canada.

Divisional Court.

Before Mulock, C.J., Clute, J. Rider and Schuster v. Thom Cement Co.—W. N. Ponton, K.C., for defendants. E. G. Porter, K.C., for plaintiffs. An appeal by defendants from the judgment of the County Court of Hastings of Feb. 9, 1912, in action by plaintiffs to recover from defendants \$300, being the amount of commissions at 1 per cent. on 30,000 barrels of cement and 1200, being the amount of commissions at 1 per cent. on the purchase price of the plaintiffs to the Wedsell Construction Co. At the trial judgment was given in favor of the plaintiffs for \$400 and costs. Appeal dismissed with costs.
 Chesworth v. Davison—W. D. McPherson, K.C., for plaintiff. J. T. Whitford for defendant. An appeal by plaintiff from the judgment of the County Court of Hastings of Jan. 25, 1912. An action to recover \$600, alleged to have been paid by plaintiff to others who have assumed their rights to plaintiff to defend under an agreement for services and to be rendered by defendant and which agreement plaintiff alleges was obtained by fraud and misrepresentation, and was not carried out by defendant. At the trial the action was dismissed with costs. Appeal argued and dismissed with costs.
 Nicholson v. Toronto Railway Co.—An appeal by defendants from the judgment of Britton, J., of March 11, 1912. No one appearing for either party, case struck out of list.

Court of Appeal

Before Garrow, J.A., Maclean, J.A., Meredith, J.A., Magee, J.A., Lemon, J.A.
 Munn v. Vignos—J. Bicknell, K.C., for defendant. L. McCarthy, K.C., for plaintiff. An appeal by defendant, the Ontario Lumber Co., from the judgment of Britton, J., of March 8, 1912. Argument of appeal resumed from yesterday and concluded. Judgment reserved.
 Strong v. Rimouski Fire Ins. Co.—An appeal by plaintiff from the judgment of the County Court of Hastings of Feb. 9, 1912, in action by plaintiff to recover \$400 and costs. Appeal argued and dismissed with costs.

Court of Appeal

 Munn v. Vignos—J. Bicknell, K.C., for defendant. L. McCarthy, K.C., for plaintiff. An appeal by defendant, the Ontario Lumber Co., from the judgment of Britton, J., of March 8, 1912. Argument of appeal resumed from yesterday and concluded. Judgment reserved.
 Strong v. Rimouski Fire Ins. Co.—An appeal by plaintiff from the judgment of the County Court of Hastings of Feb. 9, 1912, in action by plaintiff to recover \$400 and costs. Appeal argued and dismissed with costs.

Single Court.

Before Middleton, J.
 Re Matthew Guy Carriage and Automobile Company—P. S. Meares for certain directors. W. S. MacBain (Hamilton) for other directors. G. H. Kilmer, K.C., for liquidator. An appeal by the directors of the company in liquidation from an order of the master in chambers of April 1, 1912, upon the return of a misfeasance summons, whereby he directed the directors to severally repay certain sums received by them from the company in remuneration for services rendered, and judgment: I think the true intention was that upon the taking over of these carriage works by the incorporated company the former employer was intended to continue to render similar services and to draw the same remuneration as they had theretofore received. I think the appeal succeeds, dismissed with costs.

The MACKAY Treatment For the Cure of ALCOHOLISM

Dr. John M. Mackay's specific medicine for alcoholism is highly recommended by the clergy and was adopted by the Government of the Province of Quebec in 1904—See reports of the Courts, 1904, 1905 and 1906. This medicine is a disease and should be treated medically like any other. Dr. John M. Mackay's specific medicine cannot and does not fall where there is a desire to be cured, exists. The only treatment of alcoholism fairly carried out. This medicine is based on scientific principles. Removal of alcoholism in short time—causes no distress or suffering to patients—Has restored thousands of men to sobriety and usefulness.

Dr. John M. Mackay's Medicine can be taken at home privately and without interfering with a man's occupation—No special diet is necessary. The treatment covers a period of 10 days, but it immediately removes the craving for drink and enables man to begin a new life with ease and confidence.

Incurable alcoholism is a very affliction person. The Clergy, Dominion Alliance or W. C. T. U. may obtain the advantage of the medicine for the poor under a beneficent arrangement with the Government. The only treatment of alcoholism by any government. Beware of imitations.

For particulars of the medicine, write for booklet and particulars to DR. MACKAY, 44 St. Lawrence Boulevard, Montreal, or to THE LEEMING-NILES COMPANY, LIMITED, Leeming-Niles Building, 300 St. James Street, Montreal.

Special terms to Clergy, Medical Officers and Institutions—Arrangements made with Municipalities and large employers of labor.

Divisional Court.
 Before Mulock, C.J., Clute, J. Rider and Schuster v. Thom Cement Co.—W. N. Ponton, K.C., for defendants. E. G. Porter, K.C., for plaintiffs. An appeal by defendants from the judgment of the County Court of Hastings of Feb. 9, 1912, in action by plaintiffs to recover from defendants \$300, being the amount of commissions at 1 per cent. on 30,000 barrels of cement and 1200, being the amount of commissions at 1 per cent. on the purchase price of the plaintiffs to the Wedsell Construction Co. At the trial judgment was given in favor of the plaintiffs for \$400 and costs. Appeal dismissed with costs.
 Chesworth v. Davison—W. D. McPherson, K.C., for plaintiff. J. T. Whitford for defendant. An appeal by plaintiff from the judgment of the County Court of Hastings of Jan. 25, 1912. An action to recover \$600, alleged to have been paid by plaintiff to others who have assumed their rights to plaintiff to defend under an agreement for services and to be rendered by defendant and which agreement plaintiff alleges was obtained by fraud and misrepresentation, and was not carried out by defendant. At the trial the action was dismissed with costs. Appeal argued and dismissed with costs.
 Nicholson v. Toronto Railway Co.—An appeal by defendants from the judgment of Britton, J., of March 11, 1912. No one appearing for either party, case struck out of list.

Court of Appeal

Before Garrow, J.A., Maclean, J.A., Meredith, J.A., Magee, J.A., Lemon, J.A.
 Munn v. Vignos—J. Bicknell, K.C., for defendant. L. McCarthy, K.C., for plaintiff. An appeal by defendant, the Ontario Lumber Co., from the judgment of Britton, J., of March 8, 1912. Argument of appeal resumed from yesterday and concluded. Judgment reserved.
 Strong v. Rimouski Fire Ins. Co.—An appeal by plaintiff from the judgment of the County Court of Hastings of Feb. 9, 1912, in action by plaintiff to recover \$400 and costs. Appeal argued and dismissed with costs.

Single Court.

Before Middleton, J.
 Re Matthew Guy Carriage and Automobile Company—P. S. Meares for certain directors. W. S. MacBain (Hamilton) for other directors. G. H. Kilmer, K.C., for liquidator. An appeal by the directors of the company in liquidation from an order of the master in chambers of April 1, 1912, upon the return of a misfeasance summons, whereby he directed the directors to severally repay certain sums received by them from the company in remuneration for services rendered, and judgment: I think the true intention was that upon the taking over of these carriage works by the incorporated company the former employer was intended to continue to render similar services and to draw the same remuneration as they had theretofore received. I think the appeal succeeds, dismissed with costs.

Judges' Chambers

Before Meredith, C. J.
 Kommal v. Lowndes—F. W. Harcourt, K.C., for infants. Motion on behalf of infants for an order for maintenance to be paid to the mother thru the Italian consul at Montreal for five years. Order made.
 Re Broderick and G. T. R. Co.—C. H. Cassels for plaintiff. F. W. Harcourt, K.C., for infant. Motion by the widow for an order allowing sale of land to the G. T. R. Co. Order made.
 Purchase money to be paid into court. Reference to the master in ordinary to ascertain debts and for payment thereof. If parties consent, the income may be paid out to widow. Further directions reserved to a judge in chambers.
 Re Cereals Limited—A. C. McMaster for one petitioner. J. P. MacGregor for another petitioner. J. E. Hughes, K.C., for the company. Motion for a winding-up order. Enlarged two weeks.
 Re Sudden—F. W. Harcourt, K.C., for infants. Motion on behalf of infants for an order allowing the payment of a certain debt and for payment of the order. Order made.
 Re Pearl Lake Gold Mining Co.—W. D. McPherson, K.C., for petitioner. Motion for a winding-up order. Enlarged until 21st inst., saving all objections.
 Re Standard Coal—W. R. Smyth, K.C., for liquidator. H. R. Rose, K.C., for Cobalt Central Mines. N. Sinclair

NEW C.P.R. TERMINAL

Port McNicoll has been selected for the new Canadian Pacific terminal and deep water port on the upper lakes.

Mr. NEWLYWED said—"Hello! is this a new kind of salt wearing? It makes all right, doesn't it?"

Mr. NEWLYWED said—"Yes, it's the 'NEWLYWED' salt. The proper tool used about it—salt. It's the only kind his customers would have."

Mr. NEWLYWED said—"Well, if he keeps such good salt, I guess everything else in his store must be good, so I would do all my trading here, if I were you."

Mr. NEWLYWED said—"I intend to."

DEATHS.

BUTTERFIELD—In London Hospital, England, on Saturday, April 20, 1912, of Guelph, Ont., aged 24 years.

JUDGE MABEE'S FUNERAL

Mr. Mabee himself when his wife died two years ago. The funeral will go directly from the train to the Anglican Church in Port Rowan, which Judge Mabee attended when he lived in the town and when he visited there.

Mr. Mabee, after a long, successful and honorable career at the bar, was appointed a justice of the high court and a member of the chancery division on Nov. 17, 1905, and brought to the duties of his high office all those qualities which adorn the judicial office.

Mr. Mabee was a man of broad common sense and his knowledge of law marked him out when a vacancy occurred in the important position of chief commissioner owing to the death of Mr. Killam, as a fit successor to that gentleman.

It will be extremely difficult, if not impossible, adequately to fill the void his death has created, and I do not know of any one whose death in recent times, if one excepts distinguished occupants of the throne, more mourned than his. From the highest to the lowest, everybody watched his illness and hoped for his recovery.

WRAP ALL BREAD IN PAPER SOON

The health department are at present making investigations to locate the particular farmer who has been guilty of this. A deputation consisting of George Watts, Andrew Wilson and W. G. Farquhar waited on the parks and recreation committee yesterday afternoon and urged that the city should take steps to expropriate the slopes of the hill which are used for the purpose of park purposes.

Bakers Will Co-operate With Medical Health Officer to Insure Clean Delivery—No Roosters in Congested Districts—Carbolic Acid Found in Samples of Milk.

In the near future bread delivered to the houses in Toronto will likely be wrapped in paper, according to the announcement made by the medical health officer, Dr. Hastings, at the meeting of the local board of health yesterday afternoon.

Democratic Victory in Pennsylvania

Follow Republican Lead in Smashing Machine—Old Guard, Well Routed With Ease. HARRISBURG, Pa., May 7.—(Can. Press.)—In the same hall where the regular Republican organization of Pennsylvania was overthrown last week, the regular democratic state organization was to-day swept out of power by the "reorganizers" faction of the party after a fight of nearly two years.

GREATEST FLOOD MISSISSIPPI HAS KNOWN

NEW ORLEANS, La., May 7.—(Can. Press.)—When the official river gauge at the head of Canal-street registered 23.5 feet at 2 o'clock this afternoon, a rise of four feet since 7 a.m., U. S. weather officials were of the opinion that the Mississippi had started on its final lap toward the predicted crest of 23.5 feet, which would mark the passing of the greatest flood recorded in the Mississippi Valley.

McMaster Sermon

"The mere stinging of palms," declared President Elmer Burrill Bryan, LL.D., of Colgate University, Hamilton, N.Y., in preaching the baccalaureate sermon to the graduating class of McMaster University in Walmers-road Baptist Church last evening, "is no adequate substitute in our cities of to-day for the opening of large, wholesome playgrounds."

Work on the levees has been practically abandoned here. The hot sun to-day baked the repair work done during the past three days, and the engineers are once more cheerful, many of them believing that the worst has passed. The levees have been inspected and pronounced in good condition. The work of strengthening the levees on the Algiers side has about been completed, and the full force of the army engineers has been carried his case thither.

The learned counsel who represented the railway smiled at this mood to assist David, but chairman Mabee, after listening to the arguments of the railway, will be immediately installed as an electric judge in the case. Mr. Mabee, who is a common citizen, and probably a crank, has been appointed to the position of the Dominion Railway Commission, and he carried his case thither.

The Age of Hurry

This is the age of hurry. More and more people are flocking to the towns and cities, where offices and factories, stores and workshops make life like clockwork. The machinery must be started at the blow of the whistle, the salespeople must be ready at the stroke of the gong, and the home must be run at the same swift pace to keep time with the busy workers.

W. N. McEACHREN & SONS

LIMITED

63 VICTORIA STREET TORONTO

INVESTS \$1,500,000 IN C.N.R. LEASIDE LOTS

J. F. Hanson, Prominent Canadian Real Estate Man, Becomes Enamored of Model Suburb's Location and Appearance and Makes Large Purchase.

Mr. J. F. Hanson of Winnipeg is in town at the King Edward. He is a large investor in real estate, and has been associated with the Canadian Northern for some time in their subdivisions in various parts of the country. He has bought from them not less than seven or eight millions of dollars' worth of real estate in a recent period.

He spent all day Monday in looking over the block bought by the Canadian Northern at Leaside for subdivision purposes. Mr. Hanson was so well pleased with the prospect that he invested a million and a half dollars in lots, and may take more. He was also a large buyer of Post Mann property, and also of Mount Royal subdivision in Montreal, and is one of the shrewdest members of real estate in Canada at the present time. All his investments in connection with the Canadian Northern have proved very profitable.

Coquitlam's Wonderful Growth

"People sometimes ask how long will the present booming prosperity of the west continue," said Theodore M. Knapp, manager of the Coquitlam Terminal Company of Vancouver, B.C., at the King Edward yesterday.

"The good times," said Mr. Knapp, answering his question, "will continue at their present high pressure, barring some universal business cataclysm for at least ten years more, and then perhaps some of the eastern people for eastern people to understand conditions in the west. Following the natural human tendency, they use the yard stick of their own experience to measure the west, and usually come out wrong in their calculations. To illustrate—When an eastern man undertakes to figure the value of city property in the west, he says to himself, that such and such a town in Ontario, having the equivalent population of the western city he is considering, offers business lots, we will say at \$100 a front foot, whereas the western city demands \$500 or \$1000 a front foot for property similarly situated. He concludes therefore, that the west is inflated. It does not occur to him that perhaps the east is deflated, and that there may be special and peculiar conditions in the west that establish higher values and justify higher prices. While I believe that eastern prices are lower than real values, I want to make the point that the western man finds itself in a unique position, which justifies its higher prices, and which makes eastern experience and comparison not only useless, but positively detrimental to an intending investor. Now this is what I mean when I refer to the unique situation of the west. To natural and artificial advantages, which during every decade which it took the Western States four decades to accomplish. Over the past decade, the Western States offers the last large tract of rich virgin land in the north temperate zone under Anglo Saxon rule—owing further to the universal

COQUITLAM THE NEW PACIFIC CITY ON THE C.P.R.

At this point on Pitt River, 20 miles from the Pacific Ocean, the C. P. R. will have large freight terminals.

As youth is the Best of Life, so is the BEGINNING DAYS of a city the Best for investments for increase.

In the early days of a community, real estate prices are low and the terms of purchase easy. In later days prices run into big money and terms are stiff. Yet the history of all cities shows that relatively larger profits are made on the low prices of the early days than on the higher prices of maturer years.

Lots in Vancouver that sold for \$250 when the city was founded have since sold for \$100,000. The man who paid \$100,000 has no such opportunity as the man who paid \$250. But the West is still young, and there are still foundation opportunities.

COQUITLAM--THE NEW TERMINAL CITY

renews the Vancouver opportunity of twenty years ago. Vancouver, like all great world cities, is beginning to buttress and support itself with outlying cities, the greatest of which will be COQUITLAM, the new base of the C.P.R. Crowded out of Vancouver, the railway has sought more room by establishing its freight terminals and Pacific Coast shops on the level plain of COQUITLAM—seventeen miles from Vancouver. It has there acquired a strip of land more than two miles long and more than half a mile wide. This land was acquired from or through the Coquitlam Terminal Company, and is for railway purposes only. The surrounding townsite belongs to the Coquitlam Terminal Company.

The terminal plant and shops of the railway will probably mean the ultimate investment of many millions of dollars and the employment of an army of workmen. Expenditures already made or in sight already run well over a million dollars. An immense amount of preliminary work has been done, and from now until fall nearly a thousand men will be busied on the first unit of the terminals, for which work alone nearly \$600,000 has been set aside.

But in the long run the activities of the railway will be eclipsed by those of other industries. COQUITLAM is an ideal place for the location of the industries that must come to the Vancouver metropolitan district.

It has level land—a condition highly prized in a mountainous country. It has an abundance of hydro-electric power, not some time, but now, at about \$20 per horsepower per year. It has a deep water harbor—the Pitt and Fraser Rivers, tidal but fresh. It is only twenty miles from ocean waters. It has vast quantities of timber tributary to it. It will have an abundant car supply. It has extensive trackage and water frontage at nominal prices. It has cheap lots for workmen's homes. It does not tax improvements. It already has good schools, many business houses, several industries and many miles of good streets and sidewalks. It will soon have electric railway communication with Vancouver and the fertile Fraser Valley. It is surrounded by a good agricultural country. It is on the main line of the C.P.R., and has ten daily passenger trains. It enjoys the blessings of the Pacific Coast climate.

It is largely owned and controlled by a big company whose prosperity depends on its prosperity.

This Company—our Company—is building an industrial spur railway at a cost of \$30,000, and in grading streets and building materials. The municipality is spending \$200,000 on streets.

But the whole story is too long to tell here. Call on our representatives or write for further information or use the attached coupon. The folders we send you will repay the trouble even if you never invest a cent.

SUPREME COURT ADJOURNS MARRIAGE CASE HEARING

Decision of Privy Council Regarding Companies Act Will Be Awaited, After Which Action Taken Will Be Speedy—Quebec to Challenge Jurisdiction.

OTTAWA, May 7.—The supreme court this morning postponed the hearing of the famous marriage case until the decision of the privy council in the Companies Act is rendered. However, Chief Justice Fitzpatrick in announcing the decision of the court postponed the hearing, made it very clear that it was the intention to have the case as rapidly as possible.

"I understand," he said, turning to R. C. Smith, K.C., one of the counsel for Quebec, "that you object to the jurisdiction of the court to hear this case. In view of the fact that the Companies Act is now pending before the privy council, we have come to the conclusion to postpone the hearing. How long the postponement of the case and the anxiety of the government to have it disposed of, we will try and hear argument as soon as convenient after the privy council judgment is rendered. We will endeavor to hear it during the May session, and, if necessary, may call together the court after adjournment, although, of course, it would not meet during the court holidays."

There was a brilliant array of counsel present to argue the case when the court assembled. Walter Neuhoff, K.C., and Eugene Lafleur, K.C., appeared for the promoters of the bill, providing for federal marriage law. F. Hellmuth, K.C., and P. B. Bignault, K.C., appeared for those opposing the bill. These four lawyers were appointed by the Dominion, R. C. Smith, K.C., Annie Geoffroy and Auguste Lemieux, K.C., appeared for the Province of Quebec, and E. Bayly, K.C., represented Ontario.

E. A. Lancaster, M.P., the author of the bill, was present to watch proceedings.

Assessments Downtown Only Half Sale Price

Assessment Commissioner Forman's analysis of the assessed values of downtown properties, was submitted to the board of control yesterday. It contained some interesting figures, showing a wide disparity and giving good proof that the small unimproved property holders are bearing an unequal burden of the taxation.

Total assessment, \$1,532,091, made up as follows:

Assessed value of land \$1,153,300

Assessed value of buildings, 400,500

The total sale price of the same properties was \$3,192,094.

This left a difference in prices of \$1,688,493.

Transfers of property quoted by Mr. Forman, with assessments, were, as follows:

| | |
|--------------------------------|-----------|
| Assess- Sale | |
| Man. Life, 6 King W. \$483,500 | \$500,000 |
| Dominion Bk. 66 Yonge | 249,200 |
| St. George Trusts | 15,830 |
| 271 Dundas | 129,127 |
| F. Gallen, N. E. corner | |
| Adelaide and York | 47,500 |
| Henry Pellett, Toronto | |
| St. George Exchange | 35,467 |
| Toronto Gen. Trusts | 148,000 |
| 35 Toronto Street | 78,275 |
| Reynold and Clark Ltd. | |
| 301-311 Adelaide | 58,750 |

Prospectors Develop Firmer Tone and Small Advances Are Recorded--Technical Condition of Market Shows Improvement--Cobalt Quiet and Steady.

World Office, Tuesday Evening, May 7. That the recent extreme dullness which has characterized the mining market for so many weeks now has not to any appreciable extent affected the strong technical position was plainly evidenced by the action of the market to-day. The incoming of a few scattered buying orders for such issues as Dome Extension, Crown Charter and Vipond, quickly turned these securities on the up-grade and before the advance culminated in a fair appreciation in the case of the latter movement was by no means a spectacular one and such price changes as occurred were not to be characterized as material, nevertheless the incident in itself was sufficient to show the scarcity of stocks and the favorable underlying conditions which govern the market's action.

At its top price to-day Hollinger sold at \$11.40, an advance of some \$1.00 on the previous sale. There was no marked demand for the stock, but as offerings were decidedly limited, orders were only able to be filled by advancing bids to an appreciable extent. The advance was not maintained through the day, however, and the close was below last night's level.

Some Advances Recorded In the cheaper list advances were secured in the instance of the latter, the appreciation running as much as two points in special instances. Crown Charter touched \$6 for the first time in some days, some better made. The advance was not maintained through the day, however, and the close was below last night's level.

REA MANAGER IN TOWN. Mr. G. Bergstrom, manager of the Rea property in Porcupine, was here yesterday. He is expected to return to the Rea property in the near future.

ENGINEER KINGSMILL RETURNS FROM PERU. Mr. G. Bergstrom, manager of the Rea property in Porcupine, was here yesterday. He is expected to return to the Rea property in the near future.

FUEL PROBLEM AT THE WEST DOME. The underground work is confined to cross-cutting from the shaft and drifting on the leads opened. Shaft work and drifting at the No. 2 is partially in abeyance.

FAMOUS SCHUMACKER IS BEING DEVELOPED. The Schumacker Township is being developed by the Schumacker Mining Company. The company is expected to return to the Rea property in the near future.

NEGOTIATING FOR TISDALE PROPERTY. The Tisdale property is being negotiated by the Tisdale Mining Company. The company is expected to return to the Rea property in the near future.

Recovery in N.Y. Market -- Toronto Stocks Show Firm Tone

SHORTS IN RIO ARE STAMPEDED Price Advanced Sharply on Toronto Market -- General List Showed Firm Under-tone -- More Buying.

The action of Rio in the Toronto stock market on Tuesday was accepted by brokers as clear evidence of the fact that a short interest which had been built up on the recent advance to 125 had burnt its fingers in the covering process. The shares at the opening were quoted at 125 1/4, a shade above last night's close, and later on rallied sharply on the incoming of a buying demand, presumably from traders who had adopted the short side of the market. The price advanced by 1/2 and started to 125 1/2, and the last recorded quotation was 125 7/8 -- a net gain of nearly two points from the night.

While the above incident was the most interesting feature of the market, there were several other spots which merited attention. Such issues as Spanish River, Locomotive preferred and some others of the industrial class showed a remarkably firm undertone and there was represented a continuation of the movement in stocks of that category. The advance in Spanish River was not maintained, and after moving up to 22 1/4 in the early deals, the shares lost more than their gain and closed at 22 1/4 bid, a net loss for the day. Locomotive preferred touched 92 1/2. Pacific Burt was up to 46, with the buying in each case of a sustained nature. Sao Paulo continued weak, selling as low as 9 1/2, nearly six points below the recent high mark.

Investment banks of some of the banks and trust and loan stocks were again in evidence and proved one of the interesting points of the session. Canada Permanent established a new high record at 183; Canada Landed was also higher. Imperial Bank dropped all of its gain of last week, the shares reacting to 25 1/2.

Co-incident with the advance in Spanish River Pulp in the Toronto stock market yesterday morning, there was a bullish demonstration in Ontario Pulp on the curb, the price reaching a new high record at 40 1/2, a gain of a couple of hundred shares. The directors of Spanish River and Ontario Pulp are largely similar, and any activity in one is consequently the signal for a reflexive outburst in the other. The movement in Spanish River is based on the feeling of optimism in the plant at Espanola on the 15th inst.

Mr. Clarence J. McCuag of McCuag Bros. & Co., members of the Toronto Stock Exchange, was in the city yesterday.

Liabilities to be met on the last Titanic will be much smaller than most people thought when the disaster first became known, according to London Economist. There was no specie aboard the vessel, and the bonds are being replaced. Loss of precious stones is a serious item, and payments on the ship itself will be a heavy blow to underwriters, but it is the general opinion abroad that the monetary disaster might have been much worse than it actually was. Fortunately, the insurance market in the old country is in a sound state.

In the first quarter of the present year, issues of new securities in Germany broke all records for the period. The Frankfurter Zeitung's compilation, reduced to our values, states \$107,000,000 as the three months' total, as against \$81,000,000 for the same period in 1913, and \$70,800,000 in 1912. The previous maximum for the March quarter was \$100,000,000 for the same period in 1912. In this same quarter at London were \$26,000,000 less than the year before, and \$25,500,000 under 1910.

THE ADVANTAGES OF MAKING A WILL Are comprehensively treated in a special booklet recently issued -- and it is yours for the asking. The Trusts and Guarantee Company Limited 4345 KING ST. WEST, TORONTO

APRIL RECORD OF BUSINESS IN WALL ST. Transactions in stocks on the New York Stock Exchange for the month of April aggregated 15,966,827 shares, an increase of 1,438,000 shares as compared with the previous month, and of 10,043,000 shares as compared with April, 1913. The ratios of increase being 2.8 per cent. and 31.7 per cent., respectively. Perhaps it is well to recall that transactions in stocks in April, 1911, were the smallest recorded for any similar period since 1897, and that the records showed that one would have to go back to June of 1904 to get a lighter total for any month.

The last month's turnover indicates expansion. It is nevertheless below the volume of sales made in April, 1909, 1906, 1905, 1902 and 1901, in which last named year 41,688,000 shares changed hands, and when chroniclers of stock market doings noted that transactions were of unprecedented proportions, that prices were booming, and so on. It was in the early part of 1901 that the Corporation appeared on the market, and it was in April of 1901 that Northern Pacific stock was being carried for a "corner."

During April, dealings in all kinds of bonds amounted to \$63,496,000, a decrease of \$6,416,500 as compared with the previous month, but an increase of \$7,380,500 as compared with April, 1913. This table gives dealings in stocks and bonds for the four past months of the calendar year.

Says Canada Forces Pace Too Rapidly Some of the big financial houses of London, England, are directing rather harsh criticism at Canada on account of the evident over-borrowing in the old country market of which this country has been guilty during the last year or two. In this connection Messrs. Curtis, Gardner and Co., who conduct an old-established financial intelligence bureau in London, are of the opinion that Canadian stocks have been dulled a little by the knowledge that several Dominion municipal loans are in course of preparation. We are sorry that Canada is forcing the pace so rapidly. She may have to suffer later for the error of her ways. The extensive borrowing may be justified, but it is not improving credit, and even in the Dominion they are apparently a little scared by the anxiety to arrange loans.

In respect to the recent bulge in C. P. R. the same firm says that the optimistic wing of the market is talking too for the stock with great confidence. But there will probably be many reactions and revivals ere this prediction materializes. If it does, the rumor that the shares are likely within no distant date to be split and the rumormongers have gone so far as to indicate the procedure by which the splitting will be carried out. This is the anxiety to arrange loans. For every share there are to be exchanged 100 shares in the railway itself. (2) shares in the landholdings and undertakings, and (3) shares in the steamship lines.

WALL STREET, May 7. -- A canvass of the financial district will reveal that most of the work of Wall Street and the old country is being tried by very young men at that. To be sure the older men can be found on the exchange, but the younger men are taking to affairs, but acting only in an advisory capacity.

One of the largest banking houses in the street and one which perhaps does the largest business in its particular line recently took in a new partner. He is less than thirty years of age. In the main banking room of this house there are twelve roll top desks, all occupied by men less than thirty-five years of age. The senior partner here is not yet in his forty-second birthday.

LONDON TRADE REPORT. LONDON, May 7. -- The April statement of the board of trade shows an increase of \$42,820,000 in imports and a decrease of \$42,820,000 in exports. The principal increases in the imports were \$13,300,000 in American cotton, \$5,750,000 in wool, and \$10,000,000 in cereals. Coal, iron, steel and manufactured goods showed the largest decrease in exports.

It is interesting to note that Farrow's Bank first introduced into England the system of sending small "banks" to its customers to encourage saving at home. The plan has recently been copied by the post office in connection with the post office bank department, and was taken up in 1910 by some of the Canadian banks.

IMPERIAL BANK OF CANADA (ESTABLISHED 1876.) HEAD OFFICE, TORONTO. Capital Subscribed \$8,000,000.00 Reserve Fund 6,000,000.00 Total Assets 14,000,000.00

New York Market Made Good Recovery, but Some Issues Failed to Share in It -- Sentiment Variable.

NEW YORK, May 7. -- Interest in the stock market continued to centre largely around United States Steel today. That stock was again subjected to severe pressure, falling to 94 1/2 in the middle of the day on the very large transactions. Much of the day's selling of steel originated with the bear faction, which has openly showed its attitude with respect to that stock since the publication of the quarterly report a week ago. Further uncertainty seems to have been furnished by the corporation in connection with the suit for dissolution by the federal government. This fact in the testimony given by a perfunctory character, aside from throwing some light on the matter of former books.

Dealings Lacked Animation. The balance of the market ranged from steady to strong, with a few sharp declines yesterday. Reading, Union Pacific, Lehigh Valley and New York Central, among the standard railway issues, held their own after the opening, which was very active and showed some of the active industrial, including American Can, gave an equally good account of themselves, but the action in the latter was dull and uninteresting.

Crop Report Discounted. The financial community showed no disposition to pay more than passing attention to latest political developments, evincing more interest in the government report, which was published well towards the close of the market. In its main essentials the showing was in line with expectations, with the exception that the abandoned acres for winter wheat is larger than all recent forecasts. Area of winter wheat remaining to be harvested in May is 24,400,000, or about 2,100,000 acres sown last fall.

All the grain carters moved up handsomely after the issuance of the crop report, with special strength in Union Pacific, Atchafalpa and the western railways. The market for wheat, however, was not so high before, and the movement spread to steel, which was active and strong, with indications of investment buying.

Erickson, Perkins & Co. had the following: The government crop report was better than anticipated and stocks showed moderate recovery as a result. They had rallied before the report came out, but over the report they were cleared by the wedding out of weak accounts in the market. The sounder for it. Look for irregularity for some time, but we would buy good stocks from now on and drives and let go on a bulge. Reading, 100, went higher than before, and the movement spread to steel, which was active and strong, with indications of investment buying.

Charles Heald & Co. to J. E. Osborne: Short's head in and covered a part of their commitments, but there was active buying for public account, and after noon the market for the stock of 97,000 shares being sold between 12 and 1 o'clock and 78,000 between 1 and 2 p.m. The Market for the stock of 97,000 shares being sold between 12 and 1 o'clock and 78,000 between 1 and 2 p.m. The Market for the stock of 97,000 shares being sold between 12 and 1 o'clock and 78,000 between 1 and 2 p.m.

An ingenious system of fostering the spirit of thrift among the younger generation of the great middle classes in the old country is being tried by Farrow's Bank, one of the old-established conservative banking houses of England, and according to the recent annual report of the company meeting with merited success. The bank has taken up a patented "penny-in-the-slot" machine, and issues these to tradesmen, schools and various public institutions. Upon inserting the coin a ticket is released, and when thirty tickets of these have been collected they are handed to the person whose establishment the machine is placed. The agent gives a receipt, sends the ticket to the bank, and within three days the depositor receives a book showing that an account has been opened in his or her name, with the sum of two shillings and six pence (60 cents). Interest at the rate of 4 per cent. per annum is paid on the amount. The sum drawn at seven days' notice.

It is interesting to note that Farrow's Bank first introduced into England the system of sending small "banks" to its customers to encourage saving at home. The plan has recently been copied by the post office in connection with the post office bank department, and was taken up in 1910 by some of the Canadian banks.

It is entirely unlikely that the Bermudian industry of growing Easter lilies for the countries of the world will be seriously affected by the introduction of the Philippine lily.

Offering of \$750,000 of 7% Cumulative Preference Shares With 15% Bonus in Common Shares of the

MONARCH KNITTING CO., Ltd.

Incorporated by Ontario Charter

CAPITALIZATION:

7% Cumulative Preference Stock \$ 750,000 Common Stock \$1,275,000

Par Value of shares \$100 each.

DIRECTORS:

F. R. LALOR, M.P., Dunville, Ont., President. A. E. AMES, of A. E. Ames & Co., Toronto, Vice-President.

TRANSFER AGENT—National Trust Co. Limited. REGISTRAR—Toronto General Trust Corporation.

BANKERS—Bank of Hamilton, Imperial Bank of Canada.

Preference shares are preferential both as to assets and cumulative dividend at the rate of 7% per annum. The average annual net profits for the last two years, as certified by the Accountants, were \$196,210, showing an earning of 7% on the Preference and over 11% on the Common stock.

The Directors feel that the Company's large earning power and sufficient working capital warrant payment of substantial dividends upon the Common Stock, and it is intended that such dividends will be payable quarterly, the first to be on November 1st next for the quarter commencing August 1st, the rate of such payments being 8 per cent. per annum.

The Company has no bonded indebtedness and the only encumbrance on the real estate acquired from the old Company is \$20,000 owing to the municipality on the St. Thomas plant, which is repayable without interest in five equal annual instalments, commencing June 15th next.

The terms on which the business of the old Company is being acquired by us and the terms on which same are being assigned to us by the old Company are set out in detail in an agreement between us as Vendors, and R. H. Farmentor, as Trustee for the old Company, dated May 24, 1912, filed in the office of the Honourable the Provincial Secretary, Parliament Buildings, Toronto.

Application will be made in due course to have both the Preference and Common shares listed on the Toronto Stock Exchange.

Fractions of Common shares will be adjusted on the basis of \$25 a share. The titles to the Company's property and validity of the issue of Preference and Common shares have been certified to by Messrs. Thomson, Tilley & Johnston, Toronto.

Agreements have been made under which Mr. F. R. Lalor, M.P., who has been President, and Mr. J. A. Burns, who has been General Manager of the old Monarch Knitting Co., Limited, agree to act in the same capacities, respectively, in the new Company for a period of at least five years.

WE OFFER FOR SALE AT PAR 7500 FULLY-PAID SHARES OF THE ABOVE-MENTIONED 7% CUMULATIVE PREFERENCE STOCK, CARRYING A BONUS OF 15% OF THE AMOUNT OF THE PREFERENCE SHARES IN COMMON STOCK.

Payments are as follows: \$100 per share with subscription, and \$90 per share on allotment.

Subscription books are now open at our office, and will close not later than 4 o'clock on Wednesday, the 15th inst. The right is reserved to allot only such subscriptions and for such amounts as may be approved, and to close the subscription books without notice.

SUBSCRIPTIONS MAY BE FORWARDED BY MAIL OR BY TELEGRAM AT OUR EXPENSE.

Subscriptions may be on regular forms, which may be had on request, or where these are not available, letters simply stating that so many shares are subscribed for under the terms of the prospectus will be sufficient.

Memoranda relating to the Company's history and prospects are appended, signed respectively by Mr. F. R. Lalor, M.P., President, and Messrs. Clarkson & Cross, chartered accountants.

We recommend purchases of these shares from the standpoint of security, interest return and prospect of increase in the market value of the principal.

A. E. AMES & CO. UNION BANK BUILDING, TORONTO

MONARCH KNITTING COMPANY, Limited.

The Monarch Knitting Co., Limited, has been incorporated by Ontario Charter to take over the business of the Company of the same name which commenced operations in the year 1903, and operated up to May 1st, 1912, with Mr. J. A. Burns General Manager, and myself as President, which offices we now hold in the new Company.

The growth of the Company has been rapid and excellent in character, as indicated by the Auditor's report.

The Company's business consists of the manufacture of knitted goods, comprising sweaters coats for men, women and children, and a complete line of fancy knitted goods, such as skirts, togues, scarfs, etc.

The factories owned by the Company at Dunville, St. Catharines and St. Thomas are modern in structure and equipment, and excellently adapted for the business. The factory at Dunville is the largest, and has a floor space of 3 1/2 acres. It is of first-class mill construction, and equipped with sprinkler system, which reduces the insurance cost to a minimum. It comprises dye-house, spinning plant, knitting plant and warehouses.

The Buffalo business is well established, and will, it is expected, show good and increasing net profits year by year. The Buffalo property is leased on a favorable basis.

A great advantage this Company has over competitors is that we spin and dye our own yarn, and do practically everything but grow the sheep.

The business of the Monarch Knitting Company, Limited is the largest of its class in the world.

The Company's machinery is the best obtainable, and includes many automatic and other labor-saving devices. The number of employees is about 700. Insurance carried totals \$923,900.

Provision has been made under which the new company is furnished with \$250,000 additional working capital, which is ample for its requirements. It is intended to make additions to plant and machinery in Dunville and St. Thomas during the current year, to the extent of about \$100,000.

Fixed assessments at moderate rates for several years ahead have been arranged in connection with each of the three Canadian plants.

Mr. J. A. Burns, the General Manager, has shown exceptional capacity as a manufacturer, and I feel that the new company starts out under entirely favorable auspices. With its larger working capital, and with the additional facilities now being provided for, together with the radically improved outlook for the Buffalo branch, and having regard to the current rate of development throughout Canada, prospects are very assuring for the continued and increased prosperity of the Company.

F. R. LALOR, President.

ACCOUNTANTS' STATEMENT

As requested by you, we have examined the books of account and other records of the Monarch Knitting Co., Limited, embracing its operations at Dunville, St. Catharines and St. Thomas, Ontario. We have also examined the certified reports of the Buffalo branch.

We find the net profits of the four plants to have been as follows: 12 months ending January 31st, 1910, \$141,843; 31st, 1911, 138,310; 15th, 1912, 192,591. A yearly average of over \$178,000.

The reports show orders on hand at the Buffalo branch on April 15th, 1912, for execution during the current year, 60% of the entire output for the previous year. We find that the Canadian orders for execution since January 15th last showed, on April 15th last, over 75% of the entire output for the previous year.

Net assets over and above liabilities, irrespective of good-will and patent rights, considerably exceed the amount of the Preference Stock.

Toronto, April 20th, 1912, CLARKSON & CROSS,

THE CROP REPORT

WASHINGTON, May 7.—The May crop report of the United States Department of Agriculture was issued at 2:15 o'clock this afternoon, and is as follows: Winter wheat.—The average condition of winter wheat on May 1 was 77 percent of normal, compared with 82 1/2 percent on April 1, 81 1/2 percent on May 1, 1911, and 80 1/2 percent on May 1, 1912. The average for the past ten years on May 1 is 78 percent.

CHICAGO GOSSIP

J. P. Bickell & Co. from Logan & Bickell report that the wheat crop in the West is generally better than expected. The condition of the crop is generally better than expected. The condition of the crop is generally better than expected.

FOREIGN CROPS

Broomhall's weekly foreign crop summary is as follows: United Kingdom.—The recent rain was beneficial, but more is wanted for the spring crops. France.—Moderate complaints are heard regarding the crop outlook as a result of dry weather. Rain is badly wanted.

NERVOUS ACTION SHOWN IN CHICAGO WHEAT PIT

Trade Awaited Government Crop Report and Prices Fluctuated Erratically—Expectation of Poor Showing Inspired an Advance—Corn and Oats Higher.

CHICAGO, May 7.—Altho guesses went wrong on the government crop report today and put the total estimated yield of wheat 16,000,000 bushels too low, the fact developed too late to influence the market. The close, which was firm, ranged from a shade down to 3/4c higher, as compared with the night before. Corn finished 1/4c off to 1/2c up, and provisions varied from a shade decline to 1/2c advance. For the most part, the market was quiet, with wheat 1/4c higher in Kansas and neighboring states and the mere fractional rise in Liverpool in response to the strength on this side, modified the bullish feeling. Operators here, however, hesitated to press the market either way, owing to the uncertainty over crop issues.

Delay in seeding in North Dakota tended to cause a reaction toward a higher level after the market had undergone a moderate dip. Besides, flour was on the advance. The consequence was a firm close at virtually the highest point of the season. Between the opening and the windup July fluctuated from 1/2c to 1 1/4c, with last sales 1 1/4c to 1 1/2c, exactly 1/2c over last night.
